The commissioner may contract with an individual, business entity, or other private organization to negotiate the contract price as required under this subdivision. The commissioner may negotiate a price differential based on volume purchasing.

(b) The contract price for each drug on the state drug formulary, with the exception of single source drugs, shall be based on the average manufacturer's price minus 15 percent, the best competitive bid price, or a negotiated price, whichever is lowest. Sec. 7. Minnesota Statutes 1994, section 151.21, subdivision 3, is amended to read:

Subd. 3. A pharmacist may also substitute pursuant to the oral instructions of the prescriber. A pharmacist may not substitute a generically equivalent drug product unless, in the pharmacist's professional judgment, the substituted drug is therapeutically equivalent and interchangeable to the prescribed drug. A pharmacist shall notify the purchaser if the pharmacist is dispensing a drug other than the brand name drug prescribed.

Sec. 8. Minnesota Statutes 1994, section 151.21, is amended by adding a subdivision to read:

Subd. 4a. Each pharmacy must post a sign in a conspicuous location in a typeface easily seen at the counter where prescriptions are dispensed stating that, "This pharmacy will substitute whenever possible an FDA approved, less expensive, generic drug product which is therapeutically equivalent and safely interchangeable to the one prescribed by your doctor in order to save you money, unless you object to this substitution."

The criteria must also be based on review of scientific literature in peer-reviewed biomedical journals for purposes of identifying the most efficacious, safe, and cost-effective drugs in achieving optimal patient therapeutic outcomes.

Subd. 3. [STATE DRUG FORMULARY ADDITIONS AND DELETIONS.] (a) Any health care provider, consumer or consumer group, or seller of prescription drugs may apply to the commissioner on a form specified in the state drug formulary to add or delete a drug from the state drug formulary. For purposes of this subdivision, "health care provider" includes any vendor of medical care qualifying for reimbursement under the medical assistance program provided under chapter 256B.

(b) The drug formulary committee may recommend to the commissioner the addition or deletion of a prescription drug in the state drug formulary.

Subd. 4. [AVAILABILITY OF PRESCRIPTION DRUGS NOT INCLUDED ON THE STATE DRUG FORMULARY.] Nothing in this section shall prevent a physician or other person authorized to prescribe prescription drugs from prescribing a drug that is not included on the state drug formulary.

Sec. 10. Minnesota Statutes 1994, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from professional medical associations and professional pharmacist associations, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The formulary committee shall consist of ~~nine~~ 11 members, ~~four of whom shall be three~~ physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, ~~three of whom shall be one~~ pharmacoeconomist, one nurse, four pharmacists who are not employed by the department of human services or by a health plan company as defined in section 62Q.01, subdivision 4, and a majority of whose practice is for persons paying privately or through health insurance, a one consumer representative, and a one nursing home representative. Committee members shall serve three-year terms and shall serve without compensation. Members may be reappointed once.

(b) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include:

(i) drugs or products for which there is no federal funding;

(ii) over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, and vitamins for children under the age of seven and pregnant or nursing women;

(iii) any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14;

(iv) anorectics; and

(v) drugs for which medical value has not been established.

The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(c) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus 7.6 percent effective January 1, 1994. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(d) Until the date the on-line, real-time Medicaid Management Information System (MMIS) upgrade is successfully implemented, as determined by the commissioner of administration, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spenddown, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spenddown amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to

the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spenddown of (1) their right to appeal the denial of services on the grounds that they have satisfied the spenddown requirement, and (2) their potential eligibility for the MinnesotaCare program or the children's health plan."

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1994, section 626.556, subdivision 4, is amended to read:

Subd. 4. [IMMUNITY FROM LIABILITY.] (a) The following persons are immune from any civil or criminal liability that otherwise might result from their actions, if they are acting in good faith:

(1) any person making a voluntary or mandated report under subdivision 3 or under section 626.5561 or assisting in an assessment under this section or under section 626.5561;

(2) any ~~social worker~~ person with responsibility for performing duties under this section or supervisor employed by a local welfare agency or the commissioner complying with subdivision 10d or the provisions of section 626.5561; and

(3) any public or private school, facility as defined in subdivision 2, or the employee of any public or private school or facility who permits access by a local welfare agency or local law enforcement agency and assists in an investigation or assessment pursuant to subdivision 10 or under section 626.5561.

(b) A person who is a supervisor or ~~social worker~~ person with responsibility for performing duties under this section employed by a local welfare agency or the commissioner complying with subdivisions 10 and 11 or section 626.5561 or any related rule or provision of law is immune from any civil or criminal liability that might otherwise result from the person's actions, if the person is acting in good faith and (1) exercising due care, or (2) following the information collection procedures established under subdivision 10, paragraphs (h), (i), and (j).

(c) This subdivision does not provide immunity to any person for failure to make a required report or for committing neglect, physical abuse, or sexual abuse of a child.

(d) If a person who makes a voluntary or mandatory report under subdivision 3 prevails in a civil action from which the person has been granted immunity under this subdivision, the court may award the person attorney fees and costs.

Sec. 2. Minnesota Statutes 1994, section 626.556, subdivision 5, is amended to read:

Subd. 5. [MALICIOUS AND RECKLESS REPORTS.] Any person who knowingly or recklessly makes a false report under the provisions of this section shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury, plus costs and reasonable attorney fees.

Sec. 3. Minnesota Statutes 1994, section 626.556, subdivision 10, is amended to read:

Subd. 10. [DUTIES OF LOCAL WELFARE AGENCY AND LOCAL LAW ENFORCEMENT AGENCY UPON RECEIPT OF A REPORT.] (a) If the report alleges neglect, physical abuse, or sexual abuse by a parent, guardian, or individual functioning within the family unit as a person responsible for the child's care, the local welfare agency shall immediately conduct an assessment and offer protective social services for purposes of preventing further abuses, safeguarding and enhancing the welfare of the abused or neglected minor, and preserving family life whenever possible. If the report alleges a violation of a criminal statute involving sexual abuse, physical abuse, or neglect or endangerment, under section 609.378, the local law enforcement agency and local welfare agency shall coordinate the planning and execution of their respective investigation and assessment efforts to avoid a duplication of fact-finding efforts and multiple interviews. Each agency shall prepare a separate report of the results of its investigation. In cases of alleged child maltreatment resulting in death, the local agency may rely on the fact-finding efforts of a law enforcement investigation to make a determination of whether or not maltreatment occurred. When necessary the local welfare agency shall seek authority to remove the child from the custody of a parent, guardian, or adult with whom the child is living. In performing any of these duties, the local welfare agency shall maintain appropriate records.

(b) When a local agency receives a report or otherwise has information indicating that a child who is a client, as defined in section 245.91, has been the subject of physical abuse, sexual abuse, or neglect at an agency, facility, or program as defined in section 245.91, it shall, in addition to its other duties under this section, immediately inform the ombudsman established under sections 245.91 to 245.97.

(c) Authority of the local welfare agency responsible for assessing the child abuse or neglect report and of the local law enforcement agency for investigating the alleged abuse or neglect includes, but is not limited to, authority to interview, without parental consent, the alleged victim and any other minors who currently reside with or who have resided with the alleged perpetrator

offender. The interview may take place at school or at any facility or other place where the alleged victim or other minors might be found or the child may be transported to, and the interview conducted at, a place appropriate for the interview of a child designated by the local welfare agency or law enforcement agency. The interview may take place outside the presence of the ~~perpetrator~~ alleged offender or parent, legal custodian, guardian, or school official. Except as provided in this paragraph, the parent, legal custodian, or guardian shall be notified by the responsible local welfare or law enforcement agency no later than the conclusion of the investigation or assessment that this interview has occurred. Notwithstanding rule 49.02 of the Minnesota rules of procedure for juvenile courts, the juvenile court may, after hearing on an ex parte motion by the local welfare agency, order that, where reasonable cause exists, the agency withhold notification of this interview from the parent, legal custodian, or guardian. If the interview took place or is to take place on school property, the order shall specify that school officials may not disclose to the parent, legal custodian, or guardian the contents of the notification of intent to interview the child on school property, as provided under this paragraph, and any other related information regarding the interview that may be a part of the child's school record. A copy of the order shall be sent by the local welfare or law enforcement agency to the appropriate school official.

(d) When the local welfare or local law enforcement agency determines that an interview should take place on school property, written notification of intent to interview the child on school property must be received by school officials prior to the interview. The notification shall include the name of the child to be interviewed, the purpose of the interview, and a reference to the statutory authority to conduct an interview on school property. For interviews conducted by the local welfare agency, the notification shall be signed by the chair of the local social services agency or the chair's designee. The notification shall be private data on individuals subject to the provisions of this paragraph. School officials may not disclose to the parent, legal custodian, or guardian the contents of the notification or any other related information regarding the interview until notified in writing by the local welfare or law enforcement agency that the investigation or assessment has been concluded. Until that time, the local welfare or law enforcement agency shall be solely responsible for any disclosures regarding the nature of the assessment or investigation.

Except where the alleged ~~perpetrator~~ offender is believed to be a school official or employee, the time and place, and manner of the interview on school premises shall be within the discretion of school officials, but the local welfare or law enforcement agency shall have the exclusive authority to determine who may attend the interview. The conditions as to time, place, and manner of the interview set by the school officials shall be reasonable and the interview shall be conducted not more than 24 hours after the receipt of the notification unless another time is considered necessary by agreement between the school officials and the local welfare or law enforcement agency. Where the school fails to comply with the provisions of this paragraph, the juvenile court may order the school to comply. Every effort must be made to reduce the disruption of the educational program of the child, other students, or school staff when an interview is conducted on school premises.

(e) Where the ~~perpetrator~~ alleged offender or a person responsible for the care of the alleged victim or other minor prevents access to the victim or other minor by the local welfare agency, the juvenile court may order the parents, legal custodian, or guardian to produce the alleged victim or other minor for questioning by the local welfare agency or the local law enforcement agency outside the presence of the ~~perpetrator~~ alleged offender or any person responsible for the child's care at reasonable places and times as specified by court order.

(f) Before making an order under paragraph (e), the court shall issue an order to show cause, either upon its own motion or upon a verified petition, specifying the basis for the requested interviews and fixing the time and place of the hearing. The order to show cause shall be served personally and shall be heard in the same manner as provided in other cases in the juvenile court. The court shall consider the need for appointment of a guardian ad litem to protect the best interests of the child. If appointed, the guardian ad litem shall be present at the hearing on the order to show cause.

(g) The commissioner, the ombudsman for mental health and mental retardation, the local welfare agencies responsible for investigating reports, and the local law enforcement agencies have the right to enter facilities as defined in subdivision 2 and to inspect and copy the facility's

records, including medical records, as part of the investigation. Notwithstanding the provisions of chapter 13, they also have the right to inform the facility under investigation that they are conducting an investigation, to disclose to the facility the names of the individuals under investigation for abusing or neglecting a child, and to provide the facility with a copy of the report and the investigative findings.

(h) The local welfare agency shall collect available and relevant information to ascertain whether maltreatment occurred and whether protective services are needed. Information collected includes, when relevant, information with regard to the person reporting the alleged maltreatment, including the nature of the reporter's relationship to the child and to the alleged offender, and the basis of the reporter's knowledge for the report; the child allegedly being maltreated; the alleged offender; the child's caretaker; and other collateral sources having relevant information related to the alleged maltreatment. The local welfare agency may make a determination of no maltreatment early in an assessment, and close the case and retain immunity, if the collected information shows no basis for a full assessment or investigation.

Information relevant to the assessment or investigation must be asked for, and may include:

(1) the child's sex and age, prior reports of maltreatment, information relating to developmental functioning, credibility of the child's statement, and whether the information provided under this clause is consistent with other information collected during the course of the assessment or investigation;

(2) the alleged offender's age, a record check for prior reports of maltreatment, and criminal charges and convictions. The local welfare agency must provide the alleged offender with an opportunity to make a statement. The alleged offender may submit supporting documentation relevant to the assessment or investigation;

(3) collateral source information regarding the alleged maltreatment and care of the child. Collateral information includes, when relevant: (i) a medical examination of the child; (ii) prior medical records relating to the alleged maltreatment or the care of the child and an interview with the treating professionals; and (iii) interviews with the child's caretakers, including the child's parent, guardian, foster parent, child care provider, teachers, counselors, family members, relatives, and other persons who may have knowledge regarding the alleged maltreatment and the care of the child.

Nothing in this paragraph precludes the local welfare agency from collecting other relevant information necessary to conduct the assessment or investigation. Notwithstanding the data's classification in the possession of any other agency, data acquired by the local welfare agency during the course of the assessment or investigation are private data on individuals and must be maintained in accordance with subdivision 11.

(i) In the initial stages of an assessment or investigation, the local welfare agency shall conduct a face-to-face observation of the child reported to be maltreated and a face-to-face interview of the alleged offender. The interview with the alleged offender may be postponed if it would jeopardize an active law enforcement investigation.

(j) The local welfare agency shall use a question and answer interviewing format with questioning as nondirective as possible to elicit spontaneous responses. The following interviewing methods and procedures must be used whenever possible when collecting information:

(1) audio recordings of all interviews with witnesses and collateral sources; and

(2) in cases of alleged sexual abuse, audio-video recordings of each interview with the alleged victim and child witnesses.

Sec. 4. Minnesota Statutes 1994, section 626.556, subdivision 10b, is amended to read:

Subd. 10b. [DUTIES OF COMMISSIONER; NEGLECT OR ABUSE IN A FACILITY.] (a) The commissioner shall immediately investigate if the report alleges that:

(1) a child who is in the care of a facility as defined in subdivision 2 is neglected, physically

abused, or sexually abused by an individual in that facility, or has been so neglected or abused by an individual in that facility within the three years preceding the report; or

(2) a child was neglected, physically abused, or sexually abused by an individual in a facility defined in subdivision 2, while in the care of that facility within the three years preceding the report.

The commissioner shall arrange for the transmittal to the commissioner of reports received by local agencies and may delegate to a local welfare agency the duty to investigate reports. In conducting an investigation under this section, the commissioner has the powers and duties specified for local welfare agencies under this section. The commissioner or local welfare agency may interview any children who are or have been in the care of a facility under investigation and their parents, guardians, or legal custodians.

(b) Prior to any interview, the commissioner or local welfare agency shall notify the parent, guardian, or legal custodian of a child who will be interviewed in the manner provided for in subdivision 10d, paragraph (a). If reasonable efforts to reach the parent, guardian, or legal custodian of a child in an out-of-home placement have failed, the child may be interviewed if there is reason to believe the interview is necessary to protect the child or other children in the facility. The commissioner or local agency must provide the information required in this subdivision to the parent, guardian, or legal custodian of a child interviewed without parental notification as soon as possible after the interview. When the investigation is completed, any parent, guardian, or legal custodian notified under this subdivision shall receive the written memorandum provided for in subdivision 10d, paragraph (c).

(c) In conducting investigations under this subdivision the commissioner or local welfare agency shall obtain access to information consistent with subdivision 10, paragraphs (h), (i), and (j).

Sec. 5. Minnesota Statutes 1994, section 626.556, subdivision 10e, is amended to read:

Subd. 10e. [DETERMINATIONS.] Upon the conclusion of every assessment or investigation it conducts, the local welfare agency shall make two determinations: first, whether maltreatment has occurred; and second, whether child protective services are needed. Determinations under this subdivision must be made based on a preponderance of the evidence.

(a) For the purposes of this subdivision, "maltreatment" means any of the following acts or omissions committed by a person responsible for the child's care:

- (1) physical abuse as defined in subdivision 2, paragraph (d);
- (2) neglect as defined in subdivision 2, paragraph (c);
- (3) sexual abuse as defined in subdivision 2, paragraph (a); or
- (4) mental injury as defined in subdivision 2, paragraph (k).

(b) For the purposes of this subdivision, a determination that child protective services are needed means that the local welfare agency has documented conditions during the assessment or investigation sufficient to cause a child protection worker, as defined in section 626.559, subdivision 1, to conclude that a child is at significant risk of maltreatment if protective intervention is not provided and that the individuals responsible for the child's care have not taken or are not likely to take actions to protect the child from maltreatment or risk of maltreatment.

(c) This subdivision does not mean that maltreatment has occurred solely because the child's parent, guardian, or other person responsible for the child's care in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the child, in lieu of medical care. However, if lack of medical care may result in serious danger to the child's health, the local welfare agency may ensure that necessary medical services are provided to the child.

Sec. 6. Minnesota Statutes 1994, section 626.556, subdivision 10f, is amended to read:

Subd. 10f. [NOTICE OF DETERMINATIONS.] Within ten working days of the conclusion of an assessment, the local welfare agency shall notify the parent or guardian of the child, the person determined to be maltreating the child, and if applicable, the director of the facility, of the determinations. ~~Within ten working days of completing an investigation of a licensed facility, the local welfare agency shall notify the person alleged to be maltreating the child, the director of the facility, and the parent or guardian of the child of the determinations~~ determination and a summary of the specific reasons for the determination. The notice must also include a certification that the information collection procedures under subdivision 10, paragraphs (h), (i), and (j), were followed and a notice of the right of a data subject to obtain access to other private data on the subject collected, created, or maintained under this section. In addition ~~to the determinations~~, the notice shall include the length of time that the records will be kept under subdivision 11c. When there is no determination of either maltreatment or a need for services, the notice shall also include the alleged perpetrator's right to have the records destroyed.

Sec. 7. Minnesota Statutes 1994, section 626.556, is amended by adding a subdivision to read:

Subd. 14. [CONFLICT OF INTEREST.] (a) A potential conflict of interest related to assisting in an assessment under this section resulting in a direct or shared financial interest with a child abuse and neglect treatment provider or resulting from a personal or family relationship with a party in the investigation must be considered by the local welfare agency in an effort to prevent unethical relationships.

(b) A person who conducts an assessment under this section or section 626.5561 may not have:

(1) any direct or shared financial interest or referral relationship resulting in a direct shared financial gain with a child abuse and neglect treatment provider; or

(2) a personal or family relationship with a party in the investigation.

If an independent assessor is not available, the person responsible for making the determination under this section may use the services of an assessor with a financial interest, referral, or personal or family relationship.

Sec. 8. [INFORMATION SHEET ON INVESTIGATION PROCESS.]

The commissioner must distribute to all local welfare agencies an information sheet that summarizes the investigation process and is based upon the commissioner's report titled "Recommended Standards for Use when Investigating Reports of Maltreatment in Child Care Facilities." The local welfare agency shall give this information sheet to all parties involved in information collection procedures under Minnesota Statutes, section 626.556, subdivision 10.

Sec. 9. [ALTERNATIVE DISPUTE RESOLUTION PROCEDURES; RECOMMENDATIONS.]

The commissioner of human services, in consultation with county attorneys, law enforcement personnel, representatives of parent and foster parent groups, facilities, attorneys and other advocates who represent the interests of persons who may be accused of child abuse and neglect, other professional human services associations, and the representatives of communities of color shall review and make recommendations to the chairs of the legislative committees on health and human services, judiciary, family services, and crime prevention on possible alternative dispute resolution or fair hearing procedures to be used in reviewing and resolving issues of alleged maltreatment and determinations of whether child protective services are needed. The purpose of the alternative dispute resolution process shall be to provide a prompt and nonadversarial opportunity to resolve allegations of maltreatment. The commissioner shall make these recommendations by January 15, 1996."

Subd. 2. [RESPONSE ACTIONS BY OWNERS OR OPERATORS; REIMBURSEMENT.] At the request of the owner or operator of a drycleaning facility who takes response actions at the facility in accordance with a response action plan approved by the commissioner, the commissioner shall reimburse the owner or operator for all but \$10,000 of the environmental response costs incurred by the owner or operator if the commissioner determines that the costs are reasonable and were actually incurred. If a request for reimbursement is denied, the owner or operator may appeal the decision as a contested case under chapter 14.

Subd. 3. [LIMITATION ON AMOUNT THAT MAY BE SPENT.] The commissioner may not, in a single fiscal year, make expenditures from the account related to a single drycleaning facility that exceed 20 percent of the balance in the account at the beginning of the fiscal year.

The commissioner may not issue a license under this section to a manufacturer, brewer, importer, or wholesaler if a retailer of intoxicating liquor has a direct or indirect interest in the manufacturer, brewer, importer, or wholesaler. A manufacturer or wholesaler of intoxicating liquor may use or have property rented for retail intoxicating liquor sales only if the manufacturer or wholesaler has owned the property continuously since November 1, 1933. (1) manufacture licensed under subdivision 6, clause (d);

(2) manufacture in another state for consumption exclusively in a restaurant located in the place of manufacture; or

(3) manufacture in another state for consumption primarily in a restaurant located in or immediately adjacent to the place of manufacture if the brewer was licensed under subdivision 6, clause (d), as of January 1, 1995.

A brand registration must be renewed every three years in order to remain in effect. The fee for an initial brand registration is \$30. The fee for brand registration renewal is \$20. The brand label of a brand of intoxicating liquor or 3.2 percent malt liquor for which the brand registration has expired, is conclusively deemed abandoned by the manufacturer or importer.

(b) In this section "brand" and "brand label" include trademarks and designs used in connection with labels.

(c) The label of any brand of ~~wine or intoxicating or nonintoxicating malt~~ alcoholic beverage may be registered only by the brand owner or authorized agent. No such brand may be imported into the state for sale without the consent of the brand owner or authorized agent. This section does not limit the provisions of section 340A.307.

(d) The commissioner shall refuse to register a malt liquor brand label, and shall revoke the

registration of a malt liquor brand label already registered, if the brand label states or implies in a false or misleading manner a connection with an actual living or dead American Indian leader. For purposes of this section, a brew on premises store is a facility that provides the ingredients and equipment for a customer to use to brew malt liquor at the store. Intoxicating liquor may not be sold or otherwise provided to customers of a brew on premises store, unless the owner of the brew on premises store holds the appropriate liquor license. Customers using the brew on premises store must be of a minimum age to purchase intoxicating liquor. Intoxicating malt liquor brewed by a customer in the store must not be sold and must be used by the customer solely for personal or family use.

Subd. 2. [SPECIAL PROVISION; CITY OF MINNEAPOLIS.] (a) The city of Minneapolis may issue an on-sale intoxicating liquor license to the Guthrie Theatre, the Cricket Theatre, the Orpheum Theatre, and the State Theatre, notwithstanding the limitations of law, or local ordinance, or charter provision relating to zoning or school or church distances. The licenses authorize sales on all days of the week to holders of tickets for performances presented by the theatres and to members of the nonprofit corporations holding the licenses and to their guests.

(b) The city of Minneapolis may issue an intoxicating liquor license to 510 Groveland Associates, a Minnesota cooperative, for use by a restaurant on the premises owned by 510 Groveland Associates, notwithstanding limitations of law, or local ordinance, or charter provision.

(d) The city of Minneapolis may issue an on-sale intoxicating liquor license to the American Association of University Women, Minneapolis branch, for use on the premises owned by the American Association of University Women, Minneapolis branch, at 2115 Stevens Avenue South, notwithstanding limitations of law, or local ordinances, or charter provisions relating to zoning or school or church distances.

Sec. 8. Minnesota Statutes 1994, section 340A.404, is amended by adding a subdivision to read:

Subd. 12. [CATERER'S PERMIT.] The commissioner may issue a caterer's permit to a restaurant that holds an on-sale intoxicating liquor license issued by any municipality. The holder of a caterer's permit may sell intoxicating liquor as an incidental part of a food service that serves prepared meals at a place other than the premises for which the holder's on-sale intoxicating liquor license is issued.

(a) A caterer's permit is auxiliary to the primary on-sale license held by the licensee.

(b) The restrictions and regulations which apply to the sale of intoxicating liquor on the licensed premises also apply to the sale under the authority of a caterer's permit, and any act that

is prohibited on the licensed premises is also prohibited when the licensee is operating other than on the licensed premises under a caterer's permit.

(c) Any act, which if done on the licensed premises would be grounds for cancellation or suspension of the on-sale licensee, is grounds for cancellation of both the on-sale license and the caterer's permit if done when the permittee is operating away from the licensed premises under the authority of the caterer's permit.

(d) The permittee shall notify prior to any catered event:

(1) the police chief of the city where the event will take place, if the event will take place within the corporate limits of a city; or

(2) the county sheriff of the county where the event will take place, if the event will be outside the corporate limits of any city.

(e) If the primary license ceases to be valid for any reason, the caterer's permit ceases to be valid.

(f) Permits issued under this subdivision are subject to all laws and ordinances governing the sale of intoxicating liquor except those laws and ordinances which by their nature are not applicable.

(g) The annual state fee for a caterer's permit is \$200.

[ESTABLISHMENT.] The commissioner of human services, in consultation with a representative from the office of administrative hearings and the office of the attorney general and with input from community groups, shall develop and implement the cooperation for the children program as an effort to promote parental relationships with children. The program must be designed with three distinct components:

(1) addressing the needs of parents for educational services pertaining to issues of child custody and visitation arrangements;

(2) providing a nonjudicial forum to aid in the resolution of custody and visitation issues through facilitation of written agreements; and

(3) providing mediation services to resolve conflicts related to custody and visitation issues, when appropriate.

Subd. 2. [PROGRAM DESIGN.] (a) The cooperation for the children program must be administered by the office of administrative hearings and, by contract, implemented in selected counties. The program may accept referrals from the district court, the child support administrative process, or self-referral by individuals. The program must be designed to provide services to individuals who are parents by virtue of birth or adoption of a child, individuals adjudicated as parents through a paternity action or through the recognition of parentage process, or individuals who have experienced a marriage dissolution. The program must be designed to screen all referrals for domestic abuse. The program must coordinate with existing agencies, such as court services, to provide program services to parents. If a participating county operates a parenting

education program, a nonjudicial conflict resolution program, or a mediation program, the cooperation for the children program must utilize the existing programs to the greatest extent possible in an effort to minimize costs. The program must be designed to charge participants a fee to cover the cost of the program, except that if a party is entitled to proceed in forma pauperis under section 563.01, the program shall waive the fee or direct its payment under section 563.01.

(b) The voluntary issue resolution component of the cooperation for the children program must facilitate the parents' discussion of custody and visitation issues in dispute. If there are allegations or indications of domestic abuse, the program shall allow the parents to attend separate sessions with the program facilitator. If agreement of both parties is reached to the disputed issues through the program and the agreement contains a sufficient factual basis to support a finding that the terms are in the best interests of the children, the agreement may be incorporated into a proposed order by program counsel for submission to an administrative law judge or district court judge for execution as a court order.

(c) The mediation component of the program must utilize certified mediators who are competent in recognizing the dynamics of domestic abuse and sensitive to the cultural issues of the participants. To provide services through the cooperation for the children program, mediators must be approved by the supreme court. Relationships that involve allegations or indications of domestic abuse are not appropriate for mediation services through the cooperation for the children program.

(d) In cases where no agreement is voluntarily reached through the program, both parents must be provided with forms sufficient to allow them access to the district court to seek formal adjudication of the dispute.

Subd. 3. [DEMONSTRATION.] The commissioner shall contract with the office of administrative hearings and any county to administer and operate a demonstration project of the cooperation for the children program.

Subd. 4. [EVALUATION.] By January 15, 1997, and every two years after that, the office of administrative hearings shall submit a report to the legislature that identifies the following information relevant to the implementation of this section:

- (1) the number of citizens offered and provided services by the program;
- (2) the circumstances in which the program provided services, whether in paternity adjudications, situations involving recognition of parentage executions, dissolutions, or postdecree matters;
- (3) the reduction in court actions, if any, resulting from the use of the program;
- (4) the effect of the program, if any, on the time period between court case filing and final court resolution; and
- (5) the cost of implementation and operation of the program in the participating counties.

Sec. 14. [256.997] [CHILD SUPPORT OBLIGOR COMMUNITY SERVICE WORK EXPERIENCE PROGRAM.]

Subdivision 1. [AUTHORIZATION.] The commissioner of human services may contract with a county that operates a community work experience program or a judicial district department of corrections that operates a community work experience program to include child support obligors who are physically able to work and fail to pay child support as participants in the community work experience program.

Subd. 2. [LIMITATIONS.] (a) Except as provided in paragraph (f), a person ordered to participate in a work program under section 518.617 shall do so if services are available.

(b) A person may not be required to participate for more than 32 hours per week in the program under this section.

(c) A person may not be required to participate for more than six weeks for each finding of contempt.

(d) If a person is required by a governmental entity to participate in another work or training program, the person may not be required to participate in a program under this section in a week for more than 32 hours minus the number of hours the person is required to participate in the other work or training program in that week.

(e) If a person is employed, the person may not be required to participate in a program under this section in a week for more than 80 percent of the difference between 40 hours and the number of hours actually worked in the unsubsidized job during that week, to a maximum of 32 hours.

(f) A person who works an average of 32 hours or more per week in an unsubsidized job is not required to participate in a program under this section.

Subd. 3. [NOTICE TO COURT.] If a person does not complete six weeks of participation in a program under this section, the county operating the program shall inform the court administrator, by affidavit, of that noncompletion.

Subd. 4. [INJURY PROTECTION FOR WORK EXPERIENCE PARTICIPANTS.] (a) This subdivision applies to payment of any claims resulting from an alleged injury or death of a participant in a community work experience program established and operated by a county or a judicial district department of corrections under this section.

(b) Claims of \$1,000 or less that are subject to this section must be investigated by the county agency responsible for supervising the work to determine if the claim is valid and if the loss is covered by the claimant's insurance. The investigating county agency shall submit all valid claims to the commissioner of human services. The commissioner shall pay the portion of an approved claim that is not covered by the claimant's insurance within three months of the date of submission. On or before February 1 of each year, the commissioner shall submit to the appropriate committees of the senate and the house of representatives a list of claims paid during the preceding calendar year that are to be reimbursed by legislative appropriation for claims that exceed the original appropriation provided to the commissioner to operate this program. Unspent money from this appropriation carries over to the second year of the biennium, and any unspent money remaining at the end of the second year must be returned to the general fund. A claim in excess of \$1,000 and a claim that was not paid by the commissioner may be presented to, heard, and determined by the appropriate committees of the senate and house of representatives and, if approved, paid under the legislative claims procedure.

(c) Claims for worksite injuries not otherwise covered by this section must be referred to the commissioner of labor and industry for assessment. The commissioner of labor and industry shall verify the validity of the claim and recommend compensation. The compensation recommended must afford the same protection for on-site injuries at the same level and to the same extent as provided in chapter 176.

(d) Compensation paid under this section is limited to reimbursement for medical expenses and compensation for disability as impairment compensation or death. Compensation may not be paid under this section for pain and suffering or lost wages. Payments made under this section must be reduced by any proceeds received by the claimant from any insurance policy covering the loss. For the purposes of this section, "insurance policy" does not include the medical assistance program authorized under chapter 256B or the general assistance medical care program authorized under chapter 256D.

(e) The procedure established by this section is exclusive of all other legal, equitable, and statutory remedies against the state, its political subdivisions, or employees of the state or its political subdivisions. The claimant may not seek damages from any state or county insurance policy or self-insurance program.

(f) A claim is not valid for purposes of this subdivision if the local agency responsible for supervising the work cannot verify:

(1) that appropriate safety training and information is provided to all persons being supervised by the agency under this subdivision; and

(2) that all programs involving work by those persons comply with federal Occupational Safety and Health Administration and state department of labor and industry safety standards.

A claim that is not valid because of failure to verify safety training or compliance with safety standards may not be paid by the commissioner of human services or through the legislative claims process and must be heard, decided, and paid, if appropriate, by the local government unit responsible for supervising the work of the claimant.

Subd. 5. [TRANSPORTATION EXPENSES.] A county shall reimburse a person for reasonable transportation costs incurred because of participation in a program under this section, up to a maximum of \$25 per month.

Subd. 6. [PAYMENT TO COUNTY.] The commissioner shall pay a county \$200 for each person who participates in the program under this section in that county. The county is responsible for any additional costs of the program.

An employer who has received a notice of noncompliance and later incurs a second violation is subject to a civil penalty of \$50 for each intentionally unreported worker. An employer who has received a notice of noncompliance and later incurs a third or subsequent violation is subject to a civil penalty of \$500 for each intentionally unreported worker. These penalties may be imposed and collected by the commissioner of human services.

Data in the employment registry may be disclosed to federal agencies, local agencies of this state, and state and local agencies of other states for the purposes of enforcing state and federal laws governing child support.

The commissioner of human services shall charge a state or federal department or agency accessing the information contained in the employment registry the proportionate costs of gathering and furnishing information under this subdivision.

Sec. 17. Minnesota Statutes 1994, section 518.24, is amended to read:

518.24 [SECURITY; SEQUESTRATION; CONTEMPT.]

In all cases when maintenance or support payments are ordered, the court may require sufficient security to be given for the payment of them according to the terms of the order. Upon neglect or refusal to give security, or upon failure to pay the maintenance or support, the court may sequester the obligor's personal estate and the rents and profits of real estate of the obligor, and appoint a receiver of them. The court may cause the personal estate and the rents and profits of the real estate to be applied according to the terms of the order. The obligor is presumed to have an income from a source sufficient to pay the maintenance or support order. A child support or maintenance order constitutes prima facie evidence that the obligor has the ability to pay the award. If the obligor disobeys the order, it is prima facie evidence of contempt. The court may cite the obligor for contempt under this section, section 518.617, or chapter 588.

Sec. 18. Minnesota Statutes 1994, section 518.551, subdivision 12, is amended to read:

If the obligor is a licensed attorney, the court may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the court.

(b) If a public agency authority responsible for child support enforcement finds that the obligor is or may be licensed by a licensing board listed in section 214.01 or other state agency or board that issues an occupational license and the obligor is in arrears in court-ordered child support or maintenance payments or both in an amount equal to or greater than four times the obligor's total monthly support and maintenance payments, and is not in compliance with a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority, the public agency authority may direct the licensing board or other licensing agency to ~~conduct a hearing~~ suspend the license under section 214.101 ~~concerning suspension of the obligor's license~~. If the obligor is a licensed attorney, the public agency authority may report the matter to the lawyers professional responsibility board for appropriate action in accordance with the rules of professional conduct. The remedy under this subdivision is in addition to any other enforcement remedy available to the public agency authority.

(3) the person has not executed or is not in compliance with a payment plan approved by the court, an administrative law judge, or the public authority.

(e) Within 30 days of the date on which the obligor either makes full payment of arrearages found to be due by the court or public authority or executes and initiates good faith compliance with a written payment plan approved by the court, an administrative law judge, or the public authority, the court or public authority responsible for child support enforcement shall notify the licensing board or licensing agency that the obligor is no longer ineligible for license issuance, reinstatement, or renewal under this subdivision.

Sec. 19. Minnesota Statutes 1994, section 518.551, is amended by adding a subdivision to read:

Subd. 13. [DRIVER'S LICENSE SUSPENSION.] (a) Upon motion of an obligee, if a court finds that the obligor has been or may be issued a driver's license by the commissioner of public safety and the obligor is in arrears in court-ordered child support or maintenance payments, or both, in an amount equal to or greater than four times the obligor's total monthly support and maintenance payments, and is not in compliance with a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority, the court shall order the commissioner of public safety to suspend the obligor's driver's license. The court's order must be stayed for 90 days in order to allow the obligor to execute a written payment agreement regarding both current support and arrearages, which payment agreement must be approved by either the court or the public authority responsible for child support enforcement. If the obligor has not executed or is not in compliance with a written

payment agreement regarding both current support and arrearages after the 90 days expires, the court's order becomes effective and the commissioner of public safety shall suspend the obligor's driver's license. The remedy under this subdivision is in addition to any other enforcement remedy available to the court. An obligee may not bring a motion under this paragraph within 12 months of a denial of a previous motion under this paragraph.

(b) If a public authority responsible for child support enforcement determines that the obligor has been or may be issued a driver's license by the commissioner of public safety and the obligor is in arrears in court-ordered child support or maintenance payments or both in the amount equal to or greater than four times the obligor's total monthly support and maintenance payments, and not in compliance with a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority, the public authority shall direct the commissioner of public safety to suspend the obligor's driver's license. The remedy under this subdivision is in addition to any other enforcement remedy available to the public authority.

(c) At least 90 days prior to notifying the commissioner of public safety pursuant to paragraph (b), the public authority must mail a written notice to the obligor at the obligor's last known address, that it intends to seek suspension of the obligor's driver's license and that the obligor must request a hearing within 30 days in order to contest the suspension. If the obligor makes a written request for a hearing within 30 days of the date of the notice, either a court hearing or a contested administrative proceeding must be held under section 518.5511, subdivision 4. Notwithstanding any law to the contrary, the obligor must be served with 14 days' notice in writing specifying the time and place of the hearing and the allegations against the obligor. The notice may be served personally or by mail. If the public authority does not receive a request for a hearing within 30 days of the date of the notice, and the obligor does not execute a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority within 90 days of the date of the notice, the public authority shall direct the commissioner of public safety to suspend the obligor's driver's license under paragraph (b).

(d) If a person's license is improperly suspended under this subdivision, the person may recover reasonable expenses from the responsible agency for expenses associated with having the suspension removed.

(e) At a hearing requested by the obligor under paragraph (c), and on finding that the obligor is in arrears in court-ordered child support or maintenance payments or both in the amount equal to or greater than four times the obligor's total monthly support and maintenance payments, the district court or the administrative law judge shall order the commissioner of public safety to suspend the obligor's driver's license or operating privileges unless the court or administrative law judge determines that the obligor has executed and is in compliance with a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority.

(f) An obligor whose driver's license or operating privileges are suspended may provide proof to the court or the public authority responsible for child support enforcement that the obligor is in compliance with all written payment agreements regarding both current support and arrearages. Within 15 days of the receipt of that proof, the court or public authority shall inform the commissioner of public safety that the obligor's driver's license or operating privileges should no longer be suspended.

(g) On January 15, 1997, and every two years after that, the commissioner of human services shall submit a report to the legislature that identifies the following information relevant to the implementation of this section:

- (1) the number of child support obligors notified of an intent to suspend a driver's license;
- (2) the amount collected in payments from the child support obligors notified of an intent to suspend a driver's license;
- (3) the number of payment agreements executed in response to notification of an intent to suspend a driver's license;

Sec. 20. Minnesota Statutes 1994, section 518.551, is amended by adding a subdivision to read:

Subd. 14. [MOTOR VEHICLE LIEN.] (a) Upon motion of an obligee, if a court finds that the obligor is the registered owner of a motor vehicle and the obligor is a debtor for a judgment debt resulting from nonpayment of court-ordered child support or maintenance payments, or both, in an amount equal to or greater than four times the obligor's total monthly support and maintenance payments, the court shall order the commissioner of public safety to enter a lien in the name of the obligee or in the name of the state of Minnesota, as appropriate, in accordance with section 168A.05, subdivision 8, unless the court finds that the obligor is in compliance with a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority or that the obligor's interest in the motor vehicle is valued at less than \$4,500. The court's order must be stayed for 90 days in order to allow the obligor to either execute a written payment agreement regarding both current support and arrearages, which agreement shall be approved by either the court or the public authority responsible for child support enforcement, or to allow the obligor to demonstrate that the ownership interest in the motor vehicle is valued at less than \$4,500. If the obligor has not executed or is not in compliance with a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority or has not demonstrated that the ownership interest in the motor vehicle is valued at less than \$4,500 within the 90-day period, the court's order becomes effective and the commissioner of public safety shall record the lien. The remedy under this subdivision is in addition to any other enforcement remedy available to the court.

(b) If a public authority responsible for child support enforcement determines that the obligor is the registered owner of a motor vehicle and the obligor is a debtor for judgment debt resulting from nonpayment of court-ordered child support or maintenance payments, or both, in the amount equal to or greater than four times the obligor's total monthly support and maintenance payments, the public authority shall direct the commissioner of public safety to enter a lien in the name of the obligee or in the name of the state of Minnesota, as appropriate, under section 168A.05, subdivision 8, unless the public authority determines that the obligor is in compliance with a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority or that the obligor's ownership interest in the motor vehicle is valued at less than \$4,500. The remedy under this subdivision is in addition to any other enforcement remedy available to the public agency.

(c) At least 90 days prior to notifying the commissioner of public safety pursuant to paragraph (b), the public authority must mail a written notice to the obligor at the obligor's last known address, that it intends to record a lien on the obligor's motor vehicle certificate of title and that the obligor must request a hearing within 30 days in order to contest the action. If the obligor makes a written request for a hearing within 30 days of the date of the notice, either a court hearing or a contested administrative proceeding must be held under section 518.5511, subdivision 4. Notwithstanding any law to the contrary, the obligor must be served with 14 days' notice in writing specifying the time and place of the hearing and the allegations against the obligor. The notice may be served personally or by mail. If the public authority does not receive a request for a hearing within 30 days of the date of the notice and the obligor does not execute a written payment agreement regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority or demonstrate to the public authority that the obligor's ownership interest in the motor vehicle is valued at less than \$4,500 within 90 days of the date of the notice, the public authority shall direct the commissioner of public safety to record the lien under paragraph (b).

(d) At a hearing requested by the obligor under paragraph (c), and on finding that the obligor is in arrears in court-ordered child support or maintenance payments or both in the amount equal to or greater than four times the obligor's total monthly support and maintenance payments, the district court or the administrative law judge shall order the commissioner of public safety to record the lien unless the court or administrative law judge determines that:

(1) the obligor has executed and is in compliance with a written payment agreement regarding both current support and arrearages determined to be acceptable by the court, an administrative law judge, or the public authority; or

(2) the obligor has demonstrated that the ownership interest in the motor vehicle is valued at less than \$4,500.

(e) An obligor who has had a lien recorded against a motor vehicle certificate of title may provide proof to the court or the public authority responsible for child support enforcement that the obligor is in compliance with all written payment agreements regarding both current support and arrearages. Within 15 days of the receipt of that proof, the court or public authority shall execute a release of security interest under section 168A.20, subdivision 4, and mail or deliver the release to the owner or other authorized person.

Sec. 21. [518.553] [PAYMENT AGREEMENTS.]

In proposing or approving proposed written payment agreements for purposes of section 518.551, the court, an administrative law judge, or the public authority shall take into consideration the amount of the arrearages, the amount of the current support order, the pendency of a request for modification, and the earnings of the obligor.

Sec. 22. [518.616] [ADMINISTRATIVE SEEK EMPLOYMENT ORDERS.]

Subdivision 1. [COURT ORDER.] For any support order being enforced by the public authority, the public authority may seek a court order requiring the obligor to seek employment if employment of the obligor cannot be verified and if the obligor is in arrears in court-ordered child support or maintenance payments, or both, in an amount equal to or greater than four times the obligor's total monthly support and maintenance payments and is not in compliance with a written payment plan. Upon proper notice being given to the obligor, the court may enter a seek employment order if it finds that the obligor has not provided proof of gainful employment and has not consented to an order for income withholding under section 518.611 or 518.613 or entered into a written payment plan approved by the court, an administrative law judge, or the public authority.

Subd. 2. [CONTENTS OF ORDER.] The order to seek employment shall:

(1) order that the obligor seek employment within a determinate amount of time;

(2) order that the obligor file with the public authority on a weekly basis a report of at least five new attempts to find employment or of having found employment, which report must include the names, addresses, and telephone numbers of any employers or businesses with whom the obligor attempted to seek employment and the name of the individual contact to whom the obligor made application for employment or to whom an inquiry was directed;

(3) notify the obligor that failure to comply with the order is evidence of a willful failure to pay support under section 518.617;

(4) order that the obligor provide the public authority with verification of any reason for noncompliance with the order; and

(5) specify the duration of the order, not to exceed three months.

Sec. 23. [518.617] [CONTEMPT PROCEEDINGS FOR NONPAYMENT OF SUPPORT.]

Subdivision 1. [GROUNDS.] If a person against whom an order or decree for support has been entered under this chapter, chapter 256, or a comparable law from another jurisdiction, is in arrears in court-ordered child support or maintenance payments in an amount equal to or greater than four times the obligor's total monthly support and maintenance payments and is not in compliance with a written payment plan approved by the court, an administrative law judge, or the public authority, the person may be cited and punished by the court for contempt under section 518.64, chapter 588, or this section. Failure to comply with a seek employment order entered under section 518.616 is evidence of willful failure to pay support.

Subd. 2. [COURT OPTIONS.] (a) If a court cites a person for contempt under this section, and the obligor lives in a county that contracts with the commissioner of human services under section 256.997, the court may order the performance of community service work up to 32 hours per week for six weeks for each finding of contempt if the obligor:

(1) is able to work full time;

(2) works an average of less than 32 hours per week; and

(3) has actual weekly gross income averaging less than 40 times the federal minimum hourly wage under United States Code, title 29, section 206(a)(1), or is voluntarily earning less than the obligor has the ability to earn, as determined by the court.

An obligor is presumed to be able to work full time. The obligor has the burden of proving inability to work full time.

(b) A person ordered to do community service work under paragraph (a) may, during the six-week period, apply to the court, an administrative law judge, or the public authority to be released from the community service work requirement if the person:

(1) provides proof to the court, an administrative law judge, or the public authority that the person is gainfully employed and submits to an order for income withholding under section 518.611 or 518.613;

(2) enters into a written payment plan regarding both current support and arrearages approved by the court, an administrative law judge, or the public authority; or

(3) provides proof to the court, an administrative law judge, or the public authority that, subsequent to entry of the order, the person's circumstances have so changed that the person is no longer able to fulfill the terms of the community service order.

Subd. 3. [CONTINUING OBLIGATIONS.] The performance of community service work does not relieve a child support obligor of any unpaid accrued or accruing support obligation.

Sec. 24. [REPORT.]

The commissioner shall evaluate all child support programs and enforcement mechanisms. Employers, utility companies, insurance companies, financial institutions, and labor associations doing business in this state shall provide information as provided under subdivision 2 upon written request by an agency responsible for child support enforcement regarding individuals owing or allegedly owing a duty to support within 30 days of the receipt of the written request made by the public authority. Information requested and used or transmitted by the commissioner pursuant to the authority conferred by this section may be made available only to public officials and agencies of this state and its political subdivisions and other states of the union and their political subdivisions who are seeking to enforce the support liability of parents or to locate parents. The commissioner may not release the information to an agency or political subdivision of another state unless the agency or political subdivision is directed to maintain the data consistent with its classification in this state. Information obtained under this section may not be released except to the extent necessary for the administration of the child support enforcement program or when otherwise authorized by law.

Sec. 2. Minnesota Statutes 1994, section 518.575, is amended to read:

518.575 [PUBLICATION OF NAMES OF DELINQUENT CHILD SUPPORT OBLIGORS.]

~~Every three months~~ (a) Twice each year, the department commissioner of human services shall publish in the newspaper of widest circulation in each county a list of the names and last known addresses of each person who (1) is a child support obligor, (2) resides in the county, (3) is at least \$3,000 in arrears, and (4) has not made a child support payment, or has made only partial child support payments that total less than 25 percent of the amount of child support owed, for the last 12 months including any payments made through the interception of federal or state taxes. The rate charged for publication shall be the newspaper's lowest classified display rate, including all available discounts. (3) is not in compliance with a written payment agreement regarding both current support and arrearages approved by the public authority. The commissioner of human services shall publish the name of each obligor in the newspaper or newspapers of widest circulation in the area where the obligor is most likely to be residing. For each publication, the commissioner shall release the list of all names being published not earlier than the first day on which names appear in any newspaper.

(b) An obligor's name may not be published if the obligor claims in writing, and the department commissioner of human services determines, there is good cause for the nonpayment of child support. Good cause includes the following: (1) there is a mistake in the obligor's identity or the amount of the obligor's arrears; (2) arrears are reserved by the court or there is a pending legal action concerning the unpaid child support; or (3) other circumstances as determined by the commissioner. The list must be based on the best information available to the state at the time of publication.

(c) Before publishing the name of the obligor, the department of human services shall send a notice to the obligor's last known address which states the department's intention to publish the obligor's name and the amount of child support the obligor owes. The notice must also provide an opportunity to have the obligor's name removed from the list by paying the arrearage or by entering into an agreement to pay the arrearage, and the final date when the payment or agreement can be accepted.

(d) The department of human services shall insert with the notices sent to the obligee, a notice

stating the intent to publish the obligor's name, and the criteria used to determine the publication of the obligor's name.

Sec. 3. Minnesota Statutes 1994, section 518.611, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Whenever an obligation for support of a dependent child or maintenance of a spouse, or both, is determined and ordered by a court of this state, the amount of child support or maintenance as determined by court order must be withheld from the income, regardless of source, of the person obligated to pay the support or maintenance, and paid through the public authority. The court shall provide a copy of any order where withholding is ordered to the public authority responsible for support collections. Every order for maintenance or support must include:

(1) the obligor's social security number and date of birth and the name and address of the obligor's employer or other payor of funds; and

(2) provisions for the obligor to keep the public authority informed of the name and address of the obligor's current employer or payor of funds, and whether the obligor has access to employment-related health insurance coverage and, if so, the health insurance policy information.

Sec. 4. Minnesota Statutes 1994, section 518.611, subdivision 2, is amended to read:

Subd. 2. [CONDITIONS OF INCOME WITHHOLDING.] (a) Withholding shall result when:

(1) the obligor requests it in writing to the public authority;

(2) the custodial parent requests it by making a motion to the court; or

(3) the obligor fails to make the maintenance or support payments, and the following conditions are met:

(i) the obligor is at least 30 days in arrears;

(ii) the obligee or the public authority serves written notice of income withholding, showing arrearage, on the obligor at least 15 days before service of the notice of income withholding and a copy of the court's order on the payor of funds;

(iii) within the 15-day period, the obligor fails to move the court to deny withholding on the grounds that an arrearage of at least 30 days does not exist as of the date of the notice of income withholding, or on other grounds limited to mistakes of fact, and, ex parte, to stay service on the payor of funds until the motion to deny withholding is heard;

(iv) the obligee or the public authority ~~serves a copy of the notice of income withholding, a copy of the court's order or notice of order,~~ sends the payor of funds a notice of the withholding requirements and the provisions of this section ~~on the payor of funds;~~ and

(v) the obligee serves on the public authority a copy of the notice of income withholding, a copy of the court's order, an application, and the fee to use the public authority's collection services.

For those persons not applying for the public authority's IV-D services, a monthly service fee of \$15 must be charged to the obligor in addition to the amount of child support ordered by the court and withheld through automatic income withholding, or for persons applying for the public authority's IV-D services, the service fee under section 518.551, subdivision 7, applies. The county agency shall explain to affected persons the services available and encourage the applicant to apply for IV-D services.

(b) ~~To pay the arrearage specified in the notice of income withholding,~~ The employer or payor of funds shall withhold from the obligor's income an additional amount equal to 20 percent of the monthly child support or maintenance obligation until the arrearage is paid.

(c) The obligor may move the court, under section 518.64, to modify the order respecting the amount of maintenance or support.

(d) Every order for support or maintenance shall provide for a conspicuous notice of the provisions of this subdivision that complies with section 518.68, subdivision 2. An order without this notice remains subject to this subdivision.

(e) Absent a court order to the contrary, if an arrearage exists at the time an order for ongoing support or maintenance would otherwise terminate, income withholding shall continue in effect in an amount equal to the former support or maintenance obligation plus an additional amount equal to 20 percent of the monthly child support obligation, until all arrears have been paid in full.

Sec. 5. Minnesota Statutes 1994, section 518.611, subdivision 5, is amended to read:

Subd. 5. [ARREARAGE ORDER.] Nothing in this section shall prevent the court from ordering the payor of funds to withhold amounts to satisfy the obligor's previous arrearage in child support or maintenance payments, the obligor's liability for reimbursement of child support or of public assistance pursuant to sections 256.87 and 257.66, for pregnancy and confinement expenses and for blood test costs, and any service fees that may be imposed under section 518.551. This remedy shall not operate to exclude availability of other remedies to enforce judgments.

Sec. 6. Minnesota Statutes 1994, section 518.611, subdivision 8a, is amended to read:

Subd. 8a. [LUMP SUM PAYMENTS.] ~~(a) Upon the Before transmittal of the last reimbursement payment to the employee, where obligor of a lump sum payment including, but not limited to, severance pay, accumulated sick pay or, vacation pay is paid upon termination of employment, and where the employee is in arrears in making court ordered child support payments, the employer shall withhold an amount which is the lesser of (1) the amount in arrears or (2) that portion of the arrearages which is the product of the obligor's monthly court ordered support amount multiplied by the number of months of net income that the lump sum payment represents. (b), bonuses, commissions, or other pay or benefits, an employer, trustee, or other payor of funds who has been served with a notice of income withholding under subdivision 2 or section 518.613 must:~~

(1) notify the public authority of any lump sum payment of \$500 or more that is to be paid to the obligor;

(2) hold the lump sum payment for 30 days after the date on which the lump sum payment would otherwise have been paid to the obligor, notwithstanding sections 181.08, 181.101, 181.11, 181.13, and 181.145; and

(3) upon order of the court, pay any specified amount of the lump sum payment to the public authority for future support, or reimbursement of support judgment, judgments, or arrearages; or

(4) upon service by United States mail of a sworn affidavit from the public authority or a court order stating:

(i) that a judgment entered pursuant to section 548.091, subdivision 1a, exists against the obligor, or that other support arrearages exist;

(ii) that a portion of the judgment, judgments, or arrearages remains unpaid; and

(iii) the current balance of the judgment, judgments, or arrearages, the payor of funds shall pay to the public authority the lesser of the amount of the lump sum payment or the total amount of judgments plus arrearages as stated in affidavit or court order subject to the limits imposed under the consumer credit protection act.

Sec. 7. Minnesota Statutes 1994, section 518.613, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] Notwithstanding any provision of section 518.611, subdivision 2 or 3, to the contrary, whenever an obligation for child support or maintenance, enforced by the public authority, is initially determined and ordered or modified by the court ~~in a county in which this section applies,~~ the amount of child support or maintenance ordered by the court and any fees assessed by the public authority responsible for child support enforcement must be withheld from the income and forwarded to the public authority, regardless of the source of income, of the person obligated to pay the support.

Sec. 8. Minnesota Statutes 1994, section 518.613, subdivision 2, is amended to read:

Subd. 2. [ORDER; COLLECTION SERVICES.] Every order for child support must include the obligor's social security number and date of birth and the name and address of the obligor's employer or other payor of funds. In addition, every order must contain provisions requiring the obligor to keep the public authority informed of the name and address of the obligor's current employer, or other payor of funds and whether the obligor has access to employment-related health insurance coverage and, if so, the health insurance policy information. Upon entry of the order for support or maintenance, the court shall ~~mail a copy of the court's automatic income withholding order and the provisions of section 518.611 and this section to the obligor's employer or other payor of funds and~~ provide a copy of the withholding order to the public authority responsible for child support enforcement. An obligee who is not a recipient of public assistance must decide to either apply for the IV-D collection services of the public authority or obtain income withholding only services when an order for support is entered unless the requirements of this section have been waived under subdivision 7. The supreme court shall develop a standard automatic income withholding form to be used by all Minnesota courts. This form shall be made a part of any order for support or decree by reference.

Sec. 9. Minnesota Statutes 1994, section 518.614, subdivision 1, is amended to read:

This sum must be held in a financial institution in an interest-bearing account with only the public authority authorized as drawer of funds. Sec. 11. Minnesota Statutes 1994, section 518.64, is amended by adding a subdivision to read:

Subd. 4a. [AUTOMATIC TERMINATION OF SUPPORT.] (a) Unless a court order provides otherwise, a child support obligation in a specific amount per child terminates automatically and without any action by the obligor to reduce, modify, or terminate the order upon the emancipation of the child as provided under section 518.54, subdivision 2.

(b) A child support obligation for two or more children that is not a support obligation in a specific amount per child continues in the full amount until the emancipation of the last child for whose benefit the order was made, or until further order of the court.

(c) The obligor may request a modification of his or her child support order upon the emancipation of a child if there are still minor children under the order. The child support obligation shall be determined based on the income of the parties at the time the modification is sought. Except as provided in subdivision 2, when a judgment is satisfied otherwise than by return of execution, the judgment creditor or the creditor's attorney shall file a certificate of it with the court administrator within ten days after the satisfaction or within 30 days of payment by check or other noncertified funds.

(2) if the attempted marriage is invalid without a court order, the child is born within 280 days after the termination of cohabitation;

(c) After the child's birth, he and the child's biological mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) he has acknowledged his paternity of the child in writing filed with the state registrar of vital statistics;

(2) with his consent, he is named as the child's father on the child's birth certificate; or

(e) He and the child's biological mother acknowledge his paternity of the child in a writing signed by both of them under section 257.34 and filed with the state registrar of vital statistics. If another man is presumed under this paragraph to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or after the presumption has been rebutted;

(f) Evidence of statistical probability of paternity based on blood testing establishes the likelihood that he is the father of the child, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater;

(g) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man is presumed to be the father under this subdivision; or

Sec. 5. Minnesota Statutes 1994, section 257.57, subdivision 2, is amended to read:

Subd. 2. The child, the mother, or personal representative of the child, the public authority chargeable by law with the support of the child, the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor may bring an action:

(1) at any time for the purpose of declaring the existence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (d), (e), (f), (g), or (h), or the nonexistence of the father and child relationship presumed under clause (d) of that subdivision;

(2) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (e) or (g), only if the action is brought within three years after the date of the execution of the declaration or recognition of parentage; or

(3) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (f), only if the action is brought within three years after the party bringing the action, or the party's attorney of record, has been provided the blood test results; or

(4) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.75, subdivision 9, only if the action is brought by the minor signatory within six months after the minor signatory reaches the age of 18. In the case of a recognition of parentage executed by two minor signatories, the action to declare the nonexistence of the father and child relationship must be brought within six months after the youngest signatory reaches the age of 18.

Sec. 6. Minnesota Statutes 1994, section 257.60, is amended to read:

257.60 [PARTIES.]

The child may be made a party to the action. If the child is a minor and is made a party, a general guardian or a guardian ad litem shall be appointed by the court to represent the child. The child's mother or father may not represent the child as guardian or otherwise. The biological mother, each man presumed to be the father under section 257.55, and each man alleged to be the biological father, shall be made parties or, if not subject to the jurisdiction of the court, shall be given notice of the action in a manner prescribed by the court and shall be given an opportunity to be heard. The public agency responsible for support enforcement is joined as a party in each case in which rights are assigned under section 256.74, subdivision 5, and in each case in which the public agency is providing services pursuant to an application for child support services. A person who may bring an action under section 257.57 may be made a party to the action. The court may align the parties. The child shall be made a party whenever:

(1) the child is a minor and the case involves a compromise under section 257.64, subdivision 1, or a lump sum payment under section 257.66, subdivision 4, in which case the commissioner of human services shall also be made a party subject to department of human services rules relating to paternity suit settlements; or

(2) the child is a minor and the action is to declare the nonexistence of the father and child relationship; or

(3) an action to declare the existence of the father and child relationship is brought by a man presumed to be the father under section 257.55, or a man who alleges to be the father, and the mother of the child denies the existence of the father and child relationship.

Sec. 7. [257.651] [DEFAULT ORDER OF PARENTAGE.]

In an action to determine the existence of the father and child relationship under sections 257.51 to 257.74, if the alleged father fails to appear at a hearing after service duly made and proved, the court shall enter a default judgment or order of paternity.

Sec. 8. Minnesota Statutes 1994, section 257.67, subdivision 1, is amended to read:

Subdivision 1. If existence of the parent and child relationship is declared, or parentage or a duty of support has been acknowledged or adjudicated under sections 257.51 to 257.74 or under prior law, the obligation of the noncustodial parent may be enforced in the same or other proceedings by the custodial parent, the child, the public authority that has furnished or may furnish the reasonable expenses of pregnancy, confinement, education, support, or funeral, or by any other person, including a private agency, to the extent that person has furnished or is furnishing these expenses. Full faith and credit shall be given to a determination of paternity made by another state, whether established through voluntary acknowledgment or through administrative or judicial processes.

Sec. 9. Minnesota Statutes 1994, section 257.75, subdivision 3, is amended to read:

Subd. 3. [EFFECT OF RECOGNITION.] Subject to subdivision 2 and section 257.55, subdivision 1, paragraph (g) or (h), the recognition has the force and effect of a judgment or order determining the existence of the parent and child relationship under section 257.66. If the conditions in section 257.55, subdivision 1, paragraph (g) or (h), exist, the recognition creates only a presumption of paternity for purposes of sections 257.51 to 257.74. Until an order is entered granting custody to another, the mother has sole custody. The recognition is:

(1) a basis for bringing an action to award custody or visitation rights to either parent, establishing a child support obligation which may include up to the two years immediately preceding the commencement of the action, ordering a contribution by a parent under section 256.87, or ordering a contribution to the reasonable expenses of the mother's pregnancy and confinement, as provided under section 257.66, subdivision 3, or ordering reimbursement for the costs of blood or genetic testing, as provided under section 257.69, subdivision 2;

(2) determinative for all other purposes related to the existence of the parent and child relationship; and

(3) entitled to full faith and credit in other jurisdictions.

Sec. 10. Minnesota Statutes 1994, section 257.75, is amended by adding a subdivision to read:

Subd. 9. [EXECUTION BY A MINOR PARENT.] A recognition of parentage executed and filed in accordance with this section by a minor parent creates a presumption of paternity for the purposes of sections 257.51 to 257.74.

Sec. 11. [518.255] [PROVISION OF LEGAL SERVICES BY THE PUBLIC AUTHORITY.]

The provision of services under the child support enforcement program that includes services by an attorney or an attorney's representative employed by, under contract to, or representing the public authority does not create an attorney-client relationship with any party other than the public authority. Attorneys employed by or under contract with the public authority have an affirmative duty to inform applicants and recipients of services in writing under the child support enforcement program that no attorney-client relationship exists between the attorney and the applicant or recipient. The written notice must inform the individual applicant or recipient of services that no attorney-client relationship exists between the attorney and the applicant or recipient, the rights of the individual as a subject of data under section 13.04, subdivision 2, and that the individual has a right to have an attorney represent the individual. This section applies to all legal services provided by the child support enforcement program.

ARTICLE 5

CHILD SUPPORT PROCEDURES

Section 1. Minnesota Statutes 1994, section 518.5511, subdivision 1, is amended to read:

Subdivision 1. [GENERAL.] (a) An administrative process is established to obtain, modify, and

enforce child and medical support orders and parentage orders and modify maintenance if combined with a child support proceeding. All laws governing these actions apply insofar as they are not inconsistent with the provisions of this section and section 518.5512. Wherever other laws are inconsistent with this section and section 518.5512, the provisions in this section and section 518.5512 shall apply.

(b) All proceedings for obtaining, modifying, or enforcing child and medical support orders and modifying maintenance orders if combined with a child support proceeding, are required to be conducted in the administrative process when the public authority is a party or provides services to a party or parties to the proceedings. At county option, the administrative process may include contempt motions or actions to establish parentage. Nothing contained herein shall prevent a party, upon timely notice to the public authority, from commencing an action or bringing a motion for the establishment, modification, or enforcement of child support or modification of maintenance orders if combined with a child support proceeding in district court, if additional issues involving domestic abuse, establishment or modification of custody or visitation, property issues, or other issues outside the jurisdiction of the administrative process, are part of the motion or action, or from proceeding with a motion or action brought by another party containing one or more of these issues if it is pending in district court.

(c) A party may make a written request to the public authority to initiate an uncontested administrative proceeding. If the public authority denies the request, the public authority shall issue a summary order notice which denies the request for relief, states the reasons for the denial, and notifies the party of the right to commence an action for relief. If the party commences an action or serves and files a motion within 30 days after the public authority's denial and the party's action results in a modification of a child support order, the modification may be retroactive to the date the written request was received by the public authority.

(d) After August 1, 1994, all counties shall participate in the administrative process established in this section in accordance with a statewide implementation plan to be set forth by the commissioner of human services. No county shall be required to participate in the administrative process until after the county has been trained. The implementation plan shall include provisions for training the counties by region no later than July 1, 1995.

(e) For the purpose of the administrative process, all powers, duties, and responsibilities conferred on judges of district court to obtain and enforce child and medical support and parentage and maintenance obligations, subject to the limitations of this section are conferred on administrative law judges, including the power to issue subpoenas, orders to show cause, and bench warrants for failure to appear.

The administrative law judge has the authority to approve parentage orders that contain uncontested custody and visitation provisions.

Sec. 2. Minnesota Statutes 1994, section 518.5511, subdivision 2, is amended to read:

Subd. 2. [UNCONTESTED ADMINISTRATIVE PROCEEDING.] (a) A party may petition the chief administrative law judge, the chief district court judge, or the chief family court referee to proceed immediately to a contested hearing upon good cause shown.

(b) The public authority shall give the parties written notice requesting the submission of information necessary for the public authority to prepare a proposed ~~child support~~ order. The written notice shall be sent by first class mail to the parties' last known addresses. The written notice shall describe the information requested, state the purpose of the request, state the date by which the information must be postmarked or received (which shall be at least 30 days from the date of the mailing of the written notice), state that if the information is not postmarked or received by that date, the public authority will prepare a proposed order on the basis of the information available, and identify the type of information which will be considered.

(c) Following the submission of information or following the date when the information was due, the public authority shall, on the basis of all information available, complete and sign a proposed ~~child support~~ order and notice. In preparing the proposed ~~child support~~ order, the public authority will establish child support in the highest amount permitted under section 518.551, subdivision 5. The proposed order shall include written findings in accordance with section

518.551, subdivision 5, clauses (i) and (j). The notice shall state that the proposed ~~child support~~ order will be entered as a final and binding default order unless one of the parties requests a conference under subdivision 3 within 14 days following the date of service of the proposed ~~child support~~ order. The method for requesting the conference shall be stated in the notice. The notice and proposed ~~child support~~ order shall be served under the rules of civil procedure. For the purposes of the contested hearing, and notwithstanding any law or rule to the contrary, the service of the proposed order pursuant to this paragraph shall be deemed to have commenced a proceeding and the judge, including an administrative law judge or a referee, shall have jurisdiction over the contested hearing.

(d) If a conference under subdivision 3 is not requested by a party within 14 days after the date of service of the proposed ~~child support~~ order, the public authority may ~~enter~~ submit the proposed order as the default order. The default order becomes ~~effective 30 days after the date of service of the notice in paragraph (c)~~ enforceable upon signature by an administrative law judge or district court judge or referee. The public authority may also prepare and serve a new notice and proposed ~~child support~~ order if new information is subsequently obtained. The default ~~child support~~ order shall be a final order, and shall be served under the rules of civil procedure.

(e) The public authority shall file in the district court copies of all notices served on the parties, proof of service, and all orders.

Sec. 3. Minnesota Statutes 1994, section 518.5511, subdivision 3, is amended to read:

Subd. 3. [ADMINISTRATIVE CONFERENCE.] (a) If a party requests a conference within 14 days of the date of service of the proposed order, the public authority shall schedule a conference, and shall serve written notice of the date, time, and place of the conference on the parties.

(b) The purpose of the conference is to review all available information and seek an agreement to enter a consent ~~child support~~ order. The notice shall state the purpose of the conference, and that the proposed ~~child support~~ order will be entered as a final and binding default order if the requesting party fails to appear at the conference. The notice shall be served on the parties by first class mail at their last known addresses, and the method of service shall be documented in the public authority file.

(c) A party alleging domestic abuse by the other party shall not be required to participate in a conference. In such a case, the public authority shall meet separately with the parties in order to determine whether an agreement can be reached.

(d) If the party requesting the conference does not appear and fails to provide a written excuse (with supporting documentation if relevant) to the public authority within seven days after the date of the conference which constitutes good cause, the public authority may enter a default ~~child support~~ order through the uncontested administrative process. The public authority shall not enter the default order until at least seven days after the date of the conference.

For purposes of this section, misrepresentation, excusable neglect, or circumstances beyond the control of the person who requested the conference which prevented the person's appearance at the conference constitutes good cause for failure to appear. If the public authority finds good cause, the conference shall be rescheduled by the public authority and the public authority shall send notice as required under this subdivision.

(e) If the parties appear at the conference, the public authority shall seek agreement of the parties to the entry of a consent ~~child support~~ order which establishes child support in accordance with applicable law. The public authority shall advise the parties that if a consent order is not entered, the matter will be scheduled for a hearing before an administrative law judge, or a district court judge or referee, and that the public authority will seek the establishment of child support at the hearing in accordance with the highest amount permitted under section 518.551, subdivision 5. If an agreement to enter the consent order is not reached at the conference, the public authority shall schedule the matter ~~before an administrative law judge, district court judge, or referee~~ for a contested hearing.

(f) If an agreement is reached by the parties at the conference, a consent ~~child support~~ order shall be prepared by the public authority, and shall be signed by the parties. All consent and

default orders shall be signed by the nonattorney employee of the public authority and shall be submitted to an administrative law judge or the district court for countersignature approval and signature. The order is effective enforceable upon the signature by the administrative law judge or the district court and is retroactive to the date of signature by the nonattorney employee of the public authority. The consent order shall be served on the parties under the rules of civil procedure.

Sec. 4. Minnesota Statutes 1994, section 518.5511, subdivision 4, is amended to read:

Subd. 4. [CONTESTED ADMINISTRATIVE PROCEEDING.] (a) The commissioner of human services is authorized to designate counties to use the contested administrative hearing process based upon federal guidelines for county performance. The contested administrative hearing process may also be initiated upon request of a county board. The administrative hearing process shall be implemented in counties designated by the commissioner. All counties shall participate in the contested administrative process established in this section as designated in a statewide implementation plan to be set forth by the commissioner of human services. The pilot program shall provide that one-half of the case load use the contested administrative process. The pilot program shall include an evaluation which shall be conducted after one year of program operation. A preliminary evaluation report shall be submitted by the commissioner to the legislature by March 1, 1997. A final evaluation report shall be submitted by the commissioner to the legislature by January 15, 1998. The pilot program shall continue pending final decision by the legislature, or until the commissioner determines that Hennepin county will not participate in the contested administrative process.

In counties designated by the commissioner, contested hearings required under this section shall be scheduled before administrative law judges, and shall be conducted in accordance with the provisions under this section. In counties not designated by the commissioner, contested hearings shall be conducted in district court in accordance with the rules of civil procedure and the rules of family court.

(b) An administrative law judge may conduct hearings and approve a stipulation reached on a contempt motion brought by the public authority. Any stipulation that involves a finding of contempt and a jail sentence, whether stayed or imposed, shall require the review and signature of a district court judge.

(c) For the purpose of this process, all powers, duties, and responsibilities conferred on judges of the district court to obtain and enforce child and medical support and maintenance obligations, subject to the limitation set forth herein, are conferred on the administrative law judge conducting the proceedings, including the power to issue subpoenas, to issue orders to show cause, and to issue bench warrants for failure to appear. A party, witness, or attorney may appear or testify by telephone, audiovisual means, or other electronic means, at the discretion of the administrative law judge.

(d) Before implementing the process in a county, the chief administrative law judge, the commissioner of human services, the director of the county human services agency, the county attorney, the county court administrator, and the county sheriff shall jointly establish procedures, and the county shall provide hearing facilities for implementing this process in the county. A contested administrative hearing shall be conducted in a courtroom, if one is available, or a conference or meeting room with at least two exits and of sufficient size to permit adequate physical separation of the parties. The court administrator shall provide administrative support for the contested hearing. Security personnel shall either be present during the administrative hearings, or be available to respond to a request for emergency assistance.

For matters not initiated under section 518.5511, subdivision 2, documents from the moving party shall be served and filed at least 14 days prior to the hearing and the opposing party shall serve and file documents raising new issues at least ten days prior to the hearing. In all contested administrative proceedings, the administrative law judge may limit the extent and timing of discovery. Except as provided under this section, other aspects of the case, including, but not limited to, pleadings, discovery, and motions, shall be conducted under the rules of family court, the rules of civil procedure, and chapter 518.

(f) Pursuant to a contested administrative hearing, the administrative law judge shall make findings of fact, conclusions, and a final decision and issue an order. Orders issued by an administrative law judge may be enforceable by the contempt powers of the district courts.

(g) At the time the matter is scheduled for a contested hearing, the public authority shall file in the district court copies of all relevant documents sent to or received from the parties, in addition to the documents filed under subdivision 2, paragraph (e). For matters scheduled for a contested hearing which were not initiated under section 518.5511, subdivision 2, the public authority shall obtain any income information available to the public authority through the department of economic security and serve this information on all parties and file the information with the court at least five days prior to the hearing.

Subd. 3. [PUBLIC ENTITY PURCHASING.] (a) Notwithstanding section 365.37, 375.21, 412.311, or 473.705, a public entity may purchase recycled materials when the price of the recycled materials does not exceed the price of nonrecycled materials by more than ten percent. In order to maximize the quantity and quality of recycled materials purchased, a public entity also may use other appropriate procedures to acquire recycled materials at the most economical cost to the public entity.

(b) When purchasing commodities and services, a public entity shall apply and promote the preferred waste management practices listed in section 115A.02, with special emphasis on reduction of the quantity and toxicity of materials in waste. A public entity, in developing bid specifications, shall consider the extent to which a commodity or product is durable, reusable, or recyclable and marketable through the applicable local or regional recycling program and the extent to which the commodity or product contains postconsumer material. When a project by a public entity involves the replacement of carpeting, the public entity may require all persons who wish to bid on the project to designate a carpet recycling company in their bids.

Sec. 2. [16B.124] [CONSIDERATION OF ENVIRONMENTAL IMPACTS OF METAL RECYCLING FACILITIES.]

(a) A public entity shall include consideration of environmental impacts in selecting a recycling facility for the recycling of scrap metal.

(b) For the purposes of this section:

(1) "public entity" has the meaning given in section 16B.122, subdivision 1; and

(2) "recycling facility" has the meaning given in section 115A.03, subdivision 25c.

Subd. 2. [CONTENTS.] (a) The report must also include:

(1) a summary of the current status of solid waste management, including the amount of solid waste generated, the manner in which it is collected, processed, and disposed, the extent of separation, recycling, reuse, and recovery of solid waste, and the facilities available or under development to manage the waste;

~~(2) a summary of current state solid waste management policies, goals, and objectives, including their statutory, administrative, and regulatory basis and the state agencies and political subdivisions responsible for implementation;~~

~~(3)~~ (2) an evaluation of the extent and effectiveness of implementation and an assessment of progress in accomplishing state policies, goals, and objectives, including those listed in paragraph (b);

~~(4) estimates of the generation of solid waste anticipated for the future, the manner in which the waste is likely to be managed, and the programs and facilities that will be available and needed for proper waste management;~~

~~(5)~~ (3) identification of issues requiring further research, study, and action, the appropriate scope of the research, study, or action, the state agency or political subdivision that should implement the research, study, or action, and a schedule for completion of the activity; and

(b) Beginning in 1997, and every sixth year thereafter, the report shall be expanded to include the metropolitan area solid waste policy plan required in section 473.149, subdivision 1, and strategies for the office to advance the goals of this chapter, to manage waste as a resource, to further reduce the need for expenditures on resource recovery and disposal facilities, and to further reduce long-term environmental and financial liabilities. The expanded report must include strategies for:

(1) achieving the maximum feasible reduction in waste generation;

(2) encouraging manufacturers to design products that eliminate or reduce the adverse environmental impacts of resource extraction, manufacturing, use, and waste processing and disposal;

(3) educating businesses, public entities, and other consumers about the need to consider the potential environmental and financial impacts of purchasing products that may create a liability or that may be expensive to recycle or manage as waste, due to the presence of toxic or hazardous components;

(4) eliminating or reducing toxic or hazardous components in compost from municipal solid waste composting facilities, in ash from municipal solid waste incinerators, and in leachate and air emissions from municipal solid waste landfills, in order to reduce the potential liability of waste generators, facility owners and operators, and taxpayers;

(5) encouraging the source separation of materials to the extent practicable, so that the materials are most appropriately managed and to ensure that resources that can be reused or recycled are not disposed of or destroyed; and

(6) maximizing the efficiency of the waste management system by managing waste and

recyclables close to the point of generation, taking into account the characteristics of the resources to be recovered from the waste and the type and capacity of local facilities.

Sec. 9. Minnesota Statutes 1994, section 115A.46, subdivision 5, is amended to read:

Subd. 5. [JURISDICTION OF PLAN.] (a) After a county plan has been submitted for approval under subdivision 1, a ~~political subdivision~~ public entity, as defined in section 16B.122, subdivision 1, within the county may not enter into a binding agreement governing a solid waste management activity that is inconsistent with the county plan without the consent of the county.

(b) After a county plan has been approved under subdivision 1, the plan governs all solid waste management in the county and a ~~political subdivision~~ public entity, as defined in section 16B.122, subdivision 1, within the county may not develop or implement a solid waste management activity, other than an activity to reduce waste generation or reuse waste materials, that is inconsistent with the county plan that the county is actively implementing without the consent of the county.

Sec. 10. [115A.471] [PUBLIC ENTITIES; MANAGEMENT OF SOLID WASTE.]

(a) In order to minimize long-term liabilities and costs to Minnesota taxpayers, a public entity may not arrange for management of solid waste, or enter into a contract under which another person arranges for management of solid waste for the public entity, at a facility that uses a primary waste management method that is environmentally inferior to the primary waste management method chosen by the county in which the waste is generated.

(b) For the purpose of this subdivision, "public entity" means the state; an office, agency, or institution of the state; the metropolitan council; a metropolitan agency; the metropolitan mosquito control district; the legislature; the courts; a county; a statutory or home rule charter city; a town; a school district; another special taxing district; or any other general or special purpose unit of government in the state.

Sec. 11. Minnesota Statutes 1994, section 115A.55, is amended by adding a subdivision to read:

Subd. 4. [STATEWIDE SOURCE REDUCTION GOAL.] (a) It is a goal of the state that there be a minimum ten percent per capita reduction in the amount of mixed municipal solid waste generated in the state by December 31, 2000, based on a reasonable estimate of the amount of mixed municipal solid waste that was generated in calendar year 1993.

(b) As part of the 1997 report required under section 115A.411, the director shall submit to the legislative commission on waste management a proposed strategy for meeting the goal in paragraph (a). The strategy must include a discussion of the different reduction potentials to be found in various sectors and may include recommended interim goals. The director shall report progress on meeting the goal in paragraph (a), as well as recommendations and revisions to the proposed strategy, as part of the 1999 report required under section 115A.411.

Sec. 12. Minnesota Statutes 1994, section 115A.5501, subdivision 4, is amended to read:

Subd. 4. [REPORT.] The director shall apply the statewide percentage determined under subdivision 2 to the aggregate amount of solid waste determined under subdivision 3 to determine the amount of packaging in the waste stream. By July 1, 1996, the director shall submit to the legislative commission on waste management an analysis of the extent to which the waste packaging reduction goal in subdivision 1 has been met. In determining whether the goal has been met, the margin of error must be applied in favor of meeting the goal. The director shall use the statistical mean for the data collected in determining whether the goal has been met and shall include in the analysis a discussion of the margin of error and statistical reliability for the data collected.

Sec. 13. Minnesota Statutes 1994, section 115A.5502, is amended to read:

115A.5502 [PACKAGING PRACTICES; PREFERENCES; GOALS.]

Packaging forms a substantial portion of solid waste and contributes to environmental

degradation and the costs of managing solid waste. It is imperative to reduce the amount and toxicity of packaging that must be managed as solid waste. In order to achieve significant reduction of packaging in solid waste and to assist packagers and others to meet the packaging reduction goal in section 115A.5501, the goal of the state is that items be distributed without any packaging where feasible and, only when necessary to protect health and safety or product integrity, with the minimal amount of packaging possible. The following categories of packaging are listed in order of preference for use by all persons who find it necessary to package items for distribution or use in the state:

(1) minimal packaging that contains no intentionally introduced toxic materials and that is designed to be and actually is reused for its original purpose at least five times;

(2) minimal packaging that contains no intentionally introduced toxic materials and consists of a significant percentage of postconsumer material;

(3) minimal packaging that contains no intentionally introduced toxic materials, that is recyclable, and is regularly collected through recycling collection programs available to at least 75 percent of the residents of the state;

~~(3) (4) minimal packaging that does not comply with clauses clause (1) and, (2), or (3) because it is required under federal or state law and for which there does not exist a commercially feasible alternative that does comply with clauses clause (1) and, (2), or (3);~~

(4) (5) packaging that contains no intentionally introduced toxic materials but does not comply with clauses (1) to ~~(3) (4)~~; and

(5) (6) all other packaging.

Sec. 14. Minnesota Statutes 1994, section 115A.551, subdivision 2a, is amended to read:

Subd. 2a. [SUPPLEMENTARY RECYCLING GOALS.] (a) By December 31, 1996, each county will have as a goal to recycle the following amounts:

(1) for a county outside of the metropolitan area, ~~30~~ 35 percent by weight of total solid waste generation;

(2) for a metropolitan county, ~~45~~ 50 percent by weight of total solid waste generation.

Each county will develop and implement or require political subdivisions within the county to develop and implement programs, practices, or methods designed to meet its recycling goal. Nothing in this section or in any other law may be construed to prohibit a county from establishing a higher recycling goal. ~~For the purposes of this subdivision "recycle" and "total solid waste generation" have the meanings given them in subdivision 1, except that neither includes yard waste.~~

(b) For a county that, by January 1, 1995, is implementing a solid waste reduction program that is approved by the director, the director shall apply three percentage points toward achievement of the recycling goals in this subdivision. In addition, the director shall apply demonstrated waste reduction that exceeds three percent reduction toward achievement of the goals in this subdivision.

(c) No more than five percentage points may be applied toward achievement of the recycling goals in this subdivision for management of yard waste. The five percentage points must be applied as provided in this paragraph. The director shall apply three percentage points for a county in which residents, by January 1, 1996, are provided with:

(1) an ongoing comprehensive education program under which they are informed about how to manage yard waste and are notified of the prohibition in section 115A.931; and

(2) the opportunity to drop off yard waste at specified sites or participate in curbside yard waste collection.

The director shall apply up to an additional two percentage points toward achievement of the recycling goals in this subdivision for additional activities approved by the director that are likely to reduce the amount of yard waste generated and to increase the on-site composting of yard waste.

Sec. 15. Minnesota Statutes 1994, section 115A.551, subdivision 4, is amended to read:

Subd. 4. [INTERIM MONITORING.] ~~The director, for counties outside of the metropolitan area, and the metropolitan council, for counties within the metropolitan area,~~ shall monitor the progress of each county toward meeting the recycling goals in subdivisions 2 and 2a. The director shall report to the legislative commission on waste management on the progress of the counties by July 1 of each odd-numbered year. ~~The metropolitan council shall report to the legislative commission on waste management on the progress of the counties by July 1 of each year.~~ If the director ~~or the council~~ finds that a county is not progressing toward the goals in subdivisions 2 and 2a, it shall negotiate with the county to develop and implement solid waste management techniques designed to assist the county in meeting the goals, such as organized collection, curbside collection of source-separated materials, and volume-based pricing.

~~In even-numbered years The progress report may shall be included in the solid waste management policy report required under section 115A.411. The metropolitan council's progress report shall be included in the report required by section 473.149.~~

Sec. 16. Minnesota Statutes 1994, section 115A.551, subdivision 6, is amended to read:

Subd. 6. [COUNTY SOLID WASTE PLANS.] (a) Each county shall include in its solid waste management plan described in section 115A.46, or its solid waste master plan described in section 473.803, a plan recycling implementation strategy for implementing meeting the recycling goal established in subdivision 2 2a along with mechanisms for providing financial incentives to solid waste generators to reduce the amount of waste generated and to separate recyclable materials from the waste stream. The recycling plan must include detailed recycling implementation information to form the basis for the strategy required in subdivision 7.

~~(b) Each county required to submit its plan to the director under section 115A.46 shall amend its plan to comply with this subdivision within one year after October 4, 1989.~~

Sec. 17. Minnesota Statutes 1994, section 115A.551, subdivision 7, is amended to read:

Subd. 7. [RECYCLING IMPLEMENTATION STRATEGY.] ~~Within one year of approval of the portion of the plan required in subdivision 6,~~ Each nonmetropolitan county shall submit to the director for approval a local the recycling implementation strategy required in subdivision 6. The local recycling implementation strategy must be submitted by October 31, 1995, and must:

- (1) be consistent with the approved county solid waste management plan;
- (2) identify the materials that are being and will be recycled in the county to meet the goals under this section and the parties responsible and methods for recycling the material; and
- (3) define the need for funds to ensure continuation of local recycling, methods of raising and allocating such funds, and permanent sources and levels of local funding for recycling provide a budget to ensure adequate funding for needed county and local programs and demonstrate an ongoing commitment to spending the money on recycling programs; and
- (4) include a schedule for implementing recycling activities needed to meet the goals in subdivision 2a.

- (1) create a separate account in its general fund to credit the money; and
- (2) set up accounting procedures to ensure that money in the separate account is spent only for the purposes in subdivision 2.

(b) In each following year, each county shall also:

(1) have in place an approved solid waste management plan or master plan including a recycling implementation strategy under section 115A.551, subdivision 7, ~~or 473.803, subdivision 1e,~~ and a household hazardous waste management plan under section 115A.96, subdivision 6, by the dates specified in those provisions;

(2) submit a report by April 1 of each year to the director detailing how the money was spent and the resulting gains achieved in solid waste management practices during the previous calendar year; and

(3) provide evidence to the director that local revenue equal to 25 percent of the money sought for distribution under this section will be spent for the purposes in subdivision 2.

(c) The director shall withhold all or part of the funds to be distributed to a county under this section if the county fails to comply with this subdivision and subdivision 2.

Sec. 20. Minnesota Statutes 1994, section 115A.557, subdivision 4, is amended to read:

Subd. 4. [REPORT.] By July 1 of each odd-numbered year, the director shall report on how the money was spent and the resulting statewide improvements in solid waste management to the house of representatives and senate appropriations and finance committees and the legislative commission on waste management. ~~In even-numbered years~~ The report may shall be included in the ~~solid waste management policy~~ report required under section 115A.411.

Before any fee is reduced, the verification procedures of section 473.843, subdivision 1, paragraph (c), must be followed and submitted to the appropriate county, except that for facilities operating outside of the metropolitan area the commissioner shall prescribe procedures for verifying the required 85 percent volume weight reduction.

(b) A facility permitted for the disposal of construction debris is exempt from 25 percent of a fee imposed under subdivision 1 if the facility has implemented a recycling program approved by the county and 25 percent if the facility contains a liner and leachate collection system approved by the agency.

Sec. 22. Minnesota Statutes 1994, section 115A.921, subdivision 1, is amended to read:

Subdivision 1. [MIXED MUNICIPAL SOLID WASTE.] A city or town may impose a fee, not to exceed \$1 per cubic yard of waste, or its equivalent, on operators of facilities for the disposal of mixed municipal solid waste located within the city or town. The revenue from the fees must be credited to the city or town general fund. Revenue produced by 25 cents of the fee must be used only for purposes of landfill abatement or for purposes of mitigating and compensating for the local risks, costs, and other adverse effects of facilities. Revenue produced by the balance of the fee may be used for any general fund purpose.

Waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from the fee imposed by a city or town under this section if there is at least an 85 percent volume weight reduction in the solid waste processed.

Subdivision 1. [AMOUNT OF FEE.] (a) The operator of a mixed municipal solid waste disposal facility outside of the metropolitan area shall charge a fee on solid waste accepted and disposed of at the facility as follows:

(1) a facility that weighs the waste that it accepts must charge a fee of \$2 per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility;

(2) a facility that does not weigh the waste but that measures the volume of the waste that it accepts must charge a fee of \$2 per cubic yard of waste accepted at the entrance of the facility; and

(3) waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse is exempt from the fee imposed by this subdivision if there is at least an 85 percent ~~volume~~ weight reduction in the solid waste processed.

(b) To qualify for exemption under paragraph (a), clause (3), waste residue must be brought to a disposal facility separately. The commissioner shall prescribe procedures for determining the amount of waste residue qualifying for exemption.

Sec. 24. Minnesota Statutes 1994, section 115A.9302, subdivision 1, is amended to read:

Subdivision 1. [DISCLOSURE REQUIRED.] By January 1, 1994, and at least annually thereafter between January 1 and March 31, a person that collects construction debris, industrial waste, or mixed municipal solid waste for transportation to a waste facility shall disclose to each waste generator from whom waste is collected the name, location, and type of, and the number of the permit issued by the agency, or its counterpart in another state, if applicable, for the processing or disposal facility or facilities, excluding a transfer station, at which the waste will be deposited. The collector shall note both the approximate percentage of waste deposited at each of the two primary facility at which the collector most often deposits waste facilities used for the type of waste collected from the generator in the county in which the generator generates the waste and any alternative facilities regularly used by the collector for the type of waste collected from the generator in the county in which the generator generates the waste. The disclosure must state:

(1) that the waste generator may be responsible for any financial liability that results from contamination at a facility where the generator's waste has been deposited;

(2) that Minnesota considers its state rules for waste disposal facilities located in Minnesota to be more protective than those of other states or those currently required by the federal government;

(3) whether each of the primary or alternative disposal facilities identified by the collector meets at the time of the disclosure, or meets on April 9, 1996, for notices issued in 1996: (i) standards for new disposal facilities as described in Code of Federal Regulations, title 40, parts 257 and 258; and (ii) state environmental and financial standards for the facility; and

(4) whether any of the facilities identified by the collector is currently on a state or federal list of facilities that require cleanup due to hazardous substance contamination, and must refer to such lists, where applicable, as state or federal "superfund" lists.

Sec. 25. Minnesota Statutes 1994, section 115A.9302, subdivision 2, is amended to read:

Subd. 2. [FORM OF DISCLOSURE.] (a) A collector shall make the disclosure to the waste generator in writing at least once per year ~~or~~ between January 1 and March 31 and on any written contract for collection services for that year. If the license issued by the county to the collector for collection within the county does not require the collector to submit a copy of the disclosure to the county, the collector shall submit a copy to the commissioner by March 31 of each year.

(b) A collector must provide the required disclosure orally in a succinct form to a waste generator at the time the generator inquires about beginning regular collection service and must provide written disclosure to the generator within 30 days from the date of request. This oral disclosure is not required if the city or county within which the waste is generated selects the collector that may provide collection services to the generator.

(c) If a collector provides one-time or occasional service to a waste generator, the collector must provide the required disclosure orally in a succinct form at the time the service is requested. The collector shall then provide written disclosure to the generator within 30 days from the date of request.

(d) If an additional facility becomes either a primary facility or an alternative facility during the year, the collector shall make the disclosure set forth in subdivision 1 within 30 days. A local government unit that collects solid waste without direct charges to waste generators shall make the disclosure on any statement that includes an amount for waste management, provided that, at a minimum, disclosure to waste generators must be made at least twice annually in a form likely to be available to all generators.

(e) The agency must develop a standard disclosure form containing the information that is required in this section. Collectors must use the form developed by the agency or a form that is substantially equivalent. In addition, the agency must develop instructions to collectors for the oral notification required in paragraphs (b) and (c).

Sec. 26. [115A.9512] [CORRUGATED PAPER PRODUCTS.]

Subdivision 1. [DEFINITION.] For the purposes of this section, "corrugated paper product" means a box, container, liner, sheet, or other product made from corrugated paper.

Subd. 2. [PROHIBITION.] A person may not place a corrugated paper product suitable for recycling:

- (1) in mixed municipal solid waste;
- (2) in a disposal facility; or
- (3) in a resource recovery facility, except a recycling facility.

Subd. 3. [EXCEPTION.] Subdivision 2 does not apply to a person whose residence or place of business is located in a county that lacks a convenient site for pickup or collection of corrugated paper products.

Sec. 27. Minnesota Statutes 1994, section 115A.96, subdivision 2, is amended to read:

Subd. 2. [MANAGEMENT PROGRAM.] ~~(a)~~ The agency shall establish a statewide program to manage household hazardous wastes. The program must include:

- (1) the establishment and operation of collection sites; and
- (2) the provision of information, education, and technical assistance regarding proper management of household hazardous wastes.

~~(b) The agency shall report on its progress on establishing permanent collection sites to the legislative commission on waste management by November 1, 1991.~~

Sec. 28. Minnesota Statutes 1994, section 115A.965, subdivision 1, is amended to read:

Subdivision 1. [PACKAGING.] (a) As soon as feasible but not later than August 1, 1993, no manufacturer or distributor may sell or offer for sale or for promotional purposes in this state packaging or a product that is contained in packaging if the packaging itself, or any inks, dyes, pigments, adhesives, stabilizers, or any other additives to the packaging contain any lead, cadmium, mercury, or hexavalent chromium that has been intentionally introduced as an element during manufacture or distribution of the packaging. Intentional introduction does not include the incidental presence of any of the prohibited elements.

(b) For the purposes of this section:

(1) "distributor" means a person who imports packaging or causes packaging to be imported into the state; and

(2) until August 15, 1995 1996, "packaging" does not include steel strapping containing a total concentration level of lead, cadmium, mercury, and hexavalent chromium, added together, of less than 100 parts per million by weight.

Sec. 29. Minnesota Statutes 1994, section 115A.9651, subdivision 3, is amended to read:

Subd. 3. [APPLICATION; ENFORCEMENT.] (a) This section does not apply to:

(1) art supplies; or

(2) wood preservatives that contain hexavalent chromium.

(b) This section may be enforced under sections 115.071 and 116.072. The attorney general or the commissioner of the agency shall coordinate enforcement of this section with the director of the office.

Sec. 30. Minnesota Statutes 1994, section 116.07, subdivision 4j, is amended to read:

Subd. 4j. [PERMITS; SOLID WASTE FACILITIES.] (a) The agency may not issue a permit for new or additional capacity for a mixed municipal solid waste resource recovery or disposal facility as defined in section 115A.03 unless each county using or projected in the permit to use the facility has in place a solid waste management plan approved under section 115A.46 or 473.803 and amended as required by section 115A.96, subdivision 6. The agency shall issue the permit only if the capacity of the facility is consistent with the needs for resource recovery or disposal capacity identified in the approved plan or plans. Consistency must be determined by the ~~metropolitan council for counties in the metropolitan area and by the agency for counties outside the metropolitan area~~ office of environmental assistance. Plans approved before January 1, 1990, need not be revised if the capacity sought in the permit is consistent with the approved plan or plans.

(b) The agency shall require as part of the permit application for a waste incineration facility identification of preliminary plans for ash management and ash leachate treatment or ash utilization. The permit issued by the agency must include requirements for ash management and ash leachate treatment.

(c) Within 30 days of receipt by the agency of a permit application for a solid waste facility, the commissioner shall notify the applicant in writing whether the application is complete and if not, what items are needed to make it complete, and shall give an estimate of the time it will take to process the application. Within 180 days of receipt of a completed application, the agency shall approve, disapprove, or delay decision on the application, with reasons for the delay, in writing.

Sec. 31. Minnesota Statutes 1994, section 116.072, is amended to read:

116.072 [ADMINISTRATIVE PENALTIES.]

Subdivision 1. [AUTHORITY TO ISSUE PENALTY ORDERS.] (a) The commissioner may issue an order requiring violations to be corrected and administratively assessing monetary penalties for violations of this chapter and chapters 115, 115A, 115D, and 115E, any rules adopted under those chapters, and any standards, limitations, or conditions established in an agency permit, including conditions established under section 473.823, subdivision 3; and for failure to respond to a request for information under section 115B.17, subdivision 3. The order must be issued as provided in this section.

(b) A county board may adopt an ordinance containing procedures for the issuance of administrative penalty orders beginning August 1, 1996. Before adopting ordinances, counties shall work cooperatively with the agency to develop an implementation plan for the orders that substantially conforms to a model ordinance developed by the counties and the agency. After adopting the ordinance, the county board may issue orders requiring violations to be corrected and

administratively assessing monetary penalties for violations of county ordinances adopted under section 400.16, 400.161, or 473.811 or chapter 115A that regulate solid and hazardous waste and any standards, limitations, or conditions established in a county license issued pursuant to these ordinances. For violations of ordinances relating to hazardous waste, a county's penalty authority is described in subdivisions 2 to 5. For violations of ordinances relating to solid waste, a county's penalty authority is described in subdivision 5a. Subdivisions 6 to 11 apply to violations of ordinances relating to both solid and hazardous waste.

(c) Monetary penalties collected by a county must be used to manage solid and hazardous waste. A county board's authority is limited to violations described in paragraph (b). Its authority to issue orders under this section expires August 1, 1999.

Subd. 2. [AMOUNT OF PENALTY; CONSIDERATIONS.] (a) The commissioner or county board may issue an order assessing a penalty up to \$10,000 for all violations identified during an inspection or other compliance review.

(b) In determining the amount of a penalty the commissioner or county board may consider:

- (1) the willfulness of the violation;
- (2) the gravity of the violation, including damage to humans, animals, air, water, land, or other natural resources of the state;
- (3) the history of past violations;
- (4) the number of violations;
- (5) the economic benefit gained by the person by allowing or committing the violation; and
- (6) other factors as justice may require, if the commissioner or county board specifically identifies the additional factors in the commissioner's or county board's order.

(c) For a violation after an initial violation, the commissioner or county board shall, in determining the amount of a penalty, consider the factors in paragraph (b) and the:

- (1) similarity of the most recent previous violation and the violation to be penalized;
- (2) time elapsed since the last violation;
- (3) number of previous violations; and
- (4) response of the person to the most recent previous violation identified.

Subd. 3. [CONTENTS OF ORDER.] An order assessing an administrative penalty under this section shall include:

- (1) a concise statement of the facts alleged to constitute a violation;
- (2) a reference to the section of the statute, rule, ordinance, variance, order, stipulation agreement, or term or condition of a permit or license that has been violated;
- (3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based; and
- (4) a statement of the person's right to review of the order.

Subd. 4. [CORRECTIVE ORDER.] (a) The commissioner or county board may issue an order assessing a penalty and requiring the violations cited in the order to be corrected within 30 calendar days from the date the order is received.

(b) The person to whom the order was issued shall provide information to the commissioner or county board before the 31st day after the order was received demonstrating that the violation has been corrected or that appropriate steps toward correcting the violation have been taken. The commissioner or county board shall determine whether the violation has been corrected and notify the person subject to the order of the commissioner's or county board's determination.

Subd. 5. [PENALTY.] (a) Except as provided in paragraph (b), if the commissioner or county board determines that the violation has been corrected or appropriate steps have been taken to correct the action, the penalty must be forgiven. Unless the person requests review of the order under subdivision 6 or 7 before the penalty is due, the penalty in the order is due and payable:

(1) on the 31st day after the order was received, if the person subject to the order fails to provide information to the commissioner or county board showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation; or

(2) on the 20th day after the person receives the commissioner's or county board's determination under subdivision 4, paragraph (b), if the person subject to the order has provided information to the commissioner or county board that the commissioner or county board determines is not sufficient to show the violation has been corrected or that appropriate steps have been taken toward correcting the violation.

(b) For a repeated or serious violation, the commissioner or county board may issue an order with a penalty that will not be forgiven after the corrective action is taken. The penalty is due by 31 days after the order was received unless review of the order under subdivision 6, 7, or 8 has been sought.

(c) Interest at the rate established in section 549.09 begins to accrue on penalties under this subdivision on the 31st day after the order with the penalty was received.

Subd. 5a. [COUNTY PENALTY AUTHORITY FOR SOLID WASTE VIOLATIONS.] (a) A county board's authority to issue a corrective order and assess a penalty for all violations relating to solid waste that are identified during an inspection or other compliance review is as described in this subdivision. The model ordinance described in subdivision 1, paragraph (b), must include provisions for letters or warnings that may be issued following the inspection and before proceeding under paragraph (b).

(b) For all violations described in paragraph (a), a county attorney or county department with responsibility for environmental enforcement may first issue a notice of violation that complies with the requirements of subdivision 4, except that no penalty may be assessed unless, in the opinion of the county board, the gravity of the violation and its potential for damage to, or actual damage to, public health or the environment is such that a penalty under paragraph (c) or (d) is warranted. In that case the county attorney or department may proceed directly to paragraph (c) or (d).

(c) If the violations are not corrected, if appropriate steps have not been taken to correct them, or if the county board has determined that the gravity of the violations are such that action under this paragraph is warranted, a county board may issue a corrective order as described in subdivision 4, except that the penalty may not exceed \$2,000.

(d) If the violations are still not corrected, if appropriate steps have not been taken to correct them, or if the county board has determined that the gravity of the violations are such that action under this paragraph is warranted, a county board may issue a corrective order as described in subdivision 4, except that the penalty may not exceed \$5,000.

(e) In determining the amount of the penalty in paragraph (c) or (d), the county board shall be governed by subdivision 2, paragraphs (b) and (c). The penalty assessed under paragraph (c) or (d) shall be due and payable, forgiven, or assessed without forgiveness as described in subdivision 5.

Subd. 6. [EXPEDITED ADMINISTRATIVE HEARING.] (a) Within 30 days after receiving an order or within 20 days after receiving notice that the commissioner or county board has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing, utilizing the procedures of Minnesota Rules, parts 1400.8510 to 1400.8612, to review the commissioner's or county board's action. The hearing request must specifically state the reasons for seeking review of the order. The person to whom the order is directed and the commissioner or county board are the parties to the expedited hearing. The commissioner or county board must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner or county board unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing shall be conducted under Minnesota Rules, parts 1400.8510 to 1400.8612, as modified by this subdivision. The office of administrative hearings may, in consultation with the agency, adopt rules specifically applicable to cases under this section.

(c) The administrative law judge shall issue a report making recommendations about the commissioner's or county board's action to the commissioner or county board within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner or county board may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(e) If a hearing has been held, the commissioner or county board may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner or county board on the recommendations and the commissioner or county board will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the commissioner or county board, the penalty shall be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.

Subd. 7. [DISTRICT COURT HEARING.] (a) Within 30 days after the receipt of an order from the commissioner or a county board or within 20 days of receipt of notice that the commissioner or a county board has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may file a petition in district court for review of the order in lieu of requesting an administrative hearing under subdivision 6. The petition shall be filed with the court administrator with proof of service on the commissioner or county board. The petition shall be captioned in the name of the person making the petition as petitioner and the ~~director~~ commissioner or county board as respondent. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order, including the facts upon which each claim is based.

(b) At trial, the commissioner or county board must establish by a preponderance of the evidence that a violation subject to this section occurred, the petitioner is responsible for the violation, a penalty immediately assessed as provided for under subdivision 5, paragraph (b) or (c), is justified by the violation, and the factors listed in subdivision 2 were considered when the penalty amount was determined and the penalty amount is justified by those factors.

Subd. 8. [MEDIATION.] In addition to review under subdivision 6 or 7, the commissioner or county board is authorized to enter into mediation concerning an order issued under this section if the commissioner or county board and the person to whom the order is issued both agree to mediation.

Subd. 9. [ENFORCEMENT.] (a) The attorney general ~~may proceed~~ on behalf of the state, or the county attorney on behalf of the county, may proceed to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

(b) The attorney general or county attorney may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the same manner as a final judgment of the district court.

(c) If a person fails to pay the penalty, the attorney general or county attorney may bring a civil action in district court seeking payment of the penalties, injunctive, or other appropriate relief including monetary damages, attorney fees, costs, and interest.

Subd. 10. [REVOCATION AND SUSPENSION OF PERMIT.] If a person fails to pay a penalty owed under this section, the agency or county board has grounds to revoke or refuse to reissue or renew a permit or license issued by the agency or county board.

Subd. 11. [CUMULATIVE REMEDY.] The authority of the agency or county board to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law, except that the state or county board may not seek civil penalties under any other provision of law for the violations covered by the administrative penalty order. The payment of a penalty does not preclude the use of other enforcement provisions, under which penalties are not assessed, in connection with the violation for which the penalty was assessed.

Subd. 12. [REPORT; ADMINISTRATIVE PENALTY ORDER.] (a) All counties that have adopted ordinances allowing them to issue administrative penalty orders shall report to the legislative auditor by September 1, 1998, on administrative penalty activity through August 1, 1998. The reports must include at least the following information: the nature and number of orders and penalties issued or forgiven, the nature and outcome of appeals taken, how much revenue was collected from penalties and how it was spent, and any other information a county board finds relevant.

(b) The legislative audit commission is requested to direct the legislative auditor to evaluate the data and report to the legislative commission on waste management by January 1, 1999, on at least the following matters: the degree to which penalties were suitable to the gravity of the violation, compliance with the implementation plan, and any other information the auditor finds relevant. In preparing the report, the auditor shall solicit information from counties and the regulated community and shall make recommendations as to whether the administrative penalty authority should be continued, discontinued, or continued with modifications and make any other recommendations the auditor wishes to propose as a result of its study.

Sec. 32. Minnesota Statutes 1994, section 116.66, subdivision 2, is amended to read:

Subd. 2. [FACILITY EVALUATIONS; ENVIRONMENTAL ASSESSMENT.] (a) The commissioner of the pollution control agency shall conduct facility evaluations to evaluate ongoing waste management practices and shall provide technical assistance for corrective action at motor vehicle salvage facilities.

(b) The commissioner shall may conduct environmental assessments at a representative group of motor vehicle salvage facilities to determine the extent and magnitude of any contamination and environmental impacts, develop criteria, and determine appropriate cleanup methods, and set priorities for cleanup actions at motor vehicle salvage facility sites, under the criteria in Minnesota Rules, chapter 7044.

Sec. 33. Minnesota Statutes 1994, section 116.66, subdivision 4, is amended to read:

Subd. 4. [REPEALER.] This section is repealed on ~~the day that the repeal of section 115A.908 is effective~~ June 30, 1999.

Sec. 34. Minnesota Statutes 1994, section 116.92, subdivision 4, is amended to read:

Subd. 4. [REMOVAL FROM SERVICE; PRODUCTS CONTAINING MERCURY.] (a) When an item listed in subdivision 3 is removed from service the mercury in the item must be reused, recycled, or otherwise managed to ensure compliance with section 115A.932.

(b) A person who is in the business of replacing or repairing an item listed in subdivision 3 in households shall ensure, or deliver the item to a facility that will ensure, that the mercury contained in an item that is replaced or repaired is reused or recycled or otherwise managed in compliance with section 115A.932.

(c) A person may not crush a motor vehicle unless the person has first made a good faith effort to remove all of the mercury switches in the motor vehicle. A person who removes a mercury switch from a motor vehicle shall turn it over to the commissioner without cost.

Sec. 35. [116.67] [COST-SHARING PROGRAM; CLEANUP OF CERTAIN MOTOR VEHICLE SALVAGE FACILITIES.]

The pollution control agency may enter into cost-sharing agreements with owners and operators of motor vehicle salvage facilities for the cleanup of motor vehicle salvage facility sites, based on the findings of the environmental assessment of motor vehicle salvage facilities conducted under Minnesota Statutes 1994, section 116.66, subdivision 2. An agreement under this section must provide that the agency will be responsible for paying 90 percent of the costs of removal and remedial actions at the site, and the owner or operator of the motor vehicle salvage facility must pay the remaining ten percent of the costs. For the purposes of this section, the terms "removal" and "remedial actions" have the meanings given in section 115B.02, subdivisions 16 and 17.

Sec. 36. Minnesota Statutes 1994, section 400.16, is amended to read:

400.16 [SOLID WASTE AND SEWAGE SLUDGE DISPOSAL MANAGEMENT REGULATIONS.]

The county may by ordinance establish and revise rules, regulations, and standards for solid waste and sewage sludge management and land pollution, relating to (a) the location, sanitary operation, and maintenance of solid waste facilities and sewage sludge disposal facilities by the county and any municipality or other public agency and by private operators; (b) the collection, processing, and disposal of solid waste and sewage sludge; (c) the amount and type of equipment required in relation to the amount and type of material received at any solid waste facility or sewage sludge disposal facility; (d) the control of salvage operations, water or air or land pollution, and rodents at such facilities; (e) the termination or abandonment of the facilities or activities; and (f) other matters relating to the facilities as may be determined necessary for the public health, welfare, and safety. The county may issue permits or licenses for solid waste facilities and may require that the facilities be registered with an appropriate county office. The county shall adopt the ordinances for mixed municipal solid waste management. The county shall make provision for issuing permits or licenses for mixed municipal solid waste facilities and shall require that the facilities be registered with an appropriate county office. No permit or license shall be issued for a mixed municipal solid waste facility unless the applicant has demonstrated to the satisfaction of the county board the availability of revenues necessary to operate the facility in accordance with applicable state and local laws, ordinances, and rules. No permit shall be issued for a solid waste facility used primarily for resource recovery or a transfer station serving such a facility, if the facility or station is owned or operated by a public agency or if the acquisition or betterment of the facility or station is secured by public funds or obligations issued by a public agency, unless the county finds and determines that adequate markets exist for the products recovered and that any displacement of existing resource recovery facilities and transfer stations serving such facilities that may result from the establishment of the new facility is required in order to achieve the waste management objectives of the county. The county ordinance shall require appropriate procedures for termination or abandonment of any mixed municipal solid waste facilities or services, which shall include provision for long term monitoring for possible land pollution, and for the payment by the owners or operators thereof, or both, of any costs incurred by the county in completing the procedures. The county may require the procedures and payments with respect to any facilities or services regulated pursuant to this section. In the event the operators or owners fail to complete the procedures in accordance with the ordinance, the county may recover the costs of completion in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land to be collected as other taxes are collected. The ordinance may be enforced by injunction, action to compel performance, or other appropriate action in the district court, or administrative penalty order authorized under section 116.072. Any ordinance enacted under this section shall embody minimum standards and requirements established by rule of the agency.

Sec. 37. Minnesota Statutes 1994, section 400.161, is amended to read:

400.161 [HAZARDOUS WASTE REGULATIONS.]

(a) The county may by ordinance establish and revise rules, regulations, and standards relating to (1) identification of hazardous waste, (2) the labeling and classification of hazardous waste, (3) the collection, transportation, processing, disposal, and storage of hazardous waste, and (4) other matters as may be determined necessary for the public health, welfare and safety. The county may issue permits or licenses for hazardous waste generation and may require the generators be registered with a county office. The ordinance may require appropriate procedures for the payment

by the generator of any costs incurred by the county in completing such procedures. If the generator fails to complete such procedures, the county may recover the costs of completion in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land as other taxes are collected. The ordinance may be enforced by injunction, action to compel performance, or other action in district court, or administrative penalty order authorized under section 116.072. County hazardous waste ordinances shall embody and be consistent with agency hazardous waste rules. Counties shall submit adopted ordinances to the agency for review. In the event that agency rules are modified, each county shall modify its ordinances accordingly and shall submit the modification to the agency for review within 120 days. Issuing, denying, modifying, imposing conditions upon, or revoking permits or licenses and county hazardous waste regulations and ordinances shall be subject to review, denial, suspension, modification, and reversal by the pollution control agency. The pollution control agency shall after written notification have 15 days in the case of hazardous waste permits and licenses and 30 days in the case of hazardous waste ordinances to review, deny, suspend, modify, or reverse the action of the county. After this period, the action of the county board shall be final subject to appeal to the district court as provided in section 115.05.

(b) A county may not impose a fee under this section on material that is reused at the facility where the material is generated in a manner that the facility owner or operator can demonstrate does not increase the toxicity of, or the level of hazardous substances or pollutants or contaminants in, products that leave the facility.

Sec. 38. Minnesota Statutes 1994, section 473.149, subdivision 1, is amended to read:

Subdivision 1. [POLICY PLAN; GENERAL REQUIREMENTS.] ~~The metropolitan council shall prepare and by resolution adopt as part of its development guide a director of the office of environmental assistance may revise the metropolitan long range policy plan for solid waste management in the metropolitan area. When adopted, and revised by the metropolitan council prior to the transfer of powers and duties in Laws 1994, chapter 639, article 5, section 2. The plan shall be followed in the metropolitan area. Until the director revises it, the plan adopted and revised by the council on September 26, 1991, remains in effect. The plan shall address the state policies and purposes expressed in section 115A.02. In revising the plan the director shall substantially conform to all policy statements, purposes, goals, standards, maps and plans in development guide sections and plans adopted by the council, provided that no land shall be thereby excluded from consideration as a solid waste facility site except land determined by the agency to be intrinsically unsuitable for such use follow the procedures in subdivision 3. The plan shall include goals and policies for solid waste management, including recycling consistent with section 115A.551, and household hazardous waste management consistent with section 115A.96, subdivision 6, in the metropolitan area and, to the extent appropriate, statements and information similar to that required under section 473.146, subdivision 1.~~

The plan shall include criteria and standards for solid waste facilities and solid waste facility sites respecting the following matters: general location; capacity; operation; processing techniques; environmental impact; effect on existing, planned, or proposed collection services and waste facilities; and economic viability. The plan shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the plan shall include additional criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan. In ~~developing~~ revising the plan, the ~~council~~ director shall consider the orderly and economic development, public and private, of the metropolitan area; the preservation and best and most economical use of land and water resources in the metropolitan area; the protection and enhancement of environmental quality; the conservation and reuse of resources and energy; the preservation and promotion of conditions conducive to efficient, competitive, and adaptable systems of waste management; and the orderly resolution of questions concerning changes in systems of waste management. Criteria and standards for solid waste facilities shall be consistent with rules adopted by the pollution control agency pursuant to chapter 116 and shall be at least as stringent as the guidelines, regulations, and standards of the federal Environmental Protection Agency.

Sec. 39. Minnesota Statutes 1994, section 473.149, subdivision 2d, is amended to read:

Subd. 2d. [LAND DISPOSAL ABATEMENT PLAN.] (a) ~~After considering any county land disposal abatement proposals and waste stream analysis that have been submitted under section 473.803, subdivision 1b,~~ The council director shall ~~amend its~~ include in the policy plan to include specific and quantifiable metropolitan objectives for abating to the greatest feasible and prudent extent the need for and practice of land disposal of mixed municipal solid waste and of specific components of the solid waste stream, including residuals and ash, either by type of waste or class of generator.

(b) The objectives must be stated in ~~annual increments through the year 1990 and thereafter in five year~~ six-year increments for a period of at least 20 years from the date of adoption of policy plan revisions. The plan must include a reduced estimate of the capacity, based on the council's abatement objectives, needed for the disposal of various types of waste in each ~~five year~~ six-year increment ~~and the general area of the region where the capacity should be developed.~~

Sec. 43. Minnesota Statutes 1994, section 473.823, subdivision 5, is amended to read:

Subd. 5. [REVIEW OF WASTE PROCESSING FACILITIES.] (a) A metropolitan county may establish a waste processing facility within the county without complying with local ordinances, if the action is approved by the ~~council~~ director in accordance with the review process established by this subdivision. A county requesting review ~~by the council~~ shall show that:

- (1) the required permits for the proposed facility have been or will be issued by the agency;
- (2) the facility is consistent with the ~~council's~~ metropolitan policy plan and the approved county master plan; and

(b) The ~~council~~ director shall ~~meet to~~ commence the review within 90 days of the submission of a request determined by the ~~council~~ director to satisfy the requirements for review under this subdivision. ~~At the meeting~~ Upon commencing the review the ~~chair~~ director shall ~~recommend and~~ the ~~council~~ establish a scope and procedure, including criteria, for ~~its~~ the review and final decision on the proposed facility. The procedure shall require the ~~council~~ director to make a final decision on the proposed facility within 120 days following the commencement of review. For facilities other than waste incineration and mixed municipal solid waste composting facilities, the ~~council~~ director shall ~~meet to~~ commence the review within 45 days of submission of the request and shall make a final decision within 75 days following commencement of review.

(c) The ~~council~~ director shall conduct at least one public hearing in the city or town within which the proposed facility would be located. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing. The notice shall describe the proposed facility, its location, the proposed permits, and the ~~council's~~ scope, procedure, and criteria for review. The notice shall identify a location or locations within the local government unit and county where the permit applications and the ~~council's~~ scope, procedure, and criteria for review are available for review and where copies may be obtained.

(d) In ~~its~~ the review and final decision on the proposed facility, the ~~council~~ director shall consider at least the following matters:

(1) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, and the degree to which the risk or effect may be alleviated;

(2) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(3) the adverse effects of the facility on agriculture and natural resources and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site;

(4) the need for the proposed facility and the availability of alternative sites;

(5) the consistency of the proposed facility with the county master plan adopted pursuant to section 473.803 and the ~~council's~~ policy plan adopted pursuant to section 473.149; and

(6) transportation facilities and distance to points of waste generation.

(e) ~~In its final decision in the review,~~ The ~~council~~ director may either approve or disapprove the proposed facility at the proposed site. The ~~council's~~ approval shall embody all terms, conditions, and requirements of the permitting state agencies, provided that the ~~council~~ director may require more stringent permit terms, conditions, and requirements respecting the design, construction, operation, inspection, monitoring, and maintenance of the proposed facility at the proposed site.

Sec. 44. Minnesota Statutes 1994, section 473.823, subdivision 6, is amended to read:

Subd. 6. [~~COUNCIL; CERTIFICATION OF NEED.~~] No new mixed municipal solid waste disposal facility or capacity shall be permitted in the metropolitan area without a certificate of need issued by the ~~council~~ director indicating ~~the council's~~ a determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The ~~council~~ director shall amend ~~its~~ the policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need that conform to the certification standards stated in this subdivision. The standards and procedures shall be based on the ~~council's~~ metropolitan disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, the ~~council's~~ solid waste disposal facilities development schedule adopted under section 473.149, subdivision 2c, and the provisions

of any master plans of counties that have been approved ~~by the council~~ under section 473.803, subdivision 2, and that are consistent with the ~~council's~~ abatement plan and development schedule. The ~~council~~ director shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives.

Sec. 45. Minnesota Statutes 1994, section 473.844, subdivision 1a, is amended to read:

Subd. 1a. [USE OF FUNDS.] (a) The money in the account may be spent only for the following purposes:

Grants and loans for acquisition of land and equipment and for capital improvements may not exceed 50 percent of the cost of the project. Grants and loans may be made for public education on the need for the resource recovery projects. A grant or loan for land, equipment, or capital improvements may not be made until the ~~metropolitan council~~ director has determined the total estimated capital cost of the project and ascertained that full financing of the project is assured. Grants and loans made to cities, counties, or solid waste management districts must be for projects that are in conformance with approved master plans. A grant or loan to a city or town must be reviewed and approved by the county for conformance with the county master plan. The ~~council~~ director shall require, where practical, cooperative purchase between cities, counties, and districts of capital equipment.

Sec. 47. Minnesota Statutes 1994, section 473.8441, subdivision 2, is amended to read:

Subd. 2. [PROGRAM.] The ~~council~~ director shall encourage the development of permanent local recycling programs throughout the metropolitan area. ~~By January 1, 1988, the council shall develop performance indicators for local recycling that will measure the availability and use of recycling throughout the metropolitan area.~~ The ~~council~~ director shall make grants to qualifying metropolitan counties as provided in this section.

(d) All grant funds must be used for new activities or to enhance or increase the effectiveness of existing activities in the county.

Sec. 49. Minnesota Statutes 1994, section 473.8441, subdivision 5, is amended to read:

A county's proportionate share is an amount that has the same proportion to the total remaining funds as the number of households in the county has to the total number of households in all metropolitan counties.

(b) To qualify for distribution of funds, a county, by April 1 of each year, must submit ~~for council~~ to the director for approval a report on expenditures and activities under the program during the preceding fiscal year and any proposed changes in its recycling implementation strategy or performance funding system. (2) the reasons the waste was not processed;

(3) a strategy for development of techniques to ensure processing of waste including a specific timeline for implementation of those techniques; and

(4) any progress made by the county in reducing the amount of unprocessed waste.

The report shall be included in the county report required by section 473.803, subdivision 3.

(b) The ~~council~~ office shall approve a county's certification report if it determines that the county is reducing and will continue to reduce the amount of unprocessed waste, based on the report and the county's progress in development and implementation of techniques to reduce the amount of unprocessed waste transferred to disposal facilities. If the ~~council~~ office does not approve a county's report, it shall negotiate with the county to develop and implement specific techniques to reduce unprocessed waste. If the ~~council~~ office does not approve two or more consecutive reports from any one county, the ~~council~~ office shall develop specific reduction techniques that are designed for the particular needs of the county. The county shall implement those techniques by specific dates to be determined by the ~~council~~ office.

BE IT RESOLVED, by the Senate of the State of Minnesota:

The Permanent Rules of the Senate for the 79th Legislature shall read as follows:

PERMANENT RULES OF THE SENATE

PARLIAMENTARY REFERENCE

1. The rules of parliamentary practice comprised in Mason's Manual of Legislative Procedure shall govern the Senate in all cases in which they are applicable, and in which they are not inconsistent with these rules and orders of the Senate and the joint rules and orders of the Senate and House of Representatives.

HOUR OF CONVENING

2. The Senate shall convene on days of meeting at 8:30 a.m. unless the Senate directs otherwise.

PRESIDENT

3. The President shall take the chair at the hour to which the Senate adjourned. The President shall immediately call the members to order and, on the appearance of a quorum, shall proceed with the regular order of business. The President shall preserve order and decorum, may speak on points of order in preference to members, and shall also decide all questions of order, subject to an appeal to the Senate by a member. An appeal is decided by a majority vote of those present and voting. Upon an appeal from the decision of the President, the question is, "Shall the decision of the President be the judgment of the Senate?"

SUBSTITUTES FOR THE PRESIDENT

4. The President may call a member to preside. In the absence of the President the Chair of the Committee on Rules and Administration, or the Chair's designee, shall preside over the Senate. In the absence of the President and the Chair, a member may be selected by the Senate to perform the duties of the President. Substitutions do not extend beyond adjournment.

ABSENCE OF MEMBERS

5. No member or officer of the Senate shall be absent from a session of the Senate unless excused by the Senate.

DECORUM DURING BUSINESS

6. When the President puts a question, or addresses the Senate, no one shall walk out of or cross the Chamber. When a member is speaking, no one shall pass between the member speaking and the President. No member, or other person, shall proceed to or remain by the Secretary's desk while the yeas and nays are being called or counted. No member may speak without using a microphone.

ORDER OF BUSINESS

7. The order of business is as follows:

1. Petitions, letters, remonstrances.
2. Executive and official communications.
3. Messages from the House of Representatives.
4. First reading of House bills.
5. Reports of committees.
 - (a) From standing committees.
 - (b) From select committees.
6. Second reading of Senate bills.
7. Second reading of House bills.
8. Motions and Resolutions.
9. Calendar.
10. Consent Calendar.
11. General Orders.
12. Introduction and first reading of Senate bills.
13. Announcements of Senate interest.

Under the order of business of Motions and Resolutions the Senate may by a majority vote of the whole Senate temporarily revert or proceed to any other order of business.

CALENDAR

8. The Secretary shall make a Calendar of all bills, resolutions and other matters coming before the Senate for final action. The Secretary shall place them on the Calendar in the order in which they have been acted upon in Committee of the Whole. The Calendar shall be printed and placed upon the members' desks at least one calendar day before the matters on it are considered.

CONSENT CALENDAR

9. If a committee determines that a bill it recommends to pass is of a routine nature or otherwise of a nature which likely will not be opposed, it may in its report recommend that the bill be placed on the Consent Calendar. If the report is adopted, the bill shall be printed and placed on the Consent Calendar after its second reading. On the question of adoption of the report the question of accepting the recommendation that the bill be placed on the Consent Calendar may be divided from the question of adopting the report in other respects.

A majority of the whole Senate, or the Chair of the Committee on Rules and Administration, may order a bill on General Orders to be placed on the Consent Calendar.

The Consent Calendar consists of bills placed on it. Senate bills shall be positioned ahead of House bills. The Consent Calendar shall be printed and placed on the members' desks at least one calendar day before the matters on it are considered.

If a member objects to consideration of a bill on the Consent Calendar at any time during its consideration in the Senate before the question on final passage is put, and that objection is supported by at least two other members, the bill shall be referred to the Committee of the Whole, and shall be placed at the bottom of General Orders subject to Rule 11, except that it need not lie over one calendar day before consideration in the Committee of the Whole.

SPECIAL ORDER

10. The Chair of the Committee on Rules and Administration may designate a special order for a bill that has been given its second reading.

A special order shall provide that the bill be considered immediately, at a time certain, or after specific other business is completed.

During consideration of a special order, Rule 20 is suspended. As nearly as applicable, debate on the bill and all proceedings including amendments and substitutions shall be that of the Committee of the Whole.

On any question a member may call for the yeas and nays which shall be entered in the Journal.

Unless it is otherwise disposed of, after consideration a bill on Special Orders of the Senate shall immediately proceed to its third reading and final passage.

A bill may not be made a special order if the chief author has declined on three previous occasions to take the bill up after it was designated a special order.

GENERAL ORDERS

11. The Secretary shall make a list of all bills, resolutions, reports of committees, and other proceedings of the Senate, which are referred to the Committee of the Whole, and which are not made the order of the day, for a particular day, and number them. The lists are called the "General Orders". They shall be taken up in the order in which they are numbered unless otherwise ordered by a majority of the committee.

General Orders, together with all bills included on it required to be printed under the rules or

orders of the Senate, shall be printed and placed upon the members' desks at least one calendar day before being considered in Committee of the Whole.

MOTIONS

12. When a motion is made it shall be stated by the President. If it is in writing it shall be handed to the Secretary and read to the members.

13. A motion or amendment shall be written if the President or a member requests. In that case it must identify the member or committee offering it.

14. After a motion is stated by the President, or read by the Secretary, it is in possession of the Senate, but may be withdrawn by the author at any time before decision or amendment.

PRECEDENCE OF MOTIONS

15. When a question is under debate no motion shall be received, except:

1. To adjourn.
2. To recess.
3. To reconsider.
4. To lay on the table.
5. For the previous question.

(Motions numbered 1, 2, 4 and 5 above shall be decided without debate.)

6. To refer.
7. To postpone to a day certain.
8. To amend.
9. To postpone indefinitely.

These several motions have precedence in the foregoing order; but when a motion for the previous question has been seconded, or the main question ordered, a motion to lay on the table is not in order.

A motion to postpone to a day certain, to refer, to postpone indefinitely, or to amend, having been decided, shall not again be put on the same day, nor at the same stage of the bill or proposition.

MOTION TO ADJOURN

16. A motion to adjourn is always in order, and also a motion to adjourn to a time certain. The latter motion is debatable solely as to the time. When either motion is rejected it shall not be renewed until further business has been transacted.

AMENDMENTS TO RULES AND SUSPENSION OF RULES

17. Every proposition to amend a rule of the Senate shall be referred to the Committee on Rules and Administration. The proposition shall not be acted upon until the report of the committee is received by the Senate. A rule shall not be suspended except by at least two-thirds vote of the whole Senate. A motion to suspend the rules for the purpose of advancing a bill shall be made only under the order of business, "Motions and Resolutions".

ORDER IN DEBATE

18. When a member is about to speak in debate, or deliver a matter to the Senate, the member shall rise and respectfully address "Mr. (or Madam) President". The member shall not proceed to speak further until recognized by the President. The member shall speak only to the question under debate and avoid personality. In discussing a resolution, each member is limited to ten minutes.

19. When a member is called to order, the member shall be silent until it is determined whether or not the member is in order. If a member is called to order for words spoken in debate, the words excepted to shall be taken down in writing by the Secretary immediately.

20. No member shall speak more than twice on the same question on the same day without leave of the Senate.

COMMITTEES NOT TO BE ABSENT

21. Committees shall not be absent from the Senate without permission of the Senate. The names of the members excused shall be printed in the Journal.

MEMBERS TO VOTE UNLESS EXCUSED

22. Every member who is in the Senate Chamber during a roll call shall vote upon the request of another member unless, for special reasons, excused by the Senate.

A motion by a member to be excused from voting shall be made before the question is put. A member wishing to be excused from voting may make a brief statement of the reason for making the request and the question on the motion shall be taken without further debate.

When members have had an opportunity to vote and fail to do so, a majority of all the members of the Senate may, by motion, direct the President to close the roll. The vote on a motion to close the roll shall be taken without debate and no member is required to vote on the motion.

CALL OF THE SENATE

23. A member may impose a call of the Senate requiring the attendance of all members before any further proceedings occur except a motion to adjourn. Upon the imposition of a call, a record of those present shall be obtained upon the request of any member, and the Sergeant at Arms instructed to bring in the absent members. When the Senate has been placed under call, a member may demand that the doors be closed and no member permitted to leave the Chamber until the matter or question, if any, under consideration at the time of the call is disposed of, or until the call is lifted by a majority vote of all the members of the Senate, or until the Senate adjourns. A majority vote of all the members of the Senate may excuse from attendance members not answering the call.

A call cannot be made after voting has commenced.

QUESTIONS--HOW STATED AND DECIDED

24. Questions shall be distinctly put. The President shall declare all votes but if a member rises to question a vote, the President shall order a division.

ONLY MEMBERS PRESENT TO VOTE

25. Upon a division and count of the Senate on a question, only members present in the Senate Chamber shall be counted. No member may vote on a question except at the member's own seat in the Chamber.

ANY MEMBER MAY DEMAND YEAS AND NAYS

26. At any time prior to the start of voting on a question, a member may call for the yeas and nays which shall be entered in the Journal. A call for the yeas and nays cannot be interrupted except as provided in Rule 22.

AUTHORIZED ELECTRICAL VOTING DEVICE

27. Unless otherwise ordered, a vote, except upon elections, may be taken by means of the electrical voting system which is under the control of the President.

CERTIFICATE FOR MONEY

28. No certificate authorizing the payment of money appropriated by the Legislature shall be issued by the Secretary by virtue of a motion or resolution, unless the motion or resolution is voted for by a majority of all members of the Senate upon a call of the yeas and nays.

THE PREVIOUS QUESTION

29. Unless the motion for the previous question is made specifically applicable to a subsidiary motion, the previous question shall be in this form:

"Shall the main question now be put?" It shall only be admitted when demanded by a majority of the members present, and its effect is to put an end to all debate, and bring the Senate to a direct vote upon amendments reported by a committee, if any, then upon all pending amendments in their order and then upon the main question.

On a motion for the previous question a call of the Senate is in order before the President submits the question to the Senate.

On a previous question there is no debate. All incidental questions of order, arising after a motion is made for the previous question, and pending the motion, shall be decided, whether on appeal or otherwise, without debate.

DIVISION OF QUESTION

30. A member may call for a division of the question when the question will admit of it. A motion to strike out and insert is indivisible. A motion to strike out being lost does not preclude an amendment nor a motion to strike out and insert.

RECONSIDERATION

31. When a motion or question has been once put and carried in the affirmative or negative, it is in order for a member who voted with the prevailing side to move for reconsideration on the same day on which the vote was taken or within the next two calendar days or, if later, the first day the Senate meets after the vote was taken. The motion takes precedence over all other questions except a motion to adjourn or recess. When a motion to adjourn is adopted prior to the disposition of the motion for reconsideration, a motion for reconsideration shall lie over until the next succeeding day the Senate meets except as provided in this rule. When notice of intention to move reconsideration of the final action of the Senate on a question is given by a member, the Secretary shall retain the subject of the notice until after the expiration of the time during which the motion can be made.

During the six calendar days before the first Tuesday following the third Saturday in May of

any year a notice of intention to move for reconsideration is not in order, but a motion to reconsider may be made and have priority over all other business except a motion to adjourn. A motion for reconsideration having been once voted on shall not be put again nor reconsidered.

INTRODUCTION OF BILLS

32. Bills, memorials, concurrent or joint resolutions may be introduced by a member or by order of the Senate on a report of a committee. An original and three copies are required for introduction. The number of authors shall not exceed five. A member or a committee desiring to introduce a bill, memorial or concurrent or joint resolution shall place it in the hands of the Secretary, and the Secretary shall promptly deliver all the bills, memorials or concurrent or joint resolutions to the President who shall present them to the Senate.

The name of the author or authors shall be prefixed to each bill, memorial or resolution and the name of a committee introducing a bill, memorial or resolution shall be endorsed on it.

A bill prepared by a department or agency of state government shall be introduced and given its first reading three weeks before the first committee deadline in odd numbered years and two weeks before the first committee deadline in even numbered years.

RECESS BILL INTRODUCTIONS

33. During the period between the last day of the session in any odd-numbered year and the first day of the session in the following year, a bill filed with the Secretary for introduction shall be given a file number and may be unofficially referred by the President, with the approval of the Chair of the Committee on Rules and Administration, to an appropriate standing committee of the Senate. All bills filed for introduction during this period shall be presented to the Senate when it reconvenes and shall be referred to the standing committees previously indicated by the President, subject to objection under Rule 35.

REPORTING OF BILLS

34. Every bill, memorial, order, resolution or vote requiring the approval of the Governor shall be reported to the Senate on three different days previous to its passage. The first report, called the first reading, is made when it has been received for introduction; the second report, called the second reading, is made when it has been considered by all the necessary standing committees and is ready for debate; the third report, called the third reading, is made when it is ready for final passage.

REFERRING OF BILLS

35. All bills shall be referred by the President without motion to the proper standing committee unless otherwise referred by the Senate. A bill introduced by a committee need not be referred to a standing committee unless a question arises but rather shall lie over one day before being given its second reading. When a question arises concerning the proper reference of a bill during the order of business of first reading on the day of introduction or at the time of report on it by a standing committee to which the bill was previously referred, the bill shall be referred without debate to the Committee on Rules and Administration to report the proper reference, and upon adoption of the report of the Committee on Rules and Administration, it shall be referred accordingly.

All bills appropriating money, or obligating the state to pay or expend money, or establishing a policy which to be effective will require expenditure of money, when referred to and reported by any other than the Committee on Finance, shall, before passage, be referred to the Committee on Finance.

All bills delegating ~~emergency~~ rulemaking to a department or agency of state government and all bills exempting a department or agency of state government from rulemaking, when referred to

and reported by any other than the Committee on Governmental Operations and Veterans, shall, before passage, be referred to the Committee on Governmental Operations and Veterans.

All bills creating a new commission, council, task force, board, or other body to which a member of the legislature will be appointed shall, before passage, be referred both to the Committee on Governmental Operations and Veterans and to the Committee on Rules and Administration.

All bills authorizing or increasing a sentence of imprisonment to a state correctional institution shall be referred before passage to the Committee on Crime Prevention.

Upon request of the chair of a finance division of a policy committee, the chair of the policy committee shall refer a bill in that committee to the division.

36. No bill or resolution shall be referred to committee or amended until it has been given its first reading. No bill or resolution shall be objected to on its introduction.

AMENDMENTS TO BE GERMANE

37. An amendment proposed to the Senate or to the Committee of the Whole that is not germane is out of order. A non-germane amendment includes one that relates to a substantially different subject, or is intended to accomplish a substantially different purpose than that of the original bill to which it is proposed. An amendment to insert a constitutional amendment is not germane to a bill that does not already include a constitutional amendment. Whether an amendment is germane is a question to be decided by the President, who may put the question to the body if the President chooses.

A motion to remove an amendment placed on a House bill under Rule 49 is out of order if removal of the amendment would make a portion of the House bill not germane to the Senate companion for which it was substituted.

AMENDMENTS TO BILLS

38. In drawing an amendment to a bill or resolution reference shall be made therein, first to the number of the bill, then to the page, and then to the line or lines from which matter is to be stricken or in which new matter is to be inserted.

AMENDMENTS TO TITLE

39. The title to a bill may be amended at any time during its pendency in the Senate.

RECALL FROM COMMITTEE

40. With the concurrence of the first author of the bill, before the deadline for committee action on the bill a majority of the Senate and after the deadline for committee action on the bill 60 percent of the Senate may recall a bill from any committee and re-refer it to any other committee or place it on General Orders. With the concurrence of the first author of the bill, a majority of the Senate may at any time take a bill from the table and place it on General Orders.

By a report of the Committee on Rules and Administration adopted by the Senate, the Committee on Rules and Administration, on request of the first author, may remove a bill from committee and re-refer it to any other committee or place it on General Orders.

DISTRIBUTION AND PRINTING OF BILLS

41. To the extent practical the Secretary shall provide a copy of any bill to the public and may charge a reasonable fee.

Unless otherwise ordered by the Senate, all Senate bills which have been reported upon favorably or without recommendation by a committee shall be printed prior to consideration by the Senate or the Committee of the Whole. A House bill amended by the Senate must be unofficially engrossed and printed when placed on General Orders. A bill may be printed by order of the Secretary when amended after second reading. A bill shall be printed when ordered by a majority vote of the Senate. Action by the Senate on a bill which has not been printed is a waiver of the printing requirement.

COMMITTEE OF THE WHOLE

42. All bills, memorials, orders, resolutions and votes requiring the approval of the Governor shall, after a second reading, be considered in Committee of the Whole before they are finally acted upon by the Senate, except as provided for in Rules 9 and 10.

43. The President may call a member to the Chair when the Senate resolves itself into the Committee of the Whole. The rules observed in the Senate govern, as far as practicable, the proceedings of the Committee of the Whole, and the Chair of the Committee of the Whole has the powers of the President, as appropriate. However, a member may speak more than twice on the same subject and a call for the previous question cannot be made. The yeas and nays shall be taken only upon the request of three members, and when taken shall be recorded in the Journal along with the amendment; provided, however, that a member may, with the approval of the Chair of the Committee on Rules and Administration, submit a description of the amendment for printing. In those cases the Secretary shall retain in the minutes of the Committee of the Whole the full text of the amendment.

44. The recommendations of the Committee of the Whole shall be reported to the Senate. If a recommendation contains a proposed amendment of a bill, that amendment shall be noted on a separate piece of paper but when reported need not be read by the President unless required by one or more of the members. The question is on the adoption or rejection of the report, and no other question shall be admitted. The question may be divided to permit separate Senate action on the report as to any bill. On adoption of the report of the Committee of the Whole all bills recommended to pass shall be placed upon the Calendar.

AMENDMENT ON THIRD READING

45. No amendment is in order on third reading without the unanimous consent of the Senate unless it fills a blank, amends the title as provided by Rule 39, is proposed to the chief author of the bill by the Revisor of Statutes to correct technical defects found by the Revisor while engrossing earlier amendments to the bill, or is proposed to a bill on the Consent Calendar before the bill is given its third reading.

In filling blanks, the largest sum, the longest time and the greatest distance shall be first taken.

MOTION TO REFER

46. A bill or resolution may be referred to committee at any time prior to its passage, and if an amendment is reported on the referral to any other than the Committee of the Whole, it shall again be read the second time, considered in Committee of the Whole, read the third time and placed on final passage. If the referral is to the Committee of the Whole it shall be placed at the head of General Orders, except when the referral is under Rule 9.

FINAL PASSAGE

47. The final question upon a bill or other matter requiring action by both Houses after its first and second reading, and after the consideration in Committee of the Whole, is upon its final passage.

TRANSMITTING OF BILLS TO THE HOUSE

48. Except as provided in Rule 31, immediately after the passage of a bill or other matter in which the concurrence of the House of Representatives is requested, the Secretary shall transmit it to the House. On the concurrence of a bill or other matter of the House by the Senate, or on the concurrence or disagreement in a vote of the House, the Secretary shall notify the House.

COMPARISON AND SUBSTITUTION OF BILLS

49. Unless there is a motion by the Chair of the Committee on Rules and Administration or objection under Rule 35, a House bill, after its first reading, shall be referred as follows:

(a) If there is no Senate companion bill, the House bill shall be referred to the appropriate standing committee;

(b) If there is a Senate companion bill, the House bill shall be referred to the standing committee possessing the Senate companion;

(c) If the Senate companion bill has been reported to the Senate, the House bill shall be referred to the Committee on Rules and Administration, which shall report whether the House bill is identical to the Senate companion bill. If the bills are identical, the report shall recommend that the House bill be given its second reading and substituted for the Senate companion bill and the Senate companion bill be indefinitely postponed. If the House bill is not identical to the Senate companion bill, the report of the committee shall so state and recommend an amendment to the House bill that when adopted will render the House bill identical to the Senate bill. Upon adoption of a committee report containing the proposed amendment, the House bill as amended shall be given its second reading and substituted for the Senate companion bill and the Senate companion bill shall be indefinitely postponed.

Reports of the Committee on Rules and Administration pursuant to this rule shall be prepared and submitted on behalf of the committee by the Secretary.

A House bill placed on the Calendar by substitution shall not be given its third reading on the same day as the substitution.

ENGROSSING AND ENROLLING OF BILLS

50. All engrossing and enrolling of bills shall be done at the direction and under authority of the Senate.

Every bill, memorial, order or resolution originating in the Senate shall be carefully engrossed before being transmitted to the House of Representatives for concurrence.

All bills shall be carefully enrolled under the supervision of the Committee on Rules and Administration, which may report to the Senate at any time on the enrollment of bills.

DISPOSITION OF BILLS ON ADJOURNMENT

51. Adjournment of the regular session in an odd-numbered year to a date certain in the following year shall be equivalent to daily adjournment, except that a bill on the Calendar, Consent Calendar, or General Orders shall be returned to the standing committee other than the Committee on Rules and Administration from which it was last reported to the Senate, unless otherwise provided for by motion prior to adjournment. Bills returned to committee pursuant to this rule shall, upon request of the author, be given priority for consideration by the committee ahead of all other bills in the order in which they appeared on the Calendar, Consent Calendar, or General Orders.

PETITIONS AND OTHER COMMUNICATIONS

52. In presenting a petition, memorial, remonstrance or other communication addressed to the Senate, a member shall only state the general purpose of it.

Every petition, memorial, remonstrance, resolution, bill and report of committee, shall have an appropriate title, and the name of the member presenting it written on it.

RESOLUTIONS

53. Memorial resolutions addressed to the President or the Congress of the United States, or a house or member of Congress, or a department or officer of the United States, or a state or foreign government, joint resolutions, and resolutions requiring the signature of the Governor shall follow the same procedure as bills before being adopted. A resolution may not be changed to a bill, and a bill may not be changed to a resolution.

Upon a member giving notice of intention to debate a resolution not required to follow the same procedure as bills and not offered by the Committee on Rules and Administration, the resolution shall lie over one calendar day without debate or other action. Upon the request of a member, the resolution shall be referred to the proper committee. Whenever a question arises concerning the proper reference the procedure provided by Rule 35 applies.

CONFIRMATIONS

54. Every gubernatorial appointment requiring the advice and consent of the Senate shall be referred by the President to the appropriate committee. If a question arises as to the proper committee, the appointment shall be referred without debate to the Committee on Rules and Administration for a report making the proper reference.

The final question on the appointment is, "Will the Senate, having given its advice, now consent to this appointment?" The question shall not be put the same day the appointment is received or on the day it is reported by committee unless by unanimous consent.

SIGNING OF ACTS, RESOLUTIONS

55. In addition to the duties under Rule 3, the President shall sign all acts, memorials, addresses and resolutions. All writs, warrants and subpoenas issued by the Senate shall be signed by the President and attested by the Secretary. Upon a finding by the Committee on Rules and Administration that the President refuses or is unable to sign any of the documents described in this rule, the Chair of the Committee on Rules and Administration, or some other member selected by the committee shall assume the duties of the President under this rule until the President is able to sign the documents described or until the Senate elects a new President, whichever occurs first.

APPOINTMENT OF COMMITTEES

56. A member may not serve as the chair of a standing committee or a division of a standing committee, or a committee or division with substantially the same jurisdiction, for more than two consecutive Senate terms. This limit does not apply to the Committee on Rules and Administration. This limit applies to time served as a chair in the eightieth legislature and thereafter.

The majority and minority shall each be represented on all standing committees of the Senate substantially in proportion to their numbers in the Senate. The majority group shall assign the number of positions the minority group will hold on each committee. The minority group shall be given adequate notice about its positions prior to the commencement of the session. Both the

majority and minority groups shall appoint their own members to fill the number of positions each group will hold on each committee. The minority group shall transmit notice of its assignments to the majority group within ten calendar days after receipt of the notice of positions available. The minority group may designate a ranking member for each committee. Nothing prohibits a member of the minority group from serving as chair or vice chair of a committee, subcommittee, division, or commission. If the minority group for any reason fails to make its appointments pursuant to this rule, the majority group may make all the committee assignments.

The majority and minority committee assignments are subject to the uniform criteria governing committee assignments applicable to both the majority and minority. The uniform criteria shall be promulgated by the majority group and transmitted to the minority group together with notification of committee positions available to the minority.

Committee assignments as made by the majority and minority groups shall be followed by the Senate in the resolution establishing representation on all Senate standing committees.

After the organization of the Senate and after consultation and advice from the minority leader, the Chair of the Committee on Rules and Administration may add members to or delete members from the standing committees. Such interest shall be computed on the average monthly balance in such account on the first of each month for the immediately preceding 12 months of the calendar year or such other fiscal year as may be uniformly adopted by the mortgagee for such purposes and shall be annually credited to the remaining principal balance on the mortgage, or at the election of the mortgagee, paid to the mortgagor or credited to the mortgagor's account. If the interest exceeds the remaining balance, the excess shall be paid to the mortgagor or vendee. The requirement to pay interest shall apply to such accounts created prior to June 1, 1976, as well as to accounts created after June 1, 1976.

Notice shall be given within 30 days after the effective date of the provisions of Laws 1977, chapter 350 amending the subdivision, as to mortgagees offering option (c) above to mortgagors but not requiring escrow accounts as of the effective date, or within 30 days after a mortgagee's decision to discontinue requiring escrow accounts if the mortgagee continues to offer option (c) above to mortgagors. If no reply is received within 30 days, option (c) shall be selected for the mortgagor but the mortgagor may, at any time, select another option.

A mortgagee making a new mortgage and offering option (c) above to a prospective mortgagor shall, at the time of loan application, notify the prospective mortgagor of options (a), (b) and (c) above which must be extended to the prospective mortgagor. The mortgagor shall select one of the options at the time the loan is made.

Any notice required by this clause shall be on forms approved by the commissioner of commerce and shall provide that at any time a mortgagor may select a different option. The form shall contain a blank where the current passbook rate of interest shall be entered by the mortgagee. Any option selected by the mortgagor shall be binding on the mortgagee.

This clause does not apply to escrow accounts which are excepted from the interest paying requirements of clause (1).

(3) Notwithstanding anything to the contrary in clause (1)(b), a ~~mutual~~ savings bank organized under the laws of this state may invest in notes or bonds secured by mortgages or trust deed where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same. Except as modified herein, the other provisions of clause (1)(b) apply.

An applicant for a renegotiable rate mortgage loan must be given, at the time an application is requested, written disclosure materials prepared in reasonably simple terms that contain at least the following information: (i) An explanation of how a renegotiable rate mortgage differs from a standard fixed rate mortgage; (ii) an example of a renegotiable rate mortgage indicating the maximum possible interest rate increase and monthly payment calculated on that rate at the time of the first renewal; and (iii) an explanation of how the savings bank determines what the rate will be at the end of each loan term.

(6) An investment in notes or bonds secured by mortgages or trust deeds on real estate in fee or in a leasehold may exceed the 80 percent requirement in paragraph (1), clause (b), and the 95 percent requirement in paragraph (2), if the amount of the loan in excess of those limits is insured or guaranteed by a private mortgage insurer that the Federal Home Loan Mortgage Corporation or the Federal National Mortgage Association have determined to be a qualified private insurer.

Sec. 51. Minnesota Statutes 1994, section 50.17, is amended to read:

50.17 [DEPOSITS, DIVIDENDS, INTEREST, BONUS, BENEFITS.]

~~Subdivision 1. [DEPOSIT ACCOUNTS.] Every deposit and all dividends credited thereto shall be repaid, after demand, in such manner, at such times, and after such previous notice as the board of trustees shall prescribe, but the savings bank shall not be required to pay a greater dividend than four percent per annum. Depositors shall receive, as nearly as may be, all the profits after deducting necessary expenses, and setting aside annually such sum as the board deems expedient, for a surplus fund for the security of its depositors, and to meet contingencies, until this fund shall amount to 15 percent of its deposits. No interest shall be allowed on any money for a longer time than the same is actually on deposit; except that deposits made not later than the tenth business day of the month commencing any semiannual or quarterly interest period, or the tenth business day of any other month, or withdrawn within the last three business days of the month ending a quarterly or semiannual interest period, may be treated as on deposit for the entire period or month in which~~

~~it was so deposited or withdrawn. No dividend shall be declared, credited, or paid unless authorized by ye and nay vote of the board duly entered upon its minutes, and when any dividend in excess of that earned and on hand shall be declared or credited, the trustees voting therefor shall be jointly and severally liable to the bank for the excess. The board of every such bank whose surplus amounts to 15 percent of its deposits shall, at least once in three years, divide proportionately the excess among its depositors as an extra dividend, and for that purpose may classify them according to character, amount and duration of dealings, and so regulate the dividend that each of the same class shall receive the same ratable proportion. A deposit account with a savings bank is subject to a lien for the payment of charges that may accrue on the account under this chapter. A deposit account is subject to a debt offset for the debts of the deposit account holder to the savings bank. Deposit accounts may not be assessed for any debts or losses of the savings bank.~~

All depositors of the same class shall be entitled to receive interest, bonuses and benefits of substantially the same value. When it shall appear to the commissioner from an examination, or otherwise, that the classification of depositors as to character, amount, regularity or duration of deposits or type of agreement and the different rates of interest, bonuses and benefits based on any such classification are not in the best interests of the bank and its depositors, the commissioner may by written order direct that changes be made and thereafter such changes shall be incorporated in any agreements entered into by the bank. The savings bank shall determine the rate and amount of interest, if any, to be paid on or credited to deposit accounts. The savings bank may establish reasonable classifications of accounts based on the types of accounts, the length of time accounts are continued in effect, the size of initial deposits into accounts, the minimum balances of accounts required for payment of interest, the frequency and extent of the activity on accounts, or location of the account, or on other classifications the savings bank considers appropriate.~~

~~Subd. 3. [DEPOSIT ACCOUNTS.] Deposit accounts must be represented only by the account of each deposit account holder on the books of the savings bank, and the accounts or any interest is transferable only on the books of the savings bank and upon proper written application by the transferee. The savings bank may treat the holder of record of a deposit account as the owner of it for all purposes without being affected by any notice to the contrary unless the savings bank has acknowledged in writing notice of a pledge of the deposit account. A savings bank may also offer negotiable time deposits.~~

~~Subd. 4. [DEPOSIT ACCOUNTS FOR MINORS.] A savings bank may issue deposit accounts to or in the name of a minor, which shall be held for the exclusive right and benefit of the minor, free from the control or lien of all other persons, except creditors, and, together with interest or dividends, shall be paid to the minor. The minor's receipt, draft, negotiable order of withdrawal, or acquittance in any form, is sufficient release and discharge of the savings bank for withdrawal, until a guardian appointed in this state for the minor has delivered a certificate of appointment to the savings bank.~~

~~Subd. 5. [SCHOOL OR INSTITUTION THRIFT SAVINGS PLAN.] A savings bank may contract with the proper authorities of any public or nonpublic elementary or secondary school or institution of higher learning, or any public or charitable institution caring for minors, for the participation and implementation by the savings bank in any school or institution thrift or savings plan, and it may accept savings accounts at the school or institution, either by its own collector or by any representative of the school or institution which becomes the agent of the association for this purpose.~~

~~Subd. 6. [P.O.D. DEPOSITS.] When a deposit is made in the names of two or more persons jointly, or by a person payable on death (P.O.D.) to another, or by a person in trust for another, the rights of the parties and the savings bank are determined by chapter 528.~~

~~Subd. 7. [DEPOSIT ACCOUNTS IN JOINT TENANCY.] The pledge or hypothecation to a~~

savings bank of all or part of a deposit account in joint tenancy signed by a tenant or tenants whether minor or adult, upon whose signature or signatures withdrawals may be made from the account must, unless the terms of the deposit account provide specifically to the contrary, be a valid pledge and transfer to the savings bank of that part of the account pledged or hypothecated, and must not operate to sever or terminate the joint and survivorship ownership of all or any part of the account.

The withdrawal value of the account and interest or other rights relating to it may be paid or delivered, in whole or in part, to the fiduciary without regard to any notice to the contrary as long as the fiduciary is living. The payment or delivery to the fiduciary or a receipt or acquittance signed by the fiduciary to whom the payment or any delivery of rights is made is a valid and sufficient release and discharge of a savings bank for the payment or delivery so made. Whenever a person holding an account in a fiduciary capacity dies and no written notice of the revocation or termination of the fiduciary relationship has been given to a savings bank and the savings bank has no written notice of any other disposition of the beneficial estate, the withdrawal value of the account, and interest or dividends, or other rights relating to it may, at the option of a savings bank, be paid or delivered, in whole or in part, to the beneficiary or beneficiaries. The payment or delivery to the beneficiary, beneficiaries, or designated person, or a receipt or acquittance signed by the beneficiary, beneficiaries, or designated person, for the payment or delivery is a valid and sufficient release and discharge of a savings bank for the payment or delivery. This section does not apply to P.O.D. accounts under chapter 528.

Subd. 9. [PAYMENTS TO GUARDIAN.] When a deposit account is held in a savings bank by a person who becomes incompetent and an adjudication of incompetency has been made by a court of competent jurisdiction, the savings bank may pay or deliver the withdrawal value of the deposit account and any earnings that may have accrued on it to the guardian for the person upon proof of appointment and qualification. If the savings bank has received no written notice and is not on actual notice that the deposit account holder has been adjudicated incompetent, it may pay or deliver the funds to the holder in accordance with the provisions of the deposit account contract, and the receipt or acquittance of the holder is a valid and sufficient release and discharge of the savings bank for the payment or delivery so made.

Subd. 10. [INVESTMENT BY CERTAIN ENTITIES.] Administrators, executors, custodians, conservators, guardians, trustees, and other fiduciaries of every kind and nature, insurance companies, business and manufacturing companies, banks, trust companies, credit unions, and other types of similar financial organizations, charitable, educational, eleemosynary, and public corporations authorized by law, funds, and organizations, are specifically authorized and empowered to invest funds held by them, without any order of any court, in deposit accounts of a savings bank, and the investments are considered legal investments for the funds.

Subd. 11. [SERVICE CHARGES.] A savings bank may contract with depositors for service charges in connection with the opening and maintaining of deposit accounts and for providing services ancillary to the opening and maintaining of deposit accounts. The service charges are a matter of contract between the savings bank and the depositor, and the contract will be fully enforceable in accordance with its stated terms.

Sec. 52. Minnesota Statutes 1994, section 50.175, subdivision 1, is amended to read:

Subdivision 1. [AUTHORIZATION.] Any savings bank organized and operating pursuant to this chapter, may establish negotiable order of withdrawal accounts on which it may or may not pay interest or dividends. Withdrawals from the accounts are subject to the right of the savings bank to require the depositor or account holder to give notice of an intended withdrawal not less than 30 14 days before the withdrawal is made, even though in practice the notice is not regularly required and the depositor or account holder is allowed to make withdrawals by negotiable or transferable instruments for the purpose of making payments to third persons or otherwise.

(a) "Financial institution" means a bank, savings bank, savings and loan association, trust company, or credit union, whether chartered under the laws of this state, another state or territory, or the laws of the United States.

(b) "Loan production office" means a place of business at which a savings bank provides lending if the loans are approved at the main office or detached facility of the savings bank, but at which a savings bank may not accept deposits except through a remote service unit.

(c) "Reciprocating state" means a state that authorizes the acquisition of control of financial institutions chartered in that state and financial institution holding companies with principal offices in that state by a savings bank chartered in this state or savings bank holding company with principal offices in this state under conditions substantially similar to those imposed by the laws of Minnesota, as determined by the commissioner of commerce.

(d) "Remote service unit" means an electronic financial terminal as defined in section 47.61.

Subd. 6. [COMMISSIONER'S AUTHORITY.] The authority of the commissioner of commerce to approve a transaction under this section is in addition to that provided for in section 49.48.

Sec. 59. Minnesota Statutes 1994, section 50.25, is amended to read:

50.25 [BANKS ORGANIZED UNDER THE LAWS OF MINNESOTA; CAPITAL STOCK; AMENDMENT OF ARTICLES.]

~~A corporation which was incorporated and organized under the laws of Minnesota for the purpose of doing a savings bank business, may have capital stock of \$100 per share, par value; provided, the minimum required capital shall not be less than \$500,000, and may amend its articles or certificate of incorporation so as to provide for this capital stock conversion by adopting a resolution specifying the proposed amendment at a regular meeting or a special meeting called for that expressly stated purpose. The conversion must be approved by at least a two-thirds affirmative vote of its entire board of directors, trustees, or other managers. The resolution approving the conversion shall be embraced in a certificate duly executed by its president and secretary, or other presiding and recording officers, under its corporate seal, and approved, filed, recorded, and published in the manner now prescribed for the execution, approval, filing, recording, and publishing of a like original certificate.~~

The resolution specifying the proposed amendment of articles or certificate of incorporation shall set forth a plan of conversion from a mutual savings bank to a capital stock savings bank. The plan of conversion shall provide that all capital stock shall have voting powers, including the power to elect the board of directors, trustees, or other managers who shall have the power to sell, convey, mortgage, or otherwise dispose of any part of the corporation's real or personal property. The plan and issuance of capital stock shall be subject to the commissioner of commerce's approval provided the plan is fair and equitable to all parties concerned and is in the public interest. The capital funds of a proposed savings bank shall be in such greater amount which the commissioner considers necessary, having in mind the deposit potential for such a proposed bank and current industry standards of capital adequacy.

Sec. 60. [50.28] [DECLARATORY JUDGMENTS.]

At any time after a controversy has arisen between the commissioner of commerce and a savings bank with respect to a question of law or rule or with respect to a question involving immeasurable or irreparable damage to the savings bank, and before an administrative or judicial hearing, the savings bank or the commissioner may apply to a court of competent jurisdiction in the county in which the home office of the savings bank is located for a declaratory judgment as to the question.

Sec. 61. Minnesota Statutes 1994, section 51A.02, subdivision 6, is amended to read:

Subd. 6. [ANNUAL PERCENTAGE RATE.] "Annual percentage rate" has the meaning given the term in the Code of Federal Regulations, title 12, part 226, but using the definition of "finance charge" used in this section.

Sec. 62. Minnesota Statutes 1994, section 51A.02, subdivision 26, is amended to read:

Subd. 26. [FINANCE CHARGE.] "Finance charge" has the meaning given the term in the Code of Federal Regulations, title 12, part 226, except that the following will not in any event be considered a finance charge:

(1) a charge as a result of default or delinquency under section 51A.385 if made for actual unanticipated late payment, delinquency, default, or other similar occurrence, unless the parties agree that these charges are finance charges;

(2) any additional charge under section 51A.385, subdivision 5; or

(3) a discount, if an association purchases a contract evidencing a ~~contract~~ credit sale at less than the face amount of the obligation or purchases or satisfies obligations of a cardholder pursuant to a credit card and the purchase or satisfaction is made at less than the face amount of the obligation.

Sec. 63. Minnesota Statutes 1994, section 51A.02, subdivision 40, is amended to read:

Subd. 40. [OFFICIAL FEES.] "Official fees" means:

(1) fees and charges which actually are or will be paid to public officials for determining the existence of or for perfecting, releasing, terminating, or satisfying a security interest or mortgage related to a loan or credit sale, and any separate fees or charges that actually are or will be paid to public officials for recording a notice described in section 580.032, subdivision 1; and

(2) premiums payable for insurance in lieu of perfecting a security interest or mortgage otherwise required by an association in connection with a loan or credit sale, if the premium does not exceed the fees and charges described in clause (1) which would otherwise be payable.

Sec. 64. Minnesota Statutes 1994, section 51A.21, is amended by adding a subdivision to read:

Subd. 28. [SERVICE CHARGES.] To contract with depositors for service charges in connection with the opening and maintaining of deposit accounts and for providing services ancillary to the opening and maintaining of deposit accounts. Service charges are a matter of contract between the association and the depositor, and any such contract is fully enforceable according to its stated terms.

Sec. 65. Minnesota Statutes 1994, section 61A.09, subdivision 3, is amended to read:

Subd. 3. Group life insurance policies may be issued to cover groups of not less than ten debtors of a creditor written under a master policy issued to a creditor to insure its debtors in connection with real estate mortgage loans, in an amount not to exceed the actual amount of their indebtedness plus an amount equal to two monthly payments or scheduled amount of their indebtedness, plus an amount equal to two monthly payments, whichever is greater. If the mortgage loan provides for a variable rate of finance charge or interest, the initial rate or the scheduled rates based on the initial index must be used in determining the scheduled amount of indebtedness. Each application for group mortgage insurance offered prior to or at the time of loan closing shall contain a clear and conspicuous notice that the insurance is optional and is not a condition for obtaining the loan. Each person insured under a group insurance policy issued under this subdivision shall be furnished a certificate of insurance which conforms to the requirements of section 62B.06, subdivision 2, and which includes a conversion privilege permitting an insured debtor to convert, without evidence of insurability, to an individual policy of decreasing term insurance within 30 days of the date the insured debtor's group coverage is terminated for any reason other than the nonpayment of premiums. The initial amount of coverage under the individual policy shall be an amount equal to the amount of coverage terminated under the group policy and shall decrease over a term that corresponds with the scheduled term of the insured

debtor's mortgage loan. The premium for the individual policy shall be the same premium the insured debtor was paying under the group policy.

Sec. 66. Minnesota Statutes 1994, section 62B.04, subdivision 1, is amended to read:

Subdivision 1. [CREDIT LIFE INSURANCE.] (1) The initial amount of credit life insurance shall not exceed the amount of principal repayable under the contract of indebtedness. Thereafter, if the indebtedness is repayable in substantially equal installments according to a predetermined schedule, the amount of insurance shall not exceed the scheduled or actual amount of indebtedness, whichever is greater. If the contract of indebtedness provides for a variable rate of finance charge or interest, the initial rate or the scheduled rates based on the initial index must be used in determining the scheduled amount of indebtedness and subsequent changes to the rate must be disregarded in determining whether the contract is repayable in substantially equal installments according to a predetermined schedule.

(2) Notwithstanding clause (1), the amount of credit life insurance written in connection with credit transactions repayable over a specified term exceeding 63 months shall not exceed the greater of: (i) the actual amount of unpaid indebtedness as it exists from time to time; or (ii) where an indebtedness is repayable in substantially equal installments according to a predetermined schedule, the scheduled amount of unpaid indebtedness, less any unearned interest or finance charges, plus an amount equal to two monthly payments. If the credit transaction provides for a variable rate of finance charge or interest, the initial rate or the scheduled rates based on the initial index must be used in determining the scheduled amount of unpaid indebtedness and subsequent changes in the rate must be disregarded in determining whether the contract is repayable in substantially equal installments according to a predetermined schedule.

(3) Notwithstanding clauses (1) and (2), insurance on educational, agricultural, and horticultural credit transaction commitments may be written on a nondecreasing or level term plan for the amount of the loan commitment.

Sec. 67. Minnesota Statutes 1994, section 62B.04, subdivision 2, is amended to read:

Subd. 2. [CREDIT ACCIDENT AND HEALTH INSURANCE.] The total amount of periodic indemnity payable by credit accident and health insurance in the event of disability, as defined in the policy, shall not exceed the aggregate of the periodic scheduled unpaid installments of the indebtedness; and the amount of each periodic indemnity payment shall not exceed the original indebtedness divided by the number of periodic installments. If the credit transaction provides for a variable rate of finance charge or interest, the initial rate or the scheduled rates based on the initial index must be used in determining the aggregate of the periodic scheduled unpaid installments of the indebtedness.

Sec. 68. Minnesota Statutes 1994, section 300.20, is amended to read:

Subdivision 1. The business of other corporations must be managed by a board of at least three directors, unless a greater number is otherwise required by law, elected by ballot by the stockholders or members. A board of directors of a financial institution referred to in section 47.12 which has less than five members may be increased to not more than five members by order of the commissioner of commerce.

Subd. 2. [VACANCIES.] If the certificate of incorporation or the bylaws so provides, a vacancy in the board of directors may be filled by the remaining directors. Not more than one-third of the members of the board may be so filled in any one year except any number may be appointed to provide for at least three directors until any subsequent meeting of the stockholders.

Subd. 3. [QUORUM TO DO BUSINESS.] A majority of the directors ~~or trustees~~ constitutes a quorum for the transaction of business.

Subd. 4. [ACTION WITHOUT MEETING.] Any action which might be taken at a meeting of the board of directors, trustees, or managers may be taken without a meeting if done in writing signed by all of the directors, trustees, or managers.

Subd. 14. [MARKETING AND COMMUNICATIONS.] A group's applications, coverage documents, quotations, and all marketing materials must prominently display information indicating that the group is a self-insured program, that members are jointly and severally liable for the obligations of the group, and that members will be assessed for any deficits created by the group.

Subd. 15. [REINSURANCE.] (a) A group must purchase specific excess coverage with the workers' compensation reinsurance association at the lower retention level for its first three years of operation. After that time it may select the higher retention level with prior notice given to and approval of the commissioner.

(b) The commissioner may require a group to purchase aggregate excess coverage. Any reinsurance or excess coverage purchased other than that of the workers' compensation reinsurance association must be secured with an insurance company or reinsurer licensed to underwrite that coverage in Minnesota and maintains at least an "A" rating with the A.M. Best rating organization.

Subd. 16. [DISBURSEMENT OF FUND SURPLUS.] (a) One hundred percent of any surplus money for a fund year in excess of 125 percent of the amount necessary to fulfill all obligations under the workers' compensation act, chapter 176, for that fund year may be declared refundable to a member at any time. The date shall be no earlier than 18 months following the end of that fund year. The first disbursement of fund surplus may not be made prior to the completion of an operational audit by the commissioner. There can be no more than one refund made in any 12-month period. When all the claims of any one fund year have been fully paid, as certified by an actuary, all surplus money from that fund year may be declared refundable.

(b) The group shall give notice to the commissioner of any refund. Notice shall be accompanied by a statement from the group's certified public accountant certifying that the proposed refund is in compliance with paragraph (a).

Subd. 17. [SATISFACTION OF FUND DEFICIT.] In the event of a deficit in any fund year, the deficit shall be paid up immediately, either from surplus from a fund year other than the current fund year, or by assessment of the membership. The commissioner shall be notified within ten days of any transfer of surplus funds. The commissioner, upon finding that a deficit in a fund year has not been satisfied by a transfer of surplus from another fund year, shall order an assessment to be levied on a proportionate basis against the members of the group during that fund year sufficient to make up any deficit.

Sec. 5. [79B.05] [MUTUAL SELF-INSURANCE GROUP REPORTING REQUIREMENTS.]

Subdivision 1. [REQUIRED REPORTS.] Each mutual self-insurance group shall submit to the commissioner:

(a) An annual report showing the incurred losses, paid and unpaid, specifying indemnity and medical losses by classification, payroll by classification, and current estimated undiscounted outstanding liability for workers' compensation on a calendar year basis, in a manner and on forms available from the commissioner. In addition each group will submit a quarterly interim loss report showing incurred losses for all its membership.

(b) Each group must submit on a quarterly basis a schedule showing all the members who participate in the group, their date of inception, and date of withdrawal, if applicable.

(c) Each group must submit, in a manner and on forms available from the commissioner, a report specifying the audited premium of the most recent fiscal year. The report must be accompanied by an expense schedule showing the group's operational costs for the same fiscal year including service company charges, accounting and actuarial fees, fund administration charges, reinsurance premiums, royalties, commissions, and any other costs associated with the administration of the group program.

(d) An officer of the group shall, under oath, attest to the accuracy of each report submitted under paragraphs (a), (b), and (c). Upon sufficient cause, the commissioner shall require the group to submit a certified audit of payroll and claim records conducted by an independent auditor approved by the commissioner, based on generally accepted accounting principles and generally accepted auditing standards, and supported by an actuarial review and opinion of the future contingent liabilities. The basis for sufficient cause includes the following factors:

- (1) where the losses reported appear significantly different from similar types of groups;
- (2) where major changes in the reports exist from year to year, which are not solely attributable to economic factors; or

(3) where the commissioner has reason to believe that the losses and payroll in the report do not accurately reflect the losses and payroll of the group.

If any discrepancy is found, the commissioner must require changes in the group's business plan or service company record keeping practices.

(e) Each group must submit a copy of the group's annual federal and state income tax returns or provide proof that it has received an exemption from such filings.

(f) With the annual loss report each group must report to the commissioner any worker's compensation claim from the previous year where the full, undiscounted value is estimated to exceed \$50,000, in a manner and on forms prescribed by the commissioner.

(g) Each member of the group must, within four months after the end of each calendar year, submit to the group its most recent annual financial statement, compiled by an independent public accountant, together with other financial information the group may require.

(h) The group must submit an annual certified financial audit report of the group fund.

Subd. 2. [OPERATIONAL AUDIT.] (a) The commissioner, prior to authorizing surplus distribution of a group's first fund year or no later than after the third anniversary of the group's authority to self-insure, shall conduct an operational audit of the group's claim handling and reserve practices as well as its underwriting procedures to determine if they adhere to the group's business plan. The commissioner may select outside consultants to assist in conducting the audit. After completion of the audit, the commissioner shall either renew or revoke the group's authority to self-insure. The commissioner may also order any changes deemed necessary in the claims handling, reserving practices, or underwriting procedures of the group.

(b) The cost of the operational audit shall be borne by the mutual self-insurance group.

Subd. 3. [UNIT STATISTICAL REPORT.] Each group must annually file a unit statistical report to the Minnesota workers' compensation insurers association.

Sec. 6. [79B.06] [MUTUAL SELF-INSURANCE GROUP SECURITY DEPOSIT.]

Subdivision 1. [ANNUAL SECURING OF LIABILITY.] Each year every mutual self-insurance group must secure future incurred liabilities for the payment of compensation and the performance of the obligations of its membership imposed under chapter 176. A new deposit must be posted within 30 days of the filing of the group's annual actuarial report with the commissioner.

Subd. 2. [MINIMUM DEPOSIT.] The minimum deposit is 110 percent of the group's future incurred liabilities for the payment of compensation as determined by an actuary. Each actuarial study shall include a projection of future losses during a one-year period until the next scheduled actuarial study, less payments anticipated to be made during that time. Deduction must be made for the total amount which is estimated to be returned to the group from any specific excess insurance coverage, aggregate excess insurance coverage, and any supplementary benefits which are estimated to be reimbursed by the special compensation fund. Supplementary benefits may not be reimbursed by the special compensation fund unless the special compensation fund assessment pursuant to section 176.129 is paid and the required reports are filed with the special compensation fund. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than the group's selected retention limit of the workers' compensation reinsurance association. The posting or depositing of security under this section releases all previously posted or deposited security from any obligations under the posting or depositing and any surety bond released shall be returned to the surety. Any other security shall be returned to the depositor or the person posting the bond.

Subd. 3. [TYPE OF ACCEPTABLE SECURITY.] The commissioner may only accept as security, and the group shall deposit as security, cash, approved government securities as set forth in section 176.181, subdivision 2, surety bonds or irrevocable letters of credit in any combination. Interest or dividend income or other income generated by the security shall be paid to the group or, at the group's direction, applied to the group's security requirement. The current deposit shall

include within its coverage all amounts covered by terminated surety bonds. As used in this section, an irrevocable letter of credit shall be accepted only if it is clean, irrevocable, and contains an evergreen clause.

(a) "Clean" means a letter of credit that is not conditioned on the delivery of any other documents or materials.

(b) "Irrevocable" means a letter of credit that cannot be modified or revoked without the consent of the beneficiary, once the beneficiary is established.

(c) "Evergreen clause" means one which specifically states that expiration of a letter of credit will not take place without a 60-day notice by the issuer and one which allows the issuer to conduct an annual review of the account party's financial condition. If prior notice of expiration is not given by the issuer, the letter of credit is automatically extended for one year.

A clean irrevocable letter of credit shall be accepted only if it is in the form prescribed by statute and is issued by a financial institution that is authorized to engage in banking in any of the 50 states or under the laws of the United States and whose business is substantially confined to banking and supervised by the state commissioner of commerce or banking of similar official, and which has a long-term debt rating by a recognized national rating agency of investment grade or better. If no long-term debt rating is available, the financial institution must have the equivalent investment grade financial characteristics.

Subd. 4. [CUSTODIAL ACCOUNTS.] (a) All surety bonds, irrevocable letters of credit, and documents showing issuance of any irrevocable letter of credit must be deposited with, and, except where specified by statute, in a form approved by the commissioner. All securities shall be deposited with the state treasurer or in a custodial account with a depository institution acceptable to the commissioner. The commissioner and the state treasurer may sell or collect the deposits, in the case of default of the group, the amounts that yield sufficient funds to pay workers' compensation due under chapter 176.

(b) All securities in physical form on deposit with the state treasurer and surety bonds on deposit shall remain in the custody of the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in chapter 176. All original instruments and contracts creating and governing custodial accounts shall remain with the state treasurer or the commissioner for the time dictated by the applicable statute of limitations in chapter 176.

(c) Securities in physical form deposited with the state treasurer must bear the following assignment, which must be signed by an officer of the group, "assigned to the state of Minnesota for the benefit of injured employees of the self-insured employer under the Minnesota workers' compensation act." Any securities held in a custodial account, whether in physical form, book entry, or other form, need not bear the assignment language. The instrument or contract creating and governing any custodial account must contain the following assignment language. "This account is assigned to the state treasurer by the mutual self-insurance group to pay compensation and perform the obligations of employers imposed under Minnesota Statutes, chapter 176. A depositor or other party has no right, title, or interest in the security deposited in the account until released by the state."

(d) Upon the commissioner sending a request to renew, request to post, or request to increase a security deposit, a perfected security interest is created in the group's assets in favor of the commissioner to the extent of any then unsecured portion of the group's incurred liabilities. The perfected security interest is transferred to any cash or securities thereafter posted by the group with the state treasurer and is released only upon either of the following:

(1) the acceptance by the commissioner of a surety bond or irrevocable letter of credit for the full amount of the incurred liabilities for the payment of compensation; or

(2) the return of cash or securities by the commissioner. The group loses all right, title, and interest in and any right to control assets or obligations posted or left on deposit as security. In the event of a declaration of bankruptcy or insolvency by a court of competent jurisdiction, or in the event of the issuance of a certificate of default by the commissioner, the commissioner shall liquidate the deposit as provided in this chapter, and transfer to the mutual self-insurance group security fund for application to the group's incurred liability.

(e) No securities in physical form on deposit with the state treasurer or the commissioner or custodial accounts assigned to the state shall be released or exchanged without an order from the commissioner. No security can be exchanged more than once every 90 days.

(f) Any securities deposited with the state treasurer or with a custodial account assigned to the state treasurer or letters of credit or surety bonds held by the commissioner may be exchanged or replaced by the depositor with any other acceptable securities or letters of credit or surety bond of like amount so long as the market value of the securities or amount of the surety bonds or letter of credit equals or exceeds the amount of the deposit required. If securities are replaced by surety bond, the mutual self-insurance group must maintain securities on deposit in an amount sufficient to meet all outstanding workers' compensation liability arising during the period covered by the deposit of the replaced securities.

(g) The commissioner shall return on an annual basis to the group all amounts of security determined by the commissioner to be in excess of the statutory requirements for the group to self-insure, including that necessary for administrative costs, legal fees, and the payment of any future workers' compensation claims.

Sec. 7. [79B.07] [DEFAULT OF A MUTUAL SELF-INSURANCE GROUP.]

Subdivision 1. [NOTICE OF INSOLVENCY, BANKRUPTCY, OR DEFAULT.] The commissioner of labor and industry shall notify the commissioner and the mutual self-insurance group security fund if the commissioner of labor and industry has knowledge that any mutual self-insurance group has failed to pay workers' compensation benefits as required by chapter 176. If the commissioner determines that a court of competent jurisdiction has declared the group to be bankrupt or insolvent and the group has failed to pay workers' compensation as required by chapter 176 or if the commissioner issues a certificate of default against a group for failure to pay workers' compensation as required by chapter 176, then the security deposit posted by the group must be utilized to administer and pay the group's workers' compensation obligation.

Subd. 2. [REVOCAION OF CERTIFICATE TO SELF-INSURE.] (a) The commissioner shall revoke the group's certificate to self-insure once notified of the group's bankruptcy, insolvency, or upon issuance of a certificate of default. The revocation shall be completed as soon as practicable, but no later than 30 days after the group's security has been called.

(b) The commissioner shall also revoke a group's authority to self-insure on the following grounds:

- (1) failure to comply with any lawful order of the commissioner;
- (2) failure to comply with any provision of chapter 176;
- (3) a deterioration of the group's financial condition affecting its ability to pay obligations in chapter 176;
- (4) committing an unfair or deceptive act or practice as defined in section 72A.20; or
- (5) failure to abide by the plan of operation of the workers' compensation reinsurance association.

Subd. 3. [NOTICE BY THE COMMISSIONER.] In the event of bankruptcy, insolvency, or certificate of default, the commissioner shall immediately notify by certified mail the state treasurer, the surety, the issuer of an irrevocable letter of credit, and any custodian of the security. At the time of notification, the commissioner shall also call the security and transfer and assign it to the mutual self-insurance group security fund. The commissioner shall also notify by certified mail the mutual self-insurance group's security fund and order the security fund to assume the insolvent group's obligations for which it is liable under chapter 176.

Sec. 8. [79B.08] [MUTUAL SELF-INSURANCE GROUP SECURITY FUND.]

Subdivision 1. [CREATION.] The mutual self-insurance group security fund is established as a nonprofit corporation pursuant to the Minnesota nonprofit corporation act, sections 317A.001 to 317A.909. If any provision of the Minnesota nonprofit corporation act conflicts with any provision

of this chapter, the provisions of this chapter apply. Each self-insurance group that elects to be subject to the terms of this statute rather than chapter 79A shall participate in the mutual self-insurance group security fund. This participation shall be a condition of maintaining its certificate to self-insure.

Subd. 2. [BOARD OF TRUSTEES.] The security fund shall be governed by a board consisting of a minimum of three and maximum of five trustees. The trustees shall be representatives of mutual self-insurance groups elected by the participants of the security fund, each group having one vote. The trustees initially elected by the participants shall serve staggered terms of either two or three years. Thereafter, trustees shall be elected to three-year terms and shall serve until their successors are elected and assume office pursuant to the bylaws of the security fund. Two additional trustees shall be appointed by the commissioner. These trustees shall serve four-year terms. One of these trustees shall serve a two-year term. Thereafter, the trustees shall be appointed to four-year terms, and shall serve until their successors are appointed and assume office according to the bylaws of the security fund. In addition to the trustees elected by the participants or appointed by the commissioner, the commissioner of labor and industry or the commissioner's designee is an ex officio, nonvoting member of the board of trustees. A member of the board of trustees may designate another person to act in the member's place as though the member were acting and the designee's actions shall be deemed those of the member.

Subd. 3. [BYLAWS.] The security fund must establish bylaws and a plan of operation, subject to the prior approval of the commissioner, necessary to the purposes of this chapter and to carry out the responsibilities of the security fund. The security fund may carry out its responsibilities directly or by contract, and may purchase services and insurance and borrow funds necessary for the protection of the mutual self-insurance group participants and their employees.

Subd. 4. [CONFIDENTIAL INFORMATION.] The security fund may receive private data concerning the financial condition of mutual self-insurance groups whose liabilities to pay compensation have become its responsibility and shall adopt bylaws to prevent dissemination of that information.

Subd. 5. [EMPLOYEES.] Security fund employees are not state employees and are not subject to any state civil service regulations.

Subd. 6. [ASSUMPTION OF OBLIGATIONS.] Upon order of the commissioner under section 79B.07, subdivision 3, the security fund shall assume the workers' compensation obligations of an insolvent group. The commissioner must order the mutual self-insurance group security fund to commence payment of these obligations within 14 days of the receipt of the order.

Subd. 7. [ACT OR OMISSIONS; PENALTIES.] Notwithstanding subdivision 6, the security fund shall not be liable for the payment of any penalties assessed for any act or omission on the part of any person other than the security fund or its appointed administrator, including, but not limited to, the penalties provided in chapter 176 unless the security fund or its appointed administrator would be subject to penalties under chapter 176 as the result of the actions of the security fund or its administrator.

Subd. 8. [PARTY IN INTEREST.] The security fund shall be a party in interest in all proceedings involving compensation claims against an insolvent mutual self-insurance group whose compensation obligations have been paid or assumed by the security fund. The security fund shall have the same rights and defenses as the insolvent mutual self-insurance group, including, but not limited to, all of the following:

- (1) to appear, defend, and appeal claims;
- (2) to receive notice of, investigate, adjust, compromise, settle, and pay claims; and
- (3) to investigate, handle, and deny claims.

Subd. 9. [PAYMENTS TO SECURITY FUND.] Notwithstanding anything in this chapter or chapter 176 to the contrary, if the mutual self-insurance group security fund assumes the obligations of any bankrupt or insolvent mutual self-insurance group pursuant to this section, then the proceeds of any surety bond, workers' compensation reinsurance association, specific excess

insurance or aggregate excess insurance policy, and any special compensation fund payment or supplementary benefit reimbursements shall be paid to the mutual self-insurance group security fund instead of the bankrupt or insolvent group or its successor in interest. No special compensation fund reimbursements shall be made to the security fund unless the special compensation fund assessments under section 176.129 are paid and the required reports are made to the special compensation fund.

Subd. 10. [INSOLVENT MUTUAL SELF-INSURANCE GROUP.] The security fund must obtain reimbursement from an insolvent mutual self-insurance group up to the amount of the group's workers' compensation obligations paid and assumed by the security fund, including reasonable administrative and legal costs. This right includes, but is not limited to, a right to claim for wages and other necessities of life advanced to claimants as subrogee of the claimants in any action to collect against the mutual self-insurance group as debtor.

Subd. 11. [SECURITY DEPOSITS.] The security fund must obtain from the security deposit of an insolvent group the amount of the group's compensation obligations, including reasonable administrative and legal costs, paid or assumed by the security fund. Reimbursement of administrative costs, including legal costs, is subject to approval by a majority of the security fund's voting trustees. The security fund shall be a party in interest in any action to obtain the security deposit for the payment of compensation obligations of an insolvent group.

Subd. 12. [LEGAL ACTIONS.] The security fund may bring an action against any person or entity to recover compensation paid and liability assumed by the security fund, including, but not limited to, any excess insurance carrier of the insolvent group and any person or entity whose negligence or breach of an obligation contributed to any underestimation of the group's accrued liability as reported to the commissioner.

Subd. 13. [PARTY IN INTEREST.] The security fund may be a party in interest in any action brought by any other person seeking damages resulting from the failure of an insolvent mutual self-insurance group to pay workers' compensation required under this subdivision.

Subd. 14. [ASSETS MAINTAINED.] The security fund shall maintain cash, readily marketable securities, or other assets, or a line of credit, approved by the commissioner, sufficient to immediately continue the payment of the compensation obligations of an insolvent group pending receipt of the security deposit, surety bond proceeds, irrevocable letter of credit, or, if necessary, assessment of the participants. The commissioner may establish the minimum amount to be maintained by, or immediately available to, the security fund for this purpose.

Subd. 15. [ASSESSMENT.] The security fund may assess each of its participants a pro rata share of the funding necessary to carry out its obligation and the purposes of this chapter. Total annual assessments in any calendar year shall be a percentage of the workers' compensation benefits paid under sections 176.101 and 176.111 during the previous calendar year. The annual assessment calculation shall not include supplementary benefits paid which will be reimbursed by the special compensation fund. Funds obtained by assessments under this subdivision may only be used for the purposes of this chapter. The trustees shall certify to the commissioner the collection and receipt of all money from assessments, noting any delinquencies. The trustees shall take any action deemed appropriate to collect any delinquent assessments.

Subd. 16. [AUDIT OF FUND.] The trustees shall annually contract for an independent certified audit of the financial activities of the fund. An annual report on the financial status of the mutual self-insurance group security fund must be submitted to the commissioner and to each group member.

5. This bond shall be continuous in form and shall remain in full force and effect unless terminated as follows:

(a) The obligation of this bond shall terminate upon written notice of cancellation from the surety, given by registered or certified mail to the commissioner of commerce, state of Minnesota, save and except as to all past, present, existing, and potential liability of the principal incurred, including obligations resulting from claims which are incurred but not yet reported, as a self-insurer prior to effective date of termination. This termination is effective 60 days after receipt of notice of cancellation by the commissioner of commerce, state of Minnesota.

(b) This bond shall also terminate upon the revocation of the certificate to self-insure, save and except as to all past, present, existing, and potential liability of the principal incurred, including obligations resulting from claims which are incurred, but not yet reported, as a self-insurer prior to effective date of termination. The principal and the surety, herein named, shall be immediately notified in writing by said commissioner, in the event of such revocation.

6. Where the principal posts with the commissioner of commerce, state of Minnesota, or the state treasurer, state of Minnesota, a replacement security deposit, in the form of a surety bond, irrevocable letter of credit, cash, securities, or any combination thereof, in the full amount as may be required by the commissioner of commerce, state of Minnesota, to secure all incurred liabilities for the payment of compensation of said principal under Minnesota Statutes, chapter 176, the surety is released from obligations under the surety bond upon the date of acceptance by the commissioner of commerce, state of Minnesota, of said replacement security deposit.

7. If the said principal shall suspend payment of workers' compensation benefits or shall become insolvent or a receiver shall be appointed for its business, or the commissioner of commerce, state of Minnesota, issues a certificate of default, the undersigned surety will become liable for the workers' compensation obligations of the principal on the date benefits are suspended. The surety shall begin payments within 14 days under paragraph 8, or 30 days under paragraph 10, after receipt of written notification by certified mail from the commissioner of commerce, state of Minnesota, to begin payments under the terms of this bond.

8. If the surety exercises its option to administer claims, it shall pay benefits due to the principal's injured workers within 14 days of the receipt of the notification by the commissioner of commerce, state of Minnesota, pursuant to paragraph 7, without a formal award of a compensation judge, the commissioner of labor and industry, any intermediate appellate court, or the Minnesota supreme court and such payment will be a charge against the penal sum of the bond. Administrative and legal costs incurred by the surety in discharging its obligations and payment of the principal's obligations for administration and legal expenses under Minnesota Statutes, chapters 79B and 176 shall also be a charge against the penal sum of the bond; however, the total

amount of this surety bond set aside for the payment of said administrative and legal expenses shall be limited to a maximum ten percent of the total penal sum of the bond unless otherwise authorized by the security fund.

9. If any part or provision of this bond shall be declared unenforceable or held to be invalid by a court of proper jurisdiction, such determination shall not affect the validity or enforceability of the other provisions or parts of this bond.

10. If the surety does not give notice to the security fund and the commissioner of commerce, state of Minnesota, within two business days of receipt of written notification from the commissioner of commerce, state of Minnesota, pursuant to paragraph 7, to exercise its option to administer claims pursuant to paragraph 8, then the self-insurer's security fund will assume the payments of the workers' compensation obligations of the principal pursuant to Minnesota Statutes, chapter 176. The surety shall pay, within 30 days of the receipt of the notification by the commissioner of commerce, state of Minnesota, pursuant to paragraph 7, to the self-insurer's security fund as an initial deposit an amount equal to ten percent of the penal sum of the bond, and shall thereafter, upon notification from the security fund that the balance of the initial deposit had fallen to one percent of the penal sum of the bond, remit to the security fund an amount equal to the payments made by the security fund in the three calendar months immediately preceding said notification. All such payments will be a charge against the penal sum of the bond.

11. Disputes concerning the posting, renewal, termination, exoneration, or return of all or any portion of the principal's security deposit or any liability arising out of the posting or failure to post security, or the adequacy of the security or the reasonableness of administrative costs, including legal costs, arising between or among a surety, the issuer of an agreement of assumption and guarantee of workers' compensation liabilities, the issuer of a Letter of Credit, any custodian of the security deposit, the principal, or the self-insurer's security fund shall be resolved by the commissioner of commerce under Minnesota Statutes, chapters 79B and 176.

ARTICLE 6

WORKERS' COMPENSATION REINSURANCE ASSOCIATION

Section 1. Minnesota Statutes 1994, section 79.34, subdivision 2, is amended to read:

Subd. 2. [LOSSES; RETENTION LIMITS.] The reinsurance association shall provide and each member shall accept indemnification for 100 percent of the amount of ultimate loss sustained in each loss occurrence relating to one or more claims arising out of a single compensable event, including aggregate losses related to a single event or occurrence which constitutes a single loss occurrence, under chapter 176 on and after October 1, 1979, in excess of ~~\$300,000 or \$100,000 a low, a high, or a super retention limit, at the option of the member.~~ In case of occupational disease causing disablement on and after October 1, 1979, each person suffering disablement due to occupational disease is considered to be involved in a separate loss occurrence. ~~The lower retention limit shall be increased to the nearest \$10,000, on January 1, 1982 and on each January 1 thereafter by the percentage increase in the statewide average weekly wage, as determined in accordance with section 176.011, subdivision 20. On January 1, 1982 and on each January 1 thereafter, the higher retention limit shall be increased by the amount necessary to retain a \$200,000 difference between the two retention limits.~~ On January 1, 1995, the lower retention limit is \$250,000, which shall also be known as the 1995 base retention limit. On each January 1 thereafter, the cumulative annual percentage changes in the statewide average weekly wage after October 1, 1994, as determined in accordance with section 176.011, subdivision 20, shall first be multiplied by the 1995 base retention limit, the result of which shall then be added to the 1995 base retention limit. The resulting figure shall be rounded to the nearest \$10,000, yielding the low retention limit for that year, provided that the low retention limit shall not be reduced in any year. The high retention limit shall be two times the low retention limit and shall be adjusted when the low retention limit is adjusted. The super retention limit shall be four times the low retention limit and shall be adjusted when the low retention limit is adjusted. Ultimate loss as used in this section means the actual loss amount which a member is obligated to pay and which is paid by the member for workers' compensation benefits payable under chapter 176 and shall not include claim expenses, assessments, damages or penalties. For losses incurred on or after January 1, 1979, any amounts paid by a member pursuant to sections 176.183, 176.221, 176.225, and 176.82 shall not be included in ultimate loss and shall not be indemnified by the reinsurance association. A loss is incurred by the reinsurance association on the date on which the accident or other compensable event giving rise to the loss occurs, and a member is liable for a loss up to its retention limit in effect at the time that the loss was incurred, except that members which are determined by the reinsurance association to be controlled by or under common control with another member, and which are liable for claims from one or more employees entitled to compensation for a single compensable event, including aggregate losses relating to a single loss occurrence, may aggregate their losses and obtain indemnification from the reinsurance association for the aggregate losses in

excess of the ~~higher~~ highest retention limit selected by any of the members in effect at the time the loss was incurred. Each member is liable for payment of its ultimate loss and shall be entitled to indemnification from the reinsurance association for the ultimate loss in excess of the member's retention limit in effect at the time of the loss occurrence.

A member that chooses the ~~higher~~ high or super retention limit shall retain the liability for all losses below the ~~higher~~ chosen retention limit itself and shall not transfer the liability to any other entity or reinsure or otherwise contract for reimbursement or indemnification for losses below its retention limit, except in the following cases: (a) when the reinsurance or contract is with another member which, directly or indirectly, through one or more intermediaries, control or are controlled by or are under common control with the member; (b) when the reinsurance or contract provides for reimbursement or indemnification of a member if and only if the total of all claims which the member pays or incurs, but which are not reimbursable or subject to indemnification by the reinsurance association for a given period of time, exceeds a dollar value or percentage of premium written or earned and stated in the reinsurance agreement or contract; (c) when the reinsurance or contract is a pooling arrangement with other insurers where liability of the member to pay claims pursuant to chapter 176 is incidental to participation in the pool and not as a result of providing workers' compensation insurance to employers on a direct basis under chapter 176; (d) when the reinsurance or contract is limited to all the claims of a specific insured of a member which are reimbursed or indemnified by a reinsurer which, directly or indirectly, through one or more intermediaries, controls or is controlled by or is under common control with the insured of the member so long as any subsequent contract or reinsurance of the reinsurer relating to the claims of the insured of a member is not inconsistent with the bases of exception provided under clauses (a), (b) and (c); or (e) when the reinsurance or contract is limited to all claims of a specific self-insurer member which are reimbursed or indemnified by a reinsurer which, directly or indirectly, through one or more intermediaries, controls or is controlled by or is under common control with the self-insurer member so long as any subsequent contract or reinsurance of the reinsurer relating to the claims of the self-insurer member are not inconsistent with the bases for exception provided under clauses (a), (b) and (c).

Whenever it appears to the commissioner of labor and industry that any member that chooses the ~~higher~~ high or super retention limit has participated in the transfer of liability to any other entity or reinsured or otherwise contracted for reimbursement or indemnification of losses below its retention limit in a manner inconsistent with the bases for exception provided under clauses (a), (b), (c), (d), and (e), the commissioner may, after giving notice and an opportunity to be heard, order the member to pay to the state of Minnesota an amount not to exceed twice the difference between the reinsurance premium for the ~~higher and lower~~ high or super retention limit, as appropriate, and the low retention limit applicable to the member for each year in which the prohibited reinsurance or contract was in effect. Any member subject to this penalty provision shall continue to be bound by its selection of the ~~higher~~ high or super retention limit for purposes of membership in the reinsurance association.

Sec. 2. Minnesota Statutes 1994, section 79.35, is amended to read:

79.35 [DUTIES; RESPONSIBILITIES; POWERS.]

The reinsurance association shall do the following on behalf of its members:

(a) Assume 100 percent of the liability as provided in section 79.34;

(b) Establish procedures by which members shall promptly report to the reinsurance association each claim which, on the basis of the injury sustained, may reasonably be anticipated to involve liability to the reinsurance association if the member is held liable under chapter 176. Solely for the purpose of reporting claims, the member shall in all instances consider itself legally liable for the injury. The member shall advise the reinsurance association of subsequent developments likely to materially affect the interest of the reinsurance association in the claim;

(c) Maintain relevant loss and expense data relative to all liabilities of the reinsurance association and require each member to furnish statistics in connection with liabilities of the reinsurance association at the times and in the form and detail as may be required by the plan of operation;

(d) Calculate and charge to members a total premium sufficient to cover the expected liability which the reinsurance association will incur ~~in excess of the higher retention limit but less than the prefunded limit~~, together with incurred or estimated to be incurred operating and administrative expenses for the period to which this premium applies and actual claim payments to be made by members, during the period to which this premium applies, for claims in excess of the prefunded limit in effect at the time the loss was incurred. Each member shall be charged a premium established by the board as sufficient to cover the reinsurance association's incurred liabilities and expenses between the member's selected retention limit and the prefunded limit. The prefunded limit shall be \$2,500,000 on and after October 1, 1979, provided that the prefunded limit shall be increased on January 1, 1983 and on each January 1 thereafter by the percentage increase in the statewide average weekly wage, to the nearest \$100,000, as determined in accordance with section 176.011, subdivision 20 times the lower retention limit established in section 79.34, subdivision 2. Each member shall be charged a proportion of the total premium calculated for its selected retention limit in an amount equal to its proportion of the exposure base of all members during the period to which the reinsurance association premium will apply. The exposure base shall be determined by the board and is subject to the approval of the commissioner of labor and industry. In determining the exposure base, the board shall consider, among other things, equity, administrative convenience, records maintained by members, amenability to audit, and degree of risk refinement. ~~Each member exercising the lower retention option shall also be charged a premium established by the board as sufficient to cover incurred or estimated to be incurred claims for the liability the reinsurance association is likely to incur between the lower and higher retention limits for the period to which the premium applies.~~ Each member shall also be charged a premium determined by the board to equitably distribute excess or deficient premiums from previous periods including any excess or deficient premiums resulting from a retroactive change in the prefunded limit. The premiums charged to members shall not be unfairly discriminatory as defined in section 79.074. All premiums shall be approved by the commissioner of labor and industry;

(e) Require and accept the payment of premiums from members of the reinsurance association;

(f) Receive and distribute all sums required by the operation of the reinsurance association;

(g) Establish procedures for reviewing claims procedures and practices of members of the reinsurance association. If the claims procedures or practices of a member are considered inadequate to properly service the liabilities of the reinsurance association, the reinsurance association may undertake, or may contract with another person, including another member, to adjust or assist in the adjustment of claims which create a potential liability to the association. The reinsurance association may charge the cost of the adjustment under this paragraph to the member, except that any penalties or interest incurred under sections 176.183, 176.221, 176.225, and 176.82 as a result of actions by the reinsurance association after it has undertaken adjustment of the claim shall not be charged to the member but shall be included in the ultimate loss and listed as a separate item; and

(h) Provide each member of the reinsurance association with an annual report of the operations of the reinsurance association in a form the board of directors may specify.

Sec. 3. [79.551] [WCRA PREMIUM REFUND; DETERMINATION.]

The commissioner must disallow as excessive any premium that does not include a pass-through to its policyholders of a refund to an insurer of excess premium from the workers' compensation reinsurance association. This section applies whether or not there is a competitive market for insurance. This section does not apply if the insurer has in some other manner than a premium reduction, passed through a refund to its policyholders. This section applies to a refund of excessive premiums made on or after the effective date of this act and to refunds made before the effective date of this act if the refund was the subject of a lawsuit that was not finally determined on appeal until on or after January 1, 1995.

Sec. 4. [EFFECTIVE DATE.]

Section 1 is effective January 1, 1996. Section 3 is effective the day following final enactment.

COLLECTIVE BARGAINING

Section 1. [176.1812] [COLLECTIVE BARGAINING AGREEMENTS.]

Subdivision 1. [REQUIREMENTS.] Upon appropriate filing, the commissioner, compensation judge, workers' compensation court of appeals, and courts shall recognize as valid and binding a provision in a collective bargaining agreement between a qualified employer or qualified groups of employers engaged in construction, construction maintenance, and related activities and the certified and exclusive representative of its employees to establish certain obligations and procedures relating to workers' compensation. For purposes of this section, "qualified employer" means any self-insured employer, any employer, through itself or any affiliate as defined in section 60D.15, subdivision 2, who is responsible for the first \$100,000 or more of any claim, or a private employer developing or projecting an annual workers' compensation premium, in Minnesota, of \$250,000 or more. For purposes of this section, a "qualified group of employers" means a group of private employers engaged in workers' compensation group self-insurance complying with section 79A.03, subdivision 6, which develops or projects annual workers' compensation insurance premiums of \$2,000,000 or more. This agreement must be limited to, but need not include, all of the following:

(a) an alternative dispute resolution system to supplement, modify, or replace the procedural or dispute resolution provisions of this chapter. The system may include mediation, arbitration, or other dispute resolution proceedings, the results of which may be final and binding upon the parties. A system of arbitration shall provide that the decision of the arbiter is subject to review either by the workers' compensation court of appeals in the same manner as an award or order of a compensation judge or, in lieu of review by the workers' compensation court of appeals, by the office of administrative hearings, by the district court, by the Minnesota court of appeals, or by the supreme court in the same manner as the workers' compensation court of appeals and may provide that any arbiter's award disapproved by a court be referred back to the arbiter for reconsideration and possible modification;

(b) an agreed list of providers of medical treatment that may be the exclusive source of all medical and related treatment provided under this chapter which need not be certified under section 176.1351;

(c) the use of a limited list of impartial physicians to conduct independent medical examinations;

(d) the creation of a light duty, modified job, or return to work program;

(e) the use of a limited list of individuals and companies for the establishment of vocational rehabilitation or retraining programs which list is not subject to the requirements of section 176.102;

(f) the establishment of safety committees and safety procedures; or

(g) the adoption of a 24-hour health care coverage plan if a 24-hour plan pilot project is authorized by law, according to the terms and conditions authorized by that law.

Subd. 2. [FILING AND REVIEW.] A copy of the agreement and the approximate number of employees who will be covered under it must be filed with the commissioner. Within 21 days of receipt of an agreement, the commissioner shall review the agreement for compliance with this section and the benefit provisions of this chapter and notify the parties of any additional information required or any recommended modification that would bring the agreement into compliance. Upon receipt of any requested information or modification, the commissioner must notify the parties within 21 days whether the agreement is in compliance with this section and the benefit provisions of this chapter.

In order for any agreement to remain in effect, it must provide for a timely and accurate method of reporting to the commissioner necessary information regarding service cost and utilization to enable the commissioner to annually report to the legislature. The information provided to the commissioner must include aggregate data on the:

(i) person hours and payroll covered by agreements filed;

(ii) number of claims filed;

(iii) average cost per claim;

(iv) number of litigated claims, including the number of claims submitted to arbitration, the workers' compensation court of appeals, the office of administrative hearings, the district court, the Minnesota court of appeals or the supreme court;

(v) number of contested claims resolved prior to arbitration;

(vi) projected incurred costs and actual costs of claims;

(vii) employer's safety history;

(viii) number of workers participating in vocational rehabilitation; and

(ix) number of workers participating in light-duty programs.

Subd. 3. [REFUSAL TO RECOGNIZE.] A person aggrieved by the commissioner's decision concerning an agreement may request in writing, within 30 days of the date the notice is issued, the initiation of a contested case proceeding under chapter 14. The request to initiate a contested case must be received by the department by the 30th day after the commissioner's decision. An appeal from the commissioner's final decision and order may be taken to the workers' compensation court of appeals pursuant to sections 176.421 and 176.442.

Subd. 4. [VOID AGREEMENTS.] Nothing in this section shall allow any agreement that diminishes an employee's entitlement to benefits as otherwise set forth in this chapter. For the purposes of this section, the procedural rights and dispute resolution agreements under subdivision 1, clauses (a) to (g), are not agreements which diminish an employee's entitlement to benefits. Any agreement that diminishes an employee's entitlement to benefits as set forth in this chapter is null and void.

Subd. 5. [NOTICE TO INSURANCE CARRIER.] If the employer is insured under this chapter, the collective bargaining agreement provision shall not be recognized by the commissioner, compensation judge, workers' compensation court of appeals, and other courts unless the employer has given notice to the employer's insurance carrier, in the manner provided in the insurance contract, of intent to enter into an agreement with its employees as provided in this section.

Subd. 6. [PILOT PROGRAM.] The commissioner shall establish a pilot program ending December 31, 1997, in which up to ten private employers not engaged in construction, construction maintenance, and related activities shall be authorized to enter into valid agreements under this section with their employees. The agreements shall be recognized and enforced as provided by this section. Private employers shall participate in the pilot program through collectively bargained agreements with the certified and exclusive representatives of their employees and without regard to the dollar insurance premium limitations in subdivision 1.

Subd. 7. [RULES.] The commissioner may adopt emergency or permanent rules necessary to implement this section.

ARTICLE 8

EQUITABLE APPORTIONMENT

Section 1. Minnesota Statutes 1994, section 176.191, is amended by adding a subdivision to read:

Subd. 1a. [EQUITABLE APPORTIONMENT.] Equitable apportionment of liability for an injury under this chapter is not allowed except that apportionment among employers and insurers is allowed in a settlement agreement filed pursuant to section 176.521, and an employer or insurer may require equitable apportionment of liability for workers' compensation benefits among employer and insurers by arbitration pursuant to subdivision 5. To the same extent limited by this subdivision, contribution and reimbursement actions based on equitable apportionment are not allowed under this chapter. If apportionment, contribution, or reimbursement issues are arbitrated

pursuant to this section, the arbitration proceeding is for the limited purpose of apportioning liability for workers' compensation benefits payable among employers and insurers. This subdivision applies without regard to whether one or more of the injuries results from cumulative trauma or a specific injury, but does not apply to an occupational disease. In the case of an occupational disease, section 176.66 applies. In the arbitration of equitable apportionment under this section, the parties and the arbitrator must be guided by general rules of arbitrator selection and presumptive apportionment among employers and insurers that are developed by the insurer's administrative task force and approved by the commissioner of the department of labor and industry. Apportionment against preexisting disability is allowed only for permanent partial disability as provided in section 176.101, subdivision 4a. Nothing in this subdivision shall be interpreted to repeal or in any way affect the law with respect to special compensation fund liability or benefits.

Sec. 2. Minnesota Statutes 1994, section 176.191, subdivision 5, is amended to read:

Subd. 5. [ARBITRATION.] Where a dispute exists between an employer, insurer, the special compensation fund, the reopened case fund, or the workers' compensation reinsurance association, regarding apportionment of liability for benefits payable under this chapter, the dispute and the requesting party has expended over \$10,000 in medical or 52 weeks worth of indemnity benefits and made the request within one year thereafter, a party may be submitted with consent of all interested parties request submission of the dispute as to apportionment of liability among employers and insurers to binding arbitration. The request is binding on all parties and mandates the submission to binding arbitration. The decision of the arbitrator shall be conclusive with respect to all issues presented except as provided in subdivisions 6 and 7 on the issue of apportionment among employers and insurers. Consent of the employee is not required for submission of a dispute to arbitration pursuant to this section and the employee is not bound by the results of the arbitration. An arbitration award shall not be admissible in any other proceeding under this chapter. Notice of the proceeding shall be given to the employee.

The employee, or any person with material information to the facts to be arbitrated, shall attend the arbitration proceeding if any party to the proceeding deems it necessary. Nothing said by an employee in connection with any arbitration proceeding may be used against the employee in any other proceeding under this chapter. Reasonable expenses of meals, lost wages, and travel of the employee or witnesses in attending shall be reimbursed on a pro rata basis. Arbitration costs shall be paid by the parties, except the employee, on a pro rata basis.

Sec. 3. Minnesota Statutes 1994, section 176.191, subdivision 7, is amended to read:

Subd. 7. [REPRESENTATION.] If an employee brings an action under the circumstances described in subdivision 6 in which there had been an arbitration proceeding under subdivisions 1a and 5, the parties to the previous arbitration may be represented at the new action by a common or joint attorney.

Sec. 4. [EFFECTIVE DATE.]

This article applies to all disputes regardless of the date of injury of an employee.

ARTICLE 9

Subd. 11. [TRADE ASSOCIATION.] "Trade association" means an association of businesses with common business interest whose members are engaged in similar employment activities and have joined together for the purpose of promoting their common interest. For the purposes of this chapter, "trade association" includes a cooperative organized under chapter 308A.

Sec. 2. Minnesota Statutes 1994, section 79A.01, is amended by adding a subdivision to read:

Subd. 12. [PREFERRED RISK GROUP.] "Preferred risk group" means a group of members of a trade association that has been in existence and operating for at least five consecutive years

before application to self-insure for workers' compensation and whose board membership consists of a manager of the trade association, and at least two of the trade association's board members. Members of the preferred risk group shall constitute a majority of the board of directors. No third-party administrators shall serve on the board.

Sec. 3. Minnesota Statutes 1994, section 79A.02, subdivision 1, is amended to read:

Subdivision 1. [MEMBERSHIP.] For the purposes of assisting the commissioner, there is established a workers' compensation self-insurers' advisory committee of five members that are employers or groups authorized to self-insure in Minnesota. Three of the members shall be elected by the members of the self-insurers' security fund and two shall be appointed by the commissioner. One of the members shall be a group.

Sec. 4. Minnesota Statutes 1994, section 79A.02, subdivision 4, is amended to read:

Subd. 4. [RECOMMENDATIONS TO COMMISSIONER REGARDING REVOCATION.] After each fifth anniversary from the date each individual and, group, or preferred risk group self-insurer becomes certified to self-insure, the committee shall review all relevant financial data filed with the department of commerce that is otherwise available to the public and make a recommendation to the commissioner about whether each self-insurer's certificate should be revoked.

Sec. 5. Minnesota Statutes 1994, section 79A.03, subdivision 2, is amended to read:

Subd. 2. [CERTIFIED FINANCIAL STATEMENT.] Each application for self-insurance shall be accompanied by a certified financial statement, except in the case of a group application. Certified financial statements for a period ending more than six months prior to the date of the application must be accompanied by an affidavit, signed by a company officer under oath, stating that there has been no material lessening of the net worth nor other adverse changes in its financial condition since the end of the period. The commissioner may require additional financial information necessary to carry out the purpose of this chapter.

Sec. 6. Minnesota Statutes 1994, section 79A.03, subdivision 6, is amended to read:

Subd. 6. [APPLICATIONS FOR GROUP SELF-INSURANCE.] (a) Two or more employers, or a trade association may apply to the commissioner for the authority to self-insure as a group or preferred risk group, using forms available from the commissioner. This initial application shall be accompanied by a copy of the bylaws or plan of operation adopted by the group. Such bylaws or plan of operation shall conform to the conditions prescribed by law or rule. The commissioner shall approve or disapprove the bylaws within 60 days unless a question as to the legality of a specific bylaw or plan provision has been referred to the attorney general's office. The commissioner shall make a determination as to the application within 15 days after receipt of the requested response from the attorney general's office.

(b) After the initial application and the bylaws or plan of operation have been approved by the commissioner or at the time of the initial application, the group or preferred risk group shall submit the names of employers that will be members of the group; an indemnity agreement providing for joint and several liability, and in the case of a preferred group, an individual and proportional liability assessment agreement for all group members for any and all workers' compensation claims incurred by any member of the group, as set forth in Minnesota Rules, part 2780.9920, signed by an officer of each member; and an accounting review performed by a certified public accountant. A certified financial audit may be filed in lieu of an accounting review. In the case of preferred risk group members, individual member financial statements need only be sent to the group, unless one member's premium exceeds 30 percent of the total group premium. If one member exceeds 30 percent, then that member must provide a reviewed or audited financial statement to the department.

Sec. 7. Minnesota Statutes 1994, section 79A.03, subdivision 7, is amended to read:

Subd. 7. [FINANCIAL STANDARDS.] A group or preferred group risk proposing to self-insure shall have and maintain:

(a) A combined net worth of all of the members of an amount at least equal to the greater of ten

times the retention selected with the workers' compensation reinsurance association or one-third of the current annual modified premium of the members. In the case of preferred risk group members, members shall have a combined net worth of all of the members of an amount at least equal to the greater of 15 times the retention selected with the workers' compensation reinsurance association or 100 percent of the current annual modified premium of the members, whichever is greater.

(b) Sufficient assets, net worth, and liquidity to promptly and completely meet all obligations of its members under chapter 176 or this chapter. In determining whether a group is in sound financial condition, consideration shall be given to the combined net worth of the member companies; the consolidated long-term and short-term debt to equity ratios of the member companies; any excess insurance other than reinsurance with the workers' compensation reinsurance association, purchased by the group from an insurer licensed in Minnesota or from an authorized surplus line carrier; other financial data requested by the commissioner or submitted by the group; and the combined workers' compensation experience of the group for the last four years.

Sec. 8. Minnesota Statutes 1994, section 79A.03, subdivision 8, is amended to read:

Subd. 8. [PROCESSING APPLICATION.] The commissioner shall grant or deny the group's application to self-insure within 60 days after a complete application has been filed, provided that the time may be extended for an additional 30 days upon 15 days' prior notice to the applicant. The commissioner shall grant approval for self-insurance upon a determination that the financial ability of the self-insurer's group is sufficient to fulfill all joint and several obligations of the member companies that may arise under chapter 176 or this chapter; the gross annual premium of the group members is at least \$300,000 and \$500,000 for preferred risk group members; the group has established a fund pursuant to Minnesota Rules, parts 2780.4100 to 2780.5000; the group has contracted with a licensed workers' compensation service company to administer its program; and the required securities or surety bond shall be on deposit prior to the effective date of coverage for any member. Approval shall be effective until revoked by order of the commissioner or until the employer members of the group become insured.

Sec. 9. Minnesota Statutes 1994, section 79A.03, subdivision 9, is amended to read:

Subd. 9. [FILING REPORTS.] (a) Incurred losses, paid and unpaid, specifying indemnity and medical losses by classification, payroll by classification, and current estimated outstanding liability for workers' compensation shall be reported to the commissioner by each self-insurer on a calendar year basis, in a manner and on forms available from the commissioner. Payroll information must be filed by April 1 of the following year, and loss information and total workers' compensation liability must be filed by August 1 of the following year.

(b) Each self-insurer shall, under oath, attest to the accuracy of each report submitted pursuant to paragraph (a). Upon sufficient cause, the commissioner shall require the self-insurer to submit a certified audit of payroll and claim records conducted by an independent auditor approved by the commissioner, based on generally accepted accounting principles and generally accepted auditing standards, and supported by an actuarial review and opinion of the future contingent liabilities. The basis for sufficient cause shall include the following factors: where the losses reported appear significantly different from similar types of businesses; where major changes in the reports exist from year to year, which are not solely attributable to economic factors; or where the commissioner has reason to believe that the losses and payroll in the report do not accurately reflect the losses and payroll of that employer. If any discrepancy is found, the commissioner shall require changes in the self-insurer's or workers' compensation service company record keeping practices.

(c) With the annual loss report due August 1, each self-insurer shall report to the commissioner any workers' compensation claim from the previous year where the full, undiscounted value is estimated to exceed \$50,000, in a manner and on forms prescribed by the commissioner.

(d) Each individual self-insurer shall, within four months after the end of its fiscal year, annually file with the commissioner its latest 10K report required by the Securities and Exchange Commission. If an individual self-insurer does not prepare a 10K report, it shall file an annual certified financial statement, together with such other financial information as the commissioner may require to substantiate data in the financial statement.

(e) Each member of the group shall, within four months after the end of each fiscal year for that group, file the most recent annual financial statement, reviewed by a certified public accountant in accordance with the Statements on Standards for Accounting and Review Services, Volume 2, the American Institute of Certified Public Accountants Professional Standards, or audited in accordance with generally accepted auditing standards, together with such other financial information the commissioner may require. In addition, the group shall file, within four months after the end of each fiscal year for that group, combining financial statements of the group members, compiled by a certified public accountant in accordance with the Statements on Standards for Accounting and Review Services, Volume 2, the American Institute of Certified Public Accountants Professional Standards. Payroll and loss information must also be provided to the Workers' Compensation Insurers Association. The combining financial statements shall include, but not be limited to, a balance sheet, income statement, statement of changes in net worth, and statement of cash flow. Each combining financial statement shall include a column for each individual group member along with a total column.

Where a group has 50 or more members, the group shall file, in lieu of the combining financial statements, a combined financial statement showing only the total column for the entire group's balance sheet, income statement, statement of changes in net worth, and statement of cash flow. Additionally, the group shall disclose, for each member, the total assets, net worth, revenue, and income for the most recent fiscal year. The combining and combined financial statements may omit all footnote disclosures.

Where members belong to a preferred risk group, the preferred group shall file, in lieu of the combining financial statements, a compiled combined financial statement prepared by a certified public accountant showing only the total column for the entire group's balance sheet, income statement, statement of changes in net worth, statement of cash flow, and a list of all members comprising the combined statement. Additionally, individual members constituting at least 75 percent of the premium shall submit to the preferred risk group reviewed or audited financial statements, and the remaining members may submit compilation level statements. The combined financial statement shall attest that financial statements of members representing 75 percent of the group's premium has been reviewed or audited. The preferred risk group shall also provide any footnote disclosures of individual members to the department of commerce which indicate contingent liabilities that could potentially exceed 30 percent of the combined net worth of all members of the group, and provide the financial statement of any individual member company whose premium exceeds 30 percent of the total group premium.

(f) In addition to the financial statements required by paragraphs (d) and (e), interim financial statements or 10Q reports required by the Securities and Exchange Commission may be required by the commissioner upon an indication that there has been deterioration in the self-insurer's financial condition, including a worsening of current ratio, lessening of net worth, net loss of income, the downgrading of the company's bond rating, or any other significant change that may adversely affect the self-insurer's ability to pay expected losses. Any self-insurer that files an 8K report with the Securities and Exchange Commission shall also file a copy of the report with the commissioner within 30 days of the filing with the Securities and Exchange Commission.

Sec. 10. Minnesota Statutes 1994, section 79A.03, subdivision 11, is amended to read:

Subd. 11. [JOINT AND SEVERAL LIABILITY.] All members of a private self-insurer group shall be jointly and severally liable for the obligations incurred by any member of the same group under chapter 176., except that preferred risk group members shall also be individually and proportionally liable. For assessment purposes, the proportional liability of each preferred risk member shall be based on the member's percentage of the group's total obligations. If a member of the group becomes insolvent, the remaining member liability must be adjusted upward, based on the member's proportion of the total group obligation, to satisfy the obligation. All preferred group marketing materials shall explain that members are jointly and severally liable, but individually and proportionally assessed should the group become insolvent.

Sec. 11. Minnesota Statutes 1994, section 79A.08, is amended to read:

79A.08 [LEGISLATIVE INTENT.]

It is the intent of the legislature in enacting sections 79A.08 to 79A.10 to provide for the

continuation of workers' compensation benefits delayed due to the failure of a an individual or group private self-insured employer to meet its compensation obligations, whenever the commissioner of commerce issues a certificate of default or there is a declaration of bankruptcy or insolvency by a court of competent jurisdiction. With respect to the continued liability of a surety for claims that arise under a bond after termination of that bond and to a surety's liability for the cost of administration of claims, it is the intent of the legislature to provide that that liability ceases upon lawful termination of that bond. This applies to all surety bonds which are purchased by the self-insured employer after July 1, 1988. The legislature finds and declares that the establishment of the self-insurers' security fund is a necessary component of a complete system of workers' compensation, required by chapter 176, to have adequate provisions for the comfort, health, safety, and general welfare of any and all workers and their dependents to the extent of relieving the consequences of any industrial injury or death, and full provision for securing the payment of compensation.

ARTICLE 10 BENEFITS

Section 1. Minnesota Statutes 1994, section 176.011, subdivision 18, is amended to read:

Subd. 18. [WEEKLY WAGE.] "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall not exceed $66\frac{2}{3}$ percent of the product of the daily wage times the number of days normally worked, provided that the compensation payable for permanent partial disability under section 176.101, subdivision 3 3w, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 2. Minnesota Statutes 1994, section 176.021, subdivision 3, is amended to read:

Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other nonperiodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section 176.101. If doubt exists as to the eventual permanent partial disability, ~~payment for the economic recovery compensation or impairment compensation, whichever is due, pursuant to section 176.101, shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time of commencement of the payment of economic recovery compensation or lump sum or periodic payment of impairment compensation, permanent partial disability~~ the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent partial disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. ~~Economic recovery compensation or impairment compensation~~

~~Permanent partial disability compensation pursuant to section 176.101, subdivision 3w, is payable in addition to but not concurrently with compensation for temporary total disability but is payable pursuant to section 176.101. Impairment compensation Permanent partial disability is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. Economic recovery compensation or impairment compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability, and No credit shall be taken for payment of economic recovery compensation or impairment compensation permanent partial disability compensation against liability for temporary total or future permanent total disability. Economic recovery compensation or impairment compensation Permanent partial disability compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101. The right to receive temporary total, temporary partial, or permanent total disability payments vests in the injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.~~

~~The right to receive economic recovery compensation or impairment compensation permanent partial disability compensation vests in an injured employee at the time the disability can be ascertained provided that the employee lives for at least 30 days beyond the date of the injury. Upon the death of an employee who is receiving economic recovery compensation or impairment compensation, further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section 176.101, subdivision 3e, are not met. from causes unrelated to the injury, further permanent partial disability is payable to the employee's dependents. If the employee has no dependents, permanent partial disability is payable to the employee's adult children. If an employee dies without dependents or adult children, no further permanent partial disability is payable. Upon the death of an employee from causes related to the injury when permanent partial disability compensation is payable, no further permanent partial disability compensation is due and benefits are determined under section 176.111.~~

Disability ratings for permanent partial disability shall be based on objective medical evidence.

Sec. 3. Minnesota Statutes 1994, section 176.021, subdivision 3a, is amended to read:

Subd. 3a. [PERMANENT PARTIAL BENEFITS, PAYMENT.] Payments for permanent partial disability as provided in section 176.101, subdivision 3 3w, shall be made in the following manner:

- (a) ~~If the employee returns to work, payment shall be made by lump sum;~~
- (b) ~~If begin after temporary total payments have ceased, but the employee has not returned to work, payment and shall be made at the same intervals as temporary total payments were made;~~
- (c) ~~If temporary total disability payments cease because the employee is receiving payments for permanent total disability or because the employee is retiring or has retired from the work force, then payment shall be made by lump sum;~~
- (d) ~~If the employee completes a rehabilitation plan pursuant to section 176.102, but the employer does not furnish the employee with work the employee can do in a permanently partially disabled condition, and the employee is unable to procure such work with another employer, then payment shall be made by lump sum.~~

Sec. 4. Minnesota Statutes 1994, section 176.061, subdivision 10, is amended to read:

Subd. 10. [INDEMNITY.] Notwithstanding the provisions of chapter 65B or any other law to the contrary, an employer has a right of indemnity for any compensation paid or payable pursuant

to this chapter, including temporary total compensation, temporary partial compensation, permanent partial disability, ~~economic recovery compensation, impairment compensation~~ permanent partial disability compensation, medical compensation, rehabilitation, death, and permanent total compensation.

Sec. 5. Minnesota Statutes 1994, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] (a) For injury producing temporary total disability, the compensation is 66-2/3 percent of the weekly wage at the time of injury.

(b) During the year commencing on October 1, 1992, and each year thereafter, the maximum weekly compensation payable is 105 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(c) The minimum weekly compensation payable is 20 percent of the statewide average weekly wage for the period ending December 31 of the preceding year or the injured employee's actual weekly wage, whichever is less.

(d) ~~Subject to subdivisions 3a to 3u~~ This compensation shall be paid during the period of disability, except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be.

(e) Except as provided in section 176.102, subdivision 11, paragraph (b), temporary total disability compensation may be paid during the period of disability, for up to a maximum of 100 weeks of actual payment, regardless of when payment is made. Temporary total disability compensation may be extended and paid beyond 100 weeks to an employee who is medically disabled because of the injury. Each week of temporary total disability compensation extended beyond 100 weeks reduces the number of weeks of temporary partial disability compensation available under subdivision 2, by an equivalent amount. In no event may an employee receive more than 450 weeks of a combination of temporary total disability and temporary partial disability.

Sec. 6. Minnesota Statutes 1994, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] (a) In all cases of temporary partial disability the compensation shall be 66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition. This compensation shall be paid during the period of disability except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to the maximum rate for temporary total compensation.

(b) Except as provided ~~under subdivision 3k in paragraph (e)~~, temporary partial compensation may be paid only while the employee is employed, earning less than the employee's weekly wage at the time of the injury, and the reduced wage the employee is able to earn in the employee's partially disabled condition is due to the injury. An employer may establish that an employee's ability to earn exceeds the employee's actual wages.

(c) Except as provided in subdivision 1, paragraph (e), and section 176.102, subdivision 11, paragraph (b), temporary partial compensation may ~~not be paid for more than 225~~ for up to a maximum of 350 weeks, or after 450 weeks after the date of injury, whichever occurs first of actual payment, regardless of when payment is made.

(e) (d) Temporary partial compensation must be reduced to the extent that the wage the employee is able to earn in the employee's partially disabled condition plus the temporary partial disability payment otherwise payable under this subdivision exceeds 500 percent of the statewide average weekly wage.

(e) An employee may receive temporary partial disability based on the wage the employee is able to earn if the employee is not eligible for temporary total disability because of the 100-week limitation of subdivision 1, paragraph (e); and the employee is not earning a wage because the employer has not furnished the employee with work the employee can perform in the employee's partially disabled condition and the employee is unable to find work after a reasonably diligent effort.

Sec. 7. Minnesota Statutes 1994, section 176.101, is amended by adding a subdivision to read:

Subd. 3w. [PERMANENT PARTIAL DISABILITY COMPENSATION.] An employee who suffers a permanent partial disability due to a personal injury shall receive permanent partial disability compensation in an amount provided by this subdivision. The amount shall be equal to the proportion that the loss of function of the disabled part bears to the whole body multiplied by \$100,000.

Payments for permanent disability of more than one body part due to a personal injury in a single occurrence may not exceed 100 percent of the whole body.

Sec. 8. Minnesota Statutes 1994, section 176.101, subdivision 6, is amended to read:

Subd. 6. [MINORS; APPRENTICES.] (a) If any employee entitled to the benefits of this chapter is an apprentice of any age and sustains a personal injury arising out of and in the course of employment resulting in permanent total or a compensable permanent partial disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for temporary total, temporary partial, or a permanent total disability or ~~economic recovery compensation~~ shall be the maximum rate for temporary total disability under subdivision 1.

(b) If any employee entitled to the benefits of this chapter is a minor and sustains a personal injury arising out of and in the course of employment resulting in permanent total disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for a permanent total disability shall be the maximum rate for temporary total disability under subdivision 1.

Sec. 9. Minnesota Statutes 1994, section 176.105, subdivision 2, is amended to read:

Subd. 2. [RULES; INTERNAL ORGANS.] The commissioner shall by rule establish a schedule of internal organs that are compensable and indicate in the schedule to what extent the organs are compensable under section 176.101, subdivision 3 ~~3~~ 3w.

Sec. 10. Minnesota Statutes 1994, section 176.105, subdivision 4, is amended to read:

Subd. 4. [LEGISLATIVE INTENT; RULES; LOSS OF MORE THAN ONE BODY PART.] ~~(a) For the purpose of establishing a disability schedule pursuant to clause (b), the legislature declares its intent that the commissioner establish a disability schedule which, assuming the same number and distribution of severity of injuries, the aggregate total of impairment compensation and economic recovery compensation benefits under section 176.101, subdivisions 3a to 3u be approximately equal to the total aggregate amount payable for permanent partial disabilities under section 176.101, subdivision 3, provided, however, that awards for specific injuries under the proposed schedule need not be the same as they were for the same injuries under the schedule pursuant to section 176.101, subdivision 3. The schedule shall be determined by sound actuarial evaluation and shall be based on the benefit level which exists on January 1, 1983.~~

~~(b) The commissioner shall by rulemaking adopt procedures setting forth rules for the evaluation and rating of functional disability and the schedule for permanent partial disability and to determine the percentage of loss of function of a part of the body based on the body as a whole, including internal organs, described in section 176.101, subdivision 3, and any other body part not listed in section 176.101, subdivision 3, which the commissioner deems appropriate.~~

The rules shall promote objectivity and consistency in the evaluation of permanent functional impairment due to personal injury and in the assignment of a numerical rating to the functional impairment.

Prior to adoption of rules the commissioner shall conduct an analysis of the current permanent partial disability schedule for the purpose of determining the number and distribution of permanent partial disabilities and the average compensation for various permanent partial disabilities. The commissioner shall consider setting the compensation under the proposed schedule for the most serious conditions higher in comparison to the current schedule and shall consider decreasing awards for minor conditions in comparison to the current schedule.

The commissioner may consider, among other factors, and shall not be limited to the following factors in developing rules for the evaluation and rating of functional disability and the schedule for permanent partial disability benefits:

(1) the workability and simplicity of the procedures with respect to the evaluation of functional disability;

(2) the consistency of the procedures with accepted medical standards;

(3) rules, guidelines, and schedules that exist in other states that are related to the evaluation of permanent partial disability or to a schedule of benefits for functional disability provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of ~~clause (a)~~ this section;

(4) rules, guidelines, and schedules that have been developed by associations of health care providers or organizations provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of ~~clause (a)~~ this section;

(5) the effect the rules may have on reducing litigation;

(6) the treatment of preexisting disabilities with respect to the evaluation of permanent functional disability provided that any preexisting disabilities must be objectively determined by medical evidence; and

(7) symptomatology and loss of function and use of the injured member.

The factors in paragraphs (1) to (7) shall not be used in any individual or specific workers' compensation claim under this chapter but shall be used only in the adoption of rules pursuant to this section.

Nothing listed in paragraphs (1) to (7) shall be used to dispute or challenge a disability rating given to a part of the body so long as the whole schedule conforms with the expressed intent of ~~clause (a)~~ this section.

(e) If an employee suffers a permanent functional disability of more than one body part due to a personal injury incurred in a single occurrence, the percent of the whole body which is permanently partially disabled shall be determined by the following formula so as to ensure that the percentage for all functional disability combined does not exceed the total for the whole body:

$$A + B (1 - A)$$

where: A is the greater percentage whole body loss of the first body part; and B is the lesser percentage whole body loss otherwise payable for the second body part. $A + B (1 - A)$ is equivalent to $A + B - AB$.

For permanent partial disabilities to three body parts due to a single occurrence or as the result of an occupational disease, the above formula shall be applied, providing that A equals the result obtained from application of the formula to the first two body parts and B equals the percentage for the third body part. For permanent partial disability to four or more body parts incurred as described above, A equals the result obtained from the prior application of the formula, and B equals the percentage for the fourth body part or more in arithmetic progressions.

Sec. 11. Minnesota Statutes 1994, section 176.106, subdivision 7, is amended to read:

Subd. 7. [REQUEST FOR HEARING.] Any party aggrieved by the decision of the commissioner may request a formal hearing by filing the request with the commissioner no later than 30 days after the decision. The request shall be referred to the office of administrative hearings for a de novo hearing before a compensation judge. The commissioner shall refer a timely request to the office of administrative hearings within five working days after filing of the request and. If the request for hearing concerns a claim for rehabilitation services, retraining, or surgery, the hearing at the office of administrative hearings must be held on the first date that all parties are available but not later than 60 days after the office of administrative hearings receives

the matter. Following the hearing, the compensation judge must issue the decision within 30 days. The decision of the compensation judge is appealable pursuant to section 176.421.

Sec. 12. Minnesota Statutes 1994, section 176.132, subdivision 2, is amended to read:

Subd. 2. [AMOUNT.] (a) The supplementary benefit payable under this section shall be the difference between the amount the employee receives on or after January 1, 1976, under section 176.101, subdivision 1 or 4, and 65 percent of the statewide average weekly wage as computed annually. For injuries that occur on or after October 1, 1995, the supplementary benefit payable under this section shall be the difference between the amount the employee receives under section 176.101, subdivision 4, and 60 percent of the statewide average weekly wage as computed annually. For injuries that occur on or after October 1, 1997, the supplementary benefit payable under this section shall be the difference between the amount the employee receives under section 176.101, subdivision 4, and 55 percent at the statewide average weekly wage as computed annually.

(b) In the event an eligible recipient is currently receiving no compensation or is receiving a reduced level of compensation because of a credit being applied as the result of a third party liability or damages, the employer or insurer shall compute the offset credit as if the individual were entitled to the actual benefit or 65 percent of the statewide average weekly wage as computed annually, whichever is greater. If this results in the use of a higher credit than otherwise would have been applied and the employer or insurer becomes liable for compensation benefits which would otherwise not have been paid, the additional benefits resulting shall be handled according to this section.

(c) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of a valid agreement in settlement of a claim, no supplementary benefit shall be payable under this section. Attorney's fees shall be allowed in settlements of claims for supplementary benefits in accordance with this chapter.

(d) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of prior limitations in the maximum amount payable for permanent total disability or because of reductions resulting from the simultaneous receipt of old age or disability benefits, the supplementary benefit shall be payable for the difference between the actual amount of compensation currently being paid and 65 percent of the statewide average weekly wage as computed annually.

(e) In the event that an eligible recipient is receiving simultaneous benefits from any government disability program, the amount of supplementary benefits payable under this section shall be reduced by five percent. If the individual does not receive the maximum benefits for which the individual is eligible under other governmental disability programs due to the provisions of United States Code, title 42, section 424a(d), this reduction shall not apply.

(f) Notwithstanding any other provision in this subdivision to the contrary, if the individual does not receive the maximum benefits for which the individual is eligible under other governmental disability programs due to the provision of United States Code, title 42, section 424a(d), the calculation of supplementary benefits payable to the individual shall be as provided under this section in Minnesota Statutes 1988.

Sec. 13. Minnesota Statutes 1994, section 176.135, subdivision 2, is amended to read:

Subd. 2. [CHANGE OF PHYSICIANS, PODIATRISTS, OR CHIROPRACTORS.] An employee is entitled to only one change of physician, podiatrist, or chiropractor as a matter of right. For employees receiving treatment under section 176.1351, the change as a matter of right shall be to another provider within the plan in accordance with the rules governing managed care. The commissioner shall adopt rules establishing standards and criteria to be used when a dispute arises over a change of physicians, podiatrists, or chiropractors in the case that either the employee or the employer desire a change. If a change is required as a matter of right, agreed upon, or ordered, the medical expenses shall be borne by the employer upon the same terms and conditions as provided in subdivision 1.

Sec. 14. Minnesota Statutes 1994, section 176.179, is amended to read:

176.179 [RECOVERY OF OVERPAYMENTS.]

Notwithstanding section 176.521, subdivision 3, or any other provision of this chapter to the contrary, except as provided in this section, no lump sum or weekly payment, or settlement, which is voluntarily paid to an injured employee or the survivors of a deceased employee in apparent or seeming accordance with the provisions of this chapter by an employer or insurer, or is paid pursuant to an order of the workers' compensation division, a compensation judge, or court of appeals relative to a claim by an injured employee or the employee's survivors, and received in good faith by the employee or the employee's survivors shall be refunded to the paying employer or insurer in the event that it is subsequently determined that the payment was made under a mistake in fact or law by the employer or insurer. When the payments have been made to a person who is entitled to receive further payments of compensation for the same injury, the mistaken compensation may be taken as a full credit against future lump sum benefit entitlement and as a partial credit against future weekly benefits. The credit applied against further payments of temporary total disability, temporary partial disability, permanent total disability, retraining benefits, death benefits, or weekly payments of ~~economic recovery or impairment compensation~~ permanent partial disability shall not exceed 20 percent of the amount that would otherwise be payable.

A credit may not be applied against medical expenses due or payable.

Where the commissioner or compensation judge determines that the mistaken compensation was not received in good faith, the commissioner or compensation judge may order reimbursement of the compensation. For purposes of this section, a payment is not received in good faith if it is obtained through fraud, or if the employee knew that the compensation was paid under mistake of fact or law, and the employee has not refunded the mistaken compensation.

Sec. 15. Minnesota Statutes 1994, section 176.221, subdivision 1, is amended to read:

Subdivision 1. [COMMENCEMENT OF PAYMENT.] Within 14 days of notice to or knowledge by the employer of an injury compensable under this chapter the payment of temporary total compensation shall commence. Within 14 days of notice to or knowledge by an employer of a new period of temporary total disability which is caused by an old injury compensable under this chapter, the payment of temporary total compensation shall commence; provided that the employer or insurer may file for an extension with the commissioner within this 14-day period, in which case the compensation need not commence within the 14-day period but shall commence no later than 30 days from the date of the notice to or knowledge by the employer of the new period of disability. Commencement of payment by an employer or insurer does not waive any rights to any defense the employer has on any claim or incident either with respect to the compensability of the claim under this chapter or the amount of the compensation due. Where there are multiple employers, the first employer shall pay, unless it is shown that the injury has arisen out of employment with the second or subsequent employer. Liability for compensation under this chapter may be denied by the employer or insurer by giving the employee written notice of the denial of liability. If liability is denied for an injury which is required to be reported to the commissioner under section 176.231, subdivision 1, the denial of liability must be filed with the commissioner within 14 days after notice to or knowledge by the employer of an injury which is alleged to be compensable under this chapter. If the employer or insurer has commenced payment of compensation under this subdivision but determines within ~~30~~ 120 days of notice to or knowledge by the employer of the injury that the disability is not a result of a personal injury, payment of compensation may be terminated upon the filing of a notice of denial of liability within ~~30~~ 120 days of notice or knowledge. After the ~~30-day~~ 120-day period, payment may be terminated only by the filing of a notice as provided under section 176.239. Upon the termination, payments made may be recovered by the employer if the commissioner or compensation judge finds that the employee's claim of work related disability was not made in good faith. A notice of denial of liability must state in detail the facts forming the basis for the denial and specific reasons explaining why the claimed injury or occupational disease was determined not to be within the scope and course of employment and shall include the name and telephone number of the person making this determination.

Sec. 16. Minnesota Statutes 1994, section 176.221, subdivision 6a, is amended to read:

Subd. 6a. [~~MEDICAL, REHABILITATION, ECONOMIC RECOVERY, AND IMPAIRMENT PERMANENT PARTIAL DISABILITY COMPENSATION.~~] The penalties provided by this section apply in cases where payment for treatment under section 176.135, rehabilitation expenses under section 176.102, subdivisions 9 and 11, ~~economic recovery compensation or impairment~~ or permanent partial disability compensation are not made in a timely manner as required by law or by rule adopted by the commissioner.

Sec. 17. Minnesota Statutes 1994, section 176.238, subdivision 6, is amended to read:

Subd. 6. [EXPEDITED HEARING BEFORE A COMPENSATION JUDGE.] A hearing before a compensation judge shall be held within ~~30~~ 60 calendar days after the office receives the file from the commissioner if:

(a) an objection to discontinuance has been filed under subdivision 4 within 60 calendar days after the notice of discontinuance was filed and where no administrative conference has been held;

(b) an objection to discontinuance has been filed under subdivision 4 within 60 calendar days after the commissioner's decision under this section has been issued;

(c) a petition to discontinue has been filed by the insurer in lieu of filing a notice of discontinuance; or

(d) a petition to discontinue has been filed within 60 calendar days after the commissioner's decision under this section has been issued.

If the petition or objection is filed later than the deadlines listed above, the expedited procedures in this section apply only where the employee is unemployed at the time of filing the objection and shows, to the satisfaction of the chief administrative judge, by sworn affidavit, that the failure to file the objection within the deadlines was due to some infirmity or incapacity of the employee or to circumstances beyond the employee's control. The hearing shall be limited to the issues raised by the notice or petition unless all parties agree to expanding the issues. If the issues are expanded, the time limits for hearing and issuance of a decision by the compensation judge under this subdivision shall not apply.

Once a hearing date has been set, a continuance of the hearing date will be granted only under the following circumstances:

(a) the employer has agreed, in writing, to a continuation of the payment of benefits pending the outcome of the hearing; or

(b) the employee has agreed, in a document signed by the employee, that benefits may be discontinued pending the outcome of the hearing.

Absent a clear showing of surprise at the hearing or the unexpected unavailability of a crucial witness, all evidence must be introduced at the hearing. If it is necessary to accept additional evidence or testimony after the scheduled hearing date, it must be submitted no later than 14 days following the hearing, unless the compensation judge, for good cause, determines otherwise.

The compensation judge shall issue a decision pursuant to this subdivision within 30 days following the close of the hearing record.

Sec. 18. Minnesota Statutes 1994, section 268.08, subdivision 3, is amended to read:

Subd. 3. [NOT ELIGIBLE.] An individual shall not be eligible to receive benefits for any week with respect to which the individual is receiving, has received, or has filed a claim for remuneration in an amount equal to or in excess of the individual's weekly benefit amount in the form of:

(1) termination, severance, or dismissal payment or wages in lieu of notice whether legally required or not; provided that if a termination, severance, or dismissal payment is made in a lump sum, such lump sum payment shall be allocated over a period equal to the lump sum divided by the employee's regular pay while employed by such employer; provided such payment shall be applied for a period immediately following the last day of employment but not to exceed 28

calendar days provided that 50 percent of the total of any such payments in excess of eight weeks shall be similarly allocated to the period immediately following the 28 days; or

(2) vacation allowance paid directly by the employer for a period of requested vacation, including vacation periods assigned by the employer under the provisions of a collective bargaining agreement, or uniform vacation shutdown; or

(3) compensation for loss of wages under the workers' compensation law of this state or any other state or under a similar law of the United States, or under other insurance or fund established and paid for by the employer ~~except that this does not apply to an individual who is receiving temporary partial compensation pursuant to section 176.101, subdivision 3k; or~~

(4) 50 percent of the pension payments from any fund, annuity or insurance maintained or contributed to by a base period employer including the armed forces of the United States if the employee contributed to the fund, annuity or insurance and all of the pension payments if the employee did not contribute to the fund, annuity or insurance; or

(5) 50 percent of a primary insurance benefit under title II of the Social Security Act, as amended, or similar old age benefits under any act of Congress or this state or any other state.

Provided, that if such remuneration is less than the benefits which would otherwise be due under sections 268.03 to 268.231, the individual shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration; provided, further, that if the appropriate agency of such other state or the federal government finally determines that the individual is not entitled to such benefits, this provision shall not apply. If the computation of reduced benefits, required by this subdivision, is not a whole dollar amount, it shall be rounded down to the next lower dollar amount.

Sec. 19. [REPEALER.]

Minnesota Statutes 1994, sections 176.011, subdivisions 25 and 26; and 176.101, subdivisions 3a, 3b, 3c, 3d, 3e, 3f, 3g, 3h, 3i, 3j, 3k, 3l, 3m, 3n, 3o, 3p, 3q, 3r, 3s, 3t, and 3u, are repealed.

Sec. 20. [EFFECTIVE DATE.]

Sections 1 to 9, and 16, are effective October 1, 1995, and apply to injuries occurring on or after that date. Sections 10, 11, 13 to 15, 17, and 18, are effective August 1, 1995.

ARTICLE 11

MISCELLANEOUS

Section 1. Minnesota Statutes 1994, section 79.211, subdivision 1, is amended to read:

Subdivision 1. [CERTAIN WAGES ~~EXCLUDED~~ INCLUDED FOR RATEMAKING.] The rating association or an insurer shall ~~not~~ include wages paid for a vacation, holiday, or sick leave in the determination of a workers' compensation insurance premium.

An insurer, including the assigned risk plan, shall not include wages paid for work performed in an adjacent state in the determination of a workers' compensation premium if the employer paid a workers' compensation insurance premium to the exclusive state fund of the adjacent state on the wages earned in the adjacent state.

Sec. 2. [176.187] [RETURN TO WORK.]

All employers must develop and maintain an inventory of temporary alternative work opportunities for injured employees. The alternative work opportunities can be with the employer or with other employers.

Sec. 3. [REPEALER.]

Laws 1990, chapter 521, section 4, is repealed.

Sec. 4. [EFFECTIVE DATE.]

Section 2 is effective the day following final enactment.

ARTICLE 12
INSURANCE REGULATION

Section 1. [79.64] [DEFINITIONS.]

Subdivision 1. [SCOPE.] For the purpose of sections 79.64 to 79.78, the terms defined in this section have the meanings given them.

Subd. 2. [ASSOCIATION.] "Association" or "rating association" means the Minnesota Workers' Compensation Insurers Association.

Subd. 3. [COMMISSIONER.] "Commissioner" means the commissioner of commerce.

Subd. 4. [INTERESTED PARTY.] "Interested party" means any person or association acting on behalf of its members who is directly affected by a change in the schedule of rates and includes the staff of the department of commerce.

Subd. 5. [RATE SERVICE ORGANIZATION.] "Rate service organization" means any person, other than an employee of an insurer, who assists insurers in ratemaking or filing by:

- (1) collecting, compiling, and furnishing loss or expense statistics;
- (2) recommending, making, or filing rates or supplementary rate information; or
- (3) advising about rate questions, except as an attorney giving legal advice.

Sec. 2. [79.65] [SCOPE OF APPLICATION.]

Sections 79.64 to 79.78 apply to all workers' compensation insurance written on risks or operations in this state, employer's liability insurance when written in connection with workers' compensation insurance, or insurance covering any part of the liability of an employer exempted from insuring the employer's liability for compensation under section 176.181.

Sec. 3. [79.66] [RATING ASSOCIATION.]

The rating association is continued and every insurer, including the assigned risk plan, writing any insurance specified under section 79.65 is a member of it.

Sec. 4. [79.67] [GENERAL PROVISIONS CONCERNING THE ASSOCIATION.]

The association has the following purposes:

(1) to establish, maintain, and administer rules, regulations, classifications, rates, and rating plans to govern the transaction of insurance included in section 79.65;

(2) to cooperate with other rate service organizations and with insurers in the development of rules, rates, and rating plans and insurance policies and forms;

(3) to secure and analyze statistical and other data required to accomplish these purposes;

(4) to inspect and classify risks;

(5) to file with the commissioner on behalf of its members every manual of classifications, rules, and rates, every rating plan and every modification of any of them proposed for use in this state;

(6) to assist the commissioner and insurers in the promotion of safety in industry; and

(7) to assist in any matter necessary for the accomplishment of these purposes.

Sec. 5. [79.68] [RATE STANDARDS.]

Subdivision 1. [GENERAL.] Rates determined under sections 79.64 to 79.78 shall not be excessive, inadequate, or unfairly discriminatory.

Subd. 2. [EXCESSIVENESS.] Rates determined under sections 79.64 to 79.78 are not excessive merely because a reasonable margin is allowed for a profit. Premiums are excessive if the expected underwriting profit, together with expected income from invested reserves for the market in question, that would accrue to an insurer would be unreasonably high in relation to the risk undertaken by the insurer in transacting the business.

Subd. 3. [UNFAIR DISCRIMINATION.] Premiums are unfairly discriminatory if differentials for insureds fail to reasonably reflect the differences in expected losses and expenses to the insurer attributable to the insureds.

Subd. 4. [INADEQUACY.] Premiums are inadequate if, together with the investment income associated with an insurer's Minnesota workers' compensation insurance business, they are clearly insufficient to sustain projected losses and expenses of the insurer and (a) if their continued use could lead to an insolvent situation for the insurer; or (b) if their use destroys or lessens competition or is likely to destroy or lessen competition.

Sec. 6. [79.69] [RATING METHODS.]

Subdivision 1. [CRITERIA.] In determining whether rates comply with the standards under section 79.68, the criteria in this section shall be applied.

Subd. 2. [BASIC FACTORS IN RATES.] Due consideration must be given to past and prospective loss and expense experience within and outside this state, to catastrophe hazards and contingencies, to a reasonable margin for profit, to dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members or subscribers, and to all other relevant factors.

Subd. 3. [CLASSIFICATION.] Risks may be classified in any reasonable way for the establishment of rates. Classification rates may be modified to produce rates for individual risks in accordance with rating plans which established standards for measuring variations in hazards or expense provisions, or both. The standards may measure any differences among risks that can be demonstrated to have a probable effect upon losses or expenses.

Subd. 4. [PHYSICAL IMPAIRMENT.] Rates or rating plans may not take into account the physical impairment of employees. Any employer who applies or promotes any oppressive plan of physical examination and rejection of employees or applicants for employment shall forfeit the right to experience rating. If the commissioner determines that grounds exist for forfeiture, it shall suspend any experience rating credit for the employer. Restoration of an employer to the advantages of experience rating may be allowed upon cessation of the oppressive plan.

Sec. 7. [79.70] [APPROVAL OF RATES AND RATING PLANS.]

The association must file with the commissioner on behalf of its members every manual of classifications, rules, and every rating plan and every modification of any of them proposed for use in this state. Modifications allowed include dividends, merit or experience rating, retrospective rating, and premium discounts. Every filing shall state a proposed effective date. The association shall also file the information upon which it supports the filings. All filings must comply with law and shall not be effective nor used until approved by the commissioner. A filing that has been on file for 30 days is deemed to meet the requirements of sections 79.68 and 79.69 unless the commissioner earlier disapproves in a written order.

Sec. 8. [79.71] [FILINGS OPEN TO INSPECTION.]

Rate filings are open for public inspection.

Sec. 9. [79.72] [DISAPPROVAL OF RATES.]

Subdivision 1. [ORDER IN EVENT OF VIOLATION.] If the commissioner finds after a hearing that a filing already in effect under section 79.70 fails to meet the requirements of law, the commissioner shall order that its use be discontinued for any policy issued or renewed after a date specified in the order.

Subd. 2. [TIMING OF ORDER.] The commissioner shall issue an order under subdivision 1

within 30 days after the close of the hearing. In either case, the commissioner may extend the period for a reasonable time by written order prior to the expiration of the time limit.

Subd. 3. [INTERIM RATES.] Whenever an insurer has no legally effective rates as a result of an order by the commissioner under subdivision 1 or section 79.70, the commissioner shall on request specify interim rates for the insurer and may order that a specified portion of the premiums be placed in an escrow account approved by the commissioner. When new rates become legally effective, the commissioner shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately, except that refunds that are trifling shall not be required.

Subd. 4. [HEARING.] If negotiations between the association and the commissioner fail to result in the approval of all or part of a filing under section 79.70, the association may at any time after the disapproval, request a contested case hearing to address issues in dispute. An interested party may intervene in the hearing. The burden is on the association to demonstrate that a proposed filing meets the requirements of sections 79.68 and 79.69.

Sec. 10. [79.73] [USE OF RATES.]

Subdivision 1. [APPROVAL REQUIRED.] An insurer writing any insurance specified under section 79.65 may not use a rate, rating plan, classification, or an expense loading unless approved by the commissioner.

Subd. 2. [UNFAIR DISCRIMINATION.] No insurer writing any insurance specified under section 79.65 may make or charge any rate which discriminates unfairly between risks or classes, nor discriminates unfairly between risks in the application of rating plans, nor discriminates by granting to any employer insurance against other hazards except in accordance with its rates and rating plans filed and which are in effect for the insurer.

Sec. 11. [79.74] [OPERATION AND CONTROL OF ASSOCIATION.]

Subdivision 1. [ASSOCIATION ADMINISTRATION.] The association shall make bylaws for its government which, with amendments thereto, shall be filed with and approved by the commissioner before they are effective.

One-half of the members of the managing committee and of the rating committee shall be chosen by stock insurers and one-half by mutual insurers. Both classes of insurers shall be represented on all other committees. Each committee member shall have one vote, with the commissioner deciding the matter in the event of a tie.

The services of the association must be supplied to members without discrimination. Each member of the association shall pay an equitable share of the cost of operating the association including assessments by the commissioner against the association.

Subd. 2. [INFORMATION TO BE SUPPLIED.] Upon demand the association must furnish to any employer upon whose risk a survey has been made under section 79.75 and to any insurer full information about the survey.

The association must, within a reasonable time after receiving a written request and upon payment of a reasonable charge, furnish information as to any rate to the insured affected by it or to an authorized representative.

Subd. 3. [REVIEW BY ASSOCIATION.] The following persons or their authorized representatives shall be heard by the association upon written request:

(1) any insurer or employer on any matter affecting the risk in connection with a survey under section 79.75, subdivision 2;

(2) any person or employer aggrieved by the application of the association's rating system to the person; and

(3) any member alleging discrimination as to services or charges of the association.

The association shall provide within this state a specified procedure for review of the matters under this subdivision.

The commissioner may disapprove the review procedure if the commissioner finds that it does not provide adequate notice and fair hearing to the person asking for review.

The person asking for review may appeal to the commissioner under subdivision 4 from a decision of the association or from its failure to provide a review and decision within 30 days after a written request.

Subd. 4. [APPEALS FROM THE ASSOCIATION.] The following persons or their authorized representatives may petition the commissioner in writing for review of an association action or decision:

- (1) any member aggrieved by an apportionment of costs made by the association under subdivision 1, or by the association's failure to make an apportionment;
- (2) any member aggrieved by discrimination in the supplying of services by the association;
- (3) any member aggrieved by the association's rejection of proposed changes in or additions to its filings that would affect the member;
- (4) any insurer or employer aggrieved by findings made in a survey under subdivision 2; and
- (5) any insurer or employer aggrieved by the application of the association's rating system to that person or agency.

Subd. 5. [PROCEDURE FOR APPEAL.] An appeal is initiated by a written petition to the commissioner, which must be filed within 30 days after the adverse decision of the association on review or, if the association has not announced a decision within the specified 30 days, within 60 days after the written request for review. If the association announces a decision after the specified 30 days but before filing of the petition, the petitioner has 30 days after announcement of the decision to petition the commissioner.

The commissioner shall give not less than ten days' notice of hearing to the appellant and the association, and in cases under subdivision 4, clause (1), to all other members of the association.

Procedure in the hearing shall be as provided for other hearings before the commissioner or as provided by rule.

The commissioner shall mail a copy of the commissioner's decision to the appellant and the association.

Subd. 6. [RELIEF AUTHORIZED.] The commissioner's decision shall be by order, with findings of fact and conclusions of law, which order may:

- (1) approve the action or decision of the association;
- (2) direct the association within a reasonable time the commissioner designates to give further consideration to the matter and to reach a conclusion consistent with the commissioner's order; or
- (3) direct the association within a reasonable time the commissioner designates to take specified action consistent with the commissioner's findings.

Sec. 12. [79.75] [DEVELOPMENT OF RATES BY ASSOCIATION.]

Subdivision 1. [ACQUISITION OF INFORMATION.] (a) Every insurer writing any insurance specified under section 79.65 shall report its insurance in this state to the association at least annually, on forms and under rules prescribed by the association. The association must file, pursuant to rules adopted by the commissioner, a record of its reports with the department. No such information may be made public by the association or any of its employees except as required by law and in accordance with its rules.

(b) Payroll audits by insurers shall show information classified under the statistical plan and shall be correct as to amount in each classification. The commissioner or the association may check any payroll audit and upon written complaint alleging facts that if true would create serious doubt about the accuracy of the payroll audit shall check it.

Subd. 2. [CLASSIFICATIONS AND PLANS.] The commissioner shall promulgate a statistical plan, which shall give due consideration to the rating system on file with the commissioner and seek to make the plan as uniform among the several states as is practicable. The statistical plan may be modified from time to time. It shall be used thereafter by each insurer in the recording and reporting under subdivision 1 of its Minnesota loss and countrywide expense experience. The rules and statistical plan may also provide for the recording and reporting of expense experience items which are specially applicable to this state. The association shall assign each compensation risk to its proper class, and its classification shall be used by all insurers writing any insurance specified under section 79.65. On behalf of all members the association shall inspect and make a written survey of compensation risks to determine their proper classifications, shall maintain a record of its classification of risks, and the written surveys of all risks inspected by it showing such facts as are material in the writing of insurance thereon.

Subd. 3. [AIDS IN RATEMAKING.] The commissioner and every insurer and rate service organization may exchange information and experience data with insurance supervisory officials, insurers, and rate service organizations in other states and may consult with them with respect to ratemaking and the application of rates. The commissioner may designate one or more rate service organizations to assist the commissioner in gathering experience and making compilations thereof, and the compilations shall be made available to insurers and rating organizations.

Sec. 13. [79.76] [OTHER RATE SERVICE ORGANIZATIONS.]

Any group, association, or other organization which assists the association in ratemaking by the collection and furnishing of loss and expense statistics or by the submission of recommendations is a rate service organization and shall be governed by sections 79.74 and 79.75.

Sec. 14. [79.77] [COSTS OF REGULATION.]

The costs for carrying out the commissioner's duties under sections 79.64 to 79.78, including the costs of any hearings and hearing officers, shall be paid by the special compensation fund and assessed to the association quarterly. The assessment must be paid to the commissioner within 30 days and deposited into the special compensation fund.

Sec. 15. [79.78] [RULES.]

The commissioner may adopt rules necessary to implement and administer sections 79.64 to 79.77.

Sec. 16. Minnesota Statutes 1994, section 176.185, subdivision 1, is amended to read:

Subdivision 1. [NOTICE OF COVERAGE, TERMINATION, CANCELLATION.] (a) Within ten days after the issuance of a policy of insurance covering the liability to pay compensation under this chapter written by an insurer licensed to insure such liability in this state, the insurer shall file notice of coverage with the commissioner under rules and on forms prescribed by the commissioner. No policy shall be canceled by the insurer within the policy period nor terminated upon its expiration date until a notice in writing is delivered or mailed to the insured and filed with the commissioner, fixing the date on which it is proposed to cancel it, or declaring that the insurer does not intend to renew the policy upon the expiration date. A cancellation or termination is not effective until 30 days after written notice has been filed with the commissioner in a manner prescribed by the commissioner unless prior to the expiration of the 30-day period the employer obtains other insurance coverage or an order exempting the employer from carrying insurance as provided in section 176.181. Upon receipt of the notice, the commissioner shall notify the insured that the insured must obtain coverage from some other licensed carrier and that, if unable to do so, the insured shall request the commissioner of commerce to require the issuance of a policy as provided in section 79.251, subdivision 4. Upon a cancellation or termination of a policy by the insurer, the employer is entitled to be assigned a policy in accordance with sections 79.251 and 79.252.

(b) Notice of cancellation or termination by the insured shall be served upon the insurer by written statement mailed or delivered to the insurer. Upon receipt of the notice, the insurer shall notify the commissioner of the cancellation or termination and the commissioner shall ask the employer for the reasons for the cancellation or termination and notify the employer of the duty under this chapter to insure the employer's employees.

(c) In addition to the requirements under paragraphs (a) and (b), with respect to any trucker employer in classification 7219, 7230, 7231, or 7360 pursuant to the classification plan required to be filed under section 79.61 chapter 79, if the insurer or its agent has delivered or mailed a written certificate of insurance certifying that a policy in the name of a trucker employer under this paragraph is in force, then the insurer or its agent shall also deliver or mail written notice of any midterm cancellation to the trucker employer recipient of the certificate of insurance at the address listed on the certificate. If an insurer or its agent fails to mail or deliver notice of any midterm cancellation of the trucker employer's policy to the trucker employer recipient of the certificate of insurance, then the special compensation fund shall indemnify and hold harmless the recipient from any award of benefits or other damages under this chapter resulting from the failure to give notice.

Sec. 17. [PRIOR RATES; PRESUMPTION.]

Unless disapproved by the commissioner, rates, schedules of rates, and rating plans that have been filed with the commissioner of commerce before April 1, 1995, are conclusively presumed to satisfy the requirements of this article.

Sec. 18. [APPROPRIATION.]

The cooperative agreements may provide for the sharing of costs between the parties thereto or the reimbursement of the department or commission operating budget for expenditures made on behalf of the department or commission or agency. No cooperative effort shall interfere with the independence and integrity of either the commission or the department or any other agency that is a party.

Sec. 12. Minnesota Statutes 1994, section 216B.02, subdivision 7, is amended to read:

Subd. 7. [COMMISSION.] "Commission" means the public utilities commission ~~of the department of public service~~.

Sec. 13. Minnesota Statutes 1994, section 216B.02, is amended by adding a subdivision to read:

Subd. 8a. [DIRECTOR.] "Director" means the director of the energy division.

Sec. 14. Minnesota Statutes 1994, section 216B.02, is amended by adding a subdivision to read:

Subd. 8b. [ENERGY DIVISION.] "Energy division" means the energy division established in chapter 216C.

Sec. 15. Minnesota Statutes 1994, section 216B.02, is amended by adding a subdivision to read:

Subd. 8c. [EXECUTIVE DIRECTOR.] "Executive director" means the executive director of the public utilities commission.

Sec. 16. Minnesota Statutes 1994, section 216B.16, subdivision 2, is amended to read:

Subd. 2. [SUSPENSION OF PROPOSED RATES; HEARING; FINAL DETERMINATION DEFINED.] (a) Whenever there is filed with the commission a schedule modifying or resulting in a change in any rates then in force as provided in subdivision 1, the commission may suspend the operation of the schedule by filing with the schedule of rates and delivering to the affected utility a statement in writing of its reasons for the suspension at any time before the rates become effective. The suspension shall not be for a longer period than ten months beyond the initial filing date except as provided in this subdivision or subdivision 1a. During the suspension the commission shall determine whether all questions of the reasonableness of the rates requested raised by persons deemed interested or by the ~~administrative division of the department of public service~~ utility consumers division of the attorney general's office can be resolved to the satisfaction of the commission. If the commission finds that all significant issues raised have not been resolved to its satisfaction, or upon petition by ten percent of the affected customers or 250 affected customers, whichever is less, it shall refer the matter to the office of administrative hearings with instructions

for a public hearing as a contested case pursuant to chapter 14, except as otherwise provided in this section. The commission may order that the issues presented by the proposed rate changes be bifurcated into two separate hearings as follows: (1) determination of the utility's revenue requirements and (2) determination of the rate design. Upon issuance of both administrative law judge reports, the issues shall again be joined for consideration and final determination by the commission. All prehearing discovery activities of state agency intervenors shall be consolidated and conducted by the department of public service. If the commission does not make a final determination concerning a schedule of rates within ten months after the initial filing date, the schedule shall be deemed to have been approved by the commission; except if:

(1) an extension of the procedural schedule has been granted under subdivision 1a, in which case the schedule of rates is deemed to have been approved by the commission on the last day of the extended period of suspension; or

(2) a settlement has been submitted to and rejected by the commission and the commission does not make a final determination concerning the schedule of rates, the schedule of rates is deemed to have been approved 60 days after the initial or, if applicable, the extended period of suspension.

(b) If the commission finds that it has insufficient time during the suspension period to make a final determination of a case involving changes in general rates because of the need to make final determinations of other previously filed cases involving changes in general rates under this section or section 237.075, the commission may extend the suspension period to the extent necessary to allow itself 20 working days to make the final determination after it has made final determinations in the previously filed cases. An extension of the suspension period under this paragraph does not alter the setting of interim rates under subdivision 3.

(c) For the purposes of this section, "final determination" means the initial decision of the commission and not any order which may be entered by the commission in response to a petition for rehearing or other further relief. The commission may further suspend rates until it determines all those petitions.

Sec. 17. Minnesota Statutes 1994, section 216B.162, subdivision 7, is amended to read:

Subd. 7. [COMMISSION DETERMINATION.] Except as provided under subdivision 6, competitive rates offered by electric utilities under this section must be filed with the commission and must be approved, modified, or rejected by the commission within 90 days. The utility's filing must include statements of fact demonstrating that the proposed rates meet the standards of this subdivision. The filing must be served on ~~the department of public service and~~ the office of the attorney general at the same time as it is served on the commission. In reviewing a specific rate proposal, the commission shall determine:

(1) that the rate meets the terms and conditions in subdivision 4, unless the commission determines that waiver of one or more terms and conditions would be in the public interest;

(2) that the consumer can obtain its energy requirements from an energy supplier not rate-regulated by the commission under section 216B.16;

(3) that the customer is not likely to take service from the electric utility seeking to offer the competitive rate if the customer was charged the electric utility's standard tariffed rate; and

(4) that after consideration of environmental and socioeconomic impacts it is in the best interest of all other customers to offer the competitive rate to the customer subject to effective competition.

If the commission approves the competitive rate, it becomes effective as agreed to by the electric utility and the customer. If the competitive rate is modified by the commission, the commission shall issue an order modifying the competitive rate subject to the approval of the electric utility and the customer. Each party has ten days in which to reject the proposed modification. If no party rejects the proposed modification, the commissioner's order becomes final. If either party rejects the commission's proposed modification, the electric utility, on its behalf or on the behalf of the customer, may submit to the commission a modified version of the commission's proposal. The commission shall accept or reject the modified version within 30

days. If the commission rejects the competitive rate, it shall issue an order indicating the reasons for the rejection.

Sec. 18. Minnesota Statutes 1994, section 216B.241, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the terms defined in this subdivision have the meanings given them.

(a) "Commission" means the public utilities commission.

(b) ~~"Commissioner"~~ "Director" means the ~~commissioner of public service~~ director of the energy division.

(c) ~~"Department"~~ "Division" means the ~~department of public service~~ energy division.

(d) "Energy conservation improvement" means the purchase or installation of a device, method, or material that reduces consumption of or increases efficiency in the use of electricity or natural gas, including, but not limited to:

- (1) insulation and ventilation;
- (2) storm or thermal doors or windows;
- (3) caulking and weatherstripping;
- (4) furnace efficiency modifications;
- (5) thermostat or lighting controls;
- (6) awnings; or

(7) systems to turn off or vary the delivery of energy. The term "energy conservation improvement" includes a device or method that creates, converts, or actively uses energy from renewable sources such as solar, wind, and biomass, provided that the device or method conforms with national or state performance and quality standards whenever applicable.

(e) "Investments and expenses of a public utility" includes the investments and expenses incurred by a public utility in connection with an energy conservation improvement including, but not limited to:

(1) the differential in interest cost between the market rate and the rate charged on a no interest or below market interest loan made by a public utility to a customer for the purchase or installation of an energy conservation improvement;

(2) the difference between the utility's cost of purchase or installation of energy conservation improvements and any price charged by a public utility to a customer for such improvements.

Sec. 19. Minnesota Statutes 1994, section 216B.241, subdivision 2, is amended to read:

Subd. 2. [PROGRAMS.] The ~~commissioner~~ director may by rule require public utilities to make investments and expenditures in energy conservation improvements, explicitly setting forth the interest rates, prices, and terms under which the improvements must be offered to the customers. The required programs must cover a two-year period. The ~~commissioner~~ director shall require at least one public utility to establish a pilot program to make investments in and expenditures for energy from renewable resources such as solar, wind, or biomass and shall give special consideration and encouragement to programs that bring about significant net savings through the use of energy-efficient lighting. The ~~commissioner~~ director shall evaluate the program on the basis of cost-effectiveness and the reliability of technologies employed. The rules of the ~~department~~ division must provide to the extent practicable for a free choice, by consumers participating in the program, of the device, method, or material constituting the energy conservation improvement and for a free choice of the seller, installer, or contractor of the energy conservation improvement, provided that the device, method, material, seller, installer, or contractor is duly licensed, certified, approved, or qualified, including under the residential conservation services program, where applicable. The ~~commissioner~~ director may require a utility

to make an energy conservation improvement investment or expenditure whenever the ~~commissioner~~ director finds that the improvement will result in energy savings at a total cost to the utility less than the cost to the utility to produce or purchase an equivalent amount of new supply of energy. The ~~commissioner~~ director shall nevertheless ensure that every public utility operate one or more programs under periodic review by the department. Load management may be used to meet the requirements for energy conservation improvements under this section if it results in a demonstrable reduction in consumption of energy. The ~~commissioner~~ director shall consider and may require a utility to undertake a program suggested by an outside source, including a political subdivision or a nonprofit or community organization. No utility may make an energy conservation improvement under this section to a building envelope unless:

- (1) it is the primary supplier of energy used for either space heating or cooling in the building;
- (2) the ~~commissioner~~ director determines that special circumstances, which would unduly restrict the availability of conservation programs, warrant otherwise; or
- (3) the utility has been awarded a contract under subdivision 2a.

The ~~commissioner~~ director shall ensure that a portion of the money spent on residential conservation improvement programs is devoted to programs that directly address the needs of renters and low-income persons unless an insufficient number of appropriate programs are available.

A utility, a political subdivision, or a nonprofit or community organization that has suggested a program, ~~the attorney general acting on behalf of consumers and small business interests~~, or a utility customer that has suggested a program ~~and is not represented by the attorney general under section 8.33~~, may petition the commission to modify or revoke a ~~department~~ division decision under this section, and the commission may do so if it determines that the program is not cost-effective, does not adequately address the residential conservation improvement needs of low-income persons, has a long-range negative effect on one or more classes of customers, or is otherwise not in the public interest. The person petitioning for commission review has the burden of proof. The commission shall reject a petition that, on its face, fails to make a reasonable argument that a program is not in the public interest.

Sec. 20. Minnesota Statutes 1994, section 216B.62, is amended to read:

216B.62 [REGULATORY EXPENSES.]

Subd. 2. [ASSESSING SPECIFIC UTILITY.] Whenever the attorney general or the commission ~~or department~~, in a proceeding upon ~~its~~ the commission's own motion, on complaint, or upon an application to it, shall deem it necessary, in order to carry out the duties imposed under this chapter and section 216A.085, to investigate the books, accounts, practices, and activities of, or make appraisals of the property of any public utility, or to render any engineering or accounting services to any public utility, or to intervene before an energy regulatory agency, the public utility shall pay the expenses reasonably attributable to the investigation, appraisal, service, or intervention. The attorney general and commission ~~and department~~ shall ascertain the expenses, and the ~~department~~ attorney general or commission shall render a bill therefor to the public utility, either at the conclusion of the investigation, appraisal, or services, or from time to time during its progress, which bill shall constitute notice of the assessment and a demand for payment. The amount of the bills so rendered by the department shall be paid by the public utility into the state treasury within 30 days from the date of rendition. The total amount, in any one calendar year, for which any public utility shall become liable, by reason of costs incurred by the attorney general or commission within that calendar year, shall not exceed two-fifths of one percent of the gross operating revenue from retail sales of gas, or electric service by the public utility within the state in the last preceding calendar year. Where, pursuant to this subdivision, costs are incurred within any calendar year which are in excess of two-fifths of one percent of the gross operating revenues, the excess costs shall not be chargeable as part of the remainder under subdivision 3, but shall be paid out of the general appropriation to the ~~department~~ attorney general and commission. In the case of public utilities offering more than one public utility service only the gross operating revenues from the public utility service in connection with which the investigation is being conducted shall be considered when determining this limitation.

Subd. 3. [ASSESSING ALL PUBLIC UTILITIES.] ~~(a)~~ The department attorney general and commission shall quarterly, at least 30 days before the start of each quarter, estimate the total of their expenditures in the performance of their duties relating to ~~(1)~~ public utilities under section 216A.085, sections 216B.01 to 216B.67, other than amounts chargeable to public utilities under subdivision 2 or 6, and alternative energy engineering activity under section 216C.261. The remainder, except the amount assessed against cooperatives and municipalities for alternative energy engineering activity under subdivision 5, shall be assessed by the attorney general and commission ~~and department~~ to the several public utilities in proportion to their respective gross operating revenues from retail sales of gas or electric service within the state during the last calendar year. The assessment shall be paid into the state treasury within 30 days after the bill has been mailed to the several public utilities, which shall constitute notice of the assessment and demand of payment thereof. The total amount which may be assessed to the public utilities, under authority of this subdivision, shall not exceed one-sixth of one percent of the total gross operating revenues of the public utilities during the calendar year from retail sales of gas or electric service within the state. The assessment for the third quarter of each fiscal year shall be adjusted to compensate for the amount by which actual expenditures by the attorney general and commission ~~and department~~ for the preceding fiscal year were more or less than the estimated expenditures previously assessed.

Subd. 4. [OBJECTIONS.] Within 30 days after the date of the mailing of any bill as provided by subdivisions 2 and 3, the public utility against which the bill has been rendered may file with the commission objections setting out the grounds upon which it is claimed the bill is excessive, erroneous, unlawful or invalid. The commission shall within 60 days hold a hearing and issue an order in accordance with its findings. The order shall be appealable in the same manner as other final orders of the commission.

Subd. 5. [ASSESSING COOPERATIVES AND MUNICIPALS.] The attorney general and commission ~~and department~~ may charge cooperative electric associations and municipal electric utilities their proportionate share of the expenses incurred in the review and disposition of resource plans, adjudication of service area disputes and the costs incurred in the adjudication of complaints over service standards, practices, and rates. Cooperative electric associations electing to become subject to rate regulation by the commission pursuant to section 216B.026, subdivision 4, are also subject to this section. Neither a cooperative electric association nor a municipal electric utility is liable for costs and expenses in a calendar year in excess of the limitation on costs that may be assessed against public utilities under subdivision 2. A cooperative electric association or municipal electric utility may object to and appeal bills of the commission and department as provided in subdivision 4.

The department shall assess cooperatives and municipalities for the costs of alternative energy engineering activities under section 216C.261. Each cooperative and municipality shall be assessed in proportion that its gross operating revenues for the sale of gas and electric service within the state for the last calendar year bears to the total of those revenues for all public utilities, cooperatives, and municipalities.

Subd. 6. [ADMINISTRATIVE HEARING COSTS.] Any amounts billed to the attorney general or commission ~~or the department~~ by the office of administrative hearings for public utility contested case hearings shall be assessed by the commission or the department or attorney general against the public utility. The assessment shall be paid into the state treasury within 30 days after a bill, which constitutes notice of the assessment and demand for payment of it, has been mailed to the public utility. Money received shall be credited to a special account and is appropriated to the attorney general or commission ~~or the department~~ for payment to the office of administrative hearings.

Sec. 21. Minnesota Statutes 1994, section 216B.64, is amended to read:

216B.64 [ATTORNEY GENERAL'S RESPONSIBILITIES.]

237.02 [GENERAL AUTHORITY OF ~~DEPARTMENT~~ AND COMMISSION; DEFINITIONS.]

The ~~department of public service and the public utilities commission~~, now existing under the laws of this state, ~~are~~ is hereby vested with the same jurisdiction and supervisory power over telephone companies doing business in this state as it now has over railroad and express companies and over public utilities under chapter 216B. The definitions set forth in ~~section~~ sections 216A.02 ~~shall~~ and 216B.02 apply also to this chapter.

Sec. 30. Minnesota Statutes 1994, section 237.075, subdivision 2, is amended to read:

Subd. 2. [SUSPENSION OF PROPOSED RATES; HEARING; FINAL DETERMINATION DEFINED.] (a) Whenever there is filed with the commission as provided in subdivision 1 a schedule modifying or resulting in a change in any rate then in force, the commission may suspend the operation of the schedule by filing with the schedule of rates and delivering to the affected telephone company a statement in writing of its reasons for the suspension at any time before the rates become effective. The suspension shall not be for a longer period than ten months beyond the initial filing date except as provided in paragraph (b). During the suspension the commission shall determine whether all questions of the reasonableness of the rates requested raised by persons deemed interested or by the ~~administrative division of the department of public service utility~~

consumers division of the attorney general's office can be resolved to the satisfaction of the commission. If the commission finds that all significant issues raised have not been resolved to its satisfaction, or upon petition by ten percent of the affected customers or 250 affected customers, whichever is less, it shall refer the matter to the office of administrative hearings with instructions for a public hearing as a contested case pursuant to chapter 14, except as otherwise provided in this section. The commission may order that the issues presented by the proposed rate changes be bifurcated into two separate hearings as follows: (1) determination of the telephone company's revenue requirements and (2) determination of the rate design. Upon issuance of both administrative law judge reports, the issues shall again be joined for consideration and final determination by the commission. All prehearing discovery activities of state agency intervenors shall be consolidated and conducted by the ~~department of public service~~ utility consumers division. If the commission does not make a final determination concerning a schedule of rates within ten months after the initial filing date, the schedule shall be deemed to have been approved by the commission; except if a settlement has been submitted to and rejected by the commission, the schedule is deemed to have been approved 12 months after the initial filing.

(b) If the commission finds that it has insufficient time during the suspension period to make a final determination of a case involving changes in general rates because of the need to make final determinations of other previously filed cases involving changes in general rates under this section or section 216B.16, the commission may extend the suspension period to the extent necessary to allow itself 20 working days to make the final determination after it has made final determinations in the previously filed cases. An extension of the suspension period under this paragraph does not alter the setting of interim rates under subdivision 3.

(c) For the purposes of this section, "final determination" means the initial decision of the commission and not any order which may be entered by the commission in response to a petition for rehearing or other further relief. The commission may further suspend rates until it determines all those petitions.

Sec. 31. Minnesota Statutes 1994, section 237.295, is amended to read:

237.295 [ASSESSMENT OF REGULATORY EXPENSES.]

Subdivision 1. [PAYMENT FOR INVESTIGATIONS.] Whenever the ~~department~~ attorney general or commission, in a proceeding upon its own motion, on complaint, or upon an application to it, considers it necessary, in order to carry out the duties imposed on it, to investigate the books, accounts, practices, and activities of, or make appraisals of the property of, a telephone company, or to render engineering or accounting services to a telephone company, the telephone company shall pay the expenses reasonably attributable to the investigation, appraisal, or service. The ~~department~~ attorney general and commission shall ascertain the expenses, and the ~~department~~ attorney general shall render a bill for those expenses to the telephone company, either at the conclusion of the investigation, appraisal, or services, or from time to time during its progress. The bill constitutes notice of the assessment and a demand for payment. The amount of the bills assessed by the department under this subdivision must be paid by the telephone company into the state treasury within 30 days from the date of assessment. The total amount, in a calendar year, for which a telephone company may become liable, by reason of costs incurred by the ~~department~~ attorney general and commission within that calendar year, may not exceed two-fifths of one percent of the gross jurisdictional operating revenue of the telephone company in the last preceding calendar year. Direct charges may be assessed without regard to this limitation until the gross jurisdictional operating revenue of the telephone company for the preceding calendar year has been reported for the first time. Where, under this subdivision, costs are incurred within a calendar year that are in excess of two-fifths of one percent of the gross jurisdictional operating revenues, the excess costs are not chargeable as part of the remainder under subdivision 2, but must be paid out of the general appropriation of the ~~department~~ attorney general or commission.

Subd. 2. [ASSESSMENT OF COSTS.] The ~~department~~ attorney general and commission shall quarterly, at least 30 days before the start of each quarter, estimate the total of their expenditures in the performance of their duties relating to telephone companies, other than amounts chargeable to telephone companies under subdivision 1, 5, or 6. The remainder must be assessed by the department to the telephone companies operating in this state in proportion to their respective gross jurisdictional operating revenues during the last calendar year. The assessment must be paid

into the state treasury within 30 days after the bill has been mailed to the telephone companies. The bill constitutes notice of the assessment and demand of payment. The total amount that may be assessed to the telephone companies under this subdivision may not exceed one-eighth of one percent of the total gross jurisdictional operating revenues during the calendar year. The assessment for the third quarter of each fiscal year must be adjusted to compensate for the amount by which actual expenditures by the attorney general and commission ~~and department~~ for the preceding fiscal year were more or less than the estimated expenditures previously assessed. A telephone company with gross jurisdictional operating revenues of less than \$5,000 is exempt from assessments under this subdivision.

Subd. 3. [OBJECTIONS.] Within 30 days after the date of the mailing of any bill as provided by subdivisions 1 and 2, the telephone company against which the bill has been assessed may file with the commission objections setting out the grounds upon which it is claimed the bill is excessive, erroneous, unlawful or invalid. The commission shall within 60 days provide for a contested case hearing and issue an order in accordance with its findings. The order shall be appealable in the same manner as other final orders of the commission.

Subd. 4. [INTEREST IMPOSED.] The amounts assessed against any telephone company not paid after 30 days after the mailing of a notice advising the telephone company of the amount assessed against it, shall draw interest at the rate of six percent per annum, and upon failure to pay the assessment the attorney general shall proceed by action in the name of the state against the telephone company to collect the amount due, together with interest and the cost of the suit.

Subd. 5. [ADMINISTRATIVE HEARING COSTS; APPROPRIATION.] Any amounts billed to the commission ~~or the department~~ by the office of administrative hearings for telephone contested case hearings shall be assessed by the commissioner ~~or the department~~ against the telephone company. The assessment shall be paid into the state treasury within 30 days after a bill, which constitutes notice of the assessment and demand for payment of it, has been mailed to the telephone company. Money received shall be credited to a special account and is appropriated to the ~~commissioner or the department~~ director for payment to the office of administrative hearings.

Subd. 6. [EXTENDED AREA SERVICE BALLOTING ACCOUNT; APPROPRIATION.] The extended area service balloting account is created as a separate account in the special revenue fund in the state treasury. The commission shall render separate bills to telephone companies only for direct balloting costs incurred by the commission under section 237.161. The bill constitutes notice of the assessment and demand of payment. The amount of a bill assessed by the commission under this subdivision must be paid by the telephone company into the state treasury within 30 days from the date of assessment. Money received under this subdivision must be credited to the extended area service balloting account and is appropriated to the commission.

Sec. 32. Minnesota Statutes 1994, section 237.30, is amended to read:

237.30 [TELEPHONE INVESTIGATION FUND; APPROPRIATION.]

The sum of \$25,000 is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, to establish and provide a revolving fund to be known as the Minnesota Telephone Investigation Fund for the use of the ~~department of public service and of the attorney general~~ in investigations, valuations, and revaluations under section 237.295. All sums paid by the telephone companies to reimburse the ~~department of public service~~ attorney general for its attorney general's expenses pursuant to section 237.295 shall be credited to the revolving fund and shall be deposited in a separate bank account and not commingled with any other state funds or moneys, but any balance in excess of \$25,000 in the revolving fund at the end of each fiscal year shall be paid into the state treasury and credited to the general fund. The sum of \$25,000 herein appropriated and all subsequent credits to said revolving fund shall be paid upon the warrant of the commissioner of finance upon application of the ~~department or of the attorney general~~ to an aggregate amount of not more than one-half of such sums to each of them, which proportion shall be constantly maintained in all credits and withdrawals from the revolving fund.

"Sec. 9. [16D.12] [INTEREST.]

Subdivision 1. [AUTHORITY.] Unless otherwise provided by contract out of which the debt arises or by state or federal law, a state agency shall charge simple interest on debts owed to the state at the rate provided in subdivision 2 if notice has been given in accordance with this subdivision. Interest charged under this section begins to accrue on the 30th calendar day

following the state agency's first written demand for payment that includes notification to the debtor that interest will begin to accrue on the debt in accordance with this section.

Subd. 2. [COMPUTATION.] Notwithstanding chapter 334, the rate of interest is the rate determined by the state court administrator under section 549.09, subdivision 1, paragraph (c).

Subd. 3. [EXCLUSION.] A state agency may not charge interest under this section on overpayments of assistance benefits under sections 256.031 to 256.0361, 256.72 to 256.87, chapters 256D and 256I, or the federal food stamp program. Notwithstanding this prohibition, any debts that have been reduced to judgment under these programs are subject to the interest charges provided under section 549.09.

Sec. 10. [16D.13] [VENUE.]

The commissioner or attorney general may bring an action to recover debts owed to the state in Ramsey county district court or Ramsey county conciliation court, or a district or conciliation court of any other county at the discretion of the state. Before bringing an action under this section in any county other than the county in which the defendant resides or where the cause of action arose, the commissioner or the attorney general must notify the debtor, in writing, of the intent to bring an action in the specified county and enclose a form for the debtor to use to request that the action be brought in the county of either the debtor's residence or the county where the cause of action arose. If the debtor, within 20 days of the receipt of the notice of intent to bring an action in a specified county, requests in writing that the action be brought in the county of either the debtor's residence or the county where the cause of action arose, that request must be granted by the commissioner or the attorney general, and any subsequent action must be venued in accordance with the request of the debtor. If the debtor does not make a timely request under this section, venue is as chosen by the commissioner or attorney general. No court filing fees, docketing fees, or release of judgment fees may be assessed against the state for collection actions filed under this chapter.

Sec. 11. [16D.14] [COMPROMISE OF DEBT.]

Unless expressly prohibited by other federal or state law, a state agency may compromise debts owed to the state, whether reduced to judgment or not, where the state agency determines that it is in the best interests of the state to do so.

Sec. 12. [16D.16] [SETOFFS.]

Subdivision 1. [AUTHORIZATION.] The commissioner or a state agency may automatically deduct the amount of a debt owed to the state from any state payment due to the debtor, except that funds exempt under section 550.37 or funds owed an individual who receives assistance under the provisions of chapter 256 are not subject to setoff. If a debtor has entered into a written payment plan with respect to payment of a specified debt, the right of setoff may not be used to satisfy that debt. Notwithstanding section 181.79, the state may deduct from the wages due or earned by a state employee to collect a debt, subject to the limitations in section 571.922.

Subd. 2. [NOTICE AND HEARING.] The commissioner or state agency shall mail written notice to the debtor, addressed to the debtor's last known address, that the commissioner or state agency intends to set off a debt owed to the state by the debtor against future payments due the debtor from the state. The commissioner or state agency shall notify the debtor within ten days that a setoff has occurred. The debtor has 30 days from the date of that notice to make a written request for a contested case hearing to contest the validity of the debt or the right to setoff. The debtor's request must state the debtor's reasons for contesting the debt or the right to setoff. If the commissioner or state agency desires to pursue the right to setoff following receipt of the debtor's request for a hearing, the commissioner or state agency shall schedule a contested case hearing within 30 days of the receipt of the request for the hearing. If the commissioner or state agency decides not to pursue the right to setoff, the debtor must be notified of that decision.

Sec. 13. [COLLECTION; REPORT.]

The commissioner of finance shall attempt to collect 90 percent of debt older than 120 days owed to the state and report back to the legislature by January 15, 1997.

Sec. 14. [PILOT PROGRAM.]

The commissioner of finance shall initiate a pilot program to compare effectiveness and efficiencies of the Minnesota collection enterprise and private collection agencies. The commissioner shall issue a request for proposals and place at least \$35,000,000 of state debt with private collection agencies no later than September 1, 1995. In placing debt with private collection agencies, the commissioner must consider the following factors in comparison to the enterprise; age and size of the debt, type of debt, and direct and indirect costs of collecting the debt. Eligible private collection agencies include those not currently under contract with the commissioner. The commissioner shall report back to the legislature by February 1, 1996."

Subd. 3b. [INFORMATION ON PETITIONER'S LOCATION OR RESIDENCE.] The court shall maintain information regarding the petitioner's location or residence separate from the documents contained in the court file. Information maintained by the court regarding the petitioner's location or residence is not accessible to the public and may be disclosed only to court personnel or law enforcement for purposes of service of process, conducting an investigation, or enforcing an order.

Sec. 3. Minnesota Statutes 1994, section 518B.01, subdivision 4, is amended to read:

Subd. 4. [ORDER FOR PROTECTION.] There shall exist an action known as a petition for an order for protection in cases of domestic abuse.

The court administrator shall verify the terms of any existing order governing the parties. The court may not delay granting relief because of the existence of a pending action between the parties or the necessity of verifying the terms of an existing order. A subsequent order in a separate action under this chapter may modify only the provision of an existing order that grants relief authorized under subdivision 6, paragraph (a), clause (1). A petition for relief may be granted, regardless of whether there is a pending action between the parties.

(d) The court shall provide simplified forms and clerical assistance to help with the writing and filing of a petition under this section.

(e) The court shall advise a petitioner under paragraph (d) of the right to file a motion and affidavit and to sue in forma pauperis pursuant to section 563.01 and shall assist with the writing and filing of the motion and affidavit.

Sec. 4. Minnesota Statutes 1994, section 518B.01, subdivision 5, is amended to read:

Subd. 5. [HEARING ON APPLICATION; NOTICE.] (a) Upon receipt of the petition, the court shall order a hearing which shall be held not later than 14 days from the date of the order. If an ex parte order has been issued under subdivision 7 and a hearing requested, the time periods under subdivision 7 for holding a hearing apply. Personal service shall be made upon the respondent not less than five days prior to the hearing, if the hearing was requested by the petitioner. Service under this paragraph is complete seven days after publication. - (2) excluding any party from the dwelling they share or from the residence of the other except by further order of the court;
- (3) excluding the abusing party from the place of employment of the petitioner or otherwise limiting access to the petitioner by the abusing party at the petitioner's place of employment; and
- (4) continuing all currently available insurance coverage without change in coverage or beneficiary designation.

(b) A finding by the court that there is a basis for issuing an ex parte ~~temporary~~ order for protection constitutes a finding that sufficient reasons exist not to require notice under applicable court rules governing applications for ex parte ~~temporary~~ relief.

(c) Subject to paragraph (d), an ex parte ~~temporary~~ order for protection shall be effective for a fixed period not to exceed 14 days, except for good cause as provided under paragraph (d) set by the court, as provided in subdivision 6, paragraph (b), or until modified or vacated by the court pursuant to a hearing. Except as provided in paragraph (d), the respondent shall be personally served forthwith with a copy of the ex parte order along with a copy of the petition and, if requested by the petitioner, notice of the date set for the hearing. If the petitioner does not request

a hearing, an order served on a respondent under this subdivision must include a notice advising the respondent of the right to request a hearing, must be accompanied by a form that can be used by the respondent to request a hearing and must include a conspicuous notice that a hearing will not be held unless requested by the respondent within five days of service of the order.

(d) ~~When Service is of the ex parte order may be made by published notice, as provided under subdivision 5, the petitioner may apply for an extension of the period of the ex parte order at the same time provided that the petitioner files the affidavit required under that subdivision. The respondent shall be served forthwith a copy of the modified ex parte order along with a copy of the notice of the new date set for the hearing. If personal service is not made or the affidavit is not filed within 14 days of issuance of the ex parte order, the order expires. If the petitioner does not request a hearing, the petition mailed to the respondent's residence, if known, must be accompanied by the form for requesting a hearing and notice described in paragraph (c). Unless personal service is completed, if service by published notice is not completed within 28 days of issuance of the ex parte order, the order expires.~~

(e) If the petitioner seeks relief under subdivision 6 other than the relief described in paragraph (a), the petitioner must request a hearing to obtain the additional relief.

(f) Nothing in this subdivision affects the right of a party to seek modification of an order under subdivision 11."

DEADLINE FOR AGENCY ACTION

Section 1. [15.99] [TIME DEADLINE FOR AGENCY ACTION.]

Subdivision 1. [DEFINITION.] For purposes of this section, "agency" means a department, agency, board, commission, or other group in the executive branch of state government; a statutory or home rule charter city, county, town, or school district; any metropolitan agency or regional entity; and any other political subdivision of the state.

Subd. 2. [DEADLINE FOR RESPONSE.] Except as otherwise provided in this section and notwithstanding any other law to the contrary, an agency must approve or deny within 60 days a written request relating to zoning, septic systems, or expansion of the metropolitan urban service area for a permit, license, or other governmental approval of an action. Failure of an agency to deny a request within 60 days is approval of the request. If an agency denies the request, it must state in writing the reasons for the denial at the time that it denies the request.

Subd. 3. [APPLICATION; EXTENSIONS.] (a) The time limit in subdivision 2 begins upon the agency's receipt of a written request containing all information required by law or by a previously adopted rule, ordinance, or policy of the agency. If an agency receives a written request that does not contain all required information, the 60-day limit starts over only if the agency sends notice within five business days of receipt of the request telling the requester what information is missing.

(b) If an action relating to land use requires the approval of more than one state agency in the executive branch, the 60-day period in subdivision 2 begins to run for all executive branch agencies on the day a request containing all required information is received by one state agency. The agency receiving the request must forward copies to other state agencies whose approval is required.

(c) An agency response meets the 60-day time limit if the agency can document that the response was sent within 60 days of receipt of the written request.

(d) The time limit in subdivision 2 is extended if a state statute, federal law, or court order requires a process to occur before the agency acts on the request, and the time periods prescribed in the state statute, federal law, or court order make it impossible to act on the request within 60 days. In cases described in this paragraph, the deadline is extended to 60 days after completion of the last process required in the applicable statute, law, or order. Final approval of an agency receiving a request is not considered a process for purposes of this paragraph.

(e) The time limit in subdivision 2 is extended if: (1) a request submitted to a state agency requires prior approval of a federal agency; or (2) an application submitted to a city, county, town, school district, metropolitan or regional entity, or other political subdivision requires prior approval of a state or federal agency. In cases described in this paragraph, the deadline for agency action is extended to 60 days after the required prior approval is granted.

(f) An agency seeking an extension under this subdivision shall, before the end of the initial 60-day period, provide written notice of the extension to the applicant. The notification must state the reasons for the extension and its anticipated length.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective July 1, 1995, and applies to any written request submitted after that date.

ARTICLE 5

CIVIL SERVICE PILOT PROJECT

Section 1. [HOUSING FINANCE AGENCY PILOT PROJECT.]

If a proposed waiver of any section of Minnesota Statutes, chapter 43A, would violate the terms of a collective bargaining agreement reached under Minnesota Statutes, chapter 179A, the waiver may not be granted without the consent of the exclusive representative that is a party to the agreement.

Subd. 2. [UNREPRESENTED EMPLOYEES.] The salaries of unrepresented employees of the housing finance agency must be administered according to the provisions of a salary plan developed by the commissioner of the housing finance agency and approved by the commissioner of employee relations. The salary plan must be approved under Minnesota Statutes, section 3.855, subdivision 3, before being implemented.

Sec. 2. [TERMINATION.]

The civil service pilot project in the housing finance agency as authorized by Laws 1993, chapter 301, terminates June 30, 1997, or at any earlier time by a method agreed upon by the commissioners of employee relations and housing finance and the affected exclusive bargaining representative of state employees.

Sec. 3. [EFFECTIVE DATE.]

(b) The commissioner, with the assistance of the labor-management committee, shall periodically assess whether it is financially feasible for the plan program to offer or to continue an individual retiree program that has competitive premium rates and benefits. If the commissioner determines it to be feasible to offer an individual retiree program, the commissioner shall announce the applicable benefits, premium rates, and terms of participation. Eligibility to participate in the individual retiree program is governed by subdivision 8, but applies to retirees of eligible employers that do not participate in the plan program and to those retirees' dependents and surviving spouses.

Subd. 6a. [CHIROPRACTIC SERVICES.] All benefits provided by the plan program or a successor plan program relating to expenses incurred for medical treatment or services of a physician must also include chiropractic treatment and services of a chiropractor to the extent that the chiropractic services and treatment are within the scope of chiropractic licensure.

This subdivision is intended to provide equal access to benefits for plan program members who choose to obtain treatment for illness or injury from a doctor of chiropractic, as long as the treatment falls within the chiropractor's scope of practice. This subdivision is not intended to change or add to the benefits provided for in the plan program.

Subd. 7. [PREMIUMS.] The proportion of premium paid by the employer and employee is subject to collective bargaining or personnel policies. If, at the beginning of the coverage period, no collective bargaining agreement has been finalized, the increased dollar costs, if any, from the previous year is the sole responsibility of the individual participant until a collective bargaining agreement states otherwise. Premiums, including an administration fee, shall be established by the commissioner. Each employer shall pay monthly the amounts due for employee benefits including the amounts under subdivision 8 to the commissioner no later than the dates established by the

commissioner. If an employer fails to make the payments as required, the commissioner may cancel plan program benefits and pursue other civil remedies.

Subd. 8. [CONTINUATION OF COVERAGE.] (a) A former employee of an employer participating in the plan program who is receiving a public pension disability benefit or an annuity or has met the age and service requirements necessary to receive an annuity under chapter 353, 353C, 354, 354A, 356, 422A, 423, 423A, or 424, and the former employee's dependents, are eligible to participate in the plan program. This participation is at the person's expense unless a collective bargaining agreement or personnel policy provides otherwise. Premiums for these participants must be established by the commissioner.

The commissioner may provide policy exclusions for preexisting conditions only when there is a break in coverage between a participant's coverage under the employment-based group insurance plan program and the participant's coverage under this section. An employer shall notify an employee of the option to participate under this paragraph no later than the effective date of retirement. The retired employee or the employer of a participating group on behalf of a current or retired employee shall notify the commissioner within 30 days of the effective date of retirement of intent to participate in the plan program according to the rules established by the commissioner.

(b) The spouse of a deceased employee or former employee may purchase the benefits provided at premiums established by the commissioner if the spouse was a dependent under the employee's or former employee's coverage under this section at the time of the death. The spouse remains eligible to participate in the plan program as long as the group that included the deceased employee or former employee participates in the plan program. Coverage under this clause must be coordinated with relevant insurance benefits provided through the federally sponsored Medicare program.

(c) The plan program benefits must continue in the event of strike permitted by section 179A.18, if the exclusive representative chooses to have coverage continue and the employee pays the total monthly premiums when due.

(d) A participant who discontinues coverage may not reenroll.

Persons participating under these paragraphs shall make appropriate premium payments in the time and manner established by the commissioner.

Subd. 9. [INSURANCE TRUST FUND.] The insurance trust fund in the state treasury consists of deposits of the premiums received from employers participating in the plan program and transfers before July 1, 1994, from the excess contributions holding account established by section 353.65, subdivision 7. All money in the fund is appropriated to the commissioner to pay insurance premiums, approved claims, refunds, administrative costs, and other related service costs. Premiums paid by employers to the fund are exempt from the tax imposed by sections 60A.15 and 60A.198. The commissioner shall reserve an amount of money to cover the estimated costs of claims incurred but unpaid. The state board of investment shall invest the money according to section 11A.24. Investment income and losses attributable to the fund must be credited to the fund.

Subd. 10. [EXEMPTION.] The public employee insurance plan program and, where applicable, the employers participating in it are exempt from chapters 60A, 62A, 62C, 62D, 62E, and 62H, section 471.617, subdivisions 2 and 3, and the bidding requirements of section 471.6161.

Sec. 14. Minnesota Statutes 1994, section 43A.317, subdivision 5, is amended to read:

Subd. 5. [EMPLOYER ELIGIBILITY.] (a) [PROCEDURES.] All employers are eligible for coverage through the program subject to the terms of this subdivision. The commissioner shall establish procedures for an employer to apply for coverage through the program.

(b) [TERM.] The initial term of an employer's coverage ~~will~~ may be for up to two years from the effective date of the employer's application. After that, coverage will be automatically renewed for an additional ~~two-year terms~~ term unless the employer gives notice of withdrawal from the program according to procedures established by the commissioner or the commissioner gives notice to the employer of the discontinuance of the program. The commissioner may establish conditions under which an employer may withdraw from the program prior to the

expiration of a ~~two-year~~ term, including by reason of a ~~midyear~~ an increase in health coverage premiums of 50 percent or more from one insurance year to the next. An employer that withdraws from the program may not reapply for coverage for a period of ~~two years from its date of withdrawal~~ time equal to its initial term of coverage.

(c) [MINNESOTA WORK FORCE.] An employer is not eligible for coverage through the program if five percent or more of its eligible employees work primarily outside Minnesota, except that an employer may apply to the program on behalf of only those employees who work primarily in Minnesota.

(d) [EMPLOYEE PARTICIPATION; AGGREGATION OF GROUPS.] An employer is not eligible for coverage through the program unless its application includes all eligible employees who work primarily in Minnesota, except employees who waive coverage as permitted by subdivision 6. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(e) [PRIVATE EMPLOYER.] A private employer is not eligible for coverage unless it has two or more eligible employees in the state of Minnesota. If an employer has only two eligible employees and one is the spouse, child, sibling, parent, or grandparent of the other, the employer must be a Minnesota domiciled employer and have paid social security or self-employment tax on behalf of both eligible employees.

(f) [MINIMUM PARTICIPATION.] The commissioner must require as a condition of employer eligibility that at least 75 percent of its eligible employees who have not waived coverage participate in the program. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. For purposes of this section, waiver of coverage includes only waivers due to coverage under another group health benefit plan.

(g) [EMPLOYER CONTRIBUTION.] The commissioner must require as a condition of employer eligibility that the employer contribute at least 50 percent toward the cost of the premium of the employee and may require that the contribution toward the cost of coverage is structured in a way that promotes price competition among the coverage options available through the program.

(h) [ENROLLMENT CAP.] The commissioner may limit employer enrollment in the program if necessary to avoid exceeding the program's reserve capacity.

Sec. 15. Minnesota Statutes 1994, section 62J.45, subdivision 8, is amended to read:

Subd. 8. [STAFF.] The board may hire an executive director. The executive director is not a state employee but is covered by section 3.736. The executive director and staff may participate in the following plans for employees in the unclassified service: the state retirement plan, the state deferred compensation plan, and the ~~health insurance and life insurance plans coverages in section 43A.24, subdivision 2.~~ The attorney general shall provide legal services to the board.

Sec. 16. Minnesota Statutes 1994, section 256B.0644, is amended to read:

256B.0644 [PARTICIPATION REQUIRED FOR REIMBURSEMENT UNDER OTHER STATE HEALTH CARE PROGRAMS.]

A vendor of medical care, as defined in section 256B.02, subdivision 7, and a health maintenance organization, as defined in chapter 62D, must participate as a provider or contractor in the medical assistance program, general assistance medical care program, and MinnesotaCare as a condition of participating as a provider in health insurance plans and programs or contractor for state employees established under section 43A.18, the public employees insurance ~~plan~~ program under section 43A.316, for health insurance plans offered to local statutory or home rule charter city, county, and school district employees, the workers' compensation system under section 176.135, and insurance plans provided through the Minnesota comprehensive health association under sections 62E.01 to 62E.16. The limitations on insurance plans offered to local government employees shall not be applicable in geographic areas where provider participation is limited by managed care contracts with the department of human services. For providers other

than health maintenance organizations, participation in the medical assistance program means that (1) the provider accepts new medical assistance, general assistance medical care, and MinnesotaCare patients or (2) at least 20 percent of the provider's patients are covered by medical assistance, general assistance medical care, and MinnesotaCare as their primary source of coverage. The commissioner shall establish participation requirements for health maintenance organizations. The commissioner shall provide lists of participating medical assistance providers on a quarterly basis to the commissioner of employee relations, the commissioner of labor and industry, and the commissioner of commerce. Each of the commissioners shall develop and implement procedures to exclude as participating providers in the program or programs under their jurisdiction those providers who do not participate in the medical assistance program. The commissioner of employee relations shall implement this section through contracts with participating health and dental carriers.

Sec. 17. Minnesota Statutes 1994, section 356.87, is amended to read:

- (1) sustainable development throughout all regions of the state and all sectors of the economy;
- (2) improved delivery of services;
- (3) a preventative, precautionary approach to environmental degradation;
- (4) citizen participation in all relevant decision making processes and at meaningful points in the processes; and
- (5) progressively less air, land, and water pollution.

Sec. 2. [REORGANIZATION; OUTCOMES.]

Reorganization must achieve the following outcomes:

"ARTICLE 1
PURPOSE

Section 1. [PURPOSE.]

The purpose of this act is to make government work better and cost less. To accomplish this purpose, this act creates incentives for state and local employees to act in a manner that provides the best and most efficient services to the public. The act also removes barriers that currently

discourage state and local agencies from taking innovative approaches to improving services and achieving cost savings.

ARTICLE 2 HUMAN RESOURCES SYSTEM

Section 1. [POLICY.]

The legislature reaffirms its commitment to an efficient and effective merit-based human resources system that meets the management needs of the state and that meets the program needs of the people of the state. The purpose of this article is to establish a process to ensure the continuation of merit-based principles, while removing rules and procedures that cause unnecessary inefficiencies in the state human resources system.

Sec. 2. [PILOT PROJECT.]

During the biennium ending June 30, 1997, the governor shall designate an executive agency that will conduct a pilot civil service project. The pilot program must adhere to the policies expressed in section 1 and in Minnesota Statutes, section 43A.01. For the purposes of conducting the pilot project, the commissioner of the designated agency is exempt from the provisions that relate to employment in Minnesota Statutes, chapter 43A, Minnesota Rules, chapter 3900, and administrative procedures and policies of the department of employee relations. If a proposed exemption from the provisions that relate to employment in Minnesota Statutes, chapter 43A, Minnesota Rules, chapter 3900, and administrative procedures and policies of the department of employee relations would violate the terms of a collective bargaining agreement effective under Minnesota Statutes, chapter 179A, the exemption is not effective without the consent of the exclusive representative that is a party to the agreement. Upon request of the commissioner carrying out the pilot project, the commissioner of employee relations shall provide technical assistance in support of the pilot project. This section does not exempt an agency from compliance with Minnesota Statutes, sections 43A.19 and 43A.191, or from rules adopted to implement those sections.

Sec. 3. [EVALUATION.]

The commissioner of employee relations, in consultation with the agency selected in section 2, shall design and implement a system for evaluating the success of the pilot project in section 2. The system specifically must:

- (1) evaluate the extent to which the agency has been successful in maintaining a merit-based human resources system in the absence of the traditional civil service rules and procedures;
- (2) quantify time and money saved in the hiring process under the pilot project as compared to hiring under the traditional rules and procedures; and
- (3) document the extent of complaints or problems arising under the new system.

The agency involved in the pilot project under this article and the department of employee relations must report to the legislature by January 1, 1997, and January 1, 1998, on the progress and results of the project. The report must include at least the elements required in this section, and must also make recommendations for legislative changes needed to ensure the state will have the most efficient and effective merit-based human resources system possible.

Sec. 4. [WORKING GROUP.]

The governor shall appoint a stakeholder working group to advise the agency selected in section 2 and the commissioner of employee relations on implementation of the pilot project under this article. The group shall include not more than 15 people, and must include:

- (1) not more than five representatives of management of the agency selected for the pilot project;
- (2) not more than five representatives of exclusive representatives of the agency selected by the pilot project, chosen by the exclusive representatives, provided that the number of representatives under this clause may not be less than the number of management representatives under clause (1);

(3) up to three representatives of customers of the services provided by the agency selected for the pilot project; and

(4) up to two representatives of nonprofit citizens' organizations devoted to the study and improvement of government services.

Sec. 5. [PILOT PROJECT.]

During the biennium ending June 30, 1997, the human resources innovation committee established under Laws 1993, chapter 301, section 1, subdivision 6, shall designate state job classifications to be included in a pilot project. Under this pilot project: (1) resumes of applicants for positions to be filled through a competitive open process will be evaluated through an objective computerized system that will identify which applicants have the required skills; and (2) information on applicants determined to have required skills will be forwarded to the agency seeking to fill a vacancy, without ranking these applicants, and without a limit on the number of applicants that may be forwarded to the hiring agency. Laws or rules that govern examination, ranking of eligibles, and certification of eligibles for competitive open positions do not apply to those job classifications included in the pilot project. Before designating a job classification under this section, the committee must assure that the hiring process for those job classifications complies with the policies in section 1.

Sec. 6. [EVALUATION.]

The commissioner of employee relations, in consultation with the human resources innovation committee, shall design and implement a system for evaluating the success of the pilot project in section 5. By January 1, 1997, and January 1, 1998, the commissioner must report to the legislature on the pilot project. The report must:

(1) list job classifications subject to the pilot project, and the number of positions filled under these job classes;

(2) evaluate the extent to which the project has been successful in maintaining a merit-based system in the absence of traditional civil service laws and rules;

(3) quantify time and money saved in the hiring process under the pilot project, as compared to hiring under the traditional laws and rules;

(4) document the extent of complaints or problems arising under the new system; and

(5) recommend any changes in laws or rules needed to make permanent the successes of the pilot project.

Sec. 7. [EXTENSION.]

Laws 1993, chapter 301, section 1, subdivision 6, is not repealed until June 30, 1997.

Sec. 8. [REPEALER.]

Minnesota Rules, parts 3900.0100 to 3900.4700 and 3900.6100 to 3900.9100, and all administrative procedures of the department of employee relations that control the manner in which state agencies hire employees, are repealed on June 30, 1999.

ARTICLE 3

GAINSHARING

Section 1. [FINDINGS.]

The legislature recognizes state employees as crucial resources in providing effective and efficient government services to the people of Minnesota. The legislature believes that state employees should benefit from successful efforts they make to improve government efficiency and effectiveness.

Sec. 2. [PILOT PROJECT.]

During the biennium ending June 30, 1997, the department of employee relations must implement a system of incentives including economic incentives for unrepresented employees for employees in the department. The system must be approved by the commissioner of finance before being implemented. The system must have the following characteristics:

(1) it must provide nonmanagerial unrepresented employees within the agency the possibility of earning economic rewards by suggesting changes in operation of the department's programs;

(2) it must provide groups of nonmanagerial represented employees within the agency the possibility of receiving group rewards in the form of training opportunities, additional employee complement, or other resources that benefit overall group performance;

(3) any economic awards must be based on changes in operations suggested by nonmanagerial employees that result in objectively measurable cost savings of at least \$25,000 or significant and objectively measurable efficiencies in services that the agency provides to its customers or clients, without decreasing the quality of these services;

(4) awards must be a minimum of \$500 up to a maximum of \$2,500 per year to unrepresented nonmanagerial employees who were instrumental in identifying and implementing the efficiency and cost-saving measures;

(5) an "efficiency savings account" must be created within each fund that is used to provide money for department services. Each account consists of money saved directly as a result of initiatives under this article. Any awards under this article must be paid from money in an efficiency savings account;

(6) no award shall be given except upon approval of a team comprised of equal numbers of management and nonmanagement employees selected by the commissioner of employee relations from state employees outside of the department; and

(7) the economic awards granted to unrepresented employees must be one-time awards, and must not add to the base salary of employees.

Sec. 3. [REPORTING.]

The department of employee relations must report to the legislature on January 1, 1997, and January 1, 1998, on the progress and results of the incentive programs under this article. The reports must include:

(1) a description of the measurable cost savings and in-agency services that were used as the basis for rewards; and

(2) a list of the number and amount of awards granted.

ARTICLE 4 PROCUREMENT

Section 1. [PURPOSE.]

The primary purpose of the laws governing state contracting is to ensure that state agencies obtain high quality goods and services at the least cost and in the most efficient and effective manner. The purpose of this article is to establish a process to ensure that agencies obtain goods and services in this manner, while removing rules and procedures that cause unnecessary inefficiencies in the purchasing system.

Sec. 2. [PILOT PROJECT.]

Notwithstanding any law to the contrary, the governor shall designate an executive agency that, during the biennium ending June 30, 1997, is exempt from any procurement-related law, rule, or administrative procedure before an agency enters into a contract. The agency selected in this section must establish a process for obtaining goods and services that complies with the policies in section 1. The process must include guidelines to prevent conflicts of interest for agency employees involved in developing bid specifications or proposals, evaluating bids or proposals,

entering into contracts, or evaluating the performance of a contractor. The guidelines must attempt to ensure that such an employee:

- (1) does not have any financial interest in and does not personally benefit from the contract;
- (2) does not accept from a contractor or bidder any promise, obligation, contract for future reward, or gift, other than an item of nominal value; and
- (3) does not appear to have a conflict of interest because of a family or close personal relationship to a contractor or bidder, or because of a past employment or business relationship with a contractor or bidder.

Upon request of the agency, the department of administration shall provide the agency technical assistance in designing such a process.

Sec. 3. [EVALUATION.]

The commissioner of administration, in consultation with the agency selected in section 2, shall design and implement a system for evaluating the success of the pilot project in section 2. The system specifically must:

- (1) evaluate the extent to which the agency has been successful in obtaining high quality goods and services at the least cost in the absence of the traditional checks placed on agencies by laws, rules, and procedures administered by the commissioner of administration;
- (2) quantify time and money saved in the procurement process under the pilot project as compared to purchasing goods and services under the traditional rules and procedures; and
- (3) document the extent of complaints or problems arising under the new system.

The agency involved in the pilot project under this article and the commissioner of administration must report to the legislature by January 1, 1997, and January 1, 1998, on the progress and results of the project. The reports must include at least the elements required in clauses (1) to (3) and must also make recommendations for legislative changes needed to ensure that the state will have the most efficient and effective system possible for purchasing goods and services.

ARTICLE 5

BOARD OF INNOVATION

Section 1. [465.7971] [WAIVERS OF STATE RULES; POLICIES.]

Subdivision 1. [APPLICATION.] A state agency may apply to the board for a waiver from: (1) an administrative rule or policy adopted by the department of employee relations that deals with the state personnel system; (2) an administrative rule or policy of the department of administration that deals with the state procurement system; or (3) a policy of the department of finance that deals with the state accounting system. Two or more state agencies may submit a joint application. A waiver application must identify the rule or policy at issue, and must describe the improved outcome sought through the waiver.

Subd. 2. [REVIEW PROCESS.] (a) The board shall review all applications submitted under this section. The board shall dismiss an application if it finds that the application proposes a waiver that would result in due process violations, violations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them. If a proposed waiver would violate the terms of a collective bargaining agreement effective under chapter 179A the waiver is not effective without the consent of the exclusive representative that is a party to the agreement. The board may approve a waiver only if the board determines that if the waiver is granted: (1) services can be provided in a more efficient or effective manner; and (2) services related to human resources must be provided in a manner consistent with the policies expressed in article 2, section 1, and in section 43A.01 and services related to procurement must be provided in a manner consistent with the policies expressed in article 4, section 1. In the case of a waiver from a policy of the department of finance, the board may approve the waiver only if it determines that services will be provided in a more efficient or effective manner and that state funds will be adequately

accounted for and safeguarded in a manner that complies with generally accepted government accounting principles.

(b) Within 15 days of receipt of the application, the board must send a copy of the application to: (1) the agency whose rule or policy is involved; and (2) all exclusive representatives who represent employees of the agency requesting the waiver. The agency whose rule or policy is involved may mail a copy of the application to all persons who have registered with the agency under section 14.14, subdivision 1a.

(c) The agency whose rule or policy is involved or an exclusive representative must notify the board of its agreement with or objection to and grounds for objection to the waiver within 60 days of the date when the application was transmitted to the agency or the exclusive representative. An agency's or exclusive representative's failure to do so is considered agreement to the waiver.

(d) If the agency or the exclusive representative objects to the waiver, the board must schedule a meeting at which the agency requesting the waiver can present its case for the waiver, and the objecting party can respond. The board shall decide whether to grant a waiver at its next regularly scheduled meeting following its receipt of an agency's response, or the end of the 60-day response period, whichever occurs first. If consideration of an application is not concluded at the meeting, the matter may be carried over to the next meeting of the board. Interested persons may submit written comments to the board on the waiver request.

(e) If the board grants a request for a waiver, the board and the agency requesting the waiver shall enter into an agreement relating to the outcomes desired as a result of the waiver and the means of measurement to determine if these outcomes have been achieved with the waiver. The agreement must specify the duration of the waiver, which must be for at least two years and not more than four years. If the board determines that an agency to which a waiver is granted is failing to comply with the terms of the agreement, the board may rescind the agreement.

Subd. 3. [BOARD.] For purposes of evaluating waiver requests involving rules or policies of the department of administration, the chief administrative law judge shall appoint a third administrative law judge to replace the commissioner of administration on the board.

ARTICLE 6

UNIVERSITY OF MINNESOTA

Section 1. [UNIVERSITY OF MINNESOTA CONTRACTING.]

Notwithstanding any law to the contrary, the governor shall designate one executive agency that will work with the University of Minnesota to develop more efficient and effective procedures for state agencies to contract with the University of Minnesota. Consideration shall be given to using a single agency and a single set of administrative procedures for all state contracting with the University. As part of its 1998-1999 biennial budget request, the University of Minnesota shall include measures demonstrating the efficiency gained through these procedures and any recommendations for further improvements.

ARTICLE 7

PRESERVATION OF COLLECTIVE BARGAINING

Section 1. [POLICY.]

Nothing in articles 1 to 6 authorizes the unilateral modification or abrogation of a right under a collective bargaining agreement. The legislature affirmatively encourages state agencies and bargaining units, when negotiating future agreements, to allow for participation in pilot projects that foster innovation, creativity, and productivity within the state human resource system and within individual agencies, departments, or units thereof.

Subdivision 1. [FEDERAL REVENUE ENHANCEMENT.] (a) [DUTIES OF THE COMMISSIONER OF HUMAN SERVICES.] The commissioner of human services may enter into an agreement with one or more family services collaboratives to enhance federal reimbursement under Title IV-E of the Social Security Act and federal administrative reimbursement under Title XIX of the Social Security Act. The commissioner may contract with the department of children, families, and learning for purposes of transferring the federal reimbursement to the commissioner of children, families, and learning to be distributed to the collaboratives according to clause (2). The commissioner shall have the following authority and responsibilities regarding family services collaboratives:

(1) the commissioner shall submit amendments to state plans and seek waivers as necessary to implement the provisions of this section;

(2) the commissioner shall pay the federal reimbursement earned under this subdivision to each collaborative based on their earnings. Notwithstanding section 256.025, subdivision 2, payments to collaboratives for expenditures under this subdivision will only be made of federal earnings from services provided by the collaborative;

(3) the commissioner shall review expenditures of family services collaboratives using reports specified in the agreement with the collaborative to ensure that the base level of expenditures is continued and new federal reimbursement is used to expand education, social, health, or health-related services to young children and their families;

(4) the commissioner may reduce, suspend, or eliminate a family services collaborative's obligations to continue the base level of expenditures or expansion of services if the commissioner determines that one or more of the following conditions apply:

(i) imposition of levy limits that significantly reduce available funds for social, health, or health-related services to families and children;

(ii) reduction in the net tax capacity of the taxable property eligible to be taxed by the lead county or subcontractor that significantly reduces available funds for education, social, health, or health-related services to families and children;

(iii) reduction in the number of children under age 19 in the county, collaborative service delivery area, subcontractor's district, or catchment area when compared to the number in the base year using the most recent data provided by the state demographer's office; or

(iv) termination of the federal revenue earned under the family services collaborative agreement;

(5) the commissioner shall not use the federal reimbursement earned under this subdivision in determining the allocation or distribution of other funds to counties or collaboratives;

(6) the commissioner may suspend, reduce, or terminate the federal reimbursement to a provider that does not meet the reporting or other requirements of this subdivision;

(7) the commissioner shall recover from the family services collaborative any federal fiscal disallowances or sanctions for audit exceptions directly attributable to the family services collaborative's actions in the integrated fund, or the proportional share if federal fiscal disallowances or sanctions are based on a statewide random sample; and

(8) the commissioner shall establish criteria for the family services collaborative for the accounting and financial management system that will support claims for federal reimbursement.

(b) [FAMILY SERVICES COLLABORATIVE RESPONSIBILITIES.] The family services collaborative shall have the following authority and responsibilities regarding federal revenue enhancement:

(1) the family services collaborative shall be the party with which the commissioner contracts. A lead county shall be designated as the fiscal agency for reporting, claiming, and receiving payments;

(2) the family services collaboratives may enter into subcontracts with other counties, school districts, special education cooperatives, municipalities, and other public and nonprofit entities for purposes of identifying and claiming eligible expenditures to enhance federal reimbursement, or to expand education, social, health, or health-related services to families and children;

(3) the family services collaborative must continue the base level of expenditures for education, social, health, or health-related services to families and children from any state, county, federal, or other public or private funding source which, in the absence of the new federal reimbursement earned under this subdivision, would have been available for those services, except as provided in subdivision 1, paragraph (a), clause (4). The base year for purposes of this subdivision shall be the four-quarter calendar year ending at least two calendar quarters before the first calendar quarter in which the new federal reimbursement is earned;

(4) the family services collaborative must use all new federal reimbursement resulting from federal revenue enhancement to expand expenditures for education, social, health, or health-related services to families and children beyond the base level, except as provided in subdivision 1, paragraph (a), clause (4);

(5) the family services collaborative must ensure that expenditures submitted for federal reimbursement are not made from federal funds or funds used to match other federal funds. Notwithstanding section 256B.19, subdivision 1, for the purposes of family services collaborative expenditures under agreement with the department, the nonfederal share of costs shall be provided by the family services collaborative from sources other than federal funds or funds used to match other federal funds;

(6) the family services collaborative must develop and maintain an accounting and financial management system adequate to support all claims for federal reimbursement, including a clear audit trail and any provisions specified in the agreement; and

(7) the family services collaborative shall submit an annual report to the commissioner as specified in the agreement."

Section 1. Minnesota Statutes 1994, section 13.03, subdivision 6, is amended to read:

Subd. 6. [DISCOVERABILITY OF NOT PUBLIC DATA.] If a state agency, political subdivision, or statewide system opposes discovery of government data or release of data pursuant to court order on the grounds that the data are classified as not public, the party that seeks access to the data may bring before the appropriate presiding judicial officer, arbitrator, or administrative law judge an action to compel discovery or an action in the nature of an action to compel discovery.

The presiding officer shall first decide whether the data are discoverable or releasable pursuant to the rules of evidence and of criminal, civil, or administrative procedure appropriate to the action.

If the data are discoverable the presiding officer shall decide whether the benefit to the party seeking access to the data outweighs any harm to the confidentiality interests of the agency maintaining the data, or of any person who has provided the data or who is the subject of the data, or to the privacy interest of an individual identified in the data. In making the decision, the presiding officer shall consider whether notice to the subject of the data is warranted and, if warranted, what type of notice must be given. The presiding officer may fashion and issue any protective orders necessary to assure proper handling of the data by the parties. If the data are a videotape of a child victim or alleged victim alleging, explaining, denying, or describing an act of physical or sexual abuse, the presiding officer shall consider the provisions of section 611A.90, subdivision 2, paragraph (b).

Sec. 2. [13.391] [VIDEOTAPES OF CHILD ABUSE VICTIMS.]

(a) Notwithstanding section 13.04, subdivision 3, an individual subject of data may not obtain a copy of a videotape in which a child victim or alleged victim is alleging, explaining, denying, or describing an act of physical or sexual abuse without a court order under section 13.03, subdivision 6, or 611A.90. The definitions of physical abuse and sexual abuse in section 626.556,

subdivision 2, apply to this subdivision, except that abuse is not limited to acts by a person responsible for the child's care or in a significant relationship with the child or position of authority.

(b) This subdivision does not limit other rights of access to data by an individual under section 13.04, subdivision 3, other than the right to obtain a copy of the videotape.

Sec. 3. Minnesota Statutes 1994, section 13.82, subdivision 6, is amended to read:

Subd. 6. [ACCESS TO DATA FOR CRIME VICTIMS.] On receipt of a written request, the prosecuting authority shall release investigative data collected by a law enforcement agency to the victim of a criminal act or alleged criminal act or to the victim's legal representative unless the release to the individual subject of the data would be prohibited under section 13.391 or the prosecuting authority reasonably believes:

(a) that the release of that data will interfere with the investigation; or

(b) that the request is prompted by a desire on the part of the requester to engage in unlawful activities.

Sec. 4. Minnesota Statutes 1994, section 144.335, subdivision 2, is amended to read:

Subd. 2. [PATIENT ACCESS.] (a) Upon request, a provider shall supply to a patient complete and current information possessed by that provider concerning any diagnosis, treatment and prognosis of the patient in terms and language the patient can reasonably be expected to understand.

(b) Except as provided in paragraph (e), upon a patient's written request, a provider, at a reasonable cost to the patient, shall promptly furnish to the patient (1) copies of the patient's health record, including but not limited to laboratory reports, X-rays, prescriptions, and other technical information used in assessing the patient's health condition, or (2) the pertinent portion of the record relating to a condition specified by the patient. With the consent of the patient, the provider may instead furnish only a summary of the record. The provider may exclude from the health record written speculations about the patient's health condition, except that all information necessary for the patient's informed consent must be provided.

(c) If a provider, as defined in subdivision 1, clause (b)(1), reasonably determines that the information is detrimental to the physical or mental health of the patient, or is likely to cause the patient to inflict self harm, or to harm another, the provider may withhold the information from the patient and may supply the information to an appropriate third party or to another provider, as defined in subdivision 1, clause (b)(1). The other provider or third party may release the information to the patient.

(d) A provider as defined in subdivision 1, clause (b)(3), shall release information upon written request unless, prior to the request, a provider as defined in subdivision 1, clause (b)(1), has designated and described a specific basis for withholding the information as authorized by paragraph (c).

(e) A provider may not release a copy of a videotape of a child victim or alleged victim of physical or sexual abuse without a court order under section 13.03, subdivision 6, or as provided in section 611A.90. This paragraph does not limit the right of a patient to view the videotape.

Subd. 2. [COURT ORDER REQUIRED.] (a) A custodian of a videotape of a child victim or alleged victim alleging, explaining, denying, or describing an act of physical or sexual abuse as part of an investigation or evaluation of the abuse may not release a copy of the videotape without a court order, notwithstanding that the subject has consented to the release of the videotape or that the release is authorized under law.

(b) The court order may govern the purposes for which the videotape may be used, reproduction, release to other persons, retention and return of copies, and other requirements reasonably necessary for protection of the privacy and best interests of the child.

Subd. 3. [PETITION.] An individual subject of data, as defined in section 13.02, or a patient, as defined in section 144.335, who is seeking a copy of a videotape governed by this section may petition the district court in the county where the alleged abuse took place or where the custodian of the videotape resides for an order releasing a copy of the videotape under subdivision 2. Nothing in this section establishes a right to obtain access to a videotape by any other person if access is not otherwise authorized by law or pursuant to discovery in a court proceeding.

(a) "Facility" means a nursing home licensed under chapter 144A or a boarding care facility licensed under sections 144.50 to 144.58.

(b) "Contract of admission," "admission contract," or "admission agreement," includes, but is not limited to, all documents that a resident or resident's representative must sign at the time of, or as a condition of, admission to the facility. Oral representations and statements between the facility and the resident or resident's representative are not part of the contract of admission unless expressly contained in writing in those documents. The contract of admission must specify the obligations of the resident or the responsible party.

(c) "Legal representative" means an attorney-in-fact under a valid power of attorney executed by the prospective resident, or a conservator or guardian of the person or of the estate, or a representative payee appointed for the prospective resident, or other agent of limited powers.

(d) "Responsible party" means a person who has access to the resident's income and assets and who agrees to apply the resident's income and assets to pay for the resident's care or who agrees to make and complete an application for medical assistance on behalf of the resident.

Sec. 2. Minnesota Statutes 1994, section 144.6501, subdivision 4, is amended to read:

Subd. 4. ~~[RESIDENTS' SIGNATURES]~~ RESIDENT AND FACILITY OBLIGATIONS. (a) Before or at the time of admission, the facility shall make reasonable efforts to communicate the content of the admission contract to, and obtain on the admission contract the signature of, the person who is to be admitted to the facility and the responsible party. The admission contract must be signed by the prospective resident unless the resident is legally incompetent or cannot understand or sign the admission contract because of the resident's medical condition.

(b) If the resident cannot sign the admission contract, the reason must be documented in the resident's medical record by the admitting physician.

(c) If the determination under paragraph (b) has been made, the facility may request the signature of another person on behalf of the applicant, subject to the provisions of paragraph (d). The facility must not require the person to disclose any information regarding the person's personal financial assets, liabilities, or income, unless the person voluntarily chooses to become financially responsible for the resident's care. The facility must issue timely billing, respond to questions, and monitor timely payment.

(d) A person who desires to assume financial responsibility for the resident's care may contract with the facility to do so. A person other than the resident or a financially responsible spouse who is financially responsible for the resident who signs an admission contract must not be required by the facility to assume personal financial responsibility liability for the resident's care. A person who desires to assume financial responsibility for the resident's care may contract with the facility to do so. However, if the responsible party has signed the admission contract and fails to make timely payment of the facility obligation, or knowingly fails to spenddown the resident's assets appropriately for the purpose of obtaining medical assistance, then the responsible party shall be

liable to the facility for the resident's costs of care which are not paid for by medical assistance. A responsible party shall be personally liable only to the extent the resident's income or assets were misapplied.

(e) The admission contract must include written notice in the signature block, in bold capital letters, that a person other than the resident or financially responsible spouse may not be required by the facility to assume personal financial responsibility liability for the resident's care.

(f) This subdivision does not preclude the facility from obtaining the signature of a legal representative, if applicable."

"ARTICLE 1

DEPARTMENT OF HUMAN SERVICES FINANCE AND MANAGEMENT POLICY

Section 1. Minnesota Statutes 1994, section 16B.08, subdivision 5, is amended to read:

Subd. 5. [~~FEDERAL GENERAL SERVICES ADMINISTRATION AGENCY PRICE SCHEDULES.~~] Notwithstanding anything in this chapter to the contrary, the commissioner may, instead of soliciting bids, contract for purchases with suppliers who have published schedules of prices effective for sales to ~~the General Services Administration~~ any federal agency of the United States. These contracts may be entered into, regardless of the amount of the purchase price, if the commissioner considers them advantageous and if the purchase price of all the commodities purchased under the contract do not exceed the price specified by the schedule.

Sec. 2. Minnesota Statutes 1994, section 171.07, is amended by adding a subdivision to read:

Subd. 10. [AGREEMENTS WITH OTHER AGENCIES.] The commissioner of public safety is authorized to enter into agreements with other agencies to issue cards to clients of those agencies for use in their programs. The cards may be issued to persons who do not qualify for a Minnesota driver's license or do not provide evidence of name and identity as required by rule for a Minnesota identification card. Persons issued cards under this subdivision will meet the identification verification requirements of the contracting agency.

The interagency agreement may include provisions for the payment of the county fee provided in section 171.06, subdivision 4, and the actual cost to manufacture the card.

Cards issued under this subdivision are not Minnesota identification cards for the purposes defined in sections 48.512, 201.061, 201.161, 332.50, and 340A.503.

Sec. 3. Minnesota Statutes 1994, section 256.014, subdivision 1, is amended to read:

Subdivision 1. [ESTABLISHMENT OF SYSTEMS.] The commissioner of human services shall establish and enhance computer systems necessary for the efficient operation of the programs the commissioner supervises, including:

(1) management and administration of the food stamp and income maintenance programs, including the electronic distribution of benefits;

- (2) management and administration of the child support enforcement program; and
- (3) administration of medical assistance and general assistance medical care.

The commissioner shall distribute the nonfederal share of the costs of operating and maintaining the systems to the commissioner and to the counties participating in the system in a manner that reflects actual system usage, except that the nonfederal share of the costs of the MAXIS computer system and child support enforcement systems shall be borne entirely by the commissioner. Development costs must not be assessed against county agencies.

Sec. 4. Minnesota Statutes 1994, section 256.045, subdivision 4, is amended to read:

Subd. 4. [CONDUCT OF HEARINGS.] All hearings held pursuant to subdivision 3, 3a, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. County agencies shall install equipment necessary to conduct telephone hearings. A state human services referee may schedule a telephone conference hearing when the distance or time required to travel to the county agency offices will cause a delay in the issuance of an order, or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, or former recipient objects. The hearing shall not be held earlier than five days after filing of the required notice with the county or state agency. The state human services referee shall notify all interested persons of the time, date, and location of the hearing at least five days before the date of the hearing. Interested persons may be represented by legal counsel or other representative of their choice, including a provider of therapy services, at the hearing and may appear personally, testify and offer evidence, and examine and cross-examine witnesses. The applicant, recipient, or former recipient shall have the opportunity to examine the contents of the case file and all documents and records to be used by the county or state agency at the hearing at a reasonable time before the date of the hearing and during the hearing. Upon request, the county agency shall provide reimbursement for transportation, child care, photocopying, medical assessment, witness fee, and other necessary and reasonable costs incurred by the applicant, recipient, or former recipient in connection with the appeal. All evidence, except that privileged by law, commonly accepted by reasonable people in the conduct of their affairs as having probative value with respect to the issues shall be submitted at the hearing and such hearing shall not be "a contested case" within the meaning of section 14.02, subdivision 3. The agency must present its evidence prior to or at the hearing, and may not submit evidence after the hearing except by agreement of the parties at the hearing, provided the recipient has the opportunity to respond.

Sec. 5. Minnesota Statutes 1994, section 256.045, subdivision 5, is amended to read:

Subd. 5. [ORDERS OF THE COMMISSIONER OF HUMAN SERVICES.] A state human services referee shall conduct a hearing on the appeal and shall recommend an order to the commissioner of human services. The recommended order must be based on all relevant evidence and must not be limited to a review of the propriety of the state or county agency's action. A referee may take official notice of adjudicative facts. The commissioner of human services may accept the recommended order of a state human services referee and issue the order to the county agency and the applicant, recipient, former recipient, or prepaid health plan. The commissioner on refusing to accept the recommended order of the state human services referee, shall notify the county agency and the applicant, recipient, former recipient, or prepaid health plan of that fact and shall state reasons therefor and shall allow each party ten days' time to submit additional written argument on the matter. After the expiration of the ten-day period, the commissioner shall issue an order on the matter to the county agency and the applicant, recipient, former recipient, or prepaid health plan.

A party aggrieved by an order of the commissioner may appeal under subdivision 7, or request reconsideration by the commissioner within 30 days after the date the commissioner issues the order. The commissioner may reconsider an order upon request of any party or on the commissioner's own motion. A request for reconsideration does not stay implementation of the commissioner's order. Upon reconsideration, the commissioner may issue an amended order or an order affirming the original order.

Any order of the commissioner issued under this subdivision shall be conclusive upon the parties unless appeal is taken in the manner provided by subdivision 7. Any order of the commissioner is binding on the parties and must be implemented by the state agency or a county agency until the order is reversed by the district court, or unless the commissioner or a district court orders monthly assistance or aid or services paid or provided under subdivision 10.

Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing or seek judicial review of an order issued under this section, unless assisting a recipient as provided in subdivision 4.

Sec. 6. Minnesota Statutes 1994, section 256.736, subdivision 13, is amended to read:

Subd. 13. [STATE SHARE.] The state must pay 75 percent of the nonfederal share of costs incurred by counties under subdivision 11.

Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025, for the county share of county agency expenditures made under subdivision 11 from January 1, 1991, ~~on~~ to June 30, 1995. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Beginning July 1, 1995, the state must pay 100 percent of the nonfederal share incurred by counties under subdivision 11, up to the limit of state appropriations. If the state appropriation is not sufficient to fund the cost of case management services for all caretakers identified in subdivision 2a, the commissioner must define a statewide subgroup of caretakers which includes all caretakers in subdivision 2a, clause (1), and as many caretakers as possible from subdivision 2a, clauses (2) and (3).

Sec. 7. [256.986] [ASSISTANCE TRANSACTION CARD FEE.]

Subdivision 1. [REPLACEMENT CARD.] The commissioner of human services may charge a cardholder, defined as a person in whose name an assistance transaction card is issued, a \$2 fee to replace an assistance transaction card. The fees shall be appropriated to the commissioner and used for electronic benefit purposes.

Subd. 2. [TRANSACTION FEE.] Contingent upon the results of a state study to determine the cost-effectiveness of a transaction fee, the commissioner may charge a transaction fee of up to \$1 for each automated teller machine transaction in excess of four per month, up to a cap of \$10 in transaction fees per cardholder, per month. A transaction fee subsequently set by the federal government may supersede a fee established under this subdivision. The fees shall be appropriated to the commissioner and used for electronic benefit purposes.

At the commissioner's discretion, the commissioner may review the reimbursement classifications assigned to all clients in the facility. Within 15 working days after receiving the request for reconsideration, the commissioner shall affirm or modify the original client classification. The original classification must be modified if the commissioner determines that the assessment resulting in the classification did not accurately reflect the status of the client at the time of the assessment. The client and the intermediate care facility for the mentally retarded shall be notified within five working days after the decision is made. The commissioner's decision under this subdivision is the final administrative decision of the agency.~~

Sec. 7. Minnesota Statutes 1994, section 252.275, subdivision 3, is amended to read:

Subd. 3. However, the commissioner shall not reimburse costs of services for any person if the costs exceed the state share of the average medical assistance costs for services provided by intermediate care facilities for a person with mental retardation or a related condition for the same fiscal year, and shall not reimburse costs of a one-time living allowance for any person if the costs exceed \$1,500 in a state fiscal year. ~~For the biennium ending June 30, 1993, the commissioner shall not reimburse costs in excess of the 85th percentile of hourly service costs based upon the cost information supplied to the legislature in the proposed budget for the biennium.~~ The commissioner may make payments to each county in quarterly installments. The commissioner may certify an advance of up to 25 percent of the allocation. Subsequent payments shall be made on a reimbursement basis for reported expenditures and may be adjusted for anticipated spending patterns.

Sec. 8. Minnesota Statutes 1994, section 252.275, subdivision 4, is amended to read:

Subd. 4. [FORMULA.] ~~Effective January 1, 1992,~~ The commissioner shall allocate funds on a calendar year basis. ~~For calendar year 1992, funds shall be allocated based on each county's portion of the statewide reimbursement received under this section for state fiscal year 1991. For subsequent calendar years, funds shall be~~ Beginning with the calendar year in the 1996 grant period, funds shall be allocated first in amounts equal to each county's guaranteed floor according to subdivision 4b, with any remaining available funds allocated based on each county's portion of the statewide expenditures eligible for reimbursement under this section during the 12 months ending on June 30 of the preceding calendar year.

If the legislature appropriates funds for special purposes, the commissioner may allocate the funds based on proposals submitted by the counties to the commissioner in a format prescribed by the commissioner. Nothing in this section prevents a county from using other funds to pay for additional costs of semi-independent living services.

Sec. 9. Minnesota Statutes 1994, section 252.275, subdivision 8, is amended to read:

Subd. 8. [USE OF FEDERAL FUNDS AND TRANSFER OF FUNDS TO MEDICAL ASSISTANCE.] (a) The commissioner shall make every reasonable effort to maximize the use of federal funds for semi-independent living services.

(b) The commissioner shall reduce the payments to be made under this section to each county from January 1, 1994 to June 30, 1996, by the amount of the state share of medical assistance reimbursement for services other than residential services provided under the home and community-based waiver program under section 256B.092 from January 1, 1994 to June 30, 1996, for clients for whom the county is financially responsible and who have been transferred by the county from the semi-independent living services program to the home and community-based

waiver program. Unless otherwise specified, all reduced amounts shall be transferred to the medical assistance state account.

(c) For fiscal year 1997, the base appropriation available under this section shall be reduced by the amount of the state share of medical assistance reimbursement for services other than residential services provided under the home and community-based waiver program authorized in section 256B.092 from January 1, 1995 to December 31, 1995, for persons who have been transferred from the semi-independent living services program to the home and community-based waiver program. The base appropriation for the medical assistance state account shall be increased by the same amount.

(d) For purposes of calculating the guaranteed floor under subdivision 4b and to establish the calendar year 1996 allocations, each county's original allocation for calendar year 1995 shall be reduced by the amount transferred to the state medical assistance account under paragraph (b) during the six months ending on June 30, 1995. For purposes of calculating the guaranteed floor under subdivision 4b and to establish the calendar year 1997 allocations, each county's original allocation for calendar year 1996 shall be reduced by the amount transferred to the state medical assistance account under paragraph (b) during the six months ending on ~~June 30, 1996~~ December 31, 1995.

Sec. 10. Minnesota Statutes 1994, section 252.46, subdivision 1, is amended to read:

Subdivision 1. [RATES.] Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board are governed by subdivisions 2 to 19. The commissioner shall approve the following three payment rates for services provided by a vendor:

(1) a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site;

(2) a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and

(3) a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

The commissioner may also approve an hourly job-coach, follow-along rate for services provided by one employee en route to or from community locations to supervise, support, and assist one person receiving the vendor's services to learn job-related skills necessary to obtain or retain employment when and where no other persons receiving services are present and when all the following criteria are met:

(1) the vendor requests and the county recommends an optimal rate;

(2) the service is prior authorized by the county on the medicaid management information system for no more than 414 hours in a 12-month period and the daily per person charge to medical assistance does not exceed the vendor's approved full day plus transportation rates;

(3) separate full day, partial day, and transportation rates are not billed for the same person on the same day;

(4) the approved hourly rate does not exceed the sum of the vendor's current average hourly direct service wage, including fringe benefits and taxes, plus a component equal to the vendor's average hourly nondirect service wage expenses; and

(5) the actual revenue received for provision of hourly job-coach, follow-along services is subtracted from the vendor's total expenses for the same time period and those adjusted expenses are used for determining recommended full day and transportation payment rates under subdivision 5 in accordance with the limitations in subdivision 3.

Medical assistance rates for home and community-based service provided under section 256B.501, subdivision 4, by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to

252.47. For very dependent persons with special needs the commissioner may approve an exception to the approved payment rate under section 256B.501, subdivision 4 or 8.

Sec. 11. Minnesota Statutes 1994, section 252.46, subdivision 3, is amended to read:

Subd. 3. [RATE MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1 of the previous calendar year. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual inflation adjustments in reimbursement rates for each vendor, based upon the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year. ~~The commissioner shall not provide an annual inflation adjustment for the biennium ending June 30, 1993.~~

Sec. 12. Minnesota Statutes 1994, section 252.46, subdivision 17, is amended to read:

Subd. 17. [HOURLY RATE STRUCTURE.] Counties participating as host counties under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117, may recommend continuation of the hourly rates for participating vendors. The recommendation must be made annually under subdivision 5 and according to the methods and standards provided by the commissioner. The commissioner shall approve the hourly rates when service authorization, billing, and payment for services is possible through the Medicaid management information system and the other criteria in this subdivision are met. Counties and vendors operating under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117, shall work with the commissioner to translate the hourly rates and actual expenditures into rates meeting the criteria in subdivisions 1 to 16 unless hourly rates are approved under this subdivision. If the rates meeting the criteria in subdivisions 1 to 16 are lower than the county's or vendor's current rate, the county or vendor must continue to receive the current rate.

Sec. 13. Minnesota Statutes 1994, section 254B.02, subdivision 1, is amended to read:

Subdivision 1. [CHEMICAL DEPENDENCY TREATMENT ALLOCATION.] The chemical dependency funds appropriated for allocation shall be placed in a special revenue account. For the fiscal year beginning July 1, 1987, funds shall be transferred to operate the vendor payment, invoice processing, and collections system for one year. The commissioner shall annually transfer funds from the chemical dependency fund to pay for operation of the drug and alcohol abuse normative evaluation system and to pay for all costs incurred by adding two positions for licensing of chemical dependency treatment and rehabilitation programs located in hospitals for which funds are not otherwise appropriated. The commissioner shall annually divide the money available in the chemical dependency fund that is not held in reserve by counties from a previous allocation. Twelve percent of the remaining money must be reserved for treatment of American Indians by eligible vendors under section 254B.05. The remainder of the money must be allocated among the counties according to the following formula, using state demographer data and other data sources determined by the commissioner:

~~(a) The county non-Indian and over age 14 per capita months of eligibility for aid to families with dependent children, general assistance, and medical assistance is divided by the total state non-Indian and over age 14 per capita months of eligibility to determine the caseload factor for each county.~~

~~(b) The average median married couple income for the previous three years for the state is divided by the average median married couple income for the previous three years for each county to determine the income factor.~~

~~(c) The non-Indian and over age 14 population of the county is multiplied by the sum of the income factor and the caseload factor to determine the adjusted population.~~

(a) For purposes of this formula, American Indians and children under age 14 are subtracted from the population of each county to determine the restricted population.

(b) The amount of chemical dependency fund expenditures for entitled persons for services not

covered by prepaid plans governed by section 256B.69 in the previous year is divided by the amount of chemical dependency fund expenditures for entitled persons for all services to determine the proportion of exempt service expenditures for each county.

(c) The prepaid plan months of eligibility is multiplied by the proportion of exempt service expenditures to determine the adjusted prepaid plan months of eligibility for each county.

(d) The adjusted prepaid plan months of eligibility is added to the number of restricted population fee for service months of eligibility for aid to families with dependent children, general assistance, and medical assistance and divided by the county restricted population to determine county per capita months of covered service eligibility.

(e) The number of adjusted prepaid plan months of eligibility for the state is added to the number of fee for service months of eligibility for aid to families with dependent children, general assistance, and medical assistance for the state restricted population and divided by the state restricted population to determine state per capita months of covered service eligibility.

(f) The county per capita months of covered service eligibility is divided by the state per capita months of covered service eligibility to determine the county welfare caseload factor.

(g) The median married couple income for the most recent three-year period available for the state is divided by the median married couple income for the same period for each county to determine the income factor for each county.

(h) The county restricted population is multiplied by the sum of the county welfare caseload factor and the county income factor to determine the adjusted population.

~~(i)~~ (i) \$15,000 shall be allocated to each county.

~~(e)~~ (j) The remaining funds shall be allocated proportional to the county adjusted population.

Sec. 14. Minnesota Statutes 1994, section 254B.05, subdivision 1, is amended to read:

Subdivision 1. [LICENSURE REQUIRED.] Programs licensed by the commissioner are eligible vendors. Hospitals may apply for and receive licenses to be eligible vendors, notwithstanding the provisions of section 245A.03. American Indian programs located on federally recognized tribal lands that provide chemical dependency primary treatment, extended care, transitional residence, or outpatient treatment services, and are licensed by tribal government are eligible vendors. Detoxification programs are not eligible vendors. Programs that are not licensed as a chemical dependency residential or nonresidential treatment program by the commissioner or by tribal government are not eligible vendors. To be eligible for payment under the Consolidated Chemical Dependency Treatment Fund, a vendor must participate in the Drug and Alcohol Abuse Normative Evaluation System and the treatment accountability plan.

(7) a plan for ongoing research involving Indian elders including needs assessment and needs analysis;

(8) information and referral services for legal advice or legal counsel; and

(9) a plan to coordinate services with existing organizations including the council of Indian affairs, the Minnesota Indian council of elders, the Minnesota board on aging, and tribal governments.

Sec. 16. Minnesota Statutes 1994, section 256B.092, is amended by adding a subdivision to read:

Subd. 4c. [LIVING ARRANGEMENTS BASED ON A 24-HOUR PLAN OF CARE.] (a) Notwithstanding the requirements for licensure under Minnesota Rules, part 9525.1860, subpart 6, item D, and upon federal approval of an amendment to the home- and community-based services waiver for persons with mental retardation or related conditions, a person receiving home- and community-based services may choose to live in their own home without requiring that the living arrangement be licensed under Minnesota Rules, parts 9555.5050 to 9555.6265, provided the following conditions are met:

(1) the person receiving home- and community-based services has chosen to live in their own home;

(2) home- and community-based services are provided by a qualified vendor who meets the provider standards as approved in the Minnesota home- and community-based services waiver plan for persons with mental retardation or related conditions;

(b) The county agency may require safety inspections of the selected housing as part of their determination of the adequacy of the living arrangement.

Sec. 17. [REPEALER.]

Sec. 2. Minnesota Statutes 1994, section 245.4875, is amended by adding a subdivision to read:

Subd. 8. [TRANSITION SERVICES.] The county board may continue to provide mental health services as defined in sections 245.487 to 245.4888 to persons over 18 years of age, but

256F.09 [GRANTS FOR ~~CHILDREN'S SAFETY~~ FAMILY VISITATION CENTERS.]

Subdivision 1. [PURPOSE.] The commissioner shall issue a request for proposals from existing local nonprofit, nongovernmental organizations, to use existing local facilities as ~~pilot children's safety~~ family visitation centers. The commissioner shall award grants in amounts up to \$50,000 for the purpose of creating ~~children's safety~~ or maintaining family visitation centers to reduce children's vulnerability to violence and trauma related to family visitation, where there has been a history of domestic violence or abuse within the family. At least one of the pilot projects shall be located in the seven-county metropolitan area and at least one of the projects shall be located outside the seven-county metropolitan area, and the commissioner shall award the grants to provide the greatest possible number of safety centers and to locate them to provide for the broadest possible geographic distribution of the centers throughout the state.

Each ~~children's safety~~ family visitation center must use existing local facilities to provide a healthy interactive environment for parents who are separated or divorced and for parents with children in foster homes to visit with their children. The centers must be available for use by district courts who may order visitation to occur at a safety visitation center. The centers may also be used as drop-off sites, so that parents who are under court order to have no contact with each other can exchange children for visitation at a neutral site. Each center must provide sufficient security to ensure a safe visitation environment for children and their parents. A grantee must demonstrate the ability to provide a local match, which may include in-kind contributions.

Subd. 2. [PRIORITIES.] In awarding grants under the program, the commissioner shall give priority to:

- (1) areas of the state where no ~~children's safety~~ other family visitation center or similar facility exists;
- (2) applicants who demonstrate that private funding for the center is available and will continue; and
- (3) facilities that are adapted for use to care for children, such as day care centers, religious institutions, community centers, schools, technical colleges, parenting resource centers, and child care referral services.

Subd. 3. [ADDITIONAL SERVICES.] Each center may provide parenting and child development classes, and offer support groups to participating custodial parents and hold regular classes designed to assist children who have experienced domestic violence and abuse.

Subd. 4. [REPORT.] The commissioner shall evaluate the operation of the ~~pilot children's safety~~ family visitation centers and report to the legislature by February 1, 1994, with recommendations.

When a minor parent or parents and his, her, or their child or children are living with other relatives, and the minor parent or parents apply for a child care subsidy, "family" means only the minor parent or parents and the child or children. An adult may be considered a dependent member of the family unit if 50 percent of the adult's support is being provided by the parents,

stepparents, guardians and their spouses, or eligible relative caretakers and their spouses, residing in the same household. An adult age 18 who is a full-time high school student and can reasonably be expected to graduate before age 19 may be considered a dependent member of the family unit.

Sec. 6. Minnesota Statutes 1994, section 256H.02, is amended to read:

256H.02 [DUTIES OF COMMISSIONER.]

The commissioner shall develop standards for county and human services boards to provide child care services to enable eligible families to participate in employment, training, or education programs. Within the limits of available appropriations, the commissioner shall distribute money to counties to reduce the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. In the rules adopted under this section, county and human services boards shall be authorized to establish policies for payment of child care spaces for absent children, when the payment is required by the child's regular provider. The rules shall not set a maximum number of days for which absence payments can be made, but instead shall direct the county agency to set limits and pay for absences according to the prevailing market practice in the county. County policies for payment of absences shall be subject to the approval of the commissioner. The commissioner shall maximize the use of federal money ~~under the AFDC employment special needs program~~ in section 256.736, ~~subdivision 8,~~ and other programs that provide federal reimbursement for child care services for recipients of aid to families with dependent children who are in education, training, job search, or other activities allowed under those programs. Money appropriated under this section must be coordinated with the ~~AFDC employment special needs program and other programs that provide federal reimbursement for child care services to accomplish this purpose.~~ Federal reimbursement obtained must be allocated to the county that spent money for child care that is federally reimbursable under programs that provide federal reimbursement for child care services. The counties shall use the federal money to expand child care services. The commissioner may adopt rules under chapter 14 to implement and coordinate federal program requirements.

Sec. 7. Minnesota Statutes 1994, section 256H.03, subdivision 1, is amended to read:

[ALLOCATION PERIOD; NOTICE OF ALLOCATION.] When the commissioner notifies county and human service boards of the forms and instructions they are to follow in the development of their biennial community social services plans required under section 256E.08, the commissioner shall also notify county and human services boards of their estimated child care fund program allocation for the two years covered by the plan. By ~~June~~ October 1 of each year, the commissioner shall notify all counties of their final child care fund program allocation.

Sec. 8. Minnesota Statutes 1994, section 256H.03, subdivision 2a, is amended to read:

Subd. 2a. [ELIGIBLE RECIPIENTS.] Families that meet the eligibility requirements under sections 256H.10, except AFDC recipients, MFIP recipients, and transition year families, and 256H.11 are eligible for child care assistance under the basic sliding fee program. ~~From July 1, 1990, to June 30, 1991, a county may not accept new applications for the basic sliding fee program unless the county can demonstrate that its state money expenditures for the basic sliding fee program for this period will not exceed 95 percent of the county's allocation of state money for the fiscal year ending June 30, 1990. As basic sliding fee program money becomes available to serve new families, eligible families whose benefits were terminated during the fiscal year ending June~~

~~30, 1990, for reasons other than loss of eligibility shall be reinstated.~~ Families enrolled in the basic sliding fee program as of July 1, 1990, shall be continued until they are no longer eligible. Counties shall make vendor payments to the child care provider or pay the parent directly for eligible child care expenses on a reimbursement basis. Child care assistance provided through the child care fund is considered assistance to the parent.

Sec. 9. Minnesota Statutes 1994, section 256H.03, is amended by adding a subdivision to read:

Subd. 4a. [SIX-MONTH ALLOCATION.] For the period from July 1, 1995, to December 31, 1995, every county shall receive an allocation at least equal and proportionate to one-half of its original allocation in state fiscal year 1995. This six-month allocation shall be combined with the calendar year 1996 allocation and be administered as one 18-month allocation.

Sec. 10. Minnesota Statutes 1994, section 256H.03, subdivision 6, is amended to read:

Subd. 6. [GUARANTEED FLOOR.] (a) ~~Each county's guaranteed floor shall equal the lesser of:~~

~~(1) the county's original allocation in the preceding state fiscal year; or~~

~~(2) 110 percent of the county's basic sliding fee child care program state and federal earnings for the 12-month period ending on December 31 of the preceding state fiscal year. For purposes of this clause, "state and federal earnings" means the reported direct child care expenditures adjusted for the administrative allowance and 15 percent required county match. Beginning January 1, 1996, each county's guaranteed floor shall equal 90 percent of the allocation received in the preceding calendar year. For the calendar year 1996 allocation, the preceding calendar year shall be considered to be double the six-month allocation as provided for in subdivision 4a.~~

(b) When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, for the purpose of establishing the guaranteed floor.

Sec. 11. Minnesota Statutes 1994, section 256H.08, is amended to read:

256H.08 [USE OF MONEY.]

Money for persons listed in sections 256H.03, subdivision 2a, and 256H.05, subdivision 1b, shall be used to reduce the costs of child care for students, including the costs of child care for students while employed if enrolled in an eligible education program at the same time and making satisfactory progress towards completion of the program. Counties may not limit the duration of child care subsidies for a person in an employment or educational program, except when the person is found to be ineligible under the child care fund eligibility standards. Any limitation must be based on a person's employability plan in the case of an AFDC recipient, and county policies included in the child care allocation plan. Time limitations for child care assistance, as specified in Minnesota Rules, parts 9565.5000 to 9565.5200, do not apply to basic or remedial educational programs needed to prepare for post-secondary education or employment. These programs include: high school, general equivalency diploma, and English as a second language. Programs exempt from this time limit must not run concurrently with a post-secondary program. High school students who are participating in a post-secondary options program and who receive a high school diploma issued by the school district are exempt from the time limitations while pursuing a high school diploma. Financially eligible students who have received child care assistance for one academic year shall be provided child care assistance in the following academic year if funds allocated under sections 256H.03 and 256H.05 are available. If an AFDC recipient who is receiving AFDC child care assistance under this chapter moves to another county, continues to participate in educational or training programs authorized in their employability development plans, and continues to be eligible for AFDC child care assistance under this chapter, the AFDC caretaker must receive continued child care assistance from the county responsible for their current employability development plan, without interruption.

Sec. 12. Minnesota Statutes 1994, section 256H.11, subdivision 1, is amended to read:

Subdivision 1. [ASSISTANCE FOR PERSONS SEEKING AND RETAINING EMPLOYMENT.] Persons who are seeking employment and who are eligible for assistance under

Employed persons who work at least an average of ten hours a week and receive at least a minimum wage for all hours worked are eligible for continued child care assistance.

Sec. 13. Minnesota Statutes 1994, section 256H.12, subdivision 1, is amended to read:

Subdivision 1. [COUNTY CONTRIBUTIONS REQUIRED.] Beginning July 1, 1995, in addition to payments from parents basic sliding fee child care program participants, counties shall contribute from county tax or other sources a minimum of 15 percent of the cost of the basic sliding fee program at the local match percentage calculated according to subdivision 1a. The commissioner shall recover funds from the county as necessary to bring county expenditures into compliance with this subdivision.

Sec. 14. Minnesota Statutes 1994, section 256H.12, is amended by adding a subdivision to read:

Subd. 1a. [LOCAL MATCH PERCENTAGE.] The local match percentage shall equal the lesser of either 15 percent of the cost of the basic sliding fee program or the statewide required local match in state fiscal year 1995, divided by the sum of the current year's basic sliding fee allocation, plus the statewide required local match in state fiscal year 1995. The resulting local match percentage shall be adjusted to reflect a statewide local match of five percent on any state and federal funding for the basic sliding fee program above the initial state fiscal year 1995 statewide allocation. For purposes of this computation, the statewide required local match in state fiscal year 1995 shall be equal to the initial state fiscal year 1995 basic sliding fee allocation, divided by 85 percent, and then multiplied by 15 percent. The calendar year 1996 local match percentage shall be in effect for the six-month allocation period defined in section 256H.03.

The maximum rate set by any county shall not be lower than 110 percent or higher than 125 percent of the median rate in that county for like care arrangements for all types of care, including special needs and handicapped care, as determined by the commissioner. If the county has not set a maximum provider rate and the provider rate is greater than 125 percent of the median provider rate in the county, the county shall pay the amount in excess of 125 percent of the median provider rate from county funding sources. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.~~

~~(b) Effective July 1, 1991, the maximum rate paid for child care assistance under the child care fund is the maximum rate eligible for federal reimbursement except that a provider receiving reimbursement under paragraph (a) as of January 1, 1991, shall be paid at a rate no less than the rate of reimbursement received under that paragraph. A rate which includes a provider bonus paid under subdivision 2 or a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision. The department of human services shall monitor the effect of this paragraph on provider rates. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.~~

~~(c) When the provider charge is greater than the maximum provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family copayment fee.~~

ECONOMIC SELF-SUFFICIENCY POLICY

Section 1. Minnesota Statutes 1994, section 256.034, subdivision 1, is amended to read:

Subdivision 1. [CONSOLIDATION OF TYPES OF ASSISTANCE.] Under the Minnesota family investment plan, assistance previously provided to families through the AFDC, food stamp, and general assistance programs must be combined into a single cash assistance program. As authorized by Congress, families receiving assistance through the Minnesota family investment plan are automatically eligible for and entitled to medical assistance under chapter 256B. Federal, state, and local funds that would otherwise be allocated for assistance to families under the AFDC, food stamp, and general assistance programs must be transferred to the Minnesota family investment plan. The provisions of the Minnesota family investment plan prevail over any provisions of sections 245.771, 256.72 to 256.87, 256D.01 to 256D.21, or 393.07, subdivisions 10 and 10a, and any rules implementing those sections with which they are irreconcilable. The food stamp, general assistance, and work readiness programs for single persons and couples who are not responsible for the care of children are not replaced by the Minnesota family investment plan. Unless stated otherwise in statutes or rules governing the Minnesota family investment plan, participants in the Minnesota family investment plan shall be considered to be recipients of aid under aid to families with dependent children, family general assistance, and food stamps for the purposes of statutes and rules affecting such recipients or allocations of funding based on the assistance status of the recipients, and to specifically be subject to the provisions of section 256.98.

Sec. 2. Minnesota Statutes 1994, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] (a) Any person applying for, receiving or having received public assistance or a program of social services granted by the state agency or a county agency under sections 252.32, 256.031 to 256.036, and 256.72 to 256.879, chapters 256B, 256D, 256E, 261, or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, or any patient or relative aggrieved by an order of the commissioner under section 252.27, or a party aggrieved by a ruling of a prepaid health plan, may contest that action or decision before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action or decision, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit.

(b) Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing under this section, except if assisting a recipient as provided in subdivision 4.

(c) An applicant or recipient is not entitled to receive social services beyond the services included in the amended community social services plan developed under section 256E.081, subdivision 3, if the county agency has met the requirements in section 256E.081.

Sec. 3. Minnesota Statutes 1994, section 256.73, subdivision 2, is amended to read:

(1) The value of real property other than the homestead, which when combined with other

assets exceeds the limits of paragraph (2), unless the assistance unit is making a good faith effort to sell the nonexcludable real property. The time period for disposal must not exceed nine consecutive months. The assistance unit must sign an agreement to dispose of the property and to repay assistance received during the nine months that would not have been paid had the property been sold at the beginning of such period, but not to exceed the amount of the net sale proceeds. ~~The family has five working days from the date it realizes cash from the sale of the property to repay the overpayment. If the property is not sold within the required time or the assistance unit becomes ineligible for any reason during the nine-month period, the amount payable under the agreement will not be determined and recovery will not begin until the property is in fact sold.~~ execute a lien covering that property with the amount of assistance expended over the nine-month period covered by the agreement. The amount payable should be calculated and entered onto the lien form which shall be filed for record with the recorder in the county where the real property is situated. The lien takes priority from the time of its attaching over all other liens subsequently acquired and subsequent conveyances. The lien shall be enforced in the manner provided by law for the enforcement of mechanics liens upon real property and at such time as the property is in fact sold. If the property is intentionally sold at less than fair market value or if a good faith effort to sell the property is not being made, the overpayment amount shall be computed using the fair market value determined at the beginning of the nine-month period. For the purposes of this section, "homestead" means the home that is owned by, and is the usual residence of, the child, relative, or other member of the assistance unit together with the surrounding property which is not separated from the home by intervening property owned by others. Public rights-of-way, such as roads which run through the surrounding property and separate it from the home, will not affect the exemption of the property; or

(2) Personal property of an equity value in excess of \$1,000 for the entire assistance unit, exclusive of personal property used as the home, one motor vehicle of an equity value not exceeding \$1,500 or the entire equity value of a motor vehicle determined to be necessary for the operation of a self-employment business, one burial plot for each member of the assistance unit, one prepaid burial contract with an equity value of no more than \$1,000 for each member of the assistance unit, clothing and necessary household furniture and equipment and other basic maintenance items essential for daily living, in accordance with rules promulgated by and standards established by the commissioner of human services.

- (3) permanently after the third or subsequent offense.

Any ~~The period for which sanctions are imposed is effective,~~ of program disqualification shall begin on the date stipulated on the advance notice of disqualification without possibility of postponement for administrative stay, or hearing and shall continue through completion unless and until the findings upon which the sanctions were imposed are reversed by a court of competent jurisdiction. The sanctions provided under this subdivision are in addition to, and not in substitution for, any other sanctions that may be provided for by law for the offense involved. Notwithstanding clauses (1) to (3), the disqualification period shall not begin until the disqualified individual establishes that they are otherwise eligible for the program which is the subject of the disqualification.

Sec. 9. Minnesota Statutes 1994, section 256D.48, subdivision 1, is amended to read:

Subdivision 1. Protective payments must be issued when there is evidence of: (1) repeated inability to plan the use of income to meet necessary expenditures; (2) repeated observation that the recipient is not properly fed or clothed; (3) repeated failure to meet obligations for rent, utilities, food, and other essentials; (4) evictions or a repeated incurrence of debts; or (5) lost or stolen checks; or (6) use of emergency Minnesota supplemental aid more than twice in a calendar year. For purposes of this section, "state agency" includes authorized agents of the state agency.

Sec. 2. Minnesota Statutes 1994, section 256.015, subdivision 2, is amended to read:

[INCOME.] To be eligible for medical assistance, a person must not have, or anticipate receiving, semiannual income in excess of 120 percent of the income standards by family size used in the aid to families with dependent children program, except that families and children may have an income up to 133-1/3 percent of the AFDC income standard. In computing income to determine eligibility of persons who are not residents of long-term care facilities, the commissioner shall disregard increases in income as required by Public Law Numbers 94-566,

section 503; 99-272; and 99-509. Veterans aid and attendance benefits are considered income to the recipient.

Sec. 8. Minnesota Statutes 1994, section 256B.0575, is amended to read:

256B.0575 [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, or a surviving spouse of a veteran having no child, the amount of an improved pension received from the veteran's administration not exceeding \$90 per month;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to \$100 as reimbursement for guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only if the children resided with the institutionalized person immediately prior to admission;

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;

(7) reparations payments made by the Federal Republic of Germany and reparations payments made by the Netherlands for victims of Nazi persecution between 1940 and 1945; and

(8) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.

For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home,

regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 9. Minnesota Statutes 1994, section 256B.059, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.

(b) "Community spouse" means the spouse of an institutionalized ~~person~~ spouse.

(c) "Spousal share" means one-half of the total value of all assets, to the extent that either the institutionalized spouse or the community spouse had an ownership interest at the time of institutionalization.

(d) "Assets otherwise available to the community spouse" means assets individually or jointly owned by the community spouse, other than assets excluded by subdivision 5, paragraph (c).

(e) "Community spouse asset allowance" is the value of assets that can be transferred under subdivision 3.

(f) "Institutionalized spouse" means a person who is:

(1) in a hospital, nursing facility, or intermediate care facility for persons with mental retardation, or receiving home and community-based services under section 256B.0915, and is expected to remain in the facility or institution or receive the home and community-based services for at least 30 consecutive days; and

(2) married to a person who is not in a hospital, nursing facility, or intermediate care facility for persons with mental retardation, and is not receiving home and community-based services under section 256B.0915.

Sec. 10. Minnesota Statutes 1994, section 256B.059, subdivision 3, is amended to read:

Subd. 3. [COMMUNITY SPOUSE ASSET ALLOWANCE.] An institutionalized spouse may transfer assets to the community spouse solely for the benefit of the community spouse. Except for increased amounts allowable under subdivision 4, the maximum amount of assets allowed to be transferred is the amount which, when added to the assets otherwise available to the community spouse, is as follows:

(1) prior to July 1, 1994, the greater of:

(i) \$14,148;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse; and

(2) for persons ~~who begin~~ whose date of initial determination of eligibility for medical assistance following their first continuous period of institutionalization occurs on or after July 1, 1994, the greater of:

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse.

If the assets available to the community spouse are already at the limit permissible under this section, or the higher limit attributable to increases under subdivision 4, no assets may be transferred from the institutionalized spouse to the community spouse. The transfer must be made as soon as practicable after the date the institutionalized spouse is determined eligible for medical assistance, or within the amount of time needed for any court order required for the transfer. On January 1, 1994, and every January 1 thereafter, the limits in this subdivision shall be adjusted by the same percentage change in the consumer price index for all urban consumers (all items; United

States city average) between the two previous Septembers. These adjustments shall also be applied to the limits in subdivision 5.

Sec. 11. Minnesota Statutes 1994, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of ~~application~~ initial determination of eligibility for medical assistance benefits following the first continuous period of institutionalization, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the following:

(1) prior to July 1, 1994, the greater of:

(i) \$14,148;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse;

(2) for persons ~~who begin~~ whose date of initial determination of eligibility for medical assistance following their first continuous period of institutionalization occurs on or after July 1, 1994, the greater of:

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision 3; (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under ~~clause~~ paragraph (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under ~~section 256B.056, without regard to the limitations on total value in that section~~ the supplemental security income program.

Sec. 12. Minnesota Statutes 1994, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED TRANSFERS.] (a) For transfers of assets made on or before August 10, 1993, if a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under ~~section 256B.056, subdivision 3~~ the supplemental security program, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2.

~~(b) Effective for transfers made on or after July 1, 1993, or upon federal approval, whichever is later August 10, 1993, a person, a person's spouse, or a person's authorized representative any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or person's spouse, may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the supplemental security income program, for the purpose of establishing or maintaining medical assistance eligibility. For purposes of determining eligibility for medical assistance long-term care services, any transfer of an asset such assets within 60 36 months preceding application before or any time after an institutionalized person applies for medical assistance or during the period of medical assistance eligibility, including assets excluded under section 256B.056, subdivision 3, or 36 months before or any time after a medical assistance recipient becomes institutionalized, for less than fair market value may be considered. Any such transfer for less than fair market value made within 60 months preceding application for medical assistance or during the period of medical assistance eligibility is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the person is ineligible for medical assistance long-term care services for the period of time determined under subdivision 2, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose, or unless the transfer is permitted under subdivisions subdivision 3 or 4. Notwithstanding the provisions of this paragraph, in the case of payments from a trust or portions of a trust that are considered transfers of assets under federal law, any transfers made within 60 months before or any time after an institutionalized person applies for medical assistance and within 60 months before or any time after a medical assistance recipient becomes institutionalized, may be considered.~~

(c) This section applies to transfers, for less than fair market value, of income or assets, including assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments or income to which the person or the person's spouse is entitled but does not receive due to action by the person, the person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse.

(d) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(e) This section applies to the portion of any asset or interest that a person or, a person's spouse transfers, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse, to an irrevocable any trust, annuity, or other instrument, that exceeds the value of the benefit likely to be returned to the person or spouse while alive, based on estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based on the need for long-term care.

(f) For purposes of this section, long-term care services include services in a nursing facility, services that are eligible for payment according to section 256B.0625, subdivision 2, because they are provided in a swing bed, intermediate care facility for persons with mental retardation, and home and community-based services provided pursuant to section 256B.491 sections 256B.0915, 256B.092, and 256B.49. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or in a swing bed, or intermediate care facility for persons with mental retardation or who is receiving home and community-based services under section 256B.491 sections 256B.0915, 256B.092, and 256B.49.

Sec. 13. Minnesota Statutes 1994, section 256B.0595, subdivision 2, is amended to read:

Subd. 2. [PERIOD OF INELIGIBILITY.] (a) For any uncompensated transfer occurring on or before August 10, 1993, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical

assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

~~(b) For uncompensated transfers made on or after July 1, August 10, 1993, or upon federal approval, whichever is later, the number of months of ineligibility, including partial months, for medical assistance long-term care services shall be the total uncompensated value of the resources transferred divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. If a calculation of a penalty period results in a partial month, payments for medical assistance services will be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, uncompensated transfers not to exceed \$1,000 in total value per month shall be disregarded for each month prior to the month of application for medical assistance. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin in the month the first uncompensated transfer was made. The penalty in this paragraph shall not apply to uncompensated transfers of assets not to exceed a total of \$1,000 per month during a medical assistance eligibility certification period. If the transfer was not reported to the local agency at the time of application, and the applicant received medical assistance services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of medical assistance services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.~~

~~(c) If the total value of all uncompensated transfers made in a month exceeds \$1,000, the disregards allowed under paragraph (b) do not apply. If a calculation of a penalty period results in a partial month, payments for long-term care services shall be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, if the total value of all uncompensated transfers made in a month does not exceed \$1,000, then such transfers shall be disregarded for each month prior to the month of application for or during receipt of medical assistance.~~

Sec. 14. Minnesota Statutes 1994, section 256B.0595, subdivision 3, is amended to read:

Subd. 3. [HOMESTEAD EXCEPTION TO TRANSFER PROHIBITION.] (a) An institutionalized person is not ineligible for long-term care services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

- (1) title to the homestead was transferred to the individual's
 - (i) spouse;
 - (ii) child who is under age 21;
 - (iii) blind or permanently and totally disabled child as defined in the supplemental security income program;
 - (iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or

(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;

(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

(b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of long-term care services granted within:

(1) 30 months of ~~the~~ a transfer made on or before August 10, 1993;

(2) 60 months if the homestead was transferred after August 10, 1993, to a trust or portion of a trust that is considered a transfer of assets under federal law; or

(3) 36 months if transferred in any other manner after August 10, 1993,

or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.

~~(c) Effective for transfers made on or after July 1, 1993, or upon federal approval, whichever is later, an institutionalized person is not ineligible for medical assistance services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:~~

~~(1) title to the homestead was transferred to the individual's~~

~~(i) spouse;~~

~~(ii) child who is under age 21;~~

~~(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;~~

~~(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or~~

~~(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;~~

~~(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or~~

~~(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.~~

~~(d) When a waiver is granted under paragraph (c), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of medical assistance services granted during the period of ineligibility under subdivision 2, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.~~

Sec. 15. Minnesota Statutes 1994, section 256B.0595, subdivision 4, is amended to read:

Subd. 4. [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] (a) An institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for long-term care services if one of the following conditions applies:

(1) the assets were transferred to the ~~community individual's~~ spouse, ~~as defined in section 256B.059~~ or to another for the sole benefit of the spouse; or

(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or

(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or

(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or

(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of long-term care services granted within 30 months of the transfer, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter; or

(6) for transfers occurring after August 10, 1993, the assets were transferred by the person or person's spouse: (i) into a trust established solely for the benefit of a son or daughter of any age who is blind or disabled as defined by the Supplemental Security Income program; or (ii) into a trust established solely for the benefit of an individual who is under 65 years of age who is disabled as defined by the Supplemental Security Income program.

(b) ~~Effective for transfers made on or after July 1, 1993, or upon federal approval, whichever is later, an institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for medical assistance services if one of the following conditions applies:~~

~~(1) the assets were transferred to the community spouse, as defined in section 256B.059; or~~

~~(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. (At the time when one spouse is institutionalized, assets must be allocated between the spouses as provided under section 256B.059); or~~

~~(3) the assets were transferred to the individual's child who is blind or permanently and totally disabled as determined in the supplemental security income program; or~~

~~(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or~~

~~(5) the local agency determines that denial of eligibility for medical assistance services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of medical assistance services granted during the period of ineligibility determined under subdivision 2 or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under this chapter.~~

This report is to cover the preceding federal fiscal year. The commissioner shall make the report available to the public upon request. The report must include information on the activities of the board and the program; the effectiveness of implemented interventions; administrative costs; and any fiscal impact resulting from the program. An honorarium of \$50 per meeting shall be paid to each board member in attendance.

Sec. 19. Minnesota Statutes 1994, section 256B.0625, subdivision 18, is amended to read:

Subd. 18. [BUS OR TAXICAB TRANSPORTATION.] To the extent authorized by rule of the state agency, medical assistance covers costs of ~~bus or taxicab~~ the most appropriate and cost-effective form of transportation incurred by any ambulatory eligible person for obtaining nonemergency medical care.

Sec. 20. Minnesota Statutes 1994, section 256B.0628, subdivision 2, is amended to read:

Subd. 2. [DUTIES.] (a) The commissioner may contract with or employ qualified registered nurses and necessary support staff, or contract with qualified agencies, to provide home care prior authorization and review services for medical assistance recipients who are receiving home care services.

(b) Reimbursement for the prior authorization function shall be made through the medical assistance administrative authority. The state shall pay the nonfederal share. The functions will be to:

(1) assess the recipient's individual need for services required to be cared for safely in the community;

(2) ensure that a care plan that meets the recipient's needs is developed by the appropriate agency or individual;

(3) ensure cost-effectiveness of medical assistance home care services;

(4) recommend the approval or denial of the use of medical assistance funds to pay for home care services ~~when home care services exceed thresholds established by the commissioner under Minnesota Rules, parts 9505.0170 to 9505.0475;~~

(5) reassess the recipient's need for and level of home care services at a frequency determined by the commissioner; and

(6) conduct on-site assessments when determined necessary by the commissioner and recommend changes to care plans that will provide more efficient and appropriate home care.

(c) In addition, the commissioner or the commissioner's designee may:

(1) review care plans and reimbursement data for utilization of services that exceed community-based standards for home care, inappropriate home care services, medical necessity, home care services that do not meet quality of care standards, or unauthorized services and make appropriate referrals within the department or to other appropriate entities based on the findings;

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services; and

(5) assure the quality of home care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Sec. 21. Minnesota Statutes 1994, section 256B.0911, subdivision 2, is amended to read:

Subd. 2. [PERSONS REQUIRED TO BE SCREENED; EXEMPTIONS.] All applicants to Medicaid certified nursing facilities must be screened prior to admission, regardless of income, assets, or funding sources, except the following:

(1) patients who, having entered acute care facilities from certified nursing facilities, are returning to a certified nursing facility;

(2) residents transferred from other certified nursing facilities located within the state of Minnesota;

(3) individuals who have a contractual right to have their nursing facility care paid for indefinitely by the veteran's administration; or

(4) individuals who are enrolled in the Ebenezer/Group Health social health maintenance

organization project, or enrolled in a demonstration project under section 256B.69, subdivision 18, at the time of application to a nursing home; or

(5) individuals previously screened and currently being served under the alternative care program or under a home- and community-based services waiver authorized under section 1915(c) of the Social Security Act.

Regardless of the exemptions in clauses (2) to (4), persons who have a diagnosis or possible diagnosis of mental illness, mental retardation, or a related condition must be screened before admission unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager, or unless authorized by the county agency according to Public Law Number 101-508.

Before admission to a Medicaid certified nursing home or boarding care home, all persons must be screened and approved for admission through an assessment process. The nursing facility is authorized to conduct case mix assessments which are not conducted by the county public health nurse under Minnesota Rules, part 9549.0059. The designated county agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

Other persons who are not applicants to nursing facilities must be screened if a request is made for a screening.

Sec. 22. Minnesota Statutes 1994, section 256B.0911, subdivision 2a, is amended to read:

Subd. 2a. [SCREENING REQUIREMENTS.] Persons may be screened by telephone or in a face-to-face consultation. The screener will identify each individual's needs according to the following categories: (1) needs no face-to-face screening; (2) needs an immediate face-to-face screening interview; or (3) needs a face-to-face screening interview after admission to a certified nursing facility or after a return home. The screener shall confer with the screening team to assure that the health and social needs of the individual are assessed. Persons who are not admitted to a Medicaid certified nursing facility must be screened within ten working days after the date of referral. Persons admitted on a nonemergency basis to a Medicaid certified nursing facility must be screened prior to the certified nursing facility admission. Persons admitted to the Medicaid certified nursing facility from the community on an emergency basis or from an acute care facility on a nonworking day must be screened the first working day after admission and the reason for the emergency admission must be certified by the attending physician in the person's medical record.

Sec. 23. Minnesota Statutes 1994, section 256B.0911, subdivision 3, is amended to read:

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county board of commissioners. Each local screening team shall consist of screeners who are a social worker and a public health nurse from their respective county agencies. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to participate on the team. The screening team members must confer regarding the most appropriate care for each individual screened. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) In assessing a person's needs, screeners shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

Sec. 24. [256B.0912] [ALTERNATIVE CARE AND WAIVERED SERVICE PROGRAMS.]

Subdivision 1. [RESTRUCTURING PLAN.] By January 1, 1996, the commissioner shall present a plan to the legislature to restructure administration of the alternative care, elderly waiver, and disabled waiver programs. The plan must demonstrate cost neutrality and provide counties with the flexibility, authority, and accountability to administer home- and community-based service programs within predetermined fixed budgets. To support this local program administration, the commissioner shall explore options with the health care financing administration to assure flexibility to expand core services within the elderly and disabled waivers as long as cost neutrality is maintained.

Subd. 2. [WAIVER PROGRAM MODIFICATIONS.] The commissioner of human services shall make the following modifications in medical assistance waiver programs, effective for services rendered after June 30, 1995, or, if necessary, after federal approval is granted:

(a) The community alternatives for disabled individuals waiver shall:

(1) if medical supplies and equipment or adaptations are or will be purchased for a waiver services recipient, allow the prorating of costs on a monthly basis throughout the year in which they are purchased. If the monthly cost of a recipient's other waived services exceeds the monthly limit established in this paragraph, the annual cost of the waived services shall be determined. In this event, the annual cost of waived services shall not exceed 12 times the monthly limit calculated in this paragraph;

(2) require client reassessments once every 12 months;

(3) permit the purchase of supplies and equipment costing \$150 or less without prior approval of the commissioner of human services. A county is not required to contract with a provider of supplies and equipment if the monthly cost of supplies and equipment is less than \$250; and

(4) allow the implementation of care plans without the approval of the county of financial responsibility when the client receives services from another county.

(b) The traumatic brain injury waiver shall:

(1) require client reassessments once every 12 months;

(2) permit the purchase of supplies and equipment costing \$250 or less without having a contract with the supplier; and

(3) allow the implementation of care plans without the approval of the county of financial responsibility when the client receives services from another county.

Sec. 25. Minnesota Statutes 1994, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be financially eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the person meets the asset transfer requirements of the medical assistance program;

(5) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(6) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(7) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. If medical supplies and equipment or adaptations are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis throughout the year in which they are purchased. If the monthly cost of a recipient's other alternative care services exceeds the monthly limit established in this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit calculated in this paragraph.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown if the person applied, unless authorized by the commissioner. A person whose application for medical assistance is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, the county must bill medical assistance from the date the individual was found eligible for the medical assistance services provided that are reimbursable under the elderly waiver program.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Sec. 26. Minnesota Statutes 1994, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

- (1) adult foster care;
- (2) adult day care;
- (3) home health aide;
- (4) homemaker services;
- (5) personal care;
- (6) case management;
- (7) respite care;
- (8) assisted living;
- (9) residential care services;
- (10) care-related supplies and equipment;
- (11) meals delivered to the home;
- (12) transportation;
- (13) skilled nursing;
- (14) chore services;
- (15) companion services;
- (16) nutrition services; and
- (17) training for direct informal caregivers.

(b) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(c) Unless specified in statute, the service standards for alternative care services shall be the same as the service standards defined in the elderly waiver. Persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program.

(d) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care daily rate shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed 75 percent of the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other alternative care services to be authorized by the case manager.

(e) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(f) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner. A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor. A county is not required to contract with a provider of supplies and equipment if the monthly cost of the supplies and equipment is less than \$250.

(g) For purposes of this section, residential care services are services which are provided to individuals living in residential care homes. Residential care homes are currently licensed as board and lodging establishments and are registered with the department of health as providing special services. Residential care services are defined as "supportive services" and "health-related services." "Supportive services" means the provision of up to 24-hour supervision and oversight. Supportive services includes: (1) transportation, when provided by the residential care center only; (2) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature; (3) assisting clients in setting up meetings and appointments; (4) assisting clients in setting up medical and social services; (5) providing assistance with personal laundry, such as carrying the client's laundry to the laundry room. Assistance with personal laundry does not include any laundry, such as bed linen, that is included in the room and board rate. Health-related services are limited to minimal assistance with dressing, grooming, and bathing and providing reminders to residents to take medications that are self-administered or providing storage for medications, if requested. Individuals receiving residential care services cannot receive both personal care services and residential care services.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to clients who reside in the same apartment building of three or more units. Assisted living services are defined as up to 24-hour supervision, and oversight, supportive services as defined in clause (1), individualized home care aide tasks as defined in clause (2), and individualized home management tasks as defined in clause (3) provided to residents of a residential center living in their units or apartments with a full kitchen and bathroom. A full kitchen includes a stove, oven, refrigerator, food preparation counter space, and a kitchen utensil storage compartment. Assisted living services must be provided by the management of the residential center or by providers under contract with the management or with the county.

(1) Supportive services include:

(i) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature;

(ii) assisting clients in setting up meetings and appointments; and

(iii) providing transportation, when provided by the residential center only.

Individuals receiving assisted living services will not receive both assisted living services and

homemaking or personal care services. Individualized means services are chosen and designed specifically for each resident's needs, rather than provided or offered to all residents regardless of their illnesses, disabilities, or physical conditions.

(2) Home care aide tasks means:

- (i) preparing modified diets, such as diabetic or low sodium diets;
- (ii) reminding residents to take regularly scheduled medications or to perform exercises;
- (iii) household chores in the presence of technically sophisticated medical equipment or episodes of acute illness or infectious disease;
- (iv) household chores when the resident's care requires the prevention of exposure to infectious disease or containment of infectious disease; and
- (v) assisting with dressing, oral hygiene, hair care, grooming, and bathing, if the resident is ambulatory, and if the resident has no serious acute illness or infectious disease. Oral hygiene means care of teeth, gums, and oral prosthetic devices.

(3) Home management tasks means:

- (i) housekeeping;
- (ii) laundry;
- (iii) preparation of regular snacks and meals; and
- (iv) shopping.

~~A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services.~~ Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

Reimbursement for assisted living services and residential care services shall be made by the lead agency to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, except for alternative care assisted living projects established under Laws 1988, chapter 689, article 2, section 256, whose rates may not exceed 65 percent of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover rent and direct food costs.

(i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the

caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 27. Minnesota Statutes 1994, section 256B.0913, subdivision 8, is amended to read:

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] (a) The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every ~~six~~ 12 months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private. The case manager must give the individual a ten-day written notice of any decrease in or termination of alternative care services.

(b) If the county administering alternative care services is different than the county of financial responsibility, the care plan may be implemented without the approval of the county of financial responsibility.

Sec. 28. Minnesota Statutes 1994, section 256B.0913, subdivision 12, is amended to read:

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. The amount of the premium for the alternative care client shall be determined as follows:

(1) when the alternative care client's income less recurring and predictable medical expenses is greater than the medical assistance income standard but less than 150 percent of the federal poverty guideline, and total assets are less than \$6,000, the fee is zero;

(2) when the alternative care client's income less recurring and predictable medical expenses is greater than 150 percent of the federal poverty guideline and total assets are less than \$6,000, the fee is 25 percent of the cost of alternative care services or the difference between 150 percent of the federal poverty guideline and the client's income less recurring and predictable medical expenses, whichever is less; and

(3) when the alternative care client's total assets are greater than \$6,000, the fee is 25 percent of the cost of alternative care services.

For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, under section 256B.059, if applicable. For married persons, total income is defined as the client's income less the monthly spousal allotment, under section 256B.058.

All alternative care services except case management shall be included in the estimated costs for the purpose of determining 25 percent of the costs.

The monthly premium shall be calculated ~~and be payable in the~~ based on the cost of the first ~~full month in which the~~ of alternative care services begin and shall continue unaltered ~~for six months until the semiannual reassessment unless the actual cost of services falls below the fee until the next reassessment is completed or at the end of 12 months, whichever comes first.~~ Premiums are due and payable each month alternative care services are received unless the actual cost of the services is less than the premium.

(b) The fee shall be waived by the commissioner when:

- (1) a person who is residing in a nursing facility is receiving case management only;
- (2) a person is applying for medical assistance;
- (3) a married couple is requesting an asset assessment under the spousal impoverishment provisions;
- (4) a person is a medical assistance recipient, but has been approved for alternative care-funded assisted living services;
- (5) a person is found eligible for alternative care, but is not yet receiving alternative care services;
- (6) a person is an adult foster care resident for whom alternative care funds are being used to meet a portion of the person's medical assistance spenddown, as authorized in subdivision 4; and
- (7) a person's fee under paragraph (a) is less than \$25.

(c) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

(d) The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after July 1, 1991, including criteria for determining when services to a client must be terminated due to failure to pay a premium.

Sec. 29. Minnesota Statutes 1994, section 256B.0913, subdivision 14, is amended to read:

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] (a) Reimbursement for expenditures for the alternative care services as approved by the client's case manager shall be through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), ~~only with the approval of the client's case manager.~~ To receive reimbursement, the county or vendor must submit invoices within ~~120 days~~ 12 months following the ~~month~~ date of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for alternative care services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for alternative care services based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(e) The county shall negotiate individual rates with vendors and may be reimbursed for actual costs up to the greater of the county's current approved rate or 60 percent of the maximum rate in fiscal year 1994 and 65 percent of the maximum rate in fiscal year 1995 for each alternative care service. Notwithstanding any other rule or statutory provision to the contrary, the commissioner shall not be authorized to increase rates by an annual inflation factor, unless so authorized by the legislature.

(f) On July 1, 1993, the commissioner shall increase the maximum rate for home delivered meals to \$4.50 per meal.

Sec. 30. Minnesota Statutes 1994, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waived services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under the medical assistance case mix reimbursement system. If medical supplies and equipment or adaptations are or will be purchased for an elderly waiver services recipient, the costs may be prorated on a monthly basis throughout the year in which they are purchased. If the monthly cost of a recipient's other waived services exceeds the monthly limit established in this paragraph, the annual cost of the waived services shall be determined. In this event, the annual cost of waived services shall not exceed 12 times the monthly limit calculated in this paragraph. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate, effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The annual cost divided by 12 of elderly or disabled waived services for a person who is a nursing facility resident at the time of requesting a determination of eligibility for elderly or disabled waived services shall not exceed the monthly payment for the resident class assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, for that resident in the nursing facility where the resident currently resides. The following costs must be included in determining the total monthly costs for the waiver client:

- (1) cost of all waived services, including extended medical supplies and equipment; and
- (2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over \$150 per month for both the elderly waiver and the disabled waiver must have the commissioner's prior approval. A county is not required to contract with a provider of supplies and equipment if the monthly cost of the supplies and equipment is less than \$250.

(e) For the fiscal year beginning on July 1, 1993, and for subsequent fiscal years, the commissioner of human services shall not provide automatic annual inflation adjustments for home and community-based waived services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11, annual adjustments in reimbursement rates for home and community-based waived services, based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set. The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

(f) The adult foster care daily rate for the elderly and disabled waivers shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, ~~and it; the rate must allow for other waiver and medical assistance home care services to be authorized by the case manager.~~

(g) The assisted living and residential care service rates for elderly and ~~disabled~~ community alternatives for disabled individuals (CADI) waivers shall be made to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the elderly or disabled client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, ~~except.~~ For alternative care assisted living projects established under Laws 1988, chapter 689, article 2, section 256, ~~whose monthly rates may not exceed 65 percent of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate for the case mix resident class to which the elderly or disabled client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059.~~ The rate may not cover direct rent or food costs.

(h) The county shall negotiate individual rates with vendors and may be reimbursed for actual costs up to the greater of the county's current approved rate or 60 percent of the maximum rate in fiscal year 1994 and 65 percent of the maximum rate in fiscal year 1995 for each service within each program.

(i) On July 1, 1993, the commissioner shall increase the maximum rate for home-delivered meals to \$4.50 per meal.

Subd. 2s. [OPERATING COSTS AFTER JUNE 30, 1997.] (a) In general, the commissioner shall establish maximum standard rates for the prospective reimbursement of nursing facility costs. The maximum standard rates must take into account the level of reimbursement which is adequate to cover the base-level costs of economically operated nursing facilities. In determining the base-level costs, the commissioner shall consider geographic location, types of nursing facilities (Rule 80, short-length-of-stay, hospital attached, etc.), minimum nursing standards, case mix assessment of residents, and other factors as determined by the commissioner.

The commissioner shall also develop additional incentive-based payments which if achieved for specified outcomes will be added to the maximum standard rates. The specified outcomes must be measurable, and shall be based on criteria to be developed by the commissioner during fiscal year 1996. The commissioner may establish various levels of achievement within an outcome. Once the outcomes are established, the commissioner shall assign various levels of payment associated with achieving the outcome. In establishing the specified outcomes and the related criteria, the commissioner shall consider the following state policy objectives:

(1) a reduction in the number of case mix A admissions;

(2) a shortened length of stay;

- (3) improved results of a uniform consumer satisfaction survey;
- (4) the achievement of no major licensure or certification deficiencies;
- (5) the delicensure and decertification of a portion of the nursing facilities bed complement; or
- (6) any other outcomes the commissioner finds desirable.

(b) In developing the maximum standard rates and the incentive-based payments, desirable outcomes, and related criteria, the commissioner, in collaboration with the commissioner of health, shall form an advisory committee. The membership of the advisory committee shall consist of:

- (1) three representatives from consumer advocacy groups;
- (2) three representatives from the nursing facility trade associations;
- (3) the commissioner of finance;

- (5) others the commissioners find appropriate.

(c) Beginning July 1, 1996, the commissioner shall collect the data from nursing facilities, the department of health, or others as necessary to determine the extent to which a nursing facility has met any of the outcomes and related criteria. Payment rates under this subdivision shall be effective July 1, 1997.

(d) The commissioner shall report to the legislature on the progress of the advisory committee by January 31, 1996, any necessary changes to the reimbursement methodology proposed under this subdivision. By January 15, 1997, the commissioner shall recommend to the legislature legislation which will implement this reimbursement methodology for rate years beginning on or after the proposed effective date of July 1, 1997.

Sec. 38. Minnesota Statutes 1994, section 256B.431, subdivision 15, is amended to read:

Subd. 15. [CAPITAL REPAIR AND REPLACEMENT COST REPORTING AND RATE CALCULATION.] For rate years beginning after June 30, 1993, a nursing facility's capital repair and replacement payment rate shall be established annually as provided in paragraphs (a) to (d) (e).

(a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the costs of ~~acquiring~~ any of the following items not included in the equity incentive computations under subdivision 16 or reported as a capital asset addition under subdivision 18, paragraph (b), including cash payment for equity investment and principal and interest expense for debt financing, ~~shall~~ must be reported in the capital repair and replacement cost category ~~when the cost of the item exceeds \$500:~~

- (1) wall coverings;
- (2) paint;
- (3) floor coverings;
- (4) window coverings;
- (5) roof repair; and
- (6) ~~heating or cooling system repair or replacement;~~
- (7) window repair or replacement;

~~(8) initiatives designed to reduce energy usage by the facility if accompanied by an energy audit prepared by a professional engineer or architect registered in Minnesota, or by an auditor certified under Minnesota Rules, part 7635.0130, to do energy audits and the energy audit identifies the initiative as a conservation measure; and~~

~~(9) repair or replacement of capital assets not included in the equity incentive computations under subdivision 16.~~

(b) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the repair or replacement of a capital asset not included in the equity incentive computations under subdivision 16 or reported as a capital asset addition under subdivision 18, paragraph (b), must be reported under this subdivision when the cost of the item exceeds \$500, or in the plant operations and maintenance cost category when the cost of the item is equal to or less than \$500.

(c) To compute the capital repair and replacement payment rate, the allowable annual repair and replacement costs for the reporting year must be divided by actual resident days for the reporting year. The annual allowable capital repair and replacement costs shall not exceed \$150 per licensed bed. The excess of the allowed capital repair and replacement costs over the capital repair and replacement limit shall be a cost carryover to succeeding cost reporting periods, except that sale of a facility, under subdivision 14, shall terminate the carryover of all costs except those incurred in the most recent cost reporting year. The termination of the carryover shall have effect on the capital repair and replacement rate on the same date as provided in subdivision 14, paragraph (f), for the sale. For rate years beginning after June 30, 1994, the capital repair and replacement limit shall be subject to the index provided in subdivision 3f, paragraph (a). For purposes of this subdivision, the number of licensed beds shall be the number used to calculate the nursing facility's capacity days. The capital repair and replacement rate must be added to the nursing facility's total payment rate.

~~(e)~~ (d) Capital repair and replacement costs under this subdivision shall not be counted as either care-related or other operating costs, nor subject to care-related or other operating limits.

~~(d)~~ (e) If costs otherwise allowable under this subdivision are incurred as the result of a project approved under the moratorium exception process in section 144A.073, or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost of these assets exceeds the lesser of \$150,000 or ten percent of the nursing facility's appraised value, these costs must be claimed under subdivision 16 or 17, as appropriate.

(3) the central, affiliated, or corporate office becomes or is required to become the licensee under applicable state law;

(4) the agreement provides that the compensation for services provided under the agreement is directly related to any profits made by the ~~long-term-care~~ nursing facility; or

(5) the ~~long-term care~~ nursing facility entering into the agreement is governed by a governing body that meets fewer than four times a year, that does not publish notice of its meetings, or that does not keep formal records of its proceedings.

(b) "Consulting agreement" means any agreement the purpose of which is for a central, affiliated, or corporate office to advise, counsel, recommend, or suggest to the owner or operator of the nonrelated ~~long-term care~~ nursing facility measures and methods for improving the operations of the ~~long-term care~~ nursing facility.

(c) "~~Long-term care~~ Nursing facility" means a nursing facility whose medical assistance rates are determined according to section 256B.431 ~~or an intermediate care facility for persons with mental retardation and related conditions whose medical assistance rates are determined according to section 256B.501.~~

[ALLOCATION; DIRECT IDENTIFICATION OF COSTS OF ~~LONG-TERM CARE NURSING FACILITIES; MANAGEMENT AGREEMENT.~~] All costs that can be directly identified with a specific ~~long-term care~~ nursing facility that is a related organization to the central, affiliated, or corporate office, or that is controlled by the central, affiliated, or corporate office under a management agreement, must be allocated to that ~~long-term care~~ nursing facility.

Sec. 42. Minnesota Statutes 1994, section 256B.432, subdivision 5, is amended to read:

Subd. 5. [ALLOCATION OF REMAINING COSTS; ALLOCATION RATIO.] (a) After the costs that can be directly identified according to subdivisions 3 and 4 have been allocated, the remaining central, affiliated, or corporate office costs must be allocated between the ~~long-term care~~ nursing facility operations and the other activities or facilities unrelated to the ~~long-term care~~ nursing facility operations based on the ratio of total operating costs.

(b) For purposes of allocating these remaining central, affiliated, or corporate office costs, the numerator for the allocation ratio shall be determined as follows:

(1) for ~~long-term care~~ nursing facilities that are related organizations or are controlled by a central, affiliated, or corporate office under a management agreement, the numerator of the allocation ratio shall be equal to the sum of the total operating costs incurred by each related organization or controlled ~~long-term care~~ nursing facility;

(2) for a central, affiliated, or corporate office providing goods or services to related organizations that are not ~~long-term care~~ nursing facilities, the numerator of the allocation ratio shall be equal to the sum of the total operating costs incurred by the ~~non-long-term care~~ nonnursing facility related organizations;

(3) for a central, affiliated, or corporate office providing goods or services to unrelated ~~long-term care~~ nursing facilities under a consulting agreement, the numerator of the allocation ratio shall be equal to the greater of directly identified central, affiliated, or corporate costs or the contracted amount; or

(4) for business activities that involve the providing of goods or services to unrelated parties which are not ~~long-term care~~ nursing facilities, the numerator of the allocation ratio shall be equal to the greater of directly identified costs or revenues generated by the activity or function.

(c) The denominator for the allocation ratio is the sum of the numerators in paragraph (b), clauses (1) to (4).

Sec. 43. Minnesota Statutes 1994, section 256B.432, subdivision 6, is amended to read:

Subd. 6. [~~COST ALLOCATION BETWEEN LONG-TERM CARE~~ NURSING FACILITIES.]

(a) Those ~~long-term care nursing~~ operations that have ~~long-term care nursing~~ facilities both in Minnesota and comparable facilities outside of Minnesota must allocate the ~~long-term care nursing~~ operation's central, affiliated, or corporate office costs identified in subdivision 5 to Minnesota based on the ratio of total resident days in Minnesota ~~long-term care nursing~~ facilities to the total resident days in all facilities.

(b) The Minnesota ~~long-term care nursing~~ operation's central, affiliated, or corporate office costs identified in paragraph (a) must be allocated to each Minnesota ~~long-term care nursing~~ facility on the basis of resident days.

Sec. 44. Minnesota Statutes 1994, section 256B.501, subdivision 1, is amended to read:

Subdivision 1. [~~DEFINITIONS.~~] For the purposes of this section, the following terms have the meaning given them.

(a) "Commissioner" means the commissioner of human services.

(b) "Facility" means a facility licensed as a mental retardation residential facility under section 252.28, licensed as a supervised living facility under chapter 144, and certified as an intermediate care facility for persons with mental retardation or related conditions. The term does not include a state regional treatment center.

(c) "Waivered service" means home or community-based service authorized under United States Code, title 42, section 1396n(c), as amended through December 31, 1987, and defined in the Minnesota state plan for the provision of medical assistance services. Waivered services include, at a minimum, case management, family training and support, developmental training homes, supervised living arrangements, semi-independent living services, respite care, and training and habilitation services.

Sec. 45. Minnesota Statutes 1994, section 256B.501, subdivision 3g, is amended to read:

Subd. 3g. [~~ASSESSMENT OF RESIDENTS CLIENTS.~~] (a) To establish the service characteristics of residents clients, the ~~quality assurance and review teams in the department of health~~ Minnesota department of health case mix review program shall assess all residents clients annually ~~beginning January 1, 1989, using a uniform assessment instrument developed by the commissioner. This instrument shall include assessment of the services identified as needed and provided to each client to address behavioral needs, integration into the community, ability to perform activities of daily living, medical and therapeutic needs, and other relevant factors determined by the commissioner. By January 30, 1994, the commissioner shall report to the legislature on:~~

~~(1) the assessment process and scoring system utilized;~~

~~(2) possible utilization of assessment information by facilities for management purposes; and~~

~~(3) possible application of the assessment for purposes of adjusting the operating cost rates of facilities based on a comparison of client services characteristics, resource needs, and costs. The facility's qualified mental retardation professional (QMRP) with primary responsibility for the client's individual program plan, in conjunction with the interdisciplinary team, shall assess each client who is newly admitted to a facility. This assessment must occur within 30 days from the date of admission during the interdisciplinary team meeting.~~

(b) All client assessments must be conducted as set forth in the manual, Minnesota ICF/MR Client Assessment Manual, February 1995, hereinafter referred to in this subdivision as the manual. Client assessments completed by the case mix review program and the facility QMRP must be recorded on assessment forms developed by the commissioner of health. The facility QMRP must complete the assessment form, submit it to the case mix review program, and mail a copy to the client's case manager within ten working days following the interdisciplinary team meeting.

(c) The case mix review program shall score assessments according to attachment E of the manual in the assessment domains of personal interaction, independence, and integration,

challenging behaviors and preventive practice, activities of daily living, and special treatments. Scores must be based on information from the assessment form. A client's score from each assessment domain shall be used to determine that client's classification.

(d) The commissioner of health shall determine and assign classifications for each client using the procedures specified in attachment F of the manual. The commissioner of health shall assign the client classification within 15 working days after receiving the completed assessment form submitted by the case mix review program team or the facility QMRP. The classification for a newly admitted client is effective retroactive to the date of the client's admission. If a facility QMRP submits an incomplete assessment form, the case mix review program shall inform the facility QMRP of the need to submit additional information necessary for assigning a classification. The facility QMRP must mail the additional information to the case mix review program no later than five working days after receiving the request for the information. If a facility QMRP fails to submit a completed client assessment for a client who is newly admitted to the facility, that client's first assessment in the facility conducted by the case mix review program shall be used to establish a client classification retroactive to the date of the client's admission. Any change in classification due to annual assessment by the case mix review program will be effective on the first day of the month following completion of the case mix review program's annual assessment of all the facility's clients. A client who has resided in the facility less than 30 days must be assessed by the case mix review program during the annual assessment, but must not have a client classification assigned based on the case mix review program's assessment unless the facility QMRP fails to submit a completed client assessment and the client goes on to reside in the facility for more than 30 days.

(e) The facility QMRP may request a reclassification for a client by completing a new client assessment if the facility QMRP believes that the client's status has changed since the case mix review program's annual assessment and that these changes will result in a change in the client's classification. Client assessments for purposes of reclassification will be governed by the following:

(1) The facility QMRP that requests reclassification of a client must provide the case mix review program with evidence to determine a change in the client's classification. Evidence must include photocopies of documentation from the client's record, as specified in the documentation requirements sections of the manual.

(2) A reclassification assessment must occur between the third and the ninth month following the case mix review program's annual assessment of the client. The facility QMRP can request only one reclassification for each client annually.

(3) Any change in classification approved by the case mix review program shall be effective on the first day of the month following the date when the facility QMRP assessed the client for the reclassification.

(4) The case mix review program shall determine reclassification based on the documentation submitted by the facility QMRP. If there is not sufficient information submitted to justify a change to a higher classification, the case mix review program may request additional information necessary to complete a reclassification.

(5) If the facility QMRP does not provide sufficient documentation to support a change in classification, the classification shall remain at the level assessed by the case mix review program at the last inspection of care.

(f) The case mix review program shall conduct desk audits or on-site audits of assessments performed by facility QMRPs. Case mix review program staff shall conduct desk audits of any assessment believed to be inaccurate. The case mix review program may request the facility to submit additional information needed to conduct a desk audit. The facility shall mail the requested information within five working days after receiving the request.

(g) The case mix review program may conduct on-site audits of at least ten percent of the total assessments submitted by facility QMRPs in the previous year and may also conduct special audits if it determines that circumstances exist that could change or affect the validity of assigned classifications. The facility shall grant the case mix review program staff access to the client

records during regular business hours for the purpose of conducting an audit. For assessments submitted for new clients, the case mix review program shall consider documentation in the client's record up to and including the date the client was assessed by the facility QMRP. For audits of reclassification assessments, the case mix review program shall consider documentation in the client's record from three months preceding the assessment up to and including the date the client was assessed by the facility QMRP. If the audit reveals that the facility's assessment does not accurately reflect the client's status for the time period and the appropriate supporting documentation cannot be produced by the facility, the case mix review program shall change the classification so that it is consistent with the results of the audit. Any change in client classification that results from an audit must be retroactive to the effective date of the client assessment that was audited. Case mix review program staff shall not discuss preliminary audit findings with the facility's staff. Within 15 working days after completing the audit, the case mix review program shall mail a notice of the results of the audit to the facility.

(h) Requests for reconsideration of client classifications shall be made under section 144.0723 and must be submitted according to section IV of the manual. A reconsideration must be reviewed by case mix review program staff not involved in completing the assessment that established the disputed classification. The reconsideration must be based upon the information provided to the case mix review program. Within 15 working days after receiving the request for reconsideration, the case mix review program shall affirm or modify the original classification. The original classification must be modified if the case mix review program determines that the assessment resulting in the classification did not accurately reflect the status of the client at the time of the assessment. The department of health's decision on reconsiderations is the final administrative decision of the department. The classification assigned by the department of health must be the classification that applies to the client while the request for reconsideration is pending. A change in a classification resulting from a reconsideration must be retroactive to the effective date of the client assessment for which a reconsideration was requested.

(i) The commissioner of human services shall assign weights to each client's classification according to the following table:

<u>Classification</u>	<u>Classification Weight</u>
1S	1.00
1I	1.04
2S	1.36
2I	1.52

Sec. 46. Minnesota Statutes 1994, section 256B.501, is amended by adding a subdivision to read:

Subd. 5c. [OPERATING COSTS AFTER SEPTEMBER 30, 1997.] (a) In general, the commissioner shall establish maximum standard rates for the prospective reimbursement of facility costs. The maximum standard rates must take into account the level of reimbursement which is adequate to cover the base-level costs of economically operated facilities. In determining the base-level costs, the commissioner shall consider geographic location, types of facilities (class A or class B), minimum staffing standards, resident assessment under subdivision 3g, and other factors as determined by the commissioner.

(b) The commissioner shall also develop additional incentive-based payments which, if achieved for specified outcomes, will be added to the maximum standard rates. The specified outcomes must be measurable and shall be based on criteria to be developed by the commissioner during fiscal year 1996. The commissioner may establish various levels of achievement within an outcome. Once the outcomes are established, the commissioner shall assign various levels of payment associated with achieving the outcome. In establishing the specified outcomes and the related criteria, the commissioner shall consider the following state policy objectives: (1) resident transitioned into cost-effective community alternatives; (2) the results of a uniform consumer satisfaction survey; (3) the achievement of no major licensure or certification deficiencies; or (4) any other outcomes the commissioner finds desirable.

(c) In developing the maximum standard rates and the incentive-based payments, desirable outcomes, and related criteria, the commissioner, in collaboration with the commissioner of health, shall form an advisory committee. The membership of the advisory committee shall include representation from the consumers advocacy groups (3), the two facility trade associations (3 each), counties (3), commissioner of finance (1), the legislature (2 each from both the house and senate), and others the commissioner finds appropriate. By February 1, 1997, the commissioner shall recommend to the legislature changes to facility reimbursement laws and rules which respond to the provisions of this subdivision.

(d) Beginning July 1, 1996, the commissioner shall collect the data from the facilities, the department of health, or others as necessary to determine the extent to which a facility has met any of the outcomes and related criteria. Payment rates under this subdivision shall be effective October 1, 1997.

(e) The commissioner shall report to the legislature on the progress of the advisory committee by January 31, 1996, any necessary changes to the reimbursement methodology proposed under this subdivision. By January 15, 1997, the commissioner shall recommend to the legislature legislation which will implement this reimbursement methodology for rate years beginning on or after the proposed effective date of October 1, 1997.

Sec. 47. Minnesota Statutes 1994, section 256B.69, subdivision 4, is amended to read:

Subd. 4. [LIMITATION OF CHOICE.] The commissioner shall develop criteria to determine when limitation of choice may be implemented in the experimental counties. The criteria shall ensure that all eligible individuals in the county have continuing access to the full range of medical assistance services as specified in subdivision 6. The commissioner shall exempt the following persons from participation in the project, in addition to those who do not meet the criteria for limitation of choice: (1) persons eligible for medical assistance according to section 256B.055, subdivision 1, and children under age 21 who are in foster placement; (2) persons eligible for medical assistance due to blindness or disability as determined by the social security administration or the state medical review team, unless they are 65 years of age or older; (3) recipients who currently have private coverage through a health maintenance organization; and (4) recipients who are eligible for medical assistance by spending down excess income for medical expenses other than the nursing facility per diem expense. The commissioner may allow persons with a one-month spenddown who are otherwise eligible to enroll to voluntarily enroll or remain enrolled, if they elect to prepay their monthly spenddown to the state. Before limitation of choice is implemented, eligible individuals shall be notified and after notification, shall be allowed to choose only among demonstration providers. After initially choosing a provider, the recipient is allowed to change that choice only at specified times as allowed by the commissioner. If a demonstration provider ends participation in the project for any reason, a recipient enrolled with that provider must select a new provider but may change providers without cause once more within the first 60 days after enrollment with the second provider.

Sec. 48. [256B.691] [RISK-BASED TRANSPORTATION PAYMENTS.]

Any contract with a prepaid health plan under the medical assistance, general assistance medical care, or MinnesotaCare program that requires the health plan to cover transportation services for obtaining medical care for eligible individuals who are ambulatory must provide for payment for those services on a risk basis.

Sec. 49. Minnesota Statutes 1994, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spenddown of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051, or who is having a payment made on the person's behalf under sections 256I.01 to 256I.06; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. No asset test shall be applied to children and their parents living in the same household. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the 30 60 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months,

and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(f)(1) Beginning October 1, 1993, an undocumented alien or a nonimmigrant is ineligible for general assistance medical care other than emergency services. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

(2) This subdivision does not apply to a child under age 18, to a Cuban or Haitian entrant as defined in Public Law Number 96-422, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1).

(3) For purposes of paragraph (f), "emergency services" has the meaning given in Code of Federal Regulations, title 42, section 440.255(b)(1).

Sec. 50. [ICF/MR RULE REVISION RECORD KEEPING.]

The commissioner shall consider various time record and time distribution record keeping requirements when developing rule revisions for cost allocation regarding intermediate care facilities for persons with mental retardation or related conditions. The commissioner shall consider information from the public, including providers, provider associations, advocates, and counties when developing rule amendments in the area of cost allocation.

From July 1, 1995, until June 30, 1996, all employees and consultants of ICFs/MR, including any individual for whom any portion of that individual's compensation is reported for reimbursement under Minnesota Rules, parts 9553.0010 to 9553.0080, shall document their service to all sites according to paragraphs (a) to (c). For this purpose, and for paragraphs (a) to (c), employee means an individual who is compensated by a facility or provider group for necessary services on any hourly or salaried basis. Employees and consultants for whom no portion of that individual's total compensation is reported for reimbursement in Minnesota Rules, parts 9553.0010 to 9553.0080, are exempt from the record keeping requirements set forth in paragraphs (a) to (c).

(a) Time and attendance records are required for all employees and consultants as set forth in Minnesota Statutes, section 256B.432, subdivision 8.

(b) Employees and consultants shall keep time records on a daily basis showing the actual time spent on various activities, as required by Minnesota Rules, part 9553.0030, except that employees with multiple duties must not use a sampling method.

(c) All employees and consultants who work for the benefit of more than one site shall keep a record of where work is performed. This record must specify the time in which work performed at a site solely benefits that site. The amount of time reported for work performed at a site for the sole benefit of that site does not need to be adjusted for brief, infrequent telephone interruptions, time spent away from the site when accompanying clients from that site, and time away from the site for shopping or errands if the shopping or errands benefit solely that site.

For record keeping purposes, site means a Minnesota ICF/MR, waived services location, semi-independent living service arrangement, day training and habilitation operation, or similar out-of-state service operation for persons with developmental disabilities. Site also means any nondevelopmental disability service location or any business operation owned or operated by a provider group, either in or outside of Minnesota, whether or not that operation provides a service to persons with developmental disabilities.

Sec. 51. [ADVISORY TASK FORCE TO STANDARDIZE SUPPORTING DOCUMENTATION FOR PRIOR AUTHORIZATION.]

Subdivision 1. [COMPOSITION OF TASK FORCE.] A six-member advisory task force on prior authorization for physical therapy, occupational therapy, speech therapy, or related services

supporting documentation shall be established. The task force shall be comprised of one licensed physiatrist, one licensed physical therapist, one licensed occupational therapist, one licensed speech therapist, one licensed rehabilitation nurse, and one consumer representative. All licensed task force members must be actively engaged in the practice of their profession in Minnesota. The members of the task force shall be appointed by the commissioner of human services. No more than three members may be of one gender. All licensed professional members shall be selected from lists submitted to the commissioner by the appropriate professional associations. Task force members who are licensed professionals shall not be compensated for their service. The consumer representative member must be compensated for time spent on task force activities as specified in Minnesota Statutes, section 15.059, subdivision 3. The task force shall expire on December 31, 1996.

Subd. 2. [DUTIES OF COMMISSIONER AND TASK FORCE.] The task force shall study the lists of items, specified in the issue of the medical assistance and general assistance medical care provider manual which is in effect as of the effective date of this act, that are required to be submitted by each category of provider along with the provider's request for prior authorization. The task force shall recommend to the commissioner any amendments or refinements needed to clarify the lists. The commissioner shall use the recommendations of the task force to develop standardized documentation which a provider must submit with a prior authorization request. If the commissioner intends to depart from the recommendations of the task force, the commissioner shall inform the task force of the intended departure, provide a written explanation of the reasons for the departure, and give the task force an opportunity to comment on the intended departure.

Sec. 52. [PRIOR AUTHORIZATION ALTERNATIVES; REPORT REQUIRED.]

The commissioner shall report on alternative methods, other than prior authorization, to achieve utilization review of the therapy services provided by an entity that operates a Medicare certified comprehensive outpatient rehabilitation facility which was certified prior to January 1, 1993, and that is a facility licensed under Minnesota Rules, parts 9570.2000 to 9570.3600, when these services are provided within the comprehensive outpatient rehabilitation facility and not provided in a nursing facility other than the entity's own, and by facilities licensed under Minnesota Rules, parts 9570.2000 to 9570.3600, which provide residential services for persons with physical handicaps. The commissioner must consult with these facilities to develop recommendations for alternative methods of utilization review. By February 1, 1996, the commissioner must submit the report to the health and human services committee of the house of representatives, the health care committee of the senate, and the legislative commission to review administrative rules.

Sec. 53. [CONTINUATION OF PILOT PROJECTS.]

The alternative care pilot projects authorized in Laws 1993, First Special Session chapter 1, article 5, section 133, shall not expire on June 30, 1995, but shall continue until June 30, 1997, except that the three percent rate increases authorized in Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 4, shall be incorporated in average monthly cost effective July 1, 1995. The commissioner shall allow additional counties at their option to implement the alternative care program within the parameters established in Laws 1993, First Special Session chapter 1, article 5, section 133. If more than five counties exercise this option, the commissioner may require counties to make this change on a phased schedule if necessary in order to implement this provision within the limit of available resources. For newly participating counties, the previous fiscal year shall be the base year.

Sec. 54. [PREADMISSION SCREENING RATES FOR 1996.]

The preadmission screening payment to a county for fiscal year 1996 shall be the rate in effect for fiscal year 1995.

Sec. 55. [RATE CONSOLIDATION PLAN.]

The commissioner of human services, in cooperation with counties, shall prepare an implementation plan to consolidate payment rates for alternative care services, elderly waiver services, community alternatives for disabled individuals services, traumatic brain injury services, and comparable medical assistance services provided after June 30, 1996, that establishes a statewide rate cap for each individual service that is equal to the highest rate cap in any program for that service. The plan must be submitted to the legislature by October 1, 1995.

Sec. 56. [STUDY OF VENDORS.]

The commissioner shall study the feasibility of grouping vendors of similar size, location, direct service staffing needs or performance outcomes to establish payment rate limits that define cost-effective service. Based on the conclusions of the feasibility study the department shall consider developing a method to redistribute dollars from less cost effective to more cost-effective services based on vendor achievement of performance outcomes. The department shall report to the legislature by March 1, 1996, with results of the study and recommendations for further action. The department shall consult with an advisory committee representing counties, service consumers, vendors, and the legislature.

Sec. 57. [EFFECTIVE DATE.]

Sections 12 to 15 (256B.0595, subdivisions 1, 2, 3, and 4) are effective retroactive to October 1, 1993, except that the portion of section 13 amending Minnesota Statutes, section 256B.0595, subdivision 2, paragraph (c), is effective retroactive to transfers of income or assets made on or after September 1994.

Sections 20, 21, 25, 30, and 33 to 35 (256B.0628, subdivision 2; 256B.0911, subdivision 2; 256B.0913, subdivision 14; 256B.0915, subdivision 3; 256B.093, subdivisions 1, 2, and 3) are effective the day following final enactment.

Subd. 3. The commissioner of human services is not required to include indirect costs as defined in section 16A.127 in work activity contracts for patients of the regional treatment centers, and is not required to reimburse the general fund for indirect costs related to work activity programs.

Sec. 2. Minnesota Statutes 1994, section 256B.501, subdivision 8, is amended to read:

Subd. 8. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS.] The commissioner shall establish by December 31, 1983, procedures to be followed by the counties to seek authorization from the commissioner for medical assistance reimbursement for very dependent persons with special needs in an amount in excess of the rates allowed pursuant to subdivision 2, including rates established under section 252.46 when they apply to services provided to residents of intermediate care facilities for persons with mental retardation or related conditions, and procedures to be followed for rate limitation exemptions for intermediate care facilities for persons with mental retardation or related conditions. Rate payments under subdivision 8a are eligible for a rate exception under this subdivision. No excess payment approved by the commissioner after June 30, 1991, shall be authorized unless:

(1) the need for specific level of service is documented in the individual service plan of the person to be served;

(2) the level of service needed can be provided within the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, without a rate exception within 12 months;

(3) staff hours beyond those available under the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, necessary to deliver services do not exceed 1,440 hours within 12 months;

(4) there is a basis for the estimated cost of services;

(5) the provider requesting the exception documents that current per diem rates are insufficient to support needed services;

(6) estimated costs, when added to the costs of current medical assistance-funded residential

and day training and habilitation services and calculated as a per diem, do not exceed the per diem established for the regional treatment centers for persons with mental retardation and related conditions on July 1, 1990, indexed annually by the urban consumer price index, all items, as forecasted by Data Resources Inc., for the next fiscal year over the current fiscal year;

- (7) any contingencies for an approval as outlined in writing by the commissioner are met; and
- (8) any commissioner orders for use of preferred providers are met.

The commissioner shall evaluate the services provided pursuant to this subdivision through program and fiscal audits.

The commissioner may terminate the rate exception at any time under any of the conditions outlined in Minnesota Rules, part 9510.1120, subpart 3, for county termination, or by reason of information obtained through program and fiscal audits which indicate the criteria outlined in this subdivision have not been, or are no longer being, met.

The commissioner may approve no more than one rate exception, up to 12 months duration, for an eligible client.

Sec. 3. Minnesota Statutes 1994, section 256B.501, is amended by adding a subdivision to read:

Subd. 8a. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS FOR CRISIS INTERVENTION SERVICES.] State-operated, community-based crisis services provided in accordance with sections 7 and 9 to a resident of an intermediate care facility for persons with mental retardation (ICF/MR) reimbursed under this section shall be paid by medical assistance in accordance with the paragraphs in this subdivision.

(a) "Crisis services" means the specialized services listed in clauses (1) to (3) provided to prevent the recipient from requiring placement in a more restrictive institutional setting such as an inpatient hospital or regional treatment center and to maintain the recipient in his or her present community setting.

(1) The crisis services provider shall assess the recipient's behavior and environment to identify factors contributing to the crisis.

(2) The crisis services provider shall develop a recipient-specific intervention plan in coordination with the service planning team and provide recommendations for revisions to the individual service plan if necessary to prevent or minimize the likelihood of future crisis situations. The intervention plan shall include a transition plan to aid the recipient in returning to the community-based ICF/MR if the recipient is receiving residential crisis services.

(3) The crisis services provider shall consult with and provide training and ongoing technical assistance to the recipient's service providers to aid in the implementation of the intervention plan and revisions to the individual service plan.

(b) "Residential crisis services" means crisis services that are provided to a recipient admitted to the crisis services foster care setting because the ICF/MR receiving reimbursement under this section is not able, as determined by the commissioner, to provide the intervention and protection of the recipient and others living with the recipient that are necessary to prevent the recipient from requiring placement in a more restrictive institutional setting.

(c) Crisis services providers must be licensed by the commissioner under section 245A.03 to provide foster care, must exclusively provide short-term crisis intervention, and must not be located in a private residence.

(d) Payment rates are determined annually for each crisis services provider based on cost of care for each provider as defined in section 246.50. Interim payment rates are calculated on a per diem basis by dividing the projected cost of providing care by the projected number of contact days for the fiscal year, as estimated by the commissioner. Final payment rates are calculated by dividing the actual cost of providing care by the actual number of contact days in the applicable fiscal year.

(e) Payment shall be made for each contact day. "Contact day" means any day in which the crisis services provider has face-to-face contact with the recipient or any of the recipient's medical assistance service providers for the purpose of providing crisis services as defined in paragraph (c).

(f) Payment for residential crisis services is limited to 21 days, unless an additional period is authorized by the commissioner. The additional period may not exceed 21 days.

(g) Payment for crisis services shall be made only for services provided while the ICF/MR receiving reimbursement under this section:

(1) has a shared services agreement with the crisis services provider in effect in accordance with section 246.57;

(2) has reassigned payment for the provision of the crisis services under this subdivision to the commissioner in accordance with Code of Federal Regulations, title 42, section 447.10(e); and

(3) has executed a cooperative agreement with the crisis services provider to implement the intervention plan and revisions to the individual service plan as necessary to prevent or minimize the likelihood of future crisis situations, to maintain the recipient in his or her present community setting, and to prevent the recipient from requiring a more restrictive institutional setting.

(h) Payment to the ICF/MR receiving reimbursement under this section shall be made for up to 18 therapeutic leave days during which the recipient is receiving residential crisis services, if the ICF/MR is otherwise eligible to receive payment for a therapeutic leave day under Minnesota Rules, part 9505.0415. Payment under this paragraph shall be terminated if the commissioner determines that the ICF/MR is not meeting the terms of the cooperative agreement under paragraph (g) or that the recipient will not return to the ICF/MR.

Sec. 2. Minnesota Statutes 1994, section 115C.02, is amended by adding a subdivision to read:

Subd. 11a. [PREREMOVAL SITE ASSESSMENT.] "Preremoval site assessment" means actions defined in section 115A.092 which are taken by a registered consultant prior to the removal of a petroleum storage tank in order to determine whether a release has occurred in the area immediately surrounding the tank.

Sec. 3. Minnesota Statutes 1994, section 115C.03, subdivision 10, is amended to read:

An applicant must obtain and retain~~

records necessary to document costs submitted in a claim for reimbursement for corrective action services for seven years from the date the claim is submitted to the board.

Sec. 4. Minnesota Statutes 1994, section 115C.09, subdivision 2, is amended to read:

Subd. 2. [RESPONSIBLE PERSON ELIGIBILITY.] (a) A responsible person who has incurred reimbursable costs after June 4, 1987, in response to a release, may apply to the board for partial reimbursement under subdivision 3 and rules adopted by the board. The board may consider applications for reimbursement at the following stages:

(1) after the commissioner approves ~~a plan for corrective action~~ actions related to soil contamination excavation and treatment or after the commissioner determines that further soil excavation and treatment should not be done;

(2) after the commissioner determines that the corrective ~~action plan~~ actions described in clause (1) has been fully constructed ~~or~~, installed, or completed;

(3) after the commissioner approves a comprehensive plan for corrective action that will adequately address the entire release, including groundwater contamination if necessary;

(4) after the commissioner determines that the corrective action necessary to adequately address the release has been fully constructed or installed; and

(5) periodically afterward as the corrective action continues operation, but no more frequently than four times per 12-month period unless the application is for more than \$2,000 in reimbursement.

(b) The commissioner shall review a plan, and provide an approval or disapproval to the responsible person and the board, within 60 days in the case of a plan submitted under paragraph (a), clause (1), and within 120 days in the case of a plan submitted under paragraph (a), clause (3), or the commissioner shall explain to the board why additional time is necessary. For purposes of the preceding sentence, board consideration of an application is timely if it occurs at the regularly scheduled meeting following the deadline. Board staff may review applications submitted to the board simultaneous to the commissioner's consideration of the appropriateness of the corrective action, but the board may not act on the application until after the commissioner's approval is received.

(c) A reimbursement may not be made unless the board determines that the commissioner has determined that the corrective action was appropriate in terms of protecting public health, welfare, and the environment.

Sec. 5. Minnesota Statutes 1994, section 115C.09, subdivision 3, is amended to read:

Subd. 3. [REIMBURSEMENTS; SUBROGATION; APPROPRIATION.] (a) The board shall reimburse a responsible person who is eligible under subdivision 2 from the account for 90 percent of the total reimbursable costs on the first \$250,000 and 75 percent on any remaining costs in excess of \$250,000 on a site.

Not more than \$1,000,000 may be reimbursed for costs associated with a single release, regardless of the number of persons eligible for reimbursement, and not more than \$2,000,000 may be reimbursed for costs associated with a single tank facility.

(b) A reimbursement may not be made from the account under this subdivision until the board has determined that the costs for which reimbursement is requested were actually incurred and were reasonable.

(c) A reimbursement may not be made from the account under this subdivision in response to either an initial or supplemental application for costs incurred after June 4, 1987, that are payable under an applicable insurance policy, except that if the board finds that the responsible person has made reasonable efforts to collect from an insurer and failed, the board shall reimburse the responsible person under this subdivision.

(d) If the board reimburses a responsible person for costs for which the responsible person has petroleum tank leakage or spill insurance coverage, the board is subrogated to the rights of the responsible person with respect to that insurance coverage, to the extent of the reimbursement by the board. The board may request the attorney general to bring an action in district court against the insurer to enforce the board's subrogation rights. Acceptance by a responsible person of reimbursement constitutes an assignment by the responsible person to the board of any rights of the responsible person with respect to any insurance coverage applicable to the costs that are reimbursed. Notwithstanding this paragraph, the board may instead request a return of the reimbursement under subdivision 5 and may employ against the responsible party the remedies provided in that subdivision, except where the board has knowingly provided reimbursement because the responsible person was denied coverage by the insurer.

(e) Money in the account is appropriated to the board to make reimbursements under this section. A reimbursement to a state agency must be credited to the appropriation account or accounts from which the reimbursed costs were paid.

(f) The board ~~shall~~ may reduce the amount of reimbursement to be made under this section if it finds that the responsible person has not complied with a provision of this chapter, a rule or order issued under this chapter, or one or more of the following requirements:

~~(1) at the time of the release the tank was in substantial compliance with state and federal rules and regulations applicable to the tank, including rules or regulations relating to financial responsibility;~~

(2) (1) the agency was given notice of the release as required by section 115.061;

~~(3) (2) the responsible person, to the extent possible, fully cooperated with the agency in responding to the release; and~~

~~(4) if the responsible person is an operator, the person exercised due care with regard to operation of the tank, including maintaining inventory control procedures.~~

(3) the state and federal rules and regulations applicable to the condition or operation of the tank when the noncompliance caused or failed to mitigate the release.

(g) The reimbursement ~~shall~~ may be reduced as much as 100 percent for failure by the responsible person to comply with the requirements in paragraph (f) (i), clauses (1) to (4) (3). In determining the amount of the reimbursement reduction, the board shall consider:

(1) the ~~likely~~ reasonable determination by the agency of the environmental impact of the noncompliance;

(2) whether the noncompliance was negligent, knowing, or willful;

(3) the deterrent effect of the award reduction on other tank owners and operators; and

(4) the amount of reimbursement reduction recommended by the commissioner.

(h) A person may assign the right to receive reimbursement to each lender who advanced funds to pay the costs of the corrective action or to each contractor or consultant who provided corrective action services. An assignment must be made by filing with the board a document, in a form prescribed by the board, indicating the identity of the responsible person, the identity of the assignee, the dollar amount of the assignment, and the location of the corrective action. An assignment signed by the responsible person is valid unless terminated by filing a termination with the board, in a form prescribed by the board, which must include the written concurrence of the assignee. The board shall maintain an index of assignments filed under this paragraph. The board shall pay the reimbursement to the responsible person and to one or more assignees by a multiparty check. The board has no liability to a responsible person for a payment under an assignment meeting the requirements of this paragraph.

Sec. 6. Minnesota Statutes 1994, section 115C.09, subdivision 3b, is amended to read:

Subd. 3b. [VOLUNTEER ELIGIBILITY.] (a) Notwithstanding subdivisions 1 to 3, a person may apply to the board for partial reimbursement under subdivision 3 who:

- (3) incurs reimbursable costs on or after May 23, 1989.

(b) A person eligible for reimbursement under this subdivision must, to the maximum extent possible, comply with the same conditions and requirements of reimbursement as those imposed by this section on a responsible person.

(c) The board may reduce the reimbursement to a person eligible under this subdivision if the person acquired legal or equitable title to the property from a responsible person who failed to comply with the provisions of subdivision 3, paragraph ~~(f)~~ (i), except that the board may not reduce the reimbursement to a mortgagee who acquires title to the property through foreclosure or receipt of a deed in lieu of foreclosure.

Sec. 7. Minnesota Statutes 1994, section 115C.09, subdivision 3c, is amended to read:

- (1) from a tank located at a petroleum refinery; or
- (2) from a tank facility, including a pipeline terminal, with more than 1,000,000 gallons of total petroleum storage capacity at the tank facility.

(b) Paragraph (a), clause (2), does not apply to reimbursement for costs associated with a release from a tank facility:

(6) the signature of the consultant or contractor, and the date the report was prepared.

If further corrective action is recommended by the consultant, the preremoval site assessment report and any additional information gathered by the consultant during the assessment shall be used for securing competitive bids or proposals on forms prescribed by the board to implement corrective actions at the site, consistent with rules promulgated under this chapter.

Subd. 4. [BID AND INVOICE FORMS; AGENCY FACT SHEETS.] Within 60 days of the effective date of this section, the board shall prescribe a preremoval site assessment bid and invoice form as described in subdivision 1 and the agency shall publish fact sheets applicable to the preremoval site assessment.

The incorporators of the consolidated relief association must include at least one board member of the Crystal volunteer firefighters' relief association and at least one board member of the former New Hope volunteer firefighters' relief association. The consolidated relief association must be incorporated within 90 days of the establishment of the joint powers fire department. The joint powers fire department is established on the date specified in the joint powers agreement.

Subd. 2. [GOVERNANCE OF CONSOLIDATED VOLUNTEER FIREFIGHTERS' RELIEF ASSOCIATION.] (a) Notwithstanding Minnesota Statutes, section 424A.04, subdivision 1, the consolidated volunteer firefighters' relief association is governed by a board of trustees consisting of nine members, as provided in the bylaws of the consolidated relief association, composed of:

(1) six firefighters in the joint fire department elected by the membership of the consolidated relief association; and

(2) three appointed members, including the fire chief of the joint fire department, one member

appointed by the city council of the city of New Hope, and one member appointed by the city council of the city of Crystal.

(b) The board must have three officers, including a president, a secretary, and a treasurer. The membership of the consolidated volunteer firefighters' relief association must elect the three officers from the nine board members. A board of trustees member may not hold more than one officer position at the same time.

(c) The board of trustees must administer the affairs of the relief association consistent with sections 1 to 7 and the applicable provisions of Minnesota Statutes, chapters 69, 356A, and 424A.

Subd. 3. [SPECIAL AND GENERAL FUNDS.] (a) The consolidated volunteer firefighters' relief association must establish and maintain a special fund and may establish and maintain a general fund.

(b) The special fund must be established and maintained as provided in Minnesota Statutes, section 424A.05.

(c) The general fund must be established and maintained as provided in Minnesota Statutes, section 424A.06.

Sec. 3. [CONSOLIDATION OF FORMER RELIEF ASSOCIATIONS.]

Subdivision 1. [EFFECTIVE DATE OF CONSOLIDATION.] On the first business day occurring 30 days after the establishment of the consolidated volunteer firefighters' relief association under section 2, which is the effective date of consolidation, the administration, records, assets, and liabilities of the prior Crystal volunteer firefighters' relief association and of the prior New Hope volunteer firefighters' relief association transfer to the consolidated volunteer firefighters' relief association and the Crystal volunteer firefighters' relief association and the New Hope volunteer firefighters' relief association cease to exist as legal entities.

Subd. 2. [TRANSFER OF ADMINISTRATION.] On the effective date of consolidation, the administration of the prior relief associations is transferred to the board of trustees of the consolidated volunteer firefighters' relief association.

Subd. 3. [TRANSFER OF RECORDS.] On the effective date of consolidation, the secretary and the treasurer of the Crystal volunteer firefighters' relief association and the secretary and the treasurer of the New Hope volunteer firefighters' relief association shall transfer all records and documents relating to the prior relief associations to the secretary and the treasurer of the consolidated volunteer firefighters' relief association.

Subd. 4. [TRANSFER OF SPECIAL FUND ASSETS AND LIABILITIES.] (a) On the effective date of consolidation, the secretary and the treasurer of the Crystal volunteer firefighters' relief association and the secretary and the treasurer of the New Hope volunteer firefighters' relief association shall cause to occur the transfer of the assets of the special fund of the applicable relief association to the special fund of the consolidated relief association. Unless the applicable secretary and treasurer decide otherwise, the assets may be transferred as investment securities rather than as cash. The transfer must include any accounts receivable. The applicable secretary shall settle any accounts payable from the special fund of the relief association before the effective date of consolidation.

(b) Upon the transfer of the assets of the special fund of a prior relief association, the pension liabilities of that special fund become the obligation of the special fund of the consolidated volunteer firefighters' relief association.

(c) Upon the transfer of the prior relief association special fund assets, the board of trustees of the consolidated volunteer firefighters' relief association has legal title to and management responsibility for the transferred assets as trustees for persons having a beneficial interest in those assets arising out of the benefit coverage provided by the prior relief association.

(d) The consolidated volunteer firefighters' relief association is the successor in interest for all claims for and against the special funds of the prior Crystal volunteer firefighters' relief association and the prior New Hope volunteer firefighters' relief association, or the cities of

Crystal and New Hope with respect to the special funds of the prior relief associations. The status of successor in interest does not apply to any claim against a prior relief association, the city in which that relief association is located, or any person connected with the prior relief association or the city, based on any act or acts that were not done in good faith and that constituted a breach of fiduciary responsibility under common law or Minnesota Statutes, chapter 356A.

Subd. 5. [DISSOLUTION OF PRIOR GENERAL FUND BALANCES.] Before the effective date of consolidation, the secretary of the Crystal volunteer firefighters' relief association and the secretary of the New Hope volunteer firefighters' relief association shall settle any accounts payable from the respective general fund or any other relief association fund in addition to the relief association special fund. Any investments held by a fund of the prior relief associations in addition to the special fund must be liquidated before the effective date of consolidation as the bylaws of the relief association provide. Before consolidation, the respective relief associations shall pay all applicable general fund expenses from their respective general funds and any balance remaining in the general fund or in a fund other than the relief association special fund as of the effective date of consolidation must be paid to the new general fund of the consolidated volunteer relief association.

Subd. 6. [TERMINATION OF PRIOR RELIEF ASSOCIATIONS.] Following the transfer of administration, records, special fund assets, and special fund liabilities from the prior relief associations to the consolidated volunteer firefighters' relief association, the Crystal volunteer firefighters' relief association and the New Hope volunteer firefighters' relief association cease to exist as legal entities. The city manager of the city of Crystal and the city manager of the city of New Hope must notify the following government officials of the termination of the respective relief associations and of the establishment of the consolidated volunteer firefighters' relief association:

- (1) Minnesota secretary of state;
- (2) Minnesota state auditor;
- (3) Minnesota commissioner of revenue; and
- (4) commissioner of the federal Internal Revenue Service.

Sec. 4. [EFFECT ON PREVIOUS BENEFIT PLAN COVERAGE.]

Subdivision 1. [BENEFIT COVERAGE FOR CURRENT RETIRED MEMBERS.] (a) A person who is receiving a monthly service pension, a monthly disability benefit, or a monthly survivorship benefit from the Crystal volunteer firefighters' relief association or from the New Hope volunteer firefighters' relief association on the effective date of consolidation is entitled to a continuation of that pension or benefit, including any death benefit or monthly survivorship benefit provided for in the benefit plan document of the applicable prior relief association in effect on the day before the effective date of the consolidation, from the consolidated volunteer firefighters' relief association. Unless paragraph (b) applies, the amount of the pension or benefit payable after the effective date of consolidation must be identical to the amount payable before the effective date of consolidation. The pension or benefit payable after the effective date of consolidation is subject to the same terms, conditions, and qualifications as were in effect before the effective date of consolidation.

(b) If the board of trustees of the consolidated volunteer firefighters' relief association establishes the option, a pension or benefit recipient to whom paragraph (a) applies is entitled to elect an alternative pension or benefit amount as offered by the relief association board. To provide this alternative pension or benefit, the relief association board may arrange for a lump-sum payment or the purchase of an annuity contract for the pension or benefit recipient in place of a direct payment from the relief association to the person. The annuity contract may be purchased only from an insurance company that is licensed to do business in this state, regularly undertakes life insurance and annuity business, and is rated by a recognized national rating agency or organization as being among the top 25 percent of all insurance companies undertaking life insurance and annuity business. The alternative pension or benefit payable monthly may be in an amount greater than the pension or benefit payable before the effective date of consolidation, but may not exceed the maximum service pension or benefit payable under Minnesota Statutes,

chapter 424A. In electing the alternative pension or benefit payable under an annuity contract from a qualified insurance company, the affected person must waive in writing the person's eligibility and entitlement to any direct future pension or benefit payments from the consolidated volunteer firefighters' relief association.

Subd. 2. [BENEFIT COVERAGE FOR CURRENT DEFERRED MEMBERS.] (a) A person who is not an active member of the Crystal volunteer firefighters' relief association or an active member of the New Hope volunteer firefighters' relief association but who has sufficient service credit with one of the relief associations to be entitled to a future service pension from the appropriate relief association remains entitled to the receipt of that service pension, upon application, when the person attains at least the minimum age for receipt of a service pension unless the person elects an alternative service pension under paragraph (b). A deferred member may transfer the member's current service pension to a member's individual account established under subdivision 3, paragraph (c), subject to the same conditions of individual accounts for active members, and remain entitled to receipt of a service pension when the member reaches the normal retirement age.

(b) If the board of trustees of the consolidated volunteer firefighters' relief association establishes the option for benefit recipients under subdivision 1, the deferred service pensioner described in paragraph (a) may elect the same alternative service pension as established under subdivision 1, paragraph (b), except that the deferred service pensioner may not receive the alternative service pension at an age younger than the normal retirement age in effect for the prior applicable relief association.

Subd. 3. [BENEFIT COVERAGE FOR NEW FIREFIGHTERS' AND CURRENT VESTED AND NONVESTED ACTIVE MEMBERS.] (a) The benefit coverage for persons who become firefighters for the joint fire department for the first time after the effective date of consolidation and for persons who are active members of the consolidated volunteer firefighters' relief association as of the effective date of consolidation is a defined contribution plan governed under this subdivision and Minnesota Statutes, section 424A.02, subdivision 4.

(b) For an active member of the consolidated volunteer firefighters' relief association as of the effective date of consolidation, that member's prior service as a firefighter in the prior Crystal fire department or the prior New Hope fire department must be converted into a dollar accumulation by multiplying each full year of prior service as a firefighter in the prior fire department of Crystal or the prior fire department of New Hope by not less than \$3,000. A member's prior service of a partial year will be converted into a dollar accumulation by prorating the full year of prior service yearly amount by the number of months served in the partial year. The total calculated dollar accumulation must be credited to the member's individual account established under paragraph (c).

(c) For each active member of the consolidated volunteer firefighters' relief association covered by the defined contribution plan, an individual account must be established, as provided in Minnesota Statutes, section 424A.02, subdivision 4, with an initial balance based on the conversion accumulation determined under paragraph (b), if applicable. Notwithstanding Minnesota Statutes, section 424A.02, subdivision 4, the amount of fire state aid and the amount of regular municipal contributions must be credited to individual active firefighter accounts as specified in section 6, subdivision 4.

Sec. 5. [ACTUARIAL VALUATIONS REQUIRED.]

(a) Unless all benefit recipients and deferred service pensioners elect alternative pensions or benefits under section 4, subdivisions 1, paragraph (b); and 2, paragraph (b), a special actuarial valuation of the consolidated volunteer firefighters' relief association must be prepared as soon as practicable following the benefit selection under section 4, subdivision 1. The actuarial valuation must be prepared under the applicable provisions of Minnesota Statutes, sections 356.215 and 356.216.

(b) Subsequent actuarial valuations must be prepared as required under Minnesota Statutes, section 69.773, subdivisions 2 and 3, if any person is entitled or is reasonably anticipated to be entitled to a direct future monthly benefit from the consolidated relief association.

Sec. 6. [ANNUAL RELIEF ASSOCIATION FUNDING.]

Subdivision 1. [SOURCES.] In addition to investment income earned by the special fund, the sources of the annual funding of the consolidated volunteer firefighters' relief association are the fire state aid received by the city of Crystal, the fire state aid received by the city of New Hope, the regular municipal contribution from the city of Crystal, and the regular municipal contribution from the city of New Hope.

Subd. 2. [FIRE STATE AID.] The fire state aid received by the city of Crystal and the fire state aid received by the city of New Hope must be deposited in the special fund of the consolidated volunteer firefighters' relief association, for allocation as provided in subdivision 4.

Subd. 3. [REGULAR MUNICIPAL CONTRIBUTION.] (a) Annually, as part of the municipal budget setting process, the city council of the city of Crystal and the city council of the city of New Hope must jointly establish the amount of the regular municipal contribution by each city to the consolidated volunteer firefighters' relief association.

(b) The regular municipal contribution in total must be at least equal to (1) the amount of the fire state aid received by the city of Crystal and the fire state aid received by the city of New Hope, plus (2) whatever additional amount is needed to equal the sum determined by multiplying \$1,811 by the total of the number of active firefighters' who are members of the consolidated volunteer firefighters' relief association.

(c) The established amount for each city must be included in the budget of the respective city, and, if not payable from a municipal revenue source other than the city's property tax levy or fire state aid, must be included in the property tax levy of the respective city. The regular municipal contribution must be allocated in the manner specified in subdivision 4.

(d) If a direct service pension or entitlement is payable under section 4, subdivision 1, paragraph (a); or subdivision 2, paragraph (a), to a retiree or deferred retiree, the applicable city remains responsible for any amount of service pension that is payable beyond the relief association assets allocated for the retiree or deferred retiree. Following any actuarial valuation of the consolidated relief association, if there is a net mortality loss attributable to the applicable city, the city shall make a contribution in addition to the regular municipal contribution under paragraphs (a) to (c) equal to the amount of that net mortality loss. The municipal contribution under this paragraph is payable on or before the last business day of the month next following the completion of the actuarial valuation.

Subd. 4. [ALLOCATION OF FUNDING AMOUNTS.] (a) The annual fire state aid and the regular municipal contribution, after deduction for payment of administrative expenses as specified in subdivision 5, must be allocated to individual active firefighter accounts based on the level of firefighting services rendered by the individual active firefighter as stated in the bylaws of the consolidated volunteer firefighters' relief association.

(b) Investment income earned by the special fund of the consolidated relief association must be allocated to each individual account based on the proportion of the total assets of the special fund represented by the account.

Subd. 5. [PAYMENT OF RELIEF ASSOCIATION ADMINISTRATIVE EXPENSES.] (a) The payment of authorized administrative expenses of the consolidated volunteer firefighters' relief association shall be from the special fund of the relief association according to Minnesota Statutes, section 69.80, and as provided for in the bylaws of the consolidated relief association and approved by the board of trustees of the consolidated relief association. The allocation of these administrative expenses to the individual member accounts must occur as provided in the bylaws of the consolidated relief association.

(b) The payment of any other expenses of the consolidated relief association shall be from the general fund of the consolidated relief association according to Minnesota Statutes, section 69.80, and as provided for in the bylaws of the consolidated relief association and approved by the board of trustees of the consolidated relief association.

Sec. 7. [VALIDATION OF CURRENT BENEFIT PLANS AND PRIOR ACTIONS.]

Notwithstanding any provisions of Laws 1969, chapter 1088, as amended by Laws 1978, chapters 562, section 32, and 753; Laws 1979, chapter 201, section 44; or Laws 1981, chapter 224, section 250; or Laws 1971, chapter 114, as amended by Laws 1979, chapters 97, and 201, sections 27 and 44; and Laws 1981, chapter 224, section 254, the benefit plans of the Crystal volunteer firefighters' relief association and of the New Hope volunteer firefighters' relief association as reflected in each relief association's articles of incorporation and bylaws as of December 15, 1993, are hereby ratified and validated. ST. PAUL TEACHERS RETIREMENT FUND ASSOCIATION
POST RETIREMENT ADJUSTMENT MECHANISMS

Section 1. [ST. PAUL TEACHERS' RETIREMENT FUND ASSOCIATION; POSTRETIREMENT ADJUSTMENTS.]

Subdivision 1. [AUTHORITY FOR AMENDMENT.] Under Minnesota Statutes, section 354A.12, authority is granted for the St. Paul teachers retirement fund association to amend its articles of incorporation or bylaws as required to provide postretirement adjustments after June 1, 1995, in accordance with this section.

Subd. 2. [CALCULATION OF THIRTEENTH CHECK POSTRETIREMENT ADJUSTMENT.] Retired members and survivors of retired members from the St. Paul teachers retirement fund association are entitled to receive an annual lump sum postretirement increase granted at the discretion of the board of trustees under this subdivision. If granted, the lump sum postretirement increase is payable to all eligible annuitants and benefit recipients who have been retired for at least one year on July 1 following the June 30 fiscal year end. The lump sum amount must be determined as follows:

(1) The years of service and years of annuity or benefit payment receipt of each eligible annuitant or benefit recipient must be determined by the executive secretary as of each June 30, based on the records of the association and are called units.

(2) The unit value of the lump sum adjustment is one percent of the actuarial value of fund assets divided by the total of all units determined in clause (1).

(3) The amount payable to each eligible annuitant or benefit recipient is the product of the number of units allocated to that annuitant or beneficiary multiplied by the unit value determined in clause (2).

(4) The lump sum postretirement adjustment determined under this paragraph is payable annually to each eligible annuitant or beneficiary and must be paid no sooner than six months following the fiscal year end. In lieu of a lump sum payment, the annuitant or beneficiary may annuitize the lump sum to a lifetime annuity or benefit increase using the interest and mortality assumptions required for the annual actuarial valuations of the fund.

Subd. 3. [INVESTMENT PERFORMANCE POSTRETIREMENT ADJUSTMENT.] (a)

Annually, following the fiscal year end, the board of trustees of the St. Paul teachers retirement fund association shall use the procedures in paragraph (b) to determine whether an additional investment performance postretirement adjustment is payable and the amount of that additional investment performance postretirement adjustment.

(b) Annually, as of each June 30, the rate of return, after deduction of any investment-related expenses, must be determined using the method described in Minnesota Statutes, section 11A.04, clause (11), and the return above the assumed interest rate specified in Minnesota Statutes, section 356.215, must be determined and certified by the board of trustees to the actuary performing the annual actuarial valuation of the retirement fund. The amount of excess investment earnings, the funding ratio, and the actuarial accrued liability must be determined by the actuary preparing the annual actuarial valuation as specified in Minnesota Statutes, section 356.215, and must be used to determine the amount of an excess earnings postretirement adjustment, as follows:

(1) The amount of excess investment return must be determined by the actuary as of the end of the fiscal year end.

(2) The retiree percentage of the total fund actuarial accrued liability must be determined and must be multiplied by the amount of excess investment return determined in clause (1).

(3) The amount determined in clause (2) must be multiplied by the accrued liability funding ratio to determine the amount of excess investment return available for the postretirement increase.

(4) One-fifth of the amount determined in clause (3) must be allocated equally to the current year postretirement adjustment and one-fifth to each of the subsequent four years.

(5) The amount determined in clause (4) must be combined with the amount of excess investment return available for the postretirement increase allocated to the same fiscal year in prior years.

(6) If the amount determined in clause (5) is not positive, then no adjustment under this subdivision is payable.

(7) The postretirement adjustment increase percentage rate must be determined by dividing the amount determined in clause (6) by the actuarial accrued liability for annuitants and benefit recipients in the year preceding the most recent fiscal year actuarial report.

(c) The additional postretirement adjustment rate determined in (b) applies to all annuitants and benefit recipients eligible for the regular lump sum postretirement increase determined in subdivision 2.

Subd. 4. [PAYMENT.] Any additional postretirement adjustment determined under subdivision 2 or 3 is payable to eligible annuitants and benefit recipients on January following the fiscal year end.

Sec. 2. [REPEALER.]

Laws 1979, chapter 109, section 1; Laws 1981, chapter 157, section 1; Laws 1985, chapter 259, section 3; and Laws 1990, chapter 570, article 7, section 4, are repealed.

The state board of investment may retain consulting services to assist in the periodic review, may establish a budget for its costs in the periodic review process, and may charge a proportional share of those costs to each financial institution selected by the state board of investment. Sec. 12. Minnesota Statutes 1994, section 356.30, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY; COMPUTATION OF ANNUITY.] (1) Notwithstanding any provisions to the contrary of the laws governing the funds enumerated in subdivision 3, a person who has met the qualifications of clause (2) may elect to receive a retirement annuity from each fund in which the person has at least six months allowable service, based on the allowable service in each fund, subject to the provisions of clause (3).

(2) A person may receive upon retirement a retirement annuity from each fund in which the person has at least six months allowable service, and augmentation of a deferred annuity calculated under the laws governing each public pension plan or fund named in subdivision 3, from the date the person terminated all public service if:

(a) the person has allowable service totaling an amount that allows the person to receive an annuity in any two or more of the enumerated funds; and

(b) the person has not begun to receive an annuity from any enumerated fund or the person has made application for benefits from all funds and the effective dates of the retirement annuity with each fund under which the person chooses to receive an annuity are within a one-year period.

(3) The retirement annuity from each fund must be based upon the allowable service in each fund, except that:

(a) The laws governing annuities must be the law in effect on the date of termination from the last period of public service under a covered fund with which the person earned a minimum of one-half year of allowable service credit during that employment.

(b) The "average salary" on which the annuity from each covered fund in which the employee has credit in a formula plan shall be based on the employee's highest five successive years of covered salary during the entire service in covered funds.

(c) The formula percentages to be used by each fund must be those percentages prescribed by each fund's formula as continued for the respective years of allowable service from one fund to the next, recognizing all previous allowable service with the other covered funds.

(d) Allowable service in all the funds must be combined in determining eligibility for and the application of each fund's provisions in respect to actuarial reduction in the annuity amount for retirement prior to normal retirement.

(e) The annuity amount payable for any allowable service under a nonformula plan of a covered fund must not be affected but such service and covered salary must be used in the above calculation.

(f) This section shall not apply to any person whose final termination from the last public service under a covered fund is prior to May 1, 1975.

(g) For the purpose of computing annuities under this section the formula percentages used by any covered fund, except the basic program of the teachers retirement association, the public employees police and fire fund, must may not exceed 2-1/2 percent per year of service for any year of service or fraction thereof of a year. The formula percentage used by the public employees

police and fire fund ~~must~~ may not exceed 2.65 percent per year of service for any year of service or fraction thereof of a year. The formula percentage used by the teachers retirement association may not exceed 2.63 percent per year of basic program service for any year of basic program service or fraction of a year.

(h) Any period of time for which a person has credit in more than one of the covered funds ~~must~~ may be used only once for the purpose of determining total allowable service.

(i) If the period of duplicated service credit is more than six months, or the person has credit for more than six months with each of the funds, each fund shall apply its formula to a prorated service credit for the period of duplicated service based on a fraction of the salary on which deductions were paid to that fund for the period divided by the total salary on which deductions were paid to all funds for the period.

(j) If the period of duplicated service credit is less than six months, or when added to other service credit with that fund is less than six months, the service credit must be ignored and a refund of contributions made to the person in accord with that fund's refund provisions.

Sec. 13. [356.305] [PARTIAL PAYMENT OF PENSION PLAN REFUND.]

(a) Notwithstanding any provision of law to the contrary, a member of a pension plan listed in section 356.30, subdivision 3, with at least two years of forfeited service taken from a single pension plan, may repay a portion of all refunds. A partial refund repayment must comply with this section.

(b) The minimum portion of a refund repayment is one-third of the total service credit period of all refunds taken from a single plan.

(c) The cost of the partial refund repayment is the product of the cost of the total repayment multiplied by the ratio of the restored service credit to the total forfeited service credit. The total repayment amount includes interest at the annual rate of 8.5 percent, compounded annually, from the refund date to the date repayment is received.

(d) The restored service credit is allocated based on the relationship the restored service bears to the total service credit period for all refunds taken from a single pension plan.

(e) This section does not authorize a public pension plan member to repay a refund if the law governing the plan does not authorize the repayment of a refund of member contributions.

Sec. 14. Minnesota Statutes 1994, section 356.611, is amended to read:

356.611 [LIMITATION ON PUBLIC EMPLOYEE SALARIES FOR PENSION PURPOSES.]

Subdivision 1. [STATE SALARY LIMITATIONS.] (a) Notwithstanding any provision of law, bylaws, articles of incorporation, retirement and disability allowance plan agreements, or retirement plan contracts to the contrary, the covered salary for pension purposes for a plan participant of a covered retirement fund under section 356.30, subdivision 3, may not exceed 95 percent of the salary established for the governor under section 15A.082 at the time the person received the salary.

(b) This section does not apply to a salary paid:

- (1) to the governor;
- (2) to an employee of a political subdivision in a position that is excluded from the limit as specified under section 43A.17, subdivision 9; or
- (3) to a state employee in a position for which the commissioner of employee relations has approved a salary rate that exceeds 95 percent of the governor's salary.

(c) The limited covered salary determined under this section must be used in determining employee and employer contributions and in determining retirement annuities and other benefits under the respective covered retirement fund and under this chapter.

Subd. 2. [FEDERAL COMPENSATION LIMITS.] For members first contributing to a pension plan covered under section 356.30, subdivision 3, on or after July 1, 1995, compensation in excess of the limitation set forth in section 401(a)(17) of the Internal Revenue Code may not be included for contribution and benefit computation purposes. The compensation limit set forth in section 401(a)(17) of the Internal Revenue Code on June 30, 1993, applies to members first contributing before July 1, 1995.

Sec. 15. [RETROACTIVE PROVISIONS.]

(a) A teacher who had at least three years of allowable service credit under Minnesota Statutes, chapter 354 or 354A, on July 1, 1994, and who worked part-time between July 1, 1994, and June 30, 1995, may be allowed to make contributions to and accrue allowable service credit in the applicable retirement fund as if the teacher had been working full-time, as provided in Minnesota Statutes, sections 354.66, subdivision 4, and 354A.094, subdivision 4, for service after July 1, 1994, and before June 30, 1995. If a teacher described in this paragraph wishes to obtain allowable service credit as if the teacher had been working full-time for the period from July 1, 1994, to June 30, 1995, the teacher must:

(1) make a lump-sum payment to the applicable pension fund within 60 days after the effective date of this section of the difference between the amount of the employer and employee contributions to the pension fund that would have been paid if the teacher had been working full-time, and that amount that was actually paid for part-time service during that period; and

(2) submit to the association a letter or other document from the board of the teacher's employing district stating that the board would have agreed to the teacher's participation in the part-time mobility program during the 1994-1995 school year but for the requirement then in effect that the district make the full employer contribution to the retirement fund for teachers with 20 or more years of service, based on the compensation that would have been paid if the teacher had been employed on a full-time basis.

(b) An employer of a teacher covered by paragraph (a) shall notify the teacher of the option available under paragraph (a) in writing within 30 days of the effective date of this section.

Sec. 16. [EARLY RETIREMENT INCENTIVE.]

The metropolitan council, a metropolitan agency as defined by Minnesota Statutes, section 473.121, subdivision 5a, or the Minnesota historical society may offer its eligible employees the early retirement incentive provided in sections 16 to 24.

Sec. 17. [ELIGIBILITY.]

An employee of a public employer specified in section 16 is eligible to receive the early retirement incentive if the employee:

(1) has at least 25 years of combined service credit in any covered fund or funds listed in Minnesota Statutes, section 356.30, subdivision 3, or for purposes of the incentive in section 18, subdivision 2 only, is at least 65 years old and has at least one year of combined service credit in these covered funds;

(3) is at least 55 years of age; and

(4) retires on or after May 23, 1995, and before January 31, 1996.

Sec. 18. [EARLY RETIREMENT INCENTIVE.]

Subdivision 1. [CHOICE.] An eligible employee may not choose both the incentive in subdivision 2 and the incentive in subdivision 3. The public employers specified in section 16 that choose to offer the early retirement incentive must offer included employees eligible for both incentives a choice between the incentive in subdivision 2 or 3.

Subd. 2. [FORMULA INCREASE OPTION.] For an employee covered by a retirement plan established in Minnesota Statutes, section 352.115, 352.116, 353.29, or 353.30, or chapter 354 or 422A, who selects the incentive under this subdivision, the multiplier percentage used to calculate the retirement annuity must be increased for each year of service credit up to 30 years. The amount of the increase is:

(1) .25 for each year of service credit calculated under Minnesota Statutes, section 352.115, 352.116, 353.29, or 353.30, or chapter 422A; and

(2) .10 for each year of service credit calculated under Minnesota Statutes, chapter 354 or 354A.

If an employee has more than 30 years of service credit, the increased multiplier applies only to the first 30 years.

Subd. 3. [INSURANCE OPTION.] For an employee who selects the incentive under this subdivision, the employer must pay for hospital, medical, and dental insurance under the following conditions and limitations. An employee is eligible for this employer-paid insurance only if the person:

(1) is eligible for employer-paid insurance under a collective bargaining agreement or personnel plan in effect on the day before the effective date of sections 16 to 24;

(2) has at least as many months of service with the current employer as the number of months younger than age 65 the person is at the time of retirement; and

(3) is under age 65.

Sec. 19. [LIMIT ON REHIRING.]

A public employer may not rehire an employee who retires under sections 16 to 24.

Sec. 20. [RETIREMENT.]

For purposes of sections 16 to 24, an employee retires when the employee terminates active employment and applies for retirement benefits.

Sec. 21. [CONDITIONS; INSURANCE COVERAGE.]

A retired employee is eligible for single and dependent insurance coverages and employer payments to which the employee was entitled immediately before retirement, subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans for employees in positions equivalent to the position from which the employee retired. The retired employee is not eligible for employer-paid life insurance. Eligibility ceases when the retired employee reaches age 65, chooses not to receive the retirement benefits for which the employee has applied, or becomes eligible for employer-paid health insurance from a new employer. Coverages must be coordinated with relevant health insurance benefits provided through the federally sponsored Medicare program.

Sec. 22. [INCLUSION.]

A public employer that offers incentives under sections 16 to 24 shall designate the positions or group of positions affected by downsizing or restructuring that will qualify for participation in its early retirement plan and may exclude otherwise eligible employees.

Sec. 23. [PAYMENT OF COST OF EARLY RETIREMENT INCENTIVE.]

(a) A public employer referenced in section 16 that offers an early retirement incentive under section 18 must make an additional employer contribution to the applicable retirement plan from which an employee retired under the incentive program.

(b) The additional employer contribution is an amount equal to the difference in the amount of the reserve transfer under Minnesota Statutes, section 11A.18, or 422A.06, subdivision 8, with the early retirement incentive under section 18, and without the early retirement incentive. The

additional employer contribution must be paid before July 1, 1997. The public employer shall also pay compound interest on the additional employer contribution at an annual rate of 8.5 percent from the effective date of the retirement to the date of the payment of the additional employer contribution.

Sec. 24. [APPLICATION OF OTHER LAWS.]

Unilateral implementation of sections 16 to 24 by a public employer is not an unfair labor practice for purposes of Minnesota Statutes, chapter 179A. The requirement in sections 16 to 24 for an employer to pay health insurance coverage costs for certain retired employees is not subject to the limits in Minnesota Statutes, section 179A.20, subdivision 2a.

Sec. 25. [REPEALER.]

Minnesota Statutes 1994, sections 3A.10, subdivision 2, and 352.021, subdivision 5, are repealed.

Sec. 26. [EFFECTIVE DATE.]

(a) Sections 1, 9, and 14 are effective on July 1, 1995.

(b) Sections 3 and 15 are effective on the day following final enactment.

(c) Sections 5 and 6 are effective on July 1, 1995, and apply to teaching service rendered after that date.

(d) Section 12 is effective retroactively to May 16, 1994.

(e) Sections 16 to 24 are effective on the day after final enactment.

(f) Section 25 is effective on July 1, 1995, and is not intended to reduce the service credit of a legislator for service recorded by the Minnesota state retirement system before July 1, 1995.

(3) is at least 55 years of age; and

(4) retires before January 31, 1996.

Subd. 4. [INCENTIVE.] Persons who retire under this section are eligible to receive employer-paid hospital, medical, and dental insurance, subject to the conditions in subdivision 5 and at the level and under conditions existing at the time of retirement.

Subd. 5. [LIMITS ON REHIRING.] Persons retiring under the provisions of this section may not be reemployed by the state or hired under a professional technical contract in any capacity except:

(1) under conditions of a stated emergency, and then only if the rehire or contract is approved by the higher education board or the higher education coordinating board under procedures adopted by the boards; and

(2) if rehired as adjunct faculty as defined in the appropriate bargaining agreement, or, if rehired by another executive branch agency of state government, if the retired employee works only on a seasonal, temporary, or intermittent basis as defined in Minnesota Statutes, section 43A.02, subdivision 23, or 179A.03, subdivision 14, clause (f), for no more than 1,044 hours in any consecutive 12-month period.

Subd. 6. [CONDITIONS; INSURANCE COVERAGE.] A retired employee is eligible for

single and dependent insurance coverages and employer payments to which the person was entitled immediately before retirement, subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans for employees in positions equivalent to the position from which the employee retired. The retired employee is not eligible for employer-paid life insurance. Eligibility ceases when the retired employee reaches age 65, when the person chooses not to receive the retirement benefits for which the person has applied, or when the person is eligible for employer-paid health insurance from a new employer. Coverages must be coordinated with relevant health insurance benefits provided through the federally sponsored Medicare program.

Subd. 7. [APPLICATION OF OTHER LAWS.] Unilateral implementation of this section by a public employer is not an unfair labor practice for the purposes of Minnesota Statutes, chapter 179A. The requirement in this section for an employer to pay health insurance costs for certain retired employees is not subject to the limits in Minnesota Statutes, section 179A.20, subdivision 2a.

Sec. 2. [NOTIFICATION OF SUBSEQUENT HEALTH COVERAGE: PENALTY FOR NOTIFICATION FAILURE.]

(a) An employee who accepts the early retirement incentive benefit under section 1 agrees as a condition of receipt of the incentive to notify the higher education board or the higher education coordinating board within 30 days of the event that the person is eligible for employer-paid health insurance from subsequent employment.

(b) Failure to make the notification required in paragraph (a) obligates the person to reimburse the higher education board or the higher education coordinating board for any insurance premiums that it paid since the person became eligible for the subsequent employment health insurance coverage.

"ARTICLE 1

SUSPENSION OR FORFEITURE OF CERTAIN
SURVIVOR BENEFITS IN THE EVENT OF
CERTAIN FELONIOUS DEATHS

Section 1. [356.305] [LOSS OF ENTITLEMENT TO BENEFITS FOR SURVIVOR CAUSING DEATH OF PENSION PLAN MEMBER.]

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the following words or terms have the meanings given them in this subdivision.

(b) "Public pension plan" means a retirement plan or fund listed in section 356.20, subdivision 2, or 356.30, subdivision 3, a relief association governed by section 69.77 or sections 69.771 to 69.775, a retirement plan governed by chapter 354B or 354C, the Hennepin County supplemental retirement plan governed by sections 383B.46 to 383B.52, or a housing and redevelopment authority retirement plan.

(c) "Public pension plan member" means a participant covered by a public pension plan; a former participant of a public pension plan who has sufficient service to be entitled to receive a future retirement annuity or service pension; a recipient of a retirement annuity, service pension, or disability benefit from a public pension plan; or a former participant of a public pension plan who has member or employee contributions to the former participant's credit in the public pension plan.

(d) "Survivor" means the surviving spouse, a surviving former spouse, a surviving child, a joint annuitant, a designated recipient of a second or remainder portion of an optional annuity form, a beneficiary, or the estate of a deceased public pension plan member, as those terms are commonly understood or defined in the benefit plan document of the public pension plan.

(e) "Survivor benefit" means a surviving spouse benefit, surviving child benefit, second or remainder portion of an optional annuity form, a death benefit, a funeral benefit, or a refund of member or employee contributions payable on account of the death of a public pension plan member as provided for in the benefit plan document of the public pension plan.

Subd. 2. [SURVIVOR CAUSING DEATH OF MEMBER.] A survivor of a public pension plan member is not entitled to a survivor benefit otherwise payable from the plan if the survivor has been convicted of a felony that caused the death of the member, of criminal liability for the felony, or of conspiracy to commit the felony. The conviction of one survivor, however, does not affect the entitlement of another survivor to a survivor benefit. A survivor benefit may not be paid to a survivor charged with the commission of a felony that caused the death of a member, criminal liability for the felony, or conspiracy to commit the felony, but an amount equal to the survivor benefit due the survivor must be set aside and paid to the survivor in the event that the survivor is not convicted of the charge.

Subd. 3. [RECOVERY OF CERTAIN BENEFITS.] If a survivor benefit has already been paid to a survivor who is later charged or convicted of a felony listed in subdivision 2, the executive director or chief administrative officer of the public pension plan shall attempt to recover the amounts paid. Payment may be made to the next beneficiary or survivor only in an amount equal to the amount recovered and in the amount of any future payments that would legally accrue to another survivor under the laws governing the retirement plan.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment and applies to felony charges pending on that date.

ARTICLE 2

INDIVIDUAL AND SMALL GROUP PENSION ACCOMMODATIONS

Section 1. [PURCHASE OF FULL-SERVICE CREDIT FOR SABBATICAL LEAVE.]

Subdivision 1. [ELIGIBILITY.] Notwithstanding Minnesota Statutes, section 354.092, subdivision 3, a member of the teachers retirement association described in subdivision 2 may make a direct payment under subdivision 3 to the association to receive service credit for a period of uncovered service due to a sabbatical leave during the 1975-1976 school year for which the member failed to make employee payments on the difference between salary during the leave and the salary for a comparable period during the year immediately preceding the leave.

Subd. 2. [APPLICATION.] Subdivision 1 applies to a member who was on a sabbatical leave of absence during the 1975-1976 school year, whose additional payment permitted for that fiscal year was \$313.46, who was attending an institute of higher education outside Minnesota during the period of the leave, and whose original payment deadline was June 30, 1977.

Subd. 3. [PURCHASE PAYMENT AMOUNT.] (a) To purchase credit for prior service under this section, there must be paid to the teachers retirement association an amount equal to the present value, on the date of payment, of the amount of the additional retirement annuity obtained by the purchase of the additional service credit. Calculation of this amount must be made by the executive director of the teachers retirement association using the applicable preretirement interest rate of the association specified in Minnesota Statutes, section 356.215, subdivision 4d, and the mortality table adopted for the association. The calculation must assume continuous future service in the association until, and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity unreduced for retirement at an early age, including Minnesota Statutes, section 356.30, are met with the additional service credit purchased. The calculation must also assume the person's actual salary and a future salary history that includes annual salary increases at the applicable rate for the fund or association specified in Minnesota Statutes, section 356.215, subdivision 4d. In order to purchase the service credit, the individual must establish in the records of the association proof of the sabbatical leave for which the purchase of prior service applies. The manner of proof must be in accordance with procedures prescribed by the executive director of the association.

(b) Payment must be made in one lump sum before July 1, 1995.

(c) Payment of the amount calculated under this subdivision must be made by the member. However, the current or former employer of the member may, at its discretion, pay all or any portion of the payment amount that exceeds \$313.46 plus interest at the rate of eight and one-half percent a year compounded annually from June 30, 1977, to the date on which the payment is made. If the employer agrees to payments under this paragraph, the employee must make the employee payments required under this paragraph before July 1, 1995. If that employee payment is made, the employing unit payment under this paragraph must be remitted to the executive director of the teachers retirement association within 30 days of receipt by the executive director of the employee payments specified under this paragraph.

Subd. 4. [SERVICE CREDIT GRANT.] Service credit for the purchase period or periods must be granted to the account of the eligible person upon receipt of the purchase payment amount specified in subdivision 3.

Sec. 2. [CERTAIN CITY ATTORNEY; ANNUITY COMPUTATION.]

A retired member of the public employees retirement association who terminated a contract for employment as city attorney for the city of West St. Paul on January 30, 1994, but who continued to perform legal services for the city as an independent contractor until the city retained a successor legal counsel on May 9, 1994, may be deemed to have terminated public service on January 30, 1994, and is eligible for the increased accrual rate retirement incentive provided by Laws 1993, chapter 192, section 108, subdivision 3, notwithstanding the fact that there was no interruption of legal service for 30 days after January 30, 1994.

Sec. 3. [TEACHERS RETIREMENT ASSOCIATION; PURCHASE OF PRIOR SERVICE CREDIT.]

Subdivision 1. [ELIGIBILITY; MANKATO STATE UNIVERSITY PROFESSOR.] (a) Notwithstanding any provision of Minnesota Statutes, section 354.094, to the contrary, an eligible

person described in paragraph (b) is entitled to purchase allowable service credit in the teachers retirement association for the period described in paragraph (c) by paying the amount specified in subdivision 3.

(b) An eligible person is a person who was granted an extended leave of absence from employment by Mankato state university on June 19, 1991, for the period September 11, 1991, through June of 1994, which was erroneously characterized as an educational leave.

(c) The period for service credit purchase is the period from September 11, 1991, through June 1994.

Subd. 2. [PURCHASE PAYMENT AMOUNT.] (a) To purchase credit under subdivision 1, there must be paid to the teachers retirement association an amount equal to the present value on the date of payment, of the amount of the additional retirement annuity obtained by purchase of the additional service credit.

(b) Calculation of this amount must be made by the executive director of the teachers retirement association using the applicable preretirement interest rate specified in Minnesota Statutes, section 356.215, subdivision 4d, and the mortality table adopted for the coordinated program of the retirement association. The calculation must assume continuous future service in the association until, and retirement at, the age at which the minimum requirements of the retirement association for normal retirement or retirement with an annuity unreduced for retirement at an early age, including Minnesota Statutes, section 356.30, are met with the additional service credit purchased. The calculation must also assume a future salary history that includes annual salary increases at the rate specified in Minnesota Statutes, section 356.215, subdivision 4d.

(c) The eligible person must establish in the records of the association proof of the leave of absence for which the purchase of service credit is requested. The manner of the proof must be in accordance with procedures prescribed by the executive director of the retirement association.

(d) The portion of the total cost of the purchase payable by the eligible person is specified in subdivision 3. The remaining portion of total cost is to be paid by the employing unit as specified in subdivision 4.

Subd. 3. [ELIGIBLE PERSON PAYMENT.] (a) To receive credit for the period of service credit purchase specified in subdivision 1, paragraph (c), the eligible person specified in subdivision 1, paragraph (b), must pay a member contribution equivalent amount.

(b) The member contribution equivalent amount is an amount equal to the applicable employee contribution rate specified in Minnesota Statutes, section 354.42, applied to the person's actual salary rate in the year immediately preceding the extended leave, plus 8.5 percent annually compounded interest from June 30 of each year of the leave until payment is made. Payment must be made in a lump sum. Authority to make the member contribution equivalent amount expires 90 days after the effective date of this section or at the time of retirement, whichever is earlier.

Subd. 4. [MANDATORY EMPLOYING UNIT PAYMENT.] (a) Within 30 days of the receipt by the executive director of the teachers retirement association of the payment from the eligible person under subdivision 3, the employer employing the eligible person described in subdivision 1, paragraph (b), immediately before the leave described in subdivision 1, shall pay the difference between the amounts specified in subdivisions 2 and 3.

(b) The mandatory employing unit payment amount is payable by the governmental employing unit in a lump sum.

Subd. 5. [SERVICE CREDIT GRANT.] Service credit for the purchase period must be granted to the account of the eligible person upon receipt of the purchase payment amount specified in subdivision 2.

Sec. 4. [PURCHASE OF PRIOR SERVICE CREDIT.]

Subdivision 1. [ELIGIBILITY.] (a) Notwithstanding Minnesota law to the contrary, an employee of Swift county who is a current coordinated member of the public employees

retirement association, who was born in 1948, who first had sufficient salary to meet minimum statutory salary thresholds for association membership on March 1, 1990, but who was not reported for membership until January 1991, may purchase allowable service credit in the public employees retirement association for the periods of uncovered service during which the employee had sufficient salary to meet minimum statutory salary thresholds for public employees retirement association membership.

(b) In order to purchase the service credit, the individual must establish in the records of the association proof of the service for which the purchase of prior service applies, and proof that the individual had sufficient salary during all or part of that period to meet minimum statutory salary thresholds for public employees retirement association membership. Payments may not be made if the executive director determines that the member was eligible for coverage during this period by another Minnesota public pension plan other than a volunteer fire plan covered by Minnesota Statutes, section 69.771, subdivision 1. The manner of proof must be in accordance with procedures prescribed by the executive director of the association.

Subd. 2. [PURCHASE PAYMENT AMOUNT.] (a) To purchase credit for prior service under this section, there must be paid to the public employees retirement association an amount equal to the present value, on the date of payment, of the amount of the additional retirement annuity obtained by the purchase of the additional service credit. Calculation of this amount must be made by the executive director of the public employees retirement association using the applicable preretirement interest rate of the association specified in Minnesota Statutes, section 356.215, subdivision 4d, and the mortality table adopted for the association. The calculation must assume continuous future service in the association until, and retirement at, the age at which the minimum requirements of the fund for normal retirement or retirement with an annuity un-reduced for retirement at an early age, including Minnesota Statutes, section 356.30, are met with the additional service credit purchased. The calculation must also assume the person's actual salary and a future salary history that includes annual salary increases at the applicable rate for the fund or association specified in Minnesota Statutes, section 356.215, subdivision 4d.

(b) Payment must be made in one lump sum before July 1, 1996.

(c) Payment of the amount calculated under this subdivision must be made by the member. However, the current or former employer of the member may, at its discretion, pay all or any portion of the payment amount that exceeds an amount equal to the employee contribution rates in effect during the period or periods of prior service applied to the actual salary rates in effect during the period or periods of prior service, plus interest at the rate of eight and one-half percent a year compounded annually from the date on which the contributions would otherwise have been made to the date on which the payment is made. If the employer agrees to payments under this paragraph, the employee must make the employee payments required under this paragraph before July 1, 1996. If that employee payment is made, the employing unit payment under this paragraph must be remitted to the executive director of the public employees retirement association within 60 days of receipt by the executive director of the employee payments specified under this paragraph.

Subd. 3. [SERVICE CREDIT GRANT.] Service credit for the purchase period or periods must be granted to the account of the eligible person upon receipt of the purchase payment amount specified in subdivision 2.

Sec. 5. [EFFECTIVE DATE.]

(b) Section 2 is effective the day following final enactment and the annuity payable under section 2 must be recalculated and paid retroactively to the date that the annuity was first paid to the retiree.

(c) Section 3 is effective July 1, 1995.

(d) Section 4 is effective the day following final enactment.

ARTICLE 3

PENSION PLAN ADMINISTRATIVE PROVISIONS

Section 1. Minnesota Statutes 1994, section 352.12, subdivision 1, is amended to read:

Subdivision 1. [DEATH BEFORE TERMINATION OF SERVICE.] If an employee dies before state service has terminated and neither a survivor annuity nor a reversionary annuity is payable, or if a former employee who has sufficient service credit to be entitled to an annuity dies before the benefit has become payable, the director shall make a refund to the last designated beneficiary or, if there is none, to the surviving spouse or, if none, to the employee's surviving children in equal shares or, if none, to the employee's surviving parents in equal shares or, if none, to the representative of the estate in an amount equal to the accumulated employee contributions plus interest at the rate of six percent per annum compounded annually. Interest must be computed as provided in section 352.22, subdivision 2, to the first day of the month in which the refund is processed ~~and based on fiscal year balances~~. Upon the death of an employee who has received a refund that was later repaid in full, interest must be paid on the repaid refund only from the date of repayment. If the repayment was made in installments, interest must be paid only from the date installment payments began. The designated beneficiary, surviving spouse, or representative of the estate of an employee who had received a disability benefit is not entitled to interest upon any balance remaining to the decedent's credit in the fund at the time of death, unless death occurred before any payment could be negotiated.

Sec. 2. Minnesota Statutes 1994, section 352.12, subdivision 2, is amended to read:

Subd. 2. [SURVIVING SPOUSE BENEFIT.] (a) If an employee or former employee has credit for at least three years allowable service and dies before an annuity or disability benefit has become payable, notwithstanding any designation of beneficiary to the contrary, the surviving spouse of the employee may elect to receive, in lieu of the refund with interest under subdivision 1, an annuity equal to the joint and 100 percent survivor annuity which the employee or former employee could have qualified for ~~had the employee terminated service~~ on the date of death.

(b) If the employee was under age 55 and has credit for at least 30 years of allowable service on the date of death, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse on the date of death. The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1, paragraph (a), to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

(c) If the employee was under age 55 and has credit for at least three years of allowable service credit on the date of death but did not yet qualify for retirement, the surviving spouse may elect to receive a 100 percent joint and survivor annuity based on the age of the employee and surviving spouse at the time of death. The annuity is payable using the full early retirement reduction under section 352.116, subdivision 1 or 1a, to age 55 and one-half of the early retirement reduction from age 55 to the age payment begins.

The surviving spouse eligible for ~~surviving spouse~~ benefits under paragraph (a) may apply for the annuity at any time after the date on which the ~~deceased employee or former employee~~ would have attained the required age for retirement based on the ~~employee's~~ allowable service earned. The surviving spouse eligible for surviving spouse benefits under paragraph (b) or (c) may apply for the annuity at any time after the employee's death. The annuity must be computed under sections 352.115, subdivisions 1, 2, and 3, and 352.116, subdivisions 1, 1a, and 3. Sections 352.22, subdivision 3, and 352.72, subdivision 2, apply to a deferred annuity or surviving spouse benefit payable under this subdivision. The annuity must cease with the last payment received by the surviving spouse in the lifetime of the surviving spouse, or upon expiration of a term certain benefit payment to a surviving spouse under subdivision 2a. An amount equal to the excess, if any, of the accumulated contributions credited to the account of the deceased employee in excess of the total of the benefits paid and payable to the surviving spouse must be paid to the deceased employee's or former employee's last designated beneficiary or, if none, as specified under subdivision 1.

Any employee or former employee may request in writing that this subdivision not apply and that payment be made only to a designated beneficiary as otherwise provided by this chapter.

Sec. 3. Minnesota Statutes 1994, section 352.12, subdivision 2a, is amended to read:

Subd. 2a. [SURVIVING SPOUSE COVERAGE TERM CERTAIN.] In lieu of the 100 percent optional annuity under subdivision 2, or refund under subdivision 1, the surviving spouse of a deceased employee or former employee may elect to receive survivor coverage in a term certain of five, ten, 15, or 20 years, but monthly payments must not exceed 75 percent of the average high-five monthly salary of the deceased employee or former employee. The monthly term certain annuity must be actuarially equivalent to the 100 percent optional annuity under subdivision 2.

If a survivor elects a term certain annuity and dies before the expiration of the specified term certain period, the commuted value of the remaining annuity payments must be paid in a lump sum to the survivor's estate.

Sec. 4. Minnesota Statutes 1994, section 352.12, subdivision 6, is amended to read:

Subd. 6. [DEATH AFTER SERVICE TERMINATION.] Except as provided in subdivision 1, if a former employee covered by the system dies and has not received an annuity, a retirement allowance, or a disability benefit, a refund must be made to the last designated beneficiary or, if there is none, to the surviving spouse or, if none, to the employee's surviving children in equal shares or, if none, to the employee's surviving parents in equal shares or, if none, to the representative of the estate in an amount equal to accumulated employee contributions. The refund must include interest at the rate of six percent per year compounded annually. The interest must be computed to the first day of the month in which the refund is processed and be based on fiscal year balances as provided in section 352.22, subdivision 2.

Sec. 5. Minnesota Statutes 1994, section 352B.105, is amended to read:

352B.105 [TERMINATION OF DISABILITY BENEFITS.]

Disability benefits payable under section 352B.10 shall terminate at the end of the month the beneficiary becomes ~~55~~ 65 years old. If the beneficiary is still disabled when the beneficiary becomes ~~55~~ 65 years old, the beneficiary shall be deemed to be a retired member and, if the beneficiary had chosen an optional annuity under section 352B.10, subdivision 5, shall receive an annuity in accordance with the terms of the optional annuity previously chosen. If the beneficiary had not chosen an optional annuity under section 352B.10, subdivision 5, the beneficiary may choose to receive either a normal retirement annuity computed under section 352B.08, subdivision 2, or an optional annuity as provided in section 352B.08, subdivision 3. An optional annuity must be chosen within 90 days of attaining age 65 or reaching the five-year anniversary of the effective date of the disability benefit, whichever is later. If an optional annuity is chosen, the optional annuity shall begin to accrue the first of the month following attainment of age 65 or the five-year anniversary of the effective date of the disability benefit, whichever is later.

Sec. 6. Minnesota Statutes 1994, section 354.05, subdivision 5, is amended to read:

Subd. 5. [MEMBER OF FUND ASSOCIATION.] "Member of fund association" means every teacher who ~~joins and~~ contributes to the teachers retirement fund as provided in this chapter who has not retired, except a teacher covered by section 354B.02, subdivision 2 or 3, who elects to participate in the individual retirement account plan under chapter 354B, or a teacher who exercises an option to elect coverage under another public pension plan enumerated in section 356.30, subdivision 3. Any former member of the ~~fund~~ association who is retired and subsequently resumes teaching service is a member of the fund association only for purposes of social security coverage.

Sec. 7. Minnesota Statutes 1994, section 354.05, subdivision 35, is amended to read:

Subd. 40. [TIMELY RECEIPT.] An application, payment, return, claim, or other document that is not personally delivered to the association on or before the applicable due date is considered to be a timely receipt if officially postmarked on or before the due date or delivered or filed under section 645.151.

(b) Investment expenses of the teachers retirement fund association are those expenses incurred by or on behalf of the retirement fund in connection with the investment of the assets of the retirement fund other than investment security transaction costs. Other administrative expenses are all expenses incurred by or on behalf of the retirement fund for all other retirement fund functions other than the investment of retirement fund assets. Investment and other administrative expenses must be accounted for using generally accepted accounting principles and in a manner consistent with the comprehensive annual financial report of the teachers retirement fund association for the immediately previous fiscal year under section 356.20.

(c) Supplemental administrative expenses other than investment expenses of a first class city teacher retirement fund association are those expenses for the fiscal year that exceed the amount computed by applying the most recent percentage of pay administrative expense amount, other than investment expenses, for the teachers retirement association governed by chapter 354 to the covered payroll of the respective teachers retirement fund association for the fiscal year.

(d) The board of trustees of each first class city teachers retirement fund association shall allocate the total dollar amount of supplemental administrative expenses other than investment expenses among the various active and retired membership groups of the teachers retirement fund association and shall assess the various membership groups their respective share of the supplemental administrative expenses other than investment expenses, in amounts determined by the board of trustees. The supplemental administrative expense assessments must be paid by the membership group in a manner determined by the board of trustees of the respective teachers retirement association. Supplemental administrative expenses payable by the active members of the pension plan must be picked up by the employer in accordance with section 356.62.

(e) With respect to the St. Paul teachers retirement fund association, the supplemental administrative expense assessment must be fully disclosed to the various active and retired membership groups of the teachers retirement fund association. The chief administrative officer of the association shall prepare a supplemental administrative expense assessment disclosure notice, which must include the following:

(1) the total amount of administrative expenses of the association, the amount of the investment expenses of the association, and the net remaining amount of administrative expenses of the association;

(2) the amount of administrative expenses for the association that would be equivalent to the teachers retirement association noninvestment administrative expense level described in paragraph (c);

(3) the total amount of supplemental administrative expenses required for assessment calculated under paragraph (c);

(4) the portion of the total amount of the supplemental administrative expense assessment allocated to each membership group and the rationale for that allocation;

(5) the manner of collecting the supplemental administrative expense assessment from each membership group, the number of assessment payments required during the year, and the amount of each payment or the procedure used to determine each payment; and

(6) any other information that the chief administrative officer determines is necessary to fairly portray the manner in which the supplemental administrative expense assessment was determined and allocated.

(f) The disclosure notice must be provided annually in the annual report of the association.

(g) The supplemental administrative expense assessments must be deposited in the applicable teachers retirement fund upon receipt.

(h) Any omitted active membership group assessments that remain undeducted and unpaid to the teachers retirement fund association for 90 days must be paid by the respective school district. The school district may recover any omitted active membership group assessment amounts that it has previously paid. The teachers retirement fund association shall deduct any omitted retired membership group assessment amounts from the benefits next payable after the discovery of the omitted amounts.

Sec. 15. Minnesota Statutes 1994, section 356.215, subdivision 4g, is amended to read:

Subd. 4g. [AMORTIZATION CONTRIBUTIONS.] (a) In addition to the exhibit indicating the level normal cost, the actuarial valuation must contain an exhibit indicating the additional annual contribution sufficient to amortize the unfunded actuarial accrued liability. For funds governed by chapters 3A, 352, 352B, 352C, 353, 353C, 354, 354A, and 490, the additional contribution must be calculated on a level percentage of covered payroll basis by the established date for full funding in effect when the valuation is prepared. For funds governed by chapter 3a, sections 352.90 to 352.951, chapter 352B, chapter 352C, sections 353.63 to 353.68, chapter 353C, chapter 354A, and chapter 490, the level percent additional contribution must be calculated assuming annual payroll growth of 6.5 percent. For funds governed by sections 352.01 to 352.86 and chapter 354, the level percent additional contribution must be calculated assuming an annual payroll growth of five percent. For the fund governed by sections 353.01 to 353.46, the level percent additional contribution must be calculated assuming an annual payroll growth of six percent. For all other funds, the additional annual contribution must be calculated on a level annual dollar amount basis.

(b) For any fund other than the Minneapolis employees retirement fund, after the first actuarial valuation date occurring after June 1, 1989, if there has not been a change in the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, which change or changes by themselves without inclusion of any other items of increase or decrease produce a net increase in the unfunded actuarial accrued liability of the fund, the

established date for full funding for the first actuarial valuation made after June 1, 1989, and each successive actuarial valuation is the first actuarial valuation date occurring after June 1, 2020.

(c) For any fund or plan other than the Minneapolis employees retirement fund, after the first actuarial valuation date occurring after June 1, 1989, if there has been a change in any or all of the actuarial assumptions used for calculating the actuarial accrued liability of the fund, a change in the benefit plan governing annuities and benefits payable from the fund, a change in the actuarial cost method used in calculating the actuarial accrued liability of all or a portion of the fund, or a combination of the three, and the change or changes, by themselves and without inclusion of any other items of increase or decrease, produce a net increase in the unfunded actuarial accrued liability in the fund, the established date for full funding must be determined using the following procedure:

(i) the unfunded actuarial accrued liability of the fund must be determined in accordance with the plan provisions governing annuities and retirement benefits and the actuarial assumptions in effect before an applicable change;

(ii) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the unfunded actuarial accrued liability amount determined under item (i) by the established date for full funding in effect before the change must be calculated using the interest assumption specified in subdivision 4d in effect before the change;

(iii) the unfunded actuarial accrued liability of the fund must be determined in accordance with any new plan provisions governing annuities and benefits payable from the fund and any new actuarial assumptions and the remaining plan provisions governing annuities and benefits payable from the fund and actuarial assumptions in effect before the change;

(iv) the level annual dollar contribution or level percentage, whichever is applicable, needed to amortize the difference between the unfunded actuarial accrued liability amount calculated under item (i) and the unfunded actuarial accrued liability amount calculated under item (iii) over a period of 30 years from the end of the plan year in which the applicable change is effective must be calculated using the applicable interest assumption specified in subdivision 4d in effect after any applicable change;

(v) the level annual dollar or level percentage amortization contribution under item (iv) must be added to the level annual dollar amortization contribution or level percentage calculated under item (ii);

(vi) the period in which the unfunded actuarial accrued liability amount determined in item (iii) is amortized by the total level annual dollar or level percentage amortization contribution computed under item (v) must be calculated using the interest assumption specified in subdivision 4d in effect after any applicable change, rounded to the nearest integral number of years, but not to exceed 30 years from the end of the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and not to be less than the period of years beginning in the plan year in which the determination of the established date for full funding using the procedure set forth in this clause is made and ending by the date for full funding in effect before the change; and

(vii) the period determined under item (vi) must be added to the date as of which the actuarial valuation was prepared and the date obtained is the new established date for full funding.

(d) For the Minneapolis employees retirement fund, the established date for full funding is June 30, 2020.

(e) For the public employees retirement association police and fire fund, an excess of valuation assets over actuarial accrued liability will be amortized in the same manner over the same period as an unfunded actuarial accrued liability but will serve to reduce the required contribution instead of increasing it.

Subd. 3b. [COVERAGE OF CERTAIN FORMER TECHNICAL COLLEGE FACULTY MEMBERS.] A person who was employed as a teacher by a technical college before July 1, 1995, and who subsequently is reclassified into a different employment position while continuing to perform the same or essentially the same employment duties and consequently shifts from the technical college instructional collective bargaining unit to another state collective bargaining unit retains coverage by the teachers retirement association or the applicable first class city teachers retirement fund association, whichever applies.

(b) The member contributions for prior uncovered board service are the amount that the person would have paid if the prior service had been covered employment. The payment must be made to the individual retirement account plan administrator and may be made only by payroll deduction. The payment must be made by the later of:

- (2) the end of the fiscal year in which covered employment began.

Subd. 6. [CONTINUATION OF COVERAGE.] Once a person is employed in a position that qualifies for participation in the individual retirement account plan and elects to participate in the plan, all subsequent service by the person as a faculty member employed by the board or other employing unit is covered by the individual retirement account plan.
