May 4, 1995

The Honorable Allan H. Spear
President of the Senate

The Honorable Irv Anderson
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 375, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S.F. No. 375 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1994, section 216C.051, subdivision 7, is amended to read:

Subd. 7. [GUIDELINES; PREFERRED ELECTRIC GENERATION SOURCES; DEFINITIONS.] (a) The legislative task force on electric energy shall undertake its responsibilities in light of the guidelines specified in this subdivision.

(b) The highest priority in electric energy production and consumption is conservation of electric energy and management of demand by all segments of the community.

(c) The following energy sources for generating electric power distributed in the state, listed in their descending order of preference, based on minimizing long-term negative environmental, social, and economic burdens imposed by the specific energy sources, are:

(1) wind and solar;

(2) biomass and low-head, closed system pumped, or refurbished hydropower;

(3) decomposition gases produced by solid waste management facilities, natural gas-fired cogeneration, and waste materials or byproducts combined with natural gas;

(4) natural gas, hydropower that is not low-head, closed system pumped, or refurbished hydropower, and solid waste as a direct fuel or refuse-derived fuel; and

(5) coal and nuclear power.

(d) For the purposes of paragraph (c) within each clause, the more efficient an energy source is in generating electricity or the more efficient a technology is that utilizes an energy source, the more preferred it is for use in generating electricity for distribution and consumption in the state.

(e) For the purposes of paragraph (c), clauses (3) and (4), the use of waste materials and byproducts for generating electric power must be limited to those waste materials and byproducts that are necessarily generated or produced by efficient processes and systems. Preventing and minimizing waste and byproducts are preferred in every situation to relying on the continued generation or production of waste materials and byproducts.

(f) For the purposes of this section, "preferred" or "renewable" energy sources are those described in paragraph (c), clauses (1) to (3), and "subordinate" or "traditional" energy sources are those described in paragraph (c), clauses (4) and (5).

(g) For the purposes of this section:

(1) "biomass" means herbaceous crops, trees, agricultural waste, and aquatic plant matter, excluding mixed municipal solid waste, as defined in section 115A.03, used to generate electricity; and

(2) "low-head hydropower" means a hydropower facility that has a head of less than 66 feet.

(h) The legislative task force on electric energy is further directed to consider the appropriate placement of other energy sources in the list of preferred electric generation sources in paragraph (c), including cogeneration gasification processes other than natural gas-fired cogeneration.

Sec. 2. Minnesota Statutes 1994, section 216C.41, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, a "qualified hydroelectric facility" or "facility" means a hydroelectric generating facility in this state that begins generating electricity after July 1, 1994, and:

(1) is located at the site of a dam, if the dam was in existence as of March 31, 1994; ~~and or~~

(2) ~~begins generating electricity after July 1, 1994~~ whose source is closed system pumped hydropower."

Delete the title and insert:

"A bill for an act relating to energy; directing the electric energy task force to consider new preferred alternative energy sources; providing for incentive payments to closed system pumped hydropower facilities; amending Minnesota Statutes 1994, sections 216C.051, subdivision 7; and 216C.41, subdivision 1."

"ARTICLE 1

WELFARE REFORM TASK FORCE

Section 1. [LEGISLATIVE TASK FORCE TO GUIDE WELFARE REFORM.]

Subdivision 1. [MEMBERSHIP.] The speaker of the house and the senate majority leader shall appoint at least five members from each body to constitute a legislative task force to guide welfare reform. At least two of the members appointed from each body shall be from the minority party. The task force shall be jointly chaired by a member of the senate and a member of the house of representatives. Members shall be appointed before June 1, 1995, and shall convene as soon as possible during the 1995 interim at the call of the chairs.

Subd. 2. [DUTIES.] Members shall examine options for welfare reform in the program of Aid to Families with Dependent Children, with a view to designing an integrated, comprehensive statewide program for presentation to the legislature during the 1996 session. Members shall design a program which encourages family self-sufficiency and promotes work and which is coordinated and integrated with the Minnesota STRIDE program, the MFIP program, the targeted jobs program developed under section 268.905, and any changes enacted by the Congress during the 1995 session. Members shall also review the temporary county assistance program authorized by Minnesota Statutes, section 256D.23, and make recommendations on that program to the 1996 legislature.

The departments of human services and economic security shall assist the task force by providing information as requested. The task force shall seek input from a wide variety of groups, including state agencies, the governor's office, county agencies, advocacy groups including representatives of non-English-speaking constituencies, welfare recipients, and local and national experts. The task force shall be assisted as necessary by legislative staff.

Subd. 3. [REPORT.] The task force shall present a report containing its recommendations on the temporary county assistance program and its proposal for comprehensive welfare reform, with draft legislation, to the legislature by February 1, 1996. The report shall specify federal waivers needed and set timelines for implementation.

ARTICLE 2

WELFARE REFORM

Section 1. Minnesota Statutes 1994, section 256.01, is amended by adding a subdivision to read:

Subd. 4a. [TECHNICAL ASSISTANCE FOR IMMUNIZATION REMINDERS.] The state agency shall provide appropriate technical assistance to county agencies to develop methods to have county financial workers remind and encourage recipients of aid to families with dependent children, the Minnesota family investment plan, medical assistance, family general assistance, or food stamps whose assistance unit includes at least one child under the age of five to have each young child immunized against childhood diseases. The state agency must examine the feasibility of utilizing the capacity of a statewide computer system to assist county agency financial workers in performing this function at appropriate intervals.

Sec. 2. Minnesota Statutes 1994, section 256.01, is amended by adding a subdivision to read:

Subd. 13. [PILOT PROJECT; PROTOCOLS FOR PERSONS LACKING PROFICIENCY IN ENGLISH.] The commissioner of human services shall establish pilot projects in Hennepin and Ramsey counties to provide language assistance to clients applying for or receiving aid through

the county social service agency. The projects shall be designed to provide translation, in the five foreign languages that are most common to applicants and recipients in the pilot counties, to individuals lacking proficiency in English, who are applying for or receiving assistance under any program supervised by the commissioner of human services. As part of the project, the commissioner shall ensure that the Combined Application Form (CAF) is available in these five languages. The projects shall also provide language assistance to individuals applying for or receiving aid under programs which the department of human services operates jointly with other executive branch agencies, including all work and training programs operated under chapters 256 and 256D. The purpose of the pilot projects is to ensure that information regarding a program is presented in translation to applicants for and recipients of assistance who lack proficiency in English. In preparing the protocols to be used in the pilot programs, the commissioner shall seek input from the following groups: advocacy organizations that represent non-English speaking clients, county social service agencies, legal advocacy groups, employment and training providers, and other affected groups. The commissioner shall develop the protocols by October 1, 1995, and shall implement them as soon as feasible in the pilot counties. The commissioner shall report to the legislature by February 1, 1996, on the protocols developed, on the status of their implementation in the pilot counties, and shall include recommendations for statewide implementation.

Sec. 3. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 3b. [ELIGIBILITY NOT BARRED BY WORKING OVER 99 HOURS; PAST EMPLOYMENT HISTORY; 30-DAY WAITING PERIOD.] An individual receiving assistance may work over 99 hours per month and remain eligible for assistance, provided all other requirements of the aid to families with dependent children-unemployed parent program are met. The applicant is not required to demonstrate past employment history or 30 days of prior unemployment to be eligible for AFDC-unemployed parent. This subdivision is effective upon federal approval and implementation of the waiver under section 46, subdivision 4.

Sec. 4. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 5a. [PARENTING OR PREGNANT MINORS; RESTRICTION ON ASSISTANCE WITH FEDERAL EXCEPTIONS.] (a) The definitions in this paragraph only apply to this subdivision.

(1) "Minor parent" means an individual who:

(i) is under the age of 18;

(ii) has never been married or otherwise legally emancipated; and

(iii) is either the natural parent of a dependent child living in the same household or eligible for assistance paid to a pregnant woman under subdivision 5.

(2) "Household of a parent, legal guardian, or other adult relative" means the place of residence of:

(i) a natural or adoptive parent;

(ii) a legal guardian pursuant to appointment or acceptance under section 260.242, 525.615, or 525.6165, and related laws; or

(iii) another individual who is age 18 or over and related to the minor parent as specified in Code of Federal Regulations, title 45, section 233.90(c)(1)(v), provided that the residence is maintained as a home for the minor parent and child under Code of Federal Regulations, title 45, section 233.90(c)(1)(v)(B).

(3) "Adult-supervised supportive living arrangement" means a private family setting which assumes responsibility for the care and control of the minor parent and dependent child, or other living arrangement, not including a public institution, licensed by the commissioner of human services which ensures that the minor parent receives adult supervision and supportive services, such as counseling, guidance, independent living skills training, or supervision.

(b) A minor parent and the dependent child who is in the care of the minor parent must reside in the household of a parent, legal guardian, or other adult relative, or in an adult-supervised supportive living arrangement in order to receive AFDC unless:

- (1) the minor parent has no living parent or legal guardian whose whereabouts is known;
- (2) no living parent or legal guardian of the minor parent allows the minor parent to live in the parent's or legal guardian's home;
- (3) the minor parent lived apart from the minor parent's own parent or legal guardian for a period of at least one year before either the birth of the dependent child or the minor parent's application for AFDC;
- (4) the physical or emotional health or safety of the minor parent or dependent child would be jeopardized if the minor parent and the dependent child resided in the same residence with the minor parent's parent or legal guardian;
- (5) the minor parent and dependent child have, on the effective date of this section, been living independently as part of an approved social services plan for less than one year; or
- (6) an adult supervised supportive living arrangement is not available for the minor parent and the dependent child in the county in which the minor currently resides. If an adult supervised supportive living arrangement becomes available within the county, the minor parent and child must reside in that arrangement.

(c) Minor applicants must be informed orally and in writing about the eligibility requirements and their rights and obligations under the AFDC program. The county must advise the minor of the possible exemptions and specifically ask whether one or more of these exemptions is applicable. If the minor alleges one or more of these exemptions, then the county must assist the minor in obtaining the necessary verifications to determine whether or not these exemptions apply.

(d) If the county worker has reason to suspect that the physical or emotional health or safety of the minor parent or dependent child would be jeopardized if they resided with the minor parent's parent or legal guardian, then the county worker must make a referral to child protective services to determine if paragraph (b), clause (4), applies. A new determination by the county worker is not necessary if one has been made within the last six months, unless there has been a significant change in circumstances which justifies a new referral and determination.

(e) If a minor parent is not living with a parent or legal guardian due to paragraph (b), clause (1), (2), or (4), the minor parent must reside, when possible, in a living arrangement that meets the standards of paragraph (a), clause (3).

(f) When a minor parent and his or her dependent child live with the minor parent's parent, legal guardian, or other adult relative, or in an adult supervised supportive living arrangement, AFDC must be paid, when possible, in the form of a protective payment on behalf of the minor parent and dependent child in accordance with Code of Federal Regulations, title 45, section 234.60.

Sec. 5. Minnesota Statutes 1994, section 256.73, subdivision 8, is amended to read:

Subd. 8. [RECOVERY OF OVERPAYMENTS.] (a) Except as provided in subdivision 8a, if an amount of aid to families with dependent children assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member for one or more monthly assistance payments until the overpayment is repaid. All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. If the overpayment is due solely to having wrongfully obtained assistance, whether based on a court order, the finding of an administrative fraud disqualification hearing or a waiver of such a hearing, or a confession of

judgment containing an admission of an intentional program violation, the amount of this reduction shall be ten percent. In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(c) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the above aid reductions, until the total amount of the overpayment is repaid.

(d) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance in accordance with standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of fraud under section 256.98.

Sec. 6. Minnesota Statutes 1994, section 256.73, is amended by adding a subdivision to read:

Subd. 8a. [START WORK OFFSET.] An overpayment resulting from earned income received in the first month of employment is not recoverable by the county agency provided the aid to families with dependent children assistance unit has not voluntarily quit employment, without good cause under section 268.09, subdivision 1, paragraph (a), in the past two years. A "start work offset" for purposes of this subdivision is the amount of the overpayment the assistance unit would otherwise be required to repay to the county under subdivision 8. This subdivision is effective upon federal approval and implementation of the waiver under section 46, subdivision 3.

Sec. 7. [256.7341] [TEMPORARY PUBLIC SERVICE OR COMMUNITY SERVICE JOBS.]

A participant, except an obligor participating in an approved community investment program under section 518.551, may not work in a temporary public service or community service job for a public employer for more than 67 working days or 536 hours in a calendar year, whichever is greater, as part of a work program established under this chapter except by written agreement of the exclusive representative of affected employees of the public employer. Upon the written request of the exclusive bargaining representative, a county or public service employer shall make available to the affected exclusive bargaining representative a report of hours worked by participants in temporary public service or community service jobs.

Sec. 8. Minnesota Statutes 1994, section 256.736, subdivision 3a, is amended to read:

Subd. 3a. [PARTICIPATION.] (a) Except as provided under paragraphs (b) and (c), participation in employment and training services under this section is limited to the following recipients:

- (1) caretakers who are required to participate in a job search under subdivision 14;
- (2) custodial parents who are subject to the school attendance or case management participation requirements under subdivision 3b;
- (3) caretakers whose participation in employment and training services began prior to May 1, 1990, if the caretaker's AFDC eligibility has not been interrupted for 30 days or more and the caretaker's employability development plan has not been completed;
- (4) recipients who are members of a family in which the youngest child is within two years of being ineligible for AFDC due to age;
- (5) custodial parents under the age of 24 who: (i) have not completed a high school education and who, at the time of application for AFDC, were not enrolled in high school or in a high school equivalency program; or (ii) have had little or no work experience in the preceding year;
- (6) recipients who have received AFDC for 36 or more months out of the last 60 months;
- (7) recipients who are participants in the self-employment investment demonstration project under section 268.95; and
- (8) recipients who participate in the new chance research and demonstration project under contract with the department of human services.

(b) If the commissioner determines that participation of persons listed in paragraph (a) in employment and training services is insufficient either to meet federal performance targets or to fully utilize funds appropriated under this section, the commissioner may, after notifying the chairs of the senate family services committee, the house health and human services committee, the family services division of the senate family services and health care committees, and the human services division of the house health and human services committee, permit additional groups of recipients to participate until the next meeting of the legislative advisory commission, after which the additional groups may continue to enroll for participation unless the legislative advisory commission disapproves the continued enrollment. The commissioner shall allow participation of additional groups in the following order only as needed to meet performance targets or fully utilize funding for employment and training services under this section:

(1) recipients who have received 24 or more months of AFDC out of the previous 48 months; and

(2) recipients who have not completed a high school education or a high school equivalency program.

(c) To the extent of money appropriated specifically for this paragraph, the commissioner may permit AFDC caretakers who are not eligible for participation in employment and training services under the provisions of paragraph (a) or (b) to participate. Money must be allocated to county agencies based on the county's percentage of participants statewide in services under this section in the prior calendar year. Caretakers must be selected on a first-come, first-served basis from a waiting list of caretakers who volunteer to participate. The commissioner may, on a quarterly basis, reallocate unused allocations to county agencies that have sufficient volunteers. If funding under this paragraph is discontinued in future fiscal years, caretakers who began participating under this paragraph must be deemed eligible under paragraph (a), clause (3).

(d) Participants who are eligible and enroll in the STRIDE program under one of the categories of this subdivision are required to cooperate with the assessment and employability plan development, and to meet the terms of their employability plan. Failure to comply, without good cause, shall result in the imposition of sanctions as specified in subdivision 4, clause (6).

Sec. 9. Minnesota Statutes 1994, section 256.736, subdivision 4a, is amended to read:

Subd. 4a. [NOTICE, CONCILIATION, AND RIGHT OF APPEAL.] If the employment and training service provider determines that the caretaker has failed or refused, without good cause, to cooperate or accept employment, the employment and training service provider shall issue to the caretaker a written notice of its determination of noncooperation or refusal to accept employment. The notice must include a detailed explanation of the reason for the determination and must specify the consequences for failure or refusal to cooperate or accept employment, the actions which the employment and training service provider believes are necessary for the caretaker to comply with the employment and training program, and the right to request, within ten days of receipt of the date the notice was mailed or hand delivered, a conciliation conference. The employment and training service provider or the county agency must conduct a conciliation conference within five days of a timely request. If the dispute between the employment and training service provider and the caretaker is not resolved in the conciliation conference or a request for a conciliation conference is not made within the required time, ~~then~~ the employment and training service provider shall notify the county board of a caretaker's failure without good cause to cooperate or accept employment. Unless the county agency has evidence to the contrary, the county agency shall implement the sanction provisions of subdivision 4. Any determination, action, or inaction on the part of the county board relating to a caretaker's participation under section 256.736 is subject to the notice and hearing procedures in section 256.045, and Code of Federal Regulations, title 45, section 205.10.

Sec. 10. Minnesota Statutes 1994, section 256.736, subdivision 5, is amended to read:

Subd. 5. [EXTENSION OF EMPLOYMENT AND TRAINING OPPORTUNITIES.] The commissioner of human services shall cooperate with the commissioner of economic security and the commissioner of trade and economic development to extend the availability of training and employment opportunities on a statewide basis and to assist local employment advisory groups convened under this subdivision. The county welfare agency may convene an employment

advisory group which shall include but not be limited to representatives from the local chamber of commerce, from major area employers, from private and public collective bargaining units who shall be represented by their exclusive representatives, from secondary and post-secondary educational institutions in the community, and from job services offices operated by the commissioner of economic security under chapter 268. The county welfare agency shall work with the local employment advisory group to maximize the job opportunities for welfare clients. In a county where a private industry council has been established, the county welfare agency may work with the council to maximize job opportunities in lieu of or in addition to convening an employment advisory group.

Sec. 11. Minnesota Statutes 1994, section 256.736, subdivision 10, is amended to read:

Subd. 10. [COUNTY DUTIES.] (a) To the extent of available state appropriations, county boards shall:

(1) refer all mandatory and eligible volunteer caretakers permitted to participate under subdivision 3a to an employment and training service provider for participation in employment and training services;

(2) identify to the employment and training service provider the target group of which the referred caretaker is a member;

(3) provide all caretakers with an orientation which meets the requirements in subdivisions 10a and 10b;

(4) work with the employment and training service provider to encourage voluntary participation by caretakers in the target groups;

(5) work with the employment and training service provider to collect data as required by the commissioner;

(6) to the extent permissible under federal law, require all caretakers coming into the AFDC program to attend orientation;

(7) encourage nontarget caretakers to develop a plan to obtain self-sufficiency;

(8) notify the commissioner of the caretakers required to participate in employment and training services;

(9) inform appropriate caretakers of opportunities available through the head start program and encourage caretakers to have their children screened for enrollment in the program where appropriate;

(10) provide transportation assistance using available funds to caretakers who participate in employment and training programs;

(11) ensure that orientation, job search, services to custodial parents under the age of 20, educational activities and work experience for AFDC-UP families, and case management services are made available to appropriate caretakers under this section, except that payment for case management services is governed by subdivision 13;

(12) explain in its local service unit plan under section 268.88 how it will ensure that target caretakers determined to be in need of social services are provided with such social services. The plan must specify how the case manager and the county social service workers will ensure delivery of needed services;

(13) to the extent allowed by federal laws and regulations, provide a job search program as defined in subdivision 14, a community work experience program as defined in section 256.737, grant diversion as defined in section 256.739, and on-the-job training as defined in section 256.738. A county may also provide another work and training program approved by the commissioner and the secretary of the United States Department of Health and Human Services. Planning and approval for employment and training services listed in this clause must be obtained through submission of the local service unit plan as specified under section 268.88. A county is

not required to provide a community work experience program if the county agency is successful in placing at least 40 percent of the monthly average of all caretakers who are subject to the job search requirements of subdivision 14 in grant diversion or on-the-job training program;

(14) prior to participation, provide an assessment of each AFDC recipient who is required or volunteers to participate in an approved employment and training service. The assessment must include an evaluation of the participant's (i) educational, child care, and other supportive service needs; (ii) skills and prior work experience; and (iii) ability to secure and retain a job which, when wages are added to child support, will support the participant's family. The assessment must also include a review of the results of the early and periodic screening, diagnosis and treatment (EPSDT) screening and preschool screening under chapter 123, if available; the participant's family circumstances; and, in the case of a custodial parent under the age of 18, a review of the effect of a child's development and educational needs on the parent's ability to participate in the program;

(15) develop an employability development plan for each recipient for whom an assessment is required under clause (14) which: (i) reflects the assessment required by clause (14); (ii) takes into consideration the recipient's physical capacity, skills, experience, health and safety, family responsibilities, place of residence, proficiency, child care and other supportive service needs; (iii) is based on available resources and local employment opportunities; (iv) specifies the services to be provided by the employment and training service provider; (v) specifies the activities the recipient will participate in, including the worksite to which the caretaker will be assigned, if the caretaker is subject to the requirements of section 256.737, subdivision 2; (vi) specifies necessary supportive services such as child care; (vii) reflects the effort to arrange mandatory activities so that the activities do not interfere with access to available English as a second language classes and to the extent possible, reflects the preferences of the participant; and (viii) includes a written agreement between the county agency and the caretaker that outlines a reasonable schedule for completing the plan, including specific completion deadlines, and confirms that (A) there is a market for full-time employees with this education or training where the caretaker will or is willing to reside upon completion of the program; (B) the average wage level for employees with this education or training is greater than the caretaker can earn without this education or training; (C) the caretaker has the academic ability to successfully complete the program; and (D) there is a reasonable expectation that the caretaker will complete the training program based on such factors as the caretaker's previous education, training, work history, current motivation, and changes in previous circumstances; and (ix) specifies the recipient's long-term employment goal which shall lead to self-sufficiency;

(16) provide written notification to and obtain the written ~~or oral~~ concurrence of the appropriate exclusive bargaining representatives with respect to job duties covered under collective bargaining agreements ~~to~~ and assure that no work assignment under this section or sections 256.737, 256.738, and 256.739, or the Minnesota parent's fair share mandatory community work experience program results in: (i) termination, layoff, or reduction of the work hours of an employee for the purpose of hiring an individual under this section or sections 256.737, 256.738, and 256.739; (ii) the hiring of an individual if any other person is on layoff from the same or a substantially equivalent job; (iii) any infringement of the promotional opportunities of any currently employed individual; (iv) the impairment of existing contracts for services or collective bargaining agreements; or (v) except for on-the-job training under section 256.738, a participant filling an established unfilled position vacancy. If an exclusive bargaining representative and a county or public service employer disagree regarding whether job duties are covered under a collective bargaining agreement, the exclusive bargaining representative or the county or public service employer may petition the bureau of mediation services, and the bureau shall determine if the job duties are covered by a collective bargaining agreement; and

(17) assess each caretaker in an AFDC-UP family who is under age 25, has not completed high school or a high school equivalency program, and who would otherwise be required to participate in a work experience placement under section 256.737 to determine if an appropriate secondary education option is available for the caretaker. If an appropriate secondary education option is determined to be available for the caretaker, the caretaker must, in lieu of participating in work experience, enroll in and meet the educational program's participation and attendance requirements. "Secondary education" for this paragraph means high school education or education designed to prepare a person to qualify for a high school equivalency certificate, basic and

remedial education, and English as a second language education. A caretaker required to participate in secondary education who, without good cause, fails to participate shall be subject to the provisions of subdivision 4a and the sanction provisions of subdivision 4, clause (6). For purposes of this clause, "good cause" means the inability to obtain licensed or legal nonlicensed child care services needed to enable the caretaker to attend, inability to obtain transportation needed to attend, illness or incapacity of the caretaker or another member of the household which requires the caretaker to be present in the home, or being employed for more than 30 hours per week.

(b) Funds available under this subdivision may not be used to assist, promote, or deter union organizing.

(c) A county board may provide other employment and training services that it considers necessary to help caretakers obtain self-sufficiency.

(d) Notwithstanding section 256G.07, when a target caretaker relocates to another county to implement the provisions of the caretaker's case management contract or other written employability development plan approved by the county human service agency, its case manager or employment and training service provider, the county that approved the plan is responsible for the costs of case management and other services required to carry out the plan, including employment and training services. The county agency's responsibility for the costs ends when all plan obligations have been met, when the caretaker loses AFDC eligibility for at least 30 days, or when approval of the plan is withdrawn for a reason stated in the plan, whichever occurs first. Responsibility for the costs of child care must be determined under chapter 256H. A county human service agency may pay for the costs of case management, child care, and other services required in an approved employability development plan when the nontarget caretaker relocates to another county or when a target caretaker again becomes eligible for AFDC after having been ineligible for at least 30 days.

Sec. 12. Minnesota Statutes 1994, section 256.736, subdivision 10a, is amended to read:

Subd. 10a. [ORIENTATION.] (a) Each county agency must provide an orientation to all caretakers within its jurisdiction in the time limits described in this paragraph:

(1) within 60 days of being determined eligible for AFDC for caretakers with a continued absence or incapacitated parent basis of eligibility; or

(2) within 30 days of being determined eligible for AFDC for caretakers with an unemployed parent basis of eligibility.

(b) Caretakers are required to attend an in-person orientation if the caretaker is a member of one of the groups listed in subdivision 3a, paragraph (a), unless the caretaker is exempt from registration under subdivision 3 and the caretaker's exemption basis will not expire within 60 days of being determined eligible for AFDC, or the caretaker is enrolled at least half time in any recognized school, training program, or institution of higher learning and the in-person orientation cannot be scheduled at a time that does not interfere with the caretaker's school or training schedule. The county agency shall require attendance at orientation of caretakers described in subdivision 3a, paragraph (b) or (c), if the commissioner determines that the groups are eligible for participation in employment and training services.

(c) The orientation must consist of a presentation that informs caretakers of:

(1) the identity, location, and phone numbers of employment and training and support services available in the county;

(2) the types and locations of child care services available through the county agency that are accessible to enable a caretaker to participate in educational programs or employment and training services;

(3) the child care resource and referral program designated by the commissioner providing education and assistance to select child care services and a referral to the child care resource and referral when assistance is requested;

- (4) the obligations of the county agency and service providers under contract to the county agency;
- (5) the rights, responsibilities, and obligations of participants;
- (6) the grounds for exemption from mandatory employment and training services or educational requirements;
- (7) the consequences for failure to participate in mandatory services or requirements;
- (8) the method of entering educational programs or employment and training services available through the county;
- (9) the availability and the benefits of the early and periodic, screening, diagnosis and treatment (EPSDT) program and preschool screening under chapter 123;
- (10) their eligibility for transition year child care assistance when they lose eligibility for AFDC due to their earnings;
- (11) their eligibility for extended medical assistance when they lose eligibility for AFDC due to their earnings; and
- (12) the availability and benefits of the Head Start program.

(d) All orientation programs should provide information to caretakers on parenting, nutrition, household management, food preparation, and other subjects relevant to promoting family integration and self-sufficiency and provide detailed information on community resources available for training sessions on these topics.

(e) Orientation must encourage recipients to view AFDC as a temporary program providing grants and services to individuals who set goals and develop strategies for supporting their families without AFDC assistance. The content of the orientation must not imply that a recipient's eligibility for AFDC is time limited. Orientation may be provided through audio-visual methods, but the caretaker must be given an opportunity for face-to-face interaction with staff of the county agency or the entity providing the orientation, and an opportunity to express the desire to participate in educational programs and employment and training services offered through the county agency.

(f) County agencies shall not require caretakers to attend orientation for more than three hours during any period of 12 continuous months. The county agency shall also arrange for or provide needed transportation and child care to enable caretakers to attend.

The county or, under contract, the county's employment and training service provider shall mail written orientation materials containing the information specified in paragraph (c), clauses (1) to (3) and (8) to (12), to each caretaker exempt from attending an in-person orientation or who has good cause for failure to attend after at least two dates for their orientation have been scheduled. The county or the county's employment and training service provider shall follow up with a phone call or in writing within two weeks after mailing the material.

(g) Persons required to attend orientation must be informed of the penalties for failure to attend orientation, support services to enable the person to attend, what constitutes good cause for failure to attend, and rights to appeal. Persons required to attend orientation must be offered a choice of at least two dates for their first scheduled orientation. No person may be sanctioned for failure to attend orientation until after a second failure to attend.

(h) Good cause for failure to attend an in-person orientation exists when a caretaker cannot attend because of:

- (1) temporary illness or injury of the caretaker or of a member of the caretaker's family that prevents the caretaker from attending an orientation during the hours when the orientation is offered;
- (2) a judicial proceeding that requires the caretaker's presence in court during the hours when orientation is scheduled; or

(3) a nonmedical emergency that prevents the caretaker from attending an orientation during the hours when orientation is offered. "Emergency" for the purposes of this paragraph means a sudden, unexpected occurrence or situation of a serious or urgent nature that requires immediate action.

(h) (i) Caretakers must receive a second orientation only when:

(1) there has been a 30-day break in AFDC eligibility; and

(2) the caretaker has not attended an orientation within the previous 12-month period, excluding the month of reapplication for AFDC.

Sec. 13. Minnesota Statutes 1994, section 256.736, subdivision 14, is amended to read:

Subd. 14. [JOB SEARCH.] (a) Each county agency must establish and operate a job search program as provided under this section. Unless all caretakers in the household are exempt, the principal wage earner in an AFDC UP assistance unit must one nonexempt caretaker in each AFDC-UP household must be referred to and begin participation in the job search program within 30 days of being determined eligible for AFDC. If the principal wage earner is exempt from participation in job search, the other caretaker must be referred to and begin participation in the job search program within 30 days of being determined eligible for AFDC. The principal wage earner or the other assistance unit contains more than one nonexempt caretaker, the caretakers may determine which caretaker shall participate. The designation may be changed only once annually at the annual redetermination of eligibility. If no designation is made or if the caretakers cannot agree, the county agency shall designate the caretaker having earned the greater of the incomes, including in-kind income, during the 24-month period immediately preceding the month of application for AFDC benefits as the caretaker that must participate. When no designation is made or the caretakers cannot agree and neither caretaker had earnings or the earnings were identical for each caretaker, then the county agency shall designate the caretaker who must participate. A caretaker is exempt from job search participation if:

(1) the caretaker is exempt from registration under subdivision 3; or

(2) the caretaker is under age 25, has not completed a high school diploma or an equivalent program, and is participating in a secondary education program as defined in subdivision 10, paragraph (a), clause (17), which is approved by the employment and training service provider in the employability development plan.

(b) The job search program must provide four consecutive weeks of job search activities for no less than 20 hours per week but not more than 32 hours per week. The employment and training service provider shall specify for each participating caretaker the number of weeks and hours of job search to be conducted and shall report to the county agency if the caretaker fails to cooperate with the job search requirement. A person for whom lack of proficiency in English, as determined by an appropriate evaluation, is a barrier to employment, can choose to attend an available intensive, functional work literacy program for a minimum of 20 hours in place of the 20 hours of job search activities. The caretaker's employability development plan must include the length of time needed in the program, specific outcomes, attendance requirements, completion dates, and employment goals as they pertain to the intensive literacy program.

(c) The job search program may provide services to non-AFDC-UP caretakers.

(d) After completion of job search requirements in this section, nonexempt caretakers shall be placed in and must participate in and cooperate with the work experience program under section 256.737, the on-the-job training program under section 256.738, or the grant diversion program under section 256.739. Caretakers must be offered placement in a grant diversion or on-the-job training program, if either such employment is available, before being required to participate in a community work experience program under section 256.737. When a nonexempt caretaker fails to cooperate with the job search program, the work experience program, the on-the-job training program, or the community work experience program and is subject to the sanction provisions of subdivision 4, the second caretaker in the assistance unit, unless exempt, must also be removed from the grant unless that second caretaker has been referred to and has started participating in the job search program and subsequently in the work experience program, the on-the-job training

program, or the community work experience program prior to the date the sanction begins for the first caretaker. The second caretaker is ineligible for AFDC until the first caretaker's sanction ends or the second caretaker cooperates with the requirements.

Sec. 14. Minnesota Statutes 1994, section 256.736, subdivision 16, is amended to read:

Subd. 16. [ALLOCATION AND USE OF MONEY.] (a) State money appropriated for employment and training services under this section must be allocated to counties as specified in paragraphs (b) to ~~(j)~~ (l).

(b) For purposes of this subdivision, "targeted caretaker" means a recipient who:

(1) is a custodial parent under the age of 24 who: (i) has not completed a high school education and at the time of application for AFDC is not enrolled in high school or in a high school equivalency program; or (ii) had little or no work experience in the preceding year;

(2) is a member of a family in which the youngest child is within two years of being ineligible for AFDC due to age; or

(3) has received 36 months or more of AFDC over the last 60 months.

(c) One hundred percent of the money appropriated for case management services as described in subdivision 11 must be allocated to counties based on the average number of cases in each county described in clause (1). Money appropriated for employment and training services as described in subdivision 1a, paragraph (d), other than case management services, must be allocated to counties as follows:

(1) Forty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which either have been open for 36 or more consecutive months or have a caretaker who is under age 24 and who has no high school or general equivalency diploma. The average number of cases must be based on counts of these cases as of March 31, June 30, September 30, and December 31 of the previous year.

(2) Twenty percent of the state money must be allocated based on the average number of cases receiving AFDC in the county which are not counted under clause (1). The average number of cases must be based on counts of cases as of March 31, June 30, September 30, and December 31 of the previous year.

(3) Twenty-five percent of the state money must be allocated based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(4) Fifteen percent of the state money must be allocated at the discretion of the commissioner based on participation levels for target group members in each county.

(d) No more than 15 percent of the money allocated under paragraph (b) and no more than 15 percent of the money allocated under paragraph (c) may be used for administrative activities.

(e) At least 55 percent of the money allocated to counties under paragraph (c) must be used for employment and training services for caretakers in the target groups, and up to 45 percent of the money may be used for employment and training services for nontarget caretakers. One hundred percent of the money allocated to counties for case management services must be used to provide those services to caretakers in the target groups.

(f) Money appropriated to cover the nonfederal share of costs for bilingual case management services to refugees for the employment and training programs under this section are allocated to counties based on each county's proportion of the total statewide number of AFDC refugee cases. However, counties with less than one percent of the statewide number of AFDC refugee cases do not receive an allocation.

(g) Counties, the department of economic security, and entities under contract with either the department of economic security or the department of human services for provision of ~~Project~~ STRIDE related services shall bill the commissioner of human services for any expenditures

incurred by the county, the county's employment and training service provider, or the department of economic security that may be reimbursed by federal money. The commissioner of human services shall bill the United States Department of Health and Human Services and the United States Department of Agriculture for the reimbursement and appropriate the reimbursed money to the county, the department of economic security, or employment and training service provider that submitted the original bill. The reimbursed money must be used to expand employment and training services.

(h) The commissioner of human services shall review county expenditures of case management and employment and training block grant money at the end of the third quarter of the biennium and each quarter after that, and may reallocate unencumbered or unexpended money allocated under this section to those counties that can demonstrate a need for additional money. Reallocation of funds must be based on the formula set forth in paragraph (a), excluding the counties that have not demonstrated a need for additional funds.

(i) The county agency may continue to provide case management and supportive services to a participant for up to 90 days after the participant loses AFDC eligibility and may continue providing a specific employment and training service for the duration of that service to a participant if funds for the service are obligated or expended prior to the participant losing AFDC eligibility.

(j) One hundred percent of the money appropriated for an unemployed parent work experience program under section 256.737 must be allocated to counties based on the average monthly number of assistance units in the county receiving AFDC-UP for the period ending December 31 of the previous year.

(k) The commissioner may waive the requirement of paragraph (e) that case management funds be spent only on case management services in order to permit the development of a unified STRIDE funding allocation for each county agency. The unified allocation may be expended by the county agency for case management and employment and training activities in the proportion determined necessary to streamline administrative procedures and enhance program performance. The commissioner, in consultation with the commissioner of economic security, may also grant a waiver from program spending limits in paragraphs (d) and (e) to any county which can demonstrate increased program effectiveness through a written request to the department. Counties which request a waiver of the spending limits in paragraphs (d) and (e) shall amend their local service unit plans and receive approval of the plans prior to commencing the waiver. The commissioners of human services and economic security shall annually evaluate the effectiveness of all waivers approved under this subdivision.

(l) Effective July 1, 1995, the commissioner of human services shall begin developing a performance model for the purpose of analyzing each county's performance in the provision of STRIDE employment and training services. Beginning February 1, 1997, and each year thereafter, the commissioner of human services shall inform each county of the county's performance based upon the following measures:

- (1) employment rate at termination of STRIDE eligibility;
- (2) wage rate at termination of STRIDE eligibility;
- (3) average annual cost per placement calculated by dividing the total STRIDE expenditures by the number of participants placed in unsubsidized employment;
- (4) AFDC-UP participation rate;
- (5) percentage of 18- and 19-year-old custodial parents subject to secondary education requirements of subdivision 3b who complete secondary education or equivalent course of study; and
- (6) achievement of federally mandated JOBS participation rate.

Performance measures (1), (2), and (3) shall be adjusted to reflect local conditions.

County agencies must take the results of these performance measures into consideration when selecting employment and training service providers.

Sec. 15. Minnesota Statutes 1994, section 256.736, is amended by adding a subdivision to read:

Subd. 20. [SPECIAL PROVISIONS FOR PERSONS PARTICIPATING IN EDUCATIONAL PROGRAMS.] The provisions of this subdivision are applicable to all project STRIDE participants, including those subject to subdivision 3b and section 256.737.

(a) For recipients eligible to participate under subdivision 3b who are enrolled in a high school equivalency program on a full-time basis, there is no work requirement. Individuals who are enrolled part time in a high school equivalency program must take classroom instruction for at least six hours per week, meet the attendance and satisfactory progress requirements as defined by the employment and training service provider in consultation with the provider of the high school equivalency program, and concurrently work a monthly average of not less than 64 hours in employment paying at least minimum wage or in documented volunteer work. Hours spent assisting at a licensed day care center shall count toward the weekly hours needed to fulfill the employment or volunteer requirement. "Volunteer work" shall include attendance at parenting skill classes. Failure to comply, without good cause, with this requirement shall result in the imposition of sanctions as specified in subdivision 4, clause (6).

(b) Concurrent with participation in post-secondary education or training approved in an employability development plan under subdivision 10, paragraph (a), clause (15), the participant must work at a minimum the number of hours per month prescribed by this subdivision in employment paying at least minimum wage or in documented volunteer work for a public or nonprofit agency and agree to search for and accept any offer of suitable employment upon completion of the education or training. For individuals who are participating in an educational program under this paragraph on a full-time basis as determined by the institution, there is no work requirement. For individuals participating in an educational program on a part-time basis as determined by the institution, the number of hours that a participant must work shall be increased or decreased in inverse proportion to the number of credit hours being taken, with a maximum of eight hours weekly of work. Hours spent assisting at a licensed day care center shall count towards the weekly hours needed to fulfill the employment or volunteer requirement. "Volunteer work" shall include attendance at parenting skill classes.

Sec. 16. Minnesota Statutes 1994, section 256.737, subdivision 1a, is amended to read:

Subd. 1a. [COMMISSIONER'S DUTIES.] The commissioner shall: (a) assist counties in the design and implementation of these programs; (b) promulgate, in accordance with chapter 14, emergency rules necessary for the implementation of this section, except that the time restrictions of section 14.35 shall not apply and the rules may be in effect until June 30, 1993, unless superseded by permanent rules; (c) seek any federal waivers necessary for proper implementation of this section in accordance with federal law; (d) ensure that participants at CWEP worksites are assigned to work, and require revision of the CWEP work plan in cases where work is not available at the site; (e) shall design and implement an intensive, functional work literacy program that addresses the barriers to employment for nonexempt caretakers in AFDC-UP households who lack proficiency in English. The commissioner is encouraged to work with adult basic education providers to provide functional work literacy services, where available. The intensive, functional work literacy program must be designed to assist nonexempt caretakers in AFDC-UP households achieve self-sufficiency by enhancing their employability through concurrent participation in meaningful work experience, job search skills, and functional work literacy; and ~~(d)~~ (f) prohibit the use of participants in the programs to do work that was part or all of the duties or responsibilities of an authorized public employee bargaining unit position established as of January 1, 1993. The exclusive bargaining representative shall be notified no less than 14 days in advance of any placement by the community work experience program. Written or oral concurrence with respect to job duties of persons placed under the community work experience program shall be obtained from the appropriate exclusive bargaining representative within seven days. The appropriate oversight committee shall be given monthly lists of all job placements under a community work experience program.

Sec. 17. Minnesota Statutes 1994, section 256.737, subdivision 2, is amended to read:

Subd. 2. [PROGRAM REQUIREMENTS.] (a) Worksites developed under this section are limited to projects that serve a useful public service such as: health, social service, environmental

protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, public safety, community service, services to aged or disabled citizens, and child care. To the extent possible, the prior training, skills, and experience of a recipient must be used in making appropriate work experience assignments.

(b) As a condition to placing a person receiving aid to families with dependent children in a program under this subdivision, the county agency shall first provide the recipient the opportunity:

(1) for placement in suitable subsidized or unsubsidized employment through participation in job search under section 256.736, subdivision 14; or

(2) for placement in suitable employment through participation in on-the-job training under section 256.738 or grant diversion under section 256.739, if such employment is available.

(c) A caretaker referred to job search under section 256.736, subdivision 14, and who has failed to secure suitable employment must participate in a community work experience program.

(d) The county agency shall limit the maximum number of hours any participant under this section may work in any month to:

(1) for counties operating an approved mandatory community work experience program as of January 1, 1993, who elect this method for countywide operations, a number equal to the amount of the aid to families with dependent children payable to the family divided by the greater of the federal minimum wage or the applicable state minimum wage; or

(2) for all other counties, a caretaker must participate in any week 20 hours with no less than 16 hours spent participating in a work experience placement and no more than four of the hours spent in alternate activities as described in the caretaker's employability development plan. A person for whom lack of proficiency in English, as determined by an appropriate evaluation, is a barrier to employment, can choose to attend an available intensive, functional work literacy program and the hours will be applied to the four hours of alternate activities. The caretaker's employability development plan must include the length of time needed in the program, specific outcomes, completion dates, and employment goals as they pertain to the intensive language program. Placement in a work experience worksite must be based on the assessment required under section 256.736 and the caretaker's employability development plan. Caretakers participating under this clause may be allowed excused absences from the assigned job site of up to eight hours per month. For the purposes of this clause, "excused absence" means absence due to temporary illness or injury of the caretaker or a member of the caretaker's family, the unavailability of licensed child care or transportation needed to participate in the work experience placement, a job interview, or a nonmedical emergency. For purposes of this clause, "emergency" has the meaning given it in section 256.736, subdivision 10a, paragraph (g).

(e) After a participant has been assigned to a position under paragraph (d), clause (1), for nine months, the participant may not continue in that assignment unless the maximum number of hours a participant works is no greater than the amount of the aid to families with dependent children payable with respect to the family divided by the higher of (1) the federal minimum wage or the applicable state minimum wage, whichever is greater, or (2) the rate of pay for individuals employed in the same or similar occupations by the same employer at the same site.

(f) After each six months of a recipient's participation in an assignment, and at the conclusion of each assignment under this section, the county agency shall reassess and revise, as appropriate, each participant's employability development plan.

(g) Structured, supervised volunteer work with an agency or organization which is monitored by the county service provider may, with the approval of the commissioner of economic security, be used as a work experience placement.

(h) If there is no work available at the site to which a CWEP participant is assigned, then the CWEP work plan shall be revised so that participants may work at alternative sites.

Sec. 18. Minnesota Statutes 1994, section 256.737, is amended by adding a subdivision to read:

Subd. 7. [INJURY PROTECTION FOR WORK EXPERIENCE PARTICIPANTS.] (a)

Payment of any claims resulting from an alleged injury or death of a recipient participating in a community work experience program established and operated by a county pursuant to this section shall be determined in accordance with this section. This determination method applies to work experience programs established under aid to families with dependent children, work readiness, Minnesota parent's fair share, and to obligors participating in community services pursuant to section 518.551, subdivision 5a, in a county with an approved community investment program.

(b) Claims that are subject to this section shall be investigated by the county agency responsible for supervising the work to determine whether the claimed injury occurred, whether the claimed medical expenses are reasonable, and whether the loss is covered by the claimant's insurance. If insurance coverage is established, the county agency shall submit the claim to the appropriate insurance entity for payment. The investigating county agency shall submit all valid claims, in the amount net of any insurance payments, to the department of human services.

(c) The department of human services shall submit all claims for impairment compensation to the commissioner of labor and industry. The commissioner of labor and industry shall review all submitted claims and recommend to the department of human services an amount of compensation comparable to that which would be provided under the impairment compensation schedule of section 176.101, subdivision 3b.

(d) The department of human services shall approve a claim of \$1,000 or less for payment if appropriated funds are available, if the county agency responsible for supervising the work has made the determinations required by this section, and if the work program was operated in compliance with the safety provisions of this section. The department shall pay the portion of an approved claim of \$1,000 or less that is not covered by the claimant's insurance within three months of the date of submission. On or before February 1 of each legislative session, the department shall submit to the appropriate committees of the senate and the house of representatives a list of claims of \$1,000 or less paid during the preceding calendar year and shall be reimbursed by legislative appropriation for any claims that exceed the original appropriation provided to the department to operate this program. Any unspent money from this appropriation shall carry over to the second year of the biennium, and any unspent money remaining at the end of the second year shall be returned to the state general fund.

On or before February 1 of each year, the department shall submit to the appropriate committees of the senate and the house of representatives a list of claims in excess of \$1,000 and a list of claims of \$1,000 or less that were submitted to but not paid by the department of human services, together with any recommendations of appropriate compensation. These claims shall be heard and determined by the appropriate committees of the senate and house of representatives and, if approved, shall be paid under the legislative claims procedure.

(e) Compensation paid under this section is limited to reimbursement for reasonable medical expenses and impairment compensation for disability in like amounts as allowed in section 176.101, subdivision 3b. Compensation for injuries resulting in death shall include reasonable medical expenses and burial expenses in addition to payment to the participant's estate in an amount up to \$200,000. No compensation shall be paid under this section for pain and suffering, lost wages, or other benefits provided in chapter 176. Payments made under this section shall be reduced by any proceeds received by the claimant from any insurance policy covering the loss. For the purposes of this section, "insurance policy" does not include the medical assistance program authorized under chapter 256B or the general assistance medical care program authorized under chapter 256D.

(f) The procedure established by this section is exclusive of all other legal, equitable, and statutory remedies against the state, its political subdivisions, or employees of the state or its political subdivisions. The claimant shall not be entitled to seek damages from any state or county insurance policy or self-insurance program.

(g) A claim is not valid for purposes of this subdivision if the local agency responsible for supervising the work cannot verify to the department of human services:

(1) that appropriate safety training and information is provided to all persons being supervised by the agency under this subdivision; and

(2) that all programs involving work by those persons comply with federal Occupational Safety and Health Administration and state department of labor and industry safety standards. A claim that is not valid because of failure to verify safety training or compliance with safety standards will not be paid by the department of human services or through the legislative claims process and must be heard, decided, and paid, if appropriate, by the local government unit responsible for supervising the work of the claimant.

(g) This program is effective July 1, 1995. Claims may be submitted on or after November 1, 1995.

Sec. 19. Minnesota Statutes 1994, section 256.74, is amended by adding a subdivision to read:

Subd. 6. [STATE SUPPLEMENTARY PAYMENTS.] The commissioner of human services shall report back on a plan for providing supplemental payments for recipients of AFDC whose income is reduced or terminated as a result of a reduction in the rate of pay, reduction in numbers of hours worked, or reduction in court ordered or agreed upon support, but whose assistance under the AFDC program is not adjusted accordingly because of the operation of retrospective budgeting procedures. The amount of assistance must be sufficient to ensure that the assistance unit's income equals, but does not exceed, the standard of assistance in the AFDC program for an assistance unit of like size and composition. A recipient shall not be eligible for supplementary assistance if the recipient voluntarily, and without good cause attributable to the employer, discontinued employment with the employer or was discharged for misconduct connected with work or for misconduct which interferes with or adversely affects employment. The commissioner's report shall provide information on the projected number of families likely to be eligible for supplementary payments during the 1997-1999 biennium; and on the costs, including administrative costs, of making those payments to eligible recipients. The report shall be presented to the legislature by February 15, 1996.

Sec. 20. Minnesota Statutes 1994, section 256.81, is amended to read:

256.81 [COUNTY AGENCY, DUTIES.]

(1) The county agency shall keep such records, accounts, and statistics in relation to aid to families with dependent children as the state agency shall prescribe.

(2) Each grant of aid to families with dependent children shall be paid to the recipient by the county agency unless paid by the state agency. Payment must be by check or electronic means except in those instances in which the county agency, subject to the rules of the state agency, determines that payments for care shall be made to an individual other than the parent or relative with whom the dependent child is living or to vendors of goods and services for the benefit of the child because such parent or relative is unable to properly manage the funds in the best interests and welfare of the child. There is a presumption of mismanagement of funds whenever a recipient is more than 30 days in arrears on payment of rent, except when the recipient has withheld rent to enforce the recipient's right to withhold the rent in accordance with federal, state, or local housing laws. In cases of mismanagement based solely on failure to pay rent, the county may vendor the rent payments to the landlord. At the request of a recipient, the state or county may make payments directly to vendors of goods and services, but only for goods and services appropriate to maintain the health and safety of the child, as determined by the county.

(3) The state or county may ask the recipient to give written consent authorizing the state or county to provide advance notice to a vendor before vendor payments of rent are reduced or terminated. Whenever possible under state and federal laws and regulations and if the recipient consents, the state or county shall provide at least 30 days notice to vendors before vendor payments of rent are reduced or terminated. If 30 days notice cannot be given, the state or county shall notify the vendor within three working days after the date the state or county becomes aware that vendor payments of rent will be reduced or terminated. When the county notifies a vendor that vendor payments of rent will be reduced or terminated, the county shall include in the notice that it is illegal to discriminate on the grounds that a person is receiving public assistance and the penalties for violation. The county shall also notify the recipient that it is illegal to discriminate on the grounds that a person is receiving public assistance and the procedures for filing a complaint. The county agency may develop procedures, including using the MAXIS system, to implement vendor notice and may charge vendors a fee not exceeding \$5 to cover notification costs.

(4) A vendor payment arrangement is not a guarantee that a vendor will be paid by the state or county for rent, goods, or services furnished to a recipient, and the state and county are not liable for any damages claimed by a vendor due to failure of the state or county to pay or to notify the vendor on behalf of a recipient, except under a specific written agreement between the state or county and the vendor or when the state or county has provided a voucher guaranteeing payment under certain conditions.

(5) The county shall be paid from state and federal funds available therefor the amount provided for in section 256.82.

(6) Federal funds available for administrative purposes shall be distributed between the state and the counties in the same proportion that expenditures were made except as provided for in section 256.017.

(7) The affected county may require that assistance paid under the AFDC emergency assistance program in the form of a rental unit damage deposit, less any amount retained by the landlord to remedy a tenant's default in payment of rent or other funds due to the landlord pursuant to a rental agreement, or to restore the premises to the condition at the commencement of the tenancy, ordinary wear and tear excepted, be returned to the county when the individual vacates the premises or paid to the recipient's new landlord as a vendor payment. The vendor payment of returned funds shall not be considered a new use of emergency assistance.

Sec. 21. [256.8799] [FOOD STAMP OUTREACH PROGRAM.]

Subdivision 1. [ESTABLISHMENT.] The commissioner of human services shall establish, in consultation with the representatives from community action agencies, a statewide outreach program to better inform potential recipients of the existence and availability of food stamps under the food stamp program. As part of the outreach program, the commissioner and community action agencies shall encourage recipients in the use of food stamps at food cooperatives. The commissioner shall explore and pursue federal funding sources, and specifically, apply for funding from the United States Department of Agriculture for the food stamp outreach program.

Subd. 2. [ADMINISTRATION OF THE PROGRAM.] A community association representing community action agencies under section 268.53, in consultation with the commissioner shall administer the outreach program, issue the request for proposals, and review and approve the potential grantee's plan. Grantees shall comply with the monitoring and reporting requirements as developed by the commissioner in accordance with subdivision 4, and must also participate in the evaluation process as directed by the commissioner. Grantees must successfully complete one year of outreach and demonstrate compliance with all monitoring and reporting requirements in order to be eligible for additional funding.

Subd. 3. [PLAN CONTENT.] In approving the plan, the association shall evaluate the plan and give highest priority to a plan that:

(1) targets communities in which 50 percent or fewer of the residents with incomes below 125 percent of the poverty level receive food stamps;

(2) demonstrates that the grantee has the experience necessary to administer the program;

(3) demonstrates a cooperative relationship with the local county social service agencies;

(4) provides ways to improve the dissemination of information on the food stamp program as well as other assistance programs through a statewide hotline or other community agencies;

(5) provides direct advocacy consisting of face-to-face assistance with the potential applicants;

(6) improves access to the food stamp program by documenting barriers to participation and advocating for changes in the administrative structure of the program; and

(7) develops strategies for combatting community stereotypes about food stamp recipients and the food stamp program, misinformation about the program, and the stigma associated with using food stamps.

Subd. 4. [COORDINATED DEVELOPMENT.] The commissioner shall consult with representatives from the United States Department of Agriculture, Minnesota Community Action Association, Food First Coalition, Minnesota department of human services, Urban Coalition/University of Minnesota extension services, county social service agencies, local social service agencies, and organizations that have previously administered state-funded food stamp outreach programs to:

- (1) develop the reporting requirements for the program;
- (2) develop and implement the monitoring of the program;
- (3) develop, coordinate, and assist in the evaluation process; and
- (4) provide an interim report to the legislature by January 1997, and a final report to the legislature by January 1998, which includes the results of the evaluation and recommendations.

Sec. 22. Minnesota Statutes 1994, section 256.979, is amended by adding a subdivision to read:

Subd. 9. [ACCRUAL OF SUPPORT OBLIGATIONS.] The commissioner shall seek the waiver required under this section only if the provision creating the centralized child support payment center does not pass in the 1995 legislative session. If the centralized child support payment center provision does not pass, the commissioner shall seek a waiver from the secretary of the Department of Health and Human Services to enable the agency to accrue child support payments received on behalf of both AFDC and non-AFDC clients until the sum total of the money owed by the state agency to the client is at least \$10. Obligors shall be assessed a processing fee of \$10 to be retained by the county agency in every instance when both of the following conditions exist:

- (1) the obligor pays less than the required monthly support obligation; and
- (2) that reduced payment would result in a child support payment to an AFDC or non-AFDC client of less than \$10 for that month.

Sec. 23. Minnesota Statutes 1994, section 256.983, subdivision 1, is amended to read:

Subdivision 1. [PROGRAMS ESTABLISHED.] Within the limits of available appropriations, and to the extent required or authorized by applicable federal regulations, the commissioner of human services shall require the establishment of fraud prevention investigation programs in the seven counties participating in the fraud prevention investigation pilot project established under section 256.983, and in 11 additional Minnesota counties with the largest aid to families with dependent children program caseloads as of July 1, 1991. If funds are sufficient, the commissioner may also extend fraud prevention investigation programs to: (1) other counties that have welfare fraud control programs already in place based on enhanced funding contracts covering the fraud investigation function; and (2) counties that have the largest AFDC caseloads as of July 1, 1994, and are not currently participating in the fraud prevention investigation pilot project. The pilot project may be expanded provided the expansion is budget neutral to the state.

Sec. 24. [256.9850] [IDENTITY VERIFICATION.]

The commissioner of human services shall seek from the secretary of Health and Human Services all necessary waivers of the requirements of the program of AFDC, to enable the commissioner to establish a statewide program to test the effectiveness of identity verification systems in the electronic benefit transfer systems in the state AFDC program. Identity verification provisions shall be added to the statewide requests for proposal on the expansion of electronic benefit transfer systems in the AFDC program.

Sec. 25. [256.986] [COUNTY COORDINATION OF FRAUD CONTROL ACTIVITIES.]

(a) The county agency shall prepare and submit to the commissioner of human services by January 1 of each year a plan to coordinate county duties related to the prevention, investigation, and prosecution of fraud in public assistance programs. Plans may be submitted on a voluntary basis prior to January 1, 1996. Each county must submit its first annual plan prior to January 1, 1997.

(b) Within the limits of appropriations specifically made available for this purpose, the commissioner may make grants to counties submitting plans under paragraph (a) to implement coordination activities.

Sec. 26. Minnesota Statutes 1994, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs, except for fertility drugs when specifically used to enhance fertility, if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from professional medical associations and professional pharmacist associations, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve three-year terms and shall serve without compensation. Members may be reappointed once.

(b) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include:

(i) drugs or products for which there is no federal funding;

(ii) over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, and vitamins for children under the age of seven and pregnant or nursing women;

(iii) any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14;

(iv) anorectics; and

(v) drugs for which medical value has not been established.

The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(c) The basis for determining the amount of payment shall be the lower of the actual acquisition

costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus 7.6 percent effective January 1, 1994. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

(d) Until the date the on-line, real-time Medicaid Management Information System (MMIS) upgrade is successfully implemented, as determined by the commissioner of administration, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spenddown, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spenddown amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spenddown of (1) their right to appeal the denial of services on the grounds that they have satisfied the spenddown requirement, and (2) their potential eligibility for the MinnesotaCare program or the children's health plan.

Sec. 27. Minnesota Statutes 1994, section 256D.01, subdivision 1a, is amended to read:

Subd. 1a. [STANDARDS.] (a) A principal objective in providing general assistance is to provide for persons ineligible for federal programs who are unable to provide for themselves. The minimum standard of assistance determines the total amount of the general assistance grant without separate standards for shelter, utilities, or other needs.

(b) The commissioner shall set the standard of assistance for an assistance unit consisting of an adult recipient who is childless and unmarried or living apart from children and spouse and who does not live with a parent or parents or a legal custodian. When the other standards specified in this subdivision increase, this standard must also be increased by the same percentage.

(c) For an assistance unit consisting of a single adult who lives with a parent or parents, the general assistance standard of assistance is the amount that the aid to families with dependent children standard of assistance would increase if the recipient were added as an additional minor child to an assistance unit consisting of the recipient's parent and all of that parent's family

members, except that the standard may not exceed the standard for a general assistance recipient living alone. Benefits received by a responsible relative of the assistance unit under the supplemental security income program, a workers' compensation program, the Minnesota supplemental aid program, or any other program based on the responsible relative's disability, and any benefits received by a responsible relative of the assistance unit under the social security retirement program, may not be counted in the determination of eligibility or benefit level for the assistance unit. Except as provided below, the assistance unit is ineligible for general assistance if the available resources or the countable income of the assistance unit and the parent or parents with whom the assistance unit lives are such that a family consisting of the assistance unit's parent or parents, the parent or parents' other family members and the assistance unit as the only or additional minor child would be financially ineligible for general assistance. For the purposes of calculating the countable income of the assistance unit's parent or parents, the calculation methods, income deductions, exclusions, and disregards used when calculating the countable income for a single adult or childless couple must be used.

(d) For an assistance unit consisting of a childless couple, the standards of assistance are the same as the first and second adult standards of the aid to families with dependent children program. If one member of the couple is not included in the general assistance grant, the standard of assistance for the other is the second adult standard of the aid to families with dependent children program.

(e) For an assistance unit consisting of all members of a family, the standards of assistance are the same as the standards of assistance that apply to a family under the aid to families with dependent children program if that family had the same number of parents and children as the assistance unit under general assistance and if all members of that family were eligible for the aid to families with dependent children program. If one or more members of the family are not included in the assistance unit for general assistance, the standards of assistance for the remaining members are the same as the standards of assistance that apply to an assistance unit composed of the entire family, less the standards of assistance for a family of the same number of parents and children as those members of the family who are not in the assistance unit for general assistance. In no case shall the standard for family members who are in the assistance unit for general assistance, when combined with the standard for family members who are not in the general assistance unit, total more than the standard for the entire family if all members were in an AFDC assistance unit. A child may not be excluded from the assistance unit unless income intended for its benefit is received from a federally aided categorical assistance program or supplemental security income. The income of a child who is excluded from the assistance unit may not be counted in the determination of eligibility or benefit level for the assistance unit.

(f) An assistance unit consisting of one or more members of a family must have its grant determined using the policies and procedures of the aid to families with dependent children program, except that, until June 30, 1995, in cases where a county agency has developed or approved a case plan that includes reunification with the children, foster care maintenance payments made under state or local law for a child who is temporarily absent from the assistance unit must not be considered income to the child and the payments must not be counted in the determination of the eligibility or benefit level of the assistance unit. Otherwise, the standard of assistance must be determined according to paragraph (e); the first \$50 of total child support received by an assistance unit in a month must be excluded and the balance counted as unearned income; ~~and nonrecurring lump sums received by the family must be considered income in the month received and a resource in the following months.~~

Sec. 28. Minnesota Statutes 1994, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers, except as provided in paragraph (c):

- (1) inpatient hospital services;
- (2) outpatient hospital services;
- (3) services provided by Medicare certified rehabilitation agencies;

- (4) prescription drugs and other products recommended through the process established in section 256B.0625, subdivision 13;
 - (5) equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level;
 - (6) eyeglasses and eye examinations provided by a physician or optometrist;
 - (7) hearing aids;
 - (8) prosthetic devices;
 - (9) laboratory and X-ray services;
 - (10) physician's services;
 - (11) medical transportation;
 - (12) chiropractic services as covered under the medical assistance program;
 - (13) podiatric services;
 - (14) dental services;
 - (15) outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;
 - (16) day treatment services for mental illness provided under contract with the county board;
 - (17) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;
 - (18) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;
 - (19) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments;
 - (20) medical equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision; and
 - (21) services performed by a certified pediatric nurse practitioner, a certified family nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171.
- (b) Except as provided in paragraph (c), for a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.
- (c) Gender reassignment surgery and related services are not covered services under this subdivision unless the individual began receiving gender reassignment services prior to July 1, 1995.
- (d) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the

University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625. For payments made during fiscal year 1990 and later years, the commissioner shall consult with an independent actuary in establishing prepayment rates, but shall retain final control over the rate methodology.

(d) (e) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985 to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987 to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988 to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(e) (f) Any county may, from its own resources, provide medical payments for which state payments are not made.

(f) (g) Chemical dependency services that are reimbursed under chapter 254B must not be reimbursed under general assistance medical care.

~~(g)~~ (h) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

~~(h)~~ (i) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 29. [256D.045] [SOCIAL SECURITY NUMBER REQUIRED.]

To be eligible for general assistance under sections 256D.01 to 256D.21, an individual must provide the individual's social security number to the county agency or submit proof that an application has been made. The provisions of this section do not apply to the determination of eligibility for emergency general assistance under section 256D.06, subdivision 2.

Sec. 30. Minnesota Statutes 1994, section 256D.05, subdivision 6, is amended to read:

Subd. 6. [ASSISTANCE FOR PERSONS WITHOUT A VERIFIED RESIDENCE.] (a) For applicants or recipients of general assistance, emergency general assistance, or work readiness assistance who do not have a verified residence address, the county agency may provide assistance using one or more of the following methods:

(1) the county agency may provide assistance in the form of vouchers or vendor payments and provide separate vouchers or vendor payments for food, shelter, and other needs;

(2) the county agency may divide the monthly assistance standard into weekly payments, whether in cash or by voucher or vendor payment. Nothing in this clause prevents the county agency from issuing voucher or vendor payments for emergency general assistance in an amount less than the standards of assistance; ~~and~~

(3) the county agency may determine eligibility and provide assistance on a weekly basis. Weekly assistance can be issued in cash or by voucher or vendor payment and can be determined either on the basis of actual need or by prorating the monthly assistance standard; and

(4) for the purposes of clauses (2) and (3), the county agency may divide the monthly assistance standard as follows: \$50 per week for each of the first three weeks, and the remainder for the fourth week.

(b) An individual may verify a residence address by providing a driver's license; a state identification card; a statement by the landlord, apartment manager, or homeowner verifying that the individual is residing at the address; or other written documentation approved by the commissioner.

(c) Notwithstanding the provisions of section 256D.06, subdivision 1, if the county agency elects to provide assistance on a weekly payment basis, the agency may not provide assistance for a period during which no need is claimed by the individual unless the individual has good cause for failing to claim need. The individual must be notified, each time weekly assistance is provided, that subsequent weekly assistance will not be issued unless the individual claims need. The advance notice required under section 256D.10 does not apply to weekly assistance that is withheld because the individual failed to claim need without good cause.

(d) The county agency may not issue assistance on a weekly basis to an applicant or recipient who has professionally certified mental illness or mental retardation or a related condition, or to an assistance unit that includes minor children, unless requested by the assistance unit.

Sec. 31. [256D.0511] [LUMP-SUM PAYMENTS.]

Subdivision 1. [INELIGIBILITY.] Applicants for general assistance or work readiness who are ineligible for AFDC due to a nonrecurring lump-sum payment or recipients of general assistance or work readiness are ineligible for general assistance and work readiness benefits for the period described below unless the person demonstrates that the lump-sum payment was used for basic needs.

Subd. 2. [BUDGETING LUMP SUMS.] Nonrecurring lump-sum income received by a recipient of general assistance or work readiness assistance must be budgeted in the normal retrospective cycle. Nonrecurring lump-sum income received by an applicant for general assistance or work readiness who is ineligible for AFDC due to a nonrecurring lump-sum payment is prospectively budgeted.

Subd. 3. [PERIOD OF INELIGIBILITY.] The period of ineligibility determined under the AFDC program shall be used when computing eligibility for applicants for general assistance or work readiness who are ineligible for AFDC due to receipt of a nonrecurring lump-sum payment. Recipients of general assistance or work readiness who receive nonrecurring lump-sum income shall have their period of ineligibility determined using the AFDC policy defined in section 256.74, subdivision 1.

Subd. 4. [SHORTENING A PERIOD OF INELIGIBILITY.] Applicants for general assistance or work readiness who are ineligible for AFDC due to receipt of a lump sum must cooperate in determining if the AFDC period of ineligibility can be shortened under section 256.74, subdivision 1, as a condition of eligibility for general assistance or work readiness. For applicants and recipients of general assistance or work readiness, the period of ineligibility must be shortened when the assistance unit provides documentation that part or all of the lump-sum income has been expended for basic needs as defined in subdivision 5.

Subd. 5. [DEFINITIONS.] As used in this section, the following words have the meanings given:

(1) "assistance unit," for purposes of applying the lump-sum provision, is defined as all persons whose needs are taken into account in determining eligibility and the amount of assistance payment; and

(2) "basic needs" are defined as the minimum personal requirements of subsistence and are restricted to:

(i) food;

(ii) clothing;

(iii) shelter;

(iv) utilities;

(v) other items of which the loss or lack of is determined by the county agency to pose a direct immediate threat to the physical health or safety of a member of the assistance unit;

(vi) education, training, and work expenses necessary to become economically self-sufficient; and

(vii) medical expenses.

Sec. 32. [256D.055] [COUNTY DESIGN; WORK FOCUSED PROGRAM.]

The commissioner of human services shall issue a request for proposals from counties to submit a plan for developing and implementing a county-designed program. The plan shall be for first-time applicants for aid to families with dependent children (AFDC) and family general assistance (FGA) and must emphasize the importance of becoming employed and oriented into the work force in order to become self-sufficient. The plan must target public assistance applicants who are most likely to become self-sufficient quickly with short-term assistance or services such as child care, child support enforcement, or employment and training services.

The plan may include vendor payments, mandatory job search, refocusing existing county or provider efforts, or other program features. The commissioner may approve a county plan which allows a county to use other program funding for the county work focus program in a more flexible manner. Nothing in this section shall allow payments made to the public assistance applicant to be less than the amount the applicant would have received if the program had not been implemented, or reduce or eliminate a category of eligible participants from the program without legislative approval.

The commissioner shall not approve a county plan that would have an adverse impact on the Minnesota family investment plan demonstration. If the plan is approved by the commissioner, the county may implement the plan. If the plan is approved by the commissioner, but a federal waiver is necessary to implement the plan, the commissioner shall apply for the necessary federal waivers. If by July 1, 1996, at least four counties have not proposed a work focused plan, the commissioner of human services may pursue the work first plan as provided under Minnesota Statutes, sections 256.7351 to 256.7359. However, a county with a work focus plan that has been approved under this section may implement the plan.

Sec. 33. Minnesota Statutes 1994, section 256D.09, subdivision 2a, is amended to read:

Subd. 2a. ~~[REPRESENTATIVE PAYEE VENDOR PAYMENTS FOR DRUG DEPENDENT PERSONS.] Notwithstanding subdivision 1, the commissioner shall adopt rules, and may adopt emergency rules, governing the assignment of a representative payee and management of the general assistance or work readiness assistance grant of a drug dependent person as defined in section 254A.02, subdivision 5. The representative payee is responsible for deciding how the drug dependent person's benefits can best be used to meet that person's needs. The determination of drug dependency must be made by an assessor qualified under Minnesota Rules, part 9530.6615, subpart 2, to perform an assessment of chemical use. Upon receipt of the assessor's determination of drug dependency, the county shall determine whether a representative payee will be assigned to manage the person's benefits. The chemical use assessment, the decision to refer a person for the assessment, and the county determination of whether a representative payee will be assigned are subject to the administrative and judicial review provisions of section 256.045. However, notwithstanding any provision of section 256.045 to the contrary, an applicant or recipient who is referred for an assessment and is otherwise eligible to receive a general assistance or work readiness benefit, may only be provided with emergency general assistance or vendor payments pending the outcome of an administrative or judicial review. If, at the time of application or at any other time, there is a reasonable basis for questioning whether a person applying for or receiving financial assistance or a work readiness assistance grant is drug dependent, as defined in section 254A.02, subdivision 5, the person may shall be referred for a chemical health assessment, and only emergency assistance payments or general assistance vendor payments may be provided until the assessment is complete and the results of the assessment made available to the county agency. A reasonable basis for questioning whether a person is drug dependent referring an individual for an assessment exists when:~~

- (1) the person has required detoxification two or more times in the past 12 months;
- (2) the person appears intoxicated at the county agency as indicated by two or more of the following:
 - (i) the odor of alcohol;
 - (ii) slurred speech;
 - (iii) disconjugate gaze;
 - (iv) impaired balance;
 - (v) difficulty remaining awake;
 - (vi) consumption of alcohol;
 - (vii) responding to sights or sounds that are not actually present;
 - (viii) extreme restlessness, fast speech, or unusual belligerence;
- (3) the person has been involuntarily committed for drug dependency at least once in the past 12 months; or
- (4) the person has received treatment, including domiciliary care, for drug abuse or dependency at least twice in the past 12 months.

~~The assignment to representative payee status must be reviewed at least every 12 months. The~~

~~county agency shall designate the representative payee after consultation with the recipient. The county agency shall select the representative payee from appropriate individuals, or public or nonprofit agencies, including those suggested by the recipient, but the county agency's designation of representative payee prevails, subject to the administrative and judicial review provisions of section 256.045.~~

The assessment and determination of drug dependency, if any, must be made by an assessor qualified under Minnesota Rules, part 9530.6615, subpart 2, to perform an assessment of chemical use. The county shall only provide emergency general assistance or vendor payments to an otherwise eligible applicant or recipient who is determined to be drug dependent, except up to 15 percent of the grant amount the person would otherwise receive may be paid in cash. Notwithstanding subdivision 1, the commissioner of human services shall also require county agencies to provide assistance only in the form of vendor payments to all eligible recipients who assert chemical dependency as a basis for eligibility under section 256D.05, subdivision 1, paragraph (a), clauses (1) and (6).

The determination of drug dependency shall be reviewed at least every 12 months. If the county determines a recipient is no longer drug dependent, the county may cease vendor payments and provide the recipient payments in cash.

Sec. 34. Minnesota Statutes 1994, section 256D.09, is amended by adding a subdivision to read:

Subd. 5. [VENDOR PAYMENTS TO LANDLORDS.] The affected county may require that assistance paid under the emergency general assistance program in the form of a rental unit damage deposit, less any amount retained by the landlord to remedy a tenant's default in payment of rent or other funds due to the landlord pursuant to a rental agreement, or to restore the premises to the condition at the commencement of the tenancy, ordinary wear and tear excepted, be returned to the county when the individual vacates the premises or paid to the recipient's new landlord as a vendor payment. The vendor payment of returned funds shall not be considered a new use of emergency assistance.

Sec. 35. Minnesota Statutes 1994, section 256D.09, is amended by adding a subdivision to read:

Subd. 6. [RECOVERY OF OVERPAYMENTS.] (a) If an amount of general assistance, family general assistance, or work readiness assistance is paid to a recipient in excess of the payment due, it shall be recoverable by the county agency. The agency shall give written notice to the recipient of its intention to recover the overpayment.

(b) When an overpayment occurs, the county agency shall recover the overpayment from a current recipient by reducing the amount of aid payable to the assistance unit of which the recipient is a member, for one or more monthly assistance payments, until the overpayment is repaid. All county agencies in the state shall reduce the assistance payment by three percent of the assistance unit's standard of need or the amount of the monthly payment, whichever is less, for all overpayments whether or not the overpayment is due solely to agency error. The amount of this reduction is ten percent, if the overpayment is due solely to having wrongfully obtained assistance, whether based on:

- (1) a court order;
 - (2) the finding of an administrative fraud disqualification hearing or the waiver of such a hearing; or
 - (3) a confession or judgment containing an admission of an intentional program violation.
- (c) In cases when there is both an overpayment and underpayment, the county agency shall offset one against the other in correcting the payment.

(d) Overpayments may also be voluntarily repaid, in part or in full, by the individual, in addition to the aid reductions provided in this subdivision, until the total amount of the overpayment is repaid.

(e) The county agency shall make reasonable efforts to recover overpayments to persons no longer on assistance under standards adopted in rule by the commissioner of human services. The county agency need not attempt to recover overpayments of less than \$35 paid to an individual no longer on assistance if the individual does not receive assistance again within three years, unless the individual has been convicted of violating section 256.98.

Sec. 36. [EMPOWERMENT ZONES; ADMINISTRATIVE SIMPLIFICATION OF WELFARE LAWS.]

(a) The commissioner of human services shall make recommendations to effectuate the changes in federal laws and regulations, state laws and rules, and the state plan to improve the administrative efficiency of the aid to families with dependent children, general assistance, work readiness, family general assistance, medical assistance, general assistance medical care, and food stamp programs. At a minimum, the following administrative standards and procedures must be changed.

The commissioner shall:

(1) require income or eligibility reviews no more frequently than annually for cases in which income is normally invariant, as in aid to families with dependent children cases where the only source of household income is Supplemental Social Security Income;

(2) permit households to report income annually when the source of income is excluded, such as a minor's earnings;

(3) require income or eligibility reviews no more frequently than annually for extended medical assistance cases;

(4) require income or eligibility reviews no more frequently than annually for a medical assistance postpartum client, where the client previously had eligibility under a different basis prior to pregnancy or if other household members have eligibility with the same income/basis that applies to the client;

(5) permit all income or eligibility reviews for foster care medical assistance cases to use the short application form;

(6) make dependent care expenses declaratory for medical assistance; and

(7) permit households to only report gifts worth \$100 or more per month.

(b) The county's administrative savings resulting from these changes may be allocated to fund any lawful purpose.

(c) The recommendations must be provided in a report to the chairs of the appropriate legislative committees by August 1, 1995. The recommendations must include a list of the administrative standards and procedures that require approval by the federal government before implementation, and also which administrative simplification standards and procedures may be implemented by a county prior to receiving a federal waiver.

(d) The commissioner shall seek the necessary waivers from the federal government as soon as possible to implement the administrative simplification standards and procedures.

Sec. 37. [EMPOWERMENT ZONES.]

Certain local agencies, in consultation with the commissioners of human services and labor and industry shall develop, by December 1, 1995, a plan to improve the employment opportunities available to unemployed and underemployed citizens at risk of becoming public assistance recipients. The employment activities shall be focused on improving public infrastructure, enhancing the local tax base, improving the quality of available housing, reducing crime, designing strategies for job skill enhancement, strengthening communities, and maintaining and improving natural systems. The plan shall be developed by the city council, county board, county and city park boards, and the school board of the city or cities in which projects are undertaken. The plan shall include details of all projects, including: specific project sites delineated on local

maps; estimates of the total public cost required to transform a poverty zone to a highly developable site; a five-, ten-, and 15-year economic impact model of the potential new revenue streams created by the project, including income, sales, employment, and property taxes generated, savings from environmental, welfare, and crime mitigation, and other economic benefits; an identification of existing federal, state, and local funding sources for which the projects may qualify; and draft legislation for the 1996 legislature needed to expedite development of the projects. Organized labor shall be consulted in the development of the plan and implementation of any work activities and the University of Minnesota shall aid in the development of economic and technical support. Participating jurisdictions shall report back to the chairs of the senate finance and tax committees and the house ways and means and tax committees by August 1, 1995, with an outline for the plan, as identified by the local taxing jurisdictions. This section will sunset effective June 30, 1997.

Sec. 38. [CHILD CARE SELF-EMPLOYMENT PROJECT.]

The commissioners of human services and economic security shall develop a plan for an AFDC grant diversion pilot project in Region 6E, to commence October 1, 1996. The purpose of the project is to enable AFDC caretakers to become self-sufficient. The Community Action Agency and the Child Care Resource and Referral Agency of that region shall work together to train and place qualified AFDC caretakers in child care centers or licensed family child care homes. The pilot shall be operated without the use of additional state funds. Child care development funds available for this region may be used to start up or expand child care services in this region.

Sec. 39. [PARENT'S FAIR SHARE REPORT.]

The commissioner of human services shall report to the chairs of the human services policy and funding committees of the legislature by January 15, 1996, recommendations for establishing a statewide employment and training program for unemployed noncustodial parents modeled after the national parent's fair share pilot project. The report shall include cost estimates and must be developed in consultation with the departments of trade and economic development and economic security, and with counties that participate in the pilot project and other interested counties.

Sec. 40. [PARENT'S FAIR SHARE.]

Money appropriated for the Minnesota parent's fair share program must be paid to the participating counties, in the form of quarterly advances, under the terms of the contract between the department and the counties. Federal JOBS financial participation funds earned by the Minnesota parent's fair share program are appropriated to the commissioner and must be refunded to the participating counties in accordance with the terms of the contracts.

Sec. 41. [PROGRAM INTEGRITY.]

Unexpended money appropriated for program integrity initiatives in fiscal year 1996 does not cancel but is available for this purpose in fiscal year 1997.

Sec. 42. [WELFARE REFORM.]

Unexpended money appropriated for welfare reform initiatives in fiscal year 1996 does not cancel but is available to the commissioner for those initiatives including work first, work focus, and the temporary county assistance program, in fiscal year 1997.

Sec. 43. [CHILD CARE COOPERATIVES.]

A county may collaborate and coordinate efforts with school districts, local youth centers, and other organizations to provide cooperative child care services at a convenient location and provide a low-cost alternative to day care services. The county may collaborate with the local school district or an organization near a school. The county is encouraged to explore other nontraditional suitable locations for community day care services and consult with parents and others who are interested in establishing a day care cooperative.

Parents must be given an opportunity to participate in the child care cooperatives. Incentives offered to parents to participate in the cooperative may include reduced day care costs for an appropriate amount of time or a few hours of free child care that provides a parent with a short respite.

For purposes of the collaborative effort, the county may request a waiver of Minnesota Rules, part 9565.5025, subpart 2, to implement the program. This waiver would reduce the barriers the applicant faces when applying for child care by specifically allowing the applicant to initially declare income, instead of being required to document income. The county may also request a waiver of rules related to day care requirements to provide more flexibility in developing and implementing the cooperative.

Sec. 44. [SEAMLESS CHILD CARE SYSTEM.]

The commissioner of human services shall examine the feasibility of implementing a seamless child care system statewide by July 1, 1996. The seamless child care system must provide a consistent approach to administering child care by consolidating the different child care programs under Minnesota Statutes, chapter 256H, and Minnesota Statutes, section 136A.125, streamlining all child care funding available under Minnesota Statutes, chapter 256H, and Minnesota Statutes, section 136A.125, and making consistent the laws and rules to govern the child care system.

The commissioner shall report to the legislature by November 1995. The report must contain recommendations as to how to develop and implement the system statewide, proposed uniform eligibility criteria, a list of necessary federal waivers, a list of the statutes and rules that must be repealed or amended, and an estimate of state and county savings resulting from the reduction in administrative duties.

Sec. 45. [MINNESOTA PARENT'S FAIR SHARE; COMMUNITY WORK EXPERIENCE.]

The Minnesota parent's fair share pilot project shall include a community work experience component for participants who fail to comply with the requirements of the pilot project.

Sec. 46. [FEDERAL WAIVER PACKAGE.]

Subdivision 1. [REQUEST.] The commissioner of human services shall make a single request for the waivers listed in this section to the United States Department of Health and Human Services. The waivers in the package support and encourage AFDC recipients to move from reliance on welfare to self-sufficiency. The commissioner shall explore alternatives to the federally required waiver evaluation process in an effort to reduce evaluation costs and develop a cost-effective evaluation process for the waiver package in this section. While also exploring other possible alternatives, the commissioner shall investigate the feasibility of the following: (1) one evaluation for the entire waiver package; (2) consolidation of evaluation efforts for the same or similar waiver with another state; and (3) completion of the evaluation internally, possibly by the office of legislative auditor. The commissioner shall notify the revisor of statutes when each waiver is approved by the federal government.

Subd. 2. [WAIVER TO DISALLOW PARENTAL INCOME OF A PREGNANT OR PARENTING MINOR LIVING WITH PARENTS.] The commissioner shall seek the following waivers: (1) from the filing unit requirement in Code of Federal Regulations, title 45, section 206.10(a)(1)(vii), for minor parents living with a parent on AFDC with other dependent children, resulting in the minor parent receiving the same separate need standard available if the minor parent's parent was not on AFDC; (2) to disregard all parental income if the parent is on AFDC with other children; and (3) if the parent is not on AFDC with other children, to disregard income equal to 200 percent of the federal poverty guideline for a family size not including the minor parent and the minor parent's child and deem the remainder of income under Code of Federal Regulations, title 45, section 233.20(a)(3)(xviii). The general policy in requesting these waivers is to keep the family intact and give the minor parent, the dependent child, and the grandparent an incentive to continue living together as a family.

Subd. 3. [WAIVER TO ALLOW START WORK OFFSET.] The commissioner shall seek a waiver of the federal regulation which requires the state to recover AFDC overpayments from the assistance unit if the overpayment occurred in the month the assistance unit started working and the overpayment resulted from the assistance unit's increased earnings. This "start work offset" is available to an assistance unit every two years.

Subd. 4. [WAIVER OF THE 100-HOUR RULE; WORK HISTORY REQUIREMENT; 30-DAY WAITING PERIOD REQUIREMENT.] The commissioner shall seek a waiver to

eliminate the 100-hour rule under Code of Federal Regulations, title 45, section 233.100(a)(1)(i); the eligibility requirement for past employment history under Code of Federal Regulations, title 45, section 233.100(a)(3)(iii); and the requirement for a 30-day waiting period under Code of Federal Regulations, title 45, section 233.100(a)(3)(i).

Subd. 5. [WAIVER OF MOTOR VEHICLE RESOURCE LIMIT.] The commissioner shall seek a waiver to increase the maximum equity value of a licensed motor vehicle, which can be excluded as a resource under the federal regulations, from \$1,500 to the level permitted under the federal Food Stamp Program. This waiver is essential for AFDC recipients who need reliable transportation to participate in education, work, and training to become self-sufficient.

Subd. 6. [WAIVER TO ALLOW STUDENTS TO EARN INCOME.] The commissioner shall seek a waiver of the federal regulation which includes the earned income of dependent children and minor caretakers who are attending school at least half time when determining eligibility for AFDC. The commissioner shall also seek a waiver which allows savings set aside in a separate account designated specifically for future education or employment needs to be excluded from the AFDC resource limits.

Subd. 7. [GRANT AMOUNT WAIVER.] The commissioner of human services shall seek federal waivers as necessary in order to adjust AFDC assistance payment amounts so that, notwithstanding the provisions of Minnesota Statutes, section 256.74, subdivision 1, the amount of assistance granted to an eligible family in which all members have resided in Minnesota for less than 12 months shall be the lesser of the maximum payment standard that would have been received by that family from the state of immediate prior residence, or the amount calculated in accordance with Minnesota Rules, parts 9500.2440 to 9500.2480.

Subd. 8. [IMPLEMENTATION.] The commissioner shall implement the program changes authorized under this subdivision promptly upon approval of the waiver, provided all conditions are met under Minnesota Statutes, section 256.01, subdivision 2, clause (12).

Subd. 9. [EVALUATION.] If any of the federal waivers are granted, the commissioner shall evaluate the program changes according to federal waiver requirements and, if necessary, submit reports to the legislature within a time frame consistent with the evaluation criteria that are established.

Subd. 10. [ADDITIONAL WAIVER REQUEST FOR EMPLOYED DISABLED PERSONS.] The commissioner shall seek a federal waiver in order to implement a work incentive for disabled persons eligible for medical assistance who are not residents of long-term care facilities. The waiver shall request authorization to establish a medical assistance earned income disregard for employed disabled persons who are eligible for SSDI and who receive personal care assistance under the Medical Assistance Program. The disregard shall be equivalent to the threshold amount applied to persons who qualify under section 1619(b) of the Social Security Act, except that when a disabled person's earned income reaches the maximum income permitted at the threshold under section 1619(b), the person shall retain medical assistance eligibility and must contribute to the costs of medical care on a sliding fee basis.

Sec. 47. [MAXIMIZING MAXIS; FRAUD RECOVERY EFFORTS.]

The commissioner of human services shall submit a plan to the legislature by December 1, 1995, to maximize the capability of the MAXIS system to aid in fraud control. The commissioner shall explore ways of using the MAXIS system to establish or expand recovery efforts, certify debts, and collect overpayments due to fraud, client error, or agency error in all state and federally funded public assistance programs. The commissioner shall also make recommendations for sharing recovered revenues under this program with counties to provide incentives to both the state and county to begin or maintain aggressive recovery efforts.

Sec. 48. [APPROPRIATIONS.]

Subdivision 1. [APPROPRIATIONS.] The appropriations in this section are from the general fund to the commissioner of human services and are available for the biennium ending June 30, 1997, unless otherwise specified in the following subdivisions.

This appropriation is in addition to any other appropriation for training and education for non-English speaking STRIDE participants. The purpose of the program is to:

- (1) ensure that the participant is working as early as possible;
- (2) promote greater opportunity for economic self-support, participation, and mobility in the work force; and
- (3) minimize the risk for long-term welfare dependency.

Subd. 4. [PROGRAM ADMINISTRATION.] The program must be administered in a way that, in addition to the county agency, other sectors in the community such as employers from the public and private sectors, not-for-profit organizations, educational and social service agencies, labor unions, and neighborhood associations are involved.

Subd. 5. [PROGRAM DESIGN.] The program shall meet the following principles:

Subd. 9. [DUTIES OF PARTICIPANT.] To be eligible for an AFDC or family GA benefit, a participant shall cooperate with the county agency, the provider, and the participant's employer in all aspects of the program.

Sec. 2. [256.7352] [PROGRAM PARTICIPANTS; PROGRAM EXPECTATIONS.]

All applicants selected for participation are expected to meet the requirements under the work first program. Payments for rent and utilities up to the AFDC or FGA benefits to which the assistance unit is entitled will be vendor paid for as many months as the applicant is eligible or six months, whichever comes first. The residual amount after vendor payment, if any, will be paid to the AFDC or FGA applicant or recipient, unless it is used as a wage subsidy under section 256.7354, subdivision 2.

Sec. 3. [256.7353] [PROGRAM REQUIREMENTS.]

Subdivision 1. [NOTIFICATION OF PROGRAM.] Except for the provisions in this section, the provisions for AFDC and FGA application process shall be followed. Within two days after the receipt of a completed combined application form, the county agency must refer to the provider the applicant who meets the conditions under section 256.7352, and notify the applicant in writing of the program including the following provisions:

(1) notification that, as part of the application process, applicants are required to attend orientation, to be followed immediately by a job search;

(2) the program provider, the date, time, and location of the scheduled program orientation;

(3) the procedures for qualifying for and receiving benefits under the program;

(4) the immediate availability of supportive services, including, but not limited to, child care, transportation, medical assistance, and other work-related aid; and

(5) the rights, responsibilities, and obligations of participants in the program, including, but not limited to, the grounds for exemptions and deferrals, the consequences for refusing or failing to participate fully, and the appeal process.

Subd. 2. [PROGRAM ORIENTATION.] The provider must give a face-to-face orientation regarding the program to the applicant within five days after the date of application. The orientation must be designed to inform the applicant of:

- (1) the importance of locating and obtaining a job as soon as possible;
- (2) benefits to be provided to support work;
- (3) the manner by which benefits shall be paid;
- (4) how other supportive services such as medical assistance, child care, transportation, and other work-related aid shall be available to support job search and work;
- (5) the consequences for failure without good cause to comply with program requirements; and
- (6) the appeal process.

Subd. 3. [JOB SEARCH PLAN; EMPLOYMENT ADVISOR; FINANCIAL SPECIALIST.] At the end of orientation, the provider must assign an employment advisor and a financial specialist to the applicant. With advice from the employment advisor, the applicant must develop a job search plan (JSP) based on existing job markets, prior employment, work experience, and transferable work skills, unless exempt under subdivision 5. A job search must be planned and conducted for a period of up to eight consecutive weeks from the date of application and for at least 32 hours per week. The types of and target number of job openings to be pursued per week must be written in the job search plan. The following activities may be included in the job search plan:

- (1) motivational counseling;
- (2) job networking or training on how to locate job openings;
- (3) development of a personal resume; and
- (4) information on how to conduct job interviews and establish a personal job network.

Following the development of the JSP or the employability development plan (EDP) under subdivision 9, the financial specialist must interview the applicant to determine eligibility for and the extent of benefits under sections 256.7356 and 256.7357 to support the job search or employability development plan. The provider must attach to the appropriate plan the summary of the necessary enabling services and benefits to be furnished by the provider. The provider or its representative and the applicant must sign the plan, with its attachment, to indicate a self-sufficiency agreement between the provider and the participant.

Subd. 4. [IMMEDIATE JOB SEARCH.] An applicant must be required to begin job search within seven days after the date of application for at least 32 hours per week for up to eight weeks, unless exempted under subdivision 5 or deferred under subdivision 9. For an applicant who is working at least 20 hours per week, job search shall consist of 12 hours per week for up to eight weeks. Within the first five days of job search, the applicant is required to initiate informational contacts with prospective employers, generate additional job leads from the job network, review references and experiences from previous employment, and carry out the other activities under the job search plan developed under subdivision 3.

Subd. 5. [EXEMPTION CATEGORIES.] The applicant will be exempted from the job search requirements and development of JSP and EDP under subdivisions 3, 4 and 8 if the applicant belongs to any of the following groups:

- (1) caretakers under age 20 who have not completed a high school education and are attending high school on a full-time basis;
- (2) individuals who are age 60 or older;
- (3) individuals who are suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(4) caretakers whose presence in the home is needed because of illness or incapacity of another member in the household;

(5) women who are pregnant, if it has been medically verified that the child is expected to be born within the next six months;

(6) caretakers or other caretaker relatives of a child under the age of three who personally provide full-time care for the child;

(7) individuals employed at least 30 hours per week;

(8) individuals for whom participation would require a round trip commuting time by available transportation of more than two hours, excluding transporting of children for child care;

(9) individuals for whom lack of proficiency in English is a barrier to employment, provided such individuals are participating in an intensive program which lasts no longer than six months and is designed to remedy their language deficiency; individuals who, because of advanced age or lack of ability, are incapable of gaining proficiency in English, as determined by the county social worker, shall continue to be exempt under this subdivision and are not subject to the requirement that they be participating in a language program;

(10) individuals under such duress that they are incapable of participating in the program, as determined by the county social worker; or

(11) individuals in need of refresher courses for purposes of obtaining professional certification or licensure.

Subd. 6. [AFDC-UP APPLICANTS.] All applicants and recipients under the AFDC-UP program will be required to meet the requirements in the community work experience program under section 256.737, instead of the requirements in subdivisions 4 to 14.

Subd. 6a. [DESIGNATED PARTICIPANT IN FGA FAMILIES.] Unless all adult members of an FGA family are exempt under section 256.7343, subdivision 1, one adult in the family must be designated to participate in all the requirements under this section. If the household contains more than one exempt adult, the adults may determine which adult must participate. If no designation is made or if the adults cannot agree, the county shall designate the adult having earned the greater income, including in-kind income, during the 24-month period immediately preceding the month of application for general assistance, as the adult that must participate. When there are no earnings or when earnings are identical for each adult, the county agency shall designate which adult must participate.

Subd. 7. [COUNTY DUTIES.] The county must act on the application within 30 days of the application date. If the applicant is not eligible, the application will be denied and the county must notify the applicant of the denial in writing. An applicant whose application has been denied may be allowed to complete the job search plan; however, supportive services will not be provided.

Subd. 8. [JOB SEARCH STATUS REPORT.] The applicant or participant must submit a completed JSP status report form to the employment advisor every two weeks during the job search process, with the first completed form due 21 days after the date of application.

Subd. 9. [EMPLOYABILITY DEVELOPMENT PLAN.] At the discretion and approval of the employment advisor, the applicant may be deferred from the requirement to conduct at least 32 hours of job search per week for up to eight consecutive weeks, if during the development of the job search plan, the applicant is determined to:

(1) not have worked within the past 12 months and not have a high school or a general equivalency diploma provided the applicant agrees to develop and carry out an EDP instead of job search, and concurrently work for at least 16 hours per week in a temporary public service job. The EDP must include the employment goals and specific outcomes the participant must achieve;

(2) be within six months of completing any post-secondary training program, provided that the applicant agrees to develop and carry out an EDP instead of a job search, and concurrently work for a minimum number of hours per week in a temporary public service job. The EDP must

include the employment goal and specific outcomes that the participant must achieve. The applicant that is deferred under this subdivision may choose to work in a job other than a public service job for a minimum number of hours per week rather than in a temporary public service job. For individuals who are participating in an educational program under this paragraph and who are attending school full time as determined by the institution there is no work requirement.

For individuals participating in an educational program on a part-time basis as determined by the institution, the minimum number of hours that a participant must work shall be decreased as the participant increases the number of credit hours taken, except that the participant shall not be required to work more than eight hours per week.

During vacation periods of one month or more, the 16-hour per week minimum work requirement shall apply.

The applicant may be deferred for up to six months. At the end of the deferment period, the participant must develop a job search plan and conduct at least 32 hours of job search per week for up to eight consecutive weeks, and submit reports as required under subdivisions 3 and 4; or

(3) be in treatment for chemical dependency, be a victim of domestic abuse, or be homeless, provided that the applicant agrees to develop an EDP instead of a JSP, and immediately follow through with the activities in the EDP. The EDP must include specific outcomes that the applicant must achieve for the duration of the EDP and activities which are needed to address the issues identified. Under this clause, the applicant may be deferred for up to eight weeks.

Subd. 10. [EDP STATUS REPORT.] The participant who is deferred from job search under subdivision 9 must submit a completed EDP status report form to the employment advisor every 14 days as long as the participant continues to be deferred, with the first completed form due 21 days after the date of application.

Subd. 11. [JOB OFFER.] The participant must not refuse any job offer, provided that the job is within the participant's physical and mental abilities, pays hourly gross wages of not less than the applicable state or federal minimum wage, and meets health and safety standards set by federal, state, and local agencies. If a job is offered, the participant must inform the provider immediately to redetermine eligibility for and extent of benefits and services to support work. To enhance job retention, the provider may provide services such as motivational counseling or on-site problem solving for up to six months. The participant who has completed at least six months of work in a nonsubsidized job shall be encouraged to participate in a training program that would improve the participant's ability to obtain a job that pays a higher wage.

Subd. 12. [DUTY TO REPORT.] The participant must immediately inform the provider regarding any changes related to the participant's employment status.

Subd. 13. [REQUIREMENT TO WORK IN A TEMPORARY PUBLIC SERVICE JOB.] (a) If after the completion of the maximum eight weeks of job search the participant has failed to secure a nonsubsidized or a subsidized job for at least 32 hours per week, or does not earn a net income from self-employment that is equal to at least the AFDC or FGA monthly grant for the household size, whichever is applicable, the participant is required to work in a temporary public service job for up to 67 working days for (1) at least 32 hours per week, or (2) a period equivalent to the result of dividing the AFDC or FGA grant amount which the participant would otherwise receive, whichever is applicable, by the federal hourly minimum wage, or applicable hourly state minimum wage, or the hourly rate of pay for individuals employed in the same occupation at the site, whichever is highest. If the result is more than 128 hours per month, the participant's requirement to work in a temporary public service job shall not be more than 32 hours per week.

(b) Within seven days from the date of application, the participant that is deferred under subdivision 9, clause (1) or (2), and is participating in an educational program on a part-time basis must work in a temporary public service job as required under subdivision 9, clause (2).

(c) The provider shall strive to match the profile of the participant with the needs of the employers that are participating in a temporary jobs program under section 256.7355.

Subd. 14. [TERMINATION OF WORK ASSIGNMENT.] Work assignments are governed by section 256.7341.

Sec. 4. [256.7354] [JOB DEVELOPMENT AND SUBSIDY.]

Subdivision 1. [JOB INVENTORY.] The provider must develop an inventory of job openings including full-time, part-time, permanent, temporary or seasonal, and training positions, in partnership with private and public employers, local industry councils, and employment agencies. To the extent possible, the inventory must include specific information regarding job openings, must be updated on a weekly basis, and must be available to all participants on a daily basis.

Subd. 2. [JOB SUBSIDY.] The county may use all or part of AFDC or FGA benefits as a subsidy to employers for the purpose of providing work experience or training to the participant who has completed the job search plan, provided that (1) the job to be subsidized is permanent and full time, and pays an hourly rate of at least \$6 per hour; (2) the employer agrees to retain the participant after satisfactory completion of the work experience or training period; and (3) the participant has first tried to secure a nonsubsidized job by following the job search plan. The subsidy may be available for up to six months.

Sec. 5. [256.7355] [TEMPORARY JOBS PROGRAM.]

Subdivision 1. [PROGRAM ESTABLISHED.] The provider must establish and operate a program to provide temporary jobs to participants who, after eight weeks of job search, are not hired into a nonsubsidized or a subsidized job, or are deferred under section 256.7353, subdivision 9. The temporary jobs to be created under this section must be public service jobs that serve a useful public service such as: health, social service, environmental protection, education, urban and rural development and redevelopment, welfare, recreation, public facilities, public safety, community service, services to the aged or disabled citizens, and child care.

Subd. 2. [ASSIGNMENT TO TEMPORARY PUBLIC SERVICE JOBS.] The provider must assign the participant that is within completion of the required eight weeks of job search and has failed to secure a nonsubsidized or a subsidized job for at least 32 hours per week, or does not earn a net income from self-employment that is equal to at least the AFDC or FGA monthly grant for the household size, whichever is applicable, to a temporary public service job. The assignment must be made seven days before the end of the job search and be based on section 256.7353, subdivision 13. The participant that is deferred under section 256.7353, subdivision 9, will be assigned by the provider to a temporary public service job within seven days after the application.

Subd. 3. [PARTICIPANT'S STATUS.] The participant who is working in a temporary public service job under this section is not considered an employee for the purposes of unemployment insurance compensation, retirement, or civil service laws, and shall not perform work ordinarily performed by a public employee.

Subd. 4. [CONTINUOUS JOB SEARCH REQUIREMENT.] At the discretion of the employer or the provider, the participant who is working in a temporary public service job under section 256.7353, subdivision 13, may be required to continue to look for a job for up to eight hours per week.

Subd. 5. [EXCUSED ABSENCES.] The participant who is working in a temporary public service job may be allowed excused absences from the assigned temporary job site up to eight hours per month. For the purposes of this subdivision, "excused absence" means absence due to temporary illness or injury of the caretaker or a member of the caretaker's family, the unavailability of licensed child care or unavailability of transportation needed to go to and from the work site, a job interview, or a nonmedical emergency. For the purposes of this subdivision, "emergency" means a sudden, unexpected occurrence or situation of a serious or urgent nature that requires action.

Subd. 6. [MOVE TO A DIFFERENT COUNTY.] If the applicant or recipient who is required to participate in the work first program moves to a different county in Minnesota, the benefits and enabling services agreed upon in the self-sufficiency agreement shall be provided by the pilot county where the applicant or recipient originated, so long as the move was part of the job search or employability development plan. If the applicant or recipient is moving to a different county for failure to comply with the requirement of the work first program, the applicant or recipient will not be eligible for AFDC or FGA in Minnesota for at least six months from the date of the move.

Sec. 6. [256.7356] [TRANSITIONAL BENEFITS TO SUPPORT WORK; RENT AND UTILITIES VENDOR PAYMENT.]

Payments for rent and utilities up to the amount of AFDC or FGA benefits to which the assistance unit is entitled shall be provided in the form of vendor payments for as many months as the applicant is eligible or six months, whichever comes first. The residual amount after vendor payment, if any, will be paid to the AFDC or FGA recipient, unless it is used as a wage subsidy under section 256.7344, subdivision 2. This provision shall apply to all applicants including those meeting the exemption categories under section 256.7353, subdivision 5, or deferral categories under section 256.7353, subdivision 9. To the extent needed, a job search allowance shall be provided for up to eight weeks to cover expenses related to the job search. Before the job search allowance is issued, it must be approved by the employment advisor and financial specialist, and clearly described in the job search.

Sec. 7. [256.7357] [ELIGIBILITY FOR FOOD STAMPS, MEDICAL ASSISTANCE, AND CHILD CARE.]

The participant shall be treated as an AFDC or FGA recipient for food stamps, medical assistance, and child care eligibility purposes. As with an AFDC recipient, the participant who leaves the program as a result of increased earnings from employment shall be eligible for transitional medical assistance and child care.

Sec. 8. [256.7358] [SANCTIONS AND APPEAL PROCESS.]

Subdivision 1. [GOOD CAUSE.] (a) For the purpose of this subdivision, "good cause" means absence due to temporary illness or injury of the participant or a member of the participant's family; the unavailability of licensed child care or unavailability of transportation needed to attend orientation or conduct job search; or a nonmedical emergency as defined under section 256.7353, subdivision 5.

(b) The applicant who is required, but fails, without good cause, to participate in orientation, complete the JSP or EDP, and comply with the job search requirements under section 256.7353 prior to being eligible for AFDC or FGA shall be denied AFDC or FGA benefits. The applicant will not be eligible for AFDC or FGA benefits in Minnesota for at least six months.

(c) Following participation in the orientation, completion of JSP or EDP and participation in job search under section 256.7353, but before being determined eligible for AFDC or FGA recipients in AFDC-UP cases who are subject to the vendor payment provisions under section 256.7356 are subject to the job search, work experience, and sanction provisions of sections 256.736, subdivision 14, and 256.737 and not the job search and work provisions under work first.

(d) If, after receiving a written warning from the county, the participant fails without good cause, to conduct at least 32 hours of job search per week in any given two-week period, the participant will be immediately required to work for at least 16 hours per week in a temporary public service job. The required 32 hours per week of job search will be reduced to 16 hours.

(e) If the participant who is deferred under section 256.7353, subdivision 9, fails to comply with the activities described in the EDP, the participant will lose the deferment status, provided that the participant has received at least two written warnings from the provider.

(f) If the participant refuses to work in a temporary public service job, or is terminated from a temporary public service job for failure to work, benefits to the assistance unit shall be terminated and the participant shall not be eligible for aid under the AFDC or FGA program for at least six months from the date of refusal or termination. If the participant before completing at least four consecutive months of employment voluntarily quits or is terminated from a nonsubsidized or a subsidized job, the participant shall immediately be assigned to work in a temporary public service job for at least 32 hours per week for up to 67 working days unless the participant is hired or rehired into a nonsubsidized or subsidized job.

Subd. 2. [NOTICE OF SANCTIONS.] If the county determines that the participant has failed or refused without good cause as defined in subdivision 1, to cooperate with the program requirements, the county shall inform the participant in writing of its intent to impose an

applicable sanction listed under subdivision 1 and the opportunity to have a conciliation conference upon request and within five days of receipt of the notice before a sanction is imposed.

Sec. 9. [256.7359] [FUNDING.]

Subdivision 1. [BLOCK GRANT.] A block grant to fund the entire program including, but not limited to, the costs for program administration and provision of cash benefits and program services including the entire costs of vendor payments made on behalf of clients and the entire cost of the temporary jobs program, will be paid to the county agency or provider participating in the work first program. Counties may request additional funds if there are unexpected increases in caseload.

Subd. 2. [LEVERAGING GRANT AMOUNT TO SECURE OTHER FUNDS.] The county agency or the provider in cooperation with the department may leverage the grant amount to secure other funds from employers, foundations, and the community for the purpose of developing additional components to benefit children and improve the program.

Subd. 3. [EMPLOYER REIMBURSEMENT.] The employer shall be reimbursed for wages paid to participants under section 256.7354, subdivision 2.

Sec. 10. [APPROPRIATION; WORK FOCUS; WORK FIRST PROGRAM.]

ARTICLE 6

GENERAL ASSISTANCE AND WORK READINESS

FOOD STAMP WORK AND TRAINING

Section 1. Minnesota Statutes 1994, section 256D.05, subdivision 1, is amended to read:

(1) a person who is suffering from a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

(2) a person whose presence in the home on a substantially continuous basis is required because of the professionally certified illness, injury, incapacity, or the age of another member of the household;

(3) a person who has been placed in, and is residing in, a licensed or certified facility for purposes of physical or mental health or rehabilitation, or in an approved chemical dependency domiciliary facility, if the placement is based on illness or incapacity and is pursuant to a plan developed or approved by the county agency through its director or designated representative;

(4) a person who resides in a shelter facility described in subdivision 3;

(5) a person not described in clause (1) or (3) who is diagnosed by a licensed physician, psychological practitioner, or other qualified professional, as mentally retarded or mentally ill, and that condition prevents the person from obtaining or retaining employment;

(6) a person who has an application pending for, or is appealing termination of benefits from, the social security disability program or the program of supplemental security income for the aged, blind, and disabled, provided the person has a professionally certified permanent or temporary illness, injury, or incapacity which is expected to continue for more than 30 days and which prevents the person from obtaining or retaining employment;

The person's eligibility under this category must be reassessed at least annually by the county agency and must be based upon the results of a new individualized employability assessment completed by the work readiness service provider. The recipient shall, if otherwise eligible, continue to receive general assistance while the annual individualized employability assessment is completed by the work readiness service provider, rather than receive work readiness payments under section 256D.051. Subsequent eligibility for general assistance is dependent upon the county agency determining, following consultation with the work readiness service provider, that the person is not employable, or the person meeting the requirements of another general assistance category of eligibility. The county agency must provide notice to the person not later than 30 days before annual eligibility under this item ends, informing the person of the date annual eligibility will end and the need for vocational assessment if the person wishes to continue eligibility under this clause. For purposes of establishing eligibility under this clause, it is the applicant's or recipient's duty to obtain any needed vocational assessment;~~

MINNESOTA FAMILY INVESTMENT PLAN EXPANSION

Section 1. [256.047] [EXPANSION OF MFIP TO RAMSEY COUNTY (MFIP-R).]

Subdivision 1. [MISSION STATEMENT.] The goal of MFIP-R employment and pre-employment services is to help caregivers increase their family income in a timely manner through paid employment.

Subd. 2. [SERVICE PROVIDING AGENCIES.] Employment and pre-employment services must be offered by providers certified by the commissioner of economic security who meet the standards in section 268.871, subdivision 1. County agencies must ensure that all services, including contracted services, meet the requirements of MFIP-R services according to section 256.048, subdivision 6.

Subd. 3. [STAFFING.] County agencies may hire MFIP-R staff, which includes employment specialists, job developers, and vocational counselors to provide pre-employment and employment services described in section 256.048, subdivision 6, and coordinate social and support services. County agencies are expected to ensure that staff providing employment and pre-employment services have the necessary training and experience to perform the specific services which they are assigned to do.

Sec. 2. [256.0475] [DEFINITIONS.]

Subdivision 1. [EMPLOYABILITY PLAN.] "Employability plan" means the plan developed by MFIP-R staff and the caregiver under section 256.048.

Subd. 2. [FAMILY SUPPORT AGREEMENT.] "Family support agreement" means the subsection of the employability plan which is limited to employment, education, employment and training services, and scheduled meetings with MFIP-R staff. For mandatory caregivers, noncompliance with the family support agreement may result in sanction.

Subd. 3. [MANDATORY CAREGIVER.] "Mandatory caregiver" means a caregiver who is required to develop a family support agreement under section 256.048, and is not exempt under that section.

Subd. 4. [MFIP-R.] "MFIP-R" means the pre-employment and employment program under section 256.048 provided to caregivers assigned to the Minnesota family investment plan in Ramsey county who receive financial assistance under sections 256.033, 256.034, and 256.036.

Sec. 3. [256.048] [INCOME SUPPORT AND TRANSITION.]

Subdivision 1. [EXPECTATIONS.] The requirement for a caregiver to develop a family support agreement is tied to the structure of the family and the length of time on assistance according to paragraphs (a) to (c).

(a) In a family headed by a single adult parental caregiver who has received AFDC, family general assistance, MFIP, or a combination of AFDC, family general assistance, and MFIP assistance for 12 or more months within the preceding 24 months, the parental caregiver must be developing and complying with the terms of the family support agreement commencing with the 13th month of assistance.

(b) For a family with a minor parental caregiver or a family whose parental caregiver is 18 or 19 years of age and does not have a high school diploma or its equivalent, the parental caregiver must be developing and complying with a family support agreement concurrent with the receipt of assistance. The terms of the family support agreement must include compliance with section 256.736, subdivision 3b. If the parental caregiver fails to comply with the terms of the family support agreement, the sanctions in subdivision 4 apply. When the requirements in section 256.736, subdivision 3b, have been met, a caregiver has fulfilled the caregiver's obligation. County agencies must continue to offer MFIP-R services if the caregiver wants to continue with an employability plan. Caregivers who fulfill the requirements of section 256.736, subdivision 3b, are subject to the expectations of paragraphs (a) and (c).

(c) In a family with two adult parental caregivers, at least one of whom has received AFDC, family general assistance, MFIP, or a combination of AFDC, family general assistance, and MFIP assistance for six or more months within the preceding 12 months, one parental caregiver must be

developing and complying with the terms of the family support agreement commencing with the seventh month of assistance. The family and MFIP-R staff will designate the parental caregiver who will develop the family support agreement based on which parent has the greater potential to increase family income through immediate employment.

Subd. 2. [EXEMPTIONS.] A caregiver is exempt from expectations as provided in paragraphs (a) and (b).

(a) Except for clause (4), which applies only for a single-parent family, a caregiver in a single-parent or two-parent family is exempt from the expectations of MFIP-R if the caregiver is:

(1) ill, incapacitated, or 60 years of age or older;

(2) needed in the home because of the illness or incapacity of another family member;

(3) the parent of a child under one year of age and is personally providing care for the child. This exemption does not apply to the school attendance requirement for minor parents or 18- and 19-year old parents as provided in section 256.736, subdivision 3b, paragraphs (f) and (g);

(4) the parent of a child under six years of age and is employed or participating in education or employment and training services for 20 or more hours per week. This exemption does not apply to the school attendance requirement for minor parents or 18- and 19-year-old parents as provided in section 256.736, subdivision 3b, paragraph (f), clause (5);

(5) working 30 hours or more per week or, if the number of hours cannot be verified, earns weekly, at least the federal minimum hourly wage rate multiplied by 30;

(6) in the second or third trimester of pregnancy; or

(7) not the natural parent, adoptive parent, or stepparent of a minor child in the assistance unit.

(b) In a two-parent household, only one parent may be exempt under paragraph (a), clause (2) or (3). If paragraph (a), clause (5), applies to either parent in a two-parent family, the other parent is exempt. In a two-parent household, if the parent designated to develop a family support agreement becomes exempt and the exemption is expected to last longer than six months, then the second parent is required to develop a family support agreement unless otherwise exempt under paragraph (a).

Subd. 3. [GOOD CAUSE FOR FAILURE TO COMPLY.] Caregivers may claim the following reasons as good cause for failure to comply with the expectations of MFIP-R employment and pre-employment services:

(1) needed child care is not available;

(2) the job does not meet the definition of suitable employment according to section 256.736, subdivision 1a, paragraph (h);

(3) the parental caregiver is ill, incapacitated, or injured;

(4) a family member is ill and needs care by the parental caregiver;

(5) the parental caregiver is unable to secure the necessary transportation;

(6) the parental caregiver is in an emergency situation;

(7) the schedule of compliance with the family support agreement conflicts with judicial proceedings;

(8) the parental caregiver is already participating in acceptable activities;

(9) the family support agreement requires an educational program for a parent under the age of 20, but the educational program is not offered in the school district;

(10) activities identified in the family support agreement are not available;

(11) the parental caregiver is willing to accept suitable employment but employment is not available;

(12) the parental caregiver documents other verifiable impediments to compliance with the family support agreement beyond the parental caregiver's control; or

(13) the family support agreement requires an educational program for a parent under the age of 20, but the only available school program requires round trip commuting time from the custodial parent's residence of more than two hours by available means of transportation, excluding the time necessary to transport children to and from child care.

Subd. 4. [SANCTION.] The county agency must reduce an assistance unit's assistance payment by ten percent of the transitional standard for the applicable family size when a caregiver, who is not exempt from the expectations in this section, fails to attend a mandatory briefing, fails to attend scheduled meetings with MFIP-R staff, or fails to develop or comply with the terms of the caregiver's family support agreement. MFIP-R staff must send caregivers a notice of intent to sanction. For the purpose of this section, "notice of intent to sanction" means MFIP-R staff must provide written notification to the caregiver that the caregiver is not fulfilling the requirement to develop or comply with the family support agreement. This notification must inform the caregiver of the right to request a conciliation conference within ten days of the mailing of the notice of intent to sanction or the right to request a fair hearing under section 256.045. If a caregiver requests a conciliation conference, the county agency must postpone implementation of the sanction pending completion of the conciliation conference. If the caregiver does not request a conciliation conference within ten calendar days of the mailing of the notice of intent to sanction, the MFIP-R staff must notify the county agency that the assistance payment should be reduced.

Upon notification from MFIP-R staff that an assistance payment should be reduced, the county agency must send a notice of adverse action to the caregiver stating that the assistance payment will be reduced in the next month following the ten-day notice requirement and state the reason for the action. For the purpose of this section, "notice of adverse action" means the county agency must send a notice of sanction, reduction, suspension, denial, or termination of benefits before taking any of those actions. The caregiver may request a fair hearing under section 256.045, upon notice of intent to sanction or notice of adverse action, but the conciliation conference is available only upon notice of intent to sanction.

Subd. 5. [ORIENTATION.] The county agency must provide a financial assistance orientation which supplies information to caregivers about the MFIP-R and must encourage parental caregivers to engage in activities to stabilize the family and lead to employment and self-support.

Subd. 6. [PRE-EMPLOYMENT AND EMPLOYMENT SERVICES.] The county agency must provide services identified in clauses (1) to (10). Services include:

(1) a required briefing for all nonmandatory caregivers assigned to MFIP-R, which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services, an overview of job search techniques, and the opportunity to volunteer for MFIP-R job search activities and basic education services;

(2) a briefing for all mandatory caregivers assigned to MFIP-R, which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services;

(3) an MFIP assessment that meets the requirements of section 256.736, subdivision 10, paragraph (a), clause (14), and addresses caregivers' skills, abilities, interests, and needs;

(4) development, together with the caregiver, of an employability plan and family support agreement according to subdivision 7;

(5) coordination of services including child care, transportation, education assistance, and social services necessary to enable caregivers to fulfill the terms of the employability plan and family support agreement;

(6) provision of full-time English as a second language (ESL) classes;

(7) provision of a broad range of employment and pre-employment services including basic skills testing, interest and aptitude testing, career exploration, job search activities, community work experience program under section 256.737, or on-the-job training under section 256.738;

(8) evaluation of the caregiver's compliance with the employability plan and family support agreement and support and recognition of progress toward employment goals;

(9) provision of postemployment follow-up for up to six months after caregivers become exempt or exit MFIP-R due to employment if requested by the caregiver; and

(10) approval of education and training program activities.

Subd. 7. [EMPLOYABILITY PLAN AND FAMILY SUPPORT AGREEMENT.] (a) The caregiver and MFIP-R staff will develop an employability plan and family support agreement. The employability plan includes the caregiver's overall employment goal, activities necessary to reach that goal, a timeline for each activity, and the support services provided by the agency. All activities in the employability plan must contribute to the caregiver's overall employment goal.

(b) The family support agreement is the enforceable section of an employability plan for mandatory caregivers. The family support agreement must be limited to employment, education, or employment and training services, and scheduled meetings with MFIP-R staff. The family support agreement must be signed by both an MFIP-R staff and the parental caregiver.

(1) In developing an employability plan and family support agreement, MFIP-R staff must discuss with the caregiver the economic benefits under MFIP of taking available employment. MFIP-R staff must provide examples of how different levels of earnings increase available income.

(2) Activities in the family support agreement must enhance the family's opportunities to increase its income in a timely manner through paid employment.

(3) Each step of the family support agreement shall build upon prior steps and facilitate progress toward the caregiver's overall employment goal.

(4) Social services, such as mental health or chemical dependency services, parenting education, or budget management, can be included in the employability plan but not in the family support agreement and are not subject to sanctions under subdivision 4.

(5) The family support agreement must state the parental caregiver's obligations and the standards for satisfactory compliance with the requirements of MFIP-R.

Subd. 8. [REQUIREMENT TO ATTEND BRIEFING.] All MFIP-R caregivers are required to attend a mandatory briefing which includes a review of the information presented at an earlier MFIP-R orientation pursuant to subdivision 5, and an overview of services available under MFIP-R pre-employment and employment services.

Subd. 9. [REQUIREMENT TO PARTICIPATE IN JOB SEARCH.] The family support agreement for mandatory caregivers will include 30 hours per week of job search activity. The family support agreement for single parental caregivers with a child under the age of six may require no more than 20 hours of job search activity. Job search requirements do not apply to minor parental caregivers and parental caregivers under the age of 20 who must meet the educational requirement under section 256.736, subdivision 3b.

Subd. 10. [LENGTH OF JOB SEARCH.] Caregivers participating in job search shall have eight weeks to find employment which is consistent with the employment goal in the family support agreement. If after eight weeks of job search the parental caregiver does not find employment consistent with the overall employment goal, the caregiver must accept any suitable employment.

Subd. 11. [LEVEL OF EMPLOYMENT.] Caregivers participating in job search are expected to seek and accept full-time employment. Any caregiver satisfies this requirement by working at least 30 hours per week. Single parents with a child under the age of six satisfy the requirement by working at least 20 hours per week.

Subd. 12. [CESSATION OF EMPLOYMENT.] Mandatory caregivers who quit a job, are laid off, or are terminated must contact MFIP-R staff within ten calendar days of the date the employment ended to schedule a meeting to revise the family support agreement to incorporate job search activities to obtain suitable employment. A caregiver who fails to contact MFIP-R staff within ten calendar days, fails to attend a scheduled meeting to revise the family support agreement, or fails to accept an offer of suitable employment is subject to sanctions under subdivision 4.

Subd. 13. [EDUCATION AND TRAINING ACTIVITIES; BASIC EDUCATION.] Basic education, including adult basic education, high school or general equivalency diploma, or ESL may be included in the family support agreement when a caregiver is actively participating in job search activities as specified in the family support agreement, or employed at least 12 hours per week. Six months of basic education activities may be included in the family support agreement, and extension of basic education activities is contingent upon review and approval by MFIP-R staff.

Non-English speaking caregivers have the option to participate in full-time ESL activities for up to six months prior to participation in job search with approval of MFIP-R staff.

Subd. 14. [EDUCATION AND TRAINING ACTIVITIES; POST-SECONDARY EDUCATION.] (a) Mandatory caregivers, mandatory caregivers who become exempt, and caregivers converted from STRIDE or ACCESS may have post-secondary education included in the family support agreement. For individuals who are participating in an educational program under this paragraph on a full-time basis as determined by the institution, there is no work requirement. For individuals participating in an educational program on a part-time basis as determined by the institution, the minimum number of hours that a participant must work shall be increased or decreased in inverse proportion to the number of credit hours being taken, up to a maximum of 12 hours weekly of work.

(b) Conditions for approval of a post-secondary education program include demonstration by the caregiver that:

(1) there is a market for full-time employees with this education or training where the caregiver will or is willing to reside upon completion of the program;

(2) the average wage level for employees with this education or training is significantly greater than the caregiver can earn without this education or training;

(3) the caregiver can meet the requirements for admission into the program; and

(4) there is a reasonable expectation that the caregiver will complete the training program based on such factors as the caregiver's current MFIP assessment; previous education, training, and work history; current motivation; and changes in previous circumstances.

(c) A comparison must be made between income foregone by delaying immediate entry into full-time paid employment while in pursuit of education or training and the probable income which will be earned following the education or training. The advantages and disadvantages to the family must be discussed with respect to both options.

(d) Activities under this subdivision are limited to the equivalent of two years of full-time education, with the following exceptions:

(1) caregivers in subdivision 15;

(2) caregivers who have already obtained a post-secondary degree. These caregivers are limited to course work necessary to upgrade skills, or obtain licensure or certification;

(3) extenuating circumstances that prohibit the caregiver from completing the program within the equivalent of two years; or

(4) the education activities may be part of a four-year education program provided the family support agreement specifies that the employment goal will be met at the time the caregiver completes the equivalent of two years of full-time education or that the caregiver will participate

in activities leading to the employment goal following completion of the two years of full-time education.

(e) Caregivers in education or training programs must maintain satisfactory progress. "Satisfactory progress" in an education or training program means the caregiver remains in good standing as defined by the education or training institution and meets the requirements in the caregiver's MFIP-R employability plan. MFIP-R staff may withdraw approval of the caregiver's employability plan when the caregiver does not maintain satisfactory progress in the education or training program.

Subd. 15. [CONVERTED STRIDE AND ACCESS CASES.] Caregivers with an employability plan from STRIDE or ACCESS must develop an MFIP-R employability plan. With approval of the MFIP-R staff, the family support agreement for caregivers under this section may include continuation of educational activities, up to a baccalaureate degree, if initiated under STRIDE or ACCESS. Caregivers who continue these activities must also participate in job search or work at least 12 hours per week.

Subd. 16. [REVISIONS TO FAMILY SUPPORT AGREEMENT.] The caregiver may revise the family support agreement with approval of MFIP-R staff.

Subd. 17. [VOLUNTEERS FOR MFIP-R PRE-EMPLOYMENT AND EMPLOYMENT SERVICES.] (a) Upon request, local agencies must continue to offer MFIP-R services to:

(1) caregivers with a signed family support agreement who become exempt under subdivision 2; and

(2) caregivers randomly assigned to MFIP during the conversion period who have an active STRIDE or ACCESS plan.

(b) County agencies must also service the following caregivers, as funding allows:

(1) second parent in a two-parent family; and

(2) caregivers who have not reached the timing for mandatory participation.

(c) Volunteers under paragraph (a) may access all MFIP-R services. Volunteers under paragraph (b), clause (1), may access MFIP-R job search and basic education services only. Volunteers under paragraph (b), clause (2), may access only MFIP-R job search services.

(d) Caregivers identified in this subdivision are voluntary participants for MFIP-R pre-employment and employment services and may not be sanctioned for failure to cooperate unless they reach the timing of MFIP-R pre-employment and employment services under subdivision 6, or are no longer exempt under subdivision 2.

Subd. 18. [CONCILIATION.] The county agency must inform the mandatory parental caregiver of the option of a conciliation conference when the mandatory parental caregiver receives a notice of intent to sanction or cannot reach agreement with MFIP-R staff about the contents or interpretation of the family support agreement.

Conciliation procedures shall be available as provided in section 256.736, subdivision 11, paragraph (c). Upon receiving a notice of intent to sanction, a caregiver may request a hearing under section 256.045 without exercising the option of a conciliation conference.

Subd. 19. [CHILD CARE.] The commissioner shall ensure that each MFIP caregiver who is employed or is developing or is engaged in activities identified in an employability plan under subdivision 7, and who needs assistance with child care costs to be employed or to develop or comply with the terms for an employability plan, receives a child care subsidy through child care money appropriated for the MFIP. The subsidy must cover all actual child care costs for eligible hours up to the maximum rate allowed under section 256H.15. A caregiver who is in the assistance unit and leaves the program as a result of increased earnings from employment, and needs child care assistance to remain employed, is entitled to extended child care assistance as provided under United States Code, title 42, section 602(g)(1)(a)(ii), on a copayment basis.

Subd. 20. [HEALTH CARE.] A family leaving the program as a result of increased earnings from employment is eligible for extended medical assistance as provided under Public Law Number 100-485, section 303, as amended, and Public Law Number 101-239, section 8015(b)(7).

Sec. 4. [256.049] [APPLICABILITY.]

Section 256.035 will not apply to the expansion of MFIP into Ramsey county (MFIP-R). Sections 256.047 to 256.048 will substitute for section 256.035 for the purposes of MFIP-R. Sections 256.031 to 256.034, and 256.036, 256.0361, and 268.871 are applicable to MFIP-R insofar as they are not inconsistent with sections 256.047 to 256.048. Minnesota Rules, part 9500.4220, does not apply to MFIP-R. Minnesota Rules, parts 9500.4000 to 9500.4210, and 9500.4230 to 9500.4340, are applicable to the expansion of MFIP into Ramsey county insofar as they are not inconsistent with sections 256.047 to 256.048.

Sec. 5. [APPROPRIATIONS.]

Subdivision 1. [COUNTY ADMINISTRATIVE COSTS.] (a) \$50,000 is appropriated to pay for MFIP-R county administrative costs for the fiscal year beginning July 1, 1995.

(b) \$200,000 is appropriated to pay for MFIP-R county administrative costs for the fiscal year beginning July 1, 1996.

Subd. 2. [MFIP-R.] \$6,589,000 is appropriated for the expansion of MFIP-R into Ramsey county for grants and child care for fiscal year beginning July 1, 1996.

Subd. 10. [STATE DRUG FORMULARY.] "State drug formulary" means a listing of drugs of proven safety, efficacy, and cost-effectiveness established by the commissioner of human services under section 256.996.

Sec. 2. [16B.94] [PRICE CONTRACT FOR PRESCRIPTION DRUGS ON THE STATE FORMULARY.]

(a) The commissioner shall negotiate price contracts for prescription drugs listed on the state drug formulary. The commissioner may contract with an individual, business entity, or other private organization to negotiate the contract price as required under this subdivision. The commissioner may negotiate a price differential based on volume purchasing.

(b) The contract price for each drug on the state drug formulary, with the exception of single source drugs, shall be based on the average manufacturer's price minus 15 percent, the best competitive bid price, or a negotiated price, whichever is lowest. In the case of single source drugs, the contract price shall be negotiated. The initial average manufacturer's price is the purchaser's actual acquisition cost as of March 1, 1995. For purposes of computing the contract price in 1996 and each year thereafter for those drugs on the state drug formulary, the commissioner or contractor shall not recognize increases in the average manufacturer's contracted price that exceed the rate of increase in the Consumer Price Index for All Items (U.S. city average) (CPI-U).

Subd. 2. [PURCHASER REQUIREMENT.] The commissioner of administration may require any Minnesota purchaser who plans on purchasing prescription drugs at the contract price negotiated by the commissioner of administration to submit any information deemed necessary by the commissioner regarding prescription drug purchase projections to assist the commissioner in the contract price negotiations.

Subd. 3. [PURCHASING PRESCRIPTION DRUGS NOT INCLUDED ON THE STATE DRUG FORMULARY.] Nothing in this section shall prevent a purchaser from purchasing a prescription drug that is not included on the state drug formulary.

Sec. 4. [16B.96] [NONDISCRIMINATION.]

No insurer or health plan company shall discriminate against a purchaser for participating in the multistate pharmaceutical contracting alliance or for taking advantage of the alliance contracting price.

Sec. 5. Minnesota Statutes 1994, section 151.21, subdivision 2, is amended to read:

When a pharmacist receives a written prescription on which the prescriber has personally written in handwriting "dispense as written - brand medically necessary," or "D.A.W.," or an oral prescription in which the prescriber has expressly indicated that the prescription is to be dispensed as communicated, the pharmacist shall dispense the brand name legend drug as prescribed. If the prescriber specifies orally that the prescription shall be dispensed as communicated, written certification in the prescriber's handwriting bearing the phrase "dispense as written - brand medically necessary" must be sent to the dispensing pharmacy within ten days.

Sec. 6. Minnesota Statutes 1994, section 151.21, subdivision 3, is amended to read:

Subd. 3. When a pharmacist receives a written prescription on which the prescriber has not personally written in handwriting "dispense as written - brand medically necessary," or "D.A.W.," or an oral prescription in which the prescriber has not expressly indicated that the prescription is to be dispensed as communicated, and there is available in the pharmacist's stock a less expensive generically equivalent drug that, in the pharmacist's professional judgment, is safely interchangeable with the prescribed drug, then the pharmacist shall, after disclosing the substitution to the purchaser, dispense the generic drug, unless the purchaser objects. A pharmacist may also substitute pursuant to the oral instructions of the prescriber. A pharmacist may not substitute a generically equivalent drug product unless, in the pharmacist's professional judgment, the substituted drug is therapeutically equivalent and interchangeable to the prescribed drug. A pharmacist shall notify the purchaser if the pharmacist is dispensing a drug other than the brand name drug prescribed.

Sec. 7. Minnesota Statutes 1994, section 151.21, is amended by adding a subdivision to read:

"Sec. 25. [256.996] [STATE DRUG FORMULARY.]

Subdivision 1. [ESTABLISHMENT.] By January 1, 1996, the commissioner of human services shall establish a state drug formulary based on the criteria developed by the drug formulary committee established under section 256B.0625, subdivision 13. The commissioner shall publish the state drug formulary on an annual basis. Prior to publication, the drug formulary committee shall review and comment on the formulary contents. When developing the formulary contents, consideration must be given to drugs with a narrow therapeutic index.

Subd. 2. [DEVELOPMENT OF CRITERIA.] In developing the criteria to be used by the commissioner in establishing the state drug formulary, the drug formulary committee shall consult with health care professional experts in each therapeutic class of drugs. The criteria must also be based on review of scientific literature in peer-reviewed biomedical journals for purposes of identifying the most efficacious, safe, and cost-effective drugs in achieving optimal patient therapeutic outcomes.

Subd. 3. [STATE DRUG FORMULARY ADDITIONS AND DELETIONS.] (a) Any health care provider, consumer or consumer group, or seller of prescription drugs may apply to the commissioner on a form specified in the state drug formulary to add or delete a drug from the state drug formulary. For purposes of this subdivision, "health care provider" includes any vendor of medical care qualifying for reimbursement under the medical assistance program provided under chapter 256B.

(b) The drug formulary committee may recommend to the commissioner the addition or deletion of a prescription drug in the state drug formulary.

Subd. 4. [AVAILABILITY OF PRESCRIPTION DRUGS NOT INCLUDED ON THE STATE DRUG FORMULARY.] Nothing in this section shall prevent a physician or other person authorized to prescribe prescription drugs from prescribing a drug that is not included on the state drug formulary."

Page 120, after line 15, insert:

"Sec. 42. Minnesota Statutes 1994, section 256B.0625, subdivision 13, is amended to read:

Subd. 13. [DRUGS.] (a) Medical assistance covers drugs if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, or by a physician enrolled in the medical assistance program as a dispensing physician. The commissioner, after receiving recommendations from professional medical associations and professional pharmacist associations, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The formulary committee shall consist of ~~nine~~ 11 members, ~~four of whom shall be three~~ physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, ~~three of whom shall be one~~ pharmacoeconomist, one nurse, ~~four~~ pharmacists who are not employed by the department of human services or by a health plan company as defined in section 62Q.01, subdivision 4, and a majority of whose practice is for persons paying privately or through health insurance, a one consumer representative, and a one nursing home representative. Committee members shall serve three-year terms and shall serve without compensation. Members may be reappointed once.

(b) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for public input is provided. Prior authorization may be requested by the commissioner based on medical and clinical criteria before certain drugs are eligible for payment. Before a drug may be considered for prior authorization at the request of the commissioner:

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include:

(i) drugs or products for which there is no federal funding;

(ii) over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, and vitamins for children under the age of seven and pregnant or nursing women;

(iii) any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14;

(iv) anorectics; and

(v) drugs for which medical value has not been established.

The commissioner shall publish conditions for prohibiting payment for specific drugs after considering the formulary committee's recommendations.

(c) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner, the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee or the usual and customary price charged to the public. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus 7.6 percent effective January 1, 1994. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communications were received.

May 10, 1995

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and I am returning Chapter 157, Senate File 308/House File 416, a bill relating to special motor vehicle license plates.

This bill is clearly an unfunded mandate to the Department of Public Safety. Currently, if the DWI violator were not the owner of the car being driven at the time of incident, plates would be returned with the costs paid by the State of Minnesota. This bill would have allowed non-driving owners to get their plates back only if they did not know the person was driving their car. This could be shown by reporting the car as missing to a law enforcement agency. If no report were made, the owner would have to apply and pay for special license plates. By forcing the owners to

be more responsible and accountable for the use of their automobile, the bill would hope to lessen the number of DWI drivers on our highways.

However, this bill does not grant Public Safety the appropriation necessary to implement these laudable goals.

The department estimates that an additional three employees would be needed to process the 10,000 special license plates that would have to be issued annually. The department calculates their cost would be \$124,000 per year. If the department were given the funds to carry out the program, they would be able to supply the General Fund with approximately \$250,000 per year in receipts.

It is unfortunate that good policy, one that would have brought additional money into the general fund while keeping drunk drivers off the road, could not have been appropriately funded.

Warmest regards,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 308 and the veto message thereon be laid on the table. The motion prevailed.

EXECUTIVE AND OFFICIAL COMMUNICATIONS

The following communication was received.

May 12, 1995

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and I am returning Chapter 160, Senate File 1402/House File 1524, a bill that would establish a state employee suggestion program. The legislature has spent time and energy to present to me a bill that would put into Minnesota Statutes language that would mandate how an employee offers suggestions to her or his employer. This picayune bill is entirely unnecessary.

Since 1991, our administration has made it part of our mission to empower state employees. They have offered numerous insightful recommendations. For example, as a part of the CORE Commission in 1991 when we sought input on how employees - not just supervisors - could perform their duties more effectively and efficiently, we received a tremendous positive reaction. As a direct result of the over 1,000 individual responses, taxpayers have saved roughly \$18 million. This was done without legislation.

I am perfectly confident in the ability of state employees in the executive branch to continue to offer advice as to how state government can operate more efficiently and productively. It has been a policy of my administration to actively solicit employee input and involve them in the operation of their agencies. However, this legislation would require that suggestions go directly to legislative oversight committees, not the people responsible for responding and acting upon the suggestion in a timely fashion. To presume, as this bill does, that state employees are not capable of making even so much as a suggestion without following a step-by-step, inflexible formula, devised in St. Paul, is precisely the type of micro-management that is so frustrating to state employees. Even Rube Goldberg would have found this bewildering. I believe we should continue to empower employees, not restrain them further.

This bill is a solution in desperate search of a problem. Bills of this nature, mandating the exact steps as to how an employee makes a suggestion on how to improve service, are senseless. Minnesota taxpayers demand and deserve better.

Warmest regards,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 1402 and the veto message thereon be laid on the table. The motion prevailed.

ARTICLE 2 BUILDING CODE

Section 1. Minnesota Statutes 1994, section 16B.59, is amended to read:

16B.59 [STATE BUILDING CODE; POLICY AND PURPOSE.]

The state building code governs the construction, reconstruction, alteration, and repair of ~~state-owned~~ buildings and other structures to which the code is applicable. The commissioner shall administer and amend a state code of building construction which will provide basic and uniform performance standards, establish reasonable safeguards for health, safety, welfare, comfort, and security of the residents of this state and provide for the use of modern methods, devices, materials, and techniques which will in part tend to lower construction costs. The construction of buildings should be permitted at the least possible cost consistent with recognized standards of health and safety.

Sec. 2. Minnesota Statutes 1994, section 16B.60, subdivision 1, is amended to read:

Subdivision 1. [SCOPE.] For the purposes of sections 16B.59 to ~~16B.73~~ 16B.75, the terms defined in this section have the meanings given them.

Sec. 3. Minnesota Statutes 1994, section 16B.60, subdivision 4, is amended to read:

Subd. 4. [CODE.] "Code" means the state building code adopted by the commissioner in accordance with sections 16B.59 to ~~16B.73~~ 16B.75.

Sec. 4. Minnesota Statutes 1994, section 16B.61, subdivision 1, is amended to read:

Subdivision 1. [ADOPTION OF CODE.] Subject to sections 16B.59 to ~~16B.73~~ 16B.75, the commissioner shall by rule establish a code of standards for the construction, reconstruction, alteration, and repair of ~~state-owned~~ buildings, governing matters of structural materials, design and construction, fire protection, health, sanitation, and safety. The code must conform insofar as practicable to model building codes generally accepted and in use throughout the United States. In the preparation of the code, consideration must be given to the existing statewide specialty codes presently in use in the state. Model codes with necessary modifications and statewide specialty codes may be adopted by reference. The code must be based on the application of scientific principles, approved tests, and professional judgment. To the extent possible, the code must be adopted in terms of desired results instead of the means of achieving those results, avoiding wherever possible the incorporation of specifications of particular methods or materials. To that end the code must encourage the use of new methods and new materials. Except as otherwise provided in sections 16B.59 to ~~16B.73~~ 16B.75, the commissioner shall administer and enforce the provisions of those sections.

Sec. 5. Minnesota Statutes 1994, section 16B.61, subdivision 2, is amended to read:

Subd. 2. [ENFORCEMENT BY CERTAIN BODIES.] Under the direction and supervision of the commissioner, the provisions of the code relating to electrical installations shall be enforced by the state board of electricity, pursuant to the Minnesota electrical act, the provisions relating to plumbing shall be enforced by the commissioner of health, the provisions relating to ~~fire protection~~ the Minnesota uniform fire code shall be enforced by the state fire marshal, the provisions relating to high pressure steam piping and appurtenances ~~and elevators~~ shall be enforced by the department of labor and industry, ~~and the code as applied to public school buildings shall be enforced by the state board of education.~~ Fees for inspections conducted by the state board of electricity shall be paid in accordance with the rules of the state board of electricity.

Sec. 6. Minnesota Statutes 1994, section 16B.61, subdivision 5, is amended to read:

Subd. 5. [ACCESSIBILITY.] (a) [PUBLIC BUILDINGS.] The code must provide for making public buildings constructed or remodeled after July 1, 1963, accessible to and usable by physically handicapped persons, although this does not require the remodeling of public buildings solely to provide accessibility and usability to the physically handicapped when remodeling would not otherwise be undertaken.

(b) [LEASED SPACE.] No agency of the state may lease space for agency operations in a non-state-owned building unless the building satisfies the requirements of the state building code for accessibility by the physically handicapped, or is eligible to display the state symbol of accessibility. This limitation applies to leases of 30 days or more for space of at least 1,000 square feet.

(c) [MEETINGS OR CONFERENCES.] Meetings or conferences for the public or for state employees which are sponsored in whole or in part by a state agency must be held in buildings that meet the state building code requirements relating to accessibility for physically handicapped persons. This subdivision does not apply to any classes, seminars, or training programs offered by a state university, the University of Minnesota, or a state community college. Meetings or conferences intended for specific individuals none of whom need the accessibility features for handicapped persons specified in the state building code need not comply with this subdivision unless a handicapped person gives reasonable advance notice of an intent to attend the meeting or conference. When sign language interpreters will be provided, meetings or conference sites must be chosen which allow hearing impaired participants to see their signing clearly.

(d) [EXEMPTIONS.] The commissioner may grant an exemption from the requirements of paragraphs (b) and (c) in advance if an agency has demonstrated that reasonable efforts were made to secure facilities which complied with those requirements and if the selected facilities are the best available for access for handicapped persons. Exemptions shall be granted using criteria developed by the commissioner in consultation with the council on disability.

(e) [SYMBOL INDICATING ACCESS.] The wheelchair symbol adopted by Rehabilitation International's Eleventh World Congress is the state symbol indicating buildings, facilities, and grounds which are accessible to and usable by handicapped persons. In the interests of uniformity, this symbol ~~in its white on blue format~~ is the sole symbol for display in or on all public or private buildings, facilities, and grounds which qualify for its use. The secretary of state shall obtain the symbol and keep it on file. No building, facility, or grounds may display the symbol unless it is in compliance with the rules adopted by the commissioner under subdivision 1. Before any rules are proposed for adoption under this paragraph, the commissioner shall consult with the council on disability. Rules adopted under this paragraph must be enforced in the same way as other accessibility rules of the state building code.

(f) [MUNICIPAL ENFORCEMENT.] Municipalities which have not adopted the state building code may enforce the building code requirements for handicapped persons by either entering into a joint powers agreement for enforcement with another municipality which has adopted the state building code; or contracting for enforcement with an individual certified under section 16B.65, subdivision 3, to enforce the state building code.

(g) [EQUIPMENT ALLOWED.] The code must allow the use of vertical wheelchair lifts and inclined stairway wheelchair lifts in public buildings. An inclined stairway wheelchair lift must be equipped with light or sound signaling device for use during operation of the lift. The stairway or ramp shall be marked in a bright color that clearly indicates the outside edge of the lift when in operation. The code shall not require a guardrail between the lift and the stairway or ramp. Compliance with this provision by itself does not mean other handicap accessibility requirements have been met.

Sec. 7. Minnesota Statutes 1994, section 16B.63, subdivision 3, is amended to read:

Subd. 3. [POWERS AND DUTIES.] The state building official may, with the approval of the commissioner, employ personnel necessary to carry out the inspector's function under sections 16B.59 to ~~16B.73~~ 16B.75. The state building official shall distribute without charge one copy of the code to each municipality within the state. Additional copies shall be made available to

municipalities and interested parties for a fee prescribed by the commissioner. The state building official shall perform other duties in administering the code assigned by the commissioner.

Sec. 8. Minnesota Statutes 1994, section 16B.65, subdivision 1, is amended to read:

Subdivision 1. [APPOINTMENTS.] The governing body of each municipality shall, unless other means are already provided, appoint a ~~person~~ building official to administer the code ~~who shall be known as a building official~~. Two or more municipalities may combine in the appointment of a single building official for the purpose of administering the provisions of the code within their communities. In those municipalities for which no building officials have been appointed, the state building inspector, with the approval of the commissioner, may appoint building officials to serve until the municipalities have made an appointment. If unable to make an appointment, the state building inspector may use whichever state employees or state agencies are necessary to perform the duties of the building official. All costs incurred by virtue of an appointment by the state building inspector or services rendered by state employees must be borne by the involved municipality. Receipts arising from the appointment must be paid into the state treasury and credited to the general fund.

Sec. 9. Minnesota Statutes 1994, section 16B.65, subdivision 3, is amended to read:

Subd. 3. [CERTIFICATION.] The commissioner shall:

(1) prepare and conduct written and practical examinations to determine if a person is qualified pursuant to subdivision 2 to be a building official;

(2) accept documentation of successful completion of testing programs developed by nationally recognized testing agencies, as proof of qualification pursuant to subdivision 2; or

(3) determine qualifications by both clauses (1) and (2).

Upon a determination of qualification under clause (1), (2), or both of them, the commissioner shall issue a certificate to the building official stating that the official is certified. Each person applying for examination and certification pursuant to this section shall pay a nonrefundable fee of \$70. The commissioner or a designee may establish classes of certification that will recognize the varying complexities of code enforcement in the municipalities within the state. Except as provided by subdivision 2, no person may act as a building official for a municipality unless the commissioner determines that the official is qualified. The commissioner shall provide educational programs designed to train and assist building officials in carrying out their responsibilities.

The department of employee relations may, at the request of the commissioner, provide statewide testing services.

Subd. 4. [DUTIES.] Building officials shall, in the municipality for which they are appointed, attend to all aspects of code administration for which they are certified, including the issuance of all building permits and the inspection of all manufactured home installations. The commissioner may direct a municipality with a building official to perform services for another municipality, and in that event the municipality being served shall pay the municipality rendering the services the reasonable costs of the services. The costs may be subject to approval by the commissioner.

Sec. 11. Minnesota Statutes 1994, section 16B.65, subdivision 7, is amended to read:

Subd. 7. [CONTINUING EDUCATION.] Subject to sections 16B.59 to ~~16B.73~~ 16B.75, the commissioner may by rule establish or approve continuing education programs for municipal building officials dealing with matters of building code administration, inspection, and enforcement.

Effective January 1, 1985, each person certified as a building official for the state must satisfactorily complete applicable educational programs established or approved by the commissioner every three calendar years to retain certification.

Each person certified as a ~~state~~ building official must submit in writing to the commissioner an

application for renewal of certification within 60 days of the last day of the third calendar year following the last certificate issued. Each application for renewal must be accompanied by proof of satisfactory completion of minimum continuing education requirements and the certification renewal fee established by the commissioner.

For persons certified prior to January 1, 1985, the first three-year period commences January 1, 1985.

Sec. 12. Minnesota Statutes 1994, section 16B.67, is amended to read:

A person aggrieved by the final decision of any municipality as to the application of the code, including any rules adopted under sections 471.465 to 471.469, may, within 180 days of the decision, appeal to the commissioner. Appellant shall submit a nonrefundable fee of \$70, payable to the commissioner, with the request for appeal. An appeal must be heard as a contested case under chapter 14. The commissioner shall submit written findings to the parties. The party not prevailing shall pay the costs of the contested case hearing, including fees charged by the office of administrative hearings and the expense of transcript preparation. Costs under this section do not include attorney fees. Any person aggrieved by a ruling of the commissioner may appeal in accordance with chapter 14. For the purpose of this section "any person aggrieved" includes the council on disability. No fee or costs shall be required when the council on disability is the appellant.

Sec. 13. Minnesota Statutes 1994, section 16B.70, is amended to read:

16B.70 [SURCHARGE.]

Subdivision 1. [COMPUTATION.] To defray the costs of administering sections 16B.59 to ~~16B.73~~ 16B.75, a surcharge is imposed on all permits issued by municipalities in connection with the construction of or addition or alteration to buildings and equipment or appurtenances after June 30, 1971, as follows:

ARTICLE 3

ZONING

Section 1. Minnesota Statutes 1994, section 366.10, is amended to read:

366.10 [ZONING REGULATIONS.]

The board of supervisors may submit to the legal voters of the town at an annual or special town meeting, the question whether the board shall adopt building land use and zoning regulations and restrictions in the town. The board in a town which has within its borders a hospital established in accordance with Laws 1955, chapter 227, may submit to the voters at an annual or special town meeting, the question whether the board shall adopt building land use and zoning regulations and restrictions in the town regulating the type of buildings that may be built or occupations carried on within a radius of one-half mile of the hospital.

Sec. 2. Minnesota Statutes 1994, section 366.12, is amended to read:

366.12 [REGULATIONS.]

If a majority of the voters voting on the question vote "Yes," the town board may regulate:

- (1) the location, height, bulk, number of stories, size of buildings and other structures,
- (2) the location of roads and schools,
- (3) the percentage of lot which may be occupied,
- (4) the sizes of yards and other open spaces,
- (5) the density and distribution of population,

(6) the uses of buildings and structures for trade, industry, residence, recreation, public activities, or other purposes, and

(7) the uses of lands for trade, industry, residence, recreation, agriculture, forestry, soil conservation, water supply conservation, or other purposes.

To carry out this section it shall issue building land use or zoning permits or approvals. It shall be unlawful to erect, establish, alter, enlarge, use, occupy, or maintain a building, structure, improvement, or premises without having a building land use or zoning permit or approval.

Before adopting a regulation under this section the board shall hold a public hearing on the matter with notice as provided in section 366.15.

This section is subject to section 366.13.

Sec. 3. Minnesota Statutes 1994, section 366.16, is amended to read:

366.16 [TOWN BUILDING ZONING COMMISSIONER.]

The town board may enforce the regulations by withholding building land use or zoning permits or approvals, building permits issued under sections 16B.59 to 16B.75, or other permits or approvals. For the purposes of sections 366.10 to 366.18, it may establish the position of town

building zoning commissioner and fix its compensation. If a building or structure is or is proposed to be erected, constructed, reconstructed, altered, or used or any land is or is proposed to be used in violation of sections 366.10 to 366.18 or a regulation or provision enacted or adopted by the board under sections 366.10 to 366.18, the board, the attorney of the county where the town is situated, the town attorney, the town building zoning commissioner, or any adjacent or neighboring property owner may institute any appropriate action to prevent, enjoin, abate, or remove the unlawful erection, construction, reconstruction, alteration, maintenance, or use.

Sec. 4. Minnesota Statutes 1994, section 394.33, subdivision 2, is amended to read:

Subd. 2. The board of supervisors of any town which has adopted or desires to adopt building and zoning regulations and restrictions pursuant to law shall have the authority granted the governing body of any municipality as provided in section 394.32.

Sec. 5. Minnesota Statutes 1994, section 394.361, subdivision 3, is amended to read:

Subd. 3. After an official map has been adopted and filed, the issuance of building land use or zoning permits or approvals by the county shall be subject to the provisions of this section. Whenever any street or highway is widened or improved or any new street is opened, or interests in lands for other public purposes are acquired by the county, it is not required in such proceedings to pay for any building or structure placed without a permit or approval or in violation of conditions of a permit or approval within the limits of the mapped street or highway or outside of any building line that may have been established upon the existing street or within any area thus identified for public purposes. The adoption of official maps does not give the county any right, title or interest in areas identified for public purposes thereon, but the adoption of a map does authorize the county to acquire such interests without paying compensation for buildings or structures erected in such areas without a permit or approval or in violation of the conditions of a permit or approval. The provisions of this subdivision shall not apply to buildings or structures in existence prior to the filing of the official map.

Sec. 6. Minnesota Statutes 1994, section 462.358, subdivision 2a, is amended to read:

Subd. 2a. [TERMS OF REGULATIONS.] The standards and requirements in the regulations may address without limitation: the size, location, grading, and improvement of lots, structures, public areas, streets, roads, trails, walkways, curbs and gutters, water supply, storm drainage, lighting, sewers, electricity, gas, and other utilities; the planning and design of sites; access to solar energy; and the protection and conservation of flood plains, shore lands, soils, water, vegetation, energy, air quality, and geologic and ecologic features. The regulations shall require that subdivisions be consistent with the municipality's official map if one exists and its zoning ordinance, and may require consistency with other official controls and the comprehensive plan. The regulations may prohibit certain classes or kinds of subdivisions in areas where prohibition is consistent with the comprehensive plan and the purposes of this section, particularly the preservation of agricultural lands. The regulations may prohibit, restrict or control development for the purpose of protecting and assuring access to direct sunlight for solar energy systems. The regulations may prohibit, restrict, or control surface, above surface, or subsurface development for the purpose of protecting subsurface areas for existing or potential mined underground space development pursuant to sections 469.135 to 469.141, and access thereto. The regulations may prohibit the issuance of building permits or approvals for any tracts, lots, or parcels for which required subdivision approval has not been obtained.

The regulations may permit the municipality to condition its approval on the construction and installation of sewers, streets, electric, gas, drainage, and water facilities, and similar utilities and improvements or, in lieu thereof, on the receipt by the municipality of a cash deposit, certified check, irrevocable letter of credit, or bond in an amount and with surety and conditions sufficient to assure the municipality that the utilities and improvements will be constructed or installed according to the specifications of the municipality. Sections 471.345 and 574.26 do not apply to improvements made by a subdivider or a subdivider's contractor.

The regulations may permit the municipality to condition its approval on compliance with other requirements reasonably related to the provisions of the regulations and to execute development contracts embodying the terms and conditions of approval. The municipality may enforce such agreements and conditions by appropriate legal and equitable remedies.

Sec. 7. Minnesota Statutes 1994, section 462.358, subdivision 9, is amended to read:

Subd. 9. [UNPLATTED PARCELS.] Subdivision regulations adopted by municipalities may apply to parcels which are taken from existing parcels of record by metes and bounds descriptions, and the governing body or building authority may deny the issuance of building permits or approvals, building permits issued under sections 16B.59 to 16B.75, or other permits or approvals to any parcels so divided, pending compliance with subdivision regulations.

Sec. 8. Minnesota Statutes 1994, section 462.359, subdivision 4, is amended to read:

Subd. 4. [APPEALS.] If a land use or zoning permit or approval for a building in such location is denied, the board of appeals and adjustments shall have the power, upon appeal filed with it by the owner of the land, to grant a permit or approval for building in such location in any case in which the board finds, upon the evidence and the arguments presented to it, (a) that the entire property of the appellant of which such area identified for public purposes forms a part cannot yield a reasonable return to the owner unless such a permit or approval is granted, and (b) that balancing the interest of the municipality in preserving the integrity of the official map and of the comprehensive municipal plan and the interest of the owner of the property in the use of the property and in the benefits of ownership, the grant of such permit or approval is required by considerations of justice and equity. In addition to the notice of hearing required by section 462.354, subdivision 2, a notice shall be published in the official newspaper once at least ten days before the day of the hearing. If the board of appeals and adjustments authorizes the issuance of a permit or approval the governing body or other board or commission having jurisdiction shall have six months from the date of the decision of the board to institute proceedings to acquire such land or interest therein, and if no such proceedings are started within that time, the officer responsible for issuing building permits or approvals shall issue the permit or approval if the application otherwise conforms to local ordinances. The board shall specify the exact location, ground area, height and other details as to the extent and character of the building for which the permit or approval is granted.

ARTICLE 4

INTERSTATE COMPACT

Section 1. Minnesota Statutes 1994, section 16B.75, is amended to read:

16B.75 [INTERSTATE COMPACT ON INDUSTRIALIZED/MODULAR BUILDINGS.]

The state of Minnesota ratifies and approves the following compact:

INTERSTATE COMPACT ON INDUSTRIALIZED/MODULAR BUILDINGS

ARTICLE I

FINDINGS AND DECLARATIONS OF POLICY

(1) The compacting states find that:

(a) Industrialized/modular buildings are constructed in factories in the various states and are a growing segment of the nation's affordable housing and commercial building stock.

(b) The regulation of industrialized/modular buildings varies from state to state and locality to locality, which creates confusion and burdens state and local building officials and the industrialized/modular building industry.

(c) Regulation by multiple jurisdictions imposes additional costs, which are ultimately borne by the owners and users of industrialized/modular buildings, restricts market access and discourages the development and incorporation of new technologies.

(2) It is the policy of each of the compacting states to:

(a) Provide the states which regulate the design and construction of industrialized/modular buildings with a program to coordinate and uniformly adopt and administer the states' rules and regulations for such buildings, all in a manner to assure interstate reciprocity.

(b) Provide to the United States Congress assurances that would preclude the need for a voluntary preemptive federal regulatory system for modular housing, as outlined in Section 572 of the Housing and Community Development Act of 1987, including development of model standards for modular housing construction, such that design and performance will insure quality, durability and safety; will be in accordance with life-cycle cost-effective energy conservation standards; all to promote the lowest total construction and operating costs over the life of such housing.

ARTICLE II DEFINITIONS

As used in this compact, unless the context clearly requires otherwise:

(1) "Commission" means the interstate industrialized/modular buildings commission.

(2) "Industrialized/modular building" means any building which is of closed construction, i.e. constructed in such a manner that concealed parts or processes of manufacture cannot be inspected at the site, without disassembly, damage or destruction, and which is made or assembled in manufacturing facilities, off the building site, for installation, or assembly and installation, on the building site. "Industrialized/modular building" includes, but is not limited to, modular housing which is factory-built single-family and multifamily housing (including closed wall panelized housing) and other modular, nonresidential buildings. "Industrialized/modular building" does not include any structure subject to the requirements of the National Manufactured Home Construction and Safety Standards Act of 1974.

(3) "Interim reciprocal agreement" means a formal reciprocity agreement between a noncompacting state wherein the noncompacting state agrees that labels evidencing compliance with the model rules and regulations for industrialized/modular buildings, as authorized in Article VIII, section (9), shall be accepted by the state and its subdivisions to permit installation and use of industrialized/modular buildings. Further, the noncompacting state agrees that by legislation or regulation, and appropriate enforcement by uniform administrative procedures, the noncompacting state requires all industrialized/modular building manufacturers within that state to comply with the model rules and regulations for industrialized/modular buildings.

(4) "State" means a state of the United States, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(5) "Uniform administrative procedures" means the procedures adopted by the commission (after consideration of any recommendations from the rules development committee) which state and local officials, and other parties, in one state, will utilize to assure state and local officials, and other parties, in other states, of the substantial compliance of industrialized/modular building construction with the construction standard of requirements of such other states; to assess the adequacy of building systems; and to verify and assure the competency and performance of evaluation and inspection agencies.

(6) "Model rules and regulations for industrialized/modular buildings" means the construction standards adopted by the commission (after consideration of any recommendations from the rules development committee) which govern the design, manufacture, handling, storage, delivery and installation of industrialized/modular buildings and building components. The construction standards and any amendments thereof shall conform insofar as practicable to model building codes and referenced standards generally accepted and in use throughout the United States.

ARTICLE III CREATION OF COMMISSION

The compacting states hereby create the Interstate Industrialized/Modular Buildings Commission, hereinafter called commission. Said commission shall be a body corporate of each compacting state and an agency thereof. The commission shall have all the powers and duties set forth herein and such additional powers as may be conferred upon it by subsequent action of the respective legislatures of the compacting states.

ARTICLE IV

The commission shall be selected as follows. As each state becomes a compacting state, one resident shall be appointed as commissioner. The commissioner shall be selected by the governor of the compacting state, being designated from the state agency charged with regulating industrialized/modular buildings or, if such state agency does not exist, being designated from among those building officials with the most appropriate responsibilities in the state. The commissioner may designate another official as an alternate to act on behalf of the commissioner at commission meetings which the commissioner is unable to attend.

Each state commissioner shall be appointed, suspended, or removed and shall serve subject to and in accordance with the laws of the state which said commissioner represents; and each vacancy occurring shall be filled in accordance with the laws of the state wherein the vacancy exists.

~~When For every three state commissioners that have been appointed in the manner described, those state commissioners shall select one additional commissioner who shall be a representative of manufacturers of industrial- residential- or commercial-use industrialized/modular buildings. When For every six state commissioners that have been appointed in the manner described, the state commissioners shall select a second one additional commissioner who shall be a representative of consumers of industrialized/modular buildings. With each addition of three state commissioners, the state commissioners shall appoint one additional representative commissioner, alternating between a representative of manufacturers of industrialized/modular buildings and consumers of industrialized/modular buildings. The ratio between state commissioners and representative commissioners shall be three to one.~~ In the event states withdraw from the compact or, for any other reason, the number of state commissioners is reduced, the state commissioners shall remove the last added representative commissioner as necessary to maintain a the ratio of state commissioners to representative commissioners of three to one described herein.

Upon a majority vote of the state commissioners, the state commissioners may remove, fill a vacancy created by, or replace any representative commissioner, provided that any replacement is made from the same representative group and a ~~three to one ratio~~ the ratio described herein is maintained. Unless provided otherwise, the representative commissioners have the same authority and responsibility as the state commissioners.

In addition, the commission may have as a member one commissioner representing the United States government if federal law authorizes such representation. Such commissioner shall not vote on matters before the commission. Such ~~commission~~ commissioner shall be appointed by the President of the United States, or in such other manner as may be provided by Congress.

The commission shall adopt a seal.

The commission shall adopt bylaws, rules, and regulations for the conduct of its business, and shall have the power to amend and rescind these bylaws, rules, and regulations.

The commission shall establish and maintain an office at the same location as the office maintained by the secretariat for the transaction of its business and may meet at any time, but in any event must meet at least once a year. The chairman may call additional meetings and upon the request of a majority of the commissioners of three or more of the compacting states shall call an additional meeting.

The commission annually shall make the governor and legislature of each compacting state a report covering its activities for the preceding year. Any donation or grant accepted by the commission or services borrowed shall be reported in the annual report of the commission and shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender. The commission may make additional reports as it may deem desirable.

The commission will establish such committees as it deems necessary, including, but not limited to, the following:

The executive committee will ensure that proper procedures are followed in implementing the commission's programs and in carrying out the activities of the compact. The executive committee shall be elected by vote of the commission. It shall be comprised of at least three and no more than nine commissioners, selected from ~~those commissioners who are representatives of the governor of their respective state~~ the state commissioners and one member of the industry commissioners and one member of the consumer commissioners.

This committee may recommend procedures which state and local officials, and other parties, in one state, may utilize to assure state and local officials, and other parties, in other states, of the substantial compliance of industrialized/modular building construction with the construction standard requirements of such other states; to assess the adequacy of building systems; and to verify and assure the competency and performance of evaluation and inspection agencies. This committee may also recommend construction standards for the design, manufacture, handling, storage, delivery and installation of industrialized/modular buildings and building components. The committee will submit its recommendations to the commission, for the commission's consideration in adopting and amending the uniform administrative procedures and the model rules and regulations for industrialized/modular buildings. The committee may also review the regulatory programs of the compacting states to determine whether those programs are consistent with the uniform administrative procedures or the model rules and regulations for industrialized/modular buildings and may make recommendations concerning the states' programs to the commission. In carrying out its functions, the rules committee may conduct public hearings and otherwise solicit public input and comment.

(6) Assist and support the compacting states with monitoring of plan review programs and inspection programs, which will assure that the compacting states have the benefit of uniform industrialized/modular building plan review and inspection programs.

(7) Assist and support organizations which train state and local government and other program personnel in the use of uniform industrialized/modular building plan review and inspection programs.

(8) Encourage and promote coordination of state regulatory action relating to manufacturers, public or private inspection programs.

(9) Create and sell labels to be affixed to industrialized/modular building units, constructed in or regulated by compacting states, where such labels will evidence compliance with the model rules and regulations for industrialized/modular buildings, enforced in accordance with the uniform administrative procedures. The commission may use receipts from the sale of labels to help defray the operating expenses of the commission.

(10) Assist and support compacting states' investigations into and resolutions of consumer complaints which relate to industrialized/modular buildings constructed in one compacting state and sited in another compacting state.

(11) Borrow, accept or contract for the services of personnel from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, association, person, firm or corporation.

(12) Accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials and services (conditional or otherwise) from any state or the United States or any subdivision or agency thereof, from any interstate agency, or from any institution, person, firm or corporation, and may receive, utilize and dispose of the same.

Each of the commission's budgets of estimated expenditures shall contain specific recommendations of the amounts to be appropriated by each of the compacting states. The total

amount of appropriations requested under any such budget shall be apportioned among the compacting states as follows: one-half in equal shares; one-fourth among the compacting states in accordance with the ratio of their populations to the total population of the compacting states, based on the last decadal federal census; and one-fourth among the compacting states in accordance with the ratio of industrialized/modular building units manufactured in each state to the total of all units manufactured in all of the compacting states.

The commission shall not pledge the credit of any compacting state. The commission may meet any of its obligations in whole or in part with funds available to it by donations, grants, or sale of labels: provided that the commission takes specific action setting aside such funds prior to incurring any obligation to be met in whole or in part in such manner. Except where the commission makes use of funds available to it by donations, grants or sale of labels, the commission shall not incur any obligation prior to the allotment of funds by the compacting states adequate to meet the same.

The commissioner or the attorney general may disclose not public data:

- (1) under section 13.05;
- (2) under court order;
- (3) under a statute specifically authorizing access to the not public data;
- (4) to provide notices required or permitted by statute;
- (5) to an agent of the commissioner, including a law enforcement person, attorney, or

investigator acting for the commissioner in the investigation or prosecution of a criminal or civil proceeding relating to collection of a debt;

(6) to report names of debtors, amount of debt, date of debt, and the agency to whom debt is owed to credit bureaus and private collection agencies under contract with the commissioner; and

(7) when necessary to locate the debtor, locate the assets of the debtor, or to enforce or implement the collection of a debt; and

(8) to the commissioner of revenue for tax administration purposes.

The commissioner and the attorney general may not disclose data that is not public to a private collection agency or other entity with whom the commissioner has contracted under section 16D.04, subdivision 4, unless disclosure is otherwise authorized by law.

Sec. 8. Minnesota Statutes 1994, section 16D.08, subdivision 2, is amended to read:

Subd. 2. [POWERS.] In addition to the collection remedies available to private collection agencies in this state, the commissioner, with legal assistance from the attorney general, may utilize any statutory authority granted to a referring agency for purposes of collecting debt owed to that referring agency. The commissioner may also use the tax collection remedies of the commissioner of revenue in sections 270.06, clauses (7) and (17), excluding the power to subpoena witnesses; 270.66; 270.69, excluding subdivisions 7 and 13; 270.70, excluding subdivision 14; 270.7001 to 270.72; and 290.92, subdivision 23, except that a continuous wage levy under section 290.92, subdivision 23, is only effective for 70 days, unless no competing wage garnishments, executions, or levies are served within the 70-day period, in which case a wage levy is continuous until a competing garnishment, execution, or levy is served in the second or a succeeding 70-day period, in which case a continuous wage levy is effective for the remainder of that period. A debtor who qualifies for cancellation of the collection penalty under section 16D.11, subdivision 3, clause (1), can apply to the commissioner for reduction or release of a continuous wage levy, if the debtor establishes that the debtor needs all or a portion of the wages being levied upon to pay for essential living expenses, such as food, clothing, shelter, medical care, or expenses necessary for maintaining employment. The commissioner's determination not to reduce or release a continuous wage levy is appealable to district court. The word "tax" or "taxes" when used in the tax collection statutes listed in this subdivision also means debts referred under this chapter. For debts other than state taxes or child support, before any of the tax collection remedies listed in this subdivision can be used, except for the remedies in section 270.06, clauses (7) and (17), if the referring agency has not already obtained a judgment or filed a lien, the commissioner must first obtain a judgment against the debtor.

Sec. 9. [16D.11] [COLLECTION PENALTY.]

Subdivision 1. [IMPOSITION.] As determined by the commissioner, a penalty shall be added to the debts referred to the commissioner or private collection agency for collection. The penalty is collectible by the commissioner or private agency from the debtor at the same time and in the same manner as the referred debt. The referring agency shall advise the debtor of the penalty under this section and the debtor's right to cancellation of the penalty under subdivision 3 at the time the agency sends notice to the debtor under section 16D.07. If the commissioner or private agency collects an amount less than the total due, the payment is applied proportionally to the penalty and the underlying debt. Penalties collected by the commissioner under this subdivision or retained under subdivision 6 shall be deposited in the general fund as nondedicated receipts. Penalties collected by private agencies are appropriated to the referring agency to pay the collection fees charged by the private agency. Penalty collections in excess of collection agency fees must be deposited in the general fund as nondedicated receipts.

Subd. 2. [COMPUTATION.] Beginning July 1, 1995, at the time a debt is referred, the amount of the penalty is equal to 15 percent of the debt, or 25 percent of the debt remaining unpaid if the commissioner or private collection agency has to take enforced collection action by serving a summons and complaint on or entering judgment against the debtor, or by utilizing any of the remedies authorized under section 16D.08, subdivision 2, except for the remedies in sections 270.06, clause (7), and 270.66 or when referred by the commissioner for additional collection activity by a private collection agency. If, after referral of a debt to a private collection agency, the

debtor requests cancellation of the penalty under subdivision 3, the debt must be returned to the commissioner for resolution of the request.

Subd. 3. [CANCELLATION.] The penalty imposed under subdivision 1 shall be canceled and subtracted from the amount due if:

(1) the debtor's household income as defined in section 290A.03, subdivision 5, excluding the exemption subtractions in subdivision 3, paragraph (3) of that section, for the 12 months preceding the date of referral is less than twice the annual federal poverty guideline under United States Code, title 42, section 9902, subsection (2);

(2) within 60 days after the first contact with the debtor by the enterprise or collection agency, the debtor establishes reasonable cause for the failure to pay the debt prior to referral of the debt to the enterprise;

(3) a good faith dispute as to the legitimacy or the amount of the debt is made, and payment is remitted or a payment agreement is entered into within 30 days after resolution of the dispute;

(4) good faith litigation occurs and the debtor's position is substantially justified, and if the debtor does not totally prevail, the debt is paid or a payment agreement is entered into within 30 days after the judgment becomes final and nonappealable; or

(5) penalties have been added by the referring agency and are included in the amount of the referred debt.

Subd. 4. [APPEAL.] Decisions of the commissioner denying an application to cancel the penalty under subdivision 3 are subject to the contested case procedure under chapter 14.

Subd. 5. [REFUND.] If a penalty is collected and then canceled, the amount of the penalty shall be refunded to the debtor within 30 days. The amount necessary to pay the refunds is annually appropriated to the commissioner.

Subd. 6. [CHARGE TO REFERRING AGENCY.] If the penalty is canceled under subdivision 3, an amount equal to the penalty is retained by the commissioner from the debt collected, and is accounted for and subject to the same provisions of this chapter as if the penalty had been collected from the debtor.

Subd. 7. [ADJUSTMENT OF RATE.] By June 1 of each year, the commissioner shall determine the rate of the penalty for debts referred to the enterprise during the next fiscal year. The rate is a percentage of the debts in an amount that most nearly equals the costs of the enterprise necessary to process and collect referred debts under this chapter. In no event shall the rate of the penalty when a debt is first referred exceed three-fifths of the maximum penalty, and in no event shall the rate of the maximum penalty exceed 25 percent of the debt. Determination of the rate of the penalty under this section is not rulemaking under chapter 14, and is not subject to the fee setting requirements of section 16A.1285.

Sec. 10. [16D.12] [PAYMENT OF COLLECTION AGENCY FEES.]

Unless otherwise expressly prohibited by law, a state agency may pay for the services of a state or private collection agency from the money collected. The portion of the money collected which must be paid to the collection agency as its collection fee is appropriated from the fund to which the collected money is due.

Sec. 11. [16D.13] [INTEREST.]

Subdivision 1. [AUTHORITY.] Unless otherwise provided by contract out of which the debt arises or by state or federal law, a state agency shall charge simple interest on debts owed to the state at the rate provided in subdivision 2 if notice has been given in accordance with this subdivision. Interest charged under this section begins to accrue on the 30th calendar day following the state agency's first written demand for payment that includes notification to the debtor that interest will begin to accrue on the debt in accordance with this section.

Subd. 2. [COMPUTATION.] Notwithstanding chapter 334, the rate of interest is the rate determined by the state court administrator under section 549.09, subdivision 1, paragraph (c).

Subd. 3. [EXCLUSION.] A state agency may not charge interest under this section on overpayments of assistance benefits under sections 256.031 to 256.0361, 256.72 to 256.87, chapters 256D and 256I, or the federal food stamp program. Notwithstanding this prohibition, any debts that have been reduced to judgment under these programs are subject to the interest charges provided under section 549.09.

Sec. 12. [16D.14] [VENUE.]

Subdivision 1. [AUTHORIZATION.] The commissioner or the attorney general may bring an action to recover debts owed to the state in Ramsey county district court or Ramsey county conciliation court at the discretion of the state. In order to bring a cause of action under this section in any county other than the county where the debtor resides or where the cause of action arose, the commissioner or the attorney general must notify the debtor as provided in subdivisions 2 to 4, unless that venue is authorized by other law.

Subd. 2. [CONCILIATION COURT; CLAIMS FOR \$2,500 OR LESS.] (a) Before bringing a conciliation court action for a claim for \$2,500 or less under this section in any county other than where the debtor resides or where the cause of action arose, the commissioner or the attorney general shall send a form by first class mail to the debtor's last known address notifying the debtor of the intent to bring an action in Ramsey county. The commissioner or attorney general must enclose a form for the debtor to use to request that the action not be brought in Ramsey county and a self-addressed, postage paid envelope. The form must advise the debtor of the right to request that the action not be brought in Ramsey county and that the debtor has 30 days from the date of the form to make this request.

(b) If the debtor timely returns the form requesting the action not be brought in Ramsey county, the commissioner or attorney general may only file the action in the county of the debtor's residence, the county where the cause of action arose, or as provided by other law. The commissioner or attorney general shall notify the debtor of the action taken. If the debtor does not timely return the form, venue is as chosen by the commissioner or attorney general as authorized under this section.

(c) If a judgment is obtained in Ramsey county conciliation court when the form was sent by first class mail under this subdivision and the debtor reasonably demonstrates that the debtor did not reside at the address where the form was sent or that the debtor did not receive the form, the commissioner or the attorney general shall vacate the judgment without prejudice and return any funds collected as a result of enforcement of the judgment. Evidence of the debtor's correct address include, but are not limited to, a driver's license, homestead declaration, school registration, utility bills, or a lease or rental agreement.

Subd. 3. [CONCILIATION COURT CLAIMS EXCEEDING \$2,500.] (a) In order to bring a conciliation court claim that exceeds \$2,500 under this section in a county other than where the debtor resides or where the cause of action arose, the commissioner or the attorney general shall serve with the conciliation court claim a change of venue form for the debtor to use to request that venue be changed and a self-addressed, postage paid return envelope. This form must advise the debtor that the form must be returned within 30 days of the date of service or venue will remain in Ramsey county.

(b) If the debtor timely returns the change of venue form requesting a change of venue, the commissioner or attorney general shall change the venue of the action to the county of the debtor's residence, the county where the cause of action arose, as provided by other law, or dismiss the action. The commissioner or attorney general must notify the debtor of the action taken. If the debtor does not timely return the form, venue is as chosen by the commissioner or attorney general as authorized under this section. The commissioner or the attorney general shall file the signed return receipt card or the proof of service with the court.

Subd. 4. [DISTRICT COURT.] (a) In order to bring a district court action under this section in any county other than where the debtor resides or where the cause of action arose, the commissioner or attorney general shall serve the change of venue form with the summons and complaint or petition commencing the collection action. Two copies of the form must be served along with a self-addressed, postage paid return envelope. The form must advise the debtor that the form must be returned within 20 days of the date of service or venue will remain in Ramsey

county. If the debtor timely returns the change of venue form, the time to answer the summons and complaint or petition runs from the date of debtor's request for change of venue.

(b) If the debtor timely returns the change of venue form requesting that the action not be brought in Ramsey county, the commissioner or attorney general shall change the venue of the action to the county of the debtor's residence, the county where the cause of action arose, as provided by other law, or dismiss the action. The commissioner or attorney general shall notify the debtor of the action taken. If the debtor is served the form to change venue along with the district court summons and complaint or petition, in accordance with court rules, but does not return the form within the statutory timelines, venue is as chosen by the commissioner or attorney general as authorized under this section. The commissioner or attorney general shall file the proof of service along with the summons and complaint or petition commencing the lawsuit.

Subd. 5. [FEES.] No court filing fees, docketing fees, or release of judgment fees may be assessed against the state for collection actions filed under this chapter.

Sec. 13. [16D.15] [COMPROMISE OF DEBT.]

Unless expressly prohibited by other federal or state law, a state agency may compromise debts owed to the state, whether reduced to judgment or not, where the state agency determines that it is in the best interests of the state to do so.

Sec. 14. [16D.16] [SETOFFS.]

Subdivision 1. [AUTHORIZATION.] The commissioner or a state agency may automatically deduct the amount of a debt owed to the state from any state payment due to the debtor, except tax refunds, earned income tax credit, child care tax credit, prejudgment debts of \$5,000 or less, funds exempt under section 550.37, or funds owed an individual who receives assistance under the provisions of chapter 256 are not subject to setoff under this chapter. If a debtor has entered into a written payment plan with respect to payment of a specified debt, the right of setoff may not be used to satisfy that debt. Notwithstanding section 181.79, the state may deduct from the wages due or earned by a state employee to collect a debt, subject to the limitations in section 571.922.

Subd. 2. [NOTICE AND HEARING.] Before setoff, the commissioner or state agency shall mail written notice by certified mail to the debtor, addressed to the debtor's last known address, that the commissioner or state agency intends to set off a debt owed to the state by the debtor against future payments due the debtor from the state. For debts owed to the state that have not been reduced to judgment, if no opportunity to be heard or administrative appeal process has yet been made available to the debtor to contest the validity or accuracy of the debt, before setoff for a prejudgment debt, the notice to the debtor must advise that the debtor has a right to make a written request for a contested case hearing on the validity of the debt or the right to setoff. The debtor has 30 days from the date of that notice to make a written request for a contested case hearing to contest the validity of the debt or the right to setoff. The debtor's request must state the debtor's reasons for contesting the debt or the right to setoff. If the commissioner or state agency desires to pursue the right to setoff following receipt of the debtor's request for a hearing, the commissioner or state agency shall schedule a contested case hearing within 30 days of the receipt of the request for the hearing. If the commissioner or state agency decides not to pursue the right to setoff, the debtor must be notified of that decision.

Sec. 15. Minnesota Statutes 1994, section 491A.01, subdivision 8, is amended to read:

Subd. 8. [JURISDICTION; ~~MULTIPLE DEFENDANTS~~ VENUE.] The conciliation court also has jurisdiction to determine a civil action commenced against ~~two~~ one or more defendants in the county in which one or more of the defendants resides or where the cause of action, or some part of it, arose. Counterclaims may be commenced in the county where the original action was commenced.

Sec. 16. Minnesota Statutes 1994, section 491A.02, subdivision 4, is amended to read:

Subd. 4. [REPRESENTATION.] (a) A corporation, partnership, limited liability company, sole proprietorship, or association may be represented in conciliation court by an officer, manager, or partner or an agent in the case of a condominium, cooperative, or townhouse association, or may

appoint a natural person who is an employee or commercial property manager to appear on its behalf or settle a claim in conciliation court. The state or a political subdivision of the state may be represented in conciliation court by an employee of the pertinent governmental unit without a written authorization. This Representation under this subdivision does not constitute the practice of law for purposes of section 481.02, subdivision 8. In the case of an officer, employee, commercial property manager, or agent of a condominium, cooperative, or townhouse association, an authorized power of attorney, corporate authorization resolution, corporate bylaw, or other evidence of authority acceptable to the court must be filed with the claim or presented at the hearing. This subdivision also applies to appearances in district court by a corporation or limited liability company with five or fewer shareholders or members and to any condominium, cooperative, or townhouse association, if the action was removed from conciliation court.

(b) "Commercial property manager" means a corporation, partnership, or limited liability company or its employees who are hired by the owner of commercial real estate to perform a broad range of administrative duties at the property including tenant relations matters, leasing, repairs, maintenance, the negotiation and resolution of tenant disputes, and related matters. In order to appear in conciliation court, a property manager's employees must possess a real estate license under section 82.20 and be authorized by the owner of the property to settle all disputes with tenants and others within the jurisdictional limits of conciliation court.

(c) A commercial property manager who is appointed to settle a claim in conciliation court may not charge or collect a separate fee for services rendered under paragraph (a).

Sec. 17. [PILOT PROGRAM.]

The commissioner of finance shall initiate a pilot program to compare effectiveness and efficiencies of the Minnesota collection enterprise and private collection agencies. The commissioner shall issue a request for proposals and place at least \$35,000,000 of state debt with private collection agencies licensed by the commissioner of commerce under Minnesota Statutes, chapter 332 no later than January 1, 1996. For purposes of conducting this pilot, at least one-half of the private collection agencies selected must not be currently under contract with the commissioner. In placing debt with private collection agencies, the commissioner must consider the following factors in comparison to the enterprise: age and size of the debt, type of debt, and direct and indirect costs of collecting the debt. The commissioner shall report back to the legislature by February 1, 1997.

Sec. 18. [EFFECTIVE DATE.]

Sections 1, 3 to 7, 13, 16, and 17 are effective the day following final enactment. Section 8 is effective for debts previously referred or referred on or after the day following final enactment. Section 9 is effective for debts referred on or after July 1, 1995."

[CROSS-CULTURAL TRAINING.] Of this appropriation, \$50,000 each year is for cross-cultural training for deaf and hard of hearing children and their families and is available only upon the receipt of \$25,000 each year in nonstate matching funds.

[INDIAN ELDERS.] The Minnesota board on aging shall provide staff out of the available appropriation to support the Indian elders coordinator position.

[USE OF MENTAL HEALTH COLLABORATIVE FUNDS.] Once a children's mental health collaborative has been formed, the commissioner may provide and a collaborative may receive funding for two years for planning and implementation purposes. This does not preclude existing collaboratives from getting additional start-up funds.

[CHEMICAL DEPENDENCY RATE FREEZE.] Beginning January 1, 1996, rates for chemical dependency treatment services provided according to Minnesota Statutes, chapter 254B, shall be the same as those rates negotiated according to Minnesota Statutes, section 254B.03, subdivision 1, paragraph (b), and effective January 1, 1995. Rates for vendors under Minnesota Statutes, chapter 254B, who are enrolled after January 1, 1995, shall not be higher than the statewide average rate for vendors licensed at the same level of care. Counties and providers shall not negotiate an increase in rates between January 1, 1995, and December 31, 1997.

[SILS TRANSFER.] (a) For the purpose of transferring certain persons from the semi-independent living services (SILS) program to the home and community-based waived services program for persons with mental retardation or related conditions, the amount of funds transferred between the SILS account or the state community social services account and the state medical assistance account shall be based on each county's participation in transferring persons to the waived services program. No person for whom these funds are transferred shall be required to obtain a new

living arrangement, notwithstanding Minnesota Statutes, section 252.28, subdivision 3, paragraph (4), and Minnesota Rules, parts 9525.1800, subpart 25a, and 9525.1869, subpart 6. When supported living services are provided to persons for whom these funds are transferred, the commissioner may substitute the licensing standards of Minnesota Rules, parts 9525.0500 to 9525.0660, for parts 9525.2000 to 9525.2140, if the services remain nonresidential as defined in Minnesota Statutes, section 245A.02, subdivision 10. For the purposes of Minnesota Statutes, chapter 256G, when a service is provided under these substituted licensing standards, the status of residence of the recipient of that service shall continue to be considered excluded time.

(b) Contingent upon continuing federal approval of expanding eligibility for home and community-based services for persons with mental retardation or related conditions, the commissioner shall reduce the state SILS payments to each county by the total medical assistance expenditures for nonresidential services attributable to former SILS recipients transferred by the county to the home and community-based services program for persons with mental retardation or related conditions. Of the reduced SILS payments determined above, the commissioner shall transfer to the state medical assistance account an amount equal to the nonfederal share of the nonresidential services under the home and community-based services for persons with mental retardation or related conditions. Of the remaining reduced SILS payments, 80 percent shall be returned to the SILS grant program to provide additional SILS services and 20 percent shall be transferred to the general fund.

[NEW ICF/MR.] For the fiscal year ending June 30, 1996, a newly constructed or newly established intermediate care facility for persons with mental retardation that is developed and financed during that period shall not be subject to the equity requirements in Minnesota Statutes, section 256B.501, subdivision 11, paragraph (d), or to Minnesota Rules, part 9553.0060, subpart 3, item F, provided that the provider's interest rate does not exceed the interest rate available through state agency tax exempt financing.

[ICF/MR RECEIVERSHIP.] For the fiscal year ending June 30, 1996, if a facility which is in receivership under Minnesota Statutes, section 245A.12 or 245A.13, is sold to an unrelated organization: (a) the facility shall be considered a

newly established facility for rate setting purposes, notwithstanding any provisions to the contrary in Minnesota Statutes, section 256B.501, subdivision 11; and (b) the facility's historical basis for the physical plant, land, and land improvements for each facility must not exceed the prior owner's aggregate historical basis for these same assets for each facility. The allocation of the purchase price between land, land improvements, and physical plant shall be based on the real estate appraisal using the depreciated replacement cost method.

[GRH TO CSSA TRANSFER.] For the fiscal year ending June 30, 1995, the commissioner may transfer funds from the group residential housing (GRH) account to county community social services act (CSSA) grants to provide continuous funding for persons no longer eligible for GRH payments for the following reasons: they reside in a setting with only a semi-independent living services license; or they reside in family foster care settings and have become ineligible for GRH difficulty of care payments due to receipt of mental retardation/related conditions waived services. The amount to be transferred must not exceed the amount of GRH payments for actual residents in the affected GRH settings during the fiscal year 1995. The amount transferred is to be added to the affected county's CSSA base. This paragraph is effective the day following final enactment.

[COUNTY MAINTENANCE-MEALS-AGING.] The supplemental funding for nutrition programs serving counties where congregate and home-delivered meals were locally financed prior to participation in the nutrition program of the Older Americans Act shall be awarded at no less than the same levels as in fiscal year 1995.

[RATABLE REDUCTION.] For services rendered on or after July 1, 1995, the commissioner shall ratably reduce general assistance medical care payments for all services except pharmacy services by 4.0 percent.

[INFLATIONARY FORECAST ERRORS.] The commissioner shall adjust the medical assistance hospital cost index under Minnesota Statutes, section 256.969, subdivision 1, for admissions occurring on or after July 1, 1995, to recover payments under both medical assistance and general assistance medical care made to hospitals in prior years in which projected inflation exceeded actual inflation. The adjustment shall be determined by the commissioner and established at a level sufficient to recover the difference between projected inflation and actual inflation for rate years 1990 to 1992 by June 30, 1997.

[PREADMISSION SCREENING RATE.] The preadmission screening payment to all counties shall continue at the payment amount in effect for fiscal year 1995.

[STUDY OF OUTPATIENT RATES.] The commissioner shall conduct a review of payment rates and methodologies for medical services that are provided on an outpatient basis. The commissioner may convene a review panel that is comprised of agency staff and staff from hospitals and physician clinics to assist in the review. The commissioner shall submit a report on the results of the review, along with any recommendations for changes to the payment system for outpatient services, to the governor and the legislature by January 15, 1996.

[ADDITIONAL WAIVERED SERVICES.] (a) The commissioner shall seek the necessary amendments to home and community-based waiver programs to provide services to persons who, due to the inability to direct their own care, are no longer eligible for personal care assistant services but are eligible for the community alternatives for disabled individuals (CADI), community alternative care (CAC), mental retardation or related conditions (MR/RC), traumatic brain injury (TBI), or elderly waivers. These recipients who transfer from personal care services to home and community-based waiver programs shall not be denied personal care services until waived services are available.

(b) Notwithstanding Minnesota Rules, parts 9525.1800 to 9525.1930 and Minnesota Statutes, section 256B.092, subdivision 4, resources for home and community-based services for persons with mental retardation or related conditions, made available for the purpose of providing alternative services for persons affected by the PCA restructuring, shall be allocated based on criteria that considers the assessed needs and home care authorization levels of persons affected by the restructuring and provides preference to these persons during the allocation process.

[CHILDREN INELIGIBLE FOR TEFRA.] When a child is determined ineligible for TEFRA or a child or adult for PCA services, the commissioner shall provide the adult or the child's parent or guardian with information on how to apply for alternative services from the county, the local mental health collaborative, the public health agency, the departments of health and human services, and the Minnesota comprehensive health association.

[ALLOCATION OF WAIVERED SLOTS.] In allocating waiver slots to counties under Minnesota Statutes, sections 256B.092 and 256B.501, the commissioner shall ensure that at least as many individuals are served from county waiting lists as the net census reduction from regional treatment centers. Any unexpended appropriations from the regional treatment center supplements for state enhanced waiver slots shall be transferred into the regional treatment center salary account.

The commissioner may expend the federal money received for the consumer satisfaction survey in either year of the biennium.

[LONG-TERM CARE OPTIONS PROJECT.] Federal funds received by the commissioner of human services for the long-term care options project may be transferred among object of expenditure classifications as the commissioner determines necessary for the implementation of the project.

[MORATORIUM EXCEPTIONS.] Of this appropriation, \$200,000 each year is for the medical assistance costs of moratorium exceptions approved by the commissioner of health under Minnesota Statutes, section 144A.073.

[SURCHARGE COMPLIANCE.] In the event that federal financial participation in the Minnesota medical assistance program is reduced as a result of a determination that Minnesota is out of compliance with Public Law Number 102-234 or its implementing regulations or with any other federal law designed to restrict provider tax programs or intergovernmental transfers, the commissioner shall appeal the determination to the fullest extent permitted by law and may ratably reduce all medical

assistance and general assistance medical care payments to providers other than the state of Minnesota in order to eliminate any shortfall resulting from the reduced federal funding. Any amount later recovered through the appeals process shall be used to reimburse providers for any ratable reductions taken.

[MANAGED CARE.] The nonfederal share of the Prepaid Medical Assistance Program funds, which have been appropriated to fund county managed care advocacy and enrollment operating costs, shall be disbursed as grants using either a reimbursement or block grant mechanism.

[PMAP CARRYOVER.] Unexpended money appropriated for fiscal year 1996 for the nonfederal share of the prepaid medical assistance program to fund county managed care advocacy and enrollment operating costs does not cancel but is available in fiscal year 1997.

(a) Mental Health Grants - Children

[MENTAL HEALTH COLLABORATIVE.]

Mental health grants available for children formerly served under the TEFRA program shall be distributed and administered by a children's mental health collaborative where a collaborative exists.

(b) Mental Health Grants - Adults

13,001,000	13,297,000
------------	------------

(e) Administration and Other Grants

1,363,000	1,363,000
-----------	-----------

[MENTAL HEALTH GRANTS.] (a) Mental health grants appropriated for the biennium as part of the TEFRA and PCA restructuring proposal shall be distributed to children's mental health collaboratives, or where there is no collaborative, to counties. Grants shall be prorated by county based on the estimated dollar value of services for children and adults with a mental health diagnosis that will be lost due to the changes in Minnesota Statutes, sections 256B.055, subdivision 12, and 256B.0627.

(b) The commissioner shall form a work group to recommend a process for awarding grants that will maximize services purchased and minimize administrative overhead. The task force shall include representatives of the state advisory council on mental health and the children's subcommittee, parents, consumers, advocacy groups, providers, and local social service and public health staff. The work group shall consider whether the process for awarding consumer support grants under Minnesota Statutes, section 256.476, can be utilized for awarding these mental health grants. In addition, the work group shall recommend ways to minimize harm to children and families and to reduce barriers to accessing alternative services.

(c) For the first year of the biennium, funds must be distributed by January 1, 1996, and for the second year, by July 1, 1996. None of this appropriation shall be used for county

administration, but must be used to fund direct services to persons found ineligible for TEFRA or PCA services.

[MENTAL HEALTH CASE MANAGEMENT.]

Notwithstanding section 12 of this article, this paragraph does not expire. The reimbursement rate for mental health case management services provided by counties under Minnesota Statutes, sections 245.4881 and 256B.0625, for children with severe emotional disturbance is \$45.

[CALCULATION OF FTE'S.] When calculating regional treatment center full-time equivalent employees, the commissioner of finance shall make a separate calculation for physicians and their salaries.

[RELOCATIONS FROM FARIBAULT.] Of this appropriation, \$162,000 in fiscal year 1996 and \$37,000 in fiscal year 1997 are for grants to counties for discharge planning related to persons with mental retardation or related conditions being relocated from the Faribault regional center to community services.

[TRANSFERS TO MOOSE LAKE.]

Notwithstanding Minnesota Statutes, sections 253B.18, subdivisions 4 and 6, and 253B.185, subdivision 2, with the establishment of the Minnesota sexual psychopathic personality treatment center, the commissioner is authorized to transfer any person committed as a psychopathic personality, sexual psychopathic personality, or sexually dangerous person, between the Minnesota security hospital and the facility at Moose Lake.

[RTC CHEMICAL DEPENDENCY PROGRAMS.]

When the operations of the regional treatment center chemical dependency fund created in Minnesota Statutes, section 246.18, subdivision 2, are impeded by projected cash deficiencies resulting from delays in the receipt of grants, dedicated income, or other similar receivables, and when the deficiencies would be corrected within the budget period involved, the commissioner of finance may transfer general fund cash reserves into this account as necessary to meet cash demands. The cash flow transfers must be returned to the general fund in the fiscal year that the transfer was made. Any interest earned on general fund cash flow transfers accrues to the general fund and not the regional treatment center chemical dependency fund.

[RTC RESTRUCTURING.] For purposes of restructuring the regional treatment centers and

state nursing homes, any regional treatment center or state nursing home employee whose position is to be eliminated shall be afforded the options provided in applicable collective bargaining agreements. All salary and mitigation allocations from fiscal year 1996 shall be carried forward into fiscal year 1997. Provided there is no conflict with any collective bargaining agreement, any regional treatment center or state nursing home position reduction must only be accomplished through mitigation, attrition, transfer, and other measures as provided in state or applicable collective bargaining agreements and in Minnesota Statutes, section 252.50, subdivision 11, and not through layoff.

[RTC POPULATION.] If the resident population at the regional treatment centers is projected to be higher than the estimates upon which the medical assistance forecast and budget recommendations for the 1996-97 biennium were based, the amount of the medical assistance appropriation that is attributable to the cost of services that would have been provided as an alternative to regional treatment center services, including resources for community placements and waived services for persons with mental retardation and related conditions, is transferred to the residential facilities appropriation.

[INFRASTRUCTURE REINVESTMENT.] \$750,000 is available from the public facilities authority under Minnesota Statutes 446A.071 for grant funds to a local unit of government for the development of infrastructure and planning for redevelopment in response to the memorandum of understanding for the regional treatment centers. Eligible costs include sewer, water, and easements and engineering costs associated with the project proposal.

[CAMP.] Of this appropriation, \$30,000 is from the mental health special projects account for adults and children with mental illness from across the state, for a camping program which utilizes the Boundary Waters Canoe Area and is cooperatively sponsored by client advocacy, mental health treatment, and outdoor recreation agencies.

[IMD DOWNSIZING FLEXIBILITY.] If a county presents a budget-neutral plan for a net reduction in the number of institution for mental disease (IMD) beds funded under group residential housing, the commissioner may transfer the net savings from group residential housing and general assistance medical care to medical assistance and mental health grants to

provide appropriate services in non-IMD settings.

[REPAIRS AND BETTERMENTS.] The commissioner may transfer unencumbered appropriation balances between fiscal years for the state residential facilities repairs and betterments account and special equipment.

[PROJECT LABOR.] Wages for project labor may be paid by the commissioner of human services out of repairs and betterments money if the individual is to be engaged in a construction project or a repair project of short term and nonrecurring nature. Compensation for project labor shall be based on the prevailing wage rates, as defined in Minnesota Statutes, section 177.42, subdivision 6. Project laborers are excluded from the provisions of Minnesota Statutes, sections 43A.22 to 43A.30, and shall not be eligible for state-paid insurance and benefits.

[PLAN FOR ADOLESCENT TREATMENT EXPANSION.] The commissioner shall report to the legislature by January 15, 1996, with a cost-neutral plan to add up to 20 beds to each of the two existing adolescent treatment facilities at the regional treatment centers in order to reduce or eliminate out-of-state placement of adolescents who have serious emotional disturbance and exhibit violent behavior, if they cannot be treated in their own communities. Cost neutrality shall be determined by comparing the costs of program expansion with the projected costs of out-of-state placements.

These contracts may be entered into, regardless of the amount of the purchase price, if the commissioner considers them advantageous and if the purchase price of all the commodities purchased under the contract do not exceed the price specified by the schedule.

Sec. 3. Minnesota Statutes 1994, section 171.07, is amended by adding a subdivision to read:

Subd. 10. [AGREEMENTS WITH OTHER AGENCIES.] The commissioner of public safety is authorized to enter into agreements with other agencies to issue cards to clients of those agencies for use in their programs. Persons issued cards under this subdivision will meet the identification verification requirements of the contracting agency.

The interagency agreement may include provisions for the payment of the county fee provided in section 171.06, subdivision 4, and the actual cost to manufacture the card.

Cards issued under this subdivision are not Minnesota identification cards for the purposes defined in sections 48.512, 201.061, 201.161, 332.50, and 340A.503.

Sec. 5. Minnesota Statutes 1994, section 245A.03, subdivision 2a, is amended to read:

Subd. 2a. [~~LICENSING OF FOSTER CARE BY AN INDIVIDUAL WHO IS RELATED TO A CHILD; LICENSE REQUIRED.~~] Notwithstanding subdivision 2, clause (1), ~~the commissioner must license or approve an individual who is related to a child in order to provide foster care for that a child, an individual who is related to the child, other than a parent, or legal guardian, must be licensed by the commissioner except as provided by section 245A.035. The commissioner may issue the license or approval retroactive to the date the child was placed in the applicant's home, so long as no more than 90 days have elapsed since the placement. If more than 90 days have elapsed since the placement, the commissioner may issue the license or approval retroactive 90 days. The granting of a license or approval to an individual who is related to a child shall be according to standards set forth by foster care rule. The commissioner shall consider the importance of maintaining the child's relationship to family as an additional significant factor in determining whether to set aside a licensing disqualifier under section 245A.04, subdivision 3b, or to grant a variance of licensing requirements under section 245A.04, subdivision 9, in licensing or approving an individual related to a child.~~

Sec. 6. [245A.035] [RELATIVE FOSTER CARE; EMERGENCY LICENSE.]

Subdivision 1. [GRANT OF EMERGENCY LICENSE.] Notwithstanding section 245A.03, subdivision 2a, a county agency may place a child for foster care with a relative who is not licensed to provide foster care, provided the requirements of subdivision 2 are met. As used in this section, the term "relative" has the meaning given it under section 260.181, subdivision 3.

Subd. 2. [COOPERATION WITH EMERGENCY LICENSING PROCESS.] (a) A county agency that places a child with a relative who is not licensed to provide foster care must begin the process of securing an emergency license for the relative as soon as possible and must conduct the initial inspection required by subdivision 3, clause (1), whenever possible, prior to placing the child in the relative's home, but no later than three working days after placing the child in the home. A child placed in the home of a relative who is not licensed to provide foster care must be removed from that home if the relative fails to cooperate with the county agency in securing an emergency foster care license. The commissioner may only issue an emergency foster care license to a relative with whom the county agency wishes to place or has placed a child for foster care.

(b) If a child is to be placed in the home of a relative not licensed to provide foster care, either the placing agency or the county agency in the county in which the relative lives shall conduct the emergency licensing process as required in this section.

Subd. 3. [REQUIREMENTS FOR EMERGENCY LICENSE.] Before an emergency license may be issued, the following requirements must be met:

(1) the county agency must conduct an initial inspection of the premises where the foster care is

to be provided to ensure the health and safety of any child placed in the home. The county agency shall conduct the inspection using a form developed by the commissioner;

(2) at the time of the inspection or placement, whichever is earlier, the relative being considered for an emergency license shall receive an application form for a child foster care license; and

(3) whenever possible, prior to placing the child in the relative's home, the relative being considered for an emergency license shall provide the information required by section 245A.04, subdivision 3, paragraph (b).

Subd. 4. [APPLICANT STUDY.] When the county agency has received the information required by section 245A.04, subdivision 3, paragraph (b), the county agency shall begin an applicant study according to the procedures in section 245A.04, subdivision 3. The commissioner may issue an emergency license upon recommendation of the county agency once the initial inspection has been successfully completed and the information necessary to begin the applicant background study has been provided. If the county agency does not recommend that the emergency license be granted, the agency shall notify the relative in writing that the agency is recommending denial to the commissioner; shall remove any child who has been placed in the home prior to licensure; and shall inform the relative in writing of the procedure to request review pursuant to subdivision 6. An emergency license shall be effective until a child foster care license is granted or denied, but shall in no case remain in effect more than 90 days from the date of placement.

Subd. 5. [CHILD FOSTER CARE LICENSE APPLICATION.] The emergency license holder shall complete the child foster care license application and necessary paperwork within ten days of the placement. The county agency shall assist the emergency license holder to complete the application. The granting of a child foster care license to a relative shall be under the procedures in this chapter and according to the standards set forth by foster care rule. In licensing a relative, the commissioner shall consider the importance of maintaining the child's relationship with relatives as an additional significant factor in determining whether to set aside a licensing disqualifier under section 245A.04, subdivision 3b, or to grant a variance of licensing requirements under section 245A.04, subdivision 9.

Subd. 6. [DENIAL OF EMERGENCY LICENSE.] If the commissioner denies an application for an emergency foster care license under this section, that denial must be in writing and must include reasons for the denial. Denial of an emergency license is not subject to appeal under chapter 14. The relative may request a review of the denial by submitting to the commissioner a written statement of the reasons an emergency license should be granted. The commissioner shall evaluate the request for review and determine whether to grant the emergency license. The commissioner's review shall be based on a review of the records submitted by the county agency and the relative. Within 15 working days of the receipt of the request for review, the commissioner shall notify the relative requesting review in written form whether the emergency license will be granted. The commissioner's review shall be based on a review of the records submitted by the county agency and the relative. A child shall not be placed or remain placed in the relative's home while the request for review is pending. Denial of an emergency license shall not preclude an individual from reapplying for an emergency license or from applying for a child foster care license. The decision of the commissioner is the final administrative agency action.

Sec. 7. Minnesota Statutes 1994, section 245A.04, subdivision 3, is amended to read:

Subd. 3. [STUDY OF THE APPLICANT.] (a) Before the commissioner issues a license, the commissioner shall conduct a study of the individuals specified in clauses (1) to (4) according to rules of the commissioner. The applicant, license holder, the bureau of criminal apprehension, and county agencies, after written notice to the individual who is the subject of the study, shall help with the study by giving the commissioner criminal conviction data and reports about abuse or neglect of adults in licensed programs substantiated under section 626.557 and the maltreatment of minors in licensed programs substantiated under section 626.556. The individuals to be studied shall include:

(1) the applicant;

(2) persons over the age of 13 living in the household where the licensed program will be provided;

(3) current employees or contractors of the applicant who will have direct contact with persons served by the program; and

(4) volunteers who have direct contact with persons served by the program to provide program services, if the contact is not directly supervised by the individuals listed in clause (1) or (3).

The juvenile courts shall also help with the study by giving the commissioner existing juvenile court records on individuals described in clause (2) relating to delinquency proceedings held within either the five years immediately preceding the application or the five years immediately preceding the individual's 18th birthday, whichever time period is longer. The commissioner shall destroy juvenile records obtained pursuant to this subdivision when the subject of the records reaches age 23.

For purposes of this section and Minnesota Rules, part 9543.3070, a finding that a delinquency petition is proven in juvenile court shall be considered a conviction in state district court.

For purposes of this subdivision, "direct contact" means providing face-to-face care, training, supervision, counseling, consultation, or medication assistance to persons served by a program. For purposes of this subdivision, "directly supervised" means an individual listed in clause (1) or (3) is within sight or hearing of a volunteer to the extent that the individual listed in clause (1) or (3) is capable at all times of intervening to protect the health and safety of the persons served by the program who have direct contact with the volunteer.

A study of an individual in clauses (1) to (4) shall be conducted at least upon application for initial license and reapplication for a license. No applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.

(b) The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first, middle, and last name; home address, city, county, and state of residence; zip code; sex; date of birth; and driver's license number. The applicant or license holder shall provide this information about an individual in paragraph (a), clauses (1) to (4), on forms prescribed by the commissioner. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

(c) Except for child foster care, adult foster care, and family day care homes, a study must include information from the county agency's record of substantiated abuse or neglect of adults in licensed programs, and the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated abuse or neglect of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to (4). The commissioner is not required to conduct more than one review of a subject's records from the national criminal record repository if a review of the subject's criminal history with the national criminal record repository has already been completed by the commissioner and there has been no break in the subject's affiliation with the license holder who initiated the background studies.

(d) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

(e) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

(f) No person in paragraph (a), clause (1), (2), (3), or (4) who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program.

(g) Termination of persons in paragraph (a), clause (1), (2), (3), or (4) made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.

(h) The commissioner may establish records to fulfill the requirements of this section.

(i) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20.

(j) An individual who is subject to an applicant background study under this section and whose disqualification in connection with a license would be subject to the limitations on reconsideration set forth in subdivision 3b, paragraph (c), shall be disqualified for conviction of the crimes specified in the manner specified in subdivision 3b, paragraph (c). The commissioner of human services shall amend Minnesota Rules, part 9543.3070, to conform to this section.

Sec. 8. Minnesota Statutes 1994, section 245A.04, subdivision 3b, is amended to read:

Subd. 3b. [RECONSIDERATION OF DISQUALIFICATION.] (a) Within 30 days after receiving notice of disqualification under subdivision 3a, the individual who is the subject of the study may request reconsideration of the notice of disqualification. The individual must submit the request for reconsideration to the commissioner in writing. The individual must present information to show that:

(1) the information the commissioner relied upon is incorrect; or

(2) the subject of the study does not pose a risk of harm to any person served by the applicant or license holder.

(b) The commissioner may set aside the disqualification if the commissioner finds that the information the commissioner relied upon is incorrect or the individual does not pose a risk of harm to any person served by the applicant or license holder. The commissioner shall review the consequences of the event or events that could lead to disqualification, whether there is more than one disqualifying event, the vulnerability of the victim at the time of the event, the time elapsed without a repeat of the same or similar event, and documentation of successful completion by the individual studied of training or rehabilitation pertinent to the event. In reviewing a disqualification, the commissioner shall give preeminent weight to the safety of each person to be served by the license holder or applicant over the interests of the license holder or applicant.

(c) Unless the information the commissioner relied on in disqualifying an individual is incorrect, the commissioner may not set aside the disqualification of an individual in connection with a license to provide family day care for children, foster care for children in the provider's own home, or foster care or day care services for adults in the provider's own home if:

(1) less than ten years have passed since the discharge of the sentence imposed for the offense; and the individual has been convicted of a violation of any offense listed in section 609.20 (manslaughter in the first degree), 609.205 (manslaughter in the second degree), 609.21 (criminal vehicular homicide), 609.215 (aiding suicide or aiding attempted suicide), 609.221 to 609.2231 (felony violations of assault in the first, second, third, or fourth degree), 609.713 (terroristic threats), 609.235 (use of drugs to injure or to facilitate crime), 609.24 (simple robbery), 609.245 (aggravated robbery), 609.25 (kidnapping), 609.255 (false imprisonment), 609.561 or 609.562 (arson in the first or second degree), 609.71 (riot), 609.582 (burglary in the first or second degree), 609.66 (reckless use of a gun or dangerous weapon or intentionally pointing a gun at or towards a human being), 609.665 (setting a spring gun), 609.67 (unlawfully owning, possessing, or operating a machine gun), 609.749 (stalking), 152.021 or 152.022 (controlled substance crime in the first or second degree), 152.023, subdivision 1, clause (3) or (4), or subdivision 2, clause (4) (controlled substance crime in the third degree), 152.024, subdivision 1, clause (2), (3), or (4) (controlled substance crime in the fourth degree), 609.228 (great bodily harm caused by distribution of drugs), 609.23 (mistreatment of persons confined), 609.231 (mistreatment of residents or patients),

609.265 (abduction), 609.2664 to 609.2665 (manslaughter of an unborn child in the first or second degree), 609.267 to 609.2672 (assault of an unborn child in the first, second, or third degree), 609.268 (injury or death of an unborn child in the commission of a crime), 617.293 (disseminating or displaying harmful material to minors), 609.378 (neglect or endangerment of a child), 609.377 (a gross misdemeanor offense of malicious punishment of a child); or an attempt or conspiracy to commit any of these offenses, as each of these offenses is defined in Minnesota Statutes; or an offense in any other state, the elements of which are substantially similar to the elements of any of the foregoing offenses;

(2) regardless of how much time has passed since the discharge of the sentence imposed for the offense, the individual was convicted of a violation of any offense listed in sections 609.185 to 609.195 (murder in the first, second, or third degree), 609.2661 to 609.2663 (murder of an unborn child in the first, second, or third degree), 609.377 (a felony offense of malicious punishment of a child), 609.322 (soliciting, inducement, or promotion of prostitution), 609.323 (receiving profit derived from prostitution), 609.342 to 609.345 (criminal sexual conduct in the first, second, third, or fourth degree), 609.352 (solicitation of children to engage in sexual conduct), 617.246 (use of minors in a sexual performance), 617.247 (possession of pictorial representations of a minor), 609.365 (incest), or an attempt or conspiracy to commit any of these offenses as defined in Minnesota Statutes, or an offense in any other state, the elements of which are substantially similar to any of the foregoing offenses;

(3) within the seven years preceding the study, the individual committed an act that constitutes maltreatment of a child under section 626.556, subdivision 10e, and that resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence; or

(4) within the seven years preceding the study, the individual was determined under section 626.557 to be the perpetrator of a substantiated incident of abuse of a vulnerable adult that resulted in substantial bodily harm as defined in section 609.02, subdivision 7a, or substantial mental or emotional harm as supported by competent psychological or psychiatric evidence.

In the case of any ground for disqualification under clauses (1) to (4), if the act was committed by an individual other than the applicant or license holder residing in the applicant's or license holder's home, the applicant or license holder may seek reconsideration when the individual who committed the act no longer resides in the home.

The disqualification periods provided under clauses (1), (3), and (4) are the minimum applicable disqualification periods. The commissioner may determine that an individual should continue to be disqualified from licensure because the license holder or applicant poses a risk of harm to a person served by that individual after the minimum disqualification period has passed.

(d) The commissioner shall respond in writing to all reconsideration requests within 15 working days after receiving the request for reconsideration. If the disqualification is set aside, the commissioner shall notify the applicant or license holder in writing of the decision.

(e) Except as provided in subdivision 3c, the commissioner's decision to disqualify an individual, including the decision to grant or deny a reconsideration of disqualification under this subdivision, or to set aside or uphold the results of the study under subdivision 3, is the final administrative agency action and shall not be subject to further review in a contested case under chapter 14 involving a negative licensing action taken in response to the disqualification.

Sec. 9. Minnesota Statutes 1994, section 245A.04, subdivision 7, is amended to read:

Subd. 7. [ISSUANCE OF A LICENSE; PROVISIONAL LICENSE.] (a) If the commissioner determines that the program complies with all applicable rules and laws, the commissioner shall issue a license. At minimum, the license shall state:

- (1) the name of the license holder;
- (2) the address of the program;
- (3) the effective date and expiration date of the license;

(4) the type of license;

(5) the maximum number and ages of persons that may receive services from the program; and

(6) any special conditions of licensure.

(b) The commissioner may issue a provisional license for a period not to exceed one year if:

(1) the commissioner is unable to conduct the evaluation or observation required by subdivision 4, paragraph (a), clauses (3) and (4), because the program is not yet operational;

(2) certain records and documents are not available because persons are not yet receiving services from the program; and

(3) the applicant complies with applicable laws and rules in all other respects.

A provisional license must not be issued except at the time that a license is first issued to an applicant.

(c) A decision by the commissioner to issue a license does not guarantee that any person or persons will be placed or cared for in the licensed program. A license shall not be transferable to another individual, corporation, partnership, voluntary association, other organization, or controlling individual, or to another location. Unless otherwise specified by statute, all licenses expire at 12:01 a.m. on the day after the expiration date stated on the license. A license holder must apply for and be granted a new license to operate the program or the program must not be operated after the expiration date.

Sec. 10. Minnesota Statutes 1994, section 245A.04, subdivision 9, is amended to read:

Subd. 9. [VARIANCES.] The commissioner may grant variances to rules that do not affect the health or safety of persons in a licensed program if the following conditions are met:

(1) the variance must be requested by an applicant or license holder on a form and in a manner prescribed by the commissioner;

(2) the request for a variance must include the reasons that the applicant or license holder cannot comply with a requirement as stated in the rule and the alternative equivalent measures that the applicant or license holder will follow to comply with the intent of the rule; and

(3) the request must state the period of time for which the variance is requested.

The commissioner may grant a permanent variance when conditions under which the variance is requested do not affect the health or safety of persons being served by the licensed program, nor compromise the qualifications of staff to provide services. The permanent variance shall expire as soon as the conditions that warranted the variance are modified in any way. Any applicant or license holder must inform the commissioner of any changes or modifications that have occurred in the conditions that warranted the permanent variance. Failure to advise the commissioner shall result in revocation of the permanent variance and may be cause for other sanctions under sections 245A.06 and 245A.07.

The commissioner's decision to grant or deny a variance request is final and not subject to appeal under the provisions of chapter 14.

Sec. 11. Minnesota Statutes 1994, section 245A.06, subdivision 2, is amended to read:

Subd. 2. [RECONSIDERATION OF CORRECTION ORDERS.] If the applicant or license holder believes that the contents of the commissioner's correction order are in error, the applicant or license holder may ask the department of human services to reconsider the parts of the correction order that are alleged to be in error. The request for reconsideration must be in writing, delivered by certified mail and received by the commissioner within 20 calendar days after receipt of the correction order by the applicant or license holder, and:

(1) specify the parts of the correction order that are alleged to be in error;

- (2) explain why they are in error; and
- (3) include documentation to support the allegation of error.

A request for reconsideration does not stay any provisions or requirements of the correction order. The commissioner's disposition of a request for reconsideration is final and not subject to appeal under chapter 14.

Sec. 12. Minnesota Statutes 1994, section 245A.06, subdivision 4, is amended to read:

Subd. 4. [NOTICE OF FINE; APPEAL.] A license holder who is ordered to pay a fine must be notified of the order by certified mail. The notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state the reasons the fine was ordered and must inform the license holder of the responsibility for payment of fines in subdivision 7 and the right to a contested case hearing under chapter 14. The license holder may appeal the order to forfeit a fine by notifying the commissioner by certified mail within 15 calendar days after receiving the order. A timely appeal shall stay forfeiture of the fine until the commissioner issues a final order under section 245A.08, subdivision 5.

Sec. 13. Minnesota Statutes 1994, section 245A.06, is amended by adding a subdivision to read:

Subd. 7. [RESPONSIBILITY FOR PAYMENT OF FINES.] When a fine has been assessed, the license holder may not avoid payment by closing, selling, or otherwise transferring the licensed program to a third party. In such an event, the license holder will be personally liable for payment. In the case of a corporation, each controlling individual is personally and jointly liable for payment.

Sec. 14. Minnesota Statutes 1994, section 245A.07, subdivision 3, is amended to read:

Subd. 3. [SUSPENSION, REVOCATION, PROBATION.] The commissioner may suspend, revoke, or make probationary a license if a license holder fails to comply fully with applicable laws or rules or knowingly gives false or misleading information to the commissioner in connection with an application for a license or during an investigation. A license holder who has had a license suspended, revoked, or made probationary must be given notice of the action by certified mail. The notice must be mailed to the address shown on the application or the last known address of the license holder. The notice must state the reasons the license was suspended, revoked, or made probationary.

(a) If the license was suspended or revoked, the notice must inform the license holder of the right to a contested case hearing under chapter 14. The license holder may appeal an order suspending or revoking a license. The appeal of an order suspending or revoking a license must be made in writing by certified mail and must be received by the commissioner within ten calendar days after the license holder receives notice that the license has been suspended or revoked.

(b) If the license was made probationary, the notice must inform the license holder of the right to request a reconsideration by the commissioner. The request for reconsideration must be made in writing by certified mail and must be received by the commissioner within ten calendar days after the license holder receives notice that the license has been made probationary. The license holder may submit with the request for reconsideration written argument or evidence in support of the request for reconsideration. The commissioner's disposition of a request for reconsideration is final and is not subject to appeal under chapter 14.

Sec. 15. Minnesota Statutes 1994, section 245A.09, is amended by adding a subdivision to read:

Subd. 8. [INTERPRETIVE GUIDELINES; AUTHORITY.] The commissioner of human services may develop and publish interpretive guidelines.

Sec. 16. Minnesota Statutes 1994, section 245A.09, is amended by adding a subdivision to read:

Subd. 9. [EFFECT OF INTERPRETIVE GUIDELINES.] Interpretive guidelines do not have

the force and effect of law and have no precedential effect, but may be relied on by consumers, providers of service, county agencies, the department of human services, and others concerned until revoked or modified. A guideline may be expressly revoked or modified by the commissioner, by the issuance of another interpretive guideline, but may not be revoked or modified retroactively to the detriment of consumers, providers of service, county agencies, the department of human services, or others concerned. A change in the law or an interpretation of the law occurring after the interpretive guidelines are issued, whether in the form of a statute, court decision, administrative ruling, or subsequent interpretive guideline, results in the revocation or modification of the previously adopted guidelines to the extent that the change affects the guidelines.

Sec. 17. Minnesota Statutes 1994, section 245A.09, is amended by adding a subdivision to read:

Subd. 10. [RULEMAKING PROCESS; COMMISSIONER EXEMPTED.] When developing, making, adopting, and issuing interpretive guidelines under the authority granted under subdivision 8, the commissioner is exempt from the rulemaking provisions of chapter 14.

Sec. 18. Minnesota Statutes 1994, section 245A.09, is amended by adding a subdivision to read:

Subd. 11. [ISSUANCE; DISCRETION OF THE COMMISSIONER.] The issuance of interpretive guidelines is at the discretion of the commissioner of human services.

Sec. 19. Minnesota Statutes 1994, section 245A.09, is amended by adding a subdivision to read:

Subd. 12. [PUBLICATION OF GUIDELINES.] The commissioner shall publish notice of interpretive guidelines availability in the State Register. The commissioner may publish or make available the interpretive guidelines in any manner determined by the commissioner, provided they are accessible to the general public. The commissioner may charge a reasonable fee for copies of the guidelines requested by interested parties when they are provided by the commissioner.

Sec. 20. Minnesota Statutes 1994, section 245A.14, subdivision 6, is amended to read:

Subd. 6. [DROP-IN CHILD CARE PROGRAMS.] (a) Except as expressly set forth in this subdivision, drop-in child care programs must be licensed as a drop-in program under the rules governing child care programs operated in a center.

(b) Drop-in child care programs are exempt from the following Minnesota Rules:

- (1) part 9503.0040;
- (2) part 9503.0045, subpart 1, items F and G;
- (3) part 9503.0050, subpart 6, except for children less than 2-1/2 years old;
- (4) one-half the requirements of part 9503.0060, subpart 4, item A, subitems (2), (5), and (8), subpart 5, item A, subitems (2), (3), and (7), and subpart 6, item A, subitems (3) and (6);
- (5) part 9503.0070; and
- (6) part 9503.0090, subpart 2.

(c) A drop-in child care program must be operated under the supervision of a person qualified as a director and a teacher.

(d) A drop-in child care program must have at least two persons on staff whenever the program is operating, except that the commissioner may permit variances from this requirement under specified circumstances for parent cooperative programs, as long as all other staff-to-child ratios are met.

(e) Whenever the total number of children present to be cared for at a center is more than 20,

children that are younger than age 2-1/2 must be in a separate group. This group may contain children up to 60 months old. This group must be cared for in an area that is physically separated from older children.

(f) A drop-in child care program must maintain a minimum staff ratio for children age 2-1/2 or greater of one staff person for each ten children.

(g) If the program has additional staff who are on call as a mandatory condition of their employment, the minimum child-to-staff ratio may be exceeded only for children age 2-1/2 or greater, by a maximum of four children, for no more than 20 minutes while additional staff are in transit.

(h) The minimum staff-to-child ratio for infants up to 16 months of age is one staff person for every four infants. The minimum staff-to-child ratio for children age 17 months to 30 months is one staff for every seven children.

(i) In drop-in care programs that serve both infants and older children, children up to age 2-1/2 may be supervised by assistant teachers, as long as other staff are present in appropriate ratios.

(j) The minimum staff distribution pattern for a drop-in child care program serving children age 2-1/2 or greater is: the first staff member must be a teacher; the second, third, and fourth staff members must have at least the qualifications of a child care aide; the fifth staff member must have at least the qualifications of an assistant teacher; the sixth, seventh, and eighth staff members must have at least the qualifications of a child care aide; and the ninth staff person must have at least the qualifications of an assistant teacher.

(k) A drop-in child care program may care for siblings 16 months or older together in any group. For purposes of this subdivision, sibling is defined as sister or brother, half-sister or half-brother, or stepsister or stepbrother.

(l) The commissioner may grant a variance to any of the requirements in paragraphs (a) to (k), as long as the health and safety of the persons served by the program are not affected. The request for a variance shall comply with the provisions in section 245A.04, subdivision 9.

Sec. 21. Minnesota Statutes 1994, section 256.014, subdivision 1, is amended to read:

Subdivision 1. [ESTABLISHMENT OF SYSTEMS.] The commissioner of human services shall establish and enhance computer systems necessary for the efficient operation of the programs the commissioner supervises, including:

(1) management and administration of the food stamp and income maintenance programs, including the electronic distribution of benefits;

(2) management and administration of the child support enforcement program; and

(3) administration of medical assistance and general assistance medical care.

The commissioner shall distribute the nonfederal share of the costs of operating and maintaining the systems to the commissioner and to the counties participating in the system in a manner that reflects actual system usage, except that the nonfederal share of the costs of the MAXIS computer system and child support enforcement systems shall be borne entirely by the commissioner. Development costs must not be assessed against county agencies.

Sec. 22. Minnesota Statutes 1994, section 256.025, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the following terms have the meanings given them.

(b) "Base amount" means the calendar year 1990 county share of county agency expenditures for all of the programs specified in subdivision 2, except for the programs in subdivision 2, clauses (4), (7), and (13). The 1990 base amount for subdivision 2, clause (4), shall be reduced by one-seventh for each county, and the 1990 base amount for subdivision 2, clause (7), shall be reduced by seven-tenths for each county, and those amounts in total shall be the 1990 base amount for group residential housing in subdivision 2, clause (13).

(c) "County agency expenditure" means the total expenditure or cost incurred by the county of financial responsibility for the benefits and services for each of the programs specified in subdivision 2, excluding county optional costs which are not reimbursable with state funds. The term includes the federal, state, and county share of costs for programs in which there is federal financial participation. For programs in which there is no federal financial participation, the term includes the state and county share of costs. The term excludes county administrative costs, unless otherwise specified.

(d) "Nonfederal share" means the sum of state and county shares of costs of the programs specified in subdivision 2.

(e) The "county share of county agency expenditures growth amount" is the amount by which the county share of county agency expenditures in calendar years 1991 to ~~2000~~ 2002 has increased over the base amount.

Sec. 23. Minnesota Statutes 1994, section 256.025, subdivision 2, is amended to read:

Subd. 2. [COVERED PROGRAMS AND SERVICES.] The procedures in this section govern payment of county agency expenditures for benefits and services distributed under the following programs:

- (13) group residential housing under section 256I.05, subdivision 8, transferred from programs in clauses (4) and (7).

Sec. 24. Minnesota Statutes 1994, section 256.025, subdivision 3, is amended to read:

Subd. 3. [PAYMENT METHODS.] (a) Beginning July 1, 1991, the state will reimburse counties for the county share of county agency expenditures for benefits and services distributed under subdivision 2. Reimbursement may take the form of offsets to billings of a county, if the county agrees to the offset process.

(b) Payments under subdivision 4 are only for client benefits and services distributed under subdivision 2 and do not include reimbursement for county administrative expenses.

(c) The state and the county agencies shall pay for assistance programs as follows:

- (1) Where the state issues payments for the programs, the county shall monthly or quarterly pay

to the state, as required by the department of human services, the portion of program costs not met by federal and state funds. The payment shall be an estimate that is based on actual expenditures from the prior period and that is sufficient to compensate for the county share of disbursements as well as state and federal shares of recoveries;

(2) Where the county agencies issue payments for the programs, the state shall monthly or quarterly pay to counties all federal funds available for those programs together with an amount of state funds equal to the state share of expenditures; and

(3) Payments made under this paragraph are subject to section 256.017. Adjustment of any overestimate or underestimate in payments shall be made by the state agency in any succeeding month.

Sec. 25. Minnesota Statutes 1994, section 256.026, is amended to read:

256.026 [ANNUAL APPROPRIATION.]

(a) There shall be appropriated from the general fund to the commissioner of human services in fiscal year ~~1994~~ 1996 the amount of \$136,154,768 and in fiscal year 1997 and each fiscal year thereafter the amount of \$142,339,359, ~~which is the sum of the amount of human services aid determined for all counties in Minnesota for calendar year 1992 under Minnesota Statutes 1992, section 273.1398, subdivision 5a, before any adjustments for calendar year 1991~~ \$133,781,768.

(b) In addition to the amount in paragraph (a), there shall also be annually appropriated from the general fund to the commissioner of human services in fiscal years 1996, 1997, 1998, 1999, 2000, and 2001 the amount of ~~\$5,930,807~~ \$5,574,241.

(c) The amounts appropriated under paragraphs (a) and (b) shall be used with other appropriations to make payments required under section 256.025 for fiscal year ~~1994~~ 1996 and thereafter.

Sec. 26. Minnesota Statutes 1994, section 256.034, subdivision 1, is amended to read:

Subdivision 1. [CONSOLIDATION OF TYPES OF ASSISTANCE.] Under the Minnesota family investment plan, assistance previously provided to families through the AFDC, food stamp, and general assistance programs must be combined into a single cash assistance program. As authorized by Congress, families receiving assistance through the Minnesota family investment plan are automatically eligible for and entitled to medical assistance under chapter 256B. Federal, state, and local funds that would otherwise be allocated for assistance to families under the AFDC, food stamp, and general assistance programs must be transferred to the Minnesota family investment plan. The provisions of the Minnesota family investment plan prevail over any provisions of sections 245.771, 256.72 to 256.87, 256D.01 to 256D.21, or 393.07, subdivisions 10 and 10a, and any rules implementing those sections with which they are irreconcilable. The food stamp, general assistance, and work readiness programs for single persons and couples who are not responsible for the care of children are not replaced by the Minnesota family investment plan. Unless stated otherwise in statutes or rules governing the Minnesota family investment plan, participants in the Minnesota family investment plan shall be considered to be recipients of aid under aid to families with dependent children, family general assistance, and food stamps for the purposes of statutes and rules affecting such recipients or allocations of funding based on the assistance status of the recipients, and to specifically be subject to the provisions of section 256.98.

Sec. 27. Minnesota Statutes 1994, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] (a) Any person applying for, receiving or having received public assistance or a program of social services granted by the state agency or a county agency under sections 252.32, 256.031 to 256.036, and 256.72 to 256.879, chapters 256B, 256D, 256E, 261, or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid, or any patient or relative aggrieved by an order of the commissioner under section 252.27, or a party aggrieved by a ruling of a prepaid health plan, may contest that action or decision before the state agency by submitting a written request for a hearing

to the state agency within 30 days after receiving written notice of the action or decision, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit.

(b) Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing under this section, except if assisting a recipient as provided in subdivision 4.

(c) An applicant or recipient is not entitled to receive social services beyond the services included in the amended community social services plan developed under section 256E.081, subdivision 3, if the county agency has met the requirements in section 256E.081.

Sec. 28. Minnesota Statutes 1994, section 256.045, subdivision 4, is amended to read:

Subd. 4. [CONDUCT OF HEARINGS.] All hearings held pursuant to subdivision 3, 3a, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. County agencies shall install equipment necessary to conduct telephone hearings. A state human services referee may schedule a telephone conference hearing when the distance or time required to travel to the county agency offices will cause a delay in the issuance of an order, or to promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, or former recipient objects. The hearing shall not be held earlier than five days after filing of the required notice with the county or state agency. The state human services referee shall notify all interested persons of the time, date, and location of the hearing at least five days before the date of the hearing. Interested persons may be represented by legal counsel or other representative of their choice, including a provider of therapy services, at the hearing and may appear personally, testify and offer evidence, and examine and cross-examine witnesses. The applicant, recipient, or former recipient shall have the opportunity to examine the contents of the case file and all documents and records to be used by the county or state agency at the hearing at a reasonable time before the date of the hearing and during the hearing. Upon request, the county agency shall provide reimbursement for transportation, child care, photocopying, medical assessment, witness fee, and other necessary and reasonable costs incurred by the applicant, recipient, or former recipient in connection with the appeal. All evidence, except that privileged by law, commonly accepted by reasonable people in the conduct of their affairs as having probative value with respect to the issues shall be submitted at the hearing and such hearing shall not be "a contested case" within the meaning of section 14.02, subdivision 3. The agency must present its evidence prior to or at the hearing, and may not submit evidence after the hearing except by agreement of the parties at the hearing, provided the recipient has the opportunity to respond.

Sec. 29. Minnesota Statutes 1994, section 256.045, subdivision 5, is amended to read:

Subd. 5. [ORDERS OF THE COMMISSIONER OF HUMAN SERVICES.] A state human services referee shall conduct a hearing on the appeal and shall recommend an order to the commissioner of human services. The recommended order must be based on all relevant evidence and must not be limited to a review of the propriety of the state or county agency's action. A referee may take official notice of adjudicative facts. The commissioner of human services may accept the recommended order of a state human services referee and issue the order to the county agency and the applicant, recipient, former recipient, or prepaid health plan. The commissioner on refusing to accept the recommended order of the state human services referee, shall notify the county agency and the applicant, recipient, former recipient, or prepaid health plan of that fact and shall state reasons therefor and shall allow each party ten days' time to submit additional written argument on the matter. After the expiration of the ten-day period, the commissioner shall issue an order on the matter to the county agency and the applicant, recipient, former recipient, or prepaid health plan.

A party aggrieved by an order of the commissioner may appeal under subdivision 7, or request reconsideration by the commissioner within 30 days after the date the commissioner issues the order. The commissioner may reconsider an order upon request of any party or on the

commissioner's own motion. A request for reconsideration does not stay implementation of the commissioner's order. Upon reconsideration, the commissioner may issue an amended order or an order affirming the original order.

Any order of the commissioner issued under this subdivision shall be conclusive upon the parties unless appeal is taken in the manner provided by subdivision 7. Any order of the commissioner is binding on the parties and must be implemented by the state agency or a county agency until the order is reversed by the district court, or unless the commissioner or a district court orders monthly assistance or aid or services paid or provided under subdivision 10.

Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing or seek judicial review of an order issued under this section, unless assisting a recipient as provided in subdivision 4.

Sec. 31. Minnesota Statutes 1994, section 256.98, subdivision 8, is amended to read:

Subd. 8. [DISQUALIFICATION FROM PROGRAM.] Any person found to be guilty of wrongfully obtaining assistance by a federal or state court or by an administrative hearing determination, or waiver thereof, through a disqualification consent agreement, or as part of any approved diversion plan under section 401.065 in either the aid to families with dependent children program or, the food stamp program, the Minnesota family investment plan, the general assistance or family general assistance program, the Minnesota supplemental aid program, or the work readiness program shall be disqualified from that program. - (2) for 12 months after the second offense; and
- (3) permanently after the third or subsequent offense.

Any The period for which sanctions are imposed is effective, of program disqualification shall begin on the date stipulated on the advance notice of disqualification without possibility of postponement for administrative stay; or administrative hearing and shall continue through completion unless and until the findings upon which the sanctions were imposed are reversed by a court of competent jurisdiction. The period for which sanctions are imposed is not subject to review. The sanctions provided under this subdivision are in addition to, and not in substitution for, any other sanctions that may be provided for by law for the offense involved. A disqualification established through hearing or waiver shall result in the disqualification period beginning immediately unless the person has become otherwise ineligible for assistance. If the person is ineligible for assistance, the disqualification period begins when the person again meets the eligibility criteria of the program from which they were disqualified.

Sec. 32. Minnesota Statutes 1994, section 256.983, subdivision 4, is amended to read:

Subd. 4. [FUNDING.] (a) Every involved county agency shall either have in place or obtain an approved contract which meets all federal requirements necessary to obtain enhanced federal funding for its welfare fraud control and fraud prevention investigation programs. County agency reimbursement shall be made through the settlement provisions applicable to the aid to families with dependent children and food stamp programs.

(b) After allowing an opportunity to establish compliance, the commissioner will deny administrative reimbursement if for any three-month period during any grant year, a county agency fails to comply with fraud investigation guidelines, or fails to meet the cost-effectiveness standards developed by the commissioner. This result is contingent on the commissioner providing written notice, including an offer of technical assistance, within 30 days of the end of the third or subsequent month of noncompliance. The county agency shall be required to submit a corrective action plan to the commissioner within 30 days of receipt of a notice of noncompliance. Failure to submit a corrective action plan or, continued deviation from standards of more than ten percent after submission of a corrective action plan, will result in denial of funding for each subsequent month during the grant year or billing the county agency for fraud prevention investigation (FPI) service provided by the commissioner. The denial of funding shall apply to the general settlement received by the county agency on a quarterly basis and shall not reduce the grant amount applicable to the FPI project.

Sec. 33. [256.986] [FRAUD CONTROL; PROGRAM INTEGRITY REINVESTMENT PROJECT.]

Subdivision 1. [PROGRAM ESTABLISHED.] Within the limits of available state and federal appropriations, and to the extent required or authorized by applicable federal regulations, the commissioner of human services shall make funding available to county agencies for the establishment of program integrity reinvestment initiatives. The project shall initially be limited to those county agencies participating in federally funded optional fraud control programs as of January 1, 1995.

Subd. 2. [COUNTY PROPOSALS.] Each included county shall develop and submit annual funding, staffing, and operating grant proposals to the commissioner no later than April 30 of each year. For the first operating year only, the proposal shall be submitted no later than October 30. Each proposal shall provide information on: (a) the staffing and funding of the fraud investigation and prosecution operations; (b) job descriptions for agency fraud control staff; (c) contracts covering outside investigative agencies; (d) operational methods to integrate the use of fraud prevention investigation techniques; and (e) administrative disqualification hearings and diversions into the existing county fraud control and prosecution procedures.

Subd. 3. [DEPARTMENT RESPONSIBILITIES.] The commissioner shall provide written instructions outlining the contents of the proposals to be submitted under this section. Instructions shall be made available 30 days prior to the date by which proposals under subdivision 2 must be submitted. The commissioner shall establish training programs which shall be attended by fraud control staff of all involved counties. The commissioner shall also develop the necessary operational guidelines, forms, and reporting mechanisms which shall be used by the involved counties.

Subd. 4. [STANDARDS.] The commissioner shall establish standards governing the performance levels of involved county investigative units based on grant agreements negotiated with the involved county agencies. The standards shall take into consideration and may include investigative caseloads, grant savings levels, the comparison of fraud prevention and prosecution directed investigations, utilization levels of administrative disqualification hearings, the timely reporting and implementation of disqualifications, and the timeliness of reports received from prosecutors.

Subd. 5. [FUNDING.] (a) Grant funds are intended to help offset the reduction in federal financial participation to 50 percent and may be apportioned to the participating counties whenever feasible, and within the commissioner's discretion, to achieve this goal. State funding shall be made available contingent on counties submitting a plan that is approved by the department of human services. Failure or delay in obtaining that approval shall not, however, eliminate the obligation to maintain fraud control efforts at the January 1, 1995, level. Additional counties may be added to the project to the extent that funds are subsequently made available. Every involved county must meet all federal requirements necessary to obtain federal funding for its welfare fraud control and prevention programs. County agency reimbursement shall be made through the settlement provisions applicable to the AFDC and food stamp programs.

(b) Should a county agency fail to comply with the standards set, or fail to meet

cost-effectiveness standards developed by the commissioner for three months during any grant year, the commissioner shall deny reimbursement or administrative costs, after allowing an opportunity to establish compliance.

(c) Any denial of reimbursement under clause (b) is contingent on the commissioner providing written notice, including an offer of technical assistance, within 30 days of the end of the third or subsequent months of noncompliance. The county agency shall be required to submit a corrective action plan to the commissioner within 30 days of receipt of a notice of noncompliance. Failure to submit a corrective action plan or continued deviation from standards of more than ten percent after submission of corrective action plan, will result in denial of funding for each such month during the grant year, or billing the county agency for program integrity reinvestment project services provided by the commissioner. The denial of funding shall apply to the general settlement received by the county agency on a quarterly basis and shall not reduce the grant amount applicable to the program integrity reinvestment project.

Sec. 34. [256.9861] [ASSISTANCE TRANSACTION CARD FEE.]

Subdivision 1. [REPLACEMENT CARD.] The commissioner of human services may charge a cardholder, defined as a person in whose name the transaction card was issued, a \$2 fee to replace an assistance transaction card. The fees shall be appropriated to the commissioner and used for electronic benefit purposes.

Subd. 2. [TRANSACTION FEE.] The commissioner may charge transaction fees in accordance with this subdivision up to a maximum of \$10 in transaction fees per cardholder per month. In a given month, the first four cash withdrawals made by an individual cardholder are free. For subsequent cash withdrawals, \$1 may be charged. No transaction fee can be charged if the card is used to purchase goods or services on a point of sale basis. A transaction fee subsequently set by the federal government may supersede a fee established under this subdivision. The fees shall be appropriated to the commissioner and used for electronic benefit purposes.

Counties may refer individuals who are eligible for services under chapter 254B to the chemical dependency units in the regional treatment centers. A 15 percent county share of the per diem cost of treatment is required for individuals served within the treatment capacity funded by direct legislative appropriation. By July 1, 1991, the commissioner shall establish criteria for admission to the chemical dependency units that will maximize federal and private funding sources, fully utilize the regional treatment center capacity, and make state-funded treatment capacity available to counties on an equitable basis. The admission criteria may be adopted without rulemaking. Existing rules governing placements under chapters 254A and 254B do not apply to admissions to the capacity funded by direct appropriation. Private and third-party collections and payments are appropriated to the commissioner for the operation of the chemical dependency units. In addition to the chemical dependency treatment capacity funded by direct legislative appropriation, the regional treatment centers may provide treatment to additional individuals whose treatment is paid for out of the chemical dependency consolidated treatment fund under chapter 254B, in which case placement rules adopted under chapter 254B apply; to those individuals who are ineligible but committed for treatment under chapter 253B as provided in section 254B.05, subdivision 4; or to individuals covered through other nonstate payment sources.

However, the commissioner shall not reimburse costs of services for any person if the costs exceed the state share of the average medical assistance costs for services provided by intermediate care facilities for a person with mental retardation or a related condition for the same fiscal year, and shall not reimburse costs of a one-time living allowance for any person if the costs exceed \$1,500 in a state fiscal year. ~~For the biennium ending June 30, 1993, the commissioner shall not reimburse costs in excess of the 85th percentile of hourly service costs based upon the cost information supplied to the legislature in the proposed budget for the biennium.~~ The commissioner may make payments to each county in quarterly installments. Unless otherwise specified, all reduced amounts shall be transferred to the medical assistance state account.

(c) For fiscal year 1997, the base appropriation available under this section shall be reduced by the amount of the state share of medical assistance reimbursement for services other than residential services provided under the home and community-based waiver program authorized in section 256B.092 from January 1, 1995 to December 31, 1995, for persons who have been transferred from the semi-independent living services program to the home and community-based waiver program. The base appropriation for the medical assistance state account shall be increased by the same amount.

In no case shall the commissioner approve an interim period which exceeds 36 24 months;
- (c) waive the investment per bed limitations for the interim period and the settle-up rate;
- (d) limit the amount of reimbursable expenses related to the acquisition of new capital assets;

Sec. 6. Minnesota Statutes 1994, section 252.46, subdivision 1, is amended to read:

Subdivision 1. [RATES.] (a) Payment rates to vendors, except regional centers, for county-funded day training and habilitation services and transportation provided to persons receiving day training and habilitation services established by a county board are governed by subdivisions 2 to 19. The commissioner shall approve the following three payment rates for services provided by a vendor:

- (1) a full-day service rate for persons who receive at least six service hours a day, including the time it takes to transport the person to and from the service site;
- (2) a partial-day service rate that must not exceed 75 percent of the full-day service rate for persons who receive less than a full day of service; and
- (3) a transportation rate for providing, or arranging and paying for, transportation of a person to and from the person's residence to the service site.

(b) The commissioner may also approve an hourly job-coach, follow-along rate for services provided by one employee at or en route to or from community locations to supervise, support, and assist one person receiving the vendor's services to learn job-related skills necessary to obtain or retain employment when and where no other persons receiving services are present and when all the following criteria are met:

- (1) the vendor requests and the county recommends the optional rate;
- (2) the service is prior authorized by the county on the medicaid management information system for no more than 414 hours in a 12-month period and the daily per person charge to medical assistance does not exceed the vendor's approved full day plus transportation rates;

(3) separate full day, partial day, and transportation rates are not billed for the same person on the same day;

(4) the approved hourly rate does not exceed the sum of the vendor's current average hourly direct service wage, including fringe benefits and taxes, plus a component equal to the vendor's average hourly nondirect service wage expenses; and

(5) the actual revenue received for provision of hourly job-coach, follow-along services is subtracted from the vendor's total expenses for the same time period and those adjusted expenses are used for determining recommended full day and transportation payment rates under subdivision 5 in accordance with the limitations in subdivision 3.

(c) Medical assistance rates for home and community-based service provided under section 256B.501, subdivision 4, by licensed vendors of day training and habilitation services must not be greater than the rates for the same services established by counties under sections 252.40 to 252.47. For very dependent persons with special needs the commissioner may approve an exception to the approved payment rate under section 256B.501, subdivision 4 or 8.

Sec. 7. Minnesota Statutes 1994, section 252.46, subdivision 3, is amended to read:

Subd. 3. [RATE MAXIMUM.] Unless a variance is granted under subdivision 6, the maximum payment rates for each vendor for a calendar year must be equal to the payment rates approved by the commissioner for that vendor in effect December 1 of the previous calendar year. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual inflation adjustments in reimbursement rates for each vendor, based upon the projected percentage change in the urban consumer price index, all items, published by the United States Department of Labor, for the upcoming calendar year over the current calendar year. ~~The commissioner shall not provide an annual inflation adjustment for the biennium ending June 30, 1993.~~

Sec. 8. Minnesota Statutes 1994, section 252.46, subdivision 6, is amended to read:

Subd. 6. [VARIANCES.] (a) A variance from the minimum or maximum payment rates in subdivisions 2 and 3 may be granted by the commissioner when the vendor requests and the county board submits to the commissioner a written variance request on forms supplied by the commissioner with the recommended payment rates. A variance to the rate maximum may be utilized for costs associated with compliance with state administrative rules, compliance with court orders, capital costs required for continued licensure, increased insurance costs, start-up and conversion costs for supported employment, direct service staff salaries and benefits, transportation, and other program related costs when any of the criteria in clauses (1) to ~~(3)~~ (4) is also met:

(1) change is necessary to comply with licensing citations;

(2) a licensed vendor currently serving fewer than 70 persons with payment rates of 80 percent or less of the statewide average rates and with clients meeting the behavioral or medical criteria under clause (3) approved by the commissioner as a significant program change under section 252.28;

(3) a significant change is approved by the commissioner under section 252.28 that is necessary to provide authorized services to a new client or clients with very severe self-injurious or assaultive behavior, or medical conditions requiring delivery of physician-prescribed medical interventions requiring one-to-one staffing for at least 15 minutes each time they are performed, or to a new client or clients directly discharged to the vendor's program from a regional treatment center; or

~~(3) a significant increase in the average level of (4) there is a need to maintain required staffing is needed levels in order to provide authorized services approved by the commissioner under section 252.28, that is necessitated by a significant and permanent decrease in licensed capacity or loss of clientele when counties choose alternative services under Laws 1992, chapter 513, article 9, section 41.~~

The county shall review the adequacy of services provided by vendors whose payment rates are

80 percent or more of the statewide average rates and 50 percent or more of the vendor's clients meet the behavioral or medical criteria in clause (3).

A variance under this paragraph may be approved only if the costs to the medical assistance program do not exceed the medical assistance costs for all clients served by the alternatives and all clients remaining in the existing services.

(b) A variance to the rate minimum may be granted when (1) the county board contracts for increased services from a vendor and for some or all individuals receiving services from the vendor lower per unit fixed costs result or (2) when the actual costs of delivering authorized service over a 12-month contract period have decreased.

(c) The written variance request under this subdivision must include documentation that all the following criteria have been met:

(1) The commissioner and the county board have both conducted a review and have identified a need for a change in the payment rates and recommended an effective date for the change in the rate.

(2) The vendor documents efforts to reallocate current staff and any additional staffing needs cannot be met by using temporary special needs rate exceptions under Minnesota Rules, parts 9510.1020 to 9510.1140.

(3) The vendor documents that financial resources have been reallocated before applying for a variance. No variance may be granted for equipment, supplies, or other capital expenditures when depreciation expense for repair and replacement of such items is part of the current rate.

(4) For variances related to loss of clientele, the vendor documents the other program and administrative expenses, if any, that have been reduced.

(5) The county board submits verification of the conditions for which the variance is requested, a description of the nature and cost of the proposed changes, and how the county will monitor the use of money by the vendor to make necessary changes in services.

(6) The county board's recommended payment rates do not exceed 95 percent of the greater of 125 percent of the current statewide median or 125 percent of the regional average payment rates, whichever is higher, for each of the regional commission districts under sections 462.381 to 462.396 in which the vendor is located except for the following: when a variance is recommended to allow authorized service delivery to new clients with severe self-injurious or assaultive behaviors or with medical conditions requiring delivery of physician prescribed medical interventions, or to persons being directly discharged from a regional treatment center to the vendor's program, those persons must be assigned a payment rate of 200 percent of the current statewide average rates. All other clients receiving services from the vendor must be assigned a payment rate equal to the vendor's current rate unless the vendor's current rate exceeds 95 percent of 125 percent of the statewide median or 125 percent of the regional average payment rates, whichever is higher. When the vendor's rates exceed 95 percent of 125 percent of the statewide median or 125 percent of the regional average rates, the maximum rates assigned to all other clients must be equal to the greater of 95 percent of 125 percent of the statewide median or 125 percent of the regional average rates. The maximum payment rate that may be recommended for the vendor under these conditions is determined by multiplying the number of clients at each limit by the rate corresponding to that limit and then dividing the sum by the total number of clients.

~~(7) The vendor has not received a variance under this subdivision in the past 12 months.~~

(d) The commissioner shall have 60 calendar days from the date of the receipt of the complete request to accept or reject it, or the request shall be deemed to have been granted. If the commissioner rejects the request, the commissioner shall state in writing the specific objections to the request and the reasons for its rejection.

Sec. 9. Minnesota Statutes 1994, section 252.46, subdivision 17, is amended to read:

Subd. 17. [HOURLY RATE STRUCTURE.] Counties participating as host counties under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117, may

recommend continuation of the hourly rates for participating vendors. The recommendation must be made annually under subdivision 5 and according to the methods and standards provided by the commissioner. The commissioner shall approve the hourly rates when service authorization, billing, and payment for services is possible through the Medicaid management information system and the other criteria in this subdivision are met. Counties and vendors operating under the pilot study of hourly rates established under Laws 1988, chapter 689, article 2, section 117, shall work with the commissioner to translate the hourly rates and actual expenditures into rates meeting the criteria in subdivisions 1 to 16 unless hourly rates are approved under this subdivision. If the rates meeting the criteria in subdivisions 1 to 16 are lower than the county's or vendor's current rate, the county or vendor must continue to receive the current rate.

Sec. 10. Minnesota Statutes 1994, section 252.46, is amended by adding a subdivision to read:

Subd. 19. [VENDOR APPEALS.] With the concurrence of the county board, a vendor may appeal the commissioner's rejection of a variance request which has been submitted by the county under subdivision 6 and may appeal the commissioner's denial under subdivision 9 of a rate which has been recommended by the county. To appeal, the vendor and county board must file a written notice of appeal with the commissioner. The notice of appeal must be filed or received by the commissioner within 45 days of the postmark date on the commissioner's notification to the vendor and county agency that a variance request or county recommended rate has been denied. The notice of appeal must specify the reasons for the appeal, the dollar amount in dispute, and the basis in statute or rule for challenging the commissioner's decision.

Within 45 days of receipt of the notice of appeal, the commissioner must convene a reconciliation conference to attempt to resolve the rate dispute. If the dispute is not resolved to the satisfaction of the parties, the parties may initiate a contested case proceeding under sections 14.57 to 14.69. In a contested case hearing held under this section, the appealing party must demonstrate by a preponderance of the evidence that the commissioner incorrectly applied the governing law or regulations, or that the commissioner improperly exercised the commissioner's discretion, in refusing to grant a variance or in refusing to adopt a county recommended rate.

Until the appeal is fully resolved, payments must continue at the existing rate pending the appeal. Retroactive payments consistent with the final decision shall be made after the appeal is fully resolved.

Sec. 11. Minnesota Statutes 1994, section 252.46, is amended by adding a subdivision to read:

Subd. 20. [STUDY OF DAY TRAINING AND HABILITATION VENDORS.] The commissioner shall study the feasibility of grouping vendors of similar size, location, direct service staffing needs or performance outcomes to establish payment rate limits that define cost-effective service. Based on the conclusions of the feasibility study the department shall consider developing a method to redistribute dollars from less cost effective to more cost-effective services based on vendor achievement of performance outcomes. The department shall report to the legislature by January 15, 1996, with results of the study and recommendations for further action. The department shall consult with an advisory committee representing counties, service consumers, vendors, and the legislature.

Sec. 12. Minnesota Statutes 1994, section 254A.17, subdivision 3, is amended to read:

Subd. 3. [STATEWIDE DETOXIFICATION TRANSPORTATION PROGRAM.] The commissioner shall provide grants to counties, Indian reservations, other nonprofit agencies, or local detoxification programs for provision of transportation of intoxicated individuals to detoxification programs, to open shelters, and to secure shelters as defined in section 254A.085 and shelters serving intoxicated persons. In state fiscal years 1994 and, 1995, and 1996, funds shall be allocated to counties in proportion to each county's allocation in fiscal year 1993. In subsequent fiscal years, funds shall be allocated among counties annually in proportion to each county's average number of detoxification admissions for the prior two years, except that no county shall receive less than \$400. Unless a county has approved a grant of funds under this section, the commissioner shall make quarterly payments of detoxification funds to a county only after receiving an invoice describing the number of persons transported and the cost of transportation services for the previous quarter. A county must make a good faith effort to provide the transportation service through the most cost-effective community-based agencies or

organizations eligible to provide the service. The program administrator and all staff of the program must report to the office of the ombudsman for mental health and mental retardation within 24 hours of its occurrence, any serious injury, as defined in section 245.91, subdivision 6, or the death of a person admitted to the shelter. The ombudsman shall acknowledge in writing the receipt of all reports made to the ombudsman's office under this section. Acknowledgment must be mailed to the facility and to the county social service agency within five working days of the day the report was made. In addition, the program administrator and staff of the program must comply with all of the requirements of section 626.557, the vulnerable adults act.

Sec. 13. Minnesota Statutes 1994, section 254B.02, subdivision 1, is amended to read:

Subdivision 1. [CHEMICAL DEPENDENCY TREATMENT ALLOCATION.] The chemical dependency funds appropriated for allocation shall be placed in a special revenue account. For the fiscal year beginning July 1, 1987, funds shall be transferred to operate the vendor payment, invoice processing, and collections system for one year. The commissioner shall annually transfer funds from the chemical dependency fund to pay for operation of the drug and alcohol abuse normative evaluation system and to pay for all costs incurred by adding two positions for licensing of chemical dependency treatment and rehabilitation programs located in hospitals for which funds are not otherwise appropriated. The commissioner shall annually divide the money available in the chemical dependency fund that is not held in reserve by counties from a previous allocation. Twelve percent of the remaining money must be reserved for treatment of American Indians by eligible vendors under section 254B.05. The remainder of the money must be allocated among the counties according to the following formula, using state demographer data and other data sources determined by the commissioner:

~~(a) The county non-Indian and over age 14 per capita months of eligibility for aid to families with dependent children, general assistance, and medical assistance is divided by the total state non-Indian and over age 14 per capita months of eligibility to determine the caseload factor for each county.~~

~~(b) The average median married couple income for the previous three years for the state is divided by the average median married couple income for the previous three years for each county to determine the income factor.~~

~~(c) The non-Indian and over age 14 population of the county is multiplied by the sum of the income factor and the caseload factor to determine the adjusted population.~~

~~(a) For purposes of this formula, American Indians and children under age 14 are subtracted from the population of each county to determine the restricted population.~~

~~(b) The amount of chemical dependency fund expenditures for entitled persons for services not covered by prepaid plans governed by section 256B.69 in the previous year is divided by the amount of chemical dependency fund expenditures for entitled persons for all services to determine the proportion of exempt service expenditures for each county.~~

~~(c) The prepaid plan months of eligibility is multiplied by the proportion of exempt service expenditures to determine the adjusted prepaid plan months of eligibility for each county.~~

~~(d) The adjusted prepaid plan months of eligibility is added to the number of restricted population fee for service months of eligibility for aid to families with dependent children, general assistance, and medical assistance and divided by the county restricted population to determine county per capita months of covered service eligibility.~~

~~(e) The number of adjusted prepaid plan months of eligibility for the state is added to the number of fee for service months of eligibility for aid to families with dependent children, general assistance, and medical assistance for the state restricted population and divided by the state restricted population to determine state per capita months of covered service eligibility.~~

~~(f) The county per capita months of covered service eligibility is divided by the state per capita months of covered service eligibility to determine the county welfare caseload factor.~~

~~(g) The median married couple income for the most recent three-year period available for the state is divided by the median married couple income for the same period for each county to determine the income factor for each county.~~

(h) The county restricted population is multiplied by the sum of the county welfare caseload factor and the county income factor to determine the adjusted population.

(d) (i) \$15,000 shall be allocated to each county.

(e) (j) The remaining funds shall be allocated proportional to the county adjusted population.

Sec. 14. Minnesota Statutes 1994, section 254B.05, subdivision 1, is amended to read:

Subdivision 1. [LICENSURE REQUIRED.] Programs licensed by the commissioner are eligible vendors. Hospitals may apply for and receive licenses to be eligible vendors, notwithstanding the provisions of section 245A.03. American Indian programs located on federally recognized tribal lands that provide chemical dependency primary treatment, extended care, transitional residence, or outpatient treatment services, and are licensed by tribal government are eligible vendors. Detoxification programs are not eligible vendors. Programs that are not licensed as a chemical dependency residential or nonresidential treatment program by the commissioner or by tribal government are not eligible vendors. To be eligible for payment under the Consolidated Chemical Dependency Treatment Fund, a vendor must participate in the Drug and Alcohol Abuse Normative Evaluation System and the treatment accountability plan.

Sec. 15. [256.476] [CONSUMER SUPPORT PROGRAM.]

Subdivision 1. [PURPOSE AND GOALS.] The commissioner of human services shall establish a consumer support grant program to assist individuals with functional limitations and their families in purchasing and securing supports which the individuals need to live as independently and productively in the community as possible. The commissioner and local agencies shall jointly develop an implementation plan which must include a way to resolve the issues related to county liability. The program shall:

(1) make support grants available to individuals or families as an effective alternative to existing programs and services, such as the developmental disability family support program, the alternative care program, personal care attendant services, home health aide services, and nursing facility services;

(2) provide consumers more control, flexibility, and responsibility over the needed supports;

(3) promote local program management and decision-making; and

(4) encourage the use of informal and typical community supports.

Subd. 2. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them:

(a) "County board" means the county board of commissioners for the county of financial responsibility as defined in section 256G.02, subdivision 4, or its designated representative. When a human services board has been established under sections 402.01 to 402.10, it shall be considered the county board for the purposes of this section.

(b) "Family" means the person's birth parents, adoptive parents or stepparents, siblings or stepsiblings, children or stepchildren, grandparents, grandchildren, niece, nephew, aunt, uncle, or spouse. For the purposes of this section, a family member is at least 18 years of age.

(c) "Functional limitations" means the long-term inability to perform an activity or task in one or more areas of major life activity, including self-care, understanding and use of language, learning, mobility, self-direction, and capacity for independent living. For the purpose of this section, the inability to perform an activity or task results from a mental, emotional, psychological, sensory, or physical disability, condition, or illness.

(d) "Informed choice" means a voluntary decision made by the person or the person's legal representative, after becoming familiarized with the alternatives to:

(1) select a preferred alternative from a number of feasible alternatives;

(2) select an alternative which may be developed in the future; and

(3) refuse any or all alternatives.

(e) "Local agency" means the local agency authorized by the county board to carry out the provisions of this section.

(f) "Person" or "persons" means a person or persons meeting the eligibility criteria in subdivision 3.

(g) "Responsible individual" means an individual designated by the person or their legal representative to act on their behalf. This individual may be a family member, guardian, representative payee, or other individual designated by the person or their legal representative, if any, to assist in purchasing and arranging for supports. For the purposes of this section, a responsible individual is at least 18 years of age.

(h) "Screening" means the screening of a person's service needs under sections 256B.0911 and 256B.092.

(i) "Supports" means services, care, aids, home modifications, or assistance purchased by the person or the person's family. Examples of supports include respite care, assistance with daily living, and adaptive aids. For the purpose of this section, notwithstanding the provisions of section 144A.43, supports purchased under the consumer support program are not considered home care services.

Subd. 3. [ELIGIBILITY TO APPLY FOR GRANTS.] (a) A person is eligible to apply for a consumer support grant if the person meets all of the following criteria:

(1) the person is eligible for medical assistance as determined under sections 256B.055 and 256B.056 or the person is eligible for alternative care services as determined under section 256B.0913;

(2) the person is able to direct and purchase their own care and supports, or the person has a family member, legal representative, or other responsible individual who can purchase and arrange supports on the person's behalf;

(3) the person has functional limitations, requires ongoing supports to live in the community, and is at risk of or would continue institutionalization without such supports; and

(4) the person will live in a home. For the purpose of this section, "home" means the person's own home or home of a person's family member. These homes are natural home settings and are not licensed by the department of health or human services.

(b) Persons may not concurrently receive a consumer support grant if they are:

(1) receiving home and community-based services under United States Code, title 42, section 1396h(c); personal care attendant and home health aide services under section 256B.0625; a developmental disability family support grant; or alternative care services under section 256B.0913; or

(2) residing in an institutional or congregate care setting.

(c) A person or person's family receiving a consumer support grant shall not be charged a fee or premium by a local agency for participating in the program. A person or person's family is not eligible for a consumer support grant if their income is at a level where they are required to pay a parental fee under sections 252.27, 256B.055, subdivision 12, and 256B.14 and rules adopted under those sections for medical assistance services to a disabled child living with at least one parent.

Subd. 4. [SUPPORT GRANTS; CRITERIA AND LIMITATIONS.] (a) A county board may choose to participate in the consumer support grant program. If a county board chooses to participate in the program, the local agency shall establish written procedures and criteria to determine the amount and use of support grants. These procedures must include, at least, the availability of respite care, assistance with daily living, and adaptive aids. The local agency may establish monthly or annual maximum amounts for grants and procedures where exceptional

resources may be required to meet the health and safety needs of the person on a time-limited basis.

(b) Support grants to a person or a person's family may be provided through a monthly subsidy or lump sum payment basis and be in the form of cash, voucher, or direct county payment to vendor. Support grant amounts must be determined by the local agency. Each service and item purchased with a support grant must meet all of the following criteria:

(1) it must be over and above the normal cost of caring for the person if the person did not have functional limitations;

(2) it must be directly attributable to the person's functional limitations;

(3) it must enable a person or the person's family to delay or prevent out-of-home placement of the person; and

(4) it must be consistent with the needs identified in the service plan, when applicable.

(c) Items and services purchased with support grants must be those for which there are no other public or private funds available to the person or the person's family. Fees assessed to the person or the person's family for health and human services are not reimbursable through the grant.

(d) In approving or denying applications, the local agency shall consider the following factors:

(1) the extent and areas of the person's functional limitations;

(2) the degree of need in the home environment for additional support; and

(3) the potential effectiveness of the grant to maintain and support the person in the family environment or the person's own home.

(e) At the time of application to the program or screening for other services, the person or the person's family shall be provided sufficient information to ensure an informed choice of alternatives by the person, the person's legal representative, if any, or the person's family. The application shall be made to the local agency and shall specify the needs of the person and family, the form and amount of grant requested, the items and services to be reimbursed, and evidence of eligibility for medical assistance or alternative care program.

(f) Upon approval of an application by the local agency and agreement on a support plan for the person or person's family, the local agency shall make grants to the person or the person's family. The grant shall be in an amount for the direct costs of the services or supports outlined in the service agreement.

(g) Reimbursable costs shall not include costs for resources already available, such as special education classes, day training and habilitation, case management, other services to which the person is entitled, medical costs covered by insurance or other health programs, or other resources usually available at no cost to the person or the person's family.

Subd. 5. [REIMBURSEMENT, ALLOCATIONS, AND REPORTING.] (a) For the purpose of transferring persons to the consumer support grant program from specific programs or services, such as the developmental disability family support program and alternative care program, personal care attendant, home health aide, or nursing facility services, the amount of funds transferred by the commissioner between the developmental disability family support program account, the alternative care account, the medical assistance account, or the consumer support grant account shall be based on each county's participation in transferring persons to the consumer support grant program from those programs and services.

(b) At the beginning of each fiscal year, county allocations for consumer support grants shall be based on:

(1) the number of persons to whom the county board expects to provide consumer supports grants;

(2) their eligibility for current program and services;

(3) the amount of nonfederal dollars expended on those individuals for those programs and services; and

(4) projected dates when persons will start receiving grants. County allocations shall be adjusted periodically by the commissioner based on the actual transfer of persons or service openings, and the nonfederal dollars associated with those persons or service openings, to the consumer support grant program.

(c) The commissioner shall use up to five percent of each county's allocation, as adjusted, for payments to that county for administrative expenses, to be paid as a proportionate addition to reported direct service expenditures.

(d) The commissioner may recover, suspend, or withhold payments if the county board, local agency, or grantee does not comply with the requirements of this section.

Subd. 6. [RIGHT TO APPEAL.] Notice, appeal, and hearing procedures shall be conducted in accordance with section 256.045. The denial, suspension, or termination of services under this program may be appealed by a recipient or applicant under section 256.045, subdivision 3. It is an absolute defense to an appeal under this section, if the county board proves that it followed the established written procedures and criteria and determined that the grant could not be provided within the county board's allocation of money for consumer support grants.

Subd. 7. [FEDERAL FUNDS.] The commissioner and the counties shall make reasonable efforts to maximize the use of federal funds including funds available through grants and federal waivers. If federal funds are made available to the consumer support grant program, the money shall be allocated to the responsible county agency's consumer support grant fund.

Subd. 8. [COMMISSIONER RESPONSIBILITIES.] The commissioner shall:

- (1) transfer and allocate funds pursuant to this section;
- (2) determine allocations based on projected and actual local agency use;
- (3) monitor and oversee overall program spending;

- (5) provide training and technical assistance for local agencies and consumers to help identify potential applicants to the program; and

Subd. 10. [CONSUMER RESPONSIBILITIES.] Persons receiving grants under this section shall:

- (1) spend the grant money in a manner consistent with their agreement with the local agency;

(2) notify the local agency of any necessary changes in the grant or the items on which it is spent;

(3) notify the local agency of any decision made by the person, the person's legal representative, or the person's family that would change their eligibility for consumer support grants;

(4) arrange and pay for supports; and

(5) inform the local agency of areas where they have experienced difficulty securing or maintaining supports.

Sec. 16. [256.973] [HOUSING FOR PERSONS WHO ARE ELDERLY, PERSONS WITH PHYSICAL OR DEVELOPMENTAL DISABILITIES, AND SINGLE-PARENT FAMILIES.]

Subdivision 1. [HOME SHARING.] The home-sharing grant program authorized by section 462A.05, subdivision 24, is transferred from the Minnesota housing finance agency to the department of human services. The housing finance agency shall administer the current grants that terminate on August 30, 1995. The department of human services shall administer grants funded after August 30, 1995. The department of human services may engage in housing programs, as defined by the agency, to provide grants to housing sponsors who will provide a home-sharing program for low- and moderate-income elderly, persons with physical or developmental disabilities, or single-parent families in urban and rural areas.

Subd. 2. [MATCHING OWNERS AND TENANTS.] Housing sponsors of home sharing programs, as defined by the agency, shall match existing homeowners with prospective tenants who will contribute either rent or services to the homeowner, where either the homeowner or the prospective tenant is elderly, a person with physical or developmental disabilities, or the head of a single-parent family. Home-sharing projects will coordinate efforts with appropriate public and private agencies and organizations in their area.

Subd. 3. [INFORMATION FOR PARTICIPANTS.] Housing sponsors who receive funding through these programs shall provide homeowners and tenants participating in a home-sharing program with information regarding their rights and obligations as they relate to federal and state tax law including, but not limited to, taxable rental income, homestead credit under chapter 273, and the property tax refund act under chapter 290A.

Subd. 4. [TECHNICAL ASSISTANCE.] The department of human services may provide technical assistance to sponsors of home-sharing programs or may contract or delegate the provision of technical assistance.

Subd. 5. [USING OUTSIDE AGENCIES.] The department of human services may delegate, use, or employ any federal, state, regional, or local public or private agency or organization, including organizations of physically handicapped persons, upon terms it deems necessary or desirable, to assist in the exercise of any of the powers granted in this section.

(1) the person receiving home and community-based services has chosen to live in their own home;

(2) home and community-based services are provided by a qualified vendor who meets the provider standards as approved in the Minnesota home and community-based services waiver plan for persons with mental retardation or related conditions;

(b) The county agency may require safety inspections of the selected housing as part of their determination of the adequacy of the living arrangement.

The commissioner of human services shall work with the facility and affected counties to relocate any current residents of the facility who do not meet the admission criteria for an ICF/MR. To fund the ICF/MR services and relocations of current residents authorized, the commissioner of human services may transfer on a quarterly basis to the medical assistance account from each affected county's community social service allocation, an amount equal to the state share of medical assistance reimbursement for the residential and day habilitation services funded by medical assistance and provided to clients for whom the county is financially responsible. For nonresidents of Minnesota seeking admission to the facility, Rice county shall be notified in order to assure that appropriate funding is guaranteed from their state or country of residence.

Sec. 22. [CRISIS INTERVENTION PROJECTS.]

(a) The commissioner of human services may authorize up to five projects to provide crisis intervention through community-based services in the private or public sector to persons with developmental disabilities. Subd. 3a. [LIMITATIONS ON FEDERAL FUNDING.] County agencies shall determine eligibility under Title IV-E of the Social Security Act for every child being considered for emergency assistance placement services. The commissioner and county agencies shall make every effort to use federal funding under Title IV-E of the Social Security Act instead of federal funding under this section, whenever possible. The counties' obligations to continue the base level of expenditures and to expand family preservation services as defined in section 256F.03, subdivision 5, are eliminated, with the termination of if the federal revenue earned under this section is terminated. If the federal revenue earned under this section is terminated or inadequate, the state has no obligation to pay for these services. Subd. 5. [EMERGENCY ASSISTANCE RESERVE.] The commissioner shall establish an emergency assistance reserve for families who receive intensive family preservation services under this section. A family is eligible to receive assistance once from the emergency assistance reserve if it received intensive family preservation services under this section within the past 12 months, but has not received emergency assistance under section 256.871 during that period. The emergency assistance reserve shall cover the cost of the federal share of the assistance that would

have been available under section 256.871, except for the provision of intensive family preservation services provided under this section. The emergency assistance reserve shall be authorized and paid in the same manner as emergency assistance is provided under section 256.871. Funds set aside for the emergency assistance reserve that are not needed as determined by the commissioner shall be distributed by the terms of subdivision 6, paragraph (a); or 6b, paragraph (a), depending on how the funds were earned.

Subd. 6. Subd. 6a. [DEVELOPMENT GRANTS.] Except for the portion needed for the emergency assistance reserve provided in subdivision 5, the commissioner ~~may shall~~ distribute the funds set aside under subdivision 6, paragraph (b), through development grants to a county or counties to establish and maintain approved intensive family preservation core services as defined in section 256F.03, subdivision 10, statewide. ~~Funds available for crisis family based services through section 256F.05, subdivision 8, shall be considered in establishing intensive family preservation services statewide. The commissioner may phase in intensive family preservation services in a county or group of counties as new federal funds become available.~~ The commissioner's priority is to establish a minimum level of intensive family preservation core services statewide. Each county's development grant shall be paid and used as provided in sections 256F.01 to 256F.06.

The commissioner shall review the county expenditures annually, using reports required under sections 245.482, 256.01, subdivision 2, paragraph (17), and 256E.08, subdivision 8, to ensure that the base level of expenditures for family preservation core services as defined in section 256F.03, subdivision 5 10, is continued from sources other than the federal funds earned under this section and earned through assessment activity described under subdivision 3.

(b) The commissioner ~~may shall~~, at the request of a county, reduce, suspend, or eliminate either or both of a county's obligations to continue the base level of expenditures and to expand family

preservation core services as defined in section 256F.03, subdivision 5 10, if the commissioner determines that one or more of the following conditions apply to that county:

(2) the total number of children in placement under sections 257.071 and 393.07, subdivisions 1 and 2, has been reduced by 50 percent from the total number in the base year; or

Subd. 10. [COMMISSIONER RESPONSIBILITIES.] The commissioner in consultation with counties shall analyze state funding options to cover costs of counties' base level expenditures and any expansion of the nonfederal share of intensive family preservation services resulting from implementation of this section. The commissioner shall also study problems of implementation, barriers to maximizing federal revenue, and the impact on out-of-home placements of

implementation of this section. The commissioner shall report to the legislature on the results of this analysis and study, together with recommendations, by February 15, 1995.

Sec. 21. Minnesota Statutes 1994, section 256F.09, is amended to read:

256F.09 [GRANTS FOR CHILDREN'S SAFETY FAMILY VISITATION CENTERS.]

Subdivision 1. [PURPOSE.] The commissioner shall issue a request for proposals from existing local nonprofit, nongovernmental, or governmental organizations, to use existing local facilities as ~~pilot children's safety~~ family visitation centers which may also be used for visitation exchanges. The commissioner shall award grants in amounts up to \$50,000 for the purpose of creating ~~children's safety~~ or maintaining family visitation centers in an effort to reduce children's vulnerability to violence and trauma related to family visitation, where there has been a history of domestic violence or abuse within the family. ~~At least one of the pilot projects shall be located in the seven-county metropolitan area and at least one of the projects shall be located outside the seven-county metropolitan area, and~~ The commissioner shall award the grants to provide the greatest possible number of safety family visitation centers and to locate them to provide for the broadest possible geographic distribution of the centers throughout the state.

Each children's safety family visitation center must use existing local facilities to provide a healthy interactive environment for parents who are separated or divorced and for parents with children in foster homes to visit with their children. The centers must be available for use by district courts who may order visitation to occur at a safety family visitation center. The centers may also be used as drop-off sites, so that parents who are under court order to have no contact with each other can exchange children for visitation at a neutral site. Each center must provide sufficient security to ensure a safe visitation environment for children and their parents. A grantee must demonstrate the ability to provide a 25 percent local match, which may include in-kind contributions.

Subd. 1a. [COUNTY INVOLVEMENT.] Each county or group of counties is encouraged to provide supervised visitation services in an effort to fill the gap in the court system that orders supervised visitation, but does not provide a center to accomplish the supervised visitation as ordered. Each county or group of counties is encouraged to either financially contribute to an existing family visitation center in the area, or establish a new center if there is not one in the area, possibly through county social services. In creating a new center, the county may collaborate with other counties, other family visitation centers, family services collaboratives, court services, and any other entity or organization. The goal is to provide family visitation centers statewide. The

county shall apply for funding that may be available through the federal government, specifically for family preservation or family reunification purposes, or any other source of funding that will aid in developing and maintaining this vital service.

Subd. 2. [PRIORITIES FUNDING.] The commissioner may award grants to create or maintain family visitation centers.

In awarding grants to maintain a family visitation center, the commissioner may award a grant to a center that can demonstrate a 35 percent local match, provided the center is diligently exploring and pursuing all available funding options in an effort to become self-sustaining, and those efforts are reported to the commissioner.

In awarding grants ~~under the program~~ to create a family visitation center, the commissioner shall give priority to:

(1) areas of the state where no ~~children's safety~~ other family visitation center or similar facility exists;

(2) applicants who demonstrate that private funding for the center is available and will continue; and

(3) facilities that are adapted for use to care for children, such as day care centers, religious institutions, community centers, schools, technical colleges, parenting resource centers, and child care referral services.

Subd. 3. [ADDITIONAL SERVICES.] Each family visitation center may provide parenting and child development classes, and offer support groups to participating custodial parents and hold regular classes designed to assist children who have experienced domestic violence and abuse.

Subd. 4. [REPORT.] The commissioner shall evaluate the operation of the ~~pilot children's safety~~ family visitation centers and report to the legislature by February 1, 1994, with recommendations.

Subd. 5. [ADMINISTRATION.] In administering the grants authorized by this section, the commissioner shall ensure that the term "family visitation center" is used in all future applications, publicity releases, requests for proposals, and other materials of like nature. Materials published prior to the enactment of this legislation which use different terms may be distributed by the commissioner until supplies are gone.

Sec. 22. Minnesota Statutes 1994, section 256H.01, subdivision 9, is amended to read:

Subd. 9. [FAMILY.] "Family" means parents, stepparents, guardians and their spouses, or other eligible relative caretakers and their spouses, and their blood related dependent children and adoptive siblings under the age of 18 years living in the same home including children temporarily absent from the household in settings such as schools, foster care, and residential treatment facilities. When a minor parent or parents and his, her, or their child or children are living with other relatives, and the minor parent or parents apply for a child care subsidy, "family" means only the minor parent or parents and the child or children. An adult may be considered a dependent member of the family unit if 50 percent of the adult's support is being provided by the parents, stepparents, guardians and their spouses, or eligible relative caretakers and their spouses, residing in the same household. An adult age 18 who is a full-time high school student and can reasonably be expected to graduate before age 19 may be considered a dependent member of the family unit.

Sec. 23. Minnesota Statutes 1994, section 256H.01, subdivision 12, is amended to read:

Subd. 12. [PROVIDER.] "Provider" means a child care license holder who operates a family day care home, a group family day care home, a day care center, a nursery school, a day nursery, an extended day school age child care program; a ~~person exempt from licensure who meets child care standards established~~ legal nonlicensed extended day school age child care program which operates under the auspices of a local school board that has adopted school age child care standards which meet or exceed standards recommended by the state board department of education; or a legal nonlicensed caregiver who is at least 18 years of age, and who is not a member of the AFDC assistance unit.

Sec. 24. Minnesota Statutes 1994, section 256H.02, is amended to read:

256H.02 [DUTIES OF COMMISSIONER.]

The commissioner shall develop standards for county and human services boards to provide child care services to enable eligible families to participate in employment, training, or education programs. Within the limits of available appropriations, the commissioner shall distribute money to counties to reduce the costs of child care for eligible families. The commissioner shall adopt rules to govern the program in accordance with this section. The rules must establish a sliding schedule of fees for parents receiving child care services. In the rules adopted under this section, county and human services boards shall be authorized to establish policies for payment of child care spaces for absent children, when the payment is required by the child's regular provider. The rules shall not set a maximum number of days for which absence payments can be made, but instead shall direct the county agency to set limits and pay for absences according to the prevailing market practice in the county. County policies for payment of absences shall be subject to the approval of the commissioner. The commissioner shall maximize the use of federal money ~~under the AFDC employment special needs program~~ in section 256.736, ~~subdivision 8~~, and other programs that provide federal reimbursement for child care services for recipients of aid to families with dependent children who are in education, training, job search, or other activities allowed under those programs. Money appropriated under this section must be coordinated with the ~~AFDC employment special needs program and other~~ programs that provide federal reimbursement for child care services to accomplish this purpose. Federal reimbursement obtained must be allocated to the county that spent money for child care that is federally reimbursable under programs that provide federal reimbursement for child care services. The counties shall use the federal money to expand child care services. The commissioner may adopt rules under chapter 14 to implement and coordinate federal program requirements.

Sec. 25. Minnesota Statutes 1994, section 256H.03, subdivision 1, is amended to read:

Subdivision 1. [ALLOCATION PERIOD; NOTICE OF ALLOCATION.] When the commissioner notifies county and human service boards of the forms and instructions they are to follow in the development of their biennial community social services plans required under section 256E.08, the commissioner shall also notify county and human services boards of their estimated child care fund program allocation for the two years covered by the plan. ~~By June~~ October 1 of each year, the commissioner shall notify all counties of their final child care fund program allocation.

Sec. 26. Minnesota Statutes 1994, section 256H.03, subdivision 2a, is amended to read:

Subd. 2a. [ELIGIBLE RECIPIENTS.] Families that meet the eligibility requirements under sections 256H.10, except AFDC recipients, MFIP recipients, and transition year families, and 256H.11 are eligible for child care assistance under the basic sliding fee program. ~~From July 1, 1990, to June 30, 1991, a county may not accept new applications for the basic sliding fee program unless the county can demonstrate that its state money expenditures for the basic sliding fee program for this period will not exceed 95 percent of the county's allocation of state money for the fiscal year ending June 30, 1990. As basic sliding fee program money becomes available to serve new families, eligible families whose benefits were terminated during the fiscal year ending June 30, 1990, for reasons other than loss of eligibility shall be reinstated.~~ Families enrolled in the basic sliding fee program as of July 1, 1990, shall be continued until they are no longer eligible. Counties shall make vendor payments to the child care provider or pay the parent directly for eligible child care expenses on a reimbursement basis. Child care assistance provided through the child care fund is considered assistance to the parent.

Sec. 27. Minnesota Statutes 1994, section 256H.03, subdivision 4, is amended to read:

Subd. 4. [ALLOCATION FORMULA.] Beginning ~~July 1, 1992~~ January 1, 1996, the basic sliding fee state and federal funds shall be allocated on a calendar year basis. Funds shall be allocated first in amounts equal to each county's guaranteed floor according to subdivision 6, with any remaining available funds allocated according to the following formula:

(a) ~~One-half~~ One-third of the funds shall be allocated in proportion to each county's total expenditures for the basic sliding fee child care program reported during the ~~12-month period~~

ending on December 31 of the preceding state fiscal year most recent calendar year completed at the time of the notice of allocation.

(b) ~~One-fourth~~ One-third of the funds shall be allocated based on the number of children under age 13 in each county who are enrolled in general assistance medical care, medical assistance, and ~~the children's health plan on July 1, of each year MinnesotaCare on December 31 of the most recent calendar year completed at the time of the notice of allocation.~~

(c) ~~One-fourth~~ One-third of the funds shall be allocated based on the number of children under age 13 who reside in each county, from the most recent estimates of the state demographer.

Sec. 28. Minnesota Statutes 1994, section 256H.03, is amended by adding a subdivision to read:

Subd. 4a. [SIX-MONTH ALLOCATION.] For the period from July 1, 1995, to December 31, 1995, every county shall receive an allocation at least equal and proportionate to one-half of its original allocation in state fiscal year 1995. This six-month allocation shall be combined with the calendar year 1996 allocation and be administered as one 18-month allocation.

Sec. 29. Minnesota Statutes 1994, section 256H.03, subdivision 6, is amended to read:

~~Subd. 6. [GUARANTEED FLOOR.] (a) Each county's guaranteed floor shall equal the lesser of:~~

~~(1) the county's original allocation in the preceding state fiscal year; or~~

~~(2) 110 percent of the county's basic sliding fee child care program state and federal earnings for the 12 month period ending on December 31 of the preceding state fiscal year. For purposes of this clause, "state and federal earnings" means the reported direct child care expenditures adjusted for the administrative allowance and 15 percent required county match. Beginning January 1, 1996, each county's guaranteed floor shall equal 90 percent of the allocation received in the preceding calendar year. For the calendar year 1996 allocation, the preceding calendar year shall be considered to be double the six-month allocation as provided for in subdivision 4a.~~

(b) When the amount of funds available for allocation is less than the amount available in the previous year, each county's previous year allocation shall be reduced in proportion to the reduction in the statewide funding, for the purpose of establishing the guaranteed floor.

Sec. 30. Minnesota Statutes 1994, section 256H.05, subdivision 6, is amended to read:

~~Subd. 6. [NON-STRIDE AFDC CHILD CARE PROGRAM ACCESS CHILD CARE PROGRAM.] (a) Starting one month after April 30, 1992, the department of human services commissioner shall reimburse eligible expenditures for 2,000 family slots for AFDC caretakers not eligible for services under section 256.736, who are engaged in an authorized educational or job search program. Each county will receive a number of family slots based on the county's proportion of the AFDC caseload. A county must receive at least two family slots. Eligibility and reimbursement are limited to the number of family slots allocated to each county. County agencies shall authorize an educational plan for each student and may prioritize families eligible for this program in their child care fund plan upon approval of the commissioner of human services. (b) Persons eligible for but unable to participate in the JOBS (STRIDE) program because of a waiting list may be accepted as a new participant, or continue to participate in the ACCESS child care program if a slot is available as long as all other eligibility factors are met. Child care assistance must continue under the ACCESS child care program until the participant loses eligibility or is enrolled in project STRIDE.~~

(c)(1) Effective July 1, 1995, the commissioner shall reclaim 90 percent of the vacant slots in each county and distribute those slots to counties with waiting lists of persons eligible for the ACCESS child care program. The slots must be distributed to eligible families based on the July 1, 1995, waiting list placement date, first come, first served basis.

(2) ACCESS child care slots remaining after the waiting list under clause (1) has been eliminated must be distributed to eligible families on a first come, first served basis, based on the client's date of request.

(3) The county must notify the commissioner when an ACCESS slot in the county becomes available. Notification by the county must be within five calendar days of the effective date of the termination of the ACCESS child care services. The resulting vacant slot must be returned to the department of human services. The slot must then be redistributed under clause (2).

(4) The commissioner shall consult with the task force on child care and make recommendations to the 1996 legislature for future distribution of the ACCESS slots under this paragraph.

Sec. 31. Minnesota Statutes 1994, section 256H.08, is amended to read:

256H.08 [USE OF MONEY.]

Money for persons listed in sections 256H.03, subdivision 2a, and 256H.05, subdivision 1b, shall be used to reduce the costs of child care for students, including the costs of child care for students while employed if enrolled in an eligible education program at the same time and making satisfactory progress towards completion of the program. Counties may not limit the duration of child care subsidies for a person in an employment or educational program, except when the person is found to be ineligible under the child care fund eligibility standards. Any limitation must be based on a person's employability plan in the case of an AFDC recipient, and county policies included in the child care allocation plan. Time limitations for child care assistance, as specified in Minnesota Rules, parts 9565.5000 to 9565.5200, do not apply to basic or remedial educational programs needed to prepare for post-secondary education or employment. These programs include: high school, general equivalency diploma, and English as a second language. Programs exempt from this time limit must not run concurrently with a post-secondary program. High school students who are participating in a post-secondary options program and who receive a high school diploma issued by the school district are exempt from the time limitations while pursuing a high school diploma. Financially eligible students who have received child care assistance for one academic year shall be provided child care assistance in the following academic year if funds allocated under sections 256H.03 and 256H.05 are available. If an AFDC recipient who is receiving AFDC child care assistance under this chapter moves to another county, continues to participate in educational or training programs authorized in their employability development plans, and continues to be eligible for AFDC child care assistance under this chapter, the AFDC caretaker must receive continued child care assistance from the county responsible for their current employability development plan, without interruption.

Sec. 32. Minnesota Statutes 1994, section 256H.11, subdivision 1, is amended to read:

Subdivision 1. [ASSISTANCE FOR PERSONS SEEKING AND RETAINING EMPLOYMENT.] Persons who are seeking employment and who are eligible for assistance under this section are eligible to receive ~~the equivalent of up to one month of child care~~ up to 240 hours of child care assistance per calendar year. Employed persons who work at least an average of ten hours a week and receive at least a minimum wage for all hours worked are eligible for continued child care assistance.

Sec. 33. Minnesota Statutes 1994, section 256H.12, subdivision 1, is amended to read:

Subdivision 1. [COUNTY CONTRIBUTIONS REQUIRED.] Beginning July 1, 1995, in addition to payments from parents basic sliding fee child care program participants, counties shall contribute from county tax or other sources a minimum of 15 percent of the cost of the basic sliding fee program at the local match percentage calculated according to subdivision 1a. The commissioner shall recover funds from the county as necessary to bring county expenditures into compliance with this subdivision.

Sec. 34. Minnesota Statutes 1994, section 256H.12, is amended by adding a subdivision to read:

Subd. 1a. [LOCAL MATCH PERCENTAGE.] The local match percentage shall equal the lesser of either (i) 15 percent of the cost of the basic sliding fee program or (ii) the statewide required local match in state fiscal year 1995, divided by the sum of the current year's basic sliding fee allocation plus the statewide required local match in state fiscal year 1995. The resulting local match percentage shall be adjusted to reflect a statewide local match of five percent

on any state and federal funding for the basic sliding fee program above the initial state fiscal year 1995 statewide allocation. For purposes of this computation, the statewide required local match in state fiscal year 1995 shall be equal to the initial state fiscal year 1995 basic sliding fee allocation, divided by 85 percent, and then multiplied by 15 percent. The calendar year 1996 local match percentage shall be in effect for the six-month allocation period defined in section 256H.03.

Sec. 35. Minnesota Statutes 1994, section 256H.12, subdivision 3, as amended by Laws 1995, chapter 139, section 1, is amended to read:

Subd. 3. [MAINTENANCE OF FUNDING EFFORT.] To receive money through this program, each county shall certify, in its annual plan to the commissioner, that the county has not reduced allocations from other federal and state sources, which, in the absence of the child care fund, would have been available for child care assistance. However, the county must continue contributions, as necessary, to maintain on the basic sliding fee program for families who are receiving assistance on July 1, 1995, until the family loses eligibility for the program or until a family voluntarily withdraws from the program. This subdivision does not affect the local match required for this program under other sections of the law.

Sec. 36. Minnesota Statutes 1994, section 256H.15, subdivision 1, is amended to read:

Subdivision 1. [SUBSIDY RESTRICTIONS.] ~~(a) Until June 30, 1991, the maximum child care rate is determined under this paragraph. The county board may limit the subsidy allowed by setting a maximum on the provider child care rate that the county shall subsidize. The maximum rate set by any county shall not be lower than 110 percent or higher than 125 percent of the median rate in that county for like care arrangements for all types of care, including special needs and handicapped care, as determined by the commissioner. If the county sets a maximum rate, it must pay the provider's rate for each child receiving a subsidy, up to the maximum rate set by the county. If a county does not set a maximum provider rate, it shall pay the provider's rate for every child in care. The maximum state payment is 125 percent of the median provider rate. If the county has not set a maximum provider rate and the provider rate is greater than 125 percent of the median provider rate in the county, the county shall pay the amount in excess of 125 percent of the median provider rate from county funding sources. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.~~

~~(b) Effective July 1, 1991, the maximum rate paid for child care assistance under the child care fund is the maximum rate eligible for federal reimbursement except that a provider receiving reimbursement under paragraph (a) as of January 1, 1991, shall be paid at a rate no less than the rate of reimbursement received under that paragraph. A rate which includes a provider bonus paid under subdivision 2 or a special needs rate paid under subdivision 3 may be in excess of the maximum rate allowed under this subdivision. The department of human services shall monitor the effect of this paragraph on provider rates. The county shall pay the provider's full charges for every child in care up to the maximum established. The commissioner shall determine the maximum rate for each type of care, including special needs and handicapped care.~~

~~(c) When the provider charge is greater than the maximum provider rate allowed, the parent is responsible for payment of the difference in the rates in addition to any family copayment fee.~~

Sec. 37. Minnesota Statutes 1994, section 256H.18, is amended to read:

256H.18 [ADMINISTRATIVE EXPENSES.]

~~The commissioner shall use up to seven percent one-eleventh of the state and federal funds appropriated available for the basic sliding fee program for payments to counties for administrative expenses. The commissioner shall use up to ten percent of federal funds for payments to counties for administrative expenses.~~

(2) coordinate existing early childhood care and education training;

(3) develop new early childhood care and education training opportunities; and

(4) publicize all early childhood training classes and workshops to child care center staff and family and group family child care providers in the service delivery area.

(h) Public or private entities may apply to the commissioner for funding. A local match of up to 25 percent is required.

Sec. 39. Minnesota Statutes 1994, section 257.3571, subdivision 1, is amended to read:

Subdivision 1. [PRIMARY SUPPORT GRANTS.] The commissioner shall establish direct grants to Indian tribes ~~and~~, Indian organizations, and tribal social service agency programs located ~~off-reservation that serve Indian children and their families to provide primary support for Indian child welfare programs to implement the Indian family preservation act.~~

Sec. 40. Minnesota Statutes 1994, section 257.3572, is amended to read:

257.3572 [GRANT APPLICATIONS.]

A tribe ~~or~~, Indian organization, or tribal social service agency program located off-reservation may apply for primary support grants under section 257.3571, subdivision 1. A local social service agency, tribe, Indian organization, or other social service organization may apply for special focus grants under section 257.3571, subdivision 2. Civil legal service organizations eligible for grants under section 257.3571, subdivision 2a, may apply for grants under that section. Application may be made alone or in combination with other tribes or Indian organizations.

Sec. 41. Minnesota Statutes 1994, section 257.3577, subdivision 1, is amended to read:

Subdivision 1. [PRIMARY SUPPORT GRANTS.] (a) The amount available for grants established under section 257.3571, subdivision 1, to tribes ~~and~~, Indian ~~organization~~ grants organizations, and tribal social service agency programs located off-reservation is four-fifths of the total annual appropriation for Indian child welfare grants.

(b) The commissioner shall award tribes at least 70 percent of the amount set in paragraph (a) for primary support grants. Each tribe shall be awarded a base amount of five percent of the total amount set in this paragraph. In addition, each tribe shall be allocated a proportion of the balance of the amount set in this paragraph, less the total base amounts for all reservations. This proportion must equal the ratio of the tribe's on-reservation population to the state's total on-reservation population. Population data must be based on the most recent federal census data according to the state demographer's office.

(c) The commissioner shall award Indian organizations and tribal social service agency programs located off-reservation that serve Indian children and families up to 30 percent of the amount set in paragraph (a) for primary support grants. A maximum of four multiservice Indian

To maintain continuity of service in Indian communities, primary support grants awarded under this paragraph which meet the grant criteria and have demonstrated satisfactory performance as established by the commissioner may be awarded on a noncompetitive basis. The commissioner may revoke or deny funding for Indian organizations or tribal social service agencies failing to meet the grant criteria established by the commissioner, and the commissioner may request new proposals from Indian organizations or tribal social service agencies to the extent that funding is available.

Sec. 42. [KINSHIP CAREGIVER INFORMATION.]

The report shall be submitted no later than January 1, 1996, and shall include specific recommendations as to whether the difficulty of care reimbursement system should be retained, modified, or abandoned. In preparing this report, the commissioner shall consult with public and private foster care agencies and with foster care providers, and shall consider the differential impact, if any, on the child from receiving foster care reimbursement through the difficulty of care reimbursement system versus through an alternative reimbursement mechanism. The report must also identify the legal and institutional barriers, if any, to changing from a difficulty of care reimbursement system to another type of reimbursement system.

Section 1. Minnesota Statutes 1994, section 256.12, subdivision 14, is amended to read:

Subd. 14. [DEPENDENT CHILD.] (a) "Dependent child," as used in sections 256.72 to 256.87, means a child under the age of 18 years, or a child under the age of 19 years who is regularly attending as a full-time student, and is expected to complete before reaching age 19, a high school or a secondary level course of vocational or technical training designed to fit students for gainful

employment, who is found to be deprived of parental support or care by reason of the death, continued absence from the home, physical or mental incapacity of a parent, or who is a child of an unemployed parent as that term is defined by the commissioner of human services, such definition to be consistent with and not to exceed minimum standards established by the Congress of the United States and the Secretary of Health and Human Services. When defining "unemployed parent," the commissioner shall count up to four calendar quarters of full-time attendance in any of the following toward the requirement that a principal earner have six or more quarters of work in any 13 calendar quarter period ending within one year before application for aid to families with dependent children:

- (1) an elementary or secondary school;
- (2) a federally approved vocational or technical training course designed to prepare the parent for gainful employment; or
- (3) full-time participation in an education or training program established under the job training partnership act.

(b) Dependent child also means a child:

(1) whose relatives are liable under the law for the child's support and are not able to provide adequate care and support of the child; and

(2) who is living with ~~father, mother, grandfather, grandmother, brother, sister, stepfather, stepmother, stepbrother, stepsister, uncle, aunt, first cousin, nephew, or niece~~ a parent or a person in one of the groups listed under Code of Federal Regulations, title 45, section 233.90(c)(1)(v)(A) in a place of residence maintained by one or more of these relatives as a home.

(c) Dependent child also means a child who has been removed from the home of a relative after a judicial determination that continuance in the home would be contrary to the welfare and best interests of the child and whose care and placement in a foster home, a different relative's home, or a private licensed child care institution is, in accordance with the rules of the commissioner, the responsibility of the state or county agency under sections 256.72 to 256.87. ~~This child is eligible for benefits only through the foster care and adoption assistance program contained in Title IV-E of the Social Security Act, United States Code, title 42, sections 670 to 676, and is not entitled to benefits under sections 256.72 to 256.87.~~

Sec. 2. Minnesota Statutes 1994, section 256.73, subdivision 2, is amended to read:

Subd. 2. [ALLOWANCE BARRED BY OWNERSHIP OF PROPERTY.] Ownership by an assistance unit of property as follows is a bar to any allowance under sections 256.72 to 256.87:

(1) The value of real property other than the homestead, which when combined with other assets exceeds the limits of paragraph (2), unless the assistance unit is making a good faith effort to sell the nonexcludable real property. The time period for disposal must not exceed nine consecutive months. The assistance unit must sign an agreement to dispose of the property and to ~~repay assistance received during the nine months that would not have been paid had the property been sold at the beginning of such period, but not to exceed the amount of the net sale proceeds. The family has five working days from the date it realizes cash from the sale of the property to repay the overpayment. If the property is not sold within the required time or the assistance unit becomes ineligible for any reason during the nine month period, the amount payable under the agreement will not be determined and recovery will not begin until the property is in fact sold.~~ give the local agency a lien to secure repayment of benefits received by the assistance unit during the nine-month period covered by the agreement. The provisions of section 514.981, subdivision 2, clauses (a)(1), (a)(3), (a)(4), (a)(5), and (e); subdivisions 4 and 5, clauses (a)(2), (b)(3) (b)(4), and (d); and subdivision 6; section 514.982, subdivision 1, clauses (1), (2), and (4); and subdivision 2; and sections 514.983 and 514.984, regarding medical assistance liens, shall apply to AFDC liens under this section, except that the filing fees paid by the county agency under this section shall be deducted from recoveries made under this lien provision. For purposes of this paragraph, all references in sections 514.981 to 514.984, to medical assistance liens and to medical assistance benefits shall be construed to be references to AFDC liens and to AFDC benefits, respectively. If the property is intentionally sold at less than fair market value or if a good faith

effort to sell the property is not being made, the overpayment amount shall be computed using the fair market value determined at the beginning of the nine-month period. For the purposes of this section, "homestead" means the home that is owned by, and is the usual residence of, the child, relative, or other member of the assistance unit together with the surrounding property which is not separated from the home by intervening property owned by others. "Usual residence" includes the home from which the child, relative, or other members of the assistance unit is temporarily absent due to an employability development plan approved by the local human service agency, which includes education, training, or job search within the state but outside of the immediate geographic area. Public rights-of-way, such as roads which run through the surrounding property and separate it from the home, will not affect the exemption of the property; or

(2) Personal property of an equity value in excess of \$1,000 for the entire assistance unit, exclusive of personal property used as the home, one motor vehicle of an equity value not exceeding \$1,500 or the entire equity value of a motor vehicle determined to be necessary for the operation of a self-employment business, one burial plot for each member of the assistance unit, one prepaid burial contract with an equity value of no more than \$1,000 for each member of the assistance unit, clothing and necessary household furniture and equipment and other basic maintenance items essential for daily living, in accordance with rules promulgated by and standards established by the commissioner of human services.

Sec. 3. Minnesota Statutes 1994, section 256.73, subdivision 3a, is amended to read:

Subd. 3a. [PERSONS INELIGIBLE.] No assistance shall be given under sections 256.72 to 256.87:

(1) on behalf of any person who is receiving supplemental security income under title XVI of the Social Security Act unless permitted by federal regulations;

(2) for any month in which the assistance unit's gross income, without application of deductions or disregards, exceeds 185 percent of the standard of need for a family of the same size and composition; except that the earnings of a dependent child who is a full-time student may be disregarded for six months per calendar year and the earnings of a dependent child that are derived from the jobs training and partnership act (JTPA) may be disregarded for six months per calendar year. These two earnings disregards cannot be combined to allow more than a total of six months per calendar year when the earned income of a full-time student is derived from participation in a program under the JTPA. If a stepparent's income is taken into account in determining need, the disregards specified in section 256.74, subdivision 1a, shall be applied to determine income available to the assistance unit before calculating the unit's gross income for purposes of this paragraph; If a stepparent's needs are included in the assistance unit as specified in section 256.74, subdivision 1, the disregards specified in section 256.74, subdivision 1, shall be applied.

(3) to any assistance unit for any month in which any caretaker relative with whom the child is living is, on the last day of that month, participating in a strike;

(4) on behalf of any other individual in the assistance unit, nor shall the individual's needs be taken into account for any month in which, on the last day of the month, the individual is participating in a strike;

(5) on behalf of any individual who is the principal earner in an assistance unit whose eligibility is based on the unemployment of a parent when the principal earner, without good cause, fails or refuses to accept employment, or to register with a public employment office, unless the principal earner is exempt from these work requirements.

Sec. 4. Minnesota Statutes 1994, section 256.736, subdivision 3, is amended to read:

Subd. 3. [REGISTRATION.] (a) To the extent permissible under federal law, every caretaker or child is required to register for employment and training services, as a condition of receiving AFDC, unless the caretaker or child is:

(1) a child who is under age 16, a child age 16 or 17 who is attending elementary or secondary school or a secondary level vocational or technical school full time;

(2) ill, incapacitated, or age 60 or older;

(3) a person for whom participation in an employment and training service would require a round trip commuting time by available transportation of more than two hours;

(4) a person whose presence in the home is required because of illness or incapacity of another member of the household;

(5) a caretaker or other caretaker relative of a child under the age of three who personally provides full-time care for the child. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(6) a caretaker or other caretaker relative personally providing care for a child under six years of age, except that when child care is arranged for or provided, the caretaker or caretaker relative may be required to register and participate in employment and training services up to a maximum of 20 hours per week. In AFDC-UP cases, only one parent or other relative may qualify for this exemption;

(7) a pregnant woman, if it has been medically verified that the child is expected to be born within the next six months; ~~or~~

(8) employed at least 30 hours per week; or

(9) an individual added to an assistance unit as an essential person under section 256.74, subdivision 1, who does not meet the definition of a "caretaker" as defined in subdivision 1a, paragraph (c).

(b) To the extent permissible by federal law, applicants for benefits under the AFDC program are registered for employment and training services by signing the application form. Applicants must be informed that they are registering for employment and training services by signing the form. Persons receiving benefits on or after July 1, 1987, shall register for employment and training services to the extent permissible by federal law. The caretaker has a right to a fair hearing under section 256.045 with respect to the appropriateness of the registration.

Sec. 5. Minnesota Statutes 1994, section 256.736, subdivision 13, is amended to read:

Subd. 13. [STATE SHARE.] The state must pay 75 percent of the nonfederal share of costs incurred by counties under subdivision 11.

Beginning July 1, 1991, the state will reimburse counties, up to the limit of state appropriations, according to the payment schedule in section 256.025, for the county share of county agency expenditures made under subdivision 11 from January 1, 1991, ~~on~~ to June 30, 1995. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Beginning July 1, 1995, the state must pay 100 percent of the nonfederal share incurred by counties under subdivision 11, up to the limit of state appropriations. If the state appropriation is not sufficient to fund the cost of case management services for all caretakers identified in subdivision 2a, the commissioner must define a statewide subgroup of caretakers which includes all caretakers in subdivision 2a, clause (1), and as many caretakers as possible from subdivision 2a, clauses (2) and (3).

Sec. 6. Minnesota Statutes 1994, section 256.74, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] The amount of assistance which shall be granted to or on behalf of any dependent child and ~~mother parent~~ or other needy eligible relative caring for the dependent child shall be determined by the county agency in accordance with rules promulgated by the commissioner and shall be sufficient, when added to all other income and support available to the child, to provide the child with a reasonable subsistence compatible with decency and health. To the extent permissible under federal law, an eligible relative caretaker or parent shall have the option to include in the assistance unit the needs, income, and resources of the following essential persons who are not otherwise eligible for AFDC because they do not qualify as a caretaker or as a dependent child:

(1) a parent or relative caretaker's spouse and stepchildren; or

(2) blood or legally adopted relatives who are under the age of 18 or under the age of 19 years who are regularly attending as a full-time student, and are expected to complete before or during the month of their 19th birthday, a high school or secondary level course of vocational or technical training designed to prepare students for gainful employment. The amount shall be based on the method of budgeting required in Public Law Number 97-35, section 2315, United States Code, title 42, section 602, as amended and federal regulations at Code of Federal Regulations, title 45, section 233. Nonrecurring lump sum income received by an AFDC family must be budgeted in the normal retrospective cycle. When the family's income, after application of the applicable disregards, exceeds the need standard for the family because of receipt of earned or unearned lump sum income, the family will be ineligible for the full number of months derived by dividing the sum of the lump sum income and other income by the monthly need standard for a family of that size. Any income remaining from this calculation is income in the first month following the period of ineligibility. The first month of ineligibility is the payment month that corresponds with the budget month in which the lump sum income was received. For purposes of applying the lump sum provision, family includes those persons defined in the Code of Federal Regulations, title 45, section 233.20(a)(3)(ii)(F). A period of ineligibility must be shortened when the standard of need increases and the amount the family would have received also changes, an amount is documented as stolen, an amount is unavailable because a member of the family left the household with that amount and has not returned, an amount is paid by the family during the period of ineligibility to cover a cost that would otherwise qualify for emergency assistance, or the family incurs and pays for medical expenses which would have been covered by medical assistance if eligibility existed. In making its determination the county agency shall disregard the following from family income:

(1) all the earned income of each dependent child applying for AFDC if the child is a full-time student and all of the earned income of each dependent child receiving AFDC who is a full-time student or is a part-time student who is not a full-time employee. A student is one who is attending a school, college, or university, or a course of vocational or technical training designed to fit students for gainful employment and includes a participant in the Job Corps program under the Job Training Partnership Act (JTPA). The county agency shall also disregard all income of each dependent child applying for or receiving AFDC when the income is derived from a program carried out under JTPA, except that disregard of earned income may not exceed six months per calendar year;

(2) all educational grants and loans assistance, except the county agency shall count graduate student teaching assistantships, fellowships, and other similar paid work as earned income and, after allowing deductions for any unmet and necessary educational expenses, shall count scholarships or grants awarded to graduate students that do not require teaching or research as unearned income;

(3) the first \$90 of each individual's earned income. For self-employed persons, the expenses directly related to producing goods and services and without which the goods and services could not be produced shall be disregarded pursuant to rules promulgated by the commissioner;

(4) thirty dollars plus one-third of each individual's earned income for individuals found otherwise eligible to receive aid or who have received aid in one of the four months before the month of application. With respect to any month, the county welfare agency shall not disregard under this clause any earned income of any person who has: (a) reduced earned income without good cause within 30 days preceding any month in which an assistance payment is made; (b) refused without good cause to accept an offer of suitable employment; (c) left employment or reduced earnings without good cause and applied for assistance so as to be able later to return to employment with the advantage of the income disregard; or (d) failed without good cause to make a timely report of earned income in accordance with rules promulgated by the commissioner of human services. Persons who are already employed and who apply for assistance shall have their needs computed with full account taken of their earned and other income. If earned and other income of the family is less than need, as determined on the basis of public assistance standards, the county agency shall determine the amount of the grant by applying the disregard of income provisions. The county agency shall not disregard earned income for persons in a family if the total monthly earned and other income exceeds their needs, unless for any one of the four preceding months their needs were met in whole or in part by a grant payment. The disregard of \$30 and one-third of earned income in this clause shall be applied to the individual's income for a period not to exceed four consecutive months. Any month in which the individual loses this

disregard because of the provisions of subclauses (a) to (d) shall be considered as one of the four months. An additional \$30 work incentive must be available for an eight-month period beginning in the month following the last month of the combined \$30 and one-third work incentive. This period must be in effect whether or not the person has earned income or is eligible for AFDC. To again qualify for the earned income disregards under this clause, the individual must not be a recipient of aid for a period of 12 consecutive months. When an assistance unit becomes ineligible for aid due to the fact that these disregards are no longer applied to income, the assistance unit shall be eligible for medical assistance benefits for a 12-month period beginning with the first month of AFDC ineligibility;

(5) an amount equal to the actual expenditures for the care of each dependent child or incapacitated individual living in the same home and receiving aid, not to exceed: (a) \$175 for each individual age two and older, and \$200 for each individual under the age of two. The dependent care disregard must be applied after all other disregards under this subdivision have been applied;

(6) the first \$50 per assistance unit of the monthly support obligation collected by the support and recovery (IV-D) unit. The first \$50 of periodic support payments collected by the public authority responsible for child support enforcement from a person with a legal obligation to pay support for a member of the assistance unit must be paid to the assistance unit within 15 days after the end of the month in which the collection of the periodic support payments occurred and must be disregarded when determining the amount of assistance. A review of a payment decision under this clause must be requested within 30 days after receiving the notice of collection of assigned support or within 90 days after receiving the notice if good cause can be shown for not making the request within the 30-day limit;

(7) that portion of an insurance settlement earmarked and used to pay medical expenses, funeral and burial costs, or to repair or replace insured property; and

(8) all earned income tax credit payments received by the family as a refund of federal income taxes or made as advance payments by an employer.

All payments made pursuant to a court order for the support of children not living in the assistance unit's household shall be disregarded from the income of the person with the legal obligation to pay support, provided that, if there has been a change in the financial circumstances of the person with the legal obligation to pay support since the support order was entered, the person with the legal obligation to pay support has petitioned for a modification of the support order.

Sec. 7. Minnesota Statutes 1994, section 256D.05, subdivision 7, is amended to read:

Subd. 7. [INELIGIBILITY FOR GENERAL ASSISTANCE.] No person ~~disqualified from any federally aided assistance program~~ shall be eligible for general assistance during ~~the a period covered by the disqualification sanction of disqualification because of sanctions, from any federally aided assistance program; or if the person could be considered an essential person under section 256.74, subdivision 1.~~

Sec. 8. Minnesota Statutes 1994, section 256D.36, subdivision 1, is amended to read:

Subdivision 1. [STATE PARTICIPATION.] (a) ~~[ELIGIBILITY.] Commencing January 1, 1974, the commissioner shall certify to each county agency the names of all county residents who were eligible for and did receive aid during December, 1973, pursuant to a categorical aid program of old age assistance, aid to the blind, or aid to the disabled. The amount of supplemental aid for each individual eligible under this section shall be calculated according to the formula in title II, section 212(a) (3) of Public Law Number 93-66, as amended.~~

(b) ~~[DIVISION COSTS.] From and after January 1, 1980, until January 1, 1981, the state shall pay 70 percent and the county shall pay 30 percent of the supplemental aid calculated for each county resident certified under this section who is an applicant for or recipient of supplemental security income. After December 31, 1980, The state share of aid paid shall be 85 percent and the county share shall be 15 percent. Benefits shall be issued to recipients by the state or county and funded according to section 256.025, subdivision 3, subject to provisions of section 256.017.~~

Beginning July 1, 1991, the state will reimburse counties according to the payment schedule in section 256.025 for the county share of county agency expenditures for financial benefits to individuals under this subdivision from January 1, 1991, on. Payment to counties under this subdivision is subject to the provisions of section 256.017.

Sec. 9. Minnesota Statutes 1994, section 256D.385, is amended to read:

256D.385 [RESIDENCE.]

To be eligible for Minnesota supplemental aid, a person must be a resident of Minnesota and (1) a citizen of the United States, or (2) ~~an alien lawfully admitted to the United States for permanent residence, or (3) otherwise permanently residing in the United States under color of law as defined by an alien eligible to receive benefits from the supplemental security income program.~~

Sec. 10. Minnesota Statutes 1994, section 256D.405, subdivision 3, is amended to read:

Subd. 3. [REPORTS.] Recipients must report changes in circumstances that affect eligibility or assistance payment amounts within ten days of the change. ~~Recipients with earned income, and recipients who do not receive SSI because of excess income must complete a monthly report form if they have earned income, if they have income allocated deemed to them from a financially responsible relative with whom the recipient resides, must complete a monthly household report form or if they have income deemed to them by a sponsor.~~ If the report form is not received before the end of the month in which it is due, the county agency must terminate assistance. The termination shall be effective on the first day of the month following the month in which the report was due. If a complete report is received within the month the assistance was terminated, the assistance unit is considered to have continued its application for assistance, effective the first day of the month the assistance was terminated.

Sec. 11. Minnesota Statutes 1994, section 256D.425, subdivision 1, is amended to read:

Subdivision 1. [PERSONS ENTITLED TO RECEIVE AID.] ~~A person who is aged, blind, or 18 years of age or older and disabled, whose income is less than the standards of assistance in section 256D.44 and whose resources are less than the limits in subdivision 2 is eligible for and entitled to Minnesota supplemental aid. A person found eligible by the Social Security Administration for supplemental security income under Title XVI on the basis of age, blindness, or disability meets these requirements. A person who would be eligible for the supplemental security income program except for income that exceeds the limit of that program but that A person receiving supplemental security benefits under Title XVI on the basis of age, blindness, or disability (or would be eligible for such benefits except for excess income) is eligible for a payment under the Minnesota supplemental aid program, if the person's net income is less than the standards in section 256D.44. Persons who are not receiving supplemental security income benefits under Title XVI of the Social Security Act or disability insurance benefits under Title II of the Social Security Act due to exhausting time limited benefits are not eligible to receive benefits under the MSA program. Persons who are not receiving social security or other maintenance benefits for failure to meet or comply with the social security or other maintenance program requirements are not eligible to receive benefits under the MSA program. Persons who are found ineligible for supplemental security income because of excess income, but whose income is within the limits of the Minnesota supplemental aid program, must have blindness or disability determined by the state medical review team.~~

Sec. 12. Minnesota Statutes 1994, section 256D.435, subdivision 1, is amended to read:

Subdivision 1. [EXCLUSIONS INCOME.] ~~The following is excluded from income in determining eligibility for Minnesota supplemental aid:~~

- ~~(1) the value of food stamps;~~
- ~~(2) home-produced food used by the household;~~
- ~~(3) Indian claim payments made by the United States Congress to compensate members of Indian tribes for the taking of tribal lands by the federal government;~~
- ~~(4) cash payments to displaced persons who face relocation as a result of the Housing Act of~~

For persons who have been denied a supplemental security income benefit due to excess income, and have had their blindness or disability determined through the state medical review team, the countable income is the gross amount of earned and unearned income, minus the exclusions and disregards listed in subdivisions 4a, 5, and 6.~~

Sec. 13. Minnesota Statutes 1994, section 256D.435, subdivision 3, is amended to read:

Sec. 15. Minnesota Statutes 1994, section 256D.435, is amended by adding a subdivision to read:

Subd. 4a. [EXCLUSIONS.] The income exclusions used to determine eligibility for Minnesota supplemental aid are those used to determine benefits for supplemental security income.

Sec. 16. Minnesota Statutes 1994, section 256D.435, subdivision 5, is amended to read:

Subdivision 1. [USE OF STANDARDS; INCREASES.] The state standards of assistance for shelter, basic needs, and plus special need items that establish the total amount of maintenance need for an applicant for or recipient of Minnesota supplemental aid, are used to determine the assistance unit's eligibility for Minnesota supplemental aid. The state standards of assistance for basic needs must increase by an amount equal to the dollar value, rounded up to the nearest dollar, of any cost of living increases in the supplemental security income program.

Sec. 19. Minnesota Statutes 1994, section 256D.44, subdivision 2, is amended to read:

Subd. 2. (a) If an applicant or recipient does not reside with another person or persons, the state standard of assistance is the actual cost for shelter items or \$124, whichever is less.

(b) If an applicant married couple or recipient married couple, who live together, does not reside with others, the state standard of assistance is the actual cost for shelter items or \$186, whichever is less.

(c) If an applicant or recipient resides with another person or persons, the state standard of assistance is the actual cost for shelter items or \$93, whichever is less.

(d) If an applicant married couple or recipient married couple, who live together, resides with others, the state standard of assistance is the actual cost for shelter items or \$124, whichever is less.

(e) Actual shelter costs for applicants or recipients, who reside with others, are determined by dividing the total monthly shelter costs by the number of persons who share the residence.

(f) Married couples, living together and receiving MSA on January 1, 1994, and whose eligibility has not been terminated for a full calendar month, are exempt from the standards in paragraphs (b) and (d). Sec. 20. Minnesota Statutes 1994, section 256D.44, subdivision 3, is amended to read:

Subd. 3. [STANDARD OF ASSISTANCE FOR BASIC NEEDS.] ~~The state standard of assistance for basic needs provides for the applicant's or recipient's maintenance needs, other than actual shelter costs.~~ Except as provided in subdivision 4, the monthly state standard of assistance for basic needs is as follows:

Subd. 4. [TEMPORARY ABSENCE DUE TO ILLNESS.] For the purposes of this subdivision, "home" means a residence owned or rented by a recipient or the recipient's spouse. Home does not include a ~~negotiated rate~~ group residential housing facility. Assistance payments for recipients who are temporarily absent from their home due to hospitalization for illness must continue at the same level of payment during their absence if the following criteria are met:

(1) a physician certifies that the absence is not expected to continue for more than three months;

(2) a physician certifies that the recipient will be able to return to independent living; and

(3) the recipient has expenses associated with maintaining a residence in the community.

Sec. 22. Minnesota Statutes 1994, section 256D.44, subdivision 5, is amended to read:

Subd. 5. [SPECIAL NEEDS.] ~~Notwithstanding~~ In addition to the state standards of assistance established in subdivisions 1 to 4, payments are allowed for the following special needs of recipients of Minnesota supplemental aid who are not residents of a nursing home, a regional treatment center, or a group residential housing facility:

(a) The county agency shall pay a monthly allowance for medically prescribed diets payable under the AFDC program if the cost of those additional dietary needs cannot be met through some other maintenance benefit.

(b) Payment for nonrecurring special needs must be allowed for necessary home repairs or necessary repairs or replacement of household furniture and appliances using the payment standard of the AFDC program for these expenses, as long as other funding sources are not available.

(c) A fee for guardian or conservator service is allowed at a reasonable rate negotiated by the county or approved by the court. This rate shall not exceed five percent of the assistance unit's

gross monthly income up to a maximum of \$100 per month. If the guardian or conservator is a member of the county agency staff, no fee is allowed.

(d) The county agency shall continue to pay a monthly allowance of \$68 for restaurant meals for a person who was receiving a restaurant meal allowance on June 1, 1990, and who eats two or more meals in a restaurant daily. The allowance must continue until the person has not received Minnesota supplemental aid for one full calendar month or until the person's living arrangement changes and the person no longer meets the criteria for the restaurant meal allowance, whichever occurs first.

(e) A fee of ten percent of the recipients gross income or \$25, whichever is less, is allowed for representative payee services provided by an agency that meets the requirements under SSI regulations to charge a fee for representative payee services. This special need is available to all recipients of Minnesota supplemental aid regardless of their living arrangement.

Sec. 23. Minnesota Statutes 1994, section 256D.44, subdivision 6, is amended to read:

Subd. 6. [COUNTY AGENCY STANDARDS OF ASSISTANCE.] The county agency may establish standards of assistance for ~~shelter~~, basic needs, special needs, and clothing and personal needs, ~~and negotiated rates~~ that exceed the corresponding state standards of assistance. State aid is not available for costs above state standards.

Sec. 24. Minnesota Statutes 1994, section 256D.45, subdivision 1, is amended to read:

Subdivision 1. [~~PROSPECTIVE BUDGETING.~~] ~~A calendar month is~~ The payment period and budgeting cycle for Minnesota supplemental aid. ~~The monthly payment to a recipient must be determined prospectively~~ are those of the supplemental security income program.

Sec. 25. Minnesota Statutes 1994, section 256D.46, subdivision 1, is amended to read:

Subdivision 1. [ELIGIBILITY.] Emergency Minnesota supplemental aid must be granted if the recipient is without adequate resources to resolve an emergency that, if unresolved, will threaten the health or safety of the recipient. For the purposes of this section, the term "recipient" includes persons for whom a group residential housing benefit is being paid under sections 256I.01 to 256I.06.

Sec. 26. Minnesota Statutes 1994, section 256D.46, subdivision 2, is amended to read:

Subd. 2. [INCOME AND RESOURCE TEST.] All income and resources available to the recipient ~~during the month in which the need for emergency Minnesota supplemental aid arises~~ must be considered in determining the recipient's ability to meet the emergency need. Property that can be liquidated in time to resolve the emergency and income (excluding Minnesota supplemental aid issued for current month's need) that is normally disregarded or excluded under the Minnesota supplemental aid program must be considered available to meet the emergency need.

Sec. 27. Minnesota Statutes 1994, section 256D.48, subdivision 1, is amended to read:

Subdivision 1. [NEED FOR PROTECTIVE PAYEE.] The county agency shall determine whether a recipient needs a protective payee when a physical or mental condition renders the recipient unable to manage funds and when payments to the recipient would be contrary to the recipient's welfare. Protective payments must be issued when there is evidence of: (1) repeated inability to plan the use of income to meet necessary expenditures; (2) repeated observation that the recipient is not properly fed or clothed; (3) repeated failure to meet obligations for rent, utilities, food, and other essentials; (4) evictions or a repeated incurrence of debts; ~~or~~ (5) lost or stolen checks; or (6) use of emergency Minnesota supplemental aid more than twice in a calendar year. The determination of representative payment by the Social Security Administration for the recipient is sufficient reason for protective payment of Minnesota supplemental aid payments.

Sec. 28. Minnesota Statutes 1994, section 256I.03, subdivision 5, is amended to read:

Subd. 5. [MSA EQUIVALENT RATE.] "MSA equivalent rate" means an amount equal to the total of:

(1) the combined maximum shelter and basic needs standards for MSA recipients living alone specified in section 256D.44, subdivisions 2, paragraph (a); and 3, paragraph (a); plus

(2) ~~for persons who are not eligible to receive food stamps due to living arrangement~~, the maximum allotment authorized by the federal Food Stamp Program for a single individual which is in effect on the first day of July each year; less

(3) the personal needs allowance authorized for medical assistance recipients under section 256B.35.

The MSA equivalent rate is to be adjusted on the first day of July each year to reflect changes in any of the component rates under clauses (1) to (3).

Sec. 29. Minnesota Statutes 1994, section 256I.03, is amended by adding a subdivision to read:

Subd. 7. [COUNTABLE INCOME.] "Countable income" means all income received by an applicant or recipient less any applicable exclusions or disregards. For a recipient of any cash benefit from the SSI program, countable income means the SSI benefit limit in effect at the time the person is in a GRH setting less \$20, less the medical assistance personal needs allowance. If the SSI limit has been reduced for a person due to events occurring prior to the persons entering the GRH setting, countable income means actual income less any applicable exclusions and disregards.

Sec. 30. Minnesota Statutes 1994, section 256I.04, subdivision 2b, is amended to read:

Subd. 2b. [GROUP RESIDENTIAL HOUSING AGREEMENTS.] Agreements between county agencies and providers of group residential housing must be in writing and must specify the name and address under which the establishment subject to the agreement does business and under which the establishment, or service provider, if different from the group residential housing establishment, is licensed by the department of health or the department of human services; the specific license or registration from the department of health or the department of human services held by the provider and the number of beds subject to that license; the address of the location or locations at which group residential housing is provided under this agreement; the per diem and monthly rates that are to be paid from group residential housing funds for each eligible resident at each location; the number of beds at each location which are subject to the group residential housing agreement; whether the license holder is a not-for-profit corporation under section 501(c)(3) of the Internal Revenue Code; and a statement that the agreement is subject to the provisions of sections 256I.01 to 256I.06 and subject to any changes to those sections.

Sec. 31. Minnesota Statutes 1994, section 256I.04, subdivision 3, is amended to read:

Subd. 3. [MORATORIUM ON THE DEVELOPMENT OF GROUP RESIDENTIAL HOUSING BEDS.] (a) County agencies shall not enter into agreements for new group residential housing beds with total rates in excess of the MSA equivalent rate except: (1) for group residential housing establishments meeting the requirements of subdivision 2a, clause (2) with department approval; (2) for group residential housing establishments licensed under Minnesota Rules, parts 9525.0215 to 9525.0355, provided the facility is needed to meet the census reduction targets for persons with mental retardation or related conditions at regional treatment centers; (3) to ensure compliance with the federal Omnibus Budget Reconciliation Act alternative disposition plan requirements for inappropriately placed persons with mental retardation or related conditions or mental illness; or (4) up to 80 beds in a single, specialized facility located in Hennepin county that will provide housing for chronic inebriates who are repetitive users of detoxification centers and are refused placement in emergency shelters because of their state of intoxication. Planning for the specialized facility must have been initiated before July 1, 1991, in anticipation of receiving a grant from the housing finance agency under section 462A.05, subdivision 20a, paragraph (b)-; or (5) notwithstanding the provisions of subdivision 2a, for up to 180 supportive housing units in Anoka, Dakota, Hennepin, or Ramsey county for homeless adults with a mental illness, a history of substance abuse, or human immunodeficiency virus or acquired immunodeficiency syndrome. For purposes of this section, "homeless adult" means a person who is living on the street or in a shelter or is evicted from a dwelling unit or discharged from a regional treatment center, community hospital, or residential treatment program and has no appropriate housing available and lacks the resources and support necessary to access appropriate housing. At least 70 percent of

the supportive housing units must serve homeless adults with mental illness, substance abuse problems, or human immunodeficiency virus or acquired immunodeficiency syndrome who are about to be discharged from a regional treatment center, or a state-contracted psychiatric bed in a community hospital, or a residential mental health or chemical dependency treatment program. If a person meets the requirements of subdivision 1, paragraph (a), the group residential housing rate for that person is limited to the supplementary rate under section 256I.05, subdivision 1a, and is determined by subtracting the amount of the person's countable income that exceeds the MSA equivalent rate from the group residential housing supplementary rate. Service funding under section 256I.05, subdivision 1a, must end June 30, 1997. Effective July 1, 1997, services to persons in these settings must be provided through a managed care entity. This provision is subject to the availability of matching federal funds.

(b) A county agency may enter into a group residential housing agreement for beds with rates in excess of the MSA equivalent rate in addition to those currently covered under a group residential housing agreement if the additional beds are only a replacement of beds with rates in excess of the MSA equivalent rate which have been made available due to closure of a setting, a change of licensure or certification which removes the beds from group residential housing payment, or as a result of the downsizing of a group residential housing setting. The transfer of available beds from one county to another can only occur by the agreement of both counties.

~~(c) Group residential housing beds which become available as a result of downsizing settings which have a license issued under Minnesota Rules, parts 9520.0500 to 9520.0690, must be permanently removed from the group residential housing census and not replaced.~~

Sec. 32. Minnesota Statutes 1994, section 256I.05, subdivision 1, is amended to read:

Subdivision 1. [MAXIMUM RATES.] ~~(a)~~ Monthly room and board rates negotiated by a county agency for a recipient living in group residential housing must not exceed the MSA equivalent rate specified under section 256I.03, subdivision 5, with the exception that a county agency may negotiate a room and board rate that exceeds the MSA equivalent rate by up to \$426.37 for recipients of waiver services under title XIX of the Social Security Act. This exception is subject to the following conditions:

(1) that the Secretary of Health and Human Services has not approved a state request to include room and board costs which exceed the MSA equivalent rate in an individual's set of waiver services under title XIX of the Social Security Act; or

(2) that the Secretary of Health and Human Services has approved the inclusion of room and board costs which exceed the MSA equivalent rate, but in an amount that is insufficient to cover costs which are included in a group residential housing agreement in effect on June 30, 1994; and

(3) the amount of the rate that is above the MSA equivalent rate has been approved by the commissioner. The county agency may at any time negotiate a lower room and board rate than the rate that would otherwise be paid under this subdivision.

~~(b) The maximum monthly rate for an establishment that enters into an initial group residential housing agreement with a county agency on or after June 1, 1989, may not exceed 90 percent of the maximum rate established under this subdivision. This is effective until June 30, 1994.~~

Sec. 33. Minnesota Statutes 1994, section 256I.05, subdivision 1a, is amended to read:

Subd. 1a. [SUPPLEMENTARY RATES.] In addition to the room and board rate specified in subdivision 1, the county agency may negotiate a payment not to exceed \$426.37 for other services necessary to provide room and board provided by the group residence if the residence is licensed by or registered by the department of health, or licensed by the department of human services to provide services in addition to room and board, and if the ~~recipient~~ provider of services is not also concurrently receiving funding for services for a recipient under a home and community-based waiver under title XIX of the Social Security Act or residing in a setting which receives funding under Minnesota Rules, parts 9535.2000 to 9535.3000. If funding is available for other necessary services through a home and community-based waiver, then the GRH rate is limited to the rate set in subdivision 1. The registration and licensure requirement does not apply to establishments which are exempt from state licensure because they are located on Indian

reservations and for which the tribe has prescribed health and safety requirements. Service payments under this section may be prohibited under rules to prevent the supplanting of federal funds with state funds. The commissioner shall pursue the feasibility of obtaining the approval of the Secretary of Health and Human Services to provide home and community-based waiver services under title XIX of the Social Security Act for residents who are not eligible for an existing home and community-based waiver due to a primary diagnosis of mental illness or chemical dependency and shall apply for a waiver if it is determined to be cost-effective.

Sec. 34. Minnesota Statutes 1994, section 256I.05, subdivision 5, is amended to read:

Subd. 5. [ADULT FOSTER CARE RATES.] The commissioner shall annually establish statewide maintenance and difficulty of care rates limits for adults in foster care. ~~The commissioner shall adopt rules to implement statewide rates. In adopting rules, the commissioner shall consider existing maintenance and difficulty of care rates so that, to the extent possible, an adult for whom a maintenance or difficulty of care rate is established will not be adversely affected.~~

Sec. 35. Minnesota Statutes 1994, section 256I.06, subdivision 2, is amended to read:

Subd. 2. [TIME OF PAYMENT.] A county agency may make payments to a group residence in advance for an individual whose stay in the group residence is expected to last beyond the calendar month for which the payment is made and who does not expect to receive countable earned income during the month for which the payment is made. Group residential housing payments made by a county agency on behalf of an individual who is not expected to remain in the group residence beyond the month for which payment is made must be made subsequent to the individual's departure from the group residence. Group residential housing payments made by a county agency on behalf of an individual with countable earned income must be made subsequent to receipt of a monthly household report form.

Sec. 36. Minnesota Statutes 1994, section 256I.06, subdivision 6, is amended to read:

Subd. 6. [REPORTS.] Recipients must report changes in circumstances that affect eligibility or group residential housing payment amounts within ten days of the change. Recipients with countable earned income must complete a monthly household report form. If the report form is not received before the end of the month in which it is due, the county agency must terminate eligibility for group residential housing payments. The termination shall be effective on the first day of the month following the month in which the report was due. If a complete report is received within the month eligibility was terminated, the individual is considered to have continued an application for group residential housing payment effective the first day of the month the eligibility was terminated.

Sec. 37. Minnesota Statutes 1994, section 393.07, subdivision 10, is amended to read:

Subd. 10. [FEDERAL FOOD STAMP PROGRAM.] (a) The local social services agency shall establish and administer the food stamp program pursuant to rules of the commissioner of human services, the supervision of the commissioner as specified in section 256.01, and all federal laws and regulations. Program requirements to be monitored include, but are not limited to, number of applications, number of approvals, number of cases pending, length of time required to process each application and deliver benefits, number of applicants eligible for expedited issuance, length of time required to process and deliver expedited issuance, number of terminations and reasons for terminations, client profiles by age, household composition and income level and sources, and the use of phone certification and home visits. The commissioner shall determine the county-by-county and statewide participation rate.

(b) On July 1 of each year, the commissioner of human services shall determine a statewide and county-by-county food stamp program participation rate. The commissioner may designate a different agency to administer the food stamp program in a county if the agency administering the program fails to increase the food stamp program participation rate among families or eligible individuals, or comply with all federal laws and regulations governing the food stamp program. The commissioner shall review agency performance annually to determine compliance with this paragraph.

(c) A person who commits any of the following acts has violated section 256.98 or 609.821, or both, and is subject to both the criminal and civil penalties provided under those sections:

(1) obtains or attempts to obtain, or aids or abets any person to obtain by means of a willfully false statement or representation, or intentional concealment of a material fact, food stamps to which the person is not entitled or in an amount greater than that to which that person is entitled; or

(2) presents or causes to be presented, coupons for payment or redemption knowing them to have been received, transferred or used in a manner contrary to existing state or federal law;

(d) A peace officer or welfare fraud investigator may confiscate food stamps, authorization to purchase cards, or other assistance transaction devices found in the possession of any person who is neither a recipient of the food stamp program nor otherwise authorized to possess and use such materials. Confiscated property shall be disposed of as the commissioner may direct and consistent with state and federal food stamp law. The confiscated property must be retained for a period of not less than 30 days to allow any affected person to appeal the confiscation under section 256.045.

(e) Food stamp overpayment claims which are due in whole or in part to client error shall be established by the county agency for a period of six years from the date of any resultant overpayment.

(f) With regard to the federal tax revenue offset program only, recovery incentives authorized by the federal food and consumer service shall be retained at the rate of 50 percent by the state agency and 50 percent by the certifying county agency.

Sec. 38. [RAMSEY COUNTY ELECTRONIC BENEFIT SERVICE.]

Notwithstanding the requirements for state contracts contained in Minnesota Statutes, chapter 16B, or Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 5, or any other law to the contrary, the commissioner, under terms and conditions approved by the attorney general, may accept assignment from Ramsey county of any existing contract, license agreement, or similar transactional document related to the Ramsey county electronic benefit system. The term of any contract, agreement, or other document assigned to the state, including the agreement arising from the Ramsey county electronic benefit services pilot project, may not extend beyond June 30, 1997, and the commissioner must publish a request for proposals for succeeding electronic benefits services, including services required for statewide expansion in the State Register before January 1, 1996.

Sec. 39. Laws 1993, First Special Session chapter 1, article 8, section 30, subdivision 2, is amended to read:

Subd. 2. Sections 1 to 3, 8, 9, 13 to 17, 22, 23, and 26 to 29 are effective July 1, 1994, contingent upon federal recognition that group residential housing payments qualify as optional state supplement payments to the supplemental security income program under title XVI of the Social Security Act and confer categorical eligibility for medical assistance under the state plan for medical assistance. The amendments and repeals by Laws 1993, First Special Session chapter 1, article 8, sections 1 to 3, 8, 9, 13 to 17, 22, 23, 26, and 29, are effective July 1, 1994.

(c) The household size to be used in determining the amount of contribution under paragraph (b) includes natural and adoptive parents and their dependents under age 21, including the child receiving services. Adjustments in the contribution amount due to annual changes in the federal poverty guidelines shall be implemented on the first day of July following publication of the changes.

(d) For purposes of paragraph (b), "income" means the adjusted gross income of the natural or adoptive parents determined according to the previous year's federal tax form.

(e) The contribution shall be explained in writing to the parents at the time eligibility for services is being determined. The contribution shall be made on a monthly basis effective with the first month in which the child receives services. Annually upon redetermination or at termination of eligibility, if the contribution exceeded the cost of services provided, the local agency or the state shall reimburse that excess amount to the parents, either by direct reimbursement if the parent is no longer required to pay a contribution, or by a reduction in or waiver of parental fees until the excess amount is exhausted.

(f) The monthly contribution amount must be reviewed at least every 12 months; when there is a change in household size; and when there is a loss of or gain in income from one month to another in excess of ten percent. The local agency shall mail a written notice 30 days in advance of the effective date of a change in the contribution amount. A decrease in the contribution amount is effective in the month that the parent verifies a reduction in income or change in household size.

(g) Parents of a minor child who do not live with each other shall each pay the contribution required under paragraph (a), except that a court-ordered child support payment actually paid on behalf of the child receiving services shall be deducted from the contribution of the parent making the payment.

(h) The contribution under paragraph (b) shall be increased by an additional five percent if the local agency determines that insurance coverage is available but not obtained for the child. For purposes of this section, "available" means the insurance is a benefit of employment for a family member at an annual cost of no more than five percent of the family's annual income. For purposes of this section, insurance means health and accident insurance coverage, enrollment in a nonprofit health service plan, health maintenance organization, self-insured plan, or preferred provider organization.

Parents who have more than one child receiving services shall not be required to pay more than the amount for the child with the highest expenditures. There shall be no resource contribution from the parents. The parent shall not be required to pay a contribution in excess of the cost of the services provided to the child, not counting payments made to school districts for education-related services. Notice of an increase in fee payment must be given at least 30 days before the increased fee is due.

Sec. 7. Minnesota Statutes 1994, section 252.27, is amended by adding a subdivision to read:

Subd. 5. [DETERMINATION; REDETERMINATION; NOTICE.] A determination order and notice of parental fee shall be mailed to the parent at least annually, or more frequently as provided in Minnesota Rules, parts 9550.6220 to 9550.6229. The determination order and notice shall contain the following information: (1) the amount the parent is required to contribute; (2) notice of the right to a redetermination and appeal; and (3) the telephone number of the division at the department of human services that is responsible for redeterminations.

Sec. 8. Minnesota Statutes 1994, section 252.27, is amended by adding a subdivision to read:

Subd. 6. [APPEALS.] A parent may appeal the determination or redetermination of an obligation to make a contribution under this section, according to section 256.045. The parent must make a request for a hearing in writing within 30 days of the date the determination or redetermination order is mailed, or within 90 days of such written notice if the parent shows good cause why the request was not submitted within the 30-day time limit. The commissioner must provide the parent with a written notice that acknowledges receipt of the request and notifies the parent of the date of the hearing. While the appeal is pending, the parent has the rights regarding making payment that are provided in Minnesota Rules, part 9550.6235. If the commissioner's determination or redetermination is affirmed, the parent shall, within 90 calendar days after the date an order is issued under section 256.045, subdivision 5, pay the total amount due from the effective date of the notice of determination or redetermination that was appealed by the parent. If the commissioner's order under this subdivision results in a decrease in the parental fee amount, any payments made by the parent that result in an overpayment shall be credited to the parent as provided in Minnesota Rules, part 9550.6235, subpart 3.

Sec. 9. Minnesota Statutes 1994, section 256.015, subdivision 1, is amended to read:

Subdivision 1. [STATE AGENCY HAS LIEN.] When the state agency provides, pays for, or becomes liable for medical care or furnishes subsistence or other payments to a person, the agency has a lien for the cost of the care and payments on all causes of action that accrue to the person to whom the care or payments were furnished, or to the person's legal representatives, as a result of the occurrence that necessitated the medical care, subsistence, or other payments. For purposes of this section, "state agency" includes authorized agents of the state agency.

Sec. 10. Minnesota Statutes 1994, section 256.015, subdivision 2, is amended to read:

Subd. 2. [PERFECTION; ENFORCEMENT.] The state agency may perfect and enforce its lien under sections 514.69, 514.70, and 514.71, and must file the verified lien statement with the appropriate court administrator in the county of financial responsibility. The verified lien statement must contain the following: the name and address of the person to whom medical care, subsistence, or other payment was furnished; the date of injury; the name and address of vendors furnishing medical care; the dates of the service or payment; the amount claimed to be due for the care or payment; and to the best of the state agency's knowledge, the names and addresses of all persons, firms, or corporations claimed to be liable for damages arising from the injuries.

This section does not affect the priority of any attorney's lien. The state agency is not subject to any limitations period referred to in section 514.69 or 514.71 and has one year from the date notice is first received by it under subdivision 4, paragraph (c), even if the notice is untimely, or one year from the date medical bills are first paid by the state agency, whichever is later, to file its verified lien statement. The state agency may commence an action to enforce the lien within one year of (1) the date the notice required by subdivision 4, paragraph (c), is received, or (2) the date the person's cause of action is concluded by judgment, award, settlement, or otherwise, whichever is later.

Sec. 11. Minnesota Statutes 1994, section 256.015, subdivision 7, is amended to read:

Subd. 7. [COOPERATION REQUIRED.] Upon the request of the department of human services, any state agency or third party payer shall cooperate with the department in furnishing information to help establish a third party liability. Upon the request of the department of human services or county child support or human service agencies, any employer or third party payer shall cooperate in furnishing information about group health insurance plans or medical benefit plans available to its employees. The department of human services and county agencies shall limit its use of information gained from agencies and, third party payers, and employers to

purposes directly connected with the administration of its public assistance and child support programs. The provision of information by agencies ~~and, third party payers, and employers to the~~ department under this subdivision is not a violation of any right of confidentiality or data privacy.

Sec. 12. Minnesota Statutes 1994, section 256.9353, subdivision 8, is amended to read:

Subd. 8. [LIEN.] When the state agency provides, pays for, or becomes liable for covered health services, the agency shall have a lien for the cost of the covered health services upon any and all causes of action accruing to the enrollee, or to the enrollee's legal representatives, as a result of the occurrence that necessitated the payment for the covered health services. All liens under this section shall be subject to the provisions of section 256.015. For purposes of this subdivision, "state agency" includes authorized agents of the state agency.

Sec. 13. Minnesota Statutes 1994, section 256.9365, is amended to read:

256.9365 [PURCHASE OF CONTINUATION COVERAGE FOR AIDS PATIENTS.]

Subdivision 1. [PROGRAM ESTABLISHED.] The commissioner of human services shall establish a program to pay private health plan premiums for persons who have contracted human immunodeficiency virus (HIV) to enable them to continue coverage under a group or individual health plan. If a person is determined to be eligible under subdivision 2, the commissioner shall: ~~(1) pay the eligible person's group plan premium for the period of continuation coverage provided in the Consolidated Omnibus Budget Reconciliation Act of 1985; or (2) pay the eligible person's individual plan premium for 24 months~~ pay the portion of the group plan premium for which the individual is responsible, if the individual is responsible for at least 50 percent of the cost of the premium, or pay the individual plan premium. The commissioner shall not pay for that portion of a premium that is attributable to other family members or dependents.

Subd. 2. [ELIGIBILITY REQUIREMENTS.] To be eligible for the program, an applicant must satisfy the following requirements:

(1) the applicant must provide a physician's statement verifying that the applicant is infected with HIV and is, or within three months is likely to become, too ill to work in the applicant's current employment because of HIV-related disease;

(2) the applicant's monthly gross family income must not exceed 300 percent of the federal poverty guidelines, after deducting medical expenses and insurance premiums;

(3) the applicant must not own assets with a combined value of more than \$25,000; and

(4) if applying for payment of group plan premiums, the applicant must be covered by an employer's or former employer's group insurance plan ~~and be eligible to purchase continuation coverage; and~~

~~(5) if applying for payment of individual plan premiums, the applicant must be covered by an individual health plan whose coverage and premium costs satisfy additional requirements established by the commissioner in rule.~~

Subd. 3. [RULES COST-EFFECTIVE COVERAGE.] ~~The commissioner shall establish rules as necessary to implement the program. Special Requirements for the payment of individual plan premiums under subdivision 2, clause (5), must be designed to ensure that the state cost of paying an individual plan premium over a two-year period does not exceed the estimated state cost that would otherwise be incurred in the medical assistance or general assistance medical care program. The commissioner shall purchase the most cost-effective coverage available for eligible individuals.~~

Sec. 14. Minnesota Statutes 1994, section 256.9657, subdivision 3, is amended to read:

Subd. 3. [HEALTH MAINTENANCE ORGANIZATION; INTEGRATED SERVICE NETWORK SURCHARGE.] (a) Effective October 1, 1992, each health maintenance organization with a certificate of authority issued by the commissioner of health under chapter 62D and each integrated service network and community integrated service network licensed by the commissioner under chapter 62N shall pay to the commissioner of human services a surcharge

equal to six-tenths of one percent of the total premium revenues of the health maintenance organization, integrated service network, or community integrated service network as reported to the commissioner of health according to the schedule in subdivision 4.

(b) For purposes of this subdivision, total premium revenue means:

(1) premium revenue recognized on a prepaid basis from individuals and groups for provision of a specified range of health services over a defined period of time which is normally one month, excluding premiums paid to a health maintenance organization, integrated service network, or community integrated service network from the Federal Employees Health Benefit Program;

(2) premiums from Medicare wrap-around subscribers for health benefits which supplement Medicare coverage;

(3) Medicare revenue, as a result of an arrangement between a health maintenance organization, an integrated service network, or a community integrated service network and the health care financing administration of the federal Department of Health and Human Services, for services to a Medicare beneficiary; and

(4) medical assistance revenue, as a result of an arrangement between a health maintenance organization, integrated service network, or community integrated service network and a Medicaid state agency, for services to a medical assistance beneficiary.

If advance payments are made under clause (1) or (2) to the health maintenance organization, integrated service network, or community integrated service network for more than one reporting period, the portion of the payment that has not yet been earned must be treated as a liability.

(c) When a health maintenance organization or an integrated service network or community integrated service network merges or consolidates with or is acquired by another health maintenance organization, integrated service network, or community integrated service network, the surviving corporation or the new corporation shall be responsible for the annual surcharge originally imposed on each of the entities or corporations subject to the merger, consolidation, or acquisition, regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N.

(d) Effective July 1 of each year, the surviving corporation's or the new corporation's surcharge shall be based on the revenues earned in the second previous calendar year by all of the entities or corporations subject to the merger, consolidation, or acquisition regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N until the total premium revenues of the surviving corporation include the total premium revenues of all the merged entities as reported to the commissioner of health.

(e) When a health maintenance organization, integrated service network, or community integrated service network, which is subject to liability for the surcharge under this chapter, transfers, assigns, sells, leases, or disposes of all or substantially all of its property or assets, liability for the surcharge imposed by this chapter is imposed on the transferee, assignee, or buyer of the health maintenance organization, integrated service network, or community integrated service network.

(f) In the event a health maintenance organization, integrated service network, or community integrated service network converts its licensure to a different type of entity subject to liability for the surcharge under this chapter, but survives in the same or substantially similar form, the surviving entity remains liable for the surcharge regardless of whether one of the entities or corporations does not retain a certificate of authority under chapter 62D or a license under chapter 62N.

(g) The surcharge assessed to a health maintenance organization, integrated service network, or community integrated service network ends when the entity ceases providing services for premiums and the cessation is not connected with a merger, consolidation, acquisition, or conversion.

Sec. 15. Minnesota Statutes 1994, section 256.9657, subdivision 4, is amended to read:

Subd. 4. [PAYMENTS INTO THE ACCOUNT.] (a) Payments to the commissioner under subdivisions 1 to 3 must be paid in monthly installments due on the 15th of the month beginning October 15, 1992. The monthly payment must be equal to the annual surcharge divided by 12. Payments to the commissioner under subdivisions 2 and 3 for fiscal year 1993 must be based on calendar year 1990 revenues. Effective July 1 of each year, beginning in 1993, payments under subdivisions 2 and 3 must be based on revenues earned in the second previous calendar year.

(b) Effective October 1, 1995, and each October 1 thereafter, the payments in subdivisions 2 and 3 must be based on revenues earned in the previous calendar year.

(c) If the commissioner of health does not provide by August 15 of any year data needed to update the base year for the hospital and health maintenance organization surcharges, the commissioner of human services may estimate base year revenue and use that estimate for the purposes of this section until actual data is provided by the commissioner of health.

Sec. 16. Minnesota Statutes 1994, section 256.9685, subdivision 1b, is amended to read:

Subd. 1b. [APPEAL OF RECONSIDERATION.] Notwithstanding section 256B.72, the commissioner may recover inpatient hospital payments for services that have been determined to be medically unnecessary after the reconsideration and determinations. A physician or hospital may appeal the result of the reconsideration process by submitting a written request for review to the commissioner within 30 days after receiving notice of the action. The commissioner shall review the medical record and information submitted during the reconsideration process and the medical review agent's basis for the determination that the services were not medically necessary for inpatient hospital services. The commissioner shall issue an order upholding or reversing the decision of the reconsideration process based on the review. ~~A hospital or physician who is aggrieved by an order of the commissioner may appeal the order to the district court of the county in which the physician or hospital is located by serving a written copy of the notice of appeal upon the commissioner within 30 days after the date the commissioner issued the order.~~

Sec. 17. Minnesota Statutes 1994, section 256.9685, is amended by adding a subdivision to read:

Subd. 1c. [JUDICIAL REVIEW.] A hospital or physician aggrieved by an order of the commissioner under subdivision 1b may appeal the order to the district court of the county in which the physician or hospital is located by:

(1) serving a written copy of a notice of appeal upon the commissioner within 30 days after the date the commissioner issued the order; and

(2) filing the original notice of appeal and proof of service with the court administrator of the district court. The appeal shall be treated as a dispositive motion under the Minnesota General Rules of Practice, rule 115. The district court scope of review shall be as set forth in section 14.69.

Sec. 18. Minnesota Statutes 1994, section 256.9685, is amended by adding a subdivision to read:

Subd. 1d. [TRANSMITTAL OF RECORD.] Within 30 days after being served with the notice of appeal, the commissioner shall transmit to the district court the original or certified copy of the entire record considered by the commissioner in making the final agency decision. The district court shall not consider evidence that was not included in the record before the commissioner.

Sec. 19. Minnesota Statutes 1994, section 256.969, subdivision 1, is amended to read:

Subdivision 1. [HOSPITAL COST INDEX.] (a) ~~The hospital cost index shall be obtained from an independent source and shall represent a weighted average of historical, as limited to statutory maximums, and projected cost change estimates determined for expense categories to include wages and salaries, employee benefits, medical and professional fees, raw food, utilities, insurance including malpractice insurance, and other applicable expenses as determined by the commissioner. The index shall reflect Minnesota cost category weights. Individual indices shall be specific to Minnesota if the commissioner determines that sufficient accuracy of the hospital cost index is achieved. the change in the Consumer Price Index-All Items (United States city average) (CPI-U) forecasted by Data Resources, Inc. The commissioner shall use the indices as forecasted~~

in the third quarter of the calendar year prior to the rate year. The hospital cost index may be used to adjust the base year operating payment rate through the rate year on an annually compounded basis. Notwithstanding section 256.9695, subdivision 3, paragraph (c), the hospital cost index shall not be effective under the general assistance medical care program and shall be limited to five percent under the medical assistance program for admissions occurring during the biennium ending June 30, 1995.

(b) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for hospital payment rates under medical assistance, nor under general assistance medical care, except that the inflation adjustments under paragraph (a) for medical assistance, excluding general assistance medical care, shall apply for the biennium ending June 30, 1997. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in hospital payment rates under medical assistance and general assistance medical care, based upon the hospital cost index.

Sec. 20. Minnesota Statutes 1994, section 256.969, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING PAYMENT RATES.] In determining operating payment rates for admissions occurring on or after the rate year beginning January 1, 1991, and every two years after, or more frequently as determined by the commissioner, the commissioner shall obtain operating data from an updated base year and establish operating payment rates per admission for each hospital based on the cost-finding methods and allowable costs of the Medicare program in effect during the base year. Rates under the general assistance medical care program shall not be rebased to more current data on January 1, 1997. The base year operating payment rate per admission is standardized by the case mix index and adjusted by the hospital cost index, relative values, and disproportionate population adjustment. The cost and charge data used to establish operating rates shall only reflect inpatient services covered by medical assistance and shall not include property cost information and costs recognized in outlier payments.

Sec. 21. Minnesota Statutes 1994, section 256.969, is amended by adding a subdivision to read:

Subd. 8a. [UNUSUAL SHORT LENGTH OF STAY.] Except as provided in subdivision 13, for admissions occurring on or after July 1, 1995, payment shall be determined as follows and shall be included in the base year for rate setting purposes.

(1) For an admission that is categorized to a neonatal diagnostic related group in which the length of stay is less than 50 percent of the average length of stay for the category in the base year and the patient at admission is equal to or greater than the age of one, payments shall be established according to the methods of subdivision 14.

(2) For an admission that is categorized to a diagnostic category that includes neonatal respiratory distress syndrome, the hospital must have a level II or level III nursery and the patient must receive treatment in that unit or payment will be made without regard to the syndrome condition.

Sec. 22. Minnesota Statutes 1994, section 256.969, subdivision 9, is amended to read:

Subd. 9. [DISPROPORTIONATE NUMBERS OF LOW-INCOME PATIENTS SERVED.] (a) For admissions occurring on or after October 1, 1992, through December 31, 1992, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service; and

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. If federal matching funds are not available for all adjustments under this subdivision, the commissioner shall reduce payments on a pro rata basis so that all adjustments qualify for federal match. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class.

(b) For admissions occurring on or after July 1, 1993, the medical assistance disproportionate population adjustment shall comply with federal law and shall be paid to a hospital, excluding regional treatment centers and facilities of the federal Indian Health Service, with a medical assistance inpatient utilization rate in excess of the arithmetic mean. The adjustment must be determined as follows:

(1) for a hospital with a medical assistance inpatient utilization rate above the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service but less than or equal to one standard deviation above the mean, the adjustment must be determined by multiplying the total of the operating and property payment rates by the difference between the hospital's actual medical assistance inpatient utilization rate and the arithmetic mean for all hospitals excluding regional treatment centers and facilities of the federal Indian Health Service;

(2) for a hospital with a medical assistance inpatient utilization rate above one standard deviation above the mean, the adjustment must be determined by multiplying the adjustment that would be determined under clause (1) for that hospital by 1.1. The commissioner may establish a separate disproportionate population operating payment rate adjustment under the general assistance medical care program. For purposes of this subdivision, medical assistance does not include general assistance medical care. The commissioner shall report annually on the number of hospitals likely to receive the adjustment authorized by this paragraph. The commissioner shall specifically report on the adjustments received by public hospitals and public hospital corporations located in cities of the first class; and

(3) for a hospital that ~~(i)~~ had medical assistance fee-for-service payment volume during calendar year 1991 in excess of 13 percent of total medical assistance fee-for-service payment volume; ~~or (ii),~~ a medical assistance disproportionate population adjustment shall be paid in addition to any other disproportionate payment due under this subdivision as follows: \$1,515,000 due on the 15th of each month after noon, beginning July 15, 1995. For a hospital that had medical assistance fee-for-service payment volume during calendar year 1991 in excess of eight percent of total medical assistance fee-for-service payment volume and is affiliated with the University of Minnesota, a medical assistance disproportionate population adjustment shall be paid in addition to any other disproportionate payment due under this subdivision as follows: \$1,010,000 \$505,000 due on the 15th of each month after noon, beginning July 15, 1993 1995.

(c) The commissioner shall adjust rates paid to a health maintenance organization under contract with the commissioner to reflect rate increases provided in paragraph (b), clauses (1) and (2), on a nondiscounted hospital-specific basis but shall not adjust those rates to reflect payments provided in clause (3).

(d) If federal matching funds are not available for all adjustments under paragraph (b), the commissioner shall reduce payments under paragraph (b), clauses (1) and (2), on a pro rata basis so that all adjustments under paragraph (b) qualify for federal match.

(e) For purposes of this subdivision, medical assistance does not include general assistance medical care.

Sec. 23. Minnesota Statutes 1994, section 256.969, subdivision 10, is amended to read:

Subd. 10. [SEPARATE BILLING BY CERTIFIED REGISTERED NURSE

ANESTHETISTS.] Hospitals may exclude certified registered nurse anesthetist costs from the operating payment rate as allowed by section 256B.0625, subdivision 11. To be eligible, a hospital must notify the commissioner in writing by October 1 of the year preceding the rate year of the request to exclude certified registered nurse anesthetist costs. The hospital must agree that all hospital claims for the cost and charges of certified registered nurse anesthetist services will not be included as part of the rates for inpatient services provided during the rate year. In this case, the operating payment rate shall be adjusted to exclude the cost of certified registered nurse anesthetist services. ~~Payments made through separate claims for certified registered nurse anesthetist services shall not be paid directly through the hospital provider number or indirectly by the certified registered nurse anesthetist to the hospital or related organizations.~~

For admissions occurring on or after July 1, 1991, and until the expiration date of section 256.9695, subdivision 3, services of certified registered nurse anesthetists provided on an inpatient basis may be paid as allowed by section 256B.0625, subdivision 11, when the hospital's base year did not include the cost of these services. To be eligible, a hospital must notify the commissioner in writing by July 1, 1991, of the request and must comply with all other requirements of this subdivision.

Sec. 24. Minnesota Statutes 1994, section 256.969, subdivision 16, is amended to read:

Subd. 16. [INDIAN HEALTH SERVICE FACILITIES.] Indian health service facilities are exempt from the rate establishment methods required by this section and shall be reimbursed at charges as limited to the amount allowed under federal law. ~~This exemption is not effective for payments under general assistance medical care.~~

Sec. 25. Minnesota Statutes 1994, section 256.969, is amended by adding a subdivision to read:

Subd. 25. [LONG-TERM HOSPITAL RATES.] For admissions occurring on or after April 1, 1995, a long-term hospital as designated by Medicare that does not have admissions in the base year shall have inpatient rates established at the average of other hospitals with the same designation. For subsequent rate-setting periods in which base years are updated, the hospital's base year shall be the first Medicare cost report filed with the long-term hospital designation and shall remain in effect until it falls within the same period as other hospitals.

Sec. 26. Minnesota Statutes 1994, section 256B.042, subdivision 2, is amended to read:

Subd. 2. [LIEN ENFORCEMENT.] The state agency may perfect and enforce its lien by following the procedures set forth in sections 514.69, 514.70 and 514.71, and its verified lien statement shall be filed with the appropriate court administrator in the county of financial responsibility. The verified lien statement shall contain the following: the name and address of the person to whom medical care was furnished, the date of injury, the name and address of the vendor or vendors furnishing medical care, the dates of the service, the amount claimed to be due for the care, and, to the best of the state agency's knowledge, the names and addresses of all persons, firms, or corporations claimed to be liable for damages arising from the injuries. This section shall not affect the priority of any attorney's lien. The state agency is not subject to any limitations period referred to in section 514.69 or 514.71 and has one year from the date notice is first received by it under subdivision 4, paragraph (c), even if the notice is untimely, or one year from the date medical bills are first paid by the state agency, whichever is later, to file its verified lien statement. The state agency may commence an action to enforce the lien within one year of (1) the date the notice required by subdivision 4, paragraph (c), is received or (2) the date the recipient's cause of action is concluded by judgment, award, settlement, or otherwise, whichever is later. For purposes of this section, "state agency" includes authorized agents of the state agency.

Sec. 27. Minnesota Statutes 1994, section 256B.055, subdivision 12, is amended to read:

Subd. 12. [DISABLED CHILDREN.] (a) A person is eligible for medical assistance if the person is under age 19 and qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance under the state plan if residing in a medical institution, and ~~who~~ the child requires a level of care provided in a hospital, skilled nursing facility, ~~intermediate care facility,~~ or intermediate care facility for persons with mental retardation or related conditions, for whom home care is appropriate, provided that the cost to medical assistance ~~for home care services~~ under this section is not more than the amount that

medical assistance would pay for appropriate institutional care if the child resides in an institution. Eligibility under this section must be determined annually.

(b) For purposes of this subdivision, "hospital" means an acute care institution as defined in section 144.696, subdivision 3, 144.55, subdivision 3, or Minnesota Rules, part 4640.3600, and licensed pursuant to sections 144.50 to 144.58, which is appropriate if a person is technology dependent or has a chronic health condition which requires frequent intervention by a health care professional to avoid death. For purposes of this subdivision, a child requires a level of care provided in a hospital if the child is determined by the commissioner to need an extensive array of health services, including mental health services, for an undetermined period of time, whose health condition requires frequent monitoring and treatment by a health care professional or by a person supervised by a health care professional, who would reside in a hospital or require frequent hospitalization if these services were not provided, and the daily care needs are more complex than a nursing facility level of care.

A child with serious emotional disturbance requires a level of care provided in a hospital if the commissioner determines that the individual requires 24-hour supervision because the person exhibits recurrent or frequent suicidal or homicidal ideation or behavior, recurrent or frequent psychosomatic disorders or somatopsychic disorders that may become life threatening, recurrent or frequent severe socially unacceptable behavior associated with psychiatric disorder, ongoing and chronic psychosis or severe, ongoing and chronic developmental problems requiring continuous skilled observation, or severe disabling symptoms for which office-centered outpatient treatment is not adequate, and which overall severely impact the individual's ability to function.

(c) For purposes of this subdivision, "skilled nursing facility" and "intermediate care facility" means a facility which provides nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to sections 144A.02 to 144A.10, which is appropriate if a person is in active restorative treatment; is in need of special treatments provided or supervised by a licensed nurse; or has unpredictable episodes of active disease processes requiring immediate judgment by a licensed nurse. For purposes of this subdivision, a child requires the level of care provided in a nursing facility if the child is determined by the commissioner to meet the requirements of the preadmission screening assessment document under section 256B.0911 and the home care independent rating document under section 256B.0627, subdivision 5, paragraph (f), item (iii), adjusted to address age-appropriate standards for children age 18 and under, pursuant to section 256B.0627, subdivision 5, paragraph (d), clause (2).

(d) For purposes of this subdivision, "intermediate care facility for the mentally retarded persons with mental retardation or related conditions" or "ICF/MR" means a program licensed to provide services to persons with mental retardation under section 252.28, and chapter 245A, and a physical plant licensed as a supervised living facility under chapter 144, which together are certified by the Minnesota department of health as meeting the standards in Code of Federal Regulations, title 42, part 483, for an intermediate care facility which provides services for persons with mental retardation or persons with related conditions who require 24-hour supervision and active treatment for medical, behavioral, or habilitation needs. For purposes of this subdivision, a child requires a level of care provided in an ICF/MR if the commissioner finds that the child has mental retardation or a related condition in accordance with section 256B.092, is in need of a 24-hour plan of care and active treatment similar to persons with mental retardation, and there is a reasonable indication that the child will need ICF/MR services.

(e) For purposes of this subdivision, a person "requires a level of care provided in a hospital, skilled nursing facility, intermediate care facility, or intermediate care facility for persons with mental retardation or related conditions" if the person requires 24-hour supervision because the person exhibits suicidal or homicidal ideation or behavior, psychosomatic disorders or somatopsychic disorders that may become life threatening, severe socially unacceptable behavior associated with psychiatric disorder, psychosis or severe developmental problems requiring continuous skilled observation, or disabling symptoms that do not respond to office-centered outpatient treatment. The determination of the level of care needed by the child shall be made by the commissioner based on information supplied to the commissioner by the case manager if the child has one, the parent or guardian, the child's physician or physicians or, if available, the screening information obtained under section 256B.092, and other professionals as requested by the commissioner. The commissioner shall establish a screening team to conduct the level of care determinations according to this subdivision.

(f) If a child meets the conditions in paragraph (b), (c), or (d), the commissioner must assess the case to determine whether:

(1) the child qualifies as a disabled individual under United States Code, title 42, section 1382c(a) and would be eligible for medical assistance if residing in a medical institution; and

(2) the cost of medical assistance services for the child, if eligible under this subdivision, would not be more than the cost to medical assistance if the child resides in a medical institution to be determined as follows:

(i) for a child who requires a level of care provided in an ICF/MR, the cost of care for the child in an institution shall be determined using the average payment rate established for the regional treatment centers that are certified as ICFs/MR;

(ii) for a child who requires a level of care provided in an inpatient hospital setting according to paragraph (b), cost-effectiveness shall be determined according to Minnesota Rules, part 9505.3520, items F and G; and

(iii) for a child who requires a level of care provided in a nursing facility according to paragraph (c), cost-effectiveness shall be determined according to Minnesota Rules, part 9505.3040, except that the nursing facility average rate shall be adjusted to reflect rates which would be paid for children under age 16. The commissioner may authorize an amount up to the amount medical assistance would pay for a child referred to the commissioner by the preadmission screening team under section 256B.0911.

(g) Children eligible for medical assistance services under section 256B.055, subdivision 12, as of June 30, 1995, must be screened according to the criteria in this subdivision prior to January 1, 1996. Children found to be ineligible may not be removed from the program until January 1, 1996.

Sec. 28. Minnesota Statutes 1994, section 256B.056, is amended by adding a subdivision to read:

Subd. 3b. [TREATMENT OF TRUSTS.] (a) A "medical assistance qualifying trust" is a revocable or irrevocable trust, or similar legal device, established on or before August 10, 1993, by a person or the person's spouse under the terms of which the person receives or could receive payments from the trust principal or income and the trustee has discretion in making payments to the person from the trust principal or income. Notwithstanding that definition, a medical assistance qualifying trust does not include: (1) a trust set up by will; (2) a trust set up before April 7, 1986, solely to benefit a person with mental retardation living in an intermediate care facility for persons with mental retardation; or (3) a trust set up by a person with payments made by the Social Security Administration pursuant to the United States Supreme Court decision in Sullivan v. Zebley, 110 S. Ct. 885 (1990). The maximum amount of payments that a trustee of a medical assistance qualifying trust may make to a person under the terms of the trust is considered to be available assets to the person, without regard to whether the trustee actually makes the maximum payments to the person and without regard to the purpose for which the medical assistance qualifying trust was established.

(b) Trusts established after August 10, 1993, are treated according to section 13611(b) of the Omnibus Budget Reconciliation Act of 1993 (OBRA), Public Law Number 103-66.

Sec. 29. Minnesota Statutes 1994, section 256B.056, subdivision 4, is amended to read:

Subd. 4. [INCOME.] To be eligible for medical assistance, a person must not have, or anticipate receiving, semiannual income in excess of 120 percent of the income standards by family size used in the aid to families with dependent children program, except that families and children may have an income up to 133-1/3 percent of the AFDC income standard. In computing income to determine eligibility of persons who are not residents of long-term care facilities, the commissioner shall disregard increases in income as required by Public Law Numbers 94-566, section 503; 99-272; and 99-509. Veterans aid and attendance benefits are considered income to the recipient.

Sec. 30. Minnesota Statutes 1994, section 256B.0575, is amended to read:

256B.0575 [AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.]

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, or a surviving spouse of a veteran having no child, the amount of an improved pension received from the veteran's administration not exceeding \$90 per month;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to \$100 as reimbursement for guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse ~~and only if the children resided with the institutionalized person immediately prior to admission;~~

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;

(7) reparations payments made by the Federal Republic of Germany and reparations payments made by the Netherlands for victims of Nazi persecution between 1940 and 1945; and

(8) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized spouse that are not medical assistance covered expenses and that are not subject to payment by a third party.

For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

Sec. 31. Minnesota Statutes 1994, section 256B.059, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] (a) For purposes of this section, the terms defined in this subdivision have the meanings given them.

(b) "Community spouse" means the spouse of an institutionalized person spouse.

(c) "Spousal share" means one-half of the total value of all assets, to the extent that either the institutionalized spouse or the community spouse had an ownership interest at the time of institutionalization.

(d) "Assets otherwise available to the community spouse" means assets individually or jointly owned by the community spouse, other than assets excluded by subdivision 5, paragraph (c).

(e) "Community spouse asset allowance" is the value of assets that can be transferred under subdivision 3.

(f) "Institutionalized spouse" means a person who is:

(1) in a hospital, nursing facility, or intermediate care facility for persons with mental retardation, or receiving home and community-based services under section 256B.0915 or 256B.49, and is expected to remain in the facility or institution or receive the home and community-based services for at least 30 consecutive days; and

(2) married to a person who is not in a hospital, nursing facility, or intermediate care facility for persons with mental retardation, and is not receiving home and community-based services under section 256B.0915 or 256B.49.

Sec. 32. Minnesota Statutes 1994, section 256B.059, subdivision 3, is amended to read:

Subd. 3. [COMMUNITY SPOUSE ASSET ALLOWANCE.] An institutionalized spouse may transfer assets to the community spouse solely for the benefit of the community spouse. Except for increased amounts allowable under subdivision 4, the maximum amount of assets allowed to be transferred is the amount which, when added to the assets otherwise available to the community spouse, is as follows:

(1) prior to July 1, 1994, the greater of:

(i) \$14,148;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse; and

(2) for persons ~~who begin~~ whose date of initial determination of eligibility for medical assistance following their first continuous period of institutionalization occurs on or after July 1, 1994, the greater of:

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse.

If the assets available to the community spouse are already at the limit permissible under this section, or the higher limit attributable to increases under subdivision 4, no assets may be transferred from the institutionalized spouse to the community spouse. The transfer must be made as soon as practicable after the date the institutionalized spouse is determined eligible for medical assistance, or within the amount of time needed for any court order required for the transfer. On January 1, 1994, and every January 1 thereafter, the limits in this subdivision shall be adjusted by the same percentage change in the consumer price index for all urban consumers (all items; United States city average) between the two previous Septembers. These adjustments shall also be applied to the limits in subdivision 5.

Sec. 33. Minnesota Statutes 1994, section 256B.059, subdivision 5, is amended to read:

Subd. 5. [ASSET AVAILABILITY.] (a) At the time of ~~application~~ initial determination of eligibility for medical assistance benefits following the first continuous period of institutionalization, assets considered available to the institutionalized spouse shall be the total value of all assets in which either spouse has an ownership interest, reduced by the following:

(1) prior to July 1, 1994, the greater of:

(i) \$14,148;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse;

(2) for persons ~~who begin~~ whose date of initial determination of eligibility for medical assistance following their first continuous period of institutionalization occurs on or after July 1, 1994, the greater of:

(i) \$20,000;

(ii) the lesser of the spousal share or \$70,740; or

(iii) the amount required by court order to be paid to the community spouse. If the community spouse asset allowance has been increased under subdivision 4, then the assets considered available to the institutionalized spouse under this subdivision shall be further reduced by the value of additional amounts allowed under subdivision 4.

(b) An institutionalized spouse may be found eligible for medical assistance even though assets in excess of the allowable amount are found to be available under paragraph (a) if the assets are owned jointly or individually by the community spouse, and the institutionalized spouse cannot use those assets to pay for the cost of care without the consent of the community spouse, and if: (i) the institutionalized spouse assigns to the commissioner the right to support from the community spouse under section 256B.14, subdivision 3; (ii) the institutionalized spouse lacks the ability to execute an assignment due to a physical or mental impairment; or (iii) the denial of eligibility would cause an imminent threat to the institutionalized spouse's health and well-being.

(c) After the month in which the institutionalized spouse is determined eligible for medical assistance, during the continuous period of institutionalization, no assets of the community spouse are considered available to the institutionalized spouse, unless the institutionalized spouse has been found eligible under ~~clause~~ paragraph (b).

(d) Assets determined to be available to the institutionalized spouse under this section must be used for the health care or personal needs of the institutionalized spouse.

(e) For purposes of this section, assets do not include assets excluded under ~~section 256B.056, without regard to the limitations on total value in that section~~ the supplemental security income program.

Sec. 34. Minnesota Statutes 1994, section 256B.0595, subdivision 1, is amended to read:

Subdivision 1. [PROHIBITED TRANSFERS.] (a) For transfers of assets made on or before August 10, 1993, if a person or the person's spouse has given away, sold, or disposed of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under section 256B.056, subdivision 3 the supplemental security program, within 30 months before or any time after the date of institutionalization if the person has been determined eligible for medical assistance, or within 30 months before or any time after the date of the first approved application for medical assistance if the person has not yet been determined eligible for medical assistance, the person is ineligible for long-term care services for the period of time determined under subdivision 2.

(b) Effective for transfers made on or after July 1, 1993, or upon federal approval, whichever is later August 10, 1993, a person, a person's spouse, or a person's authorized representative any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or person's spouse, may not give away, sell, or

dispose of, for less than fair market value, any asset or interest therein, except assets other than the homestead that are excluded under the supplemental security income program, for the purpose of establishing or maintaining medical assistance eligibility. For purposes of determining eligibility for medical assistance long-term care services, any transfer of an asset such as assets within 60 36 months preceding application before or any time after an institutionalized person applies for medical assistance or during the period of medical assistance eligibility, including assets excluded under section 256B.056, subdivision 3, or 36 months before or any time after a medical assistance recipient becomes institutionalized, for less than fair market value may be considered. Any such transfer for less than fair market value made within 60 months preceding application for medical assistance or during the period of medical assistance eligibility is presumed to have been made for the purpose of establishing or maintaining medical assistance eligibility and the person is ineligible for medical assistance long-term care services for the period of time determined under subdivision 2, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose, or unless the transfer is permitted under subdivisions subdivision 3 or 4. Notwithstanding the provisions of this paragraph, in the case of payments from a trust or portions of a trust that are considered transfers of assets under federal law, any transfers made within 60 months before or any time after an institutionalized person applies for medical assistance and within 60 months before or any time after a medical assistance recipient becomes institutionalized, may be considered.

(c) This section applies to transfers, for less than fair market value, of income or assets, including assets that are considered income in the month received, such as inheritances, court settlements, and retroactive benefit payments or income to which the person or the person's spouse is entitled but does not receive due to action by the person, the person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse.

(d) This section applies to payments for care or personal services provided by a relative, unless the compensation was stipulated in a notarized, written agreement which was in existence when the service was performed, the care or services directly benefited the person, and the payments made represented reasonable compensation for the care or services provided. A notarized written agreement is not required if payment for the services was made within 60 days after the service was provided.

(e) This section applies to the portion of any asset or interest that a person or, a person's spouse transfers, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or the person's spouse, to an irrevocable any trust, annuity, or other instrument, that exceeds the value of the benefit likely to be returned to the person or spouse while alive, based on estimated life expectancy using the life expectancy tables employed by the supplemental security income program to determine the value of an agreement for services for life. The commissioner may adopt rules reducing life expectancies based on the need for long-term care.

(f) For purposes of this section, long-term care services include services in a nursing facility, services that are eligible for payment according to section 256B.0625, subdivision 2, because they are provided in a swing bed, intermediate care facility for persons with mental retardation, and home and community-based services provided pursuant to section 256B.491 sections 256B.0915, 256B.092, and 256B.49. For purposes of this subdivision and subdivisions 2, 3, and 4, "institutionalized person" includes a person who is an inpatient in a nursing facility, or in a swing bed, or intermediate care facility for persons with mental retardation or who is receiving home and community-based services under section 256B.491 sections 256B.0915, 256B.092, and 256B.49.

(g) Effective for transfers made on or after July 1, 1995, or upon federal approval, whichever is later, a person, a person's spouse, or any person, court, or administrative body with legal authority to act in place of, on behalf of, at the direction of, or upon the request of the person or person's spouse, may not give away, sell, or dispose of, for less than fair market value, any asset or interest therein, for the purpose of establishing or maintaining medical assistance eligibility. For purposes of determining eligibility for long-term care services, any transfer of such assets within 60 months before, or any time after, an institutionalized person applies for medical assistance, or 60 months before, or any time after, a medical assistance recipient becomes institutionalized, for less than fair market value may be considered. Any such transfer is presumed to have been made for the

purpose of establishing or maintaining medical assistance eligibility and the person is ineligible for long-term care services for the period of time determined under subdivision 2, unless the person furnishes convincing evidence to establish that the transaction was exclusively for another purpose, or unless the transfer is permitted under subdivision 3 or 4.

Sec. 35. Minnesota Statutes 1994, section 256B.0595, subdivision 2, is amended to read:

Subd. 2. [PERIOD OF INELIGIBILITY.] (a) For any uncompensated transfer occurring on or before August 10, 1993, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

~~(b) For uncompensated transfers made on or after July 1, August 10, 1993, or upon federal approval, whichever is later, the number of months of ineligibility, including partial months, for medical assistance long-term care services shall be the total uncompensated value of the resources transferred divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. If a calculation of a penalty period results in a partial month, payments for medical assistance services will be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, uncompensated transfers not to exceed \$1,000 in total value per month shall be disregarded for each month prior to the month of application for medical assistance. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin in the month the first uncompensated transfer was made. The penalty in this paragraph shall not apply to uncompensated transfers of assets not to exceed a total of \$1,000 per month during a medical assistance eligibility certification period. If the transfer was not reported to the local agency at the time of application, and the applicant received medical assistance services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of medical assistance services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.~~

(c) If the total value of all uncompensated transfers made in a month exceeds \$1,000, the disregards allowed under paragraph (b) do not apply. If a calculation of a penalty period results in a partial month, payments for long-term care services shall be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, if the total value of all uncompensated transfers made in a month does not exceed \$1,000, then such transfers shall be disregarded for each month prior to the month of application for or during receipt of medical assistance.

Sec. 36. Minnesota Statutes 1994, section 256B.0595, subdivision 3, is amended to read:

Subd. 3. [HOMESTEAD EXCEPTION TO TRANSFER PROHIBITION.] (a) An institutionalized person is not ineligible for long-term care services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:

(1) title to the homestead was transferred to the individual's

(i) spouse;

(ii) child who is under age 21;

(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;

(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or

(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;

(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or

(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.

(b) When a waiver is granted under paragraph (a), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of long-term care services granted within:

(1) 30 months of the a transfer made on or before August 10, 1993;

(2) 60 months if the homestead was transferred after August 10, 1993, to a trust or portion of a trust that is considered a transfer of assets under federal law; or

(3) 36 months if transferred in any other manner after August 10, 1993,

or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.

~~(c) Effective for transfers made on or after July 1, 1993, or upon federal approval, whichever is later, an institutionalized person is not ineligible for medical assistance services due to a transfer of assets for less than fair market value if the asset transferred was a homestead and:~~

~~(1) title to the homestead was transferred to the individual's~~

~~(i) spouse;~~

~~(ii) child who is under age 21;~~

~~(iii) blind or permanently and totally disabled child as defined in the supplemental security income program;~~

~~(iv) sibling who has equity interest in the home and who was residing in the home for a period of at least one year immediately before the date of the individual's admission to the facility; or~~

~~(v) son or daughter who was residing in the individual's home for a period of at least two years immediately before the date of the individual's admission to the facility, and who provided care to the individual that permitted the individual to reside at home rather than in an institution or facility;~~

~~(2) a satisfactory showing is made that the individual intended to dispose of the homestead at fair market value or for other valuable consideration; or~~

~~(3) the local agency grants a waiver of the excess resources created by the uncompensated transfer because denial of eligibility would cause undue hardship for the individual, based on imminent threat to the individual's health and well-being.~~

~~(d) When a waiver is granted under paragraph (c), clause (3), a cause of action exists against the person to whom the homestead was transferred for that portion of medical assistance services granted during the period of ineligibility under subdivision 2, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G.~~

Sec. 37. Minnesota Statutes 1994, section 256B.0595, subdivision 4, is amended to read:

Subd. 4. [OTHER EXCEPTIONS TO TRANSFER PROHIBITION.] ~~(a)~~ An institutionalized person who has made, or whose spouse has made a transfer prohibited by subdivision 1, is not ineligible for long-term care services if one of the following conditions applies:

~~(1) the assets were transferred to the community individual's spouse, as defined in section 256B.059 or to another for the sole benefit of the spouse; or~~

~~(2) the institutionalized spouse, prior to being institutionalized, transferred assets to a spouse, provided that the spouse to whom the assets were transferred does not then transfer those assets to another person for less than fair market value. ~~(4) a satisfactory showing is made that the individual intended to dispose of the assets either at fair market value or for other valuable consideration; or~~

~~(5) the local agency determines that denial of eligibility for long-term care services would work an undue hardship and grants a waiver of excess assets. When a waiver is granted, a cause of action exists against the person to whom the assets were transferred for that portion of long-term care services granted within:~~

~~(i) 30 months of the a transfer made on or before August 10, 1993;~~

~~(ii) 60 months of a transfer if the assets were transferred after August 30, 1993, to a trust or portion of a trust that is considered a transfer of assets under federal law; or~~

~~(iii) 36 months of a transfer if transferred in any other manner after August 10, 1993, or the amount of the uncompensated transfer, whichever is less, together with the costs incurred due to the action. The commissioner, after receiving recommendations from professional medical associations and professional pharmacist associations, shall designate a formulary committee to advise the commissioner on the names of drugs for which payment is made, recommend a system for reimbursing providers on a set fee or charge basis rather than the present system, and develop methods encouraging use of generic drugs when they are less expensive and equally effective as trademark drugs. The formulary committee shall consist of nine members, four of whom shall be physicians who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, three of whom shall be pharmacists who are not employed by the department of human services, and a majority of whose practice is for persons paying privately or through health insurance, a consumer representative, and a nursing home representative. Committee members shall serve three-year terms and shall serve without compensation. Members may be reappointed once.

(b) The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the administrative procedure act, but the formulary committee shall review and comment on the formulary contents. The formulary committee shall review and recommend drugs which require prior authorization. The formulary committee may recommend drugs for prior authorization directly to the commissioner, as long as opportunity for

(1) the drug formulary committee must develop criteria to be used for identifying drugs; the development of these criteria is not subject to the requirements of chapter 14, but the formulary committee shall provide opportunity for public input in developing criteria;

(2) the drug formulary committee must hold a public forum and receive public comment for an additional 15 days; and

(3) the commissioner must provide information to the formulary committee on the impact that placing the drug on prior authorization will have on the quality of patient care and information regarding whether the drug is subject to clinical abuse or misuse. Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The formulary shall not include:

(i) drugs or products for which there is no federal funding;

(ii) over-the-counter drugs, except for antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, and vitamins for children under the age of seven and pregnant or nursing women;

(iii) any other over-the-counter drug identified by the commissioner, in consultation with the drug formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions or disorders, and this determination shall not be subject to the requirements of chapter 14;

(iv) anorectics; and

(v) drugs for which medical value has not been established.

(c) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee established by the commissioner; the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee; or the usual and customary price charged to the public. The pharmacy dispensing fee shall be \$3.85. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus 7.6 nine percent effective January 1, 1994. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the administrative procedure act. An additional dispensing fee of \$.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply. Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, unless the prescriber specifically indicates "dispense as written - brand necessary" on the prescription as required by section 151.21, subdivision 2. Implementation of any change in the fixed dispensing fee that has not been subject to the administrative procedure act is limited to not more than 180 days, unless, during that time, the commissioner initiates rulemaking through the administrative procedure act.

~~(d) Until the date the on-line, real-time Medicaid Management Information System (MMIS) upgrade is successfully implemented, as determined by the commissioner of administration, a pharmacy provider may require individuals who seek to become eligible for medical assistance under a one-month spenddown, as provided in section 256B.056, subdivision 5, to pay for services to the extent of the spenddown amount at the time the services are provided. A pharmacy provider choosing this option shall file a medical assistance claim for the pharmacy services provided. If medical assistance reimbursement is received for this claim, the pharmacy provider shall return to the individual the total amount paid by the individual for the pharmacy services reimbursed by the medical assistance program. If the claim is not eligible for medical assistance reimbursement because of the provider's failure to comply with the provisions of the medical assistance program, the pharmacy provider shall refund to the individual the total amount paid by the individual. Pharmacy providers may choose this option only if they apply similar credit restrictions to private pay or privately insured individuals. A pharmacy provider choosing this option must inform individuals who seek to become eligible for medical assistance under a one-month spenddown of (1) their right to appeal the denial of services on the grounds that they have satisfied the spenddown requirement, and (2) their potential eligibility for the MinnesotaCare program or the children's health plan.~~

~~(3) (4) services provided by the recipient's spouse, legal guardian for an adult or child recipient, or parent of a minor child~~ recipient under age 18;

~~(4) services provided by a foster care provider of a recipient who cannot direct their own care, unless monitored by a county or state case manager under section 256B.0625, subdivision 19a;~~

(5) services provided by the residential or program license holder in a residence for more than four persons;

(6) services that are the responsibility of a residential or program license holder under the terms of a service agreement and administrative rules;

(7) sterile procedures;

(8) injections of fluids into veins, muscles, or skin;

(9) services provided by parents of adult recipients, adult children, or adult siblings of the recipient, unless these relatives meet one of the following hardship criteria and the commissioner waives this requirement:

(i) the relative resigns from a part-time or full-time job to provide personal care for the recipient;

(ii) the relative goes from a full-time to a part-time job with less compensation to provide personal care for the recipient;

(iii) the relative takes a leave of absence without pay to provide personal care for the recipient;

(iv) the relative incurs substantial expenses by providing personal care for the recipient; or

(v) because of labor conditions, the relative is needed in order to provide an adequate number of qualified personal care assistants to meet the medical needs of the recipient;

(10) homemaker services that are not an integral part of a personal care services; and

(11) home maintenance, or chore services;

(12) services not specified under paragraph (a); and

(13) services not authorized by the commissioner or the commissioner's designee.

Sec. 55. Minnesota Statutes 1994, section 256B.0627, subdivision 5, is amended to read:

Subd. 5. [LIMITATION ON PAYMENTS.] Medical assistance payments for home care services shall be limited according to this subdivision.

~~(a) [EXEMPTION FROM PAYMENT LIMITATIONS.] The level, or the number of hours or visits of a specific service, of home care services to a recipient that began before and is continued without increase on or after December 1987, shall be exempt from the payment limitations of this section, as long as the services are medically necessary.~~

(b) [LIMITS ON SERVICES WITHOUT PRIOR AUTHORIZATION.] A recipient may receive the following amounts of home care services during a calendar year:

(1) a total of 40 home health aide visits or skilled nurse visits under section 256B.0625, subdivision 6a; and

~~(2) up to two assessments by a supervising registered nurse assessments and reassessments done to determine a recipient's need for personal care services, develop a care plan, and obtain prior authorization. Additional visits may be authorized by the commissioner if there are circumstances that necessitate a change in provider.~~

(c) (b) [PRIOR AUTHORIZATION; EXCEPTIONS.] All home care services above the limits in paragraph (b) (a) must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened;

(3) a third-party payor for home care services has denied or adjusted a payment. Authorization

requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request; or

(4) the commissioner has determined that a county or state human services agency has made an error.

~~(d) (c) [RETROACTIVE AUTHORIZATION.] A request for retroactive authorization under paragraph (e) will be evaluated according to the same criteria applied to prior authorization requests. Implementation of this provision shall begin no later than October 1, 1991, except that recipients who are currently receiving medically necessary services above the limits established under this subdivision may have a reasonable amount of time to arrange for waived services under section 256B.49 or to establish an alternative living arrangement. All current recipients shall be phased down to the limits established under paragraph (b) on or before April 1, 1992.~~

~~(e) (d) [ASSESSMENT AND CARE SERVICE PLAN.] The home care provider Assessments under section 256B.0627, subdivision 1, paragraph (c), shall ~~conduct~~ be conducted initially, and at least annually thereafter, a face to face assessment of the recipient and complete a care plan in person with the recipient and result in a completed service plan using forms specified by the commissioner. For the recipient to receive, or continue to receive, home care services, the provider must submit evidence necessary for the commissioner to determine the medical necessity of the home care services. The provider shall submit to the commissioner the assessment, the care plan, Within 30 days of recipient or responsible party request for home care services, the assessment, the service plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries shall be submitted to the commissioner. For personal care services:~~

~~(1) The amount and type of service authorized based upon the assessment and service plan will follow the recipient if the recipient chooses to change providers.~~

~~(2) If the recipient's medical need changes, the recipient's provider may assess the need for a change in service authorization and request the change from the county public health nurse. Within 30 days of the request, the public health nurse will determine whether to request the change in services based upon the provider assessment, or conduct a home visit to assess the need and determine whether the change is appropriate.~~

~~(3) To continue to receive home personal care services when the recipient displays no significant change, the supervising nurse county public health nurse has the option to review with the commissioner, or the commissioner's designee, the care service plan on record and receive authorization for up to an additional 12 months.~~

~~(f) (e) [PRIOR AUTHORIZATION.] The commissioner, or the commissioner's designee, shall review the assessment, the care service plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a complete request, assessment, and care service plan, authorize home care services as follows:~~

~~(1) [HOME HEALTH SERVICES.] All home health services provided by a nurse or a home health aide that exceed the limits established in paragraph (b) (a) must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options. When home health services are used in combination with personal care and private duty nursing, the cost of all home care services shall be considered for cost-effectiveness. The commissioner shall limit nurse and home health aide visits to no more than one visit each per day.~~

~~(2) [PERSONAL CARE SERVICES.] (i) All personal care services and registered nurse supervision must be prior authorized by the commissioner or the commissioner's designee except for the limits on supervision assessments established in paragraph (b) (a). The amount of personal care services authorized must be based on the recipient's home care rating. A child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:~~

(A) up to ~~two~~ 1.75 times the average number of direct care hours provided in nursing facilities for the recipient's comparable case mix level; or

(B) up to ~~three~~ 2.625 times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs or are dependent in at least seven activities of daily living and need physical assistance with eating or have a neurological diagnosis but in no case shall the dollar amount authorized exceed the statewide weighted average nursing facility payment rate for fiscal year 1995; or

~~(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, plus any inflation adjustment provided, for care provided in a regional treatment center for recipients who have Level I behavior; or~~

~~(D)~~ up to the amount the commissioner would pay, as of July 1, 1991, plus any inflation adjustment provided for home care services, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

~~(E)~~ (D) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.0911 or 256B.092; and

~~(F)~~ (E) a reasonable amount of time for the necessary provision of nursing supervision of personal care services.

(ii) The number of direct care hours shall be determined according to the annual cost report submitted to the department by nursing facilities. The average number of direct care hours, as established by May 1, 1992 for the report year 1993, as established by July 11, 1994, shall be calculated and incorporated into the home care limits on July 1, 1992 1996. These limits shall be calculated to the nearest quarter hour.

(iii) The home care rating shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the ~~personal care provider~~ county public health nurse on forms specified by the commissioner. The home care rating shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 ~~with an addition for seizure activity that will assess the frequency and severity of seizure activity~~ and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of ~~children and nonelderly adults~~ recipients who need home care. The commissioner shall establish these forms and protocols under this section and ~~shall use the advisory group established in section 256B.04, subdivision 16, for consultation in establishing the forms and protocols by October 1, 1994~~ and shall use an advisory group, including representatives of recipients, providers, and counties, for consultation in establishing and revising the forms and protocols.

(iv) A recipient shall qualify as having complex medical needs if the care required is difficult to perform and because of recipient's medical condition requires more time than community-based standards allow or requires more skill than would ordinarily be required and the recipient needs or has one or more of the following:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(E) catheterization;

(F) ostomy care;

(G) quadriplegia; or

(H) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

~~(v) A recipient shall qualify as having Level I behavior if there is reasonable supporting evidence that the recipient exhibits, or that without supervision, observation, or redirection would exhibit, one or more of the following behaviors that cause, or have the potential to cause:~~

~~(A) injury to his or her own body;~~

~~(B) physical injury to other people; or~~

~~(C) destruction of property.~~

~~(vi) Time authorized for personal care relating to Level I behavior in subclause (v), items (A) to (C), shall be based on the predictability, frequency, and amount of intervention required.~~

~~(vii) A recipient shall qualify as having Level II behavior if the recipient exhibits on a daily basis one or more of the following behaviors that interfere with the completion of personal care services under subdivision 4, paragraph (a):~~

~~(A) unusual or repetitive habits;~~

~~(B) withdrawn behavior; or~~

~~(C) offensive behavior.~~

~~(viii) A recipient with a home care rating of Level II behavior in subclause (vii), items (A) to (C), shall be rated as comparable to a recipient with complex medical needs under subclause (iv). If a recipient has both complex medical needs and Level II behavior, the home care rating shall be the next complex category up to the maximum rating under subclause (i), item (B).~~

(3) [PRIVATE DUTY NURSING SERVICES.] All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services in quarter-hour units when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize:

(A) up to two times the average amount of direct care hours provided in nursing facilities statewide for case mix classification "K" as established by the annual cost report submitted to the department by nursing facilities in May 1992;

(B) private duty nursing in combination with other home care services up to the total cost allowed under clause (2);

(C) up to 16 hours per day if the recipient requires more nursing than the maximum number of direct care hours as established in item (A) and the recipient meets the hospital admission criteria established under Minnesota Rules, parts 9505.0500 to 9505.0540.

The commissioner may authorize up to 16 hours per day of medically necessary private duty nursing services or up to 24 hours per day of medically necessary private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are cooperatively applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined by the appropriate regulatory agency that a health benefit plan is or is not required to pay for appropriate medically necessary

health care services. Recipients or their representatives must cooperatively assist the commissioner in obtaining this determination. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section than would otherwise be authorized under section 256B.49.

(4) [VENTILATOR-DEPENDENT RECIPIENTS.] If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this clause, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

~~(g)~~ (f) [PRIOR AUTHORIZATION; TIME LIMITS.] The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall be effective. If the recipient continues to require home care services beyond the duration of the prior authorization, the home care provider must request a new prior authorization ~~through the process described above~~. Under no circumstances, other than the exceptions in ~~subdivision 5, paragraph (e)~~ (b), shall a prior authorization be valid prior to the date the commissioner receives the request or for more than 12 months. A recipient who appeals a reduction in previously authorized home care services may continue previously authorized services, other than temporary services under paragraph ~~(i)~~ (h), pending an appeal under section 256.045. The commissioner must provide a detailed explanation of why the authorized services are reduced in amount from those requested by the home care provider.

~~(h)~~ (g) [APPROVAL OF HOME CARE SERVICES.] The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to this subdivision, the cost-effectiveness of services, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, the care plan, the recipient's age, the cost of services, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

~~(i)~~ (h) [PRIOR AUTHORIZATION REQUESTS; TEMPORARY SERVICES.] ~~Providers~~ The agency nurse, the independently enrolled private duty nurse, or county public health nurse may request a temporary authorization for home care services by telephone. The commissioner may approve a temporary level of home care services based on the assessment and service or care plan information provided by an appropriately licensed nurse. Authorization for a temporary level of home care services including nurse supervision is limited to the time specified by the commissioner, but shall not exceed 45 days, unless extended because the county public health nurse has not completed the required assessment and service plan, or the commissioner's determination has not been made. The level of services authorized under this provision shall have no bearing on a future prior authorization.

~~(j)~~ (i) [PRIOR AUTHORIZATION REQUIRED IN FOSTER CARE SETTING.] Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in paragraph (b) (a).

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

~~(2) personal care services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or case management is provided as required in section 256B.0625, subdivision 19a;~~

~~(3) personal care services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless case management is provided as required in section 256B.0625, subdivision 19a;~~

~~(4) home care services when the number of foster care residents is greater than four unless the county responsible for the recipient's foster placement made the placement prior to April 1, 1992, requests that home care services be provided, and case management is provided as required in section 256B.0625, subdivision 19a; or~~

~~(5) (3) home care services when combined with foster care payments, other than room and board payments plus the cost of home and community based waived services unless the costs of home care services and waived services are combined and managed under the waiver program, that exceed the total amount that public funds would pay for the recipient's care in a medical institution.~~

Sec. 56. Minnesota Statutes 1994, section 256B.0628, subdivision 2, is amended to read:

Subd. 2. [DUTIES.] (a) The commissioner may contract with or employ qualified registered nurses and necessary support staff, or contract with qualified agencies, to provide home care prior authorization and review services for medical assistance recipients who are receiving home care services.

(b) Reimbursement for the prior authorization function shall be made through the medical assistance administrative authority. The state shall pay the nonfederal share. The functions will be to:

(1) assess the recipient's individual need for services required to be cared for safely in the community;

(2) ensure that a care service plan that meets the recipient's needs is developed by the appropriate agency or individual;

(3) ensure cost-effectiveness of medical assistance home care services;

(4) recommend the approval or denial of the use of medical assistance funds to pay for home care services ~~when home care services exceed thresholds established by the commissioner under Minnesota Rules, parts 9505.0170 to 9505.0475;~~

(5) reassess the recipient's need for and level of home care services at a frequency determined by the commissioner; and

(6) conduct on-site assessments when determined necessary by the commissioner and recommend changes to care plans that will provide more efficient and appropriate home care.

(c) In addition, the commissioner or the commissioner's designee may:

(1) review care service plans and reimbursement data for utilization of services that exceed community-based standards for home care, inappropriate home care services, medical necessity, home care services that do not meet quality of care standards, or unauthorized services and make appropriate referrals within the department or to other appropriate entities based on the findings;

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services; and

(5) assure the quality of home care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Sec. 57. Minnesota Statutes 1994, section 256B.0911, subdivision 2, is amended to read:

Subd. 2. [PERSONS REQUIRED TO BE SCREENED; EXEMPTIONS.] All applicants to Medicaid certified nursing facilities must be screened prior to admission, regardless of income, assets, or funding sources, except the following:

(1) patients who, having entered acute care facilities from certified nursing facilities, are returning to a certified nursing facility;

(2) residents transferred from other certified nursing facilities located within the state of Minnesota;

(3) individuals who have a contractual right to have their nursing facility care paid for indefinitely by the veteran's administration; ~~or~~

(4) individuals who are enrolled in the Ebenezer/Group Health social health maintenance organization project, or enrolled in a demonstration project under section 256B.69, subdivision 18, at the time of application to a nursing home; or

(5) individuals previously screened and currently being served under the alternative care program or under a home and community-based services waiver authorized under section 1915(c) of the Social Security Act.

Regardless of the exemptions in clauses (2) to (4), persons who have a diagnosis or possible diagnosis of mental illness, mental retardation, or a related condition must be screened before admission unless the admission prior to screening is authorized by the local mental health authority or the local developmental disabilities case manager, or unless authorized by the county agency according to Public Law Number 101-508.

Before admission to a Medicaid certified nursing home or boarding care home, all persons must be screened and approved for admission through an assessment process. The nursing facility is authorized to conduct case mix assessments which are not conducted by the county public health nurse under Minnesota Rules, part 9549.0059. The designated county agency is responsible for distributing the quality assurance and review form for all new applicants to nursing homes.

Other persons who are not applicants to nursing facilities must be screened if a request is made for a screening.

Sec. 58. Minnesota Statutes 1994, section 256B.0911, subdivision 2a, is amended to read:

Subd. 2a. [SCREENING REQUIREMENTS.] Persons may be screened by telephone or in a face-to-face consultation. The screener will identify each individual's needs according to the following categories: (1) needs no face-to-face screening; (2) needs an immediate face-to-face screening interview; or (3) needs a face-to-face screening interview after admission to a certified nursing facility or after a return home. The screener shall confer with the screening team to ensure that the health and social needs of the individual are assessed. Persons who are not admitted to a Medicaid certified nursing facility must be screened within ten working days after the date of referral. Persons admitted on a nonemergency basis to a Medicaid certified nursing facility must be screened prior to the certified nursing facility admission. Persons admitted to the Medicaid certified nursing facility from the community on an emergency basis or from an acute care facility on a nonworking day must be screened the first working day after admission and the reason for the emergency admission must be certified by the attending physician in the person's medical record.

Sec. 59. Minnesota Statutes 1994, section 256B.0911, subdivision 3, is amended to read:

Subd. 3. [PERSONS RESPONSIBLE FOR CONDUCTING THE PREADMISSION SCREENING.] (a) A local screening team shall be established by the county board of commissioners. Each local screening team shall consist of screeners who are a social worker and a public health nurse from their respective county agencies. If a county does not have a public health nurse available, it may request approval from the commissioner to assign a county registered nurse with at least one year experience in home care to participate on the team. The screening team members must confer regarding the most appropriate care for each individual screened. Two or more counties may collaborate to establish a joint local screening team or teams.

(b) In assessing a person's needs, screeners shall have a physician available for consultation and shall consider the assessment of the individual's attending physician, if any. The individual's physician shall be included if the physician chooses to participate. Other personnel may be included on the team as deemed appropriate by the county agencies.

Sec. 60. Minnesota Statutes 1994, section 256B.0911, subdivision 4, is amended to read:

Subd. 4. [RESPONSIBILITIES OF THE COUNTY AND THE SCREENING TEAM.] (a) The county shall:

(1) provide information and education to the general public regarding availability of the preadmission screening program;

(2) accept referrals from individuals, families, human service and health professionals, and hospital and nursing facility personnel;

(3) assess the health, psychological, and social needs of referred individuals and identify services needed to maintain these persons in the least restrictive environments;

(4) determine if the individual screened needs nursing facility level of care;

(5) assess specialized service needs based upon an evaluation by:

(i) a qualified independent mental health professional for persons with a primary or secondary diagnosis of a serious mental illness; and

(ii) a qualified mental retardation professional for persons with a primary or secondary diagnosis of mental retardation or related conditions. For purposes of this clause, a qualified mental retardation professional must meet the standards for a qualified mental retardation professional in Code of Federal Regulations, title 42, section 483.430;

(6) make recommendations for individuals screened regarding cost-effective community services which are available to the individual;

(7) make recommendations for individuals screened regarding nursing home placement when there are no cost-effective community services available;

(8) develop an individual's community care plan and provide follow-up services as needed; and

(9) prepare and submit reports that may be required by the commissioner of human services.

(b) The screener shall document that the most cost-effective alternatives available were offered to the individual or the individual's legal representative. For purposes of this section, "cost-effective alternatives" means community services and living arrangements that cost the same or less than nursing facility care.

(c) Screeners shall adhere to the level of care criteria for admission to a certified nursing facility established under section 144.0721.

(d) For persons who are eligible for medical assistance or who would be eligible within 180 days of admission to a nursing facility and who are admitted to a nursing facility, the nursing facility must include a screener or the case manager in the discharge planning process for those individuals who the team has determined have discharge potential. The screener or the case manager must ensure a smooth transition and follow-up for the individual's return to the community.

Screeners shall cooperate with other public and private agencies in the community, in order to offer a variety of cost-effective services to the disabled and elderly. The screeners shall encourage the use of volunteers from families, religious organizations, social clubs, and similar civic and service organizations to provide services.

Sec. 61. Minnesota Statutes 1994, section 256B.0911, subdivision 7, is amended to read:

Subd. 7. [REIMBURSEMENT FOR CERTIFIED NURSING FACILITIES.] (a) Medical assistance reimbursement for nursing facilities shall be authorized for a medical assistance recipient only if a preadmission screening has been conducted prior to admission or the local county agency has authorized an exemption. Medical assistance reimbursement for nursing facilities shall not be provided for any recipient who the local screener has determined does not meet the level of care criteria for nursing facility placement or, if indicated, has not had a level II

PASARR evaluation completed unless an admission for a recipient with mental illness is approved by the local mental health authority or an admission for a recipient with mental retardation or related condition is approved by the state mental retardation authority. The county preadmission screening team may deny certified nursing facility admission using the level of care criteria established under section 144.0721 and deny medical assistance reimbursement for certified nursing facility care. Persons receiving care in a certified nursing facility or certified boarding care home who are reassessed and no longer meet the level of care criteria for a certified nursing facility or certified boarding care home may no longer remain a resident in the certified nursing facility or certified boarding care home and must be relocated to the community if the persons were admitted on or after July 1, 1996. Persons receiving services under section 256B.0913, subdivisions 1 to 14, or 256B.0915 who are reassessed and found to not meet the level of care criteria for admission to a certified nursing facility or certified boarding care home may no longer receive these services after July 1, 1996. The commissioner shall make a request to the health care financing administration for a waiver allowing screening team approval of Medicaid payments for certified nursing facility care. An individual has a choice and makes the final decision between nursing facility placement and community placement after the screening team's recommendation, except as provided in paragraphs (b) and (c).

(b) The local county mental health authority or the state mental retardation authority under Public Law Numbers 100-203 and 101-508 may prohibit admission to a nursing facility, if the individual does not meet the nursing facility level of care criteria or needs specialized services as defined in Public Law Numbers 100-203 and 101-508. For purposes of this section, "specialized services" for a person with mental retardation or a related condition means "active treatment" as that term is defined in Code of Federal Regulations, title 42, section 483.440(a)(1).

(c) Upon the receipt by the commissioner of approval by the Secretary of Health and Human Services of the waiver requested under paragraph (a), the local screener shall deny medical assistance reimbursement for nursing facility care for an individual whose long-term care needs can be met in a community-based setting and whose cost of community-based home care services is less than 75 percent of the average payment for nursing facility care for that individual's case mix classification, and who is either:

- (i) a current medical assistance recipient being screened for admission to a nursing facility; or
- (ii) an individual who would be eligible for medical assistance within 180 days of entering a nursing facility and who meets a nursing facility level of care.

(d) Appeals from the screening team's recommendation or the county agency's final decision shall be made according to section 256.045, subdivision 3.

Sec. 62. [256B.0912] [ALTERNATIVE CARE AND WAIVERED SERVICE PROGRAMS.]

Subdivision 1. [RESTRUCTURING PLAN.] By January 1, 1996, the commissioner shall present a plan to the legislature to restructure administration of the alternative care, elderly waiver, and disabled waiver programs. The plan must demonstrate cost neutrality and provide counties with the flexibility, authority, and accountability to administer home and community-based service programs within predetermined fixed budgets. To support this local program administration, the commissioner shall explore options with the health care financing administration to assure flexibility to expand core services within the elderly and disabled waivers as long as cost neutrality is maintained.

Subd. 2. [WAIVER PROGRAM MODIFICATIONS.] The commissioner of human services shall make the following modifications in medical assistance waiver programs, effective for services rendered after June 30, 1995, or, if necessary, after federal approval is granted:

(a) The community alternatives for disabled individuals waiver shall:

(1) if medical supplies and equipment or adaptations are or will be purchased for a waiver services recipient, allow the prorating of costs on a monthly basis throughout the year in which they are purchased. If the monthly cost of a recipient's other waived services exceeds the monthly limit established in this paragraph, the annual cost of the waived services shall be determined. In this event, the annual cost of waived services shall not exceed 12 times the monthly limit calculated in this paragraph;

(2) require client reassessments once every 12 months;

(3) permit the purchase of supplies and equipment costing \$150 or less without prior approval of the commissioner of human services. A county is not required to contract with a provider of supplies and equipment if the monthly cost of supplies and equipment is less than \$250; and

(4) allow the implementation of care plans without the approval of the county of financial responsibility when the client receives services from another county.

(b) The traumatic brain injury waiver shall:

(1) require client reassessments once every 12 months;

(2) permit the purchase of supplies and equipment costing \$250 or less without having a contract with the supplier; and

(3) allow the implementation of care plans without the approval of the county of financial responsibility when the client receives services from another county.

Sec. 63. Minnesota Statutes 1994, section 256B.0913, subdivision 4, is amended to read:

Subd. 4. [ELIGIBILITY FOR FUNDING FOR SERVICES FOR NONMEDICAL ASSISTANCE RECIPIENTS.] (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been screened by the county screening team or, if previously screened and served under the alternative care program, assessed by the local county social worker or public health nurse;

(2) the person is age 65 or older;

(3) the person would be financially eligible for medical assistance within 180 days of admission to a nursing facility;

(4) the person meets the asset transfer requirements of the medical assistance program;

(5) the screening team would recommend nursing facility admission or continued stay for the person if alternative care services were not available;

(6) the person needs services that are not available at that time in the county through other county, state, or federal funding sources; and

(7) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the statewide average monthly medical assistance payment for nursing facility care at the individual's case mix classification to which the individual would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. If medical supplies and equipment or adaptations are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis throughout the year in which they are purchased. If the monthly cost of a recipient's other alternative care services exceeds the monthly limit established in this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit calculated in this paragraph.

(b) Individuals who meet the criteria in paragraph (a) and who have been approved for alternative care funding are called 180-day eligible clients.

(c) The statewide average payment for nursing facility care is the statewide average monthly nursing facility rate in effect on July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing facility residents who are age 65 or older and who are medical assistance recipients in the month of March of the previous fiscal year. This monthly limit does not prohibit the 180-day eligible client from paying for additional services needed or desired.

(d) In determining the total costs of alternative care services for one month, the costs of all

services funded by the alternative care program, including supplies and equipment, must be included.

(e) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown ~~if the person applied~~, unless authorized by the commissioner. A person whose application for medical assistance is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, the county must bill medical assistance from the date the individual was found eligible for ~~the medical assistance services provided that are~~ reimbursable under the elderly waiver program.

(f) Alternative care funding is not available for a person who resides in a licensed nursing home or boarding care home, except for case management services which are being provided in support of the discharge planning process.

Sec. 64. Minnesota Statutes 1994, section 256B.0913, subdivision 5, is amended to read:

Subd. 5. [SERVICES COVERED UNDER ALTERNATIVE CARE.] (a) Alternative care funding may be used for payment of costs of:

- (1) adult foster care;
- (2) adult day care;
- (3) home health aide;
- (4) homemaker services;
- (5) personal care;
- (6) case management;
- (7) respite care;
- (8) assisted living;
- (9) residential care services;
- (10) care-related supplies and equipment;
- (11) meals delivered to the home;
- (12) transportation;
- (13) skilled nursing;
- (14) chore services;
- (15) companion services;
- (16) nutrition services; and
- (17) training for direct informal caregivers.

(b) The county agency must ensure that the funds are used only to supplement and not supplant services available through other public assistance or services programs.

(c) Unless specified in statute, the service standards for alternative care services shall be the same as the service standards defined in the elderly waiver. Persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program.

(d) The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board. The adult foster care daily rate shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed 75

percent of the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, and it must allow for other alternative care services to be authorized by the case manager.

(e) Personal care services may be provided by a personal care provider organization. A county agency may contract with a relative of the client to provide personal care services, but must ensure nursing supervision. Covered personal care services defined in section 256B.0627, subdivision 4, must meet applicable standards in Minnesota Rules, part 9505.0335.

(f) Costs for supplies and equipment that exceed \$150 per item per month must have prior approval from the commissioner. A county may use alternative care funds to purchase supplies and equipment from a non-Medicaid certified vendor if the cost for the items is less than that of a Medicaid vendor. A county is not required to contract with a provider of supplies and equipment if the monthly cost of the supplies and equipment is less than \$250.

(g) For purposes of this section, residential care services are services which are provided to individuals living in residential care homes. Residential care homes are currently licensed as board and lodging establishments and are registered with the department of health as providing special services. Residential care services are defined as "supportive services" and "health-related services." "Supportive services" means the provision of up to 24-hour supervision and oversight. Supportive services includes: (1) transportation, when provided by the residential care center only; (2) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature; (3) assisting clients in setting up meetings and appointments; (4) assisting clients in setting up medical and social services; (5) providing assistance with personal laundry, such as carrying the client's laundry to the laundry room. Assistance with personal laundry does not include any laundry, such as bed linen, that is included in the room and board rate. Health-related services are limited to minimal assistance with dressing, grooming, and bathing and providing reminders to residents to take medications that are self-administered or providing storage for medications, if requested. Individuals receiving residential care services cannot receive both personal care services and residential care services.

(h) For the purposes of this section, "assisted living" refers to supportive services provided by a single vendor to clients who reside in the same apartment building of three or more units. Assisted living services are defined as up to 24-hour supervision, and oversight, supportive services as defined in clause (1), individualized home care aide tasks as defined in clause (2), and individualized home management tasks as defined in clause (3) provided to residents of a residential center living in their units or apartments with a full kitchen and bathroom. A full kitchen includes a stove, oven, refrigerator, food preparation counter space, and a kitchen utensil storage compartment. Assisted living services must be provided by the management of the residential center or by providers under contract with the management or with the county.

(1) Supportive services include:

(i) socialization, when socialization is part of the plan of care, has specific goals and outcomes established, and is not diversional or recreational in nature;

(ii) assisting clients in setting up meetings and appointments; and

(iii) providing transportation, when provided by the residential center only.

Individuals receiving assisted living services will not receive both assisted living services and homemaking or personal care services. Individualized means services are chosen and designed specifically for each resident's needs, rather than provided or offered to all residents regardless of their illnesses, disabilities, or physical conditions.

(2) Home care aide tasks means:

(i) preparing modified diets, such as diabetic or low sodium diets;

(ii) reminding residents to take regularly scheduled medications or to perform exercises;

(iii) household chores in the presence of technically sophisticated medical equipment or episodes of acute illness or infectious disease;

(iv) household chores when the resident's care requires the prevention of exposure to infectious disease or containment of infectious disease; and

(v) assisting with dressing, oral hygiene, hair care, grooming, and bathing, if the resident is ambulatory, and if the resident has no serious acute illness or infectious disease. Oral hygiene means care of teeth, gums, and oral prosthetic devices.

(3) Home management tasks means:

(i) housekeeping;

(ii) laundry;

(iii) preparation of regular snacks and meals; and

(iv) shopping.

~~A person's eligibility to reside in the building must not be contingent on the person's acceptance or use of the assisted living services.~~ Assisted living services as defined in this section shall not be authorized in boarding and lodging establishments licensed according to sections 157.01 to 157.031.

(i) ~~For the purposes of this section, reimbursement for assisted living services and residential care services shall be made by the lead agency to the vendor as a monthly rate negotiated with and authorized by the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, except.~~ For alternative care assisted living projects established under Laws 1988, chapter 689, article 2, section 256, ~~whose~~ monthly rates may not exceed 65 percent of ~~either the greater of either~~ either statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the 180-day eligible client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover rent and direct food costs.

(j) (i) For purposes of this section, companion services are defined as nonmedical care, supervision and oversight, provided to a functionally impaired adult. Companions may assist the individual with such tasks as meal preparation, laundry and shopping, but do not perform these activities as discrete services. The provision of companion services does not entail hands-on medical care. Providers may also perform light housekeeping tasks which are incidental to the care and supervision of the recipient. This service must be approved by the case manager as part of the care plan. Companion services must be provided by individuals or nonprofit organizations who are under contract with the local agency to provide the service. Any person related to the waiver recipient by blood, marriage or adoption cannot be reimbursed under this service. Persons providing companion services will be monitored by the case manager.

(j) (k) For purposes of this section, training for direct informal caregivers is defined as a classroom or home course of instruction which may include: transfer and lifting skills, nutrition, personal and physical cares, home safety in a home environment, stress reduction and management, behavioral management, long-term care decision making, care coordination and family dynamics. The training is provided to an informal unpaid caregiver of a 180-day eligible client which enables the caregiver to deliver care in a home setting with high levels of quality. The training must be approved by the case manager as part of the individual care plan. Individuals, agencies, and educational facilities which provide caregiver training and education will be monitored by the case manager.

Sec. 65. Minnesota Statutes 1994, section 256B.0913, subdivision 8, is amended to read:

Subd. 8. [REQUIREMENTS FOR INDIVIDUAL CARE PLAN.] (a) The case manager shall implement the plan of care for each 180-day eligible client and ensure that a client's service needs and eligibility are reassessed at least every ~~six~~ 12 months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the

use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The lead agency shall provide documentation to the commissioner verifying that the individual's alternative care is not available at that time through any other public assistance or service program. The lead agency shall provide documentation in each individual's plan of care and to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private. The case manager must give the individual a ten-day written notice of any decrease in or termination of alternative care services.

(b) If the county administering alternative care services is different than the county of financial responsibility, the care plan may be implemented without the approval of the county of financial responsibility.

Sec. 66. Minnesota Statutes 1994, section 256B.0913, subdivision 12, is amended to read:

Subd. 12. [CLIENT PREMIUMS.] (a) A premium is required for all 180-day eligible clients to help pay for the cost of participating in the program. The amount of the premium for the alternative care client shall be determined as follows:

(1) when the alternative care client's income less recurring and predictable medical expenses is greater than the medical assistance income standard but less than 150 percent of the federal poverty guideline, and total assets are less than \$6,000, the fee is zero;

(2) when the alternative care client's income less recurring and predictable medical expenses is greater than 150 percent of the federal poverty guideline, and total assets are less than \$6,000, the fee is 25 percent of the cost of alternative care services or the difference between 150 percent of the federal poverty guideline and the client's income less recurring and predictable medical expenses, whichever is less; and

(3) when the alternative care client's total assets are greater than \$6,000, the fee is 25 percent of the cost of alternative care services.

For married persons, total assets are defined as the total marital assets less the estimated community spouse asset allowance, under section 256B.059, if applicable. For married persons, total income is defined as the client's income less the monthly spousal allotment, under section 256B.058.

All alternative care services except case management shall be included in the estimated costs for the purpose of determining 25 percent of the costs.

The monthly premium shall be calculated and be payable in the based on the cost of the first full month in which the of alternative care services begin and shall continue unaltered for six months until the semiannual reassessment unless the actual cost of services falls below the fee until the next reassessment is completed or at the end of 12 months, whichever comes first. Premiums are due and payable each month alternative care services are received unless the actual cost of the services is less than the premium.

(b) The fee shall be waived by the commissioner when:

(1) a person who is residing in a nursing facility is receiving case management only;

(2) a person is applying for medical assistance;

(3) a married couple is requesting an asset assessment under the spousal impoverishment provisions;

(4) a person is a medical assistance recipient, but has been approved for alternative care-funded assisted living services;

(5) a person is found eligible for alternative care, but is not yet receiving alternative care services; or

~~(6) a person is an adult foster care resident for whom alternative care funds are being used to meet a portion of the person's medical assistance spenddown, as authorized in subdivision 4; and~~

~~(7) a person's fee under paragraph (a) is less than \$25.~~

(c) The county agency must collect the premium from the client and forward the amounts collected to the commissioner in the manner and at the times prescribed by the commissioner. Money collected must be deposited in the general fund and is appropriated to the commissioner for the alternative care program. The client must supply the county with the client's social security number at the time of application. If a client fails or refuses to pay the premium due, the county shall supply the commissioner with the client's social security number and other information the commissioner requires to collect the premium from the client. The commissioner shall collect unpaid premiums using the revenue recapture act in chapter 270A and other methods available to the commissioner. The commissioner may require counties to inform clients of the collection procedures that may be used by the state if a premium is not paid.

(d) The commissioner shall begin to adopt emergency or permanent rules governing client premiums within 30 days after July 1, 1991, including criteria for determining when services to a client must be terminated due to failure to pay a premium.

Sec. 67. Minnesota Statutes 1994, section 256B.0913, subdivision 14, is amended to read:

Subd. 14. [REIMBURSEMENT AND RATE ADJUSTMENTS.] (a) Reimbursement for expenditures for the alternative care services as approved by the client's case manager shall be through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), ~~only with the approval of the client's case manager.~~ To receive reimbursement, the county or vendor must submit invoices within ~~120 days~~ 12 months following the ~~month~~ date of service. The county agency and its vendors under contract shall not be reimbursed for services which exceed the county allocation.

(b) If a county collects less than 50 percent of the client premiums due under subdivision 12, the commissioner may withhold up to three percent of the county's final alternative care program allocation determined under subdivisions 10 and 11.

(c) Beginning July 1, 1991, the state will reimburse counties, up to the limits of state appropriations, according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who would be eligible for medical assistance within 180 days of admission to a nursing home.

(d) For fiscal years beginning on or after July 1, 1993, the commissioner of human services shall not provide automatic annual inflation adjustments for alternative care services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11 annual adjustments in reimbursement rates for alternative care services based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set.

(e) The county shall negotiate individual rates with vendors and may be reimbursed for actual costs up to the greater of the county's current approved rate or 60 percent of the maximum rate in fiscal year 1994 and 65 percent of the maximum rate in fiscal year 1995 for each alternative care service. Notwithstanding any other rule or statutory provision to the contrary, the commissioner shall not be authorized to increase rates by an annual inflation factor, unless so authorized by the legislature.

(f) On July 1, 1993, the commissioner shall increase the maximum rate for home delivered meals to \$4.50 per meal.

Sec. 68. Minnesota Statutes 1994, section 256B.0913, is amended by adding a subdivision to read:

Subd. 15. [SERVICE ALLOWANCE FUND AVAILABILITY.] (a) Effective July 1, 1996, the commissioner may use alternative care funds for services to high function class A persons as defined in section 144.0721, subdivision 3, clause (2). The county alternative care grant allocation will be supplemented with a special allocation amount based on the projected number of eligible high function class A's and computed on the basis of \$240 per month per projected eligible person. Individual monthly expenditures under the service allowance option are permitted to be either greater or less than the amount of \$240 per month based on individual need. County allocations shall be adjusted periodically based on the actual provision of services to high function class A persons.

(b) Counties shall have the option of providing services, cash service allowances, vouchers, or a combination of these options to high function class A persons defined in section 144.0721, subdivision 3, clause (2). High function class A persons may choose services from among the categories of services listed under section 256B.0913, subdivision 5, except for case management services.

(c) If the allocation to a county is not sufficient to serve all persons who qualify for alternative care services, the county is not required to provide any alternative care services to a high function class A person but shall establish a waiting list to provide services as funding becomes available.

Sec. 69. Minnesota Statutes 1994, section 256B.0913, is amended by adding a subdivision to read:

Subd. 15a. [REIMBURSEMENT RATE; ANOKA COUNTY.] Notwithstanding subdivision 14, paragraph (e), or any other law to the contrary, for services rendered on or after January 1, 1996, Anoka county may pay vendors, and the commissioner shall reimburse the county, for actual costs up to the rate in effect on December 31, 1995, plus half the difference between that rate and the maximum allowed state rate for home health aide and homemaker services.

Sec. 70. Minnesota Statutes 1994, section 256B.0915, subdivision 2, is amended to read:

Subd. 2. [SPOUSAL IMPOVERISHMENT POLICIES.] The commissioner shall seek to amend the federal waiver and the medical assistance state plan to allow spousal impoverishment criteria as authorized in Code of Federal Regulations, title 42, section 435.726(1924) under United States Code, title 42, section 1396r-5, and as implemented in sections 256B.0575, 256B.058, and 256B.059 to be applied to persons who are screened and determined to need a nursing facility level of care, except that the amendment shall seek to add to the personal needs allowance permitted in section 256B.0575, an amount equivalent to the group residential housing rate as set by section 256I.03, subdivision 5.

Sec. 71. Minnesota Statutes 1994, section 256B.0915, subdivision 3, is amended to read:

Subd. 3. [LIMITS OF CASES, RATES, REIMBURSEMENT, AND FORECASTING.] (a) The number of medical assistance waiver recipients that a county may serve must be allocated according to the number of medical assistance waiver cases open on July 1 of each fiscal year. Additional recipients may be served with the approval of the commissioner.

(b) The monthly limit for the cost of waived services to an individual waiver client shall be the statewide average payment rate of the case mix resident class to which the waiver client would be assigned under the medical assistance case mix reimbursement system. If medical supplies and equipment or adaptations are or will be purchased for an elderly waiver services recipient, the costs may be prorated on a monthly basis throughout the year in which they are purchased. If the monthly cost of a recipient's other waived services exceeds the monthly limit established in this paragraph, the annual cost of the waived services shall be determined. In this event, the annual cost of waived services shall not exceed 12 times the monthly limit calculated in this paragraph. The statewide average payment rate is calculated by determining the statewide average monthly nursing home rate, effective July 1 of the fiscal year in which the cost is incurred, less the statewide average monthly income of nursing home residents who are age 65 or older, and who are medical assistance recipients in the month of March of the previous state fiscal year. The annual cost divided by 12 of elderly or disabled waived services for a person who is a nursing facility resident at the time of requesting a determination of eligibility for elderly or disabled waived services shall not exceed the monthly payment for the resident class assigned under

Minnesota Rules, parts 9549.0050 to 9549.0059, for that resident in the nursing facility where the resident currently resides. The following costs must be included in determining the total monthly costs for the waiver client:

- (1) cost of all waived services, including extended medical supplies and equipment; and
- (2) cost of skilled nursing, home health aide, and personal care services reimbursable by medical assistance.

(c) Medical assistance funding for skilled nursing services, home health aide, and personal care services for waiver recipients must be approved by the case manager and included in the individual care plan.

(d) Expenditures for extended medical supplies and equipment that cost over \$150 per month for both the elderly waiver and the disabled waiver must have the commissioner's prior approval. A county is not required to contract with a provider of supplies and equipment if the monthly cost of the supplies and equipment is less than \$250.

(e) For the fiscal year beginning on July 1, 1993, and for subsequent fiscal years, the commissioner of human services shall not provide automatic annual inflation adjustments for home and community-based waived services. The commissioner of finance shall include as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11, annual adjustments in reimbursement rates for home and community-based waived services, based on the forecasted percentage change in the Home Health Agency Market Basket of Operating Costs, for the fiscal year beginning July 1, compared to the previous fiscal year, unless otherwise adjusted by statute. The Home Health Agency Market Basket of Operating Costs is published by Data Resources, Inc. The forecast to be used is the one published for the calendar quarter beginning January 1, six months prior to the beginning of the fiscal year for which rates are set. The adult foster care rate shall be considered a difficulty of care payment and shall not include room and board.

(f) The adult foster care daily rate for the elderly and disabled waivers shall be negotiated between the county agency and the foster care provider. The rate established under this section shall not exceed the state average monthly nursing home payment for the case mix classification to which the individual receiving foster care is assigned, ~~and it;~~ the rate must allow for other waiver and medical assistance home care services to be authorized by the case manager.

(g) The assisted living and residential care service rates for elderly and ~~disabled~~ community alternatives for disabled individuals (CADI) waivers shall be made to the vendor as a monthly rate negotiated with the county agency. The rate shall not exceed the nonfederal share of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate of the case mix resident class to which the elderly or disabled client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059, ~~except.~~ For alternative care assisted living projects established under Laws 1988, chapter 689, article 2, section 256, ~~whose~~ monthly rates may not exceed 65 percent of the greater of either the statewide or any of the geographic groups' weighted average monthly medical assistance nursing facility payment rate for the case mix resident class to which the elderly or disabled client would be assigned under Minnesota Rules, parts 9549.0050 to 9549.0059. The rate may not cover direct rent or food costs.

(h) The county shall negotiate individual rates with vendors and may be reimbursed for actual costs up to the greater of the county's current approved rate or 60 percent of the maximum rate in fiscal year 1994 and 65 percent of the maximum rate in fiscal year 1995 for each service within each program.

(i) On July 1, 1993, the commissioner shall increase the maximum rate for home-delivered meals to \$4.50 per meal.

(j) Reimbursement for the medical assistance recipients under the approved waiver shall be made from the medical assistance account through the invoice processing procedures of the department's Medicaid Management Information System (MMIS), only with the approval of the client's case manager. The budget for the state share of the Medicaid expenditures shall be forecasted with the medical assistance budget, and shall be consistent with the approved waiver.

(k) Beginning July 1, 1991, the state shall reimburse counties according to the payment schedule in section 256.025 for the county share of costs incurred under this subdivision on or after January 1, 1991, for individuals who are receiving medical assistance.

Sec. 72. Minnesota Statutes 1994, section 256B.0915, is amended by adding a subdivision to read:

Subd. 3a. [REIMBURSEMENT RATE; ANOKA COUNTY.] Notwithstanding subdivision 3, paragraph (h), or any other law to the contrary, for services rendered on or after January 1, 1996, Anoka county may pay vendors, and the commissioner shall reimburse the county, for actual costs up to the rate in effect on December 31, 1995, plus half the difference between that rate and the maximum allowed state rate for home health aide and homemaker services.

Sec. 73. Minnesota Statutes 1994, section 256B.0915, subdivision 5, is amended to read:

Subd. 5. [REASSESSMENTS FOR WAIVER CLIENTS.] A reassessment of a client served under the elderly or disabled waiver must be conducted at least every ~~six~~ 12 months and at other times when the case manager determines that there has been significant change in the client's functioning. This may include instances where the client is discharged from the hospital.

Sec. 74. Minnesota Statutes 1994, section 256B.0915, is amended by adding a subdivision to read:

Subd. 6. [IMPLEMENTATION OF CARE PLAN.] If the county administering waived services is different than the county of financial responsibility, the care plan may be implemented without the approval of the county of financial responsibility.

Sec. 75. Minnesota Statutes 1994, section 256B.093, subdivision 1, is amended to read:

Subdivision 1. [STATE TRAUMATIC BRAIN INJURY PROGRAM.] The commissioner of human services shall:

Sec. 77. Minnesota Statutes 1994, section 256B.093, subdivision 3, is amended to read:

Subd. 3. [TRAUMATIC BRAIN INJURY PROGRAM DUTIES.] The department shall fund administrative case management under this subdivision using medical assistance administrative funds. The traumatic brain injury program duties include:

Factors will include, but are not limited to, number of individuals served, length of stay, services received, and barriers to community placement; and
- (10) providing information, referral, and case consultation to access medical assistance services for recipients without a county or facility case manager. Direct access to this assistance may be limited due to the structure of the program.

Sec. 78. Minnesota Statutes 1994, section 256B.093, is amended by adding a subdivision to read:

Subd. 3a. [TRAUMATIC BRAIN INJURY CASE MANAGEMENT SERVICES.] The annual appropriation established under section 171.29, subdivision 2, paragraph (b), clause (5), shall be used for traumatic brain injury program services that include, but are not limited to:

(1) collaborating with counties, providers, and other public and private organizations to expand and strengthen local capacity for delivering needed services and supports, including efforts to increase access to supportive residential housing options;

(2) participating in planning and accessing services not otherwise covered in subdivision 3 to allow individuals to attain and maintain community-based services;

(3) providing information, referral, and case consultation to access health and human services for persons with traumatic brain injury not eligible for medical assistance, though direct access to this assistance may be limited due to the structure of the program; and

(4) collaborating on injury prevention efforts.

Sec. 79. Minnesota Statutes 1994, section 256B.15, subdivision 1a, is amended to read:

Subd. 1a. [ESTATES SUBJECT TO CLAIMS.] If a person receives any medical assistance hereunder, on the person's death, if single, or on the death of the survivor of a married couple, either or both of whom received medical assistance, the total amount paid for medical assistance rendered for the person and spouse shall be filed as a claim against the estate of the person or the estate of the surviving spouse in the court having jurisdiction to probate the estate.

A claim shall be filed if medical assistance was rendered for either or both persons under one of the following circumstances:

(a) the person was over ~~65~~ 55 years of age, and received services under this chapter, excluding alternative care;

(b) the person resided in a medical institution for six months or longer, received services under this chapter excluding alternative care, and, at the time of institutionalization or application for medical assistance, whichever is later, the person could not have reasonably been expected to be discharged and returned home, as certified in writing by the person's treating physician. For purposes of this section only, a "medical institution" means a skilled nursing facility, intermediate care facility, intermediate care facility for persons with mental retardation, nursing facility, or inpatient hospital; or

(c) the person received general assistance medical care services under chapter 256D.

The claim shall be considered an expense of the last illness of the decedent for the purpose of section 524.3-805. Any statute of limitations that purports to limit any county agency or the state agency, or both, to recover for medical assistance granted hereunder shall not apply to any claim made hereunder for reimbursement for any medical assistance granted hereunder. Notice of the claim shall be given to all heirs and devisees of the decedent whose identity can be ascertained with reasonable diligence. The notice must include procedures and instructions for making an application for a hardship waiver under subdivision 5; time frames for submitting an application and determination; and information regarding appeal rights and procedures. Counties are entitled to one-half of the nonfederal share of medical assistance collections from estates that are directly attributable to county effort.

Sec. 80. Minnesota Statutes 1994, section 256B.15, subdivision 2, is amended to read:

Subd. 2. [LIMITATIONS ON CLAIMS.] The claim shall include only the total amount of medical assistance rendered after age ~~65~~ 55 or during a period of institutionalization described in subdivision 1a, clause (b), and the total amount of general assistance medical care rendered, and shall not include interest. Claims that have been allowed but not paid shall bear interest according to section 524.3-806, paragraph (d). A claim against the estate of a surviving spouse who did not receive medical assistance, for medical assistance rendered for the predeceased spouse, is limited to the value of the assets of the estate that were marital property or jointly owned property at any time during the marriage.

Sec. 81. Minnesota Statutes 1994, section 256B.15, is amended by adding a subdivision to read:

Subd. 5. [UNDUE HARDSHIP.] Any person entitled to notice in subdivision 1a has a right to apply for waiver of the claim based upon undue hardship. Any claim pursuant to this section may be fully or partially waived because of undue hardship. Undue hardship does not include action taken by the decedent which divested or diverted assets in order to avoid estate recovery. Any waiver of a claim must benefit the person claiming undue hardship.

Sec. 82. Minnesota Statutes 1994, section 256B.19, subdivision 1b, is amended to read:

Subd. 1b. [PORTION OF NONFEDERAL SHARE TO BE PAID BY GOVERNMENT HOSPITALS.] (a) In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance costs attributable to them. For purposes of this subdivision, "designated governmental unit" means Hennepin county and the University of Minnesota. For purposes of this subdivision, "public hospital" means the Hennepin County Medical Center and the University of Minnesota hospital.

(b) From July 1, 1993 through June 30, 1994, Hennepin county shall on a monthly basis transfer an amount equal to 1.8 percent of the public hospital's net patient revenues, excluding net Medicare revenue to the state Medicaid agency.

(c) Effective July 1, 1994, each of the governmental units designated in paragraph (a) shall on a monthly basis transfer an amount equal to 1.8 percent of the public hospital's net patient revenues, excluding net Medicare revenue, to the state Medicaid agency. The base year for determining this transfer amount shall be established according to section 256.9657, subdivision 4.

(d) These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 83. Minnesota Statutes 1994, section 256B.19, subdivision 1c, is amended to read:

Subd. 1c. [ADDITIONAL PORTION OF NONFEDERAL SHARE.] In addition to any payment required under subdivision 1b, ~~Hennepin county and the University of Minnesota~~ shall be responsible for a monthly transfer payment of ~~\$1,000,000~~ \$1,500,000, due before noon on the 15th of each month and ~~the University of Minnesota shall be responsible for a monthly transfer payment of \$500,000 due before noon on the 15th of each month, beginning July 15, 1993 1995.~~ These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 84. Minnesota Statutes 1994, section 256B.19, subdivision 1d, is amended to read:

Subd. 1d. [PORTION OF NONFEDERAL SHARE TO BE PAID BY CERTAIN COUNTIES.] In addition to the percentage contribution paid by a county under subdivision 1, the governmental units designated in this subdivision shall be responsible for an additional portion of the nonfederal share of medical assistance cost. For purposes of this subdivision, "designated governmental unit" means the counties of Becker, Beltrami, Clearwater, Cook, Dodge, Hubbard, Itasca, Lake, ~~Mahnomen~~, Pennington, Pipestone, Ramsey, St. Louis, Steele, Todd, Traverse, and Wadena.

Beginning in 1994, each of the governmental units designated in this subdivision shall transfer before noon on May 31 to the state Medicaid agency an amount equal to the number of licensed beds in any nursing home owned and operated by the county, with the county named as licensee, multiplied by \$5,723. If two or more counties own and operate a nursing home, the payment shall be prorated. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs, but shall not be subject to payback provisions of section 256.025.

Sec. 85. Minnesota Statutes 1994, section 256B.431, subdivision 2b, is amended to read:

Subd. 2b. [OPERATING COSTS, AFTER JULY 1, 1985.] (a) For rate years beginning on or after July 1, 1985, the commissioner shall establish procedures for determining per diem reimbursement for operating costs.

(b) The commissioner shall contract with an econometric firm with recognized expertise in and access to national economic change indices that can be applied to the appropriate cost categories when determining the operating cost payment rate.

(c) The commissioner shall analyze and evaluate each nursing facility's cost report of allowable operating costs incurred by the nursing facility during the reporting year immediately preceding the rate year for which the payment rate becomes effective.

(d) The commissioner shall establish limits on actual allowable historical operating cost per diems based on cost reports of allowable operating costs for the reporting year that begins October 1, 1983, taking into consideration relevant factors including resident needs, geographic location, size of the nursing facility, and the costs that must be incurred for the care of residents in an efficiently and economically operated nursing facility. In developing the geographic groups for purposes of reimbursement under this section, the commissioner shall ensure that nursing facilities in any county contiguous to the Minneapolis-St. Paul seven-county metropolitan area are included in the same geographic group. The limits established by the commissioner shall not be less, in the aggregate, than the 60th percentile of total actual allowable historical operating cost per diems for each group of nursing facilities established under subdivision 1 based on cost reports of allowable operating costs in the previous reporting year. For rate years beginning on or after July 1, 1989, facilities located in geographic group I as described in Minnesota Rules, part 9549.0052, on January 1, 1989, may choose to have the commissioner apply either the care related limits or the other operating cost limits calculated for facilities located in geographic group II, or both, if either of the limits calculated for the group II facilities is higher. The efficiency incentive for geographic group I nursing facilities must be calculated based on geographic group I limits. The phase-in must be established utilizing the chosen limits. For purposes of these exceptions to the geographic grouping requirements, the definitions in Minnesota Rules, parts 9549.0050 to 9549.0059 (Emergency), and 9549.0010 to 9549.0080, apply. The limits established under this paragraph remain in effect until the commissioner establishes a new base period. Until the new base period is established, the commissioner shall adjust the limits annually using the appropriate economic change indices established in paragraph (e). In determining allowable historical operating cost per diems for purposes of setting limits and nursing facility payment rates, the commissioner shall divide the allowable historical operating costs by the actual number of resident days, except that where a nursing facility is occupied at less than 90 percent of licensed capacity days, the commissioner may establish procedures to adjust the computation of the per diem to an imputed occupancy level at or below 90 percent. The commissioner shall establish efficiency incentives as appropriate. The commissioner may establish efficiency incentives for different operating cost categories. The commissioner shall consider establishing efficiency incentives in care related cost categories. The commissioner may combine one or more operating cost categories and may use different methods for calculating payment rates for each operating cost category or combination of operating cost categories. For the rate year beginning on July 1, 1985, the commissioner shall:

(1) allow nursing facilities that have an average length of stay of 180 days or less in their skilled nursing level of care, 125 percent of the care related limit and 105 percent of the other operating cost limit established by rule; and

(2) exempt nursing facilities licensed on July 1, 1983, by the commissioner to provide residential services for the physically handicapped under Minnesota Rules, parts 9570.2000 to 9570.3600, from the care related limits and allow 105 percent of the other operating cost limit established by rule.

For the purpose of calculating the other operating cost efficiency incentive for nursing facilities referred to in clause (1) or (2), the commissioner shall use the other operating cost limit established by rule before application of the 105 percent.

(e) The commissioner shall establish a composite index or indices by determining the appropriate economic change indicators to be applied to specific operating cost categories or combination of operating cost categories.

(f) Each nursing facility shall receive an operating cost payment rate equal to the sum of the nursing facility's operating cost payment rates for each operating cost category. The operating cost payment rate for an operating cost category shall be the lesser of the nursing facility's historical

operating cost in the category increased by the appropriate index established in paragraph (e) for the operating cost category plus an efficiency incentive established pursuant to paragraph (d) or the limit for the operating cost category increased by the same index. If a nursing facility's actual historic operating costs are greater than the prospective payment rate for that rate year, there shall be no retroactive cost settle-up. In establishing payment rates for one or more operating cost categories, the commissioner may establish separate rates for different classes of residents based on their relative care needs.

(g) The commissioner shall include the reported actual real estate tax liability or payments in lieu of real estate tax of each nursing facility as an operating cost of that nursing facility. Allowable costs under this subdivision for payments made by a nonprofit nursing facility that are in lieu of real estate taxes shall not exceed the amount which the nursing facility would have paid to a city or township and county for fire, police, sanitation services, and road maintenance costs had real estate taxes been levied on that property for those purposes. For rate years beginning on or after July 1, 1987, the reported actual real estate tax liability or payments in lieu of real estate tax of nursing facilities shall be adjusted to include an amount equal to one-half of the dollar change in real estate taxes from the prior year. The commissioner shall include a reported actual special assessment, and reported actual license fees required by the Minnesota department of health, for each nursing facility as an operating cost of that nursing facility. For rate years beginning on or after July 1, 1989, the commissioner shall include a nursing facility's reported public employee retirement act contribution for the reporting year as apportioned to the care-related operating cost categories and other operating cost categories multiplied by the appropriate composite index or indices established pursuant to paragraph (e) as costs under this paragraph. Total adjusted real estate tax liability, payments in lieu of real estate tax, actual special assessments paid, the indexed public employee retirement act contribution, and license fees paid as required by the Minnesota department of health, for each nursing facility (1) shall be divided by actual resident days in order to compute the operating cost payment rate for this operating cost category, (2) shall not be used to compute the care-related operating cost limits or other operating cost limits established by the commissioner, and (3) shall not be increased by the composite index or indices established pursuant to paragraph (e), unless otherwise indicated in this paragraph.

(h) For rate years beginning on or after July 1, 1987, the commissioner shall adjust the rates of a nursing facility that meets the criteria for the special dietary needs of its residents and the requirements in section 31.651. The adjustment for raw food cost shall be the difference between the nursing facility's allowable historical raw food cost per diem and 115 percent of the median historical allowable raw food cost per diem of the corresponding geographic group.

The rate adjustment shall be reduced by the applicable phase-in percentage as provided under subdivision 2h.

(i) For the cost report year ending September 30, 1996, and for all subsequent reporting years, certified nursing facilities must identify, differentiate, and record resident day statistics for residents in case mix classification A who, on or after July 1, 1996, meet the modified level of care criteria in section 144.0721. The resident day statistics shall be separated into case mix classification A-1 for any resident day meeting the high-function class A level of care criteria and case mix classification A-2 for other case mix class A resident days.

Sec. 86. Minnesota Statutes 1994, section 256B.431, subdivision 23, is amended to read:

Subd. 23. [COUNTY NURSING HOME PAYMENT ADJUSTMENTS.] (a) Beginning in 1994, the commissioner shall pay a nursing home payment adjustment on May 31 after noon to a county in which is located a nursing home that, as of January 1 of the previous year, was county-owned and operated, with the county named as licensee by the commissioner of health, and had over 40 beds and medical assistance occupancy in excess of 50 percent during the reporting year ending September 30, 1991. The adjustment shall be an amount equal to \$16 per calendar day multiplied by the number of beds licensed in the facility as of September 30, 1991.

(b) Payments under paragraph (a) are excluded from medical assistance per diem rate calculations. These payments are required notwithstanding any rule prohibiting medical assistance payments from exceeding payments from private pay residents. A facility receiving a payment under paragraph (a) may not increase charges to private pay residents by an amount equivalent to the per diem amount payments under paragraph (a) would equal if converted to a per diem.

Sec. 87. Minnesota Statutes 1994, section 256B.49, subdivision 1, is amended to read:

Subdivision 1. [STUDY; WAIVER APPLICATION.] The commissioner shall authorize a study to assess the need for home and community-based waivers for chronically ill children who have been and will continue to be hospitalized without a waiver, and for disabled individuals under the age of 65 who are likely to reside in an acute care or nursing home facility in the absence of a waiver. If a need for these waivers can be demonstrated, the commissioner shall apply for federal waivers necessary to secure, to the extent allowed by law, federal participation under United States Code, title 42, sections 1396-1396p, as amended through December 31, 1982, for the provision of home and community-based services to chronically ill children who, in the absence of such a waiver, would remain in an acute care setting, and to disabled individuals under the age of 65 who, in the absence of a waiver, would reside in an acute care or nursing home setting. If the need is demonstrated, the commissioner shall request a waiver under United States Code, title 42, sections 1396-1396p, to allow medicaid eligibility for blind or disabled children with ineligible parents where income deemed from the parents would cause the applicant to be ineligible for supplemental security income if the family shared a household and to furnish necessary services in the home or community to disabled individuals under the age of 65 who would be eligible for medicaid if institutionalized in an acute care or nursing home setting. These waivers are requested to furnish necessary services in the home and community setting to children or disabled adults under age 65 who are medicaid eligible when institutionalized in an acute care or nursing home setting. The commissioner shall assure that the cost of home and community-based care will not be more than the cost of care if the eligible child or disabled adult under age 65 were to remain institutionalized. The commissioner shall seek to amend the federal waivers obtained under this section to apply criteria to protect against spousal impoverishment as authorized under United States Code, title 42, section 1396r-5, and as implemented in sections 256B.0575, 256B.058, and 256B.059, except that the amendment shall seek to add to the personal needs allowance permitted in section 256B.0575, an amount equivalent to the group residential housing rate as set by section 256I.03, subdivision 5.

Sec. 88. Minnesota Statutes 1994, section 256B.49, is amended by adding a subdivision to read:

Subd. 6. [ADMISSION CERTIFICATION.] In determining an individual's eligibility for the community alternative care waiver program, and an individual's eligibility for medical assistance under section 256B.055, subdivision 12, paragraph (b), the commissioner may review or contract for review of the individual's medical condition to determine level of care using criteria in Minnesota Rules, parts 9505.0520 to 9505.0540.

For purposes of this subdivision, a person requires long-term care in an inpatient hospital setting if the person has an ongoing condition that is expected to last one year or longer, and would require continuous or frequent hospitalizations during that period, but for the provision of home care services under this section.

Sec. 89. Minnesota Statutes 1994, section 256B.49, is amended by adding a subdivision to read:

Subd. 7. [PERSONS WITH DEVELOPMENTAL DISABILITIES OR RELATED CONDITIONS.] Individuals who apply for services under the community alternatives for disabled individuals (CADI) waiver program who have developmental disabilities or related conditions must be screened for the appropriate institutional level of care in accordance with section 256B.092.

Sec. 90. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 3a. [COUNTY AUTHORITY.] The commissioner, when implementing the general assistance medical care or medical assistance prepayment program within a county, must include the county board in the process of development, approval, and issuance of the request for proposals to provide services to eligible individuals within the proposed county. County boards must be given reasonable opportunity to make recommendations regarding the development, issuance, review of responses, and changes needed in the request for proposals. The commissioner must provide county boards the opportunity to review each proposal based on the identification of community needs under chapters 145A and 256E and county advocacy activities. If a county board finds that a proposal does not address certain community needs, the county board and commissioner shall continue efforts for improving the proposal and network prior to the approval

of the contract. The county board shall make recommendations regarding the approval of local networks and their operations to ensure adequate availability and access to covered services. The provider or health plan must respond directly to county advocates and the state prepaid medical assistance ombudsperson regarding service delivery and must be accountable to the state regarding contracts with medical assistance and general assistance medical care funds. The county board may recommend a maximum number of participating health plans after considering the size of the enrolling population; ensuring adequate access and capacity; considering the client and county administrative complexity; and considering the need to promote the viability of locally developed health plans. Prior to the development of the request for proposal, there shall be established a mutually agreed upon timetable. This process shall in no way delay the department's ability to secure and finalize contracts for the medical assistance prepayment program.

Sec. 91. Minnesota Statutes 1994, section 256B.69, subdivision 4, is amended to read:

Subd. 4. [LIMITATION OF CHOICE.] The commissioner shall develop criteria to determine when limitation of choice may be implemented in the experimental counties. The criteria shall ensure that all eligible individuals in the county have continuing access to the full range of medical assistance services as specified in subdivision 6. The commissioner shall exempt the following persons from participation in the project, in addition to those who do not meet the criteria for limitation of choice: (1) persons eligible for medical assistance according to section 256B.055, subdivision 1, ~~and children under age 21 who are in foster placement~~; (2) persons eligible for medical assistance due to blindness or disability as determined by the social security administration or the state medical review team, unless: (i) they are 65 years of age or older, or (ii) they are eligible for medical assistance according to section 256B.055, subdivision 12; (3) recipients who currently have private coverage through a health maintenance organization; and (4) recipients who are eligible for medical assistance by spending down excess income for medical expenses other than the nursing facility per diem expense; and (5) recipients who receive benefits under the Refugee Assistance Program, established under United States Code, title 8, section 1522(e). Children under age 21 who are in foster placement may enroll in the project on an elective basis. The commissioner may allow persons with a one-month spenddown who are otherwise eligible to enroll to voluntarily enroll or remain enrolled, if they elect to prepay their monthly spenddown to the state. Before limitation of choice is implemented, eligible individuals shall be notified and after notification, shall be allowed to choose only among demonstration providers. After initially choosing a provider, the recipient is allowed to change that choice only at specified times as allowed by the commissioner. If a demonstration provider ends participation in the project for any reason, a recipient enrolled with that provider must select a new provider but may change providers without cause once more within the first 60 days after enrollment with the second provider.

Sec. 92. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 4a. [REQUIREMENTS OF REQUEST FOR PROPOSAL.] In implementing the limitation of choice for persons eligible for medical assistance according to section 256B.055, subdivision 12, hereinafter referred to as TEFRA recipients, the commissioner shall comply with the request for proposal process applicable to the prepaid medical assistance program. Notwithstanding any provision to the contrary, the commissioner shall include the following in the request for proposal issued to health plans for purposes of covering TEFRA recipients:

(1) evidence that eligibility criteria for personal care assistant services have been developed and implemented with respect to TEFRA recipients;

(2) a complete and detailed description of the benefits the health plan is responsible for providing to the TEFRA recipients;

(3) identification of the circumstances under which and the point at which the health plan covering the TEFRA recipient pursuant to this section is responsible for the costs of and delivery of benefits to the TEFRA recipient. The purpose of this information is to facilitate coordination of benefits with private health plans, including self-insured employers who are covering the TEFRA recipients. The point at which and circumstances under which the health plan is responsible must be identified and developed so as to be applied consistently to all TEFRA recipients;

(4) statistical information including the following:

- (i) how many TEFRA recipients will be enrolled;
- (ii) historical cost and utilization information, by type of service and diagnosis or condition, and any other data or statistics used in developing the proposed rate of payment to the health plan;
- (iii) average cost per TEFRA recipient to the state; and
- (iv) outlier information, including diagnosis categories, cost, and the number of TEFRA recipients; and
- (5) actuarially valid rates of payment proposed to be paid to the health plans.

Sec. 93. Minnesota Statutes 1994, section 256B.69, subdivision 5, is amended to read:

Subd. 5. [PROSPECTIVE PER CAPITA PAYMENT.] The commissioner shall establish the method and amount of payments for services. The commissioner shall annually contract with demonstration providers to provide services consistent with these established methods and amounts for payment. Notwithstanding section 62D.02, subdivision 1, payments for services rendered as part of the project may be made to providers that are not licensed health maintenance organizations on a risk-based, prepaid capitation basis.

If allowed by the commissioner, a demonstration provider may contract with an insurer, health care provider, nonprofit health service plan corporation, or the commissioner, to provide insurance or similar protection against the cost of care provided by the demonstration provider or to provide coverage against the risks incurred by demonstration providers under this section. The recipients enrolled with a demonstration provider are a permissible group under group insurance laws and chapter 62C, the Nonprofit Health Service Plan Corporations Act. Under this type of contract, the insurer or corporation may make benefit payments to a demonstration provider for services rendered or to be rendered to a recipient. Any insurer or nonprofit health service plan corporation licensed to do business in this state is authorized to provide this insurance or similar protection.

Payments to providers participating in the project are exempt from the requirements of sections 256.966 and 256B.03, subdivision 2. The commissioner shall complete development of capitation rates for payments before delivery of services under this section is begun. For payments made during calendar year 1990 and later years, the commissioner shall contract with an independent actuary to establish prepayment rates.

By January 15, 1996, the commissioner shall report to the legislature on the methodology used to allocate to participating counties available administrative reimbursement for advocacy and enrollment costs. The report shall reflect the commissioner's judgment as to the adequacy of the funds made available and of the methodology for equitable distribution of the funds. The commissioner must involve participating counties in the development of the report.

Sec. 94. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 5a. [MANAGED CARE CONTRACTS.] Managed care contracts under this section, section 256.9363, and section 256D.03, shall be entered into or renewed on a calendar year basis beginning January 1, 1996. Managed care contracts which were in effect on June 30, 1995, and set to renew on July 1, 1995, shall be renewed for the period July 1, 1995 through December 31, 1995 at the same terms that were in effect on June 30, 1995.

Sec. 95. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 5b. [PROSPECTIVE REIMBURSEMENT RATES.] For prepaid medical assistance and general assistance medical care program contract rates effective January 1, 1996, through December 31, 1996, capitation rates for nonmetropolitan counties shall on a weighted average be no less than 85 percent of the capitation rates for metropolitan counties, excluding Hennepin county.

Sec. 96. Minnesota Statutes 1994, section 256B.69, subdivision 6, is amended to read:

Subd. 6. [SERVICE DELIVERY.] (a) Each demonstration provider shall be responsible for the health care coordination for eligible individuals. Demonstration providers:

(1) shall authorize and arrange for the provision of all needed health services including but not limited to the full range of services listed in sections 256B.02, subdivision 8, and 256B.0625 and for children eligible for medical assistance under section 256B.055, subdivision 12, home care services and personal care assistant services in order to ensure appropriate health care is delivered to enrollees;

(2) shall accept the prospective, per capita payment from the commissioner in return for the provision of comprehensive and coordinated health care services for eligible individuals enrolled in the program;

(3) may contract with other health care and social service practitioners to provide services to enrollees; and

(4) shall institute recipient grievance procedures according to the method established by the project, utilizing applicable requirements of chapter 62D. Disputes not resolved through this process shall be appealable to the commissioner as provided in subdivision 11.

(b) Demonstration providers must comply with the standards for claims settlement under section 72A.201, subdivisions 4, 5, 7, and 8, when contracting with other health care and social service practitioners to provide services to enrollees. A demonstration provider must pay a clean claim, as defined in Code of Federal Regulations, title 42, section 447.45(b), within 30 business days of the date of acceptance of the claim.

Sec. 97. Minnesota Statutes 1994, section 256B.69, subdivision 9, is amended to read:

Subd. 9. [REPORTING.] Each demonstration provider shall submit information as required by the commissioner, including data required for assessing client satisfaction, quality of care, cost, and utilization of services for purposes of project evaluation. The commissioner shall also develop methods of data collection from county advocacy activities in order to provide aggregate enrollee information on encounters and outcomes to determine access and quality assurance. Required information shall be specified before the commissioner contracts with a demonstration provider.

Sec. 98. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 18. [SERVICES PENDING APPEAL.] If the recipient appeals in writing to the state agency on or before the tenth day after the decision of the prepaid health plan to reduce, suspend, or terminate services which the recipient had been receiving, and the treating physician or another plan physician orders the services to be continued at the previous level, the prepaid health plan must continue to provide services at a level equal to the level ordered by the plan's physician until the state agency renders its decision.

Sec. 99. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 19. [LIMITATION ON REIMBURSEMENT TO PROVIDERS NOT AFFILIATED WITH A PREPAID HEALTH PLAN.] A prepaid health plan may limit any reimbursement it may be required to pay to providers not employed by or under contract with the prepaid health plan to the medical assistance rates for medical assistance enrollees, and the general assistance medical care rates for general assistance medical care enrollees, paid by the commissioner of human services to providers for services to recipients not enrolled in a prepaid health plan.

Sec. 100. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 20. [OMBUDSPERSON.] The commissioner shall designate an ombudsperson to advocate for persons required to enroll in prepaid health plans under this section. The ombudsperson shall advocate for recipients enrolled in prepaid health plans through complaint and appeal procedures and ensure that necessary medical services are provided either by the prepaid health plan directly or by referral to appropriate social services. At the time of enrollment in a prepaid health plan, the local agency shall inform recipients about the ombudsperson program and their right to a resolution of a complaint by the prepaid health plan if they experience a problem with the plan or its providers.

Sec. 101. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 21. [PREPAYMENT COORDINATOR.] The local agency shall designate a prepayment coordinator to assist the state agency in implementing this section and section 256D.03, subdivision 4. Assistance must include educating recipients about available health care options, enrolling recipients under subdivision 5, providing necessary eligibility and enrollment information to health plans and the state agency, and coordinating complaints and appeals with the ombudsman established in subdivision 18.

Sec. 102. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 22. [IMPACT ON PUBLIC OR TEACHING HOSPITALS AND COMMUNITY CLINICS.] (a) Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program, provided the terms of participation in the program are competitive with the terms of other participants.

(b) Prepaid health plans serving counties with a nonprofit community clinic or community health services agency must contract with the clinic or agency to provide services to clients who choose to receive services from the clinic or agency, if the clinic or agency agrees to payment rates that are competitive with rates paid to other health plan providers for the same or similar services.

Sec. 103. [256B.691] [RISK-BASED TRANSPORTATION PAYMENTS.]

Any contract with a prepaid health plan under the medical assistance, general assistance medical care, or MinnesotaCare program that requires the health plan to cover transportation services for obtaining medical care for eligible individuals who are ambulatory must provide for payment for those services on a risk basis.

Sec. 104. Minnesota Statutes 1994, section 256D.03, subdivision 3, is amended to read:

Subd. 3. [GENERAL ASSISTANCE MEDICAL CARE; ELIGIBILITY.] (a) General assistance medical care may be paid for any person who is not eligible for medical assistance under chapter 256B, including eligibility for medical assistance based on a spenddown of excess income according to section 256B.056, subdivision 5, and:

(1) who is receiving assistance under section 256D.05 or 256D.051, or who is having a payment made on the person's behalf under sections 256I.01 to 256I.06; or

(2)(i) who is a resident of Minnesota; and whose equity in assets is not in excess of \$1,000 per assistance unit. No asset test shall be applied to children and their parents living in the same household. Exempt assets, the reduction of excess assets, and the waiver of excess assets must conform to the medical assistance program in chapter 256B, with the following exception: the maximum amount of undistributed funds in a trust that could be distributed to or on behalf of the beneficiary by the trustee, assuming the full exercise of the trustee's discretion under the terms of the trust, must be applied toward the asset maximum; and

(ii) who has countable income not in excess of the assistance standards established in section 256B.056, subdivision 4, or whose excess income is spent down pursuant to section 256B.056, subdivision 5, using a six-month budget period, except that a one-month budget period must be used for recipients residing in a long-term care facility. The method for calculating earned income disregards and deductions for a person who resides with a dependent child under age 21 shall be as specified in section 256.74, subdivision 1. However, if a disregard of \$30 and one-third of the remainder described in section 256.74, subdivision 1, clause (4), has been applied to the wage earner's income, the disregard shall not be applied again until the wage earner's income has not been considered in an eligibility determination for general assistance, general assistance medical care, medical assistance, or aid to families with dependent children for 12 consecutive months. The earned income and work expense deductions for a person who does not reside with a dependent child under age 21 shall be the same as the method used to determine eligibility for a person under section 256D.06, subdivision 1, except the disregard of the first \$50 of earned income is not allowed; or

(3) who would be eligible for medical assistance except that the person resides in a facility that is determined by the commissioner or the federal health care financing administration to be an institution for mental diseases.

(b) Eligibility is available for the month of application, and for three months prior to application if the person was eligible in those prior months. A redetermination of eligibility must occur every 12 months.

(c) General assistance medical care is not available for a person in a correctional facility unless the person is detained by law for less than one year in a county correctional or detention facility as a person accused or convicted of a crime, or admitted as an inpatient to a hospital on a criminal hold order, and the person is a recipient of general assistance medical care at the time the person is detained by law or admitted on a criminal hold order and as long as the person continues to meet other eligibility requirements of this subdivision.

(d) General assistance medical care is not available for applicants or recipients who do not cooperate with the county agency to meet the requirements of medical assistance.

(e) In determining the amount of assets of an individual, there shall be included any asset or interest in an asset, including an asset excluded under paragraph (a), that was given away, sold, or disposed of for less than fair market value within the ~~30~~ 60 months preceding application for general assistance medical care or during the period of eligibility. Any transfer described in this paragraph shall be presumed to have been for the purpose of establishing eligibility for general assistance medical care, unless the individual furnishes convincing evidence to establish that the transaction was exclusively for another purpose. For purposes of this paragraph, the value of the asset or interest shall be the fair market value at the time it was given away, sold, or disposed of, less the amount of compensation received. For any uncompensated transfer, the number of months of ineligibility, including partial months, shall be calculated by dividing the uncompensated transfer amount by the average monthly per person payment made by the medical assistance program to skilled nursing facilities for the previous calendar year. The individual shall remain ineligible until this fixed period has expired. The period of ineligibility may exceed 30 months, and a reapplication for benefits after 30 months from the date of the transfer shall not result in eligibility unless and until the period of ineligibility has expired. The period of ineligibility begins in the month the transfer was reported to the county agency, or if the transfer was not reported, the month in which the county agency discovered the transfer, whichever comes first. For applicants, the period of ineligibility begins on the date of the first approved application.

(f)(1) Beginning October 1, 1993, an undocumented alien or a nonimmigrant is ineligible for general assistance medical care other than emergency services. For purposes of this subdivision, a nonimmigrant is an individual in one or more of the classes listed in United States Code, title 8, section 1101(a)(15), and an undocumented alien is an individual who resides in the United States without the approval or acquiescence of the Immigration and Naturalization Service.

(2) This subdivision does not apply to a child under age 18, to a Cuban or Haitian entrant as defined in Public Law Number 96-422, section 501(e)(1) or (2)(a), or to an alien who is aged, blind, or disabled as defined in United States Code, title 42, section 1382c(a)(1).

(3) For purposes of paragraph (f), "emergency services" has the meaning given in Code of Federal Regulations, title 42, section 440.255(b)(1), except that it also means services rendered because of suspected or actual pesticide poisoning.

Sec. 105. Minnesota Statutes 1994, section 256D.03, subdivision 3b, is amended to read:

Subd. 3b. [COOPERATION.] General assistance or general assistance medical care applicants and recipients must cooperate with the state and local agency to identify potentially liable third-party payors and assist the state in obtaining third-party payments. Cooperation includes identifying any third party who may be liable for care and services provided under this chapter to the applicant, recipient, or any other family member for whom application is made and providing relevant information to assist the state in pursuing a potentially liable third party. General assistance medical care applicants and recipients must cooperate by providing information about any group health plan in which they may be eligible to enroll. They must cooperate with the state and local agency in determining if the plan is cost-effective. If the plan is determined

cost-effective and the premium will be paid by the state or local agency or is available at no cost to the person, they must enroll or remain enrolled in the group health plan. Cost-effective insurance premiums approved for payment by the state agency and paid by the local agency are eligible for reimbursement according to subdivision 6.

Sec. 106. Minnesota Statutes 1994, section 256D.03, subdivision 4, is amended to read:

Subd. 4. [GENERAL ASSISTANCE MEDICAL CARE; SERVICES.] (a) For a person who is eligible under subdivision 3, paragraph (a), clause (3), general assistance medical care covers:

- (1) inpatient hospital services;
- (2) outpatient hospital services;
- (3) services provided by Medicare certified rehabilitation agencies;
- (4) prescription drugs and other products recommended through the process established in section 256B.0625, subdivision 13;
- (5) equipment necessary to administer insulin and diagnostic supplies and equipment for diabetics to monitor blood sugar level;
- (6) eyeglasses and eye examinations provided by a physician or optometrist;
- (7) hearing aids;
- (8) prosthetic devices;
- (9) laboratory and X-ray services;
- (10) physician's services;
- (11) medical transportation;
- (12) chiropractic services as covered under the medical assistance program;
- (13) podiatric services;
- (14) dental services;
- (15) outpatient services provided by a mental health center or clinic that is under contract with the county board and is established under section 245.62;
- (16) day treatment services for mental illness provided under contract with the county board;
- (17) prescribed medications for persons who have been diagnosed as mentally ill as necessary to prevent more restrictive institutionalization;
- (18) case management services for a person with serious and persistent mental illness who would be eligible for medical assistance except that the person resides in an institution for mental diseases;
- (19) psychological services, medical supplies and equipment, and Medicare premiums, coinsurance and deductible payments;
- (20) medical equipment not specifically listed in this paragraph when the use of the equipment will prevent the need for costlier services that are reimbursable under this subdivision; and
- (21) services performed by a certified pediatric nurse practitioner, a certified family nurse practitioner, a certified adult nurse practitioner, a certified obstetric/gynecological nurse practitioner, or a certified geriatric nurse practitioner in independent practice, if the services are otherwise covered under this chapter as a physician service, and if the service is within the scope of practice of the nurse practitioner's license as a registered nurse, as defined in section 148.171; and

(22) services of a certified public health nurse or a registered nurse practicing in a public health nursing clinic that is a department of, or that operates under the direct authority of, a unit of government, if the service is within the scope of practice of the public health nurse's license as a registered nurse, as defined in section 148.171.

(b) For a recipient who is eligible under subdivision 3, paragraph (a), clause (1) or (2), general assistance medical care covers the services listed in paragraph (a) with the exception of special transportation services.

(c) In order to contain costs, the commissioner of human services shall select vendors of medical care who can provide the most economical care consistent with high medical standards and shall where possible contract with organizations on a prepaid capitation basis to provide these services. The commissioner shall consider proposals by counties and vendors for prepaid health plans, competitive bidding programs, block grants, or other vendor payment mechanisms designed to provide services in an economical manner or to control utilization, with safeguards to ensure that necessary services are provided. Before implementing prepaid programs in counties with a county operated or affiliated public teaching hospital or a hospital or clinic operated by the University of Minnesota, the commissioner shall consider the risks the prepaid program creates for the hospital and allow the county or hospital the opportunity to participate in the program in a manner that reflects the risk of adverse selection and the nature of the patients served by the hospital, provided the terms of participation in the program are competitive with the terms of other participants considering the nature of the population served. Payment for services provided pursuant to this subdivision shall be as provided to medical assistance vendors of these services under sections 256B.02, subdivision 8, and 256B.0625, and for contracts beginning on or after July 1, 1995, shall be discounted ten percent from comparable fee for service payments. For payments made during fiscal year 1990 and later years, the commissioner shall consult with an independent actuary in establishing prepayment rates, but shall retain final control over the rate methodology. Notwithstanding the provisions of subdivision 3, an individual who becomes ineligible for general assistance medical care because of failure to submit income reports or recertification forms in a timely manner, shall remain enrolled in the prepaid health plan and shall remain eligible for general assistance medical care coverage through the last day of the month in which the enrollee became ineligible for general assistance medical care.

(d) The commissioner of human services may reduce payments provided under sections 256D.01 to 256D.21 and 261.23 in order to remain within the amount appropriated for general assistance medical care, within the following restrictions.

For the period July 1, 1985 to December 31, 1985, reductions below the cost per service unit allowable under section 256.966, are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 30 percent; payments for all other inpatient hospital care may be reduced no more than 20 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than ten percent.

For the period January 1, 1986 to December 31, 1986, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 20 percent; payments for all other inpatient hospital care may be reduced no more than 15 percent. Reductions below the payments allowable under general assistance medical care for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period January 1, 1987 to June 30, 1987, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than ten percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1987 to June 30, 1988, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may be reduced no more than five percent. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

For the period July 1, 1988 to June 30, 1989, reductions below the cost per service unit allowable under section 256.966 are permitted only as follows: payments for inpatient and outpatient hospital care provided in response to a primary diagnosis of chemical dependency or mental illness may be reduced no more than 15 percent; payments for all other inpatient hospital care may not be reduced. Reductions below the payments allowable under medical assistance for the remaining general assistance medical care services allowable under this subdivision may be reduced no more than five percent.

There shall be no copayment required of any recipient of benefits for any services provided under this subdivision. A hospital receiving a reduced payment as a result of this section may apply the unpaid balance toward satisfaction of the hospital's bad debts.

(e) Any county may, from its own resources, provide medical payments for which state payments are not made.

(f) Chemical dependency services that are reimbursed under chapter 254B must not be reimbursed under general assistance medical care.

(g) The maximum payment for new vendors enrolled in the general assistance medical care program after the base year shall be determined from the average usual and customary charge of the same vendor type enrolled in the base year.

(h) The conditions of payment for services under this subdivision are the same as the conditions specified in rules adopted under chapter 256B governing the medical assistance program, unless otherwise provided by statute or rule.

Sec. 107. Minnesota Statutes 1994, section 256D.425, is amended by adding a subdivision to read:

Subd. 4. [COOPERATION.] To be eligible for the Minnesota supplemental aid program, applicants and recipients must cooperate with the state and local agency to identify potentially liable third-party payors and assist the state in obtaining third-party payments. Cooperation includes identifying any third party who may be liable for benefits provided under this chapter to the applicant, recipient, or any other family member for whom application is made, and providing relevant information to assist the state in pursuing a potentially liable third party.

Sec. 108. Minnesota Statutes 1994, section 501B.89, subdivision 1, is amended to read:

Subdivision 1. [TRUSTS CONTAINING LIMITATIONS LINKED TO ELIGIBILITY FOR PUBLIC ASSISTANCE.] (a) Except as allowed by subdivision 2 or 3, a provision in a trust that provides for the suspension, termination, limitation, or diversion of the principal, income, or beneficial interest of a beneficiary if the beneficiary applies for, is determined eligible for, or receives public assistance or benefits under a public health care program is unenforceable as against the public policy of this state, without regard to the irrevocability of the trust or the purpose for which the trust was created.

(b) This subdivision applies to trust provisions created after July 1, 1992. For purposes of this section, a trust provision is created on the date of execution of the first instrument that contains the provision, even though the trust provision is later amended or reformed or the trust is not funded until a later date.

Sec. 109. Minnesota Statutes 1994, section 501B.89, is amended by adding a subdivision to read:

Subd. 3. [SUPPLEMENTAL NEEDS TRUSTS UNDER FEDERAL LAW.] A trust created on

or after August 11, 1993, which qualifies as a supplemental needs trust for a person with a disability under United States Code, title 42, section 1396p(c)(2)(B)(iv) or 1396p(d), as amended by section 13611(b) of the Omnibus Budget Reconciliation Act of 1993, Public Law Number 103-66, commonly known as OBRA 1993, is enforceable, and the courts of this state may authorize creation and funding of a trust which so qualifies.

Sec. 110. [TEFRA FEE STUDY.]

The commissioner of human services shall study and report to the legislature by January 15, 1996, recommendations to modify the fee structure for the parents of children eligible for medical assistance under Minnesota Statutes, section 256B.055, subdivision 12. The report shall include a comparison of the fee schedule for these parents with fee schedules in the social services, MinnesotaCare, and sliding fee child care programs. The commissioner shall appoint an advisory committee to assist with the study which must include parents, advocates, and other interested persons.

Sec. 111. [IMPLEMENTATION PLAN FOR HOME CARE SERVICES.]

The commissioner of human services, in conjunction with the commissioner of education, shall require the provision of the following types of home care services equivalent to personal care assistant services through waived programs and managed care programs beginning July 1, 1996:

- (1) school-based after school services; and
- (2) vacation and summer-only services.

The commissioners shall define program participants, structure, and activities and shall recommend to the 1996 legislature any changes in licensing requirements or other law changes necessary to implement the program. The commissioner of human services shall require participants in waived programs and managed care programs to receive services through these options unless the requirement would create an undue hardship for recipients.

Sec. 112. [WAIVER.]

The commissioner of human services shall seek a federal waiver to implement the 60-month period for transfers of assets under section 256B.0595, subdivision 1, paragraph (g).

Sec. 113. [ADVISORY TASK FORCE TO STANDARDIZE SUPPORTING DOCUMENTATION FOR PRIOR AUTHORIZATION.]

Subdivision 1. [COMPOSITION OF TASK FORCE.] A six-member advisory task force on prior authorization for physical therapy, occupational therapy, speech therapy, or related services supporting documentation shall be established. The task force shall be comprised of one licensed psychiatrist, one licensed physical therapist, one licensed occupational therapist, one licensed speech therapist, one licensed rehabilitation nurse, and one consumer representative. All licensed task force members must be actively engaged in the practice of their profession in Minnesota. The members of the task force shall be appointed by the commissioner of human services. No more than three members may be of one gender. All licensed professional members shall be selected from lists submitted to the commissioner by the appropriate professional associations. Task force members who are licensed professionals shall not be compensated for their service. The consumer representative member must be compensated for time spent on task force activities as specified in Minnesota Statutes, section 15.059, subdivision 3. The task force shall expire on December 31, 1996.

Subd. 2. [DUTIES OF COMMISSIONER AND TASK FORCE.] The task force shall study the lists of items, specified in the issue of the medical assistance and general assistance medical care provider manual which is in effect as of the effective date of this act, that are required to be submitted by each category of provider along with the provider's request for prior authorization. The task force shall recommend to the commissioner any amendments or refinements needed to clarify the lists. The commissioner shall use the recommendations of the task force to develop standardized documentation which a provider must submit with a prior authorization request. If the commissioner intends to depart from the recommendations of the task force, the commissioner

shall inform the task force of the intended departure, provide a written explanation of the reasons for the departure, and give the task force an opportunity to comment on the intended departure.

Sec. 114. [MEDICAL ASSISTANCE ASSET TRANSFER AND ELIGIBILITY REQUIREMENTS.]

The commissioner of human services shall investigate and pursue all viable options for tightening the medical assistance asset transfer and eligibility requirements to restore and preserve the function of the medical assistance program as a safety net program for low-income Minnesotans who cannot afford to meet their medical needs with their own resources. Among other actions, the commissioner shall aggressively pursue waivers of federal requirements to strengthen restrictions on transfers of assets for the purposes of gaining eligibility for medical assistance.

Sec. 115. [CONTINUATION OF PILOT PROJECTS.]

The alternative care pilot projects authorized in Laws 1993, First Special Session chapter 1, article 5, section 133, shall not expire on June 30, 1995, but shall continue until June 30, 1997, except that the three percent rate increases authorized in Laws 1993, First Special Session chapter 1, article 1, section 2, subdivision 4, shall be incorporated in average monthly cost effective July 1, 1995. The commissioner shall allow additional counties at their option to implement the alternative care program within the parameters established in Laws 1993, First Special Session chapter 1, article 5, section 133. If more than five counties exercise this option, the commissioner may require counties to make this change on a phased schedule if necessary in order to implement this provision within the limit of available resources. For newly participating counties, the previous fiscal year shall be the base year.

Sec. 116. [RATE CONSOLIDATION PLAN.]

The commissioner of human services, in cooperation with counties, shall prepare an implementation plan to consolidate payment rates for alternative care services, elderly waiver services, community alternatives for disabled individuals services, traumatic brain injury services, and comparable medical assistance services provided after June 30, 1996, that establishes a statewide rate cap for each individual service that is equal to the highest rate cap in any program for that service. The plan must be submitted to the legislature by October 1, 1995.

Sec. 117. [REIMBURSEMENT INCREASE.]

Notwithstanding statutory provisions to the contrary, the commissioner of human services shall increase reimbursement rates for the following by 1.5 percent on April 1, 1996:

- (1) personal care services under Minnesota Statutes, section 256B.0625, subdivision 19a;
- (2) home and community-based services waiver for persons with mental retardation and related conditions under Minnesota Statutes, section 256B.501;
- (3) adult residential program grants, under Minnesota Rules, parts 9535.2000 to 9535.3000;
- (4) adult and family community support grants, under Minnesota Rules, parts 9535.1700 to 9535.1760;
- (5) day training and habilitation services for adults with mental retardation and related conditions under Minnesota Statutes, sections 252.40 to 252.47; and
- (6) semi-independent living services under Minnesota Statutes, section 252.275.

Sec. 118. [MANAGED CARE RATE SETTING METHODOLOGY.]

Subdivision 1. [DEVELOPMENT.] The commissioner of human services, in conjunction with the rate setting task force established in subdivision 2, shall develop a prospective rate setting methodology for implementation on January 1, 1998. The methodology must incorporate the public program risk adjustment mechanism and, at a minimum, take into account the following factors:

- (1) costs of ensuring appropriate access to health care services in all counties;
- (2) costs of medical education, disproportionate share payments, provisions for federally qualified health care centers, rural health clinics, and other adjustors historically provided for in the fee-for-service payments to specific providers;
- (3) health status;
- (4) statistically valid regional utilization patterns as well as population characteristics;
- (5) the benefit set to be provided through the prepaid medical assistance program; and
- (6) utilization demands resulting from program changes and newly created access to care.

Subd. 2. [RATE SETTING TASK FORCE.] The commissioner shall establish a task force consisting of representatives of health plans, public program providers, disproportionate share and teaching hospitals, independent actuaries, counties, and consumers, to develop recommendations for a prospective rate setting methodology with a risk adjustment mechanism to be implemented by January 1, 1998. The task force shall include at least one representative of each regional coordinating board established under section 62J.09. Fifty percent of the provider, county, and consumer members shall be from non-metro counties. The commissioner and task force shall jointly deliver a progress report to the legislature by January 15, 1996, and a final methodology proposal to the legislature by December 15, 1996.

Sec. 119. [JOINT PURCHASER DEMONSTRATION PROJECTS.]

Subdivision 1. [DEMONSTRATION PROJECTS.] A county or counties may apply or the commissioner may solicit a demonstration project or projects for a state-county partnership as joint purchasers for services provided to eligible individuals under medical assistance, general assistance medical care, state health and social service grants, and county funds for these or other participants. Individual county staff who are employed by a publicly owned health plan that intends to respond to the request for proposal are prohibited from reviewing, critiquing, or approving any proposals submitted in accordance with this section. As part of this project, the commissioner, in cooperation with the county boards, must explore options for various purchasing models including contracting directly with providers or provider networks. The commissioner retains total responsibility for the medical assistance and general assistance medical care contracts.

Subd. 2. [OBJECTIVES.] The objective of the demonstration project is to promote the development of local provider networks; further define the county role and authorities in providing publicly reimbursed health services, including services reimbursed by the county; to provide better coordination of services; and to identify costs and methods to reduce cost-shifting.

Subd. 3. [PARTICIPATING COUNTIES.] Carlton, Cook, Koochiching, Lake, and Saint Louis counties shall be allowed to participate in joint purchasing demonstration projects at the option of their county boards. Any county may also participate in a joint purchasing demonstration project, which may include county employees, at the option of the county board.

Sec. 120. [DEMONSTRATION PROJECT TO TEST ALTERNATIVES TO DELIVERY OF SERVICES TO HIGH-RISK MEDICAL ASSISTANCE RECIPIENTS.]

Subdivision 1. [AUTHORIZATION FOR DEMONSTRATION PROJECTS.] Counties may propose demonstration projects to test alternatives to the delivery of health services to high risk populations. The commissioner of human services shall review and may approve demonstration project proposals and shall seek federal waivers as applicable for approved demonstration projects.

Subd. 2. [PROGRAM DESIGN AND IMPLEMENTATION.] (a) The demonstration projects shall be established jointly by the commissioners and participating county boards to design and plan an improved health services delivery system for high-risk medical assistance recipients who also receive services under other publicly funded health, human services, or corrections programs. In counties where prepaid medical assistance programs have been implemented, health plan companies participating in the prepaid program shall be included in the program design. In the proposal, the county must delineate exactly which populations would be served and what enrollment procedures would be used. The projects must address one or more of the following:

(1) provide an array of health and social services that are better coordinated for persons and families now served by multiple, uncoordinated programs;

(2) be based on purchasing strategies that improve access and coordinate services without cost shifting;

(3) coordinate between provider networks or health plan companies and the community health and human services infrastructure through creative partnerships with local vendors; and

(4) utilize existing categorical funding streams and reimbursement sources in coordinated and creative ways.

(b) All projects must complete their planning phase and be operational by June 30, 1997.

Subd. 3. [PROGRAM EVALUATION.] Evaluation of each project will be based on outcome evaluation criteria negotiated with each project prior to implementation.

Subd. 4. [NOTICE OF PROJECT DISCONTINUATION.] Each project may be discontinued for any reason by the county board or the commissioner of human services, after 90 days' written notice to the other party.

Subd. 5. [PLANNING FOR DEMONSTRATION PROJECTS.] Each local plan for a demonstration project must be developed under the direction of the county board, or multiple county boards acting jointly, as the local health and human services authority. The planning process for each demonstration shall include, but not be limited to, advocates, providers, and the departments of health and human services.

Subd. 6. [DUTIES OF COMMISSIONER.] (a) For purposes of the demonstration projects, the commissioner of human services shall facilitate coordination of funds or other resources as needed and requested by each project. These resources may include: medical assistance, general assistance medical care, MinnesotaCare, and other categorical state and federal funds if requested by the county boards, and if the commissioner determines this would be consistent with the state's overall health care reform efforts.

(b) The commissioner shall consider the following criteria in awarding start-up and implementation grants for the demonstration projects:

(1) the ability of the proposed projects to accomplish the objectives described in subdivision 2;

(2) the size of the target population to be served; and

(3) geographical distribution.

(c) The commissioner shall review overall status of the projects at least every two years and recommend any legislative changes needed by January 15 of each odd-numbered year.

(d) The county board may seek a waiver of administrative procedural rules under Minnesota Statutes, section 465.797.

(e) The commissioner may exempt the participating counties from state fiscal sanctions for noncompliance with requirements in laws and rules which are incompatible with the implementation of the demonstration project.

(f) The commissioner may award grants to a county board or group of county boards to pay for start-up, implementation, and evaluation costs of the demonstration project.

Subd. 7. [DUTIES OF COUNTY BOARD.] The county board, or other entity which is approved to administer a demonstration project, shall:

(1) administer the project in a manner which is consistent with the objectives described in subdivision 2 and the planning process described in subdivision 5;

(2) ensure that no one is denied services for which they would otherwise be eligible; and

(3) provide the commissioner of human services with timely and pertinent information through the following methods:

(i) submission of community health services act, maternal and child health act, and community social services act plans and plan amendments;

(ii) submission of health and social services expenditure and grant reconciliation reports, based on a coding format to be determined by mutual agreement between the project's managing entity and the commissioner; and

(iii) submission of data and participation in an evaluation of the demonstration projects, to be designed cooperatively by the commissioner and the projects.

Sec. 121. [TASK FORCE FOR HOME CARE SERVICES.]

The commissioner shall appoint a home care services task force to recommend changes to medical assistance home care services as alternatives to the home care changes to take effect July 1, 1996, Minnesota Statutes, sections 256B.0625, subdivisions 6a, 7, and 19a; 256B.0627; and 256B.0628, which will reduce projected growth for the 1996-1997 biennium to no more than five percent over 1995 projected expenditures as described in the November 1994 medical assistance forecast, department of human services. The report shall also provide information by county and major diagnoses of children found eligible and ineligible for TEFRA, the services and amounts paid by the medical assistance program, name of health insurance plan, family income, and total number of TEFRA eligible children in each county.

Sec. 7. Minnesota Statutes 1994, section 144.562, subdivision 2, is amended to read:

Subd. 2. [ELIGIBILITY FOR LICENSE CONDITION.] A hospital is not eligible to receive a license condition for swing beds unless (1) it either has a licensed bed capacity of less than 50 beds defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 482.66, or it has a licensed bed capacity of 50 beds or more and has swing beds that were approved for Medicare reimbursement before May 1, 1985, or it has a licensed bed capacity of less than 65 beds and, ~~as of the effective date,~~ the available nursing homes within 50 miles have had, in the aggregate, an average occupancy rates rate of 96 percent or higher in the ~~past most recent two years as documented on the statistical reports to the department of health;~~ and (2) it is located in a rural area as defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 482.66; and (3) ~~it agrees to utilize no more than four hospital beds as swing beds at any one time, except that the commissioner may approve the utilization of up to three additional beds at the request of a hospital if.~~ Eligible hospitals are allowed a total of 1,460 days of swing bed use per year, provided that no more than ten hospital beds are used as swing beds at any one time. The commissioner of health must approve swing bed use beyond 1,460 days as long as there are no Medicare certified skilled nursing facility beds are available within 25 miles of that hospital.

Sec. 8. [144.6505] [SUBACUTE CARE WAIVERS.]

Subdivision 1. [SUBACUTE CARE; WAIVER FROM STATE AND FEDERAL RULES AND REGULATIONS.] The commissioners of health and human services shall work with providers to examine state and federal rules and regulations governing the provision of care in nursing facilities and apply for federal waivers and pursue state law changes to any impediments to the provision of subacute care in skilled nursing facilities.

Subd. 2. [DEFINITION OF SUBACUTE CARE.] (a) For the purpose of this section, "subacute care" means comprehensive inpatient care, as further defined in this subdivision, designed for persons who:

(1) have or have had an acute illness or accident, or an acute exacerbation of a chronic illness, and who require a moderate level of service intensity;

(2) do not require, or no longer require, technologically intensive diagnosis or management;

(3) have concurrent medical, nursing, and discharge and/or nondischarge oriented rehabilitation objectives that are expected to be achieved within a specified time; and

(4) require interdisciplinary management.

(b) Subacute care includes goal-oriented treatment rendered immediately after, as an appropriate alternative to, acute hospitalization with the goal of transitioning patients towards increased independence or lower acuity level in a cost-effective environment, to treat one or more specific active complex medical conditions or to administer one or more technically complex treatments, in the context of a patient's underlying long-term conditions and overall situation.

(c) Subacute care does not generally depend heavily on high technology monitoring or complex diagnostic procedures.

(d) Subacute care requires the coordinated services of an interdisciplinary team including physicians, nurses, and other relevant professional disciplines, who are trained and knowledgeable to assess and manage these specific conditions and perform the necessary procedures.

(e) Subacute care is provided as part of a specifically defined program.

(f) Subacute care includes more intensive care than traditional nursing facility care and less intensive care than acute care and may be provided at a variety of sites, including hospitals and skilled nursing facilities.

(g) Subacute care requires recurrent patient assessment on a daily to weekly basis and review of the clinical course and treatment plan for a limited time period ranging from several days to several months, until the condition is stabilized or a predetermined treatment course is completed.

Sec. 9. Minnesota Statutes 1994, section 144A.071, subdivision 2, is amended to read:

Subd. 2. [MORATORIUM.] The commissioner of health, in coordination with the commissioner of human services, shall deny each request for new licensed or certified nursing home or certified boarding care beds except as provided in subdivision 3 or 4a, or section 144A.073. "Certified bed" means a nursing home bed or a boarding care bed certified by the commissioner of health for the purposes of the medical assistance program, under United States Code, title 42, sections 1396 et seq.

The commissioner of human services, in coordination with the commissioner of health, shall deny any request to issue a license under section 252.28 and chapter 245A to a nursing home or boarding care home, if that license would result in an increase in the medical assistance reimbursement amount.

In addition, the commissioner of health must not approve any construction project whose cost exceeds \$500,000, or 25 percent of the facility's appraised value, whichever is less, unless:

(a) any construction costs exceeding the lesser of \$500,000 or 25 percent of the facility's appraised value are not added to the facility's appraised value and are not included in the facility's payment rate for reimbursement under the medical assistance program; or

(b) the project:

(1) has been approved through the process described in section 144A.073;

(2) meets an exception in subdivision 3 or 4a;

(3) is necessary to correct violations of state or federal law issued by the commissioner of health;

(4) is necessary to repair or replace a portion of the facility that was destroyed damaged by fire, lightning, groundshifts, or other such hazards, including environmental hazards, provided that the provisions of subdivision 4a, clause (a), are met;

(5) as of May 1, 1992, the facility has submitted to the commissioner of health written documentation evidencing that the facility meets the "commenced construction" definition as specified in subdivision 1a, clause (d), or that substantial steps have been taken prior to April 1, 1992, relating to the construction project. "Substantial steps" require that the facility has made arrangements with outside parties relating to the construction project and include the hiring of an architect or construction firm, submission of preliminary plans to the department of health or documentation from a financial institution that financing arrangements for the construction project have been made; or

(6) is being proposed by a licensed nursing facility that is not certified to participate in the medical assistance program and will not result in new licensed or certified beds.

Prior to the final plan approval of any construction project, the commissioner of health shall be provided with an itemized cost estimate for the project construction costs. If a construction project is anticipated to be completed in phases, the total estimated cost of all phases of the project shall be submitted to the commissioner and shall be considered as one construction project. Once the construction project is completed and prior to the final clearance by the commissioner, the total project construction costs for the construction project shall be submitted to the commissioner. If the final project construction cost exceeds the dollar threshold in this subdivision, the commissioner of human services shall not recognize any of the project construction costs or the related financing costs in excess of this threshold in establishing the facility's property-related payment rate.

The dollar thresholds for construction projects are as follows: for construction projects other than those authorized in clauses (1) to (6), the dollar threshold is \$500,000 or 25 percent of appraised value, whichever is less. For projects authorized after July 1, 1993, under clause (1), the dollar threshold is the cost estimate submitted with a proposal for an exception under section 144A.073, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a). For projects authorized under clauses (2) to (4), the dollar threshold is the itemized estimate project construction costs submitted to the commissioner of health at the time of final plan approval, plus inflation as calculated according to section 256B.431, subdivision 3f, paragraph (a).

The commissioner of health shall adopt emergency or permanent rules to implement this section or to amend the emergency rules for granting exceptions to the moratorium on nursing homes under section 144A.073. The authority to adopt emergency rules continues to December 30, 1992.

Sec. 10. Minnesota Statutes 1994, section 144A.071, subdivision 3, is amended to read:

Subd. 3. [EXCEPTIONS AUTHORIZING AN INCREASE IN BEDS.] The commissioner of health, in coordination with the commissioner of human services, may approve the addition of a new certified bed or the addition of a new licensed nursing home bed, under the following conditions:

(a) to license or certify a new bed in place of one decertified after July 1, 1993, as long as the number of certified plus newly certified or recertified beds does not exceed the number of beds licensed or certified on July 1, 1993, or to address an extreme hardship situation, in a particular county that, together with all contiguous Minnesota counties, has fewer nursing home beds per 1,000 elderly than the number that is ten percent higher than the national average of nursing home beds per 1,000 elderly individuals. For the purposes of this section, the national average of nursing home beds shall be the most recent figure that can be supplied by the federal health care financing administration and the number of elderly in the county or the nation shall be determined by the most recent federal census or the most recent estimate of the state demographer as of July 1, of each year of persons age 65 and older, whichever is the most recent at the time of the request for replacement. An extreme hardship situation can only be found after the county documents the existence of unmet medical needs that cannot be addressed by any other alternatives;

(b) to certify or license new beds in a new facility that is to be operated by the commissioner of veterans affairs or when the costs of constructing and operating the new beds are to be reimbursed by the commissioner of veterans affairs or the United States Veterans Administration; or

(c) to license or certify beds in a facility that has been involuntarily delicensed or decertified for

participation in the medical assistance program, provided that an application for relicensure or recertification is submitted to the commissioner within 120 days after delicensure or decertification; or

(d) to certify two existing beds in a facility with 66 licensed beds on January 1, 1994, that had an average occupancy rate of 98 percent or higher in both calendar years 1992 and 1993, and which began construction of four attached assisted living units in April 1993.

Sec. 11. Minnesota Statutes 1994, section 144A.071, subdivision 4a, is amended to read:

Subd. 4a. [EXCEPTIONS FOR REPLACEMENT BEDS.] It is in the best interest of the state to ensure that nursing homes and boarding care homes continue to meet the physical plant licensing and certification requirements by permitting certain construction projects. Facilities should be maintained in condition to satisfy the physical and emotional needs of residents while allowing the state to maintain control over nursing home expenditure growth.

The commissioner of health in coordination with the commissioner of human services, may approve the renovation, replacement, upgrading, or relocation of a nursing home or boarding care home, under the following conditions:

(a) to license or certify beds in a new facility constructed to replace a facility or to make repairs in an existing facility that was destroyed or damaged after June 30, 1987, by fire, lightning, or other hazard provided:

(i) destruction was not caused by the intentional act of or at the direction of a controlling person of the facility;

(ii) at the time the facility was destroyed or damaged the controlling persons of the facility maintained insurance coverage for the type of hazard that occurred in an amount that a reasonable person would conclude was adequate;

(iii) the net proceeds from an insurance settlement for the damages caused by the hazard are applied to the cost of the new facility or repairs;

(iv) the new facility is constructed on the same site as the destroyed facility or on another site subject to the restrictions in section 144A.073, subdivision 5;

(v) the number of licensed and certified beds in the new facility does not exceed the number of licensed and certified beds in the destroyed facility; and

(vi) the commissioner determines that the replacement beds are needed to prevent an inadequate supply of beds.

Project construction costs incurred for repairs authorized under this clause shall not be considered in the dollar threshold amount defined in subdivision 2;

(b) to license or certify beds that are moved from one location to another within a nursing home facility, provided the total costs of remodeling performed in conjunction with the relocation of beds does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(c) to license or certify beds in a project recommended for approval under section 144A.073;

(d) to license or certify beds that are moved from an existing state nursing home to a different state facility, provided there is no net increase in the number of state nursing home beds;

(e) to certify and license as nursing home beds boarding care beds in a certified boarding care facility if the beds meet the standards for nursing home licensure, or in a facility that was granted an exception to the moratorium under section 144A.073, and if the cost of any remodeling of the facility does not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less. If boarding care beds are licensed as nursing home beds, the number of boarding care beds in the facility must not increase beyond the number remaining at the time of the upgrade in licensure. The provisions contained in section 144A.073 regarding the upgrading of the facilities do not apply to facilities that satisfy these requirements;

(f) to license and certify up to 40 beds transferred from an existing facility owned and operated by the Amherst H. Wilder Foundation in the city of St. Paul to a new unit at the same location as the existing facility that will serve persons with Alzheimer's disease and other related disorders. The transfer of beds may occur gradually or in stages, provided the total number of beds transferred does not exceed 40. At the time of licensure and certification of a bed or beds in the new unit, the commissioner of health shall delicense and decertify the same number of beds in the existing facility. As a condition of receiving a license or certification under this clause, the facility must make a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate as a result of the transfers allowed under this paragraph;

(g) to license and certify nursing home beds to replace currently licensed and certified boarding care beds which may be located either in a remodeled or renovated boarding care or nursing home facility or in a remodeled, renovated, newly constructed, or replacement nursing home facility within the identifiable complex of health care facilities in which the currently licensed boarding care beds are presently located, provided that the number of boarding care beds in the facility or complex are decreased by the number to be licensed as nursing home beds and further provided that, if the total costs of new construction, replacement, remodeling, or renovation exceed ten percent of the appraised value of the facility or \$200,000, whichever is less, the facility makes a written commitment to the commissioner of human services that it will not seek to receive an increase in its property-related payment rate by reason of the new construction, replacement, remodeling, or renovation. The provisions contained in section 144A.073 regarding the upgrading of facilities do not apply to facilities that satisfy these requirements;

(h) to license as a nursing home and certify as a nursing facility a facility that is licensed as a boarding care facility but not certified under the medical assistance program, but only if the commissioner of human services certifies to the commissioner of health that licensing the facility as a nursing home and certifying the facility as a nursing facility will result in a net annual savings to the state general fund of \$200,000 or more;

(i) to certify, after September 30, 1992, and prior to July 1, 1993, existing nursing home beds in a facility that was licensed and in operation prior to January 1, 1992;

(j) to license and certify new nursing home beds to replace beds in a facility condemned as part of an economic redevelopment plan in a city of the first class, provided the new facility is located within one mile of the site of the old facility. Operating and property costs for the new facility must be determined and allowed under existing reimbursement rules;

(k) to license and certify up to 20 new nursing home beds in a community-operated hospital and attached convalescent and nursing care facility with 40 beds on April 21, 1991, that suspended operation of the hospital in April 1986. The commissioner of human services shall provide the facility with the same per diem property-related payment rate for each additional licensed and certified bed as it will receive for its existing 40 beds;

(l) to license or certify beds in renovation, replacement, or upgrading projects as defined in section 144A.073, subdivision 1, so long as the cumulative total costs of the facility's remodeling projects do not exceed 25 percent of the appraised value of the facility or \$500,000, whichever is less;

(m) to license and certify beds that are moved from one location to another for the purposes of converting up to five four-bed wards to single or double occupancy rooms in a nursing home that, as of January 1, 1993, was county-owned and had a licensed capacity of 115 beds;

(n) to allow a facility that on April 16, 1993, was a 106-bed licensed and certified nursing facility located in Minneapolis to layaway all of its licensed and certified nursing home beds. These beds may be relicensed and recertified in a newly-constructed teaching nursing home facility affiliated with a teaching hospital upon approval by the legislature. The proposal must be developed in consultation with the interagency committee on long-term care planning. The beds on layaway status shall have the same status as voluntarily delicensed and decertified beds, except that beds on layaway status remain subject to the surcharge in section 256.9657. This layaway provision expires July 1, 1995 1997;

(o) to allow a project which will be completed in conjunction with an approved moratorium exception project for a nursing home in southern Cass county and which is directly related to that portion of the facility that must be repaired, renovated, or replaced, to correct an emergency plumbing problem for which a state correction order has been issued and which must be corrected by August 31, 1993;

(p) to allow a facility that on April 16, 1993, was a 368-bed licensed and certified nursing facility located in Minneapolis to layaway, upon 30 days prior written notice to the commissioner, up to 30 of the facility's licensed and certified beds by converting three-bed wards to single or double occupancy. Beds on layaway status shall have the same status as voluntarily delicensed and decertified beds except that beds on layaway status remain subject to the surcharge in section 256.9657, remain subject to the license application and renewal fees under section 144A.07 and shall be subject to a \$100 per bed reactivation fee. In addition, at any time within three years of the effective date of the layaway, the beds on layaway status may be:

(1) relicensed and recertified upon relocation and reactivation of some or all of the beds to an existing licensed and certified facility or facilities located in Pine River, Brainerd, or International Falls; provided that the total project construction costs related to the relocation of beds from layaway status for any facility receiving relocated beds may not exceed the dollar threshold provided in subdivision 2 unless the construction project has been approved through the moratorium exception process under section 144A.073;

(2) relicensed and recertified, upon reactivation of some or all of the beds within the facility which placed the beds in layaway status, if the commissioner has determined a need for the reactivation of the beds on layaway status.

The property-related payment rate of a facility placing beds on layaway status must be adjusted by the incremental change in its rental per diem after recalculating the rental per diem as provided in section 256B.431, subdivision 3a, paragraph (d). The property-related payment rate for a facility relicensing and recertifying beds from layaway status must be adjusted by the incremental change in its rental per diem after recalculating its rental per diem using the number of beds after the relicensing to establish the facility's capacity day divisor, which shall be effective the first day of the month following the month in which the relicensing and recertification became effective. Any beds remaining on layaway status more than three years after the date the layaway status became effective must be removed from layaway status and immediately delicensed and decertified;

(q) to license and certify beds in a renovation and remodeling project to convert 13 three-bed wards into 13 two-bed rooms and 13 single-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; was not owned by a hospital corporation; had a licensed capacity of 64 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process; ~~or~~

(r) to license and certify beds in a renovation and remodeling project to convert 12 four-bed wards into 24 two-bed rooms, expand space, and add improvements in a nursing home that, as of January 1, 1994, met the following conditions: the nursing home was located in Ramsey county; had a licensed capacity of 154 beds; and had been ranked among the top 15 applicants by the 1993 moratorium exceptions advisory review panel. The total project construction cost estimate for this project must not exceed the cost estimate submitted in connection with the 1993 moratorium exception process;

(s) to license and certify up to 117 beds that are relocated from a licensed and certified 138-bed nursing facility located in St. Paul to a hospital with 130 licensed hospital beds located in South St. Paul, provided that the nursing facility and hospital are owned by the same or a related organization and that prior to the date the relocation is completed the hospital ceases operation of its inpatient hospital services at that hospital. After relocation, the nursing facility's status under section 256B.431, subdivision 2, shall be the same as it was prior to relocation. The nursing facility's property-related payment rate resulting from the project authorized in this paragraph shall become effective no earlier than April 1, 1996. For purposes of calculating the incremental

change in the facility's rental per diem resulting from this project, the allowable appraised value of the nursing facility portion of the existing health care facility physical plant prior to the renovation and relocation may not exceed \$2,490,000;

(t) to license and certify two beds in a facility to replace beds that were voluntarily delicensed and decertified on June 28, 1991;

(u) to allow 16 licensed and certified beds located on July 1, 1994, in a 142-bed nursing home and 21-bed boarding care home facility in Minneapolis, notwithstanding the licensure and certification after July 1, 1995, of the Minneapolis facility as a 147-bed nursing home facility after completion of a construction project approved in 1993 under section 144A.073, to be laid away upon 30 days' prior written notice to the commissioner. Beds on layaway status shall have the same status as voluntarily delicensed or decertified beds except that they shall remain subject to the surcharge in section 256.9657. The 16 beds on layaway status may be relicensed as nursing home beds and recertified at any time within five years of the effective date of the layaway upon relocation of some or all of the beds to a licensed and certified facility located in Watertown, provided that the total project construction costs related to the relocation of beds from layaway status for the Watertown facility may not exceed the dollar threshold provided in subdivision 2 unless the construction project has been approved through the moratorium exception process under section 144A.073.

The property-related payment rate of the facility placing beds on layaway status must be adjusted by the incremental change in its rental per diem after recalculating the rental per diem as provided in section 256B.431, subdivision 3a, paragraph (d). The property-related payment rate for the facility relicensing and recertifying beds from layaway status must be adjusted by the incremental change in its rental per diem after recalculating its rental per diem using the number of beds after the relicensing to establish the facility's capacity day divisor, which shall be effective the first day of the month following the month in which the relicensing and recertification became effective. Any beds remaining on layaway status more than five years after the date the layaway status became effective must be removed from layaway status and immediately delicensed and decertified; or

(v) to license and certify beds that are moved within an existing area of a facility or to a newly-constructed addition which is built for the purpose of eliminating three- and four-bed rooms and adding space for dining, lounge areas, bathing rooms, and ancillary service areas in a nursing home that, as of January 1, 1995, was located in Fridley and had a licensed capacity of 129 beds.

Sec. 12. Minnesota Statutes 1994, section 144A.071, is amended by adding a subdivision to read:

Subd. 5a. [COST ESTIMATE OF A MORATORIUM EXCEPTION PROJECT.] (a) For the purposes of this section and section 144A.073, the cost estimate of a moratorium exception project shall include the effects of the proposed project on the costs of the state subsidy for community-based services, nursing services, and housing in institutional and noninstitutional settings. The commissioner of health, in cooperation with the commissioner of human services, shall define the method for estimating these costs in the permanent rule implementing section 144A.073. The commissioner of human services shall prepare an estimate of the total state annual long-term costs of each moratorium exception proposal.

(b) The interest rate to be used for estimating the cost of each moratorium exception project proposal shall be the lesser of either the prime rate plus two percentage points, or the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation plus two percentage points as published in the Wall Street Journal and in effect 56 days prior to the application deadline. If the applicant's proposal uses this interest rate, the commissioner of human services, in determining the facility's actual property-related payment rate to be established upon completion of the project must use the actual interest rate obtained by the facility for the project's permanent financing up to the maximum permitted under subdivision 6.

The applicant may choose an alternate interest rate for estimating the project's cost. If the applicant makes this election, the commissioner of human services, in determining the facility's actual property-related payment rate to be established upon completion of the project, must use the lesser of the actual interest rate obtained for the project's permanent financing or the interest rate

which was used to estimate the proposal's project cost. For succeeding rate years, the applicant is at risk for financing costs in excess of the interest rate selected.

Sec. 13. Minnesota Statutes 1994, section 144A.073, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them:

(a) "Conversion" means the relocation of a nursing home bed from a nursing home to an attached hospital.

(b) "Relocation" means the movement of licensed nursing home beds or certified boarding care beds as permitted under subdivision 4, clause (3), and subdivision 5.

(c) "Renovation" means extensive remodeling of, or construction of an addition to, a facility on an existing site with a total cost exceeding ten percent of the appraised value of the facility or \$200,000, whichever is less.

(e) (d) "Replacement" means the demolition ~~or, delicensure,~~ reconstruction, or construction of an addition to all or part of an existing facility.

(d) (e) "Upgrading" means a change in the level of licensure of a bed from a boarding care bed to a nursing home bed in a certified boarding care facility.

Sec. 14. Minnesota Statutes 1994, section 144A.073, subdivision 2, is amended to read:

Subd. 2. [REQUEST FOR PROPOSALS.] At the intervals specified in rules authorization by the legislature of additional medical assistance expenditures for exceptions to the moratorium on nursing homes, the interagency committee shall publish in the State Register a request for proposals for nursing home projects to be licensed or certified under section 144A.071, subdivision 4a, clause (c). The public notice of this funding and the request for proposals must specify how the approval criteria will be prioritized by the advisory review panel, the interagency long-term care planning committee, and the commissioner. The notice must describe the information that must accompany a request and state that proposals must be submitted to the interagency committee within 90 days of the date of publication. The notice must include the amount of the legislative appropriation available for the additional costs to the medical assistance program of projects approved under this section. If no money is appropriated for a year, the notice for that year must state that proposals will not be requested because no appropriations were made the interagency committee shall publish a notice to that effect, and no proposals shall be requested. If money is appropriated, the interagency committee shall initiate the application and review process described in this section at least twice each biennium and up to four times each biennium, according to dates established by rule. Authorized funds shall be allocated proportionally to the number of processes. Funds not encumbered by an earlier process within a biennium shall carry forward to subsequent iterations of the process. Authorization for expenditures does not carry forward into the following biennium. To be considered for approval, a proposal must include the following information:

(1) whether the request is for renovation, replacement, upgrading, ~~or conversion,~~ or relocation;

(2) a description of the problem the project is designed to address;

(3) a description of the proposed project;

(4) an analysis of projected costs of the nursing facility proposal, including initial construction and remodeling costs; site preparation costs; financing costs, including the current estimated long-term financing costs of the proposal, which consists of estimates of the amount and sources of money, reserves if required under the proposed funding mechanism, annual payments schedule, interest rates, length of term, closing costs and fees, insurance costs, and any completed marketing study or underwriting review; and estimated operating costs during the first two years after completion of the project;

(5) for proposals involving replacement of all or part of a facility, the proposed location of the replacement facility and an estimate of the cost of addressing the problem through renovation;

- (6) for proposals involving renovation, an estimate of the cost of addressing the problem through replacement;
- (7) the proposed timetable for commencing construction and completing the project; and
- (8) a statement of any licensure or certification issues, such as certification survey deficiencies;
- (9) the proposed relocation plan for current residents if beds are to be closed so that the department of human services can estimate the total costs of a proposal; and
- (10) other information required by permanent rule of the commissioner of health in accordance with subdivisions 4 and 8.

Sec. 15. Minnesota Statutes 1994, section 144A.073, subdivision 3, is amended to read:

Subd. 3. [REVIEW AND APPROVAL OF PROPOSALS.] Within the limits of money specifically appropriated to the medical assistance program for this purpose, the interagency long-term care planning committee may recommend that the commissioner of health grant exceptions to the nursing home licensure or certification moratorium for proposals that satisfy the requirements of this section. The interagency committee shall appoint an advisory review panel composed of representatives of consumers and providers to review proposals and provide comments and recommendations to the committee. The commissioners of human services and health shall provide staff and technical assistance to the committee for the review and analysis of proposals. The interagency committee shall hold a public hearing before submitting recommendations to the commissioner of health on project requests. The committee shall submit recommendations within 150 days of the date of the publication of the notice, ~~based on a comparison and ranking of proposals using the criteria in subdivision 4.~~ The commissioner of health shall approve or disapprove a project within 30 days after receiving the committee's recommendations. The advisory review panel, the committee, and the commissioner of health shall base their recommendations, approvals, or disapprovals on a comparison and ranking of proposals using only the criteria in subdivision 4 and in emergency and permanent rules adopted by the commissioner. The cost to the medical assistance program of the proposals approved must be within the limits of the appropriations specifically made for this purpose. Approval of a proposal expires 18 months after approval by the commissioner of health unless the facility has commenced construction as defined in section 144A.071, subdivision 1a, paragraph (d). The committee's report to the legislature, as required under section 144A.31, must include the projects approved, the criteria used to recommend proposals for approval, and the estimated costs of the projects, including the costs of initial construction and remodeling, and the estimated operating costs during the first two years after the project is completed.

Sec. 16. Minnesota Statutes 1994, section 144A.073, is amended by adding a subdivision to read:

Subd. 3c. [COST NEUTRAL RELOCATION PROJECTS.] (a) Notwithstanding subdivision 3, the interagency committee may at any time accept proposals, or amendments to proposals previously approved under this section, for relocations that are cost neutral with respect to state costs as defined in section 144A.071, subdivision 5a. The committee shall review these applications and make recommendations to the commissioner within 90 days. The committee must evaluate proposals according to subdivision 4, clauses (1), (2), and (3), and other criteria established in rule. The commissioner shall approve or disapprove a project within 30 days of receiving the committee's recommendation. Proposals and amendments approved under this subdivision are not subject to the six-mile limit in subdivision 5, paragraph (e).

(b) For the purposes of paragraph (a), cost neutrality shall be measured over the first three 12-month periods of operation after completion of the project.

Sec. 17. Minnesota Statutes 1994, section 144A.073, subdivision 4, is amended to read:

Subd. 4. [CRITERIA FOR REVIEW.] (a) The following criteria must shall be used in a consistent manner to compare and, evaluate, and rank all proposals submitted. Except for the criteria specified in clause (3), the application of criteria listed under this subdivision shall not reflect any distinction based on the geographic location of the proposed project:

~~(1) the extent to which the average occupancy rate of the facility supports the need for the proposed project;~~

~~(2) the extent to which the average occupancy rate of all facilities in the county in which the applicant is located, together with all contiguous Minnesota counties, supports the need for the proposed project;~~

~~(3) the extent to which the proposal furthers state long-term care goals, including the goals stated in section 144A.31, and including the goal of enhancing the availability and use of alternative care services and the goal of reducing the number of long-term care resident rooms with more than two beds;~~

~~(4) the cost effectiveness of the proposal, including (2) the proposal's long-term effects on the state costs of the medical assistance program, as determined by the commissioner of human services; and including the cost estimate of the project according to section 144A.071, subdivision 5a;~~

~~(5) other factors developed in rule by the commissioner of health that evaluate and assess how the proposed project will further promote or protect the health, safety, comfort, treatment, or well-being of the facility's residents.~~

~~(b) In addition to the criteria in paragraph (a), the following criteria must be used to evaluate, compare, and rank proposals involving renovation or replacement:~~

~~(3) the extent to which the proposal promotes equitable access to long-term care services in nursing homes through redistribution of the nursing home bed supply, as measured by the number of beds relative to the population 85 or older, projected to the year 2000 by the state demographer, and according to items (i) to (iv):~~

~~(i) reduce beds in counties where the supply is high, relative to the statewide mean, and increase beds in counties where the supply is low, relative to the statewide mean;~~

~~(ii) adjust the bed supply so as to create the greatest benefits in improving the distribution of beds;~~

~~(iii) adjust the existing bed supply in counties so that the bed supply in a county moves toward the statewide mean; and~~

~~(iv) adjust the existing bed supply so that the distribution of beds as projected for the year 2020 would be consistent with projected need, based on the methodology outlined in the interagency long-term care committee's 1993 nursing home bed distribution study;~~

~~(4) (4) the extent to which the project improves conditions that affect the health or safety of residents, such as narrow corridors, narrow door frames, unenclosed fire exits, and wood frame construction, and similar provisions contained in fire and life safety codes and licensure and certification rules;~~

~~(2) (5) the extent to which the project improves conditions that affect the comfort or quality of life of residents in a facility or the ability of the facility to provide efficient care, such as a relatively high number of residents in a room; inadequate lighting or ventilation; poor access to bathing or toilet facilities; a lack of available ancillary space for dining rooms, day rooms, or rooms used for other activities; problems relating to heating, cooling, or energy efficiency; inefficient location of nursing stations; narrow corridors; or other provisions contained in the licensure and certification rules;~~

~~(6) the extent to which the applicant demonstrates the delivery of quality care, as defined in state and federal statutes and rules, to residents as evidenced by the two most recent state agency certification surveys and the applicants' response to those surveys;~~

~~(7) the extent to which the project removes the need for waivers or variances previously granted by either the licensing agency, certifying agency, fire marshal, or local government entity; and~~

(8) other factors that may be developed in permanent rule by the commissioner of health that evaluate and assess how the proposed project will further promote or protect the health, safety, comfort, treatment, or well-being of the facility's residents.

Sec. 18. Minnesota Statutes 1994, section 144A.073, subdivision 5, is amended to read:

Subd. 5. [REPLACEMENT RESTRICTIONS.] (a) Proposals submitted or approved under this section involving replacement must provide for replacement of the facility on the existing site except as allowed in this subdivision.

(b) Facilities located in a metropolitan statistical area other than the Minneapolis-St. Paul seven-county metropolitan area may relocate to a site within the same census tract or a contiguous census tract.

(c) Facilities located in the Minneapolis-St. Paul seven-county metropolitan area may relocate to a site within the same or contiguous health planning area as adopted in March 1982 by the metropolitan council.

(d) Facilities located outside a metropolitan statistical area may relocate to a site within the same city or township, or within a contiguous township.

(e) A facility relocated to a different site under paragraph (b), (c), or (d) must not be relocated to a site more than six miles from the existing site.

(f) The relocation of part of an existing first facility to a second location, under paragraphs (d) and (e), may include the relocation to the second location of up to four beds from part of an existing third facility located in a township contiguous to the location of the first facility. The six-mile limit in paragraph (e) does not apply to this relocation from the third facility.

(g) For proposals approved on January 13, 1994, under this section involving the replacement of 102 licensed and certified beds, the relocation of the existing first facility to the second and third locations under paragraphs (d) and (e) may include the relocation of up to 50 percent of the beds of the existing first facility to each of the locations. The six-mile limit in paragraph (e) does not apply to this relocation to the third location. Notwithstanding subdivision 3, construction of this project may be commenced any time prior to January 1, 1996.

Sec. 19. Minnesota Statutes 1994, section 144A.073, subdivision 8, is amended to read:

Subd. 8. [RULEMAKING.] The commissioner of health shall adopt ~~emergency or permanent~~ rules to implement this section. The permanent rules must be in accordance with and implement only the criteria listed in this section. The authority to adopt emergency permanent rules continues until December 30, 1988 July 1, 1996.

Sec. 20. Minnesota Statutes 1994, section 198.003, subdivision 3, is amended to read:

Subd. 3. [USE OF FACILITIES CAMPUS.] The board may allow veterans organizations or public or private social service, educational, or rehabilitation agencies or organizations and their clients to use surplus facilities space on a home's campus, staff, and other resources of the board and may require the participating agencies or organizations to pay for that use.

Sec. 21. Minnesota Statutes 1994, section 198.003, subdivision 4, is amended to read:

Subd. 4. [VETERANS HOMES RESOURCES ACCOUNT.] Money received by the board under subdivision 3 must be deposited in the state treasury and credited to a veterans homes resources account in the special revenue fund. Money in the account is appropriated to the board to operate, maintain, and ~~repair facilities~~ make repairs at the campus used under subdivision 3, and to pay including payment of associated legal fees and expenses.

Sec. 22. Minnesota Statutes 1994, section 256B.0641, subdivision 1, is amended to read:

Subdivision 1. [RECOVERY PROCEDURES; SOURCES.] Notwithstanding section 256B.72 or any law or rule to the contrary, when the commissioner or the federal government determines that an overpayment has been made by the state to any medical assistance vendor, the commissioner shall recover the overpayment as follows:

(1) if the federal share of the overpayment amount is due and owing to the federal government under federal law and regulations, the commissioner shall recover from the medical assistance vendor the federal share of the determined overpayment amount paid to that provider using the schedule of payments required by the federal government; ~~and~~

(2) if the overpayment to a medical assistance vendor is due to a retroactive adjustment made because the medical assistance vendor's temporary payment rate was higher than the established desk audit payment rate or because of a department error in calculating a payment rate, the commissioner shall recover from the medical assistance vendor the total amount of the overpayment within 120 days after the date on which written notice of the adjustment is sent to the medical assistance vendor or according to a schedule of payments approved by the commissioner; and

(3) a medical assistance vendor is liable for the overpayment amount owed by a long-term care provider if the vendors or their owners are under common control or ownership.

Sec. 23. Minnesota Statutes 1994, section 256B.431, subdivision 2j, is amended to read:

Subd. 2j. [HOSPITAL-ATTACHED NURSING FACILITY STATUS.] (a) For the purpose of setting rates under Minnesota Rules, parts 9549.0010 to 9549.0080, for rate years beginning after June 30, 1989, a hospital-attached nursing facility means a nursing facility which meets the requirements of clauses (1) to (3):

(1) the nursing facility is recognized by the federal Medicare program to be a hospital-based nursing facility for purposes of being subject to higher cost limits accorded hospital-based nursing facilities under the Medicare program, or, prior to June 30, 1983, was classified as a hospital-attached nursing facility under Minnesota Rules, parts 9510.0010 to 9510.0480, ~~provided that;~~

(2) the nursing facility's cost report filed under Minnesota Rules, parts 9549.0010 to 9549.0080, shall use the same cost allocation principles and methods used in the reports filed for the Medicare program except as provided in clause (3); and

(3) direct identification of costs to the nursing facility cost center will be permitted only when the comparable hospital costs have also been directly identified to a cost center which is not allocated to the nursing facility.

(b) For rate years beginning after June 30, 1989, a nursing facility and hospital, which have applied for hospital-based nursing facility status under the federal Medicare program during the reporting year or the nine-month period following the nursing facility's reporting year, shall be considered a hospital-attached nursing facility for purposes of setting payment rates under Minnesota Rules, parts 9549.0010 to 9549.0080, for the rate year following the reporting year or the nine-month period in which the facility made its Medicare application. The nursing facility must file its cost report or an amended cost report for that reporting year before the following rate year using Medicare principles and Medicare's recommended cost allocation methods had the Medicare program's hospital-based nursing facility status been granted to the nursing facility. For each subsequent rate year, the nursing facility must meet the definition requirements in paragraph (a). If the nursing facility is denied hospital-based nursing facility status under the Medicare program, the nursing facility's payment rates for the rate years the nursing facility was considered to be a hospital-attached nursing facility pursuant to this paragraph shall be recalculated treating the nursing facility as a non-hospital-attached nursing facility.

(c) For rate years beginning on or after July 1, 1995, a nursing facility shall be considered a hospital attached nursing facility for purposes of setting payment rates under Minnesota Rules, parts 9549.0010 to 9549.0080 and this section if it meets the requirements of paragraphs (a) and (b), and

(1) the hospital and nursing facility are physically attached or connected by a tunnel or skyway;
or

(2) the nursing facility was recognized by the Medicare program as hospital attached as of January 1, 1995, and this status has been maintained continuously.

Sec. 24. Minnesota Statutes 1994, section 256B.431, subdivision 15, is amended to read:

Subd. 15. [CAPITAL REPAIR AND REPLACEMENT COST REPORTING AND RATE CALCULATION.] For rate years beginning after June 30, 1993, a nursing facility's capital repair and replacement payment rate shall be established annually as provided in paragraphs (a) to (d) (e).

(a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the costs of ~~acquiring~~ any of the following items not included in the equity incentive computations under subdivision 16 or reported as a capital asset addition under subdivision 18, paragraph (b), including cash payment for equity investment and principal and interest expense for debt financing, shall ~~must~~ be reported in the capital repair and replacement cost category ~~when the cost of the item exceeds \$500:~~

- (1) wall coverings;
- (2) paint;
- (3) floor coverings;
- (4) window coverings;
- (5) roof repair; and
- (6) ~~heating or cooling system repair or replacement;~~
- (7) ~~window repair or replacement;~~

~~(8) initiatives designed to reduce energy usage by the facility if accompanied by an energy audit prepared by a professional engineer or architect registered in Minnesota, or by an auditor certified under Minnesota Rules, part 7635.0130, to do energy audits and the energy audit identifies the initiative as a conservation measure; and~~

~~(9) repair or replacement of capital assets not included in the equity incentive computations under subdivision 16.~~

(b) Notwithstanding Minnesota Rules, part 9549.0060, subpart 12, the repair or replacement of a capital asset not included in the equity incentive computations under subdivision 16 or reported as a capital asset addition under subdivision 18, paragraph (b), must be reported under this subdivision when the cost of the item exceeds \$500, or in the plant operations and maintenance cost category when the cost of the item is equal to or less than \$500.

(c) To compute the capital repair and replacement payment rate, the allowable annual repair and replacement costs for the reporting year must be divided by actual resident days for the reporting year. The annual allowable capital repair and replacement costs shall not exceed \$150 per licensed bed. The excess of the allowed capital repair and replacement costs over the capital repair and replacement limit shall be a cost carryover to succeeding cost reporting periods, except that sale of a facility, under subdivision 14, shall terminate the carryover of all costs except those incurred in the most recent cost reporting year. The termination of the carryover shall have effect on the capital repair and replacement rate on the same date as provided in subdivision 14, paragraph (f), for the sale. For rate years beginning after June 30, 1994, the capital repair and replacement limit shall be subject to the index provided in subdivision 3f, paragraph (a). For purposes of this subdivision, the number of licensed beds shall be the number used to calculate the nursing facility's capacity days. The capital repair and replacement rate must be added to the nursing facility's total payment rate.

~~(e)~~ (d) Capital repair and replacement costs under this subdivision shall not be counted as either care-related or other operating costs, nor subject to care-related or other operating limits.

~~(d)~~ (e) If costs otherwise allowable under this subdivision are incurred as the result of a project approved under the moratorium exception process in section 144A.073, or in connection with an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost of these assets exceeds the lesser of \$150,000 or ten percent of the nursing facility's appraised value, these costs must be claimed under subdivision 16 or 17, as appropriate.

Sec. 25. Minnesota Statutes 1994, section 256B.431, subdivision 17, is amended to read:

Subd. 17. [SPECIAL PROVISIONS FOR MORATORIUM EXCEPTIONS.] (a) Notwithstanding Minnesota Rules, part 9549.0060, subpart 3, for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility that (1) has completed a construction project approved under section 144A.071, subdivision 4a, clause (m); (2) has completed a construction project approved under section 144A.071, subdivision 4a and effective after June 30, 1995; or (3) has completed a renovation, replacement, or upgrading project approved under the moratorium exception process in section 144A.073 shall be reimbursed for costs directly identified to that project as provided in subdivision 16 and this subdivision.

(b) Notwithstanding Minnesota Rules, part 9549.0060, subparts 5, item A, subitems (1) and (3), and 7, item D, allowable interest expense on debt shall include:

(1) interest expense on debt related to the cost of purchasing or replacing depreciable equipment, excluding vehicles, not to exceed six percent of the total historical cost of the project; and

(2) interest expense on debt related to financing or refinancing costs, including costs related to points, loan origination fees, financing charges, legal fees, and title searches; and issuance costs including bond discounts, bond counsel, underwriter's counsel, corporate counsel, printing, and financial forecasts. Allowable debt related to items in this clause shall not exceed seven percent of the total historical cost of the project. To the extent these costs are financed, the straight-line amortization of the costs in this clause is not an allowable cost; and

(3) interest on debt incurred for the establishment of a debt reserve fund, net of the interest earned on the debt reserve fund.

(c) Debt incurred for costs under paragraph (b) is not subject to Minnesota Rules, part 9549.0060, subpart 5, item A, subitem (5) or (6).

(d) The incremental increase in a nursing facility's rental rate, determined under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, resulting from the acquisition of allowable capital assets, and allowable debt and interest expense under this subdivision shall be added to its property-related payment rate and shall be effective on the first day of the month following the month in which the moratorium project was completed.

(e) Notwithstanding subdivision 3f, paragraph (a), for rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, the replacement-costs-new per bed limit to be used in Minnesota Rules, part 9549.0060, subpart 4, item B, for a nursing facility that has completed a renovation, replacement, or upgrading project that has been approved under the moratorium exception process in section 144A.073, or that has completed an addition to or replacement of buildings, attached fixtures, or land improvements for which the total historical cost exceeds the lesser of \$150,000 or ten percent of the most recent appraised value, must be \$47,500 per licensed bed in multiple-bed rooms and \$71,250 per licensed bed in a single-bed room. These amounts must be adjusted annually as specified in subdivision 3f, paragraph (a), beginning January 1, 1993.

(f) A nursing facility that completes a project identified in this subdivision and, as of April 17, 1992, has not been mailed a rate notice with a special appraisal for a completed project, or completes a project after April 17, 1992, but before September 1, 1992, may elect either to request a special reappraisal with the corresponding adjustment to the property-related payment rate under the laws in effect on June 30, 1992, or to submit their capital asset and debt information after that date and obtain the property-related payment rate adjustment under this section, but not both.

(g) For purposes of this paragraph, a total replacement means the complete replacement of the nursing facility's physical plant through the construction of a new physical plant or the transfer of the nursing facility's license from one physical plant location to another. For total replacement projects completed on or after July 1, 1992, the commissioner shall compute the incremental change in the nursing facility's rental per diem, for rate years beginning on or after July 1, 1995, by replacing its appraised value, including the historical capital asset costs, and the capital debt and interest costs with the new nursing facility's allowable capital asset costs and the related

allowable capital debt and interest costs. If the new nursing facility has decreased its licensed capacity, the aggregate investment per bed limit in subdivision 3a, paragraph (d), shall apply. If the new nursing facility has retained a portion of the original physical plant for nursing facility usage, then a portion of the appraised value prior to the replacement must be retained and included in the calculation of the incremental change in the nursing facility's rental per diem. For purposes of this part, the original nursing facility means the nursing facility prior to the total replacement project. The portion of the appraised value to be retained shall be calculated according to clauses (1) to (3):

(1) The numerator of the allocation ratio shall be the square footage of the area in the original physical plant which is being retained for nursing facility usage.

(2) The denominator of the allocation ratio shall be the total square footage of the original nursing facility physical plant.

(3) Each component of the nursing facility's allowable appraised value prior to the total replacement project shall be multiplied by the allocation ratio developed by dividing clause (1) by clause (2).

In the case of either type of total replacement as authorized under section 144A.071 or 144A.073, the provisions of this subdivision shall also apply. For purposes of the moratorium exception authorized under section 144A.071, subdivision 4a, paragraph (s), if the total replacement involves the renovation and use of an existing health care facility physical plant, the new allowable capital asset costs and related debt and interest costs shall include first the allowable capital asset costs and related debt and interest costs of the renovation, to which shall be added the allowable capital asset costs of the existing physical plant prior to the renovation, and if reported by the facility, the related allowable capital debt and interest costs.

Sec. 26. Minnesota Statutes 1994, section 256B.431, is amended by adding a subdivision to read:

Subd. 25. [CHANGES TO NURSING FACILITY REIMBURSEMENT BEGINNING JULY 1, 1995.] The nursing facility reimbursement changes in paragraphs (a) to (g) shall apply in the sequence specified to Minnesota Rules, parts 9549.0010 to 9549.0080, and this section, beginning July 1, 1995.

(a) The eight-cent adjustment to care-related rates in subdivision 22, paragraph (e), shall no longer apply.

(b) For rate years beginning on or after July 1, 1995, the commissioner shall limit a nursing facility's allowable operating per diem for each case mix category for each rate year as in clauses (1) to (3).

(1) For the rate year beginning July 1, 1995, the commissioner shall group nursing facilities into two groups, freestanding and nonfreestanding, within each geographic group, using their operating cost per diem for the case mix A classification. A nonfreestanding nursing facility is a nursing facility whose other operating cost per diem is subject to the hospital attached, short length of stay, or the rule 80 limits. All other nursing facilities shall be considered freestanding nursing facilities. The commissioner shall then array all nursing facilities in each grouping by their allowable case mix A operating cost per diem. In calculating a nursing facility's operating cost per diem for this purpose, the commissioner shall exclude the raw food cost per diem related to providing special diets that are based on religious beliefs, as determined in subdivision 2b, paragraph (h). For those nursing facilities in each grouping whose case mix A operating cost per diem:

(i) is at or below the median minus 1.0 standard deviation of the array, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diem plus the inflation factor as established in paragraph (f), clause (2), increased by six percentage points, or the current reporting year's corresponding allowable operating cost per diem;

(ii) is between minus .5 standard deviation and minus 1.0 standard deviation below the median

of the array, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), increased by four percentage points, or the current reporting year's corresponding allowable operating cost per diem;
or

(iii) is equal to or above minus .5 standard deviation below the median of the array, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), increased by three percentage points, or the current reporting year's corresponding allowable operating cost per diem.

(2) For the rate year beginning on July 1, 1996, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the prior reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), increased by one percentage point or the current reporting year's corresponding allowable operating cost per diems; and

(3) For rate years beginning on or after July 1, 1997, the commissioner shall limit the nursing facility's allowable operating cost per diem for each case mix category to the lesser of the reporting year prior to the current reporting year's allowable operating cost per diems plus the inflation factor as established in paragraph (f), clause (2), or the current reporting year's corresponding allowable operating cost per diems.

(c) For rate years beginning on July 1, 1995, the commissioner shall limit the allowable operating cost per diems for high cost nursing facilities. After application of the limits in paragraph (b) to each nursing facility's operating cost per diems, the commissioner shall group nursing facilities into two groups, freestanding or nonfreestanding, within each geographic group. A nonfreestanding nursing facility is a nursing facility whose other operating cost per diems are subject to hospital attached, short length of stay, or rule 80 limits. All other nursing facilities shall be considered freestanding nursing facilities. The commissioner shall then array all nursing facilities within each grouping by their allowable case mix A operating cost per diems. In calculating a nursing facility's operating cost per diem for this purpose, the commissioner shall exclude the raw food cost per diem related to providing special diets that are based on religious beliefs, as determined in subdivision 2b, paragraph (h). For those nursing facilities in each grouping whose case mix A operating cost per diem exceeds 1.0 standard deviation above the median, the commissioner shall reduce their allowable operating cost per diems by two percent. For those nursing facilities in each grouping whose case mix A operating cost per diem exceeds 0.5 standard deviation above the median but is less than or equal to 1.0 standard deviation above the median, the commissioner shall reduce their allowable operating cost per diems by one percent.

(d) For rate years beginning on or after July 1, 1996, the commissioner shall limit the allowable operating cost per diems for high cost nursing facilities. After application of the limits in paragraph (b) to each nursing facility's operating cost per diems, the commissioner shall group nursing facilities into two groups, freestanding or nonfreestanding, within each geographic group. A nonfreestanding nursing facility is a nursing facility whose other operating cost per diems are subject to hospital attached, short length of stay, or rule 80 limits. All other nursing facilities shall be considered freestanding nursing facilities. The commissioner shall then array all nursing facilities within each grouping by their allowable case mix A operating cost per diems. In calculating a nursing facility's operating cost per diem for this purpose, the commissioner shall exclude the raw food cost per diem related to providing special diets that are based on religious beliefs, as determined in subdivision 2b, paragraph (h). In those nursing facilities in each grouping whose case mix A operating cost per diem exceeds 1.0 standard deviation above the median, the commissioner shall reduce their allowable operating cost per diems by three percent. For those nursing facilities in each grouping whose case mix A operating cost per diem exceeds 0.5 standard deviation above the median but is less than or equal to 1.0 standard deviation above the median, the commissioner shall reduce their allowable operating cost per diems by two percent.

(e) For rate years beginning on or after July 1, 1995, the commissioner shall determine a nursing facility's efficiency incentive by first computing the allowable difference, which is the

lesser of \$4.50 or the amount by which the facility's other operating cost limit exceeds its nonadjusted other operating cost per diem for that rate year. The commissioner shall compute the efficiency incentive by:

- (1) subtracting the allowable difference from \$4.50 and dividing the result by \$4.50;
- (2) multiplying 0.20 by the ratio resulting from clause (1), and then;
- (3) adding 0.50 to the result from clause (2); and
- (4) multiplying the result from clause (3) times the allowable difference.

The nursing facility's efficiency incentive payment shall be the lesser of \$2.25 or the product obtained in clause (4).

(f) For rate years beginning on or after July 1, 1995, the forecasted price index for a nursing facility's allowable operating cost per diems shall be determined under clause (1) to (3) using the change in the Consumer Price Index-All Items (United States city average) (CPI-U) or the change in the Nursing Home Market Basket, both as forecasted by Data Resources Inc. whichever is applicable. The commissioner shall use the indices as forecasted in the fourth quarter of the calendar year preceding the rate year, subject to subdivision 21, paragraph (c). If, as a result of federal legislative or administrative action, the methodology used to calculate the Consumer Price Index-All Items (United States city average) (CPI-U) changes, the commissioner shall develop a conversion factor or other methodology to convert the CPI-U index factor that results from the new methodology to an index factor that approximates, as closely as possible, the index factor that would have resulted from application of the original CPI-U methodology prior to any changes in methodology. The commissioner shall use the conversion factor or other methodology to calculate an adjusted inflation index. The adjusted inflation index must be used to calculate payment rates under this section instead of the CPI-U index specified in paragraph (d). If the commissioner is required to develop an adjusted inflation index, the commissioner shall report to the legislature as part of the next budget submission the fiscal impact of applying this index.

(1) The CPI-U forecasted index for allowable operating cost per diems shall be based on the 21-month period from the midpoint of the nursing facility's reporting year to the midpoint of the rate year following the reporting year.

(2) The Nursing Home Market Basket forecasted index for allowable operating costs and per diem limits shall be based on the 12-month period between the midpoints of the two reporting years preceding the rate year.

(3) For rate years beginning on or after July 1, 1996, the forecasted index for operating cost limits referred to in subdivision 21, paragraph (b), shall be based on the CPI-U for the 12-month period between the midpoints of the two reporting years preceding the rate year.

(g) After applying these provisions for the respective rate years, the commissioner shall index these allowable operating costs per diems by the inflation factor provided for in paragraph (f), clause (1), and add the nursing facility's efficiency incentive as computed in paragraph (e).

Sec. 27. Minnesota Statutes 1994, section 256B.432, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given them.

(a) "Management agreement" means an agreement in which one or more of the following criteria exist:

(1) the central, affiliated, or corporate office has or is authorized to assume day-to-day operational control of the ~~long-term care~~ nursing facility for any six-month period within a 24-month period. "Day-to-day operational control" means that the central, affiliated, or corporate office has the authority to require, mandate, direct, or compel the employees of the ~~long-term care~~ nursing facility to perform or refrain from performing certain acts, or to supplant or take the place of the top management of the ~~long-term care~~ nursing facility. "Day-to-day operational control" includes the authority to hire or terminate employees or to provide an employee of the central, affiliated, or corporate office to serve as administrator of the ~~long-term care~~ nursing facility;

(2) the central, affiliated, or corporate office performs or is authorized to perform two or more of the following: the execution of contracts; authorization of purchase orders; signature authority for checks, notes, or other financial instruments; requiring the ~~long-term care~~ nursing facility to use the group or volume purchasing services of the central, affiliated, or corporate office; or the authority to make annual capital expenditures for the ~~long-term care~~ nursing facility exceeding \$50,000, or \$500 per licensed bed, whichever is less, without first securing the approval of the ~~long-term care~~ nursing facility board of directors;

(3) the central, affiliated, or corporate office becomes or is required to become the licensee under applicable state law;

(4) the agreement provides that the compensation for services provided under the agreement is directly related to any profits made by the ~~long-term care~~ nursing facility; or

(5) the ~~long-term care~~ nursing facility entering into the agreement is governed by a governing body that meets fewer than four times a year, that does not publish notice of its meetings, or that does not keep formal records of its proceedings.

(b) "Consulting agreement" means any agreement the purpose of which is for a central, affiliated, or corporate office to advise, counsel, recommend, or suggest to the owner or operator of the nonrelated ~~long-term care~~ nursing facility measures and methods for improving the operations of the ~~long-term care~~ nursing facility.

(c) "~~Long-term care~~ Nursing facility" means a nursing facility whose medical assistance rates are determined according to section 256B.431 ~~or an intermediate care facility for persons with mental retardation and related conditions whose medical assistance rates are determined according to section 256B.501.~~

Sec. 28. Minnesota Statutes 1994, section 256B.432, subdivision 2, is amended to read:

Subd. 2. [EFFECTIVE DATE.] For rate years beginning on or after July 1, 1990, the central, affiliated, or corporate office cost allocations in subdivisions 3 to 6 must be used when determining medical assistance rates under sections 256B.431 and ~~256B.501~~ 256B.50.

Sec. 29. Minnesota Statutes 1994, section 256B.432, subdivision 3, is amended to read:

Subd. 3. [ALLOCATION; DIRECT IDENTIFICATION OF COSTS OF ~~LONG-TERM CARE NURSING~~ FACILITIES; MANAGEMENT AGREEMENT.] All costs that can be directly identified with a specific ~~long-term care~~ nursing facility that is a related organization to the central, affiliated, or corporate office, or that is controlled by the central, affiliated, or corporate office under a management agreement, must be allocated to that ~~long-term care~~ nursing facility.

Sec. 30. Minnesota Statutes 1994, section 256B.432, subdivision 5, is amended to read:

Subd. 5. [ALLOCATION OF REMAINING COSTS; ALLOCATION RATIO.] (a) After the costs that can be directly identified according to subdivisions 3 and 4 have been allocated, the remaining central, affiliated, or corporate office costs must be allocated between the ~~long-term care~~ nursing facility operations and the other activities or facilities unrelated to the ~~long-term care~~ nursing facility operations based on the ratio of total operating costs.

(b) For purposes of allocating these remaining central, affiliated, or corporate office costs, the numerator for the allocation ratio shall be determined as follows:

(1) for ~~long-term care~~ nursing facilities that are related organizations or are controlled by a central, affiliated, or corporate office under a management agreement, the numerator of the allocation ratio shall be equal to the sum of the total operating costs incurred by each related organization or controlled ~~long-term care~~ nursing facility;

(2) for a central, affiliated, or corporate office providing goods or services to related organizations that are not ~~long-term care~~ nursing facilities, the numerator of the allocation ratio shall be equal to the sum of the total operating costs incurred by the ~~non-long-term care~~ nonnursing facility related organizations;

(3) for a central, affiliated, or corporate office providing goods or services to unrelated ~~long-term-care~~ nursing facilities under a consulting agreement, the numerator of the allocation ratio shall be equal to the greater of directly identified central, affiliated, or corporate costs or the contracted amount; or

(4) for business activities that involve the providing of goods or services to unrelated parties which are not ~~long-term-care~~ nursing facilities, the numerator of the allocation ratio shall be equal to the greater of directly identified costs or revenues generated by the activity or function.

(c) The denominator for the allocation ratio is the sum of the numerators in paragraph (b), clauses (1) to (4).

Sec. 31. Minnesota Statutes 1994, section 256B.432, subdivision 6, is amended to read:

Subd. 6. [COST ALLOCATION BETWEEN ~~LONG-TERM-CARE~~ NURSING FACILITIES.]

(a) Those ~~long-term-care~~ nursing operations that have ~~long-term-care~~ nursing facilities both in Minnesota and comparable facilities outside of Minnesota must allocate the ~~long-term-care~~ nursing operation's central, affiliated, or corporate office costs identified in subdivision 5 to Minnesota based on the ratio of total resident days in Minnesota ~~long-term-care~~ nursing facilities to the total resident days in all facilities.

(b) The Minnesota ~~long-term-care~~ nursing operation's central, affiliated, or corporate office costs identified in paragraph (a) must be allocated to each Minnesota ~~long-term-care~~ nursing facility on the basis of resident days.

Sec. 32. [256B.434] [CONTRACTUAL ALTERNATIVE PAYMENT DEMONSTRATION PROJECT FOR NURSING HOMES.]

Subdivision 1. [ALTERNATIVE PAYMENT DEMONSTRATION PROJECT ESTABLISHED.] The commissioner of human services shall establish a contractual alternative payment demonstration project for paying for nursing facility services under the medical assistance program. A nursing facility may apply to be paid under the contractual alternative payment demonstration project instead of the cost-based payment system established under section 256B.431. A nursing facility electing to use the alternative payment demonstration project must enter into a contract with the commissioner. Payment rates and procedures for facilities electing to use the alternative payment demonstration project are determined and governed by this section and by the terms of the contract. The commissioner may negotiate different contract terms for different nursing facilities.

Subd. 2. [REQUESTS FOR PROPOSALS.] (a) No later than August 1, 1995, the commissioner shall publish in the State Register a request for proposals to provide nursing facility services according to this section. The commissioner shall issue two additional requests for proposals prior to July 1, 1997, based upon a timetable established by the commissioner. The commissioner must respond to all proposals in a timely manner.

(b) The commissioner may reject any proposal if, in the judgment of the commissioner, a contract with a particular facility is not in the best interests of the residents of the facility or the state of Minnesota. The commissioner may accept up to the number of proposals that can be adequately supported with available state resources, as determined by the commissioner, except that the commissioner shall not contract with more than 40 nursing facilities as part of any request for proposals. The commissioner may accept proposals from a single nursing facility or from a group of facilities through a managing entity. The commissioner shall seek to ensure that nursing facilities under contract are located in all geographic areas of the state. The commissioner shall present recommendations to the legislature by February 1, 1996, on the number of nursing facility contracts that may be entered into by the commissioner as a result of a request for proposals.

(c) In issuing the request for proposals, the commissioner may develop reasonable requirements which, in the judgment of the commissioner, are necessary to protect residents or ensure that the contractual alternative payment demonstration project furthers the interest of the state of Minnesota. The request for proposals may include, but need not be limited to, the following:

(1) a requirement that a nursing facility make reasonable efforts to maximize Medicare payments on behalf of eligible residents;

(2) requirements designed to prevent inappropriate or illegal discrimination against residents enrolled in the medical assistance program as compared to private paying residents;

(3) requirements designed to ensure that admissions to a nursing facility are appropriate and that reasonable efforts are made to place residents in home and community-based settings when appropriate;

(4) a requirement to agree to participate in a project to develop data collection systems and outcome-based standards for managed care contracting for long-term care services. Among other requirements specified by the commissioner, each facility entering into a contract may be required to pay an annual fee in an amount determined by the commissioner not to exceed \$50 per bed. Revenue generated from the fees is appropriated to the commissioner and must be used to contract with a qualified consultant or contractor to develop data collection systems and outcome-based contracting standards;

(5) a requirement that contractors agree to maintain Medicare cost reports and to submit them to the commissioner upon request or at times specified by the commissioner;

(6) a requirement for demonstrated willingness and ability to develop and maintain data collection and retrieval systems to be used in measuring outcomes; and

(7) a requirement to provide all information and assurances required by the terms and conditions of the federal waiver or federal approval.

(d) In addition to the information and assurances contained in the submitted proposals, the commissioner may consider the following in determining whether to accept or deny a proposal:

(1) the facility's history of compliance with federal and state laws and rules;

(2) whether the facility has a record of excessive licensure fines or sanctions or fraudulent cost reports;

(3) financial history and solvency; and

(4) other factors identified by the commissioner that the commissioner deems relevant to a determination that a contract with a particular facility is not in the best interests of the residents of the facility or the state of Minnesota.

(e) If the commissioner rejects the proposal of a nursing facility, the commissioner shall provide written notice to the facility of the reason for the rejection, including the factors and evidence upon which the rejection was based.

Subd. 3. [DURATION AND TERMINATION OF CONTRACTS.] (a) Subject to available resources, the commissioner may begin to execute contracts with nursing facilities November 1, 1995.

(b) All contracts entered into under this section are for a term of four years. Either party may terminate a contract effective July 1 of any year by providing written notice to the other party no later than April 1 of that year. If neither party provides written notice of termination by April 1, the contract is automatically renewed for the next rate year. The parties may voluntarily renegotiate the terms of the contract at any time by mutual agreement.

(c) If a nursing facility fails to comply with the terms of a contract, the commissioner shall provide reasonable notice regarding the breach of contract and a reasonable opportunity for the facility to come into compliance. If the facility fails to come into compliance or to remain in compliance, the commissioner may terminate the contract. If a contract is terminated, the contract payment remains in effect for the remainder of the rate year in which the contract was terminated, but in all other respects the provisions of this section do not apply to that facility effective the date the contract is terminated. The contract shall contain a provision governing the transition back to the cost-based reimbursement system established under section 256B.431, subdivision 25, and Minnesota Rules, parts 9549.0010 to 9549.0080. A contract entered into under this section may be amended by mutual agreement of the parties.

Subd. 4. [ALTERNATE RATES FOR NURSING FACILITIES.] (a) For nursing facilities which have their payment rates determined under this section rather than section 256B.431, subdivision 25, the commissioner shall establish a rate under this subdivision. The nursing facility must enter into a written contract with the commissioner.

(b) A nursing facility's case mix payment rate for the first rate year of a facility's contract under this section is the payment rate the facility would have received under section 256B.431, subdivision 25.

(c) A nursing facility's case mix payment rates for the second and subsequent years of a facility's contract under this section are the previous rate year's contract payment rates plus an inflation adjustment. The index for the inflation adjustment must be based on the change in the Consumer Price Index-All Items (United States City average) (CPI-U) forecasted by Data Resources, Inc., as forecasted in the fourth quarter of the calendar year preceding the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined.

(d) The commissioner may develop additional incentive-based payments of up to five percent above the standard contract rate for achieving outcomes specified in each contract. The incentive system may be implemented for contract rate years beginning on or after July 1, 1996. The specified outcomes must be measurable and must be based on criteria to be developed by the commissioner. The commissioner may establish, for each contract, various levels of achievement within an outcome. After the outcomes have been specified the commissioner shall assign various levels of payment associated with achieving the outcome. Any incentive-based payment cancels if there is a termination of the contract. In establishing the specified outcomes and related criteria the commissioner shall consider the following state policy objectives:

- (1) improved cost effectiveness and quality of life as measured by improved clinical outcomes;
- (2) successful diversion or discharge to community alternatives;
- (3) decreased acute care costs;
- (4) improved consumer satisfaction;
- (5) the achievement of quality; or
- (6) any additional outcomes the commissioner finds desirable.

Subd. 5. [PRIVATE PAY RATES.] (a) Notwithstanding section 256B.48, subdivision 1, paragraph (a), the commissioner shall determine the maximum private pay case mix payment rates for nursing facilities that have entered into an alternative payment demonstration contract under this section as specified in this subdivision. Nothing in this section shall limit the exceptions for private pay rates authorized under section 256B.48, subdivision 1, paragraph (a).

(b) The maximum private pay rate for short-stay private paying residents who are discharged from the facility less than 101 days after admission is an amount equal to the greater of the Medicare payment rate for that facility or the resident's medical assistance case mix payment rate. For the first year of an alternative payment demonstration project contract the commissioner shall establish a maximum private paying rate for short-stay residents that is based on a nursing facility's estimated Medicare payment rate. When actual Medicare final rates are determined, the nursing facility shall retroactively adjust a private paying resident's rates and provide a refund or credit if the amount actually paid by the resident exceeds the amount that would have been paid using Medicare rates.

(c) When a private paying resident is admitted, a nursing facility shall determine, based on the resident's care plan, whether the resident is likely to be discharged less than 101 days after admission. If the resident is likely to be discharged less than 101 days after admission, the nursing facility may charge a short-stay private pay rate up to the maximum specified in paragraph (b). If the resident remains in the facility for longer than 100 days, the facility shall retroactively reduce the resident's payments to the maximum long-term rate specified in subdivision 4 effective from the date of admission and shall reimburse the resident for the overpayment. At the resident's option, the facility may reimburse residents for overpayments by providing a refund or a credit to

be applied to future payments, or a combination of both, subject to the facility's right to offset for past-due payments. If the facility determines, based on the care plan, that the resident is likely to remain in the facility for longer than 100 days, the facility shall not charge a private pay rate greater than the maximum rate specified in subdivision 4.

(d) The provisions of paragraphs (b) and (c) do not apply to short-stay residents admitted prior to the effective date of a demonstration project contract.

Subd. 6. [CONTRACT PAYMENT RATES; APPEALS.] If an appeal is pending concerning the cost-based payment rates that are the basis for the calculation of the payment rate under the alternative payment demonstration project, the commissioner and the nursing facility may agree on an interim contract rate to be used until the appeal is resolved. When the appeal is resolved, the contract rate must be adjusted retroactively in accordance with the appeal decision.

Subd. 7. [CASE MIX ASSESSMENTS.] The commissioner may allow a contract facility to develop and implement a case mix assessment using the federal minimum data set resident assessment.

Subd. 8. [OPTIONAL HIGHER PAYMENTS FOR FIRST 100 DAYS.] The commissioner may include in the contract with a nursing facility under this section a higher rate for the first 100 days after admission than for subsequent days. The rate for the subsequent days must be reduced so that the estimated total cost to the medical assistance program will not exceed the estimated cost without the differential payment rates.

Subd. 9. [MANAGED CARE CONTRACTS FOR OTHER SERVICES.] Beginning July 1, 1995, the commissioner may contract with nursing facilities that have entered into alternative payment demonstration project contracts under this section to provide medical assistance services other than nursing facility care to residents of the facility under a prepaid, managed care payment system. For purposes of contracts entered into under this subdivision, the commissioner may waive one or more of the requirements for payment for ancillary services in section 256B.433. Managed care contracts for other services may be entered into at any time during the duration of a nursing facility's alternative payment demonstration project contract, and the terms of the managed care contracts need not coincide with the terms of the alternative payment demonstration project contract.

Subd. 10. [EXEMPTIONS.] (a) To the extent permitted by federal law, (1) a facility that has entered into a contract under this section is not required to file a cost report, as defined in Minnesota Rules, part 9549.0020, subpart 13, for any year after the base year that is the basis for the calculation of the contract payment rate for the first rate year of the alternative payment demonstration project contract; and (2) a facility under contract is not subject to audits of historical costs or revenues, or paybacks or retroactive adjustments based on these costs or revenues, except audits, paybacks, or adjustments relating to the cost report that is the basis for calculation of the first rate year under the contract.

(b) A facility that is under contract with the commissioner under this section is not subject to the moratorium on licensure or certification of new nursing home beds in section 144A.071, unless the project results in a net increase in bed capacity or involves relocation of beds from one site to another. Contract payment rates must not be adjusted to reflect any additional costs that a nursing facility incurs as a result of a construction project undertaken under this paragraph. In addition, as a condition of entering into a contract under this section, a nursing facility must agree that any future medical assistance payments for nursing facility services will not reflect any additional costs attributable to the sale of a nursing facility under this section and to construction undertaken under this paragraph that otherwise would not be authorized under the moratorium in sections 144A.071 and 144A.073. Nothing in this section prevents a nursing facility participating in the alternative payment demonstration project under this section from seeking approval of an exception to the moratorium through the process established in section 144A.071, and if approved the facility's rates shall be adjusted to reflect the cost of the project.

(c) Notwithstanding section 256B.48, subdivision 6, paragraphs (c), (d), and (e), and pursuant to any terms and conditions contained in the facility's contract, a nursing facility that is under contract with the commissioner under this section is in compliance with section 256B.48, subdivision 6, paragraph (b), if the facility is Medicare certified.

(d) Notwithstanding paragraph (a), if by April 1, 1996, the health care financing administration has not approved a required waiver, or the health care financing administration otherwise requires cost reports to be filed prior to the waiver's approval, the commissioner shall require a cost report for the rate year.

Subd. 11. [CONSUMER PROTECTION.] As a condition of entering into a contract under this section, a nursing facility must agree to establish resident grievance procedures that are similar to those required under section 256.045, subdivision 3. The commissioner may also require nursing facilities to establish expedited grievance procedures to resolve complaints made by short-stay residents. The facility must notify its resident council of its intent to enter into a contract and must consult with the council regarding any changes in operation expected as a result of the contract.

Subd. 12. [CONTRACTS ARE VOLUNTARY.] Participation of nursing facilities in the alternative payment demonstration project is voluntary. The terms and procedures governing the alternative payment demonstration project are determined under this section and through negotiations between the commissioner and nursing facilities that have submitted a letter of intent to participate in the alternative demonstration project. For purposes of developing requests for proposals and contract requirements, and negotiating the terms, conditions, and requirements of contracts the commissioner is exempt from the rulemaking requirements in chapter 14.

Subd. 13. [PAYMENT SYSTEM REFORM ADVISORY COMMITTEE.] (a) The commissioner, in consultation with an advisory committee, shall study options for reforming the regulatory and reimbursement system for nursing facilities to reduce the level of regulation, reporting, and procedural requirements, and to provide greater flexibility and incentives to stimulate competition and innovation. The advisory committee shall include, at a minimum, representatives from the long-term care provider community, the department of health, and consumers of long-term care services. The advisory committee sunsets on June 30, 1997. Among other things, the commissioner shall consider the feasibility and desirability of changing from a certification requirement to an accreditation requirement for participation in the medical assistance program, options to encourage early discharge of short-term residents through the provision of intensive therapy, and further modifications needed in rate equalization. The commissioner shall also include detailed recommendations for a permanent managed care payment system to replace the contractual alternative payment demonstration project authorized under this section. The commissioner shall submit a report with findings and recommendations to the legislature by January 15, 1997.

(b) If a permanent managed care payment system has not been enacted into law by July 1, 1997, the commissioner shall develop and implement a transition plan to enable nursing facilities under contract with the commissioner under this section to revert to the cost-based payment system at the expiration of the alternative payment demonstration project. The commissioner shall include in the alternative payment demonstration project contracts entered into under this section a provision to permit an amendment to the contract to be made after July 1, 1997, governing the transition back to the cost-based payment system. The transition plan and contract amendments are not subject to rulemaking requirements.

Subd. 14. [FEDERAL REQUIREMENTS.] The commissioner shall implement the contractual alternative payment demonstration project subject to any required federal waivers or approval and in a manner that is consistent with federal requirements. If a provision of this section is inconsistent with a federal requirement the federal requirement supersedes the inconsistent provision. The commissioner shall seek federal approval and request waivers as necessary to implement this section.

Subd. 15. [EXTERNAL REVIEW PANEL.] The commissioner may establish an external review panel consisting of persons appointed by the commissioner for their expertise on issues relating to nursing facility services, quality, payment systems, and other matters, to advise the commissioner on the development and implementation of the contractual alternative payment demonstration project and to assist the commissioner in assessing the quality of care provided and evaluating a facility's compliance with performance standards specified in a contract. The external review panel must include, among other members, representatives of nursing facilities.

Subd. 16. [ALTERNATIVE CONTRACTS.] The commissioner may also contract with

nursing facilities in other ways through requests for proposals, including contracts on a risk or nonrisk basis, with nursing facilities or consortia of nursing facilities, to provide comprehensive long-term care coverage on a premium or capitated basis.

Subd. 17. [REPORT.] The commissioner shall report to the legislature by January 15, 1997, regarding the impact of the alternative payment demonstration project. In assessing the impact, the commissioner may examine elements of the project including consumer satisfaction, quality of care, adequacy of services, timeliness in the delivery of services, and other elements determined appropriate by the commissioner. In developing this report, the commissioner may involve appropriate consumer advocate groups as needed to assist in monitoring and evaluating changes in a nursing facility's behavior, including the monitoring and evaluation of issues involving resident protection. The report must include recommendations for reimbursement of nursing homes after June 30, 1997, based on experience with the demonstration project.

Sec. 33. Minnesota Statutes 1994, section 256B.501, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For the purposes of this section, the following terms have the meaning given them.

(a) "Commissioner" means the commissioner of human services.

(b) "Facility" means a facility licensed as a mental retardation residential facility under section 252.28, licensed as a supervised living facility under chapter 144, and certified as an intermediate care facility for persons with mental retardation or related conditions. The term does not include a state regional treatment center.

(c) "Waivered service" means home or community-based service authorized under United States Code, title 42, section 1396n(c), as amended through December 31, 1987, and defined in the Minnesota state plan for the provision of medical assistance services. Waivered services include, at a minimum, case management, family training and support, developmental training homes, supervised living arrangements, semi-independent living services, respite care, and training and habilitation services.

Sec. 34. Minnesota Statutes 1994, section 256B.501, subdivision 3, is amended to read:

Subd. 3. [RATES FOR INTERMEDIATE CARE FACILITIES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.] The commissioner shall establish, by rule, procedures for determining rates for care of residents of intermediate care facilities for persons with mental retardation or related conditions. ~~The procedures shall be based on methods and standards that the commissioner finds are adequate to provide for the costs that must be incurred for the care of residents in efficiently and economically operated facilities.~~ In developing the procedures, the commissioner shall include:

(a) cost containment measures that assure efficient and prudent management of capital assets and operating cost increases which do not exceed increases in other sections of the economy;

(b) limits on the amounts of reimbursement for property, ~~general and administration~~, and new facilities;

(c) requirements to ensure that the accounting practices of the facilities conform to generally accepted accounting principles;

(d) incentives to reward accumulation of equity;

~~(e) a revaluation on sale between unrelated organizations for a facility that, for at least three years before its use as an intermediate care facility, has been used by the seller as a single family home and been claimed by the seller as a homestead, and was not revalued immediately prior to or upon entering the medical assistance program, provided that the facility revaluation not exceed the amount permitted by the Social Security Act, section 1902(a)(13); and rule revisions which:~~

(1) combine the program, maintenance, and administrative operating cost categories, and professional liability and real estate insurance expenses into one general operating cost category;

(2) eliminate the maintenance and administrative operating cost category limits and account for disallowances under the rule existing on the effective date of this section in the revised rule. If this provision is later invalidated, the total administrative cost disallowance shall be deducted from economical facility payments in clause (3);

(3) establish an economical facility incentive that rewards facilities that provide all appropriate services in a cost-effective manner and penalizes reductions of either direct service wages or standardized hours of care per resident;

(4) establish a best practices award system that is based on outcome measures and that rewards quality, innovation, cost effectiveness, and staff retention;

(5) establish compensation limits for employees on the basis of full-time employment and the developmentally disabled client base of a provider group or facility. The commissioner may consider the inclusion of hold harmless provisions;

(6) establish overall limits on a high cost facility's general operating costs. The commissioner shall consider groupings of facilities that account for a significant variation in cost. The commissioner may differentiate in the application of these limits between high and very high cost facilities. The limits, once established, shall be indexed for inflation and may be rebased by the commissioner;

(7) utilize the client assessment information obtained from the application of the provisions in subdivision 3g for the revisions in clauses (3), (4), and (6); and

(8) develop cost allocation principles which are based on facility expenses; and

(f) appeals procedures that satisfy the requirements of section 256B.50 for appeals of decisions arising from the application of standards or methods pursuant to Minnesota Rules, parts 9510.0500 to 9510.0890, 9553.0010 to 9553.0080, and 12 MCAR 2.05301 to 2.05315 (temporary).

~~In establishing rules and procedures for setting rates for care of residents in intermediate care facilities for persons with mental retardation or related conditions, the commissioner shall consider the recommendations contained in the February 11, 1983, Report of the Legislative Auditor on Community Residential Programs for the Mentally Retarded and the recommendations contained in the 1982 Report of the Department of Public Welfare Rule 52 Task Force. Rates paid to supervised living facilities for rate years beginning during the fiscal biennium ending June 30, 1985, shall not exceed the final rate allowed the facility for the previous rate year by more than five percent.~~

Sec. 35. Minnesota Statutes 1994, section 256B.501, subdivision 3c, is amended to read:

~~Subd. 3c. [COMPOSITE FORECASTED INDEX.] For rate years beginning on or after October 1, 1988, the commissioner shall establish a statewide composite forecasted index to take into account economic trends and conditions between the midpoint of the facility's reporting year and the midpoint of the rate year following the reporting year. The statewide composite index must incorporate the forecast by Data Resources, Inc. of increases in the average hourly earnings of nursing and personal care workers indexed in Standard Industrial Code 805 in "Employment and Earnings," published by the Bureau of Labor Statistics, United States Department of Labor. This portion of the index must be weighted annually by the proportion of total allowable salaries and wages to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities.~~

~~For adjustments to the other operating costs in the program, maintenance, and administrative operating cost categories, the statewide index must incorporate the Data Resources, Inc. forecast for increases in the national CPI-U. This portion of the index must be weighted annually by the proportion of total allowable other operating costs to the total allowable operating costs in the program, maintenance, and administrative operating cost categories for all facilities. The commissioner shall use the indices as forecasted by Data Resources, Inc., in the fourth quarter of the reporting year.~~

For rate years beginning on or after October 1, 1990, the commissioner shall index a facility's allowable operating costs in the program, maintenance, and administrative operating cost

categories by using Data Resources, Inc., forecast for change in the Consumer Price Index-All Items (U.S. city average) (CPI-U). The commissioner shall use the indices as forecasted by Data Resources, Inc., in the first quarter of the calendar year in which the rate year begins. For fiscal years beginning after June 30, 1993, the commissioner shall not provide automatic inflation adjustments for intermediate care facilities for persons with mental retardation. The commissioner of finance shall include annual inflation adjustments in operating costs for intermediate care facilities for persons with mental retardation and related conditions as a budget change request in each biennial detailed expenditure budget submitted to the legislature under section 16A.11. The commissioner shall use the Consumer Price Index-All Items (United States city average) (CPI-U) as forecasted by Data Resources, Inc., to take into account economic trends and conditions for changes in facility allowable historical general operating costs and limits. The forecasted index shall be established for allowable historical general operating costs as follows:

(1) the CPI-U forecasted index for allowable historical general operating costs shall be determined in the first quarter of the calendar year in which the rate year begins, and shall be based on the 21-month period from the midpoint of the facility's reporting year to the midpoint of the rate year following the reporting year; and

(2) for rate years beginning on or after October 1, 1995, the CPI-U forecasted index for the overall operating cost limits and for the individual compensation limit shall be determined in the first quarter of the calendar year in which the rate year begins, and shall be based on the 12-month period between the midpoints of the two reporting years preceding the rate year.

Sec. 36. Minnesota Statutes 1994, section 256B.501, subdivision 3g, is amended to read:

~~Subd. 3g. [ASSESSMENT OF RESIDENTS CLIENTS.] (a) To establish the service characteristics of residents clients, the quality assurance and review teams in the department of health Minnesota department of health case mix review program shall assess all residents clients annually, beginning January 1, 1989, using a uniform assessment instrument developed by the commissioner. This instrument shall include assessment of the services identified as needed and provided to each client to address behavioral needs, integration into the community, ability to perform activities of daily living, medical and therapeutic needs, and other relevant factors determined by the commissioner. By January 30, 1994, the commissioner shall report to the legislature on:~~

~~(1) the assessment process and scoring system utilized;~~

~~(2) possible utilization of assessment information by facilities for management purposes; and~~

~~(3) possible application of the assessment for purposes of adjusting the operating cost rates of facilities based on a comparison of client services characteristics, resource needs, and costs. The facility's qualified mental retardation professional (QMRP) with primary responsibility for the client's individual program plan, in conjunction with the interdisciplinary team, shall assess each client who is newly admitted to a facility. This assessment must occur within 30 days from the date of admission during the interdisciplinary team meeting.~~

(b) All client assessments must be conducted as set forth in the manual, Minnesota ICF/MR Client Assessment Manual, February 1995, hereinafter referred to in this subdivision as the manual. Client assessments completed by the case mix review program and the facility QMRP must be recorded on assessment forms developed by the commissioner of health. The facility QMRP must complete the assessment form, submit it to the case mix review program, and mail a copy to the client's case manager within ten working days following the interdisciplinary team meeting.

(c) The case mix review program shall score assessments according to attachment E of the manual in the assessment domains of personal interaction, independence, and integration, challenging behaviors and preventive practice, activities of daily living, and special treatments. Scores must be based on information from the assessment form. A client's score from each assessment domain shall be used to determine that client's classification.

(d) The commissioner of health shall determine and assign classifications for each client using the procedures specified in attachment F of the manual. The commissioner of health shall assign

the client classification within 15 working days after receiving the completed assessment form submitted by the case mix review program team or the facility QMRP. The classification for a newly admitted client is effective retroactive to the date of the client's admission. If a facility QMRP submits an incomplete assessment form, the case mix review program shall inform the facility QMRP of the need to submit additional information necessary for assigning a classification. The facility QMRP must mail the additional information to the case mix review program no later than five working days after receiving the request for the information. If a facility QMRP fails to submit a completed client assessment for a client who is newly admitted to the facility, that client's first assessment in the facility conducted by the case mix review program shall be used to establish a client classification retroactive to the date of the client's admission. Any change in classification due to annual assessment by the case mix review program will be effective on the first day of the month following completion of the case mix review program's annual assessment of all the facility's clients. A client who has resided in the facility less than 30 days must be assessed by the case mix review program during the annual assessment, but must not have a client classification assigned based on the case mix review program's assessment unless the facility QMRP fails to submit a completed client assessment and the client goes on to reside in the facility for more than 30 days.

(e) The facility QMRP may request a reclassification for a client by completing a new client assessment if the facility QMRP believes that the client's status has changed since the case mix review program's annual assessment and that these changes will result in a change in the client's classification. Client assessments for purposes of reclassification will be governed by the following:

(1) The facility QMRP that requests reclassification of a client must provide the case mix review program with evidence to determine a change in the client's classification. Evidence must include photocopies of documentation from the client's record, as specified in the documentation requirements sections of the manual.

(2) A reclassification assessment must occur between the third and the ninth month following the case mix review program's annual assessment of the client. The facility QMRP can request only one reclassification for each client annually.

(3) Any change in classification approved by the case mix review program shall be effective on the first day of the month following the date when the facility QMRP assessed the client for the reclassification.

(4) The case mix review program shall determine reclassification based on the documentation submitted by the facility QMRP. If there is not sufficient information submitted to justify a change to a higher classification, the case mix review program may request additional information necessary to complete a reclassification.

(5) If the facility QMRP does not provide sufficient documentation to support a change in classification, the classification shall remain at the level assessed by the case mix review program at the last inspection of care.

(f) The case mix review program shall conduct desk audits or on-site audits of assessments performed by facility QMRPs. Case mix review program staff shall conduct desk audits of any assessment believed to be inaccurate. The case mix review program may request the facility to submit additional information needed to conduct a desk audit. The facility shall mail the requested information within five working days after receiving the request.

(g) The case mix review program may conduct on-site audits of at least ten percent of the total assessments submitted by facility QMRPs in the previous year and may also conduct special audits if it determines that circumstances exist that could change or affect the validity of assigned classifications. The facility shall grant the case mix review program staff access to the client records during regular business hours for the purpose of conducting an audit. For assessments submitted for new clients, the case mix review program shall consider documentation in the client's record up to and including the date the client was assessed by the facility QMRP. For audits of reclassification assessments, the case mix review program shall consider documentation in the client's record from three months preceding the assessment up to and including the date the client was assessed by the facility QMRP. If the audit reveals that the facility's assessment does

not accurately reflect the client's status for the time period and the appropriate supporting documentation cannot be produced by the facility, the case mix review program shall change the classification so that it is consistent with the results of the audit. Any change in client classification that results from an audit must be retroactive to the effective date of the client assessment that was audited. Case mix review program staff shall not discuss preliminary audit findings with the facility's staff. Within 15 working days after completing the audit, the case mix review program shall mail a notice of the results of the audit to the facility.

(h) Requests for reconsideration of client classifications shall be made under section 144.0723 and must be submitted according to section IV of the manual. A reconsideration must be reviewed by case mix review program staff not involved in completing the assessment that established the disputed classification. The reconsideration must be based upon the information provided to the case mix review program. Within 15 working days after receiving the request for reconsideration, the case mix review program shall affirm or modify the original classification. The original classification must be modified if the case mix review program determines that the assessment resulting in the classification did not accurately reflect the status of the client at the time of the assessment. The department of health's decision on reconsiderations is the final administrative decision of the department. The classification assigned by the department of health must be the classification that applies to the client while the request for reconsideration is pending. A change in a classification resulting from a reconsideration must be retroactive to the effective date of the client assessment for which a reconsideration was requested.

(i) The commissioner of human services shall assign weights to each client's classification according to the following table:

<u>Classification</u>	<u>Classification Weight</u>
<u>1S</u>	<u>1.00</u>
<u>1I</u>	<u>1.04</u>
<u>2S</u>	<u>1.36</u>
<u>2I</u>	<u>1.52</u>
<u>3S</u>	<u>1.58</u>
<u>3I</u>	<u>1.68</u>
<u>4S</u>	<u>1.87</u>
<u>4I</u>	<u>2.02</u>
<u>5S</u>	<u>2.09</u>
<u>5I</u>	<u>2.26</u>
<u>6S</u>	<u>2.26</u>
<u>6I</u>	<u>2.52</u>
<u>7S</u>	<u>2.10</u>
<u>7I</u>	<u>2.37</u>
<u>8S</u>	<u>2.26</u>
<u>8I</u>	<u>2.52</u>

Sec. 37. Minnesota Statutes 1994, section 256B.501, is amended by adding a subdivision to read:

Subd. 5b. [ICF/MR OPERATING COST LIMITATION AFTER SEPTEMBER 30, 1995.] (a) For rate years beginning on October 1, 1995, and October 1, 1996, the commissioner shall limit the allowable operating cost per diems, as determined under this subdivision and the reimbursement rules, for high cost ICF's/MR. Prior to indexing each facility's operating cost per diems for inflation, the commissioner shall group the facilities into eight groups. The commissioner shall then array all facilities within each grouping by their general operating cost per service unit per diems.

(b) The commissioner shall annually review and adjust the general operating costs incurred by the facility during the reporting year preceding the rate year to determine the facility's allowable historical general operating costs. For this purpose, the term general operating costs means the facility's allowable operating costs included in the program, maintenance, and administrative operating costs categories, as well as the facility's related payroll taxes and fringe benefits, real estate insurance, and professional liability insurance. A facility's total operating cost payment rate shall be limited according to paragraphs (c) and (d) as follows:

(c) A facility's total operating cost payment rate shall be equal to its allowable historical operating cost per diems for program, maintenance, and administrative cost categories multiplied by the forecasted inflation index in subdivision 3c, clause (1), subject to the limitations in paragraph (d).

(d) For the rate years beginning on or after October 1, 1995, the commissioner shall establish maximum overall general operating cost per service unit limits for facilities according to clauses (1) to (8). Each facility's allowable historical general operating costs and client assessment information obtained from client assessments completed under subdivision 3g for the reporting year ending December 31, 1994 (the base year), shall be used for establishing the overall limits. If a facility's proportion of temporary care resident days to total resident days exceeds 80 percent, the commissioner must exempt that facility from the overall general operating cost per service unit limits in clauses (1) to (8). For this purpose, "temporary care" means care provided by a facility to a client for less than 30 consecutive resident days.

(1) The commissioner shall determine each facility's weighted service units for the reporting year by multiplying its resident days in each client classification level as established in subdivision 3g, paragraph (d), by the corresponding weights for that classification level, as established in subdivision 3g, paragraph (i), and summing the results. For the reporting year ending December 31, 1994, the commissioner shall use the service unit score computed from the client classifications determined by the Minnesota department of health's annual review, including those of clients admitted during that year.

(2) The facility's service unit score is equal to its weighted service units as computed in clause (1), divided by the facility's total resident days excluding temporary care resident days, for the reporting year.

(3) For each facility, the commissioner shall determine the facility's cost per service unit by dividing its allowable historical general operating costs for the reporting year by the facility's service unit score in clause (2) multiplied by its total resident days, or 85 percent of the facility's capacity days times its service unit score in clause (2), if the facility's occupancy is less than 85 percent of licensed capacity. If a facility reports temporary care resident days, the temporary care resident days shall be multiplied by the service unit score in clause (2), and the resulting weighted resident days shall be added to the facility's weighted service units in clause (1) prior to computing the facility's cost per service unit under this clause.

(4) The commissioner shall group facilities based on class A or class B licensure designation, number of licensed beds, and geographic location. For purposes of this grouping, facilities with six beds or less shall be designated as small facilities and facilities with more than six beds shall be designated as large facilities. If a facility has both class A and class B licensed beds, the facility shall be considered a class A facility for this purpose if the number of class A beds is more than half its total number of ICF/MR beds; otherwise the facility shall be considered a class B facility. The metropolitan geographic designation shall include Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington counties. All other Minnesota counties shall be designated as the nonmetropolitan geographic group. These characteristics result in the following eight groupings:

- (i) small class A metropolitan;
- (ii) large class A metropolitan;
- (iii) small class B metropolitan;
- (iv) large class B metropolitan;
- (v) small class A nonmetropolitan;
- (vi) large class A nonmetropolitan;
- (vii) small class B nonmetropolitan; and
- (viii) large class B nonmetropolitan.

(5) The commissioner shall array facilities within each grouping in clause (4) by each facility's cost per service unit as determined in clause (3).

(6) In each array established under clause (5), facilities with a cost per service unit at or above the median shall be limited to the lesser of: (i) the current reporting year's cost per service unit; or (ii) the prior reporting year's allowable historical general operating cost per service unit plus the inflation factor as established in subdivision 3c, clause (2), increased by three percentage points.

(7) The overall operating cost per service unit limit for each group shall be established as follows:

(i) each array established under clause (5) shall be arrayed again after the application of clause (6):

(ii) in each array established in clause (5), two general operating cost limits shall be determined. The first cost per service unit limit shall be established at 0.5 and less than or equal to 1.0 standard deviation above the median of that array. The second cost per service unit limit shall be established at 1.0 standard deviation above the median of the array; and

(iii) the overall operating cost per service unit limits shall be indexed for inflation annually beginning with the reporting year ending December 31, 1995, using the forecasted inflation index in subdivision 3c, clause (2).

(8) Annually, facilities shall be arrayed using the method described in clauses (5) and (7). Each facility with a cost per service unit at or above its group's first cost per service unit limit, but less than the second cost per service unit limit for that group, shall be limited to 98 percent of its total operating cost per diems then add the forecasted inflation index in subdivision 3c, clause (1). Each facility with a cost per service unit at or above the second cost per service unit limit will be limited to 97 percent of its total operating cost per diems, then add the forecasted inflation index in subdivision 3c, clause (1).

(9) The commissioner may rebase these overall limits, using the method described in this subdivision, but no more frequently than once every three years.

(e) For rate years beginning on or after October 1, 1995, the facility's efficiency incentive shall be determined as provided in the reimbursement rule.

(f) The total operating cost payment rate shall be the sum of paragraphs (c) and (e).

Sec. 38. Minnesota Statutes 1994, section 256B.501, is amended by adding a subdivision to read:

Subd. 5c. [OPERATING COSTS AFTER SEPTEMBER 30, 1997.] (a) In general, the commissioner shall establish maximum standard rates for the prospective reimbursement of facility costs. The maximum standard rates must take into account the level of reimbursement which is adequate to cover the base-level costs of economically operated facilities. In determining the base-level costs, the commissioner shall consider geographic location, types of facilities (class A or class B), minimum staffing standards, resident assessment under subdivision 3g, and other factors as determined by the commissioner.

(b) The commissioner shall also develop additional incentive-based payments which, if achieved for specified outcomes, will be added to the maximum standard rates. The specified outcomes must be measurable and shall be based on criteria to be developed by the commissioner during fiscal year 1996. The commissioner may establish various levels of achievement within an outcome. Once the outcomes are established, the commissioner shall assign various levels of payment associated with achieving the outcome. In establishing the specified outcomes and the related criteria, the commissioner shall consider the following state policy objectives: (1) resident transitioned into cost-effective community alternatives; (2) the results of a uniform consumer satisfaction survey; (3) the achievement of no major licensure or certification deficiencies; or (4) any other outcomes the commissioner finds desirable.

(c) In developing the maximum standard rates and the incentive-based payments, desirable outcomes, and related criteria, the commissioner, in collaboration with the commissioner of health, shall form an advisory committee. The membership of the advisory committee shall include representation from the consumers advocacy groups (3), the two facility trade associations (3 each), counties (3), commissioner of finance (1), the legislature (2 each from both the house and senate), and others the commissioners find appropriate.

(d) Beginning July 1, 1996, the commissioner shall collect the data from the facilities, the department of health, or others as necessary to determine the extent to which a facility has met any of the outcomes and related criteria. Payment rates under this subdivision shall be effective October 1, 1997.

(e) The commissioner shall report to the legislature on the progress of the advisory committee by January 31, 1996, any necessary changes to the reimbursement methodology proposed under this subdivision. By January 15, 1997, the commissioner shall recommend to the legislature legislation which will implement this reimbursement methodology for rate years beginning on or after the proposed effective date of October 1, 1997.

Sec. 39. Minnesota Statutes 1994, section 256B.501, subdivision 8, is amended to read:

Subd. 8. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS.] The commissioner shall establish by December 31, 1983, procedures to be followed by the counties to seek authorization from the commissioner for medical assistance reimbursement for very dependent persons with special needs in an amount in excess of the rates allowed pursuant to subdivision 2, including rates established under section 252.46 when they apply to services provided to residents of intermediate care facilities for persons with mental retardation or related conditions, and procedures to be followed for rate limitation exemptions for intermediate care facilities for persons with mental retardation or related conditions. Rate payments under subdivision 8a are eligible for a rate exception under this subdivision. No excess payment approved by the commissioner after June 30, 1991, shall be authorized unless:

(1) the need for specific level of service is documented in the individual service plan of the person to be served;

(2) the level of service needed can be provided within the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, without a rate exception within 12 months;

(3) staff hours beyond those available under the rates established under section 252.46 and Minnesota Rules, parts 9553.0010 to 9553.0080, necessary to deliver services do not exceed 1,440 hours within 12 months;

(4) there is a basis for the estimated cost of services;

(5) the provider requesting the exception documents that current per diem rates are insufficient to support needed services;

(6) estimated costs, when added to the costs of current medical assistance-funded residential and day training and habilitation services and calculated as a per diem, do not exceed the per diem established for the regional treatment centers for persons with mental retardation and related conditions on July 1, 1990, indexed annually by the urban consumer price index, all items, as forecasted by Data Resources Inc., for the next fiscal year over the current fiscal year;

(7) any contingencies for an approval as outlined in writing by the commissioner are met; and

(8) any commissioner orders for use of preferred providers are met.

The commissioner shall evaluate the services provided pursuant to this subdivision through program and fiscal audits.

The commissioner may terminate the rate exception at any time under any of the conditions outlined in Minnesota Rules, part 9510.1120, subpart 3, for county termination, or by reason of information obtained through program and fiscal audits which indicate the criteria outlined in this subdivision have not been, or are no longer being, met.

The commissioner may approve no more than one rate exception, up to 12 months duration, for an eligible client.

Sec. 40. Minnesota Statutes 1994, section 256B.501, is amended by adding a subdivision to read:

Subd. 8a. [PAYMENT FOR PERSONS WITH SPECIAL NEEDS FOR CRISIS INTERVENTION SERVICES.] State-operated, community-based crisis services provided in accordance with section 252.50, subdivision 7, to a resident of an intermediate care facility for persons with mental retardation (ICF/MR) reimbursed under this section shall be paid by medical assistance in accordance with the paragraphs (a) to (h).

(a) "Crisis services" means the specialized services listed in clauses (1) to (3) provided to prevent the recipient from requiring placement in a more restrictive institutional setting such as an inpatient hospital or regional treatment center and to maintain the recipient in the present community setting.

(1) The crisis services provider shall assess the recipient's behavior and environment to identify factors contributing to the crisis.

(2) The crisis services provider shall develop a recipient-specific intervention plan in coordination with the service planning team and provide recommendations for revisions to the individual service plan if necessary to prevent or minimize the likelihood of future crisis situations. The intervention plan shall include a transition plan to aid the recipient in returning to the community-based ICF/MR if the recipient is receiving residential crisis services.

(3) The crisis services provider shall consult with and provide training and ongoing technical assistance to the recipient's service providers to aid in the implementation of the intervention plan and revisions to the individual service plan.

(b) "Residential crisis services" means crisis services that are provided to a recipient admitted to the crisis services foster care setting because the ICF/MR receiving reimbursement under this section is not able, as determined by the commissioner, to provide the intervention and protection of the recipient and others living with the recipient that is necessary to prevent the recipient from requiring placement in a more restrictive institutional setting.

(c) Crisis services providers must be licensed by the commissioner under section 245A.03 to provide foster care, must exclusively provide short-term crisis intervention, and must not be located in a private residence.

(d) Payment rates are determined annually for each crisis services provider based on cost of care for each provider as defined in section 246.50. Interim payment rates are calculated on a per diem basis by dividing the projected cost of providing care by the projected number of contact days for the fiscal year, as estimated by the commissioner. Final payment rates are calculated by dividing the actual cost of providing care by the actual number of contact days in the applicable fiscal year.

(e) Payment shall be made for each contact day. "Contact day" means any day in which the crisis services provider has face-to-face contact with the recipient or any of the recipient's medical assistance service providers for the purpose of providing crisis services as defined in paragraph (c).

(f) Payment for residential crisis services is limited to 21 days, unless an additional period is authorized by the commissioner. The additional period may not exceed 21 days.

(3) has executed a cooperative agreement with the crisis services provider to implement the intervention plan and revisions to the individual service plan as necessary to prevent or minimize the likelihood of future crisis situations, to maintain the recipient in the present community setting, and to prevent the recipient from requiring a more restrictive institutional setting.

(h) Payment to the ICF/MR receiving reimbursement under this section shall be made for up to 18 therapeutic leave days during which the recipient is receiving residential crisis services, if the ICF/MR is otherwise eligible to receive payment for a therapeutic leave day under Minnesota Rules, part 9505.0415. Payment under this paragraph shall be terminated if the commissioner determines that the ICF/MR is not meeting the terms of the cooperative agreement under paragraph (g) or that the recipient will not return to the ICF/MR.

Sec. 41. Minnesota Statutes 1994, section 256B.69, is amended by adding a subdivision to read:

Subd. 18. [ALTERNATIVE INTEGRATED LONG-TERM CARE SERVICES; ELDERLY AND DISABLED PERSONS.] (a) The commissioner may implement demonstration projects to create alternative integrated delivery systems for acute and long-term care services to elderly and disabled persons that provide increased coordination, improve access to quality services, and mitigate future cost increases. The commissioner may seek federal authority to combine Medicare and Medicaid capitation payments for the purpose of such demonstrations. Medicare funds and services shall be administered according to the terms and conditions of the federal waiver and demonstration provisions. For the purpose of administering medical assistance funds, demonstrations under this subdivision are subject to subdivisions 1 to 17. The provisions of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations, with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1, items B and C, which do not apply to elderly persons enrolling in demonstrations under this section. An initial open enrollment period may be provided. Persons who disenroll from demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and the health plan's participation is subsequently terminated for any reason, the person shall be provided an opportunity to select a new health plan and shall have the right to change health plans within the first 60 days of enrollment in the second health plan. Persons required to participate in health plans under this section who fail to make a choice of health plan shall not be randomly assigned to health plans under these demonstrations. Notwithstanding section 256.9363, subdivision 5, and Minnesota Rules, part 9505.5220, subpart 1, item A, if adopted, for the purpose of demonstrations under this subdivision, the commissioner may contract with managed care organizations to serve only elderly persons eligible for medical assistance, elderly and disabled persons, or disabled persons only.

Before implementation of a demonstration project for disabled persons, the commissioner must provide information to appropriate committees of the house of representatives and senate and must involve representatives of affected disability groups in the design of the demonstration projects.

(b) A nursing facility reimbursed under the alternative reimbursement methodology in section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity provide services under paragraph (a). The commissioner shall amend the state plan and seek any federal waivers necessary to implement this paragraph.

Sec. 42. [ICF/MR RULE REVISION RECORDKEEPING.]

The commissioner shall consider various time record and time distribution recordkeeping requirements when developing rule revisions for cost allocation regarding intermediate care facilities for persons with mental retardation or related conditions. The commissioner shall consider information from the public, including providers, provider associations, advocates, and counties when developing rule amendments in the area of cost allocation.

From July 1, 1995, until June 30, 1996, all employees and consultants of ICFs/MR, including any individual for whom any portion of that individual's compensation is reported for reimbursement under Minnesota Rules, parts 9553.0010 to 9553.0080, shall document their service to all sites according to paragraphs (a) to (c). For this purpose, and for paragraphs (a) to (c), "employee" means an individual who is compensated by a facility or provider group for necessary services on any hourly or salaried basis. Employees and consultants for whom no portion of that individual's total compensation is reported for reimbursement in Minnesota Rules, parts 9553.0010 to 9553.0080, are exempt from the recordkeeping requirements in paragraphs (a) to (c).

(a) Time and attendance records are required for all employees and consultants as set forth in Minnesota Statutes, section 256B.432, subdivision 8.

(b) Employees and consultants shall keep time records on a daily basis showing the actual time spent on various activities, as required by Minnesota Rules, part 9553.0030, except that employees with multiple duties must not use a sampling method.

(c) All employees and consultants who work for the benefit of more than one site shall keep a record of where work is performed. This record must specify the time in which work performed at a site solely benefits that site. The amount of time reported for work performed at a site for the sole benefit of that site does not need to be adjusted for brief, infrequent telephone interruptions, time spent away from the site when accompanying clients from that site, and time away from the site for shopping or errands if the shopping or errands benefit solely that site.

For recordkeeping purposes, "site" means a Minnesota ICF/MR, waived services location, semi-independent living service arrangement, day training and habilitation operation, or similar out-of-state service operation for persons with developmental disabilities. Site also means any nondevelopmental disability service location or any business operation owned or operated by a provider group, either in or outside of Minnesota, whether or not that operation provides a service to persons with developmental disabilities.

The services shall be located in community settings. If no appropriate services are available in Minnesota or within the geographical area in which the residents of the county normally do business, the commissioner is responsible, effective July 1, ~~1995~~ 1997, for 50 percent of the nonfederal costs of out-of-state treatment of children for whom no appropriate resources are available in Minnesota. The guidelines may incorporate preferences for proposals that would convert existing residential treatment beds for children in the county or collaborative's service area to community-based mental health services, encourage the active participation of the children's families in the treatment plans of these children, or promote the integration of these children into school, home, and community. The commissioner shall consult with parents, educators, mental health professionals, county mental health staff, and representatives of the children's subcommittee of the state advisory board on mental health in developing the guidelines and evaluating proposals.

Sec. 36. ~~[SERVICES FOR DEVELOPMENTALLY DISABLED PERSONS; FARIBAULT REGIONAL CENTER CATCHMENT AREA.]~~

(a) This section governs the downsizing of the Faribault regional center (FRC). As residents are discharged from the Faribault regional center, the buildings will be transferred to the department

of corrections, and the department of human services will develop a system of state-operated services that: (1) meets the needs of clients discharged from the Faribault regional center, (2) is fiscally sound; and (3) accommodates the evolving nature of the health care system.

(b) The Minnesota correctional facility at Faribault (MCF-FRB) shall expand its existing capacity by 300 beds. The department of human services shall transfer buildings related to this expansion according to agreements between the department of corrections and the Faribault community task force, established pursuant to Minnesota Statutes, section 252.51, no sooner than July 1, 1995.

After the city of Faribault has held a public hearing, the Minnesota correctional facility at Faribault may subsequently proceed with expansion of its capacity by an additional 300 beds, on or after a date when the commissioner of human services certifies that the Faribault regional center campus will be vacated because alternative community-based services, including those developed by the department of human services in accordance with section 12, will be available for the remaining residents of the Faribault regional center. The actual date on which the remainder of the Faribault regional center campus will be transferred to the commissioner of corrections shall be determined by mutual agreement between the commissioners of human services and corrections, after consultation with the exclusive representatives and the Faribault community task force. In no event shall the total capacity of the Minnesota correctional facility at Faribault exceed 1,200 beds, and the Minnesota correctional facility at Faribault shall not include any maximum security beds. The transfer of the Faribault regional center campus to the commissioner of corrections shall occur no sooner than July 1, 1998, unless negotiated with the exclusive representatives and community task force.

(c) The department of corrections shall provide necessary and appropriate modifications to road access on the Faribault regional center campus within the available appropriation. The city of Faribault shall not bear any cost of such modifications.

The department of corrections shall request necessary appropriations in future legislative sessions to provide necessary and appropriate modifications to the water-sewage system used by the Faribault regional center, the Minnesota correctional facility at Faribault, and the city of Faribault. The city of Faribault shall not bear any cost of such modifications.

(d) No sooner than July 1, 1995, the Faribault regional center shall transfer the operation of its power plant to the Minnesota correctional facility at Faribault contingent upon the Minnesota correctional facility at Faribault receiving a state appropriation for the full cost of necessary positions. The Faribault regional center employees in positions assigned to the power plant as of the transfer date shall be allowed to transfer to the Minnesota correctional facility at Faribault or exercise their memorandum of understanding options. All employees who transfer shall retain their current classification, employment condition, and salary upon such transfer.

(e) Prior to the transfer of the Faribault regional center laundry to the Minnesota correctional facility at Faribault, the Faribault regional center shall decrease laundry positions as the Faribault regional center resident population declines. However, the department of human services and the Faribault regional center laundry management shall actively pursue additional shared service contracts to offset any involuntary position reductions in the laundry. The additional laundry work done as a result of the initial 300-bed corrections expansion will also be used to offset any involuntary position reductions. Further expansion of corrections beds and the resultant increased laundry will also be used to offset any involuntary reductions. If, after the above, position reductions are necessary, they shall occur pursuant to the memorandum of understanding between the state, the department of human services, and the exclusive representatives.

Upon the transfer of the Faribault regional center campus to the commissioner of corrections, the Faribault regional center may transfer the laundry to the Minnesota correctional facility at Faribault. If the transfer occurs, the Minnesota correctional facility at Faribault shall operate the laundry as a prison industry. The Minnesota correctional facility at Faribault shall maintain existing shared service contracts. The shared service positions shall be maintained by the Minnesota correctional facility at Faribault unless shared service income does not support these positions. If such positions are to be eliminated, such elimination shall be pursuant to the memorandum of understanding. However, other than specified above, the Minnesota correctional facility at Faribault shall only eliminate positions through attrition.

All Faribault regional center employees assigned to the laundry as of the transfer date shall be allowed to transfer to the Minnesota correctional facility at Faribault or exercise their memorandum of understanding options. All employees who transfer shall retain their current classification, employment condition, and salary upon such transfer.

(f) In consultation with the applicable exclusive representatives, the departments of corrections, human services, and employee relations shall establish training programs to enhance the opportunity of the Faribault regional center employees to obtain positions beyond entry level at the Minnesota correctional facility at Faribault. While participating in this training, individuals shall remain on the Faribault regional center payroll and the department of human services shall seek a legislative appropriation for this purpose. The department of corrections shall seek a legislative appropriation for retraining the Faribault regional center employees.

Sec. 37. [SOUTHERN CITIES COMMUNITY HEALTH CLINIC.]

The commissioner of human services shall consult with the Faribault community task force and the exclusive representatives before making any decisions about:

- (1) the future of the Southern Cities Community Health Clinic;
- (2) the services currently provided by that clinic to developmentally disabled clients in the Faribault regional center catchment area; and
- (3) changes in the model for providing those services.

The department of human services shall guarantee the provision of medically necessary psychiatric and dental services to developmentally disabled clients in the Faribault service area until or unless other appropriate arrangements have been made to provide those clients with those services.

Sec. 38. [STATE-OPERATED SERVICES IN THE FARIBAULT CATCHMENT AREA.]

(a) Notwithstanding Minnesota Statutes, section 252.025, subdivision 4, and in addition to the programs already developed, the department of human services shall establish the following state-operated, community-based programs in the Faribault regional center catchment area:

(1) state-operated community residential services to serve as a primary provider for 40 current residents of the Faribault regional center whose clinical symptoms or behaviors make them difficult to serve. Those state-operated, community-based residential services shall be configured as ten four-bed waived services homes. The program configuration may be modified in accordance with paragraph (c).

Beginning July 1, 1995, in addition to the residential services for those 40 clients, the department of human services agrees to seek legislation to develop and establish state-operated, community-based residential services for any other current residents of the Faribault regional center for whom the commissioner of human services finds that respective counties of financial responsibility are unable to find appropriate residential services operated by private providers. Counties shall give the strongest possible consideration to the placement preference of clients and families;

(2) a minimum of four state-operated day training and habilitation facilities for persons leaving the Faribault regional center as the result of downsizing and for other individuals referred by county agencies;

(3) crisis services for developmentally disabled persons in the Faribault regional center catchment area, including crisis beds and mobile intervention teams. These state-operated crisis services shall be configured as three four-bed programs. The program configuration may be modified in accordance with paragraph (c);

[COMMUNITY INTEGRATION PROGRAMS.] Notwithstanding the requirements of Minnesota Statutes, section 252.025 or 252.50, and sections 36 to 38, the commissioner of human services shall develop the following state-operated community services for persons with developmental disabilities in cooperation with the Cambridge regional human services center: residential services for 12 persons each year of the 1996-1997 biennium for a total of not fewer than 24 persons. The commissioner shall also develop residential services for 12 persons each year of the 1998-1999 biennium. In addition, the commissioner shall authorize the development of state-operated community services for other persons for whom the counties of financial responsibility are unable to find appropriate residential or day training and habilitation services. These services shall be developed in the catchment area currently served by the Cambridge regional human services center in accordance with the requirements of Minnesota Statutes, section 252.51, and shall be in addition to the services and programs currently authorized for the catchment area. The provisions in this subdivision may be implemented when the request for developing the service is made by the county of financial responsibility, and is approved by the individual or the individual's legally authorized agent. During the biennium ending June 30, 1997, the commissioner shall allocate waiver slots for state-operated community services according to the authorization made by the legislature for the biennium. Within the available funding for waived state-operated community services, the commissioner shall assure that the costs for state-operated community services are met on a cost-of-care basis. These services shall be in addition to the services and programs currently operated by the Cambridge regional human services center and the center shall provide administrative and support services for the programs developed under this section.

Subd. 2. [CAMPUS PROGRAMS.] (a) During the 1996-1997 biennium, the commissioner shall maintain capacity at Cambridge regional human services center and will continue to provide residential and crisis services at Cambridge for persons with complex behavioral and social problems committed by the courts from the Faribault regional center and Cambridge regional human services center catchment areas.

The commissioner shall develop a specialized service model at the Cambridge campus to serve citizens of Minnesota who have a developmental disability and exhibit severe behaviors which present a risk to public safety. This service will have the capacity to serve between 40 to 100 individuals and will maintain a staffing ratio of 1:1.938 plus six technical positions for outreach and follow-along care.

During fiscal year 1996, the commissioner shall initiate an implementation process which must include representatives selected by the employees' exclusive representatives. The implementation process will include assessing the actual need for service in this specialized model, defining the service capacity, program design, and establishment of the service model.

This implementation process will also include assessing the service capacity needed to allow Cambridge regional human services center to provide a safety net of residential and crisis services to persons with developmental disabilities and complex behavioral and social problems who are committed by the courts.

The commissioner shall also initiate architectural and engineering predesign required to develop a capital budget proposal for the 1996 legislative session. This proposal shall include any necessary campus infrastructure improvements, building modifications, and construction required to accommodate the above referenced services and related restructuring of the Cambridge campus.

During the fiscal year 1996-1997 biennium the commissioner shall make every reasonable effort, within the limits of available resources, to achieve a 1:1.938 staffing ratio for the 35 individuals residing at the Cambridge regional human service center who will be served in the future by the specialized service model. Any appropriations made specifically for this purpose shall be used to achieve a 1:1.938 staffing ratio at the earliest possible date within the biennium.

(b) The commissioner of human services shall provide a report for the 1996 legislature by January 15, 1996, regarding the number of children with developmental disabilities who are receiving residential services out of state. The report shall include the number of children involved, the location and type of services being received, and the cost of those services.

(c) The satellite office designated for local administration of MinnesotaCare including enrollment staff functions shall be located on the campus of the Cambridge regional human services center.

Sec. 40. [WAIVER ALLOCATION FOR STATE-OPERATED COMMUNITY SERVICES.]

In the administration of waivers for home and community-based services subject to Minnesota Statutes, section 256B.092, the commissioner of human services shall be solely responsible for the allocation of waiver resources to counties and such costs shall be based on average resource need of persons with similar functional characteristics. During the biennium ending June 30, 1997, the commissioner shall allocate waiver slots for state-operated community services according to the authorizations made by the legislature for the biennium, including requests by counties under sections 38 and 39. The commissioner of human services shall assure that the costs for state-operated community-based services are met on a cost-of-care basis. Within available appropriations for home and community-based waivers, the commissioner may establish state-operated, community-based residential services, in addition to those authorized, for residents of regional treatment centers for whom the commissioner finds that the respective counties of financial responsibility are unable to find appropriate residential services operated by private providers. Counties shall give the strongest possible consideration to the placement preferences of clients and families.

Sec. 41. [PILOT PROJECTS TO TEST ALTERNATIVES TO DELIVERY OF MENTAL HEALTH SERVICES.]

Subdivision 1. [AUTHORIZATION FOR PILOT PROJECTS.] The commissioner of human services may approve pilot projects to test alternatives to or the enhanced coordination of the delivery of mental health services required under the Minnesota comprehensive adult mental health act, Minnesota Statutes, sections 245.461 to 245.486.

Subd. 2. [PROGRAM DESIGN AND IMPLEMENTATION.] (a) The pilot projects shall be established to design, plan, and improve the mental health service delivery system for adults with serious and persistent mental illness that would:

(2) be based on purchasing strategies that improve access and coordinate services without cost shifting;

(3) incorporate existing state facilities and resources into the community mental health infrastructure through creative partnerships with local vendors; and

(b) The commissioner shall consider the following criteria in awarding start-up and implementation grants for the pilot projects:

(2) the size of the target population to be served; and

(3) geographical distribution.

(c) The commissioner shall review overall status of the projects at least every two years and recommend any legislative changes needed by January 15 of each odd-numbered year.

(e) The commissioner may exempt the participating counties from fiscal sanctions for noncompliance with requirements in laws and rules which are incompatible with the implementation of the pilot project.

(f) The commissioner may award grants to an entity designated by a county board or group of county boards to pay for start-up and implementation costs of the pilot project.

Subd. 7. [DUTIES OF COUNTY BOARD.] The county board, or other entity which is approved to administer a pilot project, shall:

(1) administer the project in a manner which is consistent with the objectives described in subdivision 2 and the planning process described in subdivision 5;

(2) assure that no one is denied services for which they would otherwise be eligible; and

(3) provide the commissioner of human services with timely and pertinent information through the following methods:

(i) submission of community social services act plans and plan amendments;

(ii) submission of social services expenditure and grant reconciliation reports, based on a coding format to be determined by mutual agreement between the project's managing entity and the commissioner; and

Subd. 3. [PAYMENT.] The commissioner shall establish the method and amount of payments and prepayments for the management and delivery of services. The commissioner shall contract with the local managing entity and the contract shall be consistent with these established methods and amounts for payment.

Subd. 4. [SERVICE DELIVERY.] Each managing entity shall be responsible for management and delivery of services for eligible individuals within their geographic area. Managing entities:

Subd. 6. [ALTERNATIVE METHODS.] Upon federal waiver approval to proceed with these pilots, the commissioner may approve alternative methods to meet the intent of existing rules and

statutes relating to services for eligible persons. The commissioner shall ensure that in no case are the rights and protections afforded under these rules and statutes abridged. The commissioner shall not waive the rights or procedural protections under Minnesota Statutes, sections 245.825; 245.91 to 245.97; 252.41, subdivision 9; 256.045; 256B.092; 626.556; and 626.557, including the county agency's responsibility to arrange for appropriate services and procedures for the monitoring of psychotropic medications.

The commissioner shall seek all federal waivers as necessary to implement this section. In the biennium ending June 30, 1997, the commissioner may establish up to two pilot projects.

Sec. 43. [STATE-OPERATED, COMMUNITY-BASED SERVICES; REPORT ON COST-EFFECTIVE ALTERNATIVE.]

The commissioner shall develop a more cost-effective model than the four-bed, state-operated, or private community-based services model for purposes of serving high level care clients who are released from regional treatment centers. The commissioner must report recommendations to the legislature by January 15, 1996.

Sec. 44. [AH GWAH CHING NURSING HOME.]

Notwithstanding Minnesota Statutes, sections 429.061, subdivision 2, and 435.19, subdivision 2, the commissioner may, by contract with the city of Walker, agree to an assessment for sewer pond repairs which will constitute a valid lien on property now under the management and control of the commissioner of human services currently being used for the Ah Gwah Ching nursing home and the lien hereby authorized may, if not paid when due, be recovered in a civil action against the state or may be enforced as if the property described above were privately owned.

Sufficient money shall be retained in the applicable accounts to fund cost-of-living adjustments in the state operated community waived services programs.

Sec. 46. [EFFECTIVE DATES.]

Sections 28 and 29 (246.18, subdivisions 4 and 6) are effective the day following final enactment.

Section 42 is effective January 1, 1996.

The ~~commissioner~~ board may approve the license or ownership transfer prior to completion of the application process described in subdivision 3 upon obtaining written assurances from the proposed licensee or proposed new owner that no change in the service's base of operations, expansion of the service's primary service area, or provision of a

(~~e~~) (f) Each municipality, county, community health board, governing body of a regional emergency medical services system, ambulance service, and other person wishing to make recommendations concerning the disposition of the application shall make written recommendations to the administrative law judge within 30 days of the publication of notice of the application in the State Register.

(~~f~~) (g) The administrative law judge shall:

(1) hold a public hearing in the municipality in which the service's base of operations is or will be located;

(5) whether any benefit accruing to the public health would outweigh the costs associated with the proposed service, change in base of operations, or expansion in primary service area.

The administrative law judge shall ~~recommend that order the commissioner either board to grant or deny a license or recommend order that a modified license be granted.~~ The reasons for the ~~recommendation~~ order shall be set forth in detail. The administrative law judge shall make the ~~recommendations~~ order and reasons available to any individual requesting them.

Subd. 3a. [LICENSURE OF AIR AMBULANCE SERVICES.] Except for submission of a written application to the ~~commissioner~~ board on a form provided by the ~~commissioner~~ board, an application to provide air ambulance service shall be exempt from the provisions of subdivisions 3 and 4.

A license issued pursuant to this subdivision need not designate a primary service area.

Subd. 3b. [SUMMARY APPROVAL OF PRIMARY SERVICE AREAS.] Except for submission of a written application to the ~~commissioner~~ board on a form provided by the ~~commissioner~~ board, an application to provide changes in a primary service area shall be exempt from subdivisions 3, paragraphs (d) to (g); and 4, if:

This study shall address at a minimum:~~

- ~~(1) education and training;~~
- ~~(2) appropriate equipment and its use;~~

(d) An ambulance service shall not deny emergency ambulance service to any person needing emergency ambulance service because of inability to pay or due to source of payment for services if this need develops within the licensee's primary service area. Transport for such a patient may be limited to the closest appropriate emergency medical facility.

(a) basic ambulance service that has appropriate personnel, vehicles, and equipment, and is maintained according to rules adopted by the ~~commissioner~~ board according to chapter 14, and that provides a level of care so as to ensure that life-threatening situations and potentially serious injuries can be recognized, patients will be protected from additional hazards, basic treatment to reduce the seriousness of emergency situations will be administered and patients transported to an appropriate medical facility for treatment;

(b) intermediate ambulance service that has appropriate personnel, vehicles, and equipment, and is maintained according to standards the ~~commissioner~~ board adopts according to chapter 14, and that provides basic ambulance service and intravenous infusions or defibrillation or both. Local units of government which desire to impose such additional requirements shall, prior to promulgation of relevant ordinances, rules or regulations, furnish the ~~commissioner~~ board with a copy of such proposed ordinances, rules or regulations, along with information which affirmatively substantiates that the proposed ordinances, rules or regulations: will in no way conflict with the relevant rules of the department

The commissioner board shall base any decision to approve or disapprove such standards upon whether or not the local unit of government in question has affirmatively substantiated that the proposed ordinances, rules or regulations meet these criteria.

Subd. 6. [RULES ON PRIMARY SERVICE AREAS.] The commissioner board shall promulgate rules defining primary service areas under section 144.801, subdivision 8, under which the commissioner board shall designate each licensed ambulance service as serving a primary service area or areas.

(c) The appropriation for this purpose, after deduction of administrative expenses, must be divided by the total number of additional ambulance service personnel years of service recognized since the last allocation or 1,000 years of service, whichever is greater. If the allocation is based on the 1,000 years of service, any allocation not made for a qualified ambulance service person must be credited to the suspense account under section 144C.03, subdivision 2. A qualified ambulance service person must be credited with a year of service if the person is certified by the chief administrative officer of the ambulance service as having rendered active ambulance service during the 12 months ending as of the immediately previous June 30. An applicant whose application is not approved because of the limit on the number of annual awards may apply in a subsequent year.

(b) If a qualified ambulance service person who meets the age and service requirements specified in paragraph (a) dies before applying for a longevity award, the estate of the decedent is entitled, upon application, to the decedent's ambulance service personnel longevity award, without reference to the limit on the number of annual awards.

Sec. 52. [REVIEW BY ATTORNEY GENERAL.]

The attorney general shall determine:

(1) whether the spraying by the United States Army of zinc cadmium sulfide and other chemicals in Minnesota in the 1950s and 1960s, or any associated actions or failure to act, violated any provisions of state or federal law or the state or federal constitutions; and

(2) what legal actions might be available to prevent similar problems in the future and to recover damages and costs resulting from the spraying.

The attorney general's findings must be included in the report required in section 48.

Sec. 53. [OSTEOPOROSIS PREVENTION AND TREATMENT REPORT.]

The commissioner of health shall provide a report to the chairs of the house health and human services committee and the senate health care committee by January 15, 1996, providing information relating to the need for an osteoporosis prevention and treatment program to promote the awareness of and knowledge about the causes of osteoporosis and other related issues. The transition plan shall include any necessary legislative language to transfer authority and corresponding funding to the board. The transition plan must be presented to the legislature by February 15, 1996.

Sec. 56. [LEGISLATIVE FINDING; INTENT.]

The legislature finds that the emergency medical services (EMS) system and the critical public health needs it addresses would be greatly enhanced by establishing an independent governing body that has the responsibility and authority to ensure the efficient and effective operation of the system. The legislature further finds that the creation of an independent governing body can better coordinate all aspects of the EMS response system with various prevention efforts. This cooperation between prevention and response will positively affect the state's efforts to decrease death and disability due to trauma.

The legislature intends that the transfer required by section 58 not increase the level of funding for the functions transferred.

Sec. 57. [REPORT.]

The commissioner of health shall submit a report to the legislature by March 1, 1996, regarding the registration program for elderly housing with services establishments and recommendations for appropriate level of home care licensure for housing with services establishments. through the department of human services at the time a service was provided, the provider must indicate this benefit coverage on any claim forms submitted by the provider to the insurer health carrier for those services. If the commissioner of human services notifies the insurer health carrier that the commissioner has made payments to the provider, payment for benefits or notices of denials issued by the insurer health carrier must be issued directly to the commissioner. Submission by the department to the insurer health carrier of the claim on a department of human services claim form is proper notice and shall be considered proof of payment of the claim to the provider and supersedes any contract requirements of the insurer health carrier relating to the form of submission. Liability to the insured for coverage is satisfied to the extent that payments for those benefits are made by the insurer health carrier to the provider or the commissioner as required by this section.

(d) When a state agency has acquired the rights of an individual eligible for medical programs named in this section and has health benefits coverage through a health carrier, the health carrier shall not impose requirements that are different from requirements applicable to an agent or assignee of any other individual covered.

Sec. 2. Minnesota Statutes 1994, section 62A.046, is amended to read:

62A.046 [COORDINATION OF BENEFITS.]

(4) Subdivision 1. [LIMITATION ON DENIAL OF COVERAGE; PAYMENT.] No group contract providing coverage for hospital and medical treatment or expenses issued or renewed after August 1, 1984, which is responsible for secondary coverage for services provided, may deny coverage or payment of the amount it owes as a secondary payor solely on the basis of the failure of another group contract, which is responsible for primary coverage, to pay for those services.

(2) Subd. 2. [DEPENDENT COVERAGE.] A group contract which provides coverage of a claimant as a dependent of a parent who has legal responsibility for the dependent's medical care pursuant to a court order under section 518.171 must make payments directly to the provider of care, the custodial parent, or the department of human services pursuant to section 62A.045. In such cases, liability to the insured is satisfied to the extent of benefit payments made to the provider under this section.

(3) Subd. 3. [APPLICATION.] This section applies to an insurer, a vendor of risk management services regulated under section 60A.23, a nonprofit health service plan corporation regulated under chapter 62C and a health maintenance organization regulated under chapter 62D. Nothing in this section shall require a secondary payor to pay the obligations of the primary payor nor shall it prevent the secondary payor from recovering from the primary payor the amount of any obligation of the primary payor that the secondary payor elects to pay.

(4) Subd. 4. [DEDUCTIBLE PROVISION.] Payments made by an enrollee or by the commissioner on behalf of an enrollee in the children's health plan under sections 256.9351 to 256.9361, or a person receiving benefits under chapter 256B or 256D, for services that are covered by the policy or plan of health insurance shall, for purposes of the deductible, be treated as if made by the insured.

(5) Subd. 5. [PAYMENT RECOVERY.] The commissioner of human services shall recover payments made by the children's health plan from the responsible insurer, for services provided by the children's health plan and covered by the policy or plan of health insurance.

(6) Subd. 6. [COORDINATION OF BENEFITS.] Insurers, vendors of risk management services, nonprofit health service plan corporations, fraternal, and health maintenance organizations may coordinate benefits to prohibit greater than 100 percent coverage when an insured, subscriber, or enrollee is covered by both an individual and a group contract providing coverage for hospital and medical treatment or expenses. Benefits coordinated under this

paragraph must provide for 100 percent coverage of an insured, subscriber, or enrollee. To the extent appropriate, all coordination of benefits provisions currently applicable by law or rule to insurers, vendors of risk management services, nonprofit health service plan corporations, fraternal, and health maintenance organizations, shall apply to coordination of benefits between individual and group contracts, except that the group contract shall always be the primary plan. This paragraph does not apply to specified accident, hospital indemnity, specified disease, or other limited benefit insurance policies.

Sec. 3. Minnesota Statutes 1994, section 62A.048, is amended to read:

62A.048 [DEPENDENT COVERAGE.]

~~(a) A policy of accident and sickness insurance health plan that covers an employee who is a Minnesota resident must, if it provides dependent coverage, allow dependent children who do not reside with the covered employee participant to be covered on the same basis as if they reside with the covered employee participant. Neither the amount of support provided by the employee to the dependent child nor the residency of the child may be used as an excluding or limiting factor for coverage or payment for health care. Every health plan must provide coverage in accordance with section 518.171 to dependents covered by a qualified court or administrative order meeting the requirements of section 518.171, and enrollment of a child cannot be denied on the basis that the child was born out of wedlock, the child is not claimed as a dependent on a parent's federal income tax return, or the child does not reside with the parent or in the health carrier's service area.~~

(b) For the purpose of this section, health plan includes coverage offered by integrated service networks, community integrated service networks coverage designed solely to provide dental or vision care, and any plan governed under the federal Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, sections 1001 to 1461.

Sec. 4. Minnesota Statutes 1994, section 62A.27, is amended to read:

62A.27 [COVERAGE FOR ADOPTED CHILDREN.]

~~An individual or group policy or plan of health and accident insurance regulated under this chapter or chapter 64B, subscriber contract regulated under chapter 62C, or health maintenance contract regulated under chapter 62D; (a) A health plan that provides coverage to a Minnesota resident must cover adopted children of the insured, subscriber, participant, or enrollee on the same basis as other dependents. Consequently, the policy or plan shall not contain any provision concerning preexisting condition limitations, insurability, eligibility, or health underwriting approval concerning adopted children placed for adoption with the participant.~~

(b) The coverage required by this section is effective from the date of placement for the purpose of adoption and continues unless the placement is disrupted prior to legal adoption and the child is removed from placement. For purposes of this section, placement for adoption means the assumption and retention by a person of a legal obligation for total or partial support of a child in anticipation of adoption of the child. The child's placement with a person terminates upon the termination of the legal obligation for total or partial support.

(c) For the purpose of this section, health plan includes coverage offered by integrated service networks, community integrated service networks coverage that is designed solely to provide dental or vision care, and any plan under the federal Employee Retirement Income Security Act of 1974 (ERISA), United States Code, title 29, sections 1001 to 1461.

Sec. 5. Minnesota Statutes 1994, section 256.74, is amended by adding a subdivision to read:

Subd. 6. [GOOD CAUSE CLAIMS.] All applications for good cause exemption from cooperation with child support enforcement shall be reviewed by designees of the county human services board to ensure the validity of good cause determinations.

Sec. 6. Minnesota Statutes 1994, section 256.76, subdivision 1, is amended to read:

Subdivision 1. Upon the completion of the investigation the county agency shall decide whether the child is eligible for assistance under the provisions of sections 256.72 to 256.87 and determine

the amount of the assistance and the date on which the assistance begins. A decision on an application for assistance must be made as promptly as possible and no more than 30 days from the date of application. Notwithstanding section 393.07, the county agency shall not delay approval or issuance of assistance pending formal action of the county board of commissioners. The first month's grant shall be based upon that portion of the month from the date of application, or from the date that the applicant meets all eligibility factors, whichever occurs later, provided that on the date that assistance is first requested, the county agency shall inquire and determine whether the person requesting assistance is in immediate need of food, shelter, clothing, or other emergency assistance. If an emergency need is found to exist, the applicant shall be granted assistance pursuant to section 256.871 within a reasonable period of time. It shall make a grant of assistance which shall be binding upon the county and be complied with by the county until the grant is modified or vacated. The county agency shall notify the applicant of its decision in writing. The assistance shall be paid monthly to the applicant or to the vendor of medical care upon order of the county agency from funds appropriated to the county agency for this purpose. ~~The county agency shall, upon the granting of assistance under these sections, file an order on the form to be approved by the state agency with the auditor of the county. After the order is filed, warrants shall be drawn and payments made only in accordance with this order to or for recipients of this assistance or in accordance with any subsequent order.~~

(2) with his consent, he is named as the child's father on the child's birth certificate; or

(d) While the child is under the age of majority, he receives the child into his home and openly holds out the child as his biological child;

(f) Evidence of statistical probability of paternity based on blood or genetic testing establishes the likelihood that he is the father of the child, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater;

(g) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man is presumed to be the father under this subdivision; or

(h) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man and the child's mother have executed a recognition of parentage in accordance with section 257.75.

Sec. 8. Minnesota Statutes 1994, section 257.57, subdivision 2, is amended to read:

Subd. 2. The child, the mother, or personal representative of the child, the public authority chargeable by law with the support of the child, the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor may bring an action:

(1) at any time for the purpose of declaring the existence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (d), (e), (f), (g), or (h), or the nonexistence of the father and child relationship presumed under clause (d) of that subdivision;

(2) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (e) or (g), only if the action is brought within three years after the date of the execution of the declaration or recognition of parentage; or

(3) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (f), only if the action is brought within three years after the party bringing the action, or the party's attorney of record, has been provided the blood or genetic test results.

Sec. 9. Minnesota Statutes 1994, section 257.62, subdivision 1, is amended to read:

Subdivision 1. [BLOOD OR GENETIC TESTS REQUIRED.] The court may, and upon request of a party shall, require the child, mother, or alleged father to submit to blood or genetic tests. A copy of the test results must be served on the parties as provided in section 543.20. Any objection to the results of blood or genetic tests must be made in writing no later than 15 days prior to a hearing at which time those test results may be introduced into evidence. Test results served upon a party must include notice of this right to object. If the alleged father is dead, the court may, and upon request of a party shall, require the decedent's parents or brothers and sisters or both to submit to blood or genetic tests. However, in a case involving these relatives of an alleged father, who is deceased, the court may refuse to order blood or genetic tests if the court makes an express finding that submitting to the tests presents a danger to the health of one or more of these relatives that outweighs the child's interest in having the tests performed. Unless the person gives consent to the use, the results of any blood or genetic tests of the decedent's parents, brothers, or sisters may be used only to establish the right of the child to public assistance including but not limited to social security and veterans' benefits. The tests shall be performed by a qualified expert appointed by the court.

Sec. 10. Minnesota Statutes 1994, section 257.62, subdivision 5, is amended to read:

Subd. 5. [POSITIVE TEST RESULTS.] (a) If the results of blood or genetic tests completed in a laboratory accredited by the American Association of Blood Banks indicate that the likelihood of the alleged father's paternity, calculated with a prior probability of no more than 0.5 (50 percent), is 92 percent or greater, upon motion the court shall order the alleged father to pay temporary child support determined according to chapter 518. The alleged father shall pay the support money into court pursuant to the rules of civil procedure to await the results of the paternity proceedings.

(b) If the results of blood or genetic tests completed in a laboratory accredited by the American Association of Blood Banks indicate that likelihood of the alleged father's paternity, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater, the alleged father is presumed to be the parent and the party opposing the establishment of the alleged father's paternity has the burden of proving by clear and convincing evidence that the alleged father is not the father of the child.

Sec. 11. Minnesota Statutes 1994, section 257.62, subdivision 6, is amended to read:

Subd. 6. [TESTS, EVIDENCE ADMISSIBLE.] In any hearing brought under subdivision 5, a certified report of the facts and results of a laboratory analysis or examination of blood or genetic tests, that is performed in a laboratory accredited to meet the Standards for Parentage Testing of the American Association of Blood Banks and is prepared and attested by a qualified expert appointed by the court, shall be admissible in evidence without proof of the seal, signature, or official character of the person whose name is signed to it, ~~unless a demand is made by a party in a motion or responsive motion made within the time limit for making and filing a responsive motion that the matter be heard on oral testimony before the court.~~ If no objection is made, the blood or genetic test results are admissible as evidence without the need for foundation testimony or other proof of authenticity or accuracy.

Sec. 12. Minnesota Statutes 1994, section 257.64, subdivision 3, is amended to read:

Subd. 3. If a party refuses to accept a recommendation made under subdivision 1 and blood or genetic tests have not been taken, the court shall require the parties to submit to blood or genetic tests, ~~if practicable.~~ Any objection to blood or genetic testing results must be made in writing no later than 15 days before any hearing at which time the results may be introduced into evidence. Test results served upon a party must include a notice of this right to object. Thereafter the court shall make an appropriate final recommendation. If a party refuses to accept the final recommendation the action shall be set for trial.

Sec. 13. Minnesota Statutes 1994, section 257.69, subdivision 1, is amended to read:

Subdivision 1. [REPRESENTATION BY COUNSEL.] In all proceedings under sections 257.51 to 257.74, any party may be represented by counsel. ~~If the public authority charged by law with support of a child is a party, The county attorney shall represent the public authority. If the child receives public assistance and no conflict of interest exists, the county attorney shall also represent the custodial parent. If a conflict of interest exists, the court shall appoint counsel for the custodial parent at no cost to the parent. If the child does not receive public assistance, the county attorney may represent the custodial parent at the parent's request.~~ The court shall appoint counsel for a party who is unable to pay timely for counsel in proceedings under sections 257.51 to 257.74.

Sec. 14. Minnesota Statutes 1994, section 257.69, subdivision 2, is amended to read:

Subd. 2. [GUARDIAN; LEGAL FEES.] The court may order expert witness and guardian ad litem fees and other costs of the trial and pretrial proceedings, including appropriate tests, to be paid by the parties in proportions and at times determined by the court. The court shall require a party to pay part of the fees of court-appointed counsel according to the party's ability to pay, but if counsel has been appointed the appropriate agency shall pay the party's proportion of all other fees and costs. The agency responsible for child support enforcement shall pay the fees and costs for blood or genetic tests in a proceeding in which it is a party, is the real party in interest, or is acting on behalf of the child. However, at the close of a proceeding in which paternity has been established under sections 257.51 to 257.74, the court shall order the adjudicated father to reimburse the public agency, if the court finds he has sufficient resources to pay the costs of the blood or genetic tests. When a party bringing an action is represented by the county attorney, no filing fee shall be paid to the court administrator.

Sec. 15. Minnesota Statutes 1994, section 518.171, subdivision 1, is amended to read:

Subdivision 1. [ORDER.] Compliance with this section constitutes compliance with a qualified medical child support order as described in the federal Employee Retirement Income Security Act of 1974 (ERISA) as amended by the federal Omnibus Budget Reconciliation Act of 1993 (OBRA).

(a) Every child support order must:

(1) expressly assign or reserve the responsibility for maintaining medical insurance for the minor children and the division of uninsured medical and dental costs; and

(2) contain the names and last known addresses, if any, of the dependents unless the court prohibits the inclusion of an address and orders the custodial parent to provide the address to the

administrator of the health plan. The court shall order the party with the better group dependent health and dental insurance coverage or health insurance plan to name the minor child as beneficiary on any health and dental insurance plan that is available to the party on:

(i) a group basis;

(ii) through an employer or union; or

(iii) through a group health plan governed under the ERISA and included within the definitions relating to health plans found in section 62A.011, 62A.048, or 62E.06, subdivision 2.

"Health insurance" or "health insurance coverage" as used in this section means coverage that is comparable to or better than a number two qualified plan as defined in section 62E.06, subdivision 2. "Health insurance" or "health insurance coverage" as used in this section does not include medical assistance provided under chapter 256, 256B, or 256D.

(b) If the court finds that dependent health or dental insurance is not available to the obligor or obligee on a group basis or through an employer or union, or that group insurance is not accessible to the obligee, the court may require the obligor (1) to obtain other dependent health or dental insurance, (2) to be liable for reasonable and necessary medical or dental expenses of the child, or (3) to pay no less than \$50 per month to be applied to the medical and dental expenses of the children or to the cost of health insurance dependent coverage.

(c) If the court finds that the available dependent health or dental insurance does not pay all the reasonable and necessary medical or dental expenses of the child, including any existing or anticipated extraordinary medical expenses, and the court finds that the obligor has the financial ability to contribute to the payment of these medical or dental expenses, the court shall require the obligor to be liable for all or a portion of the medical or dental expenses of the child not covered by the required health or dental plan. Medical and dental expenses include, but are not limited to, necessary orthodontia and eye care, including prescription lenses.

(d) Unless otherwise agreed by the parties and approved by the court, if the court finds that the obligee is not receiving public assistance for the child and has the financial ability to contribute to the cost of medical and dental expenses for the child, including the cost of insurance, the court shall order the obligee and obligor to each assume a portion of these expenses based on their proportionate share of their total net income as defined in section 518.54, subdivision 6.

(e) Payments ordered under this section are subject to section 518.611. An obligee who fails to apply payments received to the medical expenses of the dependents may be found in contempt of this order.

Sec. 16. Minnesota Statutes 1994, section 518.171, subdivision 3, is amended to read:

Subd. 3. [IMPLEMENTATION.] A copy of the court order for insurance coverage shall be forwarded to the obligor's employer or union and to the health or dental insurance carrier or employer by the obligee or the public authority responsible for support enforcement only when ordered by the court or when the following conditions are met:

(1) the obligor fails to provide written proof to the obligee or the public authority, within 30 days of the effective date of the court order, that the insurance has been obtained ~~or that application for insurability has been made;~~

(2) the obligee or the public authority serves written notice of its intent to enforce medical support on the obligor by mail at the obligor's last known post office address; and

(3) the obligor fails within 15 days after the mailing of the notice to provide written proof to the obligee or the public authority that the insurance coverage existed as of the date of mailing.

The employer or union shall forward a copy of the order to the health and dental insurance plan offered by the employer.

Sec. 17. Minnesota Statutes 1994, section 518.171, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] (a) The order is binding on the employer or union and the health and dental insurance plan when service under subdivision 3 has been made. An employer or union that is included under ERISA may not deny enrollment based on exclusionary clauses described in section 62A.048. Upon receipt of the order, or upon application of the obligor pursuant to the order, the employer or union and its health and dental insurance plan shall enroll the minor child as a beneficiary in the group insurance plan and withhold any required premium from the obligor's income or wages. If more than one plan is offered by the employer or union, the child shall be enrolled in the insurance plan in which the obligor is enrolled or the least costly health insurance plan otherwise available to the obligor that is comparable to a number two qualified plan. If the obligor is not enrolled in a health insurance plan, the employer or union shall also enroll the obligor in the chosen plan if enrollment of the obligor is necessary in order to obtain dependent coverage under the plan. Enrollment of dependents and the obligor shall be immediate and not dependent upon open enrollment periods. Enrollment is not subject to the underwriting policies described in section 62A.048.

(b) An employer or union that willfully fails to comply with the order is liable for any health or dental expenses incurred by the dependents during the period of time the dependents were eligible to be enrolled in the insurance program, and for any other premium costs incurred because the employer or union willfully failed to comply with the order. An employer or union that fails to comply with the order is subject to contempt under section 518.615 and is also subject to a fine of \$500 to be paid to the obligee or public authority. Fines paid to the public authority are designated for child support enforcement services.

(c) Failure of the obligor to execute any documents necessary to enroll the dependent in the group health and dental insurance plan will not affect the obligation of the employer or union and group health and dental insurance plan to enroll the dependent in a plan ~~for which other eligibility requirements are met~~. Information and authorization provided by the public authority responsible for child support enforcement, or by the custodial parent or guardian, is valid for the purposes of meeting enrollment requirements of the health plan. The insurance coverage for a child eligible under subdivision 5 shall not be terminated except as authorized in subdivision 5.

Sec. 18. Minnesota Statutes 1994, section 518.171, subdivision 5, is amended to read:

Subd. 5. [ELIGIBLE CHILD.] A minor child that an obligor is required to cover as a beneficiary pursuant to this section is eligible for insurance coverage as a dependent of the obligor until the child is emancipated or until further order of the court. The health or dental insurance carrier or employer may not disenroll or eliminate coverage of the child unless the health or dental insurance carrier or employer is provided satisfactory written evidence that the court order is no longer in effect, or the child is or will be enrolled in comparable health coverage through another health or dental insurance plan that will take effect no later than the effective date of the disenrollment, or the employer has eliminated family health and dental coverage for all of its employees, or that the required premium has not been paid by or on behalf of the child. If disenrollment or elimination of coverage of a child under this subdivision is based upon nonpayment of premium, the health or dental insurance plan must provide 30 days written notice to the child's nonobligor parent prior to the disenrollment or elimination of coverage.

Sec. 19. Minnesota Statutes 1994, section 518.171, subdivision 7, is amended to read:

Subd. 7. [RELEASE OF INFORMATION.] When an order for dependent insurance coverage is in effect, the obligor's employer, union, or insurance agent shall release to the obligee or the public authority, upon request, information on the dependent coverage, including the name of the ~~insurer~~ health or dental insurance carrier or employer. The employer, union, or health or dental insurance plan shall provide the obligee with insurance identification cards and all necessary written information to enable the obligee to utilize the insurance benefits for the covered dependents. Notwithstanding any other law, information reported pursuant to section 268.121 shall be released to the public agency responsible for support enforcement that is enforcing an order for medical health or dental insurance coverage under this section. The public agency responsible for support enforcement is authorized to release to the obligor's insurer health or dental insurance carrier or employer or employer information necessary to obtain or enforce medical support.

Sec. 20. Minnesota Statutes 1994, section 518.171, subdivision 8, is amended to read:

Subd. 8. [OBLIGOR LIABILITY.] (a) An obligor who fails to maintain medical or dental insurance for the benefit of the children as ordered or fails to provide other medical support as ordered is liable to the obligee for any medical or dental expenses incurred from the effective date of the court order, including health and dental insurance premiums paid by the obligee because of the obligor's failure to obtain coverage as ordered. Proof of failure to maintain insurance or noncompliance with an order to provide other medical support constitutes a showing of increased need by the obligee pursuant to section 518.64 and provides a basis for a modification of the obligor's child support order.

(b) Payments for services rendered to the dependents that are directed to the obligor, in the form of reimbursement by the ~~insurer~~ health or dental insurance carrier or employer, must be endorsed over to and forwarded to the vendor or custodial parent or public authority when the reimbursement is not owed to the obligor. An obligor retaining insurance reimbursement not owed to the obligor may be found in contempt of this order and held liable for the amount of the reimbursement. Upon written verification by the ~~insurer~~ health or dental insurance carrier or employer of the amounts paid to the obligor, the reimbursement amount is subject to all enforcement remedies available under subdivision 10, including income withholding pursuant to section 518.611. The monthly amount to be withheld until the obligation is satisfied is 20 percent of the original debt or \$50, whichever is greater.

Sec. 21. Minnesota Statutes 1994, section 518.611, subdivision 2, is amended to read:

Subd. 2. [CONDITIONS OF INCOME WITHHOLDING.] (a) Withholding shall result when:

(1) the obligor requests it in writing to the public authority;

(2) the custodial parent requests it by making a motion to the court and the court finds that previous support has not been paid on a timely or consistent basis or that the obligor has threatened expressly or otherwise to stop or reduce payments; or

(3) the obligor fails to make the maintenance or support payments, and the following conditions are met:

(i) the obligor is at least 30 days in arrears;

(ii) the obligee or the public authority serves written notice of income withholding, showing arrearage, on the obligor at least 15 days before service of the notice of income withholding and a copy of the court's order on the payor of funds;

(iii) within the 15-day period, the obligor fails to move the court to deny withholding on the grounds that an arrearage of at least 30 days does not exist as of the date of the notice of income withholding, or on other grounds limited to mistakes of fact, and, ex parte, to stay service on the payor of funds until the motion to deny withholding is heard;

(iv) the obligee or the public authority serves a copy of the notice of income withholding, a copy of the court's order or notice of order, and the provisions of this section on the payor of funds; and

(v) the obligee serves on the public authority a copy of the notice of income withholding, a copy of the court's order, an application, and the fee to use the public authority's collection services.

For those persons not applying for the public authority's IV-D services, a monthly service fee of \$15 must be charged to the obligor in addition to the amount of child support ordered by the court and withheld through automatic income withholding, or for persons applying for the public authority's IV-D services, the service fee under section 518.551, subdivision 7, applies. The county agency shall explain to affected persons the services available and encourage the applicant to apply for IV-D services.

(b) To pay the arrearage specified in the notice of income withholding, the employer or payor of funds shall withhold from the obligor's income an additional amount equal to 20 percent of the monthly child support or maintenance obligation until the arrearage is paid.

(c) The obligor may move the court, under section 518.64, to modify the order respecting the amount of maintenance or support.

(d) Every order for support or maintenance shall provide for a conspicuous notice of the provisions of this subdivision that complies with section 518.68, subdivision 2. An order without this notice remains subject to this subdivision.

(e) Absent a court order to the contrary, if an arrearage exists at the time an order for ongoing support or maintenance would otherwise terminate, income withholding shall continue in effect in an amount equal to the former support or maintenance obligation plus an additional amount equal to 20 percent of the monthly child support obligation, until all arrears have been paid in full.

Sec. 22. Minnesota Statutes 1994, section 518.611, subdivision 4, is amended to read:

Subd. 4. [EFFECT OF ORDER.] (a) Notwithstanding any law to the contrary, the order is binding on the employer, trustee, payor of the funds, or financial institution when service under subdivision 2 has been made. Withholding must begin no later than the first pay period that occurs after 14 days following the date of the notice. In the case of a financial institution, preauthorized transfers must occur in accordance with a court-ordered payment schedule. An employer, payor of funds, or financial institution in this state is required to withhold income according to court orders for withholding issued by other states or territories. The payor shall withhold from the income payable to the obligor the amount specified in the order and amounts required under subdivision 2 and section 518.613 and shall remit, within ten days of the date the obligor is paid the remainder of the income, the amounts withheld to the public authority. The payor shall identify on the remittance information the date the obligor is paid the remainder of the income. The obligor is considered to have paid the amount withheld as of the date the obligor received the remainder of the income. The financial institution shall execute preauthorized transfers from the deposit accounts of the obligor in the amount specified in the order and amounts required under subdivision 2 as directed by the public authority responsible for child support enforcement.

(b) Employers may combine all amounts withheld from one pay period into one payment to each public authority, but shall separately identify each obligor making payment. Amounts received by the public authority which are in excess of public assistance expended for the party or for a child shall be remitted to the party.

(c) An employer shall not discharge, or refuse to hire, or otherwise discipline an employee as a result of a wage or salary withholding authorized by this section. The employer or other payor of funds shall be liable to the obligee for any amounts required to be withheld. A financial institution is liable to the obligee if funds in any of the obligor's deposit accounts identified in the court order equal the amount stated in the preauthorization agreement but are not transferred by the financial institution in accordance with the agreement. An employer or other payor of funds that fails to withhold or transfer funds in accordance with this section is also liable to the obligee for interest on the funds at the rate applicable to judgments under section 549.09, computed from the date the funds were required to be withheld or transferred. An employer or other payor of funds is liable for reasonable attorney fees of the obligee or public authority incurred in enforcing the liability under this paragraph. An employer or other payor of funds that has failed to comply with the requirements of this section is subject to contempt sanctions under section 518.615. If an employer violates this subdivision, a court may award the employee twice the wages lost as a result of this violation. If a court finds the employer violates this subdivision, the court shall impose a civil fine of not less than \$500.

Sec. 23. Minnesota Statutes 1994, section 518.613, subdivision 7, is amended to read:

Subd. 7. [WAIVER.] (a) The court may waive the requirements of this section if the court finds that there is no arrearage in child support or maintenance as of the date of the hearing, ~~that it would not be contrary to the best interests of the child,~~ and: (1) one party demonstrates and the court finds that there is good cause to waive the requirements of this section or to terminate automatic income withholding on an order previously entered under this section; or (2) all parties reach a written agreement that provides for an alternative payment arrangement and the agreement is approved by the court after a finding that the agreement is likely to result in regular and timely payments. The court's findings waiving the requirements of this section must include a written explanation of the reasons why automatic withholding would not be in the best interests of the

child and, in a case that involves modification of support, that past support has been timely made. If the court waives the requirements of this section:

(1) in all cases where the obligor is at least 30 days in arrears, withholding must be carried out pursuant to section 518.611;

(2) the obligee may at any time and without cause request the court to issue an order for automatic income withholding under this section; and

(3) the obligor may at any time request the public authority to begin withholding pursuant to this section, by serving upon the public authority the request and a copy of the order for child support or maintenance. Upon receipt of the request, the public authority shall serve a copy of the court's order and the provisions of section 518.611 and this section on the obligor's employer or other payor of funds. The public authority shall notify the court that withholding has begun at the request of the obligor pursuant to this clause.

(b) For purposes of this subdivision, "parties" includes the public authority in cases when it is a party pursuant to section 518.551, subdivision 9.

Sec. 24. Minnesota Statutes 1994, section 518.615, subdivision 3, is amended to read:

Subd. 3. [LIABILITY.] The employer, trustee, or payor of funds is liable to the obligee or the agency responsible for child support enforcement for any amounts required to be withheld that were not paid. The court may enter judgment against the employer, trustee, or payor of funds for support not withheld or remitted. An employer, trustee, or payor of funds found guilty of contempt shall be punished by a fine of not more than \$250 as provided in chapter 588. The court may also impose other contempt sanctions authorized under chapter 588.

Upon successfully completing inspection and the payment of the appropriate fee, the owner must be granted an operating permit for the elevator.

Sec. 4. Minnesota Statutes 1994, section 183.357, subdivision 2, is amended to read:

Subd. 2. [CONTRACTOR LICENSES.] The commissioner ~~may~~ shall by rule establish criteria for the qualifications of elevator contractors and issue licenses based upon proof of the applicant's qualifications.

Sec. 7. [183.3581] [APPLICATION.]

Nothing in sections 1 to 3 shall be construed to require registration or licensure of a person, or issuance of a permit, to demolish an elevator or to do minor repair work as that term is defined in Minnesota Rules, part 3800.3500, subpart 10.

The amounts that may be spent from this appropriation for each purpose are specified in the following subdivisions.

Subd. 2. State Grants

95,745,000	99,945,000
------------	------------

If the appropriation in this subdivision for either year is insufficient, the appropriation for the other year is available for it.

The legislature intends that the higher education services office make full grant awards in each year of the biennium.

For the biennium, the private institution tuition maximum shall be \$7,665 for four-year institutions and \$5,900 for two-year institutions.

This appropriation contains money to set the living and miscellaneous expense allowance at \$4,115 in the first year and \$4,200 in the second year.

If money is not appropriated in separate legislation for the LINC nursing grant program, the higher education services office may spend \$25,000 each year from this appropriation for the LINC program.

In order to maximize the eligibility period for students who transfer to four-year institutions, public and private two-year colleges shall review their credit requirements for program completion and examine the number of credits of financial aid eligibility that students use in the first two years.

This appropriation includes \$250,000 each year for grants to nursing programs to recruit persons of color and to provide grants to nursing students who are persons of color. Of this amount, \$100,000 each year is for recruitment and retention of students of color in nursing programs leading to licensure as a registered

nurse. Other than the grants to students, all grants shall be matched with at least the same amount from grantee sources or nonstate money.

If the federal government enacts a federal student loan risk sharing fee, the higher education services office shall recover the fee by billing the institutions that have a cohort loan default rate greater than the federal law permits.

Subd. 3. Interstate Tuition
Reciprocity

4,500,000	4,500,000

If the appropriation in this subdivision for either year is insufficient, the appropriation for the other year is available to meet reciprocity contract obligations.

An unencumbered balance in the first year under a subdivision in this section does not cancel but is available for the second year.

Subd. 10. Transfers

The higher education services office may transfer unencumbered balances from the appropriations in this section to the state grant appropriation and the interstate tuition reciprocity appropriation.

Sec. 3. BOARD OF TRUSTEES OF THE MINNESOTA STATE COLLEGES AND UNIVERSITIES

Subdivision 1. Total Appropriation

	466,220,000	470,927,000
--	-------------	-------------

The amounts that may be spent from this appropriation for each purpose are specified in the following subdivisions.

If the state university board or the board of trustees of the Minnesota state colleges and universities is reimbursed under Minnesota Statutes, section 115B.43, for expenses relating to the cleanup of the Kummer landfill, the state university board or the board of trustees shall cancel the amount reimbursed to the state general fund.

Subd. 2. Instructional Expenditures

The legislature estimates that instructional expenditures will be \$214,536,000 each year for the technical colleges.

The legislature estimates that instructional expenditures will be \$145,565,000 each year for community colleges.

The legislature estimates that instructional expenditures will be \$253,612,000 each year for state universities.

During the biennium neither the board nor campuses shall plan or develop doctoral level programs or degrees until after they have received the recommendation of the house and senate committees on education, finance, and ways and means.

This appropriation includes continued support of at least \$400,000 each year for the Mid-Tec and Heartland Telecommunications Networks.

This appropriation includes \$40,000 each year

for American Indian outreach. The legislature anticipates this money will assist the Fond Du Lac campus to recruit, advise, and retain American Indian students.

It is the intent of the legislature to hold the Minnesota state colleges and universities accountable for making budgetary and policy decisions that provide students with access to high quality education and training programs. Significant and demonstrable progress toward the goals in this subdivision and in section 6, subdivision 2, are expected in this biennium for consideration in funding decisions in the next supplemental budget and in the 1998-1999 biennial budget.

The commissioner of finance shall place \$5,000,000 of the second year appropriation in a performance incentive account. The commissioner shall release \$1,000,000 of this amount to the board of trustees each time that it demonstrates that it has achieved one of the following performance measures:

- (1) increase the percentage of the budget directed to instruction and academic resources;
- (2) increase the number of credits issued through telecommunications between fiscal year 1995 and fiscal year 1996;
- (3) increase the retention of new entering freshman on state university campuses who continue into the sophomore year between fiscal year 1995 and fiscal year 1996 by at least two percent. The appropriation shall be distributed to those campuses that achieve the increase;
- (4) increase the percentage of students in two-year programs who graduate within two years of admission, and the percentage of students in four-year programs who graduate within four years of admission by at least two percent. The appropriation shall be distributed to campuses that achieve the increase; and
- (5) increase in placement rates for occupational programs and transfer rates for academic programs for community and technical colleges.

The legislature expects the board of trustees to demonstrate its commitment to enhancing educational quality, including high priority initiatives that capitalize on opportunities created by merger for: joint programs with the University of Minnesota for faculty, staff, and administrative development; enhanced opportunities for students of color; and opportunities for using technology to the advantage of students and faculty.

The legislature further expects the board of trustees to make difficult choices in its allocations, based on critical evaluations of its campuses and programs, including actions to address the 14 duplicate two-year programs located within 35 miles of each other, as identified by the legislative auditor, for which no action has yet been taken.

Each college and university shall demonstrate to the board that, in the face of severe budget constraints, it has identified those programs and functions that are central to the mission of that campus and are most critical to meeting student needs, and that the campus has redirected resources to those identified areas to protect the core educational enterprise. Further, each campus shall demonstrate that it has taken actions to improve the productivity of faculty, administrators, and staff.

The amounts for library access; Fond du Lac American Indian student outreach; incentives for co-located campuses; increased instructional appropriations; performance funding; instructional equipment; conversion to semesters; systemwide computer system development for accounting, payroll, personnel, procurement, and student records; staff training for use of systems; staff restructuring, separation payments, and unemployment insurance; and development of library collections and curriculum at Metro State University are for these purposes only and shall be nonrecurring. The amounts are \$8,741,000 in fiscal year 1996 and \$16,147,000 in fiscal year 1997.

Subd. 3. Noninstructional Expenditures

The legislature estimates that noninstructional expenditures will be \$17,231,000 the first year and \$16,937,000 the second year for the technical colleges.

The legislature estimates that the noninstructional expenditures will be \$10,349,000 each year for the community colleges.

The legislature estimates that the noninstructional expenditures will be \$14,573,000 each year for the state universities. \$508,000 the first year and \$214,000 the second year are for debt service payments.

\$150,000 each year is for southwest Asia veterans tuition relief.

Because of its interest in improving efficiency and streamlining government operations, the

legislature intends to measure the effects of removing a campus from mandates imposed by state agencies, other than basic health and life safety issues, ADA regulations, audit requirements, and employment, affirmative action, and collective bargaining issues. Notwithstanding any law to the contrary, the board shall designate as a pilot site a state university which has a commitment to establishing cooperative arrangements with the private sector and involvement in quality initiatives. The board shall consult with the commissioner of administration in the process. The board and the university shall recommend to the legislature any statutory changes that this pilot demonstrates will promote efficiency and economy on some or all Minnesota state college and university campuses, while protecting public interests.

Subd. 4. State Council on
Vocational Technical Education

The appropriation in subdivision 1 includes money for the state council on vocational education.

(4) increases in the five-year graduation rate measured between August 1994 and August 1996; and

(5) increases in the number of credits issued through telecommunications between fiscal year 1995 and fiscal year 1996.

Sec. 59. [TRANSFER OF RETIREMENT FUND MEMBERSHIP FOR TECHNICAL COLLEGE EMPLOYEES; ELECTION TO RETAIN RETIREMENT FUND MEMBERSHIP.]

A person who is employed by a technical college or by the technical college system on June 30, 1995, and who is transferred to state employment shall remain a member of the public employees retirement association or the Minneapolis employees retirement fund, whichever applies, unless the person affirmatively elects, in writing, retirement coverage by the general state employees retirement plan of the Minnesota state retirement system. The following provisions govern the election of a transfer or the retention of retirement benefit coverage:

(1) For a person who desires to transfer benefit coverage, the affirmative written election must be made within 120 days of the transfer of the employee to state employment.

(2) On behalf of transferred employees who retain retirement benefit coverage with the pretransfer retirement plan, the board shall make the applicable employer contributions to the public employees retirement association under Minnesota Statutes, section 353.27, subdivisions 3 and 3a, or the same percentage of covered payroll employer contribution to the Minneapolis employees retirement fund that special school district No. 1 is required to make for that school year under Minnesota Statutes, section 422A.101, subdivision 2.

(3) An employee who makes a retirement benefit coverage transfer election under this section may revoke that election at any time within the first six months after the person becomes a state employee. Once an employee revokes the retirement benefit coverage transfer election, the employee may not make another election. If the initial retirement benefit coverage transfer election is revoked, all retirement contributions made by or on behalf of the employee revoking a prior election must be transferred to the applicable retirement plan as though they were erroneous deductions or contributions, plus monthly interest at an annual rate of 8.5 percent, compounded monthly, and the balance remaining between any contribution amount transferred and the amount of contributions that otherwise would have been due are payable in the applicable proportions by the revoking employee and the board, plus monthly interest at an annual rate of 8.5 percent, compounded monthly.

(4) The executive directors of the Minnesota state retirement system, the public employees retirement association, and the Minneapolis employees retirement fund, and the chancellor of the higher education system, shall confer and jointly adopt appropriate procedures for making the retirement benefit coverage transfer elections under this section.

(5) The executive directors of the public employees retirement association, the Minnesota state retirement system, and the Minneapolis employees retirement fund, whichever applies, shall, upon request, provide appropriate benefit counseling to applicable affected employees on the effect of electing retirement benefit coverage by the general state employees retirement plan of the Minnesota state retirement system.

Sec. 60. [INSURANCE TRANSITION.]

This section applies to a technical college employee of a school district, intermediate district, or regional district who becomes a state employee on July 1, 1995. If such an employee had amounts withheld from paychecks issued by the district either before or after June 30, 1995, to cover the costs of insurance benefits for a period after June 30, 1995, the district must refund any such amounts to the employee by September 1, 1995. The district must also transfer any money designated as the employer share of these benefits to the board of trustees of the Minnesota state colleges and universities to be credited toward the employer share of insurance benefits.

Sec. 61. [COLLEGE AND UNIVERSITY ADMINISTRATION.]

By February 15, 1996, the board of trustees shall report to the education committees of the house of representatives and senate on plans to reduce the administrative costs in the state colleges and universities. The plan shall outline the board's goals for administrative cost reductions at both the system office and the colleges and universities, efforts to promote collaboration among institutions, increases in productivity for administrators, faculty, staff, and students, and measures to reduce overlap and duplication in programs.

Sec. 62. [ELIMINATING STATUTES; BOARD RECOMMENDATIONS.]

By January 1, 1996, the board of trustees of the Minnesota state colleges and universities and

the board of regents of the University of Minnesota shall provide the education committees of the legislature with recommendations to reduce the number of statutory sections relating to higher education, including, but not limited to, recommendations regarding statutory sections that could be incorporated in board policies or procedures, and regarding statutory sections that are obsolete.

Sec. 63. [EARLY SEPARATION INCENTIVES.]

Subdivision 1. [EMPLOYER PARTICIPATION; HIGHER EDUCATION AGENCIES.] (a) In order to minimize the disruptive effects of layoffs or reorganization attributable to the merger of the state universities, community colleges, and technical colleges, and the restructuring of the higher education coordinating board, employees of the higher education coordinating board, the state university, community college, and technical college systems, and employees of local school districts, joint technical districts, and intermediate districts assigned to a technical college position, who are employed in positions that are to be eliminated in the merger and restructuring, as certified by the chancellor of the higher education board or the executive director of the higher education coordinating board, are entitled to elect an early separation incentive set forth in subdivision 3.

(b) The higher education board and the higher education coordinating board must determine those specific positions to be permanently eliminated as part of the merger or restructuring and identify the employees who may elect one of the early separation incentives established by this section.

(c) For the purposes of this section "higher education board" is the same entity as "board of trustees of the state colleges and universities" and the higher education coordinating board is the same entity as the "higher education services office."

Subd. 2. [ELIGIBILITY.] A person employed by the employing units identified in subdivision 1 is eligible to elect the incentive if the person:

(1) is an employee of the higher education coordinating board, a state university, community college, or technical college, or an administrative employee of a local school district, joint technical district and intermediate district assigned to a technical college position whose position is to be eliminated;

(2) is at least age 55 but is not yet age 65;

(3) is employed in a permanent position and in active work status at the time the incentive is elected;

(4) upon retirement, termination, or separation is immediately eligible for a retirement annuity from a defined benefit Minnesota public employee pension plan or a distribution from a defined contribution Minnesota public employee pension plan;

(5) retires, separates, or is terminated from an eligible position after June 30, 1994, but before July 1, 1996; and

(6) has been certified by the chancellor of the higher education board or the executive director of the higher education coordinating board as eligible to elect an early separation incentive.

Notwithstanding anything in this subdivision, the executive director of the higher education coordinating board, or the chancellor of the higher education board may certify any employee, regardless of age, as eligible to elect the six-month retraining leave described in subdivision 3, paragraph (d).

Subd. 3. [INCENTIVES.] (a) Eligible employees may elect one of the following incentives but may not elect both.

(b) Retirement under this section means permanent separation or termination from employment with or under the control of the higher education board, the higher education coordinating board, or the higher education systems to be merged.

(c) Employees who separate, terminate, or retire with the early retirement incentive under

paragraph (e) may not be rehired by the state in any employment position under the control of the higher education board or the higher education coordinating board.

(d) An eligible employee who receives a termination notice after July 1, 1994, may elect to take a six-month retraining leave in order to complete a course of study that is approved by the higher education board or the higher education coordinating board and which is designed to prepare the employee to assume a faculty position at a state university, community college, or technical college. The retraining leave must be at the full salary level that the person received immediately before the termination notice, including fringe benefits. The leave must be completed no later than June 30, 1996. Employees who seek to return to teaching must satisfy the qualifications established by applicable collective bargaining agreements. Any subsequent faculty appointments must be in accordance with collective bargaining agreements and policies of the higher education board. The individual's pretermination notice employment ceases at the conclusion of the retraining leave. Individual employee eligibility for severance payments must be made in accordance with the policies of the employing unit in effect at the time the incentive was elected. Notice of election of this incentive must be made before April 1, 1996, on forms prescribed by the higher education board.

(e) An eligible employee may elect the following instead of the incentive in paragraph (d):

(1) state-paid hospital, medical, and dental insurance to age 65. An employee who retires, is terminated, or is separated is eligible for single or dependent insurance coverages, whichever applies, and any employer payments to which the person was entitled immediately before retirement, termination, or separation subject to any changes in coverage and employer and employee payments through collective bargaining or personnel plans in positions equivalent to the position from which the employee retired, terminated, or separated. The employee is not eligible for employer-paid life insurance. If the employee is not yet age 65 at the time of retirement or separation, the employee is eligible for employer-paid insurance under the provisions of a personnel plan and has at least as many months service with the current employer and as the number of months the individual is under age 65 at the time of retirement; and

(2) if the eligible employee has at least 15 years of combined service credit in a Minnesota public pension plan, a one-time opportunity to purchase up to two years of service credit in or to make not more than two years of additional member contributions to the public pension plan that the employee is a member of at the time of retirement or separation as follows:

(i) Eligible employees may have the additional payment made on the basis of the employee's base salary in the year of separation as denoted in the salary schedule in the applicable employer personnel policy and at the rate and in the manner specified in section 352.04, 353.27, 354.42, or 354A.12, whichever applies. The employee payment must include interest at the rate of 8.5 percent. The employer shall make the required employer contribution and employer additional contribution to the retirement fund as specified in section 352.04, 353.27, 354.42, or 354A.12, whichever applies for an employee who elects this option. Both the required employee and employer payments must be made to the fund before the employee's date of retirement or separation, whichever is earlier.

(ii) Defined contribution plan members in plans established by chapter 352D or 354B must have additional employee and employer contributions made on the basis of the employee's base salary in the year of retirement as denoted in the salary schedule in the applicable employer personnel policy and at the rate and in the manner specified in section 352D.04, subdivision 2, or 354B.04, as applicable. The additional contributions must be made before the employee's date of retirement or separation, whichever is earlier.

Subd. 4. [PROFESSIONAL CONTRACTS; SELF LOAN PROGRAM.] Notwithstanding anything in this section, employees eligible for early separation incentives under this section may be employed under a professional, technical contract to provide technical assistance relating to the student educational loan fund (SELF) program, or to the statewide database, not to exceed 1,044 hours in any consecutive 12-month period.

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 1105, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H.F. No. 1105 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1994, section 257.55, subdivision 1, is amended to read:

Subdivision 1. [PRESUMPTION.] A man is presumed to be the biological father of a child if:

(a) He and the child's biological mother are or have been married to each other and the child is born during the marriage, or within 280 days after the marriage is terminated by death, annulment, declaration of invalidity, dissolution, or divorce, or after a decree of legal separation is entered by a court. The presumption in this paragraph does not apply if the man has joined in a recognition of parentage recognizing another man as the biological father under section 257.75, subdivision 1a;

(b) Before the child's birth, he and the child's biological mother have attempted to marry each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) if the attempted marriage could be declared invalid only by a court, the child is born during the attempted marriage, or within 280 days after its termination by death, annulment, declaration of invalidity, dissolution or divorce; or

(2) if the attempted marriage is invalid without a court order, the child is born within 280 days after the termination of cohabitation;

(c) After the child's birth, he and the child's biological mother have married, or attempted to marry, each other by a marriage solemnized in apparent compliance with law, although the attempted marriage is or could be declared void, voidable, or otherwise invalid, and,

(1) he has acknowledged his paternity of the child in writing filed with the state registrar of vital statistics;

(2) with his consent, he is named as the child's father on the child's birth certificate; or

(3) he is obligated to support the child under a written voluntary promise or by court order;

(d) While the child is under the age of majority, he receives the child into his home and openly holds out the child as his biological child;

(e) He and the child's biological mother acknowledge his paternity of the child in a writing signed by both of them under section 257.34 and filed with the state registrar of vital statistics. If another man is presumed under this paragraph to be the child's father, acknowledgment may be effected only with the written consent of the presumed father or after the presumption has been rebutted;

(f) Evidence of statistical probability of paternity based on blood testing establishes the likelihood that he is the father of the child, calculated with a prior probability of no more than 0.5 (50 percent), is 99 percent or greater;

(g) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man is presumed to be the father under this subdivision; or

(h) He and the child's biological mother have executed a recognition of parentage in accordance with section 257.75 and another man and the child's mother have executed a recognition of parentage in accordance with section 257.75.

Sec. 2. Minnesota Statutes 1994, section 257.57, subdivision 2, is amended to read:

Subd. 2. The child, the mother, or personal representative of the child, the public authority chargeable by law with the support of the child, the personal representative or a parent of the mother if the mother has died or is a minor, a man alleged or alleging himself to be the father, or the personal representative or a parent of the alleged father if the alleged father has died or is a minor may bring an action:

(1) at any time for the purpose of declaring the existence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (d), (e), (f), (g), or (h), or the nonexistence of the father and child relationship presumed under clause (d) of that subdivision;

(2) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (e) or (g), only if the action is brought within ~~three~~ three years six months after the ~~date of the execution of the declaration or recognition of parentage~~ person bringing the action obtains the results of blood or genetic tests that indicate that the presumed father is not the father of the child; or

(3) for the purpose of declaring the nonexistence of the father and child relationship presumed under section 257.55, subdivision 1, paragraph (f), only if the action is brought within three years after the party bringing the action, or the party's attorney of record, has been provided the blood test results.

Sec. 3. Minnesota Statutes 1994, section 257.75, subdivision 1, is amended to read:

Subdivision 1. [RECOGNITION BY PARENTS.] The mother and father of a child born to a mother who was not married to the child's father nor to any other man when the child was conceived nor when the child was born may, in a writing signed by both of them before a notary public and filed with the state registrar of vital statistics, state and acknowledge under oath that they are the biological parents of the child and wish to be recognized as the biological parents. The recognition must be in the form prepared by the commissioner of human services under subdivision 5, except that it may also include the joinder in recognition provisions under subdivision 1a. The requirement that the mother not be married when the child was conceived nor when the child was born does not apply if her husband or former husband joins in the recognition under subdivision 1a.

Sec. 4. Minnesota Statutes 1994, section 257.75, is amended by adding a subdivision to read:

Subd. 1a. [JOINDER IN RECOGNITION BY HUSBAND.] A man who is a presumed father under section 257.55, subdivision 1, paragraph (a), may join in a recognition of parentage that recognizes that another man is the child's biological father. The man who is the presumed father under section 257.55, subdivision 1, paragraph (a), must sign an acknowledgment under oath before a notary public that he is renouncing the presumption under section 257.55, subdivision 1, paragraph (a), and recognizing that the father who is executing the recognition under subdivision 1 is the biological father of the child. A joinder in a recognition under this subdivision must be executed within one year after the child's birth and at the same time as the recognition under subdivision 1 or within ten days following execution of the recognition. The joinder must be included in the recognition form or incorporated by reference within the recognition and attached to the form when it is filed with the state registrar of vital statistics. The joinder must be on a form prepared by the commissioner of human services. Failure to properly execute a joinder in a recognition does not affect the validity of the recognition under subdivision 1.

Sec. 5. Minnesota Statutes 1994, section 257.75, subdivision 2, is amended to read:

Subd. 2. [REVOCAION OF RECOGNITION.] A recognition may be revoked in a writing signed by the mother or father before a notary public and filed with the state registrar of vital statistics within 30 days after the recognition is executed. A joinder in a recognition may be revoked in a writing signed by the man who executed the joinder and filed with the state registrar of vital statistics within 30 days after the joinder is executed. Upon receipt of a revocation of the recognition of parentage or joinder in a recognition, the state registrar of vital statistics shall forward a copy of the revocation to the nonrevoking parent, or, in the case of a joinder in a recognition, to the mother and father who executed the recognition.

Sec. 6. Minnesota Statutes 1994, section 257.75, subdivision 4, is amended to read:

Subd. 4. [ACTION TO VACATE RECOGNITION.] An action to vacate a recognition of paternity may be brought by the mother, father, husband or former husband who executed a joinder, or the child. A mother or father, or husband or former husband who executed a joinder must bring the action within one year of the execution of the recognition or within six months after discovery of evidence in support of the action, whichever is later the person bringing the action obtains the results of blood or genetic tests that indicate that the man who executed the recognition is not the father of the child. A child must bring an action to vacate within six months of discovery of evidence, in support of the action after the child obtains the result of blood or genetic tests that indicate that the man who executed the recognition is not the father of the child, or within one year of reaching the age of majority, whichever is later. If the court finds a prima facie basis for vacating the recognition, the court shall order the child, mother, and father, and husband or former husband who executed a joinder to submit to blood tests. If the court issues an order for the taking of blood tests, the court shall require the party seeking to vacate the recognition to make advance payment for the costs of the blood tests. If the party fails to pay for the costs of the blood tests, the court shall dismiss the action to vacate with prejudice. The court may also order the party seeking to vacate the recognition to pay the other party's reasonable attorney fees, costs, and disbursements. If the results of the blood tests establish that the man who executed the recognition is not the father, the court shall vacate the recognition. If a recognition is vacated, any joinder in the recognition under subdivision 1a is also vacated. The court shall terminate the obligation of a party to pay ongoing child support based on the recognition. A modification of child support based on a recognition may be made retroactive with respect to any period during which the moving party has pending a motion to vacate the recognition but only from the date of service of notice of the motion on the responding party.

Sec. 7. [APPLICATION; TRANSITION.]

(a) Notwithstanding section 2, a person whose action to declare the existence of the father and child relationship would be barred by section 2 but not by Minnesota Statutes 1994, section 257.57, subdivision 2, clause (2), has until August 1, 1996, or until three years after the date of execution of the declaration or recognition of parentage, whichever is sooner, to bring an action to declare the nonexistence of the father and child relationship presumed under Minnesota Statutes, section 257.55, subdivision 1, paragraph (e) or (g).

(b) Notwithstanding any law to the contrary, a person whose action to declare the nonexistence of the father and child relationship presumed under Minnesota Statutes, section 257.55, subdivision 1, paragraph (e), or a person whose motion to vacate a paternity adjudication because of the results of blood or genetic tests obtained after the adjudication, was barred before the effective date of section 2, has until February 1, 1996, to commence the action or bring a motion to vacate the paternity adjudication."

Delete the title and insert:

Summary by Fund

General		8,104,000	6,123,000
Environmental		3,074,000	2,986,000

\$1,946,000 the first year is for grants to local units of government for the clean water partnership program. Any unencumbered balance remaining in the first year does not cancel and is available for the second year of the biennium.

General fund money appropriated for the nonpoint source pollution Minnesota River project must be matched by federal dollars.

Of this amount, \$855,000 in each fiscal year is for grants for county administration of the feedlot permit program. This amount is transferred to the board of water and soil resources for disbursement in accordance with Minnesota Statutes, section 103B.3369, in cooperation with the pollution control agency. Grants must be matched with a combination of local cash and/or in-kind contributions. Counties receiving these grants shall submit an annual report to the pollution control agency regarding activities conducted under the grant, expenditures made, and local match contributions. First priority for funding shall be given to counties that have requested and received delegation from the pollution control agency for processing of animal feedlot permit applications under Minnesota Statutes, section 116.07, subdivision 7. Delegated counties shall be eligible to receive a grant of \$5,000 plus either: \$15 multiplied by the number of livestock or poultry farms with sales greater than \$10,000, as reported in the 1992 Census of Agriculture, published by the United States Bureau of Census; or \$25 multiplied by the number of feedlots with greater than ten animal units as determined by a level 2 or level 3 feedlot inventory conducted in accordance with the Feedlot Inventory Guidebook published by the board of water and soil resources, dated June 1991. To receive the additional funding that is based on the county feedlot inventory, the county shall submit a copy of the inventory to the pollution control agency. Any remaining money is for distribution to all counties on a competitive basis through the challenge grant process for the conducting of feedlot inventories, development of delegated county feedlot programs, and for information and education or technical assistance efforts to reduce feedlot-related pollution hazards.

The governor shall appoint an advisory task force to examine the point source permitting program in the water quality division of the agency. The task force must include representatives of industrial and municipal permittees regulated by the agency and environmental interest groups. The task force shall report to the governor and chairs of the senate finance and house of representatives ways and means committees, and chairs of the environmental policy and finance committees and divisions of the senate and house of representatives by November 30, 1995. The report must address the following issues: (1)

what constitutes an adequate point source permitting program; (2) what the associated costs are of running an adequate program; (3) how these costs should be allocated and funded; (4) load-based fees; (5) fees for permittees that have violations requiring enforcement actions; (6) how to improve public access to information concerning toxic pollutants in permitted discharges; and (7) a time reporting system to improve tracking of resource usage. The task force expires on December 1, 1995.

The pollution control agency shall, by January 1, 1996, provide the chairs of the house environment and natural resources finance committee and the senate environmental and natural resources finance division with the following information:

- (1) a list of all wastewater treatment facility upgrade and construction projects the agency has identified as necessary to meet existing and proposed water quality standards and regulations;
- (2) an estimate of the total project costs and an estimate in the increase in sewer service rates resulting from these project costs;
- (3) a list of existing and proposed state water quality standards that are not required under federal law;
- (4) a list of existing and proposed state water quality standards that are more stringent than is necessary to comply with federal law; and
- (5) recommendations from the agency for alternative methods to prioritize the projects listed in clause (1).

(1) is found with a major violation of requirements in chapter 28, 29, 30, 31, 31A, 32, 33, or 34, or rules adopted under one of those chapters;

The first reinspection of a firm with gross food sales under \$1,000,000 must be assessed at \$25. The fee for a firm with gross food sales over \$1,000,000 is \$50. The fee for a subsequent reinspection of a firm for the same violation is 50 percent of their current license fee. Subd. 4. [DEPOSIT; APPROPRIATION.] All reinspection fees and assessments collected must be deposited in the state treasury and are credited to an account in the special revenue fund. Money in the account, including interest accrued, is appropriated to the commissioner to pay the expenses relating to reinspections conducted under the chapters listed in subdivision 1.

Subd. 5. [APPEALS.] Food handlers may appeal reinspection fees and assessments to the department hearing officer within 30 days of receipt of the notice of fee assessment. The appeal must be submitted to the commissioner in writing.

Sec. 45. Minnesota Statutes 1994, section 41A.09, is amended by adding a subdivision to read:

Subd. 1a. [ETHANOL PRODUCTION GOAL.] It is a goal of the state that ethanol production plants in the state attain a total annual production level of 220,000,000 gallons.

Sec. 46. Minnesota Statutes 1994, section 41A.09, is amended by adding a subdivision to read:

Subd. 2a. [DEFINITIONS.] For the purposes of this section the terms defined in this subdivision have the meanings given them.

(a) "Ethanol" means fermentation ethyl alcohol derived from agricultural products, including potatoes, cereal, grains, cheese whey, and sugar beets; forest products; or other renewable resources, including residue and waste generated from the production, processing, and marketing of agricultural products, forest products, and other renewable resources, that:

(1) meets all of the specifications in ASTM specification D 4806-88; and

(2) is denatured with unleaded gasoline or rubber hydrocarbon solvent as defined in Code of Federal Regulations, title 27, parts 211 and 212, as adopted by the Bureau of Alcohol, Tobacco and Firearms of the United States Treasury Department.

(b) "Wet alcohol" means agriculturally derived fermentation ethyl alcohol having a purity of at least 50 percent but less than 99 percent.

(c) "Anhydrous alcohol" means fermentation ethyl alcohol derived from agricultural products as described in paragraph (a), but that does not meet ASTM specifications or is not denatured and is shipped in bond for further processing.

(d) "Ethanol plant" means a plant at which ethanol, anhydrous alcohol, or wet alcohol is produced.

Sec. 47. Minnesota Statutes 1994, section 41A.09, is amended by adding a subdivision to read:

Subd. 3a. [PAYMENTS.] (a) The commissioner of agriculture shall make cash payments to producers of ethanol, anhydrous alcohol, and wet alcohol located in the state. These payments shall apply only to ethanol, anhydrous alcohol, and wet alcohol fermented in the state and produced at plants that have begun production by June 30, 2000. For the purpose of this subdivision, an entity that holds a controlling interest in more than one ethanol plant is considered a single producer. The amount of the payment for each producer's annual production is:

(1) except as provided in paragraph (b), for each gallon of ethanol or anhydrous alcohol produced on or before June 30, 2000, or ten years after the start of production, whichever is later, 20 cents per gallon; and

(2) for each gallon produced of wet alcohol on or before June 30, 2000, or ten years after the start of production, whichever is later, a payment in cents per gallon calculated by the formula "alcohol purity in percent divided by five," and rounded to the nearest cent per gallon, but not less than 11 cents per gallon.

The producer payments for anhydrous alcohol and wet alcohol under this section may be paid to either the original producer of anhydrous alcohol or wet alcohol or the secondary processor, at the option of the original producer, but not to both.

(b) If the level of production at an ethanol plant increases due to an increase in the production capacity of the plant and the increased production begins by June 30, 2000, the payment under paragraph (a), clause (1), applies to the additional increment of production until ten years after the increased production began.

(c) The commissioner shall make payments to producers of ethanol or wet alcohol in the amount of 1.5 cents for each kilowatt hour of electricity generated using closed-loop biomass in a cogeneration facility at an ethanol plant located in the state. Payments under this paragraph shall be made only for electricity generated at cogeneration facilities that begin operation by June 30, 2000. The payments apply to electricity generated on or before the date ten years after the

producer first qualifies for payment under this paragraph. Total payments under this paragraph in any fiscal year may not exceed \$750,000. For the purposes of this paragraph:

(1) "closed-loop biomass" means any organic material from a plant that is planted for the purpose of being used to generate electricity or for multiple purposes that include being used to generate electricity; and

(2) "cogeneration" means the combined generation of:

(i) electrical or mechanical power; and

(ii) steam or forms of useful energy, such as heat, that are used for industrial, commercial, heating, or cooling purposes.

(d) The total payments under paragraphs (a) and (b) to all producers may not exceed \$30,000,000 in a fiscal year. Total payments under paragraphs (a) and (b) to a producer in a fiscal year may not exceed \$3,000,000.

(e) By the last day of October, January, April, and July, each producer shall file a claim for payment for ethanol, anhydrous alcohol, and wet alcohol production during the preceding three calendar months. A producer with more than one plant shall file a separate claim for each plant. A producer shall file a separate claim for the original production capacity of each plant and for each additional increment of production that qualifies under paragraph (b). A producer that files a claim under this subdivision shall include a statement of the producer's total ethanol, anhydrous alcohol, and wet alcohol production in Minnesota during the quarter covered by the claim, including anhydrous alcohol and wet alcohol produced or received from an outside source. A producer shall file a separate claim for any amount claimed under paragraph (c). For each claim and statement of total ethanol, anhydrous alcohol, and wet alcohol production filed under this subdivision, the volume of ethanol, anhydrous alcohol, and wet alcohol production or amounts of electricity generated using closed-loop biomass must be examined by an independent certified public accountant in accordance with standards established by the American Institute of Certified Public Accountants.

(f) Payments shall be made November 15, February 15, May 15, and August 15. A separate payment shall be made for each claim filed. The total quarterly payment to a producer under this paragraph, excluding amounts paid under paragraph (c), may not exceed \$750,000. If the total amount for which all producers are eligible in a quarter under paragraphs (a) and (b) exceeds \$7,500,000, the commissioner shall make payments in the order in which the portion of production capacity covered by each claim went into production. If the total amount of ethanol or wet alcohol production reported for a quarter under paragraph (e) equals or exceeds 55,000,000 gallons:

(1) payments under this subdivision do not apply to the amount produced in excess of 55,000,000 gallons;

(2) the commissioner shall make payments to producers in the order in which the portion of production capacity covered by each claim began production; and

(3) only those producers that receive payments for the quarter, or received payments under paragraph (a) or (b) in an earlier quarter, will be eligible for future ethanol or wet alcohol production payments under this subdivision.

(g) If the total amount for which all producers are eligible in a quarter under paragraph (c) exceeds the amount available for payments, the commissioner shall make payments in the order in which the plants covered by the claims began generating electricity using closed-loop biomass.

(8) address the environmental impacts and their mitigations as recommended in the generic environmental impact statement on timber harvesting.

Subd. 3. [COUNCIL MEETINGS.] The council shall establish procedures for conducting its meetings in accordance with section 471.705 that include provisions for seeking and incorporating public input.

Subd. 4. [COUNCIL OFFICERS AND STAFF.] The council shall elect a chair from among its members. The council may employ an executive director and administrative assistant. Technical expertise that will enable the council to carry out its functions must be provided to the council by those interests represented on the council.

Subd. 5. [MEMBERSHIP REGULATION.] Terms, compensation, nomination, appointment, and removal of council members are governed by section 15.059. Section 15.059, subdivision 5, does not govern the expiration date of the council.

Subd. 6. Information generated by the reporting requirements in this chapter must be incorporated in the council's report. To the extent possible, the council's report must also identify the activities and accomplishments of various programs that directly affect the state's forest resources.

Subd. 7. [REVIEW OF FOREST RESOURCES PLAN AND ASSESSMENT.] The council shall undertake a review of the forest resource management plan and forest assessment requirements contained in section 89.011, and report to the commissioner no later than July 1, 1996, on the appropriateness and effectiveness of these requirements, including recommendations for enhancing existing forest resource planning processes. The council shall review draft statewide and district forest resource planning documents, and incorporate the findings, including any recommendation, of such reviews in its biennial report specified in subdivision 6.

Sec. 81. [89A.04] [PARTNERSHIP.]

It is the policy of the state to encourage forest landowners, forest managers, and loggers to establish a partnership in which the implementation of council recommendations can occur in a timely and coordinated manner across ownerships. The partnership shall serve as a forum for discussing operational implementation issues and problem solving related to forest resources management and planning concerns, and be responsive to the recommendations of the council. This partnership shall also actively foster collaboration and coordination among forest managers and landowners in addressing landscape-level operations and concerns. In fulfilling its responsibilities as identified in this chapter, the council shall seek input from and consult with the partnership.

Sec. 82. [89A.05] [TIMBER HARVESTING AND FOREST MANAGEMENT GUIDELINES.]

Subdivision 1. [DEVELOPMENT.] The council shall coordinate the development of comprehensive timber harvesting and forest management guidelines. The guidelines must address the water, air, soil, biotic, recreational, and aesthetic resources found in forest ecosystems by focusing on those impacts commonly associated with applying site-level forestry practices. The guidelines must reflect a range of practical and sound practices based on the best available scientific information, and be integrated to minimize conflicting recommendations while being easy to understand and implement. Best management practices previously developed for forest management must be incorporated into the guidelines. The council shall periodically review and, when deemed necessary, update the guidelines.

Subd. 2. [ECONOMIC CONSIDERATIONS.] Before the implementation of timber harvesting and forest management guidelines, new site-level practices and landscape-level programs, the council shall analyze the costs of new site-level practices and landscape-level programs. When the analysis concludes that new landscape-level programs and site-level practices will result in adverse economic effects, including decreased timber supply and negative effects on tourism, opportunities to offset those effects must be explored. The council shall also:

(1) identify and quantify forest and timberland acreages that will no longer be available for harvest; and

(2) encourage public resource agencies to provide sustainable, predictable supplies of high-quality forest resource benefits, including timber supplies that are consistent with their multiple mandates and diverse management objectives. These benefits should be provided by public resource agencies in proportion to their forest land's capability to do so.

Subd. 3. [APPLICATION.] The timber harvesting and forest management guidelines are voluntary. Prior to their actual use, the council shall develop guideline implementation goals for each major forest land ownership category. If the information developed as a result of the monitoring programs established in section 89A.07 indicates the implementation goals for the guidelines are not being met and the council determines significant adverse impacts are occurring, the council shall recommend to the governor additional measures to address those impacts. The council shall incorporate the recommendations as part of the council's biennial report required by section 89A.03, subdivision 6.

Sec. 83. [89A.06] [LANDSCAPE-LEVEL FOREST RESOURCE PLANNING AND COORDINATION.]

Subdivision 1. [FRAMEWORK.] The council shall establish a framework that will enable long-range strategic planning and landscape coordination to occur, to the extent possible, across all forested regions of the state and across all ownerships. The framework must include:

(1) identification of the landscapes within which long-range strategic planning of forest resources can occur, provided that the landscapes must be delineated based on broadly defined ecological units and existing classification systems, yet recognize existing political and administrative boundaries and planning processes;

(2) a statement of principles and goals for landscape-based forest resource planning; and

(3) identification of a general process by which landscape-based forest resource planning can occur, provided that the process must give considerable latitude to design planning processes that fit the unique needs and resources of each landscape; reflect a balanced consideration of the economic, social, and environmental conditions and needs of each landscape; and interface and establish formats that are compatible with other landscape-based forest resource plans.

Subd. 2. [REGIONAL FOREST RESOURCE COMMITTEES.] To foster landscape-based forest resource planning, the council shall establish regional forest resource committees. The regional committees must:

(1) include representative interests in a particular region that are committed to and involved in landscape planning and coordination activities;

(2) serve as a forum for landowners, managers, and representative interests to discuss landscape forest resource issues;

(3) identify and implement an open and public process whereby landscape-based strategic planning of forest resources can occur;

(4) identify sustainable forest resource goals for the landscape and strategies to achieve those goals; and

(5) provide a regional perspective to the council with respect to council activities.

Subd. 3. [REGIONAL COMMITTEE OFFICERS AND STAFF.] Each regional committee shall elect a chair from among its members. The council shall ensure regional committees have sufficient staff resources to carry out their mission as defined in this section.

To the extent possible, the information generated under the monitoring program must be reported in formats consistent with the landscape regions used to accomplish the planning and coordination activities specified in section 89A.06. To the extent possible, the program must incorporate data generated by existing resource monitoring programs. The commissioner shall report to the council information on current conditions and recent trends in the state's forest resources.

Subd. 2. [PRACTICES AND COMPLIANCE MONITORING.] The commissioner shall establish a program for monitoring silvicultural practices and application of the timber harvesting and forest management guidelines at statewide, landscape, and site levels. The council shall provide oversight and program direction for the development and implementation of the monitoring program. To the extent possible, the information generated by the monitoring program must be reported in formats consistent with the landscape regions used to accomplish the planning and coordination activities specified in section 89A.06. - (1) an assessment of the current status of forestry resources research in the state;
- (2) an identification of important forest resource issues in need of research;
- (3) an identification of priority forest research activities whose results will enable a better understanding of site-level and landscape-level impacts resulting from timber harvesting and forest management activities; and
- (4) an assessment of the progress toward addressing the priority forest resources research needs identified.

The forest resources research assessment must be made widely available to the research community, forest managers and users, and the public.

Any money designated for deposit in the permanent school fund that is not needed to survey, appraise, and pay associated selling and leasing costs of lots, as required in this section and section 92.67, shall be deposited in the permanent school fund. The commissioner shall add to the appraised value of any lot offered for sale the costs of surveying, appraising, and selling the lot, and shall first deposit into the permanent school fund an amount equal to the costs of surveying, appraising, and selling any lot paid out of the permanent school fund. Any remaining money shall be deposited into any other contributing funds in proportion to the contribution from each fund. In no case may the commissioner add to the appraised value of any lot offered for sale an amount more than \$700 for the costs of surveying and appraising the lot.

Reimbursements accepted by the agency are appropriated to the agency for the purpose of reviewing the permit application. Reimbursement by a permit applicant shall precede and not be contingent upon issuance of a permit and shall not affect the agency's decision on whether to issue or deny a permit, what conditions are included in a permit, or the application of state and federal statutes and rules governing permit determinations.

Sec. 120. [325E.112] [USED MOTOR OIL AND USED MOTOR OIL FILTER COLLECTION.]

Subdivision 1. [COLLECTION.] (a) Retailers that sell at an individual location more than 1,000 motor oil filters per calendar year at retail for off-site installation must provide for collection of used motor oil and used motor oil filters from the public. Retailers who do not collect the used motor oil and used motor oil filters at their individual locations may meet the requirement by entering into a written agreement with another party whose location is:

(1) within two miles of the retailer's location if the retailer is located:

(i) within the Interstate Highway 494/694 beltway;

(ii) in a home rule charter or statutory city or a town contiguous to the Interstate Highway 494/694 beltway; or

(iii) in a home rule charter or statutory city of over 30,000 population within the metropolitan area as defined in section 473.121; or

(2) within five miles of the retailer's location if the retailer is not in an area described in clause (1).

(b) The written agreement must specify that the other party will accept from the public up to ten gallons of used motor oil and ten used motor oil filters per person per month during normal hours of operation unless: (1) the used motor oil is known to be contaminated with antifreeze, other hazardous waste, or other materials which may increase the cost of used motor oil management and disposal; (2) the storage equipment for that particular waste is temporarily filled to capacity; or (3) the used motor oil or used motor oil filters are from a business.

(c) Persons accepting used motor oil from the public in accordance with this subdivision shall presume that the used motor oil is not contaminated with hazardous waste, provided the person offering the used motor oil is acting in good faith and the person accepting the used motor oil does not have evidence to the contrary. Persons collecting used motor oil from the public must take

precautions to prevent contamination of used motor oil storage equipment. Precautions may include, but are not limited to, keeping a log of persons dropping off used motor oil, securing access to used motor oil storage equipment, or posting signage at the site indicating the proper use of the equipment.

(d) Persons accepting used motor oil and used motor oil filters under paragraph (a), including persons accepting the oil and filters on behalf of the retailer, may not charge a fee when accepting ten gallons or less of used motor oil or ten or fewer used motor oil filters per person per month.

(e) Persons that receive contaminated used motor oil may manage the used motor oil as household hazardous waste through publicly administered household hazardous waste collection programs, with approval from the household hazardous waste program. Used motor oil contaminated with hazardous waste from the public that cannot be managed through a household hazardous waste collection program must be managed as a hazardous waste in accordance with rules adopted by the pollution control agency.

Subd. 2. [REIMBURSEMENT PROGRAM.] A contaminated used motor oil reimbursement program is established to provide partial reimbursement of the costs of disposing of contaminated used motor oil. In order to receive reimbursement, persons who accept used motor oil from the public or parties that they have contracted with to accept used motor oil must provide to the commissioner of the pollution control agency proof of contamination, information on methods the person used to prevent the contamination of used motor oil at the site, a copy of the billing for disposal costs incurred because of the contamination and proof of payment, and a copy of the hazardous waste manifest or shipping paper used to transport the waste. The commissioner shall reimburse a recipient of contaminated used motor oil 90 percent of the costs of properly disposing of the contaminated used motor oil. The commissioner may not reimburse persons who intentionally place contaminants or do not take precautions to prevent contaminants from being placed in used motor oil. Reimbursements made under this subdivision are limited to the money available in the contaminated used motor oil reimbursement account.

Subd. 3. [EDUCATION PROGRAM.] When the commissioner estimates that all funds available under section 325E.113 will not be expended for reimbursements, the commissioner may use the estimated unexpended funds to cover the costs of educating the public and businesses on the provisions of this section and on proper management of used motor oil, used motor oil filters, and other automotive wastes.

Subd. 4. [LIABILITY EXEMPTION.] Persons who accept used motor oil and used motor oil filters from the public are exempt from liability under chapter 115B for the used motor oil, contaminated used motor oil, and used motor oil filters accepted under the provisions of subdivision 1, after the used motor oil, contaminated used motor oil, and used motor oil filters are sent off-site in compliance with rules adopted by the pollution control agency.

Subd. 5. [ENFORCEMENT.] The commissioner of the pollution control agency shall enforce compliance with this section under sections 115.071 and 116.072.

Sec. 121. [325E.113] [CONTAMINATED USED MOTOR OIL REIMBURSEMENT ACCOUNT.]

The contaminated used motor oil reimbursement account is established in the environmental fund. Money in the account is appropriated to the commissioner of the pollution control agency for the commissioner's activities under section 325E.112.

Sec. 122. Minnesota Statutes 1994, section 446A.07, subdivision 8, is amended to read:

Subd. 8. [OTHER USES OF REVOLVING FUND.] The water pollution control revolving fund may be used as provided in title VI of the Federal Water Pollution Control Act, including the following uses:

(1) to buy or refinance the debt obligation of governmental units for treatment works where debt was incurred and construction begun after March 7, 1985, at or below market rates;

(2) to guarantee or purchase insurance for local obligations to improve credit market access or reduce interest rates;

(3) to provide a source of revenue or security for the payment of principal and interest on revenue or general obligation bonds issued by the authority if the bond proceeds are deposited in the fund;

(4) to provide loan guarantees, loans, or set-aside for similar revolving funds established by a governmental unit other than state agencies, or state agencies under sections 17.117, 103F.725, subdivision 1a, 116J.403, and 116J.617, ~~and 462A.05~~; provided that no more than \$2,000,000 of the balance in the fund may be used for the small cities block grant program under section 116J.403 and the tourism loan program under section 116J.617, taken together, ~~and no more than \$2,000,000 of the balance in the fund may be used for home improvement loan programs under section 462A.05~~;

(5) to earn interest on fund accounts; and

(6) to pay the reasonable costs incurred by the authority and the agency of administering the fund and conducting activities required under the federal Water Pollution Control Act, including water quality management planning under section 205(j) of the act and water quality standards continuing planning under section 303(e) of the act.

Amounts spent under clause (6) may not exceed the amount allowed under the Federal Water Pollution Control Act.

Sec. 123. Minnesota Statutes 1994, section 446A.071, subdivision 2, is amended to read:

Subd. 2. [SUPPLEMENTAL ASSISTANCE.] The authority may provide supplemental assistance under this section in the form of loans; write-down of principal, interest, or both; or direct grants, as determined by authority rules. The amount and form of the supplemental assistance must be based on the authority's determination of the financial capability of the municipality, the municipality's eligibility to qualify for other grant programs, and the source of funds. In determining the financial capability of the municipality, the authority may not find the municipality to be ineligible based on the level of the municipality's annual sewer service charge if this charge exceeds 1.1 percent of the municipality's annual median household income.

Sec. 124. Minnesota Statutes 1994, section 473.845, subdivision 2, is amended to read:

Subd. 2. [WATER SUPPLY MONITORING AND HEALTH ASSESSMENTS.] ~~Up to ten percent of the~~ Money in the fund may be appropriated to the commissioner of health for water supply monitoring and health assessments. The commissioner shall monitor the quality of water in public water supply wells and may monitor private water supply wells in the metropolitan area that may be affected by their location in relation to a facility for mixed municipal solid waste. Testing under this subdivision must be for substances not funded under the Federal Safe Drinking Water Act. The health assessments must be conducted in areas that may be affected by contaminants from mixed municipal solid waste facilities.

Sec. 125. Minnesota Statutes 1994, section 477A.12, is amended to read:

477A.12 [ANNUAL APPROPRIATIONS; LANDS ELIGIBLE; CERTIFICATION OF ACREAGE.]

(a) There is annually appropriated to the commissioner of natural resources from the general fund for payment to counties within the state an amount equal to:

(1) for acquired natural resources land, \$3 multiplied by the total number of acres of acquired natural resources land or, beginning July 1, 1996, at the county's option three-fourths of one percent of the appraised value of all acquired natural resources land in the county, whichever is greater;

(2) 75 cents multiplied by the number of acres of county-administered other natural resources land; and

(3) 37.5 cents multiplied by the number of acres of commissioner-administered other natural resources land located in each county as of July 1 of each year.

(b) Lands for which payments in lieu are made pursuant to section 97A.061, subdivision 3, and Laws 1973, chapter 567, shall not be eligible for payments under this section. Each county auditor shall certify to the department of natural resources during July of each year the number of acres of county-administered other natural resources land within the county. The department of natural resources may, in addition to the certification of acreage, require descriptive lists of land so certified. The commissioner of natural resources shall determine and certify the number of acres of acquired natural resources land and commissioner-administered natural resources land within each county.

(c) For the purposes of this section, the appraised value of acquired natural resources land is the purchase price for the first five years after acquisition. The appraised value of acquired natural resources land received as a donation is the value determined for the commissioner of natural resources by a licensed appraiser, or the county assessor's estimated market value if no appraisal is done. The appraised value must be determined by the county assessor every five years after the land is acquired.

Sec. 126. Minnesota Statutes 1994, section 477A.14, is amended to read:

(a) ~~42.5~~ 37.5 cents for each acre of county-administered other natural resources land shall be deposited in a resource development fund to be created within the county treasury for use in resource development, forest management, game and fish habitat improvement, and recreational development and maintenance of county-administered other natural resources land. Any county receiving less than \$5,000 annually for the resource development fund may elect to deposit that amount in the county general revenue fund;

(b) From the funds remaining, Within 30 days of receipt of the payment to the county, the county treasurer shall pay each organized township 30 cents per acre of acquired natural resources land and ~~8.5~~ 7.5 cents per acre of other natural resources land located within its boundaries. Payments for natural resources lands not located in an organized township shall be deposited in the county general revenue fund. Payments to counties and townships pursuant to this paragraph shall be used to provide property tax levy reduction. Provided that, if the total payment to the county pursuant to section 477A.12 is not sufficient to fully fund the distribution provided for in this clause, the amount available shall be distributed to each township and the county general revenue fund on a pro rata basis; and

(c) Any remaining funds shall be deposited in the county general revenue fund. Provided that, if the distribution to the county general revenue fund exceeds \$35,000, the excess shall be used to provide property tax levy reduction.

Sec. 127. [DEMONSTRATION PROGRAM RESTRICTIONS.]

(a) During fiscal years 1996 and 1997, loan participants under Minnesota Statutes, section 41B.045, must comply with the restrictions in this section.

(b) To the extent that herd health will not be jeopardized, farms receiving assistance from the authority must be available for tours within the first two years after completion of the expansion.

(c) All livestock expansion loans must be for expansions that include some of the most up-to-date, efficient systems available. Projects must be reviewed by a University of Minnesota extension livestock specialist prior to approval by the authority.

Sec. 128. [HARMFUL SUBSTANCE COMPENSATION BOARD ABOLISHED.]

The harmful substance compensation board is abolished. All responsibilities of the board are transferred to the pollution control agency. Minnesota Statutes, section 15.039, subdivisions 6 and 7, do not apply to this transfer.

Sec. 129. [REFUNDS.]

The commissioner of natural resources shall refund any payments made after August 1, 1991, under Minnesota Statutes, section 84.631, for easements along state trails by private property owners who had preexisting rights of ingress and egress.

Sec. 130. [REVISOR INSTRUCTION.]

In the next and subsequent editions of Minnesota Statutes, the revisor of statutes shall:

(1) change the term "landfill cleanup account" to "solid waste fund" in sections 115B.40, subdivision 4; 115B.41, subdivisions 2 and 3; 115B.44, subdivision 2; 115B.45; and 116.07, subdivision 10; and

(2) change the terms "petroleum tank release cleanup account in the environmental fund" or "petroleum tank release cleanup account" and "account" where it refers to the petroleum tank cleanup account, to "petroleum tank fund" and "fund," respectively, in Minnesota Statutes, sections 115C.02, subdivision 1a; 115C.03, subdivision 9; 115C.04, subdivision 3; 115C.08; 115C.09, subdivisions 3 and 8; 115C.10; and 115C.11, subdivision 2.

Sec. 132. [LIVESTOCK PROCESSING MARKETS TASK FORCE.]

Subdivision 1. [PURPOSE.] Recent changes in the Minnesota agricultural livestock industry, particularly in swine production, have resulted in fewer producers who deliver to processors greatly increased numbers of animals. In many cases these producers are organized as authorized farm corporations, as provided by recent amendments to Minnesota's corporate farming law. There is growing concern as to whether smaller producers who choose not to join large production corporations will find markets for their livestock eliminated or greatly diminished. With reduced markets and lessened competition, the smaller producers are left at a critical economic disadvantage. The study, legislative report, and legislative recommendations authorized by this section will identify ways to assure that competitive markets remain for small and medium-sized producers.

Subd. 2. [CREATION; MEMBERSHIP.] (a) There is hereby created a livestock processing markets task force with ten members appointed as follows:

(1) the chair of the agriculture and rural development committee of the senate shall appoint one citizen member with education and experience in the area of agricultural economics and four members of the senate, at least one of whom must be a member of the minority caucus; and

(2) the chair of the agriculture committee of the house of representatives shall appoint one citizen member who is the operator of a production agriculture farm in the state and four members of the house of representatives, at least one of whom must be a member of the minority caucus.

(b) The chairs must make their respective appointments not later than June 15, 1995.

(c) Citizen members of the task force may be reimbursed for expenses as provided in Minnesota Statutes, section 15.059, subdivision 6.

(d) The first meeting of the task force must be called and convened by the chairs of the agriculture policy committees of the senate and the house of representatives. Task force members must then elect a permanent chair from among the task force members.

Subd. 3. [CHARGE.] The task force must examine current and projected impacts of consolidation within the livestock production industry and its effect on the availability of competitive markets for small and medium-sized producers who choose not to become part of corporate enterprises.

Subd. 4. [RESOURCES; STAFF SUPPORT; CONTRACT SERVICES.] The commissioner of agriculture shall provide necessary resources and staff support for the meetings, hearings, activities, and report of the task force. To the extent the task force determines it appropriate to contract with nonstate providers for research or analytical services, the commissioner shall serve as the fiscal agent for the task force.

Subd. 5. [PUBLIC HEARINGS.] The task force shall hold at least four public hearings on the issue of access to markets by small and medium-sized producers of livestock. At least three of the hearings must be held in greater Minnesota.

Subd. 6. [REPORT.] Not later than March 15, 1996, the task force shall report to the legislature on the findings of its study. The report must include recommendations for improvements in Minnesota Statutes that are in the best interests of both large and small livestock producers in the state.

Subd. 7. [EXPIRATION.] The livestock processing markets task force expires 45 days after its report and recommendations are delivered to the legislature or on June 1, 1996, whichever date is earlier.

Sec. 133. [HYDROLOGIC TASK FORCE.]

Subdivision 1. [CREATION.] A task force is created to analyze means of funding interstate flood control modeling, planning, design, and implementation activities for the Red River of the North watershed in Minnesota and North Dakota.

Subd. 2. [COMPOSITION.] The task force shall consist of state legislators whose districts are wholly or partially within the drainage area of the Red River of the North.

Subd. 3. [FUNCTION.] The task force shall establish contact with a similar group of state legislators from the state of North Dakota whose districts are wholly or partially within the drainage area of the Red River of the North in North Dakota. This interstate group of state legislators shall investigate mechanisms to raise funds locally, organizations to collect funds and manage and implement joint programs and projects, and means of determining appropriate interstate cost-sharing for programs and projects. The task force shall develop a report and present it to the appropriate legislative committees prior to the 1997 legislative session.

Sec. 134. [USED MOTOR OIL AND OIL FILTERS; STUDY.]

The office of environmental assistance, with the cooperation of affected retailers, shall conduct a study of the impacts of Minnesota Statutes, section 325E.112, including:

(1) the impacts on retailers subject to the requirements of Minnesota Statutes, section 325E.112;

(2) the likelihood that an increase in the amount of used motor oil and used oil filters collected will result and the expected magnitude of that increase;

(3) the geographical distribution of any expected increase in the collection of used oil and used oil filters; and

(4) whether the costs of the collection requirement is commensurate with the expected increase in collection.

The office shall submit its findings and recommendations to the chairs of the house and senate environment and natural resource committees by January 1, 1996.

Sec. 135. [LICENSE WITHOUT TAG FOR RESIDENTS UNDER AGE 16.]

For the 1995 and 1996 hunting seasons, the commissioner of natural resources may, for a fee of \$5, issue to a resident under the age of 16 a license, without a tag, to take deer with firearms. A person holding a license issued under this section may hunt under the license only if accompanied by a licensed hunter at least 18 years of age who possesses a valid tag. A deer taken by a person holding a license issued under this section must be promptly tagged by a licensed hunter accompanying the person and possessing a valid tag. Minnesota Statutes, section 97B.301, subdivision 6, does not apply to a person holding a license issued under this section.

Sec. 136. [MUZZLE-LOADING FIREARM DEER SEASON.]

For the 1996 and 1997 hunting seasons, a licensed firearms hunter who fails to tag a deer during the regular firearms season may tag a deer during the muzzle-loading firearms season by buying another firearms license and hunting by muzzle-loader. A license to hunt in the muzzle-loading season under this section must be purchased at least five days before the opening day of the muzzle-loading season, except in zone 3B where the license must be purchased before the opening day of the muzzle-loading season.

Sec. 137. [PUBLIC INPUT; REPORT.]

The commissioner of natural resources shall seek public input and comment on sections 135 and 136. By March 1, 1996, the commissioner shall report to the environment and natural resources committees of the legislature with a summary of the public comments received and any recommendations for legislation.

Sec. 138. [CONSOLIDATION OF FUNCTIONS.]

The commissioners of the pollution control agency and natural resources shall develop recommendations for consolidation of the administrative, regional, and support functions of their respective agencies wherever feasible and expected to result in long-term overall cost reductions. By February 1, 1996, the commissioners shall jointly report the recommendations to the chairs of the senate environment and natural resources finance division and the house environment and natural resources finance committee.

Sec. 139. [PERMIT APPLICATION FEES FOR TOWNS.]

Notwithstanding Minnesota Statutes, section 116.07, subdivision 4d, until July 1, 1997, the pollution control agency may not charge a town a stormwater permit application fee of more than \$160 in connection with the construction, reconstruction, or alteration of a town road, bridge, or culvert.

Sec. 140. [WASTEWATER INFRASTRUCTURE FUNDING PROGRAM; REPORT.]

By November 1, 1995, the public facilities authority shall report to the legislative water commission with recommendations for statutory changes that would allow the wastewater infrastructure funding program established in Minnesota Statutes, section 446A.071, to be implemented without the need for rules. The report must include a description of capital expenditures expected to be needed for wastewater treatment projects during fiscal years 1997 and 1998.

Sec. 141. [REPEALER.]

(a) Minnesota Statutes 1994, sections 97B.301, subdivision 5; 115B.26, subdivision 1; 239.791, subdivisions 4, 5, 6, and 9; 325E.0951, subdivision 5; and Laws 1993, chapter 172, section 10, are repealed.

(b) Sections 78 to 87 are repealed.

(d) Minnesota Statutes 1994, sections 41A.09, subdivisions 2, 3, and 5; 97A.531, subdivisions 2, 3, 4, 5, and 6; and 296.02, subdivision 7, are repealed.

Sec. 142. [EFFECTIVE DATES.]

Sections 2, 5, 7, 20, 42, 44 to 49, 56, 57, 101, 102, 117, and 141, paragraph (d), are effective the day following final enactment.

CONFERENCE COMMITTEE REPORT ON H.F. NO. 96

A bill for an act relating to insurance; health plans; prohibiting provisions that grant the health carrier a subrogation right, except where the covered person has been fully compensated from another source; proposing coding for new law in Minnesota Statutes, chapter 62A.

May 17, 1995

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 96, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendment and that H.F. No. 96 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [62A.095] [SUBROGATION CLAUSES REGULATED.]

Subdivision 1. [APPLICABILITY.] No health plan shall be offered, sold, or issued to a resident of this state, or to cover a resident of this state, unless the health plan complies with subdivision 2.

Subd. 2. [SUBROGATION CLAUSE; LIMITS.] No health plan described in subdivision 1 shall contain a subrogation, reimbursement, or similar clause that provides subrogation, reimbursement, or similar rights to the health carrier issuing the health plan, unless:

(1) the clause provides that it applies only after the covered person has received a full recovery from another source; and

(2) the clause provides that the health carrier's subrogation right is subject to subtraction for actual monies paid to account for the pro rata share of the covered person's costs, disbursements, and reasonable attorney fees, and other expenses incurred in obtaining the recovery from another source unless the health carrier is separately represented by an attorney.

If the health carrier is separately represented by an attorney, the health carrier and the covered person, by their attorneys, may enter into an agreement regarding allocation of the covered person's costs, disbursements, and reasonable attorney fees and other expenses. If the health carrier and covered person cannot reach agreement on allocation, the health carrier and covered person shall submit the matter to binding arbitration.

Nothing in this section shall limit a health carrier's right to recovery from another source which may otherwise exist at law.

For the purposes of this section, full recovery does not include payments made by a health plan to or for the benefit of a covered person.

Subd. 3. [RETROACTIVE AMENDMENTS REGULATED.] No addition of, or amendment of, a subrogation, reimbursement, or similar clause in a health plan shall be applied to the disadvantage of a covered person with respect to benefits provided by the health carrier in connection with an injury, illness, condition, or other covered situation that originated prior to the addition of or amendment to the clause.

Sec. 2. [62A.096] [NOTICE OF SUBROGATION CLAIM REQUIRED.]

A person covered by a health carrier who makes a claim against a collateral source for damages that include repayment for medical and medically-related expenses incurred for the covered person's benefit shall provide timely notice, in writing, to the health carrier of the pending or potential claim. Notwithstanding any other law to the contrary, the statute of limitations applicable to the rights with respect to reimbursement or subrogation by the health carrier against the covered person does not commence to run until the notice has been given.

Sec. 3. [EFFECTIVE DATE.]

Sections 1 and 2 are effective January 1, 1996, and apply to plans in effect on that date and plans offered, sold, or issued on or after that date."

Delete the title and insert:

"A bill for an act relating to insurance; health plans; prohibiting provisions that grant the health carrier a subrogation right, except where the covered person has been fully compensated from another source; proposing coding for new law in Minnesota Statutes, chapter 62A."

We request adoption of this report and repassage of the bill.
