May 18, 1995

The Honorable Allan H. Spear
President of the Senate

Dear President Spear:

I have vetoed and am returning Chapter 173, Senate File 375/House File 248, a bill relating to generating electric energy. Chapter 173 would add closed system pumped hydropower to the list of preferred energy sources and include it as a qualified hydroelectric facility, thereby making it eligible for subsidy.

This proposal would recognize closed system pumped hydropower as a source of electric power that is energy conscious and environmentally sound. Closed system pumped hydropower, however, is neither. It is a means of generating electricity that consumes more energy than it produces and clearly does not rank among the energy alternatives that we have encouraged the public and private sectors to develop.

In the 1994 legislative session we created a subsidy of 1.5 cents per kilowatt hour as an incentive

to generate electricity using hydropower at existing dam sites. The amendments in this chapter may result in subsidy payments from the state's general fund to closed system pumped hydropower producers of nearly $5 million per year, beginning in fiscal year 1998. I will not extend any subsidy to closed system pumped hydropower producers given its energy negative characteristic.

Furthermore, I am concerned that the legislature has passed a provision such as this without accounting for the potential cost to the state in the next biennium or without even a hearing by both appropriate finance committees. Off budget open appropriations of this nature are precisely what have contributed to the current federal budget crisis. The taxpayers of Minnesota deserve greater financial responsibility.

Warmest regards,
Arne H. Carlson, Governor

Mr. Moe, R.D. moved that S.F. No. 375 and the veto message thereon be laid on the table. The motion prevailed.

Subd. 2. [GOVERNANCE OF CONSOLIDATED VOLUNTEER FIREFIGHTERS RELIEF ASSOCIATION.] (a) Notwithstanding Minnesota Statutes, section 424A.04, subdivision 1, the consolidated volunteer firefighters relief association is governed by a board of trustees consisting of nine members, as provided in the bylaws of the consolidated relief association, composed of:

(1) six firefighters in the joint fire department elected by the membership of the consolidated relief association; and

(2) three appointed members, including the fire chief of the joint fire department, one member appointed by the city council of the city of New Hope, and one member appointed by the city council of the city of Crystal.

(b) The board must have three officers, including a president, a secretary, and a treasurer. A board of trustees member may not hold more than one officer position at the same time.

Subd. 3. [SPECIAL AND GENERAL FUNDS.] (a) The consolidated volunteer firefighters relief association must establish and maintain a special fund and may establish and maintain a general fund.

(b) The special fund must be established and maintained as provided in Minnesota Statutes, section 424A.05.

(c) The general fund must be established and maintained as provided in Minnesota Statutes, section 424A.06.

Sec. 3. [CONSOLIDATION OF FORMER RELIEF ASSOCIATIONS.]

Subdivision 1. [EFFECTIVE DATE OF CONSOLIDATION.] On the first business day occurring 30 days after the establishment of the consolidated volunteer firefighters relief association under section 2, which is the effective date of consolidation, the administration, records, assets, and liabilities of the prior Crystal volunteer firefighters relief association and of the prior New Hope volunteer firefighters relief association transfer to the consolidated volunteer firefighters relief association and the Crystal volunteer firefighters relief association and the New Hope volunteer firefighters relief association cease to exist as legal entities.

Subd. 2. [TRANSFER OF ADMINISTRATION.] On the effective date of consolidation, the administration of the prior relief associations is transferred to the board of trustees of the consolidated volunteer firefighters relief association.

Subd. 3. [TRANSFER OF RECORDS.] On the effective date of consolidation, the secretary and the treasurer of the Crystal volunteer firefighters relief association and the secretary and the treasurer of the New Hope volunteer firefighters relief association shall transfer all records and documents relating to the prior relief associations to the secretary and the treasurer of the consolidated volunteer firefighters relief association.

Subd. 4. [TRANSFER OF SPECIAL FUND ASSETS AND LIABILITIES.] (a) On the effective date of consolidation, the secretary and the treasurer of the Crystal volunteer firefighters relief association and the secretary and the treasurer of the New Hope volunteer firefighters relief association shall cause to occur the transfer of the assets of the special fund of the applicable relief association to the special fund of the consolidated relief association. Unless the applicable secretary and treasurer decide otherwise, the assets may be transferred as investment securities rather than as cash. The transfer must include any accounts receivable. The applicable secretary shall settle any accounts payable from the special fund of the relief association before the effective date of consolidation.

(b) Upon the transfer of the assets of the special fund of a prior relief association, the pension liabilities of that special fund become the obligation of the special fund of the consolidated volunteer firefighters relief association.

(c) Upon the transfer of the prior relief association special fund assets, the board of trustees of the consolidated volunteer firefighters relief association has legal title to and management responsibility for the transferred assets as trustees for persons having a beneficial interest in those assets arising out of the benefit coverage provided by the prior relief association.

(d) The consolidated volunteer firefighters relief association is the successor in interest for all claims for and against the special funds of the prior Crystal volunteer firefighters relief association and the prior New Hope volunteer firefighters relief association, or the cities of Crystal and New Hope with respect to the special funds of the prior relief associations. The status of successor in interest does not apply to any claim against a prior relief association, the city in which that relief association is located, or any person connected with the prior relief association or the city, based on any act or acts that were not done in good faith and that constituted a breach of fiduciary responsibility under common law or Minnesota Statutes, chapter 356A.

Subd. 5. [DISSOLUTION OF PRIOR GENERAL FUND BALANCES.] Before the effective date of consolidation, the secretary of the Crystal volunteer firefighters relief association and the secretary of the New Hope volunteer firefighters relief association shall settle any accounts payable from the respective general fund or any other relief association fund in addition to the relief association special fund. Before consolidation, the respective relief associations shall pay all applicable general fund expenses from their respective general funds and any balance remaining in the general fund or in a fund other than the relief association special fund as of the effective date of consolidation must be paid to the new general fund of the consolidated volunteer relief association.

Subd. 6. [TERMINATION OF PRIOR RELIEF ASSOCIATIONS.] Following the transfer of administration, records, special fund assets, and special fund liabilities from the prior relief

(1) Minnesota secretary of state;

(2) Minnesota state auditor;

(3) Minnesota commissioner of revenue; and

(4) commissioner of the federal Internal Revenue Service.

Sec. 4. [EFFECT ON PREVIOUS BENEFIT PLAN COVERAGE.]

Subdivision 1. [BENEFIT COVERAGE FOR CURRENT RETIRED MEMBERS.] (a) A person who is receiving a monthly service pension, a monthly disability benefit, or a monthly survivorship benefit from the Crystal volunteer firefighters relief association or from the New Hope volunteer firefighters relief association on the effective date of consolidation is entitled to a continuation of that pension or benefit, including any death benefit or monthly survivorship benefit provided for in the benefit plan document of the applicable prior relief association in effect on the day before the effective date of the consolidation, from the consolidated volunteer firefighters relief association. Unless paragraph (b) applies, the amount of the pension or benefit payable after the effective date of consolidation must be identical to the amount payable before the effective date of consolidation. The pension or benefit payable after the effective date of consolidation is subject to the same terms, conditions, and qualifications as were in effect before the effective date of consolidation.

(b) If the board of trustees of the consolidated volunteer firefighters relief association establishes the option, a pension or benefit recipient to whom paragraph (a) applies is entitled to elect an alternative pension or benefit amount as offered by the relief association board. To provide this alternative pension or benefit, the relief association board may arrange for a lump-sum payment or the purchase of an annuity contract for the pension or benefit recipient in place of a direct payment from the relief association to the person. The annuity contract may be purchased only from an insurance company that is licensed to do business in this state, regularly undertakes life insurance and annuity business, and is rated by a recognized national rating agency or organization as being among the top 25 percent of all insurance companies undertaking life insurance and annuity business. The alternative pension or benefit payable monthly may be in an amount greater than the pension or benefit payable before the effective date of consolidation, but may not exceed the maximum service pension or benefit payable under Minnesota Statutes, chapter 424A. In electing the alternative pension or benefit payable under an annuity contract from a qualified insurance company, the affected person must waive in writing the person's eligibility and entitlement to any direct future pension or benefit payments from the consolidated volunteer firefighters relief association.

Subd. 2. [BENEFIT COVERAGE FOR CURRENT DEFERRED MEMBERS.] (a) A person who is not an active member of the Crystal volunteer firefighters relief association or an active member of the New Hope volunteer firefighters relief association but who has sufficient service credit with one of the relief associations to be entitled to a future service pension from the appropriate relief association remains entitled to the receipt of that service pension, upon application, when the person attains at least the minimum age for receipt of a service pension unless the person elects an alternative service pension under paragraph (b). A deferred member may transfer the member's current service pension to a member's individual account established under subdivision 3, paragraph (c), subject to the same conditions of individual accounts for active members, and remain entitled to receipt of a service pension when the member reaches the normal retirement age.

(b) If the board of trustees of the consolidated volunteer firefighters relief association establishes the option for benefit recipients under subdivision 1, the deferred service pensioner described in paragraph (a) may elect the same alternative service pension as established under

subdivision 1, paragraph (b), except that the deferred service pensioner may not receive the alternative service pension at an age younger than the normal retirement age in effect for the prior applicable relief association.

Subd. 3. [BENEFIT COVERAGE FOR NEW FIREFIGHTERS AND CURRENT VESTED AND NONVESTED ACTIVE MEMBERS.] (a) The benefit coverage for persons who become firefighters for the joint fire department for the first time after the effective date of consolidation and for persons who are active members of the consolidated volunteer firefighters relief association as of the effective date of consolidation is a defined contribution plan governed under this subdivision and Minnesota Statutes, section 424A.02, subdivision 4.

(b) For an active member of the consolidated volunteer firefighters relief association as of the effective date of consolidation, that member's prior service as a firefighter in the prior Crystal fire department or the prior New Hope fire department must be converted into a dollar accumulation by multiplying each full year of prior service as a firefighter in the prior fire department of Crystal or the prior fire department of New Hope by not less than $3,000. A member's prior service of a partial year will be converted into a dollar accumulation by prorating the full year of prior service yearly amount by the number of months served in the partial year. The total calculated dollar accumulation must be credited to the member's individual account established under paragraph (c).

(c) For each active member of the consolidated volunteer firefighters relief association covered by the defined contribution plan, an individual account must be established, as provided in Minnesota Statutes, section 424A.02, subdivision 4, with an initial balance based on the conversion accumulation determined under paragraph (b), if applicable. Notwithstanding Minnesota Statutes, section 424A.02, subdivision 4, the amount of fire state aid and the amount of regular municipal contributions must be credited to individual active firefighter accounts as specified in section 6, subdivision 4.

Sec. 5. [ACTUARIAL VALUATIONS REQUIRED.]

(a) Unless all benefit recipients and deferred service pensioners elect alternative pensions or benefits under section 4, subdivisions 1, paragraph (b); and 2, paragraph (b), a special actuarial valuation of the consolidated volunteer firefighters relief association must be prepared as soon as practicable following the benefit selection under section 4, subdivision 1. The actuarial valuation must be prepared under the applicable provisions of Minnesota Statutes, sections 356.215 and 356.216.

(b) Subsequent actuarial valuations must be prepared as required under Minnesota Statutes, section 69.773, subdivisions 2 and 3, if any person is entitled or is reasonably anticipated to be entitled to a direct future monthly benefit from the consolidated relief association.

Sec. 6. [ANNUAL RELIEF ASSOCIATION FUNDING.]

Subdivision 1. [SOURCES.] In addition to investment income earned by the special fund, the sources of the annual funding of the consolidated volunteer firefighters relief association are the fire state aid received by the city of Crystal, the fire state aid received by the city of New Hope, the regular municipal contribution from the city of Crystal, and the regular municipal contribution from the city of New Hope.

Subd. 2. [FIRE STATE AID.] The fire state aid received by the city of Crystal and the fire state aid received by the city of New Hope must be deposited in the special fund of the consolidated volunteer firefighters relief association, for allocation as provided in subdivision 4.

Subd. 3. [REGULAR MUNICIPAL CONTRIBUTION.] (a) Annually, as part of the municipal budget setting process, the city council of the city of Crystal and the city council of the city of New Hope must jointly establish the amount of the regular municipal contribution by each city to the consolidated volunteer firefighters relief association.

(b) The regular municipal contribution in total must be at least equal to (1) the amount of the fire state aid received by the city of Crystal and the fire state aid received by the city of New Hope, plus (2) whatever additional amount is needed to equal the sum determined by multiplying

$1,811 by the total of the number of active firefighters who are members of the consolidated volunteer firefighters relief association.

(c) The established amount for each city must be included in the budget of the respective city, and, if not payable from a municipal revenue source other than the city's property tax levy or fire state aid, must be included in the property tax levy of the respective city. The regular municipal contribution must be allocated in the manner specified in subdivision 4.

(d) If a direct service pension or entitlement is payable under section 4, subdivision 1, paragraph (a); or subdivision 2, paragraph (a), to a retiree or deferred retiree, the applicable city remains responsible for any amount of service pension that is payable beyond the relief association assets allocated for the retiree or deferred retiree. Following any actuarial valuation of the consolidated relief association, if there is a net mortality loss attributable to the applicable city, the city shall make a contribution in addition to the regular municipal contribution under paragraphs (a) to (c) equal to the amount of that net mortality loss. The municipal contribution under this paragraph is payable on or before the last business day of the month next following the completion of the actuarial valuation.

Subd. 4. [ALLOCATION OF FUNDING AMOUNTS.] (a) The annual fire state aid and the regular municipal contribution, after deduction for payment of administrative expenses as specified in subdivision 5, must be allocated to individual active firefighter accounts based on the level of firefighting services rendered by the individual active firefighter as stated in the bylaws of the consolidated volunteer firefighters relief association.

(b) Investment income earned by the special fund of the consolidated relief association must be allocated to each individual account based on the proportion of the total assets of the special fund represented by the account.

Subd. 5. [PAYMENT OF RELIEF ASSOCIATION ADMINISTRATIVE EXPENSES.] (a) The payment of authorized administrative expenses of the consolidated volunteer firefighters relief association shall be from the special fund of the relief association according to Minnesota Statutes, section 69.80, and as provided for in the bylaws of the consolidated relief association and approved by the board of trustees of the consolidated relief association. The allocation of these administrative expenses to the individual member accounts must occur as provided in the bylaws of the consolidated relief association.

(b) The payment of any other expenses of the consolidated relief association shall be from the general fund of the consolidated relief association according to Minnesota Statutes, section 69.80, and as provided for in the bylaws of the consolidated relief association and approved by the board of trustees of the consolidated relief association.

Sec. 7. [VALIDATION OF CURRENT BENEFIT PLANS AND PRIOR ACTIONS.]

Any acts previously taken by the Crystal volunteer firefighters relief association and by the New Hope volunteer firefighters relief association with those ratified articles of incorporation and bylaws are also ratified and validated.

Sec. 8. [REPEALER OF PRIOR SPECIAL LAWS.]

Sec. 9. [EFFECTIVE DATE.]

(2) sufficient assets, net worth, and liquidity in the group's common claims fund to promptly and completely meet all obligations of its members under this chapter or chapter 176.

Subd. 5. [RATES.] (a) The group may not vary its rating practices from the rating plan most recently approved for use by the commissioner. The group may replace its rating plan with another upon approval by the commissioner. The group may change its rating plan no more than once per year.

(b) A rating plan must indicate the method by which premiums are to be charged to members including manual rates to be used for each relevant payroll classification code. The rating plan must be reviewed by an actuary and include an analysis of the actuarial soundness of the plan and the effect of the plan on fund solvency and liquidity. Premium volume discounts and a schedule rating plan are permitted if they can be shown to be actuarially sound and a description of how they will be used is included with the application.

(c) In developing its rating plan, the mutual self-insurance group shall base its plan on the Minnesota workers' compensation insurers association's manual of rules, rates, and classifications approved for use in Minnesota by the commissioner.

Subd. 6. [NEW MEMBERSHIP.] (a) The mutual self-insurance group shall file with the commissioner the name of any new employer that has been accepted in the group prior to the initiation date of membership along with the member's signed indemnity agreement and evidence the member has deposited sufficient premiums with the group as required by the group's bylaws or plan of operation. The security deposit of the group must be increased to an amount equal to 50 percent of the new member's premium.

(b) An employer must belong to the group for at least one year. If a member voluntarily terminates its membership in a group during the second or third year of membership, the group shall assess the member at least the following penalties: 25 percent of the premium due from that member for that year if termination occurs within the second year of membership, and 15 percent of the premium due from that member for that year if termination occurs within the third year. No penalty is required if an employer's withdrawal is due to merger, dissolution, sale of the company, or change in the type of business. Following the completion of three consecutive years of membership in the group, withdrawal from the group is allowed without penalty, provided that 30 days' advance written notice is given to the board of directors of the group, and the group's plan of operation or bylaws allow withdrawal without a penalty. Any penalty assessed pursuant to this subdivision shall be paid to the common claims fund.

Subd. 7. [WITHDRAWAL OR EXPULSION.] Upon receipt of any notice of a member to withdraw or a decision by the board of directors to expel a member, the group must give immediate notice to the commissioner. If the combined net worth or financial condition of the group members, excluding the terminating or expelled member, fails to meet the requirements specified in subdivision 4, the group must notify the commissioner within 15 days.

Subd. 8. [MUTUAL SELF-INSURANCE GROUP COMMON CLAIMS FUND.] (a) Each group shall establish a common claims fund.

(b) Each group shall, not less than ten days prior to the proposed effective date of the group, collect cash premiums from each member equal to not less than 20 percent of the member's annual workers' compensation premium to be paid into a common claims fund, maintained by the group in a designated depository. The remaining balance of the member's premium shall be paid to the group in a reasonable manner over the remainder of the year. Payments in subsequent years shall be made according to the schedule in the business plan, classifications, and rates approved for use by the commissioner.

(c) Each group shall initiate proceedings against a member when that member becomes more than 15 days delinquent in any payment of premium to the fund.

(d) Commingling of any assets of the common claims fund with the assets of any individual member or with any other account of the service company or fiscal agent unrelated to the payment of workers' compensation liabilities incurred by the group is prohibited.

Subd. 9. [FISCAL AGENT.] (a) The group shall designate a fiscal agent to administer the financial affairs of the fund. The fiscal agent shall furnish a fidelity bond issued by a licensed and admitted insurer, with the group as obligee, in an amount sufficient to protect the fund against the misappropriation or misuse of any money or securities. The fiscal agent shall not be an owner, officer, or employee of either the service company or an affiliate of the service company.

(b) All funds shall remain in the control of the group or its fiscal agent. One or more revolving funds for payment of compensation benefits due may be established for the use by the service company. The service company shall furnish a fidelity bond issued by a licensed and admitted insurer, covering its employees, with the group as obligee, in an amount sufficient to protect all money placed in the revolving fund. If the fidelity bond of the fiscal agent also covers the money in the revolving fund, the service company is not required to furnish a fidelity bond.

(c) No director, fiscal agent, or service company of the group shall utilize any of the money collected as premiums for any purpose unrelated to the operation of the group. No director, fiscal agent, or service company of the group shall borrow any money from the group's fund.

Subd. 10. [JOINT AND SEVERAL LIABILITY.] Each member of a group shall be jointly and severally liable for the obligations incurred by any member of the same group under chapter 176 for any fund year in which the member was a participant of the mutual self-insurance group.

Subd. 11. [ANNUAL AUDIT.] The accounts and records of the common claims fund must be audited annually. Audits must be made by an accountant, based on generally accepted accounting principles and generally accepted auditing standards, and supported by actuarial review and opinion of future contingent liabilities. The accountant must determine the amount of deficit or surplus of the common claims fund. All audits required by this section must be filed with the commissioner 120 days after the close of the fiscal year of the group. The commissioner may require a special audit to be made at other times if the financial stability of the fund or the adequacy of its reserves is in question.

Subd. 12. [INVESTMENTS.] (a) Any securities purchased by the common claims fund shall be in denominations and with dates of maturity to ensure securities may be redeemable at sufficient time and in sufficient amounts to meet the fund's current and long-term liabilities.

(b) Cash assets of the common claims fund may be invested in the following securities:

(1) direct obligations of the United States government, except mortgage-backed securities of the Government National Mortgage Association;

(2) bonds, notes, debentures, and other instruments which are obligations of agencies and instrumentalities of the United States including, but not limited to, the federal National Mortgage Association, the federal Home Loan Mortgage Corporation, the federal Home Loan Bank, the Student Loan Marketing Association, and the Farm Credit System, and their successors, but not including collateralized mortgage obligations or mortgage pass-through instruments;

(3) bonds or securities that are issued by the state of Minnesota and that are secured by the full faith and credit of the state;

(4) certificates of deposit which are insured by the federal Deposit Insurance Corporation and are issued by a Minnesota depository institution;

(5) obligations of, or instruments unconditionally guaranteed by, Minnesota depository institutions whose long-term debt rating is at least AA-, or Aa3, or their equivalent by at least two nationally recognized rating agencies.

Subd. 13. [ADMINISTRATION.] (a) The mutual self-insurance group must secure administrative services from a service company. Services provided by the service company must include claim handling, safety and loss control, and preparation of all required regulatory reports.

(b) The service company management must demonstrate it has experience with self-insured group administration and employs or has under contract claim adjustors with Minnesota specific workers' compensation claim handling experience.

(c) The service company retained by a group to administer workers' compensation claims shall estimate the total accrued liability of the group for the payment of compensation for the group's annual report to the commissioner and shall make the estimate both in good faith and with the exercise of a reasonable degree of care.

Subd. 14. [MARKETING AND COMMUNICATIONS.] A group's applications, coverage documents, quotations, and all marketing materials must prominently display information indicating that the group is a self-insured program, that members are jointly and severally liable for the obligations of the group, and that members will be assessed for any deficits created by the group.

Subd. 15. [REINSURANCE.] (a) A group must purchase specific excess coverage with the workers' compensation reinsurance association at the lower retention level for its first three years of operation. After that time it may select the higher retention level with prior notice given to and approval of the commissioner.

(b) The commissioner may require a group to purchase aggregate excess coverage. Any reinsurance or excess coverage purchased other than that of the workers' compensation reinsurance association must be secured with an insurance company or reinsurer licensed to underwrite that coverage in Minnesota and maintains at least an "A" rating with the A.M. Best rating organization.

Subd. 16. [DISBURSEMENT OF FUND SURPLUS.] (a) One hundred percent of any surplus money for a fund year in excess of 125 percent of the amount necessary to fulfill all obligations under the workers' compensation act, chapter 176, for that fund year may be declared refundable to a member at any time. The date shall be no earlier than 18 months following the end of that fund year. The first disbursement of fund surplus may not be made prior to the completion of an operational audit by the commissioner. There can be no more than one refund made in any 12-month period. When all the claims of any one fund year have been fully paid, as certified by an actuary, all surplus money from that fund year may be declared refundable.

(b) The group shall give notice to the commissioner of any refund. Notice shall be accompanied by a statement from the group's certified public accountant certifying that the proposed refund is in compliance with paragraph (a).

Subd. 17. [SATISFACTION OF FUND DEFICIT.] In the event of a deficit in any fund year, the deficit shall be paid up immediately, either from surplus from a fund year other than the current fund year, or by assessment of the membership. The commissioner shall be notified within ten days of any transfer of surplus funds. The commissioner, upon finding that a deficit in a fund year has not been satisfied by a transfer of surplus from another fund year, shall order an assessment to be levied on a proportionate basis against the members of the group during that fund year sufficient to make up any deficit.

Sec. 5. [79B.05] [MUTUAL SELF-INSURANCE GROUP REPORTING REQUIREMENTS.]

Subdivision 1. [REQUIRED REPORTS.] Each mutual self-insurance group shall submit to the commissioner:

(a) An annual report showing the incurred losses, paid and unpaid, specifying indemnity and medical losses by classification, payroll by classification, and current estimated undiscounted outstanding liability for workers' compensation on a calendar year basis, in a manner and on forms available from the commissioner. In addition each group will submit a quarterly interim loss report showing incurred losses for all its membership.

(b) Each group must submit on a quarterly basis a schedule showing all the members who participate in the group, their date of inception, and date of withdrawal, if applicable.

(c) Each group must submit, in a manner and on forms available from the commissioner, a report specifying the audited premium of the most recent fiscal year. The report must be accompanied by an expense schedule showing the group's operational costs for the same fiscal year including service company charges, accounting and actuarial fees, fund administration charges, reinsurance premiums, royalties, commissions, and any other costs associated with the administration of the group program.

(d) An officer of the group shall, under oath, attest to the accuracy of each report submitted under paragraphs (a), (b), and (c). Upon sufficient cause, the commissioner shall require the group to submit a certified audit of payroll and claim records conducted by an independent auditor approved by the commissioner, based on generally accepted accounting principles and generally accepted auditing standards, and supported by an actuarial review and opinion of the future contingent liabilities. The basis for sufficient cause includes the following factors:

(1) where the losses reported appear significantly different from similar types of groups;

(2) where major changes in the reports exist from year to year, which are not solely attributable to economic factors; or

(3) where the commissioner has reason to believe that the losses and payroll in the report do not accurately reflect the losses and payroll of the group.

If any discrepancy is found, the commissioner must require changes in the group's business plan or service company record keeping practices.

(e) Each group must submit a copy of the group's annual federal and state income tax returns or provide proof that it has received an exemption from such filings.

(f) With the annual loss report each group must report to the commissioner any worker's compensation claim from the previous year where the full, undiscounted value is estimated to exceed $50,000, in a manner and on forms prescribed by the commissioner.

(g) Each member of the group must, within four months after the end of each calendar year, submit to the group its most recent annual financial statement, compiled by an independent public accountant, together with other financial information the group may require.

(h) The group must submit an annual certified financial audit report of the group fund.

Subd. 2. [OPERATIONAL AUDIT.] (a) The commissioner, prior to authorizing surplus distribution of a group's first fund year or no later than after the third anniversary of the group's authority to self-insure, shall conduct an operational audit of the group's claim handling and reserve practices as well as its underwriting procedures to determine if they adhere to the group's business plan. The commissioner may select outside consultants to assist in conducting the audit. After completion of the audit, the commissioner shall either renew or revoke the group's authority to self-insure. The commissioner may also order any changes deemed necessary in the claims handling, reserving practices, or underwriting procedures of the group.

(b) The cost of the operational audit shall be borne by the mutual self-insurance group.

Subd. 3. [UNIT STATISTICAL REPORT.] Each group must annually file a unit statistical report to the Minnesota workers' compensation insurers association.

Sec. 6. [79B.06] [MUTUAL SELF-INSURANCE GROUP SECURITY DEPOSIT.]

Subdivision 1. [ANNUAL SECURING OF LIABILITY.] Each year every mutual self-insurance group must secure future incurred liabilities for the payment of compensation and the performance of the obligations of its membership imposed under chapter 176. A new deposit must be posted within 30 days of the filing of the group's annual actuarial report with the commissioner.

Subd. 2. [MINIMUM DEPOSIT.] The minimum deposit is 110 percent of the group's future incurred liabilities for the payment of compensation as determined by an actuary. Each actuarial study shall include a projection of future losses during a one-year period until the next scheduled actuarial study, less payments anticipated to be made during that time. Deduction must be made for the total amount which is estimated to be returned to the group from any specific excess insurance coverage, aggregate excess insurance coverage, and any supplementary benefits which are estimated to be reimbursed by the special compensation fund. Supplementary benefits may not be reimbursed by the special compensation fund unless the special compensation fund assessment pursuant to section 176.129 is paid and the required reports are filed with the special compensation fund. In the case of surety bonds, bonds shall secure administrative and legal costs in addition to the liability for payment of compensation reflected on the face of the bond. In no event shall the security be less than the group's selected retention limit of the workers' compensation reinsurance association. The posting or depositing of security under this section releases all previously posted or deposited security from any obligations under the posting or depositing and any surety bond released shall be returned to the surety. Any other security shall be returned to the depositor or the person posting the bond.

Subd. 3. [TYPE OF ACCEPTABLE SECURITY.] The commissioner may only accept as security, and the group shall deposit as security, cash, approved government securities as set forth in section 176.181, subdivision 2, surety bonds or irrevocable letters of credit in any combination. Interest or dividend income or other income generated by the security shall be paid to the group or, at the group's direction, applied to the group's security requirement. The current deposit shall include within its coverage all amounts covered by terminated surety bonds. As used in this section, an irrevocable letter of credit shall be accepted only if it is clean, irrevocable, and contains an evergreen clause.

(a) "Clean" means a letter of credit that is not conditioned on the delivery of any other documents or materials.

(b) "Irrevocable" means a letter of credit that cannot be modified or revoked without the consent of the beneficiary, once the beneficiary is established.

(c) "Evergreen clause" means one which specifically states that expiration of a letter of credit will not take place without a 60-day notice by the issuer and one which allows the issuer to conduct an annual review of the account party's financial condition. If prior notice of expiration is not given by the issuer, the letter of credit is automatically extended for one year.

A clean irrevocable letter of credit shall be accepted only if it is in the form prescribed by statute and is issued by a financial institution that is authorized to engage in banking in any of the 50 states or under the laws of the United States and whose business is substantially confined to banking and supervised by the state commissioner of commerce or banking or similar official, and which has a long-term debt rating by a recognized national rating agency of investment grade or better. If no long-term debt rating is available, the financial institution must have the equivalent investment grade financial characteristics.

Subd. 4. [CUSTODIAL ACCOUNTS.] (a) All surety bonds, irrevocable letters of credit, and documents showing issuance of any irrevocable letter of credit must be deposited with, and, except where specified by statute, in a form approved by the commissioner. All securities shall be deposited with the state treasurer or in a custodial account with a depository institution acceptable to the commissioner. The commissioner and the state treasurer may sell or collect the deposits, in the case of default of the group, the amounts that yield sufficient funds to pay workers' compensation due under chapter 176.

(b) All securities in physical form on deposit with the state treasurer and surety bonds on

deposit shall remain in the custody of the state treasurer or the commissioner for a period of time dictated by the applicable statute of limitations provided in chapter 176. All original instruments and contracts creating and governing custodial accounts shall remain with the state treasurer or the commissioner for the time dictated by the applicable statute of limitations in chapter 176.

(c) Securities in physical form deposited with the state treasurer must bear the following assignment, which must be signed by an officer of the group, "assigned to the state of Minnesota for the benefit of injured employees of the self-insured employer under the Minnesota workers' compensation act." Any securities held in a custodial account, whether in physical form, book entry, or other form, need not bear the assignment language: The instrument or contract creating and governing any custodial account must contain the following assignment language: "This account is assigned to the state treasurer by the mutual self-insurance group to pay compensation and perform the obligations of employers imposed under Minnesota Statutes, chapter 176. A depositor or other party has no right, title, or interest in the security deposited in the account until released by the state."

(d) Upon the commissioner sending a request to renew, request to post, or request to increase a security deposit, a perfected security interest is created in the group's assets in favor of the commissioner to the extent of any then unsecured portion of the group's incurred liabilities. The perfected security interest is transferred to any cash or securities thereafter posted by the group with the state treasurer and is released only upon either of the following:

(1) the acceptance by the commissioner of a surety bond or irrevocable letter of credit for the full amount of the incurred liabilities for the payment of compensation; or

(2) the return of cash or securities by the commissioner. The group loses all right, title, and interest in and any right to control assets or obligations posted or left on deposit as security. In the event of a declaration of bankruptcy or insolvency by a court of competent jurisdiction, or in the event iof the issuance of a certificate of default by the commissioner, the commissioner shall liquidate the deposit as provided in this chapter, and transfer to the mutual self-insurance group security fund for application to the group's incurred liability.

(e) No securities in physical form on deposit with the state treasurer or the commissioner or custodial accounts assigned to the state shall be released or exchanged without an order from the commissioner. No security can be exchanged more than once every 90 days.

(f) Any securities deposited with the state treasurer or with a custodial account assigned to the state treasurer or letters of credit or surety bonds held by the commissioner may be exchanged or replaced by the depositor with any other acceptable securities or letters of credit or surety bond of like amount so long as the market value of the securities or amount of the surety bonds or letter of credit equals or exceeds the amount of the deposit required. If securities are replaced by surety bond, the mutual self-insurance group must maintain securities on deposit in an amount sufficient to meet all outstanding workers' compensation liability arising during the period covered by the deposit of the replaced securities.

(g) The commissioner shall return on an annual basis to the group all amounts of security determined by the commissioner to be in excess of the statutory requirements for the group to self-insure, including that necessary for administrative costs, legal fees, and the payment of any future workers' compensation claims.

Sec. 7. [79B.07] [DEFAULT OF A MUTUAL SELF-INSURANCE GROUP.]

Subdivision 1. [NOTICE OF INSOLVENCY, BANKRUPTCY, OR DEFAULT.] The commissioner of labor and industry shall notify the commissioner and the mutual self-insurance group security fund if the commissioner of labor and industry has knowledge that any mutual self-insurance group has failed to pay workers' compensation benefits as required by chapter 176. If the commissioner determines that a court of competent jurisdiction has declared the group to be bankrupt or insolvent and the group has failed to pay workers' compensation as required by chapter 176 or if the commissioner issues a certificate of default against a group for failure to pay workers' compensation as required by chapter 176, then the security deposit posted by the group must be utilized to administer and pay the group's workers' compensation obligation.

Subd. 2. [REVOCATION OF CERTIFICATE TO SELF-INSURE.] (a) The commissioner shall revoke the group's certificate to self-insure once notified of the group's bankruptcy, insolvency, or upon issuance of a certificate of default. The revocation shall be completed as soon as practicable, but no later than 30 days after the group's security has been called.

(b) The commissioner shall also revoke a group's authority to self-insure on the following grounds:

(1) failure to comply with any lawful order of the commissioner;

(2) failure to comply with any provision of chapter 176;

(3) a deterioration of the group's financial condition affecting its ability to pay obligations in chapter 176;

(4) committing an unfair or deceptive act or practice as defined in section 72A.20; or

(5) failure to abide by the plan of operation of the workers' compensation reinsurance association.

Subd. 3. [NOTICE BY THE COMMISSIONER.] In the event of bankruptcy, insolvency, or certificate of default, the commissioner shall immediately notify by certified mail the state treasurer, the surety, the issuer of an irrevocable letter of credit, and any custodian of the security. At the time of notification, the commissioner shall also call the security and transfer and assign it to the mutual self-insurance group security fund. The commissioner shall also notify by certified mail the mutual self-insurance group's security fund and order the security fund to assume the insolvent group's obligations for which it is liable under chapter 176.

Sec. 8. [79B.08] [MUTUAL SELF-INSURANCE GROUP SECURITY FUND.]

Subdivision 1. [CREATION.] The mutual self-insurance group security fund is established as a nonprofit corporation pursuant to the Minnesota nonprofit corporation act, sections 317A.001 to 317A.909. If any provision of the Minnesota nonprofit corporation act conflicts with any provision of this chapter, the provisions of this chapter apply. Each self-insurance group that elects to be subject to the terms of this statute rather than chapter 79A shall participate in the mutual self-insurance group security fund. This participation shall be a condition of maintaining its certificate to self-insure.

Subd. 2. [BOARD OF TRUSTEES.] The security fund shall be governed by a board consisting of a minimum of three and maximum of five trustees. The trustees shall be representatives of mutual self-insurance groups elected by the participants of the security fund, each group having one vote. The trustees initially elected by the participants shall serve staggered terms of either two or three years. Thereafter, trustees shall be elected to three-year terms and shall serve until their successors are elected and assume office pursuant to the bylaws of the security fund. Two additional trustees shall be appointed by the commissioner. These trustees shall serve four-year terms. One of these trustees shall serve a two-year term. Thereafter, the trustees shall be appointed to four-year terms, and shall serve until their successors are appointed and assume office according to the bylaws of the security fund. In addition to the trustees elected by the participants or appointed by the commissioner, the commissioner of labor and industry or the commissioner's designee is an ex officio, nonvoting member of the board of trustees. A member of the board of trustees may designate another person to act in the member's place as though the member were acting and the designee's actions shall be deemed those of the member.

Subd. 3. [BYLAWS.] The security fund must establish bylaws and a plan of operation, subject to the prior approval of the commissioner, necessary to the purposes of this chapter and to carry out the responsibilities of the security fund. The security fund may carry out its responsibilities directly or by contract, and may purchase services and insurance and borrow funds necessary for the protection of the mutual self-insurance group participants and their employees.

Subd. 4. [CONFIDENTIAL INFORMATION.] The security fund may receive private data concerning the financial condition of mutual self-insurance groups whose liabilities to pay compensation have become its responsibility and shall adopt bylaws to prevent dissemination of that information.

Subd. 5. [EMPLOYEES.] Security fund employees are not state employees and are not subject to any state civil service regulations.

Subd. 6. [ASSUMPTION OF OBLIGATIONS.] Upon order of the commissioner under section 79B.07, subdivision 3, the security fund shall assume the workers' compensation obligations of an insolvent group. The commissioner must order the mutual self-insurance group security fund to commence payment of these obligations within 14 days of the receipt of the order.

Subd. 7. [ACT OR OMISSIONS; PENALTIES.] Notwithstanding subdivision 6, the security fund shall not be liable for the payment of any penalties assessed for any act or omission on the part of any person other than the security fund or its appointed administrator, including, but not limited to, the penalties provided in chapter 176 unless the security fund or its appointed administrator would be subject to penalties under chapter 176 as the result of the actions of the security fund or its administrator.

Subd. 8. [PARTY IN INTEREST.] The security fund shall be a party in interest in all proceedings involving compensation claims against an insolvent mutual self-insurance group whose compensation obligations have been paid or assumed by the security fund. The security fund shall have the same rights and defenses as the insolvent mutual self-insurance group, including, but not limited to, all of the following:

(1) to appear, defend, and appeal claims;

(2) to receive notice of, investigate, adjust, compromise, settle, and pay claims; and

(3) to investigate, handle, and deny claims.

Subd. 9. [PAYMENTS TO SECURITY FUND.] Notwithstanding anything in this chapter or chapter 176 to the contrary, if the mutual self-insurance group security fund assumes the obligations of any bankrupt or insolvent mutual self-insurance group pursuant to this section, then the proceeds of any surety bond, workers' compensation reinsurance association, specific excess insurance or aggregate excess insurance policy, and any special compensation fund payment or supplementary benefit reimbursements shall be paid to the mutual self-insurance group security fund instead of the bankrupt or insolvent group or its successor in interest. No special compensation fund reimbursements shall be made to the security fund unless the special compensation fund assessments under section 176.129 are paid and the required reports are made to the special compensation fund.

Subd. 10. [INSOLVENT MUTUAL SELF-INSURANCE GROUP.] The security fund must obtain reimbursement from an insolvent mutual self-insurance group up to the amount of the group's workers' compensation obligations paid and assumed by the security fund, including reasonable administrative and legal costs. This right includes, but is not limited to, a right to claim for wages and other necessities of life advanced to claimants as subrogee of the claimants in any action to collect against the mutual self-insurance group as debtor.

Subd. 11. [SECURITY DEPOSITS.] The security fund must obtain from the security deposit of an insolvent group the amount of the group's compensation obligations, including reasonable administrative and legal costs, paid or assumed by the security fund. Reimbursement of administrative costs, including legal costs, is subject to approval by a majority of the security fund's voting trustees. The security fund shall be a party in interest in any action to obtain the security deposit for the payment of compensation obligations of an insolvent group.

Subd. 12. [LEGAL ACTIONS.] The security fund may bring an action against any person or entity to recover compensation paid and liability assumed by the security fund, including, but not limited to, any excess insurance carrier of the insolvent group and any person or entity whose negligence or breach of an obligation contributed to any underestimation of the group's accrued liability as reported to the commissioner.

Subd. 13. [PARTY IN INTEREST.] The security fund may be a party in interest in any action brought by any other person seeking damages resulting from the failure of an insolvent mutual self-insurance group to pay workers' compensation required under this subdivision.

Subd. 14. [ASSETS MAINTAINED.] The security fund shall maintain cash, readily

marketable securities, or other assets, or a line of credit, approved by the commissioner, sufficient to immediately continue the payment of the compensation obligations of an insolvent group pending receipt of the security deposit, surety bond proceeds, irrevocable letter of credit, or, if necessary, assessment of the participants. The commissioner may establish the minimum amount to be maintained by, or immediately available to, the security fund for this purpose.

Subd. 15. [ASSESSMENT.] The security fund may assess each of its participants a pro rata share of the funding necessary to carry out its obligation and the purposes of this chapter. Total annual assessments in any calendar year shall be a percentage of the workers' compensation benefits paid under sections 176.101 and 176.111 during the previous calendar year. The annual assessment calculation shall not include supplementary benefits paid which will be reimbursed by the special compensation fund. Funds obtained by assessments under this subdivision may only be used for the purposes of this chapter. The trustees shall certify to the commissioner the collection and receipt of all money from assessments, noting any delinquencies. The trustees shall take any action deemed appropriate to collect any delinquent assessments.

Subd. 16. [AUDIT OF FUND.] The trustees shall annually contract for an independent certified audit of the financial activities of the fund. An annual report on the financial status of the mutual self-insurance group security fund must be submitted to the commissioner and to each group member.

The surety does, by these presents, undertake and agree that the obligation of this bond shall cover and extend to all past, present, existing, and potential liability of said principal, as a self-insurer, to the extent of the penal sum herein named without regard to specific injuries, date or dates of injuries, happenings or events.

3. The penal sum of this bond may be increased or decreased, by agreement between the parties hereto and the commissioner of commerce, without impairing the obligation incurred under this bond for the overall coverage of the said principal, for all past, present, existing, and potential liability, as a self-insurer, without regard to specific injuries, date or dates of injuries, happenings or events, to the extent, in the aggregate, of the penal sum as increased or decreased. Such amendment must be by endorsement.

4. The aggregate liability of the surety hereunder on all claims whatsoever shall not exceed the penal sum of this bond in any event.

5. This bond shall be continuous in form and shall remain in full force and effect unless terminated as follows:

(a) The obligation of this bond shall terminate upon written notice of cancellation from the surety, given by registered or certified mail to the commissioner of commerce, state of Minnesota, save and except as to all past, present, existing, and potential liability of the principal incurred, including obligations resulting from claims which are incurred but not yet reported, as a self-insurer prior to effective date of termination. This termination is effective 60 days after receipt of notice of cancellation by the commissioner of commerce, state of Minnesota.

(b) This bond shall also terminate upon the revocation of the certificate to self-insure, save and except as to all past, present, existing, and potential liability of the principal incurred, including obligations resulting from claims which are incurred, but not yet reported, as a self-insurer prior to effective date of termination. The principal and the surety, herein named, shall be immediately notified in writing by said commissioner, in the event of such revocation.

6. Where the principal posts with the commissioner of commerce, state of Minnesota, or the state treasurer, state of Minnesota, a replacement security deposit, in the form of a surety bond, irrevocable letter of credit, cash, securities, or any combination thereof, in the full amount as may be required by the commissioner of commerce, state of Minnesota, to secure all incurred liabilities for the payment of compensation of said principal under Minnesota Statutes, chapter 176, the surety is released from obligations under the surety bond upon the date of acceptance by the commissioner of commerce, state of Minnesota, of said replacement security deposit.

7. If the said principal shall suspend payment of workers' compensation benefits or shall become insolvent or a receiver shall be appointed for its business, or the commissioner of commerce, state of Minnesota, issues a certificate of default, the undersigned surety will become liable for the workers' compensation obligations of the principal on the date benefits are suspended. The surety shall begin payments within 14 days under paragraph 8, or 30 days under paragraph 10, after receipt of written notification by certified mail from the commissioner of commerce, state of Minnesota, to begin payments under the terms of this bond.

8. If the surety exercises its option to administer claims, it shall pay benefits due to the principal's injured workers within 14 days of the receipt of the notification by the commissioner of commerce, state of Minnesota, pursuant to paragraph 7, without a formal award of a compensation judge, the commissioner of labor and industry, any intermediate appellate court, or the Minnesota supreme court and such payment will be a charge against the penal sum of the bond. Administrative and legal costs incurred by the surety in discharging its obligations and payment of the principal's obligations for administration and legal expenses under Minnesota Statutes, chapters 79B and 176 shall also be a charge against the penal sum of the bond; however, the total amount of this surety bond set aside for the payment of said administrative and legal expenses shall be limited to a maximum ten percent of the total penal sum of the bond unless otherwise authorized by the security fund.

9. If any part or provision of this bond shall be declared unenforceable or held to be invalid by a court of proper jurisdiction, such determination shall not affect the validity or enforceability of the other provisions or parts of this bond.

10. If the surety does not give notice to the security fund and the commissioner of commerce, state of Minnesota, within two business days of receipt of written notification from the commissioner of commerce, state of Minnesota, pursuant to paragraph 7, to exercise its option to administer claims pursuant to paragraph 8, then the self-insurer's security fund will assume the payments of the workers' compensation obligations of the principal pursuant to Minnesota Statutes, chapter 176. The surety shall pay, within 30 days of the receipt of the notification by the commissioner of commerce, state of Minnesota, pursuant to paragraph 7, to the self-insurer's security fund as an initial deposit an amount equal to ten percent of the penal sum of the bond, and shall thereafter, upon notification from the security fund that the balance of the initial deposit had fallen to one percent of the penal sum of the bond, remit to the security fund an amount equal to the payments made by the security fund in the three calendar months immediately preceding said notification. All such payments will be a charge against the penal sum of the bond.

11. Disputes concerning the posting, renewal, termination, exoneration, or return of all or any portion of the principal's security deposit or any liability arising out of the posting or failure to post security, or the adequacy of the security or the reasonableness of administrative costs, including legal costs, arising between or among a surety, the issuer of an agreement of assumption and guarantee of workers' compensation liabilities, the issuer of a Letter of Credit, any custodian of the security deposit, the principal, or the self-insurer's security fund shall be resolved by the commissioner of commerce under Minnesota Statutes, chapters 79B and 176.

WORKERS' COMPENSATION REINSURANCE ASSOCIATION

Section 1. Minnesota Statutes 1994, section 79.34, subdivision 2, is amended to read:

Subd. 2. [LOSSES; RETENTION LIMITS.] The reinsurance association shall provide and each member shall accept indemnification for 100 percent of the amount of ultimate loss sustained in each loss occurrence relating to one or more claims arising out of a single compensable event, including aggregate losses related to a single event or occurrence which constitutes a single loss occurrence, under chapter 176 on and after October 1, 1979, in excess of ~~$300,000 or $100,000~~ a low, a high, or a super retention limit, at the option of the member. In case of occupational disease causing disablement on and after October 1, 1979, each person suffering disablement due to occupational disease is considered to be involved in a separate loss occurrence. ~~The lower retention limit shall be increased to the nearest $10,000, on January 1, 1982 and on each January 1 thereafter by the percentage increase in the statewide average weekly wage, as determined in accordance with section 176.011, subdivision 20. On January 1, 1982 and on each January 1 thereafter, the higher retention limit shall be increased by the amount necessary to retain a $200,000 difference between the two retention limits.~~ On January 1, 1995, the lower retention limit is $250,000, which shall also be known as the 1995 base retention limit. On each January 1 thereafter, the cumulative annual percentage changes in the statewide average weekly wage after October 1, 1994, as determined in accordance with section 176.011, subdivision 20, shall first be multiplied by the 1995 base retention limit, the result of which shall then be added to the 1995 base retention limit. The resulting figure shall be rounded to the nearest $10,000, yielding the low retention limit for that year, provided that the low retention limit shall not be reduced in any year. The high retention limit shall be two times the low retention limit and shall be adjusted when the low retention limit is adjusted. The super retention limit shall be four times the low retention limit and shall be adjusted when the low retention limit is adjusted. Ultimate loss as used in this section means the actual loss amount which a member is obligated to pay and which is paid by the member for workers' compensation benefits payable under chapter 176 and shall not include claim expenses, assessments, damages or penalties. For losses incurred on or after January 1, 1979, any amounts paid by a member pursuant to sections 176.183, 176.221, 176.225, and 176.82 shall not be included in ultimate loss and shall not be indemnified by the reinsurance association. A loss is incurred by the reinsurance association on the date on which the accident or other compensable event giving rise to the loss occurs, and a member is liable for a loss up to its retention limit in effect at the time that the loss was incurred, except that members which are determined by the reinsurance association to be controlled by or under common control with another member, and which are liable for claims from one or more employees entitled to compensation for a single

compensable event, including aggregate losses relating to a single loss occurrence, may aggregate their losses and obtain indemnification from the reinsurance association for the aggregate losses in excess of the ~~higher~~ highest retention limit selected by any of the members in effect at the time the loss was incurred. Each member is liable for payment of its ultimate loss and shall be entitled to indemnification from the reinsurance association for the ultimate loss in excess of the member's retention limit in effect at the time of the loss occurrence.

A member that chooses the ~~higher~~ high or super retention limit shall retain the liability for all losses below the ~~higher~~ chosen retention limit itself and shall not transfer the liability to any other entity or reinsure or otherwise contract for reimbursement or indemnification for losses below its retention limit, except in the following cases: (a) when the reinsurance or contract is with another member which, directly or indirectly, through one or more intermediaries, control or are controlled by or are under common control with the member; (b) when the reinsurance or contract provides for reimbursement or indemnification of a member if and only if the total of all claims which the member pays or incurs, but which are not reimbursable or subject to indemnification by the reinsurance association for a given period of time, exceeds a dollar value or percentage of premium written or earned and stated in the reinsurance agreement or contract; (c) when the reinsurance or contract is a pooling arrangement with other insurers where liability of the member to pay claims pursuant to chapter 176 is incidental to participation in the pool and not as a result of providing workers' compensation insurance to employers on a direct basis under chapter 176; (d) when the reinsurance or contract is limited to all the claims of a specific insured of a member which are reimbursed or indemnified by a reinsurer which, directly or indirectly, through one or more intermediaries, controls or is controlled by or is under common control with the insured of the member so long as any subsequent contract or reinsurance of the reinsurer relating to the claims of the insured of a member is not inconsistent with the bases of exception provided under clauses (a), (b) and (c); or (e) when the reinsurance or contract is limited to all claims of a specific self-insurer member which are reimbursed or indemnified by a reinsurer which, directly or indirectly, through one or more intermediaries, controls or is controlled by or is under common control with the self-insurer member so long as any subsequent contract or reinsurance of the reinsurer relating to the claims of the self-insurer member are not inconsistent with the bases for exception provided under clauses (a), (b) and (c).

Whenever it appears to the commissioner of labor and industry that any member that chooses the ~~higher~~ high or super retention limit has participated in the transfer of liability to any other entity or reinsured or otherwise contracted for reimbursement or indemnification of losses below its retention limit in a manner inconsistent with the bases for exception provided under clauses (a), (b), (c), (d), and (e), the commissioner may, after giving notice and an opportunity to be heard, order the member to pay to the state of Minnesota an amount not to exceed twice the difference between the reinsurance premium for the ~~higher and lower~~ high or super retention limit, as appropriate, and the low retention limit applicable to the member for each year in which the prohibited reinsurance or contract was in effect. Any member subject to this penalty provision shall continue to be bound by its selection of the ~~higher~~ high or super retention limit for purposes of membership in the reinsurance association.

Sec. 2. Minnesota Statutes 1994, section 79.35, is amended to read:

79.35 [DUTIES; RESPONSIBILITIES; POWERS.]

The reinsurance association shall do the following on behalf of its members:

(a) Assume 100 percent of the liability as provided in section 79.34;

(b) Establish procedures by which members shall promptly report to the reinsurance association each claim which, on the basis of the injury sustained, may reasonably be anticipated to involve liability to the reinsurance association if the member is held liable under chapter 176. Solely for the purpose of reporting claims, the member shall in all instances consider itself legally liable for the injury. The member shall advise the reinsurance association of subsequent developments likely to materially affect the interest of the reinsurance association in the claim;

(c) Maintain relevant loss and expense data relative to all liabilities of the reinsurance association and require each member to furnish statistics in connection with liabilities of the reinsurance association at the times and in the form and detail as may be required by the plan of operation;

(d) Calculate and charge to members a total premium sufficient to cover the expected liability which the reinsurance association will incur ~~in excess of the higher retention limit but less than the prefunded limit~~, together with incurred or estimated to be incurred operating and administrative expenses for the period to which this premium applies and actual claim payments to be made by members, during the period to which this premium applies, for claims in excess of the prefunded limit in effect at the time the loss was incurred. Each member shall be charged a premium established by the board as sufficient to cover the reinsurance association's incurred liabilities and expenses between the member's selected retention limit and the prefunded limit. The prefunded limit shall be ~~$2,500,000 on and after October 1, 1979, provided that the prefunded limit shall be increased on January 1, 1983 and on each January 1 thereafter by the percentage increase in the statewide average weekly wage, to the nearest $100,000, as determined in accordance with section 176.011, subdivision~~ 20 times the lower retention limit established in section 79.34, subdivision 2. Each member shall be charged a proportion of the total premium calculated for its selected retention limit in an amount equal to its proportion of the exposure base of all members during the period to which the reinsurance association premium will apply. The exposure base shall be determined by the board and is subject to the approval of the commissioner of labor and industry. In determining the exposure base, the board shall consider, among other things, equity, administrative convenience, records maintained by members, amenability to audit, and degree of risk refinement. ~~Each member exercising the lower retention option shall also be charged a premium established by the board as sufficient to cover incurred or estimated to be incurred claims for the liability the reinsurance association is likely to incur between the lower and higher retention limits for the period to which the premium applies.~~ Each member shall also be charged a premium determined by the board to equitably distribute excess or deficient premiums from previous periods including any excess or deficient premiums resulting from a retroactive change in the prefunded limit. The premiums charged to members shall not be unfairly discriminatory as defined in section 79.074. All premiums shall be approved by the commissioner of labor and industry;

(e) Require and accept the payment of premiums from members of the reinsurance association;

(f) Receive and distribute all sums required by the operation of the reinsurance association;

(g) Establish procedures for reviewing claims procedures and practices of members of the reinsurance association. If the claims procedures or practices of a member are considered inadequate to properly service the liabilities of the reinsurance association, the reinsurance association may undertake, or may contract with another person, including another member, to adjust or assist in the adjustment of claims which create a potential liability to the association. The reinsurance association may charge the cost of the adjustment under this paragraph to the member, except that any penalties or interest incurred under sections 176.183, 176.221, 176.225, and 176.82 as a result of actions by the reinsurance association after it has undertaken adjustment of the claim shall not be charged to the member but shall be included in the ultimate loss and listed as a separate item; and

(h) Provide each member of the reinsurance association with an annual report of the operations of the reinsurance association in a form the board of directors may specify.

Sec. 3. [EXCESS SURPLUS; WORKERS' COMPENSATION REINSURANCE ASSOCIATION.]

The workers' compensation reinsurance association must, as soon as possible, amend its bylaws, contracts with members, and any other of its governing documents and agreements to implement Minnesota Statutes, section 79.361, governing the distribution of excess surplus of the association. The association must not make a declaration or distribution of excess surplus until it complies with this section. The association must make recommendations to the legislature by January 1, 1996, for any statutory changes necessary to effectuate the intent of Laws 1993, chapter 361.

Sec. 4. [EFFECTIVE DATE.]

Section 1 is effective January 1, 1996. Section 3 is effective the day following final enactment.

ARTICLE 7

COLLECTIVE BARGAINING

Section 1. [176.1812] [COLLECTIVE BARGAINING AGREEMENTS.]

Subdivision 1. [REQUIREMENTS.] Upon appropriate filing, the commissioner, compensation judge, workers' compensation court of appeals, and courts shall recognize as valid and binding a provision in a collective bargaining agreement between a qualified employer or qualified groups of employers engaged in construction, construction maintenance, and related activities and the certified and exclusive representative of its employees to establish certain obligations and procedures relating to workers' compensation. For purposes of this section, "qualified employer" means any self-insured employer, any employer, through itself or any affiliate as defined in section 60D.15, subdivision 2, who is responsible for the first $100,000 or more of any claim, or a private employer developing or projecting an annual workers' compensation premium, in Minnesota, of $250,000 or more. For purposes of this section, a "qualified group of employers" means a group of private employers engaged in workers' compensation group self-insurance complying with section 79A.03, subdivision 6, which develops or projects annual workers' compensation insurance premiums of $2,000,000 or more. This agreement must be limited to, but need not include, all of the following:

(a) an alternative dispute resolution system to supplement, modify, or replace the procedural or dispute resolution provisions of this chapter. The system may include mediation, arbitration, or other dispute resolution proceedings, the results of which may be final and binding upon the parties. A system of arbitration shall provide that the decision of the arbiter is subject to review either by the workers' compensation court of appeals in the same manner as an award or order of a compensation judge or, in lieu of review by the workers' compensation court of appeals, by the office of administrative hearings, by the district court, by the Minnesota court of appeals, or by the supreme court in the same manner as the workers' compensation court of appeals and may provide that any arbiter's award disapproved by a court be referred back to the arbiter for reconsideration and possible modification;

(b) an agreed list of providers of medical treatment that may be the exclusive source of all medical and related treatment provided under this chapter which need not be certified under section 176.1351;

(c) the use of a limited list of impartial physicians to conduct independent medical examinations;

(d) the creation of a light duty, modified job, or return to work program;

(e) the use of a limited list of individuals and companies for the establishment of vocational rehabilitation or retraining programs which list is not subject to the requirements of section 176.102;

(f) the establishment of safety committees and safety procedures; or

(g) the adoption of a 24-hour health care coverage plan if a 24-hour plan pilot project is authorized by law, according to the terms and conditions authorized by that law.

Subd. 2. [FILING AND REVIEW.] A copy of the agreement and the approximate number of employees who will be covered under it must be filed with the commissioner. Within 21 days of receipt of an agreement, the commissioner shall review the agreement for compliance with this section and the benefit provisions of this chapter and notify the parties of any additional information required or any recommended modification that would bring the agreement into compliance. Upon receipt of any requested information or modification, the commissioner must notify the parties within 21 days whether the agreement is in compliance with this section and the benefit provisions of this chapter.

In order for any agreement to remain in effect, it must provide for a timely and accurate method of reporting to the commissioner necessary information regarding service cost and utilization to enable the commissioner to annually report to the legislature. The information provided to the commissioner must include aggregate data on the:

(i) person hours and payroll covered by agreements filed;

(ii) number of claims filed;

(iii) average cost per claim;

(iv) number of litigated claims, including the number of claims submitted to arbitration, the workers' compensation court of appeals, the office of administrative hearings, the district court, the Minnesota court of appeals or the supreme court;

(v) number of contested claims resolved prior to arbitration;

(vi) projected incurred costs and actual costs of claims;

(vii) employer's safety history;

(viii) number of workers participating in vocational rehabilitation; and

(ix) number of workers participating in light-duty programs.

Subd. 3. [REFUSAL TO RECOGNIZE.] A person aggrieved by the commissioner's decision concerning an agreement may request in writing, within 30 days of the date the notice is issued, the initiation of a contested case proceeding under chapter 14. The request to initiate a contested case must be received by the department by the 30th day after the commissioner's decision. An appeal from the commissioner's final decision and order may be taken to the workers' compensation court of appeals pursuant to sections 176.421 and 176.442.

Subd. 4. [VOID AGREEMENTS.] Nothing in this section shall allow any agreement that diminishes an employee's entitlement to benefits as otherwise set forth in this chapter. For the purposes of this section, the procedural rights and dispute resolution agreements under subdivision 1, clauses (a) to (g), are not agreements which diminish an employee's entitlement to benefits. Any agreement that diminishes an employee's entitlement to benefits as set forth in this chapter is null and void.

Subd. 5. [NOTICE TO INSURANCE CARRIER.] If the employer is insured under this chapter, the collective bargaining agreement provision shall not be recognized by the commissioner, compensation judge, workers' compensation court of appeals, and other courts unless the employer has given notice to the employer's insurance carrier, in the manner provided in the insurance contract, of intent to enter into an agreement with its employees as provided in this section.

Subd. 6. [PILOT PROGRAM.] The commissioner shall establish a pilot program ending December 31, 1997, in which up to ten private employers not engaged in construction, construction maintenance, and related activities shall be authorized to enter into valid agreements under this section with their employees. The agreements shall be recognized and enforced as provided by this section. Private employers shall participate in the pilot program through collectively bargained agreements with the certified and exclusive representatives of their employees and without regard to the dollar insurance premium limitations in subdivision 1.

Subd. 7. [RULES.] The commissioner may adopt emergency or permanent rules necessary to implement this section.

ARTICLE 8

EQUITABLE APPORTIONMENT

Section 1. Minnesota Statutes 1994, section 176.191, is amended by adding a subdivision to read:

Subd. 1a. [EQUITABLE APPORTIONMENT.] Equitable apportionment of liability for an injury under this chapter is not allowed except that apportionment among employers and insurers is allowed in a settlement agreement filed pursuant to section 176.521, and an employer or insurer may require equitable apportionment of liability for workers' compensation benefits among employer and insurers by arbitration pursuant to subdivision 5. For purposes of this subdivision equitable apportionment of liability includes all attempts to obtain contribution or reimbursement from other employers or insurers. To the same extent limited by this subdivision, contribution and

reimbursement actions based on equitable apportionment are not allowed under this chapter. If apportionment, contribution, or reimbursement issues are arbitrated pursuant to this section, the arbitration proceeding is for the limited purpose of apportioning liability for workers' compensation benefits payable among employers and insurers. This subdivision applies without regard to whether one or more of the injuries results from cumulative trauma or a specific injury, but does not apply to an occupational disease. In the case of an occupational disease, section 176.66 applies. In the arbitration of equitable apportionment under this section, the parties and the arbitrator must be guided by general rules of arbitrator selection and presumptive apportionment among employers and insurers that are developed and approved by the commissioner of the department of labor and industry. Apportionment against preexisting disability is allowed only for permanent partial disability as provided in section 176.101, subdivision 4a. Nothing in this subdivision shall be interpreted to repeal or in any way affect the law with respect to special compensation fund liability or benefits.

Sec. 2. Minnesota Statutes 1994, section 176.191, subdivision 5, is amended to read:

Subd. 5. [ARBITRATION.] Where a dispute exists between an employer, insurer, the special compensation fund, ~~the reopened case fund,~~ or the workers' compensation reinsurance association, regarding apportionment of liability for benefits payable under this chapter, ~~the dispute~~ and the requesting party has expended over $10,000 in medical or 52 weeks worth of indemnity benefits and made the request within one year thereafter, a party may ~~be submitted with consent of all interested parties~~ require submission of the dispute as to apportionment of liability among employers and insurers to binding arbitration. The decision of the arbitrator shall be conclusive ~~with respect to all issues presented except as provided in subdivisions 6 and 7~~ on the issue of apportionment among employers and insurers. Consent of the employee is not required for submission of a dispute to arbitration pursuant to this section and the employee is not bound by the results of the arbitration. An arbitration award shall not be admissible in any other proceeding under this chapter. Notice of the proceeding shall be given to the employee.

The employee, or any person with material information to the facts to be arbitrated, shall attend the arbitration proceeding if any party to the proceeding deems it necessary. Nothing said by an employee in connection with any arbitration proceeding may be used against the employee in any other proceeding under this chapter. Reasonable expenses of meals, lost wages, and travel of the employee or witnesses in attending shall be reimbursed on a pro rata basis. Arbitration costs shall be paid by the parties, except the employee, on a pro rata basis.

Sec. 3. Minnesota Statutes 1994, section 176.191, subdivision 7, is amended to read:

Subd. 7. [REPRESENTATION.] If an employee brings an action ~~under the circumstances described in subdivision 6~~ in which there had been an arbitration proceeding under subdivisions 1a and 5, the parties to the previous arbitration may be represented at the new action by a common or joint attorney.

Sec. 4. [EFFECTIVE DATE.]

This article is effective October 1, 1996, and applies to injuries occurring on and after that date.

ARTICLE 9

BENEFITS

Section 1. Minnesota Statutes 1994, section 176.011, subdivision 18, is amended to read:

Subd. 18. [WEEKLY WAGE.] "Weekly wage" is arrived at by multiplying the daily wage by the number of days and fractional days normally worked in the business of the employer for the employment involved. If the employee normally works less than five days per week or works an irregular number of days per week, the number of days normally worked shall be computed by dividing the total number of days in which the employee actually performed any of the duties of employment in the last 26 weeks by the number of weeks in which the employee actually performed such duties, provided that the weekly wage for part time employment during a period of seasonal or temporary layoff shall be computed on the number of days and fractional days normally worked in the business of the employer for the employment involved. If, at the time of the injury, the employee was regularly employed by two or more employers, the employee's days

of work for all such employments shall be included in the computation of weekly wage. Occasional overtime is not to be considered in computing the weekly wage, but if overtime is regular or frequent throughout the year it shall be taken into consideration. The maximum weekly compensation payable to an employee, or to the employee's dependents in the event of death, shall not exceed 66-2/3 percent of the product of the daily wage times the number of days normally worked, provided that the compensation payable for permanent partial disability under section 176.101, subdivision ~~3~~ 3w, and for permanent total disability under section 176.101, subdivision 4, or death under section 176.111, shall not be computed on less than the number of hours normally worked in the employment or industry in which the injury was sustained, subject also to such maximums as are specifically otherwise provided.

Sec. 2. Minnesota Statutes 1994, section 176.021, subdivision 3, is amended to read:

Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other nonperiodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section 176.101. If doubt exists as to the eventual permanent partial disability, payment ~~for the economic recovery compensation or impairment compensation, whichever is due, pursuant to section 176.101,~~ shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time ~~of commencement~~ of the payment of ~~economic recovery compensation or lump sum or periodic payment of impairment compensation,~~ permanent partial disability the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent partial disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. ~~Economic recovery compensation or impairment compensation~~ Permanent partial disability compensation pursuant to section 176.101, subdivision 3w, is payable in addition to but not concurrently with compensation for temporary total disability ~~but is payable pursuant to section 176.101~~. ~~Impairment compensation~~ Permanent partial disability is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. ~~Economic recovery compensation or impairment compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability, and~~ No credit shall be taken for payment of ~~economic recovery compensation or impairment compensation~~ permanent partial disability compensation against liability for temporary total or future permanent total disability. Liability on the part of an employer or the insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and compensation is payable accordingly, subject to section 176.101. ~~Economic recovery compensation or impairment compensation~~ Permanent partial disability compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101. The right to receive temporary total, temporary partial, or permanent total disability payments vests in the injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.

The right to receive ~~economic recovery compensation or impairment compensation~~ permanent partial disability compensation vests in an injured employee at the time the disability can be ascertained provided that the employee lives for at least 30 days beyond the date of the injury. Upon the death of an employee ~~who is receiving economic recovery compensation or impairment compensation, further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section~~

~~176.101, subdivision 3e, are not met.~~ from causes unrelated to the injury, further permanent partial disability is payable to the employee's dependents. If the employee has no dependents, permanent partial disability is payable to the employee's adult children. If an employee dies without dependents or adult children, no further permanent partial disability is payable. Upon the death of an employee from causes related to the injury when permanent partial disability compensation is payable, no further permanent partial disability compensation is due and benefits are determined under section 176.111.

Disability ratings for permanent partial disability shall be based on objective medical evidence.

Sec. 3. Minnesota Statutes 1994, section 176.021, subdivision 3a, is amended to read:

Subd. 3a. [PERMANENT PARTIAL BENEFITS, PAYMENT.] Payments for permanent partial disability as provided in section 176.101, subdivision ~~3~~ 3w, shall ~~be made in the following manner:~~

~~(a) If the employee returns to work, payment shall be made by lump sum;~~

~~(b) If~~ begin after temporary total payments have ceased~~, but the employee has not returned to work, payment~~ and shall be made at the same intervals as temporary total payments were made~~;~~.

~~(c) If temporary total disability payments cease because the employee is receiving payments for permanent total disability or because the employee is retiring or has retired from the work force, then payment shall be made by lump sum;~~

~~(d) If the employee completes a rehabilitation plan pursuant to section 176.102, but the employer does not furnish the employee with work the employee can do in a permanently partially disabled condition, and the employee is unable to procure such work with another employer, then payment shall be made by lump sum.~~

Sec. 4. Minnesota Statutes 1994, section 176.061, subdivision 10, is amended to read:

Subd. 10. [INDEMNITY.] Notwithstanding the provisions of chapter 65B or any other law to the contrary, an employer has a right of indemnity for any compensation paid or payable pursuant to this chapter, including temporary total compensation, temporary partial compensation, permanent partial disability, ~~economic recovery compensation, impairment compensation~~ permanent partial disability compensation, medical compensation, rehabilitation, death, and permanent total compensation.

Sec. 5. Minnesota Statutes 1994, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] (a) For injury producing temporary total disability, the compensation is 66-2/3 percent of the weekly wage at the time of injury.

(b) (1) During the year commencing on October 1, 1992, and each year thereafter, the maximum weekly compensation payable is 105 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(2) During the year commencing on October 1, 1995, the maximum weekly compensation payable is 106 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(3) During the year commencing on October 1, 1996, the maximum weekly compensation payable is 107 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(4) During the year commencing on October 1, 1997, the maximum weekly compensation payable is 108 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(5) During the year commencing on October 1, 1998, the maximum weekly compensation payable is 109 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(6) During the year commencing on October 1, 1999, and each year thereafter, the maximum weekly compensation payable is 110 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(c) The minimum weekly compensation payable is 20 percent of the statewide average weekly wage for the period ending December 31 of the preceding year or the injured employee's actual weekly wage, whichever is less.

(d) ~~Subject to subdivisions 3a to 3u~~ This compensation shall be paid during the period of disability, except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be.

(e) Except as provided in section 176.102, subdivision 11, paragraph (b), temporary total disability compensation may be paid during the period of disability, for up to a maximum of 100 weeks of actual payment, regardless of when payment is made. Temporary total disability compensation may be extended and paid beyond 100 weeks to an employee who is medically disabled because of the injury. Each week of temporary total disability compensation extended beyond 100 weeks reduces the number of weeks of temporary partial disability compensation available under subdivision 2, by an equivalent amount. In no event may an employee receive more than 450 weeks of a combination of temporary total disability and temporary partial disability.

(f) Temporary total compensation shall cease whenever any one of the following occurs:

(1) the employee returns to work;

(2) the employee withdraws from the labor market;

(3) the employee has been released to return to work with restrictions and fails to diligently search for appropriate work;

(4) the employee retires; or

(5) the employee refuses an offer of work that the employee can physically perform and that pays at least 85 percent of the employee's preinjury wage.

Sec. 6. Minnesota Statutes 1994, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] (a) In all cases of temporary partial disability the compensation shall be 66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition. This compensation shall be paid during the period of disability except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to the maximum rate for temporary total compensation.

(b) Except as provided ~~under subdivision 3k~~ in paragraph (e), temporary partial compensation may be paid only while the employee is employed, earning less than the employee's weekly wage at the time of the injury, and the reduced wage the employee is able to earn in the employee's partially disabled condition is due to the injury. An employer may establish that an employee's ability to earn exceeds the employee's actual wages.

(c) Except as provided in subdivision 1, paragraph (e), and section 176.102, subdivision 11, paragraph (b), temporary partial compensation may ~~not~~ be paid ~~for more than 225~~ for up to a maximum of 350 weeks~~, or after 450 weeks after the date of injury, whichever occurs first~~ of actual payment, regardless of when payment is made.

~~(c)~~ (d) Temporary partial compensation must be reduced to the extent that the wage the employee is able to earn in the employee's partially disabled condition plus the temporary partial disability payment otherwise payable under this subdivision exceeds 500 percent of the statewide average weekly wage.

(e) An employee may receive temporary partial disability based on the wage the employee is able to earn if the employee is not eligible for temporary total disability because of the 100-week

limitation of subdivision 1, paragraph (e); and the employee is not earning a wage because the employer has not furnished the employee with work the employee can perform in the employee's partially disabled condition and the employee is unable to find work after a reasonably diligent effort.

Sec. 7. Minnesota Statutes 1994, section 176.101, is amended by adding a subdivision to read:

Subd. 3w. [PERMANENT PARTIAL DISABILITY COMPENSATION.] An employee who suffers a permanent partial disability due to a personal injury shall receive permanent partial disability compensation in an amount provided by this subdivision. The amount shall be equal to the proportion that the loss of function of the disabled part bears to the whole body multiplied by $100,000.

Payments for permanent disability of more than one body part due to a personal injury in a single occurrence may not exceed 100 percent of the whole body.

Sec. 8. Minnesota Statutes 1994, section 176.101, subdivision 4, is amended to read:

Subd. 4. [PERMANENT TOTAL DISABILITY.] For permanent total disability, as defined in subdivision 5, the compensation shall be 66-2/3 percent of the daily wage at the time of the injury, subject to a maximum weekly compensation equal to the maximum weekly compensation for a temporary total disability and a minimum weekly compensation equal to the minimum weekly compensation for a temporary total disability. This compensation shall be paid during the permanent total disability of the injured employee but after a total of $25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being paid by any government disability benefit program if the disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. This reduction shall also apply to any old age and survivor insurance benefits. Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of confinement in the institution, unless there is wholly dependent on the employee for support some person named in section 176.111, subdivision 1, 2 or 3, in which case the compensation provided for in section 176.111, during the period of confinement, shall be paid for the benefit of the dependent person during dependency. The dependency of this person shall be determined as though the employee were deceased.

Permanent total disability benefits shall cease at age 70 because the employee is presumed retired from the labor market. This presumption is rebuttable by the employee. The subjective statement of an employee that the employee is not retired is not sufficient in itself to rebut the presumptive evidence of retirement but may be considered along with other evidence.

Sec. 9. Minnesota Statutes 1994, section 176.101, subdivision 5, is amended to read:

Subd. 5. [DEFINITION.] (a) For purposes of subdivision 4, for injuries occurring on or after October 1, 1995, permanent total disability means only:

(1) the total and permanent loss of the sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties; or

(2) any other injury which totally and permanently incapacitates the employee from working at an occupation which brings the employee an income, if the employee also meets the criteria of one of the following clauses:

(i) the employee has a permanent partial disability rating of at least 12 percent of the whole body;

(ii) the employee has been evaluated by the vocational rehabilitation unit of the division and it has been found by that unit that the employee would be unlikely to be able to secure anything more than sporadic employment resulting in an insubstantial income even after the employee had received all appropriate services under section 176.102; or

(iii) the employee has diligently searched for employment for a period of at least two years and has received all other appropriate services under section 176.102 and has been unable to secure anything more than sporadic employment resulting in an insubstantial income.

(b) For purposes of paragraph (a), clause (2), "totally and permanently incapacitated" means that the employee's physical disability, in combination with the employee's age, education, training, and experience, causes the employee to be unable to secure anything more than sporadic employment resulting in an insubstantial income.

Sec. 10. Minnesota Statutes 1994, section 176.101, subdivision 6, is amended to read:

Subd. 6. [MINORS; APPRENTICES.] (a) If any employee entitled to the benefits of this chapter is an apprentice of any age and sustains a personal injury arising out of and in the course of employment resulting in permanent total or a compensable permanent partial disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for temporary total, temporary partial, or a permanent total disability ~~or economic recovery compensation~~ shall be the maximum rate for temporary total disability under subdivision 1.

(b) If any employee entitled to the benefits of this chapter is a minor and sustains a personal injury arising out of and in the course of employment resulting in permanent total disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for a permanent total disability shall be the maximum rate for temporary total disability under subdivision 1.

Sec. 11. Minnesota Statutes 1994, section 176.105, subdivision 2, is amended to read:

Subd. 2. [RULES; INTERNAL ORGANS.] The commissioner shall by rule establish a schedule of internal organs that are compensable and indicate in the schedule to what extent the organs are compensable under section 176.101, subdivision ~~3~~ 3w.

Sec. 12. Minnesota Statutes 1994, section 176.105, subdivision 4, is amended to read:

Subd. 4. [LEGISLATIVE INTENT; RULES; LOSS OF MORE THAN ONE BODY PART.] ~~(a) For the purpose of establishing a disability schedule pursuant to clause (b), the legislature declares its intent that the commissioner establish a disability schedule which, assuming the same number and distribution of severity of injuries, the aggregate total of impairment compensation and economic recovery compensation benefits under section 176.101, subdivisions 3a to 3u be approximately equal to the total aggregate amount payable for permanent partial disabilities under section 176.101, subdivision 3, provided, however, that awards for specific injuries under the proposed schedule need not be the same as they were for the same injuries under the schedule pursuant to section 176.101, subdivision 3. The schedule shall be determined by sound actuarial evaluation and shall be based on the benefit level which exists on January 1, 1983.~~

~~(b)~~ The commissioner shall by rulemaking adopt procedures setting forth rules for the evaluation and rating of functional disability and the schedule for permanent partial disability and to determine the percentage of loss of function of a part of the body based on the body as a whole, including internal organs, described in section 176.101, subdivision 3, and any other body part not listed in section 176.101, subdivision 3, which the commissioner deems appropriate.

The rules shall promote objectivity and consistency in the evaluation of permanent functional impairment due to personal injury and in the assignment of a numerical rating to the functional impairment.

Prior to adoption of rules the commissioner shall conduct an analysis of the current permanent partial disability schedule for the purpose of determining the number and distribution of permanent partial disabilities and the average compensation for various permanent partial disabilities. The commissioner shall consider setting the compensation under the proposed schedule for the most serious conditions higher in comparison to the current schedule and shall consider decreasing awards for minor conditions in comparison to the current schedule.

The commissioner may consider, among other factors, and shall not be limited to the following factors in developing rules for the evaluation and rating of functional disability and the schedule for permanent partial disability benefits:

(1) the workability and simplicity of the procedures with respect to the evaluation of functional disability;

(2) the consistency of the procedures with accepted medical standards;

(3) rules, guidelines, and schedules that exist in other states that are related to the evaluation of permanent partial disability or to a schedule of benefits for functional disability provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of ~~clause (a)~~ this section;

(4) rules, guidelines, and schedules that have been developed by associations of health care providers or organizations provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of ~~clause (a)~~ this section;

(5) the effect the rules may have on reducing litigation;

(6) the treatment of preexisting disabilities with respect to the evaluation of permanent functional disability provided that any preexisting disabilities must be objectively determined by medical evidence; and

(7) symptomatology and loss of function and use of the injured member.

The factors in paragraphs (1) to (7) shall not be used in any individual or specific workers' compensation claim under this chapter but shall be used only in the adoption of rules pursuant to this section.

Nothing listed in paragraphs (1) to (7) shall be used to dispute or challenge a disability rating given to a part of the body so long as the whole schedule conforms with the expressed intent of ~~clause (a)~~ this section.

~~(c)~~ If an employee suffers a permanent functional disability of more than one body part due to a personal injury incurred in a single occurrence, the percent of the whole body which is permanently partially disabled shall be determined by the following formula so as to ensure that the percentage for all functional disability combined does not exceed the total for the whole body:

$$A + B (1 - A)$$

where: A is the greater percentage whole body loss of the first body part; and B is the lesser percentage whole body loss otherwise payable for the second body part. A + B (1-A) is equivalent to A + B - AB.

For permanent partial disabilities to three body parts due to a single occurrence or as the result of an occupational disease, the above formula shall be applied, providing that A equals the result obtained from application of the formula to the first two body parts and B equals the percentage for the third body part. For permanent partial disability to four or more body parts incurred as described above, A equals the result obtained from the prior application of the formula, and B equals the percentage for the fourth body part or more in arithmetic progressions.

Sec. 13. Minnesota Statutes 1994, section 176.106, subdivision 7, is amended to read:

Subd. 7. [REQUEST FOR HEARING.] Any party aggrieved by the decision of the commissioner may request a formal hearing by filing the request with the commissioner no later than 30 days after the decision. The request shall be referred to the office of administrative hearings for a de novo hearing before a compensation judge. The commissioner shall refer a timely request to the office of administrative hearings within five working days after filing of the request ~~and~~. If the request for hearing concerns a claim for rehabilitation services, retraining, or surgery, the hearing at the office of administrative hearings must be held on the first date that all parties are available but not later than 60 days after the office of administrative hearings receives the matter. Following the hearing, the compensation judge must issue the decision within 30 days. The decision of the compensation judge is appealable pursuant to section 176.421.

Sec. 14. Minnesota Statutes 1994, section 176.132, subdivision 2, is amended to read:

Subd. 2. [AMOUNT.] (a) The supplementary benefit payable under this section shall be the difference between the amount the employee receives on or after January 1, 1976, under section 176.101, subdivision 1 or 4, and 65 percent of the statewide average weekly wage as computed annually. For injuries that occur on or after October 1, 1995, the supplementary benefit payable under this section shall be the difference between the amount the employee receives under section 176.101, subdivision 4, and 60 percent of the statewide average weekly wage as computed annually. For injuries that occur on or after October 1, 1997, the supplementary benefit payable under this section shall be the difference between the amount the employee receives under section 176.101, subdivision 4, and 55 percent at the statewide average weekly wage as computed annually.

(b) In the event an eligible recipient is currently receiving no compensation or is receiving a reduced level of compensation because of a credit being applied as the result of a third party liability or damages, the employer or insurer shall compute the offset credit as if the individual were entitled to the actual benefit or ~~65~~ the applicable percent as specified in paragraph (a) of the statewide average weekly wage as computed annually, whichever is greater. If this results in the use of a higher credit than otherwise would have been applied and the employer or insurer becomes liable for compensation benefits which would otherwise not have been paid, the additional benefits resulting shall be handled according to this section.

(c) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of a valid agreement in settlement of a claim, no supplementary benefit shall be payable under this section. Attorney's fees shall be allowed in settlements of claims for supplementary benefits in accordance with this chapter.

(d) In the event an eligible recipient is receiving no compensation or is receiving a reduced level of compensation because of prior limitations in the maximum amount payable for permanent total disability or because of reductions resulting from the simultaneous receipt of old age or disability benefits, the supplementary benefit shall be payable for the difference between the actual amount of compensation currently being paid and ~~65~~ the applicable percent as specified in paragraph (a) of the statewide average weekly wage as computed annually.

(e) In the event that an eligible recipient is receiving simultaneous benefits from any government disability program, the amount of supplementary benefits payable under this section shall be reduced by five percent. If the individual does not receive the maximum benefits for which the individual is eligible under other governmental disability programs due to the provisions of United States Code, title 42, section 424a(d), this reduction shall not apply.

(f) Notwithstanding any other provision in this subdivision to the contrary, if the individual does not receive the maximum benefits for which the individual is eligible under other governmental disability programs due to the provision of United States Code, title 42, section 424a(d), the calculation of supplementary benefits payable to the individual shall be as provided under this section in Minnesota Statutes 1988.

Sec. 15. Minnesota Statutes 1994, section 176.135, subdivision 2, is amended to read:

Subd. 2. [CHANGE OF PHYSICIANS, PODIATRISTS, OR CHIROPRACTORS.] An employee is entitled to only one change of physician, podiatrist, or chiropractor as a matter of right. For employees receiving treatment under section 176.1351, the change as a matter of right shall be to another provider within the plan in accordance with the rules governing managed care. The commissioner shall adopt rules establishing standards and criteria to be used when a dispute arises over a change of physicians, podiatrists, or chiropractors in the case that either the employee or the employer desire a change. If a change is required as a matter of right, agreed upon, or ordered, the medical expenses shall be borne by the employer upon the same terms and conditions as provided in subdivision 1.

Sec. 16. Minnesota Statutes 1994, section 176.179, is amended to read:

176.179 [RECOVERY OF OVERPAYMENTS.]

Notwithstanding section 176.521, subdivision 3, or any other provision of this chapter to the contrary, except as provided in this section, no lump sum or weekly payment, or settlement, which

is voluntarily paid to an injured employee or the survivors of a deceased employee in apparent or seeming accordance with the provisions of this chapter by an employer or insurer, or is paid pursuant to an order of the workers' compensation division, a compensation judge, or court of appeals relative to a claim by an injured employee or the employee's survivors, and received in good faith by the employee or the employee's survivors shall be refunded to the paying employer or insurer in the event that it is subsequently determined that the payment was made under a mistake in fact or law by the employer or insurer. When the payments have been made to a person who is entitled to receive further payments of compensation for the same injury, the mistaken compensation may be taken as a full credit against future lump sum benefit entitlement and as a partial credit against future weekly benefits. The credit applied against further payments of temporary total disability, temporary partial disability, permanent total disability, retraining benefits, death benefits, or weekly payments of ~~economic recovery or impairment compensation~~ permanent partial disability shall not exceed 20 percent of the amount that would otherwise be payable.

A credit may not be applied against medical expenses due or payable.

Where the commissioner or compensation judge determines that the mistaken compensation was not received in good faith, the commissioner or compensation judge may order reimbursement of the compensation. For purposes of this section, a payment is not received in good faith if it is obtained through fraud, or if the employee knew that the compensation was paid under mistake of fact or law, and the employee has not refunded the mistaken compensation.

Sec. 17. Minnesota Statutes 1994, section 176.221, subdivision 1, is amended to read:

Subdivision 1. [COMMENCEMENT OF PAYMENT.] Within 14 days of notice to or knowledge by the employer of an injury compensable under this chapter the payment of temporary total compensation shall commence. Within 14 days of notice to or knowledge by an employer of a new period of temporary total disability which is caused by an old injury compensable under this chapter, the payment of temporary total compensation shall commence; provided that the employer or insurer may file for an extension with the commissioner within this 14-day period, in which case the compensation need not commence within the 14-day period but shall commence no later than 30 days from the date of the notice to or knowledge by the employer of the new period of disability. Commencement of payment by an employer or insurer does not waive any rights to any defense the employer has on any claim or incident either with respect to the compensability of the claim under this chapter or the amount of the compensation due. Where there are multiple employers, the first employer shall pay, unless it is shown that the injury has arisen out of employment with the second or subsequent employer. Liability for compensation under this chapter may be denied by the employer or insurer by giving the employee written notice of the denial of liability. If liability is denied for an injury which is required to be reported to the commissioner under section 176.231, subdivision 1, the denial of liability must be filed with the commissioner within 14 days after notice to or knowledge by the employer of an injury which is alleged to be compensable under this chapter. If the employer or insurer has commenced payment of compensation under this subdivision but determines within ~~30~~ 120 days of notice to or knowledge by the employer of the injury that the disability is not a result of a personal injury, payment of compensation may be terminated upon the filing of a notice of denial of liability within ~~30~~ 120 days of notice or knowledge. After the ~~30-day~~ 120-day period, payment may be terminated only by the filing of a notice as provided under section 176.239. Upon the termination, payments made may be recovered by the employer if the commissioner or compensation judge finds that the employee's claim of work related disability was not made in good faith. A notice of denial of liability must state in detail the facts forming the basis for the denial and specific reasons explaining why the claimed injury or occupational disease was determined not to be within the scope and course of employment and shall include the name and telephone number of the person making this determination.

Sec. 18. Minnesota Statutes 1994, section 176.221, subdivision 6a, is amended to read:

Subd. 6a. [MEDICAL, REHABILITATION, ~~ECONOMIC RECOVERY,~~ AND ~~IMPAIRMENT~~ PERMANENT PARTIAL DISABILITY COMPENSATION.] The penalties provided by this section apply in cases where payment for treatment under section 176.135, rehabilitation expenses under section 176.102, subdivisions 9 and 11, ~~economic recovery~~

~~compensation or impairment~~ or permanent partial disability compensation are not made in a timely manner as required by law or by rule adopted by the commissioner.

Sec. 19. Minnesota Statutes 1994, section 176.238, subdivision 6, is amended to read:

Subd. 6. [EXPEDITED HEARING BEFORE A COMPENSATION JUDGE.] A hearing before a compensation judge shall be held within ~~30~~ 60 calendar days after the office receives the file from the commissioner if:

(a) an objection to discontinuance has been filed under subdivision 4 within 60 calendar days after the notice of discontinuance was filed and where no administrative conference has been held;

(b) an objection to discontinuance has been filed under subdivision 4 within 60 calendar days after the commissioner's decision under this section has been issued;

(c) a petition to discontinue has been filed by the insurer in lieu of filing a notice of discontinuance; or

(d) a petition to discontinue has been filed within 60 calendar days after the commissioner's decision under this section has been issued.

If the petition or objection is filed later than the deadlines listed above, the expedited procedures in this section apply only where the employee is unemployed at the time of filing the objection and shows, to the satisfaction of the chief administrative judge, by sworn affidavit, that the failure to file the objection within the deadlines was due to some infirmity or incapacity of the employee or to circumstances beyond the employee's control. The hearing shall be limited to the issues raised by the notice or petition unless all parties agree to expanding the issues. If the issues are expanded, the time limits for hearing and issuance of a decision by the compensation judge under this subdivision shall not apply.

Once a hearing date has been set, a continuance of the hearing date will be granted only under the following circumstances:

(a) the employer has agreed, in writing, to a continuation of the payment of benefits pending the outcome of the hearing; or

(b) the employee has agreed, in a document signed by the employee, that benefits may be discontinued pending the outcome of the hearing.

Absent a clear showing of surprise at the hearing or the unexpected unavailability of a crucial witness, all evidence must be introduced at the hearing. If it is necessary to accept additional evidence or testimony after the scheduled hearing date, it must be submitted no later than 14 days following the hearing, unless the compensation judge, for good cause, determines otherwise.

The compensation judge shall issue a decision pursuant to this subdivision within 30 days following the close of the hearing record.

Sec. 20. Minnesota Statutes 1994, section 176.645, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] For injuries occurring after October 1, 1975 for which benefits are payable under section 176.101, subdivisions 1, 2 and 4, and section 176.111, subdivision 5, the total benefits due the employee or any dependents shall be adjusted in accordance with this section. On October 1, 1981, and thereafter on the anniversary of the date of the employee's injury the total benefits due shall be adjusted by multiplying the total benefits due prior to each adjustment by a fraction, the denominator of which is the statewide average weekly wage for December 31, of the year two years previous to the adjustment and the numerator of which is the statewide average weekly wage for December 31, of the year previous to the adjustment. For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. No adjustment increase made on or after October 1, 1977, ~~but prior to October 1, 1992,~~ under this section shall exceed six percent a year; in those instances where the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be six percent. For

injuries occurring on or after October 1, 1992, no adjustment increase made on or after October 1, 1992, under this section shall exceed four percent a year; in those instances where the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be four percent. For injuries occurring on or after October 1, 1995, no adjustment increase made on or after October 1, 1995, under this section shall exceed three percent a year; in those instances where the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be three percent.

Sec. 21. Minnesota Statutes 1994, section 268.08, subdivision 3, is amended to read:

Subd. 3. [NOT ELIGIBLE.] An individual shall not be eligible to receive benefits for any week with respect to which the individual is receiving, has received, or has filed a claim for remuneration in an amount equal to or in excess of the individual's weekly benefit amount in the form of:

(1) termination, severance, or dismissal payment or wages in lieu of notice whether legally required or not; provided that if a termination, severance, or dismissal payment is made in a lump sum, such lump sum payment shall be allocated over a period equal to the lump sum divided by the employee's regular pay while employed by such employer; provided such payment shall be applied for a period immediately following the last day of employment but not to exceed 28 calendar days provided that 50 percent of the total of any such payments in excess of eight weeks shall be similarly allocated to the period immediately following the 28 days; or

(2) vacation allowance paid directly by the employer for a period of requested vacation, including vacation periods assigned by the employer under the provisions of a collective bargaining agreement, or uniform vacation shutdown; or

(3) compensation for loss of wages under the workers' compensation law of this state or any other state or under a similar law of the United States, or under other insurance or fund established and paid for by the employer ~~except that this does not apply to an individual who is receiving temporary partial compensation pursuant to section 176.101, subdivision 3k~~; or

(4) 50 percent of the pension payments from any fund, annuity or insurance maintained or contributed to by a base period employer including the armed forces of the United States if the employee contributed to the fund, annuity or insurance and all of the pension payments if the employee did not contribute to the fund, annuity or insurance; or

(5) 50 percent of a primary insurance benefit under title II of the Social Security Act, as amended, or similar old age benefits under any act of Congress or this state or any other state.

Provided, that if such remuneration is less than the benefits which would otherwise be due under sections 268.03 to 268.231, the individual shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration; provided, further, that if the appropriate agency of such other state or the federal government finally determines that the individual is not entitled to such benefits, this provision shall not apply. If the computation of reduced benefits, required by this subdivision, is not a whole dollar amount, it shall be rounded down to the next lower dollar amount.

Sec. 22. [REPEALER.]

Minnesota Statutes 1994, sections 176.011, subdivisions 25 and 26; and 176.101, subdivisions 3a, 3b, 3c, 3d, 3e, 3f, 3g, 3h, 3i, 3j, 3k, 3l, 3m, 3n, 3o, 3p, 3q, 3r, 3s, 3t, and 3u, are repealed.

Sec. 23. [EFFECTIVE DATE.]

Sections 1 to 11, 14, 16 to 18, and 20 to 22, are effective October 1, 1995, and apply to injuries occurring on or after that date. Sections 12, 13, 15, and 19, are effective July 1, 1995.

Sec. 3. [EFFECTIVE DATE.]

Section 2 is effective the day following final enactment.

ARTICLE 11

INSURANCE REGULATION

Section 1. [79.63] [DEFINITIONS.]

Subdivision 1. [TERMS.] Unless the language or context clearly indicates that a different meaning is intended, the following terms, for the purposes of sections 79.63 to 79.87, shall have the meanings given them.

Subd. 2. [INSURER.] "Insurer" means the assigned risk plan and any insurance carrier authorized by license issued by the commissioner of insurance to transact the business of workers' compensation insurance in this state.

Subd. 3. [INSURANCE.] "Insurance" means workers' compensation insurance and insurance covering any part of the liability of an employer exempted from insuring liability for compensation, as provided in section 176.181.

Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of commerce.

Subd. 5. [ASSOCIATION.] "Association" or "rating association" means the Minnesota workers' compensation insurers association.

Subd. 6. [INTERESTED PARTY.] "Interested party" means any person or association acting on behalf of its members who is directly affected by a change in the schedule of rates and includes the staff of the department of commerce.

Subd. 7. [SCHEDULE OF RATES.] "Schedule of rates" means the rate level applicable to the various industry groupings or classes, including the risk classifications thereunder upon which the determination of workers' compensation premiums are based, including, but not limited to, all systems for merit or experience rating, retrospective rating, and premium discounts.

Sec. 2. [79.64] [RATES; HEARINGS.]

Subdivision 1. [OPTIONAL HEARING.] The commissioner shall adopt a schedule of workers' compensation insurance rates for use in this state for each classification under which business is written. The schedule of rates shall not be excessive, inadequate, or unfairly discriminatory. In adopting a schedule of rates, the commissioner may act on the written petition of the association or any other interested party requesting that a hearing be held for modification of the schedule of rates.

Subd. 2. [LAW CHANGES; LOSS EXPERIENCE.] If the legislature enacts amendments to the workers' compensation laws that indicate a reduction in the schedule of rates, or the commissioner determines that the loss experience of Minnesota workers' compensation insurers indicates a change in the existing schedule of rates, the commissioner may order a change in the schedule of rates or order a hearing to determine whether and by what percentage the schedule of rates should be changed. A hearing held pursuant to this subdivision is not subject to the contested case proceeding requirements of this section or section 79.65, notwithstanding section 79.69.

Subd. 3. [HEARING PETITION.] The department of labor and industry, the association, or any other interested party may file a petition. Upon receipt of a petition requesting a hearing for modification of an existing schedule of rates, the commissioner shall determine whether the

petition sufficiently sets forth facts that show that the existing schedule of rates is excessive, inadequate, unfairly discriminatory, or otherwise in need of modification so as to indicate the need to hold a hearing. If the association is the petitioner, the commissioner may decline to grant a hearing if the association fails to provide information requested by previous orders modifying the schedule of rates, provided that the request was not unreasonable. The commissioner may accept or reject the petition for a hearing and shall give notice of the determination to the petitioning party within 30 days of receipt of the petition. If the commissioner rejects the petition, the commissioner shall notify the petitioning party of the reasons for the rejection.

Subd. 4. [CONTESTED CASE HEARING.] If the commissioner accepts the petition for hearing, the commissioner shall order a hearing on matters set forth in the petition requesting modification of the schedule of rates. The hearing shall be held pursuant to the contested case procedures set forth in sections 14.01 to 14.69. The burden of proof is on the petitioning party. An employer, person representing a group of employers, or other person that will be directly affected by a change in an insurer's existing rate level or rating plan, and the commissioner of labor and industry, must be allowed to intervene and participate in any hearing to challenge the rate level or rating plan as being excessive, inadequate, or unfairly discriminatory. The administrative law judge may admit documentary and statistical evidence accepted and relied upon by an expert whose field of expertise has relevance to workers' compensation rate matters, without the requirement of traditional evidentiary foundation. Within 30 days after the close of the hearing record, the judge shall transmit to the commissioner the entire record of the hearing, including the transcript, exhibits, and all other material properly accepted into evidence, together with the finding of facts, conclusions, and recommended order made by the administrative law judge. The time for filing the report may be extended by the chief administrative law judge for good cause.

Subd. 5. [COMMISSIONER'S DETERMINATION; POWERS; EVIDENCE.] The commissioner may accept, reject, or modify, in whole or in part, matters raised in the petition for modification of the schedule of rates or matters raised in the findings and recommendations of the administrative law judge. The commissioner's determination shall be based upon substantial evidence.

Subd. 6. [FINAL DETERMINATION.] The commissioner shall make a final determination with respect to adoption of a schedule of rates within 90 days after receipt of the administrative law judge's report. If the commissioner fails to act within the 90-day period, the findings, conclusions, and recommended order of the judge become the final order of the commissioner.

Subd. 7. [ACTUARY; EXPERTS.] The commissioner may hire a consulting actuary and other experts necessary to assist in the hearing for modification of the schedule of rates. The costs of conducting the hearing provided under subdivision 3, including the costs of hiring a consulting actuary and other experts, shall be assessed against the rating association and its members.

Subd. 8. [CONSULTANTS.] The office of administrative hearings, upon approval of the chief administrative law judge, may hire consultants necessary to assist the judge assigned to a rate proceeding.

Subd. 9. [RESERVES.] Any assumption as to reserves required due to the operation of section 176.645, shall, for the purposes of determining rates, be offset by an assumption that the amount initially reserved shall be invested and yield a return equal to the annual percentage increase in the statewide average weekly wage. With respect to other reserved amounts, the commissioner shall, in determining rates, cause those rates to fully reflect the investment earnings of insurers which arise from revenues derived from the sale of workers' compensation insurance, either by use of an appropriate discount rate in determining the reserves necessary for all claims, or by the use of an alternative methodology which the commissioner finds is more appropriate. Reserves must be adjusted to account for reimbursements from the special compensation fund. Insurers shall provide the commissioner with any information the commissioner deems necessary to arrive at the determination required by this subdivision.

Subd. 10. [PROHIBITED RESERVES.] In no case shall more than one insurer reserve amounts in anticipation of losses on a single claim, nor shall an insurer reserve amounts in anticipation of losses which are the responsibility of the reinsurance association.

Subd. 11. [EXPERIENCE RATING MODIFICATION.] A modification by an insurer or the

association of an experience rating plan, an experience rating plan formula, or an experience rating factor is not effective unless approved by the commissioner of insurance.

Sec. 3. [79.65] [PETITION FOR REHEARING.]

Subdivision 1. [WHEN SERVED.] An interested party may petition the commissioner for rehearing and reconsideration of a determination made pursuant to section 79.64. The petition for rehearing and reconsideration shall be served upon the commissioner and all parties to the rate hearing within 30 days after service of the commissioner's final order. The petition shall set forth factual grounds in support of the petition. An interested party adversely affected by a petition for review and reconsideration shall be afforded 15 days to respond to factual matters alleged in the petition.

Subd. 2. [REHEARING DISCRETIONARY.] The commissioner may grant a rehearing upon the filing of a petition. Upon rehearing, the commissioner may limit the scope of factual matters that are subject to rehearing and reconsideration. The rehearing is subject to section 79.64.

Subd. 3. [GROUNDS FOR MODIFICATION.] Following a rehearing, the commissioner may modify the terms of the initial order adopting a change in the schedule of rates upon a determination that adequate factual grounds exist to support modification. Adequate factual grounds shall include, but need not be limited to, erroneous testimony by any witness or party to the hearing, material change in Minnesota loss or expense data occurring after a petition for modification of the schedule of rates has been filed, or any other mistake of fact that has a substantial effect upon the schedule of rates adopted in the initial order of the commissioner.

Sec. 4. [79.66] [JUDICIAL REVIEW.]

Final orders of the commissioner pursuant to sections 79.64 and 79.65 are subject to judicial review pursuant to sections 14.63 to 14.69 but shall remain in effect during the pendency of any appeal.

Sec. 5. [79.67] [DISCRIMINATION; EXCESSIVENESS.]

Subdivision 1. [RATES.] A rate, rating plan, or schedule of rates is unfairly discriminatory in relation to another if it clearly fails to reflect equitably the differences in expected losses, expenses, and the degree of risk. Rates are not unfairly discriminatory because different premiums result for policyholders with like loss exposures but different expense factors, or like expense factors but different loss exposures, so long as the rates reflect the differences with reasonable accuracy.

Subd. 2. [DIVIDENDS.] Dividend plans are not unfairly discriminatory where different premiums result for different policyholders with similar loss exposures but different expense factors, or where different premiums result for different policyholders with similar expense factors but different loss exposures, so long as the respective premiums reflect the differences with reasonable accuracy. Every insurer that issues participating policies shall file with the commissioner a true copy or summary as the commissioner shall direct of its participating dividend rates as to policyholders.

Subd. 3. [EXCESSIVENESS.] Rates, rating plans, or schedules of rates are not excessive if the expected underwriting profit, together with expected income from invested reserves for the market in question, that would accrue to an insurer would be reasonable in relation to the risk undertaken by the insurer in transacting the business or if expenses are reasonable in relation to the services rendered.

The commissioner shall monitor the income and profit actually earned. If it is in excess of the expected profit and return, the commissioner shall provide appropriate adjustments in future rates or provide other appropriate relief.

Sec. 6. [79.68] [AUTOMATIC ADJUSTMENT OF RATES.]

The commissioner shall, by rule, establish a formula by which a schedule of rates may be automatically adjusted to reflect benefit changes that have been mandated by operation of law subsequent to the most recent change in the statewide schedule of rates. This adjustment shall also

reflect the annual change in the maximum weekly compensation made pursuant to section 176.101, any adjustment in the assessment for the assigned risk plan under section 79.251, subdivision 5, any adjustment in the assessment for the Minnesota insurance guarantee association under section 60C.05, an adjustment in the assessment rate for the financing of the special compensation fund, the annual adjustment made pursuant to section 176.645, or any other assessment required by law. Any automatic adjustment made pursuant to this subdivision is effective on October 1 or as soon thereafter as possible and is not subject to sections 14.01 to 14.69.

At each rate hearing held pursuant to section 79.64 or rehearing pursuant to section 79.65, following an automatic adjustment, the commissioner shall review the rate adjustment to assure that the schedule of rates adopted subsequent to the adjustment are not excessive, inadequate, or unfairly discriminatory. If the commissioner finds that the schedule of rates adopted subsequent to the adjustment are excessive, inadequate, or unfairly discriminatory, the commissioner shall order appropriate remedial action.

Sec. 7. [79.69] [RATE REVISION ORDER; EFFECT.]

Subdivision 1. [WHEN APPLICABLE.] Following adoption of a revised schedule of rates pursuant to section 79.64 or 79.65, the revised rates apply to new and renewal policies issued after the effective date of the commissioner's final order.

Subd. 2. [MANUALS.] The revised schedule of rates apply to all insureds and prospective insureds pursuant to the provisions of the workers' compensation rating manual adopted by the association and approved by the commissioner. A manual in use on June 1, 1995, may remain in force until disapproved by the commissioner.

Sec. 8. [79.70] [COMMISSIONER MAY REQUIRE SURVEY.]

The commissioner may at any time require a survey and report by the association of any risk regarding which complaint may have been made. Approval of any rate or classification may be withdrawn by the commissioner upon ten days' notice to the parties interested.

Sec. 9. [79.71] [CLASSIFICATION OF WORKERS' COMPENSATION INSURANCE.]

No classification for compensation insurance purposes shall be effective until approved as correct by the commissioner. No rule or regulation with reference to compensation risks filed by any insurer, or by the association shall be effective until approved by the commissioner. No kind of insurance covering any part of the liability of an employer exempted from insuring liability for compensation, as provided in section 176.181, shall be effective in this state unless approved by the commissioner. If at any time reasonable doubt exists on the part of the commissioner as to the proper classification or rate for any risk, the risk may be bound for insurance subject to rate and classification to be established for it.

Sec. 10. [79.72] [APPOINTMENT OF ACTUARY.]

The commissioner shall employ the services of a casualty actuary experienced in workers' compensation whose duties shall include, but not be limited to, investigation of complaints by insured parties relative to rates, rate classifications, or discriminatory practices of an insurer. The salary of the actuary employed pursuant to this section is not subject to the provisions of section 43A.17, subdivision 1.

Sec. 11. [79.73] [REVIEW OF ACTS OF INSURERS.]

The commerce department staff may investigate on the request of any person or on its own initiative the acts of the rating association, an insurer, or an agent that are subject to sections 79.63 to 79.87, and may make findings and recommendations that the commissioner issue an order requiring compliance with those sections. The proposed findings and recommended order shall be served on all affected parties at the same time that the staff transmits its findings and recommendations to the commissioner. Any party adversely affected by the proposed findings and recommended order may request that a hearing be held concerning the issues raised therein within 15 days after service of the findings and recommended order. This hearing shall be conducted as a contested case pursuant to sections 14.01 to 14.69. If a hearing is not requested within the time

specified in this section, the proposed findings and recommended order may be adopted by the commissioner as a final order.

Sec. 12. [79.74] [INSURERS SHALL BE MEMBERS OF ASSOCIATION.]

Every insurer transacting the business of workers' compensation insurance in this state shall be a member of the association organized under sections 79.63 to 79.87, to be maintained in this state for the following purposes:

(1) to separate the industries of this state that are subject to workers' compensation insurance into proper classes for compensation insurance purposes; to make inspections of compensation risks and to apply the merit and experience rating system approved for use in this state; to establish charges and credits under the system and make reports showing all facts affecting these risks as the subject of compensation insurance; and for approving policies of compensation insurance as being written in conformity with classifications and rates previously promulgated by the association and approved by the commissioner; and

(2) to assist the commissioner and insurers in approving rates, determining hazards and other material facts in connection with compensation risks, and to assist in promoting safety in the industries.

Sec. 13. [79.75] [ORGANIZATION OF ASSOCIATION.]

The association shall adopt articles of association and bylaws for its government and for the government of its members. These articles and bylaws and all amendments must be filed with and approved by the commissioner and are not effective until filed and approved. The association must admit to membership any insurer authorized to transact workers' compensation insurance in this state. The charges and service of the association shall be fixed in the articles or bylaws and shall be equitable and nondiscriminatory as between members.

Sec. 14. [79.76] [EXPENSE; HOW PAID.]

Each member of the association shall pay an equitable and nondiscriminatory share of the cost of operating the association. If the members of the association cannot agree upon an apportionment of cost, any member may in writing petition the commissioner to establish a basis for apportioning the cost. If any member is aggrieved by an apportionment made by the association, it may in writing petition the commissioner for a review of the apportionment. The commissioner shall, upon not less than five days' notice to each member of the association hold a hearing on the petition at which all members are entitled to be present and be heard. The commissioner shall determine the matter and mail a copy of the decision to each member of the association. The decision of the commissioner is final and binding upon all members of the association.

Sec. 15. [79.77] [REPRESENTATION.]

Each class of insurers, stock companies, mutual companies, and interinsurers, which are members of the association shall be represented in the association management and on committees, as provided in the bylaws, but the nonstock and stock companies shall have equal representation on the governing or managing committee and on the rating committee of the association. One-half of the members of each committee shall be chosen by the nonstock companies and one-half by the stock companies. The commissioner of commerce shall appoint the member representing the assigned risk plan. Each member company shall be entitled to one vote. In case of a tie vote upon any committee, the commissioner shall cast the deciding vote.

Sec. 16. [79.78] [LICENSE; FEE.]

The association shall procure annually from the commissioner a license to carry on its business. The license year for the association is from March 1 to the last day of February succeeding. The association shall pay an annual license fee of $100 to be paid at the time of filing application for license. The commissioner shall prescribe blanks and make needed regulations governing the licensing of the association.

Sec. 17. [79.79] [ANNUAL STATEMENT.]

The association shall annually on or before March 1 file with the commissioner a report covering its activities for the preceding calendar year. The report shall cover its financial transactions and other matters connected with its operation as required by the commissioner. The commissioner shall prescribe the form of the report. The association is subject to supervision and examination by the commissioner or any examiner authorized by the commissioner. Examinations may be made as often as deemed expedient. The expense of an examination shall be paid by the association.

Sec. 18. [79.80] [ASSOCIATION SHALL MAKE CLASSIFICATION.]

The association shall, on behalf of its members, assign each compensation risk in this state to its proper classification. The determination as to the proper classification by the association is subject to the approval of the commissioner. The association shall, on behalf of its members, inspect and make a written survey of each risk to which the system of merit rating approved for use in this state is applicable. It shall, on behalf of all its members, file with the commissioner its classification of risks and keep on file at the office of the association the written surveys of all risks inspected by it. The survey shall show the location and description of all items producing charges and credits, if any, and other facts as are material in the writing of insurance. It shall file any subsequent proposed classification or later survey and all rules and regulations which may affect the writing of these risks. The association classification shall be binding upon all insurers. The commissioner and the association and its representatives shall give all information as to classifications, rates, surveys, and other facts collected and intended for the common use of insurers subject to sections 79.63 to 79.87 to all these insurers at the same time. A copy of the complete survey, with the approved classification and rates and the effective date, shall be furnished to the insurer of record as soon as approved. The approved classification and rates upon a specific risk shall be furnished upon request to any other insurer upon the payment of a reasonable charge for the service. Every insurer shall promptly file with the association a copy of each payroll audit, which shall be checked by the association for correctness of classification and rate. The commissioner may require the association to file with it any such copy and may verify any payroll audit by a reaudit of the books of the employer or in such other manner as may to it appear most expedient. Upon written complaint stating facts sufficient to warrant action by it, the commissioner shall verify any payroll audit reported to it.

Sec. 19. [79.81] [INFORMATION.]

(a) In addition to other information that the commissioner requests pursuant to section 79.64, the rating association shall file annually with the commissioner, the following information on its members Minnesota experience:

(1) reserves for incurred but not reported losses of its members;

(2) paid claims;

(3) adjustments on reserves for settlements;

(4) a schedule of claims in which its members have established a reserve in excess of $50,000;

(5) the income on invested reserves of its members;

(6) an itemized list of policies written at other than the filed rates;

(7) loss adjustment expenses;

(8) subrogation recoveries;

(9) administrative expenses; and

(10) commission expenses.

The filing of the information of Minnesota experience must be based on separate records containing only Minnesota information separately maintained by the association. The commissioner may request and the association must provide the separate records to the commissioner.

(b) Losses and reserves shall be reported separately as to medical and indemnity expenses.

The commissioner shall consider this information in an appropriate manner in adopting a schedule of rates and shall decline to grant a hearing on petition of the association pursuant to section 79.64 if the association fails to provide the information.

Sec. 20. [79.82] [RECORD; SHALL FURNISH INFORMATION.]

The association shall keep a careful record of its proceedings. It shall furnish, upon demand, to any employer upon whose workers' compensation risk a survey has been made, full information as to the survey, including the method of the computation and a detailed description and location of all items producing charges or credits. The association shall provide a procedure approved by the commissioner so that any member or any employer whose risk has been inspected by it may be heard, either in person or by a representative, before the governing or rating committee or other proper representatives with reference to any matter affecting the risk. An insurer or employer may appeal from a decision of the association to the commissioner. The association shall make rules governing appeals, which rules shall be filed with and approved by the commissioner. The association shall, upon request of the commissioner, file with the commissioner information it has concerning any matter connected with its activities.

Sec. 21. [79.83] [INSURERS SHALL NOT DISCRIMINATE.]

An insurer shall not make or charge any rate for workers' compensation insurance in this state which discriminates unfairly between risks or classes, or which discriminates unfairly between risks in the application of like charges and credits in the plan of merit or experience rating in use; and no insurer shall discriminate by granting to any employer insurance against other hazards at less than its regular rates for such insurance or otherwise.

Sec. 22. [79.84] [RATES SHALL BE FILED.]

Every insurer writing workers' compensation insurance in this state shall, except as otherwise ordered by the commissioner, file with the commissioner its rates for this insurance and all additions or changes. All rates so filed shall comply with the requirements of law and shall not be effective or used until approved by the commissioner. A rate which is filed and approved shall not be changed until the substituted rate has been filed for at least 15 days and has been approved by the commissioner.

Sec. 23. [79.85] [RATES TO BE UNIFORM; EXCEPTIONS.]

An insurer shall not write insurance at a rate that exceeds that approved as reasonable by the commissioner. An insurer may reduce or increase a rate by the application to individual risks of the system of merit or experience rating which has been approved by the commissioner. This reduction or increase shall be set forth in the policy. Upon written request an insurer shall furnish a written explanation to the insured of how and why the individual rate was adjusted by application of a system of merit or experience rating. This explanation shall be mailed to the insured within 30 days of the request. An insurer may write insurance at rates that are lower than the rates approved by the commissioner provided the rates are not unfairly discriminatory.

Sec. 24. [79.86] [POWERS OF COMMISSIONER.]

Subdivision 1. [REPORTS.] The commissioner shall require insurers to file reports as in the judgment of the commissioner, may be necessary for the purposes of sections 79.64 to 79.87. This filed information is available for the use of the commissioner. The commissioner shall require compensation insurers, or their agents, to file the necessary reports for the purposes of this chapter for use by the commissioner including but not limited to a supplemental report to the annual report required by licensed property casualty insurers under section 60A.13 that satisfies this section.

The supplemental report must include the following data for the previous year ending on the 31st day of December:

(1) direct premiums written;

(2) direct premiums earned;

(3) net investment income, including net realized capital gains and losses, using appropriate estimates where necessary;

(i) dollar amount of claims closed with payment, plus

(ii) reserves for reported claims at the end of the current year, minus

(iii) reserves for reported claims at the end of the previous year, plus

(iv) reserves for incurred but not reported claims at the end of the current year, minus

(v) reserves for incurred but not reported claims at the end of the previous year, plus

(vi) reserves for loss adjustment expense at the end of the current year, minus

(viii) actual incurred expenses allocated separately to loss adjustment, commissions, other acquisition costs, general office expenses, taxes, licenses and fees, and all other expenses;

(ix) net underwriting gain or loss; and

(x) net operation gain or loss, including net investment income.

The supplemental report is due by the first of May of each year. The initial report required by this section is due May 1, 1996.

Subd. 2. [RULES.] The commissioner may adopt rules to implement sections 79.64 to 79.87.

Sec. 25. [79.87] [VIOLATIONS; PENALTIES.]

Any insurer, rating association, agent, or other representative or employee of any insurer or rating association failing to comply with, or which is guilty of a violation of, any of the provisions of sections 79.63 to 79.87, or of any order or ruling of the commissioner made thereunder, shall be punished by a fine of not less than $100 nor more than $25,000. In addition, the license of any insurer, agent, or broker guilty of a violation may be revoked or suspended.

Sec. 26. [LEGISLATIVE INTENT.]

It is the intent of the legislature in enacting this article to reinstate with minor modifications the prior state workers' compensation insurance rate regulatory system that was repealed effective January 1, 1984. Judicial and administrative decisions regarding the prior law shall be deemed to be applicable to this article in the same manner as to the prior law unless in express conflict with a provision of this article.

Sec. 27. [PRIOR RATES.]

Subdivision 1. [PRESUMPTION.] Unless disapproved by the commissioner, rates, schedules of rates, and rating plans that have been filed with the commissioner of commerce before April 1, 1995, are conclusively presumed to satisfy the requirements of this article until the initial schedule of rates has been approved by order of the commissioner.

Subd. 2. [FILING.] If a rate was not filed by an insurer before the effective date of this section, an insurer may file a rate for any classification for which a rate was not previously filed. The rate shall not be used until it is approved by the commissioner. The commissioner may approve a rate up to the rate level approved for use by the assigned risk plan for that rate class. The rates may remain in force until the commissioner has approved a schedule of rates under section 79.64. If the commissioner disapproves of any rate or rating plan pursuant to authority granted in this subdivision, the disapproval shall not be subject to chapter 14 and the decision shall be final.

Subd. 3. [APPROVAL.] Until the commissioner issues an order approving a schedule of rates under section 79.64, an insurer may not, through the use of any rating plan, charge a rate higher

than the rates applicable to the insurer under subdivision 1 or 2. This subdivision does not prohibit the use of approved experience rate plans or retrospective rating plans that have been adopted in the filed rates by insurers, the assigned risk plan, or a data service organization. This section does not prohibit the adjustment of a schedule of rates to reflect adjustments in the assessment rate for the special compensation fund, any adjustment in the assessment for the assigned risk plan pursuant to section 79.251, subdivision 5, any adjustment in the assessment for the Minnesota insurance guaranty association pursuant to section 60C.05, or any other assessment required by law.

Subd. 4. [INTERIM RATES.] Rates, schedules of rates, and rating plans filed after March 31, 1994, may not be used after the effective date of this article and the rates, schedules of rates, and rating plans in effect prior to April 1, 1995, are reinstated.

Subd. 5. [COMPLIANCE.] No insurer may avoid the application of this section by limiting or denying the use of credits or other adjustments to the rates that were available and used before April 1, 1995. The commissioner shall monitor the activities of insurers to ensure that the requirements of this section are satisfied.

Subd. 6. [EFFECTIVE DATE.] This section shall apply only to policies issued or renewed to be effective after the effective date of this section.

Sec. 28. [REPEALER.]

The commissioner may require additional financial information necessary to carry out the purpose of this chapter.

Sec. 6. Minnesota Statutes 1994, section 79A.03, subdivision 6, is amended to read:

Subd. 6. [APPLICATIONS FOR GROUP SELF-INSURANCE.] (a) Two or more employers, or a trade association may apply to the commissioner for the authority to self-insure as a group or preferred risk group, using forms available from the commissioner. This initial application shall be accompanied by a copy of the bylaws or plan of operation adopted by the group. Sec. 8. Minnesota Statutes 1994, section 79A.03, subdivision 8, is amended to read:

Approval shall be effective until revoked by order of the commissioner or until the employer members of the group become insured.

Sec. 9. Minnesota Statutes 1994, section 79A.03, subdivision 9, is amended to read:

Subd. 9. [FILING REPORTS.] (a) Incurred losses, paid and unpaid, specifying indemnity and medical losses by classification, payroll by classification, and current estimated outstanding liability for workers' compensation shall be reported to the commissioner by each self-insurer on a calendar year basis, in a manner and on forms available from the commissioner. Payroll information must be filed by April 1 of the following year, and loss information and total workers' compensation liability must be filed by August 1 of the following year.

(b) Each self-insurer shall, under oath, attest to the accuracy of each report submitted pursuant to paragraph (a). Upon sufficient cause, the commissioner shall require the self-insurer to submit a certified audit of payroll and claim records conducted by an independent auditor approved by the commissioner, based on generally accepted accounting principles and generally accepted auditing standards, and supported by an actuarial review and opinion of the future contingent liabilities. The basis for sufficient cause shall include the following factors: where the losses reported appear significantly different from similar types of businesses; where major changes in the reports exist

from year to year, which are not solely attributable to economic factors; or where the commissioner has reason to believe that the losses and payroll in the report do not accurately reflect the losses and payroll of that employer. If any discrepancy is found, the commissioner shall require changes in the self-insurer's or workers' compensation service company record keeping practices.

(c) With the annual loss report due August 1, each self-insurer shall report to the commissioner any workers' compensation claim from the previous year where the full, undiscounted value is estimated to exceed $50,000, in a manner and on forms prescribed by the commissioner.

(d) Each individual self-insurer shall, within four months after the end of its fiscal year, annually file with the commissioner its latest 10K report required by the Securities and Exchange Commission. If an individual self-insurer does not prepare a 10K report, it shall file an annual certified financial statement, together with such other financial information as the commissioner may require to substantiate data in the financial statement.

(e) Each member of the group shall, within four months after the end of each fiscal year for that group, file the most recent annual financial statement, reviewed by a certified public accountant in accordance with the Statements on Standards for Accounting and Review Services, Volume 2, the American Institute of Certified Public Accountants Professional Standards, or audited in accordance with generally accepted auditing standards, together with such other financial information the commissioner may require. In addition, the group shall file, within four months after the end of each fiscal year for that group, combining financial statements of the group members, compiled by a certified public accountant in accordance with the Statements on Standards for Accounting and Review Services, Volume 2, the American Institute of Certified Public Accountants Professional Standards. Payroll and loss information must also be provided to the Workers' Compensation Insurers Association. The combining financial statements shall include, but not be limited to, a balance sheet, income statement, statement of changes in net worth, and statement of cash flow. Each combining financial statement shall include a column for each individual group member along with a total column.

Where a group has 50 or more members, the group shall file, in lieu of the combining financial statements, a combined financial statement showing only the total column for the entire group's balance sheet, income statement, statement of changes in net worth, and statement of cash flow. Additionally, the group shall disclose, for each member, the total assets, net worth, revenue, and income for the most recent fiscal year. The combining and combined financial statements may omit all footnote disclosures.

Where members belong to a preferred risk group, the preferred group shall file, in lieu of the combining financial statements, a compiled combined financial statement prepared by a certified public accountant showing only the total column for the entire group's balance sheet, income statement, statement of changes in net worth, statement of cash flow, and a list of all members comprising the combined statement. Additionally, individual members constituting at least 75 percent of the premium shall submit to the preferred risk group reviewed or audited financial statements, and the remaining members may submit compilation level statements. The combined financial statement shall attest that financial statements of members representing 75 percent of the group's premium has been reviewed or audited. The preferred risk group shall also provide any footnote disclosures of individual members to the department of commerce which indicate contingent liabilities that could potentially exceed 30 percent of the combined net worth of all members of the group, and provide the financial statement of any individual member company whose premium exceeds 30 percent of the total group premium.

(f) In addition to the financial statements required by paragraphs (d) and (e), interim financial statements or 10Q reports required by the Securities and Exchange Commission may be required by the commissioner upon an indication that there has been deterioration in the self-insurer's financial condition, including a worsening of current ratio, lessening of net worth, net loss of income, the downgrading of the company's bond rating, or any other significant change that may adversely affect the self-insurer's ability to pay expected losses. Any self-insurer that files an 8K report with the Securities and Exchange Commission shall also file a copy of the report with the commissioner within 30 days of the filing with the Securities and Exchange Commission.

Sec. 10. Minnesota Statutes 1994, section 79A.03, subdivision 11, is amended to read:

Subd. 11. [JOINT AND SEVERAL LIABILITY.] All members of a private self-insurer group shall be jointly and severally liable for the obligations incurred by any member of the same group under chapter 176., except that preferred risk group members shall also be individually and proportionally liable. For assessment purposes, the proportional liability of each preferred risk member shall be based on the member's percentage of the group's total obligations. If a member of the group becomes insolvent, the remaining member liability must be adjusted upward, based on the member's proportion of the total group obligation, to satisfy the obligation. All preferred group marketing materials shall explain that members are jointly and severally liable, but individually and proportionally assessed should the group become insolvent.

Sec. 11. Minnesota Statutes 1994, section 79A.08, is amended to read:

79A.08 [LEGISLATIVE INTENT.]

It is the intent of the legislature in enacting sections 79A.08 to 79A.10 to provide for the continuation of workers' compensation benefits delayed due to the failure of a an individual or group private self-insured employer to meet its compensation obligations, whenever the commissioner of commerce issues a certificate of default or there is a declaration of bankruptcy or insolvency by a court of competent jurisdiction. With respect to the continued liability of a surety for claims that arise under a bond after termination of that bond and to a surety's liability for the cost of administration of claims, it is the intent of the legislature to provide that that liability ceases upon lawful termination of that bond. This applies to all surety bonds which are purchased by the self-insured employer after July 1, 1988. The legislature finds and declares that the establishment of the self-insurers' security fund is a necessary component of a complete system of workers' compensation, required by chapter 176, to have adequate provisions for the comfort, health, safety, and general welfare of any and all workers and their dependents to the extent of relieving the consequences of any industrial injury or death, and full provision for securing the payment of compensation.

"ARTICLE 3

INSURANCE REGULATION

Section 1. [79.63] [DEFINITIONS.]

Subdivision 1. [TERMS.] Unless the language or context clearly indicates that a different meaning is intended, the following terms, for the purposes of sections 79.63 to 79.87, shall have the meanings given them.

Subd. 2. [INSURER.] "Insurer" means the assigned risk plan and any insurance carrier authorized by license issued by the commissioner of insurance to transact the business of workers' compensation insurance in this state.

Subd. 3. [INSURANCE.] "Insurance" means workers' compensation insurance and insurance covering any part of the liability of an employer exempted from insuring liability for compensation, as provided in section 176.181.

Subd. 4. [COMMISSIONER.] "Commissioner" means the commissioner of commerce.

Subd. 5. [ASSOCIATION.] "Association" or "rating association" means the Minnesota workers' compensation insurers association.

Subd. 6. [INTERESTED PARTY.] "Interested party" means any person or association acting on behalf of its members who is directly affected by a change in the schedule of rates and includes the staff of the department of commerce.

Subd. 7. [SCHEDULE OF RATES.] "Schedule of rates" means the rate level applicable to the various industry groupings or classes, including the risk classifications thereunder upon which the determination of workers' compensation premiums are based, including, but not limited to, all systems for merit or experience rating, retrospective rating, and premium discounts.

Sec. 2. [79.64] [RATES; HEARINGS.]

Subdivision 1. [OPTIONAL HEARING.] The commissioner shall adopt a schedule of workers' compensation insurance rates for use in this state for each classification under which business is written. The schedule of rates shall not be excessive, inadequate, or unfairly discriminatory. In adopting a schedule of rates, the commissioner may act on the written petition of the association or any other interested party requesting that a hearing be held for modification of the schedule of rates.

Subd. 2. [LAW CHANGES; LOSS EXPERIENCE.] If the legislature enacts amendments to the workers' compensation laws that indicate a reduction in the schedule of rates, or the commissioner determines that the loss experience of Minnesota workers' compensation insurers indicates a change in the existing schedule of rates, the commissioner may order a change in the schedule of rates or order a hearing to determine whether and by what percentage the schedule of rates should be changed. A hearing held pursuant to this subdivision is not subject to the contested case proceeding requirements of this section or section 79.65, notwithstanding section 79.69.

Subd. 3. [HEARING PETITION.] The department of labor and industry, the association, or any other interested party may file a petition. Upon receipt of a petition requesting a hearing for modification of an existing schedule of rates, the commissioner shall determine whether the petition sufficiently sets forth facts that show that the existing schedule of rates is excessive, inadequate, unfairly discriminatory, or otherwise in need of modification so as to indicate the need to hold a hearing. If the association is the petitioner, the commissioner may decline to grant a hearing if the association fails to provide information requested by previous orders modifying the schedule of rates, provided that the request was not unreasonable. The commissioner may accept or reject the petition for a hearing and shall give notice of the determination to the petitioning party within 30 days of receipt of the petition. If the commissioner rejects the petition, the commissioner shall notify the petitioning party of the reasons for the rejection.

Subd. 4. [CONTESTED CASE HEARING.] If the commissioner accepts the petition for hearing, the commissioner shall order a hearing on matters set forth in the petition requesting

modification of the schedule of rates. The hearing shall be held pursuant to the contested case procedures set forth in sections 14.01 to 14.69. The burden of proof is on the petitioning party. An employer, person representing a group of employers, or other person that will be directly affected by a change in an insurer's existing rate level or rating plan, and the commissioner of labor and industry, must be allowed to intervene and participate in any hearing to challenge the rate level or rating plan as being excessive, inadequate, or unfairly discriminatory. The administrative law judge may admit documentary and statistical evidence accepted and relied upon by an expert whose field of expertise has relevance to workers' compensation rate matters, without the requirement of traditional evidentiary foundation. Within 30 days after the close of the hearing record, the judge shall transmit to the commissioner the entire record of the hearing, including the transcript, exhibits, and all other material properly accepted into evidence, together with the finding of facts, conclusions, and recommended order made by the administrative law judge. The time for filing the report may be extended by the chief administrative law judge for good cause.

Subd. 5. [COMMISSIONER'S DETERMINATION; POWERS; EVIDENCE.] The commissioner may accept, reject, or modify, in whole or in part, matters raised in the petition for modification of the schedule of rates or matters raised in the findings and recommendations of the administrative law judge. The commissioner's determination shall be based upon substantial evidence.

Subd. 6. [FINAL DETERMINATION.] The commissioner shall make a final determination with respect to adoption of a schedule of rates within 90 days after receipt of the administrative law judge's report. If the commissioner fails to act within the 90-day period, the findings, conclusions, and recommended order of the judge become the final order of the commissioner.

Subd. 7. [ACTUARY; EXPERTS.] The commissioner may hire a consulting actuary and other experts necessary to assist in the hearing for modification of the schedule of rates. The costs of conducting the hearing provided under subdivision 3, including the costs of hiring a consulting actuary and other experts, shall be assessed against the rating association and its members.

Subd. 8. [CONSULTANTS.] The office of administrative hearings, upon approval of the chief administrative law judge, may hire consultants necessary to assist the judge assigned to a rate proceeding.

Subd. 9. [RESERVES.] Any assumption as to reserves required due to the operation of section 176.645, shall, for the purposes of determining rates, be offset by an assumption that the amount initially reserved shall be invested and yield a return equal to the annual percentage increase in the statewide average weekly wage. With respect to other reserved amounts, the commissioner shall, in determining rates, cause those rates to fully reflect the investment earnings of insurers which arise from revenues derived from the sale of workers' compensation insurance, either by use of an appropriate discount rate in determining the reserves necessary for all claims, or by the use of an alternative methodology which the commissioner finds is more appropriate. Reserves must be adjusted to account for reimbursements from the special compensation fund. Insurers shall provide the commissioner with any information the commissioner deems necessary to arrive at the determination required by this subdivision.

Subd. 10. [PROHIBITED RESERVES.] In no case shall more than one insurer reserve amounts in anticipation of losses on a single claim, nor shall an insurer reserve amounts in anticipation of losses which are the responsibility of the reinsurance association.

Subd. 11. [EXPERIENCE RATING MODIFICATION.] A modification by an insurer or the association of an experience rating plan, an experience rating plan formula, or an experience rating factor is not effective unless approved by the commissioner of insurance.

Sec. 3. [79.65] [PETITION FOR REHEARING.]

Subdivision 1. [WHEN SERVED.] An interested party may petition the commissioner for rehearing and reconsideration of a determination made pursuant to section 79.64. The petition for rehearing and reconsideration shall be served upon the commissioner and all parties to the rate hearing within 30 days after service of the commissioner's final order. The petition shall set forth factual grounds in support of the petition. An interested party adversely affected by a petition for review and reconsideration shall be afforded 15 days to respond to factual matters alleged in the petition.

Subd. 2. [REHEARING DISCRETIONARY.] The commissioner may grant a rehearing upon the filing of a petition. Upon rehearing, the commissioner may limit the scope of factual matters that are subject to rehearing and reconsideration. The rehearing is subject to section 79.64.

Subd. 3. [GROUNDS FOR MODIFICATION.] Following a rehearing, the commissioner may modify the terms of the initial order adopting a change in the schedule of rates upon a determination that adequate factual grounds exist to support modification. Adequate factual grounds shall include, but need not be limited to, erroneous testimony by any witness or party to the hearing, material change in Minnesota loss or expense data occurring after a petition for modification of the schedule of rates has been filed, or any other mistake of fact that has a substantial effect upon the schedule of rates adopted in the initial order of the commissioner.

Sec. 4. [79.66] [JUDICIAL REVIEW.]

Final orders of the commissioner pursuant to sections 79.64 and 79.65 are subject to judicial review by writ of certiorari brought in the district court in Ramsey County by an interested party of record adversely affected by the order. The operation of the commissioner's order is not suspended during judicial review; provided that in the event of a judicial determination against the validity of the commissioner's order, the order under review and any subsequent order shall be modified so as to give effect to the court's ruling. For purposes of further judicial review, the commissioner is an aggrieved party to the extent that order is modified or set aside by the district court.

Sec. 5. [79.67] [DISCRIMINATION; EXCESSIVENESS.]

Subdivision 1. [RATES.] A rate, rating plan, or schedule of rates is unfairly discriminatory in relation to another if it clearly fails to reflect equitably the differences in expected losses, expenses, and the degree of risk. Rates are not unfairly discriminatory because different premiums result for policyholders with like loss exposures but different expense factors, or like expense factors but different loss exposures, so long as the rates reflect the differences with reasonable accuracy.

Subd. 2. [DIVIDENDS.] Dividend plans are not unfairly discriminatory where different premiums result for different policyholders with similar loss exposures but different expense factors, or where different premiums result for different policyholders with similar expense factors but different loss exposures, so long as the respective premiums reflect the differences with reasonable accuracy. Every insurer that issues participating policies shall file with the commissioner a true copy or summary as the commissioner shall direct of its participating dividend rates as to policyholders.

Subd. 3. [EXCESSIVENESS.] Rates, rating plans, or schedules of rates are not excessive if the expected underwriting profit, together with expected income from invested reserves for the market in question, that would accrue to an insurer would be reasonable in relation to the risk undertaken by the insurer in transacting the business or if expenses are reasonable in relation to the services rendered.

The commissioner shall monitor the income and profit actually earned. If it is in excess of the expected profit and return, the commissioner shall provide appropriate adjustments in future rates or provide other appropriate relief.

Sec. 6. [79.68] [AUTOMATIC ADJUSTMENT OF RATES.]

The commissioner shall, by rule, establish a formula by which a schedule of rates may be automatically adjusted to reflect benefit changes that have been mandated by operation of law subsequent to the most recent change in the statewide schedule of rates. This adjustment shall also reflect the annual change in the maximum weekly compensation made pursuant to section 176.101, any adjustment in the assessment for the assigned risk plan under section 79.251, subdivision 5, any adjustment in the assessement for the Minnesota insurance guarantee association under section 60C.05, an adjustment in the assessment rate for the financing of the special compensation fund, the annual adjustment made pursuant to section 176.645, or any other assessment required by law. Any automatic adjustment made pursuant to this subdivision is effective on October 1 or as soon thereafter as possible and is not subject to sections 14.01 to 14.69.

At each rate hearing held pursuant to section 79.64 or rehearing pursuant to section 79.65, following an automatic adjustment, the commissioner shall review the rate adjustment to assure that the schedule of rates adopted subsequent to the adjustment are not excessive, inadequate, or unfairly discriminatory. If the commissioner finds that the schedule of rates adopted subsequent to the adjustment are excessive, inadequate, or unfairly discriminatory, the commissioner shall order appropriate remedial action.

Sec. 7. [79.69] [RATE REVISION ORDER; EFFECT.]

Subdivision 1. [WHEN APPLICABLE.] Following adoption of a revised schedule of rates pursuant to section 79.64 or 79.65, the revised rates apply to new and renewal policies issued after the effective date of the commissioner's final order.

Subd. 2. [MANUALS.] The revised schedule of rates apply to all insureds and prospective insureds pursuant to the provisions of the workers' compensation rating manual adopted by the association and approved by the commissioner. A manual in use on June 1, 1995, may remain in force until disapproved by the commissioner.

Sec. 8. [79.70] [COMMISSIONER MAY REQUIRE SURVEY.]

The commissioner may at any time require a survey and report by the association of any risk regarding which complaint may have been made. Approval of any rate or classification may be withdrawn by the commissioner upon ten days' notice to the parties interested.

Sec. 9. [79.71] [CLASSIFICATION OF WORKERS' COMPENSATION INSURANCE.]

No classification for compensation insurance purposes shall be effective until approved as correct by the commissioner. No rule or regulation with reference to compensation risks filed by any insurer, or by the association shall be effective until approved by the commissioner. No kind of insurance covering any part of the liability of an employer exempted from insuring liability for compensation, as provided in section 176.181, shall be effective in this state unless approved by the commissioner. If at any time reasonable doubt exists on the part of the commissioner as to the proper classification or rate for any risk, the risk may be bound for insurance subject to rate and classification to be established for it.

Sec. 10. [79.72] [APPOINTMENT OF ACTUARY.]

The commissioner shall employ the services of a casualty actuary experienced in workers' compensation whose duties shall include, but not be limited to, investigation of complaints by insured parties relative to rates, rate classifications, or discriminatory practices of an insurer. The salary of the actuary employed pursuant to this section is not subject to the provisions of section 43A.17, subdivision 1.

Sec. 11. [79.73] [REVIEW OF ACTS OF INSURERS.]

The commerce department staff may investigate on the request of any person or on its own initiative the acts of the rating association, an insurer, or an agent that are subject to sections 79.63 to 79.87, and may make findings and recommendations that the commissioner issue an order requiring compliance with those sections. The proposed findings and recommended order shall be served on all affected parties at the same time that the staff transmits its findings and recommendations to the commissioner. Any party adversely affected by the proposed findings and recommended order may request that a hearing be held concerning the issues raised therein within 15 days after service of the findings and recommended order. This hearing shall be conducted as a contested case pursuant to sections 14.01 to 14.69. If a hearing is not requested within the time specified in this section, the proposed findings and recommended order may be adopted by the commissioner as a final order.

Sec. 12. [79.74] [INSURERS SHALL BE MEMBERS OF ASSOCIATION.]

Every insurer transacting the business of workers' compensation insurance in this state shall be a member of the association organized under sections 79.63 to 79.87, to be maintained in this state for the following purposes:

(1) to separate the industries of this state that are subject to workers' compensation insurance into proper classes for compensation insurance purposes; to make inspections of compensation risks and to apply the merit and experience rating system approved for use in this state; to establish charges and credits under the system and make reports showing all facts affecting these risks as the subject of compensation insurance; and for approving policies of compensation insurance as being written in conformity with classifications and rates previously promulgated by the association and approved by the commissioner; and

(2) to assist the commissioner and insurers in approving rates, determining hazards and other material facts in connection with compensation risks, and to assist in promoting safety in the industries.

Sec. 13. [79.75] [ORGANIZATION OF ASSOCIATION.]

The association shall adopt articles of association and bylaws for its government and for the government of its members. These articles and bylaws and all amendments must be filed with and approved by the commissioner and are not effective until filed and approved. The association must admit to membership any insurer authorized to transact workers' compensation insurance in this state. The charges and service of the association shall be fixed in the articles or bylaws and shall be equitable and nondiscriminatory as between members.

Sec. 14. [79.76] [EXPENSE; HOW PAID.]

Each member of the association shall pay an equitable and nondiscriminatory share of the cost of operating the association. If the members of the association cannot agree upon an apportionment of cost, any member may in writing petition the commissioner to establish a basis for apportioning the cost. If any member is aggrieved by an apportionment made by the association, it may in writing petition the commissioner for a review of the apportionment. The commissioner shall, upon not less than five days' notice to each member of the association hold a hearing on the petition at which all members are entitled to be present and be heard. The commissioner shall determine the matter and mail a copy of the decision to each member of the association. The decision of the commissioner is final and binding upon all members of the association.

Sec. 15. [79.77] [REPRESENTATION.]

Each class of insurers, stock companies, mutual companies, and interinsurers, which are members of the association shall be represented in the association management and on committees, as provided in the bylaws, but the nonstock and stock companies shall have equal representation on the governing or managing committee and on the rating committee of the association. One-half of the members of each committee shall be chosen by the nonstock companies and one-half by the stock companies. The commissioner of commerce shall appoint the member representing the assigned risk plan. Each member company shall be entitled to one vote. In case of a tie vote upon any committee, the commissioner shall cast the deciding vote.

Sec. 16. [79.78] [LICENSE; FEE.]

The association shall procure annually from the commissioner a license to carry on its business. The license year for the association is from March 1 to the last day of February succeeding. The association shall pay an annual license fee of $100 to be paid at the time of filing application for license. The commissioner shall prescribe blanks and make needed regulations governing the licensing of the association.

Sec. 17. [79.79] [ANNUAL STATEMENT.]

The association shall annually on or before March 1 file with the commissioner a report covering its activities for the preceding calendar year. The report shall cover its financial transactions and other matters connected with its operation as required by the commissioner. The commissioner shall prescribe the form of the report. The association is subject to supervision and examination by the commissioner or any examiner authorized by the commissioner. Examinations may be made as often as deemed expedient. The expense of an examination shall be paid by the association.

Sec. 18. [79.80] [ASSOCIATION SHALL MAKE CLASSIFICATION.]

The association shall, on behalf of its members, assign each compensation risk in this state to its proper classification. The determination as to the proper classification by the association is subject to the approval of the commissioner. The association shall, on behalf of its members, inspect and make a written survey of each risk to which the system of merit rating approved for use in this state is applicable. It shall, on behalf of all its members, file with the commissioner its classification of risks and keep on file at the office of the association the written surveys of all risks inspected by it. The survey shall show the location and description of all items producing charges and credits, if any, and other facts as are material in the writing of insurance. It shall file any subsequent proposed classification or later survey and all rules and regulations which may affect the writing of these risks. The association classification shall be binding upon all insurers. The commissioner and the association and its representatives shall give all information as to classifications, rates, surveys, and other facts collected and intended for the common use of insurers subject to sections 79.63 to 79.87 to all these insurers at the same time. A copy of the complete survey, with the approved classification and rates and the effective date, shall be furnished to the insurer of record as soon as approved. The approved classification and rates upon a specific risk shall be furnished upon request to any other insurer upon the payment of a reasonable charge for the service. Every insurer shall promptly file with the association a copy of each payroll audit, which shall be checked by the association for correctness of classification and rate. The commissioner may require the association to file with it any such copy and may verify any payroll audit by a reaudit of the books of the employer or in such other manner as may to it appear most expedient. Upon written complaint stating facts sufficient to warrant action by it, the commissioner shall verify any payroll audit reported to it.

Sec. 19. [79.81] [INFORMATION.]

(a) In addition to other information that the commissioner requests pursuant to section 79.64, the rating association shall file annually with the commissioner, the following information on its members Minnesota experience:

(1) reserves for incurred but not reported losses of its members;

(2) paid claims;

(3) adjustments on reserves for settlements;

(4) a schedule of claims in which its members have established a reserve in excess of $50,000;

(5) the income on invested reserves of its members;

(6) an itemized list of policies written at other than the filed rates;

(7) loss adjustment expenses;

(8) subrogation recoveries;

(9) administrative expenses; and

(10) commission expenses.

The filing of the information of Minnesota experience must be based on separate records containing only Minnesota information separately maintained by the association. The commissioner may request and the association must provide the separate records to the commissioner.

(b) Losses and reserves shall be reported separately as to medical and indemnity expenses.

The commissioner shall consider this information in an appropriate manner in adopting a schedule of rates and shall decline to grant a hearing pursuant to section 79.64 if the association fails to provide the information.

Sec. 20. [79.82] [RECORD; SHALL FURNISH INFORMATION.]

The association shall keep a careful record of its proceedings. It shall furnish, upon demand, to any employer upon whose workers' compensation risk a survey has been made, full information as to the survey, including the method of the computation and a detailed description and location of all items producing charges or credits. The association shall provide a procedure approved by the commissioner so that any member or any employer whose risk has been inspected by it may be heard, either in person or by a representative, before the governing or rating committee or other proper representatives with reference to any matter affecting the risk. An insurer or employer may appeal from a decision of the association to the commissioner. The association shall make rules governing appeals, which rules shall be filed with and approved by the commissioner. The association shall, upon request of the commissioner, file with the commissioner information it has concerning any matter connected with its activities.

Sec. 21. [79.83] [INSURERS SHALL NOT DISCRIMINATE.]

An insurer shall not make or charge any rate for workers' compensation insurance in this state which discriminates unfairly between risks or classes, or which discriminates unfairly between risks in the application of like charges and credits in the plan of merit or experience rating in use; and no insurer shall discriminate by granting to any employer insurance against other hazards at less than its regular rates for such insurance or otherwise.

Sec. 22. [79.84] [RATES SHALL BE FILED.]

Every insurer writing workers' compensation insurance in this state shall, except as otherwise ordered by the commissioner, file with the commissioner its rates for this insurance and all additions or changes. All rates so filed shall comply with the requirements of law and shall not be effective or used until approved by the commissioner. A rate which is filed and approved shall not be changed until the substituted rate has been filed for at least 15 days and has been approved by the commissioner.

Sec. 23. [79.85] [RATES TO BE UNIFORM; EXCEPTIONS.]

An insurer shall not write insurance at a rate that exceeds that approved as reasonable by the commissioner. An insurer may reduce or increase a rate by the application to individual risks of the system of merit or experience rating which has been approved by the commissioner. This reduction or increase shall be set forth in the policy. Upon written request an insurer shall furnish a written explanation to the insured of how and why the individual rate was adjusted by application of a system of merit or experience rating. This explanation shall be mailed to the insured within 30 days of the request. An insurer may write insurance at rates that are lower than the rates approved by the commissioner provided the rates are not unfairly discriminatory.

Sec. 24. [79.86] [POWERS OF COMMISSIONER.]

Subdivision 1. [REPORTS.] The commissioner shall require insurers to file reports as in the judgment of the commissioner, may be necessary for the purposes of sections 79.64 to 79.87. This filed information is available for the use of the commissioner. The commissioner shall require compensation insurers, or their agents, to file the necessary reports for the purposes of this chapter for use by the commissioner including but not limited to a supplemental report to the annual report required by licensed property casualty insurers under section 60A.13 that satisfies this section.

The supplemental report must include the following data for the previous year ending on the 31st day of December:

The supplemental report is due by the first of May of each year. The initial report required by this section is due May 1, 1996.

Subd. 2. [RULES.] The commissioner may adopt rules to implement sections 79.64 to 79.87.

Sec. 25. [79.87] [VIOLATIONS; PENALTIES.]

Any insurer, rating association, agent, or other representative or employee of any insurer or rating association failing to comply with, or which is guilty of a violation of, any of the provisions of sections 79.63 to 79.87, or of any order or ruling of the commissioner made thereunder, shall be punished by a fine of not less than $100 nor more than $25,000. In addition, the license of any insurer, agent, or broker guilty of a violation may be revoked or suspended.

Sec. 26. [LEGISLATIVE INTENT.]

It is the intent of the legislature in enacting this article to reinstate with minor modifications the prior state workers' compensation insurance rate regulatory system that was repealed effective January 1, 1984. Judicial and administrative decisions regarding the prior law shall be deemed to be applicable to this article in the same manner as to the prior law unless in express conflict with a provision of this article.

Sec. 27. [PRIOR RATES.]

Subdivision 1. [PRESUMPTION.] Unless disapproved by the commissioner, rates, schedules of rates, and rating plans that have been filed with the commissioner of commerce before April 1, 1995, are conclusively presumed to satisfy the requirements of this article until the initial schedule of rates has been approved by order of the commissioner.

Subd. 2. [FILING.] If a rate was not filed by an insurer before the effective date of this section, an insurer may file a rate for any classification for which a rate was not previously filed. The rate shall not be used until it is approved by the commissioner. The commissioner may approve a rate up to the rate level approved for use by the assigned risk plan for that rate class. The rates may remain in force until the commissioner has approved a schedule of rates under section 79.64. If the commissioner disapproves of any rate or rating plan pursuant to authority granted in this subdivision, the disapproval shall not be subject to chapter 14 and the decision shall be final.

Subd. 3. [APPROVAL.] Until the commissioner issues an order approving a schedule of rates under section 79.64, an insurer may not, through the use of any rating plan, charge a rate higher than the rates applicable to the insurer under subdivision 1 or 2. This subdivision does not prohibit the use of approved experience rate plans or retrospective rating plans that have been adopted in the filed rates by insurers, the assigned risk plan, or a data service organization. This section does not prohibit the adjustment of a schedule of rates to reflect adjustments in the assessment rate for the special compensation fund, any adjustment in the assessment for the assigned risk plan pursuant to section 79.251, subdivision 5, any adjustment in the assessment for the Minnesota insurance guaranty association pursuant to section 60C.05, or any other assessment required by law.

Subd. 4. [INTERIM RATES.] Rates, schedules of rates, and rating plans filed after March 31, 1994, may not be used after the effective date of this article and the rates, schedules of rates, and rating plans in effect prior to April 1, 1995, are reinstated.

Subd. 5. [COMPLIANCE.] No insurer may avoid the application of this section by limiting or denying the use of credits or other adjustments to the rates that were available and used before April 1, 1995. The commissioner shall monitor the activities of insurers to ensure that the requirements of this section are satisfied.

Subd. 6. [EFFECTIVE DATE.] This section shall apply only to policies issued or renewed to be effective after the effective date of this section.

Sec. 28. [APPROPRIATION.]

$926,000 for fiscal year 1996 and $961,000 for fiscal year 1997 are appropriated from the special compensation fund to the department of commerce for the purposes of this article.

(1) ~~competition in workers' compensation insurance rates in such a way that the advantages of competition are introduced with a minimum of employer hardship;~~

~~(2)~~ adequate safeguards against excessive or discriminatory rates in workers' compensation;

~~(3)~~ (2) encouragement of workers' compensation insurance rates which are as low as reasonably necessary, but shall make provision against inadequate rates, insolvencies and unpaid benefits;

~~(4)~~ (3) assurances that employers are not unfairly relegated to the assigned risk pool;

~~(5)~~ (4) requiring all appropriate data and other information from insurers for the purpose of issuing rules, and making legislative recommendations pursuant to this section ~~and monitoring the effectiveness of competition~~; and

~~(6)~~ (5) preserving a framework for risk classification, data collection, and other appropriate joint insurer services ~~where these will not impede the introduction of competition in premium rates~~.

Sec. 4. Minnesota Statutes 1994, section 79.53, subdivision 1, is amended to read:

Subdivision 1. [METHOD OF CALCULATION.] Each insurer shall establish premiums to be paid by an employer according to its filed rates and rating plan as follows:

Rates shall be applied to an exposure base to yield a base premium which may be further ~~modified~~ increased or decreased up to 25 percent by merit rating, premium discounts, and other appropriate factors contained in the rating plan of an insurer to produce premium if the increase or decrease is not unfairly discriminatory. Nothing in this chapter shall be deemed to prohibit the use of any premium, provided the premium is not excessive, inadequate or unfairly discriminatory.

Sec. 5. Minnesota Statutes 1994, section 79.55, subdivision 2, is amended to read:

Subd. 2. [EXCESSIVENESS.] ~~No premium is excessive in a competitive market. In the~~

~~absence of a competitive market, premiums~~ Rates and rating plans are excessive if the expected underwriting profit, together with expected income from invested reserves ~~for the market in question~~, that would accrue to an insurer under the rates and rating plans would be unreasonably high in relation to the risk undertaken by the insurer in transacting the business. The burden is on the insurer to establish that profit is not unreasonably high.

Sec. 6. Minnesota Statutes 1994, section 79.55, subdivision 5, is amended to read:

Subd. 5. [DISCOUNTS PERMITTED.] An insurer may offer a ~~discount from~~ scheduled credit or debit to a manual premium of up to 25 percent if the premium otherwise complies with this section. ~~The commissioner shall not by rule, or otherwise, prohibit a credit or discount from a manual premium solely because it is greater than a certain fixed percentage of the premium.~~

Sec. 7. Minnesota Statutes 1994, section 79.55, is amended by adding a subdivision to read:

Subd. 6. [RATING FACTORS.] In determining whether a rate filing complies with this section, separate consideration shall be given to: (i) past and prospective loss experience within this state and outside this state to the extent necessary to develop credible rates; (ii) dividends, savings, or unabsorbed premium deposits allowed or returned by insurers to their policyholders, members, or subscribers; and (iii) a reasonable allowance for expense and profit. An allowance for expense shall be presumed reasonable if it reflects expenses that are 22.5 percent greater or less than the average expense for all insurers writing workers' compensation insurance in this state. An allowance for after-tax profit shall consider anticipated investment income from premium receipts net of disbursements and from allocated surplus, based on the current five-year United States Treasury note yield and an assumed premium to surplus ratio of 2.25 to one. The allowance for after-tax profit shall be presumed reasonable if the corresponding return on equity target is equal to or less than the sum of: (i) the current yield on five-year United States Treasury securities; and (ii) an appropriate equity risk premium that reflects the risks of writing workers' compensation insurance. The risk premium shall not be less than the average, since 1926, of the differences in return between: (i) the annual return, including dividend income, for the Standards and Poors 500 common stock index or predecessor index for each year; and (ii) the five-year United States Treasury note yield as of the start of the corresponding year. Profit and expense allowances not presumed reasonable under this subdivision, are reasonable if the circumstances of an insurer, the market, or other factors justify them.

Sec. 8. Minnesota Statutes 1994, section 79.55, is amended by adding a subdivision to read:

Subd. 7. [EXTERNAL FACTORS.] That portion of a rate or rating plan related to assessments from the assigned risk plan, reinsurance association, guarantee fund, special compensation fund, agent commission, premium tax, and any other state-mandated surcharges shall not cause the rate or rating plan to be considered excessive, inadequate, or unfairly discriminatory.

Sec. 9. Minnesota Statutes 1994, section 79.56, subdivision 1, is amended to read:

Subdivision 1. [~~AFTER EFFECTIVE DATE~~ PREFILING OF RATES.] Each insurer shall file with the commissioner a complete copy of its rates and rating plan, and all changes and amendments thereto, ~~within 15 days after their~~ and such supporting data and information that the commissioner may by rule require, at least 60 days prior to its effective ~~dates~~ date. ~~An insurer need not file a rating plan if it uses a rating plan filed by a data service organization. If an insurer uses a rating plan of a data service organization but deviates from it, then all deviations must be filed by the insurer.~~ The commissioner shall advise an insurer within 30 days of the filing if its submission is not accompanied with such supporting data and information that the commissioner by rule may require. The commissioner may extend the filing review period and effective date for an additional 30 days if an insurer, after having been advised of what supporting data and information are necessary to complete its filing, does not provide such information within 15 days of having been so notified. If any rate or rating plan filing or amendment thereto is not disapproved by the commissioner within the filing review period, the insurer may implement it. For the period January 1, 1995, to December 31, 1995, the filing shall be made at least 90 days prior to the effective date and the department shall advise an insurer within 60 days of such filing if the filing is insufficient under this section.

Sec. 10. Minnesota Statutes 1994, section 79.56, subdivision 3, is amended to read:

Subd. 3. [PENALTIES.] Any insurer using a rate or a rating plan which has not been filed shall be subject to a fine of up to $100 for each day the failure to file continues. The commissioner may, after a hearing on the record, find that the failure is willful. A willful failure to meet filing requirements shall be punishable by a fine of up to $500 for each day during which a willful failure continues. These penalties shall be in addition to any other penalties provided by law. Notwithstanding this subdivision, an employer that generates $500,000 in annual written workers' compensation premium under the rates and rating plan of an insurer before the application of any large deductible rating plans, may be written by that insurer using rates or rating plans that are not subject to disapproval but which have been filed. The $500,000 threshold shall be increased on January 1, 1996, and on each January 1 thereafter by the percentage increase in the statewide average weekly wage, to the nearest $1,000. The commissioner shall advise insurers licensed to write workers' compensation insurance in this state of the annual threshold adjustment.

Sec. 11. [79.561] [DISAPPROVAL OF RATES OR RATING PLANS.]

Subdivision 1. [DISAPPROVAL; TIME PERIOD.] The commissioner may disapprove a rate and rating plan or amendment thereto prior to its effective date, as provided under section 79.56, subdivision 1, if the commissioner determines that it is excessive, inadequate, or unfairly discriminatory. If the commissioner disapproves any rate or rating plan filing or amendment thereto, the commissioner shall advise the filing insurer what rate and rating plan the commissioner has reason to believe would be in compliance with section 79.55, and the reasons for that determination. An insurer may not implement a rate and rating plan or amendment thereto which has been disapproved under this subdivision. If the commissioner disapproves any rate and rating plan filing or amendment thereto, an insurer may use its current rate and rating plan for writing any workers' compensation insurance in this state. Following any disapproval, the commissioner and insurer may reach agreement on a rate or rating plan filing or amendment thereto. Notwithstanding any law to the contrary, in such cases, the rate or rating plan filing or amendment thereto may be implemented by the insurer immediately.

Subd. 2. [HEARING.] If an insurer's rate or rating plan filing or amendment thereto is disapproved under subdivision 1, the insurer may request a contested case hearing under chapter 14. The insurer shall have the burden of proof to justify that its rate and rating plan or amendment thereto is in compliance with section 79.55. The hearing must be scheduled promptly and in no case later than three months from the date of disapproval or else the rate and rating plan or amendment thereto shall be considered effective and may be implemented by the insurer. A determination pursuant to chapter 14 must be made within 90 days following the closing of the hearing record.

Subd. 3. [CONSULTANTS AND COSTS.] The commissioner may retain consultants, including a consulting actuary or other experts, that the commissioner determines necessary for purposes of this chapter. The salary limit set by section 43A.17 does not apply to a consulting actuary retained under this subdivision. A consulting actuary shall be a fellow in the casualty actuarial society and shall have demonstrated experience in workers' compensation insurance ratemaking. Any individual not so qualified shall not render an opinion or testify on actuarial aspects of a filing, including but not limited to, data quality, loss development, and trending. The costs incurred in retaining any consulting actuaries and experts shall be reimbursed by the special compensation fund.

Sec. 12. [APPROPRIATION.]

$2,600,000 is appropriated from the special compensation fund for the biennium ending June 30, 1997, to the department of commerce for the purposes of this article. The complement of the department of commerce is increased by 13 positions for the purposes of this article.

Sec. 13. [REPEALER.]

Minnesota Statutes 1994, sections 79.53, subdivision 2; 79.54; 79.56, subdivision 2; 79.57; and 79.58, are repealed.

Sec. 14. [EFFECTIVE DATE; TRANSITION.]

This article is effective on January 1, 1996. Rates and rating plans in use as of January 1, 1996,

may continue to be used until such time as an amendment thereto or a new rate or rating plan is filed, at which time such submission shall be subject to this article.

ARTICLE 2

Section 1. Minnesota Statutes 1994, section 176.011, subdivision 25, is amended to read:

Subd. 25. [MAXIMUM MEDICAL IMPROVEMENT.] "Maximum medical improvement" means the date after which no further significant recovery from or significant lasting improvement to a personal injury can reasonably be anticipated, based upon reasonable medical probability. Once the date of maximum medical improvement has been determined, no further determinations of other dates of maximum medical improvement for that personal injury is permitted.

Sec. 2. Minnesota Statutes 1994, section 176.101, subdivision 4, is amended to read:

Subd. 4. [PERMANENT TOTAL DISABILITY.] For permanent total disability, as defined in subdivision 5, the compensation shall be 66-2/3 percent of the daily wage at the time of the injury, subject to a maximum weekly compensation equal to the maximum weekly compensation for a temporary total disability and a minimum weekly compensation equal to ~~the minimum weekly compensation for a temporary total disability~~ 65 percent of the statewide average weekly wage. This compensation shall be paid during the permanent total disability of the injured employee but after a total of $25,000 of weekly compensation has been paid, the amount of the weekly compensation benefits being paid by the employer shall be reduced by the amount of any disability benefits being paid by any government disability benefit program if the disability benefits are occasioned by the same injury or injuries which give rise to payments under this subdivision. This reduction shall also apply to any old age and survivor insurance benefits. Payments shall be made at the intervals when the wage was payable, as nearly as may be. In case an employee who is permanently and totally disabled becomes an inmate of a public institution, no compensation shall be payable during the period of confinement in the institution, unless there is wholly dependent on the employee for support some person named in section 176.111, subdivision 1, 2 or 3, in which case the compensation provided for in section 176.111, during the period of confinement, shall be paid for the benefit of the dependent person during dependency. The dependency of this person shall be determined as though the employee were deceased.

Sec. 3. Minnesota Statutes 1994, section 176.101, subdivision 5, is amended to read:

Subd. 5. [DEFINITION.] (a) For purposes of subdivision 4, permanent total disability means only:

(1) the total and permanent loss of the sight of both eyes, the loss of both arms at the shoulder, the loss of both legs so close to the hips that no effective artificial members can be used, complete and permanent paralysis, total and permanent loss of mental faculties; or

(2) any other injury that results in a disability rating under this chapter of at least 15 percent of the whole body which totally and permanently incapacitates the employee from working at an occupation which brings the employee an income.

(b) For purposes of paragraph (a), clause (2), "totally and permanently incapacitated" means that the employee's physical disability, in combination with the employee's age, education, training, and experience, causes the employee to be unable to secure anything more than sporadic employment resulting in an insubstantial income.

Sec. 4. Minnesota Statutes 1994, section 176.645, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT.] For injuries occurring after October 1, 1975 for which benefits are payable under section 176.101, subdivisions 1, 2 and 4, and section 176.111, subdivision 5, the total benefits due the employee or any dependents shall be adjusted in accordance with this section. On October 1, 1981, and thereafter on the anniversary of the date of the employee's injury the total benefits due shall be adjusted by multiplying the total benefits due prior to each adjustment by a fraction, the denominator of which is the statewide average weekly wage for December 31, of the year two years previous to the adjustment and the numerator of which is the statewide average weekly wage for December 31, of the year previous to the adjustment. For injuries occurring after October 1, 1975, all adjustments provided for in this section shall be

included in computing any benefit due under this section. Any limitations of amounts due for daily or weekly compensation under this chapter shall not apply to adjustments made under this section. No adjustment increase made on or after October 1, 1977, but prior to October 1, 1992, under this section shall exceed six percent a year; in those instances where the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be six percent. No adjustment increase made on or after October 1, 1992, under this section shall exceed four percent a year; in those instances where the adjustment under the formula of this section would exceed this maximum, the increase shall be deemed to be four percent. No adjustment increase shall be made under this section on or after October 1, 1995, for any injuries occurring after October 1, 1995. The workers' compensation advisory council may consider adjustment increases and make recommendations to the legislature.

Sec. 5. Minnesota Statutes 1994, section 176.66, subdivision 11, is amended to read:

Subd. 11. [AMOUNT OF COMPENSATION.] The compensation for an occupational disease is 66-2/3 percent of the employee's weekly wage on the date of injury subject to a maximum compensation equal to the maximum compensation in effect on the date of last exposure. ~~The employee shall be eligible for supplementary benefits notwithstanding the provisions of section 176.132, after four years have elapsed since the date of last significant exposure to the hazard of the occupational disease if that employee's weekly compensation rate is less than the current supplementary benefit rate.~~

Sec. 6. [REPEALER.]

Minnesota Statutes 1994, section 176.132, is repealed.

Sec. 7. [EFFECTIVE DATE.]

Sections 1 to 6 are effective October 1, 1995, and apply to a personal injury, as defined under Minnesota Statutes, section 176.011, subdivision 16, occurring on or after October 1, 1995.

Subd. 2. [FRAUD INVESTIGATION UNIT.] The department of labor and industry shall contain a fraud investigation unit for the purposes of investigating fraudulent or other illegal practices of health care providers, employers, insurers, attorneys, employees, and others related to workers' compensation and to investigate other matters under the jurisdiction of the department.

Sec. 2. Minnesota Statutes 1994, section 176.178, is amended to read:

176.178 [FRAUD.]

Subdivision 1. [INTENT.] Any person who, with intent to defraud, receives workers' compensation benefits to which the person is not entitled by knowingly misrepresenting, misstating, or failing to disclose any material fact is guilty of theft and shall be sentenced pursuant to section 609.52, subdivision 3.

Subd. 2. [FORMS.] The text of subdivision 1 shall be placed on all forms prescribed by the commissioner for claims or responses to claims for workers' compensation benefits under this

chapter. The absence of the text does not constitute a defense against prosecution under subdivision 1.

Sec. 3. [176.861] [DISCLOSURE OF INFORMATION.]

Subdivision 1. [INSURANCE INFORMATION.] The commissioner may, in writing, require an insurance company to release to the commissioner any or all relevant information or evidence the commissioner deems important which the company may have in its possession relating to a workers' compensation claim including material relating to the investigation of the claim, statements of any person, and any other evidence relevant to the investigation.

Subd. 2. [INFORMATION RELEASED TO AUTHORIZED PERSONS.] If an insurance company has reason to believe that a claim may be suspicious, fraudulent, or illegal, the company shall, in writing, notify the commissioner and provide the commissioner with all relevant material related to the company's inquiry into the claim.

Subd. 3. [GOOD FAITH IMMUNITY.] An insurance company or its agent acting in its behalf and in good faith who releases oral or written information under subdivisions 1 and 2 is immune from civil or criminal liability that might otherwise be incurred or imposed.

ARTICLE 4

Section 1. Minnesota Statutes 1994, section 176.021, subdivision 3, is amended to read:

Subd. 3. [COMPENSATION, COMMENCEMENT OF PAYMENT.] All employers shall commence payment of compensation at the time and in the manner prescribed by this chapter without the necessity of any agreement or any order of the division. Except for medical, burial, and other nonperiodic benefits, payments shall be made as nearly as possible at the intervals when the wage was payable, provided, however, that payments for permanent partial disability shall be governed by section 176.101. If doubt exists as to the eventual permanent partial disability, payment ~~for the economic recovery compensation or impairment compensation, whichever is due, pursuant to section 176.101,~~ shall be then made when due for the minimum permanent partial disability ascertainable, and further payment shall be made upon any later ascertainment of greater permanent partial disability. Prior to or at the time of commencement of the payment of ~~economic recovery compensation or lump sum or periodic payment of impairment~~ permanent partial compensation, the employee and employer shall be furnished with a copy of the medical report upon which the payment is based and all other medical reports which the insurer has that indicate a permanent partial disability rating, together with a statement by the insurer as to whether the tendered payment is for minimum permanent partial disability or final and eventual disability. After receipt of all reports available to the insurer that indicate a permanent partial disability rating, the employee shall make available or permit the insurer to obtain any medical report that the employee has or has knowledge of that contains a permanent partial disability rating which the insurer does not already have. ~~Economic recovery compensation or impairment~~ Permanent partial compensation pursuant to section 176.101 is payable in addition to but not concurrently with compensation for temporary total disability but is payable pursuant to section 176.101. ~~Impairment~~ Permanent partial compensation is payable concurrently and in addition to compensation for permanent total disability pursuant to section 176.101. ~~Economic recovery compensation or impairment compensation~~ Permanent partial compensation pursuant to section 176.101 shall be withheld pending completion of payment for temporary total disability, and no credit shall be taken for payment of ~~economic recovery compensation or impairment~~ permanent partial compensation against liability for temporary total or future permanent total disability. Liability on the part of an employer or the insurer for disability of a temporary total, temporary partial, and permanent total nature shall be considered as a continuing product and part of the employee's inability to earn or reduction in earning capacity due to injury or occupational disease and compensation is payable accordingly, subject to section 176.101. ~~Economic recovery compensation or impairment~~ Permanent partial compensation is payable for functional loss of use or impairment of function, permanent in nature, and payment therefore shall be separate, distinct, and in addition to payment for any other compensation, subject to section 176.101. The right to receive temporary total, temporary partial, or permanent total disability payments vests in the

injured employee or the employee's dependents under this chapter or, if none, in the employee's legal heirs at the time the disability can be ascertained and the right is not abrogated by the employee's death prior to the making of the payment.

The right to receive ~~economic recovery~~ permanent partial compensation ~~or impairment compensation~~ vests in an injured employee at the time the disability can be ascertained provided that the employee lives for at least 30 days beyond the date of the injury. Upon the death of an employee who is receiving economic recovery compensation or impairment compensation, further compensation is payable pursuant to section 176.101. Impairment compensation is payable under this paragraph if vesting has occurred, the employee dies prior to reaching maximum medical improvement, and the requirements and conditions under section 176.101, subdivision 3e, are not met.

Disability ratings for permanent partial disability shall be based on objective medical evidence.

Sec. 2. Minnesota Statutes 1994, section 176.021, subdivision 3a, is amended to read:

Subd. 3a. [PERMANENT PARTIAL BENEFITS, PAYMENT.] Payments for permanent partial disability as provided in section 176.101, subdivision ~~3~~ 2a, shall be made in the following manner:

(a) If the employee returns to work, payment shall be made ~~by lump sum~~ at the same intervals as temporary total payments were made;

(b) If temporary total payments have ceased, but the employee has not returned to work, payment shall be made at the same intervals as temporary total payments were made;

(c) If temporary total disability payments cease because the employee is receiving payments for permanent total disability or because the employee is retiring or has retired from the work force, then payment shall be made ~~by lump sum~~ at the same intervals as temporary total payments were made;

(d) If the employee completes a rehabilitation plan pursuant to section 176.102, but the employer does not furnish the employee with work the employee can do in a permanently partially disabled condition, and the employee is unable to procure such work with another employer, then payment shall be made ~~by lump sum~~ at the same intervals as temporary total payments were made.

Sec. 3. Minnesota Statutes 1994, section 176.061, subdivision 10, is amended to read:

Subd. 10. [INDEMNITY.] Notwithstanding the provisions of chapter 65B or any other law to the contrary, an employer has a right of indemnity for any compensation paid or payable pursuant to this chapter, including temporary total compensation, temporary partial compensation, permanent partial ~~disability, economic recovery compensation, impairment~~ compensation, medical compensation, rehabilitation, death, and permanent total compensation.

Sec. 4. Minnesota Statutes 1994, section 176.101, subdivision 1, is amended to read:

Subdivision 1. [TEMPORARY TOTAL DISABILITY.] (a) For injury producing temporary total disability, the compensation is 66-2/3 percent of the weekly wage at the time of injury.

(b) (1) During the year commencing on October 1, ~~1992~~ 1994, ~~and each year thereafter,~~ the maximum weekly compensation payable is 105 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

payable is 108 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(5) During the year commencing on October 1, 1998, the maximum weekly compensation payable is 109 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(6) During the year commencing on October 1, 1999, and each year thereafter, the maximum weekly compensation payable is 110 percent of the statewide average weekly wage for the period ending December 31 of the preceding year.

(c) The minimum weekly compensation payable is 20 percent of the statewide average weekly wage for the period ending December 31 of the preceding year or the injured employee's actual weekly wage, whichever is less.

(d) ~~Subject to subdivisions 3a to 3u this~~ Temporary total compensation shall be paid during the period of disability~~, payment to be made at the intervals when the wage was payable, as nearly as may be.~~ and shall cease whenever any one of the following occurs:

(1) the employee returns to work;

(2) the employee withdraws from the labor market;

(3) the disability ends and the employee fails to diligently search for appropriate work;

(4) the employee refuses an offer of work that is consistent with a plan of rehabilitation filed with the commissioner which meets the requirements of section 176.102, subdivision 4, or, if no plan has been filed, the employee refuses an offer of suitable gainful employment that the employee can do in the employee's physical condition; or

(5) 90 days pass after the employee has reached maximum medical improvement, except as provided in section 176.102, subdivision 11, paragraph (b).

(e) For purposes of this subdivision, the 90-day period after maximum medical improvement commences on the earlier of:

(1) the date that the employee receives a written medical report indicating that the employee has reached maximum medical improvement; or

(2) the date that the employer or insurer serves the report on the employee and the employee's attorney, if any.

(f) Once temporary total disability compensation has ceased under paragraph (d), clause (1), (2), or (3), it may only be recommenced prior to 90 days after maximum medical improvement and only as follows:

(2) if temporary total disability compensation ceased under paragraph (d), clause (2), but the employee subsequently returned to work, it may be recommenced in accordance with clause (1); or

(3) if temporary total disability compensation ceased under paragraph (d), clause (3), it may be recommenced if the employee begins diligently searching for appropriate work. Temporary total disability compensation recommenced under this paragraph (f) is subject to cessation under paragraph (d).

Recommenced temporary total disability compensation may not be paid beyond 90 days after the employee reaches maximum medical improvement, except as provided under section 176.102, subdivision 11, paragraph (b).

(g) Once temporary total disability compensation has ceased under paragraph (d), clauses (4)

and (5), it may not be recommenced at a later date except as provided under section 176.102, subdivision 11, paragraph (b).

Sec. 5. Minnesota Statutes 1994, section 176.101, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY PARTIAL DISABILITY.] (a) In all cases of temporary partial disability the compensation shall be 66-2/3 percent of the difference between the weekly wage of the employee at the time of injury and the wage the employee is able to earn in the employee's partially disabled condition. This compensation shall be paid during the period of disability except as provided in this section, payment to be made at the intervals when the wage was payable, as nearly as may be, and subject to the maximum rate for temporary total compensation.

(b) ~~Except as provided under subdivision 3k,~~ Temporary partial compensation may be paid only while the employee is employed, earning less than the employee's weekly wage at the time of the injury, and the reduced wage the employee is able to earn in the employee's partially disabled condition is due to the injury. Except as provided in section 176.102, subdivision 11, paragraph (b), temporary partial compensation may not be paid for more than 225 weeks, or after 450 weeks after the date of injury, whichever occurs first.

(c) Temporary partial compensation must be reduced to the extent that the wage the employee is able to earn in the employee's partially disabled condition plus the temporary partial disability payment otherwise payable under this subdivision exceeds 500 percent of the statewide average weekly wage.

Sec. 6. Minnesota Statutes 1994, section 176.101, is amended by adding a subdivision to read:

Subd. 2a. [PERMANENT PARTIAL DISABILITY.] (a) Compensation for permanent partial disability is as provided in this subdivision. Permanent partial disability must be rated as a percentage of the whole body in accordance with rules adopted by the commissioner under section 176.105. The percentage determined pursuant to the rules must be multiplied by the corresponding amount in the following table:

Impairment rating (percent)	Amount
0-5	$ 65,000
6-10	67,500
11-15	70,000

An employee may not receive compensation for more than a 100 percent disability of the whole body, even if the employee sustains disability to two or more body parts.

(b) Permanent partial disability is payable upon cessation of temporary total disability under subdivision 1. The compensation is payable in installments at the same intervals and in the same amount as the employee's temporary total disability rate on the date of injury. Permanent partial disability is not payable while temporary total compensation is being paid. Permanent partial disability is payable to permanently totally disabled employees in installments at the same intervals and the same amount as the employee's permanent total disability rate on the date of injury commencing at the time the disability can be ascertained.

Sec. 7. Minnesota Statutes 1994, section 176.101, subdivision 6, is amended to read:

Subd. 6. [MINORS; APPRENTICES.] (a) If any employee entitled to the benefits of this chapter is an apprentice of any age and sustains a personal injury arising out of and in the course of employment resulting in permanent total or a compensable permanent partial disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for temporary total, temporary partial, ~~a~~ or permanent total disability ~~or economic recovery compensation~~ shall be the maximum rate for temporary total disability under subdivision 1.

(b) If any employee entitled to the benefits of this chapter is a minor and sustains a personal injury arising out of and in the course of employment resulting in permanent total disability, for the purpose of computing the compensation to which the employee is entitled for the injury, the compensation rate for a permanent total disability shall be the maximum rate for temporary total disability under subdivision 1.

Sec. 8. Minnesota Statutes 1994, section 176.105, subdivision 4, is amended to read:

Subd. 4. [LEGISLATIVE INTENT; RULES; LOSS OF MORE THAN ONE BODY PART.] ~~(a) For the purpose of establishing a disability schedule pursuant to clause (b), the legislature declares its intent that the commissioner establish a disability schedule which, assuming the same number and distribution of severity of injuries, the aggregate total of impairment compensation and economic recovery compensation benefits under section 176.101, subdivisions 3a to 3u be approximately equal to the total aggregate amount payable for permanent partial disabilities under section 176.101, subdivision 3, provided, however, that awards for specific injuries under the proposed schedule need not be the same as they were for the same injuries under the schedule pursuant to section 176.101, subdivision 3. The schedule shall be determined by sound actuarial evaluation and shall be based on the benefit level which exists on January 1, 1983.~~

~~(b)~~ The commissioner shall by rulemaking adopt procedures setting forth rules for the evaluation and rating of functional disability and the schedule for permanent partial disability and to determine the percentage of loss of function of a part of the body based on the body as a whole, including internal organs, described in section 176.101, subdivision 3, and any other body part not listed in section 176.101, subdivision 3, which the commissioner deems appropriate.

The rules shall promote objectivity and consistency in the evaluation of permanent functional impairment due to personal injury and in the assignment of a numerical rating to the functional impairment.

Prior to adoption of rules the commissioner shall conduct an analysis of the current permanent partial disability schedule for the purpose of determining the number and distribution of permanent partial disabilities and the average compensation for various permanent partial disabilities. The commissioner shall consider setting the compensation under the proposed schedule for the most serious conditions higher in comparison to the current schedule and shall consider decreasing awards for minor conditions in comparison to the current schedule.

The commissioner may consider, among other factors, and shall not be limited to the following factors in developing rules for the evaluation and rating of functional disability and the schedule for permanent partial disability benefits:

(1) the workability and simplicity of the procedures with respect to the evaluation of functional disability;

(2) the consistency of the procedures with accepted medical standards;

(3) rules, guidelines, and schedules that exist in other states that are related to the evaluation of permanent partial disability or to a schedule of benefits for functional disability provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of ~~clause (a)~~ this section;

(4) rules, guidelines, and schedules that have been developed by associations of health care providers or organizations provided that the commissioner is not bound by the degree of disability in these sources but shall adjust the relative degree of disability to conform to the expressed intent of ~~clause (a)~~ this section;

(5) the effect the rules may have on reducing litigation;

(6) the treatment of preexisting disabilities with respect to the evaluation of permanent functional disability provided that any preexisting disabilities must be objectively determined by medical evidence; and

(7) symptomatology and loss of function and use of the injured member.

The factors in paragraphs (1) to (7) shall not be used in any individual or specific workers' compensation claim under this chapter but shall be used only in the adoption of rules pursuant to this section.

Nothing listed in paragraphs (1) to (7) shall be used to dispute or challenge a disability rating given to a part of the body so long as the whole schedule conforms with the expressed intent of ~~clause (a)~~ this section.

~~(c)~~ If an employee suffers a permanent functional disability of more than one body part due to a personal injury incurred in a single occurrence, the percent of the whole body which is permanently partially disabled shall be determined by the following formula so as to ensure that the percentage for all functional disability combined does not exceed the total for the whole body:

$$A + B (1 - A)$$

where: A is the greater percentage whole body loss of the first body part; and B is the lesser percentage whole body loss otherwise payable for the second body part. A + B (1-A) is equivalent to A + B - AB.

For permanent partial disabilities to three body parts due to a single occurrence or as the result of an occupational disease, the above formula shall be applied, providing that A equals the result obtained from application of the formula to the first two body parts and B equals the percentage for the third body part. For permanent partial disability to four or more body parts incurred as described above, A equals the result obtained from the prior application of the formula, and B equals the percentage for the fourth body part or more in arithmetic progressions.

Sec. 9. Minnesota Statutes 1994, section 176.179, is amended to read:

176.179 [RECOVERY OF OVERPAYMENTS.]

Notwithstanding section 176.521, subdivision 3, or any other provision of this chapter to the contrary, except as provided in this section, no lump sum or weekly payment, or settlement, which is voluntarily paid to an injured employee or the survivors of a deceased employee in apparent or seeming accordance with the provisions of this chapter by an employer or insurer, or is paid pursuant to an order of the workers' compensation division, a compensation judge, or court of appeals relative to a claim by an injured employee or the employee's survivors, and received in good faith by the employee or the employee's survivors shall be refunded to the paying employer or insurer in the event that it is subsequently determined that the payment was made under a mistake in fact or law by the employer or insurer. When the payments have been made to a person who is entitled to receive further payments of compensation for the same injury, the mistaken

compensation may be taken ~~as a full credit against future lump sum benefit entitlement and~~ as a partial credit against future ~~weekly~~ periodic benefits. The credit applied against further payments of temporary total disability, temporary partial disability, permanent partial disability, permanent total disability, retraining benefits, death benefits, or weekly payments of economic recovery or impairment compensation shall not exceed 20 percent of the amount that would otherwise be payable.

A credit may not be applied against medical expenses due or payable.

Where the commissioner or compensation judge determines that the mistaken compensation was not received in good faith, the commissioner or compensation judge may order reimbursement of the compensation. For purposes of this section, a payment is not received in good faith if it is obtained through fraud, or if the employee knew that the compensation was paid under mistake of fact or law, and the employee has not refunded the mistaken compensation.

Sec. 10. Minnesota Statutes 1994, section 176.221, subdivision 6a, is amended to read:

Subd. 6a. [MEDICAL, REHABILITATION, ~~ECONOMIC RECOVERY, AND IMPAIRMENT~~ AND PERMANENT PARTIAL COMPENSATION.] The penalties provided by this section apply in cases where payment for treatment under section 176.135, rehabilitation expenses under section 176.102, subdivisions 9 and 11, ~~economic recovery compensation or impairment compensation~~ or permanent partial compensation are not made in a timely manner as required by law or by rule adopted by the commissioner.

Sec. 11. Minnesota Statutes 1994, section 176.82, is amended to read:

176.82 [ACTION FOR CIVIL DAMAGES FOR OBSTRUCTING EMPLOYEE SEEKING BENEFITS.]

Subdivision 1. [RETALIATORY DISCHARGE.] Any person discharging or threatening to discharge an employee for seeking workers' compensation benefits or in any manner intentionally obstructing an employee seeking workers' compensation benefits is liable in a civil action for damages incurred by the employee including any diminution in workers' compensation benefits caused by a violation of this section including costs and reasonable attorney fees, and for punitive damages not to exceed three times the amount of any compensation benefit to which the employee is entitled. Damages awarded under this section shall not be offset by any workers' compensation benefits to which the employee is entitled.

Subd. 2. [REFUSAL TO OFFER CONTINUED EMPLOYMENT.] An employer who, without reasonable cause, refuses to offer continued employment to its employee when employment is available within the employee's physical limitations shall be liable for one year's wages. The wages are payable from the date of the refusal to offer continued employment, and at the same time and at the same rate as the employee's preinjury wage, to continue during the period of the refusal up to a maximum of $15,000. These payments shall be in addition to any other payments provided by this chapter. In determining the availability of employment, the continuance in business of the employer shall be considered and written rules promulgated by the employer with respect to seniority or the provisions or any collective bargaining agreement with respect to seniority shall govern.

Sec. 12. Minnesota Statutes 1994, section 268.08, subdivision 3, is amended to read:

Subd. 3. [NOT ELIGIBLE.] An individual shall not be eligible to receive benefits for any week with respect to which the individual is receiving, has received, or has filed a claim for remuneration in an amount equal to or in excess of the individual's weekly benefit amount in the form of:

(1) termination, severance, or dismissal payment or wages in lieu of notice whether legally required or not; provided that if a termination, severance, or dismissal payment is made in a lump sum, such lump sum payment shall be allocated over a period equal to the lump sum divided by the employee's regular pay while employed by such employer; provided such payment shall be applied for a period immediately following the last day of employment but not to exceed 28 calendar days provided that 50 percent of the total of any such payments in excess of eight weeks shall be similarly allocated to the period immediately following the 28 days; or

(2) vacation allowance paid directly by the employer for a period of requested vacation, including vacation periods assigned by the employer under the provisions of a collective bargaining agreement, or uniform vacation shutdown; or

(3) compensation for loss of wages under the workers' compensation law of this state or any other state or under a similar law of the United States, or under other insurance or fund established and paid for by the employer ~~except that this does not apply to an individual who is receiving temporary partial compensation pursuant to section 176.101, subdivision 3k~~; or

(4) 50 percent of the pension payments from any fund, annuity or insurance maintained or contributed to by a base period employer including the armed forces of the United States if the employee contributed to the fund, annuity or insurance and all of the pension payments if the employee did not contribute to the fund, annuity or insurance; or

(5) 50 percent of a primary insurance benefit under title II of the Social Security Act, as amended, or similar old age benefits under any act of Congress or this state or any other state.

Provided, that if such remuneration is less than the benefits which would otherwise be due under sections 268.03 to 268.231, the individual shall be entitled to receive for such week, if otherwise eligible, benefits reduced by the amount of such remuneration; provided, further, that if the appropriate agency of such other state or the federal government finally determines that the individual is not entitled to such benefits, this provision shall not apply. If the computation of reduced benefits, required by this subdivision, is not a whole dollar amount, it shall be rounded down to the next lower dollar amount.

401.10, in fiscal year 1996 the commissioner shall allocate $27,912,000 in community corrections act base funding so that no county receives less money in fiscal year 1996 than it received in fiscal year 1995.

The chairs of the house judiciary finance committee and the senate crime prevention finance division or their designees shall convene a work group to review the current community corrections equalization formula contained in Minnesota Statutes, section 401.10 and to develop a new formula that is more fair and equitable. The work group shall include representatives from the legislature, the department of corrections, and the Minnesota association of community corrections act counties. The work group shall develop the new formula by September 1, 1995, and present it for consideration to the 1996 legislature.

In fiscal year 1997, if the legislature enacts a new community corrections act formula, the commissioner shall allocate all community corrections act funding according to the new formula.

In fiscal year 1996, the commissioner shall distribute money appropriated for state and county probation officer caseload reduction, increased intensive supervised release and probation services, and county probation officer reimbursement according to the formula contained in Minnesota Statutes, section 401.10. These appropriations may not be used to supplant existing state or county probation officer positions or existing correctional services or programs. The money appropriated under this provision is intended to reduce state and county probation officer workload overcrowding and to increase supervision of individuals sentenced to probation at the county level. This increased supervision may be accomplished through a variety of methods, including but not limited to: (1) innovative technology services, such as automated probation reporting systems and electronic monitoring; (2) prevention and diversion programs; (3) intergovernmental cooperation agreements between local governments and appropriate community resources; and (4) traditional probation program services.

Of this appropriation, $75,000 in the first year is to be transferred by the commissioner of corrections to the legislative auditor for a weighted workload study to be used as a basis for fund distributions across all three probation

delivery systems, based on uniform workload standards and level of risk of individual offenders, and to make ongoing outcome data available on cases.

The study must recommend to the legislature by January 10, 1996, a statewide, uniform workload system and definitions of levels of risk; a standardized data collection system using the uniform definitions of workload and risk and a timeline for reporting data; and a new mechanism or formula for aid distribution based on the data, that could be operational by July 1, 1996.

In fiscal year 1997, the commissioner shall distribute money appropriated for state and county probation officer caseload reduction, increased intensive supervised release and reimbursement according to uniform workload standards and definitions of levels of risk adopted by the legislature after review of the legislative auditor's weighted workload study.

Of this appropriation, $3,400,000 the first year and $3,400,000 the second year are for the extended jurisdiction juvenile partnership program subsidy. Each county will be charged a sum equal to the per diem cost of confinement of those juveniles under 18 years of age convicted as extended jurisdiction juveniles and committed to the commissioner after July 1, 1995, and confined in a state correctional facility. Provided, however, that the amount charged a county for the costs of confinement shall not exceed the extended jurisdiction juvenile subsidy to which the county is eligible. All charges shall be upon the county of commitment. Nothing in this section shall relieve counties participating in the community corrections act from the requirement to pay per diem costs as prescribed in Minnesota Statutes, chapter 401.

$1,000,000 the first year and $1,000,000 the second year are for grants for a comprehensive continuum of care for juveniles at high risk to become extended jurisdiction juveniles and for extended jurisdiction juveniles.

The sentencing to service program shall include at least three work crews whose primary function is the removal of graffiti and other defacing signs and symbols from public property and from the property of requesting private property owners.

$500,000 in the first year is for grants to family services collaboratives to establish youth service center pilot projects for juveniles under the jurisdiction of the juvenile court. The centers

may provide medical, educational, job-related and social service programs. At least two-thirds of the funds appropriated shall be awarded to collaboratives in the first, third, fifth, sixth, seventh, eighth, ninth, or tenth judicial districts. A written report, detailing the impact of the projects, shall be presented to the legislature on January 1, 1997.

$2,161,000 is appropriated from the general fund for the fiscal biennium ending June 30, 1997, to develop and implement the productive day initiative program established in Minnesota Statutes, section 241.275. Of this amount, 11 percent shall be distributed to Anoka county and 11 percent to Olmsted county. The remainder shall be distributed pro rata to Hennepin and Ramsey counties and to Arrowhead regional corrections. The recipients must provide an equal match of local government resources.

$200,000 for the biennium ending June 30, 1997, is to be used by the commissioner of corrections to develop a grant for the development and implementation of a criterion-related cross validation study designed to measure outcomes of placing juveniles in out-of-home placement programs. The study must be completed in two years. The goals of the study are to:

(1) provide outcome data as a result of out-of-home placement intervention for juveniles;

(2) provide a measurement to predict the future behavior of juveniles; and

(3) identify the particular character traits of juveniles that each program treats most effectively so as to place juveniles in facilities that are best suited to providing effective treatment.

$12,000 the first year is to adopt rules and administer the advisory committee on juvenile facility programming rules.

$25,000 the first year is to conduct a study on the use of secure treatment facilities for juveniles.

None of this appropriation shall be used to pay for biomedical intervention for sex offenders.

If imposition or execution of sentence is stayed for all of the multiple offenses, the penalty assessment shall be based upon the most serious offense of which the defendant was convicted. Where the court suspends a portion of a fine, the suspended portion shall not be counted in determining the amount of the penalty assessment unless the offender is ordered to pay the suspended portion of the fine. Suspension of an entire fine shall be treated as a stay of execution for purposes of computing the amount of the penalty assessment.

Subd. 10. "Suspension" means an action taken by the school administration, under rules promulgated by the school board, prohibiting a pupil from attending school for a period of no more than ~~five~~ ten school days. If a suspension is longer than five days, the suspending administrator must provide the superintendent with a reason for the longer suspension. This definition does not apply to dismissal from school for one school day or less. Each suspension action shall include a readmission plan. The readmission plan shall include, where appropriate, a provision for alternative programs to be implemented upon readmission. Suspension may not be consecutively imposed against the same pupil for the same course of conduct, or incident of misconduct, except where the pupil will create an immediate and substantial danger to surrounding persons or property. In no event shall suspension exceed 15 school days, provided that an alternative program shall be implemented to the extent that suspension exceeds five days.

Sec. 10. [127.282] [EXPULSION FOR POSSESSION OF FIREARM.]

(a) Notwithstanding the time limitation in section 127.27, subdivision 5, a school board must expel for a period of at least one year a pupil who is determined to have brought a firearm to school except the board may modify this expulsion requirement for a pupil on a case-by-case basis. (b) Notwithstanding chapter 13, a student's expulsion or withdrawal or transfer from a school after an expulsion action is initiated against the student for a weapons violation under paragraph (a) may be disclosed by the school district initiating the expulsion proceeding. Unless the information is otherwise public, the disclosure may be made only to another school district in connection with the possible admission of the student to the other district.

Sec. 11. [127.47] [SCHOOL LOCKER POLICY.]

Subdivision 1. [POLICY.] It is the policy of the state of Minnesota that:

"School lockers are the property of the school district. At no time does the school district relinquish its exclusive control of lockers provided for the convenience of students. Inspection of

the interior of lockers may be conducted by school authorities for any reason at any time, without notice, without student consent, and without a search warrant. The personal possessions of students within a school locker may be searched only when school authorities have a reasonable suspicion that the search will uncover evidence of a violation of law or school rules. As soon as practicable after the search of a student's personal possessions, the school authorities must provide notice of the search to students whose lockers were searched unless disclosure would impede an ongoing investigation by police or school officials."

Subd. 2. [DISSEMINATION.] The locker policy must be disseminated to parents and students in the way that other policies of general application to students are disseminated. A copy of the policy must be provided to a student the first time after the policy is effective that the student is given the use of a locker.

Subdivision 1. [PERSONS NOT ELIGIBLE.] The department shall not issue a driver's license hereunder:

Driver education courses offered in any public school shall be open for enrollment to persons between the ages of 15 and 18 years residing in the school district or attending school therein. Any public school offering driver education courses may charge an enrollment fee for the driver education course which shall not exceed the actual cost thereof to the public school and the school district. The approval required herein shall contain a verification of the age of the applicant;

(2) To any person whose license has been suspended during the period of suspension except that a suspended license may be reinstated during the period of suspension upon the licensee furnishing proof of financial responsibility in the same manner as provided in the Minnesota no-fault automobile insurance act;

(7) To any person who is required under the provisions of the Minnesota no-fault automobile insurance act of this state to deposit proof of financial responsibility and who has not deposited such proof;

(8) To any person when the commissioner has good cause to believe that the operation of a motor vehicle on the highways by such person would be inimical to public safety or welfare;

(9) To any person when, in the opinion of the commissioner, such person is afflicted with or suffering from such physical or mental disability or disease as will affect such person in a manner to prevent the person from exercising reasonable and ordinary control over a motor vehicle while operating the same upon the highways; nor to a person who is unable to read and understand official signs regulating, warning, and directing traffic;

(10) To a child for whom a court has ordered denial of driving privileges under section 260.191, subdivision 1, or 260.195, subdivision 3a, until the period of denial is completed; or

(11) To any person whose license has been canceled, during the period of cancellation.

Sec. 14. Minnesota Statutes 1994, section 242.31, subdivision 1, is amended to read:

Subdivision 1. Whenever a person who has been committed to the custody of the commissioner of corrections upon conviction of a crime following certification ~~to district court~~ under the provisions of section 260.125 is finally discharged by order of the commissioner, that discharge shall restore the person to all civil rights and, if so ordered by the commissioner of corrections, also shall have the effect of setting aside the conviction, nullifying it and purging the person of it. The commissioner shall file a copy of the order with the district court of the county in which the conviction occurred; upon receipt, the court shall order the conviction set aside. An order setting aside a conviction for a crime of violence as defined in section 624.712, subdivision 5, must provide that the person is not entitled to ship, transport, possess, or receive a firearm until ten years have elapsed since the order was entered and during that time the person was not convicted of any other crime of violence. A person whose conviction was set aside under this section and who thereafter has received a relief of disability under United States Code, title 18, section 925, shall not be subject to the restrictions of this subdivision.

Sec. 15. Minnesota Statutes 1994, section 260.015, subdivision 21, is amended to read:

Subd. 21. [JUVENILE PETTY OFFENDER; JUVENILE PETTY OFFENSE.] (a) "Juvenile petty offense" includes a juvenile alcohol offense, a juvenile controlled substance offense, a violation of section 609.685, or a violation of a local ordinance, which by its terms prohibits conduct by a child under the age of 18 years which would be lawful conduct if committed by an adult.

(b) "Juvenile petty offense" also includes an offense, other than a violation of section 609.224, 609.324, 609.563, 609.576, or 617.23, that would be a misdemeanor if committed by an adult if:

(1) the child has not been found to be a juvenile petty offender on more than two prior occasions for a misdemeanor-level offense;

(2) the child has not previously been found to be delinquent for a misdemeanor, gross misdemeanor, or felony offense; or

(3) the county attorney designates the child on the petition as a juvenile petty offender, notwithstanding the child's prior record of misdemeanor-level juvenile petty offenses.

(c) A child who commits a juvenile petty offense is a "juvenile petty offender."

Sec. 16. [260.042] [ORIENTATION AND EDUCATIONAL PROGRAM.]

The court shall make an orientation and educational program available for juveniles and their families in accordance with the program established, if any, by the supreme court.

Sec. 17. Minnesota Statutes 1994, section 260.115, subdivision 1, is amended to read:

Subdivision 1. [TRANSFERS REQUIRED.] Except where a juvenile court has certified an alleged violation ~~to district court~~ in accordance with the provisions of section 260.125, the child is alleged to have committed murder in the first degree after becoming 16 years of age, or a court has original jurisdiction of a child who has committed an adult court traffic offense, as defined in

section 260.193, subdivision 1, clause (c), a court other than a juvenile court shall immediately transfer to the juvenile court of the county the case of a minor who appears before the court on a charge of violating any state or local law or ordinance and who is under 18 years of age or who was under 18 years of age at the time of the commission of the alleged offense.

Sec. 18. Minnesota Statutes 1994, section 260.125, is amended to read:

260.125 [CERTIFICATION ~~TO DISTRICT COURT~~.]

Subdivision 1. When a child is alleged to have committed, after becoming 14 years of age, an offense that would be a felony if committed by an adult, the juvenile court may enter an order certifying the proceeding ~~to the district court~~ for action ~~under the criminal laws~~ under the laws and court procedures controlling adult criminal violations.

Subd. 2. [ORDER OF CERTIFICATION; REQUIREMENTS.] Except as provided in subdivision 3a or 3b, the juvenile court may order a certification ~~to district court~~ only if:

(1) a petition has been filed in accordance with the provisions of section 260.131;

(2) a motion for certification has been filed by the prosecuting authority;

(3) notice has been given in accordance with the provisions of sections 260.135 and 260.141;

(4) a hearing has been held in accordance with the provisions of section 260.155 within 30 days of the filing of the certification motion, unless good cause is shown by the prosecution or the child as to why the hearing should not be held within this period in which case the hearing shall be held within 90 days of the filing of the motion;

(5) the court finds that there is probable cause, as defined by the rules of criminal procedure promulgated pursuant to section 480.059, to believe the child committed the offense alleged by delinquency petition; and

(6) the court finds either:

(i) that the presumption of certification created by subdivision 2a applies and the child has not rebutted the presumption by clear and convincing evidence demonstrating that retaining the proceeding in the juvenile court serves public safety; or

(ii) that the presumption of certification does not apply and the prosecuting authority has demonstrated by clear and convincing evidence that retaining the proceeding in the juvenile court does not serve public safety. If the court finds that the prosecutor has not demonstrated by clear and convincing evidence that retaining the proceeding in juvenile court does not serve public safety, the court shall retain the proceeding in juvenile court.

Subd. 2a. [PRESUMPTION OF CERTIFICATION.] It is presumed that a proceeding involving an offense committed by a child will be certified ~~to district court~~ if:

(1) the child was 16 or 17 years old at the time of the offense; and

(2) the delinquency petition alleges that the child committed an offense that would result in a presumptive commitment to prison under the sentencing guidelines and applicable statutes, or that the child committed any felony offense while using, whether by brandishing, displaying, threatening with, or otherwise employing, a firearm.

If the court determines that probable cause exists to believe the child committed the alleged offense, the burden is on the child to rebut this presumption by demonstrating by clear and convincing evidence that retaining the proceeding in the juvenile court serves public safety. If the court finds that the child has not rebutted the presumption by clear and convincing evidence, the court shall certify the ~~child to district court~~ proceeding.

Subd. 2b. [PUBLIC SAFETY.] In determining whether the public safety is served by certifying ~~a child to district court~~ the matter, the court shall consider the following factors:

(1) the seriousness of the alleged offense in terms of community protection, including the

existence of any aggravating factors recognized by the sentencing guidelines, the use of a firearm, and the impact on any victim;

(2) the culpability of the child in committing the alleged offense, including the level of the child's participation in planning and carrying out the offense and the existence of any mitigating factors recognized by the sentencing guidelines;

(3) the child's prior record of delinquency;

(4) the child's programming history, including the child's past willingness to participate meaningfully in available programming;

(5) the adequacy of the punishment or programming available in the juvenile justice system; and

(6) the dispositional options available for the child.

In considering these factors, the court shall give greater weight to the seriousness of the alleged offense and the child's prior record of delinquency than to the other factors listed in this subdivision.

Subd. 3a. [PRIOR CERTIFICATION; EXCEPTION.] Notwithstanding the provisions of subdivisions 2, 2a, and 2b, the court shall order a certification in any felony case if the prosecutor shows that the child has been previously prosecuted on a felony charge by an order of certification issued pursuant to either a hearing held under subdivision 2 or pursuant to the waiver of the right to such a hearing, other than a prior certification in the same case.

This subdivision only applies if the child is convicted of the offense or offenses for which the child was prosecuted pursuant to the order of certification or of a lesser-included offense which is a felony.

This subdivision does not apply to juvenile offenders who are subject to criminal court jurisdiction under section 609.055.

Subd. 3b. [ADULT CHARGED WITH JUVENILE OFFENSE.] The juvenile court has jurisdiction to hold a certification hearing on motion of the prosecuting authority to certify the matter ~~to district court~~ if:

(1) an adult is alleged to have committed an offense before the adult's 18th birthday; and

(2) a petition is filed under section 260.131 before expiration of the time for filing under section 628.26.

The court may not certify the matter ~~to district court~~ under this subdivision if the adult demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

Subd. 4. [EFFECT OF ORDER.] When the juvenile court enters an order certifying an alleged violation ~~to district court~~, the prosecuting authority shall proceed with the case as if the jurisdiction of the juvenile court had never attached.

Subd. 5. [WRITTEN FINDINGS; OPTIONS.] The court shall decide whether to order certification ~~to district court~~ within 15 days after the certification hearing was completed, unless additional time is needed, in which case the court may extend the period up to another 15 days. If the juvenile court orders certification, and the presumption described in subdivision 2a does not apply, the order shall contain in writing, findings of fact and conclusions of law as to why public safety is not served by retaining the proceeding in the juvenile court. If the juvenile court, after a hearing conducted pursuant to subdivision 2, decides not to order certification ~~to district court~~, the decision shall contain, in writing, findings of fact and conclusions of law as to why certification is not ordered. If the juvenile court decides not to order certification in a case in which the presumption described in subdivision 2a applies, the court shall designate the proceeding an extended jurisdiction juvenile prosecution and include in its decision written findings of fact and conclusions of law as to why the retention of the proceeding in juvenile court serves public safety,

with specific reference to the factors listed in subdivision 2b. If the court decides not to order certification in a case in which the presumption described in subdivision 2a does not apply, the court may designate the proceeding an extended jurisdiction juvenile prosecution, pursuant to the hearing process described in section 260.126, subdivision 2.

Subd. 6. [FIRST-DEGREE MURDER.] When a motion for certification has been filed in a case in which the petition alleges that the child committed murder in the first degree, the prosecuting authority shall present the case to the grand jury for consideration of indictment under chapter 628 within 14 days after the petition was filed.

Subd. 7. [INAPPLICABILITY TO CERTAIN OFFENDERS.] This section does not apply to a child excluded from the definition of delinquent child under section 260.015, subdivision 5, paragraph (b).

Sec. 19. Minnesota Statutes 1994, section 260.126, subdivision 5, is amended to read:

Subd. 5. [EXECUTION OF ADULT SENTENCE.] When it appears that a person convicted as an extended jurisdiction juvenile has violated the conditions of the stayed sentence, or is alleged to have committed a new offense, the court may, without notice, revoke the stay and probation and direct that the offender be taken into immediate custody. The court shall notify the offender in writing of the reasons alleged to exist for revocation of the stay of execution of the adult sentence. If the offender challenges the reasons, the court shall hold a summary hearing on the issue at which the offender is entitled to be heard and represented by counsel. After the hearing, if the court finds that reasons exist to revoke the stay of execution of sentence, the court shall treat the offender as an adult and order any of the adult sanctions authorized by section 609.14, subdivision 3. If the offender was convicted of an offense described in subdivision 1, clause (2), and the court finds that reasons exist to revoke the stay, the court must order execution of the previously imposed sentence unless the court makes written findings regarding the mitigating factors that justify continuing the stay. Upon revocation, the offender's extended jurisdiction status is terminated and juvenile court jurisdiction is terminated. The ongoing jurisdiction for any adult sanction, other than commitment to the commissioner of corrections, is with the adult court.

Sec. 20. Minnesota Statutes 1994, section 260.131, is amended by adding a subdivision to read:

Subd. 1b. [CHILD IN NEED OF PROTECTION OR SERVICES; HABITUAL TRUANT.] If there is a school attendance review board or county attorney mediation program operating in the child's school district, a petition alleging that a child is in need of protection or services as a habitual truant under section 260.015, subdivision 2a, clause (12), may not be filed until the applicable procedures under section 260A.06 or 260A.07 have been exhausted.

Sec. 21. Minnesota Statutes 1994, section 260.131, subdivision 4, is amended to read:

Subd. 4. [DELINQUENCY PETITION; EXTENDED JURISDICTION JUVENILE.] When a prosecutor files a delinquency petition alleging that a child committed a felony offense for which there is a presumptive commitment to prison according to the sentencing guidelines and applicable statutes or in which the child used a firearm, after reaching the age of 16 years, the prosecutor shall indicate in the petition whether the prosecutor designates the proceeding an extended jurisdiction juvenile prosecution. When a prosecutor files a delinquency petition alleging that a child aged 14 to 17 years committed a felony offense, the prosecutor may request that the court designate the proceeding an extended jurisdiction juvenile prosecution.

Sec. 22. Minnesota Statutes 1994, section 260.132, subdivision 1, is amended to read:

Subdivision 1. [NOTICE.] When a peace officer, or attendance officer in the case of a habitual truant, has probable cause to believe that a child:

(1) is in need of protection or services under section 260.015, subdivision 2a, clause (11) or (12);

(2) is a juvenile petty offender; or

(3) has committed a delinquent act that would be a petty misdemeanor or misdemeanor if committed by an adult;

the officer may issue a notice to the child to appear in juvenile court in the county in which the child is found or in the county of the child's residence or, in the case of a juvenile petty offense, or a petty misdemeanor or misdemeanor delinquent act, the county in which the offense was committed. If there is a school attendance review board or county attorney mediation program operating in the child's school district, a notice to appear in juvenile court for a habitual truant may not be issued until the applicable procedures under section 260A.06 or 260A.07 have been exhausted. The officer shall file a copy of the notice to appear with the juvenile court of the appropriate county. If a child fails to appear in response to the notice, the court may issue a summons notifying the child of the nature of the offense alleged and the time and place set for the hearing. If the peace officer finds it necessary to take the child into custody, sections 260.165 and 260.171 shall apply.

Sec. 23. Minnesota Statutes 1994, section 260.132, is amended by adding a subdivision to read:

Subd. 3a. [NO RIGHT TO COUNSEL AT PUBLIC EXPENSE.] A child alleged to be a juvenile petty offender may be represented by counsel, but does not have a right to appointment of a public defender or other counsel at public expense.

Sec. 24. Minnesota Statutes 1994, section 260.132, subdivision 4, is amended to read:

Subd. 4. [TRUANT.] When a peace officer or probation officer has probable cause to believe that a child is currently under age 16 and absent from school without lawful excuse, the officer may transport the child to the child's home and deliver the child to the custody of the child's parent or guardian, transport the child to the child's school of enrollment and deliver the child to the custody of a school superintendent or teacher or transport the child to a truancy service center under section 260A.04, subdivision 3. ~~For purposes of this subdivision, a truancy service center is a facility that receives truant students from peace officers or probation officers and takes appropriate action including one or more of the following:~~

~~(1) assessing the truant's attendance situation;~~

~~(2) assisting in coordinating intervention efforts where appropriate;~~

~~(3) contacting the parents or legal guardian of the truant and releasing the truant to the custody of the parent or guardian; and~~

~~(4) facilitating the truant's earliest possible return to school.~~

Sec. 25. Minnesota Statutes 1994, section 260.155, subdivision 2, is amended to read:

Subd. 2. [APPOINTMENT OF COUNSEL.] (a) The child, parent, guardian or custodian ~~have~~ has the right to effective assistance of counsel in connection with a proceeding in juvenile court unless the child is charged with a juvenile petty offense as defined in section 260.015, subdivision 21. ~~Before a child who is charged by delinquency petition with a misdemeanor offense waives the right to counsel or enters a plea, the child shall consult in person with counsel who shall provide a full and intelligible explanation of the child's rights.~~ The court shall appoint counsel, or stand-by counsel if the child waives the right to counsel, for a child who is:

(1) charged by delinquency petition with a gross misdemeanor or felony offense; or

(2) the subject of a delinquency proceeding in which out-of-home placement has been proposed.

(b) If they desire counsel but are unable to employ it, the court shall appoint counsel to represent the child or the parents or guardian in any ~~other~~ case in which it feels that such an appointment is desirable, except a juvenile petty offense as defined in section 260.015, subdivision 21.

Sec. 26. Minnesota Statutes 1994, section 260.161, subdivision 3, is amended to read:

Subd. 3. [PEACE OFFICER RECORDS OF CHILDREN.] (a) Except for records relating to an offense where proceedings are public under section 260.155, subdivision 1, peace officers' records of children who are or may be delinquent or who may be engaged in criminal acts shall be kept

separate from records of persons 18 years of age or older and are private data but shall be disseminated: (1) by order of the juvenile court, (2) as required by section 126.036, (3) as authorized under section 13.82, subdivision 2, (4) to the child or the child's parent or guardian unless disclosure of a record would interfere with an ongoing investigation, or (5) as otherwise provided in this subdivision. Except as provided in paragraph (c), no photographs of a child taken into custody may be taken without the consent of the juvenile court unless the child is alleged to have violated section 169.121 or 169.129. Peace officers' records containing data about children who are victims of crimes or witnesses to crimes must be administered consistent with section 13.82, subdivisions 2, 3, 4, and 10. Any person violating any of the provisions of this subdivision shall be guilty of a misdemeanor.

In the case of computerized records maintained about juveniles by peace officers, the requirement of this subdivision that records about juveniles must be kept separate from adult records does not mean that a law enforcement agency must keep its records concerning juveniles on a separate computer system. Law enforcement agencies may keep juvenile records on the same computer as adult records and may use a common index to access both juvenile and adult records so long as the agency has in place procedures that keep juvenile records in a separate place in computer storage and that comply with the special data retention and other requirements associated with protecting data on juveniles.

(b) Nothing in this subdivision prohibits the exchange of information by law enforcement agencies if the exchanged information is pertinent and necessary to the requesting agency in initiating, furthering, or completing a criminal investigation.

(c) A photograph may be taken of a child taken into custody pursuant to section 260.165, subdivision 1, clause (b), provided that the photograph must be destroyed when the child reaches the age of 19 years. The commissioner of corrections may photograph juveniles whose legal custody is transferred to the commissioner. Photographs of juveniles authorized by this paragraph may be used only for institution management purposes, case supervision by parole agents, and to assist law enforcement agencies to apprehend juvenile offenders. The commissioner shall maintain photographs of juveniles in the same manner as juvenile court records and names under this section.

(d) Traffic investigation reports are open to inspection by a person who has sustained physical harm or economic loss as a result of the traffic accident. Identifying information on juveniles who are parties to traffic accidents may be disclosed as authorized under section 13.82, subdivision 4, and accident reports required under section 169.09 may be released under section 169.09, subdivision 13, unless the information would identify a juvenile who was taken into custody or who is suspected of committing an offense that would be a crime if committed by an adult, or would associate a juvenile with the offense, and the offense is not a minor traffic offense under section 260.193.

(e) A law enforcement agency shall notify the principal or chief administrative officer of a juvenile's school of an incident occurring within the agency's jurisdiction if:

(1) the agency has probable cause to believe that the juvenile has committed an offense that would be a crime if committed as an adult, that the victim of the offense is a student or staff member of the school, and that notice to the school is reasonably necessary for the protection of the victim; or

(2) the agency has probable cause to believe that the juvenile has committed an offense described in subdivision 1b, paragraph (a), clauses (1) to (3), that would be a crime if committed by an adult, regardless of whether the victim is a student or staff member of the school.

A law enforcement agency is not required to notify the school under this paragraph if the agency determines that notice would jeopardize an ongoing investigation. Notwithstanding section 138.17, data from a notice received from a law enforcement agency under this paragraph must be destroyed when the juvenile graduates from the school or at the end of the academic year when the juvenile reaches age 23, whichever date is earlier. For purposes of this paragraph, "school" means a public or private elementary, middle, or secondary school.

(f) In any county in which the county attorney operates or authorizes the operation of a juvenile

prepetition or pretrial diversion program, a law enforcement agency or county attorney's office may provide the juvenile diversion program with data concerning a juvenile who is a participant in or is being considered for participation in the program.

(g) Upon request of a local social service agency, peace officer records of children who are or may be delinquent or who may be engaged in criminal acts may be disseminated to the agency to promote the best interests of the subject of the data.

Sec. 27. [260.1735] [EXTENSION OF DETENTION PERIOD.]

Before July 1, 1997, and pursuant to a request from an eight-day temporary holdover facility, as defined in section 241.0221, the commissioner of corrections, or the commissioner's designee, may grant a one-time extension per child to the eight-day limit on detention under this chapter. This extension may allow such a facility to detain a child for up to 30 days including weekends and holidays. Upon the expiration of the extension, the child may not be transferred to another eight-day temporary holdover facility. The commissioner shall develop criteria for granting extensions under this section. These criteria must ensure that the child be transferred to a long-term juvenile detention facility as soon as such a transfer is possible. Nothing in this section changes the requirements in section 260.172 regarding the necessity of detention hearings to determine whether continued detention of the child is proper.

Sec. 28. Minnesota Statutes 1994, section 260.181, subdivision 4, is amended to read:

Subd. 4. [TERMINATION OF JURISDICTION.] (a) The court may dismiss the petition or otherwise terminate its jurisdiction on its own motion or on the motion or petition of any interested party at any time. Unless terminated by the court, and except as otherwise provided in this subdivision, the jurisdiction of the court shall continue until the individual becomes 19 years of age if the court determines it is in the best interest of the individual to do so. Court jurisdiction under section 260.015, subdivision 2a, clause (12), may not continue past the child's 17th birthday.

(b) The jurisdiction of the court over an extended jurisdiction juvenile, with respect to the offense for which the individual was convicted as an extended jurisdiction juvenile, extends until the offender becomes 21 years of age, unless the court terminates jurisdiction before that date.

(c) The juvenile court has jurisdiction to designate the proceeding an extended jurisdiction juvenile prosecution, to hold a certification hearing, or to conduct a trial, receive a plea, or impose a disposition under section 260.126, subdivision 4, if:

(1) an adult is alleged to have committed an offense before the adult's 18th birthday; and

(2) a petition is filed under section 260.131 before expiration of the time for filing under section 628.26 and before the adult's 21st birthday.

The juvenile court lacks jurisdiction under this paragraph if the adult demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

(d) The district court has original and exclusive jurisdiction over a proceeding:

(1) that involves an adult who is alleged to have committed an offense before the adult's 18th birthday; and

(2) in which a criminal complaint is filed before expiration of the time for filing under section 628.26 and after the adult's 21st birthday.

The juvenile court retains jurisdiction if the adult demonstrates that the delay in filing a criminal complaint was purposefully caused by the state in order to gain an unfair advantage.

(e) The juvenile court has jurisdiction over a person who has been adjudicated delinquent until the person's 21st birthday if the person fails to appear at any juvenile court hearing or fails to appear at or absconds from any placement under a juvenile court order. The juvenile court has jurisdiction over a convicted extended jurisdiction juvenile who fails to appear at any juvenile court hearing or fails to appear at or absconds from any placement under section 260.126,

subdivision 4. The juvenile court lacks jurisdiction under this paragraph if the adult demonstrates that the delay was purposefully caused by the state in order to gain an unfair advantage.

Sec. 29. Minnesota Statutes 1994, section 260.185, is amended by adding a subdivision to read:

Subd. 1b. [COMMITMENT TO SECURE FACILITY; LENGTH OF STAY; TRANSFERS.] An adjudicated juvenile may not be placed in a licensed juvenile secure treatment facility unless the placement is approved by the juvenile court. However, the program administrator may determine the juvenile's length of stay in the secure portion of the facility. The administrator shall notify the court of any movement of juveniles from secure portions of facilities. However, the court may, in its discretion, order that the juveniles be moved back to secure portions of the facility.

Sec. 30. Minnesota Statutes 1994, section 260.185, is amended by adding a subdivision to read:

Subd. 1c. [PLACEMENT OF JUVENILES IN SECURE FACILITIES; REQUIREMENTS.] Before a postadjudication placement of a juvenile in a secure treatment facility either inside or outside the state, the court may:

(1) consider whether the juvenile has been adjudicated for a felony offense against the person or that in addition to the current adjudication, the juvenile has failed to appear in court on one or more occasions or has run away from home on one or more occasions;

(2) conduct a subjective assessment to determine whether the child is a danger to self or others or would abscond from a nonsecure facility or if the child's health or welfare would be endangered if not placed in a secure facility;

(3) conduct a culturally appropriate psychological evaluation which includes a functional assessment of anger and abuse issues; and

(4) conduct an educational and physical assessment of the juvenile.

In determining whether to order secure placement, the court shall consider the necessity of:

(1) protecting the public;

(2) protecting program residents and staff; and

(3) preventing juveniles with histories of absconding from leaving treatment programs.

Sec. 31. Minnesota Statutes 1994, section 260.191, subdivision 1, is amended to read:

Subdivision 1. [DISPOSITIONS.] (a) If the court finds that the child is in need of protection or services or neglected and in foster care, it shall enter an order making any of the following dispositions of the case:

(1) place the child under the protective supervision of the local social services agency or child-placing agency in the child's own home under conditions prescribed by the court directed to the correction of the child's need for protection or services;

(2) transfer legal custody to one of the following:

(i) a child-placing agency; or

(ii) the local social services agency.

In placing a child whose custody has been transferred under this paragraph, the agencies shall follow the order of preference stated in section 260.181, subdivision 3;

(3) if the child is in need of special treatment and care for reasons of physical or mental health, the court may order the child's parent, guardian, or custodian to provide it. If the parent, guardian, or custodian fails or is unable to provide this treatment or care, the court may order it provided. The court shall not transfer legal custody of the child for the purpose of obtaining special treatment or care solely because the parent is unable to provide the treatment or care. If the court's

order for mental health treatment is based on a diagnosis made by a treatment professional, the court may order that the diagnosing professional not provide the treatment to the child if it finds that such an order is in the child's best interests; or

(4) if the court believes that the child has sufficient maturity and judgment and that it is in the best interests of the child, the court may order a child 16 years old or older to be allowed to live independently, either alone or with others as approved by the court under supervision the court considers appropriate, if the county board, after consultation with the court, has specifically authorized this dispositional alternative for a child.

(b) If the child was adjudicated in need of protection or services because the child is a runaway or habitual truant, the court may order any of the following dispositions in addition to or as alternatives to the dispositions authorized under paragraph (a):

(1) counsel the child or the child's parents, guardian, or custodian;

(2) place the child under the supervision of a probation officer or other suitable person in the child's own home under conditions prescribed by the court, including reasonable rules for the child's conduct and the conduct of the parents, guardian, or custodian, designed for the physical, mental, and moral well-being and behavior of the child; or with the consent of the commissioner of corrections, place the child in a group foster care facility which is under the commissioner's management and supervision;

(3) subject to the court's supervision, transfer legal custody of the child to one of the following:

(i) a reputable person of good moral character. No person may receive custody of two or more unrelated children unless licensed to operate a residential program under sections 245A.01 to 245A.16; or

(ii) a county probation officer for placement in a group foster home established under the direction of the juvenile court and licensed pursuant to section 241.021;

(4) require the child to pay a fine of up to $100. The court shall order payment of the fine in a manner that will not impose undue financial hardship upon the child;

(5) require the child to participate in a community service project;

(6) order the child to undergo a chemical dependency evaluation and, if warranted by the evaluation, order participation by the child in a drug awareness program or an inpatient or outpatient chemical dependency treatment program;

(7) if the court believes that it is in the best interests of the child and of public safety that the child's driver's license or instruction permit be canceled, the court may ~~recommend to~~ order the commissioner of public safety ~~that~~ to cancel the child's license ~~be canceled~~ or permit for any period up to the child's 18th birthday. If the child does not have a driver's license or permit, the court may order a denial of driving privileges for any period up to the child's 18th birthday. The court shall forward an order issued under this clause to the commissioner ~~is authorized to~~, who shall cancel the license or permit or deny driving privileges without a hearing for the period specified by the court. At any time before the expiration of the period of cancellation or denial, the court may, for good cause, ~~recommend to~~ order the commissioner of public safety ~~that~~ to allow the child ~~be authorized~~ to apply for a ~~new~~ license or permit, and the commissioner ~~may~~ shall so authorize; ~~or~~

(8) order that the child's parent or legal guardian deliver the child to school at the beginning of each school day for a period of time specified by the court; or

(9) require the child to perform any other activities or participate in any other treatment programs deemed appropriate by the court.

(c) If a child who is 14 years of age or older is adjudicated in need of protection or services because the child is a habitual truant and truancy procedures involving the child were previously dealt with by a school attendance review board or county attorney mediation program under section 260A.06 or 260A.07, the court shall order a cancellation or denial of driving privileges under paragraph (b), clause (7), for any period up to the child's 18th birthday.

Sec. 32. Minnesota Statutes 1994, section 260.193, subdivision 4, is amended to read:

Subd. 4. [ORIGINAL JURISDICTION; JUVENILE COURT.] The juvenile court shall have original jurisdiction ~~if the child is alleged to have committed both major and adult court traffic offenses in the same behavioral incident~~ over:

(1) all juveniles age 15 and under alleged to have committed any traffic offense; and

(2) 16- and 17-year-olds alleged to have committed any major traffic offense, except that the adult court has original jurisdiction over:

(i) petty traffic misdemeanors not a part of the same behavioral incident of a misdemeanor being handled in juvenile court; and

(ii) violations of sections 169.121 (drivers under the influence of alcohol or controlled substance) and 169.129 (aggravated driving while intoxicated), and any other misdemeanor or gross misdemeanor level traffic violations committed as part of the same behavioral incident of a violation of section 169.121 or 169.129.

Sec. 33. Minnesota Statutes 1994, section 260.195, is amended by adding a subdivision to read:

Subd. 2a. [NO RIGHT TO COUNSEL AT PUBLIC EXPENSE.] A child alleged to be a juvenile petty offender may be represented by counsel, but does not have a right to appointment of a public defender or other counsel at public expense.

Sec. 34. Minnesota Statutes 1994, section 260.195, subdivision 3, is amended to read:

Subd. 3. [DISPOSITIONS.] If the juvenile court finds that a child is a petty offender, the court may:

(a) require the child to pay a fine of up to $100;

(b) require the child to participate in a community service project;

(c) require the child to participate in a drug awareness program;

(d) place the child on probation for up to six months;

(e) order the child to undergo a chemical dependency evaluation and if warranted by this evaluation, order participation by the child in an ~~inpatient or~~ outpatient chemical dependency treatment program; ~~or~~

(f) order the child to make restitution to the victim; or

(g) perform any other activities or participate in any other outpatient treatment programs deemed appropriate by the court.

In all cases where the juvenile court finds that a child has purchased or attempted to purchase an alcoholic beverage in violation of section 340A.503, if the child has a driver's license or permit to drive, and if the child used a driver's license, permit or Minnesota identification card to purchase or attempt to purchase the alcoholic beverage, the court shall forward its finding in the case and the child's driver's license or permit to the commissioner of public safety. Upon receipt, the commissioner shall suspend the child's license or permit for a period of 90 days.

None of the dispositional alternatives described in clauses (a) to ~~(e)~~ (f) shall be imposed by the court in a manner which would cause an undue hardship upon the child.

Sec. 35. Minnesota Statutes 1994, section 260.215, subdivision 1, is amended to read:

Subdivision 1. [CERTAIN VIOLATIONS NOT CRIMES.] A violation of a state or local law or ordinance by a child before becoming 18 years of age is not a crime unless the juvenile court:

(1) certifies the matter ~~to the district court~~ in accordance with the provisions of section 260.125;

(2) transfers the matter to a court in accordance with the provisions of section 260.193; or

(3) convicts the child as an extended jurisdiction juvenile and subsequently executes the adult sentence under section 260.126, subdivision 5.

Sec. 36. Minnesota Statutes 1994, section 260.291, subdivision 1, is amended to read:

Subdivision 1. [PERSONS ENTITLED TO APPEAL; PROCEDURE.] (a) An appeal may be taken by the aggrieved person from a final order of the juvenile court affecting a substantial right of the aggrieved person, including but not limited to an order adjudging a child to be in need of protection or services, neglected and in foster care, delinquent, or a juvenile traffic offender. The appeal shall be taken within 30 days of the filing of the appealable order. The court administrator shall notify the person having legal custody of the minor of the appeal. Failure to notify the person having legal custody of the minor shall not affect the jurisdiction of the appellate court. The order of the juvenile court shall stand, pending the determination of the appeal, but the reviewing court may in its discretion and upon application stay the order.

(b) An appeal may be taken by an aggrieved person from an order of the juvenile court on the issue of certification of a ~~child to district court~~ matter for prosecution under the laws and court procedures controlling adult criminal violations. Certification appeals shall be expedited as provided by applicable rules.

Sec. 37. [260A.01] [TRUANCY PROGRAMS AND SERVICES.]

The programs in this chapter are designed to provide a continuum of intervention and services to support families and children in keeping children in school and combating truancy and educational neglect. School districts, county attorneys, and law enforcement may establish the programs and coordinate them with other community-based truancy services in order to provide the necessary and most effective intervention for children and their families. This continuum of intervention and services involves progressively intrusive intervention, beginning with strong service-oriented efforts at the school and community level and involving the court's authority only when necessary.

Sec. 38. [260A.02] [DEFINITIONS.]

Subdivision 1. [SCOPE.] The definitions in this section apply to this chapter.

Subd. 2. [BOARD.] "Board" means a school attendance review board created under section 260A.05.

Subd. 3. [CONTINUING TRUANT.] "Continuing truant" means a child who is subject to the compulsory instruction requirements of section 120.101 and is absent from instruction in a school, as defined in section 120.05, without valid excuse within a single school year for:

(1) three days if the child is in elementary school; or

(2) three or more class periods on three days if the child is in middle school, junior high school, or high school.

A child is not a continuing truant if the child is withdrawn from school by the child's parents because of a dispute with the school concerning the provision of special education services under the Individuals with Disabilities Education Act or accommodations and modifications under the Americans with Disabilities Act, if the parent makes good faith efforts to provide the child educational services from any other source. No parent who withdraws a child from school during a dispute with the school concerning the provision of special education services or accommodations and modifications is required to file home school papers, if the parent provides written notice to the department of education or the district of the plan for the child's education.

Nothing in this section shall prevent a school district from notifying a truant child's parent or legal guardian of the child's truancy or otherwise addressing a child's attendance problems prior to the child becoming a continuing truant.

Sec. 39. [260A.03] [NOTICE TO PARENT OR GUARDIAN WHEN CHILD IS A CONTINUING TRUANT.]

Upon a child's initial classification as a continuing truant, the school attendance officer or other designated school official shall notify the child's parent or legal guardian, by first-class mail or other reasonable means, of the following:

(1) that the child is truant;

(2) that the parent or guardian should notify the school if there is a valid excuse for the child's absences;

(3) that the parent or guardian is obligated to compel the attendance of the child at school pursuant to section 120.101 and parents or guardians who fail to meet this obligation may be subject to prosecution under section 127.20;

(4) that this notification serves as the notification required by section 127.20;

(5) that alternative educational programs and services may be available in the district;

(6) that the parent or guardian has the right to meet with appropriate school personnel to discuss solutions to the child's truancy;

(7) that if the child continues to be truant, the parent and child may be subject to juvenile court proceedings under chapter 260;

(8) that if the child is subject to juvenile court proceedings, the child may be subject to suspension, restriction, or delay of the child's driving privilege pursuant to section 260.191; and

(9) that it is recommended that the parent or guardian accompany the child to school and attend classes with the child for one day.

Sec. 40. [260A.04] [COMMUNITY-BASED TRUANCY PROJECTS AND SERVICE CENTERS.]

Subdivision 1. [ESTABLISHMENT.] (a) Community-based truancy projects and service centers may be established to:

(1) provide for identification of students with school attendance problems;

(2) facilitate the provision of services geared to address the underlying issues that are contributing to a student's truant behavior; and

(3) provide facilities to receive truant students from peace officers and probation officers.

(b) Truancy projects and service centers may provide any of these services and shall provide for referral of children and families to other appropriate programs and services.

Subd. 2. [COMMUNITY-BASED ACTION PROJECTS.] Schools, community agencies, law enforcement, parent associations, and other interested groups may cooperate to provide coordinated intervention, prevention, and educational services for truant students and their families. Services may include:

(1) assessment for underlying issues that are contributing to the child's truant behavior;

(2) referral to other community-based services for the child and family, such as individual or family counseling, educational testing, psychological evaluations, tutoring, mentoring, and mediation;

(3) transition services to integrate the child back into school and to help the child succeed once there;

(4) culturally sensitive programming and staffing; and

(5) increased school response, including in-school suspension, better attendance monitoring and enforcement, after-school study programs, and in-service training for teachers and staff.

Subd. 3. [TRUANCY SERVICE CENTERS.] (a) Truancy service centers may be established

as facilities to receive truant students from peace officers and probation officers and provide other appropriate services. A truancy service center may:

(1) assess a truant student's attendance situation, including enrollment status, verification of truancy, and school attendance history;

(2) assist in coordinating intervention efforts where appropriate, including checking with juvenile probation and children and family services to determine whether an active case is pending and facilitating transfer to an appropriate facility, if indicated; and evaluating the need for and making referral to a health clinic, chemical dependency treatment, protective services, social or recreational programs, or other school or community-based services and programs described in subdivision 2;

(3) contact the parents or legal guardian of the truant student and release the truant student to the custody of the parents, guardian, or other suitable person; and

(4) facilitate the student's earliest possible return to school.

(b) Truancy service centers may not accept:

(1) juveniles taken into custody for violations of law that would be crimes if committed by adults;

(2) intoxicated juveniles;

(3) ill or injured juveniles; or

(4) juveniles older than mandatory school attendance age.

(c) Truancy service centers may expand their service capability in order to receive curfew violators and take appropriate action, such as coordination of intervention efforts, contacting parents, and developing strategies to ensure that parents assume responsibility for their children's curfew violations.

Sec. 41. [260A.05] [SCHOOL ATTENDANCE REVIEW BOARDS.]

Subdivision 1. [ESTABLISHMENT.] A school district may establish one or more school attendance review boards to exercise the powers and duties in this section. The school district board shall appoint the members of the school attendance review board and designate the schools within the board's jurisdiction. Members of a school attendance review board may include:

(1) the superintendent of the school district or the superintendent's designee;

(2) a principal and one or more other school officials from within the district;

(3) parent representatives;

(4) representatives from community agencies that provide services for truant students and their families;

(5) a juvenile probation officer;

(6) school counselors and attendance officers; and

(7) law enforcement officers.

Subd. 2. [GENERAL POWERS AND DUTIES.] A school attendance review board shall prepare an annual plan to promote interagency and community cooperation and to reduce duplication of services for students with school attendance problems. The plan shall include a description of truancy procedures and services currently in operation within the board's jurisdiction, including the programs and services under section 260A.04. A board may provide consultant services to, and coordinate activities of, truancy programs and services.

Subd. 3. [OVERSIGHT OF TRUANT STUDENTS.] A school attendance review board shall oversee referrals of truant students and provide appropriate intervention and services under section

260A.06. The board shall establish procedures for documenting student attendance and verifying actions and interventions with respect to truant students and their families.

Sec. 42. [260A.06] [REFERRAL OF TRUANT STUDENTS TO SCHOOL ATTENDANCE REVIEW BOARD.]

Subdivision 1. [REFERRAL; NOTICE.] An attendance officer or other school official may refer a student who is a continuing truant to the school attendance review board. The person making the referral shall provide a written notice by first class mail or other reasonable means to the student and the student's parent or legal guardian. Subd. 2. [MEETING; COMMUNITY SERVICES.] The school attendance review board shall schedule the meeting described in subdivision 1 and provide notice of the meeting by first class mail or other reasonable means to the student, parent or guardian, and referring person. If the board determines that available community services may resolve the attendance problems of the truant student, the board shall refer the student or the student's parent or guardian to participate in the community services. The board may develop an agreement with the student and parent or guardian that specifies the actions to be taken. The board shall inform the student and parent or guardian that failure to comply with any agreement or to participate in appropriate community services will result in a referral to the county attorney under subdivision 3. The board may require the student or parent or guardian to provide evidence of participation in available community services or compliance with any agreement.

Subd. 3. [REFERRAL TO COUNTY ATTORNEY; OTHER APPROPRIATE ACTION.] If the school attendance review board determines that available community services cannot resolve the attendance problems of the truant student or if the student or the parent or guardian has failed to comply with any referrals or agreements under subdivision 2 or to otherwise cooperate with the board, the board may:

(1) refer the matter to the county attorney under section 260A.07, if the county attorney has elected to participate in the truancy mediation program; or

(2) if the county attorney has not elected to participate in the truancy mediation program, refer the matter for appropriate legal action against the child or the child's parent or guardian under chapter 260 or section 127.20.

If the student's school district has not established a board, the student may be referred to the county attorney by the school district if the student continues to be truant after the parent or guardian has been sent or conveyed the notice under section 260A.03.

Subd. 2. [MEETING; NOTICE.] The county attorney may request the parent or legal guardian and the child referred under subdivision 1 to attend a meeting to discuss the possible legal consequences of the minor's truancy. The commissioner may consult with other appropriate agencies and, to the extent possible, use existing resources and staff in creating the programs. The commissioner shall ensure that the programs, if offered, are adequately staffed by specially trained personnel and outreach street workers. Each center may integrate community volunteers into the program's activities and services and cooperate with local law enforcement agencies. The centers must be open during hours convenient to youths including evenings, weekends, and extended summer hours. However, there may not be any conflicts with truancy laws. Each center must have a plan for evaluation designed to measure the program's effectiveness in aiding youths.

Subd. 2. [ADVISORY BOARD.] The commissioner shall establish an advisory board to help develop plans and programs for the youth centers established in subdivision 1. The commissioner shall encourage both youths and their families to participate on the board.

By August 1, 1995, the commissioner shall contract to have the study conducted. The agency selected to perform the study shall use a validated risk-assessment instrument that determines the level of risk a juvenile presents based on the seriousness of the offense and past delinquency history and assesses the juvenile's treatment needs. The study must specifically examine the type of offender placed in the

facilities, make recommendations on whether current placement policy makes optimal use of the facilities, and, if necessary, recommend changes in placement policies. The report must also include the cost-effectiveness and feasibility of options, including private contracts for programs and services or local government delivery of services and programs, the delivery of new and creative programs and services to these juveniles by the state, or any combination which has the potential of reducing the rate of reoffending among this group of juvenile offenders.

Subd. 3. [POSSIBLE PROGRAM PHASE OUT.] If the task force recommends the phasing out of juvenile offender programs at Red Wing or Sauk Centre, or both, then the task force shall also recommend alternative programming and locations for serving this class of juveniles and recommend alternative cost-effective uses for the facilities. The question of the future use of either the Red Wing or Sauk Centre facility is reserved until the 1996 legislative session has considered the report of the task force.

Subd. 4. [MEMBERSHIP.] By July 1, 1995, the speaker of the house of representatives and majority leader of the senate shall appoint individuals who have demonstrated experience in the juvenile justice field and who are representatives or designees of the following to serve as members of the task force:

The criminal and juvenile justice information policy group, in cooperation with the supreme court, the commissioner of corrections, and the superintendent of the bureau of criminal apprehension, shall develop a plan for obtaining and compiling the names of juvenile offenders and for tracking and reporting juvenile reoffense rates. This plan must examine the initial analysis and design work done by the supreme court under Laws 1994, chapter 576, section 67, subdivision 8, to determine a timetable for implementing the plan and whether additional technology will be necessary. By January 15, 1996, the criminal and juvenile justice information policy group shall report to the chairs of the senate crime prevention and house judiciary committees on the plan.

Sec. 58. [INSTITUTE FOR CHILD AND ADOLESCENT SEXUAL HEALTH.]

The rules shall establish program standards with an independent auditing process by July 1997.

Subd. 2. [STANDARDS.] The standards to be developed in the rules must require:

Sec. 15. [299C.68] [BACKGROUND CHECKS ON MANAGERS.]

Subdivision 1. [WHEN REQUIRED.] Before hiring a manager, an owner shall request the superintendent to conduct a background check under this section. An owner may employ a manager after requesting a background check under this section before receipt of the background check report, provided that the owner complies with section 299C.69. An owner may request a background check for a currently employed manager under this section. By July 1, 1996, an owner shall request the superintendent to conduct a background check under this section for managers hired before July 1, 1995, who are currently employed.

Subd. 2. [PROCEDURES.] The superintendent shall develop procedures to enable an owner to request a background check to determine whether a manager is the subject of a reported conviction for a background check crime. The superintendent shall perform the background check by retrieving and reviewing data on background check crimes maintained in the CJIS computers. If the manager has resided in Minnesota for less than five years or upon request of the owner, the superintendent shall also conduct a search of the national criminal records repository, including the criminal justice data communications network. The superintendent is authorized to exchange fingerprints with the Federal Bureau of Investigation for purposes of the criminal history check. The superintendent shall recover the cost of a background check through a fee charged to the owner.

Subd. 3. [FORM.] The superintendent shall develop a standardized form to be used for requesting a background check, which must include:

(1) a notification to the manager that the owner will request the superintendent to perform a background check under this section;

(2) a notification to the manager of the manager's rights under subdivision 4; and

(3) a signed consent by the manager to conduct the background check.

If the manager has resided in Minnesota for less than five years, or if the owner is requesting a search of the national criminal records repository, the form must be accompanied by the fingerprints of the manager on whom the background check is to be performed.

Subd. 4. [MANAGER'S RIGHTS.] (a) The owner shall notify the manager of the manager's rights under paragraph (b).

(b) A manager who is the subject of a background check request has the following rights:

(1) the right to be informed that the owner will request a background check on the manager to determine whether the manager has been convicted of a crime specified in section 299C.67, subdivision 2;

(2) the right to be informed by the owner of the superintendent's response to the background check and to obtain from the owner a copy of the background check report;

(3) the right to obtain from the superintendent any record that forms the basis for the report;

(4) the right to challenge the accuracy and completeness of information contained in the report or record under section 13.04, subdivision 4; and

(5) the right to be informed by the owner if the manager's application to be employed by the owner or to continue as an employee has been denied because of the result of the background check.

Subd. 5. [RESPONSE OF BUREAU.] The superintendent shall respond to a background check request within a reasonable time not to exceed ten working days after receiving the signed form under subdivision 3. If a search is being done of the national criminal records repository and that portion of the background check is not completed, the superintendent shall notify the owner that the background check is not complete and shall provide that portion of the background check to the owner as soon as it is available. The superintendent's response must indicate whether the manager has ever been convicted of a background check crime and, if so, a description of the crime, date and jurisdiction of conviction, and date of discharge of the sentence.

Subd. 6. [EQUIVALENT BACKGROUND CHECK.] (a) An owner may satisfy the requirements of this section by obtaining a background check from a private business or a local law enforcement agency rather than the superintendent if the scope of the background check provided by the private business or local law enforcement agency is at least as broad as that of a background check performed by the superintendent and the response to the background check request occurs within a reasonable time not to exceed ten working days after receiving the signed form described in subdivision 3. Local law enforcement agencies may access the criminal justice data network to perform the background check.

(b) A private business or local law enforcement agency providing a background check under this section must use a notification form similar to the form described in subdivision 3, except that the notification form must indicate that the background check will be performed by the private business or local law enforcement agency using records of the superintendent and other data sources.

Sec. 16. [299C.69] [OWNER DUTIES IF MANAGER CONVICTED OF BACKGROUND CHECK CRIME.]

(a) If the superintendent's response indicates that the manager has been convicted of a

background check crime defined in section 299C.67, subdivision 2, paragraph (a), the owner may not hire the manager or, if the manager was hired pending completion of the background check, shall terminate the manager's employment. Except as provided in paragraph (c), if an owner otherwise knows that a manager has been convicted of a background check crime defined in section 299C.67, subdivision 2, paragraph (a), the owner shall terminate the manager's employment.

(b) If the superintendent's response indicates that the manager has been convicted of a background check crime defined in section 299C.67, subdivision 2, paragraph (b), the owner may not hire the manager unless more than ten years have elapsed since the date of discharge of the sentence. If the manager was hired pending completion of the background check, the owner shall terminate the manager's employment unless more than ten years have elapsed since the date of discharge of the sentence. Except as provided in paragraph (c), if an owner otherwise knows that a manager has been convicted of a background check crime defined in section 299C.67, subdivision 2, paragraph (b), the owner shall terminate the manager's employment unless more than ten years have elapsed since the date of discharge of the sentence.

(c) If an owner knows that a manager hired before July 1, 1995, was convicted of a background check crime for an offense committed before July 1, 1995, the owner may continue to employ the manager. However, the owner shall notify all tenants and prospective tenants whose dwelling units would be accessible to the manager of the crime for which the manager has been convicted and of the right of a current tenant to terminate the tenancy under this paragraph, if the manager was convicted of a background check crime defined in:

(1) section 299C.67, subdivision 2, paragraph (a); or

(2) section 299C.67, subdivision 2, paragraph (b), unless more than ten years have elapsed since the sentence was discharged.

Notwithstanding a lease provision to the contrary, a current tenant who receives a notice under this paragraph may terminate the tenancy within 60 days of receipt of the notice by giving the owner at least 14 days' advance notice of the termination date.

(d) The owner shall notify the manager of any action taken under this subdivision.

(e) If an owner is required to terminate a manager's employment under paragraph (a) or (b), or terminates a manager's employment in lieu of notifying tenants under paragraph (c), the owner is not liable under any law, contract, or agreement, including liability for unemployment compensation claims, for terminating the manager's employment in accordance with this section. Notwithstanding a lease or agreement governing termination of the tenancy, if the manager whose employment is terminated is also a tenant, the owner may terminate the tenancy immediately upon giving notice to the manager. An unlawful detainer action to enforce the termination of the tenancy must be treated as a priority writ under sections 566.05, 566.07, 566.09, subdivision 1, 566.16, subdivision 2, and 566.17, subdivision 1a.

Sec. 17. [299C.70] [PENALTY.]

Sec. 18. [299C.71] [BUREAU OF CRIMINAL APPREHENSION IMMUNITY.]

The bureau of criminal apprehension is immune from any civil or criminal liability that might otherwise arise under section 299C.68, based on the accuracy or completeness of records it receives from the Federal Bureau of Investigation, if the bureau acts in good faith.

Sec. 19. Minnesota Statutes 1994, section 388.24, subdivision 4, is amended to read:

Sec. 4. Minnesota Statutes 1994, section 518B.01, subdivision 4, is amended to read:

Subd. 4. [ORDER FOR PROTECTION.] There shall exist an action known as a petition for an order for protection in cases of domestic abuse.

(a) A petition for relief under this section may be made by any family or household member personally or by a family or household member, a guardian as defined in section 524.1-201, clause (20), or, if the court finds that it is in the best interests of the minor, by a reputable adult age 25 or older on behalf of minor family or household members. A minor age 16 or older may make a petition on the minor's own behalf against a spouse or former spouse, or a person with whom the minor has a child in common, if the court determines that the minor has sufficient maturity and judgment and that it is in the best interests of the minor.

The court administrator shall verify the terms of any existing order governing the parties. The court may not delay granting relief because of the existence of a pending action between the parties or the necessity of verifying the terms of an existing order. A subsequent order in a separate action under this chapter may modify only the provision of an existing order that grants relief authorized under subdivision 6, paragraph (a), clause (1). A petition for relief may be granted, regardless of whether there is a pending action between the parties.

~~(d)~~ (e) The court shall provide simplified forms and clerical assistance to help with the writing and filing of a petition under this section.

~~(e)~~ (f) The court shall advise a petitioner under paragraph ~~(d)~~ (e) of the right to file a motion and affidavit and to sue in forma pauperis pursuant to section 563.01 and shall assist with the writing and filing of the motion and affidavit.

(1) the respondent has violated a prior or existing order for protection;

(2) the petitioner is reasonably in fear of physical harm from the respondent; or

(3) the respondent has engaged in acts of harassment or stalking within the meaning of section 609.749, subdivision 2.

A petitioner does not need to show that physical harm is imminent to obtain an extension or a subsequent order under this subdivision.

Sec. 6. Minnesota Statutes 1994, section 518B.01, subdivision 8, is amended to read:

Subd. 8. [SERVICE; ALTERNATE SERVICE; PUBLICATION.] (a) The petition and any order issued under this section shall be served on the respondent personally.

(b) When service is made out of this state and in the United States, it may be proved by the affidavit of the person making the service. When service is made outside the United States, it may be proved by the affidavit of the person making the service, taken before and certified by any United States minister, charge d'affaires, commissioner, consul, or commercial agent, or other consular or diplomatic officer of the United States appointed to reside in the other country, including all deputies or other representatives of the officer authorized to perform their duties; or before an office authorized to administer an oath with the certificate of an officer of a court of record of the country in which the affidavit is taken as to the identity and authority of the officer taking the affidavit.

(c) If personal service cannot be made, the court may order service of the petition and any order issued under this section by alternate means, or by publication, which publication must be made as in other actions. The application for alternate service must include the last known location of the respondent; the petitioner's most recent contacts with the respondent; the last known location of the respondent's employment; the names and locations of the respondent's parents, siblings, children, and other close relatives; the names and locations of other persons who are likely to know the respondent's whereabouts; and a description of efforts to locate those persons.

The court shall consider the length of time the respondent's location has been unknown, the likelihood that the respondent's location will become known, the nature of the relief sought, and the nature of efforts made to locate the respondent. The court shall order service by first class mail, forwarding address requested, to any addresses where there is a reasonable possibility that mail or information will be forwarded or communicated to the respondent.

The court may also order publication, within or without the state, but only if it might reasonably succeed in notifying the respondent of the proceeding. ~~Also, the court may require the petitioner to make efforts to locate the respondent by telephone calls to appropriate persons.~~ Service shall be deemed complete ~~21~~ 14 days after mailing or ~~21~~ 14 days after court-ordered publication.

Sec. 7. Minnesota Statutes 1994, section 518B.01, subdivision 14, is amended to read:

Subd. 14. [VIOLATION OF AN ORDER FOR PROTECTION.] (a) Whenever an order for protection is granted pursuant to this section, and the respondent or person to be restrained knows of the order, violation of the order for protection is a misdemeanor. Upon conviction, the defendant must be sentenced to a minimum of three days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. If the court stays imposition or execution of the jail sentence and the defendant refuses or fails to comply with the court's treatment order, the court must impose and execute the stayed jail sentence. A person is guilty of a gross misdemeanor who violates this paragraph during the time period between a previous conviction under this paragraph; sections 609.221 to 609.224; 609.713, subdivision 1 or 3; 609.748, subdivision 6; 609.749; or a similar law of another state and the end of the five years following discharge from sentence for that conviction. Upon conviction, the defendant must be sentenced to a minimum of ten days imprisonment and must be ordered to participate in counseling or other appropriate programs selected by the court. Notwithstanding section 609.135, the court must impose and execute the minimum sentence provided in this paragraph for gross misdemeanor convictions.

(b) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order granted pursuant to this section restraining the person or excluding the person from the residence or the petitioner's place of employment, even if the violation of the order did not take place in the presence of the peace

officer, if the existence of the order can be verified by the officer. The person shall be held in custody for at least 36 hours, excluding the day of arrest, Sundays, and holidays, unless the person is released earlier by a judge or judicial officer. A peace officer acting in good faith and exercising due care in making an arrest pursuant to this paragraph is immune from civil liability that might result from the officer's actions.

(c) A violation of an order for protection shall also constitute contempt of court and be subject to the penalties therefor.

(d) If the court finds that the respondent has violated an order for protection and that there is reason to believe that the respondent will commit a further violation of the provisions of the order restraining the respondent from committing acts of domestic abuse or excluding the respondent from the petitioner's residence, the court may require the respondent to acknowledge an obligation to comply with the order on the record. The court may require a bond sufficient to deter the respondent from committing further violations of the order for protection, considering the financial resources of the respondent, and not to exceed $10,000. If the respondent refuses to comply with an order to acknowledge the obligation or post a bond under this paragraph, the court shall commit the respondent to the county jail during the term of the order for protection or until the respondent complies with the order under this paragraph. The warrant must state the cause of commitment, with the sum and time for which any bond is required. If an order is issued under this paragraph, the court may order the costs of the contempt action, or any part of them, to be paid by the respondent. An order under this paragraph is appealable.

(e) Upon the filing of an affidavit by the petitioner, any peace officer, or an interested party designated by the court, alleging that the respondent has violated any order for protection granted pursuant to this section, the court may issue an order to the respondent, requiring the respondent to appear and show cause within 14 days why the respondent should not be found in contempt of court and punished therefor. The hearing may be held by the court in any county in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation. The court also shall refer the violation of the order for protection to the appropriate prosecuting authority for possible prosecution under paragraph (a).

(f) If it is alleged that the respondent has violated an order for protection issued under subdivision 6 and the court finds that the order has expired between the time of the alleged violation and the court's hearing on the violation, the court may grant a new order for protection under subdivision 6 based solely on the respondent's alleged violation of the prior order, to be effective until the hearing on the alleged violation of the prior order. If the court finds that the respondent has violated the prior order, the relief granted in the new order for protection shall be extended for a fixed period, not to exceed one year, except when the court determines a longer fixed period is appropriate.

(g) The admittance into petitioner's dwelling of an abusing party excluded from the dwelling under an order for protection is not a violation by the petitioner of the order for protection.

A peace officer is not liable under section 609.43, clause (1), for a failure to perform a duty required by paragraph (b).

Sec. 8. Minnesota Statutes 1994, section 611A.01, is amended to read:

611A.01 [DEFINITIONS.]

For the purposes of sections 611A.01 to ~~611A.04 and~~ 611A.06:

(a) "Crime" means conduct that is prohibited by local ordinance and results in bodily harm to an individual; or conduct that is included within the definition of "crime" in section 609.02, subdivision 1, or would be included within that definition but for the fact that (i) the person engaging in the conduct lacked capacity to commit the crime under the laws of this state, or (ii) the act was alleged or found to have been committed by a juvenile;

(b) "Victim" means a natural person who incurs loss or harm as a result of a crime, including a good faith effort to prevent a crime, and for purposes of sections 611A.04 and 611A.045, also includes a corporation that incurs loss or harm as a result of a crime. If the victim is a natural person and is deceased, "victim" means the deceased's surviving spouse or next of kin; and

(c) "Juvenile" has the same meaning as given to the term "child" in section 260.015, subdivision 2.

Sec. 9. Minnesota Statutes 1994, section 611A.04, subdivision 1, is amended to read:

Subdivision 1. [REQUEST; DECISION.] (a) A victim of a crime has the right to receive restitution as part of the disposition of a criminal charge or juvenile delinquency proceeding against the offender if the offender is convicted or found delinquent. The court, or a person or agency designated by the court, shall request information from the victim to determine the amount of restitution owed. The court or its designee shall obtain the information from the victim in affidavit form or by other competent evidence. Information submitted relating to restitution must describe the items or elements of loss, itemize the total dollar amounts of restitution claimed, and specify the reasons justifying these amounts, if restitution is in the form of money or property. A request for restitution may include, but is not limited to, any out-of-pocket losses resulting from the crime, including medical and therapy costs, replacement of wages and services, expenses incurred to return a child who was a victim of a crime under section 609.26 to the child's parents or lawful custodian, and funeral expenses. An actual or prospective civil action involving the alleged crime shall not be used by the court as a basis to deny a victim's right to obtain court-ordered restitution under this section. In order to be considered at the sentencing or dispositional hearing, all information regarding restitution must be received by the court administrator of the appropriate court at least three business days before the sentencing or dispositional hearing. The court administrator shall provide copies of this request to the prosecutor and the offender or the offender's attorney at least 24 hours before the sentencing or dispositional hearing. The issue of restitution may be reserved or the sentencing or dispositional hearing or hearing on the restitution request may be continued if the victim's affidavit or other competent evidence submitted by the victim is not received in time. At the sentencing or dispositional hearing, the court shall give the offender an opportunity to respond to specific items of restitution and their dollar amounts in accordance with the procedures established in section 611A.045, subdivision 3.

(b) The court may amend or issue an order of restitution after the sentencing or dispositional hearing if:

(1) the offender is on probation, committed to the commissioner of corrections, or on supervised release;

(2) information regarding restitution was submitted as required under paragraph (a); and

(3) the true extent of the victim's loss was not known at the time of the sentencing or dispositional hearing, or hearing on the restitution request.

If the court holds a hearing on the restitution request, the court must notify the offender, the offender's attorney, the victim, and the prosecutor at least five business days before the hearing. The court's restitution decision is governed by this section and section 611A.045.

(c) The court shall grant or deny restitution or partial restitution and shall state on the record its reasons for its decision on restitution if information relating to restitution has been presented. If the court grants partial restitution it shall also specify the full amount of restitution that may be docketed as a civil judgment under subdivision 3. The court may not require that the victim waive or otherwise forfeit any rights or causes of action as a condition of granting restitution or partial restitution. In the case of a defendant who is on probation, the court may not refuse to enforce an order for restitution solely on the grounds that the order has been docketed as a civil judgment.

Sec. 10. Minnesota Statutes 1994, section 611A.19, subdivision 1, is amended to read:

Subdivision 1. [TESTING ON REQUEST OF VICTIM.] (a) Upon the request or with the consent of the victim, the prosecutor shall make a motion in camera and the sentencing court ~~may~~ shall issue an order requiring ~~a person~~ an adult convicted of ~~a violent crime, as defined in section 609.152,~~ or a juvenile adjudicated delinquent for violating section 609.342 (criminal sexual conduct in the first degree), 609.343 (criminal sexual conduct in the second degree), 609.344 (criminal sexual conduct in the third degree), ~~or~~ 609.345 (criminal sexual conduct in the fourth degree), or any other violent crime, as defined in section 609.152, to submit to testing to determine the presence of human immunodeficiency virus (HIV) antibody if:

Subdivision 1. [DEFINITION; ALLOWING DETENTION IN LIEU OF CITATION; RELEASE.] (a) For purposes of this section, "domestic abuse" has the meaning given in section 518B.01, subdivision 2.

(b) Notwithstanding any other law or rule, an arresting officer may not issue a citation in lieu of arrest and detention to an individual charged with harassment or charged with ~~assaulting the individual's spouse or other individual with whom the charged person resides~~ domestic abuse.

(c) Notwithstanding any other law or rule, an individual who is arrested on a charge of harassing any person or of ~~assaulting the individual's spouse or other person with whom the individual resides~~ domestic abuse must be brought to the police station or county jail. The officer in charge of the police station or the county sheriff in charge of the jail shall issue a citation in lieu of continued detention unless it reasonably appears to the officer or sheriff that detention is necessary to prevent bodily harm to the arrested person or another, or there is a substantial likelihood the arrested person will fail to respond to a citation.

(d) If the arrested person is not issued a citation by the officer in charge of the police station or the county sheriff, the arrested person must be brought before the nearest available judge of the

district court in the county in which the alleged harassment or ~~assault~~ domestic abuse took place without unnecessary delay as provided by court rule.

Sec. 21. Minnesota Statutes 1994, section 629.72, subdivision 2, is amended to read:

Subd. 2. [JUDICIAL REVIEW; RELEASE; BAIL.] (a) The judge before whom the arrested person is brought shall review the facts surrounding the arrest and detention. The arrested person must be ordered released pending trial or hearing on the person's personal recognizance or on an order to appear or upon the execution of an unsecured bond in a specified amount unless the judge determines that release (1) will be inimical to public safety, (2) will create a threat of bodily harm to the arrested person, the victim of the alleged harassment or ~~assault~~ domestic abuse, or another, or (3) will not reasonably assure the appearance of the arrested person at subsequent proceedings.

(b) If the judge determines release is not advisable, the judge may impose any conditions of release that will reasonably assure the appearance of the person for subsequent proceedings, or will protect the victim of the alleged harassment or ~~assault~~ domestic abuse, or may fix the amount of money bail without other conditions upon which the arrested person may obtain release. If conditions of release are imposed, the judge shall issue a written order for conditional release. The court administrator shall immediately distribute a copy of the order for conditional release to the agency having custody of the arrested person and shall provide the agency having custody of the arrested person with any available information on the location of the victim in a manner that protects the victim's safety. Either the court or its designee or the agency having custody of the arrested person shall serve upon the defendant a copy of the order. Failure to serve the arrested person with a copy of the order for conditional release does not invalidate the conditions of release.

(c) If the judge imposes as a condition of release a requirement that the person have no contact with the victim of the alleged harassment or ~~assault~~ domestic abuse, the judge may also, on its own motion or that of the prosecutor or on request of the victim, issue an ex parte temporary restraining order under section 609.748, subdivision 4, or an ex parte temporary order for protection under section 518B.01, subdivision 7. Notwithstanding section 518B.01, subdivision 7, paragraph (b), or 609.748, subdivision 4, paragraph (c), the temporary order is effective until the defendant is convicted or acquitted, or the charge is dismissed, provided that upon request the defendant is entitled to a full hearing on the restraining order under section 609.748, subdivision 5, or on the order for protection under section 518B.01. The hearing must be held within seven days of the defendant's request.

(d) The common entry point shall immediately report to a law enforcement agency any incident in which there is reason to believe a crime has been committed.

(e) If a report is initially made to a law enforcement agency or a lead agency, those agencies shall take the report on the appropriate common entry point intake forms and immediately forward a copy to the common entry point.

(f) The common entry point staff must receive training on how to screen and dispatch reports efficiently and in accordance with this section.

(g) When a centralized database is available, the common entry point has access to the centralized database and must log the reports in on the database.

Sec. 11. Minnesota Statutes 1994, section 626.557, is amended by adding a subdivision to read:

Subd. 9a. [EVALUATION AND REFERRAL OF REPORTS MADE TO THE COMMON ENTRY POINT.] The common entry point must screen the reports of alleged or suspected maltreatment for immediate risk and make all necessary referrals as follows:

(1) if the common entry point determines that there is an immediate need for adult protective services, the common entry point agency shall immediately notify the appropriate county agency;

(2) if the report contains suspected criminal activity against a vulnerable adult, the common entry point shall immediately notify the appropriate law enforcement agency;

(3) if the report references alleged or suspected maltreatment and there is no immediate need for adult protective services, the common entry point shall notify the appropriate lead agency as soon as possible, but in any event no longer than two working days;

(4) if the report does not reference alleged or suspected maltreatment, the common entry point may determine whether the information will be referred; and

(5) if the report contains information about a suspicious death, the common entry point shall immediately notify the appropriate law enforcement agencies and the ombudsman established under section 245.92. Law enforcement agencies shall coordinate with the local medical examiner and the ombudsman as provided by law.

Sec. 12. Minnesota Statutes 1994, section 626.557, is amended by adding a subdivision to read:

Subd. 9b. [RESPONSE TO REPORTS.] Law enforcement is the primary agency to conduct investigations of any incident in which there is reason to believe a crime has been committed. Law enforcement shall initiate a response immediately. If the common entry point notified a county agency for adult protective services, law enforcement shall cooperate with that county agency when both agencies are involved and shall exchange data to the extent authorized in subdivision 12b, paragraph (g). County adult protection shall initiate a response immediately. Each lead agency shall complete the investigative process for reports within its jurisdiction. Any other lead agency, county, adult protective agency, licensed facility, or law enforcement agency shall cooperate and may assist another agency upon request within the limits of its resources and expertise and shall exchange data to the extent authorized in subdivision 12b, paragraph (g). The lead agency shall obtain the results of any investigation conducted by law enforcement officials. The lead agency has the right to enter facilities and inspect and copy records as part of investigations. The lead agency has access to not public data, as defined in section 13.02, and medical records under section 144.335, that are maintained by facilities to the extent necessary to conduct its investigation. Each lead agency shall develop guidelines for prioritizing reports for investigation.

Sec. 13. Minnesota Statutes 1994, section 626.557, is amended by adding a subdivision to read:

Subd. 9c. [LEAD AGENCY; NOTIFICATIONS, DISPOSITIONS, AND DETERMINATIONS.] (a) Upon request of the reporter, the lead agency shall notify the reporter that it has received the report, and provide information on the initial disposition of the report within five business days of receipt of the report, provided that the notification will not endanger the vulnerable adult or hamper the investigation.

(b) Upon conclusion of every investigation it conducts, the lead agency shall make a final disposition as defined in section 626.5572, subdivision 8.

(c) When determining whether the facility or individual is the responsible party for substantiated maltreatment, the lead agency shall consider at least the following mitigating factors:

(1) whether the actions of the facility or the individual caregivers were in accordance with, and followed the terms of, an erroneous physician order, prescription, resident care plan, or directive. This is not a mitigating factor when the facility or caregiver is responsible for the issuance of the erroneous order, prescription, plan, or directive or knows or should have known of the errors and took no reasonable measures to correct the defect before administering care;

(2) the comparative responsibility between the facility, other caregivers, and requirements placed upon the employee, including but not limited to, the facility's compliance with related regulatory standards and factors such as the adequacy of facility policies and procedures, the adequacy of facility training, the adequacy of an individual's participation in the training, the adequacy of caregiver supervision, the adequacy of facility staffing levels, and a consideration of the scope of the individual employee's authority; and

(3) whether the facility or individual followed professional standards in exercising professional judgment.

(d) The lead agency shall complete its final disposition within 60 calendar days. If the lead agency is unable to complete its final disposition within 60 calendar days, the lead agency shall notify the following persons provided that the notification will not endanger the vulnerable adult or hamper the investigation: (1) the vulnerable adult or the vulnerable adult's legal guardian, when known, if the lead agency knows them to be aware of the investigation and (2) the facility, where

applicable. The notice shall contain the reason for the delay and the projected completion date. If the lead agency is unable to complete its final disposition by a subsequent projected completion date, the lead agency shall again notify the vulnerable adult or the vulnerable adult's legal guardian, when known if the lead agency knows them to be aware of the investigation, and the facility, where applicable, of the reason for the delay and the revised projected completion date provided that the notification will not endanger the vulnerable adult or hamper the investigation. A lead agency's inability to complete the final disposition within 60 calendar days or by any projected completion date does not invalidate the final disposition.

(e) Within ten calendar days of completing the final disposition, the lead agency shall provide a copy of the public investigation memorandum under subdivision 12b, paragraph (b), clause (1), when required to be completed under this section, to the following persons: (1) the vulnerable adult, or the vulnerable adult's legal guardian, if known unless the lead agency knows that the notification would endanger the well-being of the vulnerable adult; (2) the reporter, if the reporter requested notification when making the report, provided this notification would not endanger the well-being of the vulnerable adult; (3) the alleged perpetrator, if known; (4) the facility; and (5) the ombudsman for older Minnesotans, or the ombudsman for mental health and mental retardation, as appropriate.

(f) The lead agency shall notify the vulnerable adult who is the subject of the report or the vulnerable adult's legal guardian, if known, and any person or facility determined to have maltreated a vulnerable adult, of their appeal rights under this section.

(g) The lead agency shall routinely provide investigation memoranda for substantiated reports to the appropriate licensing boards. These reports must include the names of substantiated perpetrators. The lead agency may not provide investigative memoranda for inconclusive or false reports to the appropriate licensing boards unless the lead agency's investigation gives reason to believe that there may have been a violation of the applicable professional practice laws. If the investigation memorandum is provided to a licensing board, the subject of the investigation memorandum shall be notified and receive a summary of the investigative findings.

(h) In order to avoid duplication, licensing boards shall consider the findings of the lead agency in their investigations if they choose to investigate. This does not preclude licensing boards from considering other information.

(i) The lead agency must provide to the commissioner of human services its final dispositions, including the names of all substantiated perpetrators. The commissioner of human services shall establish records to retain the names of substantiated perpetrators.

Sec. 14. Minnesota Statutes 1994, section 626.557, is amended by adding a subdivision to read:

Subd. 9d. [ADMINISTRATIVE RECONSIDERATION OF THE FINAL DISPOSITION.] Any individual or facility which a lead agency determines has maltreated a vulnerable adult, or the vulnerable adult or vulnerable adult's designee, regardless of the lead agency's determination, who contests the lead agency's final disposition of an allegation of maltreatment, may request the lead agency to reconsider its final disposition. The request for reconsideration must be submitted in writing to the lead agency within 15 calendar days after receipt of notice of final disposition.

If the lead agency denies the request or fails to act upon the request within 15 calendar days after receiving the request for reconsideration, the person or facility entitled to a fair hearing under section 256.045, may submit to the commissioner of human services a written request for a hearing under that statute.

If, as a result of the reconsideration, the lead agency changes the final disposition, it shall notify the parties specified in subdivision 9c, paragraph (d).

Sec. 15. Minnesota Statutes 1994, section 626.557, is amended by adding a subdivision to read:

Subd. 9e. [EDUCATION REQUIREMENTS.] (a) The commissioners of health, human services, and public safety shall cooperate in the development of a joint program for education of lead agency investigators in the appropriate techniques for investigation of complaints of maltreatment. This program must be developed by July 1, 1996. The program must include but

need not be limited to the following areas: (1) information collection and preservation; (2) analysis of facts; (3) levels of evidence; (4) conclusions based on evidence; (5) interviewing skills, including specialized training to interview people with unique needs; (6) report writing; (7) coordination and referral to other necessary agencies such as law enforcement and judicial agencies; (8) human relations and cultural diversity; (9) the dynamics of adult abuse and neglect within family systems and the appropriate methods for interviewing relatives in the course of the assessment or investigation; (10) the protective social services that are available to protect alleged victims from further abuse, neglect, or financial exploitation; (11) the methods by which lead agency investigators and law enforcement workers cooperate in conducting assessments and investigations in order to avoid duplication of efforts; and (12) data practices laws and procedures, including provisions for sharing data.

(b) The commissioners of health, human services, and public safety shall offer at least annual education to others on the requirements of this section, on how this section is implemented, and investigation techniques.

(c) The commissioner of human services, in coordination with the commissioner of public safety shall provide training for the common entry point staff as required in this subdivision and the program courses described in this subdivision, at least four times per year. At a minimum, the training shall be held twice annually in the seven-county metropolitan area and twice annually outside the seven-county metropolitan area. The commissioners shall give priority in the program areas cited in paragraph (a) to persons currently performing assessments and investigations pursuant to this section.

(d) The commissioner of public safety shall notify in writing law enforcement personnel of any new requirements under this section. The commissioner of public safety shall conduct regional training for law enforcement personnel regarding their responsibility under this section.

(e) Each lead agency investigator must complete the education program specified by this subdivision within the first 12 months of work as a lead agency investigator.

A lead agency investigator employed when these requirements take effect must complete the program within the first year after training is available or as soon as training is available.

All lead agency investigators having responsibility for investigation duties under this section must receive a minimum of eight hours of continuing education or in-service training each year specific to their duties under this section.

Sec. 16. Minnesota Statutes 1994, section 626.557, subdivision 10, is amended to read:

This paragraph does not enlarge or diminish rights otherwise held under law by:

(1) a vulnerable adult or a person acting on behalf of a vulnerable adult, including an involved family member, to consent to or refuse consent for therapeutic conduct; or

(2) a caregiver to offer or provide or refuse to offer or provide therapeutic conduct.

(f) For purposes of this section, a vulnerable adult is not abused for the sole reason that the vulnerable adult, a person with authority to make health care decisions for the vulnerable adult, or a caregiver in good faith selects and depends upon spiritual means or prayer for treatment or care of disease or remedial care of the vulnerable adult in lieu of medical care, provided that this is consistent with the prior practice or belief of the vulnerable adult or with the expressed intentions of the vulnerable adult.

Subd. 7. [FALSE.] "False" means a preponderance of the evidence shows that an act that meets the definition of maltreatment did not occur.

Subd. 8. [FINAL DISPOSITION.] "Final disposition" is the determination of an investigation by a lead agency that a report of maltreatment under this act is substantiated, inconclusive, false, or that no determination will be made. Subd. 9. [FINANCIAL EXPLOITATION.] "Financial exploitation" means:

(a) In breach of a fiduciary obligation recognized elsewhere in law, including pertinent regulations, contractual obligations, documented consent by a competent person, or the obligations of a responsible party under section 144.6501 a person:

[RECONSIDERATIONS.] The commissioner of health shall review and decide reconsideration requests in accordance with the procedures and criteria contained in chapter 245A and Minnesota Rules, parts 9543.3000 to 9543.3090. The commissioner's decision shall be provided to the individual and to the department of human services. The commissioner's decision to grant or deny a reconsideration of disqualification is the final administrative agency action.

Subd. 4. [RESPONSIBILITIES OF FACILITIES.] Facilities described in subdivision 1 shall be responsible for cooperating with the departments in implementing the provisions of this section. The responsibilities imposed on applicants and licensees under chapter 245A and Minnesota Rules, parts 9543.3000 to 9543.3090 shall apply to these facilities. The juvenile courts shall also help with the study by giving the commissioner existing juvenile court records on individuals described in clause (2) relating to delinquency proceedings held within either the five years immediately preceding the application or the five years immediately preceding the individual's 18th birthday, whichever time period is longer. The commissioner shall destroy juvenile records obtained pursuant to this subdivision when the subject of the records reaches age 23.

A study of an individual in clauses (1) to ~~(4)~~ (5) shall be conducted at least upon application for initial license and reapplication for a license. The commissioner is not required to conduct a study of an individual at the time of reapplication for a license, other than a family day care or foster care license, if (i) a study of the individual was conducted either at the time of initial licensure or when the individual became affiliated with the license holder; (ii) the individual has been continuously affiliated with the license holder since the last study was conducted; and (iii) the procedure described in paragraph (b) has been implemented and was in effect continuously since the last study was conducted. No applicant, license holder, or individual who is the subject of the study shall pay any fees required to conduct the study.

(b) If an individual who is affiliated with a program or facility regulated by the department of human services or department of health is convicted of a crime constituting a disqualification under Minnesota Rules, parts 9543.3000 to 9543.3090, the probation officer or corrections agent shall notify the commissioner of the conviction. The commissioner, in consultation with the commissioner of corrections, shall develop forms and information necessary to implement this paragraph and shall provide the forms and information to the commissioner of corrections for distribution to local probation officers and corrections agents. The commissioner shall inform individuals subject to a background study that criminal convictions for disqualifying crimes will be reported to the commissioner by the corrections system. A probation officer, corrections agent, or corrections agency is not civilly or criminally liable for disclosing or failing to disclose the information required by this paragraph. This paragraph does not apply to family day care and foster care programs.

~~(b)~~ (c) The individual who is the subject of the study must provide the applicant or license holder with sufficient information to ensure an accurate study including the individual's first,

middle, and last name; home address, city, county, and state of residence; zip code; sex; date of birth; and driver's license number. The applicant or license holder shall provide this information about an individual in paragraph (a), clauses (1) to ~~(4)~~ (5), on forms prescribed by the commissioner. The commissioner may request additional information of the individual, which shall be optional for the individual to provide, such as the individual's social security number or race.

~~(c)~~ (d) Except for child foster care, adult foster care, and family day care homes, a study must include information from the county agency's record of substantiated abuse or neglect of adults in licensed programs, and the maltreatment of minors in licensed programs, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. For child foster care, adult foster care, and family day care homes, the study must include information from the county agency's record of substantiated abuse or neglect of adults, and the maltreatment of minors, information from juvenile courts as required in paragraph (a) for persons listed in paragraph (a), clause (2), and information from the bureau of criminal apprehension. The commissioner may also review arrest and investigative information from the bureau of criminal apprehension, the commissioner of health, a county attorney, county sheriff, county agency, local chief of police, other states, the courts, or a national criminal record repository if the commissioner has reasonable cause to believe the information is pertinent to the disqualification of an individual listed in paragraph (a), clauses (1) to ~~(4)~~ (5).

~~(d)~~ (e) An applicant's or license holder's failure or refusal to cooperate with the commissioner is reasonable cause to deny an application or immediately suspend, suspend, or revoke a license. Failure or refusal of an individual to cooperate with the study is just cause for denying or terminating employment of the individual if the individual's failure or refusal to cooperate could cause the applicant's application to be denied or the license holder's license to be immediately suspended, suspended, or revoked.

~~(e)~~ (f) The commissioner shall not consider an application to be complete until all of the information required to be provided under this subdivision has been received.

~~(f)~~ (g) No person in paragraph (a), clause (1), (2), (3), ~~or~~ (4), or (5) who is disqualified as a result of this section may be retained by the agency in a position involving direct contact with persons served by the program.

~~(g)~~ (h) Termination of persons in paragraph (a), clause (1), (2), (3), ~~or~~ (4), or (5) made in good faith reliance on a notice of disqualification provided by the commissioner shall not subject the applicant or license holder to civil liability.

~~(h)~~ (i) The commissioner may establish records to fulfill the requirements of this section.

~~(i)~~ (j) The commissioner may not disqualify an individual subject to a study under this section because that person has, or has had, a mental illness as defined in section 245.462, subdivision 20.

~~(j)~~ (k) An individual who is subject to an applicant background study under this section and whose disqualification in connection with a license would be subject to the limitations on reconsideration set forth in subdivision 3b, paragraph (c), shall be disqualified for conviction of the crimes specified in the manner specified in subdivision 3b, paragraph (c). The commissioner of human services shall amend Minnesota Rules, part 9543.3070, to conform to this section.

(l) An individual must be disqualified if it has been determined that the individual failed to make required reports under sections 626.556, subdivision 3, or 626.557, subdivision 3, for incidents in which: (1) the final disposition under section 626.556 or 626.557 was substantiated maltreatment, and (2) the maltreatment was recurring or serious as defined in Minnesota Rules, part 9543.3020, subpart 10.

(m) An individual subject to disqualification under this subdivision has the applicable rights in subdivision 3a, 3b, or 3c.

Sec. 6. Minnesota Statutes 1994, section 256.045, subdivision 1, is amended to read:

Subdivision 1. [POWERS OF THE STATE AGENCY.] The commissioner of human services

may appoint one or more state human services referees to conduct hearings and recommend orders in accordance with subdivisions 3, 3a, 3b, 4a, and 5. Human services referees designated pursuant to this section may administer oaths and shall be under the control and supervision of the commissioner of human services and shall not be a part of the office of administrative hearings established pursuant to sections 14.48 to 14.56.

Sec. 7. Minnesota Statutes 1994, section 256.045, subdivision 3, is amended to read:

Subd. 3. [STATE AGENCY HEARINGS.] State agency hearings are available for the following: (1) any person applying for, receiving or having received public assistance or a program of social services granted by the state agency or a county agency under sections 252.32, 256.031 to 256.036, and 256.72 to 256.879, chapters 256B, 256D, 256E, 261, or the federal Food Stamp Act whose application for assistance is denied, not acted upon with reasonable promptness, or whose assistance is suspended, reduced, terminated, or claimed to have been incorrectly paid; ~~or;~~ (2) any patient or relative aggrieved by an order of the commissioner under section 252.27~~, or~~; (3) a party aggrieved by a ruling of a prepaid health plan~~,~~; or (4) any individual or facility determined by a lead agency to have maltreated a vulnerable adult under section 626.557 after they have exercised their right to administrative reconsideration under section 626.557. Individuals and organizations specified in this section may contest ~~that~~ the specified action ~~or~~, decision, or final disposition before the state agency by submitting a written request for a hearing to the state agency within 30 days after receiving written notice of the action ~~or~~, decision, or final disposition, or within 90 days of such written notice if the applicant, recipient, patient, or relative shows good cause why the request was not submitted within the 30-day time limit.

The hearing for an individual or facility under clause (4) is the only administrative appeal to the final lead agency disposition specifically, including a challenge to the accuracy and completeness of data under section 13.04.

For purposes of this section, bargaining unit grievance procedures are not an administrative appeal.

Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing under this section.

An applicant or recipient is not entitled to receive social services beyond the services included in the amended community social services plan developed under section 256E.081, subdivision 3, if the county agency has met the requirements in section 256E.081.

Sec. 8. Minnesota Statutes 1994, section 256.045, is amended by adding a subdivision to read:

Subd. 3b. [STANDARD OF EVIDENCE FOR MALTREATMENT HEARINGS.] The state human services referee shall determine that maltreatment has occurred if a preponderance of evidence exists to support the final disposition under section 626.557.

The state human services referee shall recommend an order to the commissioner of health or human services, as applicable, who shall issue a final order. The commissioner shall affirm, reverse, or modify the final disposition. Any order of the commissioner issued in accordance with this subdivision is conclusive upon the parties unless appeal is taken in the manner provided in subdivision 7. In any licensing appeal under chapter 245A and sections 144.50 to 144.58 and 144A.02 to 144A.46, the commissioner's findings as to whether maltreatment occurred is conclusive.

Sec. 9. Minnesota Statutes 1994, section 256.045, subdivision 4, is amended to read:

Subd. 4. [CONDUCT OF HEARINGS.] (a) All hearings held pursuant to subdivision 3, 3a, 3b, or 4a shall be conducted according to the provisions of the federal Social Security Act and the regulations implemented in accordance with that act to enable this state to qualify for federal grants-in-aid, and according to the rules and written policies of the commissioner of human services. County agencies shall install equipment necessary to conduct telephone hearings. A state human services referee may schedule a telephone conference hearing when the distance or time required to travel to the county agency offices will cause a delay in the issuance of an order, or to

promote efficiency, or at the mutual request of the parties. Hearings may be conducted by telephone conferences unless the applicant, recipient, ~~or~~ former recipient, person, or facility contesting maltreatment objects. The hearing shall not be held earlier than five days after filing of the required notice with the county or state agency. The state human services referee shall notify all interested persons of the time, date, and location of the hearing at least five days before the date of the hearing. Interested persons may be represented by legal counsel or other representative of their choice at the hearing and may appear personally, testify and offer evidence, and examine and cross-examine witnesses. The applicant, recipient, ~~or~~ former recipient, person, or facility contesting maltreatment shall have the opportunity to examine the contents of the case file and all documents and records to be used by the county agency at the hearing at a reasonable time before the date of the hearing and during the hearing. In cases alleging discharge for maltreatment, either party may subpoena the private data relating to the investigation memorandum prepared by the lead agency under section 626.557, provided the name of the reporter may not be disclosed.

(b) The private data must be subject to a protective order which prohibits its disclosure for any other purpose outside the hearing provided for in this section without prior order of the district court. Disclosure without court order is punishable by a sentence of not more than 90 days imprisonment or a fine of not more than $700, or both. These restrictions on the use of private data do not prohibit access to the data under section 13.03, subdivision 6. Upon request, the county agency shall provide reimbursement for transportation, child care, photocopying, medical assessment, witness fee, and other necessary and reasonable costs incurred by the applicant, recipient, or former recipient in connection with the appeal, except in appeals brought under subdivision 3b. All evidence, except that privileged by law, commonly accepted by reasonable people in the conduct of their affairs as having probative value with respect to the issues shall be submitted at the hearing and such hearing shall not be "a contested case" within the meaning of section 14.02, subdivision 3.

Sec. 10. Minnesota Statutes 1994, section 256.045, subdivision 5, is amended to read:

Subd. 5. [ORDERS OF THE COMMISSIONER OF HUMAN SERVICES.] This subdivision does not apply to appeals under subdivision 3b. A state human services referee shall conduct a hearing on the appeal and shall recommend an order to the commissioner of human services. The recommended order must be based on all relevant evidence and must not be limited to a review of the propriety of the state or county agency's action. A referee may take official notice of adjudicative facts. The commissioner of human services may accept the recommended order of a state human services referee and issue the order to the county agency and the applicant, recipient, former recipient, or prepaid health plan. The commissioner on refusing to accept the recommended order of the state human services referee, shall notify the county agency and the applicant, recipient, former recipient, or prepaid health plan of that fact and shall state reasons therefor and shall allow each party ten days' time to submit additional written argument on the matter. After the expiration of the ten-day period, the commissioner shall issue an order on the matter to the county agency and the applicant, recipient, former recipient, or prepaid health plan.

A party aggrieved by an order of the commissioner may appeal under subdivision 7, or request reconsideration by the commissioner within 30 days after the date the commissioner issues the order. The commissioner may reconsider an order upon request of any party or on the commissioner's own motion. A request for reconsideration does not stay implementation of the commissioner's order. Upon reconsideration, the commissioner may issue an amended order or an order affirming the original order.

Any order of the commissioner issued under this subdivision shall be conclusive upon the parties unless appeal is taken in the manner provided by subdivision 7. Any order of the commissioner is binding on the parties and must be implemented by the state agency or a county agency until the order is reversed by the district court, or unless the commissioner or a district court orders monthly assistance or aid or services paid or provided under subdivision 10.

Except for a prepaid health plan, a vendor of medical care as defined in section 256B.02, subdivision 7, or a vendor under contract with a county agency to provide social services under section 256E.08, subdivision 4, is not a party and may not request a hearing or seek judicial review of an order issued under this section.

Sec. 11. Minnesota Statutes 1994, section 256.045, subdivision 6, is amended to read:

Subd. 6. [ADDITIONAL POWERS OF THE COMMISSIONER; SUBPOENAS.] (a) The commissioner of human services, or the commissioner of health for matters within the commissioner's jurisdiction under subdivision 3b, may initiate a review of any action or decision of a county agency and direct that the matter be presented to a state human services referee for a hearing held under subdivision 3, 3a, 3b, or 4a. In all matters dealing with human services committed by law to the discretion of the county agency, the commissioner's judgment may be substituted for that of the county agency. The commissioner may order an independent examination when appropriate.

(b) Any party to a hearing held pursuant to subdivision 3, 3a, 3b, or 4a may request that the commissioner issue a subpoena to compel the attendance of witnesses at the hearing. The issuance, service, and enforcement of subpoenas under this subdivision is governed by section 357.22 and the Minnesota Rules of Civil Procedure.

(c) The commissioner may issue a temporary order staying a proposed demission by a residential facility licensed under chapter 245A while an appeal by a recipient under subdivision 3 is pending or for the period of time necessary for the county agency to implement the commissioner's order.

Sec. 12. Minnesota Statutes 1994, section 256.045, subdivision 7, is amended to read:

Subd. 7. [JUDICIAL REVIEW.] Any party who is aggrieved by an order of the commissioner of human services, or the commissioner of health in appeals within the commissioner's jurisdiction under subdivision 3b, may appeal the order to the district court of the county responsible for furnishing assistance, or, in appeals under subdivision 3b, the county where the maltreatment occurred, by serving a written copy of a notice of appeal upon the commissioner and any adverse party of record within 30 days after the date the commissioner issued the order, the amended order, or order affirming the original order, and by filing the original notice and proof of service with the court administrator of the district court. Service may be made personally or by mail; service by mail is complete upon mailing; no filing fee shall be required by the court administrator in appeals taken pursuant to this subdivision, with the exception of appeals taken under subdivision 3b. The commissioner may elect to become a party to the proceedings in the district court. Except for appeals under subdivision 3b, any party may demand that the commissioner furnish all parties to the proceedings with a copy of the decision, and a transcript of any testimony, evidence, or other supporting papers from the hearing held before the human services referee, by serving a written demand upon the commissioner within 30 days after service of the notice of appeal. Any party aggrieved by the failure of an adverse party to obey an order issued by the commissioner under subdivision 5 may compel performance according to the order in the manner prescribed in sections 586.01 to 586.12.

Sec. 13. Minnesota Statutes 1994, section 256.045, subdivision 8, is amended to read:

Subd. 8. [HEARING.] Any party may obtain a hearing at a special term of the district court by serving a written notice of the time and place of the hearing at least ten days prior to the date of the hearing. Except for appeals under subdivision 3b, the court may consider the matter in or out of chambers, and shall take no new or additional evidence unless it determines that such evidence is necessary for a more equitable disposition of the appeal.

Sec. 14. Minnesota Statutes 1994, section 256.045, subdivision 9, is amended to read:

Subd. 9. [APPEAL.] Any party aggrieved by the order of the district court may appeal the order as in other civil cases. Except for appeals under subdivision 3b, no costs or disbursements shall be taxed against any party nor shall any filing fee or bond be required of any party.

Sec. 15. Minnesota Statutes 1994, section 268.09, subdivision 1, is amended to read:

Subdivision 1. [DISQUALIFYING CONDITIONS.] An individual separated from any employment under paragraph (a), (b), or (d) shall be disqualified for waiting week credit and benefits. For separations under paragraphs (a) and (b), the disqualification shall continue until four calendar weeks have elapsed following the individual's separation and the individual has earned eight times the individual's weekly benefit amount in insured work.

(a) [VOLUNTARY LEAVE.] The individual voluntarily and without good cause attributable to the employer discontinued employment with such employer. For the purpose of this paragraph, a separation from employment by reason of its temporary nature or for inability to pass a test or for inability to meet performance standards necessary for continuation of employment shall not be deemed voluntary.

A separation shall be for good cause attributable to the employer if it occurs as a consequence of sexual harassment. Sexual harassment means unwelcome sexual advances, requests for sexual favors, sexually motivated physical contact or other conduct or communication of a sexual nature when: (1) the employee's submission to such conduct or communication is made a term or condition of the employment, (2) the employee's submission to or rejection of such conduct or communication is the basis for decisions affecting employment, or (3) such conduct or communication has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment and the employer knows or should know of the existence of the harassment and fails to take timely and appropriate action.

(b) [DISCHARGE FOR MISCONDUCT.] The individual was discharged for misconduct, not amounting to gross misconduct connected with work or for misconduct which interferes with and adversely affects employment.

(c) [EXCEPTIONS TO DISQUALIFICATION.] An individual shall not be disqualified under paragraphs (a) and (b) under any of the following conditions:

(1) the individual voluntarily discontinued employment to accept employment offering substantially better conditions or substantially higher wages or both;

(2) the individual is separated from employment due to personal, serious illness provided that such individual has made reasonable efforts to retain employment.

An individual who is separated from employment due to the individual's illness of chemical dependency which has been professionally diagnosed or for which the individual has voluntarily submitted to treatment and who fails to make consistent efforts to maintain the treatment the individual knows or has been professionally advised is necessary to control that illness has not made reasonable efforts to retain employment.

(3) the individual accepts work from a base period employer which involves a change in location of work so that said work would not have been deemed to be suitable work under the provisions of subdivision 2 and within a period of 13 weeks from the commencement of said work voluntarily discontinues employment due to reasons which would have caused the work to be unsuitable under the provision of said subdivision 2;

(4) the individual left employment because of reaching mandatory retirement age and was 65 years of age or older;

(5) the individual is terminated by the employer because the individual gave notice of intention to terminate employment within 30 days. This exception shall be effective only through the calendar week which includes the date of intended termination, provided that this exception shall not result in the payment of benefits for any week for which the individual receives the individual's normal wage or salary which is equal to or greater than the weekly benefit amount;

(6) the individual is separated from employment due to the completion of an apprenticeship program, or segment thereof, approved pursuant to chapter 178;

(7) the individual voluntarily leaves part-time employment with a base period employer while continuing full-time employment if the individual attempted to return to part-time employment after being separated from the full-time employment, and if substantially the same part-time employment with the base period employer was not available for the individual;

(8) the individual is separated from employment based solely on a provision in a collective bargaining agreement by which an individual has vested discretionary authority in another to act on behalf of the individual;

(9) except as provided in paragraph (d), separations from part-time employment will not be disqualifying when the claim is based on sufficient full-time employment to establish a valid claim from which the claimant has been separated for nondisqualifying reasons; or

(10) the individual accepts employment which represents a substantial departure from the individual's customary occupation and experience and would not be deemed suitable work as defined under subdivision 2, paragraphs (a) and (b), and within a period of 30 days from the commencement of that work voluntarily discontinues the employment due to reasons which would have caused the work to be unsuitable under the provisions of subdivision 2 or, if in commission sales, because of a failure to earn gross commissions averaging an amount equal to or in excess of the individual's weekly benefit amount. Other provisions notwithstanding, applying this provision precludes the use of these wage credits to clear a disqualification.

(d) [DISCHARGE FOR GROSS MISCONDUCT.] The individual was discharged for gross misconduct connected with work or gross misconduct which interferes with and adversely affects the individual's employment. For a separation under this clause, the commissioner shall impose a total disqualification for the benefit year and cancel all of the wage credits from the last employer from whom the individual was discharged for gross misconduct connected with work.

For the purpose of this paragraph "gross misconduct" is defined as misconduct involving assault and battery or the malicious destruction of property or arson or sabotage or embezzlement or any other act, including theft, the commission of which amounts to a felony or gross misdemeanor. For an employee of a ~~health care~~ facility, as defined in section 626.5572, gross misconduct also includes misconduct involving an act of patient or resident abuse, financial exploitation, or recurring or serious neglect, as defined in section ~~626.557, subdivision 2, clause (d)~~ 626.5572 and applicable rules.

If an individual is convicted of a felony or gross misdemeanor for the same act or acts of misconduct for which the individual was discharged, the misconduct is conclusively presumed to be gross misconduct if it was connected with the individual's work.

(e) [LIMITED OR NO CHARGE OF BENEFITS.] Benefits paid subsequent to an individual's separation under any of the foregoing paragraphs, excepting paragraphs (c)(3), (c)(5), and (c)(8), shall not be used as a factor in determining the future contribution rate of the employer from whose employment such individual separated.

Benefits paid subsequent to an individual's failure to accept an offer of suitable reemployment or to accept reemployment which offered substantially the same or better hourly wages and conditions of work as were previously provided by that employer, but was deemed unsuitable under subdivision 2, shall not be used as a factor in determining the future contribution rate of the employer whose offer of reemployment was not accepted or whose offer of reemployment was refused solely due to the distance of the available work from the individual's residence, the individual's own serious illness, the individual's other employment at the time of the offer, or if the individual is in training with the approval of the commissioner.

Benefits paid by another state as a result of Minnesota transferring wage credits under the federally required combined wage agreement shall not be directly charged to either the taxpaying or reimbursing employer.

(f) [ACTS OR OMISSIONS.] An individual who was employed by an employer shall not be disqualified for benefits under this subdivision for any acts or omissions occurring after separation from employment with the employer.

(g) [DISCIPLINARY SUSPENSIONS.] An individual shall be disqualified for waiting week credit and benefits for the duration of any disciplinary suspension of 30 days or less resulting from the individual's own misconduct. Disciplinary suspensions of more than 30 days shall constitute a discharge from employment.

Sec. 16. Minnesota Statutes 1994, section 631.40, is amended by adding a subdivision to read:

Subd. 3. [DEPARTMENT OF HUMAN SERVICES AND HEALTH LICENSEES.] When a person who is affiliated with a program or facility governed by the department of human services

or department of health is convicted of a disqualifying crime, the probation officer or corrections agent shall notify the commissioner of the conviction, as provided in section 245A.04, subdivision 3, paragraph (b).

Sec. 17. [REPORT.]

By January 15, 1997, the commissioner of human services shall report to the legislature on the implementation of the process for reporting convictions under Minnesota Statutes, section 245A.04, subdivision 3, paragraph (b). The report must include an analysis of any reduction in the cost of performing background studies resulting from implementing the process and any recommendations for modification of the fee increases in article 4, section 22, based on a reduction in costs.

Sec. 18. [APPLICATION.]

The provision of section 7 that eliminates certain challenges to the accuracy and completeness of data under Minnesota Statutes, section 13.04, does not apply if the individual initiated a challenge under Minnesota Statutes, section 13.04, before the effective date of section 7.

Sec. 19. [EFFECTIVE DATE.]

Sections 1 to 18 are effective October 1, 1995.

It includes one or more of the following:

(1) with respect to an indirectly transmitted communicable disease:

(a) behavior by a carrier which has been demonstrated epidemiologically to transmit or which evidences a careless disregard for the transmission of the disease to others; or

Subd. 5. [EVIDENCE.] Certified copies of driver's license records concerning prior license revocations are admissible as substantive evidence when necessary to prove the commission of a designated offense.

Subd. 6. [FORFEITURE FOR COMMITTING DESIGNATED OFFENSE.] A motorboat is subject to forfeiture under this section if it was used in the commission of a designated offense.

Subd. 7. [LIMITATIONS ON FORFEITURE.] (a) A motorboat is subject to forfeiture under this section only if the driver is convicted of the designated offense upon which the forfeiture is based.

(b) A motorboat encumbered by a bona fide security interest, or subject to a lease that has a term of 180 days or more, is subject to the interest of the secured party or lessor unless the party or lessor had knowledge of or consented to the act upon which the forfeiture is based.

(c) Notwithstanding paragraph (b), the secured party's or lessor's interest in a motorboat is not subject to forfeiture based solely on the secured party's or lessor's knowledge of the act or omission upon which the forfeiture is based if the secured party or lessor took reasonable steps to terminate use of the motorboat by the offender.

(d) A motorboat is subject to forfeiture under this section only if the owner was privy to the act or omission upon which the forfeiture is based, or the act or omission occurred with the owner's knowledge or consent.

If the person charged with a designated offense is not convicted of the offense, the court shall dismiss the complaint against the motorboat and order the property returned to the person legally entitled to it. If the lawful ownership of the motorboat used in the commission of a designated offense can be determined and it is found the owner was not privy to commission of a designated offense, the motorboat must be returned immediately.

Subd. 9. [DISPOSITION OF FORFEITED MOTORBOATS; PROCEEDS ALLOCATED.] (a) On finding under subdivision 8 that the motorboat is subject to forfeiture, the court shall order the appropriate agency to:

(1) sell the motorboat and distribute the proceeds under paragraph (b); or

(2) keep the motorboat for official use.

(b) The proceeds from the sale of forfeited motorboats, after payment of seizure, storage, forfeiture, and sale expenses, and satisfaction of valid liens against the property, must be forwarded to the treasury of the political subdivision that employs the appropriate agency

responsible for the forfeiture for use in DWI-related enforcement, training, and education. If the appropriate agency making the arrest leading to the forfeiture is an agency of state government, the net proceeds must be deposited in the state treasury and credited to the water recreation account in the natural resources fund.

Subd. 10. [REPORTING REQUIREMENT.] The appropriate agency shall provide to the state auditor, on an annual basis and in a manner prescribed by the state auditor, a written record of each forfeiture incident. The record must include a brief description of the vehicle forfeited, its estimated market value, the actual or estimated amount of net proceeds from the sale of the vehicle, the dates of the incident and the forfeiture, and a brief description of the circumstances of the impaired driving incident giving rise to the forfeiture. May 18, 1995

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 1478, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H.F. No. 1478 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

Section 1. [14.111] [FARMING OPERATIONS.]

Before an agency adopts or repeals rules that affect farming operations, the agency must provide a copy of the proposed rule change to the commissioner of agriculture, no later than 30 days prior to publication of the proposed rule in the State Register.

A rule may not be invalidated for failure to comply with this subdivision if an agency has made a good faith effort to comply.

Sec. 2. Minnesota Statutes 1994, section 14.14, is amended by adding a subdivision to read:

Subd. 1b. [FARMING OPERATIONS.] When a public hearing is conducted on a proposed rule that affects farming operations, at least one public hearing must be conducted in an agricultural area of the state.

Sec. 3. Minnesota Statutes 1994, section 17.138, is amended by adding a subdivision to read:

Subd. 3. [BEST MANAGEMENT PRACTICES.] The commissioner of the pollution control agency, in consultation with the commissioner and the feedlot and manure management advisory committee, shall develop voluntary best management practices for odor control at feedlots.

Sec. 4. Minnesota Statutes 1994, section 35.82, subdivision 2, is amended to read:

Subd. 2. [DISPOSITION OF CARCASSES.] (a) Except as provided in subdivision 1b and paragraph (d), every person owning or controlling any domestic animal that has died or been killed otherwise than by being slaughtered for human or animal consumption, shall as soon as reasonably possible bury the carcass at least three feet deep in the ground or thoroughly burn it or dispose of it by another method approved by the board as being effective for the protection of public health and the control of livestock diseases. The board, through its executive secretary, may issue permits to owners of rendering plants located in Minnesota which are operated and conducted as required by law, to transport carcasses of domestic animals and fowl that have died, or have been killed otherwise than by being slaughtered for human or animal consumption, over the public highways to their plants for rendering purposes in accordance with the rules adopted by the board relative to transportation, rendering, and other provisions the board considers necessary to prevent the spread of disease. The board may issue permits to owners of rendering plants located in an adjacent state with which a reciprocal agreement is in effect under subdivision 3.

(b) Carcasses collected by rendering plants under permit may be used for pet food or mink food if the owner or operator meets the requirements of subdivision 1b.

(c) An authorized employee or agent of the board may enter private or public property and inspect the carcass of any domestic animal that has died or has been killed other than by being slaughtered for human or animal consumption. Failure to dispose of the carcass of any domestic animal within the period specified by this subdivision is a public nuisance. The board may petition the district court of the county in which a carcass is located for a writ requiring the abatement of the public nuisance. A civil action commenced under this paragraph does not preclude a criminal prosecution under this section. No person may sell, offer to sell, give away, or convey along a public road or on land the person does not own, the carcass of a domestic animal when the animal died or was killed other than by being slaughtered for human or animal consumption unless it is done with a special permit pursuant to this section. The carcass or parts of a domestic animal that has died or has been killed other than by being slaughtered for human or animal consumption may be transported along a public road for a medical or scientific purpose if the carcass is enclosed in a leakproof container to prevent spillage or the dripping of liquid waste. The board may adopt rules relative to the transportation of the carcass of any domestic animal for a medical or scientific purpose. A carcass on a public thoroughfare may be transported for burial or other disposition in accordance with this section.

No person who owns or controls diseased animals shall negligently or willfully permit them to escape from that control or to run at large.

(d) A sheep producer may compost sheep carcasses owned by the producer on the producer's land without a permit and is exempt from compost facility specifications contained in rules of the board.

(e) The board shall develop best management practices for dead animal disposal and the pollution control agency feedlot program shall distribute them to livestock producers in the state.

Sec. 5. Minnesota Statutes 1994, section 115.55, subdivision 2, is amended to read:

Subd. 2. [LOCAL ORDINANCES.] (a) Any ordinance adopted by a local unit of government to regulate individual sewage treatment systems must be in compliance with the individual sewage treatment system rules by January 1, ~~1996~~ 1998.

(b) A copy of each ordinance adopted under this subdivision must be submitted to the commissioner upon adoption.

Sec. 6. Minnesota Statutes 1994, section 115.56, subdivision 2, is amended to read:

Subd. 2. [LICENSE REQUIRED.] (a) Except as provided in paragraph (b), after March 31, 1996, a person may not design, install, maintain, pump, or inspect an individual sewage treatment system without a license issued by the commissioner.

(b) A license is not required for a person who complies with the applicable requirements if the person is:

(1) a qualified employee of state or local government who has passed the examination described in paragraph (d) or a similar examination;

(2) an individual who constructs an individual sewage treatment system on land that is owned or leased by the individual and functions solely as the individual's dwelling or seasonal dwelling; ~~or~~

(3) a farmer who pumps and disposes of sewage waste from individual sewage treatment systems, holding tanks, and privies on land that is owned or leased by the farmer; or

(4) an individual who performs labor or services for a person licensed under this section in connection with the design, installation, maintenance, pumping, or inspection of an individual sewage treatment system at the direction and under the personal supervision of a person licensed under this section.

A person constructing an individual sewage treatment system under clause (2) must consult with a site evaluator or designer before beginning construction. In addition, the system must be inspected before being covered and a compliance report must be provided to the local unit of government after the inspection.

(c) The commissioner, in conjunction with the University of Minnesota extension service or another higher education institution, shall ensure adequate training exists for individual sewage treatment system professionals.

(d) The commissioner shall conduct examinations to test the knowledge of applicants for licensing and shall issue documentation of licensing.

(e) Licenses may be issued only upon successful completion of the required examination and submission of proof of sufficient experience, proof of general liability insurance, and a corporate surety bond in the amount of at least $10,000.

(f) Notwithstanding paragraph (e), the examination and proof of experience are not required for an individual sewage treatment system professional who, on the effective date of the rules adopted under subdivision 1, holds a certification attained by examination and experience under a voluntary certification program administered by the agency.

(g) Local units of government may not require additional local licenses for individual sewage treatment system professionals.

Sec. 7. Minnesota Statutes 1994, section 116.07, subdivision 4, is amended to read:

Subd. 4. [RULES AND STANDARDS.] Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the pollution control agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1967, chapter 882, for the prevention, abatement, or control of air pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without

limitation, rules or standards may relate to sources or emissions of air contamination or air pollution, to the quality or composition of such emissions, or to the quality of or composition of the ambient air or outdoor atmosphere or to any other matter relevant to the prevention, abatement, or control of air pollution.

Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the pollution control agency may adopt, amend, and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1969, chapter 1046, for the collection, transportation, storage, processing, and disposal of solid waste and the prevention, abatement, or control of water, air, and land pollution which may be related thereto, and the deposit in or on land of any other material that may tend to cause pollution. The agency shall adopt such rules and standards for sewage sludge, addressing the intrinsic suitability of land, the volume and rate of application of sewage sludge of various degrees of intrinsic hazard, design of facilities, and operation of facilities and sites. The agency shall promulgate emergency rules for sewage sludge pursuant to sections 14.29 to 14.36. Notwithstanding the provisions of sections 14.29 to 14.36, the emergency rules shall be effective until permanent rules are promulgated or March 1, 1982, whichever is earlier. Any such rule or standard may be of general application throughout the state or may be limited as to times, places, circumstances, or conditions in order to make due allowance for variations therein. Without limitation, rules or standards may relate to collection, transportation, processing, disposal, equipment, location, procedures, methods, systems or techniques or to any other matter relevant to the prevention, abatement or control of water, air, and land pollution which may be advised through the control of collection, transportation, processing, and disposal of solid waste and sewage sludge, and the deposit in or on land of any other material that may tend to cause pollution. By January 1, 1983, the rules for the management of sewage sludge shall include an analysis of the sewage sludge determined by the commissioner of agriculture to be necessary to meet the soil amendment labeling requirements of section 18C.215.

Pursuant and subject to the provisions of chapter 14, and the provisions hereof, the pollution control agency may adopt, amend and rescind rules and standards having the force of law relating to any purpose within the provisions of Laws 1971, chapter 727, for the prevention, abatement, or control of noise pollution. Any such rule or standard may be of general application throughout the state, or may be limited as to times, places, circumstances or conditions in order to make due allowances for variations therein. Without limitation, rules or standards may relate to sources or emissions of noise or noise pollution, to the quality or composition of noises in the natural environment, or to any other matter relevant to the prevention, abatement, or control of noise pollution.

As to any matters subject to this chapter, local units of government may set emission regulations with respect to stationary sources which are more stringent than those set by the pollution control agency.

Pursuant to chapter 14, the pollution control agency may adopt, amend, and rescind rules and standards having the force of law relating to any purpose within the provisions of this chapter for generators of hazardous waste, the management, identification, labeling, classification, storage, collection, treatment, transportation, processing, and disposal of hazardous waste and the location of hazardous waste facilities. A rule or standard may be of general application throughout the state or may be limited as to time, places, circumstances, or conditions. In implementing its hazardous waste rules, the pollution control agency shall give high priority to providing planning and technical assistance to hazardous waste generators. The agency shall assist generators in investigating the availability and feasibility of both interim and long-term hazardous waste management methods. The methods shall include waste reduction, waste separation, waste processing, resource recovery, and temporary storage.

The pollution control agency shall give highest priority in the consideration of permits to authorize disposal of diseased shade trees by open burning at designated sites to evidence concerning economic costs of transportation and disposal of diseased shade trees by alternative methods.

~~In addition to the provisions under section 14.115, before the pollution control agency adopts or repeals rules that affect farming operations, the agency must provide a copy of the proposed rule change and a statement of the effect of the rule change on farming operations to the commissioner of agriculture for review and comment and hold public meetings in agricultural areas of the state.~~

Sec. 8. Minnesota Statutes 1994, section 116.07, subdivision 7, is amended to read:

Subd. 7. [COUNTIES; PROCESSING OF APPLICATIONS FOR ANIMAL LOT PERMITS.] Any Minnesota county board may, by resolution, with approval of the pollution control agency, assume responsibility for processing applications for permits required by the pollution control agency under this section for livestock feedlots, poultry lots or other animal lots. The responsibility for permit application processing, if assumed by a county, may be delegated by the county board to any appropriate county officer or employee.

(a) For the purposes of this subdivision, the term "processing" includes:

(1) the distribution to applicants of forms provided by the pollution control agency;

(2) the receipt and examination of completed application forms, and the certification, in writing, to the pollution control agency either that the animal lot facility for which a permit is sought by an applicant will comply with applicable rules and standards, or, if the facility will not comply, the respects in which a variance would be required for the issuance of a permit; and

(3) rendering to applicants, upon request, assistance necessary for the proper completion of an application.

(b) For the purposes of this subdivision, the term "processing" may include, at the option of the county board, issuing, denying, modifying, imposing conditions upon, or revoking permits pursuant to the provisions of this section or rules promulgated pursuant to it, subject to review, suspension, and reversal by the pollution control agency. The pollution control agency shall, after written notification, have 15 days to review, suspend, modify, or reverse the issuance of the permit. After this period, the action of the county board is final, subject to appeal as provided in chapter 14.

(c) For the purpose of administration of rules adopted under this subdivision, the commissioner and the agency may provide exceptions for cases where the owner of a feedlot has specific written plans to close the feedlot within five years. These exceptions include waiving requirements for major capital improvements.

(d) For purposes of this subdivision, a discharge caused by an extraordinary natural event such as a precipitation event of greater magnitude than the 25-year, 24-hour event, tornado, or flood in excess of the 100-year flood is not a "direct discharge of pollutants."

(e) In adopting and enforcing rules under this subdivision, the commissioner shall cooperate closely with other governmental agencies.

(f) The pollution control agency shall work with the Minnesota extension service, the department of agriculture, the board of water and soil resources, producer groups, local units of government, as well as with appropriate federal agencies such as the Soil Conservation Service and the Agricultural Stabilization and Conservation Service, to notify and educate producers of rules under this subdivision at the time the rules are being developed and adopted and at least every two years thereafter.

(g) The pollution control agency shall adopt rules governing the issuance and denial of permits for livestock feedlots, poultry lots or other animal lots pursuant to this section. A feedlot permit is not required for livestock feedlots with more than ten but less than 50 animal units; provided they are not in shoreland areas. These rules apply both to permits issued by counties and to permits issued by the pollution control agency directly.

(h) The pollution control agency shall exercise supervising authority with respect to the processing of animal lot permit applications by a county.

Sec. 9. [EFFECTIVE DATE.]

Sections 1 and 2 apply to rules for which notice of intent to adopt a rule is published after the effective date of those sections.

The commission also has jurisdiction of rules which are filed with the secretary of state in accordance with ~~section~~ sections 14.38, subdivisions 5, 6, 7, 8, 9, and 11 ~~or were filed with the secretary of state in accordance with the provisions of section 14.38, subdivisions 5 to 9, which were in effect on the date the rules were filed~~; 14.386; and 14.388.

The commission may periodically review statutory exemptions to the rulemaking provisions of this chapter.

Sec. 2. Minnesota Statutes 1994, section 3.842, subdivision 4, is amended to read:

Subd. 4. [SUSPENSIONS.] (a) The commission may, on any of the grounds listed in paragraph (b) and on the basis of the testimony received at the public hearings, suspend any rule complained of by the affirmative vote of at least six members provided the provisions of section 3.844 have been met. If any rule is suspended, the commission shall as soon as possible place before the legislature, at the next year's session, a bill to repeal the suspended rule. If the bill is not enacted in that year's session, the rule is effective upon adjournment of the session unless the agency has repealed it. If the bill is enacted, the rule is repealed.

(b) A rule suspension under paragraph (a) must be based on one or more of the following reasons:

(1) an absence of statutory authority;

(2) an emergency relating to public health, safety, or welfare;

(3) a failure to comply with legislative intent;

(4) a conflict with state law;

(5) a change in circumstances since enactment of the earliest law upon which the rule is based;

(6) arbitrariness and capriciousness, or imposition of an undue hardship.

(c) This section authorizes the commission to suspend a rule only when the vote to suspend is taken, and the effective date of the suspension occurs, at a time when the legislature could not enact a bill to repeal the rule.

Sec. 3. Minnesota Statutes 1994, section 3.842, is amended by adding a subdivision to read:

Subd. 4a. [OBJECTIONS TO RULES.] (a) If the legislative commission to review administrative rules objects to all or some portion of a rule because the commission considers it to be beyond the procedural or substantive authority delegated to the agency, including a proposed rule submitted under section 14.15, subdivision 4, or 14.26, subdivision 3, paragraph (c), the commission may file that objection in the office of the secretary of state. The filed objection must contain a concise statement of the commission's reasons for its action. An objection to a proposed rule submitted under section 14.15, subdivision 4, or 14.26, subdivision 3, paragraph (c), may not be filed before the rule is adopted.

(b) The secretary of state shall affix to each objection a certification of the date and time of its filing and as soon after the objection is filed as practicable shall transmit a certified copy of it to the agency issuing the rule in question and the revisor of statutes. The secretary of state shall also maintain a permanent register open to public inspection of all objections by the commission.

(c) The legislative commission to review administrative rules shall publish and index an objection filed under this section in the next issue of the State Register. The revisor of statutes shall indicate its existence adjacent to the rule in question when that rule is published in Minnesota Rules.

(d) Within 14 days after the filing of an objection by the commission to a rule, the issuing agency shall respond in writing to the commission. After receipt of the response, the commission may withdraw or modify its objection.

(e) After the filing of an objection by the commission that is not subsequently withdrawn, the burden is upon the agency in any proceeding for judicial review or for enforcement of the rule to establish that the whole or portion of the rule objected to is valid.

(f) The failure of the commission to object to a rule is not an implied legislative authorization of its validity.

(g) Pursuant to sections 14.44 and 14.45, the commission may petition for a declaratory judgment to determine the validity of any rule objected to by the commission.

This action must be started within two years after an objection is filed in the office of the secretary of state.

(h) The commission may intervene in litigation arising from agency action. For purposes of this paragraph, agency action means the whole or part of a rule, or the failure to issue a rule.

Sec. 4. Minnesota Statutes 1994, section 4A.05, subdivision 2, is amended to read:

Subd. 2. [FEES.] The director shall set fees under section ~~16A.128, subdivision 2,~~ 16A.1285 reflecting the actual costs of providing the center's information products and services to clients. Fees collected must be deposited in the state treasury and credited to the land management information center revolving account. Money in the account is appropriated to the director for operation of the land management information system, including the cost of services, supplies, materials, labor, and equipment, as well as the portion of the general support costs and statewide indirect costs of the office that is attributable to the land management information system. The director may require a state agency to make an advance payment to the revolving fund sufficient to cover the agency's estimated obligation for a period of 60 days or more. If the revolving fund is abolished or liquidated, the total net profit from operations must be distributed to the funds from which purchases were made. The amount to be distributed to each fund must bear to the net profit the same ratio as the total purchases from each fund bear to the total purchases from all the funds during a period of time that fairly reflects the amount of net profit each fund is entitled to receive under this distribution.

Sec. 5. Minnesota Statutes 1994, section 14.04, is amended to read:

14.04 [AGENCY ORGANIZATION; GUIDEBOOK.]

To assist interested persons dealing with it, each agency shall, in a manner prescribed by the commissioner of administration, prepare a description of its organization, stating the ~~process whereby~~ general course and method of its operations and where and how the public may obtain information or make submissions or requests. The commissioner of administration shall publish these descriptions at least once every four years commencing in 1981 in a guidebook of state agencies. Notice of the publication of the guidebook shall be published in the State Register and given in newsletters, newspapers, or other publications, or through other means of communication.

Sec. 6. Minnesota Statutes 1994, section 14.05, subdivision 2, is amended to read:

Subd. 2. [AUTHORITY TO MODIFY PROPOSED RULE.] (a) An agency may modify a proposed rule in accordance with the procedures of the administrative procedure act. However, an agency may not modify a proposed rule so that it is substantially different from the proposed rule in the notice of intent to adopt rules or notice of hearing.

(b) A modification does not make a proposed rule substantially different if:

(1) the differences are within the scope of the matter announced in the notice of intent to adopt or notice of hearing and are in character with the issues raised in that notice;

(2) the differences are a logical outgrowth of the contents of the notice of intent to adopt or notice of hearing and the comments submitted in response to the notice; and

(3) the notice of intent to adopt or notice of hearing provided fair warning that the outcome of that rulemaking proceeding could be the rule in question.

(c) In determining whether the notice of intent to adopt or notice of hearing provided fair warning that the outcome of that rulemaking proceeding could be the rule in question the following factors must be considered:

(1) the extent to which persons who will be affected by the rule should have understood that the rulemaking proceeding on which it is based could affect their interests;

(2) the extent to which the subject matter of the rule or issues determined by the rule are different from the subject matter or issues contained in the notice of intent to adopt or notice of hearing; and

(3) the extent to which the effects of the rule differ from the effects of the proposed rule contained in the notice of intent to adopt or notice of hearing.

Sec. 7. Minnesota Statutes 1994, section 14.05, is amended by adding a subdivision to read:

Subd. 5. [REVIEW AND REPEAL OF RULES.] By December 1 of each year, an agency shall submit a list of all the rules of the agency to the governor, the legislative commission to review administrative rules, and the revisor of statutes. The list must identify any rules that are obsolete and should be repealed. The list must also include an explanation of why the rule is obsolete and the agency's timetable for repeal.

Sec. 8. Minnesota Statutes 1994, section 14.06, is amended to read:

14.06 [REQUIRED RULES.]

(a) Each agency shall adopt rules, in the form prescribed by the revisor of statutes, setting forth the nature and requirements of all formal and informal procedures related to the administration of official agency duties to the extent that those procedures directly affect the rights of or procedures available to the public.

(b) Upon the request of any person, and as soon as feasible and to the extent practicable, each agency shall adopt rules to supersede those principles of law or policy lawfully declared by the agency as the basis for its decisions in particular cases it intends to rely on as precedents in future cases. This paragraph does not apply to the public utilities commission.

Sec. 9. Minnesota Statutes 1994, section 14.08, is amended to read:

14.08 [~~REVISOR OF STATUTES~~ APPROVAL OF RULE AND RULE FORM; COSTS.]

(a) Two copies of a rule adopted pursuant to ~~the provisions of~~ section 14.26 ~~or 14.32~~ shall be submitted by the agency to the ~~attorney general~~ chief administrative law judge. The ~~attorney general~~ chief administrative law judge shall send one copy of the rule to the revisor on the same day ~~as~~ it is submitted by the agency under section 14.26 ~~or 14.32~~. Within five days after receipt of the rule, excluding weekends and holidays, the revisor shall either return the rule with a certificate of approval of the form of the rule to the ~~attorney general~~ chief administrative law judge or notify the ~~attorney general~~ chief administrative law judge and the agency that the form of the rule will not be approved.

If the ~~attorney general~~ chief administrative law judge disapproves a rule, the agency may modify it and the agency shall submit two copies of the modified rule to the ~~attorney general~~ chief administrative law judge who shall send a copy to the revisor for approval as to form as described in this paragraph.

(b) One copy of a rule adopted after a public hearing shall be submitted by the agency to the revisor for approval of the form of the rule. Within five working days after receipt of the rule, the revisor shall either return the rule with a certificate of approval to the agency or notify the agency that the form of the rule will not be approved.

(c) If the revisor refuses to approve the form of the rule, the revisor's notice shall revise the rule so it is in the correct form.

(d) The ~~attorney general~~ chief administrative law judge shall assess an agency for the ~~attorney~~

~~general's~~ actual cost of processing rules under this section. ~~The agency shall pay the attorney general's assessments using the procedures of section 8.15.~~ Each agency shall include in its budget money to pay the ~~attorney general's~~ assessments. Receipts from the assessment must be deposited in the ~~state treasury and credited to the general fund~~ administrative hearings account created in section 14.54.

Sec. 10. Minnesota Statutes 1994, section 14.09, is amended to read:

14.09 [PETITION FOR ADOPTION OF RULE.]

Any ~~interested~~ person may petition an agency requesting the adoption, ~~suspension,~~ amendment, or repeal of any rule. The petition shall be specific as to what action is requested and the need for the action. Upon receiving a petition an agency shall have 60 days in which to make a specific and detailed reply in writing as to its planned disposition of the request and the reasons for its planned disposition of the request. If the agency states its intention to hold a public hearing on the subject of the request, it shall proceed according to sections 14.05 to ~~14.36~~ 14.28. The ~~attorney general~~ chief administrative law judge shall prescribe by rule the form for all petitions under this section and may prescribe further procedures for their submission, consideration, and disposition.

Sec. 11. [14.101] [ADVICE ON POSSIBLE RULES.]

Subdivision 1. [REQUIRED NOTICE.] In addition to seeking information by other methods designed to reach persons or classes of persons who might be affected by the proposal, an agency, at least 60 days before publication of a notice of intent to adopt or a notice of hearing, shall solicit comments from the public on the subject matter of a possible rulemaking proposal under active consideration within the agency by causing notice to be published in the State Register. The notice must include a description of the subject matter of the proposal, the types of groups and individuals likely to be affected, and indicate where, when, and how persons may comment on the proposal and whether and how drafts of any proposal may be obtained from the agency.

This notice must be published within 60 days of the effective date of any new statutory grant of required rulemaking.

Subd. 2. [ADVISORY COMMITTEES.] Each agency may also appoint committees to comment, before publication of a notice of intent to adopt or a notice of hearing, on the subject matter of a possible rulemaking under active consideration within the agency. The membership of those committees must be published at least annually in the State Register.

Subd. 3. [EFFECT OF GOOD FAITH COMPLIANCE.] If an agency has made a good faith effort to comply with this section, a rule may not be invalidated on the grounds that the contents of this notice are insufficient or inaccurate.

Sec. 12. [14.125] [TIME LIMIT ON AUTHORITY TO ADOPT, AMEND, OR REPEAL RULES.]

An agency shall publish a notice of intent to adopt rules or a notice of hearing within 18 months of the effective date of the law authorizing or requiring rules to be adopted, amended, or repealed. If the notice is not published within the time limit imposed by this section, the authority for the rules expires. The agency shall not use other law in existence at the time of the expiration of rulemaking authority under this section as authority to adopt, amend, or repeal these rules.

An agency that publishes a notice of intent to adopt rules or a notice of hearing within the time limit specified in this section may subsequently amend or repeal the rules without additional legislative authorization.

Sec. 13. Minnesota Statutes 1994, section 14.131, is amended to read:

14.131 [STATEMENT OF NEED AND REASONABLENESS.]

Before the agency orders the publication of a rulemaking notice required by section 14.14, subdivision 1a, the agency must prepare, review, and make available for public review a statement of the need for and reasonableness of the rule ~~and a fiscal note if required by section 3.982~~. The statement of need and reasonableness must be prepared under rules adopted by the chief

administrative law judge. and must include the following to the extent the agency, through reasonable effort, can ascertain this information:

(1) a description of the classes of persons who probably will be affected by the proposed rule, including classes that will bear the costs of the proposed rule and classes that will benefit from the proposed rule;

(2) the probable costs to the agency and to any other agency of the implementation and enforcement of the proposed rule and any anticipated effect on state revenues;

(3) a determination of whether there are less costly methods or less intrusive methods for achieving the purpose of the proposed rule;

(4) a description of any alternative methods for achieving the purpose of the proposed rule that were seriously considered by the agency and the reasons why they were rejected in favor of the proposed rule;

(5) the probable costs of complying with the proposed rule; and

(6) an assessment of any differences between the proposed rule and existing federal regulations and a specific analysis of the need for and reasonableness of each difference.

For rules setting, adjusting, or establishing regulatory, licensure, or other charges for goods and services, the statement of need and reasonableness must include the comments and recommendations of the commissioner of finance and must address any fiscal and policy concerns raised during the review process, as required by section 16A.1285.

The statement must also describe the agency's efforts to provide additional notification to persons or classes of persons who may be affected by the proposed rule or must explain why these efforts were not made.

The agency shall send a copy of the statement of need and reasonableness to the legislative commission to review administrative rules when it becomes available for public review.

Sec. 14. Minnesota Statutes 1994, section 14.14, subdivision 1a, is amended to read:

Subd. 1a. [NOTICE OF RULE HEARING.] (a) Each agency shall maintain a list of all persons who have registered with the agency for the purpose of receiving notice of rule ~~hearings~~ proceedings. The agency may inquire as to whether those persons on the list wish to maintain their names thereon and may remove names for which there is a negative reply or no reply within 60 days. The agency shall, at least 30 days prior to the date set for the hearing, give notice of its intention to adopt rules by United States mail to all persons on its list, and by publication in the State Register. The mailed notice shall include either a copy of the proposed rule or a description of the nature and effect of the proposed rule and an announcement that a free copy of the proposed rule is available on request from the agency. Each agency may, at its own discretion, also contact persons not on its list ~~and may give~~ who may be affected by the rule being proposed. In addition, each agency shall make reasonable efforts to notify persons or classes of persons who may be significantly affected by the rule being proposed by giving notice of its intention in newsletters, newspapers, or other publications, or through other means of communication. The notice in the State Register must include the proposed rule or an amended rule in the form required by the revisor under section 14.07, together with a citation to the most specific statutory authority for the proposed rule, a statement of the place, date, and time of the public hearing, a statement that persons may register with the agency for the purpose of receiving notice of rule proceedings and notice that a rule has been adopted, and other information as required by law or rule. When an entire rule is proposed to be repealed, the agency need only publish that fact, giving the citation to the rule to be repealed in the notice.

(b) The legislative commission to review administrative rules may authorize an agency to omit from the notice of rule hearing the text of any proposed rule, the publication of which would be unduly cumbersome, expensive, or otherwise inexpedient if:

(1) knowledge of the rule is likely to be important to only a small class of persons;

(2) the notice of rule hearing states that a free copy of the entire rule is available upon request to the agency; and

(3) the notice of rule hearing states in detail the specific subject matter of the omitted rule, cites the statutory authority for the proposed rule, and details the proposed rule's purpose and motivation.

Sec. 15. Minnesota Statutes 1994, section 14.15, subdivision 3, is amended to read:

Subd. 3. [FINDING OF SUBSTANTIAL ~~CHANGE~~ DIFFERENCE.] If the report contains a finding that a rule has been modified in a way which makes it substantially different, as determined under section 14.05, subdivision 2, from that which was originally proposed, or that the agency has not met the requirements of sections 14.131 to 14.18, it shall be submitted to the chief administrative law judge for approval. If the chief administrative law judge approves the finding of the administrative law judge, the chief administrative law judge shall advise the agency and the revisor of statutes of actions which will correct the defects. The agency shall not adopt the rule until the chief administrative law judge determines that the defects have been corrected or, if applicable, that the agency has satisfied the rule requirements for the adoption of a substantially different rule.

Sec. 16. Minnesota Statutes 1994, section 14.15, subdivision 4, is amended to read:

Subd. 4. [NEED OR REASONABLENESS NOT ESTABLISHED.] If the chief administrative law judge determines that the need for or reasonableness of the rule has not been established pursuant to section 14.14, subdivision 2, and if the agency does not elect to follow the suggested actions of the chief administrative law judge to correct that defect, then the agency shall submit the proposed rule to the legislative commission to review administrative rules for the commission's advice and comment. The agency shall not adopt the rule until it has received and considered the advice of the commission. However, the agency is not required to ~~delay adoption longer~~ wait for the commission's advice for more than ~~30~~ 60 days after the commission has received the agency's submission. ~~Advice of the commission shall not be binding on the agency.~~

Sec. 17. Minnesota Statutes 1994, section 14.16, subdivision 1, is amended to read:

Subdivision 1. [REVIEW OF MODIFICATIONS.] If the report of the administrative law judge finds no defects, the agency may proceed to adopt the rule. After receipt of the administrative law judge's report, if the agency makes any modifications to the rule other than those recommended by the administrative law judge, it must return the rule to the chief administrative law judge for a review on the issue of ~~substantial change~~ whether the rule as modified is substantially different, as determined under section 14.05, subdivision 2, from the rule as originally proposed. If the chief administrative law judge determines that the modified rule is substantially different from that which was originally proposed, the chief administrative law judge shall advise the agency of actions which will correct the defects. The agency shall not adopt the modified rule until the chief administrative law judge determines that the defects have been corrected or, if applicable, that the agency has satisfied the rule requirements for the adoption of a substantially different rule.

The agency shall give notice to all persons who requested to be informed that the rule has been adopted and filed with the secretary of state. This notice shall be given on the same day that the rule is filed.

Sec. 18. Minnesota Statutes 1994, section 14.18, subdivision 1, is amended to read:

Subdivision 1. [GENERALLY.] A rule is effective after it has been subjected to all requirements described in sections 14.131 to 14.20 and five working days after the notice of adoption is published in the State Register unless a later date is required by law or specified in the rule. If the rule adopted is the same as the proposed rule, publication may be made by publishing notice in the State Register that the rule has been adopted as proposed and by citing the prior publication. If the rule adopted differs from the proposed rule, the portions of the adopted rule which differ from the proposed rule shall be included in the notice of adoption together with a citation to the prior State Register publication of the remainder of the proposed rule. The nature of the modifications must be clear to a reasonable person when the notice of adoption is considered together with the State Register publication of the proposed rule, except that modifications may also be made which comply with the form requirements of section 14.07, subdivision 7.

If the agency omitted from the notice of proposed rule adoption the text of the proposed rule, as permitted by section 14.14, subdivision 1a, paragraph (b), the legislative commission to review administrative rules may provide that the notice of the adopted rule need not include the text of any changes from the proposed rule. However, the notice of adoption must state in detail the substance of the changes made from the proposed rule, and must state that a free copy of that portion of the adopted rule that was the subject of the rulemaking proceeding, not including any material adopted by reference as permitted by section 14.07, is available upon request to the agency.

Sec. 19. Minnesota Statutes 1994, section 14.19, is amended to read:

14.19 [DEADLINE TO COMPLETE RULEMAKING.]

The agency shall, within 180 days after issuance of the administrative law judge's report, submit its notice of adoption, amendment, ~~suspension,~~ or repeal to the State Register for publication. If the agency has not submitted its notice to the State Register within 180 days, the rule is automatically withdrawn. The agency shall not adopt the withdrawn rules without again following the procedures of sections 14.05 to 14.36. It shall report to the legislative commission to review administrative rules, other appropriate committees of the legislature, and the governor its failure to adopt rules and the reasons for that failure. The 180-day time limit of this section does not include any days used for review by the chief administrative law judge~~, the attorney general,~~ or the legislative commission to review administrative rules if the review is required by law.

Sec. 20. Minnesota Statutes 1994, section 14.22, subdivision 1, is amended to read:

Subdivision 1. [CONTENTS.] (a) Unless an agency proceeds directly to a public hearing on a proposed rule and gives the notice prescribed in section 14.14, subdivision 1a, the agency shall give notice of its intention to adopt a rule without public hearing. The notice shall be given by publication in the State Register and by United States mail to persons who have registered their names with the agency pursuant to section 14.14, subdivision 1a. The mailed notice shall include either a copy of the proposed rule or a description of the nature and effect of the proposed rule and an announcement that a free copy of the proposed rule is available on request from the agency. Each agency may, at its own discretion, also contact persons not on its list who may be affected by the rule being proposed. In addition, each agency shall make reasonable efforts to notify persons or classes of persons who may be significantly affected by the rule by giving notice of its intention in newsletters, newspapers, or other publications, or through other means of communication. The notice in the State Register shall include the proposed rule or the amended rule in the form required by the revisor under section 14.07, ~~and~~ a citation to the most specific statutory authority for the proposed rule, a statement that persons may register with the agency for the purpose of receiving notice of rule proceedings and notice that a rule has been submitted to the chief administrative law judge, and other information as required by law or rule. When an entire rule is proposed to be repealed, the notice need only state that fact, giving the citation to the rule to be repealed in the notice. The notice shall include a statement advising the public:

(1) that they have 30 days in which to submit comment in support of or in opposition to the proposed rule and that comment is encouraged;

(2) that each comment should identify the portion of the proposed rule addressed, the reason for the comment, and any change proposed;

(3) that if 25 or more persons submit a written request for a public hearing within the 30-day comment period, a public hearing will be held;

(4) of the manner in which persons shall request a public hearing on the proposed rule;

(5) ~~that the name and address of the person requesting a public hearing shall be stated~~ of the requirements contained in section 14.25 relating to a written request for a public hearing, and that the requester is encouraged to ~~identify the portion of the proposed rule addressed, the reason for the request, and~~ propose any change ~~proposed~~ desired;

(6) that the proposed rule may be modified if the modifications are supported by the data and views submitted; and

(7) that if a hearing is not required, notice of the date of submission of the proposed rule to the ~~attorney general~~ chief administrative law judge for review will be mailed to any person requesting to receive the notice.

In connection with the statements required in clauses (1) and (3), the notice must also include the date on which the 30-day comment period ends.

(b) The legislative commission to review administrative rules may authorize an agency to omit from the notice of intent to adopt the text of any proposed rule, the publication of which would be unduly cumbersome, expensive, or otherwise inexpedient if:

(1) knowledge of the rule is likely to be important to only a small class of persons;

(2) the notice of intent to adopt states that a free copy of the entire rule is available upon request to the agency; and

(3) the notice of intent to adopt states in detail the specific subject matter of the omitted rule, cites the statutory authority for the proposed rule, and details the proposed rule's purpose and motivation.

Sec. 21. Minnesota Statutes 1994, section 14.23, is amended to read:

14.23 [STATEMENT OF NEED AND REASONABLENESS.]

Before the date of the section 14.22 notice, the agency shall prepare a statement of need and reasonableness which shall be available to the public. The statement of need and reasonableness must include the analysis required in section 14.131 and the comments and recommendations of the commissioner of finance, and must address any fiscal and policy concerns raised during the review process, as required by section 16A.1285. The statement must also describe the agency's efforts to provide additional notification to persons or classes of persons who may be affected by the proposed rules or must explain why these efforts were not made. For at least 30 days following the notice, the agency shall afford ~~all interested persons~~ the public an opportunity to request a public hearing and to submit data and views on the proposed rule in writing.

The agency shall send a copy of the statement of need and reasonableness to the legislative commission to review administrative rules when it becomes available to the public.

Sec. 22. Minnesota Statutes 1994, section 14.24, is amended to read:

14.24 [MODIFICATIONS OF PROPOSED RULE.]

The proposed rule may be modified if the modifications are supported by the data and views submitted to the agency and do not result in a ~~substantial change~~ substantially different rule, as determined under section 14.05, subdivision 2, from the rule as originally proposed. An agency may adopt a substantially different rule after satisfying the rule requirements for the adoption of a substantially different rule.

Sec. 23. Minnesota Statutes 1994, section 14.25, is amended to read:

14.25 [PUBLIC HEARING ~~REQUIRED~~.]

Subdivision 1. [REQUESTS FOR HEARING.] If, during the 30-day period allowed for comment, 25 or more persons submit to the agency a written request for a public hearing of the proposed rule, the agency shall proceed under the provisions of sections 14.14 to 14.20. The written request must include: (1) the name and address of the person requesting the public hearing; and (2) the portion or portions of the rule to which the person objects or a statement that the person opposes the entire rule. A notice of the public hearing must be published in the State Register and mailed to those persons who submitted a written request for the public hearing. Unless the agency has modified the proposed rule, the notice need not include the text of the proposed rule but only a citation to the State Register pages where the text appears.

A written request for a public hearing that does not comply with the requirements of this section is invalid and must not be counted by the agency for purposes of determining whether a public hearing must be held.

Subd. 2. [WITHDRAWAL OF HEARING REQUESTS.] If a request for a public hearing has been withdrawn, the agency must give written notice of that fact to all persons who have requested the public hearing. The notice must explain why the request is being withdrawn, and must include a description of any action the agency has taken or will take that affected or may have affected the decision to withdraw the request. The notice must also invite persons to submit written comments to the agency relating to the withdrawal. The notice and any written comments received by the agency is part of the rulemaking record submitted to the administrative law judge under section 14.14 or 14.26. The administrative law judge shall review the notice and any comments received and determine whether the withdrawal is consistent with section 14.001, clauses (2), (4), and (5).

This subdivision applies only to a withdrawal of a hearing request that affects whether a public hearing must be held and only if the agency has taken any action to obtain the withdrawal of the hearing request.

Sec. 24. Minnesota Statutes 1994, section 14.26, is amended to read:

14.26 [ADOPTION OF PROPOSED RULE; SUBMISSION TO ~~ATTORNEY GENERAL~~ ADMINISTRATIVE LAW JUDGE.]

Subdivision 1. [SUBMISSION.] If no hearing is required, the agency shall submit to ~~the attorney general~~ an administrative law judge assigned by the chief administrative law judge the proposed rule and notice as published, the rule as proposed for adoption, any written comments received by the agency, and a statement of need and reasonableness for the rule. The agency shall give notice to all persons who requested to be informed that these materials have been submitted to the ~~attorney general~~ administrative law judge. This notice shall be given on the same day that the record is submitted. If the proposed rule has been modified, the notice shall state that fact, and shall state that a free copy of the proposed rule, as modified, is available upon request from the agency. The rule and these materials shall be submitted to the ~~attorney general~~ administrative law judge within 180 days of the day that the comment period for the rule is over or the rule is automatically withdrawn. The agency shall report its failure to adopt the rules and the reasons for that failure to the legislative commission to review administrative rules, other appropriate legislative committees, and the governor.

Subd. 2. [RESUBMISSION.] Even if the 180-day period expires while the ~~attorney general~~ administrative law judge reviews the rule, if the ~~attorney general~~ administrative law judge rejects the rule, the agency may resubmit it after taking corrective action. The resubmission must occur within 30 days of when the agency receives written notice of the disapproval. If the rule is again disapproved, the rule is withdrawn. An agency may resubmit at any time before the expiration of the 180-day period. If the agency withholds some of the proposed rule, it may not adopt the withheld portion without again following the procedures of sections 14.14 to 14.28~~, or 14.29 to 14.36~~.

Subd. 3. Subd. 3. [COSTS.] The attorney general shall assess the commissioner for the actual cost of processing rules under this section. The emergency rule takes effect five working days after approval by the attorney general. The attorney general shall file two copies of the approved emergency rule with the secretary of state. The secretary of state shall forward one copy of each approved and filed emergency rule to the revisor of statutes. Failure of the attorney general to approve or disapprove a proposed emergency rule within ten working days is approval.

Sec. 46. [97A.0457] [PUBLICATION OF APPROVAL.]

As soon as practicable, notice of the attorney general's decision must be published in the State Register and the adopted rule must be published in the manner as provided for adopted rules in section 14.18.

The continuation is not effective until these notices have been mailed. No emergency rule may remain in effect on a date 361 days after its original effective date. The emergency rules may not be continued in effect after 360 days without following the procedure of sections 14.14 to 14.28.

No approved emergency rule shall be filed with the secretary of state or published in the State Register unless the revisor of statutes has certified that the emergency rule's form is approved.

Sec. 49. Minnesota Statutes 1994, section 116.07, subdivision 4d, is amended to read:

Subd. 4d. [PERMIT FEES.] (a) The agency may collect permit fees in amounts not greater than those necessary to cover the reasonable costs of reviewing and acting upon applications for agency permits and implementing and enforcing the conditions of the permits pursuant to agency rules. Permit fees shall not include the costs of litigation. The agency shall adopt rules under section 16A.128 establishing the amounts and methods of collection of any permit fees collected under this subdivision. The fee schedule must reflect reasonable and routine permitting, implementation, and enforcement costs. The agency may impose an additional enforcement fee to be collected for a period of up to two years to cover the reasonable costs of implementing and enforcing the conditions of a permit under the rules of the agency. Any money collected under this paragraph shall be deposited in the special revenue account.

(b) Notwithstanding paragraph (a), ~~and section 16A.128, subdivision 1,~~ the agency shall collect an annual fee from the owner or operator of all stationary sources, emission facilities, emissions units, air contaminant treatment facilities, treatment facilities, potential air contaminant storage facilities, or storage facilities subject to the requirement to obtain a permit under Title V of the federal Clean Air Act Amendments of 1990, Public Law Number 101-549, Statutes at Large, volume 104, pages 2399 et seq., or section 116.081. The annual fee shall be used to pay for all direct and indirect reasonable costs, including attorney general costs, required to develop and administer the permit program requirements of Title V of the federal Clean Air Act Amendments of 1990, Public Law Number 101-549, Statutes at Large, volume 104, pages 2399 et seq., and sections of this chapter and the rules adopted under this chapter related to air contamination and noise. Those costs include the reasonable costs of reviewing and acting upon an application for a permit; implementing and enforcing statutes, rules, and the terms and conditions of a permit; emissions, ambient, and deposition monitoring; preparing generally applicable regulations; responding to federal guidance; modeling, analyses, and demonstrations; preparing inventories and tracking emissions; providing information to the public about these activities; and, after June 30, 1992, the costs of acid deposition monitoring currently assessed under section 116C.69, subdivision 3.

(c) The agency shall adopt fee rules in accordance with the procedures in section ~~16A.128, subdivisions 1a and 2a,~~ 16A.1285 that will result in the collection, in the aggregate, from the sources listed in paragraph (b), of the following amounts:

(1) in fiscal years 1992 and 1993, the amount appropriated by the legislature from the air quality account in the environmental fund for the agency's air quality program;

(2) for fiscal year 1994 and thereafter, an amount not less than $25 per ton of each volatile organic compound; pollutant regulated under United States Code, title 42, section 7411 or 7412 (section 111 or 112 of the federal Clean Air Act); and each pollutant, except carbon monoxide, for which a national primary ambient air quality standard has been promulgated; and

(3) for fiscal year 1994 and thereafter, the agency fee rules may also result in the collection, in the aggregate, from the sources listed in paragraph (b), of an amount not less than $25 per ton of each pollutant not listed in clause (2) that is regulated under Minnesota Rules, chapter 7005, or for which a state primary ambient air quality standard has been adopted.

The agency must not include in the calculation of the aggregate amount to be collected under the fee rules any amount in excess of 4,000 tons per year of each air pollutant from a source.

(d) To cover the reasonable costs described in paragraph (b), the agency shall provide in the rules promulgated under paragraph (c) for an increase in the fee collected in each year beginning after fiscal year 1993 by the percentage, if any, by which the Consumer Price Index for the most recent calendar year ending before the beginning of the year the fee is collected exceeds the Consumer Price Index for the calendar year 1989. For purposes of this paragraph the Consumer Price Index for any calendar year is the average of the Consumer Price Index for all-urban consumers published by the United States Department of Labor, as of the close of the 12-month period ending on August 31 of each calendar year. The revision of the Consumer Price Index that is most consistent with the Consumer Price Index for calendar year 1989 shall be used.

(e) Any money collected under paragraphs (b) to (d) must be deposited in an air quality account in the environmental fund and must be used solely for the activities listed in paragraph (b).

(f) Persons who wish to construct or expand an air emission facility may offer to reimburse the agency for the costs of staff overtime or consultant services needed to expedite permit review. The reimbursement shall be in addition to fees imposed by paragraphs (a) to (d). When the agency determines that it needs additional resources to review the permit application in an expedited manner, and that expediting the review would not disrupt air permitting program priorities, the agency may accept the reimbursement. Reimbursements accepted by the agency are appropriated to the agency for the purpose of reviewing the permit application. Reimbursement by a permit applicant shall precede and not be contingent upon issuance of a permit and shall not affect the agency's decision on whether to issue or deny a permit, what conditions are included in a permit, or the application of state and federal statutes and rules governing permit determinations.

Sec. 50. Minnesota Statutes 1994, section 144.98, subdivision 3, is amended to read:

Subd. 3. [FEES.] (a) An application for certification under subdivision 1 must be accompanied by the annual fee specified in this subdivision. The fees are for:

(1) base certification fee, $250; and

(2) test category certification fees:

Test Category	Certification Fee
Bacteriology	$100
Inorganic chemistry, fewer than four constituents	$ 50
Inorganic chemistry, four or more constituents	$150
Chemistry metals, fewer than four constituents	$100
Chemistry metals, four or more constituents	$250
Volatile organic compounds	$300
Other organic compounds	$300

(b) The total annual certification fee is the base fee plus the applicable test category fees. The annual certification fee for a contract laboratory is 1.5 times the total certification fee.

(c) Laboratories located outside of this state that require an on-site survey will be assessed an additional $1,200 fee.

(d) The commissioner of health may adjust fees under section ~~16A.128, subdivision 2~~ 16A.1285 without rulemaking. Fees must be set so that the total fees support the laboratory certification program. Direct costs of the certification service include program administration, inspections, the agency's general support costs, and attorney general costs attributable to the fee function.

Sec. 51. Minnesota Statutes 1994, section 221.0335, is amended to read:

A person required to file a registration statement under section 106(c) of the federal Hazardous Materials Transportation Safety Act of 1990 may not transport a hazardous material unless the person files an annual hazardous materials registration statement with the commissioner and pays a fee. The commissioner shall adopt rules to implement this section, including administration of the registration program and establishing registration fees. A fee may not exceed a person's annual registration fee under the federal act. Fees must be set in accordance with section ~~16A.128, subdivision 1a,~~ 16A.1285 to cover the costs of administering and enforcing this section and the costs of hazardous materials incident response capability under sections 299A.48 to 299A.52 and 299K.095. The board of electricity shall issue an alarm and communication contractor's license to any individual,

The board shall require the payment of the fee at the time of the issuance of the license or franchise to the owner. The moneys so derived shall be collected by the board and paid to the state treasurer. The board shall have authority to license all boxers, managers, seconds, referees and judges and may require them to pay a license fee. Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 462, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S.F. No. 462 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

POLICY

Section 1. Minnesota Statutes 1994, section 16B.122, subdivision 3, is amended to read:

Subd. 3. [PUBLIC ENTITY PURCHASING.] (a) Notwithstanding section 365.37, 375.21, 412.311, or 473.705, a public entity may purchase recycled materials when the price of the recycled materials does not exceed the price of nonrecycled materials by more than ten percent. In order to maximize the quantity and quality of recycled materials purchased, a public entity also may use other appropriate procedures to acquire recycled materials at the most economical cost to the public entity.

(b) When purchasing commodities and services, a public entity shall apply and promote the preferred waste management practices listed in section 115A.02, with special emphasis on reduction of the quantity and toxicity of materials in waste. A public entity, in developing bid specifications, shall consider the extent to which a commodity or product is durable, reusable, or recyclable and marketable through the applicable local or regional recycling program and the extent to which the commodity or product contains postconsumer material. When a project by a public entity involves the replacement of carpeting, the public entity may require all persons who wish to bid on the project to designate a carpet recycling company in their bids.

Sec. 2. [16B.124] [CONSIDERATION OF ENVIRONMENTAL IMPACTS OF METAL RECYCLING FACILITIES.]

(a) The state, counties, towns, and home rule charter or statutory cities shall include consideration of environmental impacts in selecting a recycling facility for the recycling of scrap metal.

(b) For the purposes of this section, "recycling facility" has the meaning given in section 115A.03, subdivision 25c.

Sec. 3. [115A.0715] [CONSOLIDATED GRANT AND LOAN PROGRAMS.]

The director may consolidate and jointly administer the following grant and loan programs: public education under section 115A.072, technical and research assistance under section 115A.152, waste reduction under section 115A.154, waste processing and collection facilities and services under section 115A.156, market development under section 115A.48, waste separation

projects under section 115A.53, solid waste reduction under section 115A.55, used oil under section 115A.9162, litter under section 115A.991, pollution prevention assistance under section 115D.04, and pollution prevention under section 115D.05.

Sec. 4. Minnesota Statutes 1994, section 115A.072, subdivision 3, is amended to read:

Subd. 3. [EDUCATION GRANTS.] (a) The director shall provide grants to persons for the purpose of developing and distributing waste education information.

(b) ~~The director shall provide grants and technical assistance to formal and informal education facilities to develop and implement a model program to incorporate waste reduction, recycling, litter prevention, and proper management of problem materials into educational operations.~~

~~(c)~~ The director shall provide grants or awards and technical assistance to formal and informal education facilities to develop or implement ongoing programs for waste reduction, recycling, litter prevention, and proper management of problem materials ~~programs~~.

Sec. 5. Minnesota Statutes 1994, section 115A.072, subdivision 4, is amended to read:

Subd. 4. [EDUCATION, PROMOTION, AND PROCUREMENT.] The director shall include: (1) waste reduction and reuse, including packaging reduction and reuse; and (2) the hazards of open burning, as defined in section 88.01, of mixed municipal solid waste, especially the hazards of dioxin emissions to children, as ~~an element~~ elements of the director's program of public education on waste management required under this section. The waste reduction and reuse education program must include dissemination of information and may include an award program for model waste reduction and reuse efforts. Waste reduction and reuse educational efforts must also include provision of information about and promotion of the model procurement program developed by the commissioner of administration under section 115A.15, subdivision 7, or any other model procurement program that results in significant waste reduction and reuse.

Sec. 6. Minnesota Statutes 1992, section 115A.33, as reenacted by sections 59 and 63, is amended to read:

115A.33 [ELIGIBILITY; REQUEST FOR REVIEW.]

The following persons shall be eligible to request supplementary review by the board pursuant to sections 115A.32 to 115A.39: (a) a generator of sewage sludge within the state who has been issued permits by the agency for a facility to dispose of sewage sludge or solid waste resulting from sewage treatment; (b) a political subdivision which has been issued permits by the agency, or a political subdivision acting on behalf of a person who has been issued permits by the agency, for a solid waste facility which is no larger than 250 acres, not including any proposed buffer area, and located outside the metropolitan area; (c) a generator of hazardous waste within the state who has been issued permits by the agency for a hazardous waste facility to be owned and operated by the generator, on property owned by the generator, and to be used by the generator for managing the hazardous wastes produced by the generator only; (d) a person who has been issued permits by the agency for a commercial hazardous waste processing facility at a site included in the board's inventory of preferred sites for such facilities adopted pursuant to section 115A.09; (e) a person who has been issued permits by the agency for a disposal facility for the nonhazardous sludge, ash, or other solid waste generated by a permitted hazardous waste processing facility operated by the person. ~~The metropolitan waste control commission shall not be eligible to request review under clause (a) for a sewage sludge disposal facility. The metropolitan waste control commission shall not be eligible to request review under clause (a) for a solid waste facility with a proposed permitted life of longer than four years.~~ The board may require completion of a plan conforming to the requirements of section 115A.46, before granting review under clause (b). A request for supplementary review shall show that the required permits for the facility have been issued by the agency and that a political subdivision has refused to approve the establishment or operation of the facility.

Sec. 7. Minnesota Statutes 1994, section 115A.411, is amended to read:

115A.411 [SOLID WASTE MANAGEMENT POLICY; CONSOLIDATED REPORT.]

Subdivision 1. [AUTHORITY; PURPOSE.] The director with assistance from the

commissioner shall prepare and adopt a report on solid waste management policy ~~excluding the metropolitan area~~. The report must be submitted by the director to the legislative commission on waste management by July 1 of each ~~even-numbered~~ odd-numbered year and ~~may~~ shall include reports required under sections 115A.55, subdivision 4, paragraph (b); 115A.551, subdivision 4~~, and~~; 115A.557, subdivision 4; 473.149, subdivision 6; 473.846; and 473.848, subdivision 4.

Subd. 2. [CONTENTS.] (a) The report must also include:

(1) a summary of the current status of solid waste management, including the amount of solid waste generated, the manner in which it is collected, processed, and disposed, the extent of separation, recycling, reuse, and recovery of solid waste, and the facilities available or under development to manage the waste;

~~(2) a summary of current state solid waste management policies, goals, and objectives, including their statutory, administrative, and regulatory basis and the state agencies and political subdivisions responsible for implementation;~~

~~(3)~~ (2) an evaluation of the extent and effectiveness of implementation and an assessment of progress in accomplishing state policies, goals, and objectives, including those listed in paragraph (b);

~~(4) estimates of the generation of solid waste anticipated for the future, the manner in which the waste is likely to be managed, and the programs and facilities that will be available and needed for proper waste management;~~

~~(5)~~ (3) identification of issues requiring further research, study, and action, the appropriate scope of the research, study, or action, the state agency or political subdivision that should implement the research, study, or action, and a schedule for completion of the activity; and

~~(6)~~ (4) recommendations for establishing or modifying state solid waste management policies, authorities, and programs.

(b) Beginning in 1997, and every sixth year thereafter, the report shall be expanded to include the metropolitan area solid waste policy plan required in section 473.149, subdivision 1, and strategies for the office to advance the goals of this chapter, to manage waste as a resource, to further reduce the need for expenditures on resource recovery and disposal facilities, and to further reduce long-term environmental and financial liabilities. The expanded report must include strategies for:

(1) achieving the maximum feasible reduction in waste generation;

(2) encouraging manufacturers to design products that eliminate or reduce the adverse environmental impacts of resource extraction, manufacturing, use, and waste processing and disposal;

(3) educating businesses, public entities, and other consumers about the need to consider the potential environmental and financial impacts of purchasing products that may create a liability or that may be expensive to recycle or manage as waste, due to the presence of toxic or hazardous components;

(4) eliminating or reducing toxic or hazardous components in compost from municipal solid waste composting facilities, in ash from municipal solid waste incinerators, and in leachate and air emissions from municipal solid waste landfills, in order to reduce the potential liability of waste generators, facility owners and operators, and taxpayers;

(5) encouraging the source separation of materials to the extent practicable, so that the materials are most appropriately managed and to ensure that resources that can be reused or recycled are not disposed of or destroyed; and

(6) maximizing the efficiency of the waste management system by managing waste and recyclables close to the point of generation, taking into account the characteristics of the resources to be recovered from the waste and the type and capacity of local facilities.

Sec. 8. Minnesota Statutes 1994, section 115A.46, subdivision 5, is amended to read:

Subd. 5. [JURISDICTION OF PLAN.] (a) After a county plan has been submitted for approval under subdivision 1, a ~~political subdivision~~ public entity, as defined in section 16B.122, subdivision 1, within the county may not enter into a binding agreement governing a solid waste management activity that is inconsistent with the county plan without the consent of the county.

(b) After a county plan has been approved under subdivision 1, the plan governs all solid waste management in the county and a ~~political subdivision~~ public entity, as defined in section 16B.122, subdivision 1, within the county may not develop or implement a solid waste management activity, other than an activity to reduce waste generation or reuse waste materials, that is inconsistent with the county plan that the county is actively implementing without the consent of the county.

Sec. 9. [115A.471] [PUBLIC ENTITIES; MANAGEMENT OF SOLID WASTE.]

(a) Prior to entering into or approving a contract for the management of mixed municipal solid waste which would manage the waste using a waste management practice that is ranked lower on the list of preferred waste management practices in section 115A.02, paragraph (b), than the waste management practice selected for such waste in the county plan for the county in which the waste was generated, a public entity must:

(1) determine the potential liability to the public entity and its taxpayers for managing the waste in this manner;

(2) develop and implement a plan for managing the potential liability; and

(3) submit the information from clauses (1) and (2) to the agency.

(b) For the purpose of this subdivision, "public entity" means the state; an office, agency, or institution of the state; the metropolitan council; a metropolitan agency; the metropolitan mosquito control district; the legislature; the courts; a county; a statutory or home rule charter city; a town; a school district; another special taxing district; or any other general or special purpose unit of government in the state.

Sec. 10. Minnesota Statutes 1994, section 115A.55, subdivision 3, is amended to read:

Subd. 3. [FINANCIAL ASSISTANCE.] (a) The director shall make loans and grants to any person for the purpose of developing and implementing projects or practices to prevent or reduce the generation of solid waste including those that involve reuse of items in their original form or in manufacturing processes that do not cause the destruction of recyclable materials in a manner that precludes further use, or involve procuring, using, or producing products with long useful lives. Grants may be used to fund studies needed to determine the technical and financial feasibility of a waste reduction project or practice or for the cost of implementation of a waste reduction project or practice that the director has determined is technically and financially feasible.

(b) In making grants or loans, the director shall give priority to waste reduction projects or practices that have broad application in the state and that have the potential for significant reduction of the amount of waste generated.

(c) All information developed as a result of a grant or loan shall be made available to other solid waste generators through the public information program established in subdivision 2.

(d) The director shall adopt rules for the administration of this program and may administer the program in conjunction with the grant program established under section 115D.05. The rules must prescribe the level or levels of matching funds required for grants or loans under this subdivision.

Sec. 11. Minnesota Statutes 1994, section 115A.55, is amended by adding a subdivision to read:

Subd. 4. [STATEWIDE SOURCE REDUCTION GOAL.] (a) It is a goal of the state that there be a minimum ten percent per capita reduction in the amount of mixed municipal solid waste generated in the state by December 31, 2000, based on a reasonable estimate of the amount of mixed municipal solid waste that was generated in calendar year 1993.

(b) As part of the 1997 report required under section 115A.411, the director shall submit to the legislative commission on waste management a proposed strategy for meeting the goal in paragraph (a). The strategy must include a discussion of the different reduction potentials to be found in various sectors and may include recommended interim goals. The director shall report progress on meeting the goal in paragraph (a), as well as recommendations and revisions to the proposed strategy, as part of the 1999 report required under section 115A.411.

Sec. 12. Minnesota Statutes 1994, section 115A.5501, subdivision 4, is amended to read:

Subd. 4. [REPORT.] The director shall apply the statewide percentage determined under subdivision 2 to the aggregate amount of solid waste determined under subdivision 3 to determine the amount of packaging in the waste stream. By July 1, 1996, the director shall submit to the legislative commission on waste management an analysis of the extent to which the waste packaging reduction goal in subdivision 1 has been met. In determining whether the goal has been met, the margin of error must be applied in favor of meeting the goal. The director shall use the statistical mean for the data collected in determining whether the goal has been met and shall include in the analysis a discussion of the margin of error and statistical reliability for the data collected.

Sec. 13. Minnesota Statutes 1994, section 115A.5502, is amended to read:

115A.5502 [PACKAGING PRACTICES; PREFERENCES; GOALS.]

Packaging forms a substantial portion of solid waste and contributes to environmental degradation and the costs of managing solid waste. It is imperative to reduce the amount and toxicity of packaging that must be managed as solid waste. In order to achieve significant reduction of packaging in solid waste and to assist packagers and others to meet the packaging reduction goal in section 115A.5501, the goal of the state is that items be distributed without any packaging where feasible and, only when necessary to protect health and safety or product integrity, with the minimal amount of packaging possible. The following categories of packaging are listed in order of preference for use by all persons who find it necessary to package items for distribution or use in the state:

(1) minimal packaging that contains no intentionally introduced toxic materials and that is designed to be and actually is reused for its original purpose at least five times;

(2) minimal packaging that contains no intentionally introduced toxic materials and consists of a significant percentage of postconsumer material;

(3) minimal packaging that contains no intentionally introduced toxic materials, that is recyclable, and is regularly collected through recycling collection programs available to at least 75 percent of the residents of the state;

~~(3)~~ (4) minimal packaging that does not comply with ~~clauses~~ clause (1) ~~and~~, (2), or (3) because it is required under federal or state law and for which there does not exist a commercially feasible alternative that does comply with ~~clauses~~ clause (1) ~~and~~, (2), or (3);

~~(4)~~ (5) packaging that contains no intentionally introduced toxic materials but does not comply with clauses (1) to ~~(3)~~ (4); and

~~(5)~~ (6) all other packaging.

Sec. 14. Minnesota Statutes 1994, section 115A.551, subdivision 2a, is amended to read:

Subd. 2a. [SUPPLEMENTARY RECYCLING GOALS.] (a) By December 31, 1996, each county will have as a goal to recycle the following amounts:

(1) for a county outside of the metropolitan area, ~~30~~ 35 percent by weight of total solid waste generation;

(2) for a metropolitan county, 45 50 percent by weight of total solid waste generation.

Each county will develop and implement or require political subdivisions within the county to

develop and implement programs, practices, or methods designed to meet its recycling goal. Nothing in this section or in any other law may be construed to prohibit a county from establishing a higher recycling goal. ~~For the purposes of this subdivision "recycle" and "total solid waste generation" have the meanings given them in subdivision 1, except that neither includes yard waste.~~

(b) For a county that, by January 1, 1995, is implementing a solid waste reduction program that is approved by the director, the director shall apply three percentage points toward achievement of the recycling goals in this subdivision. In addition, the director shall apply demonstrated waste reduction that exceeds three percent reduction toward achievement of the goals in this subdivision.

(c) No more than five percentage points may be applied toward achievement of the recycling goals in this subdivision for management of yard waste. The five percentage points must be applied as provided in this paragraph. The director shall apply three percentage points for a county in which residents, by January 1, 1996, are provided with:

(1) an ongoing comprehensive education program under which they are informed about how to manage yard waste and are notified of the prohibition in section 115A.931; and

(2) the opportunity to drop off yard waste at specified sites or participate in curbside yard waste collection.

The director shall apply up to an additional two percentage points toward achievement of the recycling goals in this subdivision for additional activities approved by the director that are likely to reduce the amount of yard waste generated and to increase the on-site composting of yard waste.

Sec. 15. Minnesota Statutes 1994, section 115A.551, subdivision 4, is amended to read:

Subd. 4. [INTERIM MONITORING.] The director~~, for counties outside of the metropolitan area, and the metropolitan council, for counties within the metropolitan area,~~ shall monitor the progress of each county toward meeting the recycling goals in subdivisions 2 and 2a. The director shall report to the legislative commission on waste management on the progress of the counties by July 1 of each odd-numbered year. ~~The metropolitan council shall report to the legislative commission on waste management on the progress of the counties by July 1 of each year.~~ If the director ~~or the council~~ finds that a county is not progressing toward the goals in subdivisions 2 and 2a, it shall negotiate with the county to develop and implement solid waste management techniques designed to assist the county in meeting the goals, such as organized collection, curbside collection of source-separated materials, and volume-based pricing.

~~In even-numbered years~~ The progress report ~~may~~ shall be included in the ~~solid waste management policy~~ report required under section 115A.411. ~~The metropolitan council's progress report shall be included in the report required by section 473.149.~~

Sec. 16. Minnesota Statutes 1994, section 115A.551, subdivision 6, is amended to read:

Subd. 6. [COUNTY SOLID WASTE PLANS.] ~~(a)~~ Each county shall include in its solid waste management plan described in section 115A.46, or its solid waste master plan described in section 473.803, a ~~plan~~ recycling implementation strategy for ~~implementing~~ meeting the recycling goal established in subdivision ~~2~~ 2a along with mechanisms for providing financial incentives to solid waste generators to reduce the amount of waste generated and to separate recyclable materials from the waste stream. ~~The recycling plan must include detailed recycling implementation information to form the basis for the strategy required in subdivision 7.~~

~~(b) Each county required to submit its plan to the director under section 115A.46 shall amend its plan to comply with this subdivision within one year after October 4, 1989.~~

Sec. 17. Minnesota Statutes 1994, section 115A.551, subdivision 7, is amended to read:

Subd. 7. [RECYCLING IMPLEMENTATION STRATEGY.] ~~Within one year of approval of the portion of the plan required in subdivision 6,~~ Each ~~nonmetropolitan~~ county shall submit to the director for approval ~~a local~~ the recycling implementation strategy required in subdivision 6. The ~~local~~ recycling implementation strategy must be submitted by October 31, 1995, and must:

(1) be consistent with the approved county solid waste management plan;

(2) identify the materials that are being and will be recycled in the county to meet the goals under this section and the parties responsible and methods for recycling the material; ~~and~~

(3) ~~define the need for funds to ensure continuation of local recycling, methods of raising and allocating such funds, and permanent sources and levels of local funding for recycling~~ provide a budget to ensure adequate funding for needed county and local programs and demonstrate an ongoing commitment to spending the money on recycling programs; and

(4) include a schedule for implementing recycling activities needed to meet the goals in subdivision 2a.

Sec. 18. Minnesota Statutes 1994, section 115A.554, is amended to read:

115A.554 [AUTHORITY OF SANITARY DISTRICTS.]

A sanitary district has the authorities and duties of counties within the district's boundary for purposes of sections 115A.46, subdivision 4; 115A.48; 115A.551; 115A.552; 115A.553; 115A.919; 115A.929; 115A.93; 115A.96, subdivision 6; 115A.961; 115A.991; 116.072; 375.18, subdivision 14; 400.08, except subdivision 4, paragraph (b); 400.16; and 400.161.

Sec. 19. Minnesota Statutes 1994, section 115A.557, subdivision 3, is amended to read:

Subd. 3. [ELIGIBILITY TO RECEIVE MONEY.] (a) To be eligible to receive money distributed by the director under this section, a county shall within one year of October 4, 1989:

(1) create a separate account in its general fund to credit the money; and

(2) set up accounting procedures to ensure that money in the separate account is spent only for the purposes in subdivision 2.

(b) In each following year, each county shall also:

(1) have in place an approved solid waste management plan or master plan including a recycling implementation strategy under section 115A.551, subdivision 7, Sor 473.803, subdivision ~~1e,~~ and a household hazardous waste management plan under section 115A.96, subdivision 6, by the dates specified in those provisions;

(2) submit a report by April 1 of each year to the director detailing how the money was spent and the resulting gains achieved in solid waste management practices during the previous calendar year; and

(3) provide evidence to the director that local revenue equal to 25 percent of the money sought for distribution under this section will be spent for the purposes in subdivision 2.

(c) The director shall withhold all or part of the funds to be distributed to a county under this section if the county fails to comply with this subdivision and subdivision 2.

Sec. 20. Minnesota Statutes 1994, section 115A.557, subdivision 4, is amended to read:

Subd. 4. [REPORT.] By July 1 of each odd-numbered year, the director shall report on how the money was spent and the resulting statewide improvements in solid waste management to the house of representatives and senate appropriations and finance committees and the legislative commission on waste management. ~~In even-numbered years~~ The report ~~may~~ shall be included in the ~~solid waste management policy~~ report required under section 115A.411.

Sec. 21. Minnesota Statutes 1994, section 115A.919, subdivision 3, is amended to read:

Subd. 3. [EXEMPTIONS.] (a) Waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from any fee imposed by a county under this section if there is at least an 85 percent ~~volume~~

weight reduction in the solid waste processed. Before any fee is reduced, the verification procedures of section 473.843, subdivision 1, paragraph (c), must be followed and submitted to the appropriate county, except that for facilities operating outside of the metropolitan area the commissioner shall prescribe procedures for verifying the required 85 percent ~~volume~~ weight reduction.

(b) A facility permitted for the disposal of construction debris is exempt from 25 percent of a fee imposed under subdivision 1 if the facility has implemented a recycling program approved by the county and 25 percent if the facility contains a liner and leachate collection system approved by the agency.

Sec. 22. Minnesota Statutes 1994, section 115A.921, subdivision 1, is amended to read:

Subdivision 1. [MIXED MUNICIPAL SOLID WASTE.] A city or town may impose a fee, not to exceed $1 per cubic yard of waste, or its equivalent, on operators of facilities for the disposal of mixed municipal solid waste located within the city or town. The revenue from the fees must be credited to the city or town general fund. Revenue produced by 25 cents of the fee must be used only for purposes of landfill abatement or for purposes of mitigating and compensating for the local risks, costs, and other adverse effects of facilities. Revenue produced by the balance of the fee may be used for any general fund purpose.

Waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from the fee imposed by a city or town under this section if there is at least an 85 percent ~~volume~~ weight reduction in the solid waste processed. Before any fee is reduced, the verification procedures of section 473.843, subdivision 1, paragraph (c), must be followed and submitted to the appropriate city or town, except that for facilities operating outside of the metropolitan area the commissioner shall prescribe procedures for verifying the required 85 percent ~~volume~~ weight reduction.

Sec. 23. Minnesota Statutes 1994, section 115A.923, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF FEE.] (a) The operator of a mixed municipal solid waste disposal facility outside of the metropolitan area shall charge a fee on solid waste accepted and disposed of at the facility as follows:

(1) a facility that weighs the waste that it accepts must charge a fee of $2 per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility;

(2) a facility that does not weigh the waste but that measures the volume of the waste that it accepts must charge a fee of $2 per cubic yard of waste accepted at the entrance of the facility; and

(3) waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse is exempt from the fee imposed by this subdivision if there is at least an 85 percent ~~volume~~ weight reduction in the solid waste processed.

(b) To qualify for exemption under paragraph (a), clause (3), waste residue must be brought to a disposal facility separately. The commissioner shall prescribe procedures for determining the amount of waste residue qualifying for exemption.

Sec. 24. Minnesota Statutes 1994, section 115A.9302, subdivision 1, is amended to read:

Subdivision 1. [DISCLOSURE REQUIRED.] (a) By January 1, 1994, and at least annually thereafter between January 1 and March 31, a person that collects construction debris, industrial waste, or mixed municipal solid waste for transportation to a waste facility shall disclose to each waste generator from whom waste is collected the name, location, and type of, and the number of the permit issued by the agency, or its counterpart in another state, if applicable, for the processing or disposal facility or facilities, excluding a transfer station, at which the waste will be deposited. The collector shall note ~~both~~ the approximate percentage of waste deposited at each of the two primary ~~facility at which the collector most often deposits waste~~ facilities used for the type of

waste collected from the generator in the county in which the generator generates the waste and any alternative facilities regularly used by the collector for the type of waste collected from the generator in the county in which the generator generates the waste.

(b) All written disclosures must include the following statement:

"You may be responsible for any liability that results from contamination at a facility where your waste has been deposited. Minnesota believes that its waste management system provides substantially more financial and environmental protection than depositing waste in landfills in other states. Managing your waste in Minnesota may minimize your potential liability."

All oral disclosures must include the following statement:

"You may be responsible for any liability that results from contamination at a facility where your waste has been deposited. Minnesota believes that its waste management system offers more protection from liability than the waste management systems of other states."

(c) If any of the primary or alternative disposal facilities identified by the collector in paragraph (a) are not located in Minnesota, the disclosure must state "The landfill to which your waste may be sent during the current calendar year is not a Minnesota landfill."

Sec. 25. Minnesota Statutes 1994, section 115A.9302, subdivision 2, is amended to read:

Subd. 2. [FORM OF DISCLOSURE.] (a) A collector shall make the disclosure to the waste generator in writing at least once per year ~~or~~ between January 1 and March 31 and on any written contract for collection services for that year. The written disclosure must include all of the information described in subdivision 1. The oral disclosure required in this section need only include the statement required in subdivision 1, paragraph (b), and the statement required in subdivision 1, paragraph (c), if that paragraph applies. If the license issued by the county to the collector for collection within the county does not require the collector to submit a copy of the disclosure to the county, the collector shall submit a copy to the commissioner by March 31 of each year.

(b) An oral disclosure is only required with regard to the collection of mixed municipal solid waste. A collector must provide the required disclosure orally to a waste generator at the time the generator agrees to purchase regular collection service and must provide written disclosure to the generator within 45 days from the date of request. This oral disclosure is not required if the city or county within which the waste is generated selects the collector that may provide collection services to the generator.

(c) If a collector provides one-time or occasional service to a waste generator, the collector must orally provide the generator with the required disclosure at the time the generator agrees to purchase the service. The collector shall then provide written disclosure to the generator within 45 days from the date of request.

(d) If an additional facility becomes either a primary facility or an alternative facility during the year, the collector shall make the disclosure set forth in subdivision 1 within 30 days. A local government unit that collects solid waste without direct charges to waste generators shall make the disclosure on any statement that includes an amount for waste management, provided that, at a minimum, disclosure to waste generators must be made at least twice annually in a form likely to be available to all generators.

(e) The agency may develop standard disclosure forms containing the information that is required in this section. Collectors may use the form developed by the agency.

Sec. 26. Minnesota Statutes 1994, section 115A.96, subdivision 2, is amended to read:

Subd. 2. [MANAGEMENT PROGRAM.] ~~(a)~~ The agency shall establish a statewide program to manage household hazardous wastes. The program must include:

(1) the establishment and operation of collection sites; and

(2) the provision of information, education, and technical assistance regarding proper management of household hazardous wastes.

~~(b) The agency shall report on its progress on establishing permanent collection sites to the legislative commission on waste management by November 1, 1991.~~

Sec. 27. Minnesota Statutes 1994, section 115A.965, subdivision 1, is amended to read:

Subdivision 1. [PACKAGING.] (a) As soon as feasible but not later than August 1, 1993, no manufacturer or distributor may sell or offer for sale or for promotional purposes in this state packaging or a product that is contained in packaging if the packaging itself, or any inks, dyes, pigments, adhesives, stabilizers, or any other additives to the packaging contain any lead, cadmium, mercury, or hexavalent chromium that has been intentionally introduced as an element during manufacture or distribution of the packaging. Intentional introduction does not include the incidental presence of any of the prohibited elements.

(b) For the purposes of this section:

(1) "distributor" means a person who imports packaging or causes packaging to be imported into the state; and

(2) until August 15, ~~1995~~ 1996, "packaging" does not include steel strapping containing a total concentration level of lead, cadmium, mercury, and hexavalent chromium, added together, of less than 100 parts per million by weight.

Sec. 28. Minnesota Statutes 1994, section 115D.03, subdivision 5, is amended to read:

Subd. 5. [ELIGIBLE RECIPIENTS.] "Eligible recipients" means persons who use, generate, or release toxic pollutants, hazardous substances, or hazardous wastes, or individuals or organizations that provide assistance to these persons.

(b) The director shall adopt rules to administer the grant program and may administer the grant program in conjunction with the grant program established under section 115A.55, subdivision 3. ~~Prior to completion of any new rulemaking, the director may administer the program under the procedures established in rules promulgated under section 115A.154.~~

Sec. 31. Minnesota Statutes 1994, section 115D.07, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT TO PREPARE AND MAINTAIN A PLAN.] (a) Persons who operate a facility required by United States Code, title 42, section 11023, or section 299K.08, subdivision 3, to submit a toxic chemical release form shall prepare a toxic pollution prevention plan for that facility. A facility that is required to submit a toxic chemical release form but does not release a toxic chemical is exempt from the requirements of this subdivision. The plan must contain the information listed in subdivision 2.

(b) Except as provided in paragraphs (d) and (e), for facilities that release a total of 10,000 pounds or more of toxic pollutants annually, the plan must be completed as follows:

(1) on or before July 1, 1991, for facilities having a two-digit standard industrial classification of 35 to 39;

(2) by January 1, 1992, for facilities having a two-digit standard industrial classification of 28 to 34; and

(3) by July 1, 1992, for all other persons required to prepare a plan under this subdivision.

(c) Except as provided in paragraphs (d) and (e), facilities that release less than a total of 10,000 pounds of toxic pollutants annually must complete their plans by July 1, 1992.

(d) For the following facilities, the plan must be completed as follows:

(1) by January 1, 1995, for facilities required to report under section 299K.08, subdivision 3, that have a two-digit standard industrial classification of 01 to 50; and

(2) by ~~July 1, 1995~~ January 1, 1996, for facilities required to report under section 299K.08, subdivision 3, that have a two-digit standard industrial classification of 51 to 99.

(e) For facilities that become subject to this subdivision after July 1, 1993, the plan must be completed by six months after the first submittal for the facility under United States Code, title 42, section 11023, or section 299K.08, subdivision 3.

(f) Each plan must be updated ~~every two years~~ by January 1 of every even-numbered year and must be maintained at the facility to which it pertains.

Sec. 32. Minnesota Statutes 1994, section 115D.07, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF PLAN.] (a) Each toxic pollution prevention plan must establish a program identifying the specific technically and economically practicable steps that could be taken during at least the three years following the date the plan is due, to eliminate or reduce the generation or release of toxic pollutants reported by the facility. Toxic pollutants resulting solely from research and development activities need not be included in the plan.

(b) At a minimum, each plan must include:

(1) a policy statement articulating upper management support for eliminating or reducing the generation or release of toxic pollutants at the facility;

(2) a description of the current processes generating or releasing toxic pollutants that specifically describes the types, sources, and quantities of toxic pollutants currently being generated or released by the facility;

(3) a description of the current and past practices used to eliminate or reduce the generation or release of toxic pollutants at the facility and an evaluation of the effectiveness of these practices;

(4) an assessment of technically and economically practicable options available to eliminate or reduce the generation or release of toxic pollutants at the facility, including options such as changing the raw materials, operating techniques, equipment and technology, personnel training, and other practices used at the facility. The assessment may include a cost benefit analysis of the available options;

(5) a statement of objectives based on the assessment in clause (4) and a schedule for achieving those objectives. Wherever technically and economically practicable, the objectives for eliminating or reducing the generation or release of each toxic pollutant at the facility must be expressed in numeric terms based on a specified base year that is no earlier than 1987. Otherwise, the objectives must include a clearly stated list of actions designed to lead to the establishment of numeric objectives as soon as practicable;

(6) an explanation of the rationale for each objective established for the facility;

(7) a listing of options that were considered not to be economically and technically practicable; and

(8) a certification, signed and dated by the facility manager and an officer of the company under penalty of section 609.63, attesting to the accuracy of the information in the plan.

Sec. 33. Minnesota Statutes 1994, section 115D.08, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT TO SUBMIT PROGRESS REPORT.] (a) All persons required to prepare a toxic pollution prevention plan under section 115D.07 shall submit an annual progress report to the commissioner that may be drafted in a manner that does not disclose proprietary information. Progress reports are due on October 1 of each year. The first progress reports are due in 1992.

(b) At a minimum, each progress report must include:

(1) a summary of each objective established in the plan, including the base year for any objective stated in numeric terms, and the schedule for meeting ~~the~~ each objective;

(2) a summary of progress made during the past year, if any, toward meeting each objective established in the plan including the quantity of each toxic pollutant eliminated or reduced;

(3) a statement of the methods through which elimination or reduction has been achieved;

(4) if necessary, an explanation of the reasons objectives were not achieved during the previous year, including identification of any technological, economic, or other impediments the facility faced in its efforts to achieve its objectives; and

(5) a certification, signed and dated by the facility manager and an officer of the company under penalty of section 609.63, attesting that a plan meeting the requirements of section 115D.07 has been prepared and also attesting to the accuracy of the information in the progress report.

Sec. 34. Minnesota Statutes 1994, section 115D.10, is amended to read:

115D.10 [TOXIC POLLUTION PREVENTION EVALUATION REPORT.]

The director, in cooperation with the commissioner and commission, shall report to the environment and natural resources committees of the legislature and the legislative commission on waste management on progress being made in achieving the objectives of sections 115D.01 to 115D.12. The report must be submitted by February 1 of each even-numbered year.

Sec. 35. [116.011] [ANNUAL POLLUTION REPORT.]

A goal of the pollution control agency is to reduce the amount of pollution that is emitted in the state. The pollution control agency shall include in its annual performance report information detailing the best estimate of the agency of the total volume of water and air pollution that was emitted in the state in the previous calendar year. The agency shall report its findings for both water and air pollution:

(1) in gross amounts, including the percentage increase or decrease over the previous calendar year; and

(2) in a manner which will demonstrate the magnitude of the various sources of water and air pollution.

Sec. 36. Minnesota Statutes 1994, section 116.07, subdivision 4a, is amended to read:

Subd. 4a. [PERMITS.] (a) The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution.

The pollution control agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the storage, collection, transportation, processing, or disposal of waste, or for the installation or operation of any system or facility, or any part thereof, related to the storage, collection, transportation, processing, or disposal of waste.

The pollution control agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

(b) The pollution control agency has the authority for approval over the siting, expansion, or operation of a solid waste facility with regard to environmental issues. However, the agency's issuance of a permit does not release the permittee from any liability, penalty, or duty imposed by any applicable county ordinances. Nothing in this chapter precludes, or shall be construed to preclude, a county from enforcing land use controls, regulations, and ordinances existing at the time of the permit application and adopted pursuant to sections 366.10 to 366.181, 394.21 to 394.37, or 462.351 to 462.365, with regard to the siting, expansion, or operation of a solid waste facility.

Sec. 37. Minnesota Statutes 1994, section 116.07, subdivision 4j, is amended to read:

Subd. 4j. [PERMITS; SOLID WASTE FACILITIES.] (a) The agency may not issue a permit for new or additional capacity for a mixed municipal solid waste resource recovery or disposal facility as defined in section 115A.03 unless each county using or projected in the permit to use the facility has in place a solid waste management plan approved under section 115A.46 or 473.803 and amended as required by section 115A.96, subdivision 6. The agency shall issue the permit only if the capacity of the facility is consistent with the needs for resource recovery or disposal capacity identified in the approved plan or plans. Consistency must be determined by the ~~metropolitan council for counties in the metropolitan area and by the agency for counties outside the metropolitan area~~ office of environmental assistance. Plans approved before January 1, 1990, need not be revised if the capacity sought in the permit is consistent with the approved plan or plans.

(b) The agency shall require as part of the permit application for a waste incineration facility identification of preliminary plans for ash management and ash leachate treatment or ash utilization. The permit issued by the agency must include requirements for ash management and ash leachate treatment.

(c) Within 30 days of receipt by the agency of a permit application for a solid waste facility, the commissioner shall notify the applicant in writing whether the application is complete and if not, what items are needed to make it complete, and shall give an estimate of the time it will take to process the application. Within 180 days of receipt of a completed application, the agency shall approve, disapprove, or delay decision on the application, with reasons for the delay, in writing.

Sec. 38. Minnesota Statutes 1994, section 116.072, is amended to read:

116.072 [ADMINISTRATIVE PENALTIES.]

Subdivision 1. [AUTHORITY TO ISSUE PENALTY ORDERS.] (a) The commissioner may issue an order requiring violations to be corrected and administratively assessing monetary penalties for violations of this chapter and chapters 115, 115A, 115D, and 115E, any rules adopted under those chapters, and any standards, limitations, or conditions established in an agency permit; and for failure to respond to a request for information under section 115B.17, subdivision 3. The order must be issued as provided in this section.

(b) A county board may adopt an ordinance containing procedures for the issuance of administrative penalty orders and may issue orders beginning August 1, 1996. Before adopting ordinances, counties shall work cooperatively with the agency to develop an implementation plan for the orders that substantially conforms to a model ordinance developed by the counties and the agency. After adopting the ordinance, the county board may issue orders requiring violations to be corrected and administratively assessing monetary penalties for violations of county ordinances adopted under section 400.16, 400.161, or 473.811 or chapter 115A that regulate solid and hazardous waste and any standards, limitations, or conditions established in a county license issued pursuant to these ordinances. For violations of ordinances relating to hazardous waste, a county's penalty authority is described in subdivisions 2 to 5. For violations of ordinances relating to solid waste, a county's penalty authority is described in subdivision 5a. Subdivisions 6 to 11 apply to violations of ordinances relating to both solid and hazardous waste.

(c) Monetary penalties collected by a county must be used to manage solid and hazardous waste. A county board's authority is limited to violations described in paragraph (b). Its authority to issue orders under this section expires August 1, 1999.

Subd. 2. [AMOUNT OF PENALTY; CONSIDERATIONS.] (a) The commissioner or county board may issue an order assessing a penalty up to $10,000 for all violations identified during an inspection or other compliance review.

(b) In determining the amount of a penalty the commissioner or county board may consider:

(1) the willfulness of the violation;

(2) the gravity of the violation, including damage to humans, animals, air, water, land, or other natural resources of the state;

(3) the history of past violations;

(4) the number of violations;

(5) the economic benefit gained by the person by allowing or committing the violation; and

(6) other factors as justice may require, if the commissioner or county board specifically identifies the additional factors in the commissioner's or county board's order.

(c) For a violation after an initial violation, the commissioner or county board shall, in determining the amount of a penalty, consider the factors in paragraph (b) and the:

(1) similarity of the most recent previous violation and the violation to be penalized;

(2) time elapsed since the last violation;

(3) number of previous violations; and

(4) response of the person to the most recent previous violation identified.

Subd. 3. [CONTENTS OF ORDER.] An order assessing an administrative penalty under this section shall include:

(1) a concise statement of the facts alleged to constitute a violation;

(2) a reference to the section of the statute, rule, ordinance, variance, order, stipulation agreement, or term or condition of a permit or license that has been violated;

(3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based; and

(4) a statement of the person's right to review of the order.

Subd. 4. [CORRECTIVE ORDER.] (a) The commissioner or county board may issue an order assessing a penalty and requiring the violations cited in the order to be corrected within 30 calendar days from the date the order is received.

(b) The person to whom the order was issued shall provide information to the commissioner or county board before the 31st day after the order was received demonstrating that the violation has been corrected or that appropriate steps toward correcting the violation have been taken. The commissioner or county board shall determine whether the violation has been corrected and notify the person subject to the order of the commissioner's or county board's determination.

Subd. 5. [PENALTY.] (a) Except as provided in paragraph (b), if the commissioner or county board determines that the violation has been corrected or appropriate steps have been taken to correct the action, the penalty must be forgiven. Unless the person requests review of the order under subdivision 6 or 7 before the penalty is due, the penalty in the order is due and payable:

(1) on the 31st day after the order was received, if the person subject to the order fails to provide information to the commissioner or county board showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation; or

(2) on the 20th day after the person receives the commissioner's or county board's determination under subdivision 4, paragraph (b), if the person subject to the order has provided information to the commissioner or county board that the commissioner or county board determines is not sufficient to show the violation has been corrected or that appropriate steps have been taken toward correcting the violation.

(b) For a repeated or serious violation, the commissioner or county board may issue an order with a penalty that will not be forgiven after the corrective action is taken. The penalty is due by 31 days after the order was received unless review of the order under subdivision 6, 7, or 8 has been sought.

(c) Interest at the rate established in section 549.09 begins to accrue on penalties under this subdivision on the 31st day after the order with the penalty was received.

Subd. 5a. [COUNTY PENALTY AUTHORITY FOR SOLID WASTE VIOLATIONS.] (a) A county board's authority to issue a corrective order and assess a penalty for all violations relating to solid waste that are identified during an inspection or other compliance review is as described in this subdivision. The model ordinance described in subdivision 1, paragraph (b), must include provisions for letters or warnings that may be issued following the inspection and before proceeding under paragraph (b).

(b) For all violations described in paragraph (a), a county attorney or county department with responsibility for environmental enforcement may first issue a notice of violation that complies with the requirements of subdivision 4, except that no penalty may be assessed unless, in the opinion of the county board, the gravity of the violation and its potential for damage to, or actual

damage to, public health or the environment is such that a penalty under paragraph (c) or (d) is warranted. In that case the county attorney or department may proceed directly to paragraph (c) or (d).

(c) If the violations are not corrected, if appropriate steps have not been taken to correct them, or if the county board has determined that the gravity of the violations are such that action under this paragraph is warranted, a county board may issue a corrective order as described in subdivision 4, except that the penalty may not exceed $2,000.

(d) If the violations are still not corrected, if appropriate steps have not been taken to correct them, or if the county board has determined that the gravity of the violations are such that action under this paragraph is warranted, a county board may issue a corrective order as described in subdivision 4, except that the penalty may not exceed $5,000.

(e) In determining the amount of the penalty in paragraph (c) or (d), the county board shall be governed by subdivision 2, paragraphs (b) and (c). The penalty assessed under paragraph (c) or (d) shall be due and payable, forgiven, or assessed without forgiveness as described in subdivision 5.

Subd. 6. [EXPEDITED ADMINISTRATIVE HEARING.] (a) Within 30 days after receiving an order or within 20 days after receiving notice that the commissioner or county board has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing, utilizing the procedures of Minnesota Rules, parts 1400.8510 to 1400.8612, to review the commissioner's or county board's action. The hearing request must specifically state the reasons for seeking review of the order. The person to whom the order is directed and the commissioner or county board are the parties to the expedited hearing. The commissioner or county board must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner or county board unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing shall be conducted under Minnesota Rules, parts 1400.8510 to 1400.8612, as modified by this subdivision. The office of administrative hearings may, in consultation with the agency, adopt rules specifically applicable to cases under this section.

(c) The administrative law judge shall issue a report making recommendations about the commissioner's or county board's action to the commissioner or county board within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner or county board may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(e) If a hearing has been held, the commissioner or county board may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner or county board on the recommendations and the commissioner or county board will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the commissioner or county board, the penalty shall be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.

Subd. 7. [DISTRICT COURT HEARING.] (a) Within 30 days after the receipt of an order from the commissioner or a county board or within 20 days of receipt of notice that the commissioner or a county board has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may file a

petition in district court for review of the order in lieu of requesting an administrative hearing under subdivision 6. The petition shall be filed with the court administrator with proof of service on the commissioner or county board. The petition shall be captioned in the name of the person making the petition as petitioner and the ~~director~~ commissioner or county board as respondent. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order, including the facts upon which each claim is based.

(b) At trial, the commissioner or county board must establish by a preponderance of the evidence that a violation subject to this section occurred, the petitioner is responsible for the violation, a penalty immediately assessed as provided for under subdivision 5, paragraph (b) or (c), is justified by the violation, and the factors listed in subdivision 2 were considered when the penalty amount was determined and the penalty amount is justified by those factors.

Subd. 8. [MEDIATION.] In addition to review under subdivision 6 or 7, the commissioner or county board is authorized to enter into mediation concerning an order issued under this section if the commissioner or county board and the person to whom the order is issued both agree to mediation.

Subd. 9. [ENFORCEMENT.] (a) The attorney general ~~may proceed~~ on behalf of the state, or the county attorney on behalf of the county, may proceed to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

(b) The attorney general or county attorney may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the same manner as a final judgment of the district court.

(c) If a person fails to pay the penalty, the attorney general or county attorney may bring a civil action in district court seeking payment of the penalties, injunctive, or other appropriate relief including monetary damages, attorney fees, costs, and interest.

Subd. 10. [REVOCATION AND SUSPENSION OF PERMIT.] If a person fails to pay a penalty owed under this section, the agency or county board has grounds to revoke or refuse to reissue or renew a permit or license issued by the agency or county board.

Subd. 11. [CUMULATIVE REMEDY.] The authority of the agency or county board to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law, except that the state or county board may not seek civil penalties under any other provision of law for the violations covered by the administrative penalty order. The payment of a penalty does not preclude the use of other enforcement provisions, under which penalties are not assessed, in connection with the violation for which the penalty was assessed.

Subd. 12. [REPORT; ADMINISTRATIVE PENALTY ORDER.] (a) All counties that have adopted ordinances allowing them to issue administrative penalty orders shall report to the legislative auditor by September 1, 1998, on administrative penalty activity through August 1, 1998. The reports must include at least the following information: the nature and number of orders and penalties issued or forgiven, the nature and outcome of appeals taken, how much revenue was collected from penalties and how it was spent, and any other information a county board finds relevant.

The master plan shall describe county solid waste activities, functions, and facilities; the existing system of solid waste generation, collection, and processing, and disposal within the county; proposed mechanisms for complying with the recycling requirements of section 115A.551, and the household hazardous waste management requirements of section 115A.96, subdivision 6; existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste facilities and solid waste generation, collection, and processing, and disposal; existing or proposed municipal, county, or private solid waste facilities and collection services within the county together with schedules of existing rates and charges to users and statements as to the extent to which such facilities and services will or may be used to implement the policy plan; and any solid waste facility which the county owns or plans to acquire, construct, or improve together with statements as to the planned method, estimated cost and time of acquisition, proposed procedures for operation and maintenance of each facility; an estimate of the annual cost of operation and maintenance of each facility; an estimate of the annual gross revenues which will be received from the operation of each facility; and a proposal for the use of each facility after it is no longer needed or usable as a waste facility. The master plan shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated by public agencies or supported primarily by public funds or obligations issued by a public agency, the master plan shall contain criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan.

Sec. 32. Minnesota Statutes 1994, section 473.803, subdivision 2a, is amended to read:

Subd. 2a. [WASTE ABATEMENT.] The ~~council~~ director may require any county that fails to meet the waste abatement objectives contained in the ~~council's~~ metropolitan policy plan to amend its master plan to address methods to achieve the objectives. The master plan amendment is subject to ~~council~~ review and approval as provided in subdivision 2 and must consider at least:

(1) minimum recycling service levels for solid waste generators;

(2) mandatory generator participation in recycling programs including separation of recyclable material from mixed municipal solid waste;

(3) use of organized solid waste collection under section 115A.94; and

(4) waste abatement participation incentives including provision of storage bins, weekly collection of recyclable material, expansion of the types of recyclable material for collection, collection of recyclable material on the same day as collection of solid waste, and financial incentives such as basing charges to generators for waste collection services on the volume of waste generated and discounting collection charges for generators who separate recyclable material for collection separate from their solid waste.

Sec. 33. Minnesota Statutes 1994, section 473.803, subdivision 3, is amended to read:

Subd. 3. [ANNUAL REPORT.] By April 1 of each year, each metropolitan county shall prepare and submit to the ~~council~~ director for ~~its~~ approval a report containing information, as ~~the council may prescribe~~ prescribed in ~~its~~ the metropolitan policy plan, concerning solid waste generation and management within the county. The report shall include a statement of progress in achieving the land disposal abatement objectives for the county and classes of cities in the county as stated in the ~~council's~~ metropolitan policy plan and county master plan. The report must list cities that have not satisfied the county performance standards for local abatement required by subdivision 1c. The report must include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.

The report shall contain the recycling development grant report required by section 473.8441 and the annual certification report required by section 473.848.

Sec. 34. Minnesota Statutes 1994, section 473.803, subdivision 5, is amended to read:

Subd. 5. [ROLE OF PRIVATE SECTOR; COUNTY OVERSIGHT.] A county may include in its solid waste management master plan and in its plan for county land disposal abatement a determination that the private sector will achieve, either in part or in whole, the goals and requirements of sections 473.149 and 473.803, as long as the county:

(1) retains active oversight over the efforts of the private sector and monitors performance to ensure compliance with the law and the goals and standards ~~of~~ in the ~~council and the county as expressed in the~~ metropolitan ~~solid waste management~~ policy plan and the county master plan;

(2) continues to meet its responsibilities under the law for ensuring proper waste management, including, at a minimum, enforcing waste management law, providing waste education, promoting waste reduction, and providing its residents the opportunity to recycle waste materials; and

(3) continues to provide all required reports on the county's progress in meeting the waste management goals and standards of this chapter and chapter 115A.

Sec. 35. Minnesota Statutes 1994, section 473.804, is amended to read:

473.804 [HOUSEHOLD HAZARDOUS WASTE MANAGEMENT.]

By June 30, 1992, each metropolitan county shall develop and implement a permanent program to manage household hazardous waste. Each program must include at least quarterly collection of wastes. Each program must be consistent with the ~~council's~~ metropolitan policy plan and must be described as part of each county's solid waste master plan revision as required under section 473.803, subdivision 1.

Sec. 36. Minnesota Statutes 1994, section 473.811, subdivision 1, is amended to read:

Subdivision 1. [COUNTY ACQUISITION OF FACILITIES.] To accomplish the purpose specified in section 473.803, each metropolitan county may acquire by purchase, lease, gift or condemnation as provided by law, upon such terms and conditions as it shall determine, including contracts for deed and conditional sales contracts, solid waste facilities or properties or easements for solid waste facilities which are in accordance with rules adopted by the agency, the policy plan ~~adopted by the council~~ and the approved county master plan ~~as approved by the council~~, and may improve or construct improvements on any property or facility so acquired. No metropolitan city, county or town shall own or operate a hazardous waste facility, except a facility to manage household hazardous waste. Each metropolitan county is authorized to levy a tax in anticipation of need for expenditure for the acquisition and betterment of solid waste facilities. If a tax is levied in anticipation of need, the purpose must be specified in a resolution of the county directing that the levy and the proceeds of the tax may be used only for that purpose. Until so used, the proceeds shall be retained in a separate fund or invested in the same manner as surplus in a sinking fund may be invested under section 475.66. The right of condemnation shall be exercised in accordance with chapter 117.

For the purposes of this section "solid waste facility" includes a facility to manage household hazardous waste.

Sec. 37. Minnesota Statutes 1994, section 473.811, subdivision 4a, is amended to read:

Subd. 4a. [ORDINANCES; GENERAL CONDITIONS; RESTRICTIONS; APPLICATION.] Ordinances of counties and local government units related to or affecting waste management shall embody plans, policies, rules, standards and requirements adopted by any state agency authorized to manage or plan for or regulate the management of waste and the waste management plans adopted ~~by the council~~ under section 473.149 and shall be consistent with approved county master plans ~~approved by the council~~. Except as provided in this subdivision, a county may establish and operate or contract for the establishment or operation of a solid waste disposal facility without complying with local ordinances if the ~~council~~ director certifies need under section 473.823, subdivision 6. With the approval of the ~~council~~ director, local government units may impose and

enforce reasonable conditions respecting the construction, operation, inspection, monitoring, and maintenance of the disposal facilities. No local government unit shall prevent the establishment or operation of any solid waste facility in accordance with the ~~council's~~ director's decision under section 473.823, subdivision 5, except that, with the approval of the ~~council~~ director, the local government unit may impose reasonable conditions respecting the construction, inspection, monitoring, and maintenance of a facility.

Sec. 38. Minnesota Statutes 1994, section 473.811, subdivision 5, is amended to read:

Subd. 5. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] (a) Each metropolitan county may adopt ordinances governing the collection of solid waste. A county may adopt, but may not be required to adopt, an ordinance that requires the separation from mixed municipal waste, by generators before collection, of materials that can readily be separated for use or reuse as substitutes for raw materials or for transformation into a usable soil amendment.

(b) Each local unit of government within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted a collection ordinance, the local unit shall adopt either the county ordinance by reference or a more strict ordinance. If the county within which it is located has adopted a separation ordinance, the ordinance applies in all local units within the county that have failed to meet the local abatement performance standards, as stated in the most recent annual county report.

(c) Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through and between counties and local units, except as required for the enforcement of any designation of a facility by a county under chapter 115A or for enforcement of the prohibition on disposal of unprocessed mixed municipal solid waste under sections 473.848 and 473.849.

(d) A licensed collector or a metropolitan county or local government unit may request review by the ~~council~~ director of an ordinance adopted under this subdivision. The ~~council~~ director shall approve or disapprove the ordinance within 60 days of the submission of a request for review. The ordinance shall remain in effect unless it is disapproved.

(e) Ordinances of counties and local units of government:

(1) shall provide for the enforcement of any designation of facilities by the counties under chapter 115A;

(2) may require waste collectors and transporters to deliver unprocessed mixed municipal waste generated in the county to processing facilities; and

(3) may prohibit waste collectors and transporters from delivering unprocessed mixed municipal solid waste generated in the county to disposal facilities for final disposal.

(f) Nothing in this subdivision limits the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the ~~council~~ director for ordinances regulating collection.

Sec. 39. Minnesota Statutes 1994, section 473.811, subdivision 7, is amended to read:

Subd. 7. [JOINT ACTION.] Any local governmental unit or metropolitan agency may act together with any county, city, or town within or without the metropolitan area, or with the pollution control agency or the office ~~of waste management~~ under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, 473.801 to 473.823, 473.834, 116.05 and 115A.06.

Any agreement regarding data processing services relating to the generation, management, identification, labeling, classification, storage, collection, treatment, transportation, processing or disposal of waste and entered into pursuant to section 471.59, or other law authorizing joint or cooperative action may provide that any party to the agreement may agree to defend, indemnify and hold harmless any other party to the agreement providing the services, including its employees, officers or volunteers, against any judgments, expenses, reasonable attorney's fees and

amounts paid in settlement actually and reasonably incurred in connection with any third party claim or demand arising out of an alleged act or omission by a party to the agreement, its employees, officers or volunteers occurring in connection with any exchange, retention, storage or processing of data, information or records required by the agreement. Any liability incurred by a party to an agreement under this subdivision shall be subject to the limitations set forth in section 3.736 or 466.04.

Sec. 40. Minnesota Statutes 1994, section 473.811, subdivision 8, is amended to read:

Subd. 8. [COUNTY SALE OR LEASE.] Each metropolitan county may sell or lease any facilities or property or property rights previously used or acquired to accomplish the purposes specified by sections 473.149, 473.151, 473.801 to 473.823, and 473.834. Such property may be sold in the manner provided by section 469.065, or may be sold in the manner and on the terms and conditions determined by the county board. Each metropolitan county may convey to or permit the use of any such property by a local government unit, with or without compensation, without submitting the matter to the voters of the county. No real property or property rights acquired pursuant to this section, may be disposed of in any manner unless and until the county shall have submitted to the agency and the ~~metropolitan council~~ director for review and comment the terms on and the use for which the property will be disposed of. The agency and the ~~council~~ director shall review and comment on the proposed disposition within 60 days after each has received the data relating thereto from the county.

Sec. 41. Minnesota Statutes 1994, section 473.813, subdivision 2, is amended to read:

Subd. 2. Before a city, county, or town enters into any contract pursuant to subdivision 1 for a period of more than five years, the city, county, or town shall submit the proposed contract and a description of the proposed activities under the contract to the ~~council~~ director for review and approval. The ~~council~~ director shall approve the proposed contract if ~~it~~ the director determines that the contract is consistent with the ~~council's~~ metropolitan policy plan, permits issued under section 473.823, and county reports or approved master plans ~~approved by the council~~. The ~~council~~ director may consolidate ~~its~~ the review of contracts submitted under this section with ~~its~~ the review of related permit applications submitted under section 473.823 and for this purpose may delay the review required by this section.

Sec. 42. Minnesota Statutes 1994, section 473.823, subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] (a) The agency shall request applicants for solid waste facility permits to submit all information deemed relevant by the ~~council to its~~ director for review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the effectiveness of proposed buffer areas to ensure, at a minimum, protection of surrounding land uses from adverse or incompatible impacts due to landfill operation and related activities, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production.

(b) A permit may not be issued for the operation of a solid waste facility in the metropolitan area which is not in accordance with the metropolitan ~~council's solid waste~~ policy plan. The ~~metropolitan council~~ director shall determine whether a permit is in accordance with the policy plan. In making ~~its~~ this determination, the ~~council~~ director shall consider the areawide need and benefit of the applicant facility and the effectiveness of proposed buffer areas to adequately protect surrounding land uses in accordance with ~~its~~ the policy plan, and may consider, without limitation, the effect of the applicant facility on existing and planned solid waste facilities.

(c) If the ~~council~~ director determines that a permit is in accordance with ~~its~~ the policy plan, the ~~council~~ director shall approve the permit. If the ~~council~~ director determines that a permit is not in accordance with ~~its~~ the policy plan, ~~it~~ the director shall disapprove the permit. ~~The council's~~ Approval of permits may be subject to conditions the director determines are necessary to satisfy criteria and standards in ~~its~~ the policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a solid waste facility used primarily for resource recovery and the geographic territory from which a resource recovery facility or transfer station serving such a facility may draw its waste.

(d) For the purpose of this review and approval ~~by the council~~, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the ~~metropolitan council~~ director within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the ~~council~~ director, unless a time extension is authorized by the agency, the ~~council~~ director shall issue to the agency in writing ~~its~~ a determination whether the permit is disapproved, approved, or approved with conditions. If the ~~council~~ director does not issue ~~its~~ a determination to the agency within the 60-day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the ~~council's~~ policy plan.

(e) A permit may not be issued in the metropolitan area for a solid waste facility used primarily for resource recovery or a transfer station serving the facility, if the facility or station is owned or operated by a public agency or if the acquisition or betterment of the facility or station is secured by public funds or obligations issued by a public agency, unless the ~~council~~ director finds and determines that adequate markets exist for the products recovered and that establishment of the facility is consistent with the criteria and standards in the metropolitan and county plans respecting the protection of existing resource recovery facilities and transfer stations serving such facilities.

Sec. 43. Minnesota Statutes 1994, section 473.823, subdivision 5, is amended to read:

Subd. 5. [REVIEW OF WASTE PROCESSING FACILITIES.] (a) A metropolitan county may establish a waste processing facility within the county without complying with local ordinances, if the action is approved by the ~~council~~ director in accordance with the review process established by this subdivision. A county requesting review ~~by the council~~ shall show that:

(1) the required permits for the proposed facility have been or will be issued by the agency;

(2) the facility is consistent with the ~~council's~~ metropolitan policy plan and the approved county master plan; and

(3) a local government unit has refused to approve the establishment or operation of the facility, has failed to deny or approve establishment or operation of the facility within the time period required in section 115A.31, or has approved the application or request with conditions that are unreasonable or impossible for the county to meet.

(b) The ~~council~~ director shall ~~meet to~~ commence the review within 90 days of the submission of a request determined by the ~~council~~ director to satisfy the requirements for review under this subdivision. ~~At the meeting~~ Upon commencing the review the ~~chair~~ director shall ~~recommend and the council~~ establish a scope and procedure, including criteria, for ~~its~~ the review and final decision on the proposed facility. The procedure shall require the ~~council~~ director to make a final decision on the proposed facility within 120 days following the commencement of review. For facilities other than waste incineration and mixed municipal solid waste composting facilities, the ~~council~~ director shall ~~meet to~~ commence the review within 45 days of submission of the request and shall make a final decision within 75 days following commencement of review.

(c) The ~~council~~ director shall conduct at least one public hearing in the city or town within which the proposed facility would be located. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing. The notice shall describe the proposed facility, its location, the proposed permits, and the ~~council's~~ scope, procedure, and criteria for review. The notice shall identify a location or locations within the local government unit and county where the permit applications and the ~~council's~~ scope, procedure, and criteria for review are available for review and where copies may be obtained.

(d) In ~~its~~ the review and final decision on the proposed facility, the ~~council~~ director shall consider at least the following matters:

(1) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, and the degree to which the risk or effect may be alleviated;

(2) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(3) the adverse effects of the facility on agriculture and natural resources and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site;

(4) the need for the proposed facility and the availability of alternative sites;

(5) the consistency of the proposed facility with the county master plan adopted pursuant to section 473.803 and the ~~council's~~ policy plan adopted pursuant to section 473.149; and

(6) transportation facilities and distance to points of waste generation.

(e) ~~In its final decision in the review,~~ The ~~council~~ director may either approve or disapprove the proposed facility at the proposed site. The ~~council's~~ approval shall embody all terms, conditions, and requirements of the permitting state agencies, provided that the ~~council~~ director may require more stringent permit terms, conditions, and requirements respecting the design, construction, operation, inspection, monitoring, and maintenance of the proposed facility at the proposed site.

Sec. 44. Minnesota Statutes 1994, section 473.823, subdivision 6, is amended to read:

Subd. 6. [~~COUNCIL;~~ CERTIFICATION OF NEED.] No new mixed municipal solid waste disposal facility or capacity shall be permitted in the metropolitan area without a certificate of need issued by the ~~council~~ director indicating ~~the council's~~ a determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The ~~council~~ director shall amend ~~its~~ the policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need that conform to the certification standards stated in this subdivision. The standards and procedures shall be based on the ~~council's~~ metropolitan disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, the ~~council's~~ solid waste disposal facilities development schedule adopted under section 473.149, subdivision 2e, and the provisions of any master plans of counties that have been approved ~~by the council~~ under section 473.803, subdivision 2, and that are consistent with the ~~council's~~ abatement plan and development schedule. The ~~council~~ director shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives.

Sec. 45. Minnesota Statutes 1994, section 473.844, subdivision 1a, is amended to read:

Subd. 1a. [USE OF FUNDS.] (a) The money in the account may be spent only for the following purposes:

(1) assistance to any person for resource recovery projects funded under subdivision 4 or projects to develop and coordinate markets for reusable or recyclable waste materials, including related public education, planning, and technical assistance;

(2) grants to counties under section 473.8441;

(3) program administration ~~by the metropolitan council~~;

(4) public education on solid waste reduction and recycling;

(5) solid waste research; and

(6) grants to multicounty groups for regionwide planning for solid waste management system operations and use of management capacity.

Grants and loans may be made to any person for resource recovery projects. The grants and loans may include the cost of planning, acquisition of land and equipment, and capital improvements. Grants and loans for planning may not exceed 50 percent of the planning costs. Grants and loans for acquisition of land and equipment and for capital improvements may not exceed 50 percent of the cost of the project. Grants and loans may be made for public education on the need for the resource recovery projects. A grant or loan for land, equipment, or capital improvements may not be made until the ~~metropolitan council~~ director has determined the total estimated capital cost of the project and ascertained that full financing of the project is assured. Grants and loans made to cities, counties, or solid waste management districts must be for projects that are in conformance with approved master plans. A grant or loan to a city or town must be reviewed and approved by the county for conformance with the county master plan. The ~~council~~ director shall require, where practical, cooperative purchase between cities, counties, and districts of capital equipment.

Sec. 47. Minnesota Statutes 1994, section 473.8441, subdivision 2, is amended to read:

Subd. 2. [PROGRAM.] The ~~council~~ director shall encourage the development of permanent local recycling programs throughout the metropolitan area. ~~By January 1, 1988, the council shall develop performance indicators for local recycling that will measure the availability and use of recycling throughout the metropolitan area.~~ The ~~council~~ director shall make grants to qualifying metropolitan counties as provided in this section.

Sec. 48. Minnesota Statutes 1994, section 473.8441, subdivision 4, is amended to read:

(b) The activities funded must be consistent with the ~~council's~~ metropolitan policy plan and the county master plan.

(c) A grant must be matched by equal county expenditures for the activities for which the grant is made.

(d) All grant funds must be used for new activities or to enhance or increase the effectiveness of existing activities in the county.

Sec. 49. Minnesota Statutes 1994, section 473.8441, subdivision 5, is amended to read:

Subd. 5. [GRANT ALLOCATION PROCEDURE.] (a) The ~~council~~ director shall distribute the funds annually so that each qualifying county receives an equal share of 50 percent of the ~~council's~~ allocation to the program described in this section, plus a proportionate share of the remaining funds available for the program. A county's proportionate share is an amount that has the same proportion to the total remaining funds as the number of households in the county has to the total number of households in all metropolitan counties.

(b) To qualify for distribution of funds, a county, by April 1 of each year, must submit ~~for council~~ to the director for approval a report on expenditures and activities under the program during the preceding fiscal year and any proposed changes in its recycling implementation strategy or performance funding system. The report shall be included in the county report required by section 473.803, subdivision 3.

Sec. 50. Minnesota Statutes 1994, section 473.845, subdivision 4, is amended to read:

Subd. 2. [COUNTY CERTIFICATION; ~~COUNCIL~~ OFFICE APPROVAL.] (a) By April 1 of each year, each county shall submit an annual certification report to the ~~council~~ office detailing:

(1) the quantity of waste generated in the county that was not processed prior to transfer to a disposal facility during the year preceding the report;

(2) the reasons the waste was not processed;

(3) a strategy for development of techniques to ensure processing of waste including a specific timeline for implementation of those techniques; and

(4) any progress made by the county in reducing the amount of unprocessed waste.

The report shall be included in the county report required by section 473.803, subdivision 3.

(b) The ~~council~~ office shall approve a county's certification report if it determines that the county is reducing and will continue to reduce the amount of unprocessed waste, based on the report and the county's progress in development and implementation of techniques to reduce the amount of unprocessed waste transferred to disposal facilities. If the ~~council~~ office does not approve a county's report, it shall negotiate with the county to develop and implement specific techniques to reduce unprocessed waste. If the ~~council~~ office does not approve two or more consecutive reports from any one county, the ~~council~~ office shall develop specific reduction techniques that are designed for the particular needs of the county. The county shall implement those techniques by specific dates to be determined by the ~~council~~ office.

President of the Senate

The Honorable Irv Anderson
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 538, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendment and that S.F. No. 538 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. [15.442] [REFUNDS OF LICENSE FEES.]

Subdivision 1. [DEFINITIONS.] For purposes of this section:

(1) "agency" has the meaning given it in section 16B.01, subdivision 2;

(2) "applicant" means an individual; a small business as defined by section 645.445; or a family farm, family farm corporation, or family farm partnership as defined by section 500.24, subdivision 2;

(3) "license" means a license, permit, variance, order, or other document or agency action required to permit an applicant to engage in certain conduct, perform an action, or refrain from performing an action; and

(4) "fee" means an amount of money paid for a license as defined in clause (3) that covers the cost of processing, investigating, and issuing the license, including a fee paid to a political subdivision or an agent of the state or a political subdivision, but does not include:

(i) any charge the collection of which is administered by the commissioner of revenue, other than a fee for a license the commissioner issues;

(ii) reemployment insurance tax required by chapter 268; or

(iii) motor vehicle registration tax required by chapter 168.

Subd. 2. [REFUNDS REQUIRED.] An agency, upon request of an applicant, shall refund the fee paid by the applicant for a license if the agency has not taken final action on the application and conveyed the license, or other action on the application, to the applicant within six weeks of receiving the application in complete, correct form together with any required information or documentation and after any necessary inspection. An agency has conveyed a license or other action when, as shown by agency records, it has taken the normal steps used by the agency to deliver a license or notification of other action to an applicant. Delivery by mail is accomplished when a license or other notification is deposited with the postal service. A request for a refund may be made in writing or by facsimile within one year after filing the application. An agency shall not refund a fee paid by an applicant if the agency was prevented from taking final action on the license within six weeks because of (1) a work stoppage, or (2) a requirement of federal law or court order imposed or entered after July 1, 1995. This section does not apply to licenses issued by health regulatory agencies under chapter 214, to drivers' licenses, or to licenses the issuance of which requires:

(1) one or more public hearings or public notice requirements;

(3) an environmental impact statement or environmental assessment worksheet;

(4) a drawing to determine successful applicants for a limited number of licenses;

(5) following a specific timetable for issuance that is otherwise prescribed by law;

(6) inspection during a period of open water; or

(7) an annual report of water use.

Subd. 3. [RULES PROHIBITED.] An agency may not adopt rules limiting, adding conditions to, or otherwise governing the issuance of refunds under this section.

Subd. 4. [EFFECT ON LICENSE.] The refund of a fee as required by this section does not relieve the affected agency from its obligation to issue the license for which the fee was initially paid, if the other requirements for issuance of the license have been met.

Sec. 2. [EFFECTIVE DATE.]

This act is effective July 1, 1995, and applies to applications filed after June 30, 1995."

Delete the title and insert:

"A bill for an act relating to state agencies; requiring the refund of license fees to certain applicants if licenses are not issued within six weeks; proposing coding for new law in Minnesota Statutes, chapter 15."

The Iron Range Resources and Rehabilitation Board has determined that this parcel of land is not needed for its purposes and that the city of Eveleth needs it for municipal purposes.

Sec. 9. [MANKATO STATE UNIVERSITY.]

Mankato State University may sell to the city of Mankato for fair market value approximately 2.66 acres of land in the area of Warren Street, Stadium Road, and Hiniker Mill Road for use as a detention basin. The university may also grant the city of Mankato a permanent utility easement in order to provide the city access to the basin.

Sec. 10. [EFFECTIVE DATE.]

Sections 1 to 9 are effective the day following final enactment."

The Honorable Irv Anderson
Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 507, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S.F. No. 507 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

Section 1. Minnesota Statutes 1994, section 115C.02, is amended by adding a subdivision to read:

Subd. 11a. [PREREMOVAL SITE ASSESSMENT.] "Preremoval site assessment" means actions defined in section 115A.092 which are taken by a registered consultant or the consultant's subcontractor prior to the removal of a petroleum storage tank in order to determine whether a release has occurred in the area immediately surrounding the tank.

Sec. 2. Minnesota Statutes 1994, section 115C.02, is amended by adding a subdivision to read:

Subd. 12a. [RESIDENTIAL SITE.] "Residential site" means a site containing a residence used for permanent habitation by an applicant. A residence may be part of a multipurpose or multidwelling building, but shall not include multidwelling units which contain more than two separate residences, or buildings such as hotels, hospitals, motels, dormitories, sanitariums, nursing homes, schools or other buildings used for educational purposes, or correctional institutions.

Sec. 3. Minnesota Statutes 1994, section 115C.03, subdivision 10, is amended to read:

Subd. 10. [~~RETENTION OF~~ CORRECTIVE ACTION RECORDS.] A ~~person who applies for reimbursement under this chapter and a~~ contractor or consultant who has billed ~~the applicant~~ for corrective action services ~~that are part of the claim for reimbursement~~ must ~~maintain~~ prepare and retain all records related to the ~~claim for reimbursement~~ corrective action services for a minimum of ~~five~~ seven years from the date the ~~claim for reimbursement is submitted to the board.~~ corrective action services are performed, including, but not limited to, invoices submitted to applicants, subcontractor invoices, receipts for equipment rental, and all other goods rented or purchased, personnel time reports, mileage logs, and expense accounts. An applicant must obtain and retain records necessary to document costs submitted in a claim for reimbursement for corrective action services for seven years from the date the claim is submitted to the board.

Sec. 4. Minnesota Statutes 1994, section 115C.09, subdivision 2, is amended to read:

Subd. 2. [RESPONSIBLE PERSON ELIGIBILITY.] (a) A responsible person who has incurred reimbursable costs after June 4, 1987, in response to a release, may apply to the board for partial reimbursement under subdivision 3 and rules adopted by the board. The board may consider applications for reimbursement at the following stages:

(1) after the commissioner approves ~~a plan for~~ corrective ~~action~~ actions related to soil ~~contamination~~ excavation and treatment or after the commissioner determines that further soil excavation and treatment should not be done;

(2) after the commissioner determines that the corrective ~~action plan~~ actions described in clause (1) ~~has~~ have been fully constructed ~~or~~, installed, or completed;

(3) after the commissioner approves a comprehensive plan for corrective action that will adequately address the entire release, including groundwater contamination if necessary;

(4) after the commissioner determines that the corrective action necessary to adequately address the release has been fully constructed or installed; and

(5) periodically afterward as the corrective action continues operation, but no more frequently than four times per 12-month period unless the application is for more than $2,000 in reimbursement.

(b) The commissioner shall review a plan, and provide an approval or disapproval to the responsible person and the board, within 60 days in the case of a plan submitted under paragraph (a), clause (1), and within 120 days in the case of a plan submitted under paragraph (a), clause (3), or the commissioner shall explain to the board why additional time is necessary. The board shall consider a complete application within 60 days of submission of the application under paragraph (a), clauses (1) and (2), and within 120 days of submission of the application under paragraph (a), clauses (3) and (4), or the board shall explain for the record why additional time is necessary. For purposes of the preceding sentence, board consideration of an application is timely if it occurs at the regularly scheduled meeting following the deadline. Board staff may review applications submitted to the board simultaneous to the commissioner's consideration of the appropriateness of the corrective action, but the board may not act on the application until after the commissioner's approval is received.

(c) A reimbursement may not be made unless the board determines that the commissioner has determined that the corrective action was appropriate in terms of protecting public health, welfare, and the environment.

Sec. 5. Minnesota Statutes 1994, section 115C.09, subdivision 3, is amended to read:

Subd. 3. [REIMBURSEMENTS; SUBROGATION; APPROPRIATION.] (a) The board shall reimburse a responsible person who is eligible under subdivision 2 from the account ~~for~~ in the following amounts:

(1) 90 percent of the total reimbursable costs on the first $250,000 and 75 percent on any remaining costs in excess of $250,000 on a site; or

(2) for corrective actions at a residential site used as a permanent residence at the time the release was discovered, 92.5 percent of the total reimbursable costs on the first $100,000 and 100 percent of any remaining costs in excess of $100,000.

Not more than $1,000,000 may be reimbursed for costs associated with a single release, regardless of the number of persons eligible for reimbursement, and not more than $2,000,000 may be reimbursed for costs associated with a single tank facility.

(b) A reimbursement may not be made from the account under this subdivision until the board has determined that the costs for which reimbursement is requested were actually incurred and were reasonable.

(c) When an applicant has obtained responsible competitive bids or proposals according to rules promulgated under this chapter prior to June 1, 1995, the eligible costs for the tasks, procedures, services, materials, equipment, and tests of the low bid or proposal are presumed to be reasonable by the board, unless the costs of the low bid or proposal are substantially in excess of the average costs charged for similar tasks, procedures, services, materials, equipment, and tests in the same geographical area during the same time period.

(d) When an applicant has obtained a minimum of two responsible competitive bids or proposals on forms prescribed by the board and where the rules promulgated under this chapter after June 1, 1995, designate maximum costs for specific tasks, procedures, services, materials, equipment and tests, the eligible costs of the low bid or proposal are deemed reasonable if the costs are at or below the maximums set forth in the rules.

(e) Costs incurred for change orders executed as prescribed in rules promulgated under this chapter after June 1, 1995, are presumed reasonable if the costs are at or below the maximums set forth in the rules, unless the costs in the change order are above those in the original bid or proposal or are unsubstantiated and inconsistent with the process and standards required by the rules.

~~(c)~~ (f) A reimbursement may not be made from the account under this subdivision in response to either an initial or supplemental application for costs incurred after June 4, 1987, that are payable under an applicable insurance policy, except that if the board finds that the responsible person has made reasonable efforts to collect from an insurer and failed, the board shall reimburse the responsible person under this subdivision.

~~(d)~~ (g) If the board reimburses a responsible person for costs for which the responsible person has petroleum tank leakage or spill insurance coverage, the board is subrogated to the rights of the responsible person with respect to that insurance coverage, to the extent of the reimbursement by the board. The board may request the attorney general to bring an action in district court against the insurer to enforce the board's subrogation rights. Acceptance by a responsible person of reimbursement constitutes an assignment by the responsible person to the board of any rights of the responsible person with respect to any insurance coverage applicable to the costs that are reimbursed. Notwithstanding this paragraph, the board may instead request a return of the reimbursement under subdivision 5 and may employ against the responsible party the remedies provided in that subdivision, except where the board has knowingly provided reimbursement because the responsible person was denied coverage by the insurer.

~~(e)~~ (h) Money in the account is appropriated to the board to make reimbursements under this section. A reimbursement to a state agency must be credited to the appropriation account or accounts from which the reimbursed costs were paid.

~~(f)~~ (i) The board ~~shall~~ may reduce the amount of reimbursement to be made under this section if it finds that the responsible person has not complied with a provision of this chapter, a rule or order issued under this chapter, or one or more of the following requirements:

~~(1) at the time of the release the tank was in substantial compliance with state and federal rules and regulations applicable to the tank, including rules or regulations relating to financial responsibility;~~

~~(2)~~ (1) the agency was given notice of the release as required by section 115.061;

~~(3)~~ (2) the responsible person, to the extent possible, fully cooperated with the agency in responding to the release; and

~~(4) if the responsible person is an operator, the person exercised due care with regard to operation of the tank, including maintaining inventory control procedures.~~

(3) the state and federal rules and regulations applicable to the condition or operation of the tank when the noncompliance caused or failed to mitigate the release.

~~(g)~~ (j) The reimbursement ~~shall~~ may be reduced as much as 100 percent for failure by the responsible person to comply with the requirements in paragraph ~~(f)~~ (i), clauses (1) to ~~(4)~~ (3). In determining the amount of the reimbursement reduction, the board shall consider:

(1) the ~~likely~~ reasonable determination by the agency of the environmental impact of the noncompliance;

(2) whether the noncompliance was negligent, knowing, or willful;

(3) the deterrent effect of the award reduction on other tank owners and operators; and

(4) the amount of reimbursement reduction recommended by the commissioner.

~~(h)~~ (k) A person may assign the right to receive reimbursement to each lender who advanced funds to pay the costs of the corrective action or to each contractor or consultant who provided corrective action services. An assignment must be made by filing with the board a document, in a form prescribed by the board, indicating the identity of the responsible person, the identity of the assignee, the dollar amount of the assignment, and the location of the corrective action. An assignment signed by the responsible person is valid unless terminated by filing a termination with the board, in a form prescribed by the board, which must include the written concurrence of the assignee. The board shall maintain an index of assignments filed under this paragraph. The board shall pay the reimbursement to the responsible person and to one or more assignees by a multiparty check. The board has no liability to a responsible person for a payment under an assignment meeting the requirements of this paragraph.

Sec. 6. Minnesota Statutes 1994, section 115C.09, subdivision 3b, is amended to read:

Subd. 3b. [VOLUNTEER ELIGIBILITY.] (a) Notwithstanding subdivisions 1 to 3, a person may apply to the board for partial reimbursement under subdivision 3 who:

(1) is not a responsible person under section 115C.02;

(2) holds legal or equitable title to the property where a release occurred; and

(3) incurs reimbursable costs on or after May 23, 1989.

(b) A person eligible for reimbursement under this subdivision must, to the maximum extent possible, comply with the same conditions and requirements of reimbursement as those imposed by this section on a responsible person.

(c) The board may reduce the reimbursement to a person eligible under this subdivision if the person acquired legal or equitable title to the property from a responsible person who failed to comply with the provisions of subdivision 3, paragraph ~~(f)~~ (i), except that the board may not reduce the reimbursement to a mortgagee who acquires title to the property through foreclosure or receipt of a deed in lieu of foreclosure.

Sec. 7. Minnesota Statutes 1994, section 115C.09, subdivision 3c, is amended to read:

Subd. 3c. [RELEASE AT REFINERIES AND TANK FACILITIES NOT ELIGIBLE FOR

REIMBURSEMENT.] (a) Notwithstanding other provisions of subdivisions 1 to 3b, a reimbursement may not be made under this section for costs associated with a release:

(1) from a tank located at a petroleum refinery; or

(2) from a tank facility, including a pipeline terminal, with more than 1,000,000 gallons of total petroleum storage capacity at the tank facility.

(b) Paragraph (a), clause (2), does not apply to reimbursement for costs associated with a release from a tank facility:

(1) owned or operated by a person engaged in the business of mining iron ore or taconite;

(2) owned by a political subdivision, a housing and redevelopment authority, an economic development authority, or a port authority that acquired the tank facility prior to May 23, 1989; or

(3) owned by a person:

(i) who acquired the tank facility prior to May 23, 1989;

(ii) who did not use the tank facility for the bulk storage of petroleum; and

(iii) who is not affiliated with the party who used the tank facility for the bulk storage of petroleum.

Sec. 8. [115C.092] [TANK REMOVALS; PAYMENT FOR PREREMOVAL SITE ASSESSMENT.]

Subdivision 1. [PREREMOVAL SITE ASSESSMENT; REIMBURSEMENT.] (a) Preremoval site assessment costs which are in compliance with the requirements of this chapter and with rules promulgated under this chapter shall be reimbursable. The applicant shall obtain written competitive proposals for the preremoval site assessment on a form prescribed by the board utilizing, as appropriate, tasks and costs established in rules promulgated under this chapter governing the initial site assessment.

(b) If contamination is found at the site, the board shall reimburse an applicant upon submission of the applicant's first application for reimbursement under section 115C.09, subdivision 2. If no contamination is found at the site, the board shall reimburse the applicant upon provision by the applicant of documentation that the tank or tanks have been removed from the site.

(c) Notwithstanding any provision in this subdivision to the contrary, the board shall not reimburse for a preremoval site assessment which is done for the purposes of facilitating a property transfer. The board shall presume that a preremoval site assessment is done for the purposes of facilitating a property transfer if the property is transferred within three months of incurring preremoval site assessment costs.

Subd. 2. [REQUIREMENTS OF A PREREMOVAL SITE ASSESSMENT.] The preremoval site assessment shall include a preremoval site assessment report to the tank owner as prescribed in subdivision 3 and (1) three borings if one tank is to be removed, or (2) five borings if more than one tank is to be removed. The placement of the borings shall be based on the tank system location, estimated depth and gradient of groundwater, and the maximum probability of encountering evidence of petroleum contamination.

Subd. 3. [REPORT TO TANK OWNER.] The consultant shall prepare a preremoval site assessment report which must include the following:

(1) a summary of any unusual site features affecting the preremoval site assessment and subsequent corrective action;

(2) the opinion of the consultant as to the presence and relative magnitude of any petroleum contamination on the site;

(3) the recommendation of the consultant as to whether further corrective action is needed, including groundwater remediation;

(4) the recommendation of the consultant as to whether the contaminated soil, if any, should be excavated and the volume of soil that should be excavated;

(5) a statement as to whether a petroleum tank release was reported to the agency and the date and time of that report, if any; and

(6) the signature of the consultant or contractor, and the date the report was prepared.

If further corrective action is recommended by the consultant, the preremoval site assessment report and any additional information gathered by the consultant during the assessment shall be used for securing competitive bids or proposals on forms prescribed by the board to implement corrective actions at the site, consistent with rules promulgated under this chapter.

Subd. 4. [BID AND INVOICE FORMS; AGENCY FACT SHEETS.] By August 1, 1995, the board shall prescribe a preremoval site assessment bid and invoice form as described in subdivision 1 and the agency shall publish fact sheets applicable to the preremoval site assessment.

Sec. 9. Minnesota Statutes 1994, section 115C.11, subdivision 1, is amended to read:

Subdivision 1. [REGISTRATION.] (a) All consultants and contractors who perform corrective action services must register with the board ~~in order to participate in the petroleum tank release cleanup program~~. In order to register, consultants must meet and demonstrate compliance with the following criteria:

(1) provide a signed statement to the board verifying agreement to abide by this chapter and the rules adopted under it and to include a signed statement with each claim that all costs claimed by the consultant are a true and accurate account of services performed;

(d) ~~The commissioner must inform any person who notifies the agency of a release under section 115.061 that the person must use a registered consultant or contractor to qualify for reimbursement and that a list of registered consultants and contractors is available from the board.~~

~~(e) Work~~ Reimbursement for corrective action services performed by an unregistered consultant or contractor is ~~ineligible for reimbursement~~ subject to reduction under section 115C.09, subdivision 3, paragraph (i).

~~(f) Work~~ (e) Corrective action services performed by a consultant or contractor prior to being removed from the registration list may be reimbursed without reduction by the board.

~~(g)~~ (f) If the information in an application for registration becomes inaccurate or incomplete in any material respect, the registered consultant or contractor must promptly file a corrected application with the board.

~~(h)~~ (g) Registration is effective on the date a complete application is received by the board. The board may reimburse without reduction the cost of work performed by an unregistered contractor if the contractor performed the work within 30 days of the effective date of registration.

Sec. 10. Minnesota Statutes 1994, section 115C.11, subdivision 2, is amended to read:

Subd. 2. [DISQUALIFICATION.] (a) The board must automatically remove from the registration list for five years a consultant or contractor who is convicted in a criminal proceeding for submitting false or fraudulent bills that are part of a claim for reimbursement under section 115C.09. (d) In deciding whether a particular sanction is appropriate, the board must consider the seriousness of the consultant's or contractor's acts or omissions and any mitigating factors.

(e) Civil penalties recovered by the state under this section must be credited to the account.

Sec. 13. [116.481] [MONITORING.]

Subdivision 1. [MEASUREMENT OF TANK CAPACITY.] (a) By September 1, 1996, all aboveground tanks of 2,000 gallons or more used for storage and subsequent resale of petroleum products must be equipped with:

(1) a gauge in working order that shows the current level of product in the tank; or

(2) an audible or visual alarm which alerts the person delivering fuel into the tank that the tank is within 100 gallons of capacity.

(b) In lieu of the equipment specified in paragraph (a), the owner or operator of a tank may use a manual method of measurement which accurately determines the amount of product in the tank and the amount of capacity available to be used. This information must be readily available to anyone delivering fuel into the tank prior to delivery. Documentation that a tank has the available capacity for the amount of product to be delivered must be transmitted to the person making the delivery.

Subd. 2. [CONTENTS LABELED.] (a) By December 1, 1995, all aboveground tanks governed by this section must be numbered and labeled as to the tank contents, total capacity, and capacity in volume increments of 500 gallons or less.

(b) Piping connected to the tank must be labeled with the product carried at the point of delivery and at the tank inlet. Manifolded delivery points must have all valves labeled as to product distribution.

Subd. 3. [SITE DIAGRAM.] (a) All tanks at a facility shall be shown on a site diagram which is permanently mounted in an area accessible to delivery personnel. The diagram shall show the number, capacity, and contents of tanks and the location of piping, valves, storm sewers, and other information necessary for emergency response, including the facility owner's or operator's telephone number.

(b) Prior to delivering product into an underground or aboveground tank, delivery personnel shall:

(1) consult the site diagram, where applicable, for proper delivery points, tank and piping locations, and valve settings;

(2) visually inspect the tank, piping, and valve settings to determine that the product being delivered will flow only into the appropriate tank; and

(3) determine, using equipment and information available at the site, that the available capacity of the tank is sufficient to hold the amount being delivered.

Delivery personnel must remain in attendance during delivery.

Subd. 4. [CAPACITY OF TANK.] A tank may not be filled from a transport vehicle compartment containing more than the available capacity of the tank, unless the hose of the transport vehicle is equipped with a manually operated shut-off nozzle.

Subd. 5. [EXEMPTION.] Aboveground and underground tanks located at refineries, pipeline terminals, and river terminals are exempt from this section.

Sec. 14. [EFFECTIVE DATE.]

Sections 2 and 5, paragraph (a), are effective retroactive to June 4, 1987. Section 5, paragraphs (c) to (k), section 7, and section 8, subdivision 4, are effective the day following final enactment. Section 10 is effective January 1, 1996. All other sections are effective August 1, 1995. Sections 1 and 8 apply only to preremoval site assessments begun on or after August 1, 1995.

ARTICLE 2

Section 1. Minnesota Statutes 1994, section 88.171, subdivision 2, is amended to read:

Subd. 2. [PROHIBITED MATERIALS.] No person shall conduct, cause, or permit open burning of ~~oils,~~ rubber, plastics, chemically treated materials, or other materials which produce excessive or noxious smoke including, but not limited to, tires, railroad ties, chemically treated lumber, composite shingles, tar paper, insulation, composition board, sheetrock, wiring, paint, or paint filters. CONFERENCE COMMITTEE REPORT ON H.F. NO. 628

A bill for an act relating to the family; creating a presumption of refusal or neglect of parental duties in certain termination of parental rights cases; amending Minnesota Statutes 1994, section 260.221, subdivision 1.

May 19, 1995

The Honorable Irv Anderson
Speaker of the House of Representatives

The Honorable Allan H. Spear
President of the Senate

We, the undersigned conferees for H.F. No. 628, report that we have agreed upon the items in dispute and recommend as follows:

That the Senate recede from its amendments and that H.F. No. 628 be further amended as follows:

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1994, section 260.221, subdivision 1, is amended to read:

Subdivision 1. [VOLUNTARY AND INVOLUNTARY.] The juvenile court may upon petition, terminate all rights of a parent to a child in the following cases:

(a) With the written consent of a parent who for good cause desires to terminate parental rights; or

(b) If it finds that one or more of the following conditions exist:

(1) That the parent has abandoned the child. Abandonment is presumed when:

(i) the parent has had no contact with the child on a regular basis and no demonstrated, consistent interest in the child's well-being for six months; and

(ii) the social service agency has made reasonable efforts to facilitate contact, unless the parent establishes that an extreme financial or physical hardship or treatment for mental disability or chemical dependency or other good cause prevented the parent from making contact with the child. This presumption does not apply to children whose custody has been determined under chapter 257 or 518. The court is not prohibited from finding abandonment in the absence of this presumption; or

(2) That the parent has substantially, continuously, or repeatedly refused or neglected to comply with the duties imposed upon that parent by the parent and child relationship, including but not limited to providing the child with necessary food, clothing, shelter, education, and other care and control necessary for the child's physical, mental, or emotional health and development, if the parent is physically and financially able, and reasonable efforts by the social service agency have failed to correct the conditions that formed the basis of the petition; or

(3) That a parent has been ordered to contribute to the support of the child or financially aid in

the child's birth and has continuously failed to do so without good cause. This clause shall not be construed to state a grounds for termination of parental rights of a noncustodial parent if that parent has not been ordered to or cannot financially contribute to the support of the child or aid in the child's birth; or

(4) That a parent is palpably unfit to be a party to the parent and child relationship because of a consistent pattern of specific conduct before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental, or emotional needs of the child. It is presumed that a parent is palpably unfit to be a party to the parent and child relationship upon a showing that:

(i) the child was adjudicated in need of protection or services due to circumstances described in section 260.015, subdivision 2a, clause (1), (2), (3), (5), or (8); and

(ii) within the three-year period immediately prior to that adjudication, the parent's parental rights to one or more other children were involuntarily terminated under clause (1), (2), (4), or (7) of this paragraph, or under clause (5) of this paragraph if the child was initially determined to be in need of protection or services due to circumstances described in section 260.015, subdivision 2a, clause (1), (2), (3), (5), or (8); or

(5) That following upon a determination of neglect or dependency, or of a child's need for protection or services, reasonable efforts, under the direction of the court, have failed to correct the conditions leading to the determination. It is presumed that reasonable efforts under this clause have failed upon a showing that:

(i) a child ~~under the age of 12~~ has resided out of the parental home under court order for more than one year following an adjudication of dependency, neglect, need for protection or services under section 260.015, subdivision 2a, clause (1), (2), (3), (6), (8), or (9), or neglected and in foster care, and an order for disposition under section 260.191, including adoption of the case plan required by section 257.071;

(ii) conditions leading to the determination will not be corrected within the reasonably foreseeable future. It is presumed that conditions leading to a child's out-of-home placement will not be corrected in the reasonably foreseeable future upon a showing that the parent or parents have not substantially complied with the court's orders and a reasonable case plan, and the conditions which led to the out-of-home placement have not been corrected; and

(iii) reasonable efforts have been made by the social service agency to rehabilitate the parent and reunite the family.

This clause does not prohibit the termination of parental rights prior to one year after a child has been placed out of the home.

It is also presumed that reasonable efforts have failed under this clause upon a showing that:

(i) the parent has been diagnosed as chemically dependent by a professional certified to make the diagnosis;

(ii) the parent has been required by a case plan to participate in a chemical dependency treatment program;

(iii) the treatment programs offered to the parent were culturally, linguistically, and clinically appropriate;

(iv) the parent has either failed two or more times to successfully complete a treatment program or has refused at two or more separate meetings with a caseworker to participate in a treatment program; and

(v) the parent continues to abuse chemicals.

Provided, that this presumption applies only to parents required by a case plan to participate in a chemical dependency treatment program on or after July 1, 1990; or

(6) That the parent has been convicted of causing the death of another of the parent's children; or

(7) That in the case of a child born to a mother who was not married to the child's father when the child was conceived nor when the child was born the person is not entitled to notice of an adoption hearing under section 259.49 and either the person has not filed a notice of intent to retain parental rights under section 259.51 or that the notice has been successfully challenged; or

(8) That the child is neglected and in foster care.

In an action involving an American Indian child, sections 257.35 to 257.3579 and the Indian Child Welfare Act, United States Code, title 25, sections 1901 to 1923, control to the extent that the provisions of this section are inconsistent with those laws."

We request adoption of this report and repassage of the bill.

Speaker of the House of Representatives

We, the undersigned conferees for S.F. No. 462, report that we have agreed upon the items in dispute and recommend as follows:

That the House recede from its amendments and that S.F. No. 462 be further amended as follows:

Delete everything after the enacting clause and insert:

"ARTICLE 1

POLICY

Section 1. Minnesota Statutes 1994, section 16B.122, subdivision 3, is amended to read:

Subd. 3. [PUBLIC ENTITY PURCHASING.] (a) Notwithstanding section 365.37, 375.21, 412.311, or 473.705, a public entity may purchase recycled materials when the price of the recycled materials does not exceed the price of nonrecycled materials by more than ten percent. In order to maximize the quantity and quality of recycled materials purchased, a public entity also may use other appropriate procedures to acquire recycled materials at the most economical cost to the public entity.

(b) When purchasing commodities and services, a public entity shall apply and promote the preferred waste management practices listed in section 115A.02, with special emphasis on reduction of the quantity and toxicity of materials in waste. A public entity, in developing bid specifications, shall consider the extent to which a commodity or product is durable, reusable, or recyclable and marketable through the applicable local or regional recycling program and the extent to which the commodity or product contains postconsumer material. When a project by a public entity involves the replacement of carpeting, the public entity may require all persons who wish to bid on the project to designate a carpet recycling company in their bids.

Sec. 2. [16B.124] [CONSIDERATION OF ENVIRONMENTAL IMPACTS OF METAL RECYCLING FACILITIES.]

(a) The state, counties, towns, and home rule charter or statutory cities shall include consideration of environmental impacts in selecting a recycling facility for the recycling of scrap metal.

(b) For the purposes of this section, "recycling facility" has the meaning given in section 115A.03, subdivision 25c.

Sec. 3. [115A.0715] [CONSOLIDATED GRANT AND LOAN PROGRAMS.]

The director may consolidate and jointly administer the following grant and loan programs: public education under section 115A.072, technical and research assistance under section 115A.152, waste reduction under section 115A.154, waste processing and collection facilities and services under section 115A.156, market development under section 115A.48, waste separation projects under section 115A.53, solid waste reduction under section 115A.55, used oil under section 115A.9162, litter under section 115A.991, pollution prevention assistance under section 115D.04, and pollution prevention under section 115D.05.

Sec. 4. Minnesota Statutes 1994, section 115A.072, subdivision 3, is amended to read:

Subd. 3. [EDUCATION GRANTS.] (a) The director shall provide grants to persons for the purpose of developing and distributing waste education information.

(b) ~~The director shall provide grants and technical assistance to formal and informal education facilities to develop and implement a model program to incorporate waste reduction, recycling, litter prevention, and proper management of problem materials into educational operations.~~

~~(c)~~ The director shall provide grants or awards and technical assistance to formal and informal education facilities to develop or implement ongoing programs for waste reduction, recycling, litter prevention, and proper management of problem materials ~~programs~~.

Sec. 5. Minnesota Statutes 1994, section 115A.072, subdivision 4, is amended to read:

Subd. 4. [EDUCATION, PROMOTION, AND PROCUREMENT.] The director shall include: (1) waste reduction and reuse, including packaging reduction and reuse; and (2) the hazards of

open burning, as defined in section 88.01, of mixed municipal solid waste, especially the hazards of dioxin emissions to children, as ~~an element~~ elements of the director's program of public education on waste management required under this section. The waste reduction and reuse education program must include dissemination of information and may include an award program for model waste reduction and reuse efforts. Waste reduction and reuse educational efforts must also include provision of information about and promotion of the model procurement program developed by the commissioner of administration under section 115A.15, subdivision 7, or any other model procurement program that results in significant waste reduction and reuse.

Sec. 6. Minnesota Statutes 1992, section 115A.33, as reenacted by sections 60 and 64, is amended to read:

115A.33 [ELIGIBILITY; REQUEST FOR REVIEW.]

The following persons shall be eligible to request supplementary review by the board pursuant to sections 115A.32 to 115A.39: (a) a generator of sewage sludge within the state who has been issued permits by the agency for a facility to dispose of sewage sludge or solid waste resulting from sewage treatment; (b) a political subdivision which has been issued permits by the agency, or a political subdivision acting on behalf of a person who has been issued permits by the agency, for a solid waste facility which is no larger than 250 acres, not including any proposed buffer area, and located outside the metropolitan area; (c) a generator of hazardous waste within the state who has been issued permits by the agency for a hazardous waste facility to be owned and operated by the generator, on property owned by the generator, and to be used by the generator for managing the hazardous wastes produced by the generator only; (d) a person who has been issued permits by the agency for a commercial hazardous waste processing facility at a site included in the board's inventory of preferred sites for such facilities adopted pursuant to section 115A.09; (e) a person who has been issued permits by the agency for a disposal facility for the nonhazardous sludge, ash, or other solid waste generated by a permitted hazardous waste processing facility operated by the person. ~~The metropolitan waste control commission shall not be eligible to request review under clause (a) for a sewage sludge disposal facility. The metropolitan waste control commission shall not be eligible to request review under clause (a) for a solid waste facility with a proposed permitted life of longer than four years.~~ The board may require completion of a plan conforming to the requirements of section 115A.46, before granting review under clause (b). A request for supplementary review shall show that the required permits for the facility have been issued by the agency and that a political subdivision has refused to approve the establishment or operation of the facility.

Sec. 7. Minnesota Statutes 1994, section 115A.411, is amended to read:

115A.411 [SOLID WASTE MANAGEMENT POLICY; CONSOLIDATED REPORT.]

Subdivision 1. [AUTHORITY; PURPOSE.] The director with assistance from the commissioner shall prepare and adopt a report on solid waste management policy ~~excluding the metropolitan area~~. The report must be submitted by the director to the legislative commission on waste management by July 1 of each ~~even-numbered~~ odd-numbered year and ~~may~~ shall include reports required under sections 115A.55, subdivision 4, paragraph (b); 115A.551, subdivision 4~~,~~ ~~and~~; 115A.557, subdivision 4; 473.149, subdivision 6; 473.846; and 473.848, subdivision 4.

Subd. 2. [CONTENTS.] (a) The report must also include:

(1) a summary of the current status of solid waste management, including the amount of solid waste generated, the manner in which it is collected, processed, and disposed, the extent of separation, recycling, reuse, and recovery of solid waste, and the facilities available or under development to manage the waste;

~~(2) a summary of current state solid waste management policies, goals, and objectives, including their statutory, administrative, and regulatory basis and the state agencies and political subdivisions responsible for implementation;~~

~~(3)~~ (2) an evaluation of the extent and effectiveness of implementation and an assessment of progress in accomplishing state policies, goals, and objectives, including those listed in paragraph (b);

~~(4) estimates of the generation of solid waste anticipated for the future, the manner in which the waste is likely to be managed, and the programs and facilities that will be available and needed for proper waste management;~~

~~(5)~~ (3) identification of issues requiring further research, study, and action, the appropriate scope of the research, study, or action, the state agency or political subdivision that should implement the research, study, or action, and a schedule for completion of the activity; and

~~(6)~~ (4) recommendations for establishing or modifying state solid waste management policies, authorities, and programs.

(b) Beginning in 1997, and every sixth year thereafter, the report shall be expanded to include the metropolitan area solid waste policy plan required in section 473.149, subdivision 1, and strategies for the office to advance the goals of this chapter, to manage waste as a resource, to further reduce the need for expenditures on resource recovery and disposal facilities, and to further reduce long-term environmental and financial liabilities. The expanded report must include strategies for:

(1) achieving the maximum feasible reduction in waste generation;

(2) encouraging manufacturers to design products that eliminate or reduce the adverse environmental impacts of resource extraction, manufacturing, use, and waste processing and disposal;

(3) educating businesses, public entities, and other consumers about the need to consider the potential environmental and financial impacts of purchasing products that may create a liability or that may be expensive to recycle or manage as waste, due to the presence of toxic or hazardous components;

(4) eliminating or reducing toxic or hazardous components in compost from municipal solid waste composting facilities, in ash from municipal solid waste incinerators, and in leachate and air emissions from municipal solid waste landfills, in order to reduce the potential liability of waste generators, facility owners and operators, and taxpayers;

(5) encouraging the source separation of materials to the extent practicable, so that the materials are most appropriately managed and to ensure that resources that can be reused or recycled are not disposed of or destroyed; and

(6) maximizing the efficiency of the waste management system by managing waste and recyclables close to the point of generation, taking into account the characteristics of the resources to be recovered from the waste and the type and capacity of local facilities.

Sec. 8. Minnesota Statutes 1994, section 115A.46, subdivision 5, is amended to read:

Subd. 5. [JURISDICTION OF PLAN.] (a) After a county plan has been submitted for approval under subdivision 1, a ~~political subdivision~~ public entity, as defined in section 16B.122, subdivision 1, within the county may not enter into a binding agreement governing a solid waste management activity that is inconsistent with the county plan without the consent of the county.

(b) After a county plan has been approved under subdivision 1, the plan governs all solid waste management in the county and a ~~political subdivision~~ public entity, as defined in section 16B.122, subdivision 1, within the county may not develop or implement a solid waste management activity, other than an activity to reduce waste generation or reuse waste materials, that is inconsistent with the county plan that the county is actively implementing without the consent of the county.

Sec. 9. [115A.471] [PUBLIC ENTITIES; MANAGEMENT OF SOLID WASTE.]

(a) Prior to entering into or approving a contract for the management of mixed municipal solid waste which would manage the waste using a waste management practice that is ranked lower on the list of preferred waste management practices in section 115A.02, paragraph (b), than the waste management practice selected for such waste in the county plan for the county in which the waste was generated, a public entity must:

(1) determine the potential liability to the public entity and its taxpayers for managing the waste in this manner;

(2) develop and implement a plan for managing the potential liability; and

(3) submit the information from clauses (1) and (2) to the agency.

(b) For the purpose of this subdivision, "public entity" means the state; an office, agency, or institution of the state; the metropolitan council; a metropolitan agency; the metropolitan mosquito control district; the legislature; the courts; a county; a statutory or home rule charter city; a town; a school district; another special taxing district; or any other general or special purpose unit of government in the state.

Sec. 10. Minnesota Statutes 1994, section 115A.55, subdivision 3, is amended to read:

Subd. 3. [FINANCIAL ASSISTANCE.] (a) The director shall make loans and grants to any person for the purpose of developing and implementing projects or practices to prevent or reduce the generation of solid waste including those that involve reuse of items in their original form or in manufacturing processes that do not cause the destruction of recyclable materials in a manner that precludes further use, or involve procuring, using, or producing products with long useful lives. Grants may be used to fund studies needed to determine the technical and financial feasibility of a waste reduction project or practice or for the cost of implementation of a waste reduction project or practice that the director has determined is technically and financially feasible.

(b) In making grants or loans, the director shall give priority to waste reduction projects or practices that have broad application in the state and that have the potential for significant reduction of the amount of waste generated.

(c) All information developed as a result of a grant or loan shall be made available to other solid waste generators through the public information program established in subdivision 2.

(d) The director shall adopt rules for the administration of this program and may administer the program in conjunction with the grant program established under section 115D.05. The rules must prescribe the level or levels of matching funds required for grants or loans under this subdivision.

Sec. 11. Minnesota Statutes 1994, section 115A.55, is amended by adding a subdivision to read:

Subd. 4. [STATEWIDE SOURCE REDUCTION GOAL.] (a) It is a goal of the state that there be a minimum ten percent per capita reduction in the amount of mixed municipal solid waste generated in the state by December 31, 2000, based on a reasonable estimate of the amount of mixed municipal solid waste that was generated in calendar year 1993.

(b) As part of the 1997 report required under section 115A.411, the director shall submit to the legislative commission on waste management a proposed strategy for meeting the goal in paragraph (a). The strategy must include a discussion of the different reduction potentials to be found in various sectors and may include recommended interim goals. The director shall report progress on meeting the goal in paragraph (a), as well as recommendations and revisions to the proposed strategy, as part of the 1999 report required under section 115A.411.

Sec. 12. Minnesota Statutes 1994, section 115A.5501, subdivision 4, is amended to read:

Subd. 4. [REPORT.] The director shall apply the statewide percentage determined under subdivision 2 to the aggregate amount of solid waste determined under subdivision 3 to determine the amount of packaging in the waste stream. By July 1, 1996, the director shall submit to the legislative commission on waste management an analysis of the extent to which the waste packaging reduction goal in subdivision 1 has been met. In determining whether the goal has been met, the margin of error must be applied in favor of meeting the goal. The director shall use the statistical mean for the data collected in determining whether the goal has been met and shall include in the analysis a discussion of the margin of error and statistical reliability for the data collected.

Sec. 13. Minnesota Statutes 1994, section 115A.5502, is amended to read:

115A.5502 [PACKAGING PRACTICES; PREFERENCES; GOALS.]

Packaging forms a substantial portion of solid waste and contributes to environmental degradation and the costs of managing solid waste. It is imperative to reduce the amount and toxicity of packaging that must be managed as solid waste. In order to achieve significant reduction of packaging in solid waste and to assist packagers and others to meet the packaging reduction goal in section 115A.5501, the goal of the state is that items be distributed without any packaging where feasible and, only when necessary to protect health and safety or product integrity, with the minimal amount of packaging possible. The following categories of packaging are listed in order of preference for use by all persons who find it necessary to package items for distribution or use in the state:

(1) minimal packaging that contains no intentionally introduced toxic materials and that is designed to be and actually is reused for its original purpose at least five times;

(2) minimal packaging that contains no intentionally introduced toxic materials and consists of a significant percentage of postconsumer material;

(3) minimal packaging that contains no intentionally introduced toxic materials, that is recyclable, and is regularly collected through recycling collection programs available to at least 75 percent of the residents of the state;

~~(3)~~ (4) minimal packaging that does not comply with ~~clauses~~ clause (1) ~~and~~, (2), or (3) because it is required under federal or state law and for which there does not exist a commercially feasible alternative that does comply with ~~clauses~~ clause (1) ~~and~~, (2), or (3);

~~(4)~~ (5) packaging that contains no intentionally introduced toxic materials but does not comply with clauses (1) to ~~(3)~~ (4); and

~~(5)~~ (6) all other packaging.

Sec. 14. Minnesota Statutes 1994, section 115A.551, subdivision 2a, is amended to read:

Subd. 2a. [SUPPLEMENTARY RECYCLING GOALS.] (a) By December 31, 1996, each county will have as a goal to recycle the following amounts:

(1) for a county outside of the metropolitan area, ~~30~~ 35 percent by weight of total solid waste generation;

(2) for a metropolitan county, ~~45~~ 50 percent by weight of total solid waste generation.

Each county will develop and implement or require political subdivisions within the county to develop and implement programs, practices, or methods designed to meet its recycling goal. Nothing in this section or in any other law may be construed to prohibit a county from establishing a higher recycling goal. ~~For the purposes of this subdivision "recycle" and "total solid waste generation" have the meanings given them in subdivision 1, except that neither includes yard waste.~~

(b) For a county that, by January 1, 1995, is implementing a solid waste reduction program that is approved by the director, the director shall apply three percentage points toward achievement of the recycling goals in this subdivision. In addition, the director shall apply demonstrated waste reduction that exceeds three percent reduction toward achievement of the goals in this subdivision.

(c) No more than five percentage points may be applied toward achievement of the recycling goals in this subdivision for management of yard waste. The five percentage points must be applied as provided in this paragraph. The director shall apply three percentage points for a county in which residents, by January 1, 1996, are provided with:

(1) an ongoing comprehensive education program under which they are informed about how to manage yard waste and are notified of the prohibition in section 115A.931; and

(2) the opportunity to drop off yard waste at specified sites or participate in curbside yard waste collection.

The director shall apply up to an additional two percentage points toward achievement of the recycling goals in this subdivision for additional activities approved by the director that are likely to reduce the amount of yard waste generated and to increase the on-site composting of yard waste.

Sec. 15. Minnesota Statutes 1994, section 115A.551, subdivision 4, is amended to read:

Subd. 4. [INTERIM MONITORING.] The director~~, for counties outside of the metropolitan area, and the metropolitan council, for counties within the metropolitan area,~~ shall monitor the progress of each county toward meeting the recycling goals in subdivisions 2 and 2a. The director shall report to the legislative commission on waste management on the progress of the counties by July 1 of each odd-numbered year. ~~The metropolitan council shall report to the legislative commission on waste management on the progress of the counties by July 1 of each year.~~ If the director ~~or the council~~ finds that a county is not progressing toward the goals in subdivisions 2 and 2a, it shall negotiate with the county to develop and implement solid waste management techniques designed to assist the county in meeting the goals, such as organized collection, curbside collection of source-separated materials, and volume-based pricing.

~~In even-numbered years~~ The progress report ~~may~~ shall be included in the ~~solid waste management policy~~ report required under section 115A.411. ~~The metropolitan council's progress report shall be included in the report required by section 473.149.~~

Sec. 16. Minnesota Statutes 1994, section 115A.551, subdivision 6, is amended to read:

Subd. 6. [COUNTY SOLID WASTE PLANS.] ~~(a)~~ Each county shall include in its solid waste management plan described in section 115A.46, or its solid waste master plan described in section 473.803, a ~~plan~~ recycling implementation strategy for ~~implementing~~ meeting the recycling goal established in subdivision ~~2~~ 2a along with mechanisms for providing financial incentives to solid waste generators to reduce the amount of waste generated and to separate recyclable materials from the waste stream. ~~The recycling plan must include detailed recycling implementation information to form the basis for the strategy required in subdivision 7.~~

~~(b) Each county required to submit its plan to the director under section 115A.46 shall amend its plan to comply with this subdivision within one year after October 4, 1989.~~

Sec. 17. Minnesota Statutes 1994, section 115A.551, subdivision 7, is amended to read:

Subd. 7. [RECYCLING IMPLEMENTATION STRATEGY.] ~~Within one year of approval of the portion of the plan required in subdivision 6,~~ Each ~~nonmetropolitan~~ county shall submit to the director for approval ~~a local~~ the recycling implementation strategy required in subdivision 6. The ~~local~~ recycling implementation strategy must be submitted by October 31, 1995, and must:

(1) be consistent with the approved county solid waste management plan;

(2) identify the materials that are being and will be recycled in the county to meet the goals under this section and the parties responsible and methods for recycling the material; ~~and~~

(3) ~~define the need for funds to ensure continuation of local recycling, methods of raising and allocating such funds, and permanent sources and levels of local funding for recycling~~ provide a budget to ensure adequate funding for needed county and local programs and demonstrate an ongoing commitment to spending the money on recycling programs; and

(4) include a schedule for implementing recycling activities needed to meet the goals in subdivision 2a.

Sec. 18. Minnesota Statutes 1994, section 115A.554, is amended to read:

115A.554 [AUTHORITY OF SANITARY DISTRICTS.]

A sanitary district has the authorities and duties of counties within the district's boundary for purposes of sections 115A.46, subdivision 4; 115A.48; 115A.551; 115A.552; 115A.553; 115A.919; 115A.929; 115A.93; 115A.96, subdivision 6; 115A.961; 115A.991; 116.072; 375.18, subdivision 14; 400.08, except subdivision 4, paragraph (b); 400.16; and 400.161.

Sec. 19. Minnesota Statutes 1994, section 115A.557, subdivision 3, is amended to read:

Subd. 3. [ELIGIBILITY TO RECEIVE MONEY.] (a) To be eligible to receive money distributed by the director under this section, a county shall within one year of October 4, 1989:

(1) create a separate account in its general fund to credit the money; and

(2) set up accounting procedures to ensure that money in the separate account is spent only for the purposes in subdivision 2.

(b) In each following year, each county shall also:

(1) have in place an approved solid waste management plan or master plan including a recycling implementation strategy under section 115A.551, subdivision 7, ~~or 473.803, subdivision 1e,~~ and a household hazardous waste management plan under section 115A.96, subdivision 6, by the dates specified in those provisions;

(2) submit a report by April 1 of each year to the director detailing how the money was spent and the resulting gains achieved in solid waste management practices during the previous calendar year; and

(3) provide evidence to the director that local revenue equal to 25 percent of the money sought for distribution under this section will be spent for the purposes in subdivision 2.

(c) The director shall withhold all or part of the funds to be distributed to a county under this section if the county fails to comply with this subdivision and subdivision 2.

Sec. 20. Minnesota Statutes 1994, section 115A.557, subdivision 4, is amended to read:

Subd. 4. [REPORT.] By July 1 of each odd-numbered year, the director shall report on how the money was spent and the resulting statewide improvements in solid waste management to the house of representatives and senate appropriations and finance committees and the legislative commission on waste management. ~~In even-numbered years~~ The report ~~may~~ shall be included in the ~~solid waste management policy~~ report required under section 115A.411.

Sec. 21. Minnesota Statutes 1994, section 115A.919, subdivision 3, is amended to read:

Subd. 3. [EXEMPTIONS.] (a) Waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from any fee imposed by a county under this section if there is at least an 85 percent ~~volume~~ weight reduction in the solid waste processed. Before any fee is reduced, the verification procedures of section 473.843, subdivision 1, paragraph (c), must be followed and submitted to the appropriate county, except that for facilities operating outside of the metropolitan area the commissioner shall prescribe procedures for verifying the required 85 percent ~~volume~~ weight reduction.

(b) A facility permitted for the disposal of construction debris is exempt from 25 percent of a fee imposed under subdivision 1 if the facility has implemented a recycling program approved by the county and 25 percent if the facility contains a liner and leachate collection system approved by the agency.

Sec. 22. Minnesota Statutes 1994, section 115A.921, subdivision 1, is amended to read:

Subdivision 1. [MIXED MUNICIPAL SOLID WASTE.] A city or town may impose a fee, not to exceed $1 per cubic yard of waste, or its equivalent, on operators of facilities for the disposal of mixed municipal solid waste located within the city or town. The revenue from the fees must be credited to the city or town general fund. Revenue produced by 25 cents of the fee must be used only for purposes of landfill abatement or for purposes of mitigating and compensating for the local risks, costs, and other adverse effects of facilities. Revenue produced by the balance of the fee may be used for any general fund purpose.

Waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse shall be exempt from the fee imposed by a city or town under this section if there is at least an 85 percent ~~volume~~ weight reduction in the solid waste processed. Before any fee is reduced, the verification procedures of section 473.843, subdivision 1, paragraph (c), must be followed and submitted to the appropriate city or town, except that for facilities operating outside of the metropolitan area the commissioner shall prescribe procedures for verifying the required 85 percent ~~volume~~ weight reduction.

Sec. 23. Minnesota Statutes 1994, section 115A.923, subdivision 1, is amended to read:

Subdivision 1. [AMOUNT OF FEE.] (a) The operator of a mixed municipal solid waste disposal facility outside of the metropolitan area shall charge a fee on solid waste accepted and disposed of at the facility as follows:

(1) a facility that weighs the waste that it accepts must charge a fee of $2 per cubic yard based on equivalent cubic yards of waste accepted at the entrance of the facility;

(2) a facility that does not weigh the waste but that measures the volume of the waste that it accepts must charge a fee of $2 per cubic yard of waste accepted at the entrance of the facility; and

(3) waste residue from recycling facilities at which recyclable materials are separated or processed for the purpose of recycling, or from energy and resource recovery facilities at which solid waste is processed for the purpose of extracting, reducing, converting to energy, or otherwise separating and preparing solid waste for reuse is exempt from the fee imposed by this subdivision if there is at least an 85 percent ~~volume~~ weight reduction in the solid waste processed.

(b) To qualify for exemption under paragraph (a), clause (3), waste residue must be brought to a disposal facility separately. The commissioner shall prescribe procedures for determining the amount of waste residue qualifying for exemption.

Sec. 24. Minnesota Statutes 1994, section 115A.9302, subdivision 1, is amended to read:

Subdivision 1. [DISCLOSURE REQUIRED.] (a) By January 1, 1994, and at least annually thereafter between January 1 and March 31, a person that collects construction debris, industrial waste, or mixed municipal solid waste for transportation to a waste facility shall disclose to each waste generator from whom waste is collected the name, location, and type of, and the number of the permit issued by the agency, or its counterpart in another state, if applicable, for the processing or disposal facility or facilities, excluding a transfer station, at which the waste will be deposited. The collector shall note ~~both~~ the approximate percentage of waste deposited at each of the two primary ~~facility at which the collector most often deposits waste~~ facilities used for the type of waste collected from the generator in the county in which the generator generates the waste and any alternative facilities regularly used by the collector~~.~~ for the type of waste collected from the generator in the county in which the generator generates the waste.

(b) All written disclosures must include the following statement:

"You may be responsible for any liability that results from contamination at a facility where your waste has been deposited. Minnesota believes that its waste management system provides substantially more financial and environmental protection than depositing waste in landfills in other states. Managing your waste in Minnesota may minimize your potential liability."

All oral disclosures must include the following statement:

"You may be responsible for any liability that results from contamination at a facility where your waste has been deposited. Minnesota believes that its waste management system offers more protection from liability than the waste management systems of other states."

(c) If any of the primary or alternative disposal facilities identified by the collector in paragraph (a) are not located in Minnesota, the disclosure must state "The landfill to which your waste may be sent during the current calendar year is not a Minnesota landfill."

Sec. 25. Minnesota Statutes 1994, section 115A.9302, subdivision 2, is amended to read:

Subd. 2. [FORM OF DISCLOSURE.] (a) A collector shall make the disclosure to the waste generator in writing at least once per year ~~or~~ between January 1 and March 31 and on any written contract for collection services for that year. The written disclosure must include all of the information described in subdivision 1. The oral disclosure required in this section need only include the statement required in subdivision 1, paragraph (b), and the statement required in subdivision 1, paragraph (c), if that paragraph applies. If the license issued by the county to the collector for collection within the county does not require the collector to submit a copy of the disclosure to the county, the collector shall submit a copy to the commissioner by March 31 of each year.

(b) An oral disclosure is only required with regard to the collection of mixed municipal solid waste. A collector must provide the required disclosure orally to a waste generator at the time the generator agrees to purchase regular collection service and must provide written disclosure to the generator within 45 days from the date of request. This oral disclosure is not required if the city or county within which the waste is generated selects the collector that may provide collection services to the generator.

(c) If a collector provides one-time or occasional service to a waste generator, the collector must orally provide the generator with the required disclosure at the time the generator agrees to purchase the service. The collector shall then provide written disclosure to the generator within 45 days from the date of request.

(d) If an additional facility becomes either a primary facility or an alternative facility during the year, the collector shall make the disclosure set forth in subdivision 1 within 30 days. A local government unit that collects solid waste without direct charges to waste generators shall make the disclosure on any statement that includes an amount for waste management, provided that, at a minimum, disclosure to waste generators must be made at least twice annually in a form likely to be available to all generators.

(e) The agency may develop standard disclosure forms containing the information that is required in this section. Collectors may use the form developed by the agency.

Sec. 26. Minnesota Statutes 1994, section 115A.96, subdivision 2, is amended to read:

Subd. 2. [MANAGEMENT PROGRAM.] ~~(a)~~ The agency shall establish a statewide program to manage household hazardous wastes. The program must include:

(1) the establishment and operation of collection sites; and

(2) the provision of information, education, and technical assistance regarding proper management of household hazardous wastes.

~~(b) The agency shall report on its progress on establishing permanent collection sites to the legislative commission on waste management by November 1, 1991.~~

Sec. 27. Minnesota Statutes 1994, section 115A.965, subdivision 1, is amended to read:

Subdivision 1. [PACKAGING.] (a) As soon as feasible but not later than August 1, 1993, no manufacturer or distributor may sell or offer for sale or for promotional purposes in this state packaging or a product that is contained in packaging if the packaging itself, or any inks, dyes, pigments, adhesives, stabilizers, or any other additives to the packaging contain any lead, cadmium, mercury, or hexavalent chromium that has been intentionally introduced as an element during manufacture or distribution of the packaging. Intentional introduction does not include the incidental presence of any of the prohibited elements.

(b) For the purposes of this section:

(1) "distributor" means a person who imports packaging or causes packaging to be imported into the state; and

(2) until August 15, ~~1995~~ 1996, "packaging" does not include steel strapping containing a total

concentration level of lead, cadmium, mercury, and hexavalent chromium, added together, of less than 100 parts per million by weight.

Sec. 28. Minnesota Statutes 1994, section 115A.9651, subdivision 2, is amended to read:

Subd. 2. [TEMPORARY EXEMPTION.] (a) An item listed in subdivision 1 is exempt from this section until July 1, ~~1997~~ 1998, if the manufacturer of the item ~~submits~~ submitted to the commissioner a written request for an exemption by August 1, 1994. The request must include at least:

(1) an explanation of why compliance is not technically feasible at the time of the request;

(2) how the manufacturer will comply by July 1, 1997; and

(3) the name, address, and telephone number of a person the commissioner can contact for further information.

(b) By September 1, 1994, a person who uses an item listed in subdivision 1, into which one of the listed metals has been intentionally introduced, may submit, on behalf of the manufacturer, a request for temporary exemption only if the manufacturer fails to submit an exemption request as provided in paragraph (a). The request must include:

(1) an explanation of why the person must continue to use the item and a discussion of potential alternatives;

(2) an explanation of why it is not technically feasible at the time of the request to formulate or manufacture the item without intentionally introducing a listed metal;

(3) that the person will seek alternatives to using the item by July 1, 1997, if it still contains an intentionally introduced listed metal; and

(4) the name, address, and telephone number of a person the commissioner can contact for further information.

(c) A person who submits a request for temporary exemption under paragraph (b) may submit a request for a temporary exemption after September 1, 1994, for an item that the person will use as an alternative to the item for which the request was originally made as long as the new item has a total concentration level of all the listed metals that is significantly less than in the original item. An exemption under this paragraph expires July 1, ~~1997~~ 1998, and the person who requests it must submit the progress description required in paragraph (e).

(d) By October 1, 1994, and annually thereafter if requests are received under paragraph (c), the commissioner shall submit to the legislative commission on waste management a list of manufacturers and persons that have requested an exemption under this subdivision and the items for which exemptions were sought, along with copies of the requests.

(e) By July 1, 1996, each manufacturer on the list shall submit to the commissioner a description of the progress the manufacturer has made toward compliance with subdivision 1, and the date compliance has been achieved or the date on or before July 1, ~~1997~~ 1998, by which the manufacturer anticipates achieving compliance. By July 1, 1996, each person who has requested an exemption under paragraph (b) or (c) shall submit to the commissioner:

(1) a description of progress made to eliminate the listed metal or metals from the item or progress made by the person to find a replacement item that does not contain an intentionally introduced listed metal; and

(2) the date or anticipated date the item is or will be free of intentionally introduced metals or the date the person has stopped or will stop using the item.

By October 1, 1996, the commissioner shall submit to the legislative commission a summary of the progress made by the manufacturers and other persons and any recommendations for appropriate legislative or other action to ensure that products are not distributed in the state after July 1, ~~1997~~ 1998, that violate subdivision 1.

Sec. 29. Minnesota Statutes 1994, section 115D.03, subdivision 5, is amended to read:

Subd. 2. [ELIGIBILITY.] (a) Eligible recipients may receive grants under this section.

(b) Grants may be awarded up to a maximum of ~~two-thirds~~ three-quarters of the total cost of the project. ~~Grant money awarded under this section may not be spent for capital improvements or equipment.~~

Subd. 3. [PROCEDURE FOR AWARDING GRANTS.] (a) In determining whether to award a grant, the director shall consider at least the following:

(1) the potential of the project to prevent pollution;

(2) the likelihood that the project will ~~develop techniques or processes that will~~ minimize the transfer of pollution from one environmental medium to another;

(3) the extent to which information to be developed through the project will be applicable and disseminated to other persons in the state; and

(4) ~~the willingness of the grant applicant to implement feasible methods and technologies developed under the grant;~~

~~(5) the willingness of the grant applicant to assist the director in disseminating information about the pollution prevention methods to be developed through the project; and~~

Sec. 32. Minnesota Statutes 1994, section 115D.07, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT TO PREPARE AND MAINTAIN A PLAN.] (a) Persons who operate a facility required by United States Code, title 42, section 11023, or section 299K.08, subdivision 3, to submit a toxic chemical release form shall prepare a toxic pollution prevention plan for that facility. A facility that is required to submit a toxic chemical release form but does not release a toxic chemical is exempt from the requirements of this subdivision. The plan must contain the information listed in subdivision 2.

(b) Except as provided in paragraphs (d) and (e), for facilities that release a total of 10,000 pounds or more of toxic pollutants annually, the plan must be completed as follows:

(1) on or before July 1, 1991, for facilities having a two-digit standard industrial classification of 35 to 39;

(2) by January 1, 1992, for facilities having a two-digit standard industrial classification of 28 to 34; and

(3) by July 1, 1992, for all other persons required to prepare a plan under this subdivision.

(c) Except as provided in paragraphs (d) and (e), facilities that release less than a total of 10,000 pounds of toxic pollutants annually must complete their plans by July 1, 1992.

(d) For the following facilities, the plan must be completed as follows:

(1) by January 1, 1995, for facilities required to report under section 299K.08, subdivision 3, that have a two-digit standard industrial classification of 01 to 50; and

(2) by ~~July 1, 1995~~ January 1, 1996, for facilities required to report under section 299K.08, subdivision 3, that have a two-digit standard industrial classification of 51 to 99.

(e) For facilities that become subject to this subdivision after July 1, 1993, the plan must be completed by six months after the first submittal for the facility under United States Code, title 42, section 11023, or section 299K.08, subdivision 3.

(f) Each plan must be updated ~~every two years~~ by January 1 of every even-numbered year and must be maintained at the facility to which it pertains.

Sec. 33. Minnesota Statutes 1994, section 115D.07, subdivision 2, is amended to read:

Subd. 2. [CONTENTS OF PLAN.] (a) Each toxic pollution prevention plan must establish a program identifying the specific technically and economically practicable steps that could be taken during at least the three years following the date the plan is due, to eliminate or reduce the generation or release of toxic pollutants reported by the facility. Toxic pollutants resulting solely from research and development activities need not be included in the plan.

(b) At a minimum, each plan must include:

(1) a policy statement articulating upper management support for eliminating or reducing the generation or release of toxic pollutants at the facility;

(2) a description of the current processes generating or releasing toxic pollutants that specifically describes the types, sources, and quantities of toxic pollutants currently being generated or released by the facility;

(3) a description of the current and past practices used to eliminate or reduce the generation or release of toxic pollutants at the facility and an evaluation of the effectiveness of these practices;

(4) an assessment of technically and economically practicable options available to eliminate or reduce the generation or release of toxic pollutants at the facility, including options such as changing the raw materials, operating techniques, equipment and technology, personnel training,

and other practices used at the facility. The assessment may include a cost benefit analysis of the available options;

(5) a statement of objectives based on the assessment in clause (4) and a schedule for achieving those objectives. Wherever technically and economically practicable, the objectives for eliminating or reducing the generation or release of each toxic pollutant at the facility must be expressed in numeric terms based on a specified base year that is no earlier than 1987. Otherwise, the objectives must include a clearly stated list of actions designed to lead to the establishment of numeric objectives as soon as practicable;

(6) an explanation of the rationale for each objective established for the facility;

(7) a listing of options that were considered not to be economically and technically practicable; and

(8) a certification, signed and dated by the facility manager and an officer of the company under penalty of section 609.63, attesting to the accuracy of the information in the plan.

Sec. 34. Minnesota Statutes 1994, section 115D.08, subdivision 1, is amended to read:

Subdivision 1. [REQUIREMENT TO SUBMIT PROGRESS REPORT.] (a) All persons required to prepare a toxic pollution prevention plan under section 115D.07 shall submit an annual progress report to the commissioner that may be drafted in a manner that does not disclose proprietary information. Progress reports are due on October 1 of each year. The first progress reports are due in 1992.

(b) At a minimum, each progress report must include:

(1) a summary of each objective established in the plan, including the base year for any objective stated in numeric terms, and the schedule for meeting ~~the~~ each objective;

(2) a summary of progress made during the past year, if any, toward meeting each objective established in the plan including the quantity of each toxic pollutant eliminated or reduced;

(3) a statement of the methods through which elimination or reduction has been achieved;

(4) if necessary, an explanation of the reasons objectives were not achieved during the previous year, including identification of any technological, economic, or other impediments the facility faced in its efforts to achieve its objectives; and

(5) a certification, signed and dated by the facility manager and an officer of the company under penalty of section 609.63, attesting that a plan meeting the requirements of section 115D.07 has been prepared and also attesting to the accuracy of the information in the progress report.

Sec. 35. Minnesota Statutes 1994, section 115D.10, is amended to read:

115D.10 [TOXIC POLLUTION PREVENTION EVALUATION REPORT.]

The director, in cooperation with the commissioner and commission, shall report to the environment and natural resources committees of the legislature and the legislative commission on waste management on progress being made in achieving the objectives of sections 115D.01 to 115D.12. The report must be submitted by February 1 of each even-numbered year.

Sec. 36. [116.011] [ANNUAL POLLUTION REPORT.]

A goal of the pollution control agency is to reduce the amount of pollution that is emitted in the state. The pollution control agency shall include in its annual performance report information detailing the best estimate of the agency of the total volume of water and air pollution that was emitted in the state in the previous calendar year. The agency shall report its findings for both water and air pollution:

(1) in gross amounts, including the percentage increase or decrease over the previous calendar year; and

(2) in a manner which will demonstrate the magnitude of the various sources of water and air pollution.

Sec. 37. Minnesota Statutes 1994, section 116.07, subdivision 4a, is amended to read:

Subd. 4a. [PERMITS.] (a) The pollution control agency may issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the emission of air contaminants, or for the installation or operation of any emission facility, air contaminant treatment facility, treatment facility, potential air contaminant storage facility, or storage facility, or any part thereof, or for the sources or emissions of noise pollution.

The pollution control agency may also issue, continue in effect or deny permits, under such conditions as it may prescribe for the prevention of pollution, for the storage, collection, transportation, processing, or disposal of waste, or for the installation or operation of any system or facility, or any part thereof, related to the storage, collection, transportation, processing, or disposal of waste.

The pollution control agency may revoke or modify any permit issued under this subdivision and section 116.081 whenever it is necessary, in the opinion of the agency, to prevent or abate pollution.

(b) The pollution control agency has the authority for approval over the siting, expansion, or operation of a solid waste facility with regard to environmental issues. However, the agency's issuance of a permit does not release the permittee from any liability, penalty, or duty imposed by any applicable county ordinances. Nothing in this chapter precludes, or shall be construed to preclude, a county from enforcing land use controls, regulations, and ordinances existing at the time of the permit application and adopted pursuant to sections 366.10 to 366.181, 394.21 to 394.37, or 462.351 to 462.365, with regard to the siting, expansion, or operation of a solid waste facility.

Sec. 38. Minnesota Statutes 1994, section 116.07, subdivision 4j, is amended to read:

Subd. 4j. [PERMITS; SOLID WASTE FACILITIES.] (a) The agency may not issue a permit for new or additional capacity for a mixed municipal solid waste resource recovery or disposal facility as defined in section 115A.03 unless each county using or projected in the permit to use the facility has in place a solid waste management plan approved under section 115A.46 or 473.803 and amended as required by section 115A.96, subdivision 6. The agency shall issue the permit only if the capacity of the facility is consistent with the needs for resource recovery or disposal capacity identified in the approved plan or plans. Consistency must be determined by the ~~metropolitan council for counties in the metropolitan area and by the agency for counties outside the metropolitan area~~ office of environmental assistance. Plans approved before January 1, 1990, need not be revised if the capacity sought in the permit is consistent with the approved plan or plans.

(b) The agency shall require as part of the permit application for a waste incineration facility identification of preliminary plans for ash management and ash leachate treatment or ash utilization. The permit issued by the agency must include requirements for ash management and ash leachate treatment.

(c) Within 30 days of receipt by the agency of a permit application for a solid waste facility, the commissioner shall notify the applicant in writing whether the application is complete and if not, what items are needed to make it complete, and shall give an estimate of the time it will take to process the application. Within 180 days of receipt of a completed application, the agency shall approve, disapprove, or delay decision on the application, with reasons for the delay, in writing.

Sec. 39. Minnesota Statutes 1994, section 116.072, is amended to read:

116.072 [ADMINISTRATIVE PENALTIES.]

Subdivision 1. [AUTHORITY TO ISSUE PENALTY ORDERS.] (a) The commissioner may issue an order requiring violations to be corrected and administratively assessing monetary penalties for violations of this chapter and chapters 115, 115A, 115D, and 115E, any rules adopted under those chapters, and any standards, limitations, or conditions established in an agency permit;

and for failure to respond to a request for information under section 115B.17, subdivision 3. The order must be issued as provided in this section.

(b) A county board may adopt an ordinance containing procedures for the issuance of administrative penalty orders and may issue orders beginning August 1, 1996. Before adopting ordinances, counties shall work cooperatively with the agency to develop an implementation plan for the orders that substantially conforms to a model ordinance developed by the counties and the agency. After adopting the ordinance, the county board may issue orders requiring violations to be corrected and administratively assessing monetary penalties for violations of county ordinances adopted under section 400.16, 400.161, or 473.811 or chapter 115A that regulate solid and hazardous waste and any standards, limitations, or conditions established in a county license issued pursuant to these ordinances. For violations of ordinances relating to hazardous waste, a county's penalty authority is described in subdivisions 2 to 5. For violations of ordinances relating to solid waste, a county's penalty authority is described in subdivision 5a. Subdivisions 6 to 11 apply to violations of ordinances relating to both solid and hazardous waste.

(c) Monetary penalties collected by a county must be used to manage solid and hazardous waste. A county board's authority is limited to violations described in paragraph (b). Its authority to issue orders under this section expires August 1, 1999.

Subd. 2. [AMOUNT OF PENALTY; CONSIDERATIONS.] (a) The commissioner or county board may issue an order assessing a penalty up to $10,000 for all violations identified during an inspection or other compliance review.

(b) In determining the amount of a penalty the commissioner or county board may consider:

(1) the willfulness of the violation;

(2) the gravity of the violation, including damage to humans, animals, air, water, land, or other natural resources of the state;

(3) the history of past violations;

(4) the number of violations;

(5) the economic benefit gained by the person by allowing or committing the violation; and

(6) other factors as justice may require, if the commissioner or county board specifically identifies the additional factors in the commissioner's or county board's order.

(c) For a violation after an initial violation, the commissioner or county board shall, in determining the amount of a penalty, consider the factors in paragraph (b) and the:

(1) similarity of the most recent previous violation and the violation to be penalized;

(2) time elapsed since the last violation;

(3) number of previous violations; and

(4) response of the person to the most recent previous violation identified.

Subd. 3. [CONTENTS OF ORDER.] An order assessing an administrative penalty under this section shall include:

(1) a concise statement of the facts alleged to constitute a violation;

(2) a reference to the section of the statute, rule, ordinance, variance, order, stipulation agreement, or term or condition of a permit or license that has been violated;

(3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based; and

(4) a statement of the person's right to review of the order.

Subd. 4. [CORRECTIVE ORDER.] (a) The commissioner or county board may issue an order

assessing a penalty and requiring the violations cited in the order to be corrected within 30 calendar days from the date the order is received.

(b) The person to whom the order was issued shall provide information to the commissioner or county board before the 31st day after the order was received demonstrating that the violation has been corrected or that appropriate steps toward correcting the violation have been taken. The commissioner or county board shall determine whether the violation has been corrected and notify the person subject to the order of the commissioner's or county board's determination.

Subd. 5. [PENALTY.] (a) Except as provided in paragraph (b), if the commissioner or county board determines that the violation has been corrected or appropriate steps have been taken to correct the action, the penalty must be forgiven. Unless the person requests review of the order under subdivision 6 or 7 before the penalty is due, the penalty in the order is due and payable:

(1) on the 31st day after the order was received, if the person subject to the order fails to provide information to the commissioner or county board showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation; or

(2) on the 20th day after the person receives the commissioner's or county board's determination under subdivision 4, paragraph (b), if the person subject to the order has provided information to the commissioner or county board that the commissioner or county board determines is not sufficient to show the violation has been corrected or that appropriate steps have been taken toward correcting the violation.

(b) For a repeated or serious violation, the commissioner or county board may issue an order with a penalty that will not be forgiven after the corrective action is taken. The penalty is due by 31 days after the order was received unless review of the order under subdivision 6, 7, or 8 has been sought.

(c) Interest at the rate established in section 549.09 begins to accrue on penalties under this subdivision on the 31st day after the order with the penalty was received.

Subd. 5a. [COUNTY PENALTY AUTHORITY FOR SOLID WASTE VIOLATIONS.] (a) A county board's authority to issue a corrective order and assess a penalty for all violations relating to solid waste that are identified during an inspection or other compliance review is as described in this subdivision. The model ordinance described in subdivision 1, paragraph (b), must include provisions for letters or warnings that may be issued following the inspection and before proceeding under paragraph (b).

(b) For all violations described in paragraph (a), a county attorney or county department with responsibility for environmental enforcement may first issue a notice of violation that complies with the requirements of subdivision 4, except that no penalty may be assessed unless, in the opinion of the county board, the gravity of the violation and its potential for damage to, or actual damage to, public health or the environment is such that a penalty under paragraph (c) or (d) is warranted. In that case the county attorney or department may proceed directly to paragraph (c) or (d).

(c) If the violations are not corrected, if appropriate steps have not been taken to correct them, or if the county board has determined that the gravity of the violations are such that action under this paragraph is warranted, a county board may issue a corrective order as described in subdivision 4, except that the penalty may not exceed $2,000.

(d) If the violations are still not corrected, if appropriate steps have not been taken to correct them, or if the county board has determined that the gravity of the violations are such that action under this paragraph is warranted, a county board may issue a corrective order as described in subdivision 4, except that the penalty may not exceed $5,000.

(e) In determining the amount of the penalty in paragraph (c) or (d), the county board shall be governed by subdivision 2, paragraphs (b) and (c). The penalty assessed under paragraph (c) or (d) shall be due and payable, forgiven, or assessed without forgiveness as described in subdivision 5.

Subd. 6. [EXPEDITED ADMINISTRATIVE HEARING.] (a) Within 30 days after receiving an order or within 20 days after receiving notice that the commissioner or county board has

determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing, utilizing the procedures of Minnesota Rules, parts 1400.8510 to 1400.8612, to review the commissioner's or county board's action. The hearing request must specifically state the reasons for seeking review of the order. The person to whom the order is directed and the commissioner or county board are the parties to the expedited hearing. The commissioner or county board must notify the person to whom the order is directed of the time and place of the hearing at least 20 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner or county board unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing shall be conducted under Minnesota Rules, parts 1400.8510 to 1400.8612, as modified by this subdivision. The office of administrative hearings may, in consultation with the agency, adopt rules specifically applicable to cases under this section.

(c) The administrative law judge shall issue a report making recommendations about the commissioner's or county board's action to the commissioner or county board within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 2, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner or county board may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(e) If a hearing has been held, the commissioner or county board may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner or county board on the recommendations and the commissioner or county board will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the commissioner or county board, the penalty shall be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.

Subd. 7. [DISTRICT COURT HEARING.] (a) Within 30 days after the receipt of an order from the commissioner or a county board or within 20 days of receipt of notice that the commissioner or a county board has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may file a petition in district court for review of the order in lieu of requesting an administrative hearing under subdivision 6. The petition shall be filed with the court administrator with proof of service on the commissioner or county board. The petition shall be captioned in the name of the person making the petition as petitioner and the ~~director~~ commissioner or county board as respondent. The petition shall state with specificity the grounds upon which the petitioner seeks rescission of the order, including the facts upon which each claim is based.

(b) At trial, the commissioner or county board must establish by a preponderance of the evidence that a violation subject to this section occurred, the petitioner is responsible for the violation, a penalty immediately assessed as provided for under subdivision 5, paragraph (b) or (c), is justified by the violation, and the factors listed in subdivision 2 were considered when the penalty amount was determined and the penalty amount is justified by those factors.

Subd. 8. [MEDIATION.] In addition to review under subdivision 6 or 7, the commissioner or county board is authorized to enter into mediation concerning an order issued under this section if the commissioner or county board and the person to whom the order is issued both agree to mediation.

Subd. 9. [ENFORCEMENT.] (a) The attorney general ~~may proceed~~ on behalf of the state, or the county attorney on behalf of the county, may proceed to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

(b) The attorney general or county attorney may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the same manner as a final judgment of the district court.

(c) If a person fails to pay the penalty, the attorney general or county attorney may bring a civil action in district court seeking payment of the penalties, injunctive, or other appropriate relief including monetary damages, attorney fees, costs, and interest.

Subd. 10. [REVOCATION AND SUSPENSION OF PERMIT.] If a person fails to pay a penalty owed under this section, the agency or county board has grounds to revoke or refuse to reissue or renew a permit or license issued by the agency or county board.

Subd. 11. [CUMULATIVE REMEDY.] The authority of the agency or county board to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law, except that the state or county board may not seek civil penalties under any other provision of law for the violations covered by the administrative penalty order. The payment of a penalty does not preclude the use of other enforcement provisions, under which penalties are not assessed, in connection with the violation for which the penalty was assessed.

Subd. 12. [REPORT; ADMINISTRATIVE PENALTY ORDER.] (a) All counties that have adopted ordinances allowing them to issue administrative penalty orders shall report to the legislative auditor by September 1, 1998, on administrative penalty activity through August 1, 1998. The reports must include at least the following information: the nature and number of orders and penalties issued or forgiven, the nature and outcome of appeals taken, how much revenue was collected from penalties and how it was spent, and any other information a county board finds relevant.

(b) The legislative audit commission is requested to direct the legislative auditor to evaluate the data and report to the legislative commission on waste management by January 1, 1999, on at least the following matters: the degree to which penalties were suitable to the gravity of the violation, compliance with the implementation plan, and any other information the auditor finds relevant. In preparing the report, the auditor shall solicit information from counties and the regulated community and shall make recommendations as to whether the administrative penalty authority should be continued, discontinued, or continued with modifications and make any other recommendations the auditor wishes to propose as a result of the study.

The pollution control agency may enter into cost-sharing agreements with owners and operators of motor vehicle salvage facilities for the cleanup of motor vehicle salvage facility sites, based on the findings of the environmental assessment of motor vehicle salvage facilities conducted under section 116.66, subdivision 2. An agreement under this section must provide that the agency will be responsible for paying 90 percent of the costs of removal and remedial actions at the site, and

the owner or operator of the motor vehicle salvage facility must pay the remaining ten percent of the costs. For the purposes of this section, the terms "removal" and "remedial actions" have the meanings given in section 115B.02, subdivisions 16 and 17.

The county shall adopt the ordinances for mixed municipal solid waste management. The county shall make provision for issuing permits or licenses for mixed municipal solid waste facilities and shall require that the facilities be registered with an appropriate county office. No permit or license shall be issued for a mixed municipal solid waste facility unless the applicant has demonstrated to the satisfaction of the county board the availability of revenues necessary to operate the facility in accordance with applicable state and local laws, ordinances, and rules. No permit shall be issued for a solid waste facility used primarily for resource recovery or a transfer station serving such a facility, if the facility or station is owned or operated by a public agency or if the acquisition or betterment of the facility or station is secured by public funds or obligations issued by a public agency, unless the county finds and determines that adequate markets exist for the products recovered and that any displacement of existing resource recovery facilities and transfer stations serving such facilities that may result from the establishment of the new facility is required in order to achieve the waste management objectives of the county. The county ordinance shall require appropriate procedures for termination or abandonment of any mixed municipal solid waste facilities or services, which shall include provision for long term monitoring for possible land pollution, and for the payment by the owners or operators thereof, or both, of any costs incurred by the county in completing the procedures. The county may require the procedures and payments with respect to any facilities or services regulated pursuant to this section. In the event the operators or owners fail to complete the procedures in accordance with the ordinance, the county may recover the costs of completion in a civil action in any court of competent jurisdiction or, in the discretion of the board, the costs may be certified to the county auditor as a special tax against the land to be collected as other taxes are collected. The ordinance may be enforced by injunction, action to compel performance, ~~or~~ other action in district court, or administrative penalty order authorized under section 116.072. County hazardous waste ordinances shall embody and be consistent with agency hazardous waste rules. Counties shall submit adopted ordinances to the agency for review. In the event that agency rules are modified, each county shall modify its ordinances accordingly and shall submit the modification to the agency for review within 120 days. Issuing, denying, modifying, imposing conditions upon, or revoking permits or licenses and county hazardous waste regulations and ordinances shall be subject to review, denial, suspension, modification, and reversal by the pollution control agency. The pollution control agency shall after written notification have 15 days in the case of hazardous waste permits and licenses and 30 days in the case of hazardous waste ordinances to review, deny, suspend, modify, or reverse the action of the county. After this period, the action of the county board shall be final subject to appeal to the district court as provided in section 115.05.

Subdivision 1. [COUNTY MASTER PLANS; GENERAL REQUIREMENTS.] Each metropolitan county, following adoption or revision of the ~~council's solid waste~~ metropolitan policy plan and in accordance with the dates specified therein, and after consultation with all affected local government units, shall prepare and submit to ~~the council for its~~ the director for approval, a county solid waste master plan to implement the policy plan. The master plan shall be revised and resubmitted at such times as the ~~council's~~ metropolitan policy plan may require. The master plan shall describe county solid waste activities, functions, and facilities; the existing system of solid waste generation, collection, and processing, and disposal within the county; proposed mechanisms for complying with the recycling requirements of section 115A.551, and the household hazardous waste management requirements of section 115A.96, subdivision 6; existing and proposed county and municipal ordinances and license and permit requirements relating to solid waste facilities and solid waste generation, collection, and processing, and disposal; existing or proposed municipal, county, or private solid waste facilities and collection services within the county together with schedules of existing rates and charges to users and statements as to the extent to which such facilities and services will or may be used to implement the policy plan; and any solid waste facility which the county owns or plans to acquire, construct, or improve together with statements as to the planned method, estimated cost and time of acquisition, proposed procedures for operation and maintenance of each facility; an estimate of the annual cost of operation and maintenance of each facility; an estimate of the annual gross revenues which will be received from the operation of each facility; and a proposal for the use of each facility after it is no longer needed or usable as a waste facility. The master plan shall, to the extent practicable and consistent with the achievement of other public policies and purposes, encourage ownership and operation of solid waste facilities by private industry. For solid waste facilities owned or operated

by public agencies or supported primarily by public funds or obligations issued by a public agency, the master plan shall contain criteria and standards to protect comparable private and public facilities already existing in the area from displacement unless the displacement is required in order to achieve the waste management objectives identified in the plan.

(1) minimum recycling service levels for solid waste generators;

(2) mandatory generator participation in recycling programs including separation of recyclable material from mixed municipal solid waste;

(3) use of organized solid waste collection under section 115A.94; and

(4) waste abatement participation incentives including provision of storage bins, weekly collection of recyclable material, expansion of the types of recyclable material for collection, collection of recyclable material on the same day as collection of solid waste, and financial incentives such as basing charges to generators for waste collection services on the volume of waste generated and discounting collection charges for generators who separate recyclable material for collection separate from their solid waste.

Sec. 33. Minnesota Statutes 1994, section 473.803, subdivision 3, is amended to read:

Subd. 3. [ANNUAL REPORT.] By April 1 of each year, each metropolitan county shall prepare and submit to the ~~council~~ director for ~~its~~ approval a report containing information, as ~~the council may prescribe~~ prescribed in ~~its~~ the metropolitan policy plan, concerning solid waste generation and management within the county. The report shall include a statement of progress in achieving the land disposal abatement objectives for the county and classes of cities in the county as stated in the ~~council's~~ metropolitan policy plan and county master plan. The report must list cities that have not satisfied the county performance standards for local abatement required by subdivision 1c. The report must include a schedule of rates and charges in effect or proposed for the use of any solid waste facility owned or operated by or on its behalf, together with a statement of the basis for such charges.

The report shall contain the recycling development grant report required by section 473.8441 and the annual certification report required by section 473.848.

Sec. 34. Minnesota Statutes 1994, section 473.803, subdivision 5, is amended to read:

Subd. 5. [ROLE OF PRIVATE SECTOR; COUNTY OVERSIGHT.] A county may include in its solid waste management master plan and in its plan for county land disposal abatement a determination that the private sector will achieve, either in part or in whole, the goals and requirements of sections 473.149 and 473.803, as long as the county:

(1) retains active oversight over the efforts of the private sector and monitors performance to ensure compliance with the law and the goals and standards ~~of~~ in the ~~council and the county as expressed in the~~ metropolitan ~~solid waste management~~ policy plan and the county master plan;

(2) continues to meet its responsibilities under the law for ensuring proper waste management, including, at a minimum, enforcing waste management law, providing waste education, promoting waste reduction, and providing its residents the opportunity to recycle waste materials; and

(3) continues to provide all required reports on the county's progress in meeting the waste management goals and standards of this chapter and chapter 115A.

Sec. 35. Minnesota Statutes 1994, section 473.804, is amended to read:

473.804 [HOUSEHOLD HAZARDOUS WASTE MANAGEMENT.]

By June 30, 1992, each metropolitan county shall develop and implement a permanent program to manage household hazardous waste. Each program must include at least quarterly collection of wastes. Each program must be consistent with the ~~council's~~ metropolitan policy plan and must be described as part of each county's solid waste master plan revision as required under section 473.803, subdivision 1.

Sec. 36. Minnesota Statutes 1994, section 473.811, subdivision 1, is amended to read:

Subdivision 1. [COUNTY ACQUISITION OF FACILITIES.] To accomplish the purpose specified in section 473.803, each metropolitan county may acquire by purchase, lease, gift or condemnation as provided by law, upon such terms and conditions as it shall determine, including contracts for deed and conditional sales contracts, solid waste facilities or properties or easements for solid waste facilities which are in accordance with rules adopted by the agency, the policy plan ~~adopted by the council~~ and the approved county master plan ~~as approved by the council~~, and may improve or construct improvements on any property or facility so acquired. No metropolitan city, county or town shall own or operate a hazardous waste facility, except a facility to manage household hazardous waste. Each metropolitan county is authorized to levy a tax in anticipation of need for expenditure for the acquisition and betterment of solid waste facilities. If a tax is levied in anticipation of need, the purpose must be specified in a resolution of the county directing that the levy and the proceeds of the tax may be used only for that purpose. Until so used, the proceeds shall be retained in a separate fund or invested in the same manner as surplus in a sinking fund may be invested under section 475.66. The right of condemnation shall be exercised in accordance with chapter 117.

For the purposes of this section "solid waste facility" includes a facility to manage household hazardous waste.

Sec. 37. Minnesota Statutes 1994, section 473.811, subdivision 4a, is amended to read:

Subd. 4a. [ORDINANCES; GENERAL CONDITIONS; RESTRICTIONS; APPLICATION.] Ordinances of counties and local government units related to or affecting waste management shall embody plans, policies, rules, standards and requirements adopted by any state agency authorized to manage or plan for or regulate the management of waste and the waste management plans adopted ~~by the council~~ under section 473.149 and shall be consistent with approved county master plans ~~approved by the council~~. Except as provided in this subdivision, a county may establish and operate or contract for the establishment or operation of a solid waste disposal facility without complying with local ordinances if the ~~council~~ director certifies need under section 473.823, subdivision 6. With the approval of the ~~council~~ director, local government units may impose and enforce reasonable conditions respecting the construction, operation, inspection, monitoring, and maintenance of the disposal facilities. No local government unit shall prevent the establishment or operation of any solid waste facility in accordance with the ~~council's~~ director's decision under section 473.823, subdivision 5, except that, with the approval of the ~~council~~ director, the local government unit may impose reasonable conditions respecting the construction, inspection, monitoring, and maintenance of a facility.

Sec. 38. Minnesota Statutes 1994, section 473.811, subdivision 5, is amended to read:

Subd. 5. [ORDINANCES; SOLID WASTE COLLECTION AND TRANSPORTATION.] (a) Each metropolitan county may adopt ordinances governing the collection of solid waste. A county may adopt, but may not be required to adopt, an ordinance that requires the separation from mixed municipal waste, by generators before collection, of materials that can readily be separated for use or reuse as substitutes for raw materials or for transformation into a usable soil amendment.

(b) Each local unit of government within the metropolitan area shall adopt an ordinance governing the collection of solid waste within its boundaries. If the county within which it is located has adopted a collection ordinance, the local unit shall adopt either the county ordinance by reference or a more strict ordinance. If the county within which it is located has adopted a separation ordinance, the ordinance applies in all local units within the county that have failed to meet the local abatement performance standards, as stated in the most recent annual county report.

(c) Ordinances of counties and local government units may establish reasonable conditions respecting but shall not prevent the transportation of solid waste by a licensed collector through

and between counties and local units, except as required for the enforcement of any designation of a facility by a county under chapter 115A or for enforcement of the prohibition on disposal of unprocessed mixed municipal solid waste under sections 473.848 and 473.849.

(d) A licensed collector or a metropolitan county or local government unit may request review by the ~~council~~ director of an ordinance adopted under this subdivision. The ~~council~~ director shall approve or disapprove the ordinance within 60 days of the submission of a request for review. The ordinance shall remain in effect unless it is disapproved.

(e) Ordinances of counties and local units of government:

(1) shall provide for the enforcement of any designation of facilities by the counties under chapter 115A;

(2) may require waste collectors and transporters to deliver unprocessed mixed municipal waste generated in the county to processing facilities; and

(3) may prohibit waste collectors and transporters from delivering unprocessed mixed municipal solid waste generated in the county to disposal facilities for final disposal.

(f) Nothing in this subdivision limits the authority of the local government unit to regulate and license collectors of solid waste or to require review or approval by the ~~council~~ director for ordinances regulating collection.

Sec. 39. Minnesota Statutes 1994, section 473.811, subdivision 7, is amended to read:

Subd. 7. [JOINT ACTION.] Any local governmental unit or metropolitan agency may act together with any county, city, or town within or without the metropolitan area, or with the pollution control agency or the office ~~of waste management~~ under the provisions of section 471.59 or any other appropriate law providing for joint or cooperative action between government units, to accomplish any purpose specified in sections 473.149, 473.151, 473.801 to 473.823, 473.834, 116.05 and 115A.06.

Any agreement regarding data processing services relating to the generation, management, identification, labeling, classification, storage, collection, treatment, transportation, processing or disposal of waste and entered into pursuant to section 471.59, or other law authorizing joint or cooperative action may provide that any party to the agreement may agree to defend, indemnify and hold harmless any other party to the agreement providing the services, including its employees, officers or volunteers, against any judgments, expenses, reasonable attorney's fees and amounts paid in settlement actually and reasonably incurred in connection with any third party claim or demand arising out of an alleged act or omission by a party to the agreement, its employees, officers or volunteers occurring in connection with any exchange, retention, storage or processing of data, information or records required by the agreement. Any liability incurred by a party to an agreement under this subdivision shall be subject to the limitations set forth in section 3.736 or 466.04.

Sec. 40. Minnesota Statutes 1994, section 473.811, subdivision 8, is amended to read:

Subd. 8. [COUNTY SALE OR LEASE.] Each metropolitan county may sell or lease any facilities or property or property rights previously used or acquired to accomplish the purposes specified by sections 473.149, 473.151, 473.801 to 473.823, and 473.834. Such property may be sold in the manner provided by section 469.065, or may be sold in the manner and on the terms and conditions determined by the county board. Each metropolitan county may convey to or permit the use of any such property by a local government unit, with or without compensation, without submitting the matter to the voters of the county. No real property or property rights acquired pursuant to this section~~,~~ may be disposed of in any manner unless and until the county shall have submitted to the agency and the ~~metropolitan council~~ director for review and comment the terms on and the use for which the property will be disposed of. The agency and the ~~council~~ director shall review and comment on the proposed disposition within 60 days after each has received the data relating thereto from the county.

Sec. 41. Minnesota Statutes 1994, section 473.813, subdivision 2, is amended to read:

Subd. 2. Before a city, county, or town enters into any contract pursuant to subdivision 1 for a period of more than five years, the city, county, or town shall submit the proposed contract and a description of the proposed activities under the contract to the ~~council~~ director for review and approval. The ~~council~~ director shall approve the proposed contract if ~~it~~ the director determines that the contract is consistent with the ~~council's~~ metropolitan policy plan, permits issued under section 473.823, and county reports or approved master plans ~~approved by the council~~. The ~~council~~ director may consolidate ~~its~~ the review of contracts submitted under this section with ~~its~~ the review of related permit applications submitted under section 473.823 and for this purpose may delay the review required by this section.

Sec. 42. Minnesota Statutes 1994, section 473.823, subdivision 3, is amended to read:

Subd. 3. [SOLID WASTE FACILITIES; REVIEW PROCEDURES.] (a) The agency shall request applicants for solid waste facility permits to submit all information deemed relevant by the ~~council to its~~ director for review, including without limitation information relating to the geographic areas and population served, the need, the effect on existing facilities and services, the effectiveness of proposed buffer areas to ensure, at a minimum, protection of surrounding land uses from adverse or incompatible impacts due to landfill operation and related activities, the anticipated public cost and benefit, the anticipated rates and charges, the manner of financing, the effect on metropolitan plans and development programs, the supply of waste, anticipated markets for any product, and alternative means of disposal or energy production.

(b) A permit may not be issued for the operation of a solid waste facility in the metropolitan area which is not in accordance with the metropolitan ~~council's solid waste~~ policy plan. The ~~metropolitan council~~ director shall determine whether a permit is in accordance with the policy plan. In making ~~its~~ this determination, the ~~council~~ director shall consider the areawide need and benefit of the applicant facility and the effectiveness of proposed buffer areas to adequately protect surrounding land uses in accordance with ~~its~~ the policy plan, and may consider, without limitation, the effect of the applicant facility on existing and planned solid waste facilities.

(c) If the ~~council~~ director determines that a permit is in accordance with ~~its~~ the policy plan, the ~~council~~ director shall approve the permit. If the ~~council~~ director determines that a permit is not in accordance with ~~its~~ the policy plan, ~~it~~ the director shall disapprove the permit. ~~The council's~~ Approval of permits may be subject to conditions the director determines are necessary to satisfy criteria and standards in ~~its~~ the policy plan, including conditions respecting the type, character, and quantities of waste to be processed at a solid waste facility used primarily for resource recovery and the geographic territory from which a resource recovery facility or transfer station serving such a facility may draw its waste.

(d) For the purpose of this review and approval ~~by the council~~, the agency shall send a copy of each permit application and any supporting information furnished by the applicant to the ~~metropolitan council~~ director within 15 days after receipt of the application and all other information requested from the applicant. Within 60 days after the application and supporting information are received by the ~~council~~ director, unless a time extension is authorized by the agency, the ~~council~~ director shall issue to the agency in writing ~~its~~ a determination whether the permit is disapproved, approved, or approved with conditions. If the ~~council~~ director does not issue ~~its~~ a determination to the agency within the 60-day period, unless a time extension is authorized by the agency, the permit shall be deemed to be in accordance with the ~~council's~~ policy plan.

(e) A permit may not be issued in the metropolitan area for a solid waste facility used primarily for resource recovery or a transfer station serving the facility, if the facility or station is owned or operated by a public agency or if the acquisition or betterment of the facility or station is secured by public funds or obligations issued by a public agency, unless the ~~council~~ director finds and determines that adequate markets exist for the products recovered and that establishment of the facility is consistent with the criteria and standards in the metropolitan and county plans respecting the protection of existing resource recovery facilities and transfer stations serving such facilities.

Sec. 43. Minnesota Statutes 1994, section 473.823, subdivision 5, is amended to read:

Subd. 5. [REVIEW OF WASTE PROCESSING FACILITIES.] (a) A metropolitan county may establish a waste processing facility within the county without complying with local ordinances, if

the action is approved by the ~~council~~ director in accordance with the review process established by this subdivision. A county requesting review ~~by the council~~ shall show that:

(1) the required permits for the proposed facility have been or will be issued by the agency;

(2) the facility is consistent with the ~~council's~~ metropolitan policy plan and the approved county master plan; and

(3) a local government unit has refused to approve the establishment or operation of the facility, has failed to deny or approve establishment or operation of the facility within the time period required in section 115A.31, or has approved the application or request with conditions that are unreasonable or impossible for the county to meet.

(b) The ~~council~~ director shall ~~meet to~~ commence the review within 90 days of the submission of a request determined by the ~~council~~ director to satisfy the requirements for review under this subdivision. ~~At the meeting~~ Upon commencing the review the ~~chair~~ director shall ~~recommend and the council~~ establish a scope and procedure, including criteria, for ~~its~~ the review and final decision on the proposed facility. The procedure shall require the ~~council~~ director to make a final decision on the proposed facility within 120 days following the commencement of review. For facilities other than waste incineration and mixed municipal solid waste composting facilities, the ~~council~~ director shall ~~meet to~~ commence the review within 45 days of submission of the request and shall make a final decision within 75 days following commencement of review.

(c) The ~~council~~ director shall conduct at least one public hearing in the city or town within which the proposed facility would be located. Notice of the hearing shall be published in a newspaper or newspapers of general circulation in the area for two successive weeks ending at least 15 days before the date of the hearing. The notice shall describe the proposed facility, its location, the proposed permits, and the ~~council's~~ scope, procedure, and criteria for review. The notice shall identify a location or locations within the local government unit and county where the permit applications and the ~~council's~~ scope, procedure, and criteria for review are available for review and where copies may be obtained.

(d) In ~~its~~ the review and final decision on the proposed facility, the ~~council~~ director shall consider at least the following matters:

(1) the risk and effect of the proposed facility on local residents, units of government, and the local public health, safety, and welfare, and the degree to which the risk or effect may be alleviated;

(2) the consistency of the proposed facility with, and its effect on, existing and planned local land use and development; local laws, ordinances, and permits; and local public facilities and services;

(3) the adverse effects of the facility on agriculture and natural resources and opportunities to mitigate or eliminate such adverse effects by additional stipulations, conditions, and requirements respecting the design and operation of the proposed facility at the proposed site;

(4) the need for the proposed facility and the availability of alternative sites;

(5) the consistency of the proposed facility with the county master plan adopted pursuant to section 473.803 and the ~~council's~~ policy plan adopted pursuant to section 473.149; and

(6) transportation facilities and distance to points of waste generation.

(e) ~~In its final decision in the review,~~ The ~~council~~ director may either approve or disapprove the proposed facility at the proposed site. The ~~council's~~ approval shall embody all terms, conditions, and requirements of the permitting state agencies, provided that the ~~council~~ director may require more stringent permit terms, conditions, and requirements respecting the design, construction, operation, inspection, monitoring, and maintenance of the proposed facility at the proposed site.

Sec. 44. Minnesota Statutes 1994, section 473.823, subdivision 6, is amended to read:

Subd. 6. [~~COUNCIL;~~ CERTIFICATION OF NEED.] No new mixed municipal solid waste

disposal facility or capacity shall be permitted in the metropolitan area without a certificate of need issued by the ~~council~~ director indicating ~~the council's~~ a determination that the additional disposal capacity planned for the facility is needed in the metropolitan area. The ~~council~~ director shall amend ~~its~~ the policy plan, adopted pursuant to section 473.149, to include standards and procedures for certifying need that conform to the certification standards stated in this subdivision. The standards and procedures shall be based on the ~~council's~~ metropolitan disposal abatement plan adopted pursuant to section 473.149, subdivision 2d, the ~~council's~~ solid waste disposal facilities development schedule adopted under section 473.149, subdivision 2e, and the provisions of any master plans of counties that have been approved ~~by the council~~ under section 473.803, subdivision 2, and that are consistent with the ~~council's~~ abatement plan and development schedule. The ~~council~~ director shall certify need only to the extent that there are no feasible and prudent alternatives to the disposal facility, including waste reduction, source separation and resource recovery which would minimize adverse impact upon natural resources. Alternatives that are speculative or conjectural shall not be deemed to be feasible and prudent. Economic considerations alone shall not justify the certification of need or the rejection of alternatives.

Sec. 45. Minnesota Statutes 1994, section 473.844, subdivision 1a, is amended to read:

Subd. 1a. [USE OF FUNDS.] (a) The money in the account may be spent only for the following purposes:

(1) assistance to any person for resource recovery projects funded under subdivision 4 or projects to develop and coordinate markets for reusable or recyclable waste materials, including related public education, planning, and technical assistance;

(2) grants to counties under section 473.8441;

(3) program administration ~~by the metropolitan council~~;

(4) public education on solid waste reduction and recycling;

(5) solid waste research; and

(6) grants to multicounty groups for regionwide planning for solid waste management system operations and use of management capacity.

Sec. 46. Minnesota Statutes 1994, section 473.844, subdivision 4, is amended to read:

Subd. 4. [RESOURCE RECOVERY GRANTS AND LOANS.] The grant and loan program under this subdivision is administered by the ~~metropolitan council~~ director. Grants and loans may be made to any person for resource recovery projects. The grants and loans may include the cost of planning, acquisition of land and equipment, and capital improvements. Grants and loans for planning may not exceed 50 percent of the planning costs. Grants and loans for acquisition of land and equipment and for capital improvements may not exceed 50 percent of the cost of the project. Grants and loans may be made for public education on the need for the resource recovery projects. A grant or loan for land, equipment, or capital improvements may not be made until the ~~metropolitan council~~ director has determined the total estimated capital cost of the project and ascertained that full financing of the project is assured. Grants and loans made to cities, counties, or solid waste management districts must be for projects that are in conformance with approved master plans. A grant or loan to a city or town must be reviewed and approved by the county for conformance with the county master plan. The ~~council~~ director shall require, where practical, cooperative purchase between cities, counties, and districts of capital equipment.

Sec. 47. Minnesota Statutes 1994, section 473.8441, subdivision 2, is amended to read:

Subd. 2. [PROGRAM.] The ~~council~~ director shall encourage the development of permanent local recycling programs throughout the metropolitan area. ~~By January 1, 1988, the council shall develop performance indicators for local recycling that will measure the availability and use of recycling throughout the metropolitan area.~~ The ~~council~~ director shall make grants to qualifying metropolitan counties as provided in this section.

Sec. 48. Minnesota Statutes 1994, section 473.8441, subdivision 4, is amended to read:

(b) The activities funded must be consistent with the ~~council's~~ metropolitan policy plan and the county master plan.

(c) A grant must be matched by equal county expenditures for the activities for which the grant is made.

(d) All grant funds must be used for new activities or to enhance or increase the effectiveness of existing activities in the county.

(e) Counties shall provide support to maintain effective municipal recycling where it is already established.

Sec. 49. Minnesota Statutes 1994, section 473.8441, subdivision 5, is amended to read:

Subd. 5. [GRANT ALLOCATION PROCEDURE.] (a) The ~~council~~ director shall distribute the funds annually so that each qualifying county receives an equal share of 50 percent of the ~~council's~~ allocation to the program described in this section, plus a proportionate share of the remaining funds available for the program. A county's proportionate share is an amount that has the same proportion to the total remaining funds as the number of households in the county has to the total number of households in all metropolitan counties.

(b) To qualify for distribution of funds, a county, by April 1 of each year, must submit ~~for council~~ to the director for approval a report on expenditures and activities under the program during the preceding fiscal year and any proposed changes in its recycling implementation strategy or performance funding system. The report shall be included in the county report required by section 473.803, subdivision 3.

Sec. 50. Minnesota Statutes 1994, section 473.845, subdivision 4, is amended to read:

Subd. 2. [COUNTY CERTIFICATION; ~~COUNCIL~~ OFFICE APPROVAL.] (a) By April 1 of each year, each county shall submit an annual certification report to the ~~council~~ office detailing:

(1) the quantity of waste generated in the county that was not processed prior to transfer to a disposal facility during the year preceding the report;

(2) the reasons the waste was not processed;

(3) a strategy for development of techniques to ensure processing of waste including a specific timeline for implementation of those techniques; and

(4) any progress made by the county in reducing the amount of unprocessed waste.

The report shall be included in the county report required by section 473.803, subdivision 3.

(b) The ~~council~~ office shall approve a county's certification report if it determines that the county is reducing and will continue to reduce the amount of unprocessed waste, based on the report and the county's progress in development and implementation of techniques to reduce the amount of unprocessed waste transferred to disposal facilities. If the ~~council~~ office does not approve a county's report, it shall negotiate with the county to develop and implement specific techniques to reduce unprocessed waste. If the ~~council~~ office does not approve two or more

consecutive reports from any one county, the ~~council~~ office shall develop specific reduction techniques that are designed for the particular needs of the county. The county shall implement those techniques by specific dates to be determined by the ~~council~~ office.

ARTICLE 5

ENVIRONMENTAL REORGANIZATION

Section 1. [FINDINGS.]

The legislature finds as follows: the current assignment of environmental and natural resources programs among many state agencies creates confusion and frustration for citizens and decision makers. The environmental and natural resources services provided by these programs can be better delivered by reorganizing related functions so that citizens of Minnesota have easier access

to the programs. Reorganization can provide more responsiveness to citizens, will ensure less fragmentation of environmental and natural resources policies, will minimize overlapping responsibilities among agencies, and will ensure better coordination of environmental and natural resources policies.

Sec. 2. [REORGANIZATION.]

Subdivision 1. [GOALS.] The legislature finds that it is desirable to develop a plan to reorganize state services relating to the protection of the environment, protection of farmland, and the management of natural resources to achieve the following goals:

(1) sustainable development throughout all regions of the state and all sectors of the economy;

(2) improved delivery of services;

(3) a preventative, precautionary approach to environmental degradation;

(4) citizen participation in relevant decision-making processes; and

(5) progressively less air, land, and water pollution.

Subd. 2. [DEFINITION.] "Sustainable development" means management and development of environmental resources to ensure both sustainable human progress and environmental protection by meeting the needs of the present without compromising the ability of future generations to meet their own needs.

Sec. 3. [OUTCOMES.]

A reorganization plan must show how state agencies can be reorganized to achieve the following outcomes:

(1) consolidation, where appropriate, of many of the state's diverse environmental and natural resource programs;

(2) better coordination of programs and activities relating to environmental and natural resource matters;

(3) improved citizen access to pertinent, understandable information;

(4) establishment of an expeditious review process for agency actions;

(5) establishment of a policy planning framework for sustainable development;

(6) integrated licensing and permitting through a single access point;

(7) identification and review of specifications and programs that should be eliminated or accomplished by different means;

(8) decentralization of the service-delivery system for the benefit of citizens of the state as consumers of services;

(9) management based on appropriate geographical natural resource characteristics;

(10) development of the polluter-pays principle through a balanced system of regulatory controls and financial incentives; and

(11) the flexibility to enable state and local governments to coordinate and cooperate as well as identify and address existing and emerging environmental issues of state, national, and international import.

Sec. 4. [REORGANIZATION STUDY.]

Subdivision 1. [GOVERNOR'S DESIGNEES.] Within 30 days of the effective date of this section, the governor shall designate a commissioner or group of commissioners to develop a plan to reorganize state services relating to the protection of the environment and the management of

natural resources. The governor's designee or designees shall consult with legislators designated by the legislative coordinating commission under subdivision 2 in developing the plan.

Subd. 2. [LEGISLATIVE DESIGNEES.] Within 30 days of the effective date of this section, the legislative coordinating commission shall designate a group of legislators to develop a plan to reorganize state services relating to the protection of the environment and the management of natural resources. The designees must include the chairs of the house and senate committees on environment and natural resources, unless the chairs decline. The legislative designees shall consult with the governor's designee or designees named under subdivision 1 in developing the plan.

Subd. 3. [PUBLIC, STATE EMPLOYEE INPUT.] The designees of the governor and the legislative coordinating commission may appoint stakeholder advisory councils to facilitate public input and state employee input on state services relating to the protection of the environment and the management of natural resources.

Subd. 4. [ACTIVITIES.] (a) The designees named under subdivisions 1 and 2 shall serve as partners in studying the delivery of state services and the performance of state functions and shall recommend changes that would achieve the goals and outcomes outlined in sections 2 and 3. These recommendations must be submitted to the legislature by December 15, 1996.

(b) As part of their study, the designees shall examine special purpose districts, including soil and water conservation districts, watershed districts, lake improvement districts, lake conservation districts, and water management organizations, and shall recommend steps to eliminate overlapping jurisdictions, duplicative responsibilities, and duplicative funding mechanisms. These recommendations must be submitted to the legislature by December 15, 1995.

(c) As part of their study, the designees shall examine boards, commissions, councils, and task forces, including the office of environmental assistance and the board of water and soil resources and other organizations and advisory bodies providing or regulating state services relating to the protection of the environment, protection of farmland, and the management of natural resources, and shall recommend steps to increase accountability and eliminate overlapping jurisdictions, duplicative responsibilities and programs, and duplicative funding mechanisms.

By January 15, 1996, the commissioner of the department of public service and the chair of the public utilities commission shall jointly submit to the legislature a recommendation on the desirability of restructuring the department and the commission, including whether or not to have a unified structure. The recommendation must address the desirability and feasibility of:

(1) an administrative structure that would provide for the greatest possible independence of the public utilities commission in its exercise of quasi-judicial functions;

(2) guidelines that would prevent any employee engaged in the performance of investigative or advocating functions for an agency in a case before the commission from, in that case or a factually related case, participating or advising in the decision of the commission, except as a witness or counsel in public proceedings;

(3) the assignment to the public utilities commission of duties and responsibilities as are quasi-judicial in nature;

(4) the joint provision of, administrative and support services including, at a minimum, personnel, purchasing, budgeting, information systems, and similar services;

(5) a reduction in staffing levels, from the existing staff of both the department and the commission, to achieve savings;

(6) changes in the statutory provisions, and recodification of relevant provisions in Minnesota Statutes, chapter 216E, regarding the department and the commission necessary to carry out the

policies of this article, including the identification of obsolete, redundant, or unnecessary functions that are currently required of the department or the commission;

(7) the appropriate number of commissioners on the public utilities commission within a restructured organization; and

(8) the transfer of intervention staff to the attorney general's office.

For purposes of this paragraph, a person retires when the person terminates active employment in state service and applies for a retirement annuity. Eligibility ends as provided in the agreement or plan, but must cease at the end of the month in which the retired employee chooses not to receive an annuity, or the employee is eligible for employer-paid health insurance from a new employer. The retired employees shall be eligible for coverages to which they were entitled at the time of retirement, subject to any changes in coverage through collective bargaining or plans established under section 43A.18 for employees in positions equivalent to that from which they retired, provided that the retired employees shall not be eligible for state-paid life insurance; ~~and~~

A spouse of a deceased retired employee who received an annuity under a state retirement program may purchase the coverage listed in this subdivision if the spouse was a dependent under the retired employee's coverage at the time of the employee's death. Coverages must be coordinated with relevant health insurance benefits provided through the federally sponsored Medicare program. Until the retired employee reaches age 65, the retired employee and dependents must be pooled in the same group as active employees for purposes of establishing premiums and coverage for hospital, medical, and dental insurance. Coverage for retired employees and their dependents may not discriminate on the basis of evidence of insurability or preexisting conditions unless identical conditions are imposed on active employees in the group that the employee left. Appointing authorities shall provide notice to employees no later than the effective date of their retirement of the right to exercise the option provided in this subdivision. The retired employee must notify the commissioner or designee of the commissioner within 30 days after the effective date of the retirement of intent to exercise this option.

Sec. 13. Minnesota Statutes 1994, section 43A.316, is amended to read:

43A.316 [PUBLIC EMPLOYEES INSURANCE ~~PLAN~~ PROGRAM.]

Subdivision 1. [INTENT.] The legislature finds that the creation of a statewide ~~plan~~ program to provide public employees and other eligible persons with life insurance and hospital, medical, and dental benefit coverage through provider organizations would result in a greater utilization of government resources and would advance the health and welfare of the citizens of the state.

Subd. 2. [DEFINITIONS.] For the purpose of this section, the terms defined in this subdivision have the meaning given them.

(a) [COMMISSIONER.] "Commissioner" means the commissioner of employee relations.

(c) [ELIGIBLE EMPLOYER.] "Eligible employer" means:

(1) a public employer within the definition of section 179A.03, subdivision 15, that is a town,

(f) [~~PLAN~~ PROGRAM.] "~~Plan~~ Program" means the statewide public employees insurance ~~plan~~ program created by subdivision 3.

Subd. 3. [PUBLIC EMPLOYEE INSURANCE ~~PLAN~~ PROGRAM.] The commissioner shall be the administrator of the public employee insurance ~~plan~~ program and may determine its funding arrangements. The commissioner shall model the ~~plan~~ program after the plan established in section 43A.18, subdivision 2, but may modify that plan, in consultation with the labor-management committee.

Subd. 4. [LABOR-MANAGEMENT COMMITTEE.] The labor-management committee consists of ten members appointed by the commissioner. The labor-management committee must comprise five members who represent employees, including at least one retired employee, and five members who represent eligible employers. Committee members are eligible for expense reimbursement in the same manner and amount as authorized by the commissioner's plan adopted under section 43A.18, subdivision 2. The commissioner shall consult with the labor-management committee in major decisions that affect the ~~plan~~ program. The committee shall study issues relating to the insurance ~~plan~~ program including, but not limited to, flexible benefits, utilization review, quality assessment, and cost efficiency.

Subd. 5. [PUBLIC EMPLOYEE PARTICIPATION.] (a) Participation in the ~~plan~~ program is subject to the conditions in this subdivision.

(b) Each exclusive representative for an eligible employer determines whether the employees it represents will participate in the ~~plan~~ program. The exclusive representative shall give the employer notice of intent to participate at least ~~90~~ 30 days before the expiration date of the collective bargaining agreement preceding the collective bargaining agreement that covers the date of entry into the ~~plan~~ program. The exclusive representative and the eligible employer shall give notice to the commissioner of the determination to participate in the ~~plan~~ program at least ~~90~~ 30 days before entry into the ~~plan~~ program. Entry into the ~~plan~~ program is governed by a schedule established by the commissioner.

(c) Employees not represented by exclusive representatives may become members of the ~~plan~~ program upon a determination of an eligible employer to include these employees in the ~~plan~~ program. Either all or none of the employer's unrepresented employees must participate. The eligible employer shall give at least ~~90~~ 30 days' notice to the commissioner before entering the ~~plan~~ program. Entry into the ~~plan~~ program is governed by a schedule established by the commissioner.

(d) Participation in the ~~plan~~ program is for a two-year term. Participation is automatically renewed for an additional two-year term unless the exclusive representative, or the employer for unrepresented employees, gives the commissioner notice of withdrawal at least ~~90~~ 30 days before expiration of the participation period. A group that withdraws must wait two years before rejoining. An exclusive representative, or employer for unrepresented employees, may also withdraw if premiums increase 50 percent or more from one insurance year to the next.

(e) The exclusive representative shall give the employer notice of intent to withdraw to the commissioner at least ~~90~~ 30 days before the expiration date of a collective bargaining agreement that includes the date on which the term of participation expires.

(f) Each participating eligible employer shall notify the commissioner of names of individuals who will be participating within two weeks of the commissioner receiving notice of the parties' intent to participate. The employer shall also submit other information as required by the commissioner for administration of the ~~plan~~ program.

Subd. 6. [COVERAGE.] (a) By January 1, 1989, the commissioner shall announce the benefits of the ~~plan~~ program. The ~~plan~~ program shall include employee hospital, medical, dental, and life insurance for employees and hospital and medical benefits for dependents. Health maintenance organization options and other delivery system options may be provided if they are available, cost-effective, and capable of servicing the number of people covered in the ~~plan~~ program. Participation in optional coverages may be provided by collective bargaining agreements. For employees not represented by an exclusive representative, the employer may offer the optional coverages to eligible employees and their dependents provided in the ~~plan~~ program.

(b) The commissioner, with the assistance of the labor-management committee, shall periodically assess whether it is financially feasible for the ~~plan~~ program to offer or to continue an individual retiree program that has competitive premium rates and benefits. If the commissioner determines it to be feasible to offer an individual retiree program, the commissioner shall announce the applicable benefits, premium rates, and terms of participation. Eligibility to participate in the individual retiree program is governed by subdivision 8, but applies to retirees of eligible employers that do not participate in the ~~plan~~ program and to those retirees' dependents and surviving spouses.

Subd. 6a. [CHIROPRACTIC SERVICES.] All benefits provided by the ~~plan~~ program or a successor ~~plan~~ program relating to expenses incurred for medical treatment or services of a physician must also include chiropractic treatment and services of a chiropractor to the extent that the chiropractic services and treatment are within the scope of chiropractic licensure.

This subdivision is intended to provide equal access to benefits for ~~plan~~ program members who choose to obtain treatment for illness or injury from a doctor of chiropractic, as long as the treatment falls within the chiropractor's scope of practice. This subdivision is not intended to change or add to the benefits provided for in the ~~plan~~ program.

Subd. 7. [PREMIUMS.] The proportion of premium paid by the employer and employee is subject to collective bargaining or personnel policies. If, at the beginning of the coverage period, no collective bargaining agreement has been finalized, the increased dollar costs, if any, from the previous year is the sole responsibility of the individual participant until a collective bargaining agreement states otherwise. Premiums, including an administration fee, shall be established by the commissioner. Each employer shall pay monthly the amounts due for employee benefits including the amounts under subdivision 8 to the commissioner no later than the dates established by the commissioner. If an employer fails to make the payments as required, the commissioner may cancel ~~plan~~ program benefits and pursue other civil remedies.

Subd. 8. [CONTINUATION OF COVERAGE.] (a) A former employee of an employer participating in the ~~plan~~ program who is receiving a public pension disability benefit or an annuity or has met the age and service requirements necessary to receive an annuity under chapter 353, 353C, 354, 354A, 356, 422A, 423, 423A, or 424, and the former employee's dependents, are eligible to participate in the ~~plan~~ program. This participation is at the person's expense unless a collective bargaining agreement or personnel policy provides otherwise. Premiums for these participants must be established by the commissioner.

The commissioner may provide policy exclusions for preexisting conditions only when there is a break in coverage between a participant's coverage under the employment-based group insurance ~~plan~~ program and the participant's coverage under this section. An employer shall notify an employee of the option to participate under this paragraph no later than the effective date of retirement. The retired employee or the employer of a participating group on behalf of a current or retired employee shall notify the commissioner within 30 days of the effective date of retirement of intent to participate in the ~~plan~~ program according to the rules established by the commissioner.

(b) The spouse of a deceased employee or former employee may purchase the benefits provided at premiums established by the commissioner if the spouse was a dependent under the employee's or former employee's coverage under this section at the time of the death. The spouse

remains eligible to participate in the ~~plan~~ program as long as the group that included the deceased employee or former employee participates in the ~~plan~~ program. Coverage under this clause must be coordinated with relevant insurance benefits provided through the federally sponsored Medicare program.

(c) The ~~plan~~ program benefits must continue in the event of strike permitted by section 179A.18, if the exclusive representative chooses to have coverage continue and the employee pays the total monthly premiums when due.

(d) A participant who discontinues coverage may not reenroll.

Persons participating under these paragraphs shall make appropriate premium payments in the time and manner established by the commissioner.

Subd. 9. [INSURANCE TRUST FUND.] The insurance trust fund in the state treasury consists of deposits of the premiums received from employers participating in the ~~plan~~ program and transfers before July 1, 1994, from the excess contributions holding account established by section 353.65, subdivision 7. All money in the fund is appropriated to the commissioner to pay insurance premiums, approved claims, refunds, administrative costs, and other related service costs. Premiums paid by employers to the fund are exempt from the tax imposed by sections 60A.15 and 60A.198. The commissioner shall reserve an amount of money to cover the estimated costs of claims incurred but unpaid. The state board of investment shall invest the money according to section 11A.24. Investment income and losses attributable to the fund must be credited to the fund.

Subd. 10. [EXEMPTION.] The public employee insurance ~~plan~~ program and, where applicable, the employers participating in it are exempt from chapters 60A, 62A, 62C, 62D, 62E, and 62H, section 471.617, subdivisions 2 and 3, and the bidding requirements of section 471.6161.

Sec. 14. Minnesota Statutes 1994, section 43A.317, subdivision 5, is amended to read:

Subd. 5. [EMPLOYER ELIGIBILITY.] (a) [PROCEDURES.] All employers are eligible for coverage through the program subject to the terms of this subdivision. The commissioner shall establish procedures for an employer to apply for coverage through the program.

(b) [TERM.] The initial term of an employer's coverage ~~will~~ may be for up to two years from the effective date of the employer's application. After that, coverage will be automatically renewed for an additional ~~two-year terms~~ term unless the employer gives notice of withdrawal from the program according to procedures established by the commissioner or the commissioner gives notice to the employer of the discontinuance of the program. The commissioner may establish conditions under which an employer may withdraw from the program prior to the expiration of a ~~two-year~~ term, including by reason of ~~a midyear~~ an increase in health coverage premiums of 50 percent or more from one insurance year to the next. An employer that withdraws from the program may not reapply for coverage for a period of ~~two years from its date of withdrawal~~ time equal to its initial term of coverage.

(c) [MINNESOTA WORK FORCE.] An employer is not eligible for coverage through the program if five percent or more of its eligible employees work primarily outside Minnesota, except that an employer may apply to the program on behalf of only those employees who work primarily in Minnesota.

(d) [EMPLOYEE PARTICIPATION; AGGREGATION OF GROUPS.] An employer is not eligible for coverage through the program unless its application includes all eligible employees who work primarily in Minnesota, except employees who waive coverage as permitted by subdivision 6. Private entities that are eligible to file a combined tax return for purposes of state tax laws are considered a single employer, except as otherwise approved by the commissioner.

(e) [PRIVATE EMPLOYER.] A private employer is not eligible for coverage unless it has two or more eligible employees in the state of Minnesota. If an employer has only two eligible employees and one is the spouse, child, sibling, parent, or grandparent of the other, the employer must be a Minnesota domiciled employer and have paid social security or self-employment tax on behalf of both eligible employees.

(f) [MINIMUM PARTICIPATION.] The commissioner must require as a condition of

employer eligibility that at least 75 percent of its eligible employees who have not waived coverage participate in the program. The participation level of eligible employees must be determined at the initial offering of coverage and at the renewal date of coverage. For purposes of this section, waiver of coverage includes only waivers due to coverage under another group health benefit plan.

(g) [EMPLOYER CONTRIBUTION.] The commissioner must require as a condition of employer eligibility that the employer contribute at least 50 percent toward the cost of the premium of the employee and may require that the contribution toward the cost of coverage is structured in a way that promotes price competition among the coverage options available through the program.

(h) [ENROLLMENT CAP.] The commissioner may limit employer enrollment in the program if necessary to avoid exceeding the program's reserve capacity.

Sec. 15. Minnesota Statutes 1994, section 62J.45, subdivision 8, is amended to read:

The limitations on insurance plans offered to local government employees shall not be applicable in geographic areas where provider participation is limited by managed care contracts with the department of human services. For providers other than health maintenance organizations, participation in the medical assistance program means that (1) the provider accepts new medical assistance, general assistance medical care, and MinnesotaCare patients or (2) at least 20 percent of the provider's patients are covered by medical assistance, general assistance medical care, and MinnesotaCare as their primary source of coverage. The commissioner shall establish participation requirements for health maintenance organizations. The commissioner shall provide lists of participating medical assistance providers on a quarterly basis to the commissioner of employee relations, the commissioner of labor and industry, and the commissioner of commerce. The purpose of this article is to make government work better and cost less. To accomplish this purpose, this article creates incentives for state and local employees to act in a manner that provides the best and most efficient services to the public. This article also removes barriers that currently discourage state and local agencies from taking innovative approaches to improving services and achieving cost savings.

Sec. 2. [HUMAN RESOURCES SYSTEM.]

Subdivision 1. [POLICY.] The legislature reaffirms its commitment to an efficient and effective merit-based human resources system that meets the management needs of the state and that meets the program needs of the people of the state. The purpose of this article is to establish a process to ensure the continuation of merit-based principles, while removing rules and procedures that cause unnecessary inefficiencies in the state human resources system.

Subd. 2. [PILOT PROJECT.] During the biennium ending June 30, 1997, the governor shall designate an executive agency that will conduct a pilot civil service project. The pilot program must adhere to the policies expressed in subdivision 1 and in Minnesota Statutes, section 43A.01. For the purposes of conducting the pilot project, the commissioner of the designated agency is exempt from the provisions that relate to employment in Minnesota Statutes, chapter 43A, Minnesota Rules, chapter 3900, and administrative procedures and policies of the department of employee relations. If a proposed exemption from the provisions that relate to employment in Minnesota Statutes, chapter 43A, Minnesota Rules, chapter 3900, and administrative procedures and policies of the department of employee relations would violate the terms of a collective bargaining agreement effective under Minnesota Statutes, chapter 179A, the exemption is not effective without the consent of the exclusive representative that is a party to the agreement. Upon request of the commissioner carrying out the pilot project, the commissioner of employee relations shall provide technical assistance in support of the pilot project. This section does not exempt an agency from compliance with Minnesota Statutes, sections 43A.19 and 43A.191, or from rules adopted to implement those sections.

Subd. 3. [EVALUATION.] The commissioner of employee relations, in consultation with the agency selected in subdivision 2, shall design and implement a system for evaluating the success of the pilot project in subdivision 2. The system specifically must:

(1) evaluate the extent to which the agency has been successful in maintaining a merit-based human resources system in the absence of the traditional civil service rules and procedures;

(2) quantify time and money saved in the hiring process under the pilot project as compared to hiring under the traditional rules and procedures; and

(3) document the extent of complaints or problems arising under the new system.

The agency involved in the pilot project under this section and the department of employee relations must report to the legislature by October 1, 1996, and October 1, 1997, on the progress and results of the project. The report must include at least the elements required in this subdivision, and must also make recommendations for legislative changes needed to ensure the state will have the most efficient and effective merit-based human resources system possible.

Subd. 4. [WORKING GROUP.] The governor shall appoint a stakeholder working group to advise the agency selected in subdivision 2 and the commissioner of employee relations on implementation of the pilot project under this section. The group shall include not more than 15 people, and must include:

(1) not more than five representatives of management of the agency selected for the pilot project;

(2) not more than five representatives of exclusive representatives of the agency selected by the pilot project, chosen by the exclusive representatives, provided that the number of representatives under this clause may not be less than the number of management representatives under clause (1);

(3) up to three representatives of customers of the services provided by the agency selected for the pilot project; and

(4) up to two representatives of nonprofit citizens' organizations devoted to the study and improvement of government services.

Subd. 5. [PILOT PROJECT.] During the biennium ending June 30, 1997, the human resources innovation committee established under Laws 1993, chapter 301, section 1, subdivision 6, shall designate state job classifications to be included in a pilot project. Under this pilot project: (1) resumes of applicants for positions to be filled through a competitive open process will be evaluated through an objective computerized system that will identify which applicants have the required skills; and (2) information on applicants determined to have required skills will be forwarded to the agency seeking to fill a vacancy, without ranking these applicants, and without a limit on the number of applicants that may be forwarded to the hiring agency. Laws or rules that govern examination, ranking of eligibles, and certification of eligibles for competitive open positions do not apply to those job classifications included in the pilot project. Before designating a job classification under this subdivision, the committee must assure that the hiring process for those job classifications complies with the policies in subdivision 1.

Subd. 6. [EVALUATION.] The commissioner of employee relations, in consultation with the human resources innovation committee, shall design and implement a system for evaluating the success of the pilot project in subdivision 5. By October 1, 1996, and October 1, 1997, the commissioner must report to the legislature on the pilot project. The report must:

(1) list job classifications subject to the pilot project, and the number of positions filled under these job classes;

(2) evaluate the extent to which the project has been successful in maintaining a merit-based system in the absence of traditional civil service laws and rules;

(3) quantify time and money saved in the hiring process under the pilot project, as compared to hiring under the traditional laws and rules;

(4) document the extent of complaints or problems arising under the new system; and

(5) recommend any changes in laws or rules needed to make permanent the successes of the pilot project.

Subd. 7. [EXTENSION.] Laws 1993, chapter 301, section 1, subdivision 6, is not repealed until June 30, 1997.

Subd. 8. [REPEALER.] Minnesota Rules, parts 3900.0100 to 3900.4700 and 3900.6100 to 3900.9100, and all administrative procedures of the department of employee relations that control the manner in which state agencies hire employees, are repealed on June 30, 1999.

Sec. 3. [GAINSHARING.]

Subdivision 1. [FINDINGS.] The legislature recognizes state employees as crucial resources in providing effective and efficient government services to the people of Minnesota. The legislature believes that state employees should benefit from successful efforts they make to improve government efficiency and effectiveness. Efforts to improve government efficiency and effectiveness include, but are not limited to, reductions in unnecessary paperwork, repeal of unnecessary state, federal, and local regulations, and reductions in unnecessary staff.

Subd. 2. [PILOT PROJECT.] During the biennium ending June 30, 1997, the department of employee relations must implement a system of incentives including economic incentives for unrepresented employees for employees in the department. The system must be approved by the commissioner of finance before being implemented. The system must have the following characteristics:

(1) it must provide nonmanagerial unrepresented employees within the agency the possibility of earning economic rewards by suggesting changes in operation of the department's programs;

(2) it must provide nonmanagerial represented employees within the agency the possibility of receiving individual economic rewards, if provided in a collective bargaining agreement, for suggesting changes in the operation of the department's programs;

(3) it must provide groups of nonmanagerial represented employees within the agency the possibility of receiving group rewards in the form of training opportunities, filling of unfilled employee complement, or other resources that benefit overall group performance;

(4) any economic awards must be based on changes in operations suggested by nonmanagerial employees that result in objectively measurable cost savings of at least $25,000 or significant and objectively measurable efficiencies in services that the agency provides to its customers or clients, without decreasing the quality of these services;

(5) awards must be a minimum of $500 up to a maximum of $2,500 per year to unrepresented nonmanagerial employees who were instrumental in identifying and implementing the efficiency and cost-saving measures;

(6) an "efficiency savings account" must be created within each fund that is used to provide money for department services. Each account consists of money saved directly as a result of initiatives under this section. Any awards under this article must be paid from money in an efficiency savings account. One-half of the money in the account may be used for awards under this section, and the remainder must be returned to the fund from which the money was appropriated;

(7) no award shall be given except upon approval of a team comprised of equal numbers of management and nonmanagement employees selected by the commissioner of employee relations from state employees outside of the department; and

(8) the economic awards granted to unrepresented employees must be one-time awards, and must not add to the base salary of employees.

Subd. 3. [REPORTING.] The department of employee relations must report to the legislature on October 1, 1996, and October 1, 1997, on the progress and results of the incentive programs under this section. The reports must include:

(1) a description of the measurable cost savings and in-agency services that were used as the basis for rewards; and

(2) a list of the number and amount of awards granted.

Sec. 4. [PROCUREMENT.]

Subdivision 1. [PURPOSE.] The primary purpose of the laws governing state contracting is to ensure that state agencies obtain high quality goods and services at the least cost and in the most efficient and effective manner. The purpose of this section is to establish a process to ensure that agencies obtain goods and services in this manner, while removing rules and procedures that cause unnecessary inefficiencies in the purchasing system.

Subd. 2. [PILOT PROJECT.] Notwithstanding any law to the contrary, the governor shall designate an executive agency that, during the biennium ending June 30, 1997, is exempt from any law, rule, or administrative procedure that requires approval of the commissioner of administration before an agency enters into a contract. The agency selected in this subdivision must establish a process for obtaining goods and services that complies with the policies in subdivision 1. The process must include guidelines to prevent conflicts of interest for agency employees involved in developing bid specifications or proposals, evaluating bids or proposals, entering into contracts, or evaluating the performance of a contractor. The guidelines must attempt to ensure that such an employee:

(1) does not have any financial interest in and does not personally benefit from the contract;

(2) does not accept from a contractor or bidder any promise, obligation, contract for future reward, or gift, other than an item of nominal value; and

(3) does not appear to have a conflict of interest because of a family or close personal relationship to a contractor or bidder, or because of a past employment or business relationship with a contractor or bidder.

Upon request of the agency, the department of administration shall provide the agency technical assistance in designing such a process.

Subd. 3. [EVALUATION.] The commissioner of administration, in consultation with the agency selected in subdivision 2, shall design and implement a system for evaluating the success of the pilot project in subdivision 2. The system specifically must:

(1) evaluate the extent to which the agency has been successful in obtaining high quality goods and services at the least cost in the absence of the traditional checks placed on agencies by laws, rules, and procedures administered by the commissioner of administration;

(2) quantify time and money saved in the procurement process under the pilot project as compared to purchasing goods and services under the traditional rules and procedures; and

(3) document the extent of complaints or problems arising under the new system.

The agency involved in the pilot project under this section and the commissioner of administration must report to the legislature by October 1, 1996, and October 1, 1997, on the progress and results of the project. The reports must include at least the elements required in clauses (1) to (3) and must also make recommendations for legislative changes needed to ensure that the state will have the most efficient and effective system possible for purchasing goods and services.

Sec. 5. [EFFECTIVE DATE.]

This article is effective on the day following final enactment.

ARTICLE 14

PRESERVATION OF COLLECTIVE BARGAINING

Section 1. [POLICY.]

Nothing in article 13 authorizes the unilateral modification or abrogation of a right under a collective bargaining agreement. The legislature affirmatively encourages state agencies and bargaining units, when negotiating future agreements, to allow for participation in pilot projects that foster innovation, creativity, and productivity within the state human resource system and within individual agencies, departments, or units thereof.

Sec. 2. [STUDY.]

The legislative coordinating commission or another legislative commission designated by the legislative coordinating commission shall study issues related to determination of which public employees are supervisory and confidential employees, as discussed in recent appellate court decisions involving employees in McLeod and Scott counties. The commission shall determine what changes are needed in procedures or rules of the bureau of mediation services, or in legislation, to maintain an appropriate balance in the determination of which employees are confidential and supervisory employees under Minnesota Statutes, chapter 179A. The commission shall report conclusions and recommendations to the legislature by February 1, 1996.

Sec. 3. [EFFECTIVE DATE.]

This article is effective on the day following final enactment.

ARTICLE 15

UNIVERSITY OF MINNESOTA

Section 1. [UNIVERSITY OF MINNESOTA CONTRACTING.]

Notwithstanding any law to the contrary, the governor shall designate one executive agency that will work with the University of Minnesota to develop more efficient and effective procedures for state agencies to contract with the University of Minnesota. Consideration shall be given to using a single agency and a single set of administrative procedures for all state contracting with the University. As part of its 1998-1999 biennial budget request, the University of Minnesota shall include measures demonstrating the efficiency gained through these procedures and any recommendations for further improvements.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective on the day following final enactment.

ARTICLE 16

BOARD OF INNOVATION

Section 1. [465.7971] [WAIVERS OF STATE RULES; POLICIES.]

Subdivision 1. [APPLICATION.] A state agency may apply to the board for a waiver from: (1) an administrative rule or policy adopted by the department of employee relations that deals with the state personnel system; (2) an administrative rule or policy of the department of administration that deals with the state procurement system; or (3) a policy of the department of finance that deals with the state accounting system. Two or more state agencies may submit a joint application. A waiver application must identify the rule or policy at issue, and must describe the improved outcome sought through the waiver.

Subd. 2. [REVIEW PROCESS.] (a) The board shall review all applications submitted under this section. The board shall dismiss an application if it finds that the application proposes a waiver that would result in due process violations, violations of federal law or the state or federal constitution, or the loss of services to people who are entitled to them. If a proposed waiver would violate the terms of a collective bargaining agreement effective under chapter 179A, the waiver is not effective without the consent of the exclusive representative that is a party to the agreement. The board may approve a waiver only if the board determines that if the waiver is granted: (1) services can be provided in a more efficient or effective manner; and (2) services related to human resources must be provided in a manner consistent with the policies expressed in article 13, section 2, and in section 43A.01 and services related to procurement must be provided in a manner consistent with the policies expressed in article 13, section 4. In the case of a waiver from a policy of the department of finance, the board may approve the waiver only if it determines that services will be provided in a more efficient or effective manner and that state funds will be adequately accounted for and safeguarded in a manner that complies with generally accepted government accounting principles.

(b) Within 15 days of receipt of the application, the board shall send a copy of the application to: (1) the agency whose rule or policy is involved; and (2) all exclusive representatives who represent employees of the agency requesting the waiver. The agency whose rule or policy is involved may mail a copy of the application to all persons who have registered with the agency under section 14.14, subdivision 1a.

(c) The agency whose rule or policy is involved or an exclusive representative shall notify the board of its agreement with or objection to and grounds for objection to the waiver within 60 days of the date when the application was transmitted to the agency or the exclusive representative. An agency's or exclusive representative's failure to do so is considered agreement to the waiver.

(d) If the agency or the exclusive representative objects to the waiver, the board shall schedule a meeting at which the agency requesting the waiver may present its case for the waiver and the objecting party may respond. The board shall decide whether to grant a waiver at its next regularly scheduled meeting following its receipt of an agency's response, or the end of the 60-day response period, whichever occurs first. If consideration of an application is not concluded at the meeting, the matter may be carried over to the next meeting of the board. Interested persons may submit written comments to the board on the waiver request.

(e) If the board grants a request for a waiver, the board and the agency requesting the waiver shall enter into an agreement relating to the outcomes desired as a result of the waiver and the means of measurement to determine whether those outcomes have been achieved with the waiver. The agreement must specify the duration of the waiver, which must be for at least two years and not more than four years. If the board determines that an agency to which a waiver is granted is failing to comply with the terms of the agreement, the board may rescind the agreement.

Subd. 3. [BOARD.] For purposes of evaluating waiver requests involving rules or policies of the department of administration, the chief administrative law judge shall appoint a third administrative law judge to replace the commissioner of administration on the board.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective the day following final enactment.

ARTICLE 17

Section 1. Minnesota Statutes 1994, section 256B.056, is amended by adding a subdivision to read:

Subd. 4a. [ASSET VERIFICATION.] For purposes of verification, the value of a life estate shall be considered not saleable unless the owner of the remainder interest intends to purchase the life estate, or the owner of the life estate and the owner of the remainder sell the entire property.

Sec. 2. Minnesota Statutes 1994, section 256B.056, is amended by adding a subdivision to read:

Subd. 4b. [INCOME VERIFICATION.] The local agency shall not require a monthly income verification form for a recipient who is a resident of a long-term care facility and who has monthly earned income of $80 or less.

Sec. 3. Minnesota Statutes 1994, section 256B.056, is amended by adding a subdivision to read:

Subd. 5a. [INDIVIDUALS ON FIXED INCOME.] Recipients of medical assistance who receive only fixed unearned income, where such income is unvarying in amount and timing of receipt throughout the year, shall report and verify their income annually.

Sec. 4. Minnesota Statutes 1994, section 256B.056, is amended by adding a subdivision to read:

Sec. 6. [RAMSEY CONSTRUCTION CONTRACTS; PILOT PROJECT FOR ALTERNATIVE PROCUREMENT METHODS.]

Ramsey county may conduct a pilot project for construction projects under this section. Notwithstanding any other law, Ramsey county may contract for the acquisition, construction, or improvement of real property or buildings in a manner determined by the county board, with or without advertising for bids. Before proceeding without advertising for bids, the county board shall, by a vote of at least five board members, make a determination that an alternative construction procurement method serves the interest of the public in regard to cost, speed, and quality of construction. Alternative construction procurement methods include, but are not limited to: (1) the solicitation of proposals for construction on a design/build basis and subsequent negotiation of contract terms; or (2) the solicitation of proposals for a construction management

agreement which may include a guaranteed maximum price. The provisions of Minnesota Statutes, section 383A.201, apply to this section. Each year, before January 15, Ramsey county shall report on actions taken under this section during the preceding year to state house and senate legislative committees having jurisdiction over local government matters. The authority provided in this section expires December 31, 1997.

Sec. 7. [REPEALER.]

Minnesota Statutes 1994, section 256D.425, subdivision 3, is repealed.

Sec. 8. [EFFECTIVE DATE.]

Section 6 is effective on the day following final enactment. Sections 1 to 5 and 7 are effective August 1, 1995. Section 3 ceases to be effective if a federal agency determines that implementation of section 3 would cause a loss of federal funding.

ARTICLE 18

DEADLINE FOR AGENCY ACTION

Section 1. [15.99] [TIME DEADLINE FOR AGENCY ACTION.]

Subdivision 1. [DEFINITION.] For purposes of this section, "agency" means a department, agency, board, commission, or other group in the executive branch of state government; a statutory or home rule charter city, county, town, or school district; any metropolitan agency or regional entity; and any other political subdivision of the state.

Subd. 2. [DEADLINE FOR RESPONSE.] Except as otherwise provided in this section and notwithstanding any other law to the contrary, an agency must approve or deny within 60 days a written request relating to zoning, septic systems, or expansion of the metropolitan urban service area for a permit, license, or other governmental approval of an action. Failure of an agency to deny a request within 60 days is approval of the request. If an agency denies the request, it must state in writing the reasons for the denial at the time that it denies the request.

Subd. 3. [APPLICATION; EXTENSIONS.] (a) The time limit in subdivision 2 begins upon the agency's receipt of a written request containing all information required by law or by a previously adopted rule, ordinance, or policy of the agency. If an agency receives a written request that does not contain all required information, the 60-day limit starts over only if the agency sends notice within ten business days of receipt of the request telling the requester what information is missing.

(b) If an action relating to zoning, septic systems, or expansion of the metropolitan urban service area requires the approval of more than one state agency in the executive branch, the 60-day period in subdivision 2 begins to run for all executive branch agencies on the day a request containing all required information is received by one state agency. The agency receiving the request must forward copies to other state agencies whose approval is required.

(c) An agency response meets the 60-day time limit if the agency can document that the response was sent within 60 days of receipt of the written request.

(d) The time limit in subdivision 2 is extended if a state statute, federal law, or court order requires a process to occur before the agency acts on the request, and the time periods prescribed in the state statute, federal law, or court order make it impossible to act on the request within 60 days. In cases described in this paragraph, the deadline is extended to 60 days after completion of the last process required in the applicable statute, law, or order. Final approval of an agency receiving a request is not considered a process for purposes of this paragraph.

(e) The time limit in subdivision 2 is extended if: (1) a request submitted to a state agency requires prior approval of a federal agency; or (2) an application submitted to a city, county, town, school district, metropolitan or regional entity, or other political subdivision requires prior approval of a state or federal agency. In cases described in this paragraph, the deadline for agency action is extended to 60 days after the required prior approval is granted.

(f) An agency may extend the timeline under this subdivision before the end of the initial 60-day period by providing written notice of the extension to the applicant. The notification must

state the reasons for the extension and its anticipated length, which may not exceed 60 days unless approved by the applicant.

Sec. 2. [EFFECTIVE DATE.]

Section 1 is effective July 1, 1995, and applies to any written request submitted after that date.

ARTICLE 19

STATE AGENCY CUSTOMER SERVICE

Section 1. [15.101] [CUSTOMER SERVICE.]

Subdivision 1. [DEFINITIONS.] For purposes of this section and section 15.102:

(1) "business license" or "license" has the meaning given it in section 116J.70, subdivision 2, and also includes licenses and other forms of approval listed in section 116J.70, subdivision 2a, clauses (7) and (8), but does not include those listed in subdivision 2a, clauses (1) to (6);

(2) "customer" means an individual; a small business as defined in section 645.445, but also including a nonprofit corporation that otherwise meets the criteria in that section; a family farm, family farm corporation, or family farm partnership as defined in section 500.24, subdivision 2; or a political subdivision as defined in section 3.881, subdivision 2;

(3) "initial agency" means the state agency to which a customer submits an application for a license or inquires about submitting an application; and

(4) "responsible agency" means the initial agency or another state agency that agrees to be designated the responsible agency.

Subd. 2. [RESPONSIBILITY FOR CUSTOMER NEEDS.] (a) When a customer applies to a state agency for a license to engage in activity, the agency is responsible for providing the customer with information the customer needs from the state to complete the application, including information on any other agency or agencies that must take action before the license may be granted or that must issue a separate license before the customer may proceed with the activity. The employee of the initial agency or responsible agency who accepts the customer's application or inquiry regarding an application shall provide the customer with the employee's name, title, and work telephone number and shall inform the customer that the employee will be available to provide assistance and information as the customer proceeds with the application and awaits the agency's action on it.

(b) If the responsible agency determines that another state agency or agencies must act on an application, the responsible agency shall forward all necessary application forms and other required information to the other agency or agencies and shall coordinate with the other agency or agencies in an effort to assure that all action on the application is completed within the time specified in section 15.102.

(c) At the request of a customer, the responsible agency shall prepare a written work plan, which is not a binding contract, setting out the steps necessary for the customer to complete the application, the time when the responsible agency may be expected to take action on the application, the steps the responsible agency will take to forward an application or required information to any other state agency or agencies that must take action, and the process by which the other agency or agencies may be expected to act. The work plan must include information on the deadline for agency action under section 15.102 and on the result of agency failure to meet the deadline. The work plan must be provided to a customer no later than 20 working days after the customer requested the plan.

Sec. 2. [15.102] [TIME LIMITATION.]

Subdivision 1. [DEADLINE FOR ACTION.] Unless a shorter period is provided by law, all state agencies that must act on a customer's application for a license shall take final action on it within 60 days after the customer's submission of a completed application to the responsible agency or within 60 days after the customer has been provided with a work plan under section 15.101, subdivision 2, paragraph (c), whichever is later. If action on the application is not

completed within 60 days, the license is deemed to be granted. The time period specified in this subdivision does not begin to run until the customer has completed any required application in complete, correct form and has provided any additional required information or documentation.

Subd. 2. [LONGER TIME LIMITS.] An agency may provide for a longer time for the conclusion of action on an application, by itself and by another agency or agencies, if:

(1) the agency states in writing to the customer that a longer time is needed to protect against serious and significant harm to the public health, safety, or welfare, states the reason why, and specifies the additional time needed;

(2) the agency states in writing to the customer that a longer time is needed to comply with state or federal requirements, states the requirements, and specifies the additional time needed; or

(3) an agency that must take action on an application is a multimember board that meets periodically, in which case the agency must complete its action within 60 days after its first meeting after receipt of the application, or within a longer period established under clause (1) or (2).

Subd. 3. [EXCLUSIONS.] This section does not apply to an application requiring one or more public hearings or an environmental impact statement or environmental assessment worksheet.

Subd. 4. [COMPLIANCE.] When a license is deemed granted under subdivision 1, this section does not limit the right of an agency to suspend, limit, revoke, or change a license for failure of the customer to comply with applicable laws or rules.

Subd. 5. [LIMIT ON REVIEW.] A decision of an agency under subdivision 2 that a time longer than 60 days is needed to complete action on an application is not subject to judicial review.

Sec. 3. [15.103] [OTHER LAW.]

A state agency action that is subject to section 15.99 is governed by section 15.99 if there is a conflict between that section and sections 15.101 and 15.102.

Sec. 4. [NO ADDITIONAL RESOURCES.]

During the biennium ending June 30, 1997, agencies shall comply with sections 1 and 2 with their existing complements and appropriations."

Delete everything after the enacting clause and insert:

"Section 1. Minnesota Statutes 1994, section 373.40, subdivision 1, is amended to read:

Subdivision 1. [DEFINITIONS.] For purposes of this section, the following terms have the meanings given.

(b) "Capital improvement" means acquisition or betterment of public lands, buildings, or other improvements within the county for the purpose of a county courthouse, administrative building, health or social service facility, correctional facility, jail, law enforcement center, hospital, morgue, library, park, qualified indoor ice arena, and roads and bridges. An improvement must have an expected useful life of five years or more to qualify. "Capital improvement" does not include light rail transit or any activity related to it or a recreation or sports facility building (such as, but not limited to, a gymnasium, ice arena, racquet sports facility, swimming pool, exercise room or health spa), unless the building is part of an outdoor park facility and is incidental to the primary purpose of outdoor recreation.

(c) "Commissioner" means the commissioner of trade and economic development.

(d) "Metropolitan county" means a county located in the seven-county metropolitan area as defined in section 473.121 or a county with a population of 90,000 or more.

(e) "Population" means the population established by the most recent of the following (determined as of the date the resolution authorizing the bonds was adopted):

(1) the federal decennial census,

(2) a special census conducted under contract by the United States Bureau of the Census, or

(3) a population estimate made either by the metropolitan council or by the state demographer under section 4A.02.

(g) "Tax capacity" means total taxable market value, but does not include captured market value.

Sec. 2. [373.43] [FINANCING AUTHORITY; ICE FACILITIES.]

A county may issue and sell its general obligations under chapter 475 to finance acquisition and construction of an indoor ice arena intended to be used predominantly for youth athletic activities if all the following conditions are met.

(a) The obligations are secured by a pledge of revenues from the facility.

(b) The county has entered into a qualified agreement. A qualified agreement means:

(1) a joint powers agreement with the school district or the city in which the facility is located that governs ownership, operation, and maintenance of the facility; or

(2) an agreement with a nonprofit corporation, qualifying under section 501(c)(3) of the Internal Revenue Code of 1986, that provides that the corporation will operate, manage, and maintain the facility; or

(c) The agreements under paragraph (b) provide that all parties must pay the principal and interest on obligations, if the revenues for the facility are insufficient to pay the obligations in full.

(d) The county board finds, based on analysis provided by a professional experienced in finance, that the facility's revenues and other available money will be sufficient to pay the obligations, without reliance on a property tax levy or the general purpose state aid of the county or any party to a joint powers agreement.

Sec. 3. [373.44] [REVENUE FINANCING AUTHORITY; ICE FACILITIES.]

For the purpose of acquiring, leasing, equipping, or maintaining land or buildings for use as an indoor ice arena as defined in section 2, a county has the same authority and powers granted to a city by section 471.191.

Each development upon completion shall comply with all applicable code requirements. A loan or loans may be made or purchased for either the construction or the long-term financing of a development, or both, including the financing of the acquisition of dwelling units and interests in common facilities provided therein, by persons to whom such units and facilities may be sold as contemplated in chapter 515 or 515A or any supplemental or amendatory law thereof or as contemplated for a development consisting of cooperative housing.

Substantially all of the proceeds of each loan shall be used to pay the cost of a multifamily housing development, including property functionally related and subordinate to it; but nothing herein prevents the construction or acquisition of the development over, under, or adjacent to, and in conjunction with facilities to be used for purposes other than housing.

Each city designated as an enterprise zone is allocated $3,000,000 to be used to provide ~~credits~~ grants under this section for the duration of the program. Each city of the second class designated as an economically depressed area by the United States Department of Commerce is allocated $300,000 to be used to provide ~~credits~~ grants under this section for the duration of the program. For fiscal year 1998 and subsequent years, the proration in section 469.31 shall continue to apply until the amount designated in this subdivision is expended.

The ~~credit~~ incentive grant is in an amount equal to 20 percent of the wages paid to an employee, not to exceed $5,000 per employee per ~~taxable~~ calendar year. The ~~credit~~ incentive grant is available to an employer for a zone resident employed in the zone at full-time wage levels of not less than 170 percent of minimum wage. The ~~credit~~ incentive grant is not available to workers employed in construction or employees of financial institutions, gambling enterprises, public utilities, sports, fitness, and health facilities, or racetracks. Subd. 3. [REVIEW AND ANALYSIS.] The city must submit the ~~proposed tax credit~~ incentive grant proposal to the commissioner for approval. The proposal shall include a plan to recruit, hire, train, and retain zone residents. The ~~tax credit~~ proposal shall be approved unless the commissioner finds that the proposal is not in conformity with the provisions of sections 469.301 to 469.308.

If the city submits the ~~tax credit~~ incentive grant proposal to the commissioner before the expiration of the zone designation under section 469.302, subdivision 2, the authority of the commissioner to approve the ~~tax credit~~ proposal continues until the commissioner acts on the proposal.

Sec. 12. Minnesota Statutes 1994, section 469.306, is amended to read:

469.306 [REVOCATION.]

The commissioner may revoke a business' ~~tax credit~~ incentive grant if the applicant has not proceeded in good faith with its operations in a manner which is consistent with the purpose of sections 469.301 to 469.308 and is possible under circumstances reasonably within the control of the applicant.

The commissioner may reconsider the revocation of the ~~tax credit~~ incentive grant if the business provides evidence that circumstances of its failure to proceed were beyond its control or that it did not act in bad faith.

[LIEN.] If an event occurs that creates an obligation under subdivision 1 to repay all or part of the ~~tax credit~~ incentive grant, the repayment obligation immediately becomes a lien against the business' real and personal property located in Minnesota, including the property of subsidiaries, parents, and related corporations. A lien against real property under this subdivision has the same legal effect and must be collected in the same manner as unpaid real property taxes.

Sec. 14. Minnesota Statutes 1994, section 469.309, is amended to read:

469.309 [RURAL JOB CREATION ~~CREDIT~~ GRANTS.]

$5,000 for each eligible employee with wages greater than or equal to 300 percent of the minimum wage.

The total ~~credit~~ grant for an employer is equal to the actual ~~credit~~ grant multiplied by the number of employees eligible for that ~~credit~~ grant. For purposes of this section "minimum wage" means the minimum wage that is required by federal law. An eligible business may apply for a rural job creation ~~credit~~ grant only once for each new job. ~~The credit is refundable.~~

Subd. 3. [ELIGIBLE EMPLOYEE.] To be eligible for a ~~credit~~ grant, the employee must be employed full time by an eligible business at a wage level of not less than 170 percent of the minimum wage at the time the eligible business applies for the ~~credit~~ grant and must have been employed there at that wage level for a minimum of 12 months. The ~~credit~~ grant applies only to new jobs created at the eligible business after May 6, 1994.

Subd. 4. [RESTRICTIONS.] The ~~tax credits~~ incentive grants provided by this section do not apply to racetracks, financial institutions, gambling enterprises, public utilities, or sports, fitness, and health facilities. Of that amount, one-third must be allocated to the city of Minneapolis, one-third to the city of St. Paul, and one-third to the remaining cities. Of the amounts allocated to the cities of Minneapolis and St. Paul, $25,000 must be subtracted from each city's allocation and is appropriated to the commissioner of economic security for administration of this program, provided that $25,000 of the appropriation is for fiscal year 1996 and $25,000 is for fiscal year 1997. Of the amount allocated to the remaining cities, a minimum of $60,000 must be allocated to the city of South St. Paul. No ~~tax credits are allowable~~ incentive grants may be paid before fiscal year 1997. If the commissioner of ~~revenue~~ economic security estimates by March 1, 1996, that ~~tax credits~~ incentive grants for fiscal year 1997 will exceed $900,000, the commissioner shall proportionately reduce each city's allocation to remain within the limit. The amount necessary to pay the allocations for grants under this section are appropriated to the commissioner of trade and economic development and the commissioner of economic security.

Sec. 17. Minnesota Statutes 1994, section 471.191, subdivision 1, is amended to read:

Subdivision 1. In this event the governing body of the issuer may by resolution or trust indenture define the land, buildings, or facilities, the revenues of which are pledged, and establish covenants and agreements to be made by the issuer for the security of the bonds, including a covenant that the issuer will establish, maintain, revise when necessary, and collect charges for all services, products, use, and occupancy of the land, buildings, and facilities, in the amounts and at the times required to produce the revenues pledged, and also sufficient, with any other funds appropriated by the governing body from time to time, to provide adequately for the operation and maintenance of the land, buildings, and facilities. After the issuance of any bonds for which revenues are so pledged, the governing body of the issuer shall provide in its budget each year for any anticipated deficiency in the revenues available for such operation and maintenance. For this purpose any issuer may levy a tax on the taxable property within its boundaries, in excess of taxes which may otherwise be levied within charter limitations~~, provided the excess levy for a city subject to a charter limitation is approved by a majority of its electors voting on the question at a regular or~~

~~special election~~. The authority to levy additional taxes granted herein shall not apply to cities or towns in which the net tax capacity consists in part of iron ore or lands containing taconite or semitaconite.

The holders of any temporary bonds shall have and may enforce, by mandamus or other appropriate proceedings, all rights respecting the levy and collection of taxes that are granted by law to holders of permanent bonds, except the right to require the levies to be collected prior to the maturity of the temporary bonds. If any temporary bonds are not paid in full at maturity, the holders may require the issuance in exchange for them, at par, of new temporary bonds maturing within one year from their date of issue but not subject to any other maturity limitation, and bearing interest at the maximum rate permitted by law. The governing body may by resolution adopted prior to the sale of any temporary bonds pledge the full faith, credit, and taxing power of the municipality for the payment of the principal and interest, in addition to all provisions made for their security in the authorizing resolution. 475.79 [POWERS AVAILABLE TO OTHER POLITICAL SUBDIVISIONS.]

Any powers granted to a municipality under this chapter, other than the power to issue general obligation bonds and levy taxes, may be exercised by any other governmental unit.
