

EXECUTIVE ORDER NO. 5

July 5, 1967

25
By virtue of the powers vested in me as governor and state planning officer, I hereby assign to Mr. Raymond T. Olsen, state planning director, the following duties and responsibilities relative to coordination and review of federal aid applications submitted to any federal agency by any agency of the state government:

1. Responsibility for review, prior to submission of any application to any federal agency, of the goals and objectives of the program for which funds are sought. This review shall include an analysis of program content and a determination as to whether the goals and objectives of the program involved are consistent with overall state programs, goals and objectives, either as expressed in a state plan or by statute.

2. When deemed necessary, preparation of recommendations, for my consideration, as to the state's posture in any program for which federal funds are requested. Such recommendations, when made, shall include: (a) discussion as to conflicts between state and federal program goals and objectives; (b) programmatic relationships between the proposed federal program and programs now being carried on by the state; (c) intergovernmental problems which might arise by virtue of participation in the federal program; and (d) implications of participation in terms of impact on long range statewide planning and programming.

19069

Information needed by the state planning director for carrying out his responsibilities under this order shall be provided by the commissioner of administration. The commissioner of administration and the state planning director shall, subject to my review and approval, develop procedures as necessary to achieve this flow of information; as necessary to relate review of federal aid applications under this order to review of federal application budgets under executive order 4; and as necessary to relate responsibility to review of plans submitted to federal agencies under executive order no. 1.
