

**POSSIBLE LEGISLATIVE ISSUES**

**I. TRANSMISSION**

- 1. CAPX2020 cost recovery and certificate of need criteria proposal.
- 2. Executive Branch administrative reorganization of EQB functions
- 3. Compensation for eminent domain for transmission routes.

**II. RENEWABLE ENERGY**

- 1. Renewable Energy Production Incentive Extension
- 2. Possible changes in Renewable Energy Objective Law
- 3. Community Based Economic Development (CBED) tariff
- 4. Proposal to shift funding for the renewable energy production incentives from the general fund to the renewable development fund.

**III. CIP**

- 1. Legislative auditor's report

**STATUTES**

- 1. Certificate of need (216B.243)
- 2. Rate Regulation (216B.16)
- 3. Power Plant Siting (116C.51 to 116C.69)
- 4. Renewable Energy Objective Law (216B.1691)
- 5. Renewable energy production incentive (216C.41)
- 6. Conservation Investment Program (216B.241)
- 7. Renewable Development Fund (116C.779)
- 8. Dry Cask Storage at nuclear power plants (116C.83)

9. Cooperative and Municipal Self Regulation (216B.01)
10. Cold Weather Shut-Offs (216B.095, 216B.097)
11. Distributed generation interconnection and tariff (216B.1611)
12. Cogeneration and Small Power Producers (216B.164)
13. Performance-based gas purchase and service plans (216B.167, 216B.1675)
14. "Green pricing" law (216B.169)
15. Metropolitan Emissions Reduction Program (216B.1692)
16. Mesaba Energy Project (216B.1693, 216B.1694)
17. Integrated Resource Planning (216B.2424)
18. Wind Power Mandate (216B.2423)
19. Biomass Power Mandate (216B.2424)
20. State Transmission Plan (216B.2425)
21. Assigned Electric Service Areas (216B.37 to 216B.43)
22. Municipal Service Territory Extensions (216B.44)
23. Regulatory assessments (216B.62)
24. Ordering adequate infrastructure and maintenance investments (216B.79)
25. Standards for distribution utilities (216B.81)
26. Legislative Electric Energy Task Force (216C.051)
