

## *An Introduction to Admin*

The mission of the Department of Administration is to lead Minnesota government in delivering quality products and services faster, better and more cost-effectively. Admin's main office is located in the Administration Building on Sherburne and Cedar avenues in St. Paul, northeast of the State Capitol.

**Building Codes and Standards Division** administers the state building code, which sets construction standards to assure the health, safety, comfort and security of building occupants. The division also regulates manufactured housing (mobile homes) and prefabricated buildings; provides training seminars for building officials, manufacturers, dealers and installers; and reviews, evaluates and inspects all new or altered elevators and lifting/transportation devices.

**Plant Management Division** maintains 3.7 million gross square feet of space in 22 facilities, as well as the surrounding grounds and parking areas under the custodial control of Admin, promotes energy conservation opportunities on a statewide basis and administers the state recycling program and center.

**Real Estate Management Division** is responsible for the inventory, allocation, planning and leasing of office and storage space in nonstate-owned buildings, and in state-owned buildings under the custodial control of the Department of Administration. The division provides short-term leasing of state-owned property which is not needed for state use. The division also acquires and disposes of real property.

**State Architect's Office** is the central resource for Minnesota's predesign program, the design, construction and remodeling needs for most State agencies. It is also responsible for the administration of the Statewide Facilities Management Program.

**Office of Technology (OT)** is charged with providing statewide leadership and direction for information and communication technology policy. OT's mission is to ensure that policy development surrounding information and communication technology improves how the state uses technology as well as how it can enhance the capabilities of Minnesota's citizens. OT is also the home of North Star, the state's official Internet portal.

**InterTechnologies Group** is the core computer operations and telecommunications organization for State of Minnesota agencies, providing services in managing and operating information technology resources. InterTech adds value through familiarity with customers' businesses, identifying shared or aggregate information technology needs and determining supply alternatives in order to meet those needs competitively.

**Communications Media Division**, consisting of three operations, is responsible for mailing and distribution, publishing and retail sales of government publications and records storage services. The division operates Minnesota's Bookstore, 660 Olive St., St. Paul, which sells state government publications and other materials and items of interest to the public.

**Information Policy Analysis Division** promotes understanding of and compliance with laws regulating information. IPA helps define and interpret decisions about the classification of information as public or not public and answers questions about federal and state freedom of information and data practices.

**Environmental Quality Board** develops policy and reviews proposed projects that could significantly affect the environment. Admin provides support services for the board.

**Land Management Information Center (LMIC)** offers data, software, project consultation and coordination services that promote the effective use of geographic information and technology.

**Local Planning Assistance Center** offers a variety of technical services and information and coordinates state assistance to communities regarding comprehensive planning and comprehensive plan implementation issues.

**Management Analysis Division** is government's in-house, fee-for-service management consulting group. Its professional management consultants provide management consultation services to local, regional, state and federal government agencies and higher education using accepted tools and techniques.

**Materials Management Division** is responsible for purchasing; contracting; professional and technical services contracting; surplus property acquisition, warehousing and disposal; and all other aspects of buying goods and services for state agencies. The mission of the Materials Management Division is to provide responsible material and service acquisition and property disposition through professional, timely and worthwhile services meeting customer expectations.

**Municipal Boundary Adjustments Office** reviews and adjudicates municipal boundary changes in response to requests from cities, townships and property owners.

**Office of the State Archaeologist** duties include sponsoring, conducting and directing research into the prehistoric and historic archaeology of Minnesota; protecting and preserving archaeological sites and objects; and enforcing provisions of Minn. Statutes 138.31-138.42 and 307.08.

**Risk Management Division** is responsible for the development and operation of the state's risk and insurance management program, which seeks to minimize the adverse impacts of risks and losses for state agencies; absorb risk while maintaining a stable financial profile; and ensure the long-term financial security of the State of Minnesota and its agencies.

**Travel Management Division** offers fleet management services to state agencies and their employees. Many of the division's fleet services are also available to counties, cities, school districts and other political subdivisions.

**State Demographic Center**, Minnesota's liaison with the U.S. Census Bureau, estimates, forecasts and investigates changes in the state's population, analyzes census data and distributes information.

**Minnesota Governor's Council on Developmental Disabilities** seeks to assure that people with developmental disabilities receive the necessary support to achieve increased independence, productivity, integration and inclusion into the community.

**A System of Technology to Achieve Results (STAR) Program** was created by the Technology Related Assistance for Individuals with Disabilities Act. STAR provides coordination and assistance in identifying technology resources that will increase, maintain or improve the functional capabilities of individuals with disabilities.

**Financial Management and Reporting Division** provides a centralized and integrated accounting system for Admin and strives to provide timely and accurate financial services while conforming to the Generally Accepted Accounting Principles.

**Human Resources Division** provides personnel services to all department employees, provides advice and consultation to management on human resource issues and administers labor agreements and plans. The HR staff is responsible for payroll and employee benefit services and maintains personnel records.

## CAREER EXPERIENCE

### MTS SYSTEMS CORPORATION

2003-Present

#### **AeroMet and Friction Stir Welding Vice President and General Manager**

Responsible for two growth initiative business units providing industry leading technologies in laser deposition of titanium and friction stir welding equipment and processes. Previously, was Vice President and General Manager, MTS Automation, a global business which designed and manufactured industrial motors and drives, with facilities in New Ulm, MN; Montgomeryville, PA; and Straslund and Freiburg, Germany, which business was divested by MTS in May 2003.

### HONEYWELL, INC.

1985 – 2001

#### **Home and Building Control**

1999 – 2001

#### **Vice President, Global Operations & Customer Access – MN**

In \$1.8B home and building control products business, designed and implemented global manufacturing strategy, driving significant cost and quality improvement across the business.

- Accountable for twenty-three factories around the globe
- Transitioned 30% of manufacturing to low cost labor areas
- Led the business to Baldrige-based Honeywell Quality Value Award

#### **Sensor and Guidance Operations**

1996 – 1999

#### **Vice President, Motion and Sensor Products Operation – MN**

In Honeywell's highest technology operation, led the transition from design to production of new low-cost navigation sensor products, positioning the operation for double-digit growth in a stagnant industry, and winning the Chairman's Vision Award for new product development.

- Achieved Honeywell Quality Value Award in 1997, leading the organization to win the MN State Quality Award in 2000.

#### **Skinner Valve Division**

1993 – 1996

#### **Vice President and General Manager – New Britain, CT**

Led turn-around business to achieve doubled sales in three years and achieved Honeywell's highest recognition in 1994, the Chairman's Achievement Award for the best year-over-year financial results in the company.

- Globalized the business by unifying US and Swiss operations
- Won Honeywell Quality Value Award and CT State Quality Award in 1996.

#### **Honeywell Aerospace and Defense**

1985 – 1991

#### **Vice President, Contract Management and Compliance – MN**

- Responsible for Honeywell's global government and commercial contracting professionals, and designed Honeywell's industry-leading corporate ethics program.

RECEIVED

017 1 2 2004

**THE BENDIX CORPORATION / ALLIED-SIGNAL**

**1974 – 1985**

**Aerospace Group**

**Vice President, Business Development – Arlington, VA**

**1983 – 1985**

Developed Aerospace Group's Electronic Systems annual strategic plans for six business units and implemented growth strategies. Managed acquisitions and divestitures through initial due diligence, agreement negotiation and successful integration.

**Director, Regional Counsel Office – Kansas City, MO/Arlington, VA**

**1974 – 1983**

As head of a team of a dozen attorneys, provided in-house corporate legal support for a variety of defense and aerospace business units.

**BIERSMITH AND BADGEROW, ATTORNEYS AT LAW**

**1968 – 1974**

**Partner and Shareholder – Kansas City, MO**

Successful trial law practice, with a special focus on labor and employment law.

**ADDITIONAL EXPERIENCE**

**STATE OF MINNESOTA**

**1991 – 1993**

**Department of Administration**

**Commissioner – St. Paul, MN**

On a two-year leave of absence from Honeywell, joined the MN Governor's Cabinet, leading twenty-seven internal state operations, including information systems, purchasing, motor pool, facilities and building management, and organizational consulting. Designed and implemented the Governor's Commission on Reform and Efficiency, which recommended a total reorganization of state government, and provided a blueprint for \$350M in annual savings.

# NEWS RELEASE

**FOR IMMEDIATE RELEASE:**  
October 12, 2004

**Contact:** Brian McClung  
(651) 296-0001

## **GOVERNOR PAWLENTY APPOINTS DANA BADGEROW COMMISSIONER OF ADMINISTRATION**

*~ Experienced corporate executive and innovator to lead state's administrative reforms ~*

**Saint Paul** – Governor Tim Pawlenty today named Dana Badgerow commissioner of the Minnesota Department of Administration, effective October 25, 2004. Badgerow currently serves as a vice president and general manager at MTS Systems Corporation, a global Minnesota-based business which designs and manufactures physical testing equipment and software, as well as industrial sensors. She replaces Kent Allin, who was appointed by the Governor to serve on an interim basis after former Administration Commissioner Brian Lamb resigned in late August to become general manager of the Metropolitan Transit Commission.

“Dana Badgerow’s broad range of corporate and government experience makes her an ideal candidate to head up the agency’s reform efforts,” said Governor Pawlenty. “We are fortunate to have found a leader who has posted a remarkable track record of innovation in the private and public sector.”

“I am delighted to be returning to state government and to the Department of Administration,” said Badgerow. “I believe that my work over the past eleven years working for two great corporations – in driving operations excellence, quality leadership, and implementation of change – will serve me well for the challenge at hand. Under this Governor’s unwavering commitment to reform, I hope to bring those skills to bear in order to achieve significant reform within state government – making it more responsive to citizens, more respectful of the public’s funding, and a better place for state employees to realize their commitment to public service.”

Badgerow, 60, currently is responsible for MTS Systems Corporation’s AeroMet subsidiary and Friction Stir Welding business, two growth initiatives providing industry-leading technologies in laser deposition of titanium and friction stir welding equipment and processes. A top-level executive at Honeywell, Inc., since 1985, she previously served as vice president of global operations and customer access at Honeywell. During a two-year leave absence from Honeywell, Badgerow served as the Commissioner of the Department of Administration under Governor Arne Carlson from 1991 to 1993.

**RECEIVED**

OCT 12 2004

Badgerow, who resides in Minneapolis, is a 1965 graduate of Principia College in Elsau, Ill., with a bachelor's degree in English. She received a juris doctor degree in 1968 from the University of Missouri and a master's degree in business administration in 1981 from Loyola College in Baltimore.

Badgerow has served on the Board of Trustees of the College of St. Benedict since 2001 and as a director of Greywolf Press.

The Commissioner of Administration reports to the Governor and receives a salary of \$108,000 per year.

## **GOVERNOR PAWLENTY APPOINTS KRINKIE TO METROPOLITAN COUNCIL**

**Saint Paul** – Governor Tim Pawlenty today announced the appointment of Mary Krinkie to the Metropolitan Council. Krinkie will fill the vacancy created by the resignation of Marcel Eibensteiner in District 10, which includes the Anoka County cities of Blaine, Circle Pines and Lexington, and the Ramsey County cities of Arden Hills, Falcon Heights, Lauderdale, Mounds View, New Brighton, North Oaks, Roseville, and Shoreview, and the portion of Spring Lake Park that lies in Ramsey County.

Krinkie is vice president of government relations for the Minnesota Hospital Association in St. Paul, a position she has held since 2001. She worked in government relations for the law firm of Lockridge, Grindal, Nauen in Minneapolis from 1991 to 2001, was a communications and media assistant for the Minnesota State Senate from 1987 to 1990 and was state coordinator for the working partners division of the Republican National Committee in Washington, DC from 1982 to 1987. Krinkie earned her bachelor of arts degree cum laude from Vanderbilt University in Nashville, Tennessee in 1982.

“I am grateful to Governor Pawlenty for the opportunity to serve the people of District 10 and the region,” Krinkie said. “I support the work of the Met Council and Chairman Peter Bell’s leadership.”

Krinkie, 44, lives in Shoreview with her husband, Phil, and their daughter, Elizabeth, 8.

The Metropolitan Council coordinates planning and development in the seven county metropolitan area and directly operates several regional services. The Metropolitan Council consists of 16 metropolitan citizens appointed from geographically defined districts in the seven county metropolitan area and a chair. All 17 members are appointed by the Governor to four-year terms that are co-terminus with the Governor.
