 theft; authorizing a consumer to place a security freeze on the consumer's credit  
 report; providing notice of this right; providing protections against identity theft;  
 providing Social Security number protections; providing credit monitoring;

 criminal penalties; proposing coding for new law in Minnesota Statutes, chapters  
 13C; 325E; 325G.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

**Section 1. [13C.032] IDENTITY THEFT; CREDIT BLOCKS.**

(a) If a consumer submits to a credit reporting agency a copy of a valid police report, or a valid investigative report made by an investigator with peace officer status, the consumer credit reporting agency shall promptly and permanently block reporting any information that the consumer alleges appears on his or her credit report as a result of a violation of section 609.527 so that the information cannot be reported. The consumer credit reporting agency shall promptly notify the furnisher of the information that the information has been blocked. Furnishers of information and consumer credit reporting agencies shall ensure that information is unblocked only upon a preponderance of the evidence establishing the facts required under paragraph (b), clause (1), (2), or (3).

(b) The permanently blocked information must be unblocked only if:

(1) the information was blocked due to a material misrepresentation of fact by the consumer or fraud;

(2) the consumer agrees that the blocked information, or portions of the blocked information, were blocked in error; or

(3) the consumer knowingly obtained possession of goods, services, or money as a result of the blocked transaction or transactions or the consumer should have known

2.1 that he or she obtained possession of goods, services, or money as a result of the blocked  
2.2 transaction or transactions.

2.3 (c) If blocked information is unblocked pursuant to this section, the consumer must  
2.4 be promptly notified. The prior presence of the blocked information in the consumer  
2.5 credit reporting agency's file on the consumer is not evidence of whether the consumer  
2.6 knew or should have known that he or she obtained possession of any goods, services, or  
2.7 money. For the purposes of this section, fraud may be demonstrated by circumstantial  
2.8 evidence. In unblocking information pursuant to this section, furnishers and consumer  
2.9 credit reporting agencies are subject to their respective requirements pursuant to this  
2.10 chapter regarding the completeness and accuracy of information.

2.11 **Sec. 2. [13C.05] SECURITY FREEZE ON CONSUMER CREDIT REPORTS.**

2.12 Subdivision 1. Definitions. For the purposes of this section, the following terms  
2.13 have the meanings given them:

2.14 (1) "security freeze" means a notice, at the request of the consumer and subject to  
2.15 certain exceptions, prohibiting the consumer reporting agency from releasing all or any  
2.16 part of the consumer's credit report or any information derived from it without the express  
2.17 authorization of the consumer. If a security freeze is in place, such a report or information  
2.18 may not be released to a third party without prior express authorization from the consumer.  
2.19 This subdivision does not prevent a consumer reporting agency from advising a third party  
2.20 that a security freeze is in effect with respect to the consumer's credit report; and

2.21 (2) "reviewing the account" or "account review" includes activities related to account  
2.22 maintenance, monitoring, credit line increases, and upgrades and enhancements.

2.23 Subd. 2. Timing; covered entities; cost. (a) A consumer may elect to place a  
2.24 security freeze on a credit report by:

2.25 (1) making a request by certified mail;

2.26 (2) making a request by telephone by providing certain personal identification; or

2.27 (3) making a request directly to the consumer reporting agency through a secure  
2.28 electronic mail connection if the connection is made available by the agency.

2.29 (b) A consumer reporting agency shall place a security freeze on a consumer's credit  
2.30 report no later than five business days after receiving a written or telephone request from  
2.31 the consumer or three business days after receiving a secure electronic mail request.

2.32 (c) The consumer reporting agency shall send a written confirmation of the security  
2.33 freeze to the consumer within five business days of placing the freeze and at the same time  
2.34 shall provide the consumer with a unique personal identification number or password to

3.1 be used by the consumer when providing authorization for the release of the consumer's  
3.2 credit for a specific party or period of time.

3.3 (d) If the consumer wishes to allow the consumer's credit report to be accessed for a  
3.4 specific party or period of time while a freeze is in place, the consumer shall contact the  
3.5 consumer reporting agency via telephone, certified mail, or secure electronic mail; request  
3.6 that the freeze be temporarily lifted; and provide the following:

3.7 (1) proper identification;

3.8 (2) the unique personal identification number or password provided by the consumer  
3.9 reporting agency pursuant to paragraph (c); and

3.10 (3) the proper information regarding the third party who is to receive the credit report  
3.11 or the time period for which the report must be available to users of the credit report.

3.12 (e) A consumer reporting agency that receives a request from a consumer to  
3.13 temporarily lift a freeze on a credit report pursuant to paragraph (d) shall comply with the  
3.14 request no later than three business days after receiving the request.

3.15 (f) A consumer reporting agency may develop procedures involving the use of  
3.16 telephone or fax, or upon the consent of the consumer in the manner required by the  
3.17 Electronic Signatures in Global and National Commerce Act, United States Code, title 15,  
3.18 section 7001 et seq., for legally required notices, by the Internet, e-mail, or other electronic  
3.19 media to receive and process a request from a consumer to temporarily lift a freeze on a  
3.20 credit report pursuant to paragraph (d) in an expedited manner.

3.21 (g) A consumer reporting agency shall remove or temporarily lift a freeze placed  
3.22 on a consumer's credit report only in the following cases:

3.23 (1) upon consumer request, pursuant to paragraph (d) or (j); or

3.24 (2) if the freeze was due to a material misrepresentation of fact by the consumer.

3.25 If a consumer reporting agency intends to remove a freeze upon a consumer's credit report  
3.26 pursuant to this paragraph, the consumer reporting agency shall notify the consumer in  
3.27 writing five business days before removing the freeze on the consumer's credit report.

3.28 (h) If a third party requests access to a consumer credit report on which a security  
3.29 freeze is in effect, and this request is in connection with an application for credit or any  
3.30 other use, and the consumer does not allow the consumer's credit report to be accessed for  
3.31 that specific party or period of time, the third party may treat the application as incomplete.

3.32 (i) If a third party requests access to a consumer credit report on which a security  
3.33 freeze is in effect for the purpose of receiving, extending, or otherwise using the credit in  
3.34 the report, and not for the sole purpose of account review, the consumer reporting agency  
3.35 must notify the consumer that an attempt has been made to access the credit report.

4.1 (j) Except as otherwise provided in paragraph (g), clause (2), a security freeze shall  
4.2 remain in place until the consumer requests that the security freeze be removed. A  
4.3 consumer reporting agency shall remove a security freeze within three business days of  
4.4 receiving a request for removal from the consumer, who provides both of the following:

4.5 (1) proper identification; and

4.6 (2) the unique personal identification number or password provided by the consumer  
4.7 reporting agency pursuant to paragraph (c).

4.8 (k) A consumer reporting agency shall require proper identification of the person  
4.9 making a request to place or remove a security freeze.

4.10 (l) A consumer reporting agency may not suggest or otherwise state or imply to a  
4.11 third party that the consumer's security freeze reflects a negative credit score, history,  
4.12 report, or rating.

4.13 (m) This section does not apply to the use of a consumer credit report by any of  
4.14 the following:

4.15 (1) a person, or the person's subsidiary, affiliate, agent, or assignee with which  
4.16 the consumer has or, prior to assignment, had an account, contract, or debtor-creditor  
4.17 relationship for the purposes of reviewing the account or collecting the financial obligation  
4.18 owing for the account, contract, or debt;

4.19 (2) a subsidiary, affiliate, agent, assignee, or prospective assignee of a person to  
4.20 whom access has been granted under paragraph (d) for purposes of facilitating the  
4.21 extension of credit or other permissible use;

4.22 (3) any person acting pursuant to a court order, warrant, or subpoena;

4.23 (4) a state or local agency which administers a program for establishing and  
4.24 enforcing child support obligations;

4.25 (5) the Department of Health or its agents or assigns acting to investigate fraud;

4.26 (6) the Department of Revenue or its agents or assigns acting to investigate or collect  
4.27 delinquent taxes or unpaid court orders to fulfill any of its other statutory responsibilities;

4.28 (7) a person for the purpose of prescreening as defined by the federal Fair Credit  
4.29 Reporting Act;

4.30 (8) any person or entity administering a credit file monitoring subscription service to  
4.31 which the consumer has subscribed; and

4.32 (9) any person or entity for the purpose of providing a consumer with a copy of the  
4.33 consumer's credit report upon the consumer's request.

4.34 (n) A consumer may not be charged for any security freeze services, including but  
4.35 not limited to the placement or lifting of a security freeze. A consumer may be charged no  
4.36 more than \$5 only if the consumer fails to retain the original personal identification number

5.1 given to the consumer by the agency, but the consumer may not be charged for a onetime  
5.2 reissue of the same or a new personal identification number. The consumer may be charged  
5.3 no more than \$5 for subsequent instances of loss of the personal identification number.

5.4 Subd. 3. Notice of rights. At any time that a consumer is required to receive a  
5.5 summary of rights required under section 609 of the federal Fair Credit Reporting Act, the  
5.6 following notice must be included:

5.7 "Minnesota Consumers Have the Right to Obtain a Security Freeze

5.8 You may obtain a security freeze on your credit report at no charge to protect your  
5.9 privacy and ensure that credit is not granted in your name without your knowledge. You  
5.10 have a right to place a "security freeze" on your credit report pursuant to .....

5.11 The security freeze will prohibit a consumer reporting agency from releasing any  
5.12 information in your credit report without your express authorization or approval.

5.13 The security freeze is designed to prevent credit, loans, and services from being  
5.14 approved in your name without your consent. When you place a security freeze on your  
5.15 credit report, within five business days you will be provided a personal identification  
5.16 number or password to use if you choose to remove the freeze on your credit report or  
5.17 to temporarily authorize the release of your credit report for a specific party, parties, or  
5.18 period of time after the freeze is in place. To provide that authorization, you must contact  
5.19 the consumer reporting agency and provide all of the following:

5.20 (1) the unique personal identification number or password provided by the consumer  
5.21 reporting agency;

5.22 (2) proper identification to verify your identity; and

5.23 (3) the proper information regarding the third party or parties who are to receive  
5.24 the credit report or the period of time for which the report shall be available to users  
5.25 of the credit report.

5.26 A consumer reporting agency that receives a request from a consumer to lift  
5.27 temporarily a freeze on a credit report shall comply with the request no later than three  
5.28 business days after receiving the request.

5.29 A security freeze does not apply to circumstances where you have an existing  
5.30 account relationship and a copy of your report is requested by your existing creditor  
5.31 or its agents or affiliates for certain types of account review, collection, fraud control,  
5.32 or similar activities.

5.33 If you are actively seeking credit, you should understand that the procedures  
5.34 involved in lifting a security freeze may slow your own application for credit. You should  
5.35 plan ahead and lift a freeze, either completely if you are shopping around, or specifically  
5.36 for a certain creditor, a few days before actually applying for new credit.

6.1 You have a right to bring a civil action against someone who violates your rights  
6.2 under the credit reporting laws. The action can be brought against a consumer reporting  
6.3 agency or a user of your credit report.

6.4 Subd. 4. **Violations; penalties.** (a) If a consumer reporting agency erroneously,  
6.5 whether by accident or design, violates the security freeze by releasing credit information  
6.6 that has been placed under a security freeze, the affected consumer is entitled to:

6.7 (1) notification within five business days of the release of the information, including  
6.8 specificity as to the information released and the third-party recipient of the information;

6.9 (2) file a complaint with the Federal Trade Commission, the state attorney general,  
6.10 and the Department of Commerce; and

6.11 (3) in a civil action against the consumer reporting agency recover:

6.12 (i) injunctive relief to prevent or restrain further violation of the security freeze;

6.13 (ii) a civil penalty in an amount not to exceed \$10,000 for each violation plus any  
6.14 damages available under other civil laws; and

6.15 (iii) reasonable expenses, court costs, investigative costs, and attorney fees.

6.16 (b) Each violation of the security freeze must be counted as a separate incident for  
6.17 purposes of imposing penalties under this section.

6.18 **Sec. 3. [325E.65] DEFINITIONS.**

6.19 Subdivision 1. **Scope.** For the purposes of sections 325E.65 to 325E.67, the terms in  
6.20 subdivisions 2 to 6 have the meanings given.

6.21 Subd. 2. **Person.** "Person" means any individual, partnership, corporation, trust,  
6.22 estate, cooperative, association, government or governmental subdivision or agency,  
6.23 or other entity.

6.24 Subd. 3. **Consumer.** "Consumer" means an individual.

6.25 Subd. 4. **Consumer reporting agency.** "Consumer reporting agency" means any  
6.26 person which, for monetary fees, dues, or on a cooperative nonprofit basis, regularly  
6.27 engages in whole or in part in the practice of assembling or evaluating consumer credit  
6.28 information or other information on consumers for the purpose of furnishing consumer  
6.29 reports to third parties, and which uses any means or facility of interstate commerce for  
6.30 the purpose of preparing or furnishing consumer reports.

6.31 Subd. 5. **Consumer report; credit report.** "Consumer report" or "credit report"  
6.32 means any written, oral, or other communication of any information by a consumer  
6.33 reporting agency bearing on a consumer's creditworthiness, credit standing, credit  
6.34 capacity, character, general reputation, personal characteristics, or mode of living which

7.1 is used or expected to be used or collected in whole or in part for the purpose of serving  
7.2 as a factor in establishing the consumer's eligibility for:

7.3 (1) credit or insurance to be used primarily for personal, family, or household  
7.4 purposes, except that nothing in sections 325E.65 to 325E.67 authorizes the use of credit  
7.5 evaluations or credit scoring in the underwriting of personal lines of property or casualty  
7.6 insurance;

7.7 (2) employment purposes; or

7.8 (3) any other purpose authorized under United States Code, title 15, section 1681b.

7.9 Subd. 6. Identity theft. "Identity theft" means theft, fraud, or attempted theft or  
7.10 fraud committed using any identifying information of another person.

7.11 **Sec. 4. [325E.66] FACTUAL DECLARATION OF INNOCENCE AFTER**  
7.12 **IDENTITY THEFT.**

7.13 Subdivision 1. Judicial determination. A person who reasonably believes that he  
7.14 or she is the victim of identity theft may petition a court, or the court, on its own motion  
7.15 or upon application of the prosecuting attorney, may move for an expedited judicial  
7.16 determination of his or her factual innocence, where the perpetrator of the identity theft  
7.17 was arrested for, cited for, or convicted of a crime under the victim's identity, or where a  
7.18 criminal complaint has been filed against the perpetrator in the victim's name, or where  
7.19 the victim's identity has been mistakenly associated with a record of criminal conviction.  
7.20 Any judicial determination of factual innocence made pursuant to this section may be  
7.21 heard and determined upon declarations, affidavits, police reports, or other material,  
7.22 relevant, and reliable information submitted by the parties or ordered to be part of the  
7.23 record by the court. Where the court determines that the petition or motion is meritorious  
7.24 and that there is no reasonable cause to believe that the victim committed the offense for  
7.25 which the perpetrator of the identity theft was arrested, cited, convicted, or subject to a  
7.26 criminal complaint in the victim's name, or that the victim's identity has been mistakenly  
7.27 associated with a record of criminal conviction, the court shall find the victim factually  
7.28 innocent of that offense. If the victim is found factually innocent, the court shall issue an  
7.29 order certifying this determination.

7.30 Subd. 2. Court order. After a court has issued a determination of factual innocence  
7.31 pursuant to this section, the court may order the name and associated personal identifying  
7.32 information contained in court records, files, and indexes accessible by the public  
7.33 deleted, sealed, or labeled to show that the data is impersonated and does not reflect  
7.34 the defendant's identity.

8.1 Subd. 3. Documentation. Upon making a determination of factual innocence, the  
8.2 court must provide the consumer written documentation of such order.

8.3 Subd. 4. Vacating determination. A court that has issued a determination of  
8.4 factual innocence pursuant to this section may at any time vacate that determination if  
8.5 the petition, or any information submitted in support of the petition, is found to contain  
8.6 any material misrepresentation or fraud.

8.7 Subd. 5. Form. The Supreme Court shall develop a form for use in issuing an order  
8.8 pursuant to this section.

8.9 Subd. 6. Database. The Department of Public Safety shall establish and maintain a  
8.10 database of individuals who have been victims of identity theft and that have received  
8.11 determinations of factual innocence. The Department of Public Safety shall provide  
8.12 a victim of identity theft or his or her authorized representative access to the database  
8.13 in order to establish that the individual has been a victim of identity theft. Access to  
8.14 the database shall be limited to criminal justice agencies, victims of identity theft, and  
8.15 individuals and agencies authorized by the victims.

8.16 **Sec. 5. [325E.67] CONSUMER-DRIVEN CREDIT MONITORING.**

8.17 Subdivision 1. Disclosures. Every consumer credit reporting agency shall, upon  
8.18 request from a consumer that is not covered by the free disclosures provided in United  
8.19 States Code, title 15, section 1681j, subsections (a) to (d), clearly and accurately disclose  
8.20 to the consumer:

8.21 (1) all information in the consumer's file at the time of the request, except that  
8.22 nothing in this subdivision requires a consumer reporting agency to disclose to a consumer  
8.23 any information concerning credit scores or other risk scores or predictors that are  
8.24 governed by United States Code, title 15, section 1681g(f);

8.25 (2) the sources of the information;

8.26 (3) identification of each person, including each end-user identified under United

## **S.F. No. 2002 - Consumer Identity Theft Protections**

**Author:** Senator Dan Sparks

**Prepared by:** Kathleen Pontius, Senate Counsel (651/296-4394) 

**Date:** March 20, 2006

---

This bill contains a number of provisions to protect consumers from identity theft.

**Section 1** establishes a procedure for blocking information in a consumer credit report that is alleged to appear as a result of a violation of section 609.527 (identify theft). The consumer must submit a police report or other investigative report regarding the alleged violation. Consumer credit reporting agencies must notify furnishers of information that it has been blocked. The circumstances under which information may be unblocked are specified. The consumer must be notified if information is unblocked. The legal effect of the prior presence of blocked information is specified.

**Section 2** contains a process under which a consumer may place a security freeze on a credit report.

**Subdivision 1** contains the definitions.

**Subdivision 2** contains the process for a consumer to place a security freeze on a credit report. A consumer may allow the report to be given to a specific party or for a specific period of time while the freeze is in place. Consumer reporting agencies may develop procedures for receiving and processing requests to temporarily lift a freeze. Provisions are included dealing with the effect of third-party requests for access to a credit report on which a freeze is in effect. Exceptions to the freeze are included for specified entities. A consumer may not be charged for a security freeze.

**Subdivision 3** requires a notice of the right to obtain a security freeze to be included as part of the summary of rights required under the federal Fair Credit Reporting Act and specifies the notice language.

**Subdivision 4** governs violations, penalties, and remedies.

**Sections 2 to 4** contain procedural protections and notices regarding identity theft.

**Section 2** contains the definitions.

**Section 4** authorizes a person who has learned or reasonably suspects that the person is a victim of identity theft, a court, or prosecuting attorney, to move for an expedited judicial determination of the facts if a perpetrator was arrested, cited for, or convicted of a crime involving the victim or the victim's name has been involved in a complaint or record of conviction. The court may find a victim factually innocent of the offense and issue an order certifying this determination. The court may also order that related information associated with the identify theft be removed from court records and other records accessible to the public. Provisions are included for documentation of an order, vacating a determination, the form, and the establishment of a database within the Department of Public Safety of individuals who have been victims of identity theft and have received a determination of factual innocence. Access to the database is limited to criminal justice agencies, victims, and individuals and agencies authorized by victims.

**Section 5** establishes a procedure for consumer-driven monitoring of information in a credit report. Information that must be disclosed is specified and exceptions are included. Provisions are also included dealing with the cost of disclosure, format, and timing.

**Section 6** establishes a process governing adequate destruction of personal records.

**Subdivision 1** contains the definitions.

**Subdivision 2** requires a business that conducts business in Minnesota and maintains or possess personal information of Minnesota residents to take reasonable measures to protect against unauthorized access or use of disposed information. Reasonable measures are specified.

**Subdivision 3** requires these procedures to be part of business policy, such as corporate and employee handbooks and similar corporate documents.

**Subdivision 4** contains the penalties and civil liability.

**Section 7** regulates credit card offers and solicitations and contains address verification requirements. If the credit card issuer has not verified the address before issuing a credit card, the person to whom an offer was made is not liable for unauthorized use. Requirements are included governing situations where there is a request for a change in a billing address.

**S.F. No. 3042 - Records Management Requirements**

**Author:** Senator Wes Skoglund

**Prepared by:** Kathleen Pontius, Senate Counsel (651/296-4394) *K.P.*

**Date:** March 20, 2006

---

This bill amends records management requirements of the Commissioner of Administration.

**Section 1** strikes a requirement that the Commissioner of Administration administer a records management program but retains the requirements that state agencies and local governments have programs in place.

**Section 2** eliminates a requirement that the Commissioner of Administration, with the assistance the director of the Minnesota Historical Society, establish and maintain a program for the selection and preservation of public records considered essential to the operation of government and to the protection of the rights and interests of persons. Local government requirements with respect to preserving necessary documents essential to the continuity of government in the event of a disaster or emergency would continue.

**MINNESOTA DEPARTMENT OF ADMINISTRATION  
PROPOSED REPEAL OF RECORDS MANAGEMENT DUTIES  
SF 3042(Skoglund)/HF 3868(Holberg)**

**What is “records management?”**

Records management is the orderly disposition of government records, usually according to a pre-approved plan known as a records retention schedule. A records retention schedule is prepared and submitted to the records disposition panel (Historical Society, auditor, attorney general) for approval so that a government entity can dispose of records. Without an approved records retention schedule, government records cannot be destroyed or transferred.

General records retention schedules that cover most records of a government entity have been developed for state agencies, counties, cities, school districts and townships and can be adopted and used by those units of government.

**Administration’s role in records management**

Historically, the Department of Administration provided assistance to state and local government units in the preparation of records retention schedules and answered questions about appropriate destruction and handling of government records.

Most recently, the function was housed within the Department’s Information Policy Analysis Division (IPAD). In 2002, then Commissioner David Fisher decided to cut the remaining \$70,000 (1 FTE) allocated to the function and IPAD stopped providing services.

**This proposal**

This proposal will align statutes with current practice. The proposed language repeals the duties that have been assigned to the Commissioner of Administration in Minnesota Statutes Section 138.17.

**Resources available**

Most local units of government have been receiving assistance from their associations and two of the four general records retention schedules are available on the Internet.

State agencies must rely on their internal records managers for assistance with these issues.

The State Archives Department at the Minnesota Historical Society serves as the secretary to the records disposition panel and is the custodian of the approved records retention schedules and other documents that authorize records destruction.

**Author:** Senator Wes Skoglund

**Prepared by:** Kathleen Pontius, Senate Counsel (651/296-4394) *K.P.*

**Date:** March 20, 2006

This bill clarifies the statute dealing with the issuance of data practices opinions by the Commissioner of Administration to provide that if the Commissioner determines that an opinion will not be issued, notice must be given to the requestor of this decision within five business days of the receipt of the request.

KP:cs

**MINNESOTA DEPARTMENT OF ADMINISTRATION**  
**PROPOSED ADVISORY OPINION CHANGE**  
SF 3041(Skoglund)/HF 3867(Holberg)

**Advisory opinion authority**

Under Minn. Stat. 13.072, the Commissioner of Administration has discretion to issue non-binding advisory opinions on data practices, open meeting law and other information policy statutes. Issues addressed in advisory opinion include public access, data classification, and rights of data subjects.

Opinion requests can be made by the public and government entities.

**Statutory timeline for opinions**

The Commissioner must:

- ◆ Reject an opinion request within 5 days from the date of receipt
- ◆ Issue an opinion within 20 days from receipt of request
- ◆ If one-time 30-day extension is exercised, issue an opinion within 50 days from receipt of request

**Issue to be addressed**

Advisory opinion requests require research and/or clarification from the requestor before they can be accepted or rejected. When a request is received before a weekend or a holiday, two or three days of research time and opportunity to contact the requestor for clarification is lost.

**Proposed Change**

This proposal would amend the timeframe the Commissioner has to reject a request for an advisory opinion from five days to five “business” days, which would exclude weekends and holidays.

**Expected benefit**

This proposal will ensure that the Commissioner has sufficient time to conduct more comprehensive research and contact requestors for clarifications before making a decision to accept or reject a request. Customer service will be improved as staff can provide more extensive responses when opinion requests are denied. When a request is denied, staff will provide information about existing opinions that address the issue presented on which the requestor can rely per Minn. Stat. 13.08 Subd. 4(b)(5).

Does the HIPAA Privacy Rule permit a doctor to discuss a patient's health status, treatment, or payment arrangements with the patient's family and friends?

Answer

Yes. The HIPAA Privacy Rule at 45 CFR 164.510(b) specifically permits covered entities to share information that is directly relevant to the involvement of a spouse, family members, friends, or other persons identified by a patient, in the patient's care or payment for health care. If the patient is present, or is otherwise available prior to the disclosure, and has the capacity to make health care decisions, the covered entity may discuss this information with the family and these other persons if the patient agrees or, when given the opportunity, does not object. The covered entity may also share relevant information with the family and these other persons if it can reasonably infer, based on professional judgment, that the patient does not object. Under these circumstances, for example:

- A doctor may give information about a patient's mobility limitations to a friend driving the patient home from the hospital.
- A hospital may discuss a patient's payment options with her adult daughter.
- A doctor may instruct a patient's roommate about proper medicine dosage when she comes to pick up her friend from the hospital.
- A physician may discuss a patient's treatment with the patient in the presence of a friend when the patient brings the friend to a medical appointment and asks if the friend can come into the treatment room.

Even when the patient is not present or it is impracticable because of emergency circumstances or the patient's incapacity for the covered entity to ask the patient about discussing her care or payment with a family member or other person, a covered entity may share this information with the person when, in exercising professional judgment, it determines that doing so would be in the best interest of the patient. See 45 CFR 164.510(b). Thus, for example:

- A surgeon may, if consistent with such professional judgment, inform a patient's spouse, who accompanied her husband to the emergency room, that the patient has suffered a heart attack and provide periodic updates on the patient's progress and prognosis.
- A doctor may, if consistent with such professional judgment, discuss an incapacitated patient's condition with a family member over the phone.

In addition, the Privacy Rule expressly permits a covered entity to use professional judgment and experience with common practice to make reasonable inferences about the patient's best interests in allowing another person to act on behalf of the patient to pick up a filled prescription, medical supplies, X-rays, or other similar forms of protected health information. For example, when a person comes to a pharmacy requesting to pick up a prescription on behalf of an individual he identifies by name, a pharmacist, based on professional judgment and experience with common practice, may allow the person to do so.

# Support SF 1695 *The Family Involvement Bill*

## **Why this bill is needed:**

When someone in your family is ill, you want to help them. It may mean driving them to appointments, preparing special meals, writing down information from doctors, keeping track of medications and even looking for side effects of medications. Typically, health care providers welcome a family's involvement and provide necessary information so that the family can in fact help care for their loved one.

When that illness is a mental illness, for some reason that door closes. Citing data privacy concerns, mental health care providers do not share information unless a signed privacy release is obtained. Often they say they wish they could share information, but again, without a release they cannot do that.

The reality is that few families are asking for access to their loved one's complete medical records. What they want is the basic information that will help them care for their loved one and be an advocate for them.

Families relate how no one will talk to them when their loved one is hospitalized, yet when it's time to discharge the person and a place cannot be found, the family gets that phone call.

## **What this bill would do:**

This bill provides an alternative to full-blown access to medical records. It will permit mental health care providers to tell involved family members the basic information needed so that they can be good caregivers and advocates.

There are protections. It's not just any family member that can step in and obtain the information. He or she must have had a history of involvement and be living with or directly involved with monitoring treatment. The patient must be informed in writing of the request for information including who is requesting it and what information is being provided. The patient must agree or not object. The professional has some leeway in terms of professional judgment if he or she believes that providing the information would be detrimental to the patient.

The type of information that can be released is also limited. It is limited to diagnosis, admission to or discharge from treatment, the name of the medications prescribed, side effects of the medication, consequences of failure to take the prescribed medication and a summary of the discharge plan.

The HIPAA Privacy Rule at 45 CFR 164.510(b) specifically permits covered entities to share information that is directly relevant to the involvement of a spouse, family members, friends, or other persons identified by a patient, in the patient's care or payment for health care.

This bill amends the medical records statute to authorize the release of records necessary for family and caretaker involvement in mental health care under certain circumstances. A provider would be authorized to disclose information about a patient to a family member or other person who requests the information if:

- (1) the request is in writing;
- (2) the person lives with, provides care for, or is directly involved in monitoring the patient's treatment;
- (3) the involvement is verified by the provider, the attending physician, or someone other than the person requesting the information;
- (4) before the disclosure, the patient is informed in writing of the request, the name of the requestor, the reason, and the information being requested;
- (5) the patient agrees to disclosure, does not object, or is unable to consent or object; and
- (6) the disclosure is necessary to assist in the provision of care or monitoring of the patient.

The information that may be disclosed is limited to diagnosis, admission to or discharge from treatment, name and dosage of medication, side effects, consequences of failure to take medication, and a summary of the discharge plan. If the provider reasonably determines that providing information would be detrimental to the health of the patient or is likely to cause the patient to inflict

self harm or harm to another, the provider must not disclose the information. This subdivision would not apply to disclosures for a medical emergency or to family members as authorized or required under other provisions of the medical records statute.
