44.11 of Constitutional Route No. 8, that was previously used to meet the biomass mandate in  
44.12 section 216B.2424, the public utility that owns a nuclear generating plant shall enter into a  
44.13 grant contract with such entity to provide \$6,800,000 per year for five years, commencing  
44.14 30 days after the commission approves the new or amended power purchase agreement, or  
44.15 the termination of the power purchase agreement, and on each June 1 thereafter through  
44.16 2021, to assist the transition required by the new, amended, or terminated power purchase  
44.17 agreement. The grant shall be paid by the public utility from funds withheld from the transfer  
44.18 to the renewable development account as provided in paragraphs (b) and (e).

44.19 (h) The collective amount paid under the grant contracts awarded under paragraphs (f)  
44.20 and (g) is limited to the amount deposited into the renewable development account, and its  
44.21 predecessor, the renewable development account, established under this section, that was  
44.22 not required to be deposited into the account under Laws 1994, chapter 641, article 1, section  
44.23 10.

44.24 (i) After discontinuation of operation of the Prairie Island nuclear plant or the Monticello  
44.25 nuclear plant and each year spent nuclear fuel is stored in dry cask at the discontinued  
44.26 facility, the commission shall require the public utility to pay \$7,500,000 for the discontinued  
44.27 Prairie Island facility and \$5,250,000 for the discontinued Monticello facility for any year  
44.28 in which the commission finds, by the preponderance of the evidence, that the public utility  
44.29 did not make a good faith effort to remove the spent nuclear fuel stored at the facility to a  
44.30 permanent or interim storage site out of the state. This determination shall be made at least  
44.31 every two years.

44.32 (j) Funds in the account may be expended only for any of the following purposes:

44.33 (1) to stimulate research and development of renewable electric energy technologies;

45.1 (2) to encourage grid modernization, including, but not limited to, projects that implement  
45.2 electricity storage, load control, and smart meter technology; and

45.3 (3) to stimulate other innovative energy projects that reduce demand and increase system  
45.4 efficiency and flexibility.

45.5 Expenditures from the fund must benefit Minnesota ratepayers receiving electric service  
45.6 from the utility that owns a nuclear-powered electric generating plant in this state or the  
45.7 Prairie Island Indian community or its members.

45.8 The utility that owns a nuclear generating plant is eligible to apply for grants under this  
45.9 subdivision.

45.10 (k) For the purposes of paragraph (j), the following terms have the meanings given:

45.11 (1) "renewable" has the meaning given in section 216B.2422, subdivision 1, paragraph  
45.12 (c), clauses (1), (2), (4), and (5); and

45.13 (2) "grid modernization" means:

45.14 (i) enhancing the reliability of the electrical grid;

45.15 (ii) improving the security of the electrical grid against cyberthreats and physical threats;  
45.16 and

45.17 (iii) increasing energy conservation opportunities by facilitating communication between  
45.18 the utility and its customers through the use of two-way meters, control technologies, energy  
45.19 storage and microgrids, technologies to enable demand response, and other innovative  
45.20 technologies.

45.21 (l) A renewable development account advisory group that includes, among others,  
45.22 representatives of the public utility and its ratepayers, and includes at least one representative  
45.23 of the Prairie Island Indian community appointed by that community's tribal council, shall  
45.24 develop recommendations on account expenditures. Except as otherwise provided herein,  
45.25 members of the advisory group shall be chosen by the public utility. The public utility may  
45.26 design a request for proposal in conjunction with the advisory group. The advisory group  
45.27 must design a request for proposal and evaluate projects submitted in response to a request  
45.28 for proposals. The advisory group must utilize an independent third-party expert to evaluate  
45.29 proposals submitted in response to a request for proposal, including all proposals made by  
45.30 the public utility. A request for proposal for research and development under paragraph (j),  
45.31 clause (1), may be limited to or include a request to higher education institutions located in  
45.32 Minnesota for multiple projects authorized under paragraph (j), clause (1). The request for  
45.33 multiple projects may include a provision that exempts the projects from the third-party

46.1 expert review and instead provides for project evaluation and selection by a merit peer  
 46.2 review grant system. In the process of determining request for proposal scope and subject  
 46.3 and in evaluating responses to request for proposals, the advisory group must strongly  
 46.4 consider, where reasonable, potential benefit to Minnesota citizens and businesses and the  
 46.5 utility's ratepayers.

46.6 (m) The cost of acquiring the services of the independent third-party expert described  
 46.7 in paragraph (l) and any other costs incurred in administering the advisory group and its  
 46.8 actions as required by this section, not to exceed \$150,000, shall be paid from funds withheld  
 46.9 by the public utility under paragraph (e).

46.10 ~~(m)~~ (n) The advisory group shall submit funding recommendations to the public utility,  
 46.11 which has full and sole authority to determine which expenditures shall be submitted ~~by~~  
 46.12 ~~the advisory group~~ to the legislature commission. The commission may approve proposed  
 46.13 expenditures, may disapprove proposed expenditures that it finds not to be in compliance  
 46.14 with this subdivision or otherwise not in the public interest, and may, if agreed to by the  
 46.15 public utility, modify proposed expenditures. The commission shall, by order, submit its  
 46.16 funding recommendations to the legislature as provided under paragraph ~~(n)~~ (o).

46.17 ~~(n)~~ (o) The commission shall present its recommended appropriations from the account  
 46.18 to the senate and house of representatives committees with jurisdiction over energy policy  
 46.19 and finance annually by February 15. Expenditures from the account must be appropriated  
 46.20 by law. In enacting appropriations from the account, the legislature:

46.21 (1) may approve or disapprove, but may not modify, the amount of an appropriation for  
 46.22 a project recommended by the commission; and

46.23 (2) may not appropriate money for a project the commission has not recommended  
 46.24 funding.

46.25 ~~(o)~~ (p) A request for proposal for renewable energy generation projects must, when  
 46.26 feasible and reasonable, give preference to projects that are most cost-effective for a particular  
 46.27 energy source.

46.28 ~~(p)~~ (q) The ~~advisory group~~ public utility must annually, by February 15, report to the  
 46.29 chairs and ranking minority members of the legislative committees with jurisdiction over  
 46.30 energy policy on projects funded by the account for the prior year and all previous years.  
 46.31 The report must, to the extent possible and reasonable, itemize the actual and projected  
 46.32 financial benefit to the public utility's ratepayers of each project.

47.1 ~~(q)~~ (r) By February 1, 2018, and each February 1 thereafter, the commissioner of  
47.2 management and budget shall submit a written report regarding the availability of funds in  
47.3 and obligations of the account to the chairs and ranking minority members of the senate  
47.4 and house committees with jurisdiction over energy policy and finance, the public utility,  
47.5 and the advisory group.

47.6 ~~(r)~~ (s) A project receiving funds from the account must produce a written final report  
47.7 that includes sufficient detail for technical readers and a clearly written summary for  
47.8 nontechnical readers. The report must include an evaluation of the project's financial,  
47.9 environmental, and other benefits to the state and the public utility's ratepayers.

47.10 ~~(s)~~ (t) Final reports, any mid-project status reports, and renewable development account  
47.11 financial reports must be posted online on a public website designated by the commissioner  
47.12 of commerce.

47.13 ~~(t)~~ (u) All final reports must acknowledge that the project was made possible in whole  
47.14 or part by the Minnesota renewable development account, noting that the account is financed  
47.15 by the public utility's ratepayers.

47.16 ~~(u)~~ (v) Of the amount in the renewable development account, priority must be given to  
47.17 making the payments required under section 216C.417.

47.18 Sec. 2. Minnesota Statutes 2021 Supplement, section 116C.7792, is amended to read:

47.19 **116C.7792 SOLAR ENERGY PRODUCTION INCENTIVE PROGRAM.**

47.20 (a) The utility subject to section 116C.779 shall operate a program to provide solar  
47.21 energy production incentives for solar energy systems of no more than a total aggregate  
47.22 nameplate capacity of 40 kilowatts alternating current per premise. The owner of a solar  
47.23 energy system installed before June 1, 2018, is eligible to receive a production incentive  
47.24 under this section for any additional solar energy systems constructed at the same customer  
47.25 location, provided that the aggregate capacity of all systems at the customer location does  
47.26 not exceed 40 kilowatts.

47.27 (b) The program is funded by money withheld from transfer to the renewable development  
47.28 account under section 116C.779, subdivision 1, paragraphs (b) and (e). Program funds must  
47.29 be placed in a separate account for the purpose of the solar energy production incentive  
47.30 program operated by the utility and not for any other program or purpose.

47.31 (c) Funds allocated to the solar energy production incentive program in 2019 and 2020  
47.32 remain available to the solar energy production incentive program.

48.1 (d) The following amounts are allocated to the solar energy production incentive program:

48.2 (1) \$10,000,000 in 2021;

48.3 (2) \$10,000,000 in 2022;

48.4 (3) ~~\$5,000,000~~ \$10,000,000 in 2023; ~~and~~

48.5 (4) ~~\$5,000,000~~ \$10,000,000 in 2024; and

48.6 (5) \$10,000,000 in 2025.

48.7 (e) Funds allocated to the solar energy production incentive program that have not been  
48.8 committed to a specific project at the end of a program year remain available to the solar  
48.9 energy production incentive program.

48.10 (f) Any unspent amount remaining on January 1, ~~2025~~ 2026, must be transferred to the  
48.11 renewable development account.

48.12 (g) A solar energy system receiving a production incentive under this section must be  
48.13 sized to less than 120 percent of the customer's on-site annual energy consumption when  
48.14 combined with other distributed generation resources and subscriptions provided under  
48.15 section 216B.1641 associated with the premise. The production incentive must be paid for  
48.16 ten years commencing with the commissioning of the system.

48.17 (h) The utility must file a plan to operate the program with the commissioner of  
48.18 commerce. The utility may not operate the program until it is approved by the commissioner.  
48.19 A change to the program to include projects up to a nameplate capacity of 40 kilowatts or  
48.20 less does not require the utility to file a plan with the commissioner. Any plan approved by  
48.21 the commissioner of commerce must not provide an increased incentive scale over prior  
48.22 years unless the commissioner demonstrates that changes in the market for solar energy  
48.23 facilities require an increase.

48.24 **EFFECTIVE DATE.** This section is effective the day following final enactment.

48.25 Sec. 3. Minnesota Statutes 2020, section 116J.55, subdivision 1, is amended to read:

48.27 a county, municipality, or tribal government located in Minnesota in which an electric  
48.28 generating plant owned by a public utility, as defined in section 216B.02, that is powered  
48.29 by coal, nuclear energy, or natural gas:

49.8 ~~(b)~~ (a) A grant awarded to an eligible community under this section must not exceed  
49.9 \$500,000 in any calendar year. The commissioner may accept grant applications on an  
49.10 ongoing or rolling basis.

49.11 ~~(e)~~ (b) Grants funded with revenues from the renewable development account established  
49.12 in section 116C.779 must be awarded to an eligible community located within the retail  
49.13 electric service territory of the public utility that is subject to section 116C.779 or to an  
49.14 eligible community in which an electric generating plant owned by that public utility is

49.18 file with the commission a report, in a format specified by the commission, specifying the  
49.19 number of utility heating service customers whose service is disconnected or remains  
49.20 disconnected for nonpayment as of September 15 and October 1 ~~and October 15~~. If customers  
49.21 remain disconnected on October 1, a utility must file a report each week between  
49.22 ~~November 1~~ October 15 and the end of the cold weather period specifying:

49.23 (1) the number of utility heating service customers that are or remain disconnected from  
49.24 service for nonpayment; and

49.25 (2) the number of utility heating service customers that are reconnected to service each  
49.26 week. The utility may discontinue weekly reporting if the number of utility heating service  
49.27 customers that are or remain disconnected reaches zero before the end of the cold weather  
49.28 period.

49.29 The data reported under this subdivision are presumed to be accurate upon submission  
49.30 and must be made available through the commission's electronic filing system.

50.6 to any approvals required under this chapter, obtain approval from the governing board of  
50.7 and pursuant to the land use ordinance of the county in which the proposed wind or solar  
50.8 electric generating facility will be located.

50.12 storage of spent nuclear fuel. (a) ~~The commission may not issue a certificate of need for~~  
50.13 ~~the construction of a new nuclear-powered electric generating plant.~~

50.14 ~~(b)~~ Any certificate of need for additional storage of spent nuclear fuel for a facility  
50.15 seeking a license extension shall address the impacts of continued operations over the period  
50.16 for which approval is sought.

 54.22 subdivision 4, that provides natural gas service to Minnesota customers. Utility includes  
 54.23 the utility's successors or assignees.

54.24 **EFFECTIVE DATE.** This section is effective the day following final enactment.

54.25 Sec. 9. **[216B.492] FINANCING ORDER.**

54.26 Subdivision 1. **Application.** (a) A utility may file an application with the commission  
 54.27 for the issuance of a financing order to enable the utility to recover extraordinary event costs  
 54.28 through the issuance of extraordinary event bonds under this section.

54.29 (b) The application must include the following information, as applicable:

54.30 (1) a description of each natural gas facility to be repaired or replaced;

55.1 (2) the undepreciated value remaining in the natural gas facility whose repair or  
55.2 replacement is proposed to be financed through the issuance of bonds under sections  
55.3 216B.491 to 216B.499, and the method used to calculate the amount;

55.4 (3) the estimated amount of costs imposed on customers resulting from an extraordinary  
55.5 event that involves no physical damage to natural gas facilities;

55.6 (4) the estimated savings or estimated mitigation of rate impacts to utility customers if  
55.7 the financing order is issued as requested in the application, calculated by comparing the  
55.8 costs to customers that are expected to result from implementing the financing order and  
55.9 the estimated costs associated with implementing traditional utility financing mechanisms  
55.10 with respect to the same undepreciated balance, expressed in net present value terms;

55.11 (5) a description of (i) the nonbypassable extraordinary event charge utility customers  
55.12 would be required to pay in order to fully recover financing costs, and (ii) the method and  
55.13 assumptions used to calculate the amount;

55.14 (6) a proposed methodology to allocate the revenue requirement for the extraordinary  
55.15 event charge among the utility's customer classes;

55.16 (7) a description of a proposed adjustment mechanism to be implemented when necessary  
55.17 to correct any overcollection or undercollection of extraordinary event charges, in order to  
55.18 complete payment of scheduled principal and interest on extraordinary event bonds and  
55.19 other financing costs in a timely fashion;

55.20 (8) a memorandum with supporting exhibits, from a securities firm that is experienced  
55.21 in the marketing of bonds and that is approved by the commissioner of management and  
55.22 budget, indicating the proposed issuance satisfies the current published AA or Aa2 or higher  
55.23 rating or equivalent rating criteria of at least one nationally recognized securities rating  
55.24 organization for issuances similar to the proposed extraordinary event bonds;

55.25 (9) an estimate of the timing of the issuance and the term of the extraordinary event  
55.26 bonds, or series of bonds, provided that the scheduled final maturity for each bond issuance  
55.27 does not exceed 30 years;

55.28 (10) identification of plans to sell, assign, transfer, or convey, other than as a security,  
55.29 interest in extraordinary event property, including identification of an assignee, and  
55.30 demonstration that the assignee is a financing entity wholly owned, directly or indirectly,  
55.31 by the utility;

55.32 (11) identification of ancillary agreements that may be necessary or appropriate;

56.1 (12) one or more alternative financing scenarios in addition to the preferred scenario  
56.2 contained in the application;

56.3 (13) the extent of damage to the utility's infrastructure caused by an extraordinary event  
56.4 and the estimated costs to repair or replace the damaged infrastructure;

56.5 (14) a schedule of the proposed repairs to and replacement of damaged infrastructure;

56.6 (15) a description of the steps taken to provide customers interim natural gas service  
56.7 while the damaged infrastructure is being repaired or replaced; and

56.8 (16) a description of the impacts on the utility's current workforce resulting from  
56.9 implementing an infrastructure repair or replacement plan following an extraordinary event.

56.10 Subd. 2. **Findings.** After providing notice and holding a public hearing on an application  
56.11 filed under subdivision 1, the commission may issue a financing order if the commission  
56.12 finds that:

56.13 (1) the extraordinary event costs described in the application are reasonable;

56.14 (2) the proposed issuance of extraordinary event bonds and the imposition and collection  
56.15 of extraordinary event charges:

56.16 (i) are just and reasonable;

56.17 (ii) are consistent with the public interest;

56.18 (iii) constitute a prudent and reasonable mechanism to finance the extraordinary event  
56.19 costs; and

56.20 (iv) provide tangible and quantifiable benefits to customers that exceed the benefits that  
56.21 would have been achieved absent the issuance of extraordinary event bonds; and

56.22 (3) the proposed structuring, marketing, and pricing of the extraordinary event bonds:

56.23 (i) significantly lower overall costs to customers or significantly mitigate rate impacts  
56.24 to customers relative to traditional methods of financing; and

56.25 (ii) achieve significant customer savings or significant mitigation of rate impacts to  
56.26 customers, as determined by the commission in a financing order, consistent with market  
56.27 conditions at the time of sale and the terms of the financing order.

56.28 Subd. 3. **Contents.** (a) A financing order issued under this section must:

56.29 (1) determine the maximum amount of extraordinary event costs that may be financed  
56.30 from proceeds of extraordinary event bonds issued pursuant to the financing order;

57.1 (2) describe the proposed customer billing mechanism for extraordinary event charges  
57.2 and include a finding that the mechanism is just and reasonable;

57.3 (3) describe the financing costs that may be recovered through extraordinary event  
57.4 charges and the period over which the costs may be recovered, which must end no earlier  
57.5 than the date of final legal maturity of the extraordinary event bonds;

57.6 (4) describe the extraordinary event property that is created and that may be used to pay,  
57.7 and secure the payment of, the extraordinary event bonds and financing costs authorized in  
57.8 the financing order;

57.9 (5) authorize the utility to finance extraordinary event costs through the issuance of one  
57.10 or more series of extraordinary event bonds. A utility is not required to secure a separate  
57.11 financing order for each issuance of extraordinary event bonds or for each scheduled phase  
57.12 of the replacement of natural gas facilities approved in the financing order;

57.13 (6) include a formula-based mechanism that must be used to make expeditious periodic  
57.14 adjustments to the extraordinary event charge authorized by the financing order that are  
57.15 necessary to correct for any overcollection or undercollection, or to otherwise guarantee  
57.16 the timely payment of extraordinary event bonds, financing costs, and other required amounts  
57.17 and charges payable in connection with extraordinary event bonds;

57.18 (7) specify the degree of flexibility afforded to the utility in establishing the terms and  
57.19 conditions of the extraordinary event bonds, including but not limited to repayment schedules,  
57.20 expected interest rates, and other financing costs;

57.21 (8) specify that the extraordinary event bonds must be issued as soon as feasible following  
57.22 issuance of the financing order;

57.23 (9) require the utility, at the same time as extraordinary event charges are initially  
57.24 collected and independent of the schedule to close and decommission any natural gas facility  
57.25 replaced as the result of an extraordinary event, to remove the natural gas facility from the  
57.26 utility's rate base and commensurately reduce the utility's base rates;

57.27 (10) specify a future ratemaking process to reconcile any difference between the projected  
57.28 pretax costs included in the amount financed by extraordinary event bonds and the final  
57.29 actual pretax costs incurred by the utility to retire or replace the natural gas facility;

57.30 (11) specify information regarding bond issuance and repayments, financing costs,  
57.31 energy transaction charges, extraordinary event property, and related matters that the natural  
57.32 gas utility is required to provide to the commission on a schedule determined by the  
57.33 commission;

58.1 (12) allow and may require the creation of a utility's extraordinary event property to be  
58.2 conditioned on, and occur simultaneously with, the sale or other transfer of the extraordinary  
58.3 event property to an assignee and the pledge of the extraordinary event property to secure  
58.4 the extraordinary event bonds;

58.5 (13) ensure that the structuring, marketing, and pricing of extraordinary event bonds  
58.6 result in reasonable securitization bond charges and significant customer savings or rate  
58.7 impact mitigation, consistent with market conditions and the terms of the financing order;  
58.8 and

58.9 (14) specify that a utility financing the replacement of one or more natural gas facilities  
58.10 after the natural gas facilities subject to the finance order are removed from the utility's rate  
58.11 base is prohibited from:

58.12 (i) operating the natural gas facilities; or

58.13 (ii) selling the natural gas facilities to another entity to be operated as natural gas facilities.

58.14 (b) A financing order issued under this section may:

58.15 (1) include conditions different from those requested in the application that the  
58.16 commission determines are necessary to:

58.17 (i) promote the public interest; and

58.18 (ii) maximize the financial benefits or minimize the financial risks of the transaction to  
58.19 customers and to directly impacted Minnesota workers and communities; and

58.20 (2) specify the selection of one or more underwriters of the extraordinary event bonds.

58.21 Subd. 4. **Duration; irrevocability; subsequent order.** (a) A financing order remains  
58.22 in effect until the extraordinary event bonds issued under the financing order and all financing  
58.23 costs related to the bonds have been paid in full.

58.24 (b) A financing order remains in effect and unabated notwithstanding the bankruptcy,  
58.25 reorganization, or insolvency of the utility to which the financing order applies or any  
58.26 affiliate, successor, or assignee of the utility to which the financing order applies.

58.27 (c) Subject to judicial review under section 216B.52, a financing order is irrevocable  
58.28 and is not reviewable by a future commission. The commission may not reduce, impair,  
58.29 postpone, or terminate extraordinary event charges approved in a financing order, or impair  
58.30 extraordinary event property or the collection or recovery of extraordinary event revenue.

58.31 (d) Notwithstanding paragraph (c), the commission may, on the commission's own  
58.32 motion or at the request of a utility or any other person, commence a proceeding and issue

59.1 a subsequent financing order that provides for refinancing, retiring, or refunding extraordinary  
59.2 event bonds issued under the original financing order if:

59.3 (1) the commission makes all of the findings specified in subdivision 2 with respect to  
59.4 the subsequent financing order; and

59.5 (2) the modification contained in the subsequent financing order does not in any way  
59.6 impair the covenants and terms of the extraordinary event bonds being refinanced, retired,  
59.7 or refunded.

59.8 Subd. 5. Effect on commission jurisdiction. (a) Except as provided in paragraph (b),  
59.9 the commission, in exercising the powers and carrying out the duties under this section, is  
59.10 prohibited from:

59.11 (1) considering extraordinary event bonds issued under this section to be debt of the  
59.12 utility other than for income tax purposes, unless it is necessary to consider the extraordinary  
59.13 event bonds to be debt in order to achieve consistency with prevailing utility debt rating  
59.14 methodologies;

59.15 (2) considering the extraordinary event charges paid under the financing order to be  
59.16 revenue of the utility;

59.17 (3) considering the extraordinary event or financing costs specified in the financing  
59.18 order to be the regulated costs or assets of the utility; or

59.19 (4) determining that any prudent action taken by a utility that is consistent with the  
59.20 financing order is unjust or unreasonable.

59.21 (b) Nothing in this subdivision:

59.22 (1) affects the authority of the commission to apply or modify any billing mechanism  
59.23 designed to recover extraordinary event charges;

59.24 (2) prevents or precludes the commission from (i) investigating a utility's compliance  
59.25 with the terms and conditions of a financing order, and (ii) requiring compliance with the  
59.26 financing order; or

59.27 (3) prevents or precludes the commission from imposing regulatory sanctions against a  
59.28 utility for failure to comply with the terms and conditions of a financing order or the  
59.29 requirements of this section.

59.30 (c) The commission is prohibited from refusing to allow a utility to recover any costs  
59.31 associated with the replacement of natural gas facilities solely because the utility has elected

60.1 to finance the natural gas facility replacement through a financing mechanism other than  
60.2 extraordinary event bonds.

60.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

60.4 Sec. 10. **[216B.493] POSTORDER COMMISSION DUTIES.**

60.5 Subdivision 1. **Financing cost review.** Within 120 days after the date extraordinary  
60.6 event bonds are issued, a utility subject to a financing order must file with the commission  
60.7 the actual initial and ongoing financing costs, the final structure and pricing of the  
60.8 extraordinary event bonds, and the actual extraordinary event charge. The commission must  
60.9 review the prudence of the natural gas utility's actions to determine whether the actual  
60.10 financing costs were the lowest that could reasonably be achieved given the terms of the  
60.11 financing order and market conditions prevailing at the time of the bond's issuance.

60.12 Subd. 2. **Enforcement.** If the commission determines that a utility's actions under this  
60.13 section are not prudent or are inconsistent with the financing order, the commission may  
60.14 apply any remedies available, provided that any remedy applied may not directly or indirectly  
60.15 impair the security for the extraordinary event bonds.

60.16 **EFFECTIVE DATE.** This section is effective the day following final enactment.

60.17 Sec. 11. **[216B.494] USE OF OUTSIDE EXPERTS.**

60.18 (a) In carrying out the duties under this section, the commission may:

60.19 (1) contract with outside consultants and counsel experienced in securitized utility  
60.20 customer-backed bond financing similar to extraordinary event bonds; and

60.21 (2) hire and compensate additional temporary staff as needed.

60.22 Expenses incurred by the commission under this paragraph must be treated as financing  
60.23 costs and included in the extraordinary event charge. The costs incurred under clause (1)  
60.24 are not an obligation of the state and are assigned solely to the transaction.

60.25 (b) A utility presented with a written request from the commission for reimbursement  
60.26 of the commission's expenses incurred under paragraph (a), accompanied by a detailed  
60.27 account of those expenses, must remit full payment of the expenses to the commission  
60.28 within 30 days of receiving the request.

60.29 (c) If a utility's application for a financing order is denied or withdrawn for any reason  
60.30 and extraordinary event bonds are not issued, the commission's costs to retain expert

61.1 consultants under this section must be paid by the applicant utility and are deemed to be  
 61.2 prudent deferred expenses eligible for recovery in the utility's future rates.

61.3 **EFFECTIVE DATE.** This section is effective the day following final enactment.

61.4 Sec. 12. **[216B.495] EXTRAORDINARY EVENT CHARGE; BILLING**  
 61.5 **TREATMENT.**

61.6 (a) A utility that obtains a financing order and causes extraordinary event bonds to be  
 61.7 issued must:

61.8 (1) include on each customer's monthly natural gas bill:

61.9 (i) a statement that a portion of the charges represents extraordinary event charges  
 61.10 approved in a financing order;

61.11 (ii) the amount and rate of the extraordinary event charge as a separate line item titled  
 61.12 "extraordinary event charge"; and

61.13 (iii) if extraordinary event property has been transferred to an assignee, a statement that  
 61.14 the assignee is the owner of the rights to extraordinary event charges and that the utility or  
 61.15 other entity, if applicable, is acting as a collection agent or servicer for the assignee; and

61.16 (2) file annually with the commission:

61.17 (i) a calculation of the impact of financing the retirement or replacement of natural gas  
 61.18 facilities on customer rates, itemized by customer class; and

61.19 (ii) evidence demonstrating that extraordinary event revenues are applied solely to the  
 61.20 repayment of extraordinary event bonds and other financing costs.

61.21 (b) Extraordinary event charges are nonbypassable and must be paid by all existing and  
 61.22 future customers receiving service from the utility or the utility's successors or assignees  
 61.23 under commission-approved rate schedules or special contracts.

61.24 (c) A utility's failure to comply with this section does not invalidate, impair, or affect  
 61.25 any financing order, extraordinary event property, extraordinary event charge, or  
 61.26 extraordinary event bonds, but does subject the utility to penalties under applicable  
 61.27 commission rules.

61.28 **EFFECTIVE DATE.** This section is effective the day following final enactment.

62.1 Sec. 13. [216B.496] EXTRAORDINARY EVENT PROPERTY.

62.2 Subdivision 1. General. (a) Extraordinary event property is an existing present property  
62.3 right or interest in a property right, even though the imposition and collection of extraordinary  
62.4 event charges depend on the utility collecting extraordinary event charges and on future  
62.5 natural gas consumption. The property right or interest exists regardless of whether the  
62.6 revenues or proceeds arising from the extraordinary event property have been billed, have  
62.7 accrued, or have been collected.

62.8 (b) Extraordinary event property exists until all extraordinary event bonds issued under  
62.9 a financing order are paid in full and all financing costs and other costs of the extraordinary  
62.10 event bonds have been recovered in full.

62.11 (c) All or any portion of extraordinary event property described in a financing order  
62.12 issued to a utility may be transferred, sold, conveyed, or assigned to a successor or assignee  
62.13 that is wholly owned, directly or indirectly, by the utility and is created for the limited  
62.14 purpose of acquiring, owning, or administering extraordinary event property or issuing  
62.15 extraordinary event bonds authorized by the financing order. All or any portion of  
62.16 extraordinary event property may be pledged to secure extraordinary event bonds issued  
62.17 under a financing order, amounts payable to financing parties and to counterparties under  
62.18 any ancillary agreements, and other financing costs. Each transfer, sale, conveyance,  
62.19 assignment, or pledge by a utility or an affiliate of extraordinary event property is a  
62.20 transaction in the ordinary course of business.

62.21 (d) If a utility defaults on any required payment of charges arising from extraordinary  
62.22 event property described in a financing order, a court, upon petition by an interested party  
62.23 and without limiting any other remedies available to the petitioner, must order the  
62.24 sequestration and payment of the revenues arising from the extraordinary event property to  
62.25 the financing parties.

62.26 (e) The interest of a transferee, purchaser, acquirer, assignee, or pledgee in extraordinary  
62.27 event property specified in a financing order issued to a utility, and in the revenue and  
62.28 collections arising from the property, is not subject to setoff, counterclaim, surcharge, or  
62.29 defense by the utility or any other person, or in connection with the reorganization,  
62.30 bankruptcy, or other insolvency of the utility or any other entity.

62.31 (f) A successor to a utility, whether resulting from a reorganization, bankruptcy, or other  
62.32 insolvency proceeding; merger or acquisition; sale; other business combination; transfer by  
62.33 operation of law; utility restructuring; or otherwise, must perform and satisfy all obligations  
62.34 of, and has the same duties and rights under, a financing order as the utility to which the

63.1 financing order applies. A successor to a utility must perform the duties and exercise the  
63.2 rights in the same manner and to the same extent as the utility, including collecting and  
63.3 paying to any person entitled to receive revenues, collections, payments, or proceeds of  
63.4 extraordinary event property.

63.5 Subd. 2. Security interests in extraordinary event property. (a) The creation,  
63.6 perfection, and enforcement of any security interest in extraordinary event property to secure  
63.7 the repayment of the principal and interest on extraordinary event bonds, amounts payable  
63.8 under any ancillary agreement, and other financing costs are governed solely by this section.

63.9 (b) A security interest in extraordinary event property is created, valid, and binding  
63.10 when:

63.11 (1) the financing order that describes the extraordinary event property is issued;

63.12 (2) a security agreement is executed and delivered; and

63.13 (3) value is received for the extraordinary event bonds.

63.14 (c) Once a security interest in extraordinary event property is created, the security interest  
63.15 attaches without any physical delivery of collateral or any other act. The lien of the security  
63.16 interest is valid, binding, and perfected against all parties having claims of any kind in tort,  
63.17 contract, or otherwise against the person granting the security interest, regardless of whether  
63.18 the parties have notice of the lien, upon the filing of a financing statement with the secretary  
63.19 of state.

63.20 (d) The description or indication of extraordinary event property in a transfer or security  
63.21 agreement and a financing statement is sufficient only if the description or indication refers  
63.22 to this section and the financing order creating the extraordinary event property.

63.23 (e) A security interest in extraordinary event property is a continuously perfected security  
63.24 interest and has priority over any other lien, created by operation of law or otherwise, which  
63.25 may subsequently attach to the extraordinary event property unless the holder of the security  
63.26 interest has agreed otherwise in writing.

63.27 (f) The priority of a security interest in extraordinary event property is not affected by  
63.28 the commingling of extraordinary event property or extraordinary event revenue with other  
63.29 money. An assignee, bondholder, or financing party has a perfected security interest in the  
63.30 amount of all extraordinary event property or extraordinary event revenue that is pledged  
63.31 to pay extraordinary event bonds, even if the extraordinary event property or extraordinary  
63.32 event revenue is deposited in a cash or deposit account of the utility in which the

64.1 extraordinary event revenue is commingled with other money. Any other security interest  
64.2 that applies to the other money does not apply to the extraordinary event revenue.

64.3 (g) Neither a subsequent commission order amending a financing order under section  
64.4 216B.492, subdivision 4, nor application of an adjustment mechanism authorized by a  
64.5 financing order under section 216B.492, subdivision 3, affects the validity, perfection, or  
64.6 priority of a security interest in or transfer of extraordinary event property.

64.7 (h) A valid and enforceable security interest in extraordinary event property is perfected  
64.8 only when the security interest has attached and when a financing order has been filed with  
64.9 the secretary of state in accordance with procedures established by the secretary of state.  
64.10 The financing order must name the pledgor of the extraordinary event property as debtor  
64.11 and identify the property.

64.12 Subd. 3. Sales of extraordinary event property. (a) A sale, assignment, or transfer of  
64.13 extraordinary event property is an absolute transfer and true sale of, and not a pledge of or  
64.14 secured transaction relating to, the seller's right, title, and interest in, to, and under the  
64.15 extraordinary event property if the documents governing the transaction expressly state that  
64.16 the transaction is a sale or other absolute transfer. A transfer of an interest in extraordinary  
64.17 event property may be created when:

64.18 (1) the financing order creating and describing the extraordinary event property is  
64.19 effective;

64.20 (2) the documents evidencing the transfer of the extraordinary event property are executed  
64.21 and delivered to the assignee; and

64.22 (3) value is received.

64.23 (b) A transfer of an interest in extraordinary event property must be filed with the  
64.24 secretary of state against all third persons and perfected under sections 336.3-301 to  
64.25 336.3-312, including any judicial lien or other lien creditors or any claims of the seller or  
64.26 creditors of the seller, other than creditors holding a prior security interest, ownership  
64.27 interest, or assignment in the extraordinary event property previously perfected under this  
64.28 subdivision or subdivision 2.

64.29 (c) The characterization of a sale, assignment, or transfer as an absolute transfer and  
64.30 true sale, and the corresponding characterization of the property interest of the assignee, is  
64.31 not affected or impaired by:

64.32 (1) commingling of extraordinary event revenue with other money;

64.33 (2) the retention by the seller of:

65.1 (i) a partial or residual interest, including an equity interest, in the extraordinary event  
65.2 property, whether direct or indirect, or whether subordinate or otherwise; or

65.3 (ii) the right to recover costs associated with taxes, franchise fees, or license fees imposed  
65.4 on the collection of extraordinary event revenue;

65.5 (3) any recourse that the purchaser may have against the seller;

65.6 (4) any indemnification rights, obligations, or repurchase rights made or provided by  
65.7 the seller;

65.8 (5) an obligation of the seller to collect extraordinary event revenues on behalf of an  
65.9 assignee;

65.10 (6) the treatment of the sale, assignment, or transfer for tax, financial reporting, or other  
65.11 purposes;

65.12 (7) any subsequent financing order amending a financing order under section 216B.492,  
65.13 subdivision 4, paragraph (d); or

65.14 (8) any application of an adjustment mechanism under section 216B.492, subdivision  
65.15 3, paragraph (a), clause (6).

65.16 **EFFECTIVE DATE.** This section is effective the day following final enactment.

65.17 **Sec. 14. [216B.497] EXTRAORDINARY EVENT BONDS.**

65.18 (a) Banks, trust companies, savings and loan associations, insurance companies, executors,  
65.19 administrators, guardians, trustees, and other fiduciaries may legally invest any money  
65.20 within the individual's or entity's control in extraordinary event bonds.

65.21 (b) Extraordinary event bonds issued under a financing order are not debt of or a pledge  
65.22 of the faith and credit or taxing power of the state, any agency of the state, or any political  
65.23 subdivision. Holders of extraordinary event bonds may not have taxes levied by the state  
65.24 or a political subdivision in order to pay the principal or interest on extraordinary event  
65.25 bonds. The issuance of extraordinary event bonds does not directly, indirectly, or contingently  
65.26 obligate the state or a political subdivision to levy any tax or make any appropriation to pay  
65.27 principal or interest on the extraordinary event bonds.

65.28 (c) The state pledges to and agrees with holders of extraordinary event bonds, any  
65.29 assignee, and any financing parties that the state will not:

65.30 (1) take or permit any action that impairs the value of extraordinary event property; or
