Chair Ingebrigtsen and Members of the Minnesota Environment Committee:

On behalf of Pheasants Forever Inc. and Quail Forever, we would like to extend our sincerest appreciation for Minnesota's continued support, focus and commitment of science-based, early successional management practices that supports habitat for upland wildlife and pollinators. Pheasants Forever & Quail Forever recognizes the growing opportunities to enhance upland wildlife habitat on new and existing right-of-ways, and would offer our support of policies and programs that will result in the restoration and enhancement of these beneficial habitats.

We sincerely appreciate your interest and efforts in advancing sound conservation policies, and continued investment in Minnesota's natural resources.
