

Dear Senator Rarick,

As a 4 year letterman (1971-1974) at the University of Minnesota, I am grieved at the elimination of Men's Indoor Track and 2 other Men's sports. The decision to permanently eliminate these sports due to a "temporary" fiscal deficit during a pandemic doesn't seem to hold water with the recent multi-year, multi-million dollar contract make-overs for two other Men's sports head coaches (and assistants), and the President of the University.

A hearing on February 15th is tentative and I want to make sure that it takes place. Know that I am watching and want to see positive movement towards the reinstatement of the said sports.

Respectfully,

Dan Humes (Track 71-74)
Faith in Minnesota
