

Dear Senator Jason Rarick,

I graduated from IT with a math degree in 1970 and was a member of the gymnastic team from 1966-1970. It was a wonderful experience competing for Golden Gopher Gymnastics. In fact, it was my incentive to go into education. I just finished a 50 year career of teaching and coaching. I truly hope you can allocate funds to bring back the gymnastic program and the other two sports that were dropped.

Sincerely,
Fred Kueffer
1970 BA Math
1972 MED Math
