

Senator Rarick:

I am a U of M alumnus (March 1968). I ask that the hearing on February 15 BE HELD as scheduled so that we can show our support for the men's and women's track & field teams who are the most diverse teams on campus, the teams most representative of the Twin Cities' population.

The hearing on February 15 is tentative and I want to make sure that it happens! Please know that I am carefully watching and wish to see positive movement toward sports being reintroduced.

Sincerely,

Tom Heinonen
