**Section 1 (136A.121, subd 18)** amends the state grant program to clarify that the institutions that have the responsibility to provide certain data to the Office of Higher Education are those institutions whose students are eligible for state grants, scholarships, and student loans.

**Section 2 (136A.1701, subd 11)** amends the SELF refi section of law to clarify that the institutions that have the responsibility to provide certain data to the Office of Higher Education are those institutions whose students are eligible for student loan programs and are institutions that are licensed or registered.

**Section 3 (136A.833)** modifies subdivision 1 by adding clarifying language and changing a cross reference related to the appeal of a denied exemption. Subdivision 2 adds and clarifies the types of schools and programs that are exempt from the requirements imposed on private career schools.

**Section 4 (136A.91, subd 1)** amends concurrent enrollment grant awards for schools that are expanding concurrent enrollment. To receive an award under this section, the school is required to:

- 1) create new sections within the same high school,
- 2) offer the existing course in a new high school, and

Current law requires the school to do one of the three.

**Section 5 (136A.91, subd 2)** is a technical correction.

**Section 6** repeals the rule entitled “Categories of Chapter 141 Schools”.
