**700+** electric vehicle jobs

# Minnesota clean car standards

Adopted July 26, 2021

# Process timeline

# MPCA's regulatory authority is clear

“The agency shall also adopt standards of air quality, including maximum allowable standards of emission of air contaminants from motor vehicles...” -- Minn. Stat. 116.07

“may adopt, amend and rescind rules and standards having the force of law relating to ... the prevention, abatement, or control of air pollution. -- Minn. Stat. 116.07

GHGs are defined as air pollution. -- Minn. R. 7005.0100, subpart 14a

# Minnesota is one of 16 clean car states

## Clean car states

Next step: early credit action system

# Thank you
