RE: Support, SF 391 allowing debit cards to be used for purchasing charitable raffle tickets over the telephone.

Chair Kiffmeyer and members of the committee,

On behalf of our respective memberships, totaling over 100,000 dedicated conservation supporters, we wish to express support for SF 391 to allow debit cards to be used for purchasing charitable raffle tickets over the telephone. Legalizing the ability to conduct raffle ticket sales over the phone by charitable non-profits will help organizations like ours recover from the COVID-19 crisis, which decimated our in-person fundraising efforts for nearly two straight years and prepare us for future disruptions to our traditional face-to-face activities. Our organizations have conserved hundreds of thousands of acres across Minnesota thanks in large part to our dedicated members and supporters who have traditionally given generously to our organization at these in-person events.

The pandemic presented unforeseen challenges to our organizations who have relied so heavily on in-person gatherings to generate private conservation dollars. Furloughs, drastic budget cuts and even layoffs became part of the new reality for most non-profit organizations around the state and we were no exception. The challenges we faced over the last two years made clear that we need to modernize charitable fundraising to help our community adapt and respond, and in this spirit of innovation and resiliency, we are hopeful that you will support SF 391 to legalize the conduct of charitable raffle ticket sales by phone by qualified nonprofits.

Existing statute does not explicitly permit over-the-phone raffle ticket sales, nor does it explicitly prohibit them. The current regulatory agency with jurisdiction over charitable raffles (Minnesota Gambling Control Board) has taken the position that phone raffles are not permitted unless explicitly allowed under state law. It is therefore critically important to make this statutory clarification so that qualified nonprofits can remain healthy long into the future.

Modernization of nonprofit fundraising abilities is needed more now than ever. With many of our supporters still avoiding large public gatherings we need the freedom to and permission to adapt. Phone raffle legalization would revive one of the Minnesota nonprofit community's most valuable fundraising tools by allowing supporters to participate in charitable raffles safely and remotely.

Sincerely,

Scott Christensen, Ducks Unlimited

Tom Glines, National Wild Turkey Federation

Dave Carlson, Minnesota Outdoor Heritage Alliance

Craig Engwall, Minnesota Deer Hunters Association
