

# County Road 19A & 100th Street Realignment **Bonding Request**

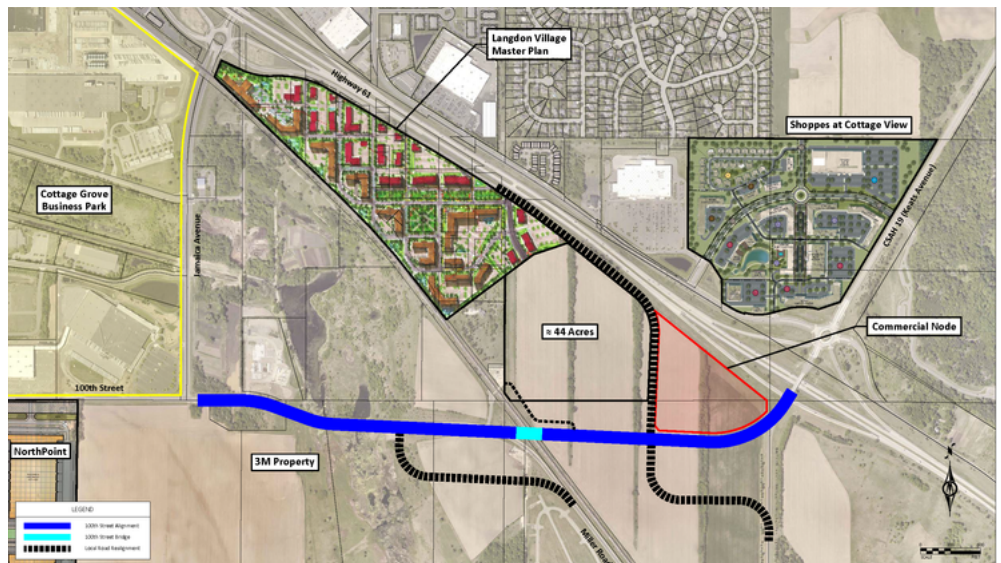

## About the County Road 19A and 100th Street Realignment

- A 2019 Washington County study examined the lack of roadways to serve new development and address congestion at Jamaica Avenue and Highway 61.
- The study provided a recommended route for the future arterial roadway.
- Since completion of the study, there has been major interest in the Cottage Grove Business Park; NorthPoint Development broke ground in spring of 2022 on a 3.4 million square foot development that will bring more than 1,800 jobs to the community.

## The Request: **\$25 Million**

The funding will be used for:

- Realignment of County Road 19A and 100th Street to improve safety, increase roadway capacity and reduce congestion.
- Construction of a highway bridge to provide a grade-separated railroad crossing.

## Why It's Important

Completing this project in the next five years will:

- Be critical to the ongoing success of these major development projects.
- Relieve stress on the Jamaica Avenue/Highway 61 interchange.
- Provide an additional access point to the city's rapidly growing business park and surrounding area, which is home to 3M and Renewal by Anderson.
- Improve safety and the level of service at Highway 61 and County Road 19A.
