

I am absolutely opposed to the amendment to SF-1311 and I plead with you to strike the language from 19.8 to 19.11.

My daughter was just getting ready to apply for PSEO and she desperately wants to go to Crown College and she should be able to do PSEO at such college if she would desire to.

25% of PSEO students attend PSEO at faith based colleges.

Students are entering college with little to no debt because of PSEO.

If we erase faith based college from PSEO options, secular colleges will increase competition for PSEO spots for students which will limit choices for all students.

I am opposed to the amendment of SF-1311
