OUR MISSION

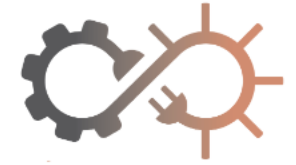

CEEM provides the **business voice** for energy efficiency and clean energy in Minnesota.

We promote the **business case** for energy efficiency and clean energy to drive innovation and expand market opportunities.

CEEM works **across industries** and **between the aisle** to support a prosperous clean energy economy for all Minnesotans.

MINNESOTA ENERGY ALLEY

Strengthening our state's energy and economic development future

UNMET NEED:

A connected, statewide ecosystem to equip and support entrepreneurs and emerging businesses to commercialize and deploy innovative energy technologies

STRATEGIC INVESTMENT WILL:

- Catalyze partnerships and comprehensive business support for energy technology commercialization from idea to market
- Retain, grow, and attract energy entrepreneurs and companies
- Leverage private investment and make Minnesota a “go-to” place for energy innovation and business success
- Help achieve state decarbonization and net-zero goals

- 01 STEM Pathways**
Programming to increase equity and access in STEM-related innovation careers for high school & college students
- 02 Energy Innovation Network**
Established partners working collectively with innovators and entrepreneurs to advance big ideas
- 03 Startup Training & Resources**
Customized support and connections for emerging energy and cleantech businesses
- 04 Pilot Projects**
Real world proof-of-concept with established MN leaders in clean energy, including utilities
- 05 Deployment & Small Business Growth**
Innovation is scaled across the market, positioning the new businesses for growth and impact

Supporting innovation, entrepreneurs, small business, and the regional economy
