

Information from Jay in the parent network to a coalition member:

“I have owned a vacation home in CO since 2015 and have seen first-hand that the black-market exists EVERYWHERE in CO, **even in counties that promote the pot industry, such as Saguache County** where my home is located.

Here are just two examples from the local newspaper (the drug bust in Bonanza was all too close to my home!):

- <https://www.centerpostdispatch.com/article/5-million-in-pot-plants-seized-in-bonanza> - **note the names, place of residence, and possible human trafficking**
- <https://www.centerpostdispatch.com/article/multiple-agencies-conduct-law-enforcement-operation-in-saguache-county> - **this case involved the CO Marijuana Enforcement Division...this state department licenses pot operations which shows that something illegal was occurring at a licensed facility.**
- <https://www.centerpostdispatch.com/article/baca-grande-pot-bust-yields-194-plants> - **this case was silently dismissed by the local judge! (I have the court documentation to show that this happened.)**

There are many more cases than just these.

Feel free to call me at 281-384-8392 if you want to discuss this further.”

Best
