BWSR Soil Health Practices Program

Climate Action Framework – Fiscal and Policy Request (\$27.16M)

- Establishes a voluntary and locally-driven Soil Health Practices Program (new 103F).
- Sets practices on sensitive lands to slow water and nutrient movement.
- Provides for carbon sequestration.
- Opportunity for federal matching dollars (103C)

Accelerated Water Storage Program

Climate Action Framework - Fiscal Request (\$17M)

- Adapt to changing climate
- Acquire, design, and construct projects to control water volume and rate
- Voluntary and locally-led

Habitat Enhancement Landscape Program (HELP)

Climate Action Framework – Fiscal and Policy Request (\$4M)

- Building on a current program, offers cost-share grants and technical guidance for projects on lands that are a priority for the protection of endangered or threatened pollinators and other wildlife species.
- Eligible lands include **existing natural areas, conservation plantings, and open spaces.**

HELP – Habitat Friendly Utilities

Climate Action Framework – Fiscal and Policy Request (\$1M)

- Building on a current program, provides financial and technical assistance to promote the **successful establishment of native vegetation as part of utility projects** including solar, wind, pipelines and electrical transmission corridors to ensure the integrity and resiliency of Minnesota landscapes and protection of habitat and water resources.

HELP – Lawns to Legumes

Climate Action Framework – Fiscal and Policy Request (\$4M)

- This award-winning program offers a combination of workshops, coaching, planting guides and cost-share funding (individual support grants) for installing pollinator-friendly native plantings in **residential lawns and community spaces**.
- Over 17,000 applications received for individual grants across the state; approximately 12,000 applications waiting additional program funding.

Private Lands Conservation Easements for Carbon Sequestration

Climate Action Framework - Fiscal and Policy Request

Climate Action via the Reinvest in Minnesota (RIM) Reserve Program

- Grassland/Working Land Restorations (\$22M)
- Peatland Restorations (\$15M)
- Mitigation and Resiliency for Existing State Easements (\$7.1M)

Federal Inflation Reduction Act of 2022 (IRA) Climate Conservation Funding

IRA funding in millions

	Current- '22	2023	2024	2025	2026	IRA total
EQIP	\$ 1,800	\$ 250	\$ 1,750	\$ 3,000	\$ 3,450	\$ 8,450
CSP	\$ 800	\$ 250	\$ 500	\$ 1,000	\$ 1,500	\$ 3,250
RCPP	\$ 300	\$ 250	\$ 800	\$ 1,500	\$ 2,400	\$ 4,950
ACEP	\$ 450	\$ 100	\$ 200	\$ 500	\$ 600	\$ 1,400

Additional BWSR Related Changes

Natural Resources Block Grant (NRBG) Funding Restoration:	\$2.5M
Support for Tribal Liaison:	\$265K
Grant Making to Tribes and NGOs:	\$0
Conservation Easement Stewardship Account:	\$0

Natural Resources Block Grants (NRBG)

Fiscal Request (\$2.5M)

Natural Resources Block Grants to Counties

Counties implement statutorily mandated environmental programs:

- Shoreland Protection - DNR
- Wetland Conservation Act - BWSR
- Local Water Management - BWSR
- SSTS (Septic Sewage) - MPCA

Soil and Water Conservation Districts

SWCD Aid Funding – Tax Bill/Dept. of Revenue

If Minnesota wants to increase its pace of progress toward **clean water**, **healthy soil** and **climate resiliency** goals we need to establish an adequate, permanent state funding solution for SWCDs.

A state investment in **SWCD Aid** will help address a chronic funding shortfall and build SWCD capacity statewide.
