 32.10 projects funded under this section should be
 32.11 readily accessible on the Internet and
 32.12 identified as having received funding from the
 32.13 environment and natural resources trust fund.
- 32.14 **Subd. 13. Project Requirements**

33.12 highest-quality conservation and ecological
33.13 goals for the restoration site. Consideration
33.14 should be given to soil, geology, topography,
33.15 and other relevant factors that would provide
33.16 the best chance for long-term success and
33.17 durability of the restoration project. The plan
33.18 must include the proposed timetable for
33.19 implementing the restoration, including site

33.24 management needs of the restoration and how
33.25 the maintenance, management, and
33.26 enhancement will be financed; and take
33.27 advantage of the best-available science and

33.29 best restoration.

33.30 (d) An entity receiving an appropriation in this
33.31 section for restoration activities must provide
33.32 an initial restoration evaluation at the

33.35 the expenditure. Restorations must be

- 34.1 evaluated relative to the stated goals and
34.2 standards in the restoration plan, current
34.3 science, and, when applicable, the Board of
34.4 Water and Soil Resources' native vegetation
34.5 establishment and enhancement guidelines.
34.6 The evaluation must determine whether the
34.7 restorations are meeting planned goals,
34.8 identify any problems with implementing the
34.9 restorations, and, if necessary, give
34.10 recommendations on improving restorations.
34.11 The evaluation must be focused on improving
34.12 future restorations.

34.16 conservation easement or public ownership.

35.2 enforcement plan and funding for monitoring
35.3 and enforcing the easement agreement; and
35.4 (6) include requirements in the easement
35.5 document to protect the quantity and quality
35.6 of groundwater and surface water through
35.7 specific activities such as keeping water on
35.8 the landscape, reducing nutrient and
35.9 contaminant loading, and not permitting
35.10 artificial hydrological modifications.

35.11 (h) For any acquisition of lands or interest in
35.12 lands, a recipient of money appropriated under
35.13 this section must not agree to pay more than
35.14 100 percent of the appraised value for a parcel
35.15 of land using this money to complete the
35.16 purchase, in part or in whole, except that up
35.17 to ten percent above the appraised value may
35.18 be allowed to complete the purchase, in part
35.19 or in whole, using this money if permission is
35.20 received in advance of the purchase from the

35.33 implementation unless the work plan addresses
35.34 why a portion of the money is not necessary
35.35 to achieve a high-quality restoration.

36.1 (k) To ensure public accountability for using
36.2 public funds, a recipient of money
36.3 appropriated under this section must, within
36.4 60 days of the transaction, provide to the
36.5 Legislative-Citizen Commission on Minnesota

36.9 transaction costs, including but not limited to
36.10 appraisals, legal fees, recording fees,
36.11 commissions, other similar costs, and
36.12 donations. This information must be provided
36.13 for all parties involved in the transaction. The
36.14 recipient must also report to the
36.15 Legislative-Citizen Commission on Minnesota
36.16 Resources any difference between the
36.17 acquisition amount paid to the seller and the
36.18 state-certified or state-reviewed appraisal, if

47.5 Sec. 5. **EFFECTIVE DATE.**

47.6 This article is effective the day following final enactment.

47.7 **ARTICLE 2**
 47.8 **CAPITAL PROJECTS**

47.9 Section 1. Minnesota Statutes 2022, section 116P.15, is amended to read:

47.10 **116P.15 CAPITAL CONSTRUCTION AND LAND ACQUISITION;**
 47.11 **RESTRICTIONS.**

47.12 Subdivision 1. **Scope.** A recipient of an appropriation from the trust fund or the Minnesota
 47.13 future resources fund who acquires an interest in real property with the appropriation must
 47.14 comply with ~~this section~~ subdivision 2. ~~For the purposes of this section, "interest in real~~
 47.15 ~~property" includes, but is not limited to, an easement or fee title to property.~~ A recipient of
 47.16 an appropriation from the trust fund who uses any portion of the appropriation for a capital
 47.17 construction project with a total cost of \$10,000 or more must comply with subdivision 3.

47.18 Subd. 2. **Land acquisition restrictions; modification procedure.** (a) An easement, fee
 47.19 title, or other interest in real property acquired with an appropriation from the trust fund or
 47.20 the Minnesota future resources fund must be used in perpetuity or for the specific term of
 47.21 an easement interest for the purpose for which the appropriation was made. The ownership
 47.22 of the interest in real property transfers to the state if: (1) the holder of the interest in real
 47.23 property fails to comply with the terms and conditions of the grant agreement or work plan;
 47.24 or (2) restrictions are placed on the land that preclude its use for the intended purpose as
 47.25 specified in the appropriation.

47.26 (b) A recipient of funding who acquires an interest in real property subject to this section
 47.27 may not alter the intended use of the interest in real property or convey any interest in the
 47.28 real property acquired with the appropriation without the prior review and approval of the
 47.29 commission or its successor. The commission shall notify the chairs and ranking minority
 47.30 members of the legislative committees and divisions with jurisdiction over the trust fund
 47.31 or Minnesota future resources fund at least 15 business days before approval under this
 47.32 paragraph. The commission shall establish procedures to review requests from recipients

48.1 to alter the use of or convey an interest in real property. These procedures shall allow for
 48.2 the replacement of the interest in real property with another interest in real property meeting
 48.3 the following criteria:

48.4 (1) the interest must be at least equal in fair market value, as certified by the commissioner
 48.5 of natural resources, to the interest being replaced; and

48.6 (2) the interest must be in a reasonably equivalent location, and have a reasonably
 48.7 equivalent useful conservation purpose compared to the interest being replaced, taking into
 48.8 consideration all effects from fragmentation of the whole habitat.

48.9 (c) A recipient of funding who acquires an interest in real property under paragraph (a)
 48.10 must separately record a notice of funding restrictions in the appropriate local government
 48.11 office where the conveyance of the interest in real property is filed. The notice of funding
 48.12 agreement must contain:

48.13 (1) a legal description of the interest in real property covered by the funding agreement;

48.14 (2) a reference to the underlying funding agreement;

48.15 (3) a reference to this section; and

48.16 (4) the following statement:

48.17 "This interest in real property shall be administered in accordance with the terms,
 48.18 conditions, and purposes of the grant agreement controlling the acquisition of the property.
 48.19 The interest in real property, or any portion of the interest in real property, shall not be sold,
 48.20 transferred, pledged, or otherwise disposed of or further encumbered without obtaining the
 48.21 prior written approval of the Legislative-Citizen Commission on Minnesota Resources or
 48.22 its successor. The ownership of the interest in real property transfers to the state if: (1) the
 48.23 holder of the interest in real property fails to comply with the terms and conditions of the
 48.24 grant agreement or work plan; or (2) restrictions are placed on the land that preclude its use
 48.25 for the intended purpose as specified in the appropriation."

48.26 Subd. 3. Capital construction restrictions; modification procedure. (a) A recipient
 48.27 of an appropriation from the trust fund who uses the appropriation to wholly or partially
 48.28 construct a building, trail, campground, or other capital asset may not alter the intended use
 48.29 of the capital asset or convey any interest in the capital asset for 25 years from the date the
 48.30 project is completed without the prior review and approval of the commission or its successor.
 48.31 The commission must notify the chairs and ranking minority members of the legislative
 48.32 committees and divisions with jurisdiction over the trust fund at least 15 business days
 48.33 before approval under this paragraph. The commission must establish procedures to review

49.1 requests from recipients to alter the use of or convey an interest in a capital asset under this
 49.2 paragraph. These procedures must require that:

49.3 (1) the sale price must be at least fair market value; and

49.4 (2) the trust fund must be repaid a portion of the sale price equal to the percentage of
 49.5 the total funding provided by the fund for constructing the capital asset.

49.6 (b) The commission or its successor may waive the requirements under paragraph (a),
 49.7 clauses (1) and (2), by recommendation to the legislature if the transfer allows for a continued
 49.8 use of the asset in a manner consistent with the original appropriation purpose or with the
 49.9 purposes of the trust fund.

49.10 (c) If both a capital asset and the real property on which the asset is located were wholly
 49.11 or partially purchased with an appropriation from the trust fund and the commission approves
 49.12 a request to alter the use of or convey an interest in the real property under subdivision 2,
 49.13 a separate approval under this subdivision to alter the use of the capital asset is not required.

49.14 (d) A recipient of an appropriation from the trust fund who uses the appropriation to
 49.15 wholly or partially construct a building, trail, campground, or other capital asset must
 49.16 separately record a notice of funding restrictions in the appropriate local government office.
 49.17 The notice of funding restrictions must contain:

49.18 (1) a legal description of the interest in real property covered by the funding agreement;

49.19 (2) a reference to the underlying funding agreement;

49.20 (3) a reference to this subdivision; and

49.21 (4) the following statement:

49.22 "This interest in real property must be administered in accordance with the terms,
 49.23 conditions, and purposes of the grant agreement controlling the improvement of the property.
 49.24 The interest in real property, or any portion of the interest in real property, must not be
 49.25 altered from its intended use or be sold, transferred, pledged, or otherwise disposed of or
 49.26 further encumbered without obtaining the prior written approval of the Legislative-Citizen
 49.27 Commission on Minnesota Resources or its successor."

49.28 Sec. 2. Minnesota Statutes 2022, section 116P.16, is amended to read:

49.29 **116P.16 REAL PROPERTY INTERESTS; REPORT.**

49.30 (a) By December 1 each year, a recipient of an appropriation from the trust fund, that
 49.31 is used for the acquisition of an interest in real property, including, but not limited to, an

50.1 easement or fee title, or for the construction of a building, trail, campground, or other capital
 50.2 asset with a total cost of \$10,000 or more must submit annual reports on the status of the
 50.3 real property to the Legislative-Citizen Commission on Minnesota Resources or its successor
 50.4 in a form determined by the commission. The responsibility for reporting under this section
 50.5 may be transferred by the recipient of the appropriation to another person who holds the
 50.6 interest in the real property. To complete the transfer of reporting responsibility, the recipient
 50.7 of the appropriation must:

50.8 (1) inform the person to whom the responsibility is transferred of that person's reporting
 50.9 responsibility;

50.10 (2) inform the person to whom the responsibility is transferred of the property restrictions
 50.11 under section 116P.15; and

50.12 (3) provide written notice to the commission of the transfer of reporting responsibility,
 50.13 including contact information for the person to whom the responsibility is transferred.

50.14 (b) After the transfer, the person who holds the interest in the real property is responsible
 50.15 for reporting requirements under this section.

50.16 (c) The annual reporting requirements on the status of a building, trail, campground, or
 50.17 other capital asset with a total cost of \$10,000 or more and that was constructed with an
 50.18 appropriation from the trust fund expire 25 years after the date the final progress report
 50.19 under section 116P.05, subdivision 2, paragraph (b), is approved.

50.20 **Sec. 3. [116P.21] ADDITIONAL CAPITAL CONSTRUCTION PROJECT**
 50.21 **REQUIREMENTS.**

50.22 Subdivision 1. Full funding. If an appropriation from the trust fund for a capital
 50.23 construction project or project phase is not alone sufficient to complete the project or project
 50.24 phase and a commitment from sources other than the trust fund is required:

50.25 (1) the commitment must be in an amount that, when added to the appropriation from
 50.26 the trust fund, is sufficient to complete the project or project phase; and

50.27 (2) the agency administering the appropriation from the trust fund must not distribute
 50.28 the money until the commitment is determined to be sufficient. In determining the sufficiency
 50.29 of a commitment under this clause, the agency must apply the standards and principles
 50.30 applied by the commissioner of management and budget under section 16A.502.

50.31 Subd. 2. Sustainable building guidelines. The sustainable building guidelines established
 50.32 under sections 16B.325 and 216B.241, subdivision 9, apply to new buildings and major

51.1 renovations funded from the trust fund. A recipient of money appropriated from the trust
51.2 fund for a new building or major renovation must ensure that the project complies with the
51.3 guidelines.

51.4 Subd. 3. **Applicability.** (a) Subdivisions 1 and 2 do not apply to:

51.5 (1) a capital construction project with a total cost of less than \$10,000; or

51.6 (2) a land acquisition project.

51.7 (b) If land is acquired with trust fund money for the purpose of capital construction, the
51.8 land acquisition is not exempted under paragraph (a), clause (2).

51.9 Subd. 4. **Other capital construction statutes.** The following statutes also apply to
51.10 recipients of appropriations from the trust fund: sections 16B.32; 16B.326; 16B.335,
