S.F. No. 1433 – City of St. Paul authorization to use a design-build process for a skate park project (as proposed to be amended by the A-1)

Author: Senator Foungh Hawj

Prepared by: Joan White, Senate Counsel (651/296-3814)

Date: March 16, 2023

SF 1433 allows the city of St. Paul to solicit and award a design-build contract for a skate park in Eastside Heritage Park in St. Paul. Under the municipal contracting law, a city is not authorized to use a design-build contracting process. Due to the unique design and construction characteristics of a skate park, firms specializing in these projects generally oversee both the design and construction of the project.
