Dear Chair Dibble,

We write today on behalf of the North Central States Regional Council of Carpenters in support of SF27, the Drivers License for All bill.

The Drivers License for All legislation is an issue about safety and access to jobs. This bill will help make sure drivers are licensed and insured. This bill will keep our streets and roadways safer and will allow all workers to have access to jobs around the state.

The North Central States Regional Council proudly joins the coalition of labor, industry, public safety and community organizations who are supporting this bill and we urge your support.

Thank you for your consideration.

Fraternally,

Adam Duinick
Director of Government Affairs
