Bill Description

Creates a reintegration license for certain individuals released from custody whose driver's licenses have been suspended, revoked, canceled or denied for reasons listed in section 171.30, 169.792, or 169.797.

Assumptions

Driver and Vehicle Services

Assume this would be similar to the Limited License but at no cost for those eligible.

Assume reintegration license will be non-REAL ID compliant.

Assume applicants must demonstrate identity as any other noncompliant credential applicant. Assume applicant must show proof document demonstrating the applicant served 180 or more consecutive days of confinement in a qualifying facility and that lists the date of release.

Assume Department of Public Safety Driver and Vehicle Services Division (DVS) may not charge driver's license fees, including filing fees and reinstatement fees. Assume Driver's License Agents (DLAs) may not charge filing fees for reintegration license transactions.

Assume eligible individuals under this provision would otherwise be required to pay a reinstatement fee of either \$30 or \$250 fee plus a \$430 surcharge, depending on the basis for the loss of the driving privilege. Assume DVS has no method to require payment of this reinstatement fee once the license has been reinstated.

Per committee hearing held on March 31, 2022, each year 5,000 Minnesotans are released from confinement. Assume 24% of individuals would be eligible for the reintegration license, for a total of 1200 (5,000 x 24% = 1,200). Assume DVS cannot estimate which of these individuals would be subject to which reinstatement fees, or whether they would be subject to multiple fees.

Assume 50% or 600, eligible individuals under this provision would otherwise be required to pay the single \$30 reinstatement fee under Minnesota Statutes section 171.29, subd. 2(a). ($1200 \div 2 = 600$) Assume the \$30 reinstatement fee is deposited into the Drivers Services Operating Account (DSOA).

Assume revenue loss of \$18,000 to the DSOA in lost \$30 reinstatement fees. ($600 \times \$30 = \$18,000$)

Assume 50% or 600 of eligible individuals would otherwise be required to pay the \$250 fee plus a \$430 surcharge under Minnesota Statutes section 171.29, subd. 2(b). ($1200 \div 2 = 600$)

Revenue from the \$250 reinstatement fee is distributed as follows per Minnesota Statutes section 171.29 subd. 2(b)(1)-(4):

- 20% (\$50) to the DSOA
- 67% (\$167.50) to the General Fund
- 8% (\$20) to the Bureau of Criminal Apprehension (BCA) account
- 5% (\$12.50) to the vehicle forfeiture account

Assume revenue loss of \$30,000 to the DSOA in lost portion of the \$250 reinstatement fee. ($600 \times \$50 = \$30,000$)

Assume revenue loss of \$100,500 to the General Fund in lost portion of the \$250 reinstatement fee. ($600 \times \$167.50 = \$100,500$)

Assume revenue loss of \$12,000 to the BCA account in lost portion of the \$250 reinstatement fee. ($600 \times \$20 = \$12,000$)

Assume revenue loss of \$7,500 to the vehicle forfeiture account in lost portion of the \$250 reinstatement fee. ($600 \times \$12.50 = \$7,500$)

Revenue from the \$430 surcharge is distributed as follows per Minnesota Statutes section 171.29 subd. 2(b) and (c):

- \$50 to the traumatic brain injury and spinal cord injury account
- \$380 to the remote electronic-alcohol monitoring program account

Assume revenue loss of \$30,000 to the traumatic brain injury and spinal cord injury account lost portion of the \$430 surcharge ($600 \times \$50 = \$30,000$)

Assume revenue loss of \$228,000 to the remote electronic-alcohol monitoring program account in lost portion of the \$430 surcharge. ($600 \times \$380 = \$228,000$)

Assume eligible individuals had a standard driver's license. Assume all application fees, including filing fees and tech surcharge, are waived.

Assume a person applying for a reintegration license is subject to all other requirements such as examination or Ignition Interlock Device Program (IIDP) enrollment.

Assume revenue loss of \$2,700 to the Driver and Vehicle Services Technology Account for waived technology surcharge fees. ($\$2.25 \text{ tech surcharge} \times 1,200 = \$2,700$)

Assume revenue loss of \$25,200 to the Driver Services Operating Account in driver's license fees. ($\$21 \text{ standard driver's license fee} \times 1,200 \text{ applicants} = \$25,200$)

Assume 13% of driver's license applications are conducted at DVS exam stations with the other 87% conducted at DLA offices. Assume 156 applications occur at a DVS exam station. ($1200 \times 13\% = 156$)

Assume revenue loss of \$1,248 to the Driver Services Operating Account in waived filing fees. ($156 \times \$8 \text{ filing fee} = \$1,248$)

Assume potential fiscal impact from not collecting reinstatement and driver license (DL) fees in the amount of \$455,148.

Assume 120 hours MNDRIIVE programming to create capacity to issue reintegration license with correct expiration date and waive fees at a total cost of \$24,000 (120 hours of programming x \$200 per hour = \$24,000). Assume DVS can absorb this \$24,000 in the DVS technology account (special revenue fund).

Assume an effective date of April 1, 2024. Assume 25% of eligible individuals will apply in the last 3 months of FY24.

Minnesota State Patrol (MSP)

Any driver's license queries through the BCA will retain their existing format and will simply return a new code for the reintegration type. Assume no updates to MSP's system are needed.

Assume revenue loss of \$7,500 to the vehicle forfeiture account in lost portion of the \$250 reinstatement fee. (600 x \$12.50 = \$7,500)

Bureau of Criminal Apprehension

DVS assumes eligible individuals under this provision would otherwise be required to pay a reinstatement fee of either \$30 or \$250 fee plus a \$430 surcharge, depending on the basis for the loss of the driving privilege. Assume DVS has no method to require payment of this reinstatement fee once the license has been reinstated.

Additionally, DVS assumes, per committee hearing testimony held on March 31, 2022, that each year 5,000 Minnesotans are released from confinement/incarceration with 24% of those, or 1200 (5,000 x 24% = 1,200), assumed to be eligible for the reintegration license. DVS cannot estimate the number of these individuals subject to each of the potential reinstatement fees.

DVS assumes that 50%, or 600, of eligible individuals would otherwise be required to pay the \$250 fee plus a \$430 surcharge under Minnesota Statutes section 171.29, subd. 2(b). (1200 ÷ 2 = 600)

Revenue from the \$250 reinstatement fee is distributed as follows per Minnesota Statutes section 171.29 subd. 2(b)(1)-(4):

- 20% (\$50) to the DSOA
- 67% (\$167.50) to the General Fund
- 8% (\$20) to the Bureau of Criminal Apprehension (BCA) account
- 5% (\$12.50) to the vehicle forfeiture account

The BCA receives 8% of the \$250.00 fee. Therefore, any changes to overall funding from reinstatements, will impact the 8% percent appropriated.

Twenty percent of said fee is placed the Undercover Buy Fund/Victim-Witness Protection Funds (authorized under Minn. Stat. 299C.065), which the BCA oversees. The BCA is not a recipient of any of the funds in this account. The recipients of each of the accounts are local law enforcement agencies such as Sheriffs' Offices and Police Departments. Therefore, if funds were to run low in the account, the BCA would be unable to provide financial assistance and said entities would be impacted by any potential funding shortages.

The remaining 80% of the funds deposited into the BCA account are used for laboratory costs.

Based on DVS estimates, the BCA will lose approximately \$12,000 per year total, with a loss of \$9,600 of lab funding and \$2,400 per year of funding for the Undercover Buy Fund/Victim-Witness Protection funds.
