I am here today to be a voice for the babies that are crying out yesterday, today and the ones tomorrow to live

This is a human life you are voting to let them “Live or to Die”. We give more bearing to animals then we do human life. Remember your oath on the Bible So Help you God

Exdodus 20: <sup>13</sup> “You shall not murder. This is one of the Ten Commandments given to Mosses from God.

And Let me remind you that the blood of these babies will rest on your shoulders and you will have to answer to God for each and every baby that is murder due to this bill. These are your sons and daughters your grandchildren your inheritance and our very future of the next generation. If any of you have the less amount of Godly moral sense you must Vote NO before our beloved nation is destroyed by Gods Judgement. I pray it is not too late.
