

1.1 Senator moves to amend S.F. No. 1967 as follows:

1.2 Page 3, delete lines 7 to 13 and insert:

1.3 "For purposes of this paragraph, "seizure detection device" means a United States Food and
1.4 Drug Administration-approved monitoring device and related service or subscription
1.5 supporting the prescribed use of the device, including technology that provides ongoing
1.6 patient monitoring and alert services that detect seizure activity and transmit notification
1.7 of the seizure activity to a caregiver for appropriate medical response or collects data of the
1.8 seizure activity of the recipient that can be used by a health care provider to diagnose or
1.9 appropriately treat a health care condition that causes the seizure activity. The medical
1.10 assistance reimbursement rate for a subscription supporting the prescribed use of a seizure
1.11 detection device is 60 percent of the rate for monthly remote monitoring under the medical
1.12 assistance telemonitoring benefit."
