1.2 Page 2, after line 19, insert:

1.3 "(f) Effective January 1, 2024, the commissioner shall increase capitation payments
1.4 made to managed care plans and county-based purchasing plans to reflect the behavioral
1.5 health service rate increase provided in paragraph (e). Managed care and county-based
1.6 purchasing plans must use the capitation rate increase provided under this paragraph to
1.7 increase payment rates to behavioral health services providers. The commissioner must
1.8 monitor the effect of this rate increase on enrollee access to behavioral health services. If
1.9 for any contract year federal approval is not received for this paragraph, the commissioner
1.10 must adjust the capitation rates paid to managed care plans and county-based purchasing
1.11 plans for that contract year to reflect the removal of this provision. Contracts between
1.12 managed care plans and county-based purchasing plans and providers to whom this paragraph
1.13 applies must allow recovery of payments from those providers if capitation rates are adjusted
1.14 in accordance with this paragraph. Payment recoveries must not exceed the amount equal
1.15 to any increase in rates that results from this provision."
