(b) The housing trust fund account must be used for the benefit of persons and families whose income, at the time of initial occupancy, does not exceed 60 percent of median income as determined by the United States Department of Housing and Urban Development for the metropolitan area. At least 75 percent of the funds in the housing trust fund account must be used for the benefit of persons and families whose income, at the time of initial occupancy, does not exceed 30 percent of the median family income for the metropolitan area as defined in section 473.121, subdivision 2. For purposes of this section, a household with a housing assistance voucher under Section 8 of the United States Housing Act of 1937, as amended, is deemed to meet the income requirements of this section.

The median family income may be adjusted for families of five or more.

- (c) Rental assistance under this section must be provided by governmental units which administer housing assistance supplements or by for-profit or nonprofit organizations experienced in housing management. Rental assistance shall be limited to households whose income at the time of initial receipt of rental assistance does not exceed 60 percent of median income, as determined by the United States Department of Housing and Urban Development for the metropolitan area. Priority among comparable applications for tenant-based rental assistance will be given to proposals that will serve households whose income at the time of initial application for rental assistance does not exceed 30 percent of median income, as determined by the United States Department of Housing and Urban Development for the metropolitan area. Rental assistance must be terminated when it is determined that 30 percent of a household's monthly income for four consecutive months equals or exceeds the market rent for the unit in which the household resides plus utilities for which the tenant is responsible. Rental assistance may only be used for rental housing units that meet the housing maintenance code of the local unit of government in which the unit is located, if such a code has been adopted, or the housing quality standards adopted by the United States Department of Housing and Urban Development, if no local housing maintenance code has been adopted.
- (d) In making the loans or grants, the agency shall determine the terms and conditions of repayment and the appropriate security, if any, should repayment be required. To promote the geographic distribution of grants and loans, the agency may designate a portion of the grant or loan awards to be set aside for projects located in specified congressional districts or other geographical regions specified by the agency. The agency may adopt rules for awarding grants and loans under this subdivision.

Subdivision 1. Establishment. The agency shall establish a supportive housing program to provide funding to support the operations of supportive housing for individuals and families who are at risk of homelessness or have experienced homelessness.

MS/NS

Subd. 2. **Definition.** For the purposes of this section, "supportive housing" means housing that is not time-limited and provides or coordinates with services necessary for residents to maintain housing stability and maximize opportunities for education and employment.

Subd. 3. Eligible recipients. Funding may be made to a local unit of government, a federally recognized American Indian Tribe or its Tribally Designated Housing Entity located in Minnesota, a private developer, or a nonprofit organization.

Subd. 4. Eligible uses. (a) Funds shall be used to cover costs needed for supportive housing to operate effectively. Costs may include but are not limited to building operating expenses such as front desk, tenant service coordination, revenue shortfall, and security costs. These funds may be capitalized as part of development costs. Funds can be provided to support existing permanent supportive housing units or to cover costs associated with new permanent supportive housing units.

(b) Funds may be used to create partnerships with the health care sector and other sectors to demonstrate sustainable ways to provide services for supportive housing residents, improve access to health care, and reduce the use of expensive emergency and institutional care.

This may be done in partnership with other state agencies, including the Department of Health and the Department of Human Services.

Subd. 5. **Application.** The commissioner shall develop forms and procedures for soliciting and reviewing applications for funding under this section. The commissioner shall consult with interested stakeholders when developing the guidelines and procedures for the program.

16.23	principal reduction. The funds can be combined with other homebuyer assistance and must
16.24	be used in conjunction with a conforming first mortgage loan that is fully amortizing, with
16.25	or without interest, and meets the standard of a qualified mortgage or as otherwise determined
16.26	by the agency.
