

My name is Kaitei Khang, I am nineteen years old, and I enjoy being a youth worker. The importance of making a change in a child's life truly means everything to me. Every little chance I get to make an impact on their growth and development, I'd take. Working with ZICCLC has given me the opportunity to give back to the students in a way that I wish I was able to receive as a young student. Programs like this are key to youth development, as I feel it deepens their connections amongst one another.

I want legislators to know that, when you help fund programs like this, the little student in me thanks you for not giving up on our education.

Sincerely,
