

YIPA
3020 160th Ln NE
Ham Lake, MN 55304

To Whom it may concern,

I'd like to thank you and YIPA for all the continuous support and funding throughout the years here at Neighborhood House. This YIP grant has helped many underserved youths here at Neighborhood House in finding a positive and caring relationship with an adult, increased their knowledge in financial literacy, and developed skills to search and plan for jobs and post-secondary education. The YIP funds has enabled Neighborhood House to bring in guest speakers that can be a representation to the youths we serve. We have ongoing financial literacy training with our youths to teach them about credit union, banking, and savings. We have been able to assist our youth in creating resume and applying for Summer jobs along with a few youths going to post-secondary school. The impact that the YIP grant has done for us here at Neighborhood House has allowed us to continue our ongoing mission on closing the gap on our youths and being a bridge to their dreams and goals.

Sincerely,

Johnny Cheng

Youth Program Manager
