1.23 Subd. 3. **Case management services.** "Case management services" means activities

1.24 that are coordinated with the community support services program as defined in subdivision

1.25 6 and are designed to help adults with serious and persistent mental illness in gaining access

1.26 to needed medical, social, educational, vocational, and other necessary services as they

1.27 relate to the client's mental health needs. Case management services include developing a

1.28 functional assessment, an individual ~~assessment summary~~ community support plan, referring

2.1 Sec. 2. Minnesota Statutes 2022, section 245.462, subdivision 12, is amended to read:

2.2 Subd. 12. **Individual ~~assessment summary~~ community support plan.** "Individual  
2.3 ~~assessment summary~~ community support plan" means a written plan developed by a case  
2.4 manager on the basis of a diagnostic assessment and functional assessment. The plan  
2.5 identifies specific services needed by an adult with serious and persistent mental illness to  
2.6 develop independence or improved functioning in daily living, health and medication  
2.7 management, social functioning, interpersonal relationships, financial management, housing,  
2.8 transportation, and employment.

2.9 Sec. 3. Minnesota Statutes 2022, section 245.4711, subdivision 3, is amended to read:

2.10 Subd. 3. **Duties of case manager.** Upon a determination of eligibility for case  
2.11 management services, and if the adult consents to the services, the case manager shall  
2.12 complete a written functional assessment according to section 245.462, subdivision 11a.  
2.13 The case manager shall develop an individual ~~assessment summary~~ community support  
2.14 plan for the adult according to subdivision 4, paragraph (a), review the adult's progress, and  
2.15 monitor the provision of services. If services are to be provided in a host county that is not  
2.16 the county of financial responsibility, the case manager shall consult with the host county  
2.17 and obtain a letter demonstrating the concurrence of the host county regarding the provision  
2.18 of services.

2.19 Sec. 4. Minnesota Statutes 2022, section 245.4711, subdivision 4, is amended to read:

2.20 Subd. 4. **Individual ~~assessment summary~~ community support plan.** (a) The case  
2.21 manager must develop an individual ~~assessment summary~~ community support plan for each  
2.22 adult that incorporates the client's individual treatment plan. The individual treatment plan  
2.23 may not be a substitute for the development of an individual ~~assessment summary~~ community  
2.24 support plan. The individual ~~assessment summary~~ community support plan must be developed  
2.25 within 30 days of client intake and reviewed at least every 180 days after it is developed,  
2.26 unless the case manager receives a written request from the client or the client's family for  
2.27 a review of the plan every 90 days after it is developed. The case manager is responsible  
2.28 for developing the individual ~~assessment summary~~ community support plan based on a  
2.29 diagnostic assessment and a functional assessment and for implementing and monitoring  
2.30 the delivery of services according to the individual ~~assessment summary~~ community support  
2.31 plan. To the extent possible, the adult with serious and persistent mental illness, the person's  
2.32 family, advocates, service providers, and significant others must be involved in all phases

3.1 of development and implementation of the individual ~~or family assessment summary~~  
 3.2 community support plan.

3.3 (b) The client's individual ~~assessment summary~~ community support plan must state:

3.4 (1) the goals of each service;

3.5 (2) the activities for accomplishing each goal;

3.6 (3) a schedule for each activity; and

3.7 (4) the frequency of face-to-face contacts by the case manager, as appropriate to client  
 3.8 need and the implementation of the individual ~~assessment summary~~ community support  
 3.9 plan.

3.10 Sec. 5. Minnesota Statutes 2022, section 245.477, is amended to read:

3.11 **245.477 APPEALS.**

3.12 Any adult who requests mental health services under sections 245.461 to 245.486 must  
 3.13 be advised of services available and the right to appeal at the time of the request and each  
 3.14 time the individual ~~assessment summary~~ community support plan or individual treatment  
 3.15 plan is reviewed. Any adult whose request for mental health services under sections 245.461  
 3.16 to 245.486 is denied, not acted upon with reasonable promptness, or whose services are  
 3.17 suspended, reduced, or terminated by action or inaction for which the county board is  
 3.18 responsible under sections 245.461 to 245.486 may contest that action or inaction before

 3.20 and frequency of administrative appeals under this section.

3.21 Sec. 6. Minnesota Statutes 2022, section 245.4835, subdivision 2, is amended to read:

3.22 Subd. 2. **Failure to maintain expenditures.** (a) If a county does not comply with  
 3.23 subdivision 1, the commissioner shall require the county to develop a corrective action plan  
 3.24 according to a format and timeline established by the commissioner. If the commissioner  
 3.25 determines that a county has not developed an acceptable corrective action plan within the  
 3.26 required timeline, or that the county is not in compliance with an approved corrective action  
 3.27 plan, the protections provided to that county under section 245.485 do not apply.

3.28 (b) The commissioner shall consider the following factors to determine whether to  
 3.29 approve a county's corrective action plan:

3.30 (1) the degree to which a county is maximizing revenues for mental health services from  
 3.31 noncounty sources;

4.1 (2) the degree to which a county is expanding use of alternative services that meet mental  
 4.2 health needs, but do not count as mental health services within existing reporting systems.  
 4.3 If approved by the commissioner, the alternative services must be included in the county's  
 4.4 base as well as subsequent years. The commissioner's approval for alternative services must  
 4.5 be based on the following criteria:

4.6 (i) the service must be provided to children with emotional disturbance or adults with  
 4.7 mental illness;

4.8 (ii) the services must be based on an individual treatment plan or individual ~~assessment~~  
 4.9 ~~summary~~ community support plan as defined in the Comprehensive Mental Health Act;  
 4.10 and

4.11 (iii) the services must be supervised by a mental health professional and provided by  
 4.12 staff who meet the staff qualifications defined in sections 256B.0943, subdivision 7, and  
 4.13 256B.0623, subdivision 5.

4.14 (c) Additional county expenditures to make up for the prior year's underspending may  
 4.15 be spread out over a two-year period.

4.16 Sec. 7. Minnesota Statutes 2022, section 245.4871, subdivision 3, is amended to read:

4.17 Subd. 3. **Case management services.** "Case management services" means activities  
 4.18 that are coordinated with the family community support services and are designed to help  
 4.19 the child with severe emotional disturbance and the child's family obtain needed mental  
 4.20 health services, social services, educational services, health services, vocational services,  
 4.21 recreational services, and related services in the areas of volunteer services, advocacy,  
 4.22 transportation, and legal services. Case management services include assisting in obtaining  
 4.23 a comprehensive diagnostic assessment, developing an individual family ~~assessment summary~~  
 4.24 community support plan, and assisting the child and the child's family in obtaining needed  
 4.25 services by coordination with other agencies and assuring continuity of care. Case managers  
 4.26 must assess and reassess the delivery, appropriateness, and effectiveness of services over  
 4.27 time.

4.28 Sec. 8. Minnesota Statutes 2022, section 245.4871, subdivision 19, is amended to read:

4.29 Subd. 19. **Individual family ~~assessment summary~~ community support**  
 4.30 **plan.** "Individual family ~~assessment summary~~ community support plan" means a written  
 4.31 plan developed by a case manager in conjunction with the family and the child with severe

5.1 emotional disturbance on the basis of a diagnostic assessment and a functional assessment.

5.2 The plan identifies specific services needed by a child and the child's family to:

5.3 (1) treat the symptoms and dysfunctions determined in the diagnostic assessment;

5.4 (2) relieve conditions leading to emotional disturbance and improve the personal  
5.5 well-being of the child;

5.6 (3) improve family functioning;

5.7 (4) enhance daily living skills;

5.8 (5) improve functioning in education and recreation settings;

5.9 (6) improve interpersonal and family relationships;

5.10 (7) enhance vocational development; and

5.11 (8) assist in obtaining transportation, housing, health services, and employment.

5.12 Sec. 9. Minnesota Statutes 2022, section 245.4873, subdivision 4, is amended to read:

5.13 Subd. 4. **Individual case coordination.** The case manager designated under section  
5.14 245.4881 is responsible for ongoing coordination with any other person responsible for  
5.15 planning, development, and delivery of social services, education, corrections, health, or  
5.16 vocational services for the individual child. The individual family assessment summary  
5.17 community support plan developed by the case manager shall reflect the coordination among  
5.18 the local service system providers.

5.19 Sec. 10. Minnesota Statutes 2022, section 245.4881, subdivision 3, is amended to read:

5.20 Subd. 3. **Duties of case manager.** (a) Upon a determination of eligibility for case  
5.21 management services, the case manager shall develop an individual family ~~assessment~~  
5.22 ~~summary~~ community support plan for a child as specified in subdivision 4, review the child's  
5.23 progress, and monitor the provision of services. If services are to be provided in a host  
5.24 county that is not the county of financial responsibility, the case manager shall consult with  
5.25 the host county and obtain a letter demonstrating the concurrence of the host county regarding  
5.26 the provision of services.

5.27 (b) The case manager shall note in the child's record the services needed by the child  
5.28 and the child's family, the services requested by the family, services that are not available,  
5.29 and the unmet needs of the child and child's family. The case manager shall note this  
5.30 provision in the child's record.

6.1 Sec. 11. Minnesota Statutes 2022, section 245.4881, subdivision 4, is amended to read:

6.2 Subd. 4. **Individual family ~~assessment summary~~ community support plan.** (a) For  
6.3 each child, the case manager must develop an individual family ~~assessment summary~~  
6.4 community support plan that incorporates the child's individual treatment plan. The individual  
6.5 treatment plan may not be a substitute for the development of an individual family ~~assessment~~  
6.6 ~~summary~~ community support plan. The case manager is responsible for developing the  
6.7 individual family ~~assessment summary~~ community support plan within 30 days of intake  
6.8 based on a diagnostic assessment and for implementing and monitoring the delivery of  
6.9 services according to the individual family ~~assessment summary~~ community support plan.  
6.10 The case manager must review the plan at least every 180 calendar days after it is developed,  
6.11 unless the case manager has received a written request from the child's family or an advocate  
6.12 for the child for a review of the plan every 90 days after it is developed. To the extent  
6.13 appropriate, the child with severe emotional disturbance, the child's family, advocates,  
6.14 service providers, and significant others must be involved in all phases of development and  
6.15 implementation of the individual family ~~assessment summary~~ community support plan.  
6.16 Notwithstanding the lack of an individual family ~~assessment summary~~ community support  
6.17 plan, the case manager shall assist the child and child's family in accessing the needed  
6.18 services listed in section 245.4884, subdivision 1.

6.19 (b) The child's individual family ~~assessment summary~~ community support plan must  
6.20 state:

6.21 (1) the goals and expected outcomes of each service and criteria for evaluating the  
6.22 effectiveness and appropriateness of the service;

6.23 (2) the activities for accomplishing each goal;

6.24 (3) a schedule for each activity; and

6.25 (4) the frequency of face-to-face contacts by the case manager, as appropriate to client  
6.26 need and the implementation of the individual family ~~assessment summary~~ community  
6.27 support plan.

6.28 Sec. 12. Minnesota Statutes 2022, section 245.4885, subdivision 1, is amended to read:

6.29 Subdivision 1. **Admission criteria.** (a) Prior to admission or placement, except in the  
6.30 case of an emergency, all children referred for treatment of severe emotional disturbance  
6.31 in a treatment foster care setting, residential treatment facility, or informally admitted to a  
6.32 regional treatment center shall undergo an assessment to determine the appropriate level of  
6.33 care if county funds are used to pay for the child's services. An emergency includes when

7.1 a child is in need of and has been referred for crisis stabilization services under section  
7.2 245.4882, subdivision 6. A child who has been referred to residential treatment for crisis  
7.3 stabilization services in a residential treatment center is not required to undergo an assessment  
7.4 under this section.

7.5 (b) The county board shall determine the appropriate level of care for a child when  
7.6 county-controlled funds are used to pay for the child's residential treatment under this  
7.7 chapter, including residential treatment provided in a qualified residential treatment program  
7.8 as defined in section 260C.007, subdivision 26d. When a county board does not have  
7.9 responsibility for a child's placement and the child is enrolled in a prepaid health program  
7.10 under section 256B.69, the enrolled child's contracted health plan must determine the  
7.11 appropriate level of care for the child. When Indian Health Services funds or funds of a  
7.12 tribally owned facility funded under the Indian Self-Determination and Education Assistance  
7.13 Act, Public Law 93-638, are used for the child, the Indian Health Services or 638 tribal  
7.14 health facility must determine the appropriate level of care for the child. When more than  
7.15 one entity bears responsibility for a child's coverage, the entities shall coordinate level of  
7.16 care determination activities for the child to the extent possible.

7.17 (c) The child's level of care determination shall determine whether the proposed treatment:

7.18 (1) is necessary;

7.19 (2) is appropriate to the child's individual treatment needs;

7.20 (3) cannot be effectively provided in the child's home; and

7.21 (4) provides a length of stay as short as possible consistent with the individual child's  
7.22 needs.

7.23 (d) When a level of care determination is conducted, the county board or other entity  
7.24 may not determine that a screening of a child, referral, or admission to a residential treatment  
7.25 facility is not appropriate solely because services were not first provided to the child in a  
7.26 less restrictive setting and the child failed to make progress toward or meet treatment goals  
7.27 in the less restrictive setting. The level of care determination must be based on a diagnostic  
7.28 assessment of a child that evaluates the child's family, school, and community living  
7.29 situations; and an assessment of the child's need for care out of the home using a validated  
7.30 tool which assesses a child's functional status and assigns an appropriate level of care to the  
7.31 child. The validated tool must be approved by the commissioner of human services and  
7.32 may be the validated tool approved for the child's assessment under section 260C.704 if the  
7.33 juvenile treatment screening team recommended placement of the child in a qualified  
7.34 residential treatment program. If a diagnostic assessment has been completed by a mental

8.1 health professional within the past 180 days, a new diagnostic assessment need not be  
8.2 completed unless in the opinion of the current treating mental health professional the child's  
8.3 mental health status has changed markedly since the assessment was completed. The child's  
8.4 parent shall be notified if an assessment will not be completed and of the reasons. A copy  
8.5 of the notice shall be placed in the child's file. Recommendations developed as part of the  
8.6 level of care determination process shall include specific community services needed by  
8.7 the child and, if appropriate, the child's family, and shall indicate whether these services  
8.8 are available and accessible to the child and the child's family. The child and the child's  
8.9 family must be invited to any meeting where the level of care determination is discussed  
8.10 and decisions regarding residential treatment are made. The child and the child's family  
8.11 may invite other relatives, friends, or advocates to attend these meetings.

8.12 (e) During the level of care determination process, the child, child's family, or child's  
8.13 legal representative, as appropriate, must be informed of the child's eligibility for case  
8.14 management services and family community support services and that an individual family  
8.15 ~~assessment summary~~ community support plan is being developed by the case manager, if  
8.16 assigned.

8.17 (f) The level of care determination, placement decision, and recommendations for mental  
8.18 health services must be documented in the child's record and made available to the child's  
8.19 family, as appropriate.

8.20 Sec. 13. Minnesota Statutes 2022, section 245.4887, is amended to read:

8.21 **245.4887 APPEALS.**

8.22 A child or a child's family, as appropriate, who requests mental health services under  
8.23 sections 245.487 to 245.4889 must be advised of services available and the right to appeal  
8.24 as described in this section at the time of the request and each time the individual family  
8.25 ~~assessment summary~~ community support plan or individual treatment plan is reviewed. A  
8.26 child whose request for mental health services under sections 245.487 to 245.4889 is denied,  
8.27 not acted upon with reasonable promptness, or whose services are suspended, reduced, or  
8.28 terminated by action or inaction for which the county board is responsible under sections  
8.29 245.487 to 245.4889 may contest that action or inaction before the state agency according  
8.30 to section 256.045. The commissioner shall monitor the nature and frequency of  
8.31 administrative appeals under this section.

9.1 Sec. 14. Minnesota Statutes 2022, section 245A.03, subdivision 7, is amended to read:

9.2 Subd. 7. **Licensing moratorium.** (a) The commissioner shall not issue an initial license  
9.3 for child foster care licensed under Minnesota Rules, parts 2960.3000 to 2960.3340, or adult  
9.4 foster care licensed under Minnesota Rules, parts 9555.5105 to 9555.6265, under this chapter  
9.5 for a physical location that will not be the primary residence of the license holder for the  
9.6 entire period of licensure. If a family child foster care home or family adult foster care home  
9.7 license is issued during this moratorium, and the license holder changes the license holder's  
9.8 primary residence away from the physical location of the foster care license, the  
9.9 commissioner shall revoke the license according to section 245A.07. The commissioner  
9.10 shall not issue an initial license for a community residential setting licensed under chapter  
9.11 245D. When approving an exception under this paragraph, the commissioner shall consider  
9.12 the resource need determination process in paragraph (h), the availability of foster care  
9.13 licensed beds in the geographic area in which the licensee seeks to operate, the results of a  
9.14 person's choices during their annual assessment and service plan review, and the  
9.15 recommendation of the local county board. The determination by the commissioner is final  
9.16 and not subject to appeal. Exceptions to the moratorium include:

9.17 (1) ~~foster care settings~~ a license for a person in a foster care setting that is not the primary  
9.18 residence of the license holder and where at least 80 percent of the residents are 55 years  
9.19 of age or older;

9.20 (2) foster care licenses replacing foster care licenses in existence on May 15, 2009, or  
9.21 community residential setting licenses replacing adult foster care licenses in existence on  
9.22 December 31, 2013, and determined to be needed by the commissioner under paragraph  
9.23 (b);

9.24 (3) new foster care licenses or community residential setting licenses determined to be  
9.25 needed by the commissioner under paragraph (b) for the closure of a nursing facility, ICF/DD,  
9.26 or regional treatment center; restructuring of state-operated services that limits the capacity  
9.27 of state-operated facilities; or allowing movement to the community for people who no  
9.28 longer require the level of care provided in state-operated facilities as provided under section  
9.29 256B.092, subdivision 13, or 256B.49, subdivision 24;

9.30 (4) new foster care licenses or community residential setting licenses determined to be  
9.31 needed by the commissioner under paragraph (b) for persons requiring hospital-level care;  
9.32 or

9.33 (5) new foster care licenses or community residential setting licenses for people receiving  
9.34 customized living or 24-hour customized living services under the brain injury or community

10.1 access for disability inclusion waiver plans under section 256B.49 and residing in the  
10.2 customized living setting before July 1, 2022, for which a license is required. A customized  
10.3 living service provider subject to this exception may rebut the presumption that a license  
10.4 is required by seeking a reconsideration of the commissioner's determination. The  
10.5 commissioner's disposition of a request for reconsideration is final and not subject to appeal  
10.6 under chapter 14. The exception is available until June 30, 2023. This exception is available  
10.7 when:

10.8 (i) the person's customized living services are provided in a customized living service  
10.9 setting serving four or fewer people under the brain injury or community access for disability  
10.10 inclusion waiver plans under section 256B.49 in a single-family home operational on or  
10.11 before June 30, 2021. Operational is defined in section 256B.49, subdivision 28;

10.12 (ii) the person's case manager provided the person with information about the choice of  
10.13 service, service provider, and location of service, including in the person's home, to help  
10.14 the person make an informed choice; and

10.15 (iii) the person's services provided in the licensed foster care or community residential  
10.16 setting are less than or equal to the cost of the person's services delivered in the customized  
10.17 living setting as determined by the lead agency.

10.18 (b) The commissioner shall determine the need for newly licensed foster care homes or  
10.19 community residential settings as defined under this subdivision. As part of the determination,  
10.20 the commissioner shall consider the availability of foster care capacity in the area in which  
10.21 the licensee seeks to operate, and the recommendation of the local county board. The  
10.22 determination by the commissioner must be final. A determination of need is not required  
10.23 for a change in ownership at the same address.

10.24 (c) When an adult resident served by the program moves out of a foster home that is not  
10.25 the primary residence of the license holder according to section 256B.49, subdivision 15,  
10.26 paragraph (f), or the adult community residential setting, the county shall immediately  
10.27 inform the Department of Human Services Licensing Division. The department may decrease  
10.28 the statewide licensed capacity for adult foster care settings.

10.29 (d) Residential settings that would otherwise be subject to the decreased license capacity

 12.7 moratorium described in this paragraph. The commissioner has the authority to manage  
 12.8 existing statewide capacity for children's residential treatment services subject to the

 24.14 review team to review critical incidents reported as required under section 626.557 for  
 24.15 which the Department of Human Services is responsible under section 626.5572, subdivision

 24.17 the systemic critical incident review team shall identify systemic influences to the incident  
 24.18 rather than determine the culpability of any actors involved in the incident. The systemic  
 24.19 critical incident review may assess the entire critical incident process from the point of an  
 24.20 entity reporting the critical incident through the ongoing case management process.  
 24.21 Department staff shall lead and conduct the reviews and may utilize county staff as reviewers.  
 24.22 The systemic critical incident review process may include but is not limited to:

24.23 (1) data collection about the incident and actors involved. Data may include the relevant  
 24.24 critical services; the service provider's policies and procedures applicable to the incident;  
 24.25 the community support plan as defined in section 245D.02, subdivision 4b, for the person  
 24.26 receiving services; or an interview of an actor involved in the critical incident or the review  
 24.27 of the critical incident. Actors may include:

24.28 (i) staff of the provider agency;

24.29 (ii) lead agency staff administering home and community-based services delivered by  
 24.30 the provider;

24.31 (iii) Department of Human Services staff with oversight of home and community-based  
 24.32 services;

24.33 (iv) Department of Health staff with oversight of home and community-based services;

25.1 (v) members of the community including advocates, legal representatives, health care  
25.2 providers, pharmacy staff, or others with knowledge of the incident or the actors in the  
25.3 incident; and

25.4 (vi) staff from the Office of the Ombudsman for Mental Health and Developmental  
25.5 Disabilities and the Office of the Ombudsman for Long-Term Care;

25.6 (2) systemic mapping of the critical incident. The team conducting the systemic mapping  
25.7 of the incident may include any actors identified in clause (1), designated representatives  
25.8 of other provider agencies, regional teams, and representatives of the local regional quality  
25.9 council identified in section 256B.097; and

25.10 (3) analysis of the case for systemic influences.

25.11 Data collected by the critical incident review team shall be aggregated and provided to  
25.12 regional teams, participating regional quality councils, and the commissioner. The regional  
25.13 teams and quality councils shall analyze the data and make recommendations to the  
25.14 commissioner regarding systemic changes that would decrease the number and severity of  
25.15 critical incidents in the future or improve the quality of the home and community-based  
25.16 service system.

25.17 (b) Cases selected for the systemic critical incident review process shall be selected by  
25.18 a selection committee among the following critical incident categories:

25.22 (4) behavior interventions identified in Minnesota Rules, part 9544.0110; and

25.23 (5) service terminations reported to the department in accordance with section 245D.10,  
25.24 subdivision 3a.

25.25 (c) The systemic critical incident review under this section shall not replace the process  
25.26 for screening or investigating cases of alleged maltreatment of an adult under section 626.557.  
25.27 The department may select cases for systemic critical incident review, under the jurisdiction  
25.28 of the commissioner, reported for suspected maltreatment and closed following initial or  
25.29 final disposition.

25.30 (d) The proceedings and records of the review team are confidential data on individuals  
25.31 or protected nonpublic data as defined in section 13.02, subdivisions 3 and 13. Data that  
25.32 document a person's opinions formed as a result of the review are not subject to discovery

26.1 or introduction into evidence in a civil or criminal action against a professional, the state,  
 26.2 or a county agency arising out of the matters that the team is reviewing. Information,  
 26.3 documents, and records otherwise available from other sources are not immune from  
 26.4 discovery or use in a civil or criminal action solely because the information, documents,  
 26.5 and records were assessed or presented during proceedings of the review team. A person  
 26.6 who presented information before the systemic critical incident review team or who is a  
 26.7 member of the team shall not be prevented from testifying about matters within the person's  
 26.8 knowledge. In a civil or criminal proceeding, a person shall not be questioned about opinions  
 26.9 formed by the person as a result of the review.

26.10 (e) By October 1 of each year, the commissioner shall prepare an annual public report  
 26.11 containing the following information:

26.12 (1) the number of cases reviewed under each critical incident category identified in  
 26.13 paragraph (b) and a geographical description of where cases under each category originated;

26.14 (2) an aggregate summary of the systemic themes from the critical incidents examined  
 26.15 by the critical incident review team during the previous year;

26.16 (3) a synopsis of the conclusions, incident analyses, or exploratory activities taken in  
 26.17 regard to the critical incidents examined by the critical incident review team; and

26.18 (4) recommendations made to the commissioner regarding systemic changes that could  
 26.19 decrease the number and severity of critical incidents in the future or improve the quality  
 26.20 of the home and community-based service system.

 30.26 least restrictive alternative, imposed for the shortest possible time to meet the person's needs.

30.27 Subd. 3. Community-living settings. (a) Individuals receiving services under a home  
 30.28 and community-based waiver under section 256B.092 or 256B.49 may receive services in  
 30.29 community-living settings. Community-living settings must meet the requirements of  
 30.30 subdivision 2, paragraph (a), clause (1).

30.31 (b) For the purposes of this section, direct financial interest exists if payment passes  
 30.32 between the license holder or any controlling individual of a licensed program and the

31.1 service recipient or an entity acting on the service recipient's behalf for the purpose of  
31.2 obtaining or maintaining a dwelling. For the purposes of this section, indirect financial  
31.3 interest exists if the license holder or any controlling individual of a licensed program has  
31.4 an ownership or investment interest in the entity that owns, operates, leases, or otherwise  
31.5 receives payment from the service recipient or an entity acting on the service recipient's  
31.6 behalf for the purpose of obtaining or maintaining a dwelling.

31.7 (c) To ensure a service recipient or the service recipient's family maintains control over  
31.8 the home or dwelling unit, community-living settings are subject to the following  
31.9 requirements:

31.10 (1) service recipients must not be required to receive services or share services;

31.11 (2) service recipients must not be required to have a disability or specific diagnosis to  
31.12 live in the community-living setting;

31.13 (3) service recipients may hire service providers of their choice;

31.14 (4) service recipients may choose whether to share their household and with whom;

31.15 (5) the home or multifamily dwelling unit must include living, sleeping, bathing, and  
31.16 cooking areas;

31.17 (6) service recipients must have lockable access and egress;

31.18 (7) service recipients must be free to receive visitors and leave the settings at times and  
31.19 for durations of their own choosing;

31.20 (8) leases must comply with chapter 504B;

31.21 (9) landlords must not charge different rents to tenants who are receiving home and  
31.22 community-based services; and

31.23 (10) access to the greater community must be easily facilitated based on the service  
31.24 recipient's needs and preferences.

31.25 (d) Nothing in this section prohibits a service recipient from having another person or  
31.26 entity not affiliated with the service provider cosign a lease. Nothing in this section prohibits  
31.27 a service recipient, during any period in which a service provider has cosigned the service  
31.28 recipient's lease, from modifying services with an existing cosigning service provider and,  
31.29 subject to the approval of the landlord, maintaining a lease cosigned by the service provider.  
31.30 Nothing in this section prohibits a service recipient, during any period in which a service  
31.31 provider has cosigned the service recipient's lease, from terminating services with the

32.1 cosigning service provider, receiving services from a new service provider, or, subject to  
 32.2 the approval of the landlord, maintaining a lease cosigned by the new service provider.

32.3 (e) A lease cosigned by a service provider meets the requirements of paragraph (b) if  
 32.4 the service recipient and service provider develop and implement a transition plan which  
 32.5 must provide that, within two years of cosigning the initial lease, the service provider shall  
 32.6 transfer the lease to the service recipient and other cosigners, if any.

32.7 (f) In the event the landlord has not approved the transfer of the lease within two years  
 32.8 of the service provider cosigning the initial lease, the service provider must submit a  
 32.9 time-limited extension request to the commissioner of human services to continue the  
 32.10 cosigned lease arrangement. The extension request must include:

32.11 (1) the reason the landlord denied the transfer;

32.12 (2) the plan to overcome the denial to transfer the lease;

32.13 (3) the length of time needed to successfully transfer the lease, not to exceed an additional  
 32.14 two years;

32.15 (4) a description of how the transition plan was followed, what occurred that led to the  
 32.16 landlord denying the transfer, and what changes in circumstances or condition, if any, the  
 32.17 service recipient experienced; and

32.18 (5) a revised transition plan to transfer the cosigned lease between the service provider  
 32.19 and the service recipient to the service recipient.

32.20 (g) The commissioner must approve an extension under paragraph (f) within sufficient  
 32.21 time to ensure the continued occupancy by the service recipient.

32.22 **EFFECTIVE DATE.** This section is effective upon federal approval. The commissioner  
 32.23 of human services shall notify the revisor of statutes when federal approval is obtained.

32.24 Sec. 27. Minnesota Statutes 2022, section 256B.493, subdivision 2a, is amended to read:

32.25 Subd. 2a. **Closure process.** (a) The commissioner shall work with stakeholders to  
 32.26 establish a process for the application, review, approval, and implementation of setting  
 32.27 closures. Voluntary proposals from license holders for consolidation and closure of adult  
 32.28 foster care or community residential settings are encouraged. Whether voluntary or  
 32.29 involuntary, all closure plans must include:

32.30 (1) a description of the proposed closure plan, identifying the home or homes and  
 32.31 occupied beds;

33.1 (2) the proposed timetable for the proposed closure, including the proposed dates for  
 33.2 notification to people living there and the affected lead agencies, commencement of closure,  
 33.3 and completion of closure;

33.4 (3) the proposed relocation plan jointly developed by the counties of financial  
 33.5 responsibility, the people living there and their legal representatives, if any, who wish to  
 33.6 continue to receive services from the provider, and the providers for current residents of  
 33.7 any adult foster care home designated for closure; and

33.8 (4) documentation from the provider in a format approved by the commissioner that all  
 33.9 the adult foster care homes or community residential settings receiving a planned closure  
 33.10 rate adjustment under the plan have accepted joint and severable for recovery of  
 33.11 overpayments under section 256B.0641, subdivision 2, for the facilities designated for  
 33.12 closure under this plan.

33.13 (b) The commissioner shall give first priority to closure plans which:

33.14 (1) target counties and geographic areas which have:

33.15 (i) need for other types of services;

33.16 (ii) need for specialized services;

33.17 (iii) higher than average per capita use of licensed corporate foster care or community  
 33.18 residential settings; or

33.19 (iv) residents not living in the geographic area of their choice;

33.20 (2) demonstrate savings of medical assistance expenditures; and

33.21 (3) demonstrate that alternative services are based on the recipient's choice of provider  
 33.22 and are consistent with federal law, state law, and federally approved waiver plans.

33.23 The commissioner shall also consider any information provided by people using services,  
 33.24 their legal representatives, family members, or the lead agency on the impact of the planned  
 33.25 closure on people and the services they need.

33.26 ~~(c) For each closure plan approved by the commissioner, a contract must be established~~  
 33.27 ~~between the commissioner, the counties of financial responsibility, and the participating~~  
 33.28 ~~license holder.~~

33.29 Sec. 28. Minnesota Statutes 2022, section 256B.493, subdivision 4, is amended to read:

33.30 Subd. 4. **Review and approval process.** (a) To be considered for approval, an application  
 33.31 must include:

34.1 (1) a description of the proposed closure plan, which must identify the home or homes  
34.2 and occupied beds for which a planned closure rate adjustment is requested;

34.3 (2) the proposed timetable for any proposed closure, including the proposed dates for  
34.4 notification to residents and the affected lead agencies, commencement of closure, and  
34.5 completion of closure;

34.6 (3) the proposed relocation plan jointly developed by the counties of financial  
34.7 responsibility, the residents and their legal representatives, if any, who wish to continue to  
34.8 receive services from the provider, and the providers for current residents of any adult foster  
34.9 care home designated for closure; and

34.10 (4) documentation in a format approved by the commissioner that all the adult foster  
34.11 care homes receiving a planned closure rate adjustment under the plan have accepted joint  
34.12 and several liability for recovery of overpayments under section 256B.0641, subdivision 2,  
34.13 for the facilities designated for closure under this plan.

34.14 (b) In reviewing and approving closure proposals, the commissioner shall give first  
34.15 priority to proposals that:

34.16 (1) target counties and geographic areas which have:

34.17 (i) need for other types of services;

34.18 (ii) need for specialized services;

34.19 (iii) higher than average per capita use of foster care settings where the license holder  
34.20 does not reside; or

34.21 (iv) residents not living in the geographic area of their choice;

34.22 (2) demonstrate savings of medical assistance expenditures; and

34.23 (3) demonstrate that alternative services are based on the recipient's choice of provider  
34.24 and are consistent with federal law, state law, and federally approved waiver plans.

34.25 The commissioner shall also consider any information provided by service recipients,  
34.26 their legal representatives, family members, or the lead agency on the impact of the planned  
34.27 closure on the recipients and the services they need.

34.28 (c) The commissioner shall select proposals that best meet the criteria established in this  
34.29 subdivision for planned closure of adult foster care settings. The commissioner shall notify  
34.30 license holders of the selections approved by the commissioner.

35.1 ~~(d) For each proposal approved by the commissioner, a contract must be established~~  
 35.2 ~~between the commissioner, the counties of financial responsibility, and the participating~~  
 35.3 ~~license holder.~~

35.4 **EFFECTIVE DATE.** This section is effective the day following final enactment.

35.5 Sec. 29. Minnesota Statutes 2022, section 256S.202, subdivision 1, is amended to read:

35.6 Subdivision 1. **Customized living monthly service rate limits.** (a) Except for a  
 35.7 participant assigned to case mix classification L, as described in section 256S.18, subdivision  
 35.8 1, paragraph (b), the customized living monthly service rate limit shall not exceed 50 percent  
 35.9 of the monthly case mix budget cap, ~~less the maintenance needs allowance~~, adjusted at least  
 35.10 annually in the manner described under section 256S.18, subdivisions 5 and 6.

35.11 (b) The customized living monthly service rate limit for participants assigned to case  
 35.12 mix classification L must be the monthly service rate limit for participants assigned to case  
 35.13 mix classification A, reduced by 25 percent.

35.14 Sec. 30. Minnesota Statutes 2022, section 524.5-104, is amended to read:

35.15 **524.5-104 FACILITY OF TRANSFER.**

35.16 (a) A person who may transfer money or personal property to a minor may do so, as to  
 35.17 an amount or value not exceeding the amount allowable as a tax exclusion gift under section  
 35.18 2503(b) of the Internal Revenue Code or a different amount that is approved by the court,  
 35.19 by transferring it to:

35.20 (1) a person who has the care and custody of the minor and with whom the minor resides;

35.21 (2) a guardian of the minor;

35.22 (3) a custodian under the Uniform Transfers To Minors Act or custodial trustee under  
 35.23 the Uniform Custodial Trust Act;

35.24 (4) a financial institution as a deposit in an interest-bearing account or certificate in the  
 35.25 sole name of the minor and giving notice of the deposit to the minor; or

35.26 (5) an ABLE account. A guardian only has the authority to establish an ABLE account.  
 35.27 The guardian may not administer the ABLE account in the guardian's capacity as guardian.  
 35.28 The guardian may appoint or name a person to exercise signature authority over an ABLE  
 35.29 account, including the individual selected by the eligible individual or the eligible individual's  
 35.30 agent under a power of attorney, conservator, spouse, parent, sibling, grandparent, or

36.1 representative payee, whether an individual or organization, appointed by the Social Security  
36.2 Administration, in that order.

36.3 (b) This section does not apply if the person making payment or delivery knows that a  
36.4 conservator has been appointed or that a proceeding for appointment of a conservator of  
36.5 the minor is pending.

36.6 (c) A person who transfers money or property in compliance with this section is not  
36.7 responsible for its proper application.

36.8 (d) A guardian or other person who receives money or property for a minor under  
36.9 paragraph (a), clause (1) or (2), may only apply it to the support, care, education, health,  
36.10 and welfare of the minor, and may not derive a personal financial benefit except for  
36.11 reimbursement for necessary expenses. Any excess must be preserved for the future support,  
36.12 care, education, health, and welfare of the minor and any balance must be transferred to the  
36.13 minor upon emancipation or attaining majority.

36.14 **EFFECTIVE DATE.** This section is effective the day following final enactment.

36.15 Sec. 31. Minnesota Statutes 2022, section 524.5-313, is amended to read:

36.16 **524.5-313 POWERS AND DUTIES OF GUARDIAN.**

36.17 (a) A guardian shall be subject to the control and direction of the court at all times and  
36.18 in all things.

36.19 (b) The court shall grant to a guardian only those powers necessary to provide for the  
36.20 demonstrated needs of the person subject to guardianship.

36.21 (c) The court may appoint a guardian if it determines that all the powers and duties listed  
36.22 in this section are needed to provide for the needs of the incapacitated person. The court  
36.23 may also appoint a guardian if it determines that a guardian is needed to provide for the  
36.24 needs of the incapacitated person through the exercise of some, but not all, of the powers  
36.25 and duties listed in this section. The duties and powers of a guardian or those which the  
36.26 court may grant to a guardian include, but are not limited to:

36.27 (1) the power to have custody of the person subject to guardianship and the power to  
36.28 establish a place of abode within or outside the state, except as otherwise provided in this  
36.29 clause. The person subject to guardianship or any interested person may petition the court  
36.30 to prevent or to initiate a change in abode. A person subject to guardianship may not be  
36.31 admitted to a regional treatment center by the guardian except:

36.32 (i) after a hearing under chapter 253B;

37.1 (ii) for outpatient services; or

37.2 (iii) for the purpose of receiving temporary care for a specific period of time not to  
37.3 exceed 90 days in any calendar year;

37.4 (2) the duty to provide for the care, comfort, and maintenance needs of the person subject  
37.5 to guardianship, including food, clothing, shelter, health care, social and recreational  
37.6 requirements, and, whenever appropriate, training, education, and habilitation or  
37.7 rehabilitation. The guardian has no duty to pay for these requirements out of personal funds.  
37.8 Whenever possible and appropriate, the guardian should meet these requirements through  
37.9 governmental benefits or services to which the person subject to guardianship is entitled,  
37.10 rather than from the estate of the person subject to guardianship. Failure to satisfy the needs  
37.11 and requirements of this clause shall be grounds for removal of a private guardian, but the  
37.12 guardian shall have no personal or monetary liability;

37.13 (3) the duty to take reasonable care of the clothing, furniture, vehicles, and other personal  
37.14 effects of the person subject to guardianship, and, if other property requires protection, the  
37.15 power to seek appointment of a conservator of the estate. The guardian must give notice by  
37.16 mail to interested persons prior to the disposition of the clothing, furniture, vehicles, or  
37.17 other personal effects of the person subject to guardianship. The notice must inform the  
37.18 person of the right to object to the disposition of the property within ten days of the date of  
37.19 mailing and to petition the court for a review of the guardian's proposed actions. Notice of  
37.20 the objection must be served by mail or personal service on the guardian and the person  
37.21 subject to guardianship unless the person subject to guardianship is the objector. The guardian  
37.22 served with notice of an objection to the disposition of the property may not dispose of the  
37.23 property unless the court approves the disposition after a hearing;

37.24 (4)(i) the power to give any necessary consent to enable the person subject to guardianship  
37.25 to receive necessary medical or other professional care, counsel, treatment, or service, except  
37.26 that no guardian may give consent for psychosurgery, electroshock, sterilization, or  
37.27 experimental treatment of any kind unless the procedure is first approved by order of the  
37.28 court as provided in this clause. The guardian shall not consent to any medical care for the  
37.29 person subject to guardianship which violates the known conscientious, religious, or moral  
37.30 belief of the person subject to guardianship;

37.31 (ii) a guardian who believes a procedure described in item (i) requiring prior court  
37.32 approval to be necessary for the proper care of the person subject to guardianship, shall  
37.33 petition the court for an order and, in the case of a public guardianship under chapter 252A,  
37.34 obtain the written recommendation of the commissioner of human services. The court shall

38.1 fix the time and place for the hearing and shall give notice to the person subject to  
38.2 guardianship in such manner as specified in section 524.5-308 and to interested persons.  
38.3 The court shall appoint an attorney to represent the person subject to guardianship who is  
38.4 not represented by counsel, provided that such appointment shall expire upon the expiration  
38.5 of the appeal time for the order issued by the court under this section or the order dismissing  
38.6 a petition, or upon such other time or event as the court may direct. In every case the court  
38.7 shall determine if the procedure is in the best interest of the person subject to guardianship.  
38.8 In making its determination, the court shall consider a written medical report which  
38.9 specifically considers the medical risks of the procedure, whether alternative, less restrictive  
38.10 methods of treatment could be used to protect the best interest of the person subject to  
38.11 guardianship, and any recommendation of the commissioner of human services for a public  
38.12 person subject to guardianship. The standard of proof is that of clear and convincing evidence;

38.13 (iii) in the case of a petition for sterilization of a person with developmental disabilities  
38.14 subject to guardianship, the court shall appoint a licensed physician, a psychologist who is  
38.15 qualified in the diagnosis and treatment of developmental disability, and a social worker  
38.16 who is familiar with the social history and adjustment of the person subject to guardianship  
38.17 or the case manager for the person subject to guardianship to examine or evaluate the person  
38.18 subject to guardianship and to provide written reports to the court. The reports shall indicate  
38.19 why sterilization is being proposed, whether sterilization is necessary and is the least intrusive  
38.20 method for alleviating the problem presented, and whether it is in the best interest of the  
38.21 person subject to guardianship. The medical report shall specifically consider the medical  
38.22 risks of sterilization, the consequences of not performing the sterilization, and whether  
38.23 alternative methods of contraception could be used to protect the best interest of the person  
38.24 subject to guardianship;

38.25 (iv) any person subject to guardianship whose right to consent to a sterilization has not  
38.26 been restricted under this section or section 252A.101 may be sterilized only if the person  
38.27 subject to guardianship consents in writing or there is a sworn acknowledgment by an  
38.28 interested person of a nonwritten consent by the person subject to guardianship. The consent  
38.29 must certify that the person subject to guardianship has received a full explanation from a  
38.30 physician or registered nurse of the nature and irreversible consequences of the sterilization;

38.31 (v) a guardian or the public guardian's designee who acts within the scope of authority  
38.32 conferred by letters of guardianship under section 252A.101, subdivision 7, and according  
38.33 to the standards established in this chapter or in chapter 252A shall not be civilly or criminally  
38.34 liable for the provision of any necessary medical care, including, but not limited to, the

39.1 administration of psychotropic medication or the implementation of aversive and deprivation  
39.2 procedures to which the guardian or the public guardian's designee has consented;

39.3 (5) in the event there is no duly appointed conservator of the estate of the person subject  
39.4 to guardianship, the guardian shall have the power to approve or withhold approval of any  
39.5 contract, except for necessities, which the person subject to guardianship may make or wish  
39.6 to make;

39.7 (6) the duty and power to exercise supervisory authority over the person subject to  
39.8 guardianship in a manner which limits civil rights and restricts personal freedom only to  
39.9 the extent necessary to provide needed care and services. A guardian may not restrict the  
39.10 ability of the person subject to guardianship to communicate, visit, or interact with others,  
39.11 including receiving visitors or making or receiving telephone calls, personal mail, or  
39.12 electronic communications including through social media, or participating in social activities,  
39.13 unless the guardian has good cause to believe restriction is necessary because interaction  
39.14 with the person poses a risk of significant physical, psychological, or financial harm to the  
39.15 person subject to guardianship, and there is no other means to avoid such significant harm.  
39.16 In all cases, the guardian shall provide written notice of the restrictions imposed to the court,  
39.17 to the person subject to guardianship, and to the person subject to restrictions. The person  
39.18 subject to guardianship or the person subject to restrictions may petition the court to remove  
39.19 or modify the restrictions;

39.20 (7) if there is no acting conservator of the estate for the person subject to guardianship,  
39.21 the guardian has the power to apply on behalf of the person subject to guardianship for any  
39.22 assistance, services, or benefits available to the person subject to guardianship through any  
39.23 unit of government;

39.24 (8) unless otherwise ordered by the court, the person subject to guardianship retains the  
39.25 right to vote;

39.26 (9) the power to establish an ABLE account for a person subject to guardianship or  
39.27 conservatorship. By this provision a guardian only has the authority to establish an ABLE  
39.28 account, but may not administer the ABLE account in the guardian's capacity as guardian.  
39.29 The guardian may appoint or name a person to exercise signature authority over an ABLE  
39.30 account, including the individual selected by the eligible individual or the eligible individual's  
39.31 agent under a power of attorney; conservator; spouse; parent; sibling; grandparent; or  
39.32 representative payee, whether an individual or organization, appointed by the SSA, in that  
39.33 order; and

40.1 (10) if there is no conservator appointed for the person subject to guardianship, the  
40.2 guardian has the duty and power to institute suit on behalf of the person subject to  
40.3 guardianship and represent the person subject to guardianship in expungement proceedings,  
40.4 harassment proceedings, and all civil court proceedings, including but not limited to  
40.5 restraining orders, orders for protection, name changes, conciliation court, housing court,  
40.6 family court, probate court, and juvenile court, provided that a guardian may not settle or  
40.7 compromise any claim or debt owed to the estate without court approval.

- (4) satisfy one of the following items:

(i) have at least one severity rating of three or above in dimension four, five, or six in a comprehensive assessment under section 245G.05, subdivision 2, paragraph (c), clauses (4) to (6); or

Subd. 4. **Notice of navigator pilot project discontinuation.** Each county's participation in the navigator pilot project may be discontinued for any reason by the county or the commissioner of human services after 30 days' written notice to the other party.

(c) State expenditures for substance use disorder services and nontreatment navigator pilot services provided by or through the navigator pilot projects must not be greater than the behavioral health fund expected share of forecasted expenditures in the absence of the navigator pilot projects. The commissioner may restructure the schedule of payments between the state and participating counties under the local agency share and division of cost provisions under section 254B.03, subdivisions 3 and 4, as necessary to facilitate the operation of the navigator pilot projects.

(d) The commissioner may waive administrative rule requirements that are incompatible with the implementation of the navigator pilot project, except that any substance use disorder treatment funded under this section must continue to be provided by a licensed treatment provider.

(e) In the event the landlord has not approved the transfer of the lease within two years of the service provider cosigning the initial lease, the service provider must submit a time-limited extension request to the commissioner of human services to continue the cosigned lease arrangement. The extension request must include:
