S.F. No. 116 – Exempted work for load control (A-1 amendment)

Author: Senator Jason Rarick

Prepared by: Carlon Doyle Fontaine, Senate Counsel (651/296-4395)

Date: March 7, 2023

S.F. 116 provides that certain work for load control is exempted from electrical inspections. For those exemptions to inspections exclusively for load control allowed for electrical utilities, **Section 2** provides requirements for the exempted work including that it must be: (1) performed by a licensed electrician employed by a class A electrical contractor; (2) for replacement or repair of existing equipment for an electric utility other than a public utility only; and (3) completed on or before December 31, 2028.
