  section 353.33, 353.656, or 353E.06.
- 15.3 (b) Notwithstanding any law to the contrary, an employee, as defined in section 353.032,
- 15.4 <u>subdivision 1, clause (2), who applies for a duty disability benefit based on a psychological</u>
- 15.5 <u>condition</u>, as defined in section 353.032, subdivision 1, clause (7), is not eligible for duty
- 15.6 disability benefits under this chapter until the employee has satisfied the additional procedure,
- 15.7 including all completion of treatment requirements under section 353.032.
- 15.8 **EFFECTIVE DATE.** This section is effective July 1, 2023.
- 15.9 Sec. 11. Minnesota Statutes 2022, section 353.031, subdivision 3, is amended to read:

Subd. 3. **Procedure to determine eligibility; generally.** (a) Every claim for a disability benefit must be initiated in writing on an application form and in the manner prescribed by the executive director and filed with the executive director. <u>To be valid</u>, an application for disability benefits must be made within 18 months following termination of public service as defined under section 353.01, subdivision 11a, and include the required application form and the medical reports required by paragraph (c).

was placed on any paid or unpaid leave of absence or terminated public service, as defined
under section 353.01, subdivision 11a.

(c) An applicant for disability shall provide a detailed report signed by a licensed medical doctor and at least one additional report signed by a medical doctor, <u>psychiatrist</u>, psychologist,

(d) All reports must contain an opinion regarding the <u>elaimant's applicant's prognosis</u>,
the duration of the disability, and the expectations for improvement. Any report that does
not contain and support a finding that the disability will last for at least one year may not
be relied upon to support eligibility for benefits.

(e) Where the medical evidence supports the expectation that at some point in time the elaimant <u>applicant</u> will no longer be disabled, any decision granting disability may provide for a termination date upon which disability can be expected to no longer exist. In the event a termination date is made part of the decision granting benefits, prior to the actual termination of benefits, the <u>elaimant applicant shall</u> have the opportunity to show that the disabling condition for which benefits were initially granted continues. In the event the

Upon request of the executive director, an employer shall provide evidence 16.10 of the steps the employer has taken to attempt to provide reasonable accommodations and 16.11 continued employment to the elaimant applicant. The employer shall also provide a 16.12 certification of the member's applicant's past public service; the dates of any paid sick leave, 16.13 vacation, or any other employer-paid salary continuation plan beyond the last working day; 16.14 and whether or not any sick or annual leave has been allowed. 16.15

The employer must provide evidence indicating whether the applicant is able or unable to perform the duties of the

position held on the date of the injury or onset of the illness causing the disability, a clear

(d) Any application for duty disability must be supported by a first report of injury asdefined in section 176.231.

(e) If a member who has applied for and been approved for disability benefits before the termination of service does not terminate service or is not placed on an authorized leave of absence as certified by the governmental subdivision within 45 days following the date on which the application is approved, the application shall be canceled. If an approved application for disability benefits has been canceled, a subsequent application for disability benefits may not be filed on the basis of the same medical condition for a minimum of one year from the date on which the previous application was canceled.

#### APPENDIX Repealed Minnesota Statutes: S1959-1

#### 353.656 DISABILITY BENEFITS.

Subd. 2. **Benefits paid under workers' compensation law.** (a) When the amount determined under paragraph (b) exceeds the equivalent salary determined under paragraph (c), the disability benefit amount must be reduced to that amount which, when added to the workers' compensation benefits, equals the equivalent salary.

(b) When a member receiving a disability benefit as specified in this section is also entitled to receive lump sum or periodic benefits under workers' compensation laws, the single life annuity actuarial equivalent disability benefit amount and the workers' compensation amount must be added. The computation must exclude any attorney fees paid by the disability benefit recipient as authorized under applicable workers' compensation laws. The computation must also exclude permanent partial disability payments provided under section 176.101, subdivision 2a, and retraining payments under section 176.102, subdivision 11, if the permanent partial disability or retraining payments are reported to the executive director in a manner specified by the executive director.

(c) The equivalent salary is the amount determined under clause (1) or (2), whichever is greater:

(1) the salary the disabled member received as of the date of the disability; or

(2) the salary currently payable for the same employment position or substantially similar positions in the applicable government subdivision.

Subd. 2a. **Reduction restored; overpayment.** A disabled member who is eligible to receive a disability benefit under subdivision 2 as of June 30, 1987, and whose disability benefit amount had been reduced prior to July 1, 1987, as a result of the receipt of workers' compensation benefits, must have the disability benefit payment amount restored, as of July 1, 1987, calculated in accordance with subdivision 2. However, a disabled member is not entitled to receive retroactive repayment of any disability benefit amounts lost before July 1, 1987, as a result of the reduction required before that date because of the receipt of workers' compensation benefits.

Any disability benefit overpayments made before July 1, 1987, and occurring because of the failure to reduce the disability benefit payment to the extent required because of the receipt of workers' compensation benefits, may be collected by the association through the reduction of disability benefit or annuity payment made on or after July 1, 1987, until the overpayment is fully recovered.
