**Bill Description**

The bill relates to modifying provisions related to discontinuing and canceling of pesticide products. The bill allows a registrant to request that the MDA cancel their product without going through a 2 year discontinuation provided they meet certain criteria.

**Assumptions**

This bill will not change the number of products being cancelled in a given year but may increase the number of products forgoing the two year discontinuation process. The MDA receives approximately 40-60 requests for immediate cancellation each year. This proposal is not expected to have any fiscal implications.
