S.F. No. 3909 - Prohibition on tree trimmers and mitigation services providers charging excessive rates (as amended by A-1)

Author: Senator Nick A. Frentz

Prepared by: Olivia Syverson, Senate Counsel (651/296-4397)

Date: February 28, 2024

S.F. 3909 defines restoration and mitigation services provider, and tree trimmer. The bill prohibits tree trimmers and restoration and mitigation service providers from charging an unconscionably excessive price for labor following a severe thunderstorm and from charging insurance companies a rate that exceeds what they would charge a member of the general public.
