

City of Sunfish Lake Sunfish Lake, Minnesota

April 7, 2024

Senator Matt D. Klein
95 University Avenue
Minnesota Senate Room 2105
St. Paul, MN 55155

Representative Zach Stephenson
449 State Office Building
St. Paul, MN 55155

Dear Chair Klein and Senate Commerce and Consumer Protection Committee Members:
Dear Chair Stephenson and House Commerce Finance & Policy Committee Members:

We as Mayors across Minnesota kindly ask for your support of HF 4461(Hollins)/ SF 4455 (Pappas) to reduce the market demand and reselling of copper wire in our state.

The high cost of copper has led to an exponential increase in copper wire theft from private property, as well as streetlights, traffic signal lights, and other public infrastructure. Stolen copper wire is sold to businesses that profit from selling recycled metal.

Wire theft from light structures and other public infrastructure within our communities in our state negatively impact our communities by reducing public safety and compromising the experience people expect while recreating and enjoying time in outdoor spaces. While our cities and partners continue to work as quickly as possible to replace and repair damaged streetlights, the lack of a long-term, sustainable solution comes at a great cost to our municipalities and residents.

We thank you for your thoughtful consideration of this request and ask for your support for this bill's passage.

Very truly yours,

Dan O'Leary
Mayor, Sunfish Lake, MN
10 Windy Hill Road
Sunfish Lake, Minnesota 55077
