4.4 **206.83 TESTING OF VOTING SYSTEMS.**

4.5 (a) At least three days before voting equipment is used, the official in charge of elections
4.6 shall have the voting system tested to ascertain that the system will correctly mark ballots
4.7 using all methods supported by the system, including ranked choice voting if applicable,
4.8 and through assistive technology, and count the votes cast for all candidates and on all
4.9 questions. Public notice of the time and place of the test must be given at least two days in
4.10 advance by publication once in official newspapers. The test must be observed by at least
4.11 two election judges, who are not of the same major political party, and must be open to
4.12 representatives of the political parties, candidates, the press, and the public. The test must
4.13 be conducted by (1) processing a preaudited group of ballots punched or marked to record
4.14 a predetermined number of valid votes for each candidate and on each question, and must
4.15 include for each office one or more ballot cards which have votes in excess of the number
4.16 allowed by law in order to test the ability of the voting system tabulator and electronic ballot
4.17 marker to reject those votes; and (2) processing an additional test deck of ballots marked
4.18 using the electronic ballot marker for the precinct, including ballots marked using the
4.19 electronic ballot display, audio ballot reader, and any assistive voting technology used with
4.20 the electronic ballot marker. If an election is to be conducted using ranked choice voting,
4.21 the equipment must also be tested to ensure that each ranking for each candidate is recorded
4.22 properly.

4.23 (b) If any error is detected, the cause must be ascertained and corrected and an errorless
4.24 count must be made before the voting system may be used in the election.

4.25 (c) After the completion of the test, the programs used and ballot cards must be sealed,
4.26 retained, and disposed of as provided for paper ballots."
