Author: Senator Steve A. Cwodzinski

Prepared by: Alexis C. Stangl, Director (651/296-4397)

Section 1 [201.1611, subd. 1; Forms] amends the requirements for school districts to provide students with voter registration applications. Current law requires school districts to provide voter registration applications to students who are eligible to vote at the next election. **S.F. 3871** instead requires school districts to provide voter registration applications to students who are eligible to register or pre-register to vote. The bill also specifies that the applications may be paper or electronic registration applications.
