S.F. No. 3875 - Census Worker Access to Multiunit Housing Facilities

Author: Senator Nicole L. Mitchell

Prepared by: Alexis C. Stangl, Director (651/296-4397)

Date: February 21, 2024

Section 1 [§2.92, subd. 4; Applicability] amends the statute that prohibits a person from denying access to multiunit housing facilities to United States Census Bureau employee who is engaged in official census business. Current law limits the application of the law to January 1 to July 1 in the year of a decennial Census. **S.F. 3875** eliminates the time restriction so that the section applies to all decennial census activities, regardless of when the activity is conducted.
