DANCE MATTERS

## ABOUT US

Cypher Side opened up its doors in 2021 with a mission to cultivate a diverse and inclusive community that inspires and nurtures young dancers. As a central hub for youth dance culture, we provide a platform for learning and exploration across various dance styles. We firmly believe in the transformative power of performing arts, which instills lifelong qualities of confidence, strength, and resilience in our youth.

## WHAT WE DO

Cypher Side is committed to fostering both community and individual growth through the art of dance. Cypher Side Dance School serves as a vibrant hub for youth dance culture, specializing in Break Dance, Choreography, Hip Hop Dance, and KPop Dance. Additionally, we are proud to offer adult classes tailored to accommodate individuals with developmental disabilities.

## THE LEGISLATIVE REQUEST

To meet the increasing demand in our community, Cypher Side is embarking on a significant expansion. The adjacent space will undergo a transformation into an extended and fully accessible dance studio. With the growing demands of our community, we recognize the necessity for expansion and requests \$250,000 for the legislature to help plan our expansion to better meet the needs of the community.

Started in 2021 with 75 students across 13 classes, with instruction provided by 5 Instructors.

Currently at 300 across 38 classes, with instruction provided by 16 Instructors.

Partnering with the Indigenous Roots Cultural Arts Center to enhance our dance studio with ADA accessibility standards to be able to have our studio accessible for all.

We have a goal to have a Grand Re-Opening of the reconstructed Cypher Side Dance School, with Youth and Staff Training and Workshop by summer of 2024.
