Subd. 3. **Eligible expenditures.** Applicants are eligible for matching grants of up to ... percent of costs incurred to deter beaver damage. Eligible expenditures include:

- (4) creating buffer strips of native vegetation that deter beaver damage to other properties.

Subd. 4. **Report.** The commissioner must report to the legislature by February 1, 2025, on the uses and effectiveness of the nonlethal beaver management grant program and make recommendations for further changes to the program, including possible future funding amounts and sources of funding.

Subd. 5. **Appropriation.** \$500,000 in fiscal year 2025 is appropriated from the heritage enhancement account in the game and fish fund to the commissioner of natural resources for a nonlethal beaver management grant program.
