**LBO Analyst's Comment**

I have reviewed this fiscal note for reasonableness of content and consistency with the LBO's Uniform Standards and Procedures.

This fiscal note has been reviewed and meets the LBO requirements for the compliance with the fiscal note Uniform Standards and Procedures. The proposed legislation has a fiscal impact; however, an accurate fiscal impact cannot be determined due to a lack of data. Please see MDE's narrative assumptions for more information.

### Bill Description

Section 1 allows a district to waive or charge a sliding fee for the cost of school-age care for a child who has been placed in foster care. It requires a district to give highest priority for school-age care programs to children placed in foster care.

Section 2 allows children who have been placed in foster care to generate school-age care revenue for the additional costs of providing services to these children.

### Assumptions

The increase in cost for school age care programs is unknown. MDE does not collect data on the number of pupils in school-age care programs, and therefore cannot estimate the fiscal impact of allowing children who have been placed in foster care to generate additional school-age care revenue. In addition, the equalization rate in section two is left blank, so MDE is unable to calculate how a change in the equalization rate will impact school-age care revenue based on the February forecast.

### Expenditure and/or Revenue Formula

N/A

### Long-Term Fiscal Considerations

N/A

### Local Fiscal Impact

The equalization amount in Section 2 subd. 3 is left blank so MDE is unable to calculate the local levy amounts.
