Minnesota Senate
State and Local Government and Veterans Committee
Room 1200 Minnesota Senate Building
Saint Paul, MN 55155

Dear Chair Dziedzic, Vice Chair Mitchell, Ranking Member Anderson, Committee Members Bahr, Carlson, Cwodzinski, Drazkowski, Fateh, Gustafson, Jasinski, Koran, Lang, Maye Quade, and Morrison,

We write to you as Medical Residents and Fellows of the University of Minnesota (UMN) who are currently subject to MN Statute 179A.11 of the Public Employment Labor Relations Act (PELRA).

Residents and Fellows are “Matched” into programs in an algorithmic process that contractually binds us to work where we are assigned with no ability to negotiate the terms of our employment and very limited ability to seek other jobs if working conditions are poor. This matching process was exempted from federal antitrust law after a then resident Dr. Paul Jung and colleagues pursued class action antitrust litigation against the National Resident Matching Program, the body that governs the Match.¹ Before the suit was heard, US Congress quickly passed a law prohibiting residents and fellows from pursuing this type of litigation.²

Residents and Fellows work longer and less desirable hours for a fraction of the pay of mid-level providers within the same field. The majority, 73 percent, of us are also deeply in debt: the median education debt for residents in 2019 was \$200,000.³ We are trapped by the combination of our debt, low wages, and the fact that we must complete our residency training in order to have a career caring for the sick. Additionally, being removed from residency is a black mark that is hard to wash off. So when residents are pushed to work longer hours than the 80 hour a week Accreditation Council for Graduate Medical Education limit, or pressured not to take the limited parental or sick leave we are entitled to, most of us put our heads down and show up to care for our patients, too exhausted to change a broken system.

The proposed changes to PELRA in bills SF 4597 and HF 4508 would allow UMN Medical Residents and Fellows to collectively bargain. We have unique working conditions and a very clear community of interest as we all share a contract and benefits under the umbrella of Graduate Medical Education. PELRA as it currently stands allows the University to treat us as either students or employees when it sees fit, and it lumps us into the preposterously large and varied Unit 11.

Unionizing UMN Residents and Fellows would enable us to advocate for our patients and against the corporatization of healthcare delivery that is negatively impacting the care we provide and putting at risk our land grant mission to Minnesotans. As the great state of Minnesota is rethinking what our academic health center should be, Residents and Fellows want to be able to organize and help shape that future. We plan to advocate for our patients, your friends and relatives, either way but together we will have a stronger voice.

Sincerely,

The undersigned 187 UMN Residents and Fellows listed below in alphabetical order by last name.
