Author: Senator Jim Carlson

Prepared by: Tim Greenfield, Senate Counsel (651/296-3801)

Date: March 18, 2024

S.F. 4066 makes a variety of changes to drivers' licenses and driving privileges for the Division of Driver Vehicle Services in the Department of Public Safety. Effective August 1, 2024.

Section 1 makes a technical change in the three-wheeled neighborhood electric vehicle operation statute.

Section 2 makes a technical change on the motorcycle (currently "two-wheeled vehicle") endorsement on drivers' licenses and instruction permits.

Section 3 strikes the requirement that a peace officer invalidating a driver's license or instruction permit card be accomplished by clipping the upper corner of the card.

Sections 4, 5, and 6 makes a conforming change to use the term "motorcycle" rather than "two-wheeled vehicle."

Section 7 adds criminal vehicular homicide, criminal vehicle operation that results in death to an unborn child, or criminal vehicular operation that results in great bodily harm or harm to an unborn child to list of offenses requiring a one-year waiting period for a limited driver's license where alcohol consumption is not involved in the underlying offense.

Section 8 provides that a person may never receive a limited license after being convicted of criminal vehicular operation that results in substantial bodily harm, bodily harm, or harm to an unborn child when the underlying cause of the offense involves alcohol consumption.
