**S.F. 4067** makes a variety of modifications related to motor vehicles and driver licensing relating to the Division of Driver and Vehicle Services at the Department of Public Safety.

**Section 1** modifies the definition of a “pickup truck” to include trucks with a gross vehicle weight rating of exactly 10,000 pounds in the vehicle registration statute.

**Section 2** modifies the definition of a “recreational vehicle” to include a teardrop trailer in the vehicle registration statute.

**Section 3** excludes recreational trailers from displaying a license plate under the license plate requirements for small trailers.

**Section 4** expands eligibility for a veterans service group special plate to include vehicles owned by a congressionally-chartered veterans service organization, such as the American Legion or Veterans of Foreign Wars. Removes prohibition on issuing multiple sets of plates for different vehicles.

**Section 5** amends the definition of “state” in the driver’s license statute to include a U.S. military base on foreign soil.

**Section 6** specifies individual characteristics that must be included in a driver’s license application including the applicant’s height, weight, eye color, and sex, and makes technical changes. Strikes paragraph (d) which is reproduced in **section ><><>**. Paragraph (e) sets requirements on residence address in drivers’ license and identification card applications.

**Section 7** amends the list of accepted documents that may be shown to demonstrate identity and date of birth in an application for a REAL ID-compliant driver’s license or identification card.

**Section 8** codifies documentation requirements to show identity for a non-compliant driver’s license or identification card. The requirements include (1) requiring a Minnesota credential or

various identification documents; (2) specification of what documents are accepted; (3) set translation and document condition requirements; and (4) verification requirements.

**Section 9** codifies documentation requirements to show identity in an application for an enhanced driver's license or identification card.

**Section 10** makes technical changes to a Tribal identification card.

**Section 11** provides approval licensing by the Department of Public Safety for teleconference driver's education programs. Eliminates restriction on use of teleconference driver education when a portion of instruction is contracted.

**Section 12** provides approval licensing by the Department of Public Safety for online driver's education programs.

**Section 13** repeals the types of documents that can be submitted as evidence of a Social Security number in application for a REAL ID-compliant driver's license or identification card.
