Bill Description

Relating to motor vehicles; providing for drivers' licenses; allowing applicants to designate a secondary mailing address for drivers' licenses and identification cards; appropriating money; amending Minnesota Statutes 2022, sections 171.01, by adding a subdivision; 171.06, by adding a subdivision; Minnesota Statutes 2023 Supplement, sections 171.06, subdivision 3; 171.07, subdivisions 1, 3.

Assumptions

Assume "designated secondary mailing address" refers to the optional mailing address on the current driver's license application that is already available.

Assume "specified alternate mailing address...distinct from the designated secondary mailing address" in Section 4 indicates a third address field not currently accepted in MNDRIVE or available on the application and requires new programming to create.

Assume 160 hours of MNDRIVE programming by FAST to allow for a third address field on applications, online pre-application, and MNDRIVE input. Assume programming costs of \$32,000 (160 hours x \$200 per hour = \$32,000). Assume programming costs to be absorbed under the current maintenance and support contract with FAST Enterprises from the Driver and Vehicle Services Technology Account, at no additional cost to the Department of Public Safety Driver and Vehicle Services Division (DVS).

Assume adding option for secondary mailing address requires changes to paper forms. DVS prints paper forms for all Driver's License Agent offices for use by customers. With increased use of online pre-application, availability of the paper form on the DVS website, and utilization of QR codes to access the pre-application within DLA offices, DVS will not print as many forms as in the past. Assume printing updated application forms = \$11,250 (\$0.03 per form x 375,000 forms = \$11,250)

Assume that the typical effective date related to programming modification for application changes would be October 1, 2024.

Expenditure and/or Revenue Formula

FY25 Expenditures

Printing updated application forms = \$11,250

MNDRIVE Programming \$32,000 (absorbed)

Total Expenditures Restricted Misc. Special Revenue Account FY25 = \$43,250
