S.F. No. 3552 – Modifying provisions related to assertive community treatment

Author: Senator Liz Boldon

Prepared by: Aly Hoffman Litchy, Senate Counsel (651/296-4394)

Date: March 13, 2024

Section 1 (amends 256B.0622, subd. 2a) provides an additional option on the list of high-intensity services that are needed for a person to be eligible for assertive community treatment.

Section 2 (amends 256B.0622, subd. 3a) removes the requirement that an assertive community treatment provider must have a contract with a host county to provide services.

Section 3 (amends 256B.0622, subd. 7a) modifies the required assertive community treatment staff qualifications and role of a team leader.

Section 4 (amends 256B.0622, subd. 7b) requires each assertive community treatment team to demonstrate a passing score according to the most recently issued Tool for Measurement of Assertive Community Treatment and removes language related to team caseload limits, staff-to-client ratios, schedules, and other requirements.

Section 5 (amends 256B.0622, subd. 7d) aligns the timing of updates to an assertive community treatment client's diagnostic assessment with the requirements of the Mental Health Uniform Service Standards Act.

Section 6 (Revisor Instruction) requires the revisor of statutes to prepare legislation to recodify the statutes governing assertive community treatment and intensive residential treatment services into separate sections of statute and to correct any cross-references.
