RE: House File 3699 and Senate File 3737 for Facility Revitalization Grant Program

The grant program that benefits my child care program is absolutely crucial. I always receive feedback from almost all of my parents regarding the updated windows I have installed, and it has made a significant difference. Parents feel much more comfortable leaving their little ones in my care without worrying about the cold. I am confident that this upgrade is going to be a game-changer for my program and the children I serve.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mei Livanh Yang', with a stylized, cursive script.
