S.F. No. 4173 – Positive support providers qualifications modifications

Author: Senator Omar Fateh

Prepared by: Liam Monahan, Legislative Analyst (651/296-1791)

Date: February 28, 2024

Section 1 (245D.091, subdivision 3 - Positive support analyst qualifications) clarifies that a positive support analyst needs to meet only one of the specified qualifications in paragraph (a), and allows an individual with a baccalaureate degree in nursing or higher to meet the required qualifications under paragraph (a)

Paragraph (b) modifies the required supervised experience for a positive support analyst by reverting the requirements of clause (1) to the standard as it existed prior to July 1, 2019.

Section 2 (245D.091, subdivision 4 - Positive support specialist qualifications) clarifies that a positive support specialist needs to meet only one of the specified qualifications in paragraph (a), and allows an individual with an associate's degree in nursing or higher to meet the required qualifications under paragraph (a).
