

DCT Creation and DCT Executive Board Language

The Evolution of Direct Care and Treatment

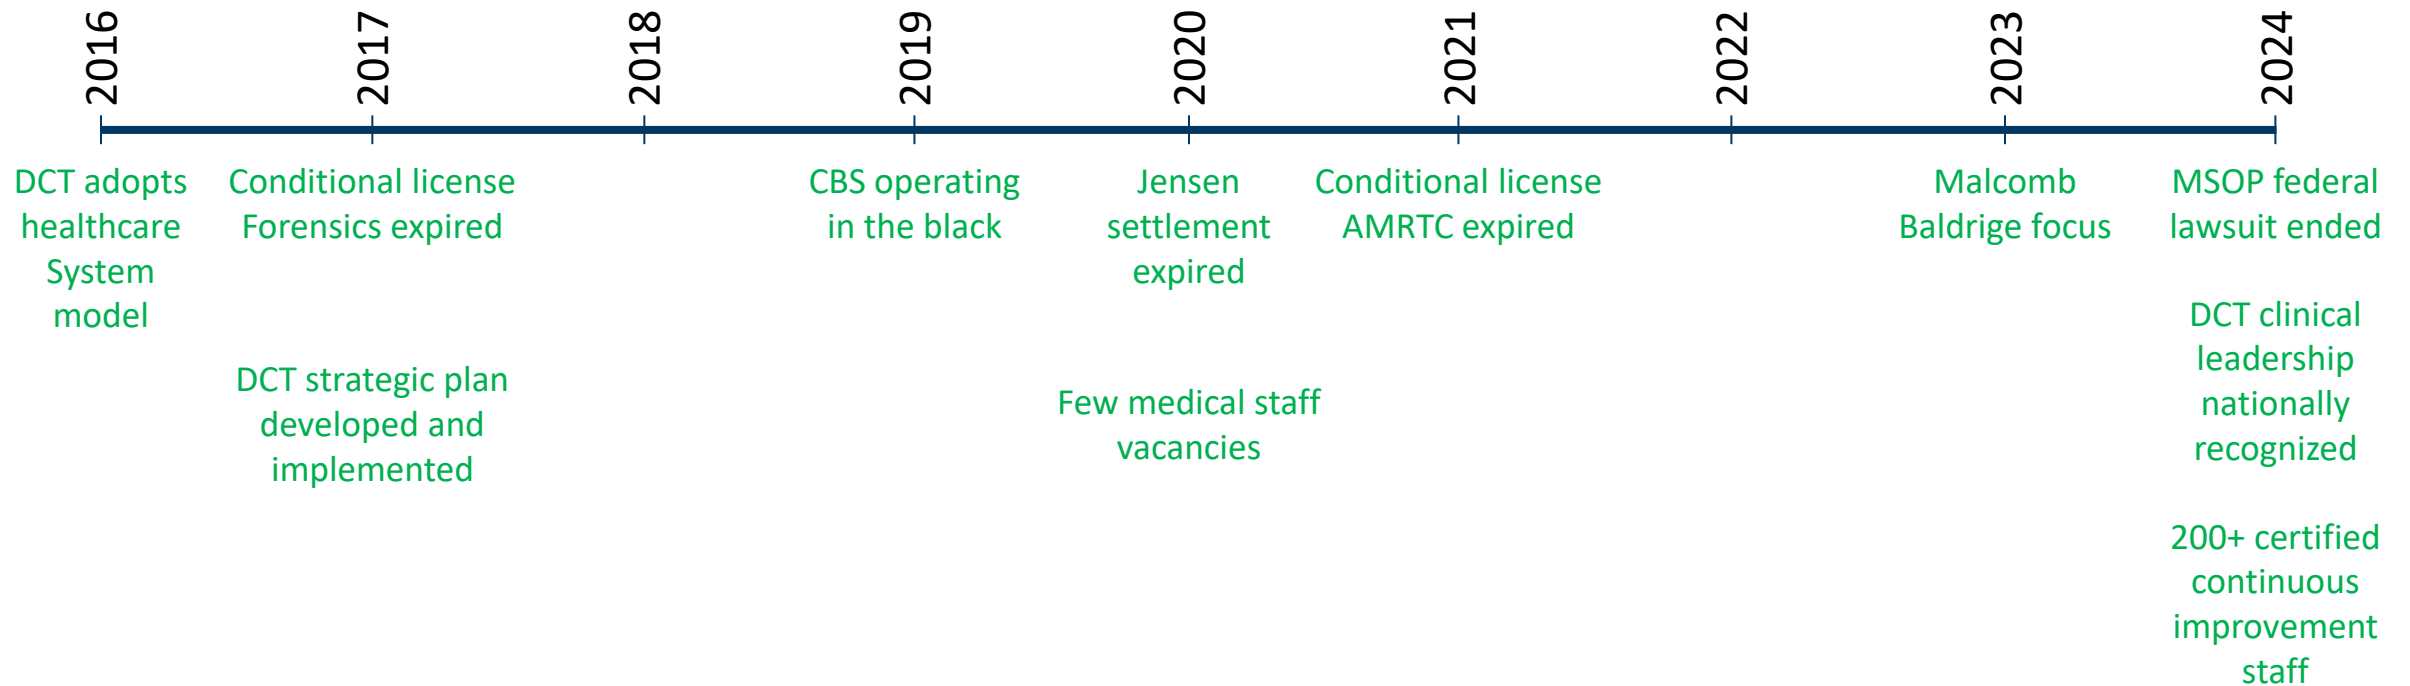

March 2, 1866 – Legislature establishes a hospital for the insane

Direct Care and Treatment Today

* Locations as of 2020

DCT Timeline: 2016 - 2024

Why DCT Executive Board

- DCT has consistency of health care leadership
- Preserves clinical judgement of patient care
- Provides transparency to the operation of DCT programs and services
- Preserves and builds upon current progress

Greater Transparency

- Board offers greater transparency and public accountability than exists under a more traditional commissioner-led model
- Board meetings are open to the public
- Issues are openly discussed
- Ample opportunities for public to provide input and ask questions
- Records of actions taken are available for public review
